

THE LIFE-BOAT

JOURNAL

OF THE

Royal National Life-boat Institution.

(ISSUED QUARTERLY.)

VOL. XIV.—No. 152.]

MAY 1, 1889.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at Willis's Rooms, King Street, St. James's, on Saturday, 23rd day of March, 1889, The Right Honourable JOSEPH CHAMBERLAIN, P.C., M.P., in the Chair, the following Report of the Committee was read by the Secretary:—

ANNUAL REPORT.

1889.

EVERY effort has been made during the past year with a view to completing, with all possible speed, the task the Institution set itself two years ago, to provide the Life-boat crews with boats possessing the latest improvements and the best sea-going qualities, either by building new boats or by altering old ones, whenever it should be found possible to do so. The Committee are glad also to be able to report that there is at last a possibility of their endeavours to obtain a mechanically propelled Life-boat being successful. Early last year a model of such a boat was submitted to the Institution by Messrs. R. and H. GREEN, the well-known shipbuilders at Blackwall, which having passed through various modifications as the result of consultation with the Committee and their professional officers, was accepted by the Institution, and a steam Life-boat, 50 feet long and with 12-feet beam, to be propelled by a turbine wheel worked by an engine developing 170 horse-power, is

now being built. It must be borne in mind, however, that even should the experiment prove successful, boats of this description can necessarily only be used at a very limited number of stations.

The Inspector of Life-boats of the Irish District having invented sand-plates for the wheels of the Life-boat carriages, to enable them to pass easily over soft sand, ten sets have been ordered and are now in use. If on further experience they prove as successful as at present reported from the stations where they are placed, the Committee anticipate their use at a considerable number of stations.

Life-boats.—In 1888, forty-one new Life-boats were built and placed on the coast, while those at seventeen other stations were fitted with water-ballast tanks and furnished with other improvements. The Life-boat coxswains and crews continue to speak in the highest terms of the new and improved boats, and many most gratifying reports have been received, stating that they have full confidence in their boats, and are at all times prepared, when their ser-

vices are required, to go anywhere in them.

In the year two new stations were established, and each was supplied with a large sailing Life-boat in compliance with the special request of the coxswains and crews. The new stations in question are:—

Steps have also been taken for forming new stations, as soon as the necessary arrangements can be made, at:—

Holyhead No. 2 . . . Anglesey.
Kingstown No. 2 . . . Dublin.
Pwllheli . . . Carnarvonshire.

The large expenditure which the building of so many boats entailed was in great measure met by liberal gifts specially bestowed for the purpose, and by means of bequests.

The Committee propose during the present year to build at least thirty new boats for their stations, and to bring up many more to the latest requirements, believing that the Public will provide them with the necessary funds to enable them to carry out this all-important work.

At the end of the year the Institution's fleet consisted of 293 Life-boats.

Shipwrecks.—Although the year 1888 cannot be looked upon as a remarkably stormy one, gales of considerable force broke over our shores on several occasions, particularly during the early and latter parts of the year, affording ample opportunities for demonstrating the great value of the Life-boat Service and exhibiting the gallantry and devotion of its crews. In the year the Life-boats were launched on service 295 times, 117 times oftener than in the previous year, and were the means of saving many lives and a great deal of property. They were also launched 768 times for exercise and inspection, in addition to which Life-boat crews were assembled 49 times for duty, when happily their services were not ultimately required.

It is a matter for the deepest regret that three of the many gallant launches made by the Institution's Life-boat crews during the year were attended by fatal consequences.

On the 10th March the Brighstone

Grange Life-boat, after having on the previous afternoon brought ashore from the stranded ship "*Sirenia*" of Glasgow, the Master's wife, three children, a female servant and an apprentice, was endeavouring to land the remainder of the vessel's crew, thirteen in number, when she was capized by a huge breaker, the approach of which could not be seen owing to the intense darkness of the night, and both the coxswains and two of the rescued crew were unfortunately drowned.

The Brooke Life-boat launched to the assistance of the same vessel at 11 o'clock on the night of the 9th March, but when close to the ship she was struck by a very heavy sea, washing the assistant coxswain and two of the crew out of her; the assistant coxswain was swept away in the darkness and lost his life. A contribution of 300*l.* was made by the Institution to the local fund which was raised for the benefit of the relatives of the three drowned Life-boat men.

The Staithes Life-boat was launched on the evening of the 27th November—in the face of an unusually heavy sea—to render assistance to a distressed fishing coble, and after having been driven back three times, was successful in reaching the coble and taking off her crew of three men. When returning to shore, however, the Life-boat was struck by a very heavy sea, and being turned on her beam ends and possibly capsized, most of the occupants were thrown out of her. Twelve of the men succeeded in regaining the boat and two reached land by swimming, but unfortunately one of the Life-boat's crew was, to use the words of the verdict at the Coroner's inquest, "killed by being cast on the rocks." The Institution promptly subscribed 250*l.* to the fund raised locally for the poor fellow's widow and the two aged relatives dependent on him.

Considering however the extremely dangerous nature of the Life-boat Service, it is a matter for wonder and congratulation that casualties are so rare, and that so few of the Life-boat men are lost when engaged

on their errand of mercy. Since the introduction of the self-righting Life-boat in 1852, as many as 70,000 men have been afloat in those boats *on Service*, and the extraordinarily small proportion of losses compares very favourably with any other service or calling attended with danger.

The services of the Life-boats during each month of the year were as follows:—

1888	Number of Life-boat Launches.	Lives Saved by Life-boats.	Vessels Saved by Life-boats.	Lives Saved by Shore-boats.

It is with no little pleasure that the Committee acknowledge the gallant services in the saving of life rendered by the coxswains and crews of the Life-boats, whose conspicuous bravery entitles them to universal admiration. The grateful thanks of the Committee are also due to the officers and men of the Coast-guard and the Volunteer Rocket Brigades, who, according to their wont, continue heartily to co-operate in the good work.

Since the Institution was founded in 1824, it has granted rewards for the saving of 34,043 lives, as follows:—

The Committee feel that such results are in themselves a sufficient justification for their appeal for support in this one of the most important undertakings in the cause of humanity, and for the continuance of the unabated confidence of their fellow-countrymen.

Rewards.—The rewards granted by the Institution in 1888 for the saving of life or for meritorious efforts to do so, and in acknowledgment of good services rendered to the cause, comprised 13 Silver Medals, 2 Second Service Clasps, 22 Binocular Glasses, 29 Votes of thanks inscribed on vellum, and 6,166*l.* 9*s.* in money, including grants to the relatives of Life-boat men who perished while on duty.

Since the establishment of the Institution in 1824, the Committee have granted in rewards, 97 Gold Medals, 1,015 Silver Medals and Silver Clasps, 161 Binocular Glasses, 15 Telescopes, and 102,926*l.* in money.

Aneroids.—During the year numerous applications were received for the Aneroid Barometers supplied by the Institution at a cheap rate to fishermen and small coasters, 86 being sold to fishermen, and 55 to coasters. The total number of these valuable instruments disposed of

by the Society since June, 1882, has been 2,713.

Local Committees.—The Committee cannot sufficiently thank the Local Committees and their Honorary Secretaries and Treasurers, for the valuable aid they have received at their hands during the year gone by. Without the unflinching assistance rendered the Institution by its Staff of Honorary Officers, it would be simply impossible to carry on the Service. Not less thankful are the Committee to the Public Press, which with *unfailing generosity* continues its support by ever and anon calling attention to the importance of the work done, and appealing for that aid without which the Institution, as a Voluntary Society, must necessarily cease to exist.

Finances.—The subscriptions, donations, dividends, etc., amounted in the year to 50,813*l.* 10*s.* 11*d.*, and included 12,715*l.* 5*s.* 11*d.* specially given for the following Life-boat Establishments:—

The remainder was spent on printing and publishing the *Life-boat Journal*, the Annual Report and Appeals, on salaries, rent and office repairs, rates, taxes, lighting, housekeeper, advertising, postage, stationery, &c. Each item of receipt and expenditure has, as usual, been examined, verified and passed by Mr. LOVELOCK of

the firm of Messrs. LOVELOCK, WHIFFIN and DICKINSON, 19 Coleman Street, E.C., Chartered Accountants.

The Committee feeling strongly the vast importance of the cause they plead, the necessity for which needs no demonstration, appeal with earnest confidence to all who have the welfare of their fellow-creatures and their country at heart, to assist them by open-handed generosity and unstinted liberality in maintaining the Life-boat Service in thorough efficiency, so that it may continue to fulfil its high function even more effectually, if that be possible, than it has hitherto done.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of Lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 34,043.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADLPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COURTS AND CO., 59 STRAND; MESSRS. HERRIES, FARQUHAR, AND CO., 16 ST. JAMES'S STREET; MESSRS. HOARE, 37 FLEET STREET, LONDON; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

THE AVERAGE COST OF A LIFE-BOAT STATION IS £1,050 AND IS MADE UP AS FOLLOWS:—
 Life-boat and her equipment, including Life-belts for the Crew and Transporting-carriage for the Life-boat £700
 Boat-house 350
 Total £1,050

The average annual expense of maintaining a Life-boat Station is £70, and the benefactions and contributions of Donors of Life-boats are earnestly solicited in aid of that fund.

GOD HELP OUR MEN AT SEA.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1888.

Jan. 1.—During a strong gale from the S.E. and a heavy sea, signals of distress were shown by the ketch *Louisa*, of Cardiff, bound for Tenby with a cargo of coal, which was lying at anchor in Caldy Roads. The Life-boat *Anne Collin*, stationed at Tenby, was launched at 11.30 A.M., and on reaching the vessel the master asked for assistance, as he feared the chains would part and the ketch would be driven on the rocks and become a total wreck. Some of the Life-boat men therefore went on board, got the vessel under weigh, and brought her and her

crew of three men safely into Tenby harbour.—Expense of service, 10/.

Jan. 4.—A signal of distress having been observed during a S.S.W. gale and a very heavy sea, the Douglas No. 2 Life-boat *John Turner Turner* was launched at 5 A.M., and found the schooner *Daisy*, of Chester, bound from Garston for Belfast, coal laden, stranded on the S.W. side of the Conister Rock. With much difficulty the Life-boat succeeded in getting alongside the vessel, and rescued the crew of four men and a boy, who were safely landed in the harbour at 6 o'clock. The

gale afterwards slightly abated, and the vessel was hauled off the rock, but she sunk in deep water at about 1 p.m.—Expense of service, 13*l.* 5*s.*

Jan. 4.—The schooner *Lyra*, of Port St. Mary, Isle of Man, bound from Liverpool for Dublin with a cargo of salt, missed stays, and was driven ashore on the Carrick Rock in Port St. Mary Bay during a terrific gale from the S.W. and a high sea. Almost immediately after the vessel stranded the master was washed overboard and drowned. The *Ann and Mary of Manchester* Life-boat, stationed at Port Erin, was launched at 8.45 a.m., and rescued the crew, consisting of three men, just before the vessel sunk.—Expense of service, 13*l.* 12*s.* 6*d.*

COMMITTEE MEETING, 5th Jan., 1888.

Voted 72*l.* 9*s.* 6*d.* to pay the expenses of the *Dunwich*, Palling No. 2, Skegness, Penmon and Walton-on-the-Naze Life-boats in assembling their crews or putting off to the assistance of distressed vessels.

Jan. 8.—Signals having been heard in the direction of the breakwater at Holyhead, the *Thomas Fielden* Life-boat was launched at 5.30 a.m., during a dense fog, and found the s.s. *Earl Spencer*, of Dublin, bound from Greenore for Holyhead, with passengers, a general cargo, and live stock, stranded on the rocks about 300 yards from Soldiers Point. Most of the passengers had been taken ashore by the life-saving apparatus, and the seven who remained were taken into the Life-boat and brought safely to land.—Expense of service, 15*l.* 10*s.*

Jan. 10.—Signal guns having been fired by the lightships, the *Caister* No. 1 Life-boat *Covent Garden* was launched at 3 p.m. during a W. wind and a very thick fog, and sailed to the south part of the Middle Cross Sand, where she found the s.s. *Lady Anne*, of and for Sunderland, from Bilbao, with a cargo of iron ore, stranded. With the help of the crew of a yawl, which had also put off from *Caister*, the vessel was got afloat on the 12th, and was taken into Yarmouth Roads, the Life-boat returning to her station at 12 noon on that day.

Jan. 13.—It having been reported that a steamer was ashore near the Start, the *Salcombe* Life-boat *Lesty* was launched at

9 a.m., and when about half a mile off the *Prawle*, met the boats of the steamer *Nordstern*, of and for *Bremen*, from *Malaga*, with a cargo of wine, containing the crew, 12 in number, of that vessel, which had been totally wrecked near Start Point. The men declined to be taken into the Life-boat; but on nearing the bar, on which a heavy sea was breaking, they asked that a Life-boat man should be put on board each of the boats. Their request was complied with. One of the boats was taken in tow by the Life-boat, and all were safely landed at *Salcombe* about 11.30.—Expense of service, 9*l.* 12*s.* 6*d.*

Jan. 13.—At 7 p.m. the *Daughter's Offering* Life-boat, stationed at Port Eynon, was launched during a dense fog and a heavy ground sea, and succeeded in rescuing eleven of the crew of the steamer *Milan*, of Hull, bound from *Alexandria* for *Bristol* with a cargo of cotton seed, which had gone ashore at *Slades Foot*, *Overton Cliffs*. The remainder of the vessel's crew were saved by the rocket apparatus.—Expense of service, 19*l.* 12*s.*

Jan. 26.—A light having been shown by the schooner *Riviere*, of *Hayle*, in a dangerous position near the breakers in the S.E. part of the bay near *Penrhyn Point* during a whole gale from the N.W. and a very heavy sea, and the vessel appearing to be riding heavily, the *Holyhead* Life-boat *Thomas Fielden* put off at 4 o'clock a.m. and went to her assistance; she was then burning flares as signals of distress. The crew of five men were taken into the Life-boat and landed at *Holyhead* at 6 o'clock.—Expense of service, 15*l.* 10*s.*

Jan. 26.—Signals of distress having been shown by the brig *Albert H. Locke*, of *Sunderland*, bound from *Seaham* for *Portsmouth*, coal laden, which stranded about half a mile from *Worthing*, the Life-boat *Henry Harris* was launched from *Worthing* at 6.45 a.m., and brought ashore the vessel's crew of six men and four other persons who were on board. A strong W. gale was blowing at the time, accompanied by a heavy sea, and it was feared that the vessel would break up.—Expense of service, 11*l.* 19*s.*

Jan. 26.—Signals having been shown, and a three-masted vessel having been observed on the *Horse Bank*, during a strong gale of wind from the N.W. and a very heavy sea, the *Nora Royds* Life-boat, stationed at *St. Anne's*, was launched

at 10.20 A.M., and rescued ten of the crew of the barque *Albert William*, of Liverpool, bound from Talcahuano for Fleetwood, with a cargo of grain. Great difficulty was experienced by the Life-boat men in effecting the rescue, as the boat was repeatedly filled by the heavy seas, both on her outward and homeward journeys. The progress of the boat was watched by a large concourse of people, who enthusiastically greeted the Life-boat men on their return to the shore — Expense of service, 13*l.* 15*s.* 6*d.*

Jan. 27.—The Newbiggin fishing-boats proceeded to the fishing-grounds as usual, and on their return were overtaken by a severe gale which suddenly sprung up from the N., accompanied by heavy showers of snow and a very rough sea. The Life-boat *Robert and Susan* put off at 2 P.M. to the aid of the boats, several of which were in imminent danger of being swamped by the high seas. Fortunately all reached the shore after an arduous struggle, the storm being the most severe that had been experienced there for many years.—Expense of service, 11*l.* 10*s.*

Jan. 28.—On the morning of the 27th January, five fishermen put off in a coble from North Sunderland, for the purpose of shooting wild ducks on the Farne Islands. Two of the men landed on the North Wawm Rock, and the three others pulled to the Brownsman Rock, and remained there with the boat. At midday a strong breeze from the N.N.E. sprung up suddenly, and prevented the latter from reaching their companions or returning home, hence they were all compelled to remain on the islands during the whole of the night, the two men on the North Wawm being without the slightest shelter. On the following morning the gale continued without any sign of abatement, and, in response to signals from the islands, the North Sunderland Life-boat *Thomas Bewick* was launched at 9.30, and after great exertions against a strong head-wind, succeeded in rescuing the three men on the Brownsman Rock, and also saved their boat. The friends of the men, doubting the possibility of the Life-boat reaching them, telegraphed for the Holy Island Life-boat, and on receipt of the message, the No. 1 Life-boat *Grace Darling* proceeded to the North Wawm Rock, and took off the two men, who were in a very exhausted condition. The two Life-

boats then sailed together for North Sunderland, where all were safely landed.

The North Sunderland Life-boat also proceeded to the fishing-boat *Ayton Castle*, of Eyemouth, which had made an unsuccessful attempt to reach Berwick, and was lying under the shelter of the Farne House and showing signals of distress. The boat, with her crew of seven men, who were without food, were brought safely into North Sunderland harbour.—Expense of services, 27*l.* 7*s.* 6*d.*

Jan. 28.—A vessel being observed some distance to the northward of Cromer, labouring very heavily and apparently very deep in the water, with a signal of distress flying, the *Benjamin Bond Cabbell* Life-boat was launched at 11.15 A.M., and found that the signals were shown from the brigantine *Jane and Maria*, of London, bound from Hartlepool for Greenwich with a cargo of coal. She was in a sinking condition, having sprung a leak; her decks had been swept, and her boat and bulwarks had been carried away by a heavy sea during a tremendous gale on the previous night. She had a crew of seven men, who were brought safely ashore by the Life-boat.—Expense of service, 13*l.* 10*s.*

Jan. 28.—The *Herbert Ingram* Life-boat, stationed at Skegness, was launched at 11.30 A.M., during a strong breeze from the N., snow-squalls, and a rough sea, in response to signals of distress, and found the brig *Starbeam*, of and for Boston, from Brevig, with a cargo of ice, stranded on the Doghead Sand-bank. She had run ashore in a snow-squall, and was leaking badly. With the help of the Life-boat men she was got afloat at 3 P.M., and was taken to Boston, the Life-boat accompanying her, where she arrived at 7.30 on the following morning. She carried a crew of eight men.

Jan. 31.—During a very strong gale from the N.E. and a high sea, signals of distress were shown by the schooner *Debonair*, of Wick, bound from Castlehill for Newcastle with stone, which was riding in a somewhat dangerous position in Scrabster Roads. The Thurso Life-boat *Charley Lloyd* was promptly launched at 12 noon; proceeded to the vessel, and brought ashore her crew, consisting of five men, safely landing them at 12.55.—Expense of service, 7*l.* 6*s.*

COMMITTEE MEETING, 2nd Feb., 1888.

Voted 43*l.* 12*s.* 6*d.* to pay the expenses of the Walmer, Kingsdowne, Castletown, Penarth, Peterhead, Milford, Morthoe, Porthcawl, Appledore No. 1, Braunton, Lizard No. 1, Swansea, Clacton-on-Sea, Douglas No. 2, Harwich, Cemlyn, Salcombe, Hope Cove, Carmarthen Bay, Burryport, Tenby, Port Eynon, Thorpe, Southport, Lytham, Holyhead, Orme's Head, Porthdinllaen, Groomsport, Dunmore East, and Scarborough Life-boats, in assembling their crews or putting off to the assistance of vessels which did not ultimately need the services of the boats.

Voted the thanks of the Institution, inscribed on vellum, to Mr. G. R. WOOD, for gallantly taking command of the Dunmore, Co. Waterford, Life-boat, when she proceeded to the assistance of the brig *Alfred D. Snow*, of San Francisco, which was totally wrecked off Broomhill Strand on the 4th January. Also 5*l.* to Mr. WILLIAM JONES, assistant coxswain of the Life-boat, in recognition of his services on that occasion.

Also 50*l.* to the widow of BENJAMIN ADDIS, one of the crew of the Clacton-on-Sea Life-boat, who died from the effects of exposure when out in the boat on the 14th January, he being in bad health at the time.

Also 5*l.* to the coxswain of the Porthdinllaen Life-boat in consideration of an injury received while assisting to lower the Life-boat on the occasion of an exercise of the crew.

Feb. 3.—Signals having been fired by the South Sand Head Light-vessel, the crew of the *Mary Somerville* Life-boat at North Deal were summoned, and the boat was launched at about 7.10 A.M. The weather was thick at the time; the wind was blowing from the W., and there was a strong sea. On reaching the Sand, the Life-boat men found the barque *Loch Ken*, of Liverpool, coal-laden from Middlesbrough for Valparaiso, stranded, and with the help of other boatmen and a steam-tug, the vessel with fourteen persons on board, was got afloat and was taken into the Downs, the Life-boat returning to her station at about 2.30 P.M.

Feb. 4.—The Caister No. 2 Life-boat, the *Godsend*, put off at 4.35 A.M., signals of distress having been observed by

the watchmen during a strong breeze from the N.W. On reaching the Middle Cross Sand, on which a heavy sea was breaking, the schooner *Shearwater*, of London, bound from Hull for Dunkirk with a cargo of oilcake, was found in shallow water, the seas breaking over her and her crew shouting for aid. In consequence of the tide being low, the Life-boat grounded, and great difficulty and risk were experienced in getting the five men into her. This, however, was eventually accomplished, and they were safely landed at 11 o'clock. The boat was considerably damaged in rendering the service, and the vessel became a total wreck.—Expense of service, 18*l.*

Feb. 14.—The *Co-operator* No. 1 Life-boat, stationed at Cullercoats, put off at 9 o'clock in the morning to the assistance of several fishing-boats which had been overtaken by a high sea. The Life-boat remained near the bar until 2 o'clock, when all the boats had safely crossed it, some of them having narrow escapes, and many shipping a great deal of water.—Expense of service, 9*l.*

Feb. 14.—A strong gale from the N.E. sprung up at Newbiggin in the afternoon, accompanied by snow-showers and a very high sea. Most of the fishing-boats had returned home, but one of them, the *Reliance*, was overtaken by the storm and was unable to haul in her lines. When about two miles from the shore she was observed to be in a very critical position, unable to make any headway, and the *Robert and Susan* Life-boat therefore proceeded to her assistance, and brought her safely into the bay. She would in all probability have been swamped, and her crew of four men lost, had not this timely help been rendered to her.—Expense of service, 9*l.*

Feb. 17.—Signals from the Swin Middle Light-vessel having been observed during a N.E. wind and a rough sea, the *Albert Edward* Life-boat, stationed at Clacton, was launched at 3.30 A.M.; proceeded to the Light-vessel, and found the crew, consisting of nine men, of the brig *Ispilen*, of Kragero, had taken refuge there, having taken to their boat on their vessel stranding on the Whitaker Spit. These men were with difficulty taken into the Life-boat, which then proceeded to the stranded vessel; but it was found that she had eight feet of water and sand in

her, and would become a total wreck. She was bound from Christiania for Lowestoft, with a cargo of ice. The Life-boat then returned to her station, being kindly towed by the s.s. *Erasmus Wilson*, of London, as far as the N.E. Gunfleet buoy, and reached Clacton at mid-day.—Expense of service, 24l. 14s.

Feb. 21.—At 4.30 A.M. the *Albert Edward* Life-boat was launched from Clacton, signals having been fired by the Swin Middle Light-vessel. The morning was bitterly cold; a very strong wind was blowing from the N.E., and the sea was very rough. Flares were afterwards seen, apparently shown by a vessel ashore on the Whitaker or Buxey Sands, and the Life-boat burned blue-lights in response, but no further signals being shown, she proceeded to the Light-ship, where the crew were informed that a vessel was in distress bearing S.W. by W. After going some distance and seeing nothing of the vessel, the course was altered for the Maplin Light, where the same information was given. Proceeding again in the direction indicated, the Life-boat men eventually found the schooner *Dorothea*, of Riga, bound from Memel for London with oak-staves, and having a crew of four men, just below the West Maplin Buoy; she was full of water, and had lost her rudder. The Life-boat men weighed the anchor, set some of the sails, and the Life-boat was made fast astern, so as to steer the vessel, but owing to the heavy sea and the ship being waterlogged, the services of a steam-tug had also to be secured. After some time, the hawsers repeatedly breaking, the vessel was got off the sand and was taken to Gravesend, which was reached at about 5 o'clock in the afternoon. The Life-boat crew went ashore for food, having had but little since leaving home in the morning, after obtaining which they returned to the ship. The Coxswain and two men remained on board to assist in taking the vessel to London. About 1.30 on the following afternoon the Life-boat, with eleven men, under the charge of the assistant Coxswain, started to return to her station, but owing to adverse winds, and being unable to obtain a tow from any vessel proceeding towards the twin, the crew took refuge on board the tug *Victoria* until daylight, when they left the tug and were kindly taken in tow by the s.s. *Columbia*, of London, as far as

the N.E. Gunfleet Buoy, the boat reaching Clacton pier at 7.45 P.M., the crew being worn out by exposure and cold.

Feb. 21.—The brig *Messenger*, of Yarmouth, bound from Sunderland for Lowestoft, with coal, showing signals of distress during a strong gale from the N.E. and a heavy sea, the Lowestoft Life-boat *Two Sisters Mary and Hannah* proceeded to her assistance at 8.30 P.M., and finding that the vessel, which had been lying in the roads all through the gale, had parted her anchor, some of the Life-boat men boarded her and assisted at the pumps. The brig drew too much water to risk an attempt to enter the harbour, the Life-boat and a steam-tug therefore remained by her during the night, and afterwards anchored her in Yarmouth Roads. She had a crew of seven men.

Feb. 25.—The *People's Journal* No. 2 Life-boat stationed at Arbroath put off and remained by the fishing yawl *Jane Smith*, of Arbroath, until that vessel had crossed the bar and got safely into port during an E.N.E. wind and a heavy sea.—Expense of service, 15l. 10s.

Feb. 27.—At 1.15 P.M., the *Albert Edward* Life-boat put off from Clacton to the assistance of the steamer *Blonde*, of Whitehaven, bound from Goole for London with a cargo of coal and oil, and carrying a crew of ten men, which had stranded on the Gunfleet Sands, during a N.E. wind and a moderate sea. The Life-boat men, with the help of the crews of two smacks, lightened the vessel by throwing some of the cargo overboard, and when the tide rose, the ship was towed off by the steam-tug *Harwich*, which took her to London, the Life-boat returning to her station, which she reached at 2 P.M., after an absence of twenty-four hours.

COMMITTEE MEETING, 1st March, 1888.

Voted 226l. 2s. to pay the expenses of the Eyemouth, Clacton-on-Sea, Margate, Kingsdown, Walmer, Gorleston No. 1, Appledore No. 1, Braunton, Padstow, Donna Nook, Ilfracombe, Southend No. 2, Saltburn, Mablethorpe, Harwich, Arbroath, Hayle, and St. Ives Life-boats in assembling their crews, or putting off to the aid of vessels which did not eventually require their services.

Voted the Silver Medal of the Institution, accompanied by a copy of the vote

inscribed on vellum, to Mr. THOMAS RIMMER, coxswain of the St. Anne's Life-boat, in recognition of his long and gallant services in saving life from shipwreck, particularly on the occasion of the rescue of the crew of the brig *Albert William*, of Liverpool, on the 26th of January. Also 2*l.* to EDWARD PARKINSON, Bowman of the Life-boat, who had held office many years, and 1*l.* to THOMAS B. HARRISON, Assistant Coxswain of the Life-boat, in recognition of their good services on the last-named occasion.

Also the Second Service Clasp of the Institution to Mr. JOHN BROWN, Coxswain of the Newbiggin Life-boat, who had completed 35 years' service, and had rendered many gallant services in the boats.

March 4.—A boat, containing four men, being observed off Boulmer during a strong W.N.W. wind and a high sea, the Life-boat *Robin Hood of Nottingham* put off to her assistance at 7 A.M., and brought ashore the boat and the occupants, who were in an exhausted condition and benumbed by wet and cold. They were the crew of the schooner *Marshall*, of Wick, bound from Thurso for the Tyne with flagstones, which was wrecked on the Longstone Rock, Farne Islands.—Expense of service, 10*l.* 16*s.*

March 9.—The ship *Sirenna*, of Glasgow, bound from San Francisco for Dunkirk with a cargo of wheat, stranded on Atherfield Ledge during a thick fog in the afternoon. The Life-boat *Worcester Cadet*, stationed at Brighstone Grange, put off to her assistance at 4.15 and brought ashore the master's wife, three children, a female servant, and an apprentice, landing them at Atherfield at 6.30. It had been arranged with the master that the Life-boat should return to the vessel at low water, and the boat was therefore again launched at one o'clock on the following morning in a very heavy sea, reached the ship, and took in 13 men. The Life-boat men then watched their opportunity, and at an apparently favourable moment cast off; but before they had time to turn and get out the drogue, a huge breaker drove the boat rapidly astern, turned her broadside on, and capsized her. She righted, but, unfortunately, MOSES MUNT, the Coxswain, THOMAS COTTON, Assistant Coxswain, and two of the passengers, were drowned. The

boat reached the shore at Atherfield at 2.30, and the survivors landed. At 12 noon the Life-boat again went off to the vessel, three of the men who had been in the boat the first time, and also on the occasion of the capsizing, again going out in her, and rescued the remainder of the ship's crew, 13 in number.

The Brooke Life-boat *William Slaney Lewis* also put off at 11 o'clock, on the night of the 9th March, to the assistance of the vessel on a summons being received from Atherfield, but when close to the ship, the boat was struck by a very heavy breaker, which washed REUBEN COOPER, Assistant Coxswain, and two of the crew, overboard, and COOPER was unhappily lost. In attempting to save him the boat lost her opportunity of reaching the wrecked vessel. Persistent attempts to get near her were afterwards made until a number of oars were broken by the heavy seas, and the crew had become so exhausted that they were compelled to return to the shore.

The Reports of the Chief Inspector and District Inspector on their enquiry into the circumstances attending these casualties have been given on pages 624-5 in Number 149 of the *Life-boat Journal*.

The Committee at a special meeting held on the 19th March expressed their admiration at the gallantry of the crews of the Life-boats, and their deep sympathy with the relatives of the men who unfortunately perished, and voted 300*l.* in aid of the local fund for the relief of the bereaved relatives.

Also the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to WILLIAM COTTON, FRANK SALTER, and DAVID COTTON, who went out in the Brighstone Grange Life-boat on the three occasions.

Also the Second Service Clasp to Mr. JOHN HAYTER, Coxswain of the Brooke Life-boat. The Silver Medal was awarded to him in February, 1886, in recognition of his valuable services during the twenty-six years he had held the office of Coxswain.

Also the thanks of the Institution inscribed on vellum to Mr. GEORGE SWEETINGHAM, Chief Officer, and to Mr. WILLIAM BRETT, Chief Boatman in charge of H.M. Coast-guard at Atherfield, in recognition of their valuable services on the occasion.

Also 99*l.* 17*s.* to pay the expenses of the

three launches of the Brightstone Grange Life-boat, including a reward of 2*l.* 10*s.* each to the crew who manned the boat on the occasion of her capsizing.

Also 5*l.* 17*s.* to pay the expenses of the Brooke Life-boat launch, including a reward of 2*l.* 10*s.* to each of the crew.

And 2*l.* 5*s.* to two Brooke men who were injured while rendering assistance, and were thereby prevented from going in that boat.

March 10.—The Life-boat *Edmund and Fanny*, stationed at Polpear (Lizard) was launched at midnight during a moderate gale from the S.S.E. and a heavy ground swell, and rescued the crew of seventeen men from the barque *Lady Dufferin*, of Plymouth, bound from Newport for Monte Video with railway iron, which stranded on the Beach Head, near Polpear, and became a total wreck. Several of the shipwrecked men had been injured by being thrown down by the heavy seas which constantly broke over the vessel, and the men were up to their knees in water on the main deck at the time they were taken into the Life-boat, the ship having apparently broken its back. The Life-boat received some damage by being dashed against the wreck.—Expense of service, 20*l.*

March 11.—A report having been received at Plymouth that a vessel was dragging her anchors in Batten Bay and required assistance, the Life-boat *Escape* put off at 8.15 a.m., during a gale from the W. and a high sea, and found the Norwegian barque *Souvenir*, laden with maize, from Buenos Ayres, very near the shore and occasionally striking. Her main mast was soon afterwards cut away, and, in falling, carried the mizen mast with it, and as the vessel seemed to be in great danger, the Life-boat remained by her until 9.30, when, at the request of the master, the mate was brought ashore to obtain the services of steam-tugs to tow the ship off. The Life-boat was taken back to her station by the steam-tug *Deerhound*, arriving at 10.30 a.m.—Expense of service, 6*l.* 10*s.*

March 11.—The dandy *Vivid*, of Scarborough, bound from West Hartlepool for Woodbridge with coal, being caught by a gale from the E.S.E. and a very heavy sea off Flamborough Head, returned to Scarborough and attempted to take the harbour before there was sufficient water,

the master being afraid to put her round to wait in consequence of the very heavy sea. She caught the ground outside, and was driven on to the beach about 250 yards from the entrance of the harbour. The Life-boat *Queensbury* was launched at 11 a.m., and brought safely ashore the crew of three men. She afterwards conveyed the pier hawser to the vessel to save her, but this was found to be of no avail.—Expense of service, 10*l.*

March 11.—A heavy storm was experienced at Montrose, the wind blowing a whole gale from the E.S.E., accompanied by a very heavy sea, snow, and sleet. At 11.35 a.m., the No. 1 Life-boat *Augusta* was launched, and was towed by the steam-tug *Rapid* nearly as far as the bar, where she remained in readiness to render assistance if required to three vessels, the smacks *Triumph*, *Aquilon*, and *Honour*, of Jersey, which were running for the harbour. The Life-boat men signalled to the vessels the direction in which they should steer, and they all got safely into port. The Life-boat afterwards anchored inside the Breach to await the arrival of a schooner and a steamer. These vessels, however, did not make for Montrose, but proceeded south.—Expense of service, 9*l.* 2*s.* 6*d.*

March 11.—In the evening notice having been given at Bembridge, Isle of Wight, that a disabled brig was rounding Culver Cliff with a signal of distress flying, the crew of the *Queen Victoria* Life-boat were called together, and the vessel was soon seen driving towards the Nab Light-vessel under half a fore top sail, her main and fore masts, headgear, and sails having been blown away. Guns and rockets were fired by the Lightship, and at 7 o'clock the Life-boat was launched, and proceeded to the brig, which had brought up two miles from the Nab. She was a Norwegian vessel, named *Olivia*, coal laden, from Hull to Brazil, and had been disabled off Portland. At the master's request, the Life-boat remained by the brig until 3 a.m., when the Government tug *Camel* arrived and towed the vessel into Portsmouth Harbour.—Expense of service, 20*l.* 6*s.*

March 13.—During the night, while a S.E. wind was blowing, accompanied by sleet showers, and a very high sea, the s.s. *Andalusia* of Scarborough, ran ashore on Middleton beach. A steam-tug went

to her assistance, but, owing to the heavy sea, was unable to get hold of the vessel, and therefore returned to Hartlepool to procure the services of a Life-boat. The Hartlepool No. 3 Life-boat, the *Cyclist*, was launched at midnight, and succeeded in taking a line from the tug to the vessel, which enabled the latter's tow-line to be attached to the steamer. Another tug then arrived, but the gale and sea had become so severe that the Life-boat was unable, although six attempts were made, to take a line from her to the stranded ship, and it became necessary to cease these endeavours in consequence of the danger of smashing the Life-boat against the vessel's stern. The first tug's rope shortly afterwards broke, and the steamers then left. The Life-boat remained by the vessel until daybreak, and as the tide went down she was left dry. The boat was out about six hours, the heavy seas breaking over her all the time, and the cold being intense.—Expense of service, 8l. 3s.

March 14.—Signals having been fired by the Cork Light-vessel, the Harwich Life-boat *Springwell* was launched at 1.15 during a strong E.S.E. gale and a heavy sea. On leaving the harbour, the brig *William and Anthony*, of Folkestone, was seen burning a large torch, and the Life-boat therefore went to her, and found that she had been in collision with a steamer and was leaking. Her anchor was slipped, and she was brought by the Life-boat safely into the harbour. She had a crew of eight men.

March 14.—Information having been received at Aldborough that a vessel was in distress at the N. end of Sizewell Bank, the *George Hounsfeld* Life-boat was launched at about 11.40 A.M. during a strong S.E. gale and a very heavy sea, and found the Norwegian barque *Hoppet*, laden with deals for London, with eleven men and two women on board, riding at anchor. She had driven over Sizewell Bank, had lost her rudder, and was full of water. Signals were made for steam-tugs, two of which arrived from Lowestoft, and with their help and that of the Life-boat men the vessel was taken to Gravesend, which was reached on the 17th. The Life-boat then proceeded to return to her station, but was compelled by stress of weather to put into Harwich for shelter, where she remained for some

time, a telegram having been received from Aldborough stating that the boat would not be able to approach the beach there on account of the heavy surf. Some of her crew returned home by train, and the Life-boat safely reached her station at 7.30 on the morning of the 21st.

March 14.—The Lowestoft No. 2 Life-boat, *Two Sisters Mary and Hannah*, was launched at 12.15 P.M. during a very strong wind from E. by S., and proceeded to the assistance of the smack *Olive Branch*, of Lowestoft, which had damaged her stern by striking the pier, and was drifting towards the south beach, showing signals of distress. On reaching the vessel it was found that she was leaking. Nine of the crew of the Life-boat boarded her, and, with the help of a smack which went to her assistance, she was taken to Yarmouth. She was manned by a crew of five men.

March 14.—A telegram having been received at Broughty Ferry stating that two vessels appeared to be embayed at the mouth of the Tay and were in danger of being driven on the banks, on which a terrific sea was breaking, during a very strong gale from the E.S.E., the Life-boat *English Mechanic* was despatched down the river at 1 P.M. The steam-tug *Fairweather*, which had meanwhile been sent from Dundee, took the Life-boat in tow, and after getting beyond the Horse Shoe Buoy, the two vessels were observed bearing towards the Abertay Lightship at the entrance to the river. The tug and Life-boat thereupon put about and returned up the river, guiding the vessels along the channel until they reached Tayport Roadstead. They were both three-masted schooners, one being the *Queen of Mistley*, of Harwich, the other a Dutch vessel named the *William*. The former had been drifting about in the North Sea for several days at the mercy of the gale, which had driven her far out of her course, and while crossing the bar several seas broke over her, carrying away the after wheelhouse, staving one of her boats, and causing considerable damage to the deck fittings.—Expense of service, 7l. 10s.

March 15.—During a strong breeze from the S.S.E., a thick fog and a heavy sea, signal guns were heard in the direction of the Middle Cross Sand Lightship. The Caister No. 1 Life-boat *Covent Garden* was launched at 8.30 A.M., and

found the full-rigged ship *Andromeda*, of Geestemünde, bound from Bremen for New York, in ballast, stranded on the sand, lying in the full breach of the sea with her mainmast gone and two boats hanging on to a rope at the jibboom end with thirteen men in them. With some difficulty a rope was got to them and they were towed by the Life-boat out of the surf to a buoy, some of the Life-boat men being put on board to take care of them. Efforts were then made time after time to rescue three men who were on board the ship, the Life-boat's anchor being shifted again and again but without success, and at high water the sea was so heavy that the boat was compelled to lay off and suspend her endeavours for a time, the seas continually breaking over the ship and boat. A steam tug having arrived during these operations, the two boats were taken to Yarmouth, and the steamer afterwards returned to the ship. Just as night was coming on another effort to save the three men was made, and with the aid of the tug the Life-boat managed to get into position to drop down, let go her anchor, and bore down to the ship. A rope was then got on board, and by great skill and care, each man watching his chance, at a word from the Coxswain, came down into the boat, over which the heavy seas were washing in all directions. The anchor was then picked up as quickly as possible, and the boat was towed into Yarmouth Harbour. The master of the vessel, who had his face badly cut and had received other injuries, was taken to Yarmouth Hospital, and the Life-boat men were so thoroughly drenched and tired that they remained at Yarmouth during the night, and returned to their station in tow of a steam-tug on the following morning.—Expense of service, 32l. 10s.

March 16.—During a gale from the N.E., with sleet showers and a rough sea, signals of distress were shown by the barque *Saltee*, of and for Wexford, laden with wooden goods, which had stranded on the south side of the Bar while being towed into that port. The Wexford No. 1 Life-boat *Ethel Eveleen* was launched at 9 A.M., proceeded against a heavy head and beam sea to the vessel, and took off the crew of nine men, one passenger, two Customs officers, and a pilot, safely landing them at 1.30 P.M.—Expense of service, 7l. 10s.

March 16th.—Two runaway apprentices belonging to Ramsgate vessels, put to sea early in the morning in the shrimp trawler *Young Robert*, of Yarmouth, intending to proceed to Grimsby. The weather was thick, with rain, the wind was blowing from the N.E. by N., and there was a considerable sea on. In going out of Yarmouth harbour the bowsprit was carried away by collision with the pier, and through this accident and the lads' incompetency the vessel grounded on the North Sand and almost immediately filled. Their shrieks for help being heard from the pier, the Gorleston No. 1 Life-boat *Mark Lane* put off to the rescue, but in consequence of the low state of the tide, the boat had to round the N. end of the sand and come up between that and the main so as to get near the wreck. On reaching her the boys were found clinging to the rigging and were in such an exhausted condition that one of the Life-boat men had to get on board the trawler with a rope, to enable them to be hauled into the Life-boat. On arriving ashore, medical attendance was procured, but some time elapsed before the younger boy recovered. He was much bruised, as he had been clinging to the weather rigging and was repeatedly dashed against the mast.—Expense of service, 21l. 10s.

March 19.—At about 1 in the afternoon the fleet of fishing boats, seventeen in number, which had gone out during the morning, were seen making for Arbroath harbour, the tide then being one hour's flood and the sea breaking very heavily on the bar, with a strong breeze from the E. Seeing it would be dangerous to attempt to cross the bar, the Life-boat *People's Journal* No. 2 was launched and went over it, in order to prevent the boats from attempting to cross until the tide rose sufficiently. The Life-boat was pulled inside the broken water and remained in attendance until all the boats got safely in at about 5 o'clock. A telegram having been received from Montrose that a boat was running for Arbroath for shelter, the Life-boat again went out and stood by the boat until she got into the harbour at 5.15.—Expense of service, 7l. 14s.

March 19.—The Montrose No. 1 Life-boat *Augusta* was launched at 2 P.M. during an E. wind and a sea which was breaking heavily on the bar, so as to be in readiness to render assistance to two

small fishing boats of Ferryden which had gone out in the morning. One of the boats, the *Squirrel*, with four men on board, returned, and her crew were taken into the Life-boat and their vessel brought into safety; but the crew of the other boat would not risk entering Montrose, and therefore proceeded to Arbroath.

March 22.—The *John Robert* Life-boat stationed at Kilmore was launched at 2.30 P.M., during a S. wind and a thick fog, and remained during the night by the barque *Pass of Lenny*, of Glasgow, bound from Java for Liverpool with a cargo of sugar, which had stranded in Ballyteigue Bay. The Life-boat men rendered assistance in stowing sails and in doing other things which were required, and eventually the vessel was got afloat by steam-tugs, the Life-boat returning to her station at four o'clock on the following morning.

March 28.—The *Newbiggin* fishing-boats went to their fishing-grounds at 2 A.M. At 5.30 the wind commenced to blow strongly, and at 7 o'clock it had increased to a gale from the F.S.E., and the sea was very rough. Nine of the boats returned to the shore at 10.30, and at 11 o'clock the Life-boat *Robert and Susan* was launched, proceeded about two miles to the assistance of the remaining twenty-three boats, and attended them safely to the shore. The Life-boat was out five and a half hours rendering these services. Most of the boats were more or less damaged, having their masts and oars broken or their rudders carried away, and nearly all the fishing-lines had to be abandoned.—Expense of service, 10*l.* 10*s.*

March 28.—A signal of distress having been shown by the schooner *Fairlie and Jane*, of Beaumaris, bound from Port Dinorwic for Ramsey, Isle of Man, with a cargo of slate, which was at anchor in Moelfre roadstead, Anglesey, during a very heavy gale from the S.E., heavy showers of snow, and a very high sea, the Life-boat *Star of Hope*, stationed at Moelfre, was launched at 7 A.M., and brought ashore the vessel's crew of three men, who were in danger of being washed overboard by the heavy seas which were breaking over the ship. The Life-boat was obliged to land at Traeth Bychan, where she was left during the night, returning to her station on the following morning, when the storm had moderated.—Expense of service, 9*l.* 10*s.*

March 28.—Signals having been fired from the Customs Watch House at Douglas, Isle of Man, at 11.30 A.M., indicating that the services of the Life-boat were required, the crew of the No. 2 Life-boat *John Turner Turner* at once assembled, the boat was launched, and in about five minutes from the time of the signals being fired, was on her way to the schooner *G. W. Pearnis*, of Plymouth, bound from Antwerp for Douglas with about 20 tons of dynamite on board, at anchor in a very dangerous position in the bay. A strong gale was blowing at the time from the E.S.E., and the sea was very heavy. As the Life-boat men had but a short distance to row, the vessel was soon reached, and her crew of five men were with very great difficulty taken into the Life-boat and brought ashore.—Expense of service, 6*l.* 17*s.* 6*d.*

March 29.—The schooner *Oberscew*, from Dyehling for Burntisland, laden with esparto grass, stranded on the rocks at Seacliff Point, Scotland, during a strong E.N.E. breeze, a very rough sea and a thick fog. A message was received at North Berwick stating that the services of the Life-boat were not required; but the vessel proved to be too far distant for the rocket apparatus to reach her, and the Life-boat had afterwards to be sent for. At 4 P.M., the *Fergus Ferguson* Life-boat was launched, and rescued the vessel's crew, consisting of eight men. On returning to shore the tide was low, and the sea was so heavy as to prevent the Life-boat from landing, and she was therefore compelled to lay off the West side of Craigteith Island during a very stormy night of rain and snow. The shipwrecked men and the crew of the boat, which had been towed back from the wreck by a steam fishing-boat, were very kindly treated by the master of that vessel, who afforded them shelter, and at 5.30 the next morning they were able to reach the land safely.—Expense of service, £25 16*s.* 6*d.*

COMMITTEE MEETING, 12th April, 1888.

Voted 363*l.* 5*s.* to pay the expenses of the Bridlington, Sunderland No. 1, Mablethorpe, Gorleston No. 1, Walton-on-the-Naze, Caister No. 2, Bamburgh Castle, North Sunderland, Cadgwith, Southsea, Hayling Island, Whitby No. 1, St. Mary's

(Scilly), Saltburn, Mundesley, Douglas No. 2, Cullercoats, Grimsby, Thorpe, North Deal, Kessingland No. 3, Port Logan, Montrose Nos. 1 and 2, Lowestoft No. 2, Bude, Palling No. 2, and Newbiggin Life-boats, in assembling their crews, or putting off in reply to signals of distress shown by vessels not ultimately needing the help of the boats.

Voted the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to Mr. EDWIN MATTHEWS, in recognition of his long and gallant services as coxswain of the Lizard Life-boats.

Also 15*l.* to Mr. WILLIAM ALFORD and Mr. J. Toms, who occupied the office, respectively, of coxswain and second coxswain of the Looe Life-boat during the period of twenty-two years.

Also 1*l.* 10*s.* to a man who was injured while firing a signal-rocket on the occasion of the launch of the North Berwick Life-boat on the 29th March.

Also 10*l.* to the widow of the late coxswain of the Valentia Life-boat.

Also 2*l.* 2*s.* to the widow of the late caretaker of the Broughty Ferry Life-boat.

April 25.—In response to signals, the *Albert Edward* Life-boat stationed at Clacton-on-Sea was launched at midnight during a strong N.E. wind and a rough sea, and proceeded under double-reefed sails to the Swin Middle Light-vessel, where the crew were informed that there was a vessel on the Barrow Sands. The boat at once went in that direction, and found the barque *Flekkefjord*, of Flekkefjord, Norway, bound from Christiansand for London with a cargo of timber, and having a crew of twelve men, stranded about a third of a mile S.S.W. of the Middle Barrow Buoy; she was full of water and her rudder was unshipped. Preparations were made for getting the vessel afloat, and when the tide rose, the steam-tug *Storm Cock* attached her hawser and eventually the barque was got afloat and taken to London, the Life-boat remaining astern so as to steer her as far as the Chapman Light. The Life-boat was taken in tow by the s.s. *America* on her return, and arrived back at her station at about 7.30 A.M. on the 27th April. The Coxswain and five of the

Life-boat men remained on board the barque, to assist to take her to London.

COMMITTEE MEETING, 10th May, 1888.

Voted 87*l.* 1*s.* 10*d.* to pay the expenses of the Eyemouth, North Sunderland, Flamborough No. 1, Margate, Portmadoc, and Ramsey Life-boats, in assembling their crews or putting off to the aid of vessels which did not eventually require the services of the boats.

The Ramsgate Life-boat had also been called out, but her help was not ultimately needed.

Voted 15*l.* to Mr. WILLIAM WATKINS, who had been coxswain of the Milford Life-boat for twenty years, and had been compelled to resign on account of old age and ill-health.

May 17.—The brigantine *Jeune Hortense*, of Nantes, bound from Brest for Fowey, in ballast, dragged her anchors during a heavy ground sea, and drove ashore on the Eastern Green just under the Long Rock, Cornwall. The Penzance Life-boat *Dora* was launched about 5 P.M., and after a hard pull of about a quarter of an hour through heavy broken water, succeeded in getting alongside the vessel, took off three men and a boy, and brought them safely to land.—Expense of service, 12*l.* 8*s.*

May 18.—Several fishing boats were making for the harbour at Porthleven, Cornwall, during a S. wind, in the morning, and as a very heavy sea was breaking across the entrance, it was evident that the boats would encounter some amount of danger. The Life-boat *Charles Henry Wright* was therefore launched at 10 o'clock, remained in attendance until all the boats had got into the harbour, and towed two or three of them into the Inner Basin.—Expense of service, 7*l.* 14*s.* 6*d.*

May 29.—During a gale of wind from the S.E., and a heavy sea, the coble *George and Margaret*, of Newbiggin, while returning to port was struck by a high sea, and at once foundered, about half a mile E. of Church Point. The *Robert and Susan* Life-boat stationed at Newbiggin, was promptly launched, and proceeded to the scene of the disaster; but before she arrived the crew of the coble were picked up by another boat which was returning

ashore. The Life-boat men, after two hours' hard work, succeeded in towing the sunken cable to land.—Expense of service, 10*l*.

May 30.—The *James and Rachel Grindlay* Life-boat, stationed at Eyemouth, Berwickshire, was launched at 1 A.M. to the assistance of the fishing-boat *Pilgrim*, of Eyemouth, which was in a dangerous position in the roadstead during a heavy gale from the S.E., and a rough sea. With the help of the Life-boat men the vessel and her crew of seven men were brought safely into the harbour.—Expense of service, 13*l*. 14*s*.

May 30.—Several fishing-boats having been overtaken by a strong gale from the S.S.E., and a very heavy sea, at Arbroath, the *People's Journal* No. 2 Life-boat was launched at 2.45 A.M., pulled out to the bar, and remained there in readiness to assist any of the boats should her services be required. They all, however, succeeded in getting safely into the harbour.—Expense of service, 14*l*. 17*s*. 6*d*.

June 7.—The *Caister* No. 2 Life-boat, the *Godsend*, was launched at 1.45 P.M. during a thick fog, a fresh S. breeze and a heavy sea, to the assistance of the fishing dandy *Ocean Star*, of Great Yarmouth, which had stranded on the North Scroby Sand. With the help of the Life-boat men the vessel was got afloat and taken into Yarmouth harbour in a very leaky condition. She carried a crew of six men.

COMMITTEE MEETING, 14th June, 1888.

Voted 5*l*. to one of the crew of the *Newbiggin* Life-boat who met with an accident while helping to launch the boat on service on the 29th May.

Also 85*l*. 8*s*. to pay the expenses of the *Morthoe*, *North Deal*, *Newhaven*, *Winter-ton* No. 2, *Harwich*, *Montrose* No. 1, and *Clacton* Life-boats, in assembling their crews or putting off to the assistance of vessels which did not ultimately require their help.

June 23.—At 6.30 P.M., during a N.E. wind, and a heavy sea, the s.s. *Holmside*, of London, was seen standing for the *Cockle Gat*, with a flag in her rigging. The *Caister* No. 2 Life-boat, the *Godsend*, was at once launched, and sailed to

the vessel. On reaching her, the master reported that a large, full-rigged ship was ashore on the *Hasborough Sands*. The Life-boat obtained the services of a steaming-tug, which towed her to the sand, the boat was then cast off, and sailing towards the vessel over the sands through heavy seas, let go her anchor, but was unable to veer down to the ship; her anchor was therefore weighed, sails were again set, another attempt was made, and having succeeded in getting a rope from the vessel, the boat was enabled to get alongside and rescue the crew, consisting of twenty-seven men, considerable difficulty being experienced in getting them into the boat on account of the heavy sea. Great care and skill had then to be shown by the Life-boat men in getting up their anchor and sailing clear of the broken water, having to cross the sand again to the west side; this, however, was safely accomplished, and the rescued crew were put on board the tug and taken to Yarmouth, the master of the vessel remaining in the Life-boat and being safely landed at *Caister*. Previous to the arrival of the Life-boat an attempt had been made to get away in one of the ship's boats, but it was dashed to pieces at once. The stranded vessel was the *Tay*, of Glasgow, bound from *Middlesbrough* for *Melbourne* with a cargo of iron. She became a total wreck.—Expense of service, 29*l*. 5*s*.

July 10.—Seven fishing cibles belonging to *Staithes* were observed outside the bar at *Runswick*, *Yorkshire*, in the morning, being afraid to cross the bar on account of the tremendous sea, the wind blowing a gale from the N.N.E. The *Runswick* Life-boat *Margaret and Edward* was launched at 6 o'clock and piloted the boats safely ashore. They had been out all night fishing, incurring great danger, but were compelled to wait until daylight, and then, finding they were unable to land at their own port, made for *Runswick*.—Expense of service, 8*l*.

July 11.—The brigantine *Sunshine*, of and from *St. John, N.B.*, laden with timber, arrived off *Coleraine Bar* on the 4th July and anchored, waiting for a sufficient depth of water to enable her to cross the bar. On the 10th a gale from the N.E. commenced, with a heavy sea, and the vessel, which was riding very heavily and shipping seas fore and aft, parted her starboard anchor at about 1.30

the following morning, after drifting some distance. As she appeared to be in danger of stranding, the Life-boat, *John Whitaker*, stationed at Portrush, Co. Antrim, put off to her aid at about 3 P.M., and rendered assistance in getting up the remaining anchor. The vessel was ultimately towed into Portrush by a steam-tug which had arrived from Londonderry.

COMMITTEE MEETING, 12th July, 1888.

Voted 207l. 3s. to pay the expenses of the Sheringham, Hasborough, Winter-ton No. 2, Cromer, Palling No. 2, Caister No. 2, Walton-on-the-Naze, and Tynemouth No. 1 Life-boats, in putting off to the assistance of vessels not ultimately needing the services of the boats.

Also 5l. to a man who was injured while assisting to launch the Sheringham Life-boat on service on the 23rd June.

The Silver Medal of the Institution, and a copy of the vote inscribed on vellum, were awarded to Mr. WILLIAM NILES in recognition of his long and faithful services as Coxswain of the Cardigan Life-boat.

He had assisted in the Life-boat to save 53 lives from various wrecks.

Also 10l. to the widow of JOHN STORR, late second coxswain of the Upgang Life-boat.

July 24.—The *Ann Ferguson* Life-boat, stationed at Dunwich, Suffolk, put off at 11.55 A.M., during a fresh S.W. wind and a rough sea, and proceeded to the assistance of the schooner *Leeds*, of and from Goole for London, laden with a cargo of fire-bricks and patent fuel. The vessel had been damaged by collision with the schooner *Mary Watkins*, of Barrow. Five of the Life-boat men having been put on board, the Life-boat made for the *Mary Watkins*, and took off the wife of the master of the *Leeds* and a boy belonging to that vessel. She then ran for Lowestoft, where these two persons were landed, and having obtained the services of a steam-tug, returned to the *Leeds*, which, with the four men on board, was towed to Lowestoft, reaching there at 10.30 P.M.

July 27.—A small pleasure yacht, the *Petrel*, left Barmouth in the morning

with five gentlemen, a lady, and two boatmen on board, for Aberystwyth, which was reached about 3.30 P.M., after a rough passage, however, part of the way, the wind having risen about 2 o'clock to a strong breeze from the S.S.E. The passengers landed, and were persuaded by the boatmen to return to Barmouth by train. At about 4.20 the weather moderated a little, and the yacht, with the two boatmen on board, started on the return journey. Between 5 and 6 o'clock, however, the wind increased to a gale, and great anxiety was felt at Barmouth for the safety of the boat. Ultimately, she hove in sight, and with the aid of a glass it was seen that her crew had great difficulty in managing her; shortly afterwards, her sails were lowered, and as it was then feared that something was the matter, the Barmouth Life-boat *Jones-Gibb* was launched, and sailed to the yacht, which was reached in about an hour about 5 miles from the bar. The second coxswain of the Life-boat was put on board, and the vessel was taken in tow, and brought safely into port. The men were glad of the assistance afforded by the Life-boat, for the vessel would not answer her helm, could not carry any sail, some of her gear had been lost, and her crew were expecting every minute to see the mast carried away.—Expense of service, 11l. 10s.

COMMITTEE MEETING, 2nd August, 1888.

Voted 132l. 4s. 6d. to pay the expenses of the Carmarthen Bay, Braunton, Appledore No. 1, Broadstairs, Margate, Douglas No. 2, Selsey, and Hayling Island Life-boats, in assembling their crews or putting off in reply to signals of distress shown by vessels which did not eventually require their assistance.

Aug. 7.—At 10 P.M. a boat, containing the master of the steamer *City of Hamburg*, of Dublin, whose hands and arms were severely injured, and five other persons, arrived at Salcombe, Devonshire, and her occupants reported their vessel to be ashore on the rocks three miles W. of Bolt Head. A dense fog prevailed at the time. The Life-boat *Lesty* was launched, found one of the steamer's boats containing eight men, and

brought the boat and those on board her safely into port at 3 A.M. The remainder of the vessel's crew, ten men, had put off in another boat, the Life-boat therefore again went out in search of them, but did not succeed in finding them. The boat was eventually picked up by the coastguards at Mothecombe.—Expense of services, 30*l.* 4*s.*

Aug. 8.—The Norwegian barque *Minerva*, in trying to pass through the Sound between the Pentland Skerries and South Ronaldshay during a fresh breeze from the S.W., was carried by the strong current to the north side of the Larger Skerry, where she struck on the rocks and sunk. Her crew, who had fortunately time to collect their effects, took to their boats and landed on the Larger Skerry, where they were hospitably treated by the light-keepers. The Huna Life-boat, *W. M. C.*, put off as soon as it was seen that the vessel was in danger, proceeded to the island, and brought the shipwrecked crew, consisting of nine men, safely to Huna.—Expense of service, 8*l.* 18*s.*

Aug. 13.—The Winterton No. 2 Life-boat, the *Husband*, was launched at 7.30 A.M. to the assistance of the four-masted ship *Brownrigg*, of Liverpool, bound from Hull for Cardiff in ballast, which, having been damaged by collision with another vessel, had been towed by a steam-tug towards the shore, and had been beached about three and a half miles from Winterton. On taking the ground she capsized. Considerable difficulty was experienced by the Life-boat in getting alongside the vessel, owing to the yards and spars lying in the water; but ultimately, eight men were taken into the boat from the weather rigging, the remainder of the crew having taken refuge on board the steam-tug.—Expense of service, 11*l.*

COMMITTEE MEETING, 13th Sept., 1888.

Voted the Silver Medal of the Institution to Commander CLEMENT LA PRIMAUDAYE, R.N., late Inspector of Life-boats for the Western District, in acknowledgment of the risk of life he had often encountered in the Life-boat service.

Also 15*l.* 18*s.* to pay the expenses of the Chapel, Caister No. 1, Polpear, Cadg-

with, Swanage, Llanddwyn, New Brighton No. 1, Porthcawl, Walton-on-the-Naze, and Lowestoft No. 1 Life-boats, in assembling their crews or putting off in reply to signals of distress shown by vessels not ultimately requiring assistance.

Also an additional sum of 5*l.* to a man who was injured while assisting to launch the Sheringham Life-boat on service on the 23rd June, and was thereby incapacitated for work for a longer period than was at first anticipated.

Sept. 24.—It was reported at 9 o'clock in the morning that a vessel was on the rocks at Scotstown Head, about six miles to the N. of Peterhead. A thick mist prevailed at the time, and as a strong breeze was blowing from the E.N.E. and the sea was rising, it was feared that the lives of those on board the vessel would be in danger; the Peterhead Life-boat, *People's Journal* No. 1, was therefore launched and proceeded to their assistance. On reaching the vessel it was found that she was the fishing-boat *Aurora* of Pittullie; two small fishing-boats were with her, and with their help and that of the Life-boat men, the vessel was got off the rocks and taken into the South Harbour, without much apparent damage.—Expense of service, 7*l.* 8*s.*

Oct. 4.—The Winterton No. 2 Life-boat *Husband* was launched at 11 o'clock at night, in response to signals of distress shown by the brig *Catherine*, of Whitby, bound from Portsmouth for Sunderland, which was water-logged and sinking about half a mile E.N.E. of Winterton. The wind was blowing a whole gale from the N.N.W., the weather was thick with rain, and there was a very heavy sea. The brig's crew consisting of seven men were taken into the Life-boat, and safely landed. After the crew had been taken off, the vessel came up to the wind and collided with the Life-boat, the ship's martingale falling into her, striking one of the rescued men, seriously injuring the Life-boat coxswain, and damaging the boat.—Expense of service, 19*l.* 10*s.*

Oct. 5.—At daylight the schooner *George*, of Liverpool, bound from Dublin for Fort Dinorwic in ballast, was observed to show a signal of distress whilst riding heavily at anchor in the bay at Llanddwyn,

Anglesey, during a fresh N.W. gale, and squally weather. The Life-boat *Richard and Henry Gould* proceeded to her assistance, and put four men on board. One of the vessel's anchors, which had lost the stock, was hove up, the second anchor was slipped, after buoying the chain, and the ship was got under weigh and taken to *Carnarvon*.

Oct. 5.—The s.s. *Tolfaen*, of Liverpool, bound from Liverpool for Newry with wheat, was seen at anchor in Rhos Bay, North Wales, with a heavy list to port and flying a signal of distress during a strong gale from the N.N.W., and a very heavy sea. The *Llanddulas* Life-boat *Mary Jane Gould* was at once taken out of her house, horses were procured, and the boat was conveyed by road to *Llandrillo yu Rhos*, distant between five and six miles, the wind and sea being unfavourable for launching at *Llanddulas*. The journey was quickly accomplished, and the boat was launched, and reached the vessel, when it was found that five of the crew of seven men had been lost in the storm in the early morning, when about ten miles N.E. of the *Great Orme's Head*; they had taken to their boat, or were preparing to enter it, thinking the steamer would sink, the heavy sea having struck her and caused the cargo to shift, when the boat and men were washed away. The master and fireman only were left on board, and managed to bring the steamer into Rhos Bay, where they anchored her. Some of the Life-boat men boarded the vessel, and she was taken to *Garth*, in the *Menai Straits*, arriving there in the afternoon.

Oct. 9.—At about 2 p.m., the *Gorleston* No. 2 Life-boat, *Leicester*, was launched and proceeded to the assistance of the dandy *Morning Star*, of *Great Yarmouth*, on a fishing voyage with a crew of six men, which had stranded on the *South Scroby Sand*. When the Life-boat arrived alongside, the vessel was found to be in charge of a salvage boat's crew, and a steam-tug, but all efforts to get her afloat had failed. By the advice of the Life-boat coxswain, the anchor was got ahead, attached to the trawl rope, and by this means the vessel was got off and taken into harbour.

COMMITTEE MEETING, 11th Oct., 1888.

Voted 50*l.* 3*s.* to pay the expenses of the *Polpear*, *Runswick*, *Whitby* No. 1, *Uppang*, and *Caister* No. 1 Life-boats, in either assembling their crews or putting off in reply to signals of distress shown by vessels which did not ultimately require the services of the boats.

Also 14*l.* 5*s.* gratuity and medical expenses to *WILLIAM HODDS*, Coxswain of the *Winterton* No. 2 Life-boat, who was injured while on service in the boat on the 4th October.

Also 10*l.* to *MR. EDWARD GRINNELL*, late coxswain of the *Chapel* Life-boat, in recognition of his good services during the seventeen years he held that office.

Oct. 13.—The *Winterton* No. 1 Life-boat *Edward Birkbeck* put off at 6 A.M., during a moderate to strong gale from the N., and a heavy sea, a vessel having been observed ashore about two miles N. of *Winterton*. On reaching the vessel which was found to be a dandy rigged fishing boat, named the *Star of Hope*, belonging to *Lowestoft*, the Life-boat rescued three of the crew, and brought them safely ashore. The vessel became a total wreck.—Expense of service, 11*l.*

Oct. 13.—Several of the *Culleroats*, *Northumberland* cobles, were out fishing in the morning, when a gale sprung up from the N.E., and the sea became very heavy. Some of the boats returned to the shore before the sea had risen very much, but two of them still remained out, and as it was then extremely dangerous for them to make for the port, the Life-boat *Co-Operator* No. 1 was launched at half past eight o'clock, and escorted them in.—Expense of service, 9*l.*

Oct. 13.—At 9 p.m. the *Caister* No. 2 Life-boat *Godsend* was launched during a strong gale from the N. and a very heavy sea, signals of distress having been shown by the schooner *Emperor*, of *Banff*, and the three-masted schooner *Girl of Devon*, of *Plymouth*, which had been in collision in the north part of *Yarmouth* roads. The Life-boat went first to the *Emperor*, the master of which stated that he required assistance, but as his vessel was not sinking, he requested the Life-boat men to go to the other vessel, which they did, and at the master's request,

assisted to clear away the wreckage, remaining by her all through the night. At midnight a tug arrived from Yarmouth, and, being hailed by the coxswain of the Life-boat, was sent to the assistance of the *Emperor*, and towed her into harbour. In the morning the weather moderated, and the Life-boat took the master of the *Girl of Devon* ashore to telegraph to the owner of the vessel for instructions.

Oct. 25.—It having been reported that a screw steamer was stranded on the Goodwin Sands, and signal guns having been heard during foggy weather, and a fresh S.W. wind, the North Deal Life-boat *Mary Somerville* put off at about 10.15 A.M., and found the s.s. *Herongate*, of London, stranded on the North Sand Head. The Life-boat remained by her about two hours, when she floated and proceeded on her voyage to Hull.—Expense of service, 9*l.* 10*s.*

Nov. 1.—The Fraserburgh fishing boats having been overtaken by a strong gale from the E.N.E., and a heavy sea, it was considered advisable to launch the Life-boat *Cosmo and Charles* at 12.15 P.M., so as to encourage the crews and to be in readiness to render them assistance should any casualty occur. All the boats reached the harbour in safety, although two or three of them had narrow escapes of being swamped.—Expense of service, 8*l.* 16*s.*

Nov. 1.—The Caister No. 2 Life-boat *Godsend* was launched at about 3 P.M., having been signalled for by the crew of a yawl, which had gone out in the morning to the assistance of the s.s. *Ferndale*, of Sunderland, stranded on the North Scroby Sand. The weather at the time was thick, the sea was rising, and the wind was rapidly increasing from the E. The Life-boat proceeded in tow to the steamer, which after repeated efforts was got afloat, and was taken to Yarmouth Roads, the boat remaining by her during the night.

Nov. 2.—The schooner *Emperor*, of Beaumaris, bound from Cork for Port Dinorwic, in ballast, showed a signal of distress while lying at anchor in Porthdinllaen Bay, North Wales, during a strong N.E. wind, and a heavy sea. The Life-boat, *George Moore*, was launched at 3.45 P.M., and on reaching the vessel, found that she had parted one of her chains, and her crew, consisting of three men, were afraid to remain on board as the weather was very threatening.

They were therefore taken into the Life-boat and brought safely ashore.—Expense of service, 9*l.* 8*s.* 6*d.*

Nov. 2.—The fishing-smack *Poison*, of Portrush, was dismasted in a heavy squall off Port Stewart Point. Two other smacks were in company with her, but were unable to render her any assistance, on account of the heavy sea, and they therefore made for Portrush and gave information of the casualty. The Life-boat *John Whitaker* was promptly launched, and proceeded to the assistance of the smack, the crew of which had cut away the rigging from the fallen mast and dropped their anchor. The five men were taken into the Life-boat and brought ashore, their vessel being towed by a steam-tug into Portrush on the following day.—Expense of service, 14*l.* 6*s.* 6*d.*

Nov. 3.—A vessel was observed steering for the beach at Hornsea, Yorkshire, during a strong E. breeze, and soon afterwards she hoisted a signal of distress. The Life-boat crew were assembled, and the Life-boat *Ellen and Margaret of Settle* proceeded to her assistance and took off five men, the remaining three being rescued by the rocket apparatus. The vessel was the screw collier *Lymington*, of Lymington, bound for Sunderland in ballast. She had sprung a leak and had become unmanageable, rendering it necessary for the crew to run her ashore to prevent her from sinking.—Expense of service, 10*l.*

Nov. 3.—The Dunwich Life-boat *Ann Ferguson* was launched during a strong E.S.E. wind and thick weather, at 7.20 A.M., in response to signals of distress shown by the barque *Flora*, of Oland, bound from Dunkirk for Stettin with a cargo of superphosphate, which had struck on the outer shoal of Sizewell Bank, and sunk. Her crew of 14 men were taken into the Life-boat, and landed at Sizewell. The boat encountered very heavy seas while rendering this service, and one of her crew was washed overboard, but was speedily recovered, and the boat sustained some damage. The service was witnessed by a large concourse of people, who gathered on the cliff at Sizewell, and warmly applauded the gallant behaviour of the Life-boat men.—Expense of service, 20*l.* 15*s.* 6*d.*

Nov. 4.—At 4 A.M., the Caister No. 1 Life-boat *Covent Garden* put off, signals

of distress having been shown from the North Scroby Sand, and the lightships continually firing guns and rockets, during a strong gale from the E.S.E., and a very heavy sea, which swept over the boat from stem to stern. Sail was set, and the Life-boat proceeded in the direction of the flares, but grave doubts were entertained as to the practicability of crossing the Barber Sand in such a sea; the signals, however, were so urgent that it was decided by the crew to make straight for them, and the boat sailed right over the sand, shipping heavy seas all the time, and drenching the crew to the skin. The vessel was reached at about 5 o'clock, and proved to be the barque *Vauban*, of Havre, timber laden; she was then driving over the sand. The Life-boat went alongside her, took off her crew of fifteen men with considerable difficulty, and remained by the vessel until daylight, when it was found that she had lost her rudder, her anchors were gone, and she was full of water. Steam-tugs afterwards came up, and the ship was towed to Yarmouth beach, her crew being taken into the harbour as the heavy sea prevented a landing at Caister.—Expense of service, 30*l*.

Nov. 5.—Signals having been heard, the Life-boat, temporarily placed at Clacton-on-Sea whilst the boat belonging to the station was being altered, was launched at 3 A.M., and proceeded to the Swin Middle Light-vessel. The Life-boat men were informed that the signals made there were in repetition of those shown from the Maplin Lightship. The Life-boat therefore made for the Maplin Sands, and found the barque *Minnet*, of Helsingborg, timber-laden, ashore there. Some of the Life-boat men boarded the vessel, to make arrangements for an attempt to get her afloat, and the boat proceeded to Gravesend to procure the services of a steam-tug. When the steamer arrived she was unable to get near the ship, and ultimately it became necessary to abandon the vessel, as it was feared she would soon break up. Her crew of twelve men, a pilot, and two fishermen who were on board, with the crew's baggage, were then taken into the Life-boat and landed at Sheerness, the boat being taken into the dockyard, and her crew receiving most kind treatment at the hands of the Port Admiral and the authorities of the Royal Naval Barracks.

The boat returned to her station at 1.15 P.M., on the 7th November, after an absence of fifty-eight hours, being towed part of the way by the steamers *Hawk* and *James Southern*, both of London.—Expense of service, 27*l*. 17*s*. 6*d*.

Nov. 5.—At 3.40 A.M., it having been reported that a vessel was ashore, the coxswains of the Hartlepool Nos. 2 and 3 Life-boats *Cyclist* and *Charles Ingleby* proceeded to the cliffs, and saw that the ship was apparently on the rocks between the lighthouse and the breakwater. Two rockets which had been fired failed to reach her, and she then showed a flare, which enabled it to be seen that she was riding at her anchors with her stern just on the rocks in broken water. Steam-tugs were despatched to her assistance, but they could not get hold of her, and as she continued to burn flares it was decided to call for crews to man the two Life-boats to go behind the breakwater and endeavour to reach the vessel. This was known to be a hazardous undertaking, and it was considered absolutely necessary that one Life-boat should accompany the other. Volunteers promptly came forward, the boats put off and reached the vessel, which was then in tow of a steam-tug. The Life-boats went alongside, and put twelve men on board to assist the crew—who were in a very exhausted condition—to get the ship into the harbour.—Expense of service, 26*l*. 3*s*.

Nov. 5.—Distress signals having been shown by a vessel on shore near Thorpiness, Suffolk, during a moderate E. gale and a heavy sea, the Life-boat *George Hounsfield* was launched at 5.30 A.M., made her way through the heavy seas which were breaking on the shoals, the boat striking the ground several times, reached the vessel, which proved to be the steamer *Sirius*, of and from Ghent for London with stone, and rescued her crew, consisting of fifteen men.—Expense of service, 24*l*. 17*s*. 6*d*.

Nov. 5.—In the evening, signal-lights were shown by a schooner which was lying at anchor in Torbay. A demonstration was going on in the town, on the occasion of laying the foundation-stone of a monument to William III., the town and shipping were illuminated, and a display of fireworks was taking place. It was at first thought that the vessel was burning lights with the view of taking part in the

rejoicings, but the Coastguard on duty made out that she was labouring heavily, the wind blowing a gale from the S.E. and there being a very high sea, that her signals were made for the purpose of obtaining assistance. The crew of the Life-boat *Brian Bates* were therefore summoned, the boat was launched at 9.30, and brought ashore the crew, consisting of four men. The vessel was the *Gwen Jones*, of Carnarvon, bound from Portmadoc for Teignmouth with slates.—Expense of service, 14l. 2s.

Nov. 6.—The *Mary Jane Gould* Life-boat stationed at Llanddulas, North Wales, put off to the assistance of the steam flat *Widnes*, of Liverpool, which showed a signal of distress during a strong breeze from the S.E., and a rough sea, while at anchor off Llanddulas. On reaching the vessel it was found that she was leaking badly, and at the request of the master, some of the crew of the Life-boat went on board to assist at the pumps, and take the steamer to the Menai Straits.

Nov. 7.—The Gorleston No. 1 Life-boat *Mark Lane* was launched at about 5.15 A.M., signals of distress having been seen during a moderate gale, increasing at intervals to a strong gale, from the E.S.E., and a very heavy sea. After a long search the barque *Alabama*, of Tonsberg, laden with deals, was sighted in the Pickle, a channel running between the Scroby and the Cross Sands. With some difficulty the Life-boat managed to reach the vessel which had sprung a leak and was full of water, the master having been compelled to have the main mast cut away to prevent the ship from turning over. Her crew, consisting of eight men, were rescued by the Life-boat. In crossing the Scroby Sands the Life-boat encountered extremely heavy seas, which at times almost turned the boat end over end.—Expense of service, 26l. 10s.

Nov. 7.—The Saltburn Life-boat *Charles and Ann* was launched in the morning during an E. wind and a very rough sea, to the assistance of the s.s. *Harley*, of Liverpool, bound from the Tyne for Shoreham, with a cargo of coal, which was exhibiting signals of distress. The vessel had sprung a leak, and the water had so far gained on her as to put out her fires when between Whitby and Staithes. With the assistance of a steam-tug, the vessel was taken to Middles-

brough. When crossing the Tees bar, the Life-boat, while being towed astern of the *Harley* (all the crew being in her) was struck by a tremendous sea, which broke her drogue and severely damaged the boat by throwing her against the vessel.

COMMITTEE MEETING, 8th Nov., 1888.

The Silver Medal of the Institution, and a copy of the vote, inscribed on vellum, were granted to Mr. J. O. WILLIAMS, Chief Officer of H.M. Coastguard, at Holyhead, and Honorary Secretary of the Holyhead Branch of the Institution, in acknowledgment of his valuable services for many years in the New Brighton, Milford, and Fishguard Life-boats, in addition to assisting in other ways to save life from shipwreck.

Voted also 109l. 7s. to pay the expenses of the Winterton No. 2, Donna Nook, Lydd, New Romney, Whitby No. 1, Gorleston No. 2, Holyhead, Newhaven, and Aldborough Life-boats, in assembling their crews or proceeding to the assistance of vessels not eventually requiring help.

Also 15l. to Mr. THOMAS MCGUFFIE, in recognition of his good services during the twenty years he held the post of coxswain of the Isle of Whithorn Life-boat.

Also 23l. 9s. to a man who was injured while assisting to take the Anstruther new Life-boat along the road to its station.

Nov. 8.—During a strong gale from the S.E., a large full-rigged ship was seen to drive ashore on the sands between Sutton and the north side of the entrance to the Liffey. Two tugs went to her and took her in tow, but were unable to get her to windward; as the tide was rising, they succeeded in moving her nearer the entrance to the river, but at 1 P.M., being then high water, she ceased to move, and remained on the north end of the bar. The *Hector* Life-boat stationed at Kingstown put off at 1.20, as the heavy seas were at times breaking over the vessel, and rescued the master, pilot, and crew of seventeen men, who were taken up the river, and landed at the Sailor's Home. The ship was the *Charles Bal*, of Belfast, bound for Barrow, with a cargo of deals.—Expense of service, 12l. 17s.

Nov. 8.—During a strong S.E. gale and a heavy sea, the three-masted schooner

Livingstone, of Fleetwood, bound from Swansea for London, with coal, being unable to reach the pierhead, at Penzance, was compelled to bring up inside the Gear Pole, just clear of the Frenchman Rock off the coast of Cornwall. At 5.20 p.m., the *Dora* Life-boat proceeded to her, and brought ashore her crew, consisting of five men, amidst the ringing cheers of many hundreds of spectators.—Expense of service, 13*l.* 16*s.*

Nov. 8.—The Aldborough Life-boat *George Hounsfield* put off, at 8.15 p.m., during a moderate gale and a very heavy sea, to the assistance of the barque *Prudentia*, of and from Christiania, bound for Bristol, which had stranded on the Outer Shoal, near Sizewell. Several attempts were made to get the shipwrecked crew into the boat; eventually this was accomplished, and the ten men were brought safe to land at 1 o'clock on the following morning.—Expense of service, 26*l.* 2*s.* 6*d.*

Nov. 9.—A telegram having been received at Harwich, stating that a vessel was in distress on the Gunfleet Sands, the Life-boat *Springwell* was launched at 9.30 a.m., during a gale and a heavy sea, and proceeded towards the sands, but was unable to reach the stranded vessel, on account of the tide, until the Trinity steamer *Satellite* arrived, and towed her. There was then not sufficient water to allow the boat to cross the sand, but when the tide rose she was enabled to get near the vessel, and rescued her crew of nine men, experiencing considerable difficulty in doing so, as there was a large quantity of wreckage drifting about. The wrecked vessel was the brig *Carf Gustaf*, of Christianstad, laden with deals from the Baltic for the Mediterranean.—Expense of service, 12*l.* 2*s.* 6*d.*

Nov. 9.—While the North Deal Life-boat was on her way to London, another boat having been placed on the station in her stead, she was signalled by the Tongue light vessel, and informed that they had on board the crew of the wrecked barque *Albatross*, of Hernosand. The men, thirteen in number, were taken into the Life-boat and landed at Gravesend at about 1 p.m.—Reward to crew, 2*l.*

Nov. 10.—Early in the morning the crew of a fishing lugger arrived at Gorleston, and reported that they had seen flares and rockets about the lower part of

Winterton Ridge. A gale from the S.E. by E. was blowing at the time, and the sea was very heavy. The No. 1 Life-boat *Mark Lane* was launched and found a large screw-steamer, the *Akaba*, of Liverpool, bound from Bombay for Dundee, with a cargo of jute, near Winterton Ridge, she having been aground and lost her rudder. A boat's crew and some steam-tugs were in attendance on the vessel, and assistance was given by the Life-boat men with the view of taking her to a safe anchorage. The weather, however, became more stormy, and eventually 35 of the men on board the steamer got into the Life-boat, and in two trips were transferred to the steam-tug *Yare*. The Life-boat returned to her station at 8.30 p.m.—Expense of service, 40*l.*

Nov. 10.—The Broughty Ferry Life-boat, *Samuel Shawcross*, was launched in the morning, it having been reported that several vessels were off the Firth of Tay, and apparently in danger. A terrific gale was blowing from the S.E. at the time. The Life-boat was taken in tow by the steam-tug *Duncan*, proceeded down the river towards the pilot cutter which was riding at anchor, and took several pilots on board, continued her course down the river, and, when abreast of No. 4 buoy, transferred one of the pilots to the Norwegian schooner *Viking*, bound from Cronstadt for Montrose with battens, which had succeeded in entering the river in safety. The Life-boat then went farther down the river, to the old bar of Tay, when the Danish brig *Bollette*, bound from Memel for Granton with oak battens, was seen in the offing endeavouring to make the river. The tug then cast the boat off, and she was brought up at the south side of the Gaa Bank. The brig wore round and went to sea again; but the Life-boat laid-to for a considerable time, and the vessel was again observed making for the river. The Life-boat was then taken in tow by the steam-tug *Renown*, to the eastward of the Lightships, and as close to the bank as possible; but the brig struck on the opposite side of the shoal with great force and went to pieces in a few minutes. Her crew had taken to their boat before the vessel struck, and happily reached the shore in safety. This, however, was not seen by the Life-boat men owing to the thick weather and the spray, and the Life-boat, in consequence, remained in the vicinity trying

to find the shipwrecked men. The boat ultimately returned under canvas to her station, arriving at about 5 P.M.—Expense of service, 11*l.* 15*s.*

Nov. 10.—During a strong gale of wind from the S.S.E., and a heavy sea, the barque *Sofia Maria*, of Frederikshald, laden with deals for France, stranded at the mouth of the river Eden. The Life-boat temporarily placed at St. Andrew's whilst the boat belonging to the station was undergoing alteration, was launched at 12 noon, and rescued the vessel's crew consisting of nine men.—Expense of service, 36*l.* 11*s.*

Nov. 11.—It having been reported, that a vessel, which proved to be the dandy *True Love*, of Grimsby, bound home from the fishing grounds, was ashore about three miles southward of the Withernsea Life-boat house, the crew of the Life-boat *Admiral Rous* were called together, horses were procured, and the boat was taken on her carriage along the beach. This was heavy work, frequent stoppages having to be made to rest the horses, which ultimately were so exhausted that it became necessary to launch the boat about a quarter of a mile to leeward of the vessel, which had stranded on the Skerries, a bed of boulder stones. The sea was raging furiously round her, but the Life-boat men pulled up to her, and with much risk, and getting thoroughly drenched, rescued the crew, consisting of five men, and also brought ashore two dogs which were on board the vessel.—Expense of service, 16*l.* 4*s.*

Nov. 13.—The s.s. *Wild Rose*, of Hull, in ballast from Donaghadee for Cardiff, showed signals of distress while close in shore at Rossglass Bay, during a heavy gale from the N.E., thick weather and a heavy sea. The Tyrella Life-boat *Louisa Burnaby* was taken by land to Rossglass, a distance of four Irish miles, and launched at 1 A.M. One of the Life-boat men was put on board the vessel, the Life-boat remaining by her during the night, as the ship was amongst rocks, and it was impossible to extricate her from her dangerous position in the intense darkness then prevailing, and the vessel was taken into Dundrum harbour, arriving there at about 8 o'clock. She carried a crew of five men.—Expense of service, 20*l.* 5*s.*

Nov. 15.—At about six o'clock in the

morning, the wind and sea being favourable, about five large fishing-boats, and about fifteen small boats or yawls, manned by about 105 fishermen, put off from Montrose, having been prevented by stress of weather from going out for a fortnight. At about 9 o'clock the wind commencing to blow hard from the S. to S.S.E., and the sea rising rapidly, the boats began to return and make for the harbour. JAMES WATT, the Life-boat coxswain, was out in a large boat, and returning about 9.45, encountered a strong wind and sea. On nearing land he was hailed by those who had got in to make haste and launch the Life-boat. He had formed an opinion, when crossing the bar, that it would be dangerous for the small boats to cross. He therefore at once procured a mixed crew of Life-boat men and fishermen, launched the No. 1 Life-boat *Augusta*, and remained on the bar until the boats, several of which ran great risk, had got into safety.—Expense of service, 9*l.* 2*s.* 6*d.*

Nov. 16.—At 7.30 A.M. during a fresh gale from the W.S.W., and thick weather, the German barque *Pei Ho* was seen labouring very heavily outside the end of the breakwater, with her ensign half mast high, in great danger of going ashore on the eastern side of the bay. The Holyhead Life-boat *Thomas Fielden* was promptly launched, and proceeded under close reefed sails through a very heavy sea to the vessel which was rolling heavily, making it very difficult for the boat to get alongside. The crew did not wish to leave the ship, but at the master's request his wife was taken off by the Life-boat and landed, the boat being towed to the harbour by a steam-tug. The boat returned to the barque and remained by her for a considerable time, but no further help being required, she went in tow of the tug to another barque which was seen ashore on South Porthwen Point with the sea breaking over her, but on nearing her it was found that she was abandoned. She was the *Hypatia*, a Norwegian vessel, bound for Liverpool with deals; the master and men had landed in their own boat, and the remainder, thirteen in number, had been rescued by the rocket apparatus. The weather afterwards moderated, and the *Pei Ho* was towed to a safe anchorage by a steam-tug.—Expense of service, 35*l.* 10*s.*

Nov. 16.—The pilots at Penmon having observed the schooner *Enterprise*, of Dublin, at anchor in a dangerous position close to the Little Rock near Puffin Island, during a strong breeze from the W., the Life-boat *Christopher Brown* was launched at 3.30 P.M., proceeded to the vessel, and put five men on board who made sail on her and took her through the sound into a position of safety.

Nov. 16.—Intelligence having been received that the schooner *Glendalough*, of Dublin, was in distress off Bourne Point, with canvas blown away and spars and rigging lost, the *David Hay* Life-boat, stationed at Balcary, was launched at 7 P.M., during a strong S.W. gale and a very heavy sea. She proceeded to the vessel, which was nine miles from the Life-boat station, and found her in a dangerous position, being surrounded by sand banks. The wind and sea rendered it absolutely impossible for the Life-boat men to board her then, and on the following day all attempts to reach her failed. The Life-boat then telegraphed from Carsethorn to Silloth for a steam-tug, which went to the vessel but was unable to approach near enough to get a rope on board her. The tug therefore made for Carsethorn, took the Life-boat in tow and again proceeded to the rescue. This time communication was fortunately effected with the vessel, some of the Life-boat men boarded her, assisted in lifting the only anchor which remained, and the vessel and her crew of five men were got out of danger, and taken to Silloth. The Life-boat returned to its station at 4 P.M., on the 18th November. Her Coxswain, who is a man of great experience, especially on the Solway, states that the weather was such that at times he almost despaired of getting his boat and crew safely to land again.—Expense of services, 60*l.* 4*s.* 4*d.*

Nov. 20.—During a strong N.N.W. wind and a heavy sea, it was reported that a small boat had capsized off Eastbourne, and that the services of the Life-boat were required to go in search of her crew of two men. The *William and Mary* Life-boat, was launched at about 2.30 P.M., but unfortunately found no trace of the boat or her crew; it was, however, ascertained from a steam-tug that she had passed a capsized small boat about two miles off the head, but

there were no signs of her crew. During her search the Life-boat fell in with another boat which was in difficulties, with two men on board, and rendered assistance to them by towing the boat into smooth water.—Expense of service, 11*l.*

Nov. 20.—In the evening, during a strong gale from the N.N.W., the trawler *Jubilee* ran into Tenby Roadstead and reported that the fishing smack *Faithful* was in distress off the Cefn Sidan Sands in Carmarthen Bay. The Tenby Life-boat *Anne Collin* was launched at 7 o'clock, and proceeded, in company with the trawler, to the opposite side of the bay, where she found the vessel, and rescued her crew of two men and a boy. The Life-boat was then taken in tow by the *Jubilee*, as there was a strong head wind and a heavy sea, and returned to her station at 1.30 A.M.—Expense of service, 24*l.* 4*l.* 6*d.*

Nov. 21.—The sloop *New Superior*, of and for Boston, laden with ironstone, was seen three miles E. of Skegness, Lincolnshire, with a signal of distress flying. The Skegness Life-boat *Herbert Ingram* was launched at 8.45, and on reaching the vessel found that her mainsail had been blown away, and the master requested the Life-boat men to take a telegram ashore for a new mainsail to be sent from Boston by the next train, and to take the sail to the vessel on its arrival. At 1.45 P.M., as no reply to the telegram had been received, and the sail had not arrived, another message was despatched to the owner of the vessel. At 3.45 a pilot cutter attempted to take the sloop in tow, but her hawser broke, and, as no message or sail had come from Boston, the Life-boat again went to the vessel, taking to her a yawl sail, and shifted her into safety. At 7.45 the new sail arrived, and the boat was recalled and took it off to the vessel.—Expense of service, 15*l.* 10*s.*

Nov. 23–27.—Information was received at Aranmore, Ireland, on the 23rd November, that nine men were on a small uninhabited island named Ronanish, about seven miles S. of Aranmore, where they had gone to fish some days before with very little food, and a fearful storm having come on immediately after they had landed there, great anxiety was felt about them. The Life-boat *Vandeleur*

was launched about 10.30 A.M., and for seven hours made repeated attempts to reach the island, but each time she was driven back by the fearful seas, and the storm then raging, the wind being W., and the waves coming up mountains high, one mass of white foam. Ultimately the crew were compelled to return ashore, and wait until the storm decreased sufficiently to enable another attempt to be made with any probability of success. No abatement, however, took place until about 4 o'clock on the morning of the 27th, when the Life-boat at once put off, although there was still a fearful sea, the wind having shifted from W. to S.E., and after a heavy pull against a head wind reached the island at about 8 o'clock, when the nine men were found in a very exhausted condition. They had been on the island since the 14th, and for some days had existed on two potatoes each daily. They were got into the Life-boat, their small boats were taken in tow, and all the men were brought safely to their homes, where they were received with great joy.—Expense of service, 26l. 13s.

Nov. 25.—At about 9.30 p.m. the Weymouth Life-boat *Frien Watch* was launched to the assistance of the schooner *Mary Davies*, of Aberystwyth, which was seen to be drifting on to a lee shore during a strong gale from the S.W., a heavy sea, and thick weather. On reaching the vessel it was found that the crew were preparing a flare-up light as a signal for assistance. The men, three in number, were taken into the Life-boat which then pulled through the broken water to the steam-tug *Queen* which assisted her and kindly towed her back to Weymouth Harbour.—Expense of service, 13l. 9s.

Nov. 25.—A vessel was seen in distress in the middle of the Solway Firth. The news spread, and the pier and promenade at Maryport were soon lined with people. In a quarter of an hour the *Civil Service* No. 5 Life-boat, stationed at Maryport, was launched amid the cheers of hundreds of townspeople. The waves were rolling tremendously high, and broke with great force on the beach, but the tug *Senhouse* took the Life-boat in tow and steamed pluckily towards the distressed vessel. Again and again was the latter lost sight of from the shore, and from time to time the spectators feared that the Life-boat men were risking their lives in vain;

but the ship appeared to be yet able to defy the weather, and the rescuing crew reached her after hard work in a terrible sea. They found the wreck lying on the Robin Rigg Sandbank almost covered with sand and water, nothing being visible but her masts, to which were lashed 14 men of the crew. These, when they saw the Life-boat, raised a feeble cheer, which was half lost in the roar of the wind and waters. The stays of the masts were gone, and, deprived of their supports, the masts rocked to and fro, threatening to snap every moment. The rescuers, seeing that the position of the shipwrecked men became increasingly perilous, strained every muscle to reach the poor fellows, but they were hindered, not only by the fury of the sea, but by masses of wreckage which floated round the ship. They were, nevertheless, successful at last in bringing off all the crew, although two were rescued with great difficulty. They had lashed themselves together, and were at a part of the rigging inaccessible to the Life-boat men. A life line was thrown them, and seizing it, they jumped boldly into the foam. It was their only chance for life, though a perilous one. Ultimately they were hauled on board, greatly exhausted and breathing with difficulty. All being got on board the Life-boat, the latter returned to Maryport, making the trip without mishap. Rescuers and rescued were greeted on approaching the shore with deafening cheers. The shipwrecked men were in a most exhausted condition, and hardly able to walk when they landed. Their vessel was the barque *Estrella de Chile*, of Glasgow, 582 tons. Very shortly after the crew were rescued by the Life-boat, the masts to which they had been lashed snapped and disappeared.—Expense of service, 15l. 4s. 6d.

Nov. 27.—At about 5 A.M. during a light N.W. wind, about fifty-five Ferryden fishing boats, most of them being small ones, carrying crews numbering about three hundred men in all, went to sea. At about 7.30 the weather became stormy, the wind increased to a strong gale from the N.E. veering to E. and S.E., and a heavy sea broke continuously on the bar. At about 9.30 the Montrose No. 1 Life-boat *Augusta* was launched with a crew of Life-boat men and fishermen, an experienced fisherman taking command of her, both Coxswains being at sea, pulled

to the bar and remained afloat until the boats had safely crossed.

After the *Life-boat* had been placed on her carriage it was discovered that one small boat, the *Isabella and Ann*, having on board a crew of five men, had not returned. The *Augusta* was therefore again manned and launched at 1.40 P.M., under the command of her own Coxswain, and waited inside the bar until nearly 3 o'clock, when the fishing-boat was seen running for the harbour under low canvas. The *Life-boat* pulled through an exceedingly heavy sea over the bar and outside the Annat buoy, intending to meet the boat and take her crew off, and in case the skipper should wish to remain in his boat to steer her, a life-belt was kept in readiness for him. The boat was hailed to put about with her head to sea, but the skipper pointed towards the land, and the boat ran past the *Life-boat* which then followed her, but in a minute or two she was struck by two tremendous seas and at once sank. The *Life-boat* pulled down to the wreckage, and, with much difficulty, rescued the skipper and two of the crew, but the two other men were unhappily drowned. The rescued men were taken to the Receiving House on being landed at 3.15, where every attention was paid to them.

About a quarter of an hour after the *Life-boat* had landed, the smack *Regulus*, of Banff, was seen approaching the bar. As the storm was still raging the *Augusta* *Life-boat* again put off, but when about half-way to the bar it was observed that the vessel had got in safely. The master, however, reported that a steamer, which was known to be the s.s. *Arbutus*, of Banff, was lying close to the southward of the harbour as if waiting to come in. The *Life-boat* was taken in tow by a steam-tug and anchored a short distance inside the harbour where she waited until 6 o'clock, but as the steamer did not arrive, it was thought most probable that she had made for Dundee; the *Life-boat* men were correct in their surmise as the vessel arrived in that port the same night. As the storm and tide would have prevented the *Life-boat* being placed on her carriage she was taken up the river where she was moored until the next morning, when she was taken to her station and housed.—Expenses of services, 33l. 12s. 6d.

Nov. 27.—The schooner *Miss Evans*, of

and from Amlwch, for Carnarvon in ballast, with a crew of four men, which had sought refuge in Moelfre bay, during a gale from the S.W., which suddenly changed to S.E. with a very heavy sea, was apparently in danger of parting her anchors, and of being driven on the rocks. She showed a signal of distress, in response to which the Moelfre *Life-boat* *Star of Hope* was launched at about 9 A.M., went to her assistance and brought ashore her crew, having securely anchored the vessel.—Expense of service, 7l. 14s.

Nov. 27.—Thirteen fishing cobsles went out from Boulmer line fishing at about 6.30 in the morning. At that time the wind was blowing lightly from the S. At about 8 o'clock the wind veered to the S.E., and began to blow very strongly, increasing ultimately to a gale, accompanied by a very heavy sea, compelling the boats to leave their fishing and run for shelter, some of them having to cut away their lines. At about 9.30 the *Life-boat* *Robin Hood* was launched, the whole of the population of the village who were ashore assisting, and rendered assistance to several of the boats by conveying them to land.—Expense of service, 6l.

Nov. 27.—Five fishing-boats belonging to Spittal, being overtaken by a strong S.E. gale, which sprung up suddenly, ran for the harbour at Berwick-on-Tweed. As a strong sea was breaking on the bar and the boats would incur considerable risk in crossing, the *Life-boat* *John and Janet* was launched at 11.30 A.M., and proceeded to the bar, in readiness to render assistance if required. Two of the boats came in, but the other three bore away to the North.—Expense of service, 8l. 14s.

Nov. 27.—The Cullercoats fishing-boats were overtaken by stormy weather, but they all, with the exception of the *Indefatigable*, reached the land. The *Co-Operator* No. 1 *Life-boat* put off at 11.45 A.M., and remained in attendance on that boat while she crossed the bar.—Expense of service, 9l.

Nov. 27.—While the fishing-boats were at sea, the weather became very squally, and the sea rose, breaking heavily on the bar at Holy Island, Northumberland. By twelve o'clock all the boats had returned to port, with the exception of one boat, which was seen making for home under canvas. The No. 1 *Life-boat* *Grace Darling* was launched to her assistance,

went to the bar and accompanied the boat into the harbour.—Expense of service, 8*l*.

Nov. 27.—The Filey Life-boat *Hollon the Second* was launched at 10 A.M., to render assistance to a number of fishing-boats which had been overtaken by a sudden gale which sprung up from the S.E. and a rough sea. The Life-boat distributed life-belts amongst the fishermen and remained afloat until all the boats had safely landed.—Expense of service, 9*l*. 10*s*.

Nov. 27.—At 2 P.M., while most of the fishing cobles were at sea, a gale from the S.E. sprung up at Staithes, Yorkshire, making it dangerous for the boats to land. Both the Life-boat coxswains and the greater part of the men who usually man the Life-boat being at sea, Mr. Joseph Verrill, who formerly held the office of coxswain, promptly assembled a crew of volunteers, took out the Life-boat *Winefride Mary Hopps*, and convoyed the cobles safely to the shore, returning to her station at 4 P.M.

It having been found that one of the boats had not returned, the Life-boat was launched again at 5.30 P.M., in charge of her own coxswain, considerable difficulty being experienced in getting her afloat, the boat being driven back three times by the heavy seas. The boat ultimately succeeded in getting through the breakers, found the coble, took off her crew of three men, and then made for the shore, but was struck by a very heavy sea, and either thrown on her beam ends or capsized, throwing out all but three of those on board her. Two of the men reached the land by swimming, twelve succeeded in regaining the boat, but one Life-boat man, JOHN CROOKES, unhappily lost his life by being cast on the rocks. Several of the boat's oars were lost, but the crew eventually succeeded in attracting the attention of the s.s. *Ethel*, of Stockton, bound from Middlesbrough for Ipswich, which took the boat in tow and returned with her to Middlesbrough, the master and crew of the steamer kindly providing the occupants of the boat with food and dry clothes.

An enquiry into the circumstances attending this casualty was held by the Chief Inspector and District Inspector of Life-boats, at which none of the men attributed the accident in any way to the sea-going qualities of the boat, in which they expressed continued confidence.

Intelligence of the occurrence having been received at Whitby, the No. 2 Life-boat *Christopher* immediately put off to render assistance, and the crew and launchers at Uppang assembled and patrolled the coast in readiness to assist any men should they be washed ashore there.

The Committee voted 25*0l*. in aid of the local subscription for the relief of the widow and dependents of JOHN CROOKES, who lost his life on the occasion of the accident.

Also 52*l*. 19*s*. 1*d*. to pay the expenses of the services, giving 3*l*. each to the crew of the boat.

Also the thanks of the Institution, inscribed on vellum and framed, and a binocular glass, to Captain HENRY WHITTINGTON, of the s.s. *Ethel*, of Stockton, in recognition of his humane services in returning to Middlesbrough with the Life-boat, and of the kind treatment accorded by him and his crew to the Life-boat men in providing them with food and dry clothes.

Also the thanks of the Institution to R. H. APPLETON, Esq., managing owner of the steamer *Ethel*, for the service rendered by that vessel.

Also an aneroid barometer, with a suitable inscription, to Dr. J. V. LAVE-RICK, Honorary Secretary of the Staithes Branch of the Institution, in recognition of his valuable co-operation on the occasion.

Also the thanks of the Institution to Mr. JOSEPH VERRELL, for collecting a crew of volunteers and taking out the Life-boat to the assistance of distressed fishing-boats, on the afternoon of the 27th November, both the coxswains being at sea at the time.

Nov. 28.—At 10.30 P.M., signals of distress having been seen, the Life-boat *George Pooley*, stationed at Groomsport, co. Down, was launched and proceeded to the s.s. *Victoria*, of and from Glasgow for the West Indies with coal, which had stranded on the rocks at Cockle Island. At the master's request the boat remained by the steamer until low water when her crew were able to land.—Expense of service, 17*l*. 13*s*.

Nov. 30.—The schooner *Betsy James*, of Hayle, bound from Yarmouth for Leith with a cargo of herrings, was seen in a perilous position on the bar of the river

Eden, during a S.E. wind, stormy weather, and a heavy sea. The St. Andrew's Life-boat *Ladies Own*, which had recently been altered and improved, was launched at 6 A.M., and brought safely ashore the vessel's crew of three men.

Dec. 1.—The ketch *Nile*, of Lossiemouth, bound from Dingwall for Sunderland, with a cargo of pit props, having shown signals for assistance while at anchor at Vaultness close to broken water, in a heavy ground sea, the Life-boat *Wallace* stationed at Dunbar, went to her at 11.30 A.M., and brought ashore her crew consisting of three men and their effects.—Expense of service, 7*l.* 19*s.* 3*d.*

Dec. 7.—Guns having been fired by the light vessels during a S.S.W. wind and misty weather, the Ramsgate Life-boat *Bradford* in tow of the steam-tug *Aid*, proceeded out at 8.15 A.M., went round the North Sand Head, and found the dandy *Florence*, of Ramsgate, stranded on the south-east part of the sand. The Life-boat was slipped from the steamer and was run on the sand, when three of her crew got out of the boat and walked to the vessel. The Life-boat men hove on the warps attached to two anchors which were out, and on the tide flowing succeeded in moving her. When the tide had further risen, the steam-tug attached her tow-rope, got her afloat and took her into Ramsgate harbour, some of the Life-boat men assisting at the pumps. She carried a crew of five men.

Dec. 9.—The Caister No. 2 Life-boat *Godsend* proceeded to the assistance of the fishing dandy *Crypus*, of Great Yarmouth, which had shown flares, having stranded on the Inner South Barber Sand, during a moderate W. breeze. The Life-boat remained by the vessel until she drove over the sand, and on to the beach where she would be dry when the tide fell.—Expense of service, 18*l.*

COMMITTEE MEETING, 13th Dec., 1888.

Voted 400*l.* in aid of the local fund raised for the relief of the relatives of four men who were drowned by the capsizing of the private Life-boat *Refuge*, of Gorleston, whilst returning to port after rendering service to the disabled s.s. *Akaba*, of Liverpool, on the 10th November.

Also 2*l.* 10*s.* to two Coastguard men and a fisherman, for assisting to rescue the survivors of the crew of the *Refuge*.

Also 7*l.* to HENRY TODD, assistant-coxswain of the Gorleston No. 2 Life-boat, who was injured while assisting to launch the Life-boat on service, on the 5th November.

Also 10*l.* to WILLIAM HANCOCK, in consideration of illness brought on by his going out on service in the Burry Port Life-boat, as one of the crew, on the 21st January last, on which occasion the boat was out twenty hours, during extremely foggy and wet weather.

Also the thanks of the Institution, inscribed on vellum and framed, to Mr. G. H. GRILLS, Chief Officer of H.M. Coastguard at Portrush, co. Antrim, in recognition of his services in going out in the Life-boat there, on the occasion of the rescue of five lives from the fishing-smack *Foison*, on the 3rd November, and of his general co-operation in the management of the Life-boat.

Also 10*l.* to Mr. WILLIAM TREVASKIS, in recognition of his good services, during the long period of twenty-two years during which he had held the post of second coxswain of the Hayle Life-boat, and who had been compelled to resign owing to old age and ill health.

Also 3*l.* 7*s.* 6*d.* to CHARLES HANDCOCK, who was injured on service in the Hayling Island Life-boat on the 28th July.

Also 63*l.* 9*s.* 6*d.* to pay the expenses of the Withernsea, Gorleston Nos. 1 and 2, Walton-on-the-Naze, Montrose No. 1, Thorpness, Bridlington, Lowestoft No. 1, Southwold No. 1, Poolbeg, Mundesley, Harwich, Berwick-on-Tweed, Pakefield, Holy Island No. 1, Scarborough, Ilfracombe, Seaton Carew, Middlesbrough, Caister No. 2, Carmarthen Bay, Maryport, Workington, Balcary, Wexford No. 2, Cresswell, Looe, Kingsdowne, Walmer, Whitby No. 2, Uppang, and Totland Bay Life-boats, in assembling their crews or putting off to vessels not eventually requiring their help.

Dec. 20.—The schooner *Hay and Catherine*, of and for Arbroath, from Sunderland, coal laden, while entering Arbroath harbour during a strong S.W. wind at about 2 A.M., went ashore amongst the rocks near the east breakwater. The

Life-boat *William Souter* was promptly launched and with much difficulty took off the vessel's crew of five men. Previous to the arrival of the Life-boat the master had been washed overboard, but was recovered, and while the crew were being taken off one of them fell between the boat and the ship, but was rescued by the Life-boat men.—Expense of service, 16l. 10s.

Dec. 21.—The ketch *Joseph and Thomas*, of and for Bude, from Port Gavern with slates, in making for Bude harbour in the morning, during a strong wind, a rough sea and hazy weather, was driven northward and struck on the Coach Rock. The pilot-boat approached the vessel, secured a line thrown from her and fastened it to a buoy, but owing to the heavy sea she drifted from the rock on which she had struck and stranded. The Rocket Brigade fired four rockets, the last line being secured by the vessel's crew, but by that time the Life-boat *Elizabeth Moore Garden* reached the vessel, and rescued her crew of three men who had taken refuge in the fore rigging, as the sea was breaking over her. In returning to the shore the Life-boat encountered very heavy seas which on three occasions filled her up to the thwarts; a worse danger had also to be contended against by the boat fouling one of the rocket lines which became entangled with the rudder, this, however, was overcome by the assistant-coxswain who, with great promptitude and nerve, leaned over the stern and cut the line; while doing this one of the heavy seas buried the boat, but he managed to hold on safely.—Expense of service, 6l. 16s.

Dec. 21.—The Dunmore East Life-boat *Henry Dodd* was launched at 10 p.m., and rescued five men from a boat belonging to the barque *Etta*, of Belfast, which had parted her chains and stranded in Credan Bay, during a strong gale from the S.S.W. and a heavy sea. The remainder of the crew and the master's wife were landed by the rocket apparatus, but the master, who refused to leave the ship, unfortunately lost his life.

Dec. 27.—At about 3 p.m., the weather having suddenly changed to a strong gale from the S.S.E., and the sea breaking heavily on the bar, the fishing fleet which had gone out in the morning from Arbroath were obliged to return. All the boats arrived with the exception of two,

and as the last boat which came in had experienced great difficulty in crossing the bar, the tide being low, it was deemed advisable to launch the *William Souter* Life-boat. The boat accordingly put off at 3.20, and remained afloat until the fishing boats which were about half a mile outside the bar had safely crossed it.—Expense of service, 9l.

Dec. 29.—The s.s. yacht *Scalpa*, came into collision with the pier in the North bay, Scarborough, during a moderate gale from the N.E. and a heavy sea. Two of the crew scrambled on the pier and two others were left on board the vessel, which drove into the surf and eventually stranded on the North beach. The Life-boat *Queensbury* put off at about 11.15 p.m., and with much difficulty succeeded in taking off the men and brought them safely ashore.—Expense of service, 20l.

Dec. 29.—The *Wallace* Life-boat, stationed at Dunbar, was launched at midnight, and rescued the crew of four men and a pilot from the schooner *Heroine*, of Exeter, bound from Dunbar for London with a cargo of potatoes. In leaving the harbour the vessel lost the wind on passing the North Pier Head, and encountering the strong southerly tide, was swept on the rocks to the south side of the entrance where she became a total wreck.

Dec. 30.—The Life-boat *Bradford* and steam-tug *Vulcan* left Ramsgate harbour at 7 p.m., during a fresh E.N.E. wind, the light vessels having fired signal guns. As a large flare was seen on the N.W. spit of the Goodwin Sands the Life-boat and steamer at once made for it, and on nearing the sands the vessel was seen to come afloat. The Life-boat was slipped from the tug, went alongside the vessel and sailed her across the Brake; the tug then took her in tow, and she was brought into the harbour at 9 p.m. She was the barge *Lord Hartington*, of London, laden with cement, and manned by a crew of four men.

Dec. 31.—Voted 196l. to pay the expenses of the Winterton No. 2, Kildonan, Mevaggissey, Palling No. 2, Bridlington, Fowey, Hayle, and Montrose No. 1, Life-boats, in assembling their crews or putting off to the aid of vessels which did not ultimately need assistance.

**SHORE-BOAT SERVICES REWARDED BY THE ROYAL NATIONAL
LIFE-BOAT INSTITUTION IN 1888.**

Jan. 5.—Voted 2*l.* 10*s.* to five men for rescuing, by means of lines from the shore, the crew of four men from the schooner *Anne Knox*, of Glasgow, which had dragged her anchors and stranded on the beach at Douglas, Isle of Man, during a gale from the S.S.E. on the 1st November.

Also 3*l.* to six men, for putting off in a seine boat and landing four of the crew of the brig *Albany*, of Greenock, which stranded on Branscombe Ebb, four miles E. of Sidmouth, Devonshire, during a strong breeze from the N.N.W. on the 9th December.

Jan. 5.—Nine men put off in two cobbles from Redcar, Yorkshire, and rescued the crew of four men of the schooner *William*, of Rye, which stranded on Salt-car Rocks during a strong gale from the S.S.W.—Reward, 9*l.*

Feb. 2.—Voted 1*l.* 17*s.* 6*d.* to the crew of the fishing-boat *Ranger*, of Obbe, Harris, for saving the crew of three men from another fishing-boat which had sunk at the north end of Ensay Island, Sound of Harris, during a strong S.W. gale on the 16th November.

Also 2*l.* 2*s.*, in addition to a reward he had received from another source, to JAMES WILLIAMSON, for saving, at great risk, two of the crew of a fishing-boat which had been capsized on the rocks at Whalsay Island, Shetland, during a fierce N. gale on the night of the 9th December. WILLIAMSON, who had been one of the occupants of the boat, succeeded, with another man, in getting on to the rocks, and with great promptitude, and at great risk, succeeded in moving the capsized boat, and got the two men, who were underneath the boat, safely ashore.

Feb. 4.—The crew of the fishing-boat *Howe* of Buchan, of Peterhead, rescued one of the crew of the schooner *Fantasy*, of Tain, who had fallen overboard from the rigging of the vessel, when about 2½ miles from Peterhead, during a moderate breeze from the S.S.W.—Reward, 1*l.* 10*s.*

Feb. 14.—Five men put off in a small boat and rescued three of the crew of the fishing-boat *Joseph*, of Dublin, which had been capsized while attempting to land at Bray, co. Wicklow, during a strong N.E. wind and a very heavy sea.—Reward 5*l.*

Feb. 25.—Six fishermen put off in a small boat and saved two of five men from the fishing-boat *Jane Smith*, of Arbroath, which had been capsized on the bar of Arbroath Harbour, during a strong breeze from the N.N.E. and a heavy sea.—Reward, 7*l.* 10*s.*

March 1.—Voted 2*l.* to four fishermen for saving the crew of four men of the fishing-coble *Promise*, of Newbiggin, which capsized 4 miles E. of Newbiggin Point, during a moderate gale from the N.E. on the 17th of December. The salvors, who were fishing at the time, on observing the accident, promptly cut their lines and proceeded to the rescue of the coble's crew, who were clinging to the bottom of their boat.

March 15.—Five men put off in a boat and rescued three men whose boat had been cap-

sized off Balbriggan, co. Dublin, during a strong E. breeze and a heavy sea.—Reward, 2*l.* 10*s.*

March 15.—Four men waded into the surf, with ropes round their waists, and rescued three of the crew of the barque *Albion*, of and from Brevig, Norway, for West Hartlepool, which was totally wrecked on Ross Links, off Holy Island, during a violent storm from the E.S.E.—Reward, 1*l.*

March 19.—Thirty fishermen saved, by means of a rope and life-buoy, the crew of eight men of the *St. Bede*, which stranded at Pakefield, Suffolk, during a strong gale from the E. and a very heavy sea.—Reward, 7*l.* 10*s.*

March 24.—Three men rescued the crew of two men from a small fishing-boat which had capsized in Wicklow Bay during a W. wind and moderate weather.—Reward, 1*l.* 2*s.* 6*d.*

March 27.—Nine men put off in a boat and rescued the crew, consisting of six men, of the fishing-yawl *Anne*, of Ballyconnell, which was waterlogged off Ballyconnell Point, co. Sligo, during a moderate S. gale and a rough sea.—Reward, 4*l.* 10*s.*

April 9.—The master and crew of the s.s. *Mersey* put off in their boat and saved a boat containing two men, which had been swamped off Greencastle Point, co. Down, in a rough sea.—Reward, 3*l.* 15*s.*

April 10.—Two men put off in a boat and rescued two men from a boat laden with seaweed, which had been capsized off Carlingford Bank, Ireland, during a strong W.S.W. breeze and squally weather.—Reward, 10*s.*

April 12.—Voted the Silver Medal of the Institution to Mr. WILLIAM WALLACE, assistant lightkeeper at Point of Ayre Lighthouse, Isle of Man; to his wife; to Miss ELLEN BLYTHE, daughter of the head keeper of the lighthouse, and to Mr. T. A. CHRISTIAN, temporary assistant keeper, for saving, by means of lines, at great risk, the crew of four men of the schooner *Burns and Bessie*, of Barrow, which had stranded under the Point of Ayre Lighthouse during a strong E. gale and a very heavy sea, on the 11th March.

April 30.—The master and four of the crew of the s.s. *Lintern* put off in their punt and rescued three of the crew of the fishing boat *Madcap*, of Duncannon, co. Wexford, which had sunk off that port during squally weather and a rough sea.—Reward, 1*l.* 17*s.* 6*d.*

Thirty shillings was also granted to the crew of a fishing yawl, for rescuing another of the boat's crew.

May 1.—Two men waded into the surf and brought ashore a rope thrown to them from the steam-trawler *Jane*, of Falmouth, which stranded in Port Eynon Bay, South Wales, during a moderate gale from the S.W. and a heavy ground sea. By means of the rope the vessel's crew of two men were enabled to reach the land.—Reward, 1*l.*

May 3.—Mr. E. J. GUMBRILL, Chief Officer H.M. Coastguard at Castletownsend, Ireland, and five coastguardmen put off in their boat and saved two men whose boat had been disabled

and dashed to pieces on the outlying rocks at Low Island, co. Cork, during a gale on the previous night. The men, on being washed out of their boat, scrambled on to the island, and were much exhausted when rescued.—Reward, 6*l*.

May 7.—The crew of a fishing-boat saved the life of one of two men from a coastguard boat which had been capsized in Lough Swilly during a moderate breeze from the W. and a moderate sea.—Reward, 3*l*.

Seven shillings was also granted to a boy who, by signalling from another fishing vessel, directed the salvors to the scene of the casualty.

May 13.—Ten men put off in a coble from Holy Island and rescued the crew of four men of the *Swift*, of Montrose, which stranded on the Megstone Rock during a strong W. breeze and a moderate sea.—Reward, 10*l*.

May 21.—Two men saved two men and a child from a boat which had been capsized on Strangford Lough during a moderate breeze from the S.—Reward, 1*l*.

June 2.—Two men rescued two other men whose boat had been capsized off St. Aldhelm's Head, Dorset, in a sudden squall.—Reward, 1*l*.

June 5.—Two men rescued one man from the fishing-boat *Lovie*, of Teignmouth, which capsized and sunk about seven miles off Rame Head, Plymouth, during a strong S.E. gale.—Reward, 2*l*.

Five pounds was also granted to the salvors to repair the damage done to the mainsail and gear of their boat in rendering this service.

June 14.—Voted the Silver Medal of the Institution, and a copy of the vote inscribed on vellum, to GEORGE EDWARD KELLY, in recognition of his gallant and skilful services in rescuing four men from the sailing-boat *Alice*, of Castletown, which capsized off that port during a strong E. breeze and a moderate sea on the 23rd April. The thanks of the Institution, inscribed on vellum, were also presented to WILLIAM HENRY CORLETT and HUGH GALLAGHER, who assisted to effect the rescue in question.

July 22.—Four men put off in a whale-boat and saved one man whose boat had capsized in Wexford Harbour during a strong S. by W. wind, squally weather, and a rough sea.—Reward, 1*l*.

Aug. 5.—Five pilots, of Burryport, Carmarthenshire, rescued three of four men whose boat was capsized near that place during a moderate gale from the N. by E. and a rough sea.—Reward, 5*l*.

Aug. 13.—Five men, of Mablethorpe, Lincolnshire, put off in a coble and saved four men whose boat was in danger, being nearly full of water, during a moderate gale from the W.N.W. and a rough sea.—Reward, 2*l*. 10*s*.

Aug. 25.—Two men rescued the crew of three men and a boy from the steam-tug *Best*, of North Shields, which was in a sinking state, her boiler having burst about two miles from Whitburn, during a strong breeze from the S.W. and a moderate sea.—Reward, 1*l*.

Aug. 28.—Three men saved two of three persons from a small sailing-boat which had been capsized and sunk off Falmouth during a strong S.W. wind, a rough sea, and squally weather.—Reward, 1*l*. 10*s*.

Sept. 24.—Two men rescued two men from the fishing-punt *Kyser*, of Lowestoft, who were in an exhausted condition during a strong gale from the E.N.E. and a heavy sea.—Reward, 1*l*.

Oct. 3.—Seven men put off in a boat and saved the crew of three men from the fishing-boat *Stephen*, of Porthleven, which had stranded on the Western Rocks at the entrance to Porthleven Harbour, Cornwall, during squally weather.—Reward, 7*l*.

Oct. 6.—Five men put off in a *vawl* and rescued one of three men from a boat belonging to the brig *Acorn*, of Guernsey, which had been cut down to the water's edge by collision with a French lugger off Gorleston, during a N.W. by W. wind and a ground-swell. One of the crew of the boat got on board the lugger when the collision occurred, but another man was unhappily drowned before help could reach him.—Reward, 2*l*. 10*s*.

Oct. 9.—A man rescued two men from a boat which had been submerged off Aberdaron, Carnarvonshire, during fine weather.—Reward, 10*s*.

Oct. 17.—Five men rescued the crew, consisting of five men, of the fishing-boat *St. Clair*, which had stranded near the Island of Papa Stour, Shetland, during a strong W. gale and a high sea.—Reward, 3*l*. 15*s*.

Nov. 5.—Three men brought ashore from Puffin Island, off the coast of Anglesey, three men who had lost their boat four days previously, and were in want of provisions. A moderate gale from the S.E. was blowing at the time, accompanied by a rough sea.—Reward, 1*l*. 10*s*.

Nov. 5.—Three men saved the crew of six men of the fishing-vessel *Mizpah*, of Great Yarmouth, which had stranded on the North Sand, at Yarmouth, during a moderate gale from the E.S.E. and a heavy sea.—Reward, 3*l*.

Nov. 9.—Six men put off in a boat and saved two men from the smack *St. Helena*, of Belfast, which had been driven ashore off Campbeltown, Scotland, during a gale from the S.E. and a very high sea.—Reward, 6*l*.

Ten shillings was also granted for an oar which was broken in rendering the service, and 1*l*. 8*s*. was awarded to eight men who launched the salvors' boat.

Nov. 10.—Five men put off in a coastguard boat from Yantlett Creek, Kent, and rescued four persons from a boat which had been capsized during a strong E. breeze.—Reward, 1*l*. 5*s*.

CHARLES DIBDIN,
Secretary.

ROYAL NATIONAL LIFE-BOAT INSTITUTION,
14, JOHN STREET, ADELPHI, LONDON, W.C.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, “L. C. Wyon.” Double legend, “Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness.”
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. “W. Wyon, Mint.” Inscription, “Let not the deep swallow me up.”

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution since its establishment in 1824, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution up to the present time is 1,112, 97 of which were in Gold, and 1,015 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.
2. Perfect flexibility, so as to readily conform to the shape of the wearer.
3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.
4. Strength, durability, and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 293 Life-boat Stations of the NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy. The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

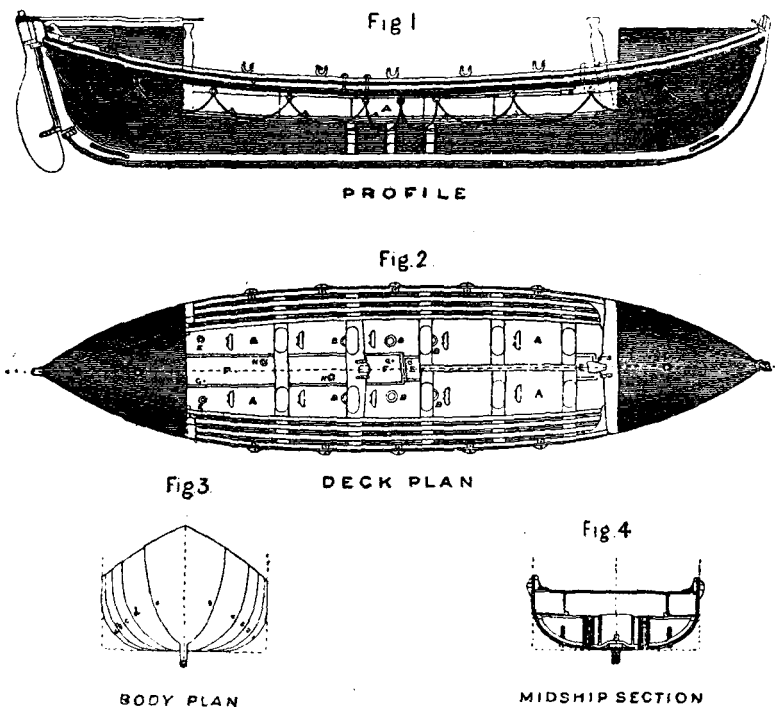

In Figure 2, the unshaded space, A, represents the uncovered part of the deck;

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT.

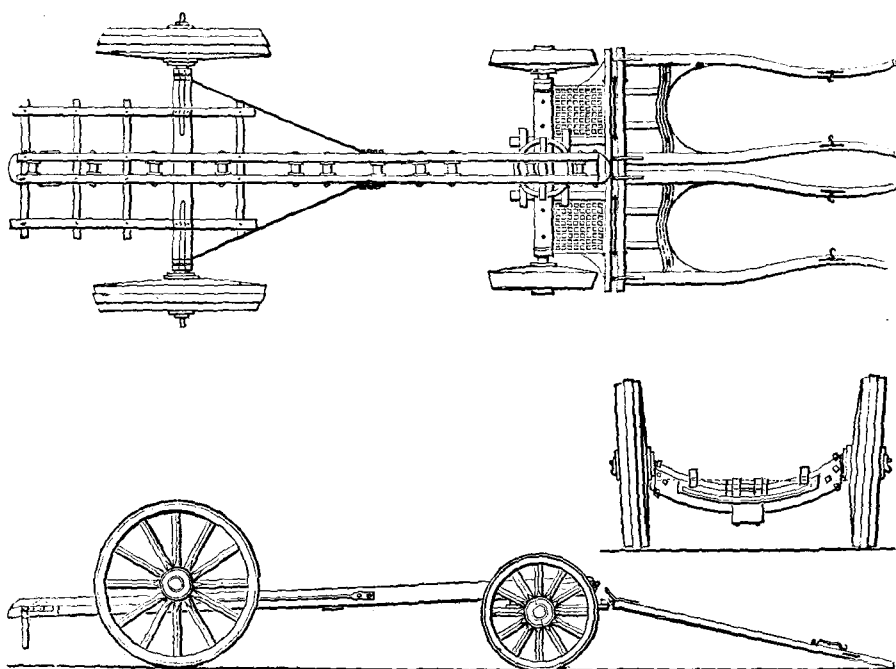

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

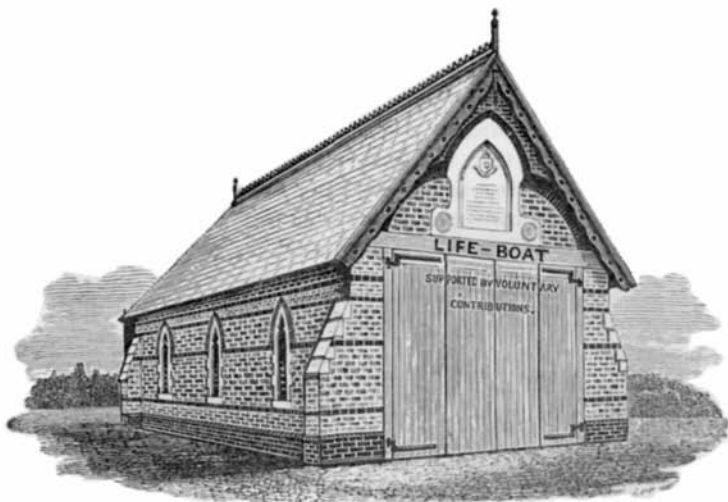

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, and as many boatmen as the boat pulls oars. The members of the volunteer crews are registered, and wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen, or Coastguardmen. On every occasion of going afloat to save life, the coxswain and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck at such a distance along the coast as not to be in sight of the Coastguard Station or other look-out.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The average cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	
Skids, and Transporting-carriage	£700
Boat-house	350
Total	£1,050

The average Annual Expense of maintaining a Life-boat Station is 70*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 293 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 34,043 lives.

Despite, however, this fleet of 293 Life-boats, and of 30 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that an average of 700 lives are lost annually on and around our own shores alone, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs a permanent income of about 50,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

FORM OF BEQUEST OF MONEY, STOCK OR OTHER PERSONAL ESTATE.

I give and bequeath to the **ROYAL NATIONAL LIFE-BOAT INSTITUTION** for the Preservation of Life from Shipwreck, founded in 1824, London, the sum of £ _____, for the use of the said Institution; and I do hereby direct that the same be paid out of my chattels personal.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 14 John Street, Adelphi, London, W.C.
