THE LIFE-BOAT JOURNAL

OF THE

National Life-boat Institution.

(ISSUED QUARTERLY.)

VOL. XIII.—No. 148.] MAY 1, 1888. [PRICE 1*s*.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at Willis's Rooms, King Street, St. James's, on Saturday, 24th day of March, 1888, His Grace The DUKE OF NORTHUMBERLAND, K.G., President of the Institution, in the Chair, the following Report of the Committee was read by the Secretary:—

ANNUAL REPORT.

1888.

NEVER since the foundation of the Institution in 1824 has its capacity for work been so strikingly shown as during the past year, and never before has the machinery of the Society been strained in such an extraordinary manner.

Following immediately on the disastrous accidents at Southport and St. Anne's in December 1886, and the subsequent special inquiry held at the instance of the Board of Trade, the Committee determined to make a searching investigation into the self-righting and other properties of the Institution's boats, and to carry out such trials and tests as might enable them to adopt any and every improvement which experience had suggested and science developed. With this most practical end in view a large special Sub-Committee was appointed at the beginning of the year. This Sub-Committee met day after day and week after week for three months, carrying out experiments, visiting the respective yards of the Institution and boat-builders, and examining numerous coxswains and other witnesses from all parts of the United Kingdom. In March an *ad interim*, and in April a final Report was submitted to the General Committee, recommending very important alterations in the service generally and in the construction of the Life-boats in particular, all of which recommendations were at once adopted, and steps taken for carrying them out forthwith. Among the principal results of these Reports may be mentioned (1) the decision to withdraw a large number of boats from the coast as soon as possible, to be replaced by others vastly superior in their construction and fittings, the improvements to include the employment of copper for the air-cases, and a careful revision of the weights and materials used in the several parts of the boats, ensuring increased stability, strength, and seaworthiness, at the same time largely increasing their self-righting power; (2) the alteration and improvement of many of the boats stationed on various parts of the coast; (3) the formation of a permanent building sub-committee; (4) the appointment of a consulting naval architect; and (5) the offer-

ing of gold and silver medals for drawings or models of a mechanically-propelled Life-boat best adapted to meet the conditions of the service, and also for a propelling-power suitable for the self-righting boats of the Institution. In response to this offer of medals, numerous models and drawings were sent in from all parts of Great Britain, and even from the Continent and the United States. These were submitted to Sir FREDERICK BRAMWELL, F.R.S., Sir DIGBY MURRAY, Bart., of the Board of Trade, and Mr. JOHN I. THORNYCROFT, the three judges appointed by the Committee for the purpose; and these gentlemen, who are in no way connected with the Life-boat Service, reported in December last that, having carefully considered all the models and drawings, they were of opinion that not one of them was suited to the requirements of the Institution. The Committee were therefore unable to award medals, but they have the satisfaction of feeling that they have done everything in their power, regardless of cost, to obtain for the brave fellows who man the Life-boats the best possible means for carrying on their noble work, and their endeavours will, they are confident, meet with the entire approval of the public. Their very cordial thanks are due to all who competed for the medals, as well to those who have, during the year, kindly drawn attention to their patents and plans, hoping that they might be a benefit to the Life-boat Service.

Life-boats.—Every effort has been made to carry out speedily the determination of the Committee as regards the building of new Life-boats and the improvement of others, with the result that during the past year no less than fifty-nine new boats, for the building of which tenders were received from all parts of the country, were despatched to the coast, this number being nearly double that built in any previous year; while, in addition, the boats belonging to fourteen other stations were improved so as to bring them up to the most modern requirements. It is very gratifying to the Committee that both the new and the improved boats have met with the most cordial approval of the coxswains and crews, who, as a rule, have expressed in strong terms their satisfaction as to the admirable sea-going qualities of the boats.

The determination arrived at by the Committee last year to give the Local Committees, coxswains and crews in the future every possible opportunity of assisting in the selection of the class of Boat in which they would have the greatest confidence, has given great satisfaction all round the coast.

Within the year three new stations were established, each of which was furnished with a Life-boat of the latest type, as follows:—

ENGLAND.

Burry Port	Carmarthenshire.
Fleetwood (No. 2) . .	Lancashire.

SCOTLAND.

Stornoway	Island of Lewis.

In the same period the stations at Pembrey, Portloe, Solva, and Sunderland (No. 2) were abolished.

During 1887 new Life-boats were sent to the following stations:—

ENGLAND AND WALES.

Aberystwith . . .	Cardiganshire.

ISLE OF MAN.

Douglas, No. 1

The Committee were to a considerable extent enabled to meet the heavy liabilities entailed by the building of so many boats through the liberality of donors of special gifts for the purpose, and by means of legacies to the Institution.

New stations are to be formed at:—

Holyhead, No. 2	Anglesey.
Pwllheli	Carnarvonshire.
St. Anne's, No. 2	Lancashire.
Southport, No. 2	Lancashire.

And the Committee also hope to be able, during the current year, to despatch new boats of the latest build to sixty other stations. The cost of the construction of these boats will be very great, but the Committee are confident that when their needs are made known many will come forward to help in such an important work.

At the close of last year the total number of Life-boats under the management of the Institution was 291.

Shipwrecks. — The year 1887 was remarkable for the absence of severe gales, especially in the south and east of England, and the storms which occurred in the north and west were generally wanting in that violence which results in the strewing of our shores with wreckage. There are, indeed, few years on record in which our coasts have escaped with so small a list of shipwrecks and loss of life. A large number of the wrecks which did occur were attributable to fogs, far more feared by seamen than tempestuous winds. Notwithstanding the absence of heavy gales, however, much good work was done by the Life-boats and their gallant crews, 178 launches having been effected in reply, for the most part, to signals of distress, resulting in the saving of a large number of lives and much valuable property. The boats were also launched for inspection and exercise about 750 times.

It is a matter for the deepest thankfulness and gratitude to Providence that, notwithstanding the numerous occasions on which the Life-boats were launched during the year either for service or exercise, there was not a single fatal accident, or, indeed, a serious casualty of any description connected with the service.

The Life-boat services during each month of the year were as follows:—

1887.	Number of Life-boat Launches.	Lives Saved by Life-boats.	Vessels Saved by Life-boats.	Lives Saved by Shore-boats.
January	27	86	1	26
February	8	27	2	33

October	9	6	—	22
November	28	64	—	17
December	24	67	2	3
Total	178	368	10	204

The Committee gratefully recognize the invaluable service in the saving of life rendered by the gallant coxswains and crews of the Life-boats, to whom all praise is due, and they very cordially thank the officers and men of the Coastguard, who, as well as the Volunteer Rocket Brigades, are ever on the alert, for their invaluable co-operation.

Since the foundation of the Institution in 1824, rewards have been granted for the saving of 33,243 lives, as follows:—

1856	473	Total	33,243

In view of this grand total, the Committee unhesitatingly ask from the public well-sustained help and encouragement to carry on their work of humanity, the importance of which cannot be overrated.

Rewards. — The rewards granted last year by the Committee for the saving of life from shipwreck, or for endeavours to do so, and in recognition of valuable services in the Life-boat cause, comprised 8 Silver Medals, 2 Second Service Clasps, 45 Binocular Glasses, 22 Votes of thanks inscribed on vellum, and 3,345*l.* 2*s.* 6*d.* in money awards. Each case was thoroughly inquired into and examined by the Committee, who in carrying out their investigations received valuable help from their local Honorary Secretaries, from Officers of the Coastguard and Customs, and from others able to give reliable information.

The Institution has granted in rewards since its establishment in 1824, 97 Gold Medals, 1,007 Silver Medals or Silver Clasps, 139 Binocular Glasses, 15 Telescopes and 96,760*l.* in money.

Aneroids.—There was a steady demand for these instruments during 1887, 111 having been sold to fishermen and 44 to coasters, bringing the total number provided by the Institution since June, 1882, up to 2,573. Each year increasingly shows the importance of this branch of the Society's work.

Local Committees. — The continued earnest and valuable services of the Local Committees, their Honorary Secretaries and Treasurers, in the past year, merit the grateful thanks of the Committee, who are deeply sensible of the great advantages of the aid so generously afforded by them.

The special thanks of the Committee are also tendered to the Public Press, without the powerful aid and help of which it would be impossible to make the needs of the Institution known.

Finances.—The subscriptions, donations, dividends, etc., for the past year were in excess of those for 1886, and amounted to 56,970*l.* 1*s.* 6*d.*, including 20,458*l.* 17*s.* 9*d.* in special gifts to defray the expenses connected with various Life-boat Establishments, as follows:—

The total expenditure in 1887 was, as a result of the unusual circumstances already stated, unprecedented in the Society's history, and amounted to the large sum of 74,162*l.* 16*s.* 10*d.* The building, repairing, improving, and equipping of Life-boats, added to the cost of erecting and keeping in repair of Life-boat houses and slipways, involved the expenditure of 37,235*l.* 10*s.* 10*d.*, while 21,339*l.* 4*s.* 5*d.* was laid out on Life-boat Stores, Life-belts, Subsidies to outlying Stations, Branch payments, Aneroids for Fishermen and Coasters, the Store-yard, the Inspectors' Department, etc.; 900*l.* 4*s.* on the Special Inquiry and experiments connected therewith; 8,719*l.* on Life-boat Coxswains, Signalmen, and Crews for going out on service, and for exercising the Life-boats; on grants for injuries, which happily were slight, special recognitions and rewards for services, medals, and vellums.

The balance was expended in miscellaneous charges, including the printing of the *Life-boat Journal*, the Annual Report and Appeals, salaries, rent and repair of offices, taxes, housekeeper, advertisements, postage, etc. Every item of receipt and expenditure has, as usual, been carefully verified and passed by Mr. LOVELOCK, of the firm of Messrs. LOVELOCK, WHIFFIN, & DICKINSON, 19 Coleman Street, E.C., chartered accountants.

In conclusion, the Committee earnestly and urgently appeal to the Public for funds, not only for the maintenance of the Life-boat service in the highest and most perfect state of efficiency, which alone entails a very large annual expenditure, but also to meet the costly, but, in their opinion, absolutely necessary outlay, for placing the Life-boat crews in possession of such improved boats as may enable them, with the least possible danger, to face the perils to which they are exposed in their noble efforts to save life. Surely the people of this, the greatest maritime country in the world, will not hesitate to respond liberally to such an appeal made in the interests of such a cause.

Since this Report was written the Committee have had regretfully to record the death of Mr. C. H. COOKE, F.R.I.B.A., F.S.A., who had held the office of Architect to the Institution for the long period of thirty years.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 33,243.

Annual Subscriptions and *Donations* are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COUTTS AND CO., 59 Strand; Messrs. HERRIES, FARQUHAR, AND CO., 16 St. James's Street; Messrs. HOARE, 37 Fleet Street, London; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS,

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1887.

Jan. 3.—The *Dodo* Life-boat, stationed at Workington, was launched at noon to the assistance of the s.s. *Rheola*, of Cardiff, bound from Carthagena for Maryport with a cargo of iron ore, which had grounded a little to the N. of Workington pier during a strong breeze from the S.W. and a heavy sea. The steamer floated, and the Life-boat accompanied her to Maryport, which was reached at about 5.30 P.M.

Jan. 4.—It having been reported that a vessel was ashore between the Bell Tout Lighthouse and Birling Gap, the *William and Mary* Life-boat, stationed at Eastbourne, put off at about 8.15 A.M. during a fresh S.E. wind and a heavy sea, and reached the wreck, which proved to be the barque *Sjodroninjan*, of Stavanger, bound from New York for Hamburg with petroleum. She had stranded on a ledge of rocks nearly opposite Bell Tout Lighthouse at 5 A.M. during a snowstorm. The sea was too rough to enable the Life-boat to go alongside, and she, therefore, anchored ahead and veered down under the bowsprit, whence the crew, numbering sixteen men, descended into her. They were safely landed at the Wish Tower at

about 1 P.M. amidst the cheers of a large number of spectators.—Expense of service, 13*l.* 17*s.*

Jan. 5.—The fishing smack *City of Bristol, of Hull, stranded about a mile S.* of the Withernsea Life-boat house during a S.E. by S. wind, a heavy snowstorm, and a chopping sea. The *Admiral Rous* Life-boat was launched at 9.15 A.M., rescued the vessel's crew, consisting of four men and a boy, and safely landed them at 10.45.—Expense of service, 13*l.* 8*s.* 6*d.*

COMMITTEE MEETING, Jan. 6, 1887.

Voted, the Silver Medal of the Institution, and a copy of the vote inscribed on vellum, to Mr. EDWARD JONES, Coxswain of the Holyhead Life-boat, in recognition of his gallant services in the Life-boat, particularly on the occasion of the rescue of twenty-one persons from the stranded ship *Pegasus, of Liverpool,* during a N.W. by W. wind and a very heavy sea, on the 9th December.

Also 100*l.* for the relief of the widow and orphans of JOHN PARKINSON, one of the crew of the Lytham Life-boat, whose thumb was injured whilst assisting to load up the old Life-boat on the 21st November last, and who died from typhoid fever, consequent on the injury.

The Committee had previously voted him 10*l.* in consideration of this accident, and had also undertaken to allow him 1*l.* per week until able to resume his work.

Also 10*l.* to the widow of Mr. JOHN WILLIAMS, the late Coxswain of the Llanddulas Life-boat, in recognition of her husband's good services while he held the office.

Also 15*l.* to Mr. WILLIAM SMITH, on his retirement from the post of Coxswain of the Weymouth Life-boat.

Also 10*l.* 10*s.* each to Messrs. GEORGE ANDERSON and JOHN KNIGHT, who had respectively resigned the office of Coxswain of the Broughty Ferry and Buddon Ness Life-boats.

Also 5*l.* to GEORGE EDWARDS, caretaker of the Stonehaven Life-boat, who had resigned that appointment in consequence of old age.

Also 32*l.* 8*s.* 6*d.* to pay the expenses of the Bude, Margate, and Morthoe Life-boats, in assembling their crews or putting off to the assistance of vessels which did not ultimately need the services of the boats.

The Ramsgate Life-boat was also taken out on two occasions, but her services were not eventually required.

Jan. 11.—A violent storm arose in the morning, the wind blowing from the S.S.E., and as it was feared that the storm would increase, the Ackergill Life-boat *George and Isabella* put off to the aid of some herring fishing-boats which had anchored in the bay. In two trips the crews, numbering in all thirty men, of four boats, were safely brought ashore by the Life-boat, several other crews being landed by a steamer's boats.—Expense of service, 8*l.* 5*s.*

Jan. 14.—The *Thomas Fielden* Life-boat, stationed at Holyhead, was launched at 12.30 A.M. to the assistance of the mail-steamer *Banshee,* of and from Dublin for Holyhead, which had stranded in Towyn Bay during a dense fog. The steamer, which had a crew of forty-four persons on board besides two hundred and sixty-six passengers, was ultimately got afloat, and arrived at her berth, landing the whole of her passengers in safety. The Life-boat accompanied her, some of the Life-boatmen being put on board to render assistance.—Expense of service, 14*l.* 5*s.*

Jan. 17.—A strong S. gale sprung up suddenly at Berwick-on-Tweed in the morning, and about twelve fishing-boats, of Spittal, were obliged to leave their lines and run for shelter. As there was a strong sea on the bar with a strong ebb out of the river, it was seen that they would incur great danger if they attempted to come in. The Life-boat *Albert Victor* was therefore launched, pulled over the bar, and sent the boats round to Greenses Harbour, on the North side of Berwick, which they all safely entered.—Expense of service, 6*l.* 18*s.*

Jan. 17.—Two Newbiggin fishing-boats, driven from their grounds by a sudden storm, were unable to return to their port, and as it was seen that they were in great danger in approaching the shore in the direction they were taking, the Alnmouth Life-boat *John Atkinson* was launched at

1 P.M. and guided them to a suitable place for beaching.—Expense of service, 8*l.*

Jan. 18.—Intelligence having been received at Hope Cove that a vessel was ashore at Sewer Mill Sands, the *Alexandra* Life-boat was launched at 8.30 A.M., and proceeded to her assistance during a strong S.E. wind and a heavy sea. She proved to be the ship *Halloween*, of and for London, from Foochow, with a cargo of tea. Nineteen of her crew were taken into the Life-boat from the foretop and rigging, where they had been during the whole of the previous night, and safely landed. Three others had previously attempted to swim to the shore with a line, but each of them let it slip; two of them succeeded in reaching the shore, but the third man was unfortunately drowned.—Expense of service, 9*l.* 18*s.* 6*d.*

Jan. 20.—At 11.30 A.M. the *George Moore* Life-boat, stationed at Porthdinllaen, was launched, and proceeded to the assistance of the S.S. yacht *Vixen*, of Beaumaris, which was found to be abandoned. With much difficulty, owing to the loss of her rudder, she was taken safely into Porthdinllaen. Her crew had been rescued by a boat and landed at Holyhead on the previous day.

Jan. 24.—A private yacht, the *Berwick*, of Ferryside, with five persons on board, left Ferryside at 8 A.M., and proceeded down the river on a shooting excursion, intending to return with the tide. Towards evening, as the yacht did not return and a strong breeze was blowing from the S.E., it was feared some accident had happened, and at 10 o'clock, the night being pitchy dark, it was considered advisable to send out the Life-boat in search. The Carmarthen Bay Life-boat *City of Manchester* was launched at 10.22, and found that the *Berwick* had parted her cable and driven ashore at high water and was high and dry. Her crew were taken into the Life-boat and brought back to Ferryside at 3.10 A.M.—Expense of service, 17*l.* 10*s.*

Jan. 24.—The Gourdon Life-boat *Young George Irlam* was launched at about 2 P.M., and remained outside the harbour until two fishing-boats, which were in danger during a S.S.W. wind, stormy weather, and a heavy sea, safely entered.—Expense of service, 6*l.*

Jan. 24.—During a S.S.E. wind with showers of sleet and a very heavy sea, the barque *Espérance*, of St. Malo, bound from Cadiz for Belfast with teak, stranded in Dundrum Bay. The crew of the *Memorial* Life-boat, stationed at Tyrella, assembled, and remained in attendance during the night in case their services should be required. At 6.30 on the following morning, the vessel showed signals of distress, and the Life-boat thereupon proceeded to her assistance and landed her crew, consisting of ten men.—Expense of service, 13*l.* 1*s.*

Jan. 26.—The *Wolverhampton* Life-boat, stationed at Swansea, was launched at 9.35 P.M. to the assistance of two steamers, the *Coniston Fell*, of Liverpool, and the *Ribble*, of Whitehaven, which had been in collision about half a mile N.E. of Mumbles Head during a strong S.E. breeze. The *Coniston Fell* was found to be leaking rapidly, and therefore made for the Mumbles with all speed, and was beached. The *Ribble* had been badly stove in the side and was fast sinking. The crew launched their boat and got into it, calling to the captain to follow them, but in a minute or so the boat was either stove or swamped, and two of her crew perished, the others managing to get back on to the steamer. Soon afterwards the vessel gave a lurch and went down, the master and three of the crew taking refuge in the rigging, from which they were rescued by the Life-boat and safely landed at half-past ten.—Expense of service, 13*l.* 4*s.*

Jan. 27.—The schooner *City of Perth*, of and for Creetown, from Liverpool in ballast, was reported to be in distress on Rascarral shore during a strong breeze from the S.W. and a heavy sea. At 3.30 P.M. the *David Hay* Life-boat put off from Balcary, and found the vessel riding at anchor near some rocks on the coast, and in great danger of being wrecked if the direction of the wind changed. She was taken safely to Balcary Bay, the Life-boat accompanying her.—Expense of service, 8*l.*

Jan. 31.—In the afternoon it was reported that a man and woman had been observed at about 7 A.M. going off in a small punt to Horse Island for the purpose of gathering whelks, and as a gale had suddenly sprung up from the S.S.W. with a broken sea, it was impossible for them to return in their own boat. The *Fair Maid of Perth* Life-boat put off from Ardrossan

at 3 o'clock, was towed to windward by the harbour tug, and then pulled to the lee of the island where the two poor creatures were found drenched with rain and spray, and much exhausted. They were taken into the Life-boat and brought safely ashore. In all probability they would have perished had they been allowed to remain all night on the island, there being no shelter there.—Expense of service, 12*l.* 9*s.*

Jan. 31.—On the night of the 31st of January, the S.S. *Beresford*, of West Hartlepool, bound from Middlesbrough for Bombay, with a general cargo, stranded on Hasborough Sand during a thick fog, a S.W. wind, and a heavy sea. Intelligence of the casualty having been received, the *Husband* Life-boat stationed at Winterton, and the *British Workman* Life-boat stationed at Palling, proceeded to the rescue. As the weather became very stormy, the vessel's crew, consisting of twenty-two men, were taken into the Palling Life-boat and landed at Yarmouth by a steam-tug. With the combined efforts of the Life-boats, steam-tugs, and other boats, the vessel was got afloat at 2 A.M. on the 5th of February, and taken to Yarmouth Roads.

Feb. 2.—The *Robert and Susan* Life-boat stationed at Newbiggin was launched at noon to the assistance of five fishing-boats which had been overtaken by a strong gale from the S.E.; with the help of the Life-boatmen, the boats were brought safely to land.—Expense of service, 10*l.*

COMMITTEE MEETING, Feb. 3rd, 1887.

Voted 134*l.* 12*s.* 10*d.* to pay the expenses of the Bull Bay, Aldborough, Newhaven, Montrose No. 1, Cloughey Bay, Cahore, Dornoch Firth, Bridlington, Torquay, North Sunderland, Barmouth, Newcastle (co. Down), Palling No. 2, Cemlyn and Cemaes Life-boats in assembling their crews or putting off in reply to signals of distress shown by vessels which did not ultimately require the services of the boats.

Feb. 8.—During a strong S.E. breeze and a heavy sea, signals of distress were shown by a steam-crane barge, employed in raising the sunken steamer *Ribble*, which was riding very heavily at anchor near the Mumbles. At 6 A.M. the Swansea Life-boat *Wolverhampton* put off, and was requested to remain by the barge, as the master considered there was great danger of her parting her cable, and as she was not provided with steam-propelling power or sails, he feared she would be driven upon the rocks on the north side of the Mumbles Lighthouse. The Life-boat, therefore, stood by the barge for two hours, during which time the seas continually swept over the vessel. All danger, however, appearing by that time to be over, the Life-boat returned to her station. Expense of service, 7*l.* 14*s.*

Feb. 15.—The Boulmer Life-boat *Robin Hood of Nottingham* was launched at 10.30 A.M., and remained outside the harbour until several fishing cobles safely entered, they having been overtaken by a strong gale from the S.E., accompanied by a very heavy sea.—Expense of service, 10*l.*

Feb. 23.—At 6.45 A.M., during a moderate S.W. wind, a vessel was observed ashore on the Goodwin Sands, and signal-guns were fired by the Gull light-vessel. The *Bradford* Life-boat stationed at Ramsgate at once went out in tow of the harbour steam-tug *Aid*, and found the vessel was the three-masted schooner *R. and M. J. Charnley*, of Lancaster, bound from Silloth for Burnham with railway materials, and having a crew of five men. The crews of the Life-boat and of some small boats which had put off to the rescue, rendered assistance, and at 9.45 the vessel floated, was taken in tow by the steam-tug, and arrived in the harbour at 12.20 P.M.

COMMITTEE MEETING, March 3rd, 1887.

Voted 34*l.* 17*s.* to pay the expenses of the Walmer and Lowestoft Life-boats in putting off to the assistance of vessels which did not ultimately require help.

Also 3*l.* 5*s.* to a man who was injured whilst helping to launch the Swansea Life-boat on the 26th January.

Also 5*l.* to Mr. HENRY BROWN, who had resigned the post of assistant coxswain of the Alnmouth Life-boat on account of ill-health.

March 4.—On the night of the 4th March the Deal Life-boat *Mary Somerville*, and the Walmer Life-boat *Civil Service*

No. 4, were launched to the assistance of the S.S. *Waesland*, of and for Antwerp, from New York, with a general cargo. The vessel had stranded on the South Sand Head during foggy weather, several of her passengers had been landed by a steam-tug, and it was reported that several others were left on board. The Life-boats remained by her until about 6 o'clock on the following morning when she floated, and was towed clear of the sand.—Expense of services, 34*l.*

March 8.—Signals of distress being shown by the steam-tug *Erin*, of Wexford, at 5.30 P.M., the Wexford Life-boat *Ethel Eveleen* proceeded to her assistance and found that her engines had broken down, and that she was in a very dangerous position on the shoaliest part of Wexford Bar. The wind was light and variable, and the sea was calm. At the request of the master the Life-boat remained by the vessel until the tide ebbed, and at about 1.30 got her afloat and took her to a place of safety.—Expense of service, 19*l.* 10*s.*

March 11.—The schooner *Isabella Stuart*, of Ardrossan, bound from the Sound of Mull for Liverpool with larch trees, showed signals of distress, being in a dangerous position about a quarter of a mile E. of the North Pier at Ramsey, Isle of Man, during a strong E.N.E. wind, with sleet and a rough sea at 10.40 P.M. The *Two Sisters* Life-boat stationed at Ramsey, was promptly launched, put four of her crew on board the vessel, and brought her safely into the harbour. She carried a crew of four men.

March 12.—A schooner being observed ashore on the Causeway during a strong breeze from the E.N.E. and a rough sea, the Life-boat *Christopher Brown*, stationed at Pennon, Anglesey, put off at 7.30 A.M., and found that the crew of the vessel, which was the *Enterprise* of Dublin, bound from Liverpool for Wicklow with coals, had landed on Puffin Island. The three men were taken into the Life-boat and brought safely ashore. The vessel afterwards floated, but struck again on the Causeway and sunk.—Expense of service, 8*l.*

March 12.—The Arklow Life-boat *Out Pensioner* put off at 10 A.M. to the assistance of the schooner *Fanny*, of and from Liverpool, bound for Africa with a general cargo, which was at anchor near the Porters Rocks, and striking the ground during a gale from the E.N.E., and a high sea. After a very heavy pull the Life-boat succeeded in reaching the vessel, and took her to a safe position.

March 13.—The schooner *Gipsy Queen*, of Padstow, bound from London for Liverpool, with cement, struck on Mynheer Rocks during a moderate gale from the N.E., and showed signals of distress. The Life-boat *Edmund and Fanny*, stationed at Polpear, put off at 7.5 P.M.; some of her crew went on board the vessel, which was leaking badly, and tried to keep her afloat by pumping, but the water gained on them, and eventually it became necessary to abandon her, the water then being flush with the deck. Her crew of four men and a boy were taken into the Life-boat, and safely landed, the vessel foundering shortly after she had been left.—Expense of service, 18*l.* 11*s.*

March 23.—The barquentine *Kate*, of Greenock, laden with logwood from Laguna de Terminios to Plymouth for orders, parted her cables during a strong W. gale and a high sea and went ashore on the rocks in Batten Bay. The Plymouth Life-boat *Escape* put off to her assistance at 4.30 A.M., and brought safely ashore the seven persons who were on board the vessel.—Expense of service, 13*l.* 10*s.*

March 23.—Guns and rockets were fired from the Gull and East Goodwin light-vessels at 5 A.M., during a strong S.W. wind and a heavy sea. The Ramsgate Life-boat *Bradford* was towed out by the harbour steam-tug *Aid*, and found the schooner *Fairy Glen*, of Padstow, bound from Goole for Plymouth, with coal, stranded on the N.E. part of the Goodwin Sands. On nearing the vessel, the Life-boat was slipped, sailed alongside, and remained by her about an hour and a-half; but as the wind and sea were increasing, the crew, consisting of five men, were taken into the Life-boat, which then sailed to the tug, and was towed back to Ramsgate, arriving at 11 o'clock.

March 31.—In response to signals of distress, the Thurso Life-boat *Charley Lloyd* was twice launched at night, and brought ashore the crews, numbering in all ten men, of the schooners *Janet Worthington*, of Runcorn, *Lady Louisa Pennant*, of Beaumaris, and ketch *Crest*, of Wick, which were in danger while at anchor in Scrabster roadstead, during a furious gale from

the N. and a tremendous sea.—Expense of service, 13*l.* 13*s.* 6*d.*

April 1.—During a heavy gale from the N., with a rough sea, a large fishing-boat, the *Georgina*, of Arbroath, was seen to be showing signals of distress off North Sunderland. The *Thomas Bewick* Life-boat was launched at about 10 A.M., put four men on board the boat, and brought her into port when the tide flowed, her own crew being much exhausted.—Expense of service, 11*l.* 6*s.*

April 4.—Information was received at 4.30 P.M., during a moderate N.W. breeze, that a schooner was ashore on the North Stack, and required immediate assistance. The *Thomas Fielding* Life-boat, stationed at Holyhead, was quickly taken out, and found that the vessel, the *Eleanor and Jane*, of Aberystwyth, bound from Bangor for Harburg with slates, had floated in a disabled state, her rudder was damaged, and she was leaking badly. The Life-boatmen rendered assistance in pumping and steering the vessel, and at 6.15 a small tug took her in tow, and she was placed alongside the quay in the Old Harbour at 8.30, having then 5½ feet of water in her hold.

COMMITTEE MEETING, April 7th, 1887.

Voted 161*l.* 12*s.* 6*d.* to pay the expenses of the Mullion, North Berwick, Dunbar, Montrose No. 3, Harwich, Lowestoft, Port Eynon, Hope Cove, Walmer, Peterhead, Walton-on-the Naze, New Brighton No. 1, Douglas No. 2 and Donna Nook Life-boats, in assembling their crews or putting off to the help of vessels not ultimately requiring their services.

Also 18*l.* 17*s.* 10*d.*, being a gratuity of 5*l.*, a weekly allowance of 1*l.* while unable to work, and medical expenses, to the Assistant Coxswain of the Dornoch Firth Life-boat who had one of his fingers badly injured while working at the winch on the occasion of the Life-boat being taken out with the view of launching to the assistance of a distressed vessel on the 10th January.

Also 8*l.* to JAMES TAIT, who was injured while helping to launch the Whitelink Bay Life-boat on the occasion of her quarterly exercise.

April 9.—The *George Hounsfield* Life-boat was launched from Aldborough at 10 P.M. during a N.E. wind and a heavy sea, signal rockets having been observed in the direction of the Shipwash Light Vessel. They were found to have been sent up by the steamer *Svend*, of Copenhagen, which required a pilot, and as one had volunteered to go out in the Life-boat when she went off, he was put on board the vessel and took her to London, to which port she was bound.—Expense of service, 18*l.* 2*s.* 6*d.*

May 1.—The barque *Norden Havet*, of Porsgrund, Norway, was towed ashore at Southwold in a sinking state, having grounded on the Leman and Ower Sands. Part of the crew were landed, but the master and two mates remained on board. At midnight they showed signals of distress, whereupon the Southwold Life-boat *Quiver No.* 2 was launched and brought the three men ashore, the wind blowing strongly at the time from the E., accompanied by a heavy sea.—Expense of service, 15*l.*

COMMITTEE MEETING, May 5th, 1887.

Voted 107*l.* 9*s.* 6*d.* to pay the expenses of the Milford, Clacton, Redcar, Saltburn, Harwich, Walton-on-the-Naze, Wexford No. 2 and Winterton No. 2 Life-boats in assembling their crews, or putting off in reply to signals of distress shown by vessels which did not ultimately need the services of the boats.

Also 10*l.* to Mr. ALEXANDER NOBLE, who had been Coxswain of the Fraserburgh Life-boat for thirteen years, and 10*l.* to Mr. JOHN PARKINSON, who had been Assistant Coxswain of the Lytham Life-boat for above twenty years. Both these officers had been compelled to relinquish their appointments on account of old age.

May 15.—In response to the signals fired by the light-ships, and a vessel burning large flares on the Goodwin Sands, the *Mary Somerville* Life-boat, stationed at North Deal, was launched at about 2.30 A.M., during a N.N.E. wind and a heavy sea. The vessel in distress proved to be the three-masted schooner *Golden Island*, of Fleetwood, bound from Antwerp

to Liverpool with glass-sand, and carrying a crew of seven men, all of whom were taken into the Life-boat and safely landed. The schooner became a total wreck.—Expense of service, 16*l.* 10*s.*

May 19.—Signal rockets being fired by the light-ship and coast-guard station, the *Willie and Arthur* Life-boat put off from New Brighton at 2 A.M., and proceeded in tow of a steam-tug to Taylor's Bank, where the sloop *Darling*, of Bangor, bound for Liverpool, was found stranded. The Life-boat remained by the vessel until she floated at the flood tide, when assistance was given in getting up her anchor, and she proceeded up the Mersey.—Expense of service, 15*l.* 5*s.*

May 20.—At 1.30 A.M. the Life-boat *Ipswich*, stationed at Thorpeness, was launched to the assistance of the ketch *Laura*, of Harwich, bound from the north for Netley, Southampton, with coal, which was disabled during rough weather and a very heavy sea. Some of the Life-boat men boarded the vessel and took her to Lowestoft, the Life-boat accompanying her, arriving there at 7 A.M. The ketch carried a crew of five men.

May 20.—A schooner was observed in distress, having lost all her sails, about two or three miles N.W. of Porthdinllaen Head, during a very heavy gale from N.N.W. The Life-boat *George Moore*, stationed at Porthdinllaen, put off at 5.30 A.M., and brought ashore the crew, consisting of four men, from the vessel, which proved to be the *John and Robert*, of Nefyn, bound from Jersey for Liverpool with a cargo of gravel.—Expense of service, 14*l.*

May 20.—The schooner *Industry*, of Aberystwyth, bound from Bristol for Newquay with a general cargo, showed signals of distress while at anchor in a dangerous position in the bay at Newquay, Cardiganshire, during a strong N.W. gale. The *Frank and Marion* Life-boat was launched at 6.30 A.M., and safely landed the vessel's crew of four men. The ship had broken from her mooring in the harbour, where she had been discharging her cargo.—Expense of service, 9*l.* 10*s.*

COMMITTEE MEETING, *June 9th, 1887.*

Voted the Second Service Clasp and 25*l.* to Mr. PHILIP GEORGE, who had been Coxswain of the Caister Life-boats for twenty-five years, and had assisted in saving a large number of lives. He had been compelled to relinquish his appointment on account of ill-health.

Also 252*l.* 1*s.* 9*d.* to pay the expenses of the Wexford No. 1, Palling No. 2, Caister No. 2, Harwich, Rhyl No. 2, Llanddulas, Whitby No. 2, Donna Nook, Aldborough, Orme's Head, Holyhead, St. David's, Lizard No. 2, Cadgwith, Montrose No. 2, Broadstairs, Walmer, North Deal, Kingsdowne, Cemlyn, Cemaes and Porthcawl Life-boats, in assembling their crews or putting off to the aid of vessels which did not ultimately need their help.

The Ramsgate Life-boat had been taken out on two occasions, in reply to signals of distress, but her services were not eventually required.

Voted 5*l.* to Mr. WILLIAM DIX, who had been Coxswain of the Mundesley Life-boat for five years, and had been obliged to resign in consequence of old age.

Also 3*l.* to THOMAS HARDMAN, one of the crew of the Lytham Life-boat, who was injured in the hand on the occasion of the quarterly exercise of the boat.

June 9.—It having been reported that a steamer was ashore on Crebawethan, one of the rocks to the westward of St. Mary's, Scilly Islands, during a dense fog, the *Henry Dundas* Life-boat, stationed at St. Mary's, was launched at midnight, and on reaching the vessel found she was the s.s. *Castleford, of Liverpool, bound from* Montreal for London with 450 head of cattle and a general cargo. Some of the crew had left in boats, and, at the request of the master, the Life-boat took off twenty-five men, and transferred them to a ship's boat, lying off, which proceeded in charge of a pilot for St. Mary's. As the sea was rough with the flowing tide, the Life-boat returned to the vessel, and remained by her until daylight.—Expense of service, 19*l.* 14*s.*

June 24.—Signal guns having been fired by the *Gull* light-ship, the Ramsgate Life-boat *Bradford* went out at 3.30 A.M., and proceeded to the Goodwin Sands, where the schooner *Lizzie*, of Fleetwood, coal laden, was stranded. The Life-boat was run ashore alongside the vessel, and the services of the crew having been engaged by the master to get his ship afloat, they began to lighten her, and at

low water carried an anchor and thirty fathoms of chain out on the sand. When the tide flowed, the steam-tug passed her tow-rope on board, but failed to get the vessel off. On the water falling, more of the cargo was taken out of the ship, the anchor was shifted to low water-mark, and at the next high tide, the tug again attached the hawser, and, after towing for about an hour and heaving on the anchor, the vessel was got afloat, and was taken into Ramsgate Harbour, arriving at 3 o'clock on the morning of the 25th June.

June 28.—The schooner *Esther Ann*, of Belfast, timber laden, from Wexford for Preston, struck on the Crusader Bank during a strong breeze from the N.W. and a rough sea. The *Samuel Fletcher* Life-boat, stationed at Blackpool, put off to her assistance at 8 A.M., and remained by her until she got over the bank, the master's wife and two children being taken into the boat. When the tide rose the vessel floated, striking heavily and leaking; the pumps, however, were kept working, and she bore up for Lytham.—Expense of service, 10*l.* 10*s.*

June 30.—In reply to signal guns from the light-ship, the Broadstairs Life-boat, *Samuel Morrison Collins*, was launched at 8.55 P.M. When about half way to the Goodwin Sands, she was taken in tow by the steam-tug *Victor*, of London, and, on reaching the Sands, found the Spanish steamer *Guatemala*, bound from Antwerp for San Francisco with railway iron, ashore there. At the master's request, the Life-boat remained by the vessel in case her help should be needed, but at six o'clock on the following morning the steamer floated, and proceeded west. The Life-boat was then towed back to her station by the tug *Victor*, arriving there at 7.30.—Expense of service, 15*l.* 5*s.*

COMMITTEE MEETING, July 7th, 1887.

Voted 42*l.* 15*s.* to pay the expenses of the Castletown, Cadgwith and North Deal Life-boats, in putting off in reply to signals of distress, when their services were not eventually needed.

Also 15*l.* to the widow of Mr. ROBERT JONES, who for eighteen years held the office of Coxswain of the Abersoch Life-boat.

COMMITTEE MEETING, 4th August, 1887.

Voted the Second Service Clasp and 15*l.* to Mr. Robert BICKERSTAFFE, who had been compelled by ill-health to resign the office of Coxswain of the Blackpool Life-boat.

Also 15*l.* to Mr. JOHN HEPTON, who had held the office of Coxswain of the Sunderland No. 2 Life-boat for several years, and was in failing health.

Also 10*l.* to Mr. HUGH JONES, who had for many years been Assistant Coxswain of the Moelfre Life-boat.

Voted also 32*l.* 14*s.* 6*d.* to pay the expenses of the Walmer and Kingstown Life-boats in putting off to the aid of vessels not ultimately needing their services.

Aug. 7.—At 9 A.M. a pilot-boat put off from Buckie to bring the schooner *Ben Aigen*, coal laden from Sunderland, into the harbour during a strong gale from the N.W. and a rough sea. The pilot boarded the vessel and the boat proceeded to return to the harbour with one man and a boy in her, but when about fifty yards from the schooner the boom shifted, causing the boat to fill with water and founder immediately. The schooner promptly launched her boat, manned by two men, and picked up the man, but the boy was unfortunately lost. The Buckie Life-boat *James Sturm* went to the rescue, and reached the schooner's boat just in time to save all her occupants from perishing, as she was nearing the rocks and both her oars had been broken.—Expense of service, 8*l.* 5*s.*

Aug. 13.—The barge *Paragon*, of Milton, Faversham, was observed from Mablethorpe in distress during a fresh E. breeze, squally weather, and a moderate sea. She was trying to beat off the lee shore off Trusthorpe pier, but being unable to do so, she anchored just clear of the breakers. As she appeared to be dragging her anchors, the Mablethorpe Life-boat *Heywood* was launched at 11 A.M., and at the master's request remained by the vessel for an hour or so until the seas began to break over her, when the master, his wife, and two children were taken into the boat and landed, leaving four of the Life-boat men and the crew of two men on board the barge. At low-

water they came ashore in the vessel's boat. The barge afterwards became a total wreck.—Expense of service, 19*l.* 6*s.*

Aug. 17.—The Life-boat *Clevedon*, stationed at Newport, Pembrokeshire, was the means of rendering timely service on the occasion of the Regatta. A strong wind sprung up from the N.N.E., the sea was somewhat rough, and the barge on which the Regatta Committee was stationed, which was at anchor about three hundred yards from the beach, was placed in a perilous position, inasmuch as there were no oars or sails on board, and although, if the cable had been slipped, she would probably have drifted on to the sands and the occupants might have been enabled to get ashore, considerable risk would have been incurred, as the tide was rising and the sea was becoming rougher. Signals were therefore hoisted, and in response the Life-boat was quickly got out, manned and launched, and in a very short time the eight persons on board the barge were taken into the boat and safely landed amidst the applause of the numerous spectators. Some time afterwards the barge sunk at her anchor. —Expense of service, 8*l.* 8*s.*

COMMITTEE MEETING, Sept. 1st, 1887.

Voted 11*l.* 18*s.* to pay the expenses of the Sutton Life-boat in putting off to the assistance of a vessel: her services, however, were not needed.

Sept. 2.—During a strong gale from the S.W. and a rough sea the brig *Avenir*, of and for Krageroe, Norway, from London, in ballast, parted both her anchors and drifted on to the Maplin Sands. The Southend No. 1 Life-boat *Boys of England and Edwin J. Brett* was launched at 2 P.M., proceeded to the vessel and remained by her until the flood tide made on the following day, when, with the assistance of a steam-tug, she was got afloat and towed to Gravesend. She had a crew of seven men. — Expense of service, 5*l.* 19*s.* 10*d.*

Sept. 3.—The schooner *Carl Rosinius*, of Hangesund, bound for Liverpool, in ballast, was seen stranded on Taylor's Bank, and signals were fired by the Crosby Light-vessel, during a W. wind, squally weather, and a heavy sea. At 9 A.M, the *Willie and Arthur* Life-boat, stationed at New Brighton, was towed out by a steam-tug, and found that the vessel had got over the sand and had brought up in deep water. Four of the Life-boat men were put on board to assist to get the anchor up, a line was passed to the tug, and the vessel was towed to Liverpool, the Life-boat following astern to steer her, as she had lost her rudder.—Expense of service, 6*l.* 15*s.*

Sept. 7.—The sloop *Robert*, of Hull, which had been anchored for three weeks off Redcar, engaged in removing portions of the wreck of a steamer, weighed her anchor and made sail, her position having become perilous owing to the increasing wind and sea. While tacking close to the East Rock her mast went by the board, and both anchors were thereupon let go, the vessel lying close to the rocks. The *Brothers* Life-boat, stationed at Redcar, was promptly launched at 6 A.M., and brought safely ashore the sloop's crew, consisting of two men.—Expense of service, 13*l.* 4*s.* 6*d.*

Sept. 7.—At about 2.40 P.M. the Orme's Head Life-boat *Sisters' Memorial* was launched to the assistance of the cutter yacht *Haidee*, of Liverpool, which had shown a signal of distress while at anchor in the bay, during a strong breeze from the N.E. and a heavy swell. On reaching her it was found that she was leaking badly, had lost her rudder, and was gradually sinking. The Life-boat brought ashore her punt, the vessel's crew of two men having just previously been landed by a shore boat.—Expense of service, 10*l.* 18*s.*

Sept. 19.—The fishing dandy *Vanguard*, of Great Yarmouth, returning to her port from the fishing grounds during a strong breeze from the E.N.E. and a heavy sea, went on the Barber Sand. She got off, but afterwards stranded on the beach about a mile and a half S. of Caister. The Caister No. 2 Life-boat *Godsend* was launched at 4 A.M., and on reaching the vessel, found one anchor had been laid out by her own boat, which was afterwards filled and lost. As the heavy seas were breaking over the vessel, the services of the Life-boat men were gladly accepted, and after a time she was got afloat and taken into Yarmouth harbour. She carried a crew of eleven men.

Sept. 29.—The *Richard* Life-boat, stationed at Donna Nook, was launched at 8 A.M. during a N.E. wind, squally weather, and a rough sea, to the assistance of the fishing dandy *Aurora*, of Hull, which had stranded near Donna Nook. The Life-boat remained by her until the tide fell and left her dry.—Expense of service, 16*l.* 3*s.*

Sept. 29.—A heavy sea arose at Cullercoats at about 7 o'clock in the morning, and as all the fishing boats had gone out, it was considered advisable to launch the *Co-Operator* No. 1 Life-boat, in case any accident should happen to them in crossing the bar, while making for their port. They all, however, crossed in safety, the Life-boat remaining afloat until all danger was over, and returning to her station at 10 o'clock.—Expense of service, 9*l.*

COMMITTEE MEETING, Oct. 6th, 1887.

Voted 37*l.* 7*s.* 6*d.* to pay the expenses of the Thorpeness, Kingsdowne, Walton-on-the-Naze, and Cahore Life-boats in putting off in reply to signals of distress shown by vessels which did not ultimately need their services.

Also 15*l.* to the widow of Mr. THOMAS PRINGLE, who was for many years Coxswain of the North Sunderland Life-boat.

Also 5*l.* 7*s.* 6*d.* to one of the helpers who was injured on the occasion of the exercise of the Peel Life-boat on the 6th April last.

Oct. 18.—Signal guns having been fired by the light-ships, the No. 2 Life-boat *Theodore and Herbert* put off from Southend and the *Albert Edward* Life-boat was launched from Clacton at about 7 o'clock in the evening. They found the schooner *Venus*, of Teignmouth, bound from London for the Tyne, in ballast, stranded on the Maplin Sands, and remained by her until 6 o'clock on the following morning. — Expense of services, 48*l.* 8*s.*

Oct. 15.—In response to signals of distress, the *Mark Lane* Life-boat, stationed at Gorleston, was launched at about 7.30 P.M., and found they had been shown by the three-masted schooner *Queen of the Isles*, of Wick, bound from Tonsberg, Norway, to Sunderland, with a cargo of pit props. She had parted her starboard anchor, and when brought up by the port anchor she was close under the bows of a steam ship, and as a collision was feared, she signalled for assistance. The wind was blowing from the N.E., squally, with rain, and a rough sea. The Life-boat remained by the vessel during the night, and she was taken to a safe position on the following day.

Oct. 25.—The trawler *Striver*, of Great Yarmouth, was being towed into the harbour by a steam-tug at about 8.45 in the morning during a N.E. to N.N.E. wind, squally weather, and a heavy sea. When crossing the bar, the tug came into collision with a brig which was in tow of another steamer. This caused her to stop her engines, and the trawler was caught by a heavy sea and dashed against the stern of the tug, having her bow stove in. To avoid being stranded on the "Mouse-trap," the trawler's tow-rope was cast-off; she starboarded her helm and wore round, narrowly escaping collision with the South Pier. It was then found that she was sinking, and the crew of six men therefore got into their boat. The Gorleston Life-boat, *Mark Lane*, which had been promptly launched, proceeded to their assistance and tried to save the vessel; but all efforts failed, and as she was rapidly filling, the coxswain ordered all hands into the Life-boat. Five minutes afterwards the trawler went down bow first.—Expense of service, 11*l.* 10*s.*

Oct. 25.—A signal of distress being displayed in the fore-rigging of the sloop *Unity*, of Boston, bound from Lynn for Sunderland with a cargo of wheat, during a fresh N. breeze with snow-squalls and a heavy sea, the Life-boat *Herbert Ingram*, stationed at Skegness, was launched at 9.30; proceeded to the vessel, which was in a leaky and disabled condition, having lost her main-boom and some of her rigging, and assisted to take her to Boston.

Nov. 1.—The Wicklow Life-boat *Robert T. Garden* was launched at 7.30 A.M., and proceeded to the assistance of the schooner *Samuel Dixon*, of Wexford, bound from Llanelly for Wexford with a cargo of coal, which had shown a signal of distress in the roadstead during a gale from the S.E. and a very heavy sea. One

of the cables had parted, and, as she was dragging her other anchor, the crew of four men were taken into the Life-boat and brought ashore.—Expense of service, 8*l.*

Nov. 1.—As several vessels were reported to be driving out of Portland Roads towards the shore, the crew of the Weymouth Life-boat *Agnes Harriet* were summoned, and remained in readiness in case their services were needed. At 9 o'clock the brigantine *Maren*, of Fanöe, Denmark, bound from Mexico for Hamburg with a cargo of logwood, was observed to be dragging her anchors, and, fearing she would strike the Mixen Rocks or the outer pier of the harbour, the Life-boat was launched to render assistance if necessary. The vessel drove rapidly past the harbour, and the Life-boat followed her, being filled three times by the heavy seas but quickly freeing herself, and arrived alongside at 10.30. The wind was then blowing with almost hurricane force from the S.S.W., with heavy rain and hail. *The boat remained, until all the cable* was paid out, near the vessel, which continued to drive to leeward, and at 11.30 struck in broken water. The Life-boat then dropped down to her twice, but those on board the vessel did not avail themselves of her services. The weather was then moderating, although the sea still ran high. At 1 o'clock the ship appeared safe, resting on the sands with both anchors down, and the Life-boat returned to the harbour. At 2.30 it was evidently unsafe to remain on board any longer, as the sea was very rough, and the Life-boat again put off with the view of prevailing on the men to leave the vessel. After several attempts the boat succeeded in getting alongside, and the master and crew, seven men all told, then unhesitatingly decided to leave the ship, and with their effects were safely landed by the Life-boat, which reached the harbour, after an hour's hard pulling, at about 5 P.M.

The following is a copy of a letter afterwards received by the Honorary Secretary of the Weymouth Branch of the Institution from the master of the *Maren*:—

"DEAR SIR,—On behalf of myself and crew, who feel much gratified and deeply indebted for the services rendered to us by the Life-boat, especially for their skilful manner in coming alongside, also their endurance in stopping ahead of the ship for several hours, in order to be alongside in the moment of need; their care to save our clothes, and kindness towards us, together with the waving and hearty welcome of the crowd of spectators on shore, made an impression upon us which we shall never forget, and therefore beg you, dear Sir, to tender our warmest but poor thanks to the crew of the *Life-boat*. *We remain, dear Sir,*

"Your most humble servants, for self and crew,
"J. SVARRER,
"Master of the Danish brigantine *Maren*."

—Expense of service, 13*l.* 18*s.*

COMMITTEE MEETING, Nov. 3rd, 1887.

Voted 67*l.* 1*s.* 6*d.* to pay the expenses of the Padstow, Harwich, Donna Nook, Sheringham, Port Patrick, Kirkcudbright, Kimeridge, Abersoch, Plymouth and Holyhead Life-boats in assembling their crews, or putting off in reply to signals shown by vessels not ultimately requiring their services.

The Ramsgate Life-boat had been taken out twice, but her services were not eventually needed.

Nov. 1.—One of the worst storms ever experienced at Ramsey, Isle of Man, prevailed in the morning, the wind blowing almost a hurricane from the S.S.E., and the sea running mountains high. At 9.30 a signal of distress was shown by a vessel in the bay, and the Life-boat *Two Sisters* was at once taken out, and proceeded by land to Port Lewaigue, it being considered unwise to attempt to launch her anywhere near the harbour, as the sea and wind would have rendered it impossible to propel her to windward. She was successfully launched, and being handled most skilfully by her coxswain and crew, rescued the crew, consisting of three men, from the schooner *Kattie Darling*, of and for Chester, from Coleraine, and the crew of seven men from the brigantine *Prothesa*, of Teignmouth, bound from Runcorn for North Shields with a cargo of rock-salt, both of which vessels were dragging their anchors in the bay. In returning ashore some of the ropes attached to the drogue broke, in consequence of the great strain upon them, and the Life-boat broached to and was filled by an enormous wave; the crew, however, kept cool; the boat, which was under oars and running with the gale, soon recovered herself, and was landed by another great wave high up on

the steep beach, north of Beachmount, about four miles from the place where she had been launched.—Expense of service, 25*l.*

Nov. 3.—A telegram was received at Walmer, stating that a vessel was ashore in Pegwell Bay, during a gale of wind from the S.S.W., with a heavy sea and squalls of rain. The Walmer Life-boat *Civil Service No. 4* was launched at 8 A.M., and proceeded to the stranded vessel, which proved to be the brig *C. Neumann Gaedebehn*, of Rostock, bound from America for the Baltic with a cargo of resin. Some Deal boatmen had already boarded her, freed her from the gear of the masts which had been cut away, and pumped her dry, and at the master's request the Life-boat remained by the ship until she was taken into Ramsgate harbour.—Expense of service, 16*l.* 8*s.*

Nov. 5.—The ketch *Emily Wynne*, of and for Wexford from Ayr, with a cargo of coal, which had anchored in Skerries Bay for shelter during a moderate gale from the E.S.E. and a heavy sea, showing signals of distress, the *Laura Platt* Life-boat, stationed at Skerries, was launched at 8.30 P.M.; proceeded to the vessel, and brought ashore her crew, consisting of four men.—Expense of service, 16*l.*

Nov. 8.—During a moderate E. gale and a heavy sea, rockets were fired in quick succession by the four-masted ship *Earl of Beaconsfield*, of London, bound from Calcutta for Hull with a cargo of wheat and linseed, which had stranded about two miles S. of Aldbrough, nine miles from Hornsea, during a fog on the previous Sunday morning. The Hornsea Life-boat *Ellen and Margaret of Settle* was launched at about 6.10 A.M., reached the stranded vessel at about 9.45, after more than three hours' hard rowing, took off twenty-seven men and safely landed them at Aldbrough. The Life-boat returned to her station by road on her carriage, which had been sent to fetch her.—Expense of service, 40*l.* 18*s.* 6*d.*

Nov. 22.—The Newbiggin fishing-boats went to the fishing-ground as usual about 4 o'clock in the morning, but they had scarcely shot their lines when a strong gale sprung up suddenly from the E.N.E., which necessitated leaving them and making for home with all speed. As the gale was rapidly increasing, the Life-boat *Robert and Susan* was launched at 8.30, and piloted the boats, about thirty in number, safely into port.—Expense of service, 12*l.*

Nov. 22.—At about 10 A.M. the fishing-boats *Dotherel*, *British Defiance*, *Star in the East*, and *Hannah*, were observed in distress about three miles S.E. of Sunderland during a strong E.S.E. wind and a rough sea. The Sunderland No. 4 Life-boat *Caroline Clagett* put off to their assistance, and remained by them until they were towed into the harbour by a steam tug.—Expense of service, 8*l.* 6*s.*

Nov. 22.—The Filey Life-boat *Hollon the Second* was launched at 10 A.M. to the assistance of the fishing fleet, which had been overtaken by a sudden gale from the E.S.E. The Life-boat men distributed life-belts to several of the crews, and accompanied the last boats to the shore.—Expense of service, 9*l.* 10*s.*

Nov. 25.—The barque *Forest Queen*, of Belfast, bound from Dublin for Norway in ballast, was reported to be in distress about five miles distant from the Balcary Life-boat station, and in danger of being driven on the sand-banks during a W. wind, stormy weather, and a heavy sea. The *David Hay* Life-boat was launched at noon, remained for some time by the vessel, which had stranded on the middle of Barnhoury Banks, and ultimately brought safely ashore her crew, consisting of twelve men.—Expense of service, 20*l.* 9*s.* 8*d.*

Nov. 26.—Guns having been fired by the North Hasborough Lightship, during a strong W.S.W. wind and a heavy sea, the Palling No. 2 Life-boat *British Workman* and the Winterton No. 2 Life-boat *Husband* put off and found the s.s. *Falcon*, of and from Sunderland, bound for Italy with a cargo of iron, stranded on the middle part of Hasborough Sand. The Life-boats remained by the vessel and assisted to get her afloat and take her into Yarmouth Roads, returning to their stations on the morning of the 29th November.

COMMITTEE MEETING, Dec. 1st, 1887.

Voted 148*l.* 14*s.* 6*d.* to pay the expenses of the Gorleston No. 1, Douglas No. 2, Falmouth, Lydd, Montrose No. 1, Caister No. 2, Bembridge, Hythe, New Romney, Hornsea and Cullercoats Life-boats, in assembling their crews or putting off to

the assistance of vessels not ultimately requiring the services of the boats.

Also 5*l.* to Mr. PASCOL BROWN who had been compelled by old age to resign the office of coxswain of the Port Isaac Life-boat, which post he had held for several years.

Dec. 2.—The Life-boat *Honourable Artillery Company*, stationed at Walton-on-the-Naze, was launched and proceeded to the Kentish Knock, where the s.s. *Capri*, of Liverpool, was found stranded. The Life-boat men rendered assistance in trying to get the ship afloat, continuing their efforts until the 5th December, but all endeavours failed, and it became necessary to abandon the vessel. Twenty-two of her crew were then taken off by the Life-boat and safely landed at Harwich.

Dec. 7.—The barque *Falco*, of Stockholm, having been observed to go ashore in a dangerous position on the Carline rocks during a N.W. gale and a heavy sea, with snow showers, the Kildonan, Isle of Arran, Life-boat *Emily Dewar*, was launched at 4.30 P.M., proceeded to the vessel, and found that she had been run ashore, as she had sprung a leak. Seven of the crew were brought safely to land in the Life-boat.—Expense of service, 16*l.* 2*s.* 6*d.*

Dec. 13.—The three-masted brigantine *Emerald*, of Liverpool, flying a signal of distress during a strong S. gale and a rough sea, the Life-boat *Thomas Fielden*, stationed at Holyhead, was launched to the assistance of the vessel, which was apparently ashore near Clipera Point, but before she was reached she slipped her anchor, and ran to leeward in the bay. A steam tug got a line to her, part of the Life-boat's crew assisted in hauling the hawser on board; and two of the Life-boat men remained to assist in mooring the vessel. The Life-boat then proceeded to the schooner *Ann*, of Liverpool, which was showing a signal of distress outside the end of the breakwater, and brought the vessel, with her crew of four men, safely into the old harbour.—Expense of service, 7*l.* 15*s.*

Dec. 13.—The schooner *Resolute*, of Aberystwyth, bound from Abersoch for Bristol with a cargo of lead ore, showed a signal of distress while at anchor in the bay at Fishguard, during a fresh gale from the S. The No. 2 Life-boat *Appin* was launched at 9 A.M. and sailed to the vessel, and on arriving alongside the master stated that he and his crew of three men wished to leave the ship, as she had lost some of her head-sails, and they could not take her into the harbour. They were, therefore, taken into the Life-boat and brought ashore in safety.—Expense of service, 8*l.* 2*s.* 6*d.*

Dec. 13.—In the morning a gale, which had been blowing strongly from the S.E., suddenly shifted to the S.W., and two schooners, the *Clyde* and the *Harbinger*, of Belfast, coal laden, which were riding at anchor in the roadstead at Peel, Isle of Man, hoisted signals of distress. The Life-boat *John Monk*, stationed at Peel, put off to their assistance at about 9 o'clock, and remained by them for some time, as they were in danger of being driven on the rocks, and several of their sails had been carried away during the previous night.—Expense of service, 8*l.* 4*s.*

Dec. 16.—The *Friend* Life-boat, stationed at Littlehaven, proceeded to the assistance of two schooners, the *John Davies*, of Carnarvon, bound from Portmadoc for Bridgewater with a cargo of slates, and the *Maggie Brocklebank*, of Barrow, bound from Liverpool for Swansea with coal-tar pitch, which showed signals of distress as they were riding heavily at their anchors in St. Bride's Bay during a N.W. wind, stormy weather, and a rough sea. The crews, consisting altogether of eight men, were taken into the Life-boat and brought safely ashore.—Expense of service, 12*l.* 3*s.* 6*d.*

Dec. 17.—During a terrific gale from the N.W. and a heavy sea, the ketch *Favourite*, of Sunderland, was observed at about 10 o'clock in the morning running towards Fraserburgh from the Moray Firth with sails spent. The *Cosmo and Charles* Life-boat stationed at Fraserburgh was promptly launched, and the Life-boat warp was taken to the end of the breakwater ready to be run out. While this was being done the schooner *Enterprise*, of Leven, bound from Sunderland for Buckie with a cargo of coal, was seen approaching, and as she neared the breakwater the Life-boat ran out the warp to her and the vessel dropped her anchors. The Life-boat then proceeded to the ketch, took off

her crew, consisting of two men, and safely landed them in the harbour, being towed back by the steam tug *Granite City*. The Life-boat, in tow of the steamer, then went again to the assistance of the schooner, and, taking a warp from the tug, dropped down on the vessel and rescued her crew, numbering five men.—Expense of services, 15*l.* 11*s.*

Dec. 17.—In answer to a telegram stating that a barge was in distress seven miles E. of Wakering Haven, the Southend No. 2 Life-boat, *Theodore and Herbert* was launched at 3 P.M., during a strong W. breeze and proceeded to the vessel, which proved to be the *Sultan*, of Rochester. She had sprung a leak and was sinking on the Maplin Sands, her crew having taken refuge on board another barge which was close by. The Life-boat remained alongside until the following tide, but her assistance not being required she then returned to her station, arriving there at 2 o'clock on the following morning.—Expense of service, 23*l.* 18*s.*

Dec. 18.—The barque *Hjemlos*, of and for Grimstadt, from Belfast in ballast, was observed about three miles S.W. of Rhoscolyn, apparently unmanageable, during a moderate gale from the N.W. and a heavy sea. The crew of the Rhoscolyn Life-boat, *Ramon Cabrera* were at once summoned, the boat was launched at 1.15 P.M., and on arriving alongside two of her crew went on board the vessel and assisted the ship's crew, who were much exhausted, to trim the sails. The vessel, however, being very light, would not work to windward, and the anchor was therefore let go, but would not hold, and at 2.30 P.M. the ship drove ashore on the sand on the N. side of Cymmeran Bay, her crew, numbering eight men, being landed by the Life-boat through a very heavy surf.—Expense of service 10*l.* 3*s.*

Dec. 24.—At about 11.30 A.M. the S.S. *Allerwash*, of Newcastle-on-Tyne, landed four men from the S.S. *Union*, of Flensburg, and reported that the latter vessel was on fire, and had lost her propeller, seven miles from Flamborough Head; also that seven men had been left on board, the *Allerwash* having been unable to rescue them, because the boats of both vessels had been damaged. The Life-boat *William John and Frances* was promptly launched, proceeded in tow of the *Allerwash* to the *Union*, and having passed a tow-rope between the two steamers, the *Union* was brought to Bridlington with the seven men on board.

Dec. 28.—The ketch *Eva Lena*, of Liverpool, laden with limestone, was seen from Penmon, Anglesey, to run aground on the Dutchman's bank during a moderate breeze from the E.N.E. She showed no signal of distress, but hearing that she had no boat with her, the coxswain of the *Christopher Brown* Life-boat stationed at Penmon assembled his crew, launched the boat, proceeded to her assistance, and remained by her until she floated and was safely anchored in the cross roads. For about forty minutes the sea was making a clean breach over the ketch.

Dec. 31.—Voted 99*l.* 10*s.* 8*d.*, to pay the expenses of the Hayling Island, Kildonan, Sidmouth, Rhosneigir, Withernsea, Filey, Caister No. 1, Flamborough No. 2, Winterton No. 2, Portrush, and Saltburn Life-boats, in assembling their crews or putting off to the aid of vessels which did not ultimately need assistance.

SHORE-BOAT SERVICES REWARDED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION IN 1887.

Jan. 4.—The crew of a Coastguard boat put off from Bognor, Sussex, and saved the crew of four men, and a female passenger from the schooner *Elizabeth Curry*, of London, which stranded at Middleton Point, during a strong S.E. wind, a heavy sea and snow.—Reward, 5*l.*

May 2.—Five men rescued the crew of two men from a boat which had capsized in broken water on Teignmouth Bar during a strong E.S.E. wind.—Reward, 2*l.* 10*s.*

May 10.—Four men put off in a boat and saved four other men whose boat had been upset on Guidore Bar during a strong N.W. breeze and a heavy sea.—Reward, 3*l.*

May 20.—Seven men waded with lines to the fishing-boat *Water Lily*, of Bangor, which had stranded in Llandudno Bay during a strong W.N.W. gale, and rescued a man who was on board the vessel.—Reward, 3*l.* 10*s.*

June 2.—Two men put off in a boat and rescued three persons whose boat had struck a rock and immediately sunk off Inniskeera Island, Co. Donegal, during a S.W. breeze. — Reward, 10*s.*

June 9.—Voted the Silver Medal of the Institution, and a copy of the vote inscribed on vellum, to Captain L. G. STARR, master, and to Mr. T. EASTAWAY, second mate, and 6*l.* to four of the crew of the s.s. *Juno*, of Bristol, for rescuing, at great risk of life, the master and crew, numbering sixteen in all, of the s.s. *George Moore*, of Port Glasgow, which was wrecked on the Smalls Rock, in the Irish Channel, during a strong gale from the N.W. on the night of the 20th May. On observing signal-rockets fired from the Smalls Lighthouse, the master of the *Juno* with much difficulty took his vessel as near as possible to the wreck, when a boat manned by the second mate and four of the crew was launched, and in two trips succeeded in rescuing the shipwrecked men and placing them on board the *Juno*.

The Committee also expressed their approval of the conduct of the master of the *George Moore* in doing all in his power to help to save the lives of his crew, he being the last to leave the wreck.

June 17.—Two men put off in a boat and rescued a woman from a boat which had been upset at Aranmore Island during a moderate N.E. wind.—Reward, 15*s.*

June 24.—Seven men put off in a shore boat from Huna and rescued six men from the fishing-boat *Helen Ann*, of Banff, which had sunk off St. John's Point in the Pentland Firth during foggy weather. – Reward, 7*l.*

Aug. 26.—Eleven men saved twelve persons from the pleasure sailing-boat *Monarch*, of Ilfracombe, which sunk off that place during a fresh S.S.W. breeze.—Reward, 5*l.* 10*s.*

Aug. 30.—Twenty-one Lowestoft men put off in a large beach-boat and brought ashore the crew, consisting of six men, from the three-masted schooner *Maurice*, of St. Vaast, which had struck on the Newcome Sands, during a moderate breeze from the W.S.W., squally weather, and a rough sea.—Reward, 10*l.* 10*s.*

Sept. 1.—Voted the Silver Medal of the Institution and a copy of the vote inscribed on vellum, to Sergeant PATRICK MCPHILLIPS, of the Royal Irish Constabulary, for putting off in a boat and rescuing a man who, while suffering from delirium tremens, had gone out to sea in a punt without sail or thowl-pins and was drifting on to a ledge of rocks off Aranmore Island during a strong N.W. wind on the 19th July.

Fifteen shillings was also granted to two boatmen who took out Sergeant MCPHILLIPS and towed the boat back to shore.

Also 10*l.* to the owner of the fishing-boat *Jessie Mary*, of Great Yarmouth, as compensation for damage received by his boat while

endeavouring to save life on the occasion of the capsizing of a pleasure-boat in Yarmouth Roads during a S. wind and squally weather on the 28th July.

Also 1*l.* 10*s.* to a man for swimming out to try to save life on the occasion of the wreck of the schooner *Anne Elizabeth* on the rocks at Joppa, Scotland, during a very high sea on the 31st March, and for rescuing a man who had fallen overboard from a small boat off Portobello during a light breeze on the 20th July.

Sept. 10.—Two men put off in a boat and rescued two men from another boat which had been capsized off Rosses Point, Co. Sligo, during a strong breeze.—Reward, 15*s.*

Sept. 19.—Four pilots saved four men whose boat had been capsized by a sudden squall near Newburgh, Aberdeenshire.—Reward, 2*l.*

Sept. 20.—Three fishermen saved at great risk, owing to the broken water, two men from a fishing-boat which had capsized off Umfin Island, Co. Donegal, during a moderate breeze from the N.E.—Reward, 2*l.* 5*s.*

Sept. 24.—Two men put off in a boat and at considerable risk, the heavy sea nearly filling their boat, saved two men from the fishing-boat *Friends*, of Christchurch, which had sunk on the Hook Sands at the entrance to Poole Harbour during a fresh breeze from the E.N.E. and a heavy broken sea.—Reward 2*l.*

Sept. 27.—Three fishermen saved three men from the boat *Maria*, of Skibbereen, which had capsized in Clonakilty Bay during a strong breeze from N.W.—Reward, 1*l.* 10*s.*

Sept. 29.—The chief officer of H.M. Coastguard, and five Coastguard men at Morris Castle, Co. Wexford, put off in the station boat and rescued the crew of four men from the schooner *Fame*, of Wexford, which had stranded on the Blackwater Bank during a N.E. to N.W. wind and stormy weather.—Reward, 6*l.*

Nov. 3.—Voted the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to the Misses MARIA and JOSEPHINE HORSFORD and Mr. WILLIAM C. L. SULLIVAN for rescuing, at great risk, owing to the smallness of their boat, two ladies and two gentlemen from a sailing-boat which had capsized in Courtmacsherry Bay on the 12th August.

Dec. 1.—Voted the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to Mr. WILLIAM BRADLEY, Light-keeper at Southend pierhead, for rescuing a man from the capsized boat of the steam tug *Jubilee*, of London, during a strong S.W. breeze and a moderate sea, with rain, at 11 o'clock on the night of the 2nd November. On being apprized of the accident BRADLEY at once got up from his bed, and, without waiting to dress, lowered his boat, rowed to the man, who was clinging to the bottom of the capsized boat, and rescued him, the service occupying an hour.

The following is a copy of a Handbill circulated on the Coasts of the United Kingdom by the Institution, for the purpose of informing Boatmen and others that it encourages laudable exertions to save Life from Shipwrecks:—

THE

MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,

FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. Wyon." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."

Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. Wyon, Mint." Inscription, "Let not the deep swallow me up."

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The following is a LIST of the GOLD and SILVER MEDALS that have been voted by the Committee of the Institution since its establishment in 1824, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals granted by the Institution up to the present time is 1,067, 97 of which were in Gold, and 970 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C^{t}. G^{d}.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy to support a man heavily clothed, with his head and shoulders above the water, and to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability, and non-liability to injury.

The cork life-belt of the NATIONAL LIFE-BOAT INSTITUTION possesses the first two qualities in a greater degree than any other life-belt, and the third one exclusively. (*Vide* annexed figure.)

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 291 Life-boat Stations of the NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(*See Diagrams on next page.*)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy, The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

In Figure 2, the unshaded space, A, represents the uncovered part of the deck;

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

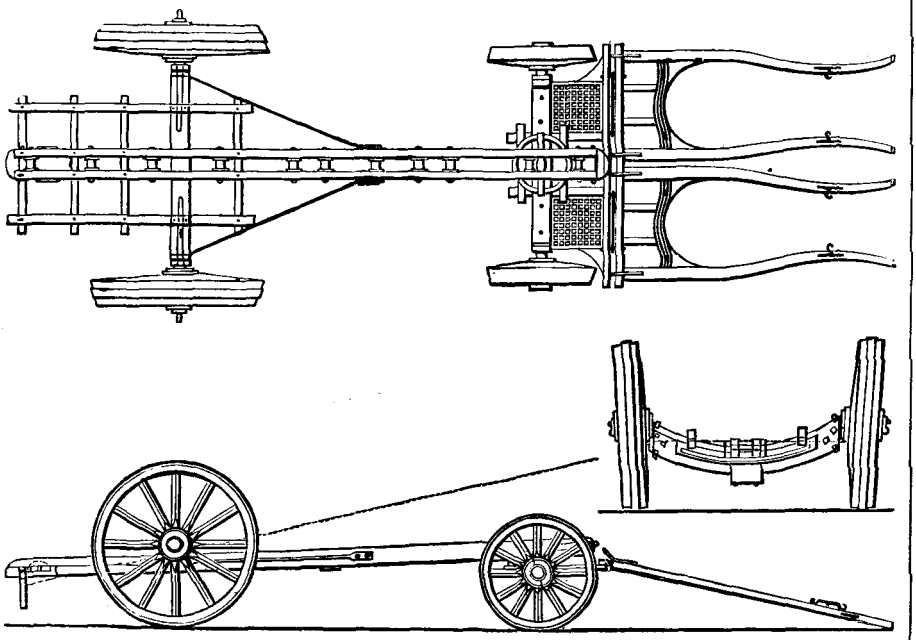
This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, can be much quicker conveyed to the water's edge than she could be if not on a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach, to that extent, indeed, that one can be readily launched from a carriage through a high surf, when without one she could not be got off the beach.

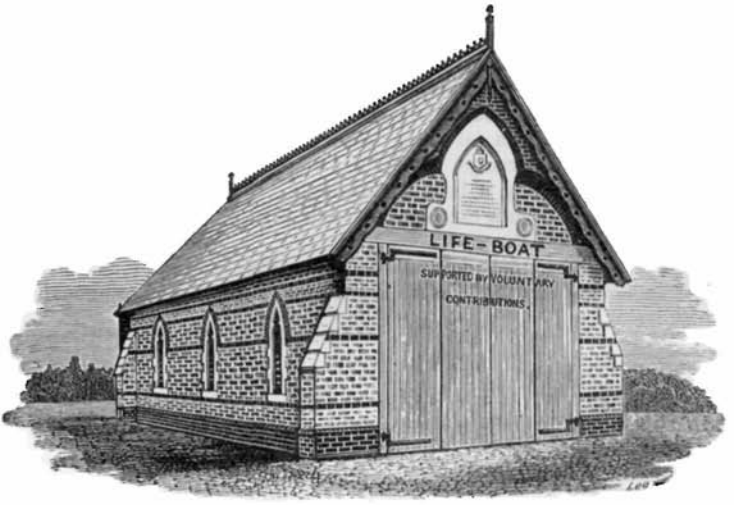
The carriage consists of a fore and main body. The latter is formed of a keelway, and of side or bilgeways attached to the keelway, and resting on the main axle, the



boat's weight being entirely on the rollers of the keelway. Its leading characteristic is that, on the withdrawal of a forelock pin, the fore and main bodies can be detached from each other. The advantages of this arrangement are that, whilst on the one hand the weight of the boat when she is launched from the rear end forms an inclined plane by elevating the keelway and fore-carriage; on the other hand, to replace her on the carriage she can be hauled bow foremost up the fore end or longer incline, by disconnecting the fore-carriage, and letting the end of the keelway rest on the ground, thus forming an inclined plane up which the boat is easily drawn. The bilgeways are needed at the rear end, that the boat may be launched in an upright position, with her crew on board, but they are not required at the fore end of the carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.



The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, and as many boatmen as the boat pulls oars. The members of the volunteer crews are registered, and wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen, or Coastguardmen. On every occasion of going afloat to save life, the coxswain and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck at such a distance along the coast as not to be in sight of the Coastguard Station or other look-out.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The expense of a Life-boat Station averages 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew, Skids, and Transporting-carriage	£700
Boat-house (average cost)	350
Total	£1,050

The average Annual Expense of maintaining a Life-boat Station is 70*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 291 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 33,243 lives.

Despite, however, this fleet of 291 Life-boats, and of 30 others locally provided and supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that an average of 700 lives are lost annually on and around our own shores alone, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the ship-wrecked.

The Institution needs a permanent income of about 50,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

FORM OF BEQUEST OF MONEY, STOCK OR OTHER PERSONAL ESTATE.

I give and bequeath to the ROYAL NATIONAL LIFE-BOAT INSTITUTION for the Preservation of Life from Shipwreck, founded in 1824, London, the sum of £ , for the use of the said Institution; and I do hereby direct that the same be paid out of my chattels personal.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 14 John Street, Adelphi, London, W.C.

APPEAL.

The Committee of Management have to state that during the past year (1887) the Royal National Life-boat Institution expended **£64,757** on various Life-boat Establishments on the Coasts of England, Scotland, and Ireland. During the same period it contributed to the saving of **572** persons from various Shipwrecks on our Coasts. Every winter that comes and goes has its black record of wrecks, and its terrible list of lost lives, the average loss of lives from Shipwreck annually, on the shores of the United Kingdom, being **700.**

The Committee desire to acknowledge, with gratitude, the liberal support which they have received from the British Public during past years,—a support which has enabled them to establish their present great Life-saving Fleet of **291** boats on the shores of the United Kingdom. Deeply sensible, however, of the great responsibility that rests on them to maintain the Life-boats in a thoroughly efficient state, and their crews practised in the management of their boats, which can only be effected by a large and *permanent Annual Income*, they earnestly appeal to all classes of their countrymen to continue to aid them in upholding and perpetuating so great and truly national a Work.

The number of Lives saved either by the Life-boats of the Society, or by special exertions, for which it has granted rewards since its formation, is **33,243**: for which services **97** Gold Medals, **1007** Silver Medals or Silver Clasps, **139** Binocular Glasses, **15** Telescopes, and **£96,760** have been given as Rewards.

Annual Subscriptions and Donations are earnestly solicited, and will be thankfully received by the Secretary, Charles Dibdin, Esq., at the Institution, 14 John Street, Adelphi, London; by the Bankers of the Institution, Messrs. Coutts and Co., 59 Strand; Messrs. Herries, Farquhar, and Co., 16 St. James's Street; Messrs. Hoare, 37 Fleet Street, London; and by all the other Bankers in the United Kingdom.—*May 1st*, 1888.
