ISSUED QUARTERLY.]

At the Annual General Meeting of the NATIONAL LIFE-BOAT INSTITUTION, held at the London Tavern on Tuesday the 17th day of March, 1863, The Right Honourable LORD LOVAINE, M.P., P.C., in the Chair,

The following Report of the Committee was read:—

### ANNUAL REPORT.

THE Committee of Management of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, in making their Annual Report of the proceedings and position of the Society, have to express their deep sense of the confidence which has been placed in them by the British public, as evinced by its continued liberal support.

In 1850 the late deeply-lamented PRINCE CONSORT consented to become, with great advantage to the cause of humanity, a Vice-Patron of the Institution. The Committee have recently felt it their duty to make H.R.H. the PRINCE OF WALES acquainted with that fact, and to solicit that the patronage of His Royal Highness might be extended to an Institution whose praiseworthy objects he, like the lamented Prince his father, could not fail to appreciate. The Committee have very great pleasure in announcing that their expectations have been fully realized by a prompt response, stating "that His Royal Highness had great pleasure in becoming a Vice-Patron of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, and in contributing a donation of 30*l.* for the purposes of the Society."

In consequence of the unhappy internal divisions of a kindred people, by whom the raw material of one of the chief manufactures

of this country is principally produced, an unprecedented demand has everywhere been made on the benevolence of our countrymen to preserve from starving the vast numbers of operatives who have by that calamity been deprived of the means of subsistence.

As a result of that demand, it might have been reasonably expected that a considerable falling off would take place in the amount of pecuniary support afforded to this Institution in common with others during the past year, as compared with more prosperous times.

Such, in fact, has been the result to a considerable extent, and the Committee therefore, mindful of the great permanent expense entailed by the now extensive life-boat fleet of the Institution, and of the responsibility which rests on them to maintain that fleet in a state of the utmost efficiency, feel called on to urgently appeal to all the friends of the Society to aid them in the furtherance of the humane and important work which they have undertaken.

The proceedings of the Institution during the last twelve months may be thus epitomized under the usual headings:—

*Life-boats.*—During the past year the Institution has placed 14 new life-boats on the coast, viz.: at Tynemouth, Withernsea, Blakeney, Thorpe, Newhaven, Porthleven,

Appledore, New Brighton, Fleetwood, Kirkcudbright, Howth, Poolbeg, Kingstown, and Guernsey; six of this number occupying new stations, and the remainder replacing worn-out or inferior boats. Other life-boats are in course of construction for Swansea, Budehaven, and other places.

Six life-boats have also been built to the order of Admiral Sir G. Sartorius, for the Portuguese Government, by the Messrs. Forrestt, on the Institution's plan, and one for the Colonial Government of New Zealand.

The Institution has now 124 life-boats on the coasts of the United Kingdom. Of the 14 new boats placed on the coasts during the past year, no less than 8 have been the special gifts of individuals, and another, that at Thorpe, in Suffolk, was presented to the Society by the town of Ipswich.

The life-boats of the Institution, during the year 1862, saved 358 persons from wrecked ships, nearly the whole of them under circumstances of imminent peril, when no other description of boat could have performed the service, including the crews of twenty-one vessels also safely brought into port through the help of the life-boats during the same period. On forty-eight other occasions the Society's boats have gone to the aid of vessels that were in apparent danger, or that have shown signals of distress, but have not eventually required their services; and the crews of the life-boats have also assembled on various occasions in stormy weather so as to be ready for any emergency. For these services the Institution has granted rewards amounting to 91*l.* 18*s.* 1*d.*

These valuable services have happily been performed without the loss of a single life to those who have manned the life-boats.

*Life-boat Carriages.*—Transporting carriages have been built for the whole of the above-named boats, except those at New Brighton and Newhaven. New carriages have also been provided for the life-boats at Tenby and Teignmouth.

*Boathouses.*—New boathouses have been erected at Blakeney, Kirkcudbright, Poolbeg, Howth, Withernsea, Tynemouth, Braunton,

Dundee, Southwold, Tenby, and Porthleven. The Fleetwood boat-house which had been undermined and washed away by the unusually high and destructive tide and gale of the 20th of January last, is also in course of re-erection. Other houses are in course of construction.

*Shipwrecks and Loss of Life.*—A large wreck chart was exhibited at the International Exhibition of last year, by the NATIONAL LIFE-BOAT INSTITUTION, and attracted considerable attention. It is only by examining and studying that chart that the fearful scenes, in the way of shipwrecks, which take place every year on the coasts of the United Kingdom, can be fully realized. Taking into account a considerable series of years, the average number of shipwrecks on our coasts is 1,000, and the loss of life therefrom amounts to 800 persons.

The gales of the past year were unusually heavy, and the result is that the number of shipwrecks was 1,490, accompanied by a loss of 644 lives.

In contemplating these lamentable and striking facts, two questions naturally arise: first, Are the means now in use for saving life from shipwreck on our coasts, of an adequate character? and secondly, Are these means efficiently maintained and worked?

So far as the NATIONAL LIFE-BOAT INSTITUTION is concerned, the Committee have no hesitation in stating that its 124 life-boats are thoroughly efficient, and that they are most willingly worked by the gallant crews that man them in the fiercest storms without dread or hesitation. The Committee have laboured assiduously for many years past to bring about this most satisfactory state of things, and they congratulate the contributors to the Institution on the result.

It is for the British public to decide whether they are satisfied with the sufficiency of the means for saving life from shipwreck now in use on our coasts. The Committee of this Institution, on their part, are prepared to continue the responsibility of maintaining, and, if necessary, of extending, their system of life-boats, resting in entire confidence on the generosity of that public which has, during the last ten or twelve

THE LIFE-BOAT GOING OFF TO A WRECK.

years, enabled the Institution to expend nearly 63,000*l.* in establishing such a fleet of life-boats on the coasts of the British isles as cannot but excite the admiration of every one acquainted with its extent and character.

*Lives saved.*—The following is a summary of the lives saved from wrecks on the coasts of the United Kingdom during the past year:—

By life-boats . . . . .	415
By rocket and mortar apparatus . .	306
By ships' own boats, shore boats, steamers, &c. . . . .	8,347
By individual exertion . . . . .	13
Total . . . . .	<u>4,081</u>

It will be seen that, as usual, ships, ships' boats, and smacks have saved more lives in that period than the life-boats and the rocket and mortar apparatus. This apparent discrepancy is capable of easy explanation. When a disaster takes place in British waters, it generally happens that either a ship or smack is fortunately at hand to render assistance to the crews of the distressed vessels. Such help is seldom attended with any very great danger, (although sometimes it is so), and the men are frequently brought ashore before any tidings at all have reached a life-boat station. But the great value of the services rendered by life-boats can only be appreciated by considering that they are mostly performed on occasions when no other craft could be launched from the shore with safety. It will aid in illustrating the character of the work the life-boat has to perform if one or two cases of life-boat services are given:—

The large American ship *Annie E. Hooper*, bound from Baltimore to Liverpool, arrived at the entrance of the River Mersey in tow of a steam-tug at an early hour on the 20th Oct. A gale was blowing furiously at the time, and the sea ran so fearfully high, that the captain and pilot deemed it prudent to put out to sea again. The vessel was put about, and an endeavour was made to work free of the land; but this unfortunately failed; the vessel became unmanageable, and, drifted by wind and tide, went ashore on the Horse Bank, near Southport.

The sea broke furiously over the bank, and the surf and spray shut from view for a time the actual

position of the unfortunate ship. Eventually, the signals of distress were observed both from Southport and Lytham, when the life-boats of the Institution at those places immediately put off to the vessel's assistance. As showing the dreadful state of the weather, it may be mentioned that though the Horse Bank is only four miles from Southport, yet it took that boat four hours and a half before she reached the ship. Endeavours were at once made to rescue the crew, and after great exertions the whole of those on board the vessel, eighteen in number, including a Liverpool pilot, were saved by the two life-boats.

On hearing of this noble service, through the American Minister, the PRESIDENT OF THE UNITED STATES presented to the NATIONAL LIFE-BOAT INSTITUTION 100*l.*, and 31*l.* to the crews of the two life-boats. On the Liverpool pilot relating to his co-pilots the service of the LYTHAM life-boat in saving him and thirteen of the ship's crew, they spontaneously subscribed amongst themselves 14*l.* and presented that amount to the crew of the life-boat.

Again, at Caistor, near Great Yarmouth, on the 22nd Jan. last, while the wind was blowing hard from the W.S.W., the beachmen observed a vessel burning lights in the direction of the Scroby Sands. Knowing the danger of her position, they launched their largest yawl to her assistance, but owing to the violence of the sea, they found they could not render any help to the vessel with the yawl, and therefore returned at once for the life-boat of the NATIONAL LIFE-BOAT INSTITUTION stationed at Caistor, and immediately proceeded to the ship. On arriving alongside the vessel, which was in the midst of the broken water on the sand, the life-boat crew let go their anchor and veered down towards her. Twice they had to shift their anchor and the life-boat before they could place her in a proper position to bear down to the vessel. They, however, succeeded at last, and put some of their crew on board. With the assistance of a steam-tug, which came up at the time, they were then enabled to take the vessel, which proved to be the schooner *Emily*, of London, safely into Yarmouth Harbour. The night was very dark, and the schooner could not have been in a more perilous position, nor could she have been more gallantly rescued, as the sea was running mountains high. The vessel's crew had been in the rigging two hours when the life-boat arrived alongside.

The Rev. E. P. NICHOLL, Honorary Secretary of the Porthcawl Branch, reported on the 20th Dec. last, that while it was blowing a strong gale from the N.W., with rain, a vessel was discovered at anchor to the eastward of Scarweather Sands, with mainmast gone, and signal of distress flying. With all haste the Porthcawl life-boat, belonging to the NATIONAL LIFE-BOAT INSTITUTION, was launched through a heavy surf, and despatched to the rescue; and nobly did she and her crew behave, returning in the course of two hours with the whole of the crew, consisting of the captain and eight men, with one passenger. The vessel was the brigantine *Champion*, timber laden, from Miramichi, in North America, for Liverpool. She

had struck on the Scarweather Sands about midnight, and had received great damage, her bottom being nearly out.\*

The total number of persons saved from shipwreck from the establishment of the Institution in 1824 to the end of the year 1862, either by its life-boats, or by special exertions for which it has granted rewards, is as follows:—

How inadequately can words express the aggregate amount of misery which the saving of so many thousands of lives must have prevented! It can only have been fully appreciated by the parties themselves, and by their relatives and friends, whose expressions of gratitude for such important benefits are often of the most feeling character.

**Rewards.**—In the Appendix will be found a summary of the cases in which honorary and other rewards have been voted by the Institution. During the past year 13 silver medals, 14 votes of thanks, inscribed on vellum, and 1,125*l.* 8*s.* 1*d.* have been granted for saving the lives of 574 persons by life-boats, shore-boats, and other means, on the coasts and outlying banks of the United Kingdom.

The Committee have abundant proofs of the local appreciation of these rewards, and especially of the high esteem in which the Society's medals and other honorary distinctions are held on the coast. Public meetings are often convened to present them

to the gallant men. No other proof is needed of their beneficial effect as an encouragement to daring exertions in the rescue of shipwrecked persons. In order to enhance the value of the medals of the Institution, they are never granted except when risk of life is believed to have been incurred; and the most careful investigation is made of every case before it is decided on. In that important work the Committee have continued to receive the prompt and cordial co-operation of Rear-Admiral YELVERTON, C.B., late Controller-General, and Capt. J. W. TABLETON, R.N., C.B., Deputy Controller-General, and of the officers of the Coast-guard service, to whom the best thanks of the Institution are hereby tendered.

The Committee again acknowledge the valuable assistance received from the Mercantile Marine Fund, through her Majesty's Board of Trade, which enables the Institution to continue its liberal scale of payments to its life-boat crews.

The operations of the Committee may be thus briefly stated:—Since the formation of the Institution it has expended on life-boat establishments 67,780*l.*, and has voted 82 gold and 718 silver medals for saving life, besides pecuniary awards, amounting together to 16,478*l.*

**Local Committees.**—The Committee desire to acknowledge the cordial co-operation of the local Branch Committees, which constitute so important a portion of the machinery for the supervision of the several life-boat establishments of the Institution. They have likewise especially to express their sense of the valuable and gratuitous services of the zealous Honorary Secretaries of those Committees, who conduct the correspondence with the central managing body.

**Finances.**—The total receipts during the year 1862 amounted to 14,825*l.* 5*s.* 5*d.*: of this sum no less than 2,715*l.* was given by individuals to defray the cost of ten life-boats as follows:—

100*l.* from the PRESIDENT OF THE UNITED STATES OF AMERICA, “in testimony of his sense of the important labours of the Institution to American shipwrecked seamen.”

50*l.* from the MARITIME INSURANCE COMPANY of FINLAND, “as an expression of their gratitude on becoming acquainted with the blessed results which had attended the efforts of the Life-boat Society, the Company being convinced that the Institution had been the means of saving many a Finnish life from a certain death.

25*l.* 15*s.* from China, collected at Hong Kong and Shanghai by the kind exertions of the Committee’s respected colleague, W. H. HARTON, Esq. during his visit to those dependencies, assisted by Messrs. GILMAN and Co., and others.

The Committee have likewise to express their best thanks to HUGH TAYLOR, Esq., of Backworth Hall, for his zealous exertions in collecting 350*l.* towards the cost of the Tynemouth life-boat and rocket-house.

The Committee have also to tender their best acknowledgements for the following liberal contributions, viz:—

317*l.* 18*s.* 10*d.* in small sums, collected from British and Foreign Sailors by the Agents of the Sister Institution, the Shipwrecked Fishermen and Mariners’ Society, and by H.M.’s Collectors of Customs; 400*l.* from a lapsed Chancery fund, by order of the Lord Chancellor (Lord WESTBURY), and H.M.’s Attorney-General (Sir WILLIAM ATHERTON, M.P.); 210*l.* as a second donation from the Corporation of the City of London; 100*l.* from a lady friend at Leith per favour of W. G. SLATER, Esq.; 200*l.* from a Friend; 100*l.* as a fourth donation from G. H. K.; 100*l.* from A. B., of Dublin; and 50*l.* from the Trustees of the Cholmondeley Charities.

The following legacies have also been left to the Institution since the last Report: Mrs. ANN CUTTO, of Old Kent Road, London, 1,000*l.*; T. A. VENABLES, Esq., of Worcester, 500*l.*; Mr. JOHN JOLLY, farmer, of Enstone, Oxford, 210*l.*; Mr. THOMAS ROBINSON, commercial traveller, of Cheetham, Manchester, 210*l.*; Dr. C. T. WEST, of Kingston-upon-Hull, 100*l.*; WILLIAM LUPTON, Esq., of Salford, 100*l.*; Miss ALICE GEDGE, of Great Yarmouth, 304*l.* 16*s.* 0*d.*; and E. E. VIDAL, Esq., of Brighton, 5*l.*

The expenditure during the same period

was 12,177*l.* 17*s.* 2*d.*, of which sum 5,269*l.* 6*s.* 0*d.* were expended on additional life-boats, transporting-carriages, boat-houses, and necessary gear; and 3,977*l.* 0*s.* 4*d.* on the necessary expenses of repairs, painting, refitting, and inspection; 1,094*l.* 6*s.* 1*d.* in rewards for services to shipwrecked crews; and 2,242*l.* 9*s.* 10*d.* (including payments made from the local Branch funds) for coxswains’ salaries, and the quarterly practice of the boats’ crews.

For a considerable saving in the item of transport to their stations, of new life-boats and carriages, the Committee have again to express their thanks to the several Railway and Steam Packet Companies, who have most liberally conveyed them to all parts of the United Kingdom, free of charge.

The Committee have also to tender their acknowledgments to the Council of the Royal Horticultural Society, for their kindness in allowing the Institution to exhibit, in their beautiful gardens contiguous to the International Exhibition during the past summer, a specimen of a British life-boat fully equipped, and mounted on her transporting-carriage ready for service.

The items of receipt and expenditure are detailed in the financial statement annexed to this Report, from which it will be seen, that the Committee have incurred further liabilities amounting to 3,100*l.* 6*s.* for various life-boat establishments, &c.

It has already been observed that 358 shipwrecked sailors have been snatched from a watery grave, during the past year, by the life-boats of the Institution. No less than 62 lives were thus rescued during the fearful gales of January last.

The Committee feel persuaded that an Institution of such national interest and importance will not have to appeal in vain for continued support to the British public.

No Society has a stronger claim for general sympathy and support than the NATIONAL LIFE-BOAT INSTITUTION, whose life-boats, under the blessing of Divine Providence, have so often preserved to an otherwise desolate home a husband, father, or brother. The Committee therefore appeal with confidence to the country at large, to assist them to maintain in a state of thorough efficiency the numerous life-boat establishments of the Institution.

Total ..... 574

## SUMMARY OF LIVES SAVED:—

1860 .....	455
1861 .....	424
1862 .....	574
Total .....	1,453

For these joint numerous services in saving 1,453 lives from shipwreck, the Institution has granted rewards amounting to 3,524*l.* 14*s.* 7*d.* in addition to 68 Silver Medals.

The number of lives saved by the Life-boats of the Society, and other means, since its formation, is upwards of 12,854; for which services, 82 Gold Medals, 718 Silver Medals, and 16,478*l.* in cash, have been paid in rewards. The Institution has also expended 67,780*l.* on Life-boats, Life-boat Transporting-carriages, and Boat-houses.

The Committee desire to express their grateful sense of the generous support which they have received from the British public during the past few years, a support which has enabled them to establish their present magnificent fleet of 124 life-boats on the shores of the United Kingdom. Deeply sensible, however, of the great responsibility that rests on them to maintain their fleet in a thoroughly efficient state, and its crews practised in the management of their boats, which can only be effected by a large and permanent annual income, they earnestly appeal to all classes of their countrymen to aid them in upholding and perpetuating so great and truly national a work.

LIST OF THE REWARDS  
 VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,  
 FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1862.

Also the Silver Medal and 2*l.* to each of the 5 men who went off in the smack's boat to the wreck; and the thanks of the Institution inscribed on vellum, and 2*l.* each to the remainder of the smack's crew of 6 men, in admiration of their daring and persevering services in rescuing 6 of the crew of the barque *Darius*, of South Shields, which was totally wrecked on the Long Sand, near Harwich, during a heavy gale of wind.

Also the thanks of the Institution, inscribed on vellum, to Captain W. R. WILSON, of the steam-ship *Clarence*, of London, for rescuing, at much risk to his vessel, the crew of 8 men from the brig *Virago*, of Hartlepool, which was wrecked, during blowing weather, on the Middle Sand, East Swin, on the 2nd Nov.

Also 7*l.* 10*s.* to pay the expense of the Society's life-boat at Drogheda, in putting off and rescuing the crew of 4 men from the brig *Minerva*, of Workington, which had stranded near Drogheda Bar, in stormy weather, on the 7th Feb.

Feb. 26.—The brig *Sisters*, of Whitby, sunk, during a gale of wind, on the Barber Sand. The Institution's life-boat stationed at Caistor went off and rescued, at great risk of life, the crew of 9 men. It was intensely dark at the time, and the surf on the beach was tremendous while the life-boat was being launched.—Expense of service, 45*l.*

March 3.—The schooner *Elizabeth*, of Aberdeen, was wrecked, during a fresh breeze and cloudy weather, off Kingston, near Weymouth. Six men put off in a shore-boat, and rescued, at great risk of life, the schooner's crew of 4 men.—Reward, 6*l.*

The vessel had stranded during very stormy weather off Aberdovey. Mr. D. WILLIAMS, Hon. Sec. of the Aberdovey Branch, and Capt. JENKINS, C.B., went off in the life-boat on this occasion. The thanks of the Institution, inscribed on vellum, were presented to Mr. D. WILLIAMS, in acknowledgment of his general valuable services in putting off on all occasions of wrecks in the life-boat, and the thanks of the Institution to Captain JENKINS, for going off in the life-boat on the above occasion.—Expense of service, 4l. 10s.

May 3.—A coal lighter was capsized, during blowing weather, in Arklow River. The crew of 4 men were saved by a pilot-boat.—Reward, 2l.

May 4.—The Caistor life-boat of the Society put off and rescued, after great difficulty, the crew of 7 men from the schooner *Trial*, of Poole, which had struck on the Barber Sands, during a strong wind and very heavy sea. The brig got on the Sands but a few yards from the remains of a vessel wrecked there on the 5th March. She was in the midst of the breakers, and had burnt lights and made signals till the boat reached her. The wind was blowing a gale from the east, causing a very heavy sea. The waves broke into the life-boat without intermission, so that she seemed in danger of being driven under water, being unable to clear herself fast enough. Some of the beachmen got on board the ship, fearing that from the violence of the waves breaking so unremittingly into the life-boat, and keeping her so low in the water, she was actually sinking. The men spoke of the case as one in which they never experienced so much danger from the effect of the sea upon the boat. Holding on by the rigging and side ropes, they were at times standing in water up to their breasts, but they succeeded in rescuing the crew, who otherwise must inevitably have perished. The life-boat sustained serious damage in the performance of this service, by repeatedly striking against the wreck.—Expense of service, 45l.

May 8.—Voted 5l. 8s. to pay the expenses of the Yarmouth, Palling, and Kingsgate life-boats of the Society, in assembling so as to be ready to put off to the rescue of shipwrecked crews.

June 11.—The Institution's life-boat, stationed at Polkerris, near Fowey, Cornwall, put off and saved, during a heavy gale of wind, and under very adverse circumstances, the Danish schooner *Sylphiden*, of Nakskov, and her crew of 7 men.—Expense of service, 6l. Much of the success of this valuable service was owing to the highly-meritorious conduct and seamanship of Mr. G. A. STABB, Chief Officer of the Coastguard, to whom the Institution presented its thanks inscribed on vellum. The captain of the vessel voluntarily presented 20l. to the life-boat's crew for their laudable services on the occasion, Mr. STABB himself generously foregoing all claim of salvage.

July 3.—Voted the Silver Medal of the Institution to JAMES GOUGH, fisherman, and JOHN DONOVAN, chief boatman of the Coastguard, with 2l. to the latter, in testimony of their daring con-

duct in swimming off through a heavy surf, and, at great risk of life, assisting to rescue 24 men belonging to the ship *Queen of Commerce*, of Liverpool, which was wrecked in Tramore Bay on the 22nd Jan. It appeared that the ship had struck on a rock about 50 yards from the cliff, and this being observed from the shore by GOUGH, he, closely followed by DONOVAN, swam out to the rock, over which the sea was furiously breaking. They got hold of a life-buoy, which had been thrown from the ship with a line fastened to it, by which means they succeeded in taking a hawser from the vessel to the shore. By this time they had received plenty of help from persons on the beach, and thus the whole of the vessel's crew of 23 men and a pilot fortunately reached the shore in safety. GOUGH and some fishermen had received 39l. from the shipowners. The Institution also voted 3l. to 6 Coastguard men who had laudably exerted themselves in saving life on the occasion.

Also 2l. to an Irish fisherman, named PETER CONNOR, for his daring conduct in rushing into the surf and rescuing, at much risk of life, the master of the schooner *Fairy*, which, during a gale of wind on the 11th June, had foundered near the Tuskar Light. The crew had taken to the vessel's boat, which, on their attempting to reach the shore, was overwhelmed in the surf. 2 of the crew managed to reach the shore, and the master, who had apparently been stunned, was rescued by the intrepidity of CONNOR; but the fourth man, unhappily, perished before help could reach him.

Also 7l. 4s. to pay the expenses of the Padstow and Eastbourne life-boats, in putting off, with the view of rendering assistance to vessels in distress, but which on the arrival of the boats had got out of danger, and consequently did not require their services.

Reported the services of the Whitburn life-boat in going off and rescuing from destruction, in a heavy surf, 4 fishing cobses and their crews, consisting of 12 men. The life-boat's crew made no charge for thus saving their fellow fishermen from a watery grave. This boat is called the *Thomas Wilson*, after the principal founder of the Life-boat Institution.

July 19.—The lugger *Caledonia*, of Buckhaven, was capsized during a gale of wind and squally weather, off Whitby. The crew of 5 men were saved by the lugger *Excelsior*, of Lowestoft.—Reward, 2l.

July 24.—The Fenmon (Anglesey) life-boat of the Institution put off, during a strong gale of wind, and brought safely into port the smack *Frodsham*, of Liverpool, and her crew of 2 men.—Expense of service, 12l.

July 24.—The Institution's Fleetwood life-boat went off to the assistance of the sloop *William*, of Liverpool, which was in a gale of wind amongst the breakers on the Barnard Wharf Sand. With the aid of a steam-tug the life-boat fortunately succeeded in bringing the vessel and her crew of 5 men safely into harbour.—Expense of service, 4l. 12s.

July 25.—The schooner *Dove*, of Leith, sunk during a gale of wind off Newhaven, N.B. The

crew of 3 men were saved by a pilot-boat at considerable risk of life to the salvors.—Reward 8*l*.

July 31.—Voted 9*l*. to a boat's crew in appreciation of their gallant conduct in putting off in a salmon-coble, during a heavy gale of wind, and rescuing, at great risk of life, the crew of 4 men of the schooner *Thankful*, of Sunderland, which was totally wrecked off Burghhead, N.B., on the 19th July. Every moment the position of the ship was becoming more dangerous as the advancing tide drove her in among the small rocks at the back of the sea-wall, and no boat could live in the terrible surge that was fast breaking-up the vessel. The crew, 4 in number, along with the pilot, took to the fore-rigging, and in a short time the beach was strewn with pieces of the wreck—the bulwarks were nearly all destroyed—the boat washed overboard—and the deck broken up. Though only forty yards from the pier, not the least assistance could be rendered to the crew, whose faces were quite distinguishable as they clung to the swaying rigging. At twenty minutes past six the foremast cracked, and its living freight had hardly time to crawl down to the only bulwark above water, for the schooner now lay on her beam-ends with her bilge towards the sea, when it fell by the board. In about five minutes more the maintopmast was snapped by the gale as if it had been a reed, while the bowsprit and other gear were carried away, leaving nothing but the gutted hull with the mainmast standing. Another hour of awful suspense passed, during which the 5 men lashed themselves to the bulwark, the sea every other minute breaking over their heads in huge masses. At half-past seven, one of the sailors, a young man, was washed from the wreck, but fortunately succeeded in catching the floating rigging, by which he was able to regain his former position. Another young heroic sailor seemed to be the life of the whole company in this trying emergency, and his efforts to keep up the spirits of his companions were signally successful. About eight o'clock the waves broke over the ship with renewed violence, but still those on the shore could return no answer in the affirmative to the piercing cry that came from the wreck, "Can't we get a boat?" The voice was that of the gallant sailor already referred to; the others were too much exhausted to utter a word. M'Intosh, the pilot from Burghhead, expired from sheer cold and exhaustion. None who saw him perish soon forgot the fearful agony of his daughter as she bade her father farewell from the parapet of the breakwater. After renewed efforts a boat was got over the breakwater, and at great risk succeeded in saving the other men, who were in a very exhausted condition.

Sept. 11.—Voted a reward to the crew of a fishing-boat for saving the crew of 5 men of another boat which had capsized off Garnish, county Cork, in rough weather.

Also 38*l*. 1*s*. 6*d*. to pay the expenses of the life-boats of the Institution at Berwick, Southport, Arklow, and Bude Haven, for either assembling or putting off, with the view of rendering assistance to vessels which were in very dangerous positions, during

heavy weather, but which did not, happily, require the services of the life-boats.

Sept. 21.—The Dungeness life-boat put off and rescued, during blowing weather, and after much difficulty, the crew of 14 men from the Portuguese barque *Cruz V.*, of Oporto, which grounded off Dungeness. Expense of service, 12*l*. 12*s*.

Oct. 12.—A fishing-yawl was capsized during a squall of wind off Clogher Head, on the Irish coast. The crew of 6 men were saved, at considerable risk of life, by the crew of a shore-boat. Reward, 2*l*.

Oct. 17.—The brig *Francis*, of Newcastle, was totally wrecked during very boisterous weather off Pakefield. The crew, 10 in number, were rescued by the beachmen's salvage life-boat at the latter place. The life-boat's crew had put off with the view of salvage, but, failing in that, they took off the vessel's crew and brought them ashore.—Reward, 5*l*.

Oct. 19.—The Caistor life-boat of the Society went off and brought safely into port the derelict schooner *Hannah Booth*, of Plymouth, which, during a heavy gale of wind, was found abandoned on the Barber Sand, on the Norfolk coast.

Oct. 19.—The Margate life-boat put off and remained alongside the brig *Hippocampi*, of London, which had struck on the Girdler Sands during a heavy gale of wind. The presence of the life-boat encouraged the crew to persevere in their endeavours to save their vessel, which they fortunately succeeded in doing after some hours of exertion.—Expense of service, 16*l*.

Oct. 19.—The schooner *Duncan Dunbar*, of Scarborough, struck, during a gale of wind, on the Cutler Sand, on the Suffolk coast. The crew of 5 men were rescued, by means of a hawser, by JOHN FOX and JOHN DUNCAN, two Coastguard men, assisted by several others.—Reward, 1*l*. each to the Coastguard men, and 5*l*. to be divided amongst those who assisted them.

Oct. 20.—The barge *Henry Everest*, of Rochester, sunk during a strong gale of wind off Thorpe-ness. The Institution's life-boat the "*Ipswich*," stationed at the latter place, went off and rescued the barge's crew of 4 men.—Expense of service, 14*l*. It will be remembered that the cost of this valuable life-boat was collected by the residents of the town of Ipswich, and afterwards presented to the NATIONAL LIFE-BOAT INSTITUTION.

Oct. 26.—The Institution's life-boat at Lytham put off and succeeded in beaching in a place of safety the schooner *Ceres*, of Arbroath, which had struck in a heavy sea on Salthouse Bank, off Lytham. The owners of the schooner voluntarily gave the crew of the life-boat 50*l*. for their valuable services.

Nov. 1.—The schooner, *James Davell*, of Newcastle, was found waterlogged and abandoned on the Carra Rock, at the mouth of the River Tay. The Buddon Ness (Dundee) life-boat put off and assisted to bring the vessel into a port of safety.—The crew of the life-boat received salvage for their service.

Nov. 6.—Voted 15*l*. 10*s*. to pay the expenses of the Lytham and Southport life-boats in putting off, during a fearful gale of wind, and rescuing,

under great difficulties, the crew of 18 men of the ship *Annie E. Hooper*, of Baltimore, U.S., which was totally wrecked on the Horse Bank on the 20th Oct. The Lytham life-boat, which had been towed out by the *Loch Lomond* steamer, was swept away from the wreck after having taken off 14 of the crew, the rope by which she was held to the vessel having parted; but the Southport life-boat coming up at the time, took off the remainder of the shipwrecked crew. Mr. W. ALLSUP, owner of the *Loch Lomond* and other steamers, had given a general order to his captains that whenever the life-boat needed their services, whatever might be their other engagements, she was always to have the preference.—Mr. ALLSUP to be thanked.

Nov. 6.—Voted the Silver Medal of the Institution, a copy of its vote on parchment, and 2l. to JAMES McMILLAN, a mechanic, who is upwards of 70 years of age, for his general services in saving life, and particularly for his intrepid conduct in rushing into the surf to the rescue of WILLIAM FORDYCE, of the ship *Genova*, of London, which, during a heavy gale of wind, had been wrecked on the Mull of Kentyre, on the 13th Oct. Soon after the vessel struck she began to break up, and the crew betook themselves to various portions of the wreck which were floating about. Four of them were carried out to sea, but the fifth, WILLIAM FORDYCE, who had charge of the ship, got upon the poop and was driven in shore, where he kept floating about among the fragments of the wreck for nearly five hours. At last, when carried near the shore by a wave, he made a desperate effort to reach it, but fell short, inside the cleft of a rock, when McMILLAN seeing him in danger of being again carried out, rushed into the sea up to his shoulders, and, at the peril of his life, succeeded in dragging him to the shore very much exhausted.

Also the Silver Medal of the Institution, a copy of its vote on parchment, and 2l. each, to Mr. WM. GOLDRING, JAMES SPRAGGS, and DAVID FARMER, being the crew of the smack *Ferret*, in admiration of their noble and persevering conduct in putting off in the boat of the smack, on the 17th Oct., and rescuing, at great risk of life, the crew of three men of the sloop *Cygnat*, of Portsmouth, which had sunk off the Hampshire coast. The three men were seen clinging to the rigging of their small vessel on the Woosiner Sandbank, off Hayling Island, with the sea dashing over them. After having encountered the heavy gale then blowing, the vessel had become unmanageable, and had struck on this dangerous shoal, where in a few minutes she was overwhelmed by the waves, and began to break up immediately. GOLDRING and his crew, after making an attempt to reach the poor shipwrecked men in the smack, put off in their small skiff, only 13 feet long, and, after great exertion, and at the utmost peril of their lives, succeeded in rescuing the three men, who had been exposed to the fury of the wind and sea for five hours. They were laid in the bottom of the boat, one of them in a state of insensibility, and after encountering the perils of the return passage through a heavy sea,

the boat reached the smack, and the crew were brought safely on shore.

Also 94l. 18s. 7d., to pay the expenses of the Yarmouth, Fleetwood, Lytham, Southport, Walmer, Newhaven, Fraserburgh, Campbeltown, Rhyl, Dundalk, Margate, Bude Haven, and Arklow life-boats of the Society, in putting off during the late fearful gales, with the view of saving life from vessels which had either signals of distress flying or were in perilous positions, but which ultimately did not require the assistance of the life-boats.

Nov. 9.—The Padstow life-boat put off and rescued the crew of 4 men from the sloop *Lofus*, of Padstow, which, during a strong wind and heavy sea, had become unmanageable, and was afterwards totally wrecked in Hell Bay, near Padstow. With the special permission of the late PRINCE CONSORT, the Padstow life-boat was named the *Albert Edward*, after the PRINCE OF WALES, who is also the DUKE OF CORNWALL. By a singular and happy coincidence, the life-boat was thus the means, under God, of saving four poor creatures from an inevitable death on the very day that the Prince attained his majority.—Expense of service, 4l. 8s.

Nov. 13.—The Kirkcudbright life-boat put off and brought safely into port the schooner *Ellen*, of Liverpool, and her crew of 3 men, which, during heavy weather, had struck on Kirkcudbright Bar. The vessel was in a very perilous position, and, it was reported, was only saved from destruction by the life-boat.—Expense of service, 4l. 7s. Captain CANDLISH, of Kirkcudbright, had gone off in the life-boat on this occasion, and had ably assisted in saving the vessel.—Captain CANDLISH to be thanked.

Nov. 14.—The life-boat of the Institution stationed at Bude Haven put off and saved the crew of 3 men from the smack *Mary Elizabeth*, of Padstow, which, in a heavy sea, was totally wrecked near Bude on the 14th November. The life-boat and her crew were reported to have behaved admirably on the occasion.—Expense of service, 9l. 6s.

Nov. 15.—The Lytham life-boat of the Institution went off and brought safely into port the sloop *Mart*, of Stranraer, which, during foggy weather, had struck on Salthouse Bank, off Lytham. The vessel's crew had previously left her in their own boat.—The owner awarded the life-boat's crew 18l. for their services.

Nov. 18.—The Institution's life-boat at Teignmouth went off and rescued 2 out of 3 men from the smack *John* of that place, which, during stormy weather, and in a heavy sea, was wrecked on Teignmouth Bar: 2 Coast-guard men had put off in the first instance with the view of saving the shipwrecked men, but, owing to the heavy sea, they could render no assistance with the Coastguard boat, and returned to the shore and gave the alarm, when the life-boat was immediately got out and launched to the rescue.—Expense of service, 12l. 9s. Reward to Coastguard men, 1l.

Dec. 1.—The Arklow and Cahore life-boats of the Institution put off and rendered assistance to the ship *Eliza Bencke*, of Liverpool, which, during a gale of wind, had struck on Glasgorman Bank, on the Irish coast.—Expenses of services,

92*l.* 1*s.* The shipowners also gave a small gratuity to the life-boat crews.

Voted 17*l.* to pay the expenses of the Carmarthen Bay, Arklow, and Palling life-boats, for either assembling or in going off in reply to signals of distress from vessels which fortunately succeeded in getting out of their dangerous positions without the life-boats' assistance.

Dec. 3.—The Institution's life-boat at Buddon Ness (Dundee) put off and rescued the crew of 6 men of the schooner *Osprey*, of Fraserburgh, which during thick weather and a very heavy sea was totally wrecked on the Abertay Sandbank, south of the River Tay.—Expense of service, 8*l.* 10*s.*

Dec. 4.—Voted the Silver Medal of the Institution, and 3*l.* to Mr. THOMAS KING, master of the smack *Paragon*, of Harwich, and also 3*l.* each to his crew of 6 men, for their long and intrepid exertions, extending over two days, in rescuing, during a gale of wind and thick weather, 4 out of 6 persons from the schooner *Thrifty*, of Goole, which on the 19th October, foundered on the Long Sand. This was one of the most daring and persevering cases of saving life on record. It appeared that on the evening in question, the *Thrifty* took the ground on the south-west end of the Long Sand, it then blowing a gale from the S.W. About noon on the following day (Monday), the smack *Paragon* having sighted the wreck, closed with her and tried to get the crew off, but after two attempts, in both of which the boat failed and was nearly swamped, the smack was obliged to give it up. She then tried to give assistance by running to seaward of the sand, but in doing so she shipped a sea, and was obliged to run for Harwich, where she arrived about 10 p.m. On Tuesday, about 1 a.m., the crew having got dry clothes and some refreshment, started again and reached the vessel about daylight, and about 9 o'clock succeeded in rescuing the shipwrecked crew. A third day was partly occupied in getting the body of the mate's poor wife from the wreck. The exertions of the smacksmen on the occasion were most praiseworthy, and they seriously damaged their boat, the crew of which also incurred much danger in trying to reach the wreck. It is particularly worthy of notice, that in thus bravely and unselfishly persevering in their exertions through nearly three days, these men lost many chances of making good salvage, several of the smacks belonging to Harwich and Colchester having received more than 100*l.* for salvage during that very gale.

Reported the services of the "*Ipswich*" life-boat stationed at Thorpeness, in putting off and rendering assistance to the steamer *Osprey*, of Hartlepool, which, during blowing weather, and in a very rough sea, had struck on Sizewell Bank, on the Suffolk coast, on the night of the 2nd December. The expense of this service was 7*l.*, which the Institution paid, the crew receiving in addition a small sum from the owners of the steamer.

Dec. 6.—The Plymouth life-boat of the Institution put off and assisted to save the Dutch galliot *Armanca*, and her crew of 6 men. The vessel was observed in distress near the Rame Head, and was fast drifting towards the shore.—Expense of service, 5*l.* 9*s.* 6*d.*

Dec. 10.—The American ship *James Browne*, of Philadelphia, was observed, with signals of distress flying, on the Boulder Sandbank, off Rye, during thick weather, and in a heavy sea. The Institution's life-boat at the latter place went off, and, at the request of the captain, accompanied the vessel to London, the life-boat's crew assisting in working the pumps, the ship having sprung a leak.—Expense of service, 7*l.* 2*s.* 6*d.* The life-boat's crew also received salvage for their services on this occasion.

Dec. 13.—The life-boat of the Institution stationed at Cardigan put off and rescued the crew of 3 men from the smack *Countess of Lisburne*, of Aberystwyth, which, in a heavy ground-sea, had struck on Cardigan Bar.—Expense of service, 6*l.*

Dec. 19.—The schooner *Sisters*, of Wick, was totally wrecked, during very stormy weather, in Thurso Bay. The Institution's life-boat stationed at that place put off and saved the schooner's crew of 3 men.—Expense of service, 6*l.* 1*s.* 6*d.*

Dec. 19.—The barque *Carioca*, of Liverpool, was observed, with signals of distress flying, off Groomsport, during a gale of wind. The Society's life-boat at the latter place went off and put on board the second coxswain of the life-boat, who safely piloted the vessel into a port of safety.—Expense of service, 5*l.* 3*s.* Salvage amounting to 80*l.* was awarded to the crew of the life-boat for their services.

Dec. 20.—The life-boat of the Society stationed at Porthcawl put out in a strong gale of wind and heavy surf, and after much difficulty succeeded in rescuing and bringing ashore the crew of 10 men of the schooner *Champion*, of Liverpool, which was waterlogged on the Skerweather Sands.—Expense of service, 6*l.* 9*s.*

Dec. 21.—The Whitby life-boat of the Institution went off and rescued the crew of 12 men belonging to the barque *Royal Rose*, of Whitby, which, during stormy wind and squally weather, had sprung a leak, and her pumps having become choked, was afterwards totally wrecked off Whitby.—Expense of service, 9*l.* 14*s.*

Dec. 21.—The schooner *Little Aggie*, of Berwick, was totally wrecked during a hurricane off Hautley, on the Northumberland coast. The Institution's life-boat stationed at that place went off and rescued the crew of 4 men.—Expense of service, 15*l.* 17*s.*

Dec. 22.—The Society's life-boat at Whitby put off and assisted to bring safely into port the screw-steamer *Alice*, of Leith, and her crew of 12 men. The vessel was observed with signals of distress flying, in a disabled state, in a heavy surf, off Whitby.—Expense of service, 13*l.* 16*s.*

Dec. 26.—The Lytham life-boat of the Institution put off and rescued the crew of 13 men from the barque *Brazil*, of Liverpool, which, during a gale of wind, was totally wrecked on the Salthouse Bank, off Lytham.—Expense of service, 6*l.* 10*s.*

Dec. 31.—Voted 127*l.* 1*s.* 6*d.* to pay the expenses, of the Institution's life-boats at Tynemouth, Southport, Carmarthen Bay, Scarborough, St. Andrews, Berwick, Plymouth, Holyhead, Padstow, Caistor, Sennen Cove, and Tyrella (Dundrum Bay), for either assembling or putting off in reply to signals of distress from vessels, with the view of rendering assistance.

**THE MEDAL**  
 OF THE  
**ROYAL NATIONAL LIFE-BOAT INSTITUTION,**  
 FOR THE  
**PRESERVATION OF LIFE FROM SHIPWRECK.**

*Obverse.*—Bust of Her Majesty Queen Victoria; beneath, in minute letters, “L. C. Wyon.”  
 Double legend, “Royal National Life-boat Institution. Founded in 1824.  
 Incorporated 1860. Victoria, Patroness.”

*Reverse.*—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. “W. Wyon, Mint.”  
 Inscription, “Let not the deep swallow me up.”

THE beautiful obverse of this medal, which has recently been executed by Mr. L. C. WYON, represents the bust of *QUEEN VICTORIA*, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the *QUEEN*, in high relief, conveys a truly pleasing and faithful likeness of Her *MAJESTY*, as at this period of her life; combining dignity of aspect and benevolence of nature; and represented by Mr. L. C. WYON with the most exquisite finish, delicacy, and beauty of workmanship.

The Reverse, representing the Life-boat, in which there are three Sailors, rescuing a fourth from the sea, is a work of superlative merit. Two of the Sailors are *steadying* the boat, while the other, *stooping*, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural and beautiful manner; and the expression thrown into his countenance looking up to his preserver is unrivalled by anything that we have ever seen, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying the most perfect knowledge of the human frame, the finest taste to arrange it, and a command of the graver to embody to us what the artist's bright genius had shadowed out to himself.

But there is another pleasing motive for our admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist (the late WILLIAM WYON, R.A.) himself.

The following is a LIST of the GOLD and SILVER MEDALS that have been voted by the Committee of this Institution, since its establishment in 1824, to persons whose humane and intrepid exertions in saving Life from Shipwreck have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

*Note.*—The asterisk (\*) after the name denotes the reception of a Gold Medal.

The figure after the name signifies the number of honorary distinctions received from the Institution.

The object of this Institution, as declared in its title, is to afford assistance to every wrecked person around the coasts of the United Kingdom.

The chief means by which the Society hopes to carry this object into effect are:—

To build, station, and maintain in repair, Life-boats of the most perfect description; to furnish them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, to provide, through the instrumentality of Local Committees, for their proper Management, and the occasional Exercise of their Crews.

To confer Honorary Rewards in the form of Medals and Votes of Thanks, and also to grant Pecuniary Remuneration to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the coast of the United Kingdom.

As an index of the necessity for the provision of such a machinery as the above, it may be stated—that the average loss of lives from shipwreck annually on the shores of the United Kingdom is between 700 and 800.

Donations and Annual Subscriptions will be thankfully received by Messrs. WILLIS, PERCIVAL, and Co., 76 Lombard-street; Messrs. COVETS and Co., 59 Strand; Messrs. HERRIES, FARQUHAR, and Co., 16 St. James's-street, London; by all the London and Country Bankers; by the several Metropolitan Army and Navy Agents; and by the Secretary at the Office of the Institution, 14 JOHN STREET, ADELPHI, LONDON—W.C.

Payments may be made by Cheques, or by Post-office Orders (crossed), to Messrs. WILLIS, PERCIVAL, and Co.; or to the Secretary.

April, 1863.
