

THE LIFE-BOAT,

OR

JOURNAL OF THE NATIONAL LIFE-BOAT INSTITUTION.

(ISSUED QUARTERLY.)

VOL. XII.—No. 136.]

MAY 1, 1885.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at Willis's Rooms, King Street, St. James's, on Saturday, 21st day of March, 1885, His Grace The DUKE OF NORTHUMBERLAND, P.C., D.C.L., President of the Institution, in the Chair, the following Report of the Committee was read by the Secretary:—

ANNUAL REPORT.

1885.

SIXTY-ONE years have now passed since the ROYAL NATIONAL LIFE-BOAT INSTITUTION was established, and the Committee, in laying their sixty-first Report before the Subscribers and Donors, are happy to be able to congratulate them on the continued prosperity and usefulness of the Society. They have at the same time to express their thankfulness for the much-needed but ready help accorded them during the past year. Notwithstanding the great depression in trade and agriculture existing in the country, the effects of which have been felt more or less by all charities, the Committee have been enabled to carry on and efficiently maintain the great work of the Institution. This could not have been done had they not met with very hearty co-operation from their many friends and from the British public at large.

Although the services of the Life-boats were not required so often as usual during the late remarkably fine summer, the terrible gales and tempests which swept over our shores at the other seasons

of the year frequently taxed severely the powers of the Institution, which was happily instrumental in reducing very considerably the loss of life that must otherwise most certainly have resulted.

The transactions of the year 1884 may be epitomised as follows:—

Life-boats.—During the past year 28 new Life-boats, most of which were provided with new transporting carriages, and for which in many cases houses were erected, were sent to the coast, this number being greatly in excess of that despatched from the Institution's storeyard in any one year since 1866. All these Boats possessed the latest improvements, and very gratifying reports of them have been received from the various Local Committees in whose charge they have been placed.

In 1884 new Stations were established at the following ten places:—

ENGLAND AND WALES.

Barmston, . . .	Yorkshire.
Littlehampton, . . .	Sussex.
Newport, . . .	Pembrokeshire.
Port Eynon, . . .	Glamorganshire.
Walton-on-the-Naze,	Essex.

SCOTLAND.

Balcary, Kirkcudbright.
 Crail, Fifehire.

IRELAND.

Dunmore, Co. Waterford.
 Kilmore, „ Wexford.

CHANNEL ISLANDS.

St. Helier's, Jersey.

Within the same period the Stations at Alderney and Chichester Harbour were abolished, as they had ceased to be of use, and entailed a considerable outlay annually. The Boats placed at these Stations have been transferred respectively to Jersey and Littlehampton.

The undermentioned nine new Stations are, or will be shortly, in course of formation:—

ENGLAND AND WALES.

Abercastle, Pembrokeshire.
 Church Cove, Lizard }
 Point, } Cornwall.
 Southend, Essex.
 Southsea, Hampshire.
 Totland Bay, Isle of Wight.

SCOTLAND.

Montrose, Forfarshire.

IRELAND.

Cloughy Bay, Co. Down.

The total number of Life-boats under the management of the Committee at the close of the year 1884 was 284.

Shipwrecks.—We learn from the last published annual returns of the Board of Trade that there were 3,654 shipping casualties of all sorts around the British Isles in the year, and while it is satisfactory to know that this total is smaller by six than that of the preceding year, it must be abundantly clear to all that it is as necessary as ever to use every possible method to mitigate the evils resulting from such a terrible list of wrecks, and it is most gratifying to be able to show that

so much is done in this direction by the Life-boats of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, which were instrumental in saving, between the 1st January and the 31st December last, 633 lives and 18 vessels, in addition to which rewards were granted for the rescue of 159 lives by shore boats and by other means, giving a splendid total of 792 lives saved during the year through the agency of the Society.

In 1884 the Life-boats were launched on service 252 times, and it is a matter for the deepest thankfulness to Almighty God that notwithstanding the thousands of brave men who have manned the Boats, either on service or for exercise since the publication of the last Report, *not one* has perished in the noble work.

The services of the Life-boats during each month of the year were as follows:—

1884.	Number of Life-boat Launches.	Vessels Saved.	Lives Saved.
January	59	4	197
February	36	2	74
March	18	2	43
April	21	1	32

September	12	3	60
October	30	1	76
November	33	2	83
December	30	3	58
Total	252	18	633

The Committee have thankfully to acknowledge the valuable help in saving life they uniformly receive from the officers and men of the Coastguard, and the hearty co-operation afforded by the Volunteer Rocket Brigades.

In the last 61 years as many as 31,355 lives have been saved through the instrumentality of the Institution, as shown in the following table:—

The Committee feel that this grand list is in itself a sufficient claim on the public for strong and well-sustained support to carry on and extend the great work entrusted to them.

Rewards.—In the appendix a summary will be found of the numerous cases in which the committee have given pecuniary and other rewards, during the past year, for saving, or assisting to save life on our coasts, either by Life-boats or by other means, and it will be seen that in that period they voted for this purpose six Silver Medals and Clasps, nine Votes of Thanks on vellum, and 5,000*l.* 19*s.* 3*d.*, which amount included grants to relatives of Life-boatmen who had previously lost their lives in the service. Each case was most thoroughly investigated by the Committee, and in their inquiries they were greatly helped by the local Honorary Secretaries, by officers of the Coastguard and Customs, and by others.

Since 1824 the Institution has granted 97 Gold Medals, 970 Silver Medals and

Clasps, and 82,984*l.* in money, for the saving of life from shipwrecks on the shores of the United Kingdom.

Aneroid Barometers.—Numerous applications have been received during the past year for these valuable instruments, which are supplied by the Committee at one-third the retail price, to the masters and owners of fishing vessels and small coasters, from which it would appear that these useful weather guides are much appreciated. No less than 2,087 have been disposed of since June 1882, of which number 557 were sold in 1884, 427 to fishermen and 130 to coasters. There is no doubt that the loss of many lives and much valuable property has been prevented by the timely warnings given by these aneroids.

Local Committees.—The best thanks of the Committee are due to the committees of the Local Branches and their Honorary Secretaries; also to other auxiliaries for the important support they have generously afforded during the past year, without whose zealous co-operation but little could have been done in promoting the objects of the Society.

The Committee have also thankfully to acknowledge the great assistance rendered them by the Press of the country, which has done much to advance the interests of the cause by appealing to the public for funds and giving publication to the good services rendered by the Life-boats.

Finances.—The subscriptions, donations, dividends, &c., amounted during 1884 to 44,810*l.* 10*s.* 6*d.* which sum included 600*l.* from the Commissioners of the International Fisheries Exhibition, as a prize for the best Life-boat, and 9,600*l.* in special gifts for expenses connected with the following fifteen Life-boats:—

Treasury, representing the bequests of the late Mrs. HELEN BLAKE; of Handcross House, Sussex, being 1,260*l.* for two Life-boats for the Irish Coast, to be named respectively *The General R. Dudley Blake* and *The Helen Blake*; 1,800 as an Endowment Fund for maintaining and replacing those Life-boats, and 2,700*l.* to be invested, and the interest applied for the benefit of any of the crews of the two Life-boats who may be injured in the service, or of the wives or families of such disabled men. The other Legacies received were:—

BAKER, Mrs. JULIA ANN, Birmingham	£.	s.	d.
BARCLAY, Mrs. ELIZA, Blackwell	500	-	-
BARKWORTH, Miss MARY, Tunbridge Wells	300	-	-

DOWNES, JOHN, Esq., Blackheath	100	-	-
ENGLISH, OXLEY, Esq., Pall Mall	1,800	-	-

In 1884 the total expenditure was 52,724*l.* 2s. 7d.; but this sum is not large when the enormous amount of work done by the Institution is considered. The amount comprised 21,329*l.* 19s. 3d. laid out on building 22 new Life-boats, 16 new Life-boat carriages, 22 new boat-houses, on altering and repairing other Life-boats, Life-boat Houses, Slipways and

Transporting-carriages; 16,515*l.* 15*s.* 5*d.* on Life-boat stores, Life-belts, subsidies to poor and outlying stations, Aneroids for fishermen and coasters, the Store-yard at Poplar and the Inspector's Department. 9,909*l.* 8*s.* 10*d.* was also paid to coxswains and Life-boat crews for exercising the Life-boats, for special rewards for services, for medals and vellums, and for the widows and orphans of two Life-boatmen who had been killed on duty.

The balance has been expended on the publication of the *Life-boat Journal* and Report, secretarial and clerical salaries,

architect's charges, rent of office, repairs housekeeper, stationery, postage, &c.

The Committee in conclusion earnestly appeal to all who take an interest in the mariner, on whom the greatness and wealth of the empire so much depend, for hearty co-operation and pecuniary aid in their endeavours to decrease the horrors of shipwreck; and they feel that such an appeal, supported as it is by the long list of splendid services rendered by the Life-boats during the past year, will not be made in vain.

The object of this Institution, as declared in its title, and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-Boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the Coasts of the United Kingdom.

The number of lives saved either by the Life-Boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 31,355.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, MESSRS. COUTTS and Co., 59 Strand; MESSRS. HERRIES, FARGHAR, and Co., 16 St. James's Street; MESSRS. HOARE, 37 Fleet Street, London; by all the other Bankers in the United Kingdom; and by all the Life-Boat Branches.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS,

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1884.

Jan. 3.—The *Worcester Cadet* Life-boat, stationed at Brighthelm Grange, Isle of Wight, was launched at 8.20 p.m., signal guns of distress having been heard in the direction of the "Atherfield Ledge" rocks during a thick fog and a heavy ground swell. On arriving there it was found that the four-mast steamer *Duke of Westminster*, of London, 3800 tons, had gone on the rocks. She was bound from Brisbane and Colombo to London with a general cargo, and had on board 21 pas-

sengers and a crew of 103 persons. The whole of the passengers were taken into the Life-boat and landed at Grange Chine, after which the boat returned to the ship to bring off the crew if necessary. She remained by her about three hours, when, finding that her services were not required, she returned to her station.—Expense of service, 48*l.* 19*s.*

Jan. 5.—On the evening of the 5th January a mounted messenger from the officer of Coast Guard arrived at Brigh-

stone Grange and requested that the Life-boat might again proceed to the stranded steamer. The boat was accordingly launched at 6.15, went to the vessel, and in three trips took off 52 men, and safely landed them at Atherfield.—Expense of service, 26*l.* 4*s.* 6*d.*

Jan. 5.—At midnight on the 4th January, during a very strong gale from S. by E., a light was observed from a vessel which was apparently ashore in South Bay, Wexford, Ireland. The crew of the Wexford No. 1 Life-boat *Ethel Eveleen* were at once summoned, and the boat was launched and proceeded over the bar. By this time the light had disappeared, but the Life-boat continued cruising about until day-break, when the crew observed the schooner *Jenny Lind*, of and for Wexford, from Newport, stranded on the south end of the Dogger Bank. With much difficulty they were successful in rescuing the crew, consisting of four men, the sea making a complete breach over the wreck at the time. The boat then returned to its station in safety, after being absent for nearly ten hours.—Expense of service, 19*l.* 10*s.*

Jan. 5.—Information was received at about 8.15 A.M. that a large steamer was ashore abreast of Kinnaber, about three miles north of Montrose. A strong gale from S. by E. was blowing, with rain, and there was a heavy sea on the bar. The Montrose No. 1 Life-boat *Mincing Lane* was promptly launched, and reached the vessel, which was the s.s. *Loch Ness*, of Dundee, bound from Libau to Leith with a cargo of grain and hemp. The heavy seas were breaking right over her, and her crew of 18 men were therefore taken into the Life-boat and safely landed. The steamer floated again after the greater part of her cargo had been jettisoned.—Expense of service, 15*l.* 7*s.*

Jan. 20.—During a terrific gale from W. by S. at about 10 A.M., a steamer was observed apparently in distress. The *Dickinson Edleston* Life-boat, stationed at Longhope, Orkney Island, went to her assistance, and found that she was the s.s. *Ben Avon*, of Aberdeen, bound from Liverpool to Dundee in ballast. She had lost her propeller, and had anchored in a dangerous position. The Life-boat returned ashore, and telegraphed to Thurso for a steam-tug, which proceeded to the vessel and towed her to Longhope.—Expense of service, 15*l.* 10*s.*

Jan. 23.—At 3.45 A.M. the *Francis Harris* Life-boat, stationed at Winchelsea, Sussex, was launched in reply to signals of distress, and made for the place where the signals had been last seen, about four miles E. of the Life-boat Station, but nothing could be seen of any wreck. She then anchored for a time, until a vessel was descried to leeward, when the anchor was at once got up, and the Boat proceeded to her. On arriving at the spot it was found that she had sunk, and that the crew of 7 men were clinging to the rigging. With great risk and difficulty, a very heavy sea running at the time, a line was passed to the poor fellows, and they were taken into the Life-boat. About an hour before the Life-boat arrived, the master of the vessel was unfortunately drowned, the deck-house, in which he had taken shelter, having been washed away. The vessel proved to be the brig *Silksworth*, of Sunderland, bound from Fécamp to Blyth in ballast.—Expense of service, 29*l.* 19*s.*

Jan. 23.—The fishing-boats belonging to Newbiggin, Northumberland, went to the fishing-ground at 4 A.M. on the 23rd January. A severe gale from the S.E. sprung up in the forenoon, and at 12.15 it became necessary to launch the Life-boat *William Hopkinson of Brighthouse*, which assisted several of the endangered boats to return to the shore. In the absence at sea of the regular crew the boat was mostly manned by the old men of the place, the former coxswain, PHILIP JEFFERSON, taking command. They were afloat about five hours, and were much exhausted, being drenched by the heavy seas breaking over them.—Expense of service, 7*l.*

Jan. 23.—Shortly before 1 P.M. the *People's Journal* No. 2 Life-boat, stationed at Arbroath, was launched, during a strong gale of wind from the S.S.E., accompanied by hail and rain, with a high sea on the bar, to the assistance of a number of fishing-boats which had been overtaken by the storm, and were in danger of being swamped. The Life-boat was pulled outside the bar, and remained in attendance until the boats had reached the harbour in safety.

Jan. 23.—The ketch *Sarah Jane*, of Bridgwater, was observed to be flying a signal of distress in Caldy Roads, South Wales, during a whole gale from the W.

at 2.30 P.M. The Tenby Life-boat *Carolina Morris's Divine Rescue*, went to her assistance, and, after beating off for nearly three hours through a heavy sea, found that she was dragging her anchors, and that her crew of 3 men wished to be brought ashore; they were therefore taken into the Life-boat. As the boat was leaving this vessel a signal of distress was shown by the smack *Ellen*, of Newport, lying in the roadstead. The Life-boat pulled to her, and found that she also was dragging her anchors. Her crew of two men were, at their request, taken on board the Life-boat, and all were landed at Tenby at 6 o'clock.—Expense of service, 13*l.* 11*s.*

Jan. 23.—The Courtmacsherry, Co. Cork, Life-boat *City of Dublin* put off at 3.30 P.M., during a gale of wind from the W., signals of distress having been shown by the schooner *Hebe*, of Cork, bound from Newport to Bantry with a cargo of coal. On reaching the vessel it was found that she had parted one chain, and was in great danger. The Life-boat ran out two warps and anchors, which placed the vessel in safety, and, the gale having moderated, the boat returned to the shore at 6 o'clock, with the captain's son on board.—Expense of service, 7*l.* 16*s.*

Jan. 23.—During a furious gale from the N.W. and a heavy sea, the Norwegian barque *Alma*, bound for Maryport with a cargo of pitch-pine, and carrying a crew of 12 men, was at anchor in a dangerous position off that port and made signals of distress. At 9.30 P.M. the Life-boat *Henry Nixon No. 1* put off to her assistance in tow of a steam-tug, and found that the crew had cut away the topmasts, and were anxious to be brought ashore. They were accordingly taken into the Life-boat with some difficulty, caused by some of the masts and spars being over the side of the vessel, and landed at Maryport. At daylight the weather had moderated, and the Life-boat and steam-tug took the men back to the vessel, which had, fortunately, held to her anchors.—Expense of service, 27*l.* 13*s.* 6*d.*

Jan. 24.—At 6.30 A.M. the *Thomas Fielden* Life-boat, stationed at Holyhead, proceeded, in tow of the steam-tug *Royal Saxon*, to the assistance of the steamer *Carleon*, of Cardiff, which had dragged her anchor and stranded in Holyhead Bay during a very heavy gale from the N.W.

The tug having towed the boat within half a mile of the steamer, the hawser was slipped, and she ran down alongside the stranded vessel and took on board the crew of 17 persons, 3 passengers and 3 dogs. She then pulled to windward, was taken in tow of the tug again, and all hands were landed in the Old Harbour at 10.15 A.M. The boat, with 36 persons on board, is said to have behaved very well in the heavy sea she had to encounter.—Expense of service, 15*l.* 2*s.* 6*d.*

Jan. 24.—Lights were observed to the northward of the harbour at Watchet, Somersetshire, during a strong wind and a heavy sea. The *W. H. G. Kingston* Life-boat was launched at 7.30 A.M., proceeded under sail to the ship *Allegiance*, coal-laden from Cardiff, and found that she required tugs, as she had lost her sails, and was rolling heavily. The master of the vessel sent a message ashore by the Life-boat, and, the gale having moderated, the ship rode in safety until the arrival of a tug from Cardiff, which took her away during the following night.—Expense of service, 8*l.* 5*s.*

Jan. 24.—At 8 A.M., a vessel having been observed on the S. side of the bar off Portmadoc, Carnarvonshire, during a strong W.N.W. wind, the *John Ashbury* Life-boat put off, and with some difficulty got alongside the vessel, which proved to be the barque *Haab*, of Moss, Norway, bound from Liverpool to Valparaiso with a cargo of coal. She had been thoroughly disabled by the gale, and had stranded about two miles S. of the Black Buoy. The master and five of the crew got into the Life-boat, and were put ashore. The remainder of the crew, however, refused to leave the vessel, which subsequently drove in-shore, so that on the weather moderating they were able to land in a pilot-boat.—Expense of service, 11*l.* 15*s.*

Jan. 24.—At 5.30 P.M. the Harwich Life-boat, *Springwell*, was launched in reply to signals from the Gunfleet Lightship. She sailed to her through a rough sea, and was informed that there was a vessel on the "Heaps," a part of the Gunfleet Sand, bearing S.W. by W. The Life-boat proceeded in that direction, but had to bring up on the sand, as there was a head wind and a contrary tide. She laid to until 3 o'clock on the following morning, and at about 7 o'clock boarded the vessel, which was the barge *Jessie*,

of Rochester, with a cargo of stone. She had lost all her sails and steering-gear, and had been abandoned by her crew. The Life-boatmen rigged up temporary steering-gear, and then towed the vessel into Harwich Harbour, arriving there at about 1 p.m. Whilst alongside the barge, two of the Life-boatmen were washed overboard, but clung to the sail and were pulled on board again.

Jan. 26.—The coxswain of the Tenby Life-boat observed a smack showing signals of distress during a storm from the S.W. The Life-boat *Carolina Morris's Divine Rescue* was immediately launched, and on reaching the vessel found her to be the *Margaret Alice Dale*, bound for Milford with coal. She was dragging her anchors, the sea was making a complete breach over her, and, had the wind continued, she would probably have been driven ashore. Her crew of two men were taken into the Life-boat, and landed at Tenby at 4 o'clock.—Expense of service, 16*l.* 2*s.*

Jan. 26.—Signals were observed at about 9 p.m. in the direction of the Brake Sand, and the Gull Lightship also sent up rockets. A strong W.S.W. gale was blowing, accompanied by a heavy sea. The crew of the *Mary Somerville* Life-boat, stationed at Deal, were at once summoned, the boat was launched, proceeded to the Brake Sand, and found the brigantine *Edina*, of Liverpool, bound from London to Pernambuco with a general cargo, lying near the sand. She had been in collision with a large ship, and had only three men on board, having lost some of her crew, six of them having jumped on to the other vessel at the time of the collision, one of whom was killed between the two vessels, while others were missing. Some of the Life-boatmen went on board the vessel, worked all night at her anchors, which had fouled, and took her into Ramsgate Harbour on the following morning.

Jan. 26.—The Broadstairs Life-boat, *Samuel Morrison Collins*, was launched at 10 p.m. to the assistance of the brig *Guide*, which had been in collision in the Downs, and had lost both her anchors. The wind was blowing a strong gale at the time, and there was a heavy sea. A lugger was hired to supply the vessel with anchors and chains, and with the aid of a tug she was taken to Ramsgate Harbour.

Jan. 26.—The *Bradford* Life-boat,

stationed at Ramsgate, and the harbour steam-tug *Vulcan*, went out at 10 p.m. in response to signals of distress, during a strong S.W. gale, passed through the Cudd Channel, and spoke the sloop *Venus*, of Guernsey, bound from London to Guernsey with cement, with a crew of three men on board; she had lost her anchors and chains, and asked for assistance; three of the Life-boatmen accordingly boarded her, and sailed her into Ramsgate Harbour.

The Life-boat and tug then proceeded to the barque *Herrington*, of Whitby, which was burning blue lights, and as she also required help, five Life-boatmen were put on board, and she was taken in tow by the steamer. In going through the Cudd Channel the barque took the ground and remained fast, but she subsequently floated again, and was taken into the harbour at 10.30 on the following morning. She was on a voyage from Shields to St. Ubes with a cargo of coal, and carried a crew of eight men.

Jan. 26-28.—Shortly before 12 o'clock at night, during a heavy gale from the W.N.W., rockets were fired, and a bright light was shown by a vessel in distress. With the utmost speed the crew of the *Eliza Fernley* Life-boat of Southport, Lancashire, were summoned, horses were obtained, and efforts made to launch the boat, but owing to the darkness and the violence of the wind, which drove the sea to a fearful height and dashed the spray in all directions, this was a work of considerable difficulty. The six horses harnessed to the carriage were unable to get it into the angry sea, and refused to go sufficiently deep to permit of a launch; the crew also lent their aid, but all to no purpose. The men, besides being wet to the skin and shivering with cold, had to stand the fury of two or three terrific storms of hail. In response to the lights sent up by the vessel, the coxswain of the Life-boat fired four rockets. Additional horses having been obtained, the Life-boat was eventually got afloat, and proceeded on her mission of mercy. Notwithstanding the fatigue of the early part of the night, the Life-boatmen worked with a will, forgetting all their difficulties in the one desire to rescue those in distress. The wind was by this time terrific in its fury, and some of the gusts were of such fearful violence that they almost overturned the boat.

She behaved splendidly, and after the crew had worked until they were almost exhausted, the anchor was cast. At about a quarter past 12 the boat again headed for the ship, which was high and dry on the Horse Bank, and as the sea had gone down considerably with the abatement of the wind, the endeavours to pull to the bank were successful; the shipwrecked men made for the Life-boat, and were taken on board. The boat at once made for the shore, her arrival being anxiously waited for by thousands of people who thronged the promenade and pier, and who greeted the crew with cheer after cheer. The stranded vessel proved to be the Norwegian barque *Björnstjerna Björnson*, bound from South Carolina for Liverpool with a cargo of cotton and phosphor guano, having on board a crew of 10 men and a pilot.—Expense of service, 23*l.* 16*s.*

At about 11 o'clock on the following morning the Life-boat again put off to the assistance of the barque *Nereus*, of Liverpool, bound from Barrow-in-Furness to Queensland with a cargo of steel rails. Her cargo had shifted during severe gales, and while trying to receive a tug's hawser she came into collision with her, both vessels being damaged. She then endeavoured to make for Barrow, but, finding that impossible, she made her way for Liverpool. When close to the Bar Lightship she was taken in tow by a steamer, and afterwards took a pilot on board. Just over the bar the wind suddenly shifted, and blew so strong that the steamer could not tow the vessel against the tide and wind; the pilot then ordered the vessel out to sea, but she became unmanageable, and, after drifting about for a long time, she fired rockets. The Life-boat with much difficulty, being repeatedly driven back from the vessel just as she was nearing her, eventually succeeded in rescuing her crew of 24 men and a pilot, and brought them safely ashore.—Expense of service, 15*l.* 16*s.*

Jan. 27.—A bright flare light was seen in the roadstead of Penarth, South Wales, at 1 A.M. during squally weather, the wind blowing from W. and N.W. The *Joseph Denman* Life-boat proceeded in the direction of the light, and fell in with the brigantine *Juan de la Vega*, of Corunna, bound from Sado to Cardiff with a cargo of pitwood. She was in tow of a

steam-tug, and in charge of some Cardiff hobbler. The coxswain and two of the crew of the Life-boat went on board, and the boat remained alongside until 8.30 A.M., when she returned ashore, the vessel having anchored in the Upper Pool to await docking.—Expense of service, 21*l.* 9*s.*

Jan. 27.—The *Albert Edward* Life-boat, stationed at Clacton-on-Sea, was launched at 2 A.M., during a heavy S.S.W. gale, signals of distress having been shown by a vessel which had stranded about a mile and a half to leeward of the Gunfleet Sand. She was found to be the s.s. *Hawthorn*, of, and for, London, bound from the North with coal. At the master's request three of the Life-boatmen were left on board the steamer, to help to throw some of the cargo overboard, and the boat returned ashore and telegraphed to Harwich for a steam-tug. On the Life-boat again arriving at the vessel, it was found that she had backed off the sand; the three Life-boatmen were therefore taken into the boat, and she returned to her station.

Jan. 28.—A bright light was seen from Ailsa Craig in the evening, and as it was understood to be a signal for help, the *Sir Home Popham* Life-boat at Girvan, Ayrshire, was launched, and after a hard struggle of seven hours against an adverse wind and heavy sea, reached the Craig. It was found that no vessel was in distress, but that one of the only two men resident on the island had, by the violence of a storm, been blown over the Craig and had been severely injured. The Life-boat crew took the poor man into their Boat and landed him at Girvan, where medical attendance was promptly obtained for him.—Expense of service, 22*l.* 7*s.*

Jan. 30.—The Caister No. 1 Life-boat *Covent Garden* put off at noon to the assistance of the schooner *Sarnian Gem*, of Guernsey, bound from Guernsey to London with stone, she having apparently lost all her sails. The Life-boat boarded her in the Wold, and found that she had lost both her anchors in the Downs, and had her sails split. The services of the Life-boatmen were offered and accepted, and a steam-tug having been procured, the vessel was towed to a place of safety.

Feb. 1.—Large flares were seen in the direction of the Cross Sand at 5.30 A.M. during a fresh breeze from the S.W., and the Cockle Lightship fired guns and

rockets. The Caister No. 1 Life-boat was promptly launched, sailed to the sand, and found the schooner *Mizpah*, of Dover, ashore there. The Life-boat remained by the vessel until she floated, when, her assistance not being required, she returned to her station.—Expense of service, 20*l*.

Feb. 2.—In response to a signal of distress hoisted by the smack *Three Sisters*, of Cardigan, bound from Aberporth to Swansea in ballast, the Fishguard No. 2 Life-boat *Helen of Foxley* proceeded to her assistance at 11.30 A.M. A fresh gale from the N.E. was blowing, accompanied by a heavy sea, and as the smack's crew, consisting of three men, were afraid that the vessel would go down at her anchors, they were taken into the Life-boat and brought ashore.—Expense of service, 7*l*. 15*s*.

—————
COMMITTEE MEETING, Feb. 7th, 1884.

Voted 584*l*. 14*s*. to pay the expenses of the Brooke, Montrose No. 2, Poole, Newquay (Cardiganshire), Hasborough, Palling, New Brighton No 2, Penmon, Caister No. 1, Rye, Holyhead, Winchelsea, Cromer, Silloth, Southend (Essex), Barmouth, Braunton, Harwich, New Romney, Margate, Llanaelhaiarn, Carnsore, Lytham, Maryport, Ilfracombe, Sutton, Scarborough, Swansea, and Hartlepool No. 3 Life-boats in assembling their crews or putting off in reply to signals of distress shown by vessels which did not ultimately require the services of the boats.

Voted 450*l*. in aid of the local fund for the relief of the widows and orphans of two of the crew of the Clacton-on-Sea Life-boat, who were unfortunately drowned by the upsetting of the boat while on service on the night of the 23rd January.

The Second Service Clasp of the Institution was voted to ROBERT LEGERTON, coxswain of the Life-boat, in recognition of his valuable services on the above-named occasion. A reward of 3*l*. each was also granted to the coxswain and crew of the boat, in consideration of the exceptional risk and exposure they incurred, and further sums of 2*l*. and 1*l*. each were awarded to two men who were prostrated for a time through this unfortunate accident.

Also the Silver Medal of the Institution, a copy of the vote inscribed on vellum, and 40*l*. to ROWLAND HUGHES, coxswain of

the Moelfre (Anglesey) Life-boat, who, at the advanced age of eighty-two years, was retiring from the post, after thirty-four years' service, having assisted to save forty-nine lives.

Her Royal Highness the PRINCESS OF WALES presented the above-named medal and clasp to LEGERTON and HUGHES on the 3rd March. The ceremony took place at Marlborough House, in the presence of His Royal Highness the PRINCE OF WALES, attended by LORD COLVILLE OF CULROSS, Colonel STANLEY CLARKE, Mr. HOLZMANN, and Mr. FRANCIS KNOLLYS. There were also present Mr. EDWARD BIRKBECK, M.P. (Chairman of the Life-boat Institution), Colonel FITZROY CLAYTON, Mr. CAVE, Admiral WARD, Mr. CHARLES DIBDIN (Secretary), and Captain the Hon. H. W. CHETWYND, R.N. (Chief Inspector of Life-boats). Each of the men was personally presented with the medal by her Royal Highness, and they were congratulated by their Royal Highnesses on their heroic services.

Voted also 25*l*. to H. PAYNTER, one of the crew of the St. Ives Life-boat, whose leg was broken on the occasion of the exercise of the boat on the 27th February, thus preventing him for a long time from following his usual occupation.

Feb. 9.—During a gale from the S.W. the schooner *Alexander*, of Beaumaris, bound from Port Dinorwic for Carmarthen with a cargo of slates, ran for Cardigan Bay, and brought up off the Black Rocks outside the Bar. She was watched during the night, and on the following morning the wind suddenly shifted to the N.W. during a very heavy snow-storm, the sea running exceedingly high. The vessel was riding by two anchors, with all cable out, and the master, fearing that she would either go down or part her cables, hoisted signals of distress, in reply to which the *Lizzie and Charles Leigh Clare* Life-boat, stationed at Cardigan, put off at about 11.30 and brought ashore the crew of four men. There were a large number of people on the cliffs watching the performance of this service, who were loud in their praises of the behaviour of both boat and crew.—Expense of service, 7*l*. 18*s*.

Feb. 10.—During a whole gale of wind from the S.W., the Tenby Life-boat *Carolina Morris's Divine Rescue* was launched at 5 P.M., and proceeded to the schooner

Richard Cobden, of Swansea, bound from Briton Ferry to Freeport, U.S., with coal, which was flying a signal of distress in Caldly Roads. She had parted one anchor and was dragging the other, and at the master's request five of the Life-boat's crew went on board and put out kedge anchors, and after this was accomplished the Life-boat brought ashore the vessel's crew, consisting of five men. On the following morning the weather moderated, the crew were taken off to their vessel by a shore boat, and she was brought into Tenby Harbour.—Expense of service, 5*l.* 10*s.*

Feb. 11.—At midnight it was reported at Wexford, Ireland, that a schooner, which proved to be the *Egmont*, of and for Cork from Cardiff with a cargo of coal, was riding with only one anchor close to "Holden's Bed." Her crew were said to be on board the schooner *Rapid*, of Wexford, having abandoned their vessel in a sinking condition. A strong gale from the S.W. by S. was blowing at the time, accompanied by a heavy sea. The *Civil Service* No. 1 Life-boat, stationed at Wexford, went to her assistance in tow of the steam-tug *Ruby*, and found that there was no one on board, and that the vessel had 6 feet of water in her hold. The Life-boatmen did their best to save the schooner, and the tug returned to Wexford, taking the crew of the vessel off the *Rapid*, and brought out another anchor. The *Rapid* was then re-moored, and the Life-boat remained in charge of her until 1 o'clock the following afternoon, when it was thought prudent to leave her, as she was leaking very much, and the weather was very bad. The Life-boat, therefore, pulled for shore, and was beached at Rosslare.—Expense of service, 9*l.* 14*s.*

Feb. 12.—At 1.30 p.m., in reply to signals, the Life-boat *Florence*, stationed at Groomsport, Co. Down, proceeded to the aid of the steamer *Emily*, of Sunderland, which had stranded on the Bridge's Reef during a moderate W.S.W. wind. Five of the crew were taken into the Life-boat, which then returned ashore, the remainder of the crew refusing to leave the vessel, and some Coastguardmen also remaining on board her. Four of her crew had previously been landed by a pilot boat. It blew a very strong gale from S.S.W. all day, with rain and heavy squalls, the sea being very wild and broken, and at 7 p.m. a flash light was

shown from the ship, when the Life-boat again proceeded to her, and brought ashore the captain, mate, and two men.—Expense of services, 17*l.* 14*s.* 6*d.*

Feb. 12.—During a very heavy gale from the S. by W. a large fleet of steamers and sailing craft took refuge in the bay at Moelfre, Anglesey. The storm increased in fury, and the schooner *Elizabeth Anne*, of Carnarvon, and another schooner hailing from Runcorn, both laden with salt, came in collision, and were in great danger of sinking each other. The *Lady Vivian* Life-boat put off at 5 p.m. through a very high sea, and succeeded in saving the two schooners and one man who was on board the *Elizabeth Anne*. Such was the force of the wind and sea that it was quite an hour before the Life-boat could reach the entangled vessels in order to render assistance.

Feb. 13.—At about 7 p.m. telegrams were received at Duncannon, Co. Wexford, stating that a large four-mast ship was ashore on the Pollock Rocks in Fethard Bay. The wind was blowing a whole gale from the south and the sea was very heavy. Horses were procured as soon as possible, and the Duncannon Life-boat *Richard and Anne* was taken to Fethard, a distance of seven or eight miles over a rough road, and was launched after great difficulty, the sea sometimes washing over the boat and crew. She proceeded in the direction of the stranded vessel, which was about four miles out, but she was driven back by the heavy seas. Two of her crew were then landed, their places being taken by others, and the boat, after waiting an hour at Fethard, again proceeded to sea, and was then successful in reaching the vessel. Her crew, consisting of 33 men, were then taken into the Life-boat and landed at Fethard. The vessel proved to be the *Earl of Beaconsfield*, of Glasgow, 2000 tons, bound from Glasgow to San Francisco with coal and a general cargo. The Life-boatmen, who were very much exhausted, did not get back to their homes until 9 p.m. on the 14th February, having been on duty for nearly twenty-six hours.—Expense of service, 64*l.* 15*s.* 3*d.*

Feb. 15.—The *William Beckett* of Leeds Life-boat, stationed at Youghal, Co. Cork, was launched at noon to the aid of the barquentine *Vidonia*, of Bridport, bound from Pernambuco with a cargo of sugar, which had stranded on the bar

during a fresh gale from the S.S.E. and a heavy sea. At the captain's request the Life-boat remained by the vessel until she floated and got into the harbour.—Expense of service, 7*l.* 8*s.*

Feb. 17.—Signals of distress were shown by the St. Nicholas Light-vessel at about 12.45 A.M., during a moderate gale from the S.E., with a heavy sea on the bar. The Life-boat *Mark Lane*, stationed at Gorleston, Suffolk, was manned, towed out of the harbour by a steam-tug, and found the brig *Sovereign*, of Whitby, bound from Hartlepool to London with a cargo of gas-coal, at anchor in the roads in a distressed condition, having sprung a leak, and having her pumps choked. The crew, consisting of 8 men, were taken on board the Life-boat and brought safely ashore. The vessel afterwards foundered at her anchors.

After landing the crew of the *Sovereign* the Life-boat again went out, having procured a pump, with the view of trying to save the vessel, when she observed a barque showing signals for assistance. The boat at once made for her, and found that she was the *Tagus*, of and for Shoreham, from Shields, with a cargo of coal. She had lost one of her anchors and its chain. With the help of a steam-tug the vessel was with some difficulty taken into harbour. She struck heavily while crossing the bar, but was towed off again.

The Life-boat also proceeded out a third time to the aid of a Norwegian schooner, and put one of her crew on board to pilot the vessel.—Expense of services, 26*l.*

Feb. 18.—Information was brought to the Montrose Life-boat Station at 7.30 A.M. that a schooner was ashore close to the new entrance of the North Esk River, about 3½ miles N., in Montrose Bay. The Life-boatmen were at once summoned; the No. 2 Life-boat, *Roman Governor of Caer Hân*, was taken out on her transporting carriage, and as horses had not then arrived, the crew and helpers hauled her along so as to avoid delay. The horses overtook them, however, when about half way, were harnessed to the carriage, and the boat arrived abreast of the vessel at about 8.45. She was then launched, reached the stranded schooner, which was found to be the *Christine*, of Svendborg, bound from St. Petersburg to Aberdeen, with a cargo of crushed bones, and her

crew, consisting of 5 men, were rescued.—Expense of service, 14*l.* 15*s.* 9*d.*

Feb. 20.—Signals of distress were seen in Holyhead Bay at 3 A.M. The Life-boat *Thomas Fielden* was launched, and proceeded to the barque *Eboe*, of Liverpool, bound from that port for Africa with a general cargo; she had 6 feet of water in her hold, and only the mate was on board. Signals were made for a steamer, and the vessel was taken to a place of safety. The wind was blowing a heavy gale from the S.S.W., and the sea was rough.

Feb. 20.—The Life-boat *Heywood*, stationed at Mablethorpe, Lincolnshire, was launched at 11 P.M., during a strong gale of wind from the S.E., and a rough sea, signals of distress having been shown by the barge *Star*, of Rochester, bound from Harwich to Spalding with guano. The Life-boat rescued the crew of 2 men and a woman from the vessel, which had stranded off St. Peter's, and brought them to land.—Expense of service, 22*l.* 3*s.*

Feb. 21.—The barque *Maxima*, of Swansea, bound from Cardiff to Valparaiso with a cargo of coal, showed a signal of distress in Fishguard Bay, at 7.45 P.M., during a gale from the S.W. and a rough sea. The Fishguard No. 2 Life-boat *Helen of Foxley* went to her assistance, and found she was on her beam ends, her cargo having shifted. It transpired that on the previous night, when about thirty miles W. of the Smalls, she encountered the full force of the hurricane then blowing; her decks were completely swept fore and aft; her compasses, boats, &c., were carried away, and her sails were much torn. The second mate unfortunately fell from the topsail-yard and was lost, and several of the crew were injured and incapacitated. At the request of the master, three of the Life-boatmen were put on board the vessel to assist the disabled crew.—Expense of service, 16*l.* 10*s.*

Feb. 22.—The barque *Leonar*, of Hamburg, bound from that port to the Tyne with salt, went ashore on the Spittal Point Rocks, south of Newbiggin, at about 1 A.M., during thick weather and a rough sea. In reply to her signals of distress, the Newbiggin Life-boat, *William Hopkinson of Brighouse*, went to her assistance, got out a kedge anchor, and remained by the ship ten hours, until the tide rose, when, with the help of two steam-tugs, she was got afloat.

Feb. 29.—Early in the morning, during a fresh gale from the S.E. and a rough sea, the Coastguard watchman at Fishguard reported that a vessel was burning signals of distress in the roadstead. The coxswain of the Life-boat immediately assembled his crew, who launched the No. 1 Life-boat *Sir Edward Perrott*, and found that the signals were shown by the smack *Rapid*, of and for Cardigan, from Milford, with a cargo of culm. She had entered the roadstead under close reef canvas, and anchored about half a mile to windward of the smack *Topaz*. Both her anchors were let go, and all possible chain was given, but she drove right across the bows of the *Topaz*, and coming in contact with that vessel's chain, the *Rapid* started her rudder case, and began to leak badly. After getting clear, it was found impossible to keep her afloat. Her crew of three men were therefore taken into the Life-boat and safely landed, the vessel soon afterwards going down.—Expense of service, 16*l.* 10*s.*

March 3.—At half past four o'clock in the morning the Coastguard Officer at Youghal reported that a schooner was in distress outside the bar in a heavy sea. The *William Beckett* of Leeds Life-boat stationed at Youghal put off to her assistance, and found that she had lost her rudder. At the master's request the boat remained by the vessel until a steamer came up and took her in tow to Youghal. She was the *Jane Sophia* of Plymouth, coal laden, with a crew of 5 men.

March 3.—Fourteen of the Newbiggin fishing-boats which had ventured out, being overtaken by a strong wind and a high sea, were in great danger. At 11 A.M. the Life-boat *William Hopkinson* of *Brighthouse* was launched and rendered valuable assistance to the boats, all of which reached home in safety.

COMMITTEE MEETING, March 6th, 1884.

Voted 24*l.* 10*s.* 8*d.* to pay the expenses of the Llanddwyn, Douglas, Appledore, Tyrella, Margate, Poole, Aldborough, Harwich, Falmouth, Holyhead, Porthdinllaen, Bridlington, St. Anne's, Courtown, Cahore, Kirkeudbright, and Huna Life-boats, in assembling their crews or putting off to the assistance of vessels which did not ultimately require their services.

Also the thanks of the Institution,

inscribed on vellum, and 10*l.*, to Mr. W. FYNES, on his retiring from the post of second coxswain of the Poolbeg Life-boat, in recognition of his long and valuable services in assisting to save life from shipwreck.

March 9.—At about half-past six o'clock in the evening the pilots on the look-out at Montrose discovered a small steamer to the S. of the harbour. A heavy gale from S.S.E. was blowing at the time, and the sea was rapidly increasing. The Life-boat crews were promptly summoned, and the No. 1 Life-boat *Mincing Lane* put off to the assistance of the vessel, which proved to be the *May Flower*, of and from Glasgow for Montrose, with coal. Shortly before the Life-boat reached her she was driven to the north of the Annat Bank, where she struck. The boat pulled across the end of the bank, dropped down to the steamer on her starboard side, and got fast to her. The sea was so heavy, and the steamer rolled so much, that the crew of the Life-boat had to make four attempts before they could rescue the first man, but they bravely continued their efforts until the crew of 4 men were taken into the Life-boat. In effecting this rescue, the boat was filled five times by the heavy seas, six of her oars were broken, and she was lifted as high as the steamer's rail, and dashed against it, damaging her bow. Attempts were now made to pull the boat to sea, but she was so disabled that it was found impossible to do so, and she drove on an outlying bank on the north side of the Annat Sands. The coxswain and one of the crew then had lines secured to them, and made two attempts to reach the shore; on the second occasion they were met by a man with a rocket-line, by means of which they got the boat's hawser ashore, and hauled her about halfway across the sands. The boat had to be left, however, as the tide had begun to make, and was rushing in. The No. 2 Life-boat *Roman Governor* of Caer Hún was launched at 7.15, when it was observed that the other boat was in danger; but it having been ascertained that the wrecked crew had been taken into the *Mincing Lane*, she went as near as possible to the south side of the bank, until that boat was seen to be pulled on the bank. Both crews were occupied until nearly midnight in getting the No. 1 Life-boat

into the river in a very heavy surf, all hands being thoroughly drenched. The No. 2 Life-boat subsequently rendered assistance to the steamer, which beat up on the beach and was afterwards floated off.—Expense of services, 36*l.* 5*s.* 6*d.*

In addition to the customary rewards, the thanks of the Institution, inscribed on vellum and framed, were presented, through the coxswains, to the crews of the Montrose Life-boats, for the good services they have so frequently rendered in saving life, especially on the occasion of those above-mentioned.

March 11.—At 2.30 A.M., during squally weather, a vessel was observed from Palling, Norfolk, showing signals of distress. The Palling No. 2 Life-boat *British Workman* was promptly launched, and proceeded to the vessel, which proved to be the barque *Helene*, of Bremen, bound from Newcastle to Alexandria with a cargo of tar, earthenware, bricks, and coal. She was full of water, having been in contact with the North Cross Sand buoy, and was run ashore on Hempstead beach, about a mile and a half S. of Hasborough. Her crew of 16 men were taken into the Life-boat and put ashore at Palling at 8 A.M.—Expense of service, 20*l.* 4*s.*

March 11.—The brig *Breeze*, of Blyth, was observed ashore amongst the broken water off the Coastguard Station at Kingsdowne, Kent, at 7.15 A.M. The *Charles Hargrave* Life-boat stationed at Kingsdowne, went to her assistance, some of the Life-boat men boarded her, and with the help of other boatmen she was got afloat, and taken to Ramsgate in a leaky condition. She was bound from Sunderland to Southampton with a cargo of coal, and carried a crew of 7 men.

March 12.—Telegrams were received at Queenstown, stating that a vessel was ashore at Roche's Point, and that the Life-boat was required, other boats being unable to reach her on account of the heavy sea. The *Quiver* No. 3 Life-boat stationed at Queenstown was accordingly launched at 12.40 P.M., and rescued four of the shipwrecked crew, one man being saved by the rocket apparatus, and another being taken off by a whale-boat. The vessel was the brigantine *Septimus*, of Belfast, bound from Cork to Swansea; she became a total wreck on the rocks.—Expense of service, 6*l.* 6*s.*

March 16.—In answer to signals fired from the North Float Lightship, the Palling No. 2 Life-boat was launched at 11.45, and proceeded to the Hasborough Sands, where she found the barque *Scotia*, of Sunderland, bound from Newcastle to Villa Rica with a cargo of coal and coke, ashore. The Life-boat men boarded her, and, with the assistance of a steam-tug and a yawl, anchors were laid out, part of the cargo was thrown overboard, and the vessel was got afloat and taken to Yarmouth Roads in a leaky condition, arriving there at about 4 P.M. on the 18th. She had a crew of 12 men.

April 1.—The steam trawler *Vanguard*, of Sunderland, was seen near the outer Farne Island making signals of distress, during squally weather, at about 2 P.M. As the sea was too heavy for ordinary boats to put off, the *Joseph Anstice* Life-boat stationed at North Sunderland was launched, pulled out to the vessel, which was about five miles distant, and found her in a dangerous position, her engines having broken down. She was taken in tow by the Life-boat, and was brought about a mile towards the Fairway, when a steam-tug arrived and took her in tow.

April 1.—A gale of wind having sprung up at Cullercoats, Northumberland, in the morning, and three of the cobsles engaged in the salmon fishing being in danger of being swamped by the heavy seas in taking the bar, the Life-boat *Palmerston* was launched at about 5.30 P.M., and assisted the boats to enter the harbour in safety.

April 5.—At 2 A.M. a messenger arrived at Newcastle, Co. Down, from Murlogh and reported that a vessel, which subsequently proved to be the ship *Flying Foam*, of Liverpool, bound from that port to Quebec, with salt and iron ballast, was ashore near Dundrum Bar. The weather at the time was thick, with rain, and the sea was rough and variable. Five men and the captain's wife who had landed had made their way to the messenger's cottage, and stated that the remainder of the crew were on board the vessel and required assistance. The crew of the *Furnley* Life-boat at Newcastle were summoned, and the boat proceeded to the ship and found that two of her boats had left when she went ashore, one of which lauded the five men and the captain's wife, but the other was not seen until 7 o'clock, when she was observed 3 miles

W. of the vessel, and in making for the shore she capsized in the surf off Newcastle, and all her crew were unfortunately drowned. Eleven men who had remained on board the ship were taken into the Life-boat and brought safely ashore.—Expense of service, 21*l*.

COMMITTEE MEETING, April 3rd, 1884.

Voted 114*l*. 16*s*. 6*d*. to pay the expenses of the Stromness, Montrose No. 2, Castle-town, Winterton No. 2, Fleetwood, Ardrossan, New Romney, and Lydd Life-boats in putting off to the assistance of vessels which did not ultimately need their help.

Also 5*l*. to one of the launchers of the St. Anne's Life-boat on the 27th January, in consideration of his illness since the exposure he underwent on that occasion.

April 11.—At 2.30 A.M., during a strong N.N.E. wind and a heavy sea, the Goodwin and Gull Lightships fired signals. The Ramsgate Life-boat *Bradford*, and the harbour steam-tug *Aid*, as well as the Life-boat *Samuel Morrison Collins*, stationed at Broadstairs, put off and found the s.s. *Skandinavian*, of Gothenburg, ashore on the North Sand Head, Goodwin Sands. The services of both boats' crews were engaged to try to get the vessel afloat. Some of the cargo was thrown overboard, an anchor and chain were got ready to carry out, and at 10.30 the steam-tug passed her tow-rope to the vessel's quarter, and began to tow her. She continued towing until 12.15, when the tug *Anglia*, of London, arrived, and having been also engaged to assist, she attached her hawser, and both tugs towed until 1.45, and succeeded in altering the position of the vessel; then, finding no further use in towing any longer, as the tide was falling, the hawsers were slipped, the *Vulcan* backed towards the vessel, took an anchor on board, and towed it out in an easterly direction. During low water, more of the cargo was thrown overboard, and at 11.30 P.M. both tugs again took hold of the vessel and towed her, while those on board hove on the anchor. At 12.30 she came afloat, and was then towed to Gravesend and moored at the buoys at 12.45 P.M. During the

time she was ashore she struck very heavily, damaging the after-part of her hull to such an extent that the stern compartment was full of water, and the rudder so much damaged that she could not steer. The ship was bound from Gothenburg to Bordeaux with a cargo of iron, deals, and paper pulp, and had a crew of fourteen men and two women on board.

April 13.—At midnight, during a strong breeze from the N.E., the weather at the same time being hazy, it was reported at Porthoustock, Cornwall, that a large steamer had struck on the Manacles Rocks. The *Mary Ann Storey* Life-boat proceeded to her, and found that she was the *Lady Dalhousie*, of Greenock, bound from London to Newport, in ballast, with a crew of 30 men. She had struck on a low part of the Manacles while going at full speed, and after passing over that reef she went again into deep water. She was then found to be leaking badly, and the master decided to run her ashore. She soon however struck another rock, an isolated one with deep water all round. The vessel appeared to hang on the side of this rock, and it was feared that as the tide flowed she would slip off and go down head foremost. At the master's request the Life-boat remained by her, as she had eleven feet of water in her hold, the pumps being of no service in keeping it under. The ship's boats were lowered, and all the men's clothing, etc., was placed in them, several of the crew in two boats were taken charge of by the second coxswain and landed at Porthoustock, the Life-boat taking others of the crew into her, and remaining alongside for eight hours, when she returned to the shore with two of the vessel's crew on board. The steamer eventually became a total wreck, but happily no lives were lost.—Expense of service, 18*l*. 2*s*. 6*d*.

April 17.—Shortly before 1 P.M. a brig was observed from Clacton-on-Sea on the Swin Middle Sand. No distress signal could be seen, but the dangerous position of the vessel was considered sufficient to warrant the launching of the Life-boat. The *Albert Edward* therefore put off, and proceeded, under double-reef canvas, through a heavy E. gale, to the vessel, which proved to be the *Thorley*, of Hartlepool, coal laden. Her hull was under water, and she was fast breaking up, and

evidence of the hurried departure of the crew, for she had been abandoned, led the Life-boatmen to suppose that they had left in their own boat, and had been picked up by a passing vessel. The Life-boat then proceeded towards the Middle Light, but seeing no signal she returned to her station.

At about midnight the Coastguard reported that rockets were being fired by the Maplin Light, and afterwards signals from the Swin Middle Light were seen. The Life-boat again proceeded out under double-reef sails, with a heavy E. wind and a high sea, to the Lightship, and found that the crew of the *Thorley*, consisting of eight men, had taken refuge there, and were anxious to be brought ashore. With much difficulty they were got into the Life-boat and brought safely to Clacton, arriving there at about 10.15. The brig, which was 104 years old, quickly became a total wreck.—Expense of services, 26l. 9s.

April 28.—At 4 o'clock in the morning, during a strong E.N.E. wind and a rough sea, one of the Life-boat crew at Orme's Head, Carnarvonshire, saw a man coming ashore in a punt from the yacht *Wave*, of Liverpool. The boat capsized, but the man fortunately swam ashore through the surf. He then called for the Life-boat to put off to the assistance of those who were still on board the yacht. The *Sisters' Memorial* Life-boat was immediately launched with some difficulty, the wind and tide being direct on shore, and rescued three men. The vessel parted her cable after dragging her anchor, and became a total wreck in Llandudno Bay.—Expense of service, 18l. 7s.

COMMITTEE MEETING, May 1st, 1884.

Voted 164l. to pay the expenses of the Douglas No. 2, Caister No. 1, Gorleston, Deal, Margate, Harwich, Aldborough, and Southwold Life-boats in putting off with the view of assisting vessels which did not ultimately require the services of the boats.

May 14.—While the wind was blowing half a gale from the W., on the morning of the 14th May, the schooner *Mary*

and *Ann*, of Dundalk, bound from Anna-long, Co. Down, to Garston, with a cargo of stone, was observed to be in the vicinity of the Horse Bank. Her sails were blown away and her masts broken, and she was apparently touching the sand. The crew of the Southport Life-boat *Eliza Fernley* were summoned, and the boat was promptly launched; but meanwhile the vessel had been released by the flowing tide, and was helplessly drifting towards the Ribble until she was brought up by her anchor. The wind and tide favouring the Life-boat, the schooner was soon reached, and her crew of three men were taken into the boat and brought safely ashore. The unfortunate vessel, which was about seventy-nine years old, was leaking badly, and labouring heavily at her anchor in the heavy seas which were running at the time, rendering the position of her crew one of much danger.—Expense of service, 9l. 17s.

May 14.—In the morning the brigantine *St. Olaf*, of and from Mandal, Norway, laden with pit-props, for Connah's Quay, near Chester, capsized when about three miles out at sea, off Llanddulas, North Wales, and her crew of six men and a pilot took to their boat. The occurrence was immediately reported at the Life-boat station, and the Life-boat *Henry Nixon*, No. 2, was launched at 8.40, and proceeded to the assistance of the boat. The shipwrecked men were taken into the Life-boat and safely landed at Foryd, near Rhyl. The ship's boat would undoubtedly have foundered, had not the Life-boat overtaken it and rendered assistance, as a gale of wind from the W.N.W. was blowing at the time, accompanied by a rough sea.—Expense of service, 18l. 1s. 6d.

The vessel was subsequently towed ashore by the Rhyl No. 2 Life-boat, and the Life-boatmen assisted to discharge her cargo and remove the gear, &c.

May 21.—The *Mary Stanford* Life-boat stationed at Rye, Sussex, was launched at 2 A.M., in reply to signals of distress shown by a vessel which proved to be the schooner *Brilliant*, of Fowey, bound from Antwerp to Plymouth, with a cargo of plate-glass and zinc, and carrying a crew of six men. She had missed stays, and had stranded about a mile and a half off Camber. The Life-boat remained by her until she floated, and was

enabled to resume her voyage.—Expense of service, 22*l.* 17*s.*

May 27.—The crew of the *Augusta* Life-boat at St. David's, Pembrokehire, were summoned at about midnight, rockets having been fired from the South Bishops Lighthouse. The boat was launched, and on reaching the lighthouse the Coxswain was informed that the Smalls lighthouse had been on fire on the previous night, and that the assistance of the Trinity tender was desired. In accordance with the wishes of the light-keepers, the Life-boat at once returned to the shore, and despatched a telegram to Milford, advising the authorities accordingly.—Expense of service, 14*l.* 13*s.*

COMMITTEE MEETING, June 5, 1884.

Voted 25*l.* 1*s.* to pay the expenses of the Whitburn, Bude, Rhyll No. 2, and Winchelsea Life-boats in assembling their crews or putting off in reply to signals of distress shown by vessels not ultimately requiring the services of the boats.

The Ramsgate Life-boat had also been taken out, but her services had eventually not been needed.

June 25.—The fishing-smack *Caterina*, of Boulogne, stranded on Hasborough Sand. The Winterton No. 2 Life-boat *Husband* went to her assistance, and remained by her for about three hours until she floated, when the Life-boat men returned to their station.—Expense of service, 11*l.*

COMMITTEE MEETING, July 3rd, 1884.

Voted the Silver Medal of the Institution, a copy of the vote inscribed on vellum, and 20*l.*, to Mr. WILLIAM TEEL, late coxswain of the Plymouth Life-boat, on his retirement from that post after twenty-two years' service.

Also the Second Service Clasp and 25*l.* to Mr. MARCUS BOYLE, in recognition of his good services in saving life from shipwreck during the twenty-six years he was coxswain of the Wexford No. 2 Life-boat.

Also 25*l.* to Mr. THOMAS DOBSON, who was resigning the position of coxswain of the Donna Nook Life-boat, which he had held for twenty-seven years.

The Silver Medal of the Institution had been previously awarded to Mr. DOBSON in acknowledgment of his valuable services in the Life-boat.

Also 25*l.* to Mr. ROBERT WILLIAMS, coxswain of the Portmadoc Life-boat, who had been compelled through ill-health to retire from that post, which he had occupied for sixteen years.

Voted 65*l.* 16*s.* 4*d.* to pay the expenses of the Wexford No. 2, Rhyll No. 1, Fishguard No. 1, and Deal Life-boats, in putting off and rendering assistance to vessels which did not eventually require the help of the boats.

COMMITTEE MEETING, Aug. 7, 1884.

Voted 18*l.* 5*s.* to pay the expenses of the Margate Life-boat in putting off, on the night of the 28th June, in reply to signals of distress, when her services were not ultimately needed.

Also 6*l.* 3*s.* to the crew and launchers of the Aldborough Life-boat, for assembling, in reply to signals, on the 30th June.

Sept. 6.—At about 9 p.m., the smack *Ellen*, of and from Milford, for Cardigan, with a cargo of limestones, anchored in Cardigan Bay, during a heavy gale from the N.W. by W. and a high sea. She was watched from the shore, and at about 10.30 she was seen to be showing a signal of distress. The Life-boat *Lizzie and Charles Leigh Clare*, stationed at Cardigan, thereupon put off to her and brought ashore her crew of two men and the mate's wife. The vessel afterwards dragged her anchor and became a total wreck.

Immediately after landing these three persons, distress signals were exhibited by the Norwegian brigantine *Unda*, bound from Nova Scotia to Cardigan with timber, which was anchored in the bay. The Life-boat proceeded to her, and found that the crew of five men and the pilot wished to be taken ashore, in consequence of the violence of the storm. They were therefore taken into the Life-boat and safely landed.—Expense of services, 29*l.* 10*s.*

Sept. 6th.—At 11 p.m. the coxswain of the Porthdinllaen, North Wales, Life-boat took up his station at the watch-house, so as to be in readiness should the ser-

vices of the boat be required, as the wind was blowing very hard and there were three vessels at anchor in the bay. At 3 A.M. the wind increased to a strong gale from the N.W., accompanied by a heavy sea, and the coxswain then fired rockets for the crew of the *George Moore* Life-boat to assemble. At 9 o'clock the smack *Antelope*, of Aberystwyth, laden with slates, and having a crew of two men on board, showed signals of distress. The Life-boat immediately went to her assistance, and, at the request of the Master, put three men on board, who assisted to get the vessel into safety.—Expense of service, 7l. 15s.

Sept. 7.—The *Aberdovey* Life-boat *Royal Berkshire* put off during a gale and rough sea, and saved the ketch *Daring*, of Barnstaple, which had been driven into Cardigan Bay. Her mainsail had been torn to ribbons; she was fast driving on a lee shore; the seas were breaking over her, and her crew of four men were exhausted and quite unable to manage her. The Life-boat was out about five hours.

Sept. 7.—At about 6 o'clock in the morning, during a gale of wind from the W., a schooner was seen high and dry on the Gunfleet Sand, just above the light-house flying signals of distress. The *Albert Edward* Life-boat, stationed at Clacton-on-Sea, proceeded to her assistance under sail, and found that she was the *Mystery*, of Portsmouth, on a voyage to that port from Calais, in ballast. The wind and sea had greatly increased by this time, but the Life-boat succeeded in getting alongside as the tide rose; took a woman off, and then lay by, as the Life-boatmen considered there was hope of saving the vessel. Accordingly they set the canvas; kept the pumps going; repaired the wheel-chain, and eventually she dragged over the sand into the Wallet Channel, when she was taken safely to Harwich with her crew of four men, and a woman who was also on board. During the time the vessel was crossing the sand the seas broke right over her, making it dangerous work to stand by her.—Expense of service, 18l. 15s.

Sept. 22.—As the s.s. *Welsh Prince*, of Newport, was leaving the pier at Weston-super-Mare for Bristol, at 6.30 in the evening with upwards of forty passengers on board, and a crew of six men, a hawsor by some means got foul of her

propeller, and she began to drift into Sand Bay. A strong wind was blowing from the N.W. at the time, accompanied by a rough sea. She whistled for assistance; hoisted her colours, and then let go her anchor; but this not holding, she drove ashore amongst the rocks. The Life-boat *William James Holt*, stationed at Weston-super-Mare, was launched to her assistance, and forty of the passengers were safely landed in the boat, which made two trips to the stranded steamer.—Expense of service, 11l. 17s. 6d.

COMMITTEE MEETING, Oct. 2nd, 1884.

Voted also 60l. 7s. to pay the expenses of the Life-boats at Harwich, Orme's Head, Broughty Ferry, Newquay (Cornwall), and Barmouth, in assembling their crews or putting off in reply to signals of distress shown by vessels which did not eventually need the aid of the boats.

Also the thanks of the Institution, inscribed on vellum, and 10l., to Mr. ROBERT HORSLEY, late coxswain of the West Hartlepool No. 1 Life-boat, in acknowledgment of his good services during the long period he held that post, which he had been compelled to vacate on account of ill health.

Oct. 7.—At 4 A.M., flares and rockets were seen in the direction of the Cross Sand, apparently fired from a steam vessel on the sand. The *Caister* No. 1 Life-boat *Covent Garden* was promptly launched, and in going over the Scroby Sand took several heavy seas and sprung her fore-mast. On reaching the Cross Sand the s.s. *Speedwell*, of Hull, bound for London with fish, was discovered stranded there in the midst of the breakers. Her crew had left her in two boats, and were just at the edge of the sand. The Life-boat sailed towards them and the crew, consisting of thirteen men and one passenger, were taken into her.—Expense of service, 30l.

Oct. 10.—The barque *Samarang*, of Newcastle, timber laden from Quebec, was reported ashore about a mile south of Marske during a N. wind and a heavy sea at 6 A.M. The *Burton-on-Trent* Life-boat stationed at Redcar was taken by road to Marske, and launched, but was unable to reach the vessel; a second attempt was made, and with the aid of a

rocket line which had been fired over the barque the boat was hauled up to her, and rescued the master and twelve of the crew, the remainder having previously landed in their own boat.—Expense of service, 26*l.* 7*s.*

Oct. 10.—While the schooner *Petrel*, of Montrose, from Baltasound, Shetland, was being towed to Montrose by the tug *Storm King*, the tow line broke, and the schooner went on the "Leads" rocks. A fresh N.E. wind was blowing at the time accompanied by a heavy ground swell. The tug in backing towards her to procure another tow-rope was carried too far S. by the wind and tide, and was driven on to the "Stone" rock. The crew of the tug at once launched their small boat and got into her, but it was immediately swamped, and the four men were thrown into the sea; two of them succeeded in getting back to the tug, and endeavoured to save the other two men, but their efforts failed, and the poor fellows were unfortunately drowned. Meanwhile the position of the two vessels had been observed by the light-keeper at Scurdy Ness, who at once went to Ferryden and informed the coxswain of the Life-boat. The crew were immediately summoned, and at about 2.10 A.M. the *Mincing Lane* Life-boat, stationed at Montrose, was launched with much danger, having to pass through a very narrow channel between the rocks on which the sea was breaking, and rescued the two men from the tug, and landed them at Montrose at about 3 o'clock.

The schooner had got afloat, and had put to sea, and as flares were seen in the offing it was presumed that she was in need of assistance. The Life-boat was again manned, put off to the vessel, and remained by her until a steam tug came up, which towed her to Montrose, where she arrived at about 5 o'clock. She carried a crew of five men.—Expense of services, 27*l.* 17*s.* 6*d.*

Oct. 10.—At about 1.30 P.M., during a strong gale from the N.N.W. and a high sea, the Padstow Life-boat, *Arab*, put off to the assistance of a schooner which, while running for the harbour, having sprung a leak, had struck on the Doom Bar Sand, the seas breaking clean over her. The Life-boat rescued the crew consisting of five men, and landed them safely at about 2.10 P.M. The vessel was the *Eliza*, of and for Penzance, from Porthcawl, with a

cargo of coal; she sank and became a total wreck.—Expense of service, 7*l.*

Oct. 10.—In the evening a heavy gale from the N.N.E. was experienced at Hartlepool. The coxswain of the No. 3 Life-boat, the *John Clay Barlow*, was at the pilots' watch house at about seven o'clock, when it was reported that a vessel was approaching the bay from the N., and he at once went round the cliff to see if he could make out what she was. Before he reached the breakwater he heard a heavy crash, which he took to be the vessel running into the staging for the new work there and bringing it down. He then ran along the breakwater, but before reaching the end he heard men crying for help, and after proceeding a little further he came upon seven or eight men who had jumped from a steamer which had struck the pier and rebounded again. The men asked for the services of a life-boat, stating that part of the crew were left on board the steamer, which by that time was entangled amongst the staging, and had brought most of it down. The coxswain immediately ran back, gathered his crew, launched the Life-boat, and proceeded to the vessel, and on reaching her found that she had cleared the staging, and was riding at anchor (her anchor having been accidentally pulled from the bows while foul of the staging) in comparatively smooth water inside the breakwater. At the master's request, nine of the Life-boat men were put on board the steamer, some more men coming off to her from the shore in pilot boats, and with the assistance of four steam tugs she was taken into the harbour, but shortly afterwards sunk, her bows having been stove in when she struck the pier. She was the s.s. *Fairway*, of London, schooner rigged, from Uddevalla, Sweden, in ballast.

Oct. 11.—The coxswain of the *Samuel Plimsoll* Life-boat, stationed at Lowestoft, was called at 6 A.M. on the 11th October as a schooner was observed driving over Corton Sands, the sea breaking over her. The crew were at once summoned, and the Life-boat proceeded to the assistance of the vessel, which was found to be the *Hannah*, of Yarmouth. Her crew had left her; she had lost both her anchors, and was dragging her chain. The Life-boat crew slipped the chain, and with the assistance of a steam-tug the vessel was taken into Lowestoft Harbour.

Oct. 11.—In answer to signals from the Cork light-vessel, the *Springwell* Life-boat, stationed at Harwich, put to sea at about 6.30 P.M., during a strong wind, thick weather and a high sea. She first proceeded to the Sunk light-vessel, and as the master stated that he was answering signals from the Gunfleet, she then went in that direction and met a pilot boat, the officer in charge of which reported that there was a vessel on the Sunk Sand with her crew in the rigging. The boat reached the wreck at about 3 o'clock on the following morning, but it was only with difficulty that the poor shipwrecked men could be made to understand that help was at hand, as they were wrapped up in canvas and did not see the boat approach. Two of the men were eventually got safely into the Life-boat, but much danger was incurred in rescuing a third from the mizen mast, as a heavy sea caught the boat and lifted her keel right on to the wreck. Four oars were broken, the anchor was lost, and several fathoms of cable had to be cut away to prevent the total loss of the boat. The captain was lashed to the maintop, but the mate informed the coxswain that he had been dead some hours. On the striking of the vessel the crew had lowered their boat, but a sea washed her away, drowning two men who had got into her. The Life-boat, with the three survivors on board, at last set sail for home, and near the Sunk light-vessel fell in with the screw collier *Nereid*, of Newcastle, which towed her as far as the Cork, Harwich being reached at 11 A.M. The wrecked vessel was the three-mast schooner *Morford and Trubey*, of Aberdeen, bound from Grangemouth to Devonport with a cargo of coal.—Expense of service, 24*l.* 2*s.* 6*d.*

Oct. 23.—Signals of distress were observed at 4 A.M. in the direction of the Ocean Rock. The wind was blowing from S.S.W., the weather was thick and stormy, and the sea rough. The crew of the Life-boat *Admiral Henry Meynell* stationed at Ballywalter, Co. Down, were summoned, and launched their boat. On arriving at the rock it was found that the schooner *Trial*, of and for Donaghadee from Whitehaven, with a cargo of coal, was stranded there. As the tide was receding, and the weather moderating, the crew decided to remain by the vessel, there being no immediate danger, while the master was

taken ashore by the Life-boat to obtain assistance. The weather continuing to improve, the vessel was got off the rock at the next tide.—Expense of service, 14*l.* 4*s.*

Oct. 26.—At 1.30 A.M. the Boulmer Life-boat, *Robin Hood of Nottingham*, put off and rescued the crew, consisting of four men, from the s.s. *Success*, of Sunderland, bound from that port for Arbroath with a cargo of coal. The vessel had stranded on the rocks called the Boulmer South Steel, and became a total wreck during a gale of wind from the W. and a very rough sea.—Expense of service, 19*l.*

Oct. 26.—The ship *Depositor*, of Halifax, N.S., in ballast, was seen in a dangerous position on the foul ground $2\frac{1}{2}$ miles S. of Walney lighthouse, on the morning of the 26th October. She had been in tow of a steam tug, but the tow rope parted, and her anchor chains were broken. At 9.30 the Life-boat *William Birkett* was launched from Piel, Lancashire, and proceeded to the assistance of the distressed vessel, being towed out by a steam tug. A line was got from the boat to the ship, and the master's wife and two sons were taken through the water into the boat, the sea being very heavy. The master and crew were also urged to come into the boat as it appeared certain that the ship would break up; but they declined to do so, and the master requested that his wife and children might be taken ashore. The Life-boat was then towed back to her station, arriving there at 5 P.M.

During the night a good look-out was kept for any signals, as a heavy gale was blowing, and at daylight it was seen that the ship had sunk, and that her crew were in the rigging. The Life-boat crew were at once summoned, the boat proceeded to the vessel, and happily rescued the whole of her crew, consisting of twenty men, who were safely landed at Barrow at 10 o'clock.—Expense of services, 17*l.* 5*s.*

Oct. 28.—A dismasted vessel was seen off Benacres Head fast drifting towards the shore during stormy weather. The *Sir Home Popham* Life-boat stationed at Girvan, Ayrshire, was launched at 5.30 P.M., and found the vessel brought up at anchor in close proximity to the shore at Ardmillan Point, three miles S. of Girvan. Her crew of eight men were taken into the Life-boat, and safely landed at Girvan at 10.30. The vessel was the brig *Sisters*, of Belfast, bound from Troon to Galveston,

South America, with coal and iron; she held to her anchor all night, and on the following day was towed to Ayr by a steam tug.—Expense of service, 15*l.* 3*s.* 6*d.*

Oct. 28.—It was reported that a vessel was ashore and showing signals of distress, on the north side of Lune at midnight, during a strong N.W. breeze. The *Child of Hale* Life-boat at Fleetwood, promptly went to her assistance in tow of a steam tug, put a pilot on board her, and at the master's request rode alongside the barque,—which was the *Black-wall*, of London, bound from St. John's, Newfoundland, for Fleetwood, with a cargo of timber—until the tide had risen sufficiently to float the vessel, and to allow the tug to get alongside and take her in tow to Fleetwood, where she arrived at about 6 o'clock in the morning.—Expense of service 13*l.* 17*s.*

Oct. 31.—The Ramsey Life-boat *Two Sisters* was launched at about 10.45 A.M., signals of distress having been shown by a wherry which was riding heavily about three miles N.E. of the harbour during a whole gale from the S.S.W. On reaching the vessel she was found to be the *Daniel Yorke*, of and from Dundalk, for Irvine. She had parted one of her chains during the night, and drifted two miles, and, indeed, was fast drifting on to a lee shore. The crew of four men were taken into the Life-boat, which then attempted to return to the harbour; the gale however was so fierce, and the ebb tide so strong, that she could not succeed, and after struggling for an hour and a half, she had to be beached about three miles from her station.—Expense of service, 13*l.* 11*s.*

Nov. 3.—During a fresh breeze from the N.W. a steamer was observed on the Hasborough Sands showing signals of distress. The *British Workman* Life-boat, stationed at Palling, Norfolk, was launched at 9 A.M. and proceeded to the vessel, which proved to be the *Paola*, of Hamburg, bound from Shields to Palermo with a cargo of coal. The Life-boatmen boarded her, and after part of the cargo had been thrown overboard she floated off the sands, and was taken into Yarmouth Roads. She had a crew of 22 men.

Nov. 4.—At 6 P.M. the assistant coxswain of the Hauxley, Northumberland, Life-boat saw the lights of a steamer upon the rocks at Hadstone. The crew of the *Algernon and Eleanor* Life-boat

were at once summoned, horses were obtained, and the boat on its carriage was taken along the beach and launched. It proceeded through a very heavy sea to the vessel, which was the *Regian*, of Liverpool, 3000 tons, bound from Calcutta for Dundee with a cargo of jute, and carrying a crew of 34 men. Fourteen men were taken into the Life-boat and safely landed, and the boat returning to the steamer brought ashore eleven other men, the master and the remainder of the crew deciding to stay by their vessel. During the night the sea moderated, and on the following day they came ashore in their own boat.—Expense of service, 33*l.*

COMMITTEE MEETING, Nov. 6th, 1884.

Voted 263*l.* 13*s.* 6*d.* to pay the expenses of the Caister No. 1, Padstow, Gorseston No. 1, Drogheda No. 1, Saltburn, North Deal, Walmer, Broadstairs, Fraserburgh, Peterhead, Winterton No. 2, and Bembridge Life-boats, in assembling their crews or putting off in reply to signals of distress shown by vessels which did not ultimately require the services of the Boats.

Also 15*l.* to Mr. RICHARD NIGHTINGALE, on retirement from the post of coxswain of the Hornsea Life-boat, in acknowledgment of his good services during the past fourteen years.

Nov. 13.—As the trawling smack *Arbitrator*, of Wexford, was proceeding to the fishing-ground at about 8 A.M. she struck on the bar, and began to leak heavily. She hoisted signals of distress, in response to which the Wexford No. 1 Life-boat *Ethel Eveleen*, manned as usual by Custom House officers and pilots, went to her assistance and rescued the crew of 5 men, the smack being then half full of water. She subsequently became a total wreck.—Expense of service 6*l.* 10*s.*

Nov. 18.—At about 2 A.M. the Coast-guard on duty at Rhyl, North Wales, observed a vessel in a dangerous position opposite Rhyl, but making no signals of distress. At about 3 o'clock the vessel appeared to be aground, and the Coast-guard then fired a signal, in reply to which the crew of the *Jane Dalton* Life-

boat assembled, and the boat was taken on her transporting carriage to the mouth of the river. The vessel, however, ebbed dry, and her crew walked ashore.

At about 5.30 the master obtained assistance, discharged part of the cargo, and laid out an anchor with the intention of getting the vessel off with the flowing tide, but, the wind freshening, all the assistants, with the exception of four besides the crew, left her when the tide reached her, and two others afterwards landed in the vessel's boat. The remaining two assistants and the crew of two men would not venture in the boat, but took refuge in the rigging, from which they were rescued by the Life-boat. The stranded vessel was the smack *William Henry*, of Runcorn, 17 tons, from Llandulas to Widnes, with limestone.—Expense of service, 15*l.* 1*s.*

Nov. 20.—The barque *Alabama*, of Helsingborg, Sweden, struck on the Sunk Sands off Hunstanton, Norfolk, in the evening, and then drove over the sands and filled with water. Being timber laden she did not sink, but went ashore on the main about 9 P.M., and she then cut away her main and mizen masts. She hoisted an anchor light, and this being seen from the shore it was supposed that she was safe. Her signals, however, were very unintelligible until a red light was shown from the Coastguard station, and she then continued to burn bright lights. The Hunstanton Life-boat *Licensed Victualler* thereupon put off to her assistance, and rescued her crew, consisting of 12 men.—Expense of service 18*l.* 15*s.*

Nov. 21.—During a fresh gale from the N.E., the *Nelson* Life-boat, stationed at Newquay, Cardiganshire, was launched, and brought into port the disabled brigantine *Albert*, of Carlisle, and her crew of 5 men.

Nov. 21.—At 1 P.M. during a gale from the N.E. with a tremendous sea, a vessel was observed on shore at Waxham. The Palling No. 1 Life-boat *Good Hope* was promptly manned and launched, but the water was too low to float her over the bank. Communication with the vessel was effected by the rocket apparatus, but the "whip" broke; the Life-boatmen, however, fortunately secured the broken ends of the line, and brought them ashore. The shipwrecked crew of eight men were by this means safely landed. The vessel

was the barque *Town of Liverpool*, of Whitby, bound from Stockholm to Hartlepool, with a cargo of pit-props.—Expense of service, 19*l.* 14*s.* 6*d.*

Nov. 26.—At 5.30 A.M. the Mundesley Life-boat *J. H. Elliot* was launched to the aid of the barque *Embla*, of Stavanger, bound from Christiansund for Cardiff with a cargo of timber, which had stranded about a mile off Mundesley during a thick fog. The vessel had lost her rudder, her sternpost had started, and she became a total wreck. The crew of 10 men were taken into the Life-boat and put safely on shore at half past nine.—Expense of service, 21*l.*

Nov. 27.—It was reported at about 6.30 A.M. that a vessel was ashore on the Goodwin Sands. A fresh W.N.W. breeze was blowing at the time. The Walmer Life-boat *Civil Service No. 4* at once put off, and found the Russian barque *Usko*, timber laden, on the sands. The crew were being taken off and placed on board a steam-tug by a Deal lugger, and, at the master's request, the Life-boat remained by the vessel until this was safely accomplished.—Expense of service 9*l.*

COMMITTEE MEETING, Dec. 4, 1884.

Voted 39*l.* 9*s.* 9*d.* to pay the expenses of the Donna Nook, Montrose No. 1, Whitehaven, North Berwick, Swanage, Lowestoft, Walton-on-the-Naze, Bridlington, Southend (Essex), Grimsby, Margate, Palling No. 1, Saltburn, Redcar, North Deal, Broadstairs, Kingsdowne, and Harwich Life-boats in assembling their crews, or putting off in reply to signals of distress on occasions when their services were not ultimately called into requisition.

Voted 25*l.* to the widow of JOHN PHILLIPS, commissioned boatman H.M. Coastguard, who was unfortunately drowned, having been surrounded by the tide while proceeding to help to launch the Donna Nook Life-boat on the 21st November.

Voted also the thanks of the Institution, inscribed on vellum, to Mr. GILBERT HOULDEN, in recognition of his continued zealous co-operation as Honorary Secretary of the Donna Nook Branch of the Institution, especially on the occasion of the launch of the Life-boat to the stranded trawler *Economy*, during a gale on the 21st November.

Also the thanks of the Institution and 25*l.* to Mr. PATRICK BOYLAN, late Coxswain of the *Drogheda* No. 1 Life-boat, on his retirement from that post through ill-health after twenty-one years' service.

Also 7*l.* 10*s.* to Mr. WILLIAM BARBEARY, Coxswain of the Ilfracombe Life-boat, in recognition of his good services in that capacity during the past thirteen years.

Dec. 5.—Large flares were seen in the direction of Middle Scroby Sand at 4 A.M. The Caister No. 1 Lifeboat *Covent Garden* was at once launched, proceeded to the sand, and found the schooner *Annie*, of Wick, bound from London for Peterhead, with a cargo of cement, ashore there. With the assistance of the Life-boatmen the vessel was got afloat, and was towed by a steam tug to Yarmouth Harbour. She had a crew of five men.

Dec. 7.—Signals of distress were shown at 11 A.M. by a yawl which was at anchor in Conway Bay during a whole gale from the W.S.W. The *Christopher Brown* Life-boat stationed at Penmon, Anglesey, put off to her assistance, and brought safely ashore her crew of 2 men. She was the *Juno*, of Beaumaris, in ballast from Cemaes to Bangor.—Expense of service, 6*l.*

Dec. 7.—The Braunton Life-boat *Robert and Catherine* was launched at 8.30 P.M., during a W.S.W. gale and a heavy broken sea, to the assistance of the brigantine *Chalciope*, of Fleetwood, bound from Corunna for Cardiff with pit-wood. The vessel had gone ashore about a mile from Down End, the master having lost his reckoning during a fog. Three of the crew were taken into the Life-boat and safely landed.—Expense of service, 19*l.*

Dec. 18.—At midnight large flares were seen in the direction of the Barber Sand. A yawl went out and sailed to the sand, but meanwhile, as the flares continued to burn and the Cockle lightship fired guns and rockets, the Caister Life-boat *Godsend* also put off, it being feared that the yawl might be unable to reach the vessel. On arriving at the sand, the dandy *James Garfield*, of Ipswich, laden with coal and carrying a crew of four men, was found riding on the outer edge of the sand. The Life-boat remained by the vessel, which had been on the sand and smashed her rudder, and accompanied her into Yarmouth Harbour.

Dec. 20.—During a whole gale of wind from the N. and a heavy sea, the Fishguard No. 2 Life-boat *Helen of Foxley* put off at 6 A.M. in reply to signals of distress shown by two vessels at anchor in the roadstead. The boat proceeded first to the smack *Vixen*, of Dublin, bound from Portree for Cardigan with a cargo of herrings. She was riding very heavily with both anchors down, and the master and crew of 3 men were anxious to leave her, as they fully expected that she would founder. They were therefore taken into the Life-boat, which then went to the schooner *John and Ann*, of Aberystwyth, bound from Gloucester for Cardigan with salt, and took off her crew, consisting of 3 men. Both crews were safely landed at Goodwick Quay at about 8 o'clock.—Expense of services, 12*l.* 7*s.* 6*d.*

Dec. 25.—The *Honourable Artillery Company* boat, which had only been stationed by the NATIONAL LIFE-BOAT INSTITUTION at Walton-on-the-Naze about two months previously, was launched through a heavy surf, on the evening of Christmas Day, in reply to signals from the Sunk Lightship. She first made for the Light-vessel, a distance of ten miles, and ascertained the position of the wreck (which was found to be 8 or 9 miles off, on the Long Sand) and then made for the spot. At daybreak the Life-boatmen were enabled, with some difficulty, to veer their boat down under the ship's jibboom, it being impossible to get nearer, and it was then discovered that the vessel was the *Deike Rickmers*, of Bremerhaven, and that there were 25 persons on board. By means of a rope from the jibboom they were all got into the boat, the captain being the last to leave. There were now 40 men in the Life-boat, as well as a large dog, which had also been rescued, and great risk was incurred in crossing the Long Sand, the sea being in a perfect ferment; happily, however, the boat acted splendidly, passed safely through all dangers, and arrived at her station after an absence of about 25 hours.—Expense of service, 33*l.* 6*s.*

Dec. 29.—The *Covent Garden* Life-boat stationed at Caister went out, in reply to signals of distress shown from the timberladen barque *Loreley*, of Arendal, having on board a crew of twelve men, which had been on the Scroby Sands, and was in a waterlogged condition. With the as-

sistance of two steam-tugs, the vessel was taken safely to Gravesend, and the Life-boat was subsequently towed back to its station.

Dec. 30.—The North Sunderland Life-boat *Joseph Anstice* rendered assistance to some fishing boats which had been overtaken by a storm.

Dec. 31.—Voted 422*l.* 4*s.* 3*d.* to pay the expenses of the Rhyl No. 2, Broadstairs,

Harwich, Ramsey, Gorleston, Holyhead, Lowestoft, Portmadoc, Hayling Island, Worthing, Selsey, Appledore No. 1, Margate, Aldborough, Ayr, Caister No. 1, Lowestoft, Pakefield, Clacton, Broughty Ferry, Kingstons, and Kessingland No. 3 Life-boats in assembling their crews or putting off in reply to signals of distress shown by vessels not ultimately needing assistance.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. Wyon." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."
Reverse.—Three sailors in a Life-boat, one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. Wyon, Mint." Inscription, "Let not the deep swallow me up."

The beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The following is a List of the GOLD and SILVER MEDALS that have been voted by the Committee of the Institution since its establishment in 1824, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals granted by the Institution up to the present time is 1,067, 97 of which were in Gold, and 970 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT IN USE BY THE CREWS OF THE LIFE-BOATS OF THE NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy to support a man heavily clothed, with his head and shoulders above the water, and to enable him to support another person besides himself.
2. Perfect flexibility, so as to readily conform to the shape of the wearer.
3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.
4. Strength, durability, and non-liability to injury.

The cork life-belt of the NATIONAL LIFE-BOAT INSTITUTION possesses the first two qualities in a greater degree than any other life-belt, and the third one exclusively. (*Vide* annexed figure.)

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 284 Life-boat Stations of the NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following figures show the general form, the nature of the fittings and air-chambers of one of these boats, 33 feet in length and 8 feet in breadth. In figs. 1 and 2, the elevation and deck plans, the general exterior form of the boat is shown with the sheer of gunwale, length of keel, and rake of stem and stern-posts. The dotted lines of fig. 1 show the position and dimensions of the air-chambers within board, the relieving-tubes, and ballast. In fig 2, A represents the deck, B the relieving-tubes (6 inches in diameter), C the side air-cases, D the end air-chambers, E ballast, F scuttles to admit of a free current of air under the water-tight deck, G scuttle for air, and to receive pump. In fig. 3, the exterior form of transverse sections, at different distances from stem to stern, is shown. Fig. 4 represents a

midship transverse section, A being sections of the side air-cases, B the relieving-tubes, of the same depth as the space between the deck and the boat's floor. c, c, c, c, are spaces beneath the deck, placed longitudinally, at the midship part of the boat, with cases packed with cork, forming a portion of the ballast; *d* scuttle for ventilation, having a pump fixed in it, by which any leakage beneath the deck can be pumped out by one of the crew whilst afloat. The festooned lines in fig. 1 represent exterior life-lines attached round the entire length of the boat, to which persons in the water may cling till they can be got into the boat; the two central lines are festooned lower than the others, to be used as stirrups, so that a person in the water, by stepping on them, may climb into the boat without assistance.

Midship Section.

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, can be much quicker conveyed to the water's edge than she could be if not on a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach, to that extent, indeed, that one can be readily launched from a carriage through a high surf, when without one she could not be got off the beach.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of side or bilgeways attached to the keelway, and resting on the main axle, the

boat's weight being entirely on the rollers of the keelway. Its leading characteristic is that, on the withdrawal of a forelock pin, the fore and main bodies can be detached from each other. The advantages of this arrangement are that, whilst on the one hand the weight of the boat when she is launched from the rear end forms an inclined plane by elevating the keelway and fore-carriage; on the other hand, to replace her on the carriage she can be hauled bow foremost up the fore end or longer incline, by disconnecting the fore-carriage, and letting the end of the keelway rest on the ground, thus forming an inclined plane up which the boat is easily drawn. The bilgeways are needed at the rear end, that the boat may be launched in an upright position, with her crew on board, but they are not required at the fore end of the carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, and as many boatmen as the boat pulls oars. The members of the volunteer crews are registered, and wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen, or Coastguardmen. On every occasion of going afloat to save life, the coxswain and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck at such a distance along the coast as not to be in sight of the Coastguard Station or other look-out.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The expense of a Life-boat Station averages 1,000*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	£650
Skids, and Transporting-carriage	350
Boat-house (average cost)	350
Total	£1,000

The average Annual Expense of maintaining a Life-boat Station is 70*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 284 Life-boats under its charge. Every one of these has been specially presented to it, and they save every year from 600 to 700 shipwrecked sailors. Altogether, the Institution has contributed to the saving of 31,355 lives.

Despite, however, this fleet of 284 Life-boats, and of 30 others locally provided and supported, and despite the numerous rocket and mortar stations on our coast, there remains the melancholy fact that an average of 700 lives are lost annually on and around our own shores alone, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs a permanent income of about 40,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

FORM OF BEQUEST OF MONEY, STOCK, OR OTHER PERSONAL ESTATE.

I give and bequeath to the ROYAL NATIONAL LIFE-BOAT INSTITUTION *for the Preservation of Life from Shipwreck, founded in 1824, London, the sum of £* _____ *, for the use of the said Institution; and I do hereby direct that the same be paid out of my chattels personal.*

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

To encourage prompt and energetic exertions in time of Danger on the part of Boatmen and Others, by quickly putting off to save Life in CASES of WRECKS on the Coasts of the British Isles, either by *Shore-boats or other means*, the Royal National Life-boat Institution grants Rewards of Money or Medals. In all cases the Rewards are given without further delay than is necessary to obtain proof of the merits of each case, and to ensure their being paid to the right parties.

Communications should be addressed to the Secretary of the Institution
14 John Street, Adelphi, London, W.C.

ROYAL NATIONAL LIFE-BOAT INSTITUTION.

SUPPORTED SOLELY BY VOLUNTARY CONTRIBUTIONS.

Patroness—Her Most Gracious Majesty the Queen.
 Vice-Patroness—HER ROYAL HIGHNESS THE PRINCESS OF WALES.
 Vice-Patrons—{ HIS ROYAL HIGHNESS THE PRINCE OF WALES, K.G.
 VICE-ADMIRAL H.R.H. THE DUKE OF EDINBURGH, K.G.
 President—HIS GRACE THE DUKE OF NORTHUMBERLAND, P.C., D.C.L.
 Chairman—EDWARD BIRKBECK, Esq., M.P., V.P. Deputy-Chairman—Colonel FITZ-ROY CLAYTON, V.P.

APPEAL.

THE COMMITTEE OF MANAGEMENT have to state that during the past year (1884) the ROYAL NATIONAL LIFE-BOAT INSTITUTION expended £42,787 on various Life-boat Establishments on the Coasts of England, Scotland, and Ireland. During the same period it contributed to the saving of 792 persons from various Shipwrecks on our Coasts. Every winter that comes and goes has its black record of wrecks, and its terrible list of lost lives, the average loss of lives from Shipwreck annually, on the shores of the United Kingdom, being 700.

GENERAL SUMMARY OF THE WORK OF THE INSTITUTION DURING 1884.

Number of lives rescued by Life-boats, in addition to		£	s.	d.
18 Vessels saved by them	633
Number of Lives saved by Shore-boats, &c.	159
Amount of Pecuniary Rewards for Saving Life during the Year	5,000	19 3
Honorary Rewards:—Silver Medals and Clasps	6
Votes of Thanks on Vellum	9
Total	15	792	£5,000	19 3

The Committee desire to acknowledge, with gratitude, the liberal support which they have received from the British Public during the past few years,—a support which has enabled them to establish their present great Life-saving Fleet of 284 boats on the shores of the United Kingdom. Deeply sensible, however, of the great responsibility that rests on them to maintain the Life-boats in a thoroughly efficient state, and their crews practised in the management of their boats, which can only be effected by a large and *permanent Annual Income*, they earnestly appeal to all classes of their countrymen to continue to aid them in upholding and perpetuating so great and truly national a Work.

The number of Lives saved either by the Life-boats of the Society, or by special exertions, for which it has granted rewards since its formation, is 31,355: for which services 97 Gold Medals, 970 Silver Medals, and £82,984 in cash have been given as Rewards.

Annual Subscriptions and Donations are earnestly solicited, and will be thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, London; by the Bankers of the Institution, Messrs. COUTTS and Co., 59 Strand; Messrs. HERRIES, FARQUHAR, and Co., 16 St. James's Street; Messrs. HOARE, 37 Fleet Street, London; and by all the other Bankers in the United Kingdom.—May, 1885.
