

THE LIFE-BOAT,

OR

JOURNAL OF THE NATIONAL LIFE-BOAT INSTITUTION.

(ISSUED QUARTERLY.)

VOL. XI.—No. 124.]

MAY 1, 1882.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at the Mansion House on Thursday, the 23rd day of March, 1882, The Right Hon. The LORD MAYOR of LONDON in the Chair, the following Report of the Committee was read by the Secretary:—

ANNUAL REPORT.

BEFORE proceeding to dwell on the transactions of the Institution for the past year, the Committee feel constrained, on this the earliest opportunity presented to them, to tender their heartfelt congratulations to Her Majesty the Queen—who has been the Patroness of the Institution, and a supporter of its funds for forty-four years—on Her Majesty's providential preservation from recent danger.

Another year—a year which, as much or more than any of its predecessors, has exhibited the value, nay the necessity, of our noble Life-boat Fleet—has passed away! Happily, also, another glorious tale of lives saved, of bravery shown, of hardship cheerfully endured has to be added to that perennially lengthened chain which, year by year, link by link, adds to and illustrates the history of the NATIONAL LIFE-BOAT INSTITUTION! Happily, likewise, the Committee are gratefully able to record that their countrymen have shown their appreciation of these continued invaluable Life-boat services by their munificent pecuniary support, which has

enabled them so successfully to prosecute the onerous duty that has been confided to them.

The transactions of the year may be summarised under the usual heads.

Life-boats.—Since the last Annual Report eleven new Life-boats have been placed on the coast, two sent to new stations, and the remainder to replace other boats.

The following are the stations to which those Life-boats have been or are about to be sent:—

ENGLAND AND WALES.

NORTHUMBERLAND	Bamborough Castle.
YORKSHIRE	Robin Hood's Bay.
"	Whitby.
NORFOLK	Palling.
ESSEX	Harwich.
SUSSEX	Newhaven.
GLAMORGANSHIRE . .	Penarth.
PEMBROKESHIRE . . .	Little-Haven, St. Bride's Bay.
CARNARVONSHIRE . .	Portmadoc.
ANGLESEY	Cemaes.

IRELAND.

DUBLIN Poolbeg.

Seven of the above boats have been supplied with transporting-carriages, and for three of them new boat-houses have been built.

During the year 1881 the Life-boats of the Institution saved no less than *nine hundred and sixty-six* lives, being the largest number saved in any one year since its first establishment.

Gladly would the Committee have been able to report that these numerous services had been rendered without loss of life amongst the brave men who performed them; but God willed otherwise, and on four occasions the Life-boats upset, viz., those stationed at Newhaven, Torquay, Skerries (in County Dublin, Ireland), and at Douglas, Isle of Man. From the three first named boats no lives were lost; but it is their painful duty to state that four of the Douglas Life-boat's crew were drowned. The accident occurred in a dark night when the boat was running before a gale of wind and a heavy sea, so that the drowning men could not, through the darkness, be discovered.

It is to be feared that such sad accidents must from time to time occur, and all that the Institution can then do is to liberally contribute towards the maintenance of the bereaved families of the gallant men who have thus sacrificed their own lives in a noble endeavour to save those of their fellow-creatures.

Shipwrecks.—The Committee are much gratified and encouraged by the fact that the Life-boats of the Institution saved last year nearly one thousand lives. Nevertheless it is their painful duty to refer to the distressing Shipwrecks which took place during the same period, particularly to those which occurred in the months of October and November last. Indeed, the gales of those two months were unprecedented in their fury and destruction; and so again, on that account, the services of the Life-boats were most frequent, and, happily, most successful, *four hundred and forty-one* lives having been saved during those storms alone.

These services of the Life-boats continue to elicit not only the gratitude of

the rescued sailors themselves, but also the admiration of the public.

It must also be borne in mind that the Life-boats often contribute to the saving of valuable ships and cargoes from absolute destruction, *thirty-three* vessels having been saved by them last year. They are also occasionally signalled off by a fleet of fishing-boats which have been overtaken by sudden storms, the Life-boat often acting as protector to them, frequently remaining by them for hours together, and ultimately piloting them safely ashore.

The number of Life-boats now under the management of the Institution is *Two hundred and seventy-one*, and their services during each month of the year were as follows:—

1881.	Number of Life-boat Launches.	Vessels Saved.	Lives Saved.
January	67	7	150
February	41	2	93
March	55	3	116
April	12	1	18
May	9	3	29
June	4	—	11
July	2	1	4
August	23	—	35
September	15	1	24
October	71	8	280
November	49	5	161
December	26	2	45
Total	374	33	966

In addition to these services, 155 lives were saved from shipwreck by shore-boats and other means, which had received rewards from the Institution, making a total of 1121 lives rescued last year.

It is also gratifying to announce that upwards of 500 lives were saved last year by means of the Rocket Apparatus belonging to the BOARD OF TRADE, which is worked so efficiently by the Coast-guard and the Rocket Volunteer Brigades.

This branch of the Life-saving Service has received much encouragement from the presence and supervision of H.R.H. the Admiral-Superintendent of Naval Reserves, who also continues to manifest his interest in the success of the Life-boat Service.

The number of lives saved during the fifty-eight years from the establishment of the Institution, to the end of the year 1881, either by its Life-boats or by special exertions for which it has granted rewards, is 28,724, as shown in the following Table:—

In the Year	No. of Lives Saved.	In the Year	No. of Lives Saved.
1824	124	1854	355
1825	218	1855	416
1826	175	1856	473
1827	163	1857	374
1828	301	1858	427
1829	463	1859	499
1830	372	1860	455
1831	287	1861	424
1832	310	1862	574
1833	449	1863	714
1834	214	1864	698
1835	364	1865	714
1836	225	1866	921
1837	272	1867	1,086
1838	456	1868	862
1839	279	1869	1,231
1840	353	1870	784
1841	128	1871	882
1842	276	1872	739
1843	236	1873	668
1844	193	1874	713
1845	235	1875	921
1846	134	1876	600
1847	157	1877	1,048
1848	123	1878	616
1849	209	1879	855
1850	470	1880	697
1851	230	1881	1,121
1852	773	Total	28,724
1853	678		

This is a record of which any community may well be proud, reflecting as it does the greatest credit on those who, by their intrepidity and unceasing exertions, have brought it about; and also on those who, by their pecuniary help to the Institution, have aided in the accomplishment of so great a work.

Rewards.—A summary is given in the Appendix of the cases where honorary and other rewards have been voted last year. In that period 2 Gold Medals, 33 Silver Medals and Clasps, 46 Votes of Thanks inscribed on vellum, and 5,783L. were granted for saving the lives of 1,121 persons by Life-boats, shore and fishing boats, and by other means, on the shores and outlying sandbanks of our coasts.

Much time and consideration are devoted by the Committee to the investigation and granting of these awards; and it is gratifying that their decisions in this respect usually give general satisfaction, and stimulate our coast population to put forth their greatest exertions to save—often at the peril of their own lives—the lives of others.

The Institution continues to receive the cordial and prompt co-operation of the officers and men of the Coastguard service, to whom the Committee tender their best thanks.

Since the establishment of the Institution, it has expended on Life-boat Stations, and other means for saving life from shipwreck, on the coasts of the United Kingdom, upwards of 570,000L., and has voted 95 Gold Medals, 948 Silver Medals, and 70,200L. in pecuniary rewards for saving life from shipwreck.

Local Committees.—The Committee again tender their best acknowledgments for the valuable and earnest co-operation afforded by the Local Branch Committees and their Honorary Secretaries, which constitutes so important and inseparable a part of the work and supervision of the Institution's numerous Life-boat Establishments, and of the collection of funds for their support.

Finances.—During the year 1881 the donations, subscriptions, and dividends amounted to 36,419L. 16s., of which sum 6,022L. 5s. 2d. were special gifts to defray the cost of the following ten Life-boats:—

	£.	s.	d.
Braunton—Miss Leicester, Bayswater	1,000	0	0
Clovelly—The late Mrs. C. G. Hughes, Upper Tooting	1,000	0	0
Newcastle (Dundrum)—E. Armitage, Esq., R.A.	600	0	0
Palling, No. 1—"Heyland" Memorial Fund	418	8	8
Poolbeg—Mrs. E. S. Symes, Ballybrack	600	0	0
Robin Hood's Bay—Mr. and Mrs. Fox's Children, Staincliffe	1,000	0	0
St. Anne's—James Chadwick, Esq. Prestwich (in addition to £1,000 in 1880)	230	0	0
Whitby No. 1—Mrs. A. M. Ellis, York	800	0	0

	£.	s.	d.
Langham Hotel Life-boat Fund (on account)	223	16	6
“Admiral Lutwidge” Memorial Life-boat Fund (on account), per favour of C. R. Fletcher - Lutwidge, Esq.	150	0	0

The Committee have likewise the satisfaction to acknowledge the receipt, since the last Report, of the following other special contributions:—

	£.	s.	d.
HER MAJESTY THE QUEEN (annual subscription)	50	0	0
Ancient Order of Foresters, annual subscription in aid of the support of their two Life-boats, per Samuel Shawcross, Esq.	100	0	0
Browne, G. Buckston, Esq., Halifax (additional)	600	0	0
Felixstowe, proceeds of an Amateur Dramatic Entertainment at, per C. E. Harding, Esq.	5	4	0
Freemasons, Macdonald Lodge of, No. 1,216, per Captain Arthur Styan Hadnall Church, Salop, offertory and collection in, on Sunday, the 6th November, per Rev. Brooke C. Mortimer (additional)	12	15	8
Independent Order of Odd Fellows (M.U.), in aid of the support of the Manchester Unity Life-boat at Cleethorpes (annual subscription) .	50	0	0
Manitoban, collected on board the Allan Line s.s., per Captains McDougall & McNicol (additional)	4	15	10
Orient, collected on board the s.s., per Capt. Hewison	15	0	0

The Institution has been advised of the following Legacies during the past twelve months:—

	£.	s.	d.
Baker, Mrs. J. A., Birmingham	200	0	0
Bax, Mr. Edward, Cockspur Street	100	0	0
Brown, C. R., Esq., Mile End	1,000	0	0
Brown, J. D., Esq., Lyndon, Rutland	10	0	0
Burley, John, Esq., Halifax	260	0	0
Cobb, Mrs. Mary Ann, Jersey	1,621	15	9
Coffin, Admiral H. E., Caversham	100	0	0
Coller, Mrs. C., Montpelier Square	302	6	0
Courtney, Miss A. M., Bournemouth	10	0	0
Cowley, J. C., Esq., Kilsby	10	0	0
Craddock, C. R., Esq., St. John's Wood	100	0	0
Daniel, Miss, Weston-super-Mare	100	0	0
Dewar, Mrs., Edinburgh	88	8	6
Dodd, Henry, Esq., Rotherfield	500	0	0
Downie, Miss, Appin, N.B.	1,000	0	0
Egdell, Miss Ann, Alnwick	1,000	0	0
Forbes, Peter, Esq., and Mrs. Forbes, Dunsholt, Fife	550	0	0
Fortune, Mrs. A. P., Liverpool	200	0	0

	£.	s.	d.
Hartnell, John, Esq., Blomfield St.	100	0	0
Gray, G. M., Esq., Wanganui, N.Z.	500	0	0
Hinkley, John, Esq., Derby	50	0	0
Jay, Mrs. Jane, Great Yarmouth.	19	19	0
Jones, Miss Maria, Waterloo	1,000	0	0
Killington, Mr. E., Great Yarmouth	100	0	0
King, Mrs. Arabella, Kentish Town.	50	0	0
Le Cappelain, J., Esq., Highgate	100	0	0
Luckombe, Mrs. Mary, Brighton	1,500	0	0
McMaster, Mr. E. C.	12	10	0
Meyer, Cecil, Esq., Upper Norwood	2	2	0
Murphy, James, Esq., Newry.	1,000	0	0
Packer, Mr. Charles, Regent Street	100	0	0
Paterson, James N., Esq., Edinburgh	1,000	0	0
Pollard, John, Esq., Holker Cartmel	50	0	0
Pratt, Mrs. Hester, Leamington	100	0	0
Rudge, W. N., Esq., Stock Exchange	1,000	0	0
Slocombe, William, Esq., Holloway	900	0	0
“T. J. M.”	400	0	0
Tobin, Sir Thomas	186	0	0
Torkington, Osgood, Esq., Clapham.	1,000	0	0
Tower, Miss Jane, Edinburgh	25	0	0
Walker, George, Esq., Southport.	3,100	0	0
Watson, Horace, Esq., Wimbledon	200	0	0
Young, Major R.W., Dunmore	250	0	0

During the past year the sum of 9,907*l.* 14*s.* 7*d.* was expended on additional Life-boats, Transporting-carriages, Boat-houses, and necessary gear; 13,039*l.* 19*s.* 7*d.* in repairs, painting, refitting, and sundry charges on Life-boat Establishments, and on the Store-yard at Poplar; and 14,833*l.* 12*s.* 1*d.* in rewards for services to shipwrecked crews, coxswains' salaries, quarterly practice of the Life-boats' crews, and other expenses; making altogether a total of 37,781*l.* 6*s.* 3*d.* against receipts amounting to 36,419*l.* 16*s.*

The items of receipt and expenditure are fully detailed in the financial statement, which has been audited as usual by Mr. LOVELOCK, public accountant.

The managing body of so great and philanthropic a Society as the LIFE-BOAT INSTITUTION fulfils a national public duty, and its Committee are amply rewarded in its administration by the sympathy and liberal support which the community extend to it.

Thus fortified they are determined to leave no effort untried which shall contribute to the efficiency of their life-saving machinery, and fit it to perform the great work the originators of the Institution had in view—“the Preservation of Life from Shipwreck.”

RESOLUTIONS PASSED AT THE ANNUAL MEETING FOR 1882.

THE RIGHT HON. THE LORD MAYOR OF LONDON IN THE CHAIR.

1.—Moved by the CHAIRMAN :—

1.—That the following Noblemen and Gentlemen be the Officers of the Institution for the current year :—
(*Vide* next page for this list.)

2.—Moved by EDWARD BIRKBECK, Esq., M.P., *Deputy Chairman*.

Seconded by Colonel BARNE, M.P.

2.—That the Report now read be adopted, printed, and circulated.

3.—Moved by GEORGE PALMER, Jun., Esq., Master of the Mercers' Company.

Seconded by ION T. HAMILTON, Esq., M.P.

3.—That this Meeting acknowledges with gratitude the unprecedented success which accompanied the Services of the Life-boats during the past year, when they rescued from various Shipwrecks *nine hundred and sixty-six* lives—in addition to *one hundred and fifty-five* lives saved by shore-boats rewarded by the Institution, making a total of *one thousand one hundred and twenty-one* lives saved. The Meeting is deeply sensible of the responsibility that rests on the Committee in the management of so great and national an Institution; and it therefore appeals with renewed assurance for increased sympathy and support.

4.—Moved by The Right Hon. The LORD MAYOR OF LONDON.

Seconded by Capt. The Hon. FRANCIS MAUDE, R.N.

4.—That this Meeting tenders its best thanks to THOMAS CHAPMAN, Esq., F.R.S., *V.P.*, Chairman; to the Committee of Management, and to the Officers, for their continued valuable services in the management of the important affairs of the NATIONAL LIFE-BOAT INSTITUTION.

Also to the Honorary Local Committees and Secretaries of the several Branches, for their earnest and active co-operation with the Parent Institution.

5.—Moved by Vice-Adml. AUGUSTUS PHILLIMORE, late Admiral Superintendent of Naval Reserves.

Seconded by Colonel FITZROY CLAYTON.

Supported by Major - General BURNABY, M.P.

5.—That this Meeting testifies afresh to the brave and persevering spirit that continues to distinguish the Coxswains and Crews of the Life-boats, which was never more conspicuously shown than during the fearful storms of the past year.

6.—Moved by THOMAS CHAPMAN, Esq., F.R.S., *V.P.*

Seconded by Sir EDWARD G. L. PERROTT, Bart., *V.P.*

6.—That the best thanks of this Meeting be given to the Right Hon. The LORD MAYOR, for so ably presiding over this fifty-eighth Annual Meeting of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, and for the continued kind interest he takes in its welfare.

ROYAL NATIONAL LIFE-BOAT INSTITUTION.

For the Preservation of Life from Shipwreck.

(Incorporated by Royal Charter.)

FOUNDED IN 1824.—SUPPORTED SOLELY BY VOLUNTARY CONTRIBUTIONS.

PATRONESS.

Her Most Gracious Majesty the Queen.

VICE-PATRON.

HIS ROYAL HIGHNESS THE PRINCE OF WALES, K.G.

PRESIDENT.

HIS GRACE THE DUKE OF NORTHUMBERLAND, P.C., D.C.L.

VICE-PRESIDENTS.

His Grace the ARCHBISHOP of CANTERBURY, F.R.S.
His Grace the DUKE of ARGYLL, K.T., F.R.S.
The Most Noble the MARQUIS of CHOLMONDELEY.
The Right Hon. the EARL of LEICESTER, K.G.
Admiral Sir GEORGE BROKE-MIDDLETON, Bart., C.B.
Sir EDWARD G. L. PERROTT, Bart.
THOMAS CHAPMAN, Esq., F.R.S.

EDWARD BIRKBECK, Esq., M.P.
JAMES CHADWICK, Esq.
W. H. HARTON, Esq.
T. B. POTTER, Esq., M.P.
HUGH TAYLOR, Esq.
ROBERT WHITWORTH, Esq.

COMMITTEE OF MANAGEMENT.

THOMAS CHAPMAN, Esq., F.R.S., V.P., *Chairman*.
EDWARD BIRKBECK, Esq., M.P., V.P., *Deputy Chairman*.

Rear-Admiral H.R.H. the DUKE of EDINBURGH, K.G.,
Admiral Superintendent of Naval Reserves.
The MARQUIS of CHOLMONDELEY, V.P.
L. T. CAVE, Esq.
Sir WILLIAM R. CLAYTON, Bart.
Colonel FITZ-ROY CLAYTON.
Admiral Sir RICHARD COLLINSON, K.C.B., Deputy Master of
the Trinity House.
Colonel the Hon. C. F. CRICHTON.

ARCHITECT—C. H. COOKE, Esq., F.S.A.

SOLICITORS—Messrs. CLAYTON, SONS, and FARGUS.

AUDITOR—SAMUEL LOVELOCK, Esq., Public Accountant, F.C.A.

The object of this Institution, as declared in its title, and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society hopes to carry this object into effect are:—

To build, station, and maintain in repair, Life-boats of the most perfect description; to furnish them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, to provide, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

To confer Honorary Rewards in the form of Medals and Votes of Thanks, and also to make liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the Coasts of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is

Donations and Annual Subscriptions are thankfully received by the Bankers of the Institution, Messrs. COUTTS and Co., 59 Strand; Messrs. HERRIES, FARQUHAR, and Co., 16 St. James's Street; Messrs. HOARE, 37 Fleet Street, London; by all the other Bankers in the United Kingdom; by all the Life-boat Branches; and by the Secretary at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.—May 1st, 1882.

Dr.

INCOME AND EXPENDITURE.—1st Jan. to 31st Dec. 1881.

THE EXPENSE OF A LIFE-BOAT STATION IS £1,000. ITS COST IS MADE UP AS FOLLOWS:—

Life-boat and her equipment, including Life-belts for the Crew	
and Transporting-carriage for the Life-boat	£650
Boat-house (average cost)	350
Total	£1,000

The average annual expense of maintaining a Life-boat Station is £70, and the benefactions and contributions of Donors of Life-boats are earnestly solicited in aid of that fund.

GOD HELP OUR MEN AT SEA.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS,
FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1881.

Jan. 4.—At 3.45 A.M., in reply to signals of distress, the New Brighton Life-boat *Willie and Arthur* proceeded to the Asque Spit and found the s.s. *Brazilian*, of Barrow, ashore there. After the boat's arrival the steamer broke in two and filled with water, and her crew were then taken off by the Life-boat and put on board the Dock Board tender *Vigilant*. The steamer was bound from Boston to Liverpool, and had on board between seven hundred and eight hundred head of cattle.

Jan. 4.—At about midnight it was reported that two of the large fishing-boats were ashore on the Annat Bank, off Montrose, N.B. The *Mincing Lane* Life-boat on that Station was at once manned by a crew of fishermen, and proceeded to their aid. The fishing-boat *Magdalen* was found full of water, with the sea breaking over her, and the crew had taken refuge on board the other boat, the *Star of Peace*, which was farther up

on the bank, and partly sheltered by the *Magdalen*, but would have been in considerable danger as the tide flowed. Both the crews, numbering in all twelve men, were taken into the Life-boat and safely landed. The Life-boat afterwards assisted to save the boat *Star of Peace*.

Jan. 4.—The Teignmouth Life-boat *Arnold* saved two distressed fishing-boats and two men during an E.N.E. wind and heavy sea.

COMMITTEE MEETING, Jan. 6, 1881.

Voted 156*l.* 2*s.* 3*d.* to pay the expenses of the Brighstone Grange, Lizard, Donna Nook, Holy Island, Bude, Greencastle, Saltburn, and other Life-boats, in assembling their crews or putting off to the aid of vessels which did not ultimately require their assistance.

The Whitby, Greencastle, Ramsgate, Bude, and Winterton Life-boats had also

been taken out, but their services had not been eventually needed.

Voted the Gold Medal of the Institution to Lieut. J. A. W. O'NEILL TORRENS, 2nd Dragoons (Royal Scots Greys) in acknowledgment of his very intrepid services in skilfully taking command of the Poolbeg Life-boat, and assisting, at the peril of his life, to save two of the crew of the schooner *Robert Brown*, of Warrenpoint, which was wrecked near Pigeon House Fort, Dublin Bay, on the 28th October.

Also the Silver Medal of the Institution to Dr. HENRY LAWRENCE COX, A.M.D., in acknowledgment of his prompt and gallant services in assisting, at considerable peril, to launch the Life-boat on the above-named occasion.

Silver Medals of the Institution, accompanied by copies of the vote inscribed on vellum, were also voted to Bombadier WILLIAM SMITH, R.A.; Private PATRICK REILLY, A.S.C.; and Private FRANCIS HOWARD, 57th Regiment, in acknowledgment of their gallant services in going out in the Poolbeg Life-boat on the occasion in question.

The thanks of the Institution, inscribed on vellum, were also voted to Mr. B. W. JACKSON, Chief Engineer War Department s.s. *Stanley*, in acknowledgment of his valuable and skilful assistance in launching the Life-boat.

The thanks of the Institution were also voted to Lieut. ARTHUR M. MAUNSEL, and Lieut. RICHARD FFENNEL, of the 104th Fusiliers, for their services in helping to launch and haul up the Boat; and thanks and pecuniary rewards were also voted to Sergeants EASTON and BEECH, of the Royal Scots Greys, to Sergeant SHARP, Coast Brigade R.A., to Lance Corporal TODDS, 57th Regiment, and to ten private soldiers who had helped to launch and haul up the Life-boat.

Also the thanks of the Institution to the Rev. J. O'REILLY BLACKWOOD, in acknowledgment of his services in the Ballywalter Life-boat, in assisting to save a distressed boat belonging to Donaghadee, and her crew of three men, on the 9th December.

Also the thanks of the Institution to Captain McCLELLAND and to PROVOST STEELE, in acknowledgment of their valuable services in assisting to launch the Ayr Life-boat on the occasion of the

wreck of the brig *William Hill*, of Dundalk, during a S.W. gale and rough sea on the 19th December, when the Life-boat, after two unsuccessful attempts, was instrumental in rescuing the shipwrecked crew, consisting of three men.

Also the thanks of the Institution, inscribed on vellum, to the Rev. T. W. MANNING, Honorary Secretary of the Carnsore Branch, in acknowledgment of his zealous co-operation on the occasion of the wreck of the barque *John A. Harvie*, of Windsor, N.S., at Ballyhealy, co. Wexford, on the 27th November, when he proceeded out in the Carnsore Life-boat, and assisted to rescue the shipwrecked crew, consisting of nineteen men.

Jan. 6.—At about 7.30 a.m., a brigantine was seen ashore on the Halliday Sands off the coast of Essex, with a flag of distress flying. In a short time she drifted on to Pye Sand, where the masts were cut away. The Harwich Life-boat *Springwell* proceeded to her and found she was in a sinking state. Seven of the crew and a woman were taken into the Life-boat, but the master, mate, and boatswain, refused to leave. These eight persons were landed at midday, and as the weather continued exceedingly rough the boat returned for the others. The sea was then making clean breaches over the vessel, and the three men therefore left her and were brought safely ashore by the Life-boat. The vessel proved to be the Spanish schooner *Rosita*, bound from Hamburg to Porto Rico, with a general cargo.

Jan. 6.—On the occasion of the terrible wreck of the ill-fated ship *Indian Chief*, on the Long Sands, at the Mouth of the Thames, it will be remembered that she struck on the Sands at 2.30 a.m. on the 5th of January, but that nothing was known on shore of the wreck until nearly noon that day. In a quarter of an hour after the intelligence had reached Ramsgate, the harbour steamer *Vulcan* and the Life-boat *Bradford* were on their way to the Sands, notwithstanding that they were nearly thirty miles away from the port. Having such a long distance to traverse, in a fresh gale from the E.N.E., and a very heavy sea, they did not reach the Kentish Knock Lightship until 5 p.m. on that day, by which time it was nearly dark, and although they were given the bearings of the wreck, they were unable

to find it in the darkness. With great courage and determination, the Life-boat men then resolved to stay by the Sands until daybreak, involving their further exposure for fourteen hours in an open boat in a tremendous sea, the weather at the time being extremely cold. The steamer and Life-boat, therefore, cruised about between the Sands throughout the night, exposed to the whole fury of the storm. The steamer had her sponsons washed away, and one of the deck-houses damaged by the heavy seas, but happily no further casualty occurred. The suffering the Life-boat men endured during that bitter night was, if anything, in excess of what was experienced by those on the ill-fated ship; but with the dawn of day their reward came, for they then caught sight of the wreck. There was only the foremast standing, the main and mizenmasts having given way and gone overboard during the night, carrying with them the master and sixteen of the crew, all of whom were lost. With infinite risk and difficulty the Life-boat was then taken as near as possible to the wreck, and the survivors of the ship's crew, twelve in number, were got into the boat, one by one making their way along the rail of the vessel between the seas which were continually breaking over her. The Life-boat's cable was then slipped, sail was made, and she sailed across the Sands, through the heavy broken water, to the steamer, which took her in tow and proceeded for the harbour, which was safely reached soon after 2 p.m., after an absence of twenty-six hours. Three other Life-boats, stationed respectively at Harwich and Clacton (Essex), and Aldborough (Suffolk), also proceeded to the succour of the shipwrecked crew, but they were unable to render any service, notwithstanding that some of them remained out many hours, in the hope that they might be able to help the unfortunate seamen. The ship *Indian Chief* belonged to Liverpool, and was outward bound from Middlesbrough to Japan, with a general cargo.

Captain Braine, Harbour-master of Ramsgate, in reporting this noble service added: "Of all the meritorious services performed by the Ramsgate tug and Life-boat, I consider this is one of the best. The decision the coxswain and crew arrived at to remain till daylight, which

was in effect to continue for fourteen hours cruising about, with the sea continually breaking over them, in a heavy gale and tremendous sea, proves, I consider, their gallantry and determination to do their duty. The coxswain and crew of the Life-boat speak in the highest terms of her good qualities. They state that when sailing across the Long Sand, after leaving the wreck, the seas were tremendous, and the boat behaved most admirably. Some of the shipwrecked crew have since stated that they were fearful, on seeing the frightful-looking seas they were passing through, that they were in more danger in the Life-boat than when lashed to the mast of their sunken ship, as they thought it impossible for any boat to live through such a sea."

Jan. 6.—The Life-boat *Albert Edward* stationed at Clacton-on-Sea put off at about 5.30 p.m., in reply to signals of distress from the Swin Middle Lightship. The wind was blowing a gale from the E., and the sea was very heavy. On reaching the Lightship they learnt that a barque was ashore on the Maplin Sands. The Life-boat sighted her at 8 p.m., but she could not get alongside until the flood tide made, when she boarded her, and brought the master ashore to telegraph for instructions, arriving at Clacton at 11 a.m. The Life-boat afterwards, at the request of the captain, took him back to the vessel, which was the barque *Hertha*, of Christiansund in ballast.—Expense of service, 15*l.* 13*s.* 6*d.*

Jan. 8.—At about 2.15 p.m., the *Albert Victor* Life-boat stationed at Berwick-on-Tweed, was launched to render assistance to several distressed fishing-boats. The boat went over the bar four times, and accompanied the boats in, taking two of them, having nine men on board, in tow. But for the assistance rendered by the Life-boat the boats would in all probability have been swamped in crossing the bar.—Expense of service, 3*l.* 18*s.*

Jan. 10.—The *Palmerston* Life-boat at Cullercoats, Northumberland, put off to the aid of a fishing-coble which had been caught in a very high sea, rendering it dangerous for her to cross the bar. With the assistance of the Life-boat the coble safely reached the land.

Jan. 10.—The Redcar Life-boat *Burton-on-Trent*, rescued two men from the fishing-coble *Lively*, of Redcar, which was in

danger about a quarter of a mile off Redcar Beach, and unable to land on account of the very heavy surf, the wind blowing strongly from the N.E.

Jan. 11.—The Runswick Life-boat *Margaret and Edward* was launched, and rendered good service in assisting some Staithes fishing-cobles safely to land.

Jan. 11.—About fifty of the Staithes cobles were out, when a gale from the N. suddenly sprang up, accompanied by a heavy sea. The Staithes Life-boat *Hannah Somerset* went off to their aid, and accompanied most of them to the shore. The sea, however, increased, and as it was considered dangerous for the remaining seven cobles to attempt to land at Staithes they were advised to run for Runswick, and they therefore made for that place.

Jan. 13.—The Life-boat *Bolton* stationed at Kessingland, Suffolk, proceeded to the aid of the sloop *Ruby*, of Goole, which had been overtaken by a snow squall, and had been dismasted while passing through Pakefield Gap. Seeing that her position was one of much peril, on account of the proximity of dangerous sandbanks, the Life-boat *Bolton* was quickly launched, and, with the help of a steam-tug, took the vessel safely into Lowestoft Harbour. She was bound from Goole to St. Helens, with coal, and carried a crew of two men.

Jan. 14.—At 5.30 A.M., during a moderate breeze from the N.N.E., with snow squalls, the Ramsgate Life-boat *Bradford* and harbour steam-tug *Vulcan*, went out in response to signals of distress, and brought the schooner *Minnie Coles*, of Southampton, safely into Ramsgate harbour, that vessel having gone ashore on the N.E. part of the Goodwin Sands. She was on a voyage from London to Belfast, with a cargo of superphosphate and two and a half tons of gunpowder, and had a crew of five men. In going out to the vessel, the snow squalls were so thick that it was occasionally necessary to stop the tug's engines.

Jan. 15.—During a moderate gale from the W.N.W., accompanied by heavy snow showers, the *British Workman* Life-boat at Palling, Norfolk, was launched in reply to signals of distress, and found the s.s. *Trafalgar*, of London, ashore on the Hasborough Sand. The Life-boat remained by her for some hours, and finally rescued the crew, twenty-three in number, all of

whom were safely landed at Palling, though in a very benumbed condition. The steamer was on a voyage from Shields to Bombay, with a cargo of coal.—Expense of service, 37*l*.

Jan. 16.—On the evening of Sunday, 16th January, a letter was received by a messenger from Palling, stating that two ships were on the Hasborough Sand. A steam-tug was obtained from Great Yarmouth, and the Caister No. 2 Life-boat, *Godsend*, started at about four o'clock on the following morning. On arriving at the Sand the barque *North Wales*, of London, bound from Newcastle to Java with coal, was found ashore there. The steam-tug endeavoured to tow her off at the flood tide, but could not succeed. At ebb tide the vessel filled, and, as the sea was increasing, her crew of twenty men and a pilot were taken off by the Life-boat and put on board the steamer.—Expense of service, 33*l*.

Jan. 18.—At 10.45 A.M., on the urgent solicitation of a number of experienced master mariners, sailors and seamen at Brixham, Devon, the *City of Exeter* Life-boat was launched to render assistance to a pilot gig proceeding to put crews on board their vessels then riding in a strong gale from E.S.E. and very heavy sea in Brixham Roads. The crews in the gig were in great danger owing to the heavy sea and the number of vessels. The Life-boat was out nearly five hours in driving snow and a very heavy gale.—Expense of service, 6*l*. 10*s*.

Jan. 18.—Fearful weather was experienced at Porthdinllaen, North Wales, on this date, and the Life-boat *George Moore* was twice launched to the assistance of the crews of distressed vessels. The wind was blowing a very heavy gale from the E.N.E., and it was freezing hard when the boat was first launched at half-past one o'clock in the afternoon, and it was only with difficulty that she was enabled to rescue the crew of three men from the smack *Fishguard Lass*, of Abersoch, which was then at anchor in the bay in a dangerous position, and which shortly afterwards parted her second chain and drove ashore. At about 7.30 in the evening, the gale still blowing very hard from the same direction, the schooner *Miss Beck*, of Carnarvon, parted her anchors and drove on a rock called Carreg Oysters. The Life-boat quickly proceeded to her assist-

ance, but the vessel was in such an awkward position that the greatest difficulty was experienced in rescuing the crew of five men, the boat being out nearly five hours before she was enabled to accomplish the rescue, and sustaining some damage on the occasion. The Life-boatmen had at last the satisfaction of landing the shipwrecked crew in safety soon after midnight.—Expense of service, 23*l.* 15*s.*

Jan. 18.—The brig *Gyda*, of Swendsall, Norway, stranded half a mile north of Winterton, Norfolk. In consequence of the snow-drift it was found impossible to take the *Edward Birkbeck* Life-boat stationed at Winterton to the scene of the wreck on her carriage. She was then dragged along the shore on her launching-skids by the crew, assisted by a large number of men. When abreast of the wreck she was launched, and was successful in saving four of the crew. The remainder, five in number, had previously been rescued by the rocket apparatus.—Expense of service, 20*l.* 10*s.*

Jan. 18.—A heavy N.E. gale was experienced at St. Ives, Cornwall, accompanied by snow. During the height of the storm the crew of the Life-boat *Exeter*, in response to signals, launched their boat to the help of the crew of a vessel which was riding in the bay on a dead lee shore, and which it was seen must inevitably strike. The Life-boat, which is one of the smaller class, 32 feet long, made gallant attempts to get off in the teeth of the storm, and against a tremendous sea, but she was driven back into harbour, the sea knocking several of the oars out of the men's hands. At about 10 A.M. she again proceeded out, and after a severe struggle got alongside, and was successful in saving the crew of five men—not a moment too soon, for the vessel soon afterwards drove on the rocks. She was the schooner *Rosa Josephs*, of St. Vaast, France, bound from Britonferry to Cherbourg with a cargo of coal.—Expense of service, 24*l.* 10*s.*

Jan. 18.—At 11.30 A.M., a ketch was observed on shore on the North Beach at Great Yarmouth. The Life-boat *Abraham Thomas* immediately proceeded to the spot, and succeeded in rescuing the crew, consisting of four men. The wind at the time was blowing a heavy gale, and the sea was breaking heavily on the beach.

The ketch was the *Manne de Ciel*, a French vessel.—Expense of service, 15*l.* A few hours later, the schooner *Guiding Star*, of Padstow, stranded on the South Beach. The Life-boat was again launched, and took off the only man on board. She was then hauled towards the land by the rocket-line, worked by the people on shore, when she was capsized by a heavy sea, and six of her brave crew and the shipwrecked man unhappily perished.—Expense of launch, 30*l.* The Committee also voted, at the earliest opportunity, 700*l.* in aid of the local subscription for the relief of the families of the six Life-boatmen.

Jan. 19.—In reply to signals of distress from the Middle Lightship this morning, the Clacton Life-boat *Albert Edward* was launched and proceeded to a schooner which was found to be sunk with only the mast heads out of water. As no one was on the masts, the Life-boat made a further search and eventually sighted a dismasted ship. On nearing her, at about 2 P.M., a group of people were seen standing on one of the deck-houses waving a flag. The Life-boat made for her lee bow, the loaded cane was thrown to the crew, who seized it and hauled the boat's cable on board. The sea was making a clean breach over the vessel, and some difficulty was experienced in transferring the crew from her to the Life-boat; eventually, however, this was safely accomplished. The vessel proved to be the brigantine *Hasselo*, of Haguesund, bound from Riga to London with oats. The crew, eight in number, had been on the deck-house since noon on the previous day, and had not tasted anything for thirty-three hours. The Life-boat fortunately had some spirits and biscuits on board, which were distributed amongst the men and for which they were very grateful. On returning to shore the Life-boat saw two other vessels, but it was evident that their crews had been able to get ashore. When about three miles below the Middle Lightship signals were seen going up from the Mouse Lightship; but as the cold was so intense and the crew of the brigantine were in such an exhausted state that they would probably not have lived through the night if the boat had gone to the Mouse, it was considered best that the boat should make for Clacton. The Life-boat men had great difficulty in keeping life in the rescued men by constantly

rubbing their limbs, and were much afraid that they would not reach the land alive. They were, however, all safely landed at Clacton at about 4 o'clock on the following morning, and were taken to an hotel, where their wants were attended to.—Expense of service, 29*l.* 1*s.*

Jan. 19.—At 10.15 p.m., during a moderate gale from the N.E., the Ramsgate Life-boat *Bradford* and harbour steam-tug *Aid* proceeded to the assistance of the ship *Attila*, of Newcastle, which had lost her fore and main masts, and was riding near the Long Sand with a signal of distress flying. Four of the Life-boatmen went on board the vessel to render assistance, and the Life-boat returned to the tug to request her to take the ship in tow. The steamer, however, had not sufficient coal on board to enable her to take the vessel to a place of safety. The tug and Life-boat therefore returned to Ramsgate and obtained a supply. At 12.30 a.m. the Life-boat and tug again went out, having on board eleven of the crew of the *Attila*, who had been landed at Ramsgate by a fishing vessel. At daylight they reached the ship, put the eleven men on board her, and eventually towed her towards the North Foreland. The Life-boat then proceeded ashore to obtain the service of a pilot and another tug, arriving in the harbour at 9.15 p.m. A pilot having been obtained, and another steam-tug having been engaged, the ship was ultimately taken to Gravesend. The *Attila* was bound from Shields to Spezzia with a cargo of coal and coke, was 1,146 tons register, and carried a crew of twenty-two men.

Jan. 19.—A telegram was received at about 10.30 a.m. stating that a ship had sunk about six miles southward of Whitby, and that the crew had been compelled to take to their boat and come to an anchor. A message was sent in reply to say that the Whitby Life-boat *Robert Whitworth* should at once proceed there by road, and requesting that she might be met by men and horses, a gang of men being also despatched to cut the snow in front, which in places was six or seven feet deep. With the help jointly rendered by horses and men from both directions, the Life-boat was got to the scene of the disaster in little more than two hours, and was immediately launched. After pulling for an hour the steer oar and six other oars were broken, and she had to return to

shore for a fresh supply. A double crew then manned the boat, and with a cheer she was again launched through terrific seas. After struggling for an hour and a half, the shipwrecked crew of six men were reached, and safely landed at four o'clock. The poor fellows were thoroughly exhausted and benumbed, and it was only with great difficulty that they were brought back to consciousness, with the help of the medical men who were at hand ready to receive them. The Life-boat crew also suffered severely; one of them was so exhausted that he could not for some time return home. The vessel proved to be the brig *Visitor*, belonging to Whitby. She was bound from Shields to London, with coal.—Expense of service, 70*l.* 10*s.*

Jan. 20.—The Staithes fishing-cobles went out to their usual fishing-ground. During the day the sea became very strong, with heavy snow-showers, and when the boats returned at about 4 p.m. they found it was impossible to land at Staithes, and they then made for Runswick. The Runswick Life-boat *Margaret and Edward* thereupon proceeded to their assistance, and remained afloat three hours, assisting the boats to land.—Expense of service, 9*l.*

Jan. 20.—The *Herbert Ingram* Life-boat at Skegness, Lincolnshire, rendered some assistance to the brig *Matilda*, of Gothenburg. Two of the Life-boat men were put on board the vessel and assisted in taking her to Lynn.—Expense of service, 7*l.* 2*s.* 6*d.*

Jan. 20-21.—The *Springwell* Life-boat, of Harwich, on the night of the 20th January, proceeded out of harbour, in response to signals of distress. The boat was under the command of the second coxswain, WILLIAM BRITTON, Captain Nepean, R.N., the Institution's District Inspector, also being on board. It was freezing hard at the time, and the boat had to break her way clear of the ice which surrounded the piers. After eight hours' rowing the Life-boat fell in with the smack *Albatross*, which took her in tow for about four miles. At about five o'clock in the morning the Life-boat reached a steamer wrecked on the Sunk Sand, about fourteen miles from Harwich. She proved to be the *Ingerid*, of Rotterdam. The seven survivors of the wreck were then taken one by one on board the Life-

boat, which started on her homeward journey, reaching Harwich at ten o'clock. The rescued men received immediate medical attention, but they suffered terribly. The vessel was bound to Naples with fish, and ran ashore early on the morning of the 17th January. The crew made an attempt to launch a boat, manning it with eight hands, but seven of their number were drowned and two more were lost overboard afterwards. They then took refuge in the fore-castle. The next day the ship began to fill, and they had to lash themselves to the rigging, where they remained till they were rescued, enduring the intense cold without any provisions. The captain was the greatest sufferer, his legs being frightfully injured by the cold. The survivors when rescued were in a very precarious condition, most of them raving and delirious.—Expense of service, 48*l*.

Jan. 20.—At about noon information was received that a ship had gone ashore at Fort George, about seven miles W. of Nairn, N.B. The *Caulfield and Ann* Life-boat, stationed at Nairn, went to her assistance, and on reaching the scene of the wreck it was found that the sea was very high, and that the ship must soon go to pieces. Lines were hove aboard her, but the crew were too exhausted to make use of them, and it then became necessary for the Life-boat to go alongside. This was done, and with great difficulty themen, three in number, were rescued from their perilous position in an almost helpless state. The vessel proved to be the schooner *Annie Marie*, of Krageroe, Norway, bound thence to Wick with a cargo of billet wood.—Expense of service, 14*l*. 18*s*.

Jan. 27.—The steamer *Claremont*, of Newcastle, was wrecked at Whale Chine, Isle of Wight. Intelligence of the wreck was received at the Bristhone Grange Life-boat Station, and at about 11.40 P.M. the Life-boat *Worcester Cadet* proceeded to her assistance. Before this, voices had been heard at sea, and the Coxswain of the Life-boat therefore burnt a light and fired a gun to warn the ship's crew against landing, there being a heavy ground swell. As the tide was ebbing, the Life-boat rowed three miles W.S.W., and then picked up one of the ship's boats containing the mate and five men, who were safely landed at 3.40 on the following morning.—Expense of service, 23*l*. 15*s*.

Feb. 2.—In the evening signals of distress were seen from a vessel in the direction of the Barber Sand, off the Norfolk coast. The Caister No. 2 Life-boat *Godsend* promptly proceeded to the Sand and found the smack *Peace*, of Lowestoft, ashore there. The Life-boat dropped her anchor, sheered alongside the smack, and four or five of the Life-boat men jumped on board her. Just then the sea and tide drove the Life-boat away from the vessel: however, a line was got from her, and the boat was again hauled alongside. Immediately afterwards the smack was struck by a heavy sea, which heeled her over on to the boat, her mainboom and mainsail falling across the Life-boat and slightly injuring some of the crew. The crew of the smack and the Life-boatmen who had gone on board, at once jumped into the Life-boat. The next sea slightly righted the smack, and the boat was then cut adrift as quickly as possible, but the eddy tide catching her, swung her round against the vessel, and did some damage to the boat. After this, part of the boat's sail was set, and she hove to just clear of the Sand, and waited three quarters of an hour to see what would become of the vessel. Ultimately the smack drove off the Sand, when the Life-boatmen boarded her, and found her three parts full of water. Some of the sails were then set, and by constant pumping the water was kept under, and the smack was taken into Yarmouth Harbour. She had a crew of 5 men.

Feb. 2. — During a S.W. wind, the weather and sea being moderate, signals were observed from the Tongue Lightship about 7 P.M., in reply to which the *Quiver* Life-boat, stationed at Margate, proceeded to her, and learned that a vessel was in distress in a N.N.W. direction. The Life-boat went there, and found the American barque *Marie Stuart* ashore on the shingles. The crew of the Margate surf-boat, and some smack men were on board, and the captain, not thinking it advisable to leave his vessel without making every effort to save her, employed all the crews to lighten her, and try to get her off. Ten of the Life-boatmen went on board the barque, and the Life-boat laid by to render assistance if the vessel should suddenly break up. Two Margate luggers afterwards arrived, and their crews were also engaged to help to float the vessel. Some of the cargo was thrown out so as to lighten the

barque, and the bower anchor was taken out by one of the luggers, with about sixty or seventy fathoms of chain; two steam-tugs were subsequently engaged, and these combined efforts ultimately resulted in the vessel floating about 3 P.M. on the following day, when she proceeded to London with twenty-one of the Margate men on board, helping at the pumps.

COMMITTEE MEETING, Feb. 3, 1881.

Voted 659*l.* 8*s.* 1*d.* to pay the expenses of the Life-boats at Great Yarmouth, Harwich, Clacton-on-Sea, Aldborough, Whitby, Uppang, Southend (Essex), Donna Nook, Broadstairs, Rye, Brooke, Gorleston, Margate, Newhaven, Sheringham, Lydd, North Berwick, Drogheda, Winterton, Scarborough, Southwold, Theddlethorpe, Tenby, Cemaes, Abersoch, Eastbourne, and Hastings, in either assembling their crews or putting off to the aid of vessels which did not eventually require their assistance.

The *Lizard* and *Montrose* No. 1 Life-boats had also been taken out, but their services had not been ultimately needed.

Voted the Gold Medal of the Institution to Mr. CHARLES E. FISH, Coxswain of the Ramsgate Life-boat, in acknowledgment of his bravery, skill, and determination in aiding in the Ramsgate Life-boat, on the 6th January, to rescue the crew of the barque *Indian Chief*, wrecked on the Long Sands, on which arduous and dangerous service the Life-boat's crew were unceasingly exposed for twenty-six hours to a furious gale and heavy sea.—*Vide* p. 486.

Also the Silver Medal of the Institution, and a copy of the vote inscribed on vellum to each of the crew of the Ramsgate Life-boat, viz.:—RICHARD GOLDSMITH, THOMAS COOPER, SENIOR, THOMAS COOPER, JUNIOR, CHARLES VEINON, HENRY MEADER, STEPHEN GOLDSMITH, THOMAS FRIEND, HENRY BELSEY, JOHN GOLDSMITH, DAVID BERRY, and ROBERT PENNEY, in acknowledgment of their bravery and determination on the above-named occasion.

In addition to these rewards, the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, was voted to Mr. ALFRED PAGE, Master, in acknowledgment of his bravery, skill, and determination, in aiding, in the Ramsgate Harbour steam-tug *Vulcan*, on the 6th

January, to rescue the crew of the barque *Indian Chief*. The Second Service Clasp of the Institution was also voted to Mr. WILLIAM WHARRIER, Engineer of the steam-tug, and the Silver Medal of the Institution, and its thanks inscribed on vellum, to each of the crew of the steamer, consisting of CHARLES KNIGHT, RICHARD YARE, GEORGE WOODWARD, WILLIAM AUSTEN, and EDWARD REVELL, in acknowledgment of their arduous and gallant services on the occasion.

Voted the Silver Medal of the Institution, and a copy of the vote inscribed on vellum, to Capt. ST. VINCENT NEPEAN, R.N., District Inspector of Life-boats of the Institution, in acknowledgment of his arduous and valuable services in the Harwich Life-boat, in aiding to rescue seven of the crew of the Dutch steamer *Ingerid*, on the night of the 20th January.

Also the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to Mr. WILLIAM BRITTON, assistant Coxswain of the Harwich Life-boat, in acknowledgment of his general gallant services in that boat in saving life from shipwreck, and particularly on the occasion of the wreck of the *Ingerid*.

Also the thanks of the Institution inscribed on vellum, accompanied by a Binocular Glass, with a suitable inscription, to Capt. ROBERT GIBSON, Harbour Master of Whitby, and Local Hon. Secretary of the Institution, in acknowledgment of his valuable and skilful services in the preservation of life from shipwreck, and especially for his valuable co-operation on the occasion of the rescue by the Whitby Life-boat of the crew of the wrecked brig *Visitor*, of Whitby, in Robin Hood's Bay on the 20th January.

Also the thanks of the Institution, inscribed on vellum, to Mr. ALEXANDER F. CROOKSHANK, for going off in the *St. Ives* Life-boat, and aiding to rescue the crew of five men from the schooner *Rosa Josephs*, of St. Vaast, France, which was wrecked in St. Ives Bay during a storm on the 18th January.

Also the thanks of the Institution to the Rev. WILLIAM GREEN, Honorary Secretary of the Winterton Branch, in acknowledgment of his zealous and valuable services on the occasion of the stranding of the brig *Gyda* of Swendsall, on the 18th January, in contributing to the rescue of

the crew by means of the Life-boat and the rocket apparatus.

Feb. 4.—At about noon the sea suddenly rose, breaking very heavily across the Bar, at Holy Island, Northumberland. Three cobsles were out fishing, and the *Grace Darling* Life-boat therefore proceeded across the Bar to their assistance, and accompanied each of them through the broken water; they were fortunately all enabled to regain the land in safety.

Feb. 5.—The s.s. *Broomhill*, of Dundee, while endeavouring to enter Sunderland Harbour, during a strong wind from the N.E. with a heavy sea, took the ground on the Bar, and was afterwards carried by the wind and sea on to a dangerous reef of rocks. The Sunderland No. 3 Life-boat *Florence Nightingale* proceeded to her assistance, and succeeded in taking eighteen men and a boy from her. The Sunderland No. 2 Life-boat afterwards, at the request of those interested in the steamer, put some men on board, who succeeded in getting her into Sunderland.—Expense of service, 8*l.* 15*s.*

Feb. 7.—At 9.30 A.M., during thick weather, the wind blowing a strong gale from the S.S.E., accompanied by heavy rain, the brigantine *Bransty*, of Whitehaven, bound from Newry to Penarth, with a cargo of oats, was seen to be drifting towards the Long Rocks in Dundrum Bay. She, however, cleared those rocks, and made a little way out to sea, but in consequence of almost all her canvas having been blown away, she was unmanageable, and it was evident that she would soon be dashed upon the rocks. The Tyrella Life-boat *Memorial* was thereupon speedily launched, and rescued the crew, consisting of 4 men. Great difficulty was experienced in effecting this rescue, owing to the very heavy seas about the vessel. The master had his right leg broken, the Life-boat being suddenly dashed against him by the sea, as he was about to drop from the side of the vessel into the Boat. The brigantine, soon after her crew had been taken off, became a total wreck.—Expense of service, 11*l.* 14*s.*

Feb. 7.—At about 6 P.M., the ketch *Thomas*, of Lynn, while endeavouring to make Hartlepool Harbour, went ashore near the Beacon Rocks. A gale from the S.S.E. was blowing at the time, accompanied by a heavy sea. Signals of distress were made by the crew of the vessel, and

the Hartlepool No. 3 Life-boat *John Clay Barlow*, proceeded to her, took off the crew of three men, and landed them safely.

The same Life-boat afterwards proceeded, in tow of a steam-tug, to the ketch *Yorkshire Lass*, of Boston, which had also stranded near the Beacon Rocks, and was instrumental in saving her crew of three men.

About the same time the Hartlepool No. 2 Life-boat *Charles Ingleby* was launched to a third vessel, the schooner *Mischief*, of Rye, which had also gone ashore near the Beacon Rocks. The crew of four men were taken into the Life-boat, and brought safely to land. Later in the evening the weather moderated, the wind shifted to the W., and the three vessels were got afloat again on the rising tide.—Expense of services, 34*l.* 10*s.*

Feb. 8.—In the morning, during a heavy westerly gale, the ketch *Brothers* lying in Caldys Roads, parted her chain. She then made sail, and stood across the bay, when her main-boom was carried away, which disabled her, and compelled her to bring up, by a single anchor and kedg, about five miles from Tenby. She then hoisted a signal of distress, in response to which the Life-boat *Divine Rescue*, stationed at Tenby, was launched, and took off the crew, consisting of four men. The Life-boat was unable to regain her Station, and therefore made for Pendine, where she remained at anchor for a time until the steam-tug *Hero*, of Pembrey, came and towed her back to Tenby. The service rendered by the Life-boatmen was promptly and well executed, and reflected great credit on the coxswain and crew, who suffered considerably from the severity of the weather.—Expense of service, 14*l.* 15*s.*

Feb. 8.—The Selsey Life-boat *Two Sisters* was launched to the aid of the three-masted schooner *Kyanite*, of Guernsey, which was in a position of much peril, having parted from both her anchors during a strong westerly gale and a very heavy sea. Some of the Life-boatmen, and four of the crew of a galley, went on board, and the vessel, which had a crew of seven men, was taken to a place of safety, the Life-boat accompanying her. The crew of the Life-boat suffered much from the cold and from the drenching sea.

Feb. 9.—About 8 o'clock in the morn-

ing a messenger from Perran Zabuloe arrived at Newquay, Cornwall, with intelligence that a vessel was at anchor, in a very dangerous position, near Hoblyn's Cove, east of Perran Beach. The *Pendock Neale* Life-boat, stationed at Newquay, was speedily launched, and, after encountering some very heavy seas off the five intervening headlands which project from this ironbound coast, she reached the vessel, which proved to be the ketch *Lizzie*, of Bridgwater, bound from Waterford to Falmouth with a cargo of oats. The Life-boat took off the crew of four men, and landed them safely at Newquay. A few hours afterwards the vessel drove ashore and became a total wreck.

The coxswain of the Life-boat, EDWIN CLEMENS, was suffering much from the effects of a broken rib, caused by an accident during the frost, but he nevertheless occupied his usual position in the Boat.—Expense of service, 12l. 9s.

Feb. 10.—At about 2.30 A.M. signals of distress were shown by a vessel off Jury's Gap, Sussex. The wind was blowing strongly from the S.W., and the sea was heavy at the time. The Rye Life-boat was launched, and got to windward of the vessel, but the anchor dragged, and she drifted to leeward, in spite of hard pulling. Eventually the coxswain considered that it would be best to beach the Boat, and have her taken along the shore to windward of the vessel. He therefore landed and procured six horses, but they failed to move the Life-boat and carriage over the heavy shingle, and four more horses were then obtained, but still it was found impossible to get the Boat along the beach. Ultimately she was taken off her carriage and dragged over the beach by men. After great exertions the Boat was again launched, and got alongside the vessel, when a communication was effected by means of the grapnel, and two of the seamen were taken from the rigging into the Life-boat. When about to rescue the remaining man, a tremendous sea broke over the Life-boat, and washed out one of her crew, straightened the grapnel, and broke the Boat's cable, causing her to drift to leeward. The Life-boatman was fortunately picked up, but the Boat could not then regain the wreck, and she had to be beached. The man left on board the vessel was rescued by means of the Rocket Apparatus

and the Coastguard galley. The vessel proved to be the sloop *Sophia Holten*, of Plymouth, bound from London to Jersey with a cargo of wheat. She became a total wreck.—Expense of service, 32l. 13s. 6d.

Feb. 11.—The schooner *John Green*, of Drogheda, Ireland, bound there with coal from Ardrossan, was entering the river Boyne while the wind was blowing hard from the E.N.E., and a very heavy sea running. A great deal of fresh water was passing out of the river and setting to the south, which caused the schooner to lose her steerage way, and come in contact with the sea wall on the south side of the river. The Drogheda No. 2 Life-boat *John Rutter Chorley* was launched, and with great difficulty and danger she fortunately succeeded in saving the crew, consisting of five men, from the stranded vessel.—Expense of service, 9l. 14s.

Feb. 11.—A small screw steamer and a schooner had been at anchor in Fishguard roadstead for some days, being unable to go round St. David's Head, owing to the strong westerly winds. On the night of the 10th February the wind suddenly shifted to the N.N.E., and blew a strong gale with a heavy sea. As the two vessels were in bad anchorage, and riding heavily, a good look out was kept, and soon after 11 o'clock on the following morning they exhibited signals of distress. The Fishguard Life-boat No. 2 went to the steamer, which proved to be the *Udea*, of Llanelly, bound from Ayr to Llanelly with a cargo of pig-iron, and took off her crew of ten men. She then proceeded to the schooner, the *George and Mary*, of Barrow, bound from Ardrossan to Newport with pig-iron, which had parted both chains and had drifted on Goodwick Sands. A tremendous sea was washing over her, and tossing her about fearfully, so that it was with the utmost difficulty that her crew of five men were taken off; but happily all were saved. The schooner became a total wreck. The Life-boat was reported to have behaved admirably on the occasion.—Expense of service, 11l. 10s.

Feb. 14.—The *Richard Lewis* Life-boat, stationed at Penzance, put off to the assistance of the ship *Mac Duff*, of Glasgow, which was riding at anchor in a dangerous position off Lamorna during a strong S.S.W. wind and a heavy sea. Some difficulty was experienced in finding the vessel, on account of the dense fog;

but eventually the Life-boat discovered her, and found that she had previously been boarded by the crew of a pilot gig. At the request of the master, some of the Life-boatmen assisted the other men to weigh the anchor and set the vessel's sails; after which she was taken to a safe anchorage, the Life-boat remaining by her until all danger to the ship and crew was over.

Feb. 14.—The brig *Eliza Emma*, of Shoreham, while entering Hartlepool, at about 7 P.M., during a moderate S.S.E. gale, accompanied by a very heavy sea, ran ashore on the Beacon Rocks, owing to the thickness of the weather preventing the lights from being seen. The Hartlepool No. 3 Life-boat *John Clay Barlow* proceeded to her assistance, and took off her crew of five men. The master, however, refused to leave the vessel, and the Life-boat therefore proceeded ashore with the five men. After they had been landed, the captain made signals, and the Life-boat thereupon returned to the vessel, and brought him also ashore.—Expense of service, 13*l*.

Feb. 22.—At about 11 A.M. signal guns were fired from the Lightship, indicating that a vessel was ashore on the South Bank at the mouth of the Tay, or in imminent danger. The Buddon Ness Life-boat *May* proceeded to the spot as soon as possible, and found a schooner ashore on the elbow end of the sands. The wind was blowing a strong gale from the N.E., with a heavy sea. The Life-boat with difficulty, after breaking two oars in the attempt, besides losing a grapnel, succeeded in getting alongside the vessel, which proved to be the schooner *Oscar*, of Leith, bound from Dundee to St. Felin de Guixols, in Spain, with a cargo of yarns. She had on board a crew of six men and a pilot, all of whom were taken into the Life-boat and safely landed. The sea was breaking over the vessel, and by the time the Life-boat left her she was full of water, and soon became a total wreck.—Expense of service, 6*l*. 10*s*.

Feb. 22.—At 11 P.M. the brigantine *Georgina*, of Portmadoc, bound from London to Cork, with a cargo of railway sleepers, struck on the Levellers Rocks to the north-eastward of Porthoustock, Cornwall. The night was very thick and dark, and a strong wind was blowing from the N.E., causing a heavy sea on the

shore. The coxswain of the *Mary Ann Storey* Life-boat at Porthoustock, seeing the vessel's signals of distress, got his crew together as quickly as possible, launched the Boat, and rescued the vessel's crew, consisting of five men. They were overjoyed at the approach of the Life-boat, as they had been every moment expecting a watery grave. The ship was in shallow water and surrounded by sharp rocks, rendering the Life-boat service very hazardous, as the Boat was liable at any moment to strike on them. The men had to be taken off by a hawser over the stern, and the master, being the last to leave, had to be hauled through the water. The signals of distress had been made with paraffin poured over an old sail, and after the crew had been rescued, the flames caught the vessel and burnt her to the water's edge.—Expense of service, 20*l*. 12*s*. 6*d*.

March 3.—During a very heavy gale from the S.E. the brigantine *Queen of the Usk*, of Whitehaven, bound from Kingstown to that port, in ballast, was riding very heavily in Douglas Bay, with two anchors down and dragging. The *John Turner Turner* Life-boat, stationed at Douglas, put off to her assistance, and brought safely ashore her crew of five men, they deeming it unsafe to remain on board.—Expense of service, 6*l*. 10*s*.

March 3.—At about 1.15 P.M. a vessel was seen to be striking heavily on the Bar. The Life-boat *Richard and Ann Warner* at Duncannon, co. Waterford, was got out, but owing to the state of the tide, and to the wind being in a S.S.E. direction, it was impossible to get down to the vessel until the arrival from Waterford of the steam-tug *Resolute*, which took the Boat in tow. The Life-boat then succeeded in picking up the master of the vessel in an exhausted condition off a piece of wreckage, but unfortunately, owing to the vessel breaking up, the remaining five lives were lost. She was the brigantine *Dayspring*, of Dublin, bound from Newcastle to Waterford with coals.—Expense of service, 12*l*.

March 3.—At noon the smack *Mary Cook*, of Campbeltown, was seen to be drifting from her moorings at the north of the harbour at Girvan, N.B., and was in imminent danger of being blown out to sea. The master of the smack, who was on shore at the time, asked that the

Life-boat might go out to rescue two boys who had been left on board. The Girvan Life-boat *Earl of Carrick* therefore proceeded to the vessel, and brought the two lads safely ashore.—Expense of service, 9*l*.

COMMITTEE MEETING, March 3, 1881.

Voted 26*4l*. 17*s*. 6*d*. to pay the expenses of the Palling, Thorpe, Torquay, Hartlepool, Montrose, Holyhead, Caister, Redcar, Saltburn, Newhaven, Clovelly, Duncannon, Padstow, Swansea, Porthdinllaen, Courtmacsherry, Winchelsea, Drogheda, Peterhead, Lowestoft, Kessingland, Penzance, and Falmouth Life-boats in assembling their crews or putting off to the assistance of vessels which had shown signals of distress, but which did not ultimately need the aid of the Boats.

The Ramsgate Life-boat had also been taken out, but her services had not been required.

March 4.—At about 1 A.M. intelligence was received that a ship had stranded in Ballyhalbert Bay, three miles south of the Life-boat Station at Ballywalter, co. Down. The wind was blowing a hurricane from the S.E., with heavy sleet and rain at the time. Horses were obtained, and the Life-boat *Admiral Henry Meynell* proceeded by road to the scene of the wreck. Great delay was occasioned on account of the horses being unable to draw the Boat against the gale and rain, the road being very bad and exposed. However, she at last reached the Bay, and was then launched with great difficulty over the very rough shore through a very heavy surf. She was repeatedly driven back by the seas, but after great exertion the crew managed to get hold of a line drifted to leeward from the ship, and by rowing and hauling they got under the bow of the vessel, which proved to be the ship *Castlemaine*, of Liverpool, bound from Rangoon to the Clyde, with a cargo of teak and bones, and in two trips brought ashore the crew of twenty-five men. The crew of the Life-boat, who were accompanied by the Rev. J. O'REILLY BLACKWOOD, the local Hon. Secretary at Ballywalter, behaved admirably, under very trying circumstances, and suffered greatly from the cold and long exposure.—Expense of service, 26*l*. 6*s*.

March 4.—A telegram was received

from the officer of Coastguard at Ballycraoneen, co. Cork, at about 3 A.M., stating that a vessel was displaying signals of distress off Queenstown. The *Quiver* Life-boat was speedily despatched to the spot in tow of the tug *Lord Bandon*, and found that the brigantine *Bessie Whinery*, of Maryport, from Pembrey for Cork, with a cargo of coal, was embayed; she was, however, under way, and endeavouring to beat out of the bay when the Life-boat arrived. Some of the Boat's crew went on board to assist at the pumps and direct her into port, where she arrived about 9 A.M. She carried a crew of six men.

March 4.—It was reported, about 5 P.M., that a schooner had gone ashore on the Lady Bank at the mouth of the Tay, and when she could be seen through the snow and drift, which was only at intervals, she appeared to be partially dismantled. The Broughty Ferry Life-boat *English Mechanic* went out under oars, in the teeth of a strong S.E. gale and heavy sea, and found the vessel was ashore between the Lady Bank and the mainland. The weather was very thick, and as darkness was coming on, the Life-boatmen exerted themselves to the utmost to rescue the crew before it became totally dark. After nearly two hours hard pulling, the Boat got alongside the vessel, which proved to be the Swedish schooner *Niels*, took off the crew of five men, and safely landed them at Broughty Ferry.—Expense of service, 7*l*. 11*s*.

March 5.—During a very strong gale from the S.S.E., and an exceedingly heavy sea, accompanied by a snowstorm, the schooner *Agnes*, of Llanelly, bound thence to Newcastle, while running for Montrose Harbour, went ashore on the sands to the northward of the Annat Bank. The Montrose No. 2 Life-boat *Roman Governor of Caer Hün* immediately put off to her assistance through a very heavy surf, and, after a severe struggle, rescued her crew of five men. In the absence of the regular crew, this Life-boat was partly manned by eight young fishermen, who volunteered for the service, and who behaved admirably under very arduous circumstances.

On the following day the gale still continued, and as it was reported that several vessels were ashore along the coast, and that others were in danger, the

crews of the Life-boats assembled in readiness for service. At about 10 A.M. the brig *August*, of Barth, bound from Antwerp to Newcastle, in ballast, was seen to be gradually driving ashore. The Montrose No. 1 Life-boat *Mincing Lane* was accordingly sent to the mouth of the harbour, and the No. 2 Life-boat was despatched to the beach. The brig missed the harbour's mouth and went ashore about a quarter of a mile north of the Annat Bank. The No. 2 Life-boat was launched with the aid of the numerous spectators, who gallantly assisted in the work despite the waves, which again and again came upon them, completely drenching them, and placing them in some peril. No sooner was the Boat floated off than she was dashed back again, and it was only after the most strenuous efforts had been put forth that she succeeded in getting away, when she rowed towards the brig through a very heavy surf. Meanwhile the No. 1 Life-boat, seeing the danger of the brig, pulled across the Annat Bank in a very dangerous sea, and reached the vessel first, but was driven past her two or three times, although her veering line was fast to her. The No. 2 Boat then got nearer to the vessel, and, being a lighter boat, the veering line was transferred to her, and she got alongside the brig and rescued the crew, consisting of seven men, and safely landed them, amidst the cheers of the spectators. The brig's masts soon afterwards went overboard, and she broke up entirely within an hour or two.

The Life-boats had scarcely been hauled out of the surf after the performance of the last-named service, when the s.s. *Norma*, of Bergen, bound to that port from Newcastle with coal, was seen to be driving ashore, and she eventually stranded about a mile north of Montrose. She made signals of distress, in response to which the No. 2 Life-boat, which had been taken along the beach to the spot, the carriage being drawn by ten horses, was again smartly launched through the surf and pulled to the steamer, when she rescued eleven of her crew. Another seaman unfortunately fell into the sea while making his way along the rope to the Boat, and was drowned. The behaviour of the Life-boat on these occasions gave great satisfaction to the crews, and the coxswains stated that they felt sure

that the No. 2 Boat could be launched off their shallow beach under the heaviest sea, with sufficient assistance.—Expense of service, 49*l.* 10*s.* 6*d.*, in addition to local presentations of medals and pecuniary rewards.

March 5.—About 1 P.M., during a most violent storm, and amid blinding showers of snow, a schooner was observed being driven before the fury of the gale towards the West Sands in St. Andrew's Bay. The *Ladies' Own* Life-boat, stationed at St. Andrew's, at once proceeded to the rescue, and, amid the hearty cheers of thousands of spectators, brought safely ashore the crew of five men from the vessel, which proved to be the schooner *Harmonie*, of Mandal, Norway, with a cargo of pit props. While the Life-boat was alongside the wreck, one of her crew was washed overboard, but he was recovered after he had struggled some time with the heavy waves.—Expense of service, 11*l.*

March 5.—About midnight the coxswain of the *Covent Garden* Life-boat, stationed at Caister, received intelligence that a vessel was riding very near the shore at Scratby, and that she was making signals of distress. The Cockle Lightship soon afterwards began to fire guns and rockets. The Life-boat was then launched, and proceeded to Scratby, where she found the barque *Angostura*, of Hamburg, bound thence to Singapore with a general cargo, riding with one cable, the other having parted. The Life-boat's anchor was let go, and, with great difficulty, she was veered down to the ship, this taking nearly an hour to accomplish. Some of the crew then boarded her with much danger, as she was lying in the trough of the sea and was rolling heavily. Had she been half her length nearer the shore she must have been lost with all hands. The master accepted the proffered services of the Life-boatmen, and they were successful in taking the vessel into Yarmouth Roads. A steam-tug was afterwards engaged, and she was towed to Harwich. The barque carried a crew of fourteen men, and the master's wife and two fishermen were also on board.

March 7.—At about 10 A.M., a message from Boarhills reported that a vessel was in a dangerous position about four miles east of St. Andrews, N.B. The wind had fallen, but a very heavy sea was still

running. The *Ladies' Own* Life-boat at St. Andrew's was launched at the harbour's mouth, and proceeded in search of the vessel, the weather being very thick at the time. She returned about 2 p.m., bringing with her the crew of six men of the three-masted schooner *Grasshopper*, of Southampton, who were safely landed at St. Andrew's.—Expense of service, 10*l.*

March 8.—Shortly before 1 a.m., signals of distress were shown from the barque *Jupiter*, of Liverpool, bound from Hamburg to the Tyne in ballast, which was ashore on the Sand Rigg, Goswick, Northumberland. The *Grace Darling* Life-boat stationed at Holy Island went to her assistance through a very heavy sea, which filled the boat many times. When nearing the vessel the Boat was nearly capsized, but by careful use of the drogue succeeded in getting alongside, and she rescued the captain's wife and two children, and thirteen of the crew of the ship, all of whom were safely landed. Another flare was then shown from the vessel, and the Life-boat again went to her, and found that two men had been left on board, they being below when the Life-boat first arrived. They were taken into the Boat, and also brought ashore. The Life-boatmen were occupied seven hours in rendering these gallant services, having to pull a distance of six miles to reach the vessel, against a head wind, and in a very heavy broken sea. Attempts to save the barque's crew by means of the Rocket Apparatus had failed, and a large surf-boat, manned by fishermen, which tried to get to the ship from Goswick, was swamped, but fortunately the crew regained the shore.—Expense of service, 26*l.* 10*s.*

March 9.—At daylight the Coastguard on duty at Penarth, South Wales, observed a small vessel ashore in a very dangerous position on Cardiff sands. The wind was blowing strong from the W.S.W., accompanied by a heavy sea. The Penarth Life-boat *Joseph Denman* was launched and proceeded to the vessel, which was found to be the ketch *Bristol Packet*, of Newport, Mon. The crew asked that the Life-boat might remain by the vessel, the master stating that she was strongly built, and that they hoped when the flood tide made she would float off the sands, which she eventually did, and bore away for Newport, the Life-boat then returning to her station.—Expense of service, 9*l.* 17*s.* 6*d.*

March 18.—At 9 p.m., signals of distress were observed from a vessel on the North end of the Dogger Bank off the coast of Wexford. The Wexford *Civil Service* No. 1 Life-boat was immediately launched, and proceeded to render assistance. On arriving alongside the vessel, which was the schooner *Blue Jacket*, of Beaumaris, bound from Bangor to Wexford, with a cargo of slates, some of the Life-boatmen went on board, assisted to lighten her, and got her afloat at about 7.30 on the following morning. She carried a crew of three men.

April 2.—At about 11 a.m., on observing the brigantine *Danube*, of Guernsey, which was about to enter the Hartlepool East Harbour, hoist a flag of distress, the West Hartlepool No. 1 Life-boat *Rochdale* proceeded to her assistance. On reaching her it was found that she had taken the ground and was striking heavily. The Life-boat remained by her three hours, and the crew were on the point of leaving, having already put their clothes on board the boat, when three steam-tugs arrived, and, after considerable difficulty, they succeeded in getting the vessel afloat, and towed her safely into harbour.—Expense of service, 6*l.* 16*s.*

April 4.—At daybreak, during a strong gale from the E., with a chopping sea, a large steamer was observed, apparently at anchor, about eight miles N. of Towan Head, Cornwall. She was showing colours, but whether signals of distress or not could not be distinguished from the shore. The *Pendock Neale* Life-boat stationed at Newquay was, however, promptly despatched to the steamer, which proved to be the *Celeste*, of Hartlepool. The engines had been disabled by the breakage of the main shaft, and the Life-boat returned ashore, with a telegram to Cardiff asking for the assistance of a steam-tug.—Expense of service, 9*l.* 1*s.* 6*d.*

April 4.—In the evening, information was brought from the Coastguard Station at Ballywalter, co. Down, that the Bell Buoy, a vessel which is placed about two miles off the shore to warn vessels off the Stullmartin Reef, had broken adrift. As there was a strong wind at the time, with considerable sea, precluding the use of any ordinary boat, the Ballywalter Life-boat was launched, and with great difficulty got the craft into the harbour.

COMMITTEE MEETING, April 7th, 1881.

Voted 358*l.* 11*s.* 1*d.* to pay the expenses of the Life-boats at Harwich, West Hartlepool, Groomsport, Courtmacherry, Porthdinllaen, Queenstown, Torquay, Isle of Whithorn, Lowestoft, Pakefield, Broughty Ferry, Castletown, St. Andrews, Kingsdownie, Walmer, Newburgh, Anstruther, Berwick-on-Tweed, Montrose, Tynemouth, Salcombe, Hope Cove, Poole, Fishguard, and Cemlyn, in assembling their crews or putting off to the aid of vessels which did not ultimately need their assistance.

The Ramsgate, Caister, and Thurso Life-boats had also been taken out, but their services had not been required.

Voted the Silver Medal of the Institution, and a copy of the vote inscribed on vellum, to the Rev. J. O'REILLY BLACKWOOD, in acknowledgment of his general gallant services in the Ballywalter Life-boat, and particularly on the occasion of the rescue by that Life-boat of the crew of the ship *Castlemaine*, of Liverpool, which had stranded in Ballyhalbert Bay during a heavy gale from the S.E. on the 4th March.

April 12.—In the morning at low water, the barque *Marmora*, of Copenhagen, bound from Rochfort to Porthcawl, drifted on the Skerweather Sands off Porthcawl, South Wales. The Life-boat *Chafyn Grove* was immediately launched, and rescued the crew of eight men from the vessel, over which a heavy ground sea was dashing; she had been dismasted, and eventually became a total wreck. All hands must have been lost in the absence of the Life-boat.—Expense of service, 11*l.* 18*s.*

April 19.—At daybreak, the trawler *Shamrock*, of Hull, was observed ashore about a quarter of a mile N. of the Thedlethorpe Life-boat station, Lincolnshire, during stormy weather and a very heavy sea. The Life-boat *Dorinda and Barbara* put off to her assistance, but, owing to the wind and the unusually heavy sea, she was driven to leeward, and had to be beached. She, however, proceeded out again as soon as the tide served, and with great difficulty, owing to the floating wreckage and the heavy surf round the wreck, she succeeded in rescuing the crew, consisting of five men, from the rigging of their sunken vessel.—Expenses of service, 62*l.* 13*s.*

April 27.—At 4 A.M., the Life-boat *Bristol and Clifton*, stationed at Lossiemouth, N.B., put off, and rescued five men from the schooner *Cavalier*, of Lossiemouth, which had been driven ashore about fifty yards eastward of the old harbour. The wind was blowing from the S.W. at the time, accompanied by a heavy surf.—Expense of service, 8*l.* 8*s.*

May 3.—At 1 A.M., during a strong gale from the N.E. with a heavy sea, a vessel was observed on shore at Waxham, Norfolk, showing signals of distress. With all possible speed the Palling Life-boat *Parsee* was at once taken along the coast, and, on arriving opposite the stranded vessel, she was launched through the heavy surf with much difficulty, and, after battling with the waves, succeeded in reaching the vessel and rescued her crew of five men. She proved to be the fishing smack *Catherine*, of Ramsgate.—Expense of service, 22*l.* 19*s.*

May 3.—Signal guns from the Gull and Goodwin Lightships were heard at 10.30 A.M. on the 3rd May, and a schooner was seen to run ashore on the North Sand Head. The wind at the time was blowing from the N. The Ramsgate Life-boat *Bradford* and harbour steam-tug *Aid* were immediately manned and proceeded to the vessel; but, before getting to her, both her masts were seen to fall over the side. On arriving to windward the Life-boat was slipped from the steamer and sailed to the vessel. Some of the Life-boatmen went on board, and at once set to work to extricate her from her perilous position. She was thumping heavily and was full of water, but her cargo of deals prevented her from sinking. The starboard anchor was let go, to prevent her from driving farther on the sands; and the steamer was signalled to and backed in under her stern. The tug's large towing hawser was then hauled on board and made fast, and she towed in a N.E. direction for about an hour. The schooner continued to strike heavily on the sand, but she ultimately floated, and was towed into Ramsgate Harbour in a waterlogged condition. She was the *Aldebaran*, of Laurvig, 111 tons, bound from Porsgrund to Abbeville. She had a crew of five men.

COMMITTEE MEETING, May 5th, 1881.

Voted 76*l.* 9*s.* 7*d.* to pay the expenses of the Harwich, Clacton-on-Sea, Cruden, Seaham, New Romney, Portmadoc, and Donna Nook Life-boats in putting off to vessels which had shown signals of distress, but which did not ultimately require any assistance.

The Ramsgate Life-boat had also been taken out, but her services had not been required.

May 18.—At 4.20 A.M., during a strong breeze from the W.S.W., a screw-steamer was seen ashore on the North Sand Head, Goodwin Sands, with signals of distress flying; and about the same time signal guns were fired from the Gull Lightship. The Ramsgate Life-boat *Bradford* and harbour steam-tug *Vulcan* at once proceeded to her assistance, and the North Deal Life-boat *Mary Somerville* was also despatched to the spot. It being necessary to lighten the vessel, both Life-boats' crews commenced to throw overboard the cargo, consisting of boxes of oranges. This was continued for three hours, when the sand alongside dried, and the kedge anchor and hawser were then taken from her port bow and run out on the sand a distance of eighty fathoms, and the bower anchor and cable were run out for about sixty fathoms. Directly these operations were accomplished all hands went to work again, and threw overboard more boxes of oranges for about two hours, until she was nearly afloat, when sail was set to endeavour to force her over the sand, and at the same time the chain and hawser were hove taut. Eventually she floated, and was proceeding round the South Sand Head when her engines stopped, owing to a rope having fouled the propeller. She was then taken in tow by the steam-tug, steering towards the North Foreland. In about half an hour the propeller was cleared, and she was then able to proceed under her own steam to Margate Roads. She was the s.s. *Gervase*, of London, 417 tons, bound from Valencia to the Thames, and carried a crew of nineteen men.

May 23.—This morning, H.M.S. *Lively*, with the DUKE and DUCHESS of EDINBURGH and suite on board, arrived off Sidmouth, and came into the bay, in order that his Royal Highness might land and inspect the Coastguard Station. Shortly

after nine o'clock a steam pinnace was lowered from the *Lively*, and the DUKE and DUCHESS, Lady HARRIET GRIMSTON, and Mr. H. H. RICKARD, R.N., proceeded in it towards the shore. An increasing swell was rolling in from the S.E. at the time, and as the steam-launch neared the land she was struck by a sea, which nearly capsized her. The Sidmouth Life-boat *Rimington*, which had been got out in readiness for inspection by his Royal Highness, was at once launched and proceeded alongside, when the DUKE and DUCHESS and their party were taken into the Life-boat and safely landed, the boat only shipping a little spray as she grounded on the beach. There is no doubt that considerable risk would have attended any attempt to land from the launch, as this beach is rather a dangerous one, when there is any sea on, on account of its steepness.—Expense of service, 8*l.* 10*s.*

May 24.—Early this morning the Cadgwith Life-boat *Joseph Armstrong* and the Lizard Life-boat *Anna Maria* were launched and proceeded, under sail and oars, to the assistance of the schooner *Ellen Vair*, which had been damaged by collision and deserted. On getting near her, a Brixham trawler was found to be close by, having put two men on board. Four of the Cadgwith Life-boatmen were also put on board, who, with the trawler's men, navigated her to Penzance.

COMMITTEE MEETING, June 2nd, 1881.

Voted 21*l.* to pay the expenses of the *Broadstairs* and *Lizard* Life-boats in putting off to the aid of vessels not ultimately requiring their assistance.

The Ramsgate and Porthleven Life-boats had also been taken out, but their services were not eventually needed.

June 5.—At 4 A.M. the barque *Alecto*, of Malta, bound from Cyprus to Aberdeen with locust beans, stranded on the Cross Sand, off the coast of Norfolk, during a fresh wind from S.W. A yawl immediately proceeded to her, and remained alongside until the ebb tide, when the sea became very heavy, and as the yawl shipped a great deal of water she was forced to leave. A steam-tug was then sent to Caister for the surf Life-boat, the *Godsend*, which was launched, sailed to the barque, followed by a large yawl,

and remained by her until she came off and was towed into Yarmouth roads.

June 10.—The s.s. *Norman*, of London, bound from Dantzic to Stockton with grain, went ashore about a mile and a half N. of Seaham Harbour during a N. wind and high sea. The Life-boat *Sisters Carter of Harrogate*, stationed at Seaham, proceeded to her assistance, and brought safely ashore nine of the crew, the master's wife, and a lady passenger.—Expense of service, 12*l.* 8*s.*

June 11.—The *Hannah Somerset* Life-boat at Staithes, Yorkshire, was launched on the 11th June, and rendered great assistance to some fishing cobles which were in danger in a very heavy sea.

COMMITTEE MEETING, July 7th, 1881.

Voted 13*l.* 8*s.* 3*d.* to pay the expenses of the Life-boat at Rye, Sussex, in putting off to the aid of a vessel which did not eventually require her assistance.

July 24.—At 1.45 P.M., during a strong W. gale and heavy sea, a pleasure boat with four men in her was observed from Howth, co. Dublin, to be drifting seaward. The Life-boat *Clara Baker*, stationed at Howth, proceeded to the boat, and brought her safely ashore, she having been partly disabled, and the men in her being entirely exhausted.—Expense of service, 7*l.* 15*s.*

COMMITTEE MEETING, Aug. 4th, 1881.

Voted 9*l.* to pay the expenses of the Life-boat at Broadstairs in putting off to the Norwegian barque *Christine*, which had stranded on the Goodwin Sands.

Aug. 13.—The schooner *William* of Liverpool, bound from Liverpool to Foryd, arrived off Rhyl, North Wales, in the evening, but was unable to get into the Foryd during that tide, and grounded on the east bank. At low water five men went on board to assist to get the vessel up the river with the following tide, but, owing to the gale and the heavy sea, she was compelled to ride at anchor. By about one hour's ebb, having dragged her anchor, she was in a dangerous position, tossing and rolling fearfully. At about 2 P.M. on the 13th the Rhyl No. 2 Life-boat *Jane Dalton* proceeded to her assistance, and brought ashore the five men and one of the crew. The master

and mate remained on board the vessel, which afterwards grounded.—Expense of service, 12*l.* 3*s.* 6*d.*

Aug. 25.—In the morning during a S.S.W. gale and heavy sea, the barque *Strathden*, of Dundee, was seen to go ashore on the north-west end of the Middle Cross Sand off the Norfolk Coast. A yawl immediately proceeded to her assistance, and the master engaged the service of her crew to try to save the vessel. They laid out an anchor and warp, and were returning to the barque, when a heavy sea broke on board the yawl, filling her above the ballast. Signals were then made for the Caister Life-boat, in response to which the *Covent Garden* Life-boat proceeded to the barque and remained by her. In the meantime two steam-tugs had been engaged, and towed during the flood tide, but they were unable to move the vessel. The men on board, assisted by the crew, threw overboard some of the cargo of coal, but the wind and sea increasing, the vessel fell over to windward at about an hour and a half before low water. The Life-boat then, with considerable difficulty and risk, took the men off her, the boat striking heavily on the ground all the time, and shipping a great quantity of water. The barque was bound from Leith to Buenos Ayres, and carried a crew of twelve men.—Expense of service, 15*l.*

Aug. 25.—The brigantine *Lina*, of Aland, Russia, was driven ashore about half a mile east of the Life-boat House at Rye, Sussex, during a very strong S.W. gale, accompanied by a high sea and heavy rain. The Rye Life-boat *Arthur Frederick* was launched, proceeded to the vessel, and brought safely ashore the crew, consisting of eight men.—Expense of service, 24*l.* 14*s.*

Aug. 25.—One of the most severe storms ever experienced at this season of the year prevailed at Fraserburgh, N.B. A report had been circulated among the fishermen on the previous day that a storm was at hand, and on that day only about one-fourth of the fishing-boats proceeded to sea. On the 25th, the weather having been fine in the forenoon and afternoon, the whole fleet, numbering eight hundred and sixty boats, went out. Towards night rain began to fall, and by 9 o'clock there was every appearance of a gale. All through the night the boats were returning to the

harbour, and by daylight between four hundred and five hundred of them had arrived. The wind having veered round from S.E. to N.E., and the violence of the gale increasing, the work of reaching the harbour was rendered exceedingly difficult. To meet any emergency which might occur, the Life-boat *Cosmo and Charles*, stationed at Fraserburgh, was launched at 7 o'clock on the following morning and acted as a guide to the boats which were running for the harbour. From early morning until late at night the piers were crowded, and the excitement was most intense. One boat was wrecked on the rocks to the south of Fraserburgh, but her crew were saved. Many of the boats which reached the harbour lost the whole of their nets, valued for each boat at from 100*l.* to 150*l.*

Some idea of the strength of the gale may be gathered from the fact that the waves dashing over Balaclava Pier were so heavy as to carry away the travelling crane belonging to the Harbour Commissioners, which, with its engine and ballast, weighed about fifty tons.—Expense of service, 7*l.* 6*s.* 6*d.*

Aug. 25.—The brigantine *Bertha*, of Rye, stranded in Pakefield Gat, off the Suffolk coast, during a S.W. wind and heavy sea. In reply to her signal of distress, the Life-boat *Two Sisters Mary and Hannah*, stationed at Pakefield, was launched and proceeded to her, in tow of the Lowestoft steam-tug. On arriving alongside it was found that the vessel was full of water, and her crew, consisting of six men, were thereupon taken into the Life-boat and brought safely ashore.—Expense of service, 14*l.* 17*s.* 6*d.*

Aug. 26.—At about 9 o'clock in the morning, during a strong E. gale and heavy sea, a fishing-boat came into Cruden Bay, Aberdeenshire, but, being unable to make the harbour, the Life-boat *Peep o' Day* went to her assistance, and towed her safely in, the crew being quite exhausted. During the day seven other boats were in like manner taken into the harbour.—Expense of service, 10*l.* 16*s.*

Aug. 29.—The Life-boat *Oxfordshire*, stationed at Looe, Cornwall, was launched, and rescued one of the crew of the ketch *Lion*, of Exeter, which had sprung a leak and had capsized about five miles S.E. of Looe, during a strong S.S.W. wind. The other man of the crew was saved by a

Looe coastguard boat, which also put off to the vessel.—Expense of service, 7*l.* 12*s.*

Aug. 30.—At about 4 A.M., while the wind was blowing strongly from the N.E., accompanied by a heavy sea, the schooner *Zipporah*, of Scarborough, which had been delivering coal at Runswick, Yorkshire, and had anchored in the bay, commenced to drag her anchors, and hoisted a signal of distress. The Runswick Life-boat *Margaret and Edward*, thereupon proceeded to her, took off her crew of two men, and brought them safely to land. The vessel shortly afterwards drove on shore and became a total wreck. Before proceeding ashore with the two men, the Life-boat went to a fishing coble which was dragging her anchor, and towed her into a safe position.—Expense of service, 8*l.* 7*s.* 6*d.*

COMMITTEE MEETING, Sept. 1st, 1881.

Voted 13*l.* 16*s.* to pay the expenses of the Life-boats at Barmouth, Winterton, Rye, New Brighton, Wexford, Montrose, Kessingland, Winchelsea, Banff, and Caister, in assembling their crews or putting off to the assistance of vessels which did not ultimately need their aid.

The Ramsgate and Eyemouth Life-boats had also been taken out, but their services were not eventually needed.

Sept. 5.—Soon after daylight it was reported that a vessel was at anchor in Penzance Bay with a signal of distress flying. A strong gale was blowing from S.E. to S.S.E. The Penzance Life-boat *Richard Lewis* proceeded to her assistance, and on reaching her found her to be the barquentine *Neilly*, of Bridgewater, bound from Lydney with 333 tons of coal for Porthleven, and having a crew of six men on board. She was riding very heavily with both anchors down and chains veered out to their full extent, and it was feared that she would part her chains and drive ashore, being quite to leeward. The Life-boatmen's services were at once engaged to get her into harbour; while making the necessary preparations one chain cable parted and sail was then at once got on the vessel, the second anchor and chain were slipped, and she was taken safely in, arriving off the pier at about 10.30 A.M.

Sept. 23.—Shortly before 4 o'clock in

the morning, while a gale from the S.S.E. was blowing, accompanied by a very heavy sea, the brigantine *John Wesley*, of Seaham, bound from Seaham to London with a cargo of coal, struck the ground on the Beacon Rocks off Hartlepool, and carried her sternpost away. She then drifted on to Middleton Beach, and burned flare-up lights. The Hartlepool No. 3 Life-boat *John Clay Barlow* at once proceeded to her and took off all the crew, five in number. The vessel was full of water, and had sunk by the time the Life-boat reached her. The master of the vessel had previously lowered his jolly-boat, but it was immediately swamped.—Expense of service, 13*l*.

Sept. 30.—At 2 A.M. signals of distress were observed in Dunderum Bay, about a mile S.S.W. of the Craigalea Rocks. The wind was blowing from the S., the weather was thick and hazy, and there was a heavy ground swell. The *Memorial* Life-boat, stationed at Tyrella, co. Down, proceeded to the vessel, which proved to be the barque *Gertrude*, of Liverpool, bound from Quebec to Belfast with timber, and brought ashore thirteen of the crew.—Expense of service, 17*l*. 5*s*.

Oct. 2.—Shortly before 5 o'clock in the morning, the screw collier *Ludworth*, of London, bound from Hartlepool to London, having sprung a leak, ran aground on Hasborough beach, Norfolk, during a fresh gale from the E. by S. and a heavy sea. After an ineffectual attempt to reach the vessel by means of the Rocket Apparatus, the Life-boat *Huddersfield*, stationed at Hasborough, put off and succeeded in safely landing eight of the crew. The remainder of the crew effected their escape in the ship's starboard Life-boat.—Expense of service, 17*l*. 7*s*. 6*d*.

Oct. 5.—At 11 o'clock in the morning the fishing-smack *Triton*, of Yarmouth, stranded on the Barber Sand, off the Norfolk coast. The weather at the time was squally, and there was a heavy sea on the beach and sands. The vessel was seen to lower a boat, which was knocked to pieces as soon as it was in the water, whereupon the Caister No. 2 Life-boat *Godsend* proceeded to the vessel, and having got hold of her trawl warp took it to a steam-tug, the sea breaking over the boat all the time. When the flood-tide made, the steamer towed the smack off, and took her and her

crew of six men safely into Yarmouth Harbour.

Oct. 8.—A little before midnight on the 7th October signals were observed and a steam-whistle was heard in Appledore Bay, Devon, but for some time the signals ceased. About 2 o'clock on the following morning they were resumed, and the gun at Braunton Lighthouse was repeatedly fired. The wind was blowing fresh from the N.N.W., the weather was hazy, and there was a heavy ground sea. In reply to the signals the Appledore No. 1 Life-boat *Hope* was launched, proceeded in search of the vessel, and found her ashore on Saunton Sands. She proved to be the s.s. *Ranee*, of Bristol, bound from Torquay to Newport, in ballast. The Life-boat took off the engineer, his wife, two children, and a Newport pilot, and landed them at Appledore. The master and eleven men refused to leave the vessel.—Expense of service, 21*l*. 4*s*.

COMMITTEE MEETING, Oct. 6th, 1881.

Voted 127*l*. 4*s*. 6*d*. to pay the expenses of the Dungarvan, Broadstairs, Deal, Clacton-on-Sea, Cadgwith, Walmer, Scarborough, Peterhead, West Hartlepool No. 1, Palling No. 1, and Hythe Life-boats in assembling their crews or putting off in reply to signals of distress shown by vessels which did not ultimately need the aid of the Life-boats.

The Ramsgate and Lizard Life-boats had also been taken out, but their services had not eventually been required.

Oct. 14.—During a heavy gale from the W., at 9 A.M. signals of distress were reported at Holyhead to have been shown by two or three vessels anchored in dangerous positions in the bay. The Life-boat *Thomas Fielden* was launched, but the wind was so strong that she had to anchor and wait until a tug came to her. The tug tried for about an hour to put the boat alongside a schooner, but could not succeed, and eventually she had to drop down to the vessel under oars, and rescued the crew, consisting of four men. The vessel was the schooner *Golden Island*, from Belfast to Newport.—Expense of service, 15*l*. 4*s*.

Oct. 14.—The coxswain of the Burnham, Somersetshire, Life-boat saw the smack *Neath Trader*, of Newport, Mon.,

ashore off Burnham during a heavy gale from the W.N.W. at about 10 o'clock A.M. The vessel was full of water, and there were three men on the rigging signalling for assistance. The Life-boat *Cheltenham* was manned and put off to the vessel, took the crew from the rigging and brought them safely ashore. One of the rescued men was in a very exhausted condition, and two of the Life-boatmen had to go up the rigging to assist him to the Boat. The smack was bound from Newport to Highbridge with a cargo of coal.—Expense of service, 8*l.* 18*s.* 6*d.*

Oct. 14.—The Coastguard officer at Ballywalter, co. Down, gave information that a fishing-boat was in danger outside of Long Rock, and as the wind had increased to a perfect hurricane, and had veered round to the N.W. and North, the Life-boat *Admiral Henry Meynell* proceeded to her assistance, and brought her crew of two men ashore. Great difficulty was experienced in rendering this service; for a long time the Life-boatmen were unable to contend with the wind, and the Boat had to lie at anchor. Such a hurricane had not been known on this shore for many years.—Expense of service, 12*l.* 8*s.*

Oct. 14.—At 11 A.M. a messenger arrived on horseback at Moelfre, Anglesey, from Red Wharf, a distance of about four miles, stating that a fishing-boat, with three men on board, was caught in a violent storm, and that the men were in the utmost peril of losing their lives. The Moelfre Life-boat *Lady Vivian* was instantly launched, and reached the vessel just in time to save the men from a watery grave.—Expense of service, 7*l.* 12*s.*

Oct. 14.—At 11 A.M. it was reported at Torquay that the fishing smack *Black Cat*, of Paignton, was hanging on to her nets, in great danger, off that place, having been in that position since the commencement of the gale, which was then raging from the N. to N.W., and which was still increasing. The crew of the Torquay Life-boat, *Mary Brundret*, assembled, and the Life-boat proceeded to the smack, which she reached about 11.30, and found that her crew, consisting of two men, had been seventeen hours in their perilous position. Having cut adrift the nets and gear, the smack was towed into Brixham Harbour, and the men landed.

In returning from Brixham, the fury of

the gale appeared to be at its height, and the Life-boat was caught by a heavy squall when in the middle of the bay, and capsized; she immediately righted herself, and all the men were fortunately able to get on board, and returned to the Station in safety.—Expense of service, 17*l.* 8*s.*

Oct. 14.—About noon the schooner *Eulala*, of Dumfries, was seen to exhibit signals of distress while riding heavily in Ramsey Bay, Isle of Man. She had parted one anchor, and was drifting rapidly towards the rocks. The Ramsey Life-boat was immediately launched and proceeded to her. With considerable difficulty, and after sustaining serious damage, she succeeded in rescuing the vessel's crew of four men, but in consequence of her damaged condition she had to be beached some miles from her Station. The gale was blowing with terrific force, and there was a tremendous sea running. The Life-boatmen state that they never were out in worse weather.—Expense of service, 16*l.* 9*s.*

Oct. 14.—During a very heavy gale from the W.N.W., at about midday, a signal of distress was shown by the screw flat *Tal y fan*, of Liverpool, anchored in Porthdinllaen Bay, North Wales. The Life-boat *George Moore* went off to her and succeeded in taking off the crew, consisting of four men.—Expense of service, 7*l.* 18*s.* 6*d.*

Oct. 14.—At about 12.30 A.M. signals of distress were observed at Pembrey, Carmarthenshire, from the s.s. *Laura Fell*, of London. The wind was blowing a whole gale from the S.W., with thick rain and a very heavy sea. The signals were answered by the Coastguard, and the Pembrey Life-boat *Stanton Meyrick of Pimlico*, put off to the vessel, which was found to have stranded on the Middle Spit, and brought safely ashore her crew of seven men. At 5 o'clock the Life-boat again went out with a steam-tug, and, after much risk and hard work, brought the vessel, which was leaking very badly, into Llanelly.—Expense of service, 17*l.*

Oct. 14.—The Life-boat *Joseph Denman*, stationed at Penarth, Glamorgan-shire, put off to the aid of the barque *Febo*, of Genoa, which had exhibited signals of distress, having lost her fore and mainmasts, and having parted from

three chain cables. A steam-tug took the vessel in tow, and part of the Life-boat crew went on board the barque and helped to rig a jury mast on which sail might be set to ease the tow-ropes. The Life-boatmen also assisted to cut away the wreckage alongside, and the vessel was taken into dock. She carried a crew of fourteen men.

Oct. 14.—At 1 p.m. the brig *Maria*, of and from Hartlepool, bound to London with coal, having struck on Covehitheness Point, off the coast of Suffolk, and being in a sinking condition, made signals of distress, and ran on shore on the beach, four hundred yards south of Kessingland, Suffolk, where she became a total wreck. Her crew, consisting of six men, left in their own boat, and were drifting on the Newcome Sand, when they were rescued by the Kessingland No. 1 Life-boat, the *Bolton*.—Expense of service, 12*l.* 14*s.*

Oct. 14.—The schooner *Equity*, of Boston, bound from Newcastle to London, with firebricks and soda, signalled for assistance while off Aldborough, Suffolk, at 1 p.m., during a heavy gale and rough sea, and a beach yawl thereupon went to her aid. At 4 o'clock another signal was made, and the Life-boat *George Hounsfeld* proceeded to her, and remained by her during the night. At daylight on the following morning the Life-boat accompanied the schooner to Harwich. The vessel had a crew of seven men.

Oct. 14.—Signals of distress were seen flying from a ketch three miles N.E. of Winterton, Norfolk, during a severe storm and a very heavy sea, at about 2.30 p.m. The Winterton No. 2 Life-boat, the *Husband*, proceeded to the vessel, and found her to be the *Time*, of Goole, bound from London to Newcastle with wheat. The Life-boat took off the crew of four men, and brought them safely ashore. The vessel, which was leaking, and had lost her anchor, ultimately foundered.—Expense of service, 19*l.* 10*s.*

Oct. 14.—At 3 p.m., during stormy weather, the schooner *Breton*, of Fowey, was observed to be showing a signal of distress off Portmadoc, Carnarvonshire. The Life-boat *John Ashbury* was immediately manned, and by the time she was afloat the vessel had been beached at Criccieth. The Life-boat went alongside, and brought

her crew of five men ashore. The schooner had parted from her cable in St. Tudwall's Roads, and had lost her bowsprit and jibboom.—Expense of service, 8*l.*

Oct. 14.—At about 5 p.m., during a very heavy gale of wind, the Gull Lightship fired signals of distress, in response to which the Deal Life-boat *Mary Somerville* proceeded to the Goodwin Sands. The Ramsgate Life-boat *Bradford*, in tow of the harbour steam-tug *Vulcan*, also put off in reply to the signals. On arriving at the sands the ship *Ganges*, of London, was found ashore there, the sea breaking over her. The Life-boats remained near the vessel for some time, and eventually, as there was a probability that she would break up, the master and crew decided to abandon her. Fifteen men were therefore taken into the Ramsgate Life-boat, the remaining seventeen men were taken into the Deal Life-boat, and all were brought safely to land, arriving soon after 3 o'clock on the following morning.—Expense of Deal Life-boat service, 25*l.* 12*s.* 6*d.*

Oct. 14.—At about 5 p.m. the s.s. *Northumberland*, of Newcastle, ran into the bay at Newbiggin, Northumberland, for shelter during a very severe storm and very high sea. In reply to signals of distress shown by her, the Life-boat *William Hopkinson of Brighthouse* put off, placed two men on board, and brought her to an anchorage. As her anchor was not likely to hold, a kedge was run out, and the crew of four men were taken ashore for safety. The vessel fortunately rode out the storm, and her crew took her to the Tyne on the following morning, the weather having moderated. She was bound from Leith to Middlesbrough with iron railway plates.

Oct. 14.—At about 7 p.m. the *City of Worcester* Life-boat, stationed at Bembridge, Isle of Wight, put off to the assistance of the Norwegian brigantine *Skjold*, which had lost her masts and was drifting during a W. gale. A steam-tug had arrived at the vessel about half an hour before the Life-boat, and was taking her in tow for Cowes; the Life-boat therefore assisted in that work.—Expense of service, 5*l.* 5*s.*

Oct. 14.—The Clacton-on-Sea Life-boat *Albert Edward* put off at about 7.30 p.m., in reply to signals of distress, during a very strong N.W. wind and very rough sea. After cruising about for some

time the schooner *Ocean*, of Goole, was sighted ashore on the Maplin Sands; her sails were all adrift; she had lost two anchors and chains, and had five feet of water in her hold. Some of the Life-boat men boarded her, helped the crew of four men to pump the water out, and with the aid of a steam-tug she was brought to London on the following morning, the Life-boat accompanying her.

Oct. 14.—The *Albert Edward* Life-boat at Padstow, Cornwall, put off during a strong gale from the N.W., and a very heavy sea, and with great difficulty rescued the crew, consisting of four men, from the schooner *Favorite*, of Quimper, which had lost her sails and had stranded on the middle of the Doom bar. The weather afterwards moderated, and on the next tide the vessel beat over the sand.—Expense of service, 6*l.* 16*s.*

Oct. 14.—During a heavy gale from the S.W. and a rough sea, the *Boys of England* Life-boat stationed at Southend, Essex, rescued the crews, consisting of four men in all, from the distressed barges *Butcher* and *Maria*, of Rochester. The barges were bound from Leigh to London with straw. The Life-boat afterwards rendered some assistance in towing the barge *Violet*, which had been aground on the Maplin Sands, and had been abandoned by her crew.—Expense of service, 14*l.* 1*s.*

Oct. 14.—The schooner *William*, of Dublin, bound from Swansea to Ardrossan with a cargo of coal, and having a crew of five men, sought shelter in Skerries Bay, co. Dublin, from stress of weather, the wind at the time blowing a whole gale from the N.W. The weather having moderated, three of the crew came ashore; but the wind afterwards increased, and the vessel then made for the harbour, but was blown beyond the point of shelter and stranded. The sea was washing over her, and the two men on board her being in great peril a rocket was fired over her, and the line placed on board; but the men were unacquainted with its use, and the *Laura Platt* Life-boat, stationed at Skerries, therefore proceeded to the schooner, and brought the two men safely ashore.—Expense of service, 7*l.* 12*s.* 6*d.*

Oct. 14.—The barque *Margaret*, of Belfast, was endeavouring to enter that port during a very strong gale from the N.N.W. and a very heavy sea at about

12.30 P.M. on the 14th October. She was taken in tow by a steam-tug, but the hawser broke, and the vessel was run into Bangor Bay, where she struck on the sand. The *Florence* Life-boat, stationed at Groomsport, was taken by land to Bangor, where she was launched, and proceeded to the vessel and succeeded in bringing safely ashore the crew of fifteen men. The barque was bound from Quebec to Belfast with a cargo of timber.—Expense of service, 13*l.* 5*s.*

Oct. 15.—At 8 o'clock in the morning, signals of distress were shown from the Norwegian brigantine *Julische*, which had stranded on the Goodwin Sands, and become water-logged. The Kingsdowne Life-boat put off to her assistance, but about twenty minutes before the Life-boat arrived at the wreck, a vessel was seen to lower her boats and take the crew off. The Life-boat remained by the wreck, and, with the assistance of a lugger and a steam-tug, took her into Dover Harbour.

Oct. 15.—While the wind was blowing very hard from the N.N.E., a telegram was received from the chief officer of Coast-guard at Port Gordon, about two miles to the westward of Buckie, N.B., stating that a vessel, flying signals of distress, was drifting ashore there. The Buckie Life-boat *James Sturm* was at once despatched to the spot by land, and on arriving there was successfully launched through a heavy surf and head wind, and was instrumental in saving the crew of four men from the vessel, which proved to be the ketch *Equestrian*, of Banff, bound from Dingwall to Leven. She had shipped a sea off Lossiemouth, her ballast had shifted, her sails had been blown away, and she was on her beam ends.—Expense of service, 8*l.* 15*s.*

Oct. 19.—A ketch was seen in the offing at Padstow, Cornwall, during a strong gale from the S.E., at about 11 A.M. on the 19th October, trying to make the harbour. She had lost her sails and was otherwise disabled. She let go her anchors about a mile below Stepper Point, in a perilous position. At about 7 P.M. it was considered advisable that the Life-boat should proceed to her; the *Albert Edward* was accordingly launched, and after an hour and a half's pull succeeded in reaching her, and brought her crew of three men safely

ashore. She proved to be the ketch *Two Brothers*, of Bridgwater, from Newport to Boscastle, with coal.—Expense of service, 13*l.* 6*s.*

Oct. 19.—The *Christopher Ludlow* Life-boat, stationed at Dungarvan, Ireland, put off in reply to signals of distress shown by the schooner *Dorothy and Mary*, of Newcastle, which was labouring heavily on the bar during a strong E.S.E. gale. With great difficulty the vessel was got off the bar and taken to a place of safety. She was bound from Newcastle to Youghal, with coal, and carried a crew of four men.—Expense of service, 4*l.* 2*s.*

Oct. 20.—During a severe gale the barque *Lebu*, of Liverpool, at anchor about five miles from Douglas Head, hoisted signals of distress, in response to which the Douglas No. 2 Life-boat, the *John Turner Turner*, was at once launched. After some time she was approaching the vessel, when the signal was lowered, and the Boat returned to the harbour, where she grounded. Soon afterwards the distress signal was again hoisted, and the No. 1 Life-boat, the *Manchester and Salford Sunday Schools*, was thereupon launched. After remaining some time by the barque, those on board, numbering fourteen men and two women, were taken into the Boat, which then proceeded towards the harbour.

As she did not make much progress under oars, the men being hampered by the numbers in her, she was put under her foresail, which was double-reefed, and the drogue was used; but thinking that it kept the Boat back too much, it was taken in, and the Life-boat was allowed to run before the sea. They were within a mile of Douglas when a very heavy sea overtook them, raised the stern of the Boat, and buried her port bow, causing her to broach to and capsize, when all on board were thrown into the water. She speedily righted, and nine of her crew, seven sailors, and the two women, regained her; but before the oars could be got out she drifted some distance in the darkness, and could not be pulled to windward to the assistance of the others, who were unfortunately drowned, viz., four Life-boatmen, the master, and six of the crew of the barque.

Voted the sum of 400*l.* in aid of the local subscription for the relief of the widows and families of the drowned Life-boatmen, in addition to an extra reward,

amounting altogether to 32*l.* 5*s.*, to the crew of the Boat.

It will be seen that the real cause of this unfortunate accident arose from the Life-boat being struck by a heavy broken sea on her starboard quarter when running before the wind and sea, which forced her lee bow under water, the Boat being heavily laden at the time, on a dark night, when the approach of the waves could not be seen until almost the moment of impact, a combination of causes amply sufficient to account for the disaster. Unfortunately this Life-boat is much the smaller of the two stationed at Douglas, and, undoubtedly, if the master of the *Lebu* had not hauled down his signal of distress, on seeing the first and larger Life-boat on her way in reply to the same, he and his crew would have been safely landed in her before night set in.

Oct. 20.—The barque *Iron Crown*, of Liverpool, while entering Tynemouth, Northumberland, about midnight, in a tremendous gale from E.S.E. to E. and a very high sea, became unmanageable near the pier ends, and, after narrowly escaping collision with the advanced staging of the south pier, she was driven over to the north and struck the ground outside Tynemouth Haven. Her anchor had been let go before striking. Rockets were fired from the pier, by which four of the crew were with much difficulty landed. In the meantime the *Charles Dibdin* Life-boat was launched, and although she was driven back three times by the seas, she at length reached the vessel and brought ashore seventeen persons, including the captain's wife. It was afterwards discovered that one of the crew had been left on board, and the Life-boat therefore went off again to the vessel, and brought him ashore.—Expense of services, 35*l.* 3*s.* 6*d.*

Oct. 21.—During a strong E. wind, with a heavy sea, a vessel was seen to drive on the beach at Eccles, Norfolk. The No. 1 Life-boat, stationed at Palling, was promptly taken to the scene of the wreck, and succeeded in rescuing the master, the crew having been previously landed by the rocket apparatus. The vessel proved to be the Swedish barquette *Maria*, of Gothenburg, from Hernosand to Trouville, with a cargo of deals.—Expense of service, 25*l.* 5*s.*

Oct. 22.—At about 5 p.m. on the 21st October, the barque *Gustava*, of Laurvig, Norway, bound from Cardiff to the Baltic via Cork, with coal, was seen standing in for Ballycotton Sound, co. Cork. A pilot went off to her in a whale-boat, guided her through the Sound, and brought her to an anchor. The master and crew remained on board, but the wind and sea increasing, they showed signals of distress, in reply to which the Ballycotton Life-boat *Oliver Goldsmith* put off to her at about seven o'clock on the following morning, and brought her crew of eleven men ashore.—Expense of service, 9*l.* 6*s.*

Oct. 22.—The *Clara Baker* Life-boat stationed at Howth, co. Dublin, with much difficulty rescued the crew, numbering sixteen men, of the ship *George H. Oulton*, of St. John, N.B., which had stranded near Sutton during a whole gale from the E.S.E. and a heavy sea.—Expense of service, 26*l.* 12*s.*

Oct. 22.—The schooner *Florence*, of Belfast, bound to that port from Cardiff with coal, was seen to be running for Dundrum Bay, apparently in distress, during a strong E.S.E. gale and a heavy sea, at about 7.30 A.M. on the 22nd October. The *Farney* Life-boat stationed at Newcastle, co. Down, proceeded to her assistance, and rescued the crew, consisting of five men. The vessel had been entirely disabled through loss of sails.—Expense of service, 14*l.* 6*s.*

Oct. 23.—A flash light was observed from a vessel ashore on the Knock Sands off the Lincolnshire coast. The *Herbert Ingram* Life-boat at Skegness was launched as soon as possible, the wind blowing a strong gale from the S.S.E. at the time, accompanied by a very heavy sea. The Life-boat filled three times, two of her oars were broken, and she was driven ashore about two miles south of her station. She was again got on her carriage, and was taken by land abreast of the vessel and again launched, three extra men double-manning the central oars, and succeeded in bringing safely ashore the shipwrecked crew, consisting of ten men. The vessel proved to be the barque *Lom*, of Hudiksvall, Sweden, bound thence to Bilbao, with deals and boards.—Expense of service, 26*l.* 18*s.*

Oct. 23.—At half-past four in the morning, a coastguardman, on the look-

out near Clacton, saw a signal rocket fired from the Gunfleet Floating Lightship, which told of a wreck on the Gunfleet Sand and asked for a Life-boat's aid. He at once ran for the Clacton Life-boat *Albert Edward*, and the crew were got together, and the boat was run down to the beach. The wind and tide were both dead against the boat, which had only oars and sail to propel it, but a steamer was sighted, which proved to be the *Consett*, of Sunderland, whose captain kindly towed them as close to the Sands as he could with safety to his own ship, when he let them go, and they took to their oars. When within about twenty yards of the wreck, on the weather side, they dropped anchor; but a huge roller coming, lifted the wreck, and carried it further on to the sand. They were obliged, therefore, to pay out more cable, and were just successful in making connection by a line with the wreck when another roller lifted it and carried it quite out of reach. They had paid out all their cable, and it was therefore a question whether they should abandon the wreck or voluntarily encounter one of the greatest dangers to which a Life-boat is liable—viz. that of destruction by boarding on the windward side, and the crew unanimously, and with a ready courage which is beyond all praise, determined to risk this, in order to attempt the rescue of the foreigners. They therefore let go the cable, and the next roller cast their boat right on to the deck of the vessel, which proved to be the *Madeleine*, of Boulogne, a new steam fishing vessel, with a crew of sixteen hands. After some buffeting, breaking their rudder and an oar, and otherwise damaging their tackle, they were enabled to make fast to the side of the wreck, and the Frenchmen one by one jumped, fell, or were pulled into the boat. One poor boy, starved with the cold wind and drenching spray, fell into the sea, but was rescued with a boat-hook; and one of the men, falling into the sea, just managed to seize the fortunately long beard of one of the crew, and was actually sustained and partly pulled into the boat by this means. The result was that the whole of the sixteen were safely brought to land.—Expense of service, 22*l.* 10*s.*

Oct. 23.—At about 9 A.M., the barque *Lydia*, of Grimstad, bound from Arendal to Cardiff with pit props, stranded on

Burnham Flats, Norfolk. The *Lily Bird* Life-boat, stationed at Brancaster, proceeded to her, and found that she had 8 feet of water in her hold, had lost her main topmast, and was in a very dangerous position, her rudder also had been much damaged. The Life-boat remained by her some time, and ultimately, as the water was increasing, took off the crew of fourteen men.—Expense of service, 10*l.* 5*s.*

Oct. 23.—The Life-boat *Commercial Traveller*, stationed at Castletown, Isle of Man, brought safely ashore the crew of three men of the schooner *Gleaner*, of Preston, which had lost her rudder and had been otherwise injured.—Expense of service, 7*l.* 19*s.*

Oct. 23.—The Harwich Life-boat *Springwell* saved the crew of twelve men of the barque *Iris*, of Gefle, Sweden, which had stranded on the Cork Sand, during a strong wind and a heavy sea. The Life-boatmen afterwards rendered assistance in saving the vessel.

Oct. 24.—During a N.E. gale and a heavy sea, the schooner *Louise*, of Fredericksstadt, bound thence to Newcastle with barrel staves, drove ashore on the West Sands, St. Andrew's, N.B., and became a total wreck. The *Ladies' Own* Life-boat put off to her and rescued the crew, consisting of five men.—Expense of service, 19*l.* 1*s.* 6*d.*

Oct. 30.—During a strong wind from the N.E. with a heavy sea, signals of distress were shown by the schooner *Ewart*, of Aland, Finland. The Palling No. 1 Life-boat was at once launched, proceeded to the vessel, and found that she had been ashore on the Hasborough Sands, and had drifted off with loss of rudder and chain, and was full of water. The Life-boat remained by her some time, and eventually a steam-tug arrived, and the vessel was taken into Yarmouth.

Nov. 1.—At 8.45 A.M. a message was received at Poolbeg, Co. Dublin, from the Clontarf Coastguard Station, stating that there were eleven riggers on board the ship *George H. Oulton*, which had stranded on the North Bull, off Clontarf. There was a heavy surf at the time, and the men were in great danger, having been in the rigging of the ship all night. The *Poolbeg* Life-boat was launched, towed by a steam-tug to the vessel, and with great difficulty rescued the eleven men and

took them to Dublin. Expense of service, 7*l.* 13*s.*

Nov. 3.—The sloop *Aurora*, of Boston, bound from that port to Newcastle with a cargo of wheat, while entering Tynemouth Harbour during a heavy sea, at about 5.30 P.M., struck on the Black Middens. The Tynemouth No. 2 Life-boat *Forester* was quickly launched, proceeded to the vessel and succeeded in saving her crew, consisting of three men. The sloop shortly afterwards became a total wreck.—Expense of service, 20*l.* 15*s.*

COMMITTEE MEETING, Nov. 3, 1881.

Voted 284*l.* 8*s.* 6*d.* to pay the expenses of the Hythe, Braunton, Giles' Quay, Banff, Hornsea, Padstow, Pakefield No. 1, Plymouth, Poolbeg, Saltburn, Swansea, Brancaster, St. Anne's, Donna Nook, Cresswell, Montrose, Thorpe, Blackrock (Dundalk), Arbroath, Ardmore, Broughty Ferry, Moray Firth, Douglas No. 2, and Skerries Life-boats, in assembling their crews, or putting off in reply to signals of distress exhibited by vessels which had not eventually require the services of the Life-boats.

The Ramsgate Life-boat had also been taken out, but her services had not been ultimately needed.

Voted the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to Mr. JOHN BROWN, coxswain of the Newbiggin Life-boat, in recognition of his long and gallant services in the Life-boat, and particularly on the occasion of the rescue of the crew of four men from the s.s. *Northumberland*, of Newcastle, during a very heavy gale, on the 14th October.

Also the Silver Medal of the Institution, and a copy of the vote inscribed on vellum, to Mr. ROBERT LEGGERTON, Coxswain of the Clacton Life-boat, in recognition of his general gallant services, and particularly on the occasion of the rescue, by the Life-boat, of the crew of sixteen men of the lugger *Madeleine*, of Boulogne, which was wrecked on the Gunfleet Sands on the 23rd October.

Also the thanks of the Institution, inscribed on vellum, to Captain H. M. Todd, master of the s.s. *Conssett*, of Sunderland, in acknowledgment of his valuable and prompt services in towing for several

hours the Clacton Life-boat on the last-mentioned occasion, thus contributing, by his timely help, to the rescue of the lugger's crew.

Nov. 4.—The *May* Life-boat, stationed at Buddon Ness, Dundee, proceeded in tow of a steam-tug to the aid of the three-masted lugger *Frances Marie*, of Nantes, which had stranded on the Abertay Sands during a strong S.E. gale and a heavy sea. With considerable difficulty, owing to the low state of the tide and the terrific sea on the bank, the Life-boat reached the vessel, over which the sea was making a complete breach, and took off her crew of five men. One of the men was washed away from the rigging and fell into the water, but he was speedily rescued by the Life-boat. Immediately afterwards the apprentice boy was washed away from the rigging, and while swimming was dashed several times against the main-yard of the lugger, which had fallen across her deck, and from the effect of his previous exposure in the rigging and the blows he received, he immediately sank, but was got on board the Life-boat with the aid of a boat-hook; unfortunately, however, he never rallied, being apparently lifeless when picked up. In rescuing the boy the Life-boat was driven some distance away from the wreck, and the remaining two men on board had to be hauled by means of ropes from the vessel to the Life-boat. This was safely accomplished, and the men were landed at about 11.30 A.M. The vessel became a total wreck.—Expense of service, 9*l.* 15*s.*

Nov. 4.—The barque *Sans Georg*, of Rostock, Germany, bound from Gefle, Sweden, to Hull, with a cargo of iron and wood, went on the rocks at Whitburgh Point, four miles W. of Dunbar. The Dunbar Life-boat *Wallace* put off, and a fishing-boat which was near also proceeded to the distressed vessel, and with their joint help the vessel's crew of twelve men were safely landed. The vessel was waterlogged, and her crew were much exhausted, having been at work at the pumps for many hours.—Expense of service, 8*l.*

Nov. 4.—In reply to signals of distress, the Seaton Carew Life-boat *Job Hindley* went out, and found the s.s. *Germania*, of Hamburg, in a dangerous position on the North Gare. Part of the Life-boat crew went on board the steamer, and the boat

then took out an anchor and hawser towards the channel, by which means the vessel, after beating heavily on the sand, was got into deep water and proceeded to Middlesborough. She was bound from Hamburg to Middlesborough, in ballast, and had on board a crew of sixteen men and a pilot.

Nov. 4.—A steamer was observed making signals of distress on the Horse Bank, near Southport, at about 3 P.M. The Life-boat *Eliza Fernley*, stationed at Southport, was launched and went alongside the steamer, which proved to be the *Glenwilliam*, of Barrow, bound from Seville to Liverpool, with 400 tons of copper ore. The Life-boat remained by her until midnight, when, after throwing overboard about 40 tons of the cargo, she got off into deep water, and the boat then returned to her station.

Nov. 16.—In reply to signals of distress the Caister No. 1 Life-boat the *Covent Garden*, went out and found the fishing dandy *Scud*, of Yarmouth, on the Barber Sand. The vessel was on her beam ends, and under water except her two masts, part of her crew being on the foremast, and part on the mizen. Having effected communication with the vessel by means of the Life-boat's tow-rope, heaving lines were thrown and three men were rescued from the foremast. Then with great difficulty, on account of the broken spars and sea, the boat was hauled to the mizenmast, and succeeded in taking off the remaining six men, losing all her heaving lines in effecting the rescue. The men had to be hauled through the sea up to their armpits in water and were much exhausted when rescued. When the vessel first struck, her boat was washed round from her stern on to her deck. Three of the crew got into it and the next sea washed it away; fortunately they succeeded in getting on board the Cockle Lightship.—Expense of service, 35*l.*

Nov. 16.—The smack *Young Henry*, of Yarmouth, stranded on the Barber Sand, during a strong S.W. breeze. A yawl was launched and proceeded to the vessel, and the master having engaged the services of the beachmen to get her off, an anchor was laid out. As the day wore on the wind and sea increased, and as the yawl was then unable to get alongside the smack, she signalled for the Caister

small Life-boat the *Godsend*, to come to her assistance so as to ensure the safety of the crew and beachmen on board the smack. The Life-boat was thereupon launched, sailed to the sand and remained by the vessel until she floated.

Nov. 19.—About 9 P.M., the fishing smack *James Innes*, of St. Monance, Fife, went ashore on the Bondicarr Rocks, during stormy weather. The Life-boat *Algernon and Eleanor*, stationed at Hauxley, Northumberland, proceeded to her assistance, and rescued the crew consisting of six men.—Expense of service, 20*l.* 12*s.* 6*d.*

Nov. 20.—At about 5 P.M., during a fresh gale from the S.S.W., a small s.s. the *Retriever*, of Montrose, arrived off the Bar of Arbroath, the tide being then five hours ebb and a strong sea running. The master and two of the crew attempted to land in their small boat. It being dark this was unobserved from the shore; but at about 5.45 cries were heard in the direction of the rocks eastward of the bar by some fishermen, who proceeded to the spot and found one man clinging to the boat which had capsized on the bar, the master and one man having been drowned. Only one man had been left on board the vessel and an attempt was thereupon made to go off to her by one of the fishing-boats, but the sea was so heavy that she had to return to the harbour. The Arbroath Life-boat the *People's Journal*, No. 2, was then manned and went off to the vessel; two of the Life-boatmen were put on board and took her safely to Montrose, for which port she was bound.

Nov. 21.—At 9.30 P.M., during a whole gale from the S.W., the s.s. *Darragh Beg*, of Douglas, got her screw foul of a portion of a chain belonging to a sunken schooner in Douglas Bay. Signals were shown from the steamer and the Douglas No. 2 Life-boat, the *John Turner Turner*, was despatched to her assistance and succeeded in taking off her crew consisting of three men. The steamer, which had been engaged by the Harbour Commissioners and was acting as a lightship for a wreck, subsequently became a total wreck on the North side of the Bay.—Expense of service, 16*l.*

Nov. 21.—The Palling No. 2 Life-boat, the *British Workman*, with the aid of a steam-tug and a yawl, succeeded in getting

the barque *August*, of Sundsvall, Sweden, afloat when she stranded on the Hasborough Sands, during a fresh S.W. breeze and a heavy sea. The Life-boat and steam-tug afterwards proceeded to Yarmouth with the vessel, which was bound from Sundsvall to London, with a cargo of wood, and carried a crew of sixteen men.

Nov. 21.—The Selsey Life-boat *Four Sisters*, rescued the crew, consisting of nine persons, from the brig *Ocean Monarch*, of Guernsey, which had stranded on the Middle Bank, Selsey, during a gale of wind and a very high sea, the weather at the time being thick with rain. The vessel was bound from Shields to Plymouth, with coal.—Expense of service, 6*l.* 18*s.* 6*d.*

Nov. 22.—A vessel was seen making for Ayr Harbour. As she approached, it became evident that she was quite unmanageable, and when within half a mile she suddenly sank, and with the force of the gale was driven on the North Beach. She proved to be the brigantine *J. W. Harris*, of Dublin, bound from Troon to Dublin with a cargo of coal. The Ayr Life-boat *Glasgow Workman*, was launched and proceeded out in tow of the stronger of the two harbour steam-tugs; but after several ineffectual attempts to reach the wreck they had to return to the harbour. In one of these attempts four of the Life-boat crew were thrown out, three of them were picked up by the Life-boat, and the other swam to the wreck. A second crew then manned the Life-boat, succeeded in reaching the wreck, and took off the three survivors of the crew. On being landed these men were taken to Ayr Hospital; one of them died shortly after being admitted, but the others recovered. The Life-boatman was also brought ashore. Two of the vessel's crew had been washed overboard and drowned when nearing the harbour, and another got entangled about the wreckage and was drowned.—Expense of service, 15*l.* 19*s.* 2*d.*

Nov. 22.—During a storm from the W.S.W., six schooners lying in Holy Island Harbour dragged their anchors and went ashore. Two of them—the *Lizzie*, of Fowey, and the *Pursuit*, of London,—fouled each other, and the former vessel being in much danger, her crew left her and got on board the other vessel. Signals were then shown, in

response to which the Holy Island No. 1 Life-boat, the *Grace Darling*, was launched; but she was driven ashore. She was, however, launched a second time; went alongside the two schooners, and took the crew of the *Lizzie* back to their own vessel.

Nov. 22.—The Orme's Head Life-boat *Sisters' Memorial* went out, in a very heavy sea, to the aid of the smack *Ellen*. Finding nobody on board the vessel, the Life-boat took charge of her, and at considerable risk succeeded in taking her safely to Rhos Bay.

Nov. 22.—A message was received at Peterhead that a vessel was stranded about two miles to the S. of Rattary Head. The *People's Journal* No. 1 Life-boat, stationed at Peterhead, was launched, proceeded to the vessel, and with great difficulty got alongside. The crew, consisting of twelve men and a pilot, were then taken into the Life-boat one at a time, by means of a line, and safely landed at Peterhead. The barque proved to be the *Excelsior*, of Laurvig, Norway, bound from South Carolina to Bo'ness, with a cargo of phosphates.—Expense of service, 10l. 13s.

Nov. 22.—During a severe gale of wind from the W. the schooner *Cambria*, of Thurso, lying in Scrabster Roads, dragged her anchors. The Thurso Life-boat *Charley Lloyd* put off, and brought ashore the two men who were on board the vessel.—Expense of service, 7l.

Nov. 22.—The brigantine *Flora*, of Swansea, bound from Dublin to Liverpool, in ballast, running for Troon Harbour, drifted into the North Bay. The Troon Life-boat *Mary Sinclair* went to her assistance, took off her crew, five in number, and brought them safely ashore. The vessel rode out the gale, and on the following day, the storm having abated, the Life-boat put the men on board her again, and she was towed into the harbour.—Expense of service, 13l.

Nov. 22.—At 9 p.m. the signal guns were fired for the Douglas Life-boat to proceed to the assistance of the s.s. *Shannon*, of Liverpool, which had previously been towed into the Bay by another steamer. The Douglas No. 2 Life-boat, the *John Turner Turner*, accordingly went to her aid, and found that she had three feet of water in her engine rooms, that she was dragging her anchors and drifting

towards Connister Rock. The Life-boat stood by her for about an hour, when, having got up sufficient steam to make way, she slipped her anchor, and was piloted into the harbour by the Life-boat.—Expense of service, 13l.

Nov. 24.—The Penzance Life-boat *Richard Lewis* went out at about 6.40 p.m., in response to signals of distress exhibited by the barque *Pampero*, of Swansea, which had been disabled and had anchored in a dangerous position to prevent total loss by driving ashore. The wind was blowing from the S.W., with a heavy ground sea. Signals were shown for a tug; and at the master's request the Life-boat also proceeded ashore to procure the services of a steamer, and soon afterwards returned with the steam-tug *Queen of the Bay*. A hawser having been conveyed from the tug to the barque, the anchor and cable were slipped, and the vessel was towed to Falmouth by the steamer, the Life-boat returning to her station, which was reached at 2 o'clock on the following morning. The barque had a crew of fourteen men.

Nov. 26.—During a very heavy gale from the S.S.W., with rain and a high sea, the Ramsgate Life-boat *Bradford* and steam-tug *Vulcan* went out in reply to signals of distress, and took the brig *Innis Fail*, of Dublin, and her crew of eight men, safely into Ramsgate Harbour.

Nov. 27.—The Dutch barque *Baron Van Pallandt*, laden with teak, from Moulmein to Liverpool, parted both her cables and went ashore broadside on in Batten Bay. The Life-boat *Clemency*, stationed at Plymouth, was launched and proceeded to the vessel, but the crew refused to leave her. The Life-boat remained by her until a Government tug came and tried to pass a hawser to the stranded vessel, but failed to do so, the hawser being too short. After waiting some time, eleven of the crew with their effects were taken off by the Life-boat, transferred to the tug, and landed. The captain and two men, who had remained on board, landed in their own boat at low water.—Expense of service, 6l. 9s. 6d.

Nov. 27.—While a heavy gale was blowing from the W., with fierce squalls and a heavy sea, the Ramsgate Life-boat *Bradford*, and steam-tug *Vulcan*, proceeded to the assistance of the schooner *Albion*, of Southampton, and rescued four men who were on board her. The vessel stranded

on the Goodwin Sands, and became a total wreck.

Nov. 27.—The barque *Excelsior*, of Hamburg, bound from Rangoon to Scilly for orders with rice, was riding at anchor in St. Mary's Bay, Scilly, during a strong gale of wind from the W. and a heavy sea. At about 3.30 P.M. she showed signals of distress, in response to which the *Henry Dundas* Life-boat, stationed at Scilly, proceeded to her, and found that she had parted two cables and was then dragging her spare anchor, which had been let go. The anchor was afterwards slipped, and the vessel was run over Crow Bar on to Cruther's Point, St. Martin's. Two pilot gigs also boarded the vessel. The Life-boat remained by her during the night and returned to her station at 8 o'clock on the following morning, having been absent sixteen hours.

Nov. 28.—In reply to signals, the Bembridge Life-boat *City of Worcester* put off and found the barque *Caduceus*, of North Shields, on the Chichester Folds. She was full of water, and her masts had been cut away, the stump of the mizen only being left, round which the crew had gathered for security, as the sea was breaking over the vessel fore and aft, and threatening to wash them overboard at any moment. The men, 10 in number, were taken into the Life-boat and brought safely ashore. — Expense of service, 16*l.* 5*s.* 6*d.*

Nov. 30.—The *City of Dublin* Life-boat, stationed at Courtmacsherry, Co. Cork, put off to the aid of the steamer *Glen-Devon*, which had a signal of distress flying while at anchor on a dangerous lee shore at the Seven Heads. The weather was moderating after a very heavy gale, but a tremendous sea was running. After three hours' hard pulling the Life-boat reached the steamer and found that her engines and screw had been disabled. At the master's request the Life-boat returned ashore and telegraphed for a tug to proceed to the vessel.

COMMITTEE MEETINGS, Dec. 1—31, 1881.

Voted 539*l.* 0*s.* 4*d.* to pay the expenses of the Broughty Ferry, Holy Island, St. Andrew's, Holyhead, Maryport, Penmon, Newhaven, Kingstown, Winterton No. 2, Ramsey, Ardrossan,

Caister No. 1, Hayling Island, and other Life-boats in either assembling their crews or putting off in reply to signals of distress shown by vessels which did not ultimately need the assistance of the Life-boats.

Also the Silver Medal of the Institution to Lieut. A. J. LINDSAY, R.A., in acknowledgment of his prompt and gallant conduct in volunteering his services and forming one of the crew of the Poolbeg Life-boat when that Boat put off with the view of rendering assistance to the crew of the ship *George H. Oulton*, of St. John, N.B., which had stranded on the North Bull, Clontarf, on the 22nd October.

Also the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to Mr. H. WILLIAMS, coxswain of the Kingstown Life-boat, in recognition of his long and gallant services in the Life-boat, and particularly at the wreck of the ship *George H. Oulton*, of St. John, N.B., during a heavy gale from the S.E. on the 31st October.

Dec. 6.—The Life-boat *John Abbott*, stationed at Bridlington, Yorkshire, brought safely ashore the crew of 2 men from the sloop *New Eagle*, of Grimsby, which had lost all her sails, during a gale of wind from the S.W. The sloop, which was on a voyage from Hartlepool to Burnham with coal, was afterwards taken into Bridlington Harbour.—Expense of service, 19*l.*

Dec. 6.—The schooner *Reine de Cœur*, of Nantes, bound from Glasgow to Redon, France, put into Douglas Bay for shelter during a moderate gale of wind from the S.S.W. and a heavy sea. When rounding the Battery Pier she missed stays. The anchor was let go, but not soon enough to prevent her drifting on to Connister Rock. Cries of distress were heard from the vessel and signal guns were fired for the Life-boat. The Douglas No. 2 Life-boat *John Turner* was immediately despatched to her assistance, and succeeded in saving the crew of 6 men. The schooner went to pieces about an hour after the men had been taken off.—Expense of service, 12*l.*

Dec. 9.—During a strong S.W. wind and a very heavy sea the Dover Life-boat *Henry William Pickersgill*, R.A., put off to the aid of the barque *Chin Chin*, of Jersey, which had missed stays and gone ashore at the South Foreland. With great

risk, owing to the spars and wreckage floating near the barque, the Life-boat succeeded in rescuing the 5 men on board the vessel, five of her crew having previously landed at low water. Soon after the Life-boat had left her, the vessel's masts fell overboard, and she became a total wreck. The Dover Harbour Tug *Granville* rendered valuable service in assisting the Life-boat to accomplish this rescue.—Expense of service, 10*l.* 17*s.*

Dec. 13.—At 11 p.m. it was reported that a vessel was ashore at Briardean, Northumberland, and that she was burning a tar barrel as a signal of distress. The Cullercoats Life-boat *Palmerston* proceeded to her and found that she was the brig *Arica*, of Whitby. She had been abandoned, and was on fire, the flames from the tar-barrel having set the galley on fire. Some of the Life-boatmen were therefore put on board the vessel and extinguished the flames, thus saving the vessel and her cargo of timber from destruction. They also ran out a kedge to keep the vessel from driving further on the rocks, and then returned to their station. Subsequently the Life-boat again proceeded to the stranded brig, and with the help of some steamers she was taken to Shields.

Dec. 15.—Large flares having been seen in the direction of the Barber Lightship, and rockets and guns having also been fired, the Caister No. 2 Life-boat the *Godsend* proceeded to the Barber Sand, and found the brigantine *Menodora*, of Hartlepool, ashore there. A fresh breeze was blowing from the S. at the time, and there was a nasty sea on the sand. The Life-boat remained by the vessel until the tide flowed, when she filled, and her crew, 6 in number, were taken into the Life-boat. The vessel afterwards drove off the sand and sank in deep water.

Dec. 16.—A French chasse marée, the *St. Anne*, bound to Rye, Sussex, with a cargo of potatoes, took the ground while trying to make Rye Harbour during a strong gale of wind and a heavy sea. The Rye Life-boat *Mary Stanford* proceeded to her assistance, and brought ashore the pilot and the crew of six men. One of the Life-boatmen was washed overboard from the Boat by a heavy sea, and another man, in attempting to board the vessel, fell into the water, but both men were

fortunately rescued.—Expense of service, 20*l.* 10*s.*

Dec. 16.—The brig *Athalia*, of Hartlepool, bound from Gefle, Sweden, to Rochester, with bar iron, deals, and battens, ran ashore off Waxholme, Yorkshire, during a S. by E. wind and a moderate sea. The Life-boat *Admiral Rous*, stationed at Withernsea, went to her assistance, and remained by her until two steam-tugs arrived and towed her off.

Dec. 17.—The Harwich Life-boat *Springwell* was launched in reply to signals of distress, and proceeded in tow of a steam-tug to the Long Sand Head, where she found the barge *Olive Branch*, of Harwich, in a disabled condition, having lost all her sails, and leaking badly. Some of the Life-boatmen went on board her, and with the aid of the steamer she was taken to Harwich. She carried a crew of three men. A gale of wind was blowing at the time from the S.S.W., accompanied by a heavy sea.

Dec. 17.—The three-masted schooner *Constance*, of Swansea, bound from Newport to Santander, with coal, while making for Hayle, Cornwall, during a gale from the W., became unmanageable in crossing the bar, and grounded on the eastern side. The Hayle Life-boat *Isis* went to her aid, and brought ashore nine men and a pilot who were on board her.—Expense of service, 7*l.* 4*s.*

Dec. 18.—The Caister No. 2 Life-boat *Godsend*, with the aid of a steam-tug, took safely into Yarmouth Harbour the brigantine *Fidèle*, of Marstrand, Sweden, which had lost an anchor and chain, and had had her sails blown away during a gale of wind from the W. The vessel was on a voyage from Gothenburg to Yarmouth, with deals, and had a crew of six men.

Dec. 18.—During a strong gale from the W.N.W. the *Albert Edward* Life-boat, stationed at Padstow, Cornwall, proceeded to the assistance of the barque *Milka*, of Fiume, Italy, which had been disabled, and was in a perilous position owing to the heavy sea then running. The Life-boatmen, by means of signalling, directed the vessel round the points, and afterwards remained by her until a steam-tug arrived to tow her into a place of safety. She was bound from Cardiff to Venice, with a cargo of coal.—Expense of service, 6*l.* 16*s.*

SHORE-BOAT SERVICES REWARDED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION IN 1881.

Jan. 6, 1881.—Voted the Silver Medal of the Institution, and a copy of the vote inscribed on vellum, to Mr. HENRY SMITH, pilot, of Gloucester, and 1*l.* to his mate, for saving the owner, and two persons on board the yacht *Foam*, which was in a dangerous position in Cardiff Grounds, in a gale of wind and very heavy sea, on the 7th August.

Also the thanks of the Institution to Lieut. G. W. SPANKIE, Royal North Down Rifles, in acknowledgment of his services in swimming out to sea and assisting to rescue the crew, consisting of eight men, of the Norwegian brig *Olaf Kyrre*, which was wrecked in Dundrum Bay on the 28th November.

Also the thanks of the Institution and 2*l.* to JOHN REES, fireman of the steam-tug *Earl of Windsor*, for putting off in the steamer's punt, with only one oar, and at much risk saving the master of the smack *Unity*, of Bideford, which had been in collision with the steamer, and had sunk about two miles from the Breaksea Lightship, in the Bristol Channel, during a fresh S.W. gale, on the 16th November.

Also 5*l.* to five Coastguardmen of Ringsend, Co. Dublin, for putting off in a boat, and, at much risk, saving four men who had been caught in a gale while working on a piling stage on the north side of the breakwater near Poolbeg, on the 23rd November.

Also 2*l.* to four men for saving three other men from the fishing-boat *Billow*, of Peterhead, which had been upset on a sandbank off Newburgh, Aberdeenshire, during heavy weather, on the 7th December.

Also 1*l.* 15*s.* to six men for putting off in a boat and saving a man from another boat off Rotten Island, Co. Donegal, during a strong S.E. wind, on the 27th October. The man, while trimming the sail of his boat, had fallen overboard; he clung to the boat, which filled with water, and was drifting out to sea when the salvors put off to his rescue.

Jan. 6.—At daylight, during a N.E. gale, the brig *Alert*, of Clay, Norfolk, was seen from the cliffs at Sheringham to be in distress, having lost her mainmast. She had her colours flying in the rigging and was running for Clay Beach. The *Augusta* Life-boat, belonging to the Sheringham beachmen, was immediately launched, arrived alongside the vessel ten minutes before she went ashore, and took off the crew numbering seven men, who were safely landed at Wells. Half an hour after the men had been taken off, their vessel had entirely broken up.—Reward, 10*l.*

Jan. 16.—At 1 A.M., during a strong wind from the W. with heavy snow showers, the brigantine *Livonia*, of Arbroath, from Boulogne to Newcastle, struck on the Hasborough Sand. She beat across the Sand; but being in a leaky condition signals of distress were shown, in reply to which the yawl *Dart*, of Palling, went to her assistance, but was unable to lay alongside her owing to the heavy sea. The crew of the *Livonia*, consisting of five men, at last succeeded in launching the ship's boat, and thus

reached the yawl, and were taken on board with great risk.—Reward, 5*l.*

Jan. 18.—A man rescued one of the crew who had fallen overboard from the French lugger *Dupuytren*, which was stranded at Oliver's Gap, Theddlethorpe, during a gale from the E. The rescued man had a narrow escape of being washed out to sea by the ebb-tide.—Reward, 1*l.*

Jan. 18.—Mr. BERNARD HAMILTON, Coxswain of the Black Rock (Dundalk), Life-boat, and five other men, promptly and laudably proceeded to the rescue of a man who had gone out on the ice to recover one of the buoys which had broken loose in Dundalk Bay, and who had been unable to regain the shore during very severe weather.—Reward, 4*l.* 10*s.*

Feb. 3.—Voted the thanks of the Institution and 5*l.* to Mr. SÆVENS, for saving, by means of a rope attached to his cart, the crew of four persons from the schooner *Ann Turgoose*, of Goole, which was wrecked at Saltfleet Haven, during a gale and very rough sea on the 18th January, and 10*s.* each to three men who assisted him in effecting this rescue.

Also 10*l.* to the crew of the *Zetland*, private Life-boat, of Redcar, for rescuing at considerable risk, the crew consisting of seven persons from the brig *Luna*, of Rochester, which was totally wrecked at Redcar during a strong gale of wind from the E.N.E., on the morning of the 29th October.

March 3.—Voted the thanks of the Institution, inscribed on vellum, and 5*l.*, to Mr. C. R. HALL, master of the steam-tug *Daring*, of Gravesend; 3*l.* to the engineer of the tug, and 2*l.* each to the crew of five men, for saving the crew, consisting of eleven men, of the Norwegian barque *Frigate Bird*, which was in a sinking state after striking on the Goodwin Sands during a S.W. gale on the 15th December.

Also 8*l.* to four men for putting off in a boat from Duck Island, Galway, and, at much risk, saving four out of six men from a hooker which had been capsized between Mweenish and Duck Island during a fresh gale from the S.W. and hazy weather, on the 22nd December.

March 3.—Five Coastguardmen put off in their Life-boat at Lambay Island, Co. Dublin, and rescued the crew of five persons from the smack *Diligent*, of Dartmouth, which had been struck by a heavy sea, and dismasted, off Lambay Island during a strong southerly gale.—Reward, 3*l.*

March 3.—Four pilots of Penmon, Anglesey, saved, at some risk, by means of ropes from the shore, the crew of six men from the cutter *Messenger*, of Jersey, which was totally wrecked on the rocks off Penmon, during a heavy gale from the S.S.E.—Reward, 2*l.*

March 5.—Six men put off in a shore boat from Cemaes, Anglesey, and, at considerable risk, saved two men from the barque *Gilbert Thompson*, of Liverpool, which had gone on the West Mouse Rock, in a strong wind and heavy sea. After rescuing these two men who were on board the vessel, the salvors took twenty of

the crew off the rock by means of heaving lines and put them on board a steam-tug which had been towing the barque.—Reward, 6*l*.

March 20.—Five men put off in a boat and assisted to save the fishing lugger *Royal Diadem*, of Cellardyke, and her crew of six men, that vessel being in distress, having lost her sails, off Bressay, Shetland, during a snow storm, and a high sea.—Reward, 2*l*. 10*s*.

March 30.—At about 12.45, A.M., cries for assistance were heard by the Coastguard at Cadgwith, Cornwall, during a gale from the E. The galley was speedily manned by six Coastguardmen, and at great risk brought ashore the crew of two men from the fishing-boat *Start*, of Porthleven.—Reward, 5*l*.

April 7.—Voted the Silver Medal and a copy of the vote, inscribed on vellum, to Mr. THOMAS BATE, coxswain of the Institution's Bude Life-boat, in acknowledgment of his gallant services in assisting, at considerable risk of life, to save four men on the occasion of the wreck of the ketch *Stuclej*, of Bude, on Bude breakwater, during squally weather, on the 31st December.

Also the thanks of the Institution, inscribed on vellum, to Mr. GEORGE TICKELL, writer in H.M.S. *Defence*, and 3*l*. 10*s*. to some other men, in acknowledgment of their highly laudable services in assisting, at considerable risk of life, to save the crew of the *Stuclej*.

Also the thanks of the Institution to Mr. DANIEL PEARCE, Commissioned Boatman in H.M. Coastguard service, in recognition of his highly meritorious conduct in going out twice in the Institution's Rye Life-boat, and once in the galley belonging to Jury's Gap Coastguard Station, and assisting to rescue, at considerable risk, the crew of three men from the sloop *Sophia Holtten*, which was wrecked off Jury's Gap, during a strong W.S.W. gale, on the 10th February.

8*l*. were also voted to the crew of the Jury's Gap Coastguard galley for saving one of the shipwrecked crew on this occasion.

April 28.—Two fishermen of Staithes, Yorkshire, saved the crew of three men of another cable, which, while making for the beach at Staithes, had broached to and had been filled by a heavy sea.—Reward, 2*l*.

May 4.—Two fishermen of Cromer, Norfolk, put off in a small boat and rescued four men whose boat had been capsized by a heavy sea, while proceeding out fishing. One of the rescued men unfortunately died before reaching the shore, and the other three men suffered for some days from the effects of the accident.—Reward, 2*l*.

May 5.—At about 12.30, noon, a pilot boat was observed to capsize about a mile south of Drogheda Bar, and two men who had charge of her were seen to be clinging to her keel. The wind was blowing a moderate gale from the S.S.W. at the time. Four men immediately put off in a pilot boat from Drogheda, proceeded to the rescue of the drowning men and brought them safely to shore.—Reward, 2*l*.

May 7.—GEORGE CORMACK, son of the master of the fishing lugger *Margaret*, No. 192, of Wick, rescued one of the crew of that vessel, who had been washed overboard by a heavy sea in the Pentland Firth during a W. gale.—Reward, 1*l*.

May 16.—Six men rushed into the surf and saved two of the crew of the schooner *Margaret Jane*, of Newry, on the occasion of their boat capsizing while they were endeavouring to reach the land during a gale from the N.W.—Reward, 3*l*. 10*s*.

June 2.—Voted 5*l*. 5*s*. in aid of a local subscription which was being raised at Brighton on behalf of ABRAHAM YOUNGS, late chief Boatman of the Brighton Branch of the Royal Humane Society, who had been instrumental in saving upwards of one hundred and seventy-two lives from drowning on different occasions.

June 13.—At about noon an open boat containing five men, was proceeding across Burial Sound, Co. Down; a strong breeze was blowing from the N. at the time with a very strong tide. The boat shipped so much water as to become entirely unmanageable, and the men were in imminent danger of being lost, when three other men put off in a boat from Ballyhalbert, and with great trouble and risk rescued them.—Reward, 2*l*.

July 6.—Four men helped to save three boys whose boat had been capsized while they were sailing about Poole Harbour, Dorset, during squally weather.—Reward, 1*l*.

July 10.—At about 10 A.M., a boat was observed drifting out to sea off Ballygeary, Co. Wexford. A boy was in her and he was waving his hat and making evident signals of distress. Three men thereupon put off in a boat and brought the boy—who was perfectly helpless in the boat, having only one oar—safely ashore.—Reward, 1*l*.

Aug. 8.—Two men rescued two women, whose boat, while returning ashore laden with seaweed, had sunk near Ballywhorisky Strand, Co. Donegal.—Reward, 1*l*.

Aug. 10.—Three men put off in a boat from Groomsport, Co. Down, during a fresh W.N.W. gale, and rescued two boys, who while out in a fishing punt, had been overtaken by the gale, and were being driven out to sea.—Reward, 1*l*.

Aug. 11.—The crew of the yawl *Dart*, of Palling, Norfolk, put off and brought ashore the crew, consisting of seven men, of the brigantine *Georges*, of Dunkirk, which had been in collision with the barque *Clodian*, and had sunk, during a fresh W.N.W. wind and squally weather.—Reward, 5*l*.

Aug. 25.—Four men put off in a boat from Portrush, Co. Antrim, and brought safely ashore another boat containing a man and three children, which was in a dangerous position during a strong easterly wind.—Reward, 1*l*.

Aug. 29.—The chief officer of H.M. Coastguard Station at Looe, Cornwall, and five of his men went out in the Coastguard Life-boat and saved one man from the ketch *Lion*, of Exeter, which was capsized off Dowderry, during a S.S.W. gale.—Reward, 1*l*. 10*s*.

Aug. 29.—Four Coastguardmen and a fisherman, put off at great risk in the whale-boat belonging to the Dowderry, Cornwall, Coastguard Station, with the view of helping the crew of the ketch *Lion*.—Reward, 2*l*. 10*s*.

Sept. 1.—Voted the Silver Medal, a copy of the vote inscribed on vellum, and 2*l*. to Mr. JAMES TURNER, Chief Officer of H.M. Coastguard at Leysdown, Kent, and 2*l*. each to four

of his men, for putting off at great risk in the Coastguard gig, and bringing safely ashore at Bishopstone—fourteen miles distant from Leysdown—the crew of six men of the steam launch *Edith*, of London, who had taken to their boat, the launch having sunk off Warden Point, Isle of Sheppy, during squally weather and in a heavy sea, on the 31st July.

Oct. 6.—Voted the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to Mr. W. J. CUMISKY, Hon. Secretary of the Balbriggan, Co. Dublin, Branch of the Institution; the thanks of the Institution inscribed on vellum to Mr. THOMAS BOYD, chief officer of H.M. Coastguard at Balbriggan, and 10*l.* to that officer and five of his men for putting off at great risk in the Coastguard Life-boat and saving five persons from the brig *Endeavour*, of Whitehaven, which went ashore outside Balbriggan Harbour during a strong gale from the S.S.E., and in a heavy sea, on the 25th August.

Oct. 14.—Ten men saved eight persons on the occasion of the wreck of the s.s. *Cyprian*, of Liverpool, at Rhosgor, Carnarvonshire, during a heavy N.W. gale.—Reward, 6*l.* 10*s.*

Oct. 14.—Five men went off in a boat and rescued the crew of two men from the schooner *Rose*, of Liverpool, which was wrecked off Holyhead during very stormy weather.—Reward, 3*l.*

Oct. 19.—Four men brought safely ashore the fishing boat *Ramsborough*, of Aberystwyth, and her crew of three men, which boat was helplessly drifting during a strong E.S.E. gale.—Reward, 2*l.*

Oct. 19.—Five Coastguard men at Cloghy, Co. Down, put off in the Coastguard whale-boat and rescued the crew of four men from the schooner *Stewart*, of Carrickfergus, which had stranded in Cloghy Bay during a strong gale from the S.E. by S.—Reward, 3*l.*

Oct. 22.—Twelve men went out in a fishing boat and saved five of the crew of the lugger *Twelve Apostles*, of Auray, France, which was in distress off Ballinagoul, Co. Waterford, during a S.E. gale.—Reward, 6*l.*

Oct. 24.—Eight men put off in a boat to the rescue of the crew of the stranded smack *George and Elizabeth*, of Bideford, at Tinaberna, Co. Wexford, during a moderate E.S.E. gale.—Reward, 4*l.* 10*s.*

Nov. 21.—The crews of the Ardrossan Harbour steam-tug and a shore boat rescued two of the crew of the barque *Annetta*, of that port, which was wrecked on Horse Island during a severe gale.—Reward, 6*l.*

Dec. 1.—Voted the thanks of the Institution inscribed on vellum to Mr. SAMUEL LAKE and to Mr. C. H. WOODHOUSE, of Milford, and 3*l.* to their boat's crew of six men, for putting off in a boat at considerable risk and saving a man from a coal hulk off Milford during a strong W.N.W. wind on the 14th October.

Also 2*l.* to THOMAS ROWLANDS for putting off in a small punt from his fishing boat, and saving at great risk seven persons from a pleasure boat, which had sunk off Whirley Point, Carmarthenshire, during squally weather, on the 1st September.

The following is a copy of a Handbill circulated on the Coasts of the United Kingdom by the Institution, for the purpose of informing Boatmen and others that it encourages laudable exertions to save Life from Shipwrecks:—

TO BOATMEN AND OTHERS.

To encourage prompt and energetic exertions in time of Danger on the part of Boatmen and Others, by quickly putting off to save Life in CASES of WRECKS on the Coasts of the British Isles, either by

SHORE-BOATS OR OTHER MEANS,

The Royal National Life-boat Institution

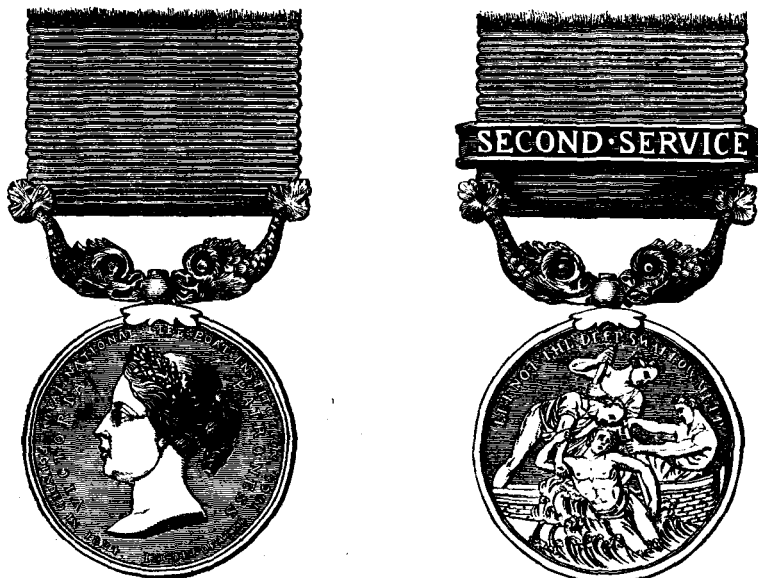

GRANTS

Rewards of Money or Medals. In all cases the Rewards are given without further delay than is necessary to obtain proof of the merits of each case, and to ensure their being paid to the right parties.

Application to be made to the Secretary.

By Order of the Committee.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. Wyon." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. Wyon, Mint." Inscription, "Let not the deep swallow me up."

THE beautiful obverse of this medal, executed by L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The following is a LIST of the GOLD and SILVER MEDALS that have been voted by the Committee of the Institution, since its establishment in 1824, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals granted by the Institution up to the present time is 1,043, 95 of which were in Gold, and 948 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELTS IN USE BY THE CREWS OF THE LIFE-BOATS OF THE NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

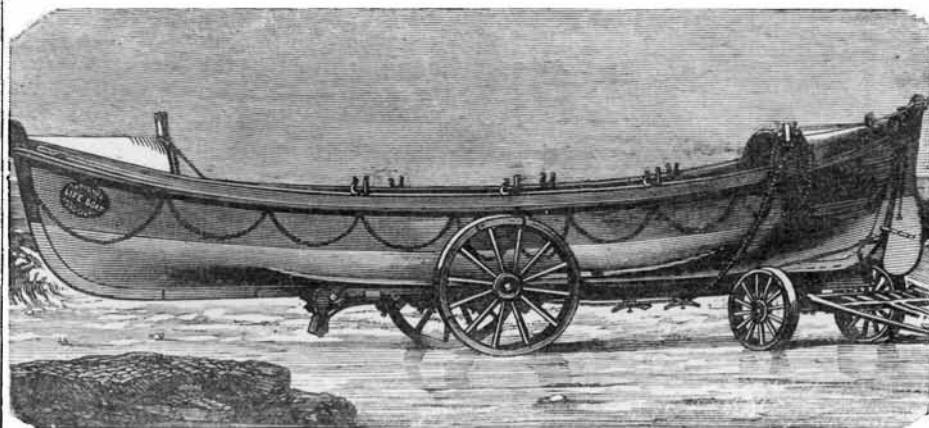

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability, and non-liability to injury.

The cork life-belts of the NATIONAL LIFE-BOAT INSTITUTION possess the first two qualities in a greater degree than any other life-belt, and the third one exclusively. (*Vide* annexed figure.)

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 271 Life-boat Stations of the NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

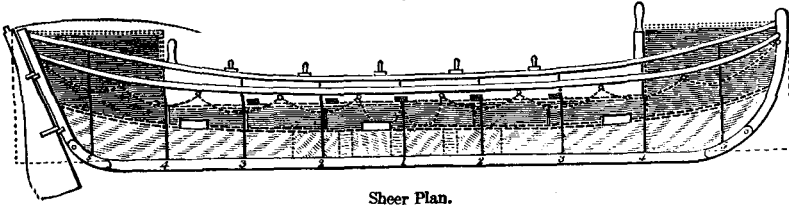

THE LIFE-BOAT.

(See Diagrams on next page.)

The following figures show the general form, the nature of the fittings and air-chambers of one of these boats, 33 feet in length and 8 feet in breadth. In figs. 1 and 2, the elevation and deck plans, the general exterior form of the boat is shown with the sheer of gunwale, length of keel, and rake of stem and stern-posts. The dotted lines of fig. 1 show the position and dimensions of the air-chambers within board, the relieving-tubes, and ballast. In fig 2, A represents the deck, B the relieving-tubes (6 inches in diameter), C the side air-cases, D the end air-chambers, E ballast, F scuttles to admit of a free current of air under the water-tight deck, G scuttle for air, and to receive pump. In fig. 3, the exterior form of transverse sections, at different distances from stem to stern, is shown. Fig. 4 represents a

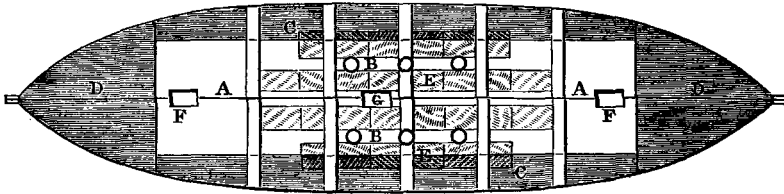

midship transverse section, A being sections of the side air-cases, B the relieving-tubes, of the same depth as the space between the deck and the boat's floor. c, c, c, c, are spaces beneath the deck, placed longitudinally, at the midship part of the boat, with cases packed with cork, forming a portion of the ballast; *d* scuttle for ventilation, having a pump fixed in it, by which any leakage beneath the deck can be pumped out by one of the crew whilst afloat. The festooned lines in fig. 1 represent exterior life-lines attached round the entire length of the boat, to which persons in the water may cling till they can be got into the boat; the two central lines are festooned lower than the others, to be used as stirrups, so that a person in the water, by stepping on them, may climb into the boat without assistance.

Fig. 1.

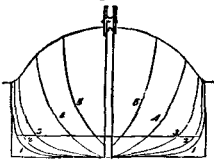

Sheer Plan.

Fig. 2.

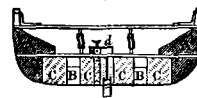

Deck Plan.

Fig. 3.

Body Plan.

Fig. 4.

Midship Section.

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

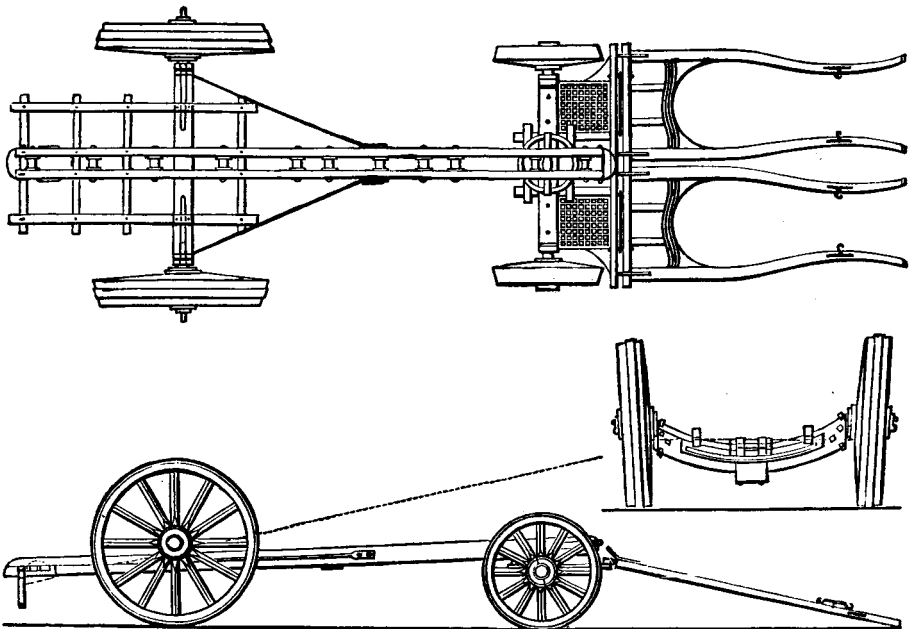

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, can be much quicker conveyed to the water's edge than she could be if not on a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach, to that extent, indeed, that one can be readily launched from a carriage through a high surf, when without one she could not be got off the beach.

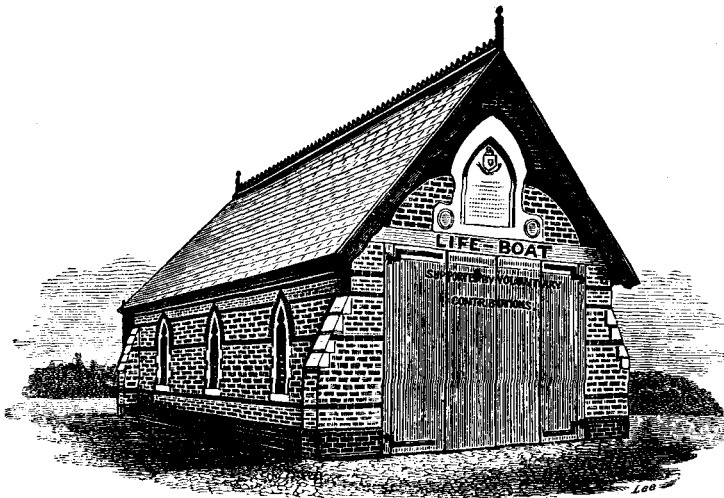

The carriage consists of a fore and main body. The latter is formed of a keelway, and of side or bilgeways attached to the keelway, and resting on the main axle, the

boat's weight being entirely on the rollers of the keelway. Its leading characteristic is that, on the withdrawal of a forelock pin, the fore and main bodies can be detached from each other. The advantages of this arrangement are that, whilst on the one hand the weight of the boat when she is launched from the rear end forms an inclined plane by elevating the keelway and fore-carriage; on the other hand, to replace her on the carriage she can be hauled bow foremost up the fore end or longer incline, by disconnecting the fore-carriage, and letting the end of the keelway rest on the ground, thus forming an inclined plane up which the boat is easily drawn. The bilgeways are needed at the rear end, that the boat may be launched in an upright position, with her crew on board, but they are not required at the fore end of the carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year. The crew consists, in addition, of a bowman, and as many boatmen as the boat pulls oars. The members of the volunteer crews are registered, and wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen, or Coastguardmen. On every occasion of going afloat to save life, the coxswain and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and 4*s.* each for every time of going afloat for exercise.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck at such a distance along the coast as not to be in sight of the Coastguard Station or other look-out.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The expense of a Life-boat Station averages 1,000*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	
Skids, and Transporting-carriage	£650
Boat-house (average cost)	350
Total	£1,000

The average Annual Expense of maintaining a Life-boat Station is 70*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 271 Life-boats under its charge. Every one of these has been specially presented to it, and they save every year from 600 to 700 shipwrecked sailors. Altogether, the Institution has contributed to the saving of 28,724 lives.

Despite, however, this fleet of 271 Life-boats, and of 30 others locally provided and supported, and despite the numerous rocket and mortar stations on our coast, there remains the melancholy fact that an average of 700 lives are lost annually on and around our own shores alone, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs a permanent income of about 40,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever our Nelsons and Collingwoods led to battle to uphold our country's honour and glory.

LIST OF LEGACIES

PAID TO THE

ROYAL NATIONAL LIFE-BOAT INSTITUTION.

[Legacies of £50 and under are omitted after having been published twice in the Annual Reports.]

	Amount received.		
	£	s.	d.
1871—ABBOTT, JOHN, Esq., Halifax (Free of Duty)	2,078	13	4
1881—ADAMS, Miss ELIZA, Eltham	406	10	0
1868—ALDRED, Dr. G. E., Richmond (Free of Duty)	100	0	0
1880—ALLAN, ROBERT, Esq., Glenhouse, N.B. (Ditto)	500	0	0

FORM OF BEQUEST OF MONEY, STOCK, OR OTHER PERSONAL ESTATE.

I give and bequeath to the ROYAL NATIONAL LIFE-BOAT INSTITUTION for the Preservation of Life from Shipwreck, founded in 1824, London, the sum of £ _____ *for the use of the said Institution; and I do hereby direct that the same be paid exclusively out of such part of my Personal Estate as may lawfully be appropriated to such purpose, and that the receipt of the Treasurer for the time being of the said Institution shall be a sufficient discharge to my Executors for the same.*

ROYAL NATIONAL LIFE-BOAT INSTITUTION,
14 John Street, Adelphi, London,
1st May, 1882.

LIST OF DONATIONS AND ANNUAL SUBSCRIPTIONS.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications may be addressed to

THE SECRETARY OF THE INSTITUTION,

1st May 1882.

14 JOHN STREET, ADELPHI, LONDON, W.C.

SPECIAL LIFE-BOAT CONTRIBUTIONS.

CIVIL SERVICE LIFE-BOAT FUND.

Patron—
HIS ROYAL HIGHNESS THE DUKE OF EDINBURGH, K.G., K.T. &c.

TREATMENT OF THE APPARENTLY DROWNED.

As it is considered that the cause of Science would be greatly benefited if the results of the Treatment in cases of Apparently Drowned Persons were collected for comparison and future consideration, it is requested that Answers to the following Questions on the subject may be immediately forwarded to the ROYAL NATIONAL LIFE-BOAT INSTITUTION :—

QUERIES.	ANSWERS.
1. Date and place of occurrence ?	1.
2. Sex, name, and age of person ?	2.
3. Length of time immersed ?	3.
4. Time from rescue to first sign of life ?	4.
5. Time from rescue to recovery ?	5.
6. State of the weather, if warm or cold ?	6.
7. State of the water ?	7.
8. What mode of treatment adopted, whether the rules of the NATIONAL LIFE-BOAT INSTITUTION or those of others—if the former, whether the “Marshall Hall” system or the “Silvester” was adopted, or a combination of both ?	8.
9. If treatment successful or not ?	9.
10. Length of time persevered with ?	10.
11. How long were the efforts to restore respiration continued ?	11.
12. Was much fluid discharged from the mouth, and at what intervals ?	12.
13. Was a medical man in attendance ?	13.
14. Remarks, if any ?	14.

Date.....188

Signature.....

To the Secretary of the
ROYAL NATIONAL LIFE-BOAT INSTITUTION,
John Street, Adelphi, London, W.C.

Of.....
County of.....

*** If practicable, it would be desirable to have these Questions answered by the Medical Practitioner who attended the case.*

Royal National Life-boat Institution.

DIRECTIONS FOR RESTORING THE APPARENTLY DROWNED.

THE leading principles of the following Directions for the Restoration of the apparently Dead from Drowning are founded on those of the late Dr. MARSHALL HALL, combined with those of Dr. H. R. SILVESTER, and are the result of extensive inquiries which were made by the Institution in 1863-4 amongst Medical Men, Medical Bodies, and Coroners throughout the United Kingdom. These Directions have been extensively circulated by the Institution throughout the United Kingdom and in the Colonies. They are also in use in Her Majesty's Fleet; in the Coast-guard Service; at all the Stations of the British Army at home and abroad; in the Light Houses and Vessels of the Corporation of the Trinity House; the Metropolitan and Provincial Police Forces; the Metropolitan School Board Schools; and the St. John Ambulance Association.

I.

Send immediately for medical assistance, blankets, and dry clothing, but proceed to treat the Patient *instantly* on the spot, in the open air, with the face downward, whether on shore or afloat; exposing the face, neck, and chest to the wind, except in severe weather, and removing all tight clothing from the neck and chest, especially the braces.

The points to be aimed at are—first and *immediately*, the RESTORATION OF BREATHING; and secondly, after breathing is restored, the PROMOTION OF WARMTH AND CIRCULATION.

The efforts to *restore Breathing* must be commenced immediately and energetically, and persevered in for one or two hours, or until a medical man has pronounced that life is extinct. Efforts to promote *Warmth* and *Circulation*, beyond removing the wet clothes, and drying the skin, must not be made until the first appearance of natural breathing; for if circulation of the blood be induced before breathing has recommenced, the restoration to life will be endangered.

II.—TO RESTORE BREATHING.

TO CLEAR THE THROAT.—Place the patient on the floor or ground, with the face downwards, and one of the arms under the forehead, in which position all fluids will more readily escape by the mouth, and the tongue itself will fall forward, leaving the entrance into the windpipe free. Assist this operation by wiping and cleansing the mouth.

If satisfactory breathing commences, use the treatment described below to promote Warmth. If there be only slight breathing—or no breathing—or if the breathing fail, then—

TO EXCITE BREATHING.—Turn the patient well and instantly on the side, supporting the head, and—

1.—INSPIRATION.

Excite the nostrils with snuff, hartshorn, and smelting salts, or tickle the throat with a feather, &c., if they are at hand. Rub the chest and face warm, and dash cold water, or cold and hot water alternately on them. If there be no success, lose not a moment, but instantly—

TO IMITATE BREATHING.—Replace the patient on the face, raising and supporting the chest well on a folded coat or other article of dress.

Turn the body very gently on the side and a little beyond, and then briskly on the face, back again, repeating these measures cautiously, efficiently, and perseveringly, about fifteen times in the minute, or once every four or five seconds, occasionally varying the side.

[By placing the patient on the chest, the weight of the body forces the air out; when turned on the side, this pressure is removed, and air enters the chest.]

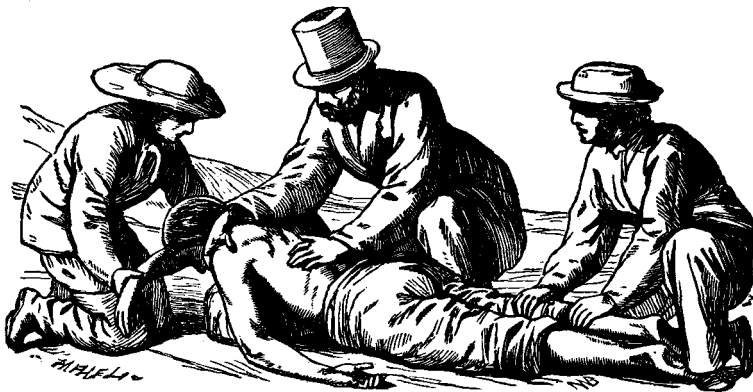

On each occasion that the body is replaced on the face, make uniform but efficient pressure with brisk movement, on the back between and below the shoulder-blades or bones on each side, removing the pressure immediately before turning the body on the side.

During the whole of the operations let one person attend solely to the movements of the head and of the arm placed under it.

[The first measure increases the expiration—the second commences inspiration.]

** The Result is *Respiration* or *Natural Breathing*;—and if not too late, *Life*.

2.—EXPIRATION.

The foregoing two Illustrations show the position of the Body during the employment of Dr. Marshall Hall's Method of Inducing Respiration.

Whilst the above operations are being proceeded with, dry the hands and feet, and as soon as dry clothing or blankets can be procured, strip the body, and cover or gradually reclothe it, but taking care not to interfere with the efforts to restore breathing.

III.

Should these efforts not prove successful in the course of from two to five minutes, proceed to imitate breathing by Dr. SILVESTER'S method, as follows:—

Place the patient on the back on a flat surface, inclined a little upwards from the feet; raise and support the head and shoulders on a small firm cushion or folded article of dress placed under the shoulder-blades.

Draw forward the patient's tongue, and keep it projecting beyond the lips; an elastic band over the tongue and under the chin will answer this purpose, or a piece of string or tape may be tied round them, or by raising the lower jaw, the teeth may be made to retain the tongue in that position. Remove all tight clothing from about the neck and chest, especially the braces.

TO IMITATE THE MOVEMENTS OF BREATHING.—Standing at the patient's head, grasp the arms just above the elbows, and draw the arms gently and steadily upwards above the head, and keep them stretched upwards for two seconds. (*By this means air is drawn into the lungs.*) Then turn down the patient's arms, and press them gently and firmly for two seconds against the sides of the chest. (*By this means air is pressed out of the lungs.*)

Repeat these measures alternately, deliberately, and perseveringly, about fifteen times in a minute, until a spontaneous effort to respire is perceived, immediately upon which cease to imitate the movements of breathing, and proceed to INDUCE CIRCULATION AND WARMTH.

IV.—TREATMENT AFTER NATURAL BREATHING HAS BEEN RESTORED.

TO PROMOTE WARMTH AND CIRCULATION.—Commence rubbing the limbs upwards, with firm grasping pressure and energy, using handkerchiefs, flannels, &c. [*By this measure the blood is propelled along the veins towards the heart.*]

The friction must be continued under the blanket or over the dry clothing.

Promote the warmth of the body by the application of hot flannels, bottles, or bladders of hot water, heated bricks, &c., to the pit of the stomach, the arm-pits, between the thighs, and to the soles of the feet.

If the patient has been carried to a house after respiration has been restored, be careful to let the air play freely about the room.

On the restoration of life, a teaspoonful of warm water should be given; and then, if the power of swallowing have returned, small quantities of wine, warm brandy-and-water, or coffee should be administered. The patient should be kept in bed, and a disposition to sleep encouraged.

GENERAL OBSERVATIONS.

The above treatment should be persevered in for some hours, as it is an erroneous opinion that persons are irrecoverable because life does not soon make its appearance, persons having been restored after persevering for many hours.

APPEARANCES WHICH GENERALLY ACCOMPANY DEATH.

Breathing and the heart's action cease entirely; the eyelids are generally half closed; the pupils dilated; the tongue approaches to the under edges of the lips, and these, as well as the nostrils, are covered with a frothy mucus. Coldness and pallor of surface increase.

CAUTIONS.

Prevent unnecessary crowding of persons round the body, especially if in an apartment.

Avoid rough usage, and do not allow the body to remain on the back unless the tongue is secured.

Under no circumstances hold the body up by the feet.

On no account place the body in a warm bath unless under medical direction, and even then it should only be employed as a momentary excitant.

ROYAL NATIONAL LIFE-BOAT INSTITUTION, LONDON, 1st May, 1832.
