

THE LIFE-BOAT.

JOURNAL

OF THE

Royal National Life-Boat Institution.

(ISSUED QUARTERLY.)

VOL. XIV.—No. 156.]

MAY 1, 1890.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at Princes' Hall, Piccadilly, on Saturday, 15th day of March, 1890, His Grace THE DUKE OF FIFE, K.T., in the Chair, the following Report of the Committee was read by the Secretary:—

ANNUAL REPORT.

1890.

THE important work of the ROYAL NATIONAL LIFE-BOAT INSTITUTION has been actively carried on during the past year, and every effort has been made to place the Life-boat service in a yet higher state of efficiency, either by stationing new Boats on the coast, or by improving old ones for temporary use until such time as the Society shall be in a position to remove them and to substitute others of a superior type. Steps have also been taken at many of the stations to improve or add to the facilities for launching the boats—in some cases at considerable cost—with a view to assistance being rendered to distressed vessels with the least possible delay.

The Steam Life-boat referred to in the last Annual Report as about to be built for the Institution, will be ready for service as soon as the necessary series of severe tests have been thoroughly carried out. The Committee feel that it would be premature

to express any opinion as to the success or otherwise of the experiment, and at present they can only venture to hope that the great problem as to the efficiency of a Steam Life-boat may soon be solved.

Efforts have recently been made to produce an improved transporting carriage, and when the proposed alterations have been fully tested a large proportion of the stations will be supplied with it. It has also been decided to still further extend the use of the Tipping sand-plates, which will, it is believed, be the means of expediting the launch of many of the Life-boats from sandy and soft beaches.

Life-boats.—During the year 1889, twenty new Life-boats of various sizes were sent to the coast, all of which have given complete satisfaction to their crews, some of them having already rendered excellent service in saving life; and in the same period the boats at nineteen other stations were supplied with water ballast tanks and other improvements. Never perhaps in the history of the Institution has the confidence of the

crews in the suitability of the Life-boats for the work they are intended to perform been more full and entire than at the present time.

The following is a list of the stations to which new boats were sent last year:—

The position of one of the Appledore Stations has recently been changed, a new boathouse and slipway having been constructed at a point which it is thought will be more advantageous for the purposes of the service. It has been determined, at the earnest request of the fishermen and other inhabitants, to return to Pakefield the large Life-boat which was formerly there, but which for the past four years has been stationed at Lowestoft in addition to the other Life-boat already there. The boat will, however, be placed in a better position for launching than before, and a new boat is being built for Lowestoft. The small Life-boat at Southend was removed in October last, having been replaced by a superior boat of similar dimensions.

New or additional stations are, or will be shortly, in course of formation at:—

Holyhead	Anglesey.
Kingstown	Dublin.
Port of Neas	Island of Lewis.
Queenstown	Cork.
Pwllheli	Carnarvonshire.
St. Agnes	Scilly Isles.

The Committee have hitherto been enabled to meet the great expenditure entailed by the building of so many new boats, either by special gifts presented by kind friends for the purpose, or by means of bequests, and they earnestly hope that the funds will be provided for the building and equipping of many other new boats during the present year.

At the close of 1889 the Institution's fleet consisted of 293 Life-boats.

Shipwrecks.—Although the past year cannot be considered to have been by any means a stormy one, but rather the contrary, yet various parts of our coasts were visited by strong gales in February, October and November, in which months many important services were rendered by the Life-boats. Of the 1,149 times the Life-boats were launched in 1889, namely 239 times on service and 910 for exercise, in addition to 32 occasions on which crews assembled, their services not ultimately being required, happily only one resulted in the loss of life, the circumstances of which were as follows:—

On the 1st November, soon after 9 A.M., intelligence was received at the Portrush Life-boat station that a schooner was in danger in the Skerries Road. The crew were promptly summoned, and the boat, which had only just been placed on the station, was launched in a N.W. gale and a very heavy sea. No trace could, however, be found of the schooner, which as it was subsequently ascertained had succeeded in getting out to sea. An attempt was then made to return to Portrush, but this being found impossible, it was determined to make for Port Ballintrae. When nearly there, a difference of opinion arose between the coxswain and the majority of the crew as to whether it would not be better to run for Bush

Strand, which step was finally agreed upon. When close in, the sail was lowered, the mast taken down, and most of the oars got out, the port side pulling and the starboard backing so as to bring the boat stern to sea, when an exceptionally heavy sea struck her on the port quarter and capsized her about 10.30 A.M., all the crew being thrown out with the exception of one man. The boat immediately righted, but was again capsized, and again righting was driven towards the beach, some of the crew holding on to her, others reaching land separately. Unfortunately these capsize resulted in the loss of three of the crew, including the Chief Officer of the Coast Guard. The Committee promptly contributed 600*l.* to the local fund which was raised for the benefit of the widows and orphans of the drowned Life-boat men.

The following table furnishes the services rendered by the Life-boats during each month of the past year:—

1889.	Number of Life-boat Launches.	Lives Saved by Life-boats.	Vessels Saved by Life-boats.	Lives Saved by Shore-boats.

The best thanks of the Committee as well as of the Public are due to the coxswains and crews of the Life-boats for the admirable manner in which they have discharged their hazardous duties, their gallantry being only equalled by their smartness and promptness. To the officers and men of the Coastguard, and to the Volunteer Rocket Brigades also, the Committee desire to tender their cordial acknowledgments for their valuable co-operation.

Since the foundation of the Institution in 1824, it has granted rewards for the saving of 34,670 lives as follows:—

In view of this grand record of results, no other appeal is surely needed to secure ready and liberal support from a benevolent Public.

Rewards.—The rewards granted by the Committee during the year 1889 for the saving of life from shipwrecks or for praiseworthy efforts to do so, and in acknowledgment of good services rendered to the cause, comprised 3 Silver Medals, 3 Second Service Clasps, 10 Binocular Glasses, 1 Aneroid Barometer, 25 Votes of thanks inscribed on vellum and framed, 8 Certificates of Service framed, and 5,103*l.* 11*s.* including grants to the relatives of Life-boat men who perished in the discharge of their duty.

The Institution had on the 31st December last bestowed altogether in rewards, since its establishment in 1824, 97 Gold

Medals, 1,017 Silver Medals and Clasps, 171 Binocular Glasses, 15 Telescopes, 3 Aneroid Barometers, 1,252 Votes of Thanks inscribed on vellum and framed, 8 Certificates of Service framed, and 108,030*l.* in money grants.

Aneroids.—The demand for the Aneroid Barometers supplied by the Institution to fishermen and small coasters at a greatly reduced charge still continues, 79 of these valuable instruments having been sold during the past year to fishermen and 51 to coasters, bringing up the total furnished by the Committee since June 1882, when the system was introduced, to 2,844.

In February 1889, the Institution promoted a Bill in the House of Commons to amend the Removal of Wrecks Act, 1877, in the direction of providing for the removal of wrecks in non-navigable waters which might prove dangerous to Life-boats and their crews in the performance of their life-saving duties. This Bill, which was under the special charge of Sir EDWARD BIRKBECK, the Chairman of the Institution, having successfully passed through the various stages in the Lower House, went to the House of Lords, and finally became law on the 31st May last. The *Removal of Wrecks Act, 1877, Amendment Act, 1889*, was the first Bill carried through Parliament during the year, and the first to which Her Majesty the Queen, the Patron of the Institution, affixed her signature. The passing of this Act has given great satisfaction to the Life-boat crews, and it is believed that its provisions will prove most useful. Already some wrecks have been removed under the authority of the Act.

In April last the Committee, with the view of diminishing the terrible loss of life which takes place each year from fishing vessels on the coasts of the United Kingdom, voted a sum of money for the purpose of co-operating with the National Sea Fisheries Association, in carrying out

a series of exhaustive experiments with oil, such experiments in the first instance to be tried in the North Sea during the operation of "boarding" fish from the smacks to the carriers, this probably being the best means of testing the value of the experiments.

With a similar end in view, the Committee decided towards the close of the year to assist a scheme proposed by Mr. HOWEY TAYLOR, a gentleman residing in the North of England, for securing the buoyancy of fishing cobbles by means of air cases so fitted as not to impede the fishermen when following their calling, yet at the same time to render the cobbles unsinkable. In furtherance of this project, steps have been taken to fit six cobbles, at the cost of the Institution, and it is hoped that the results obtained will be of such a nature as to justify the Committee in still further assisting a scheme which there is every reason to hope will be of great utility in preventing the sad annual loss of life from this class of boat.

The question of electrical communication with the Coastguard and Life-boat Stations round our coasts is one in which the Institution is deeply interested, and the Committee earnestly trust that before long the Government—seeing that the matter is urgent and of national importance—may be prevailed upon to adopt the necessary measures to carry out such a very desirable system of communication.

Local Committees.—The Committee desire to tender to the Local Committees and their Honorary Secretaries and Treasurers their grateful thanks for their very important co-operation during the past year. Their help is at all times essential, and without it the efficiency of the service could not be maintained. The best thanks of the Committee are also returned to the Public Press for its continued powerful advocacy, the value of which cannot be overrated.

Finances.—The subscriptions, donations, dividends, etc., for the past year amounted to 42,700*l.* 1*s.* 8*d.*, including 8,249*l.* 11*s.* 2*d.* in special gifts to defray expenses connected with the following

The disbursements in 1889 amounted to 57,484*l.* 16*s.* 7*d.* Of this amount 20,235*l.* 9*s.* 9*d.* was expended in building

and improving Life-boats, on transporting Carriages, Life-boat houses, Slipways, and architects' charges; 20,761*l.* 4*s.* 5*d.* on Life-boat stores, Life-belts, Subsidies to outlying stations, Branch payments, Aneroids for Fishermen and Coasters, the Store-yard, the Inspectors' Department, Experiments, &c.; 11,011*l.* 7*s.* 10*d.* on Life-boat Coxswains, Signalmen, and Crews for going out on service, and for Life-boat drills, on special rewards and recognition of services, and on grants to the Relatives of Life-boat men lost on service, medals, &c.

The balance was expended in miscellaneous charges, including the printing and publishing of the *Life-Boat Journal*, the Annual Report and Appeals, in salaries, rent and repair of offices, rates, taxes, coals, housekeeper, advertisements, stationery, postage, &c. Every item of

receipt and expenditure has, as usual, been carefully examined, verified and passed by Mr. LOVELOCK of the firm of Messrs. LOVELOCK, WHIFFIN and DICKINSON, 19 Coleman Street, E.C., Chartered Accountants.

The Committee have hitherto received liberal support from the Public in their efforts to carry on and extend the great work of the Institution; and while appreciating the fact that the value of their labours has been generally and generously recognized, not only in the United Kingdom, but all over the world, they appeal with renewed confidence to their fellow-countrymen at large, to enable them not only to maintain in efficiency the great life-saving fleet which the anxiety and toil of many years have produced, but also to help them to perpetuate a work which is essentially a national one.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 34,670.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COUTTS and Co., 59 Strand; Messrs. HERRIES, FARGUHAN, and Co., 16 St. James's Street; Messrs. HOARE, 37 Fleet Street, London; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS,

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1889.

Jan. 9. — NEWBIGGIN - BY - THE - SEA, NORTHUMBERLAND. — *Robert and Susan* Life-boat. — A signal of distress was made by a vessel northward of Newbiggin point, whilst the wind was blowing a gale from the S.E., the sea was very rough, and the darkness was intense. The coxswain of the Life-boat at once fired the signal for the crew to assemble, and at four o'clock the boat was launched and proceeded to the scene of the wreck, when it was found that the s.s. *Lady Katherine*, of Sunderland, bound for that port from Uddevalla, Sweden, with pit props, had run ashore

on the Outcars Rock, half-a-mile N. of Newbiggin. Owing to the darkness it was a difficult matter to ascertain the position of the steamer, but eventually the Life-boat men succeeded in rescuing the crew of sixteen men and two passengers, and landed them at 7 A.M. — Expense of service, 20l.

Jan. 9. — PETERHEAD. — Temporary Life-boat. — A mounted messenger having brought information to the Life-boat Station that a vessel was ashore at Scotstown Head, about five or six miles N. of Peterhead, the Life-boat temporarily placed here while the boat belonging to the

station was being altered and improved was launched at about 9.20 A.M., and proceeded under canvas to the stranded vessel, which proved to be the brig *Staatsrath von Brock* of Rostock, bound from Dantzic for Peterhead, with a cargo of timber. On arriving alongside, the Life-boat was struck by a heavy sea, driven on the top of a sand-bank, and filled with water, and three of her crew were thrown into the surf, but were speedily rescued. On the boat freeing herself, which she did almost immediately, the crew of the vessel, consisting of nine men, were taken into the boat by means of a rope, and she then remained near the vessel for some time, so as to be at hand to assist should there be any chance of saving the ship. There did not, however, appear to be any probability of her floating, and the Life-boat therefore made for the shore, landing the rescued persons at Fraserburgh, at about 1 P.M., a strong head breeze and heavy sea preventing her from reaching her station until the following day.—Expense of service, 13*l.* 15*s.*

COMMITTEE MEETING, 10th Jan., 1889.

Voted 59*l.* 10*s.* to pay the expenses of the St. Ives, Penmon, North Deal, Newbiggin, Wexford No. 1 and Kingsdowne Life-boats in assembling their crews or putting off to the assistance of vessels not ultimately requiring their help.

Also certificates of service and pecuniary rewards to Mr. JARVIST ARNOLD, Mr. WILLIAM OBR and Mr. PHILIP JEFFERSON, in recognition of their good services during the long periods in which they respectively served as Coxswains of the Kingsdowne, Groomsport and Newbiggin Life-boats.

Jan. 11-12.—ALNMOUTH, NORTHUMBERLAND.—*Allen Scott* Life-boat.—The brig *Fortuna*, of Riga, stranded on Birling Carr Rocks, on the morning of the 8th January. On the following morning three of her crew left in the ship's boat, and reached the shore, five others were rescued by the rocket apparatus, but the master of the vessel refused to leave her, and afterwards either was unwilling or unable to avail himself of the proffered assistance, although two lines were fired right across the ship. On the 11th at about 7 P.M. the Life-boat was launched, and attempted

to reach the vessel, but owing to the heavy seas was unable to get near her and was compelled to return. On the following day the boat was taken along the coast opposite to where the vessel was lying, launched at about 5.30 P.M., and succeeded in rescuing the man. The mate of the vessel went out in the Life-boat so as to be able to speak to the captain in his own tongue and induce him to leave his perilous position, and come ashore in the boat.—Expense of services, 37*l.* 7*s.*

Jan. 12.—MONTROSE.—*Augusta* and *Roman Governor of Caer-Hûn* Life-boats.—During a moderate breeze from the E.S.E., the brig *Bazar*, of Oscarshamn, laden with pit props for the Tyne, was seen off Montrose, steering northwards, trying to clear the land, but evidently becoming embayed. She was watched for a short time, and it being seen that she could not clear Milton Ness, the Montrose No. 1 Life-boat *Augusta* was launched at 10.45 A.M., to proceed to her assistance. When the boat had gone about two-thirds of the way to her, the brig was observed to wear, presumably with the intention of proceeding southward again, but she was soon afterwards seen to be running ashore. The Life-boat was then turned to the northward inside the breach of the sea as the safest and quickest way of reaching the vessel. The crew had an exceedingly heavy pull for about two miles, the boat having frequently to be brought head to sea to meet the heavy breakers she encountered. The waves continuously broke over her, and one heavy one nearly washed the coxswain overboard. When it was noticed by those on shore that the brig had altered her course, and was standing for the land, it was thought that the *Augusta* Life-boat would experience difficulty in reaching her in time, and the No. 2 Life-boat, *Roman Governor of Caer-Hûn*, which had been taken along the beach, and was abreast of the vessel, was therefore launched, succeeded in getting alongside the vessel, and took off her crew consisting of six men, safely landing them about 12 noon.—Expense of services, 23*l.* 16*s.*

Jan. 15.—PETERHEAD.—Temporary Life-boat.—Intelligence having been received that a vessel had stranded at Kirkton Head, the Life-boat was launched at 9.20 A.M., sailed to her and reached her about 9.45. A gale of wind was blowing from the S.S.W., and there was a heavy

sea on. An attempt was first made by a steam-tug to tow off the vessel, which was the schooner *Arnold*, of Copenhagen, bound from Iceland for Santander, with a cargo of dried fish; but these efforts failed, and the crew, five in number, were then taken off by the Life-boat, which afterwards returned to her station in tow of the steam-tug. The Life-boat again went out, soon after landing, in reply to signals, but her services were not needed.—Expense of services, 14*l.* 2*s.*

Jan. 16.—HOLYHEAD.—*Thomas Fielden* Life-boat.—A rocket, apparently fired about seven miles N.W. of Holyhead, having been seen by the coastguard, the crew of the Life-boat were called, and the boat was launched at 4.10 A.M. being taken in tow by the steam-tug *Merry Andrew*. After steaming in a N.W. direction for about an hour without seeing any vessel in distress, rockets were observed further to the N.W., and ultimately the s.s. *Lee*, of Cork, was discovered in a sinking condition. She had broken her propeller, which penetrated her timbers, causing her afterhold to fill with water. Thirteen passengers, who were in two of the steamer's boats, were taken into the Life-boat, and the boats were cut adrift in a sinking state, having been exposed to a heavy sea, with a strong S.S.W. wind. The steam-tug took the vessel in tow to Holyhead, the Life-boat remaining astern ready to take off the crew should it become necessary to do so.

Jan. 27.—RAMSGATE.—*Bradford* Life-boat.—At 12.45 A.M., during a fresh N. breeze, the Life-boat, in tow of the steam-tug *Vulcan*, left the harbour in response to signal guns which had been fired by the light-vessels. On nearing the North Sand Head, a vessel burning flares was sighted stranded there. When within a moderate distance the Life-boat was slipped from the tug, and sailed to the vessel, which proved to be the schooner *Jannett and Jane*, of Carnarvon, bound from Rochester for Belfast, with a cargo of cement, and carrying a crew of three men. Endeavours were made to save the vessel, and when the tide flowed the steam-tug backed in towards her, taking the sand in doing so, and remaining aground about half-an-hour. A tow-rope was passed to the schooner, and when the water rose, the steamer commenced the attempt to tow her off. After towing

about an hour the rope broke, but it was again attached, and at 7 A.M. she was got afloat, and was taken to Ramsgate harbour, arriving there at 8.30.

Jan. 27.—NEWBURGH, ABERDEENSHIRE.—*Alexander Charles and William Aird* Life-boat.—Signals of distress having been seen from a vessel stranded on the North Sands during a moderate S.W. wind and a choppy sea, the crew of the Life-boat were summoned, and promptly responded; willing hands soon had the boat launched into the river, and at midnight she was on her way to the sands. On reaching them, the steam trawler *Gannet*, of Granton, was found stranded on the North bank of the river Ythan. With some difficulty her crew, consisting of eight men, were taken into the Life-boat, and safely landed at 2 A.M.—Expense of service, 12*l.* 10*s.*

Jan. 29.—PENZANCE.—*Dora* Life-boat.—The trawler *Blue Bell*, of Plymouth, returning to Penzance from the fishing grounds, went ashore on the Eastern Green about half-a-mile from Penzance, her cable having parted during a S.W. wind, squally weather, and a rough sea. The Life-boat was launched at 4.15 A.M., proceeded to the vessel, and brought ashore her crew, consisting of four hands.—Expense of service, 20*l.* 7*s.*

Jan. 29.—LLANAEI-HAIARN, NORTH WALES.—Temporary Life-boat.—The coxswain of the Life-boat observed a schooner which proved to be the *Renown*, of Swansea, coal laden from Cardiff for Amlwch, in distress, apparently making for Llanael-haiarn, and knowing the dangerous nature of the bay leading to the port, he feared she would strike against the rocks running across part of the bay on which the water is very shallow at low tide and which are some distance from the shore. The Life-boat temporarily placed here while the station's boat was being altered and improved was therefore launched, and proceeded to the help of the vessel, which fortunately passed safely through the danger, and the coxswain then gave information to the master as to the best direction in which to take her. The Life-boat returned to the shore at about 11.30 A.M. Half an hour afterwards another vessel, the schooner *Ceres* of and for Carnarvon, from Cardiff, with a cargo of coal, being seen in a dangerous position, the Life-boat again put off, and

guided her into safety. This vessel had lost her main boom, sails, &c., and the *Renown* also bore traces of having been exposed to a great storm.—Expense of services, 16*l.* 10*s.*

Feb. 2.—THURSO.—*Charley Lloyd* Life-boat.—Flare lights were burnt by the schooner *Bonnie Lass*, of Wick bound for Castle Hill, in ballast, which was riding in Scrabster Roadstead, during a violent gale from the N.W., and a terrible sea. The Life-boat was launched at 7.30 A.M., was let down towards the vessel by means of lines, rescued the crew consisting of four men, and safely landed them at 9 o'clock.—Expense of service, 7*l.* 10*s.*

Feb. 3.—BRIDLINGTON.—*William John and Frances* Life-boat.—A signal of distress was observed from the lugger *Gari-baldi* of Gravelines, which was riding in the roadstead about a mile and a half south of the harbour. The Life-boat was launched at 7.30 P.M., proceeded under sail to the vessel, and found that she had been in collision, and partly disabled, and as a heavy sea was running, and the wind was blowing a gale from the N.E., the crew of five men were taken into the Life-boat and brought ashore.—Expense of service, 20*l.* 19*s.*

Feb. 3.—GRIMSBY.—*Manchester Unity* Life-boat.—Signals of distress having been shown by the barque *Mitford*, of and for Newcastle, from Goole in ballast, during a strong N.E. gale and a heavy sea, the Life-boat was launched at 10.30 P.M., but the vessel stranded about a mile and a half above Grimsby, before the boat reached her. The boat grounded near the barque, remained there during the night, and brought the master and his son ashore on the following morning, the remainder of the crew staying on board the vessel.—Expense of service, 15*l.*

Feb. 4.—BROADSTAIRS.—*Christopher Waud, Bradford*, Life-boat.—Signals having been shown by the barque *Jane Kilgour*, of Dundee, during a strong gale from the N.E., snow squalls and a very heavy sea, the Life-boat was launched at 1.30 P.M., and proceeded to the assistance of the vessel, which was found to have parted both her anchors. The Life-boat men boarded her and took her safely into Ramsgate harbour. She was bound from Alloa, Scotland, for Barbadoes, with a cargo of coal, and had a crew of eight men.

Feb. 8.—FLAMBOROUGH.—*Mary Frederick* Life-boat.—The wind rose suddenly at about 9 A.M., and continued to increase in force until, at about 10.30, it was blowing a fierce gale from the N.W., and there was a heavy sea. As some of the fishing cibles were in considerable danger the Flamborough No. 1 Life-boat put off to their assistance, taking two extra men on board, who were transferred to two of the boats requiring help. The Life-boat kept in company with the cibles, remaining in their rear until they were considered out of danger. It being impossible for the boat to return to her station then, on account of the wind and tide, her anchor was let down, and she rode until the wind somewhat abated, when the anchor was taken up and the boat made for the south station.—Expense of service, 9*l.* 16*s.* 6*d.*

Feb. 8.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—At 4 P.M. a signal of distress was hoisted by the cutter *Patrick*, of Peel, coal laden from Whitehaven for Killough, which was riding heavily with three anchors down, and dragging them about a mile and a half east of the Victoria Pier. The Life-boat was promptly launched, proceeded to the assistance of the vessel, and safely landed her crew, consisting of four men.—Expense of service, 11*l.* 5*s.*

Feb. 8.—CASTLETOWN, ISLE OF MAN.—*Hope* Life-boat.—Signals of distress being shown by a schooner passing Castletown Bay to the eastward, making rapidly towards Langness Point, and apparently in a helpless condition during a gale of wind from the N.W. with snow squalls, the Life-boat was taken to Derbyhaven, about two miles from the Life-boat house, launched at 4.30 P.M., and proceeded to her assistance. On reaching her she was found to be the *Madryn*, of Carnarvon, bound from Greenock for Douglas, with a cargo of coal and carrying a crew of three men. As she had sprung a leak and was sinking fast, four of the Life-boat men were put on board her, the Life-boat remaining by her, and she was taken safely into Derbyhaven harbour.—Expense of service, 15*l.* 6*s.*

Feb. 8.—MONTROSE.—*Augusta* Life-boat.—A very heavy storm of wind and snow was experienced here, and the sea broke heavily amongst the rocks. The schooner *Mary*, of Montrose, coal laden

from Methill for Balta Sound, brought up at anchor north of the harbour and shortly after 7 o'clock in the evening she was being towed in, but when close to the entrance, the tow-rope broke in consequence of the violence of the sea, and the vessel drifted close to the rocks of Scurdy Ness, and anchored four or five fathoms from the Stone rock. The tug proceeded up the river to obtain the services of a Life-boat. At 7.30 the signal was fired, the crew mustered promptly, and in ten minutes the Montrose No. 1 Life-boat was launched, and taken in tow by the tug. On nearing the Leads Buoy the Life-boat left the steamer, pulled to the endangered schooner and succeeded in rescuing her crew of five men, one at a time, as the heavy seas permitted, the Life-boat being then not much more than her own length distant from the line of rocks. When all were taken on board the boat pulled back against wind and sea to the tug, and was towed back to Montrose, arriving there at 8.30. Within an hour after the men had been landed the vessel had disappeared.—Expense of service, 18*l.* 5*s.*

Feb. 8.—RAMSGATE.—*Bradford* Life-boat.—Guns having been fired by the Gull light-vessel, the Life-boat and steam-tug *Vulcan*, proceeded at 11.30 p.m. in a high sea, with a strong W.N.W. wind, to the N.W. spit of the Goodwin Sands, on nearing which the Life-boat was slipped from the tug, and went alongside the stranded vessel, which was found to be the schooner *Ethel*, of Faversham, bound from Newhaven in ballast. The sea was making a clean breach over her, and as she had four feet of water in her the crew of six men were taken into the Life-boat. While this was being done the assistant coxswain of the boat was knocked overboard but was fortunately rescued. Sail was then made for the tug, and the Life-boat was towed back to her station, reaching the harbour at 3.30 a.m.

Feb. 9.—HOLYHEAD.—*Thomas Fielden* Life-boat.—The coastguard on duty having observed a schooner part her cable, and drift towards the heavy breakers in the S.E. part of the bay during a N. by W. wind, a very rough sea, and heavy storms of snow and hail, the crew of the Life-boat were summoned, and at 2.30 a.m. the boat was launched, got alongside the vessel, and rescued her crew, consisting of four men,

landing them at 4 a.m. The vessel was the schooner *Enterprise*, of Dublin. The Life-boat also proceeded to the help of another vessel, but her services were not required.—Expenses of services, 46*l.* 15*s.*

Feb. 9.—CARDIGAN.—*Lizzie and Charles Leigh Clare* Life-boat.—At 5.30 a.m., the Life-boat was launched during a fresh gale from the N.N.E. to N., squally weather and a heavy sea, and rescued the crew, consisting of four men from the schooner *Harvest Home*, of Preston, bound from Fowey for Runcorn, with a cargo of china clay, which had stranded near Black Rocks, Penrhyn Castle.—Expense of service, 20*l.* 10*s.*

Feb. 10.—NEW ROMNEY, KENT.—*Sandal Magna* Life-boat.—At 9 p.m. the Life-boat was launched in a very heavy sea and a strong S.S.E. wind, and rescued the crew, consisting of ten men, from the brigantine *Carl Rosinius*, of and from Hangesund for Cardiff in ballast, which had gone ashore during a snow-storm close to Littlestone Coastguard station.—Expense of service, 20*l.* 10*s.*

Feb. 11.—MONTROSE.—*Augusta* Life-boat.—The Ferryden fleet of fishing boats, about fifty in number, left Montrose in the morning for the fishing grounds, the wind blowing then a moderate breeze from the N. About 11 o'clock the wind increased, and a heavy sea was soon breaking across the bar. The assistant coxswains of the Life-boats, who had been out fishing, returned ashore and represented the danger some of the boats would be in, and it was therefore decided to launch the No. 1 Life-boat as the sea was becoming heavier. The boat put off at 2.10 p.m., and remained afloat until 5.45, by which time all the boats which intended to return to Montrose had got safely in. Several of the smaller boats ran south and took shelter at Usan, Arbroath, and other places.—Expense of service, 8*l.* 14*s.* 6*d.*

Feb. 13.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—A flag was observed on a schooner at anchor about two miles off the harbour during a moderate breeze from the W.S.W. The trawl boat *Nerbudda* was seen to speak her and the flag was hauled down. On the arrival of the *Nerbudda* she reported that the vessel was the *Brilliant*, of Peel, coal laden, with her upper sails blown away, her top-gallant mast broken, leaking badly and

requiring assistance to pump and bring her into the harbour. The Life-boat at once went to her, put some men on board, and brought the vessel and her crew of four men safely into port.—Expense of service, 4*l.* 19*s.*

COMMITTEE MEETING, 14th Feb., 1889.

Voted 411*l.* 19*s.* 9*d.* to pay the expenses of the Eyemouth, Southwold No. 1, Gorleston No. 1, Cabore, Winterton No. 2, Caister Nos. 1 and 2, Cemlyn, Ramsey, North Deal, Plymouth, Porthdinllaen, Newquay (Cardiganshire), Clacton-on-Sea, Mablethorpe, Donna Nook, Whitelink Bay, Scarborough, Thorpeness, Aldborough and Grimsby Life-boats in assembling their crews or putting off to the assistance of vessels which did not ultimately need their services.

Feb. 15.—NEWBIGGIN.—*Robert and Susan* Life-boat.—In the morning nine fishing boats proceeded to the fishing ground about eight or nine miles from the land. Shortly after having shot their lines they were overtaken by a heavy gale from the N., and a very rough sea, and when about three miles from the shore on their way home they were seen to be in great peril. The Life-boat was therefore launched at 11 o'clock, went to their assistance, and remained afloat until the Boats had safely landed, returning to her station at 2 P.M.—Expense of service, 9*l.* 1*s.* 6*d.*

Feb. 21.—KILMOBE, CO. WEXFORD.—*John Robert* Life-boat.—The Life-boat was launched at 8 A.M., proceeded to the assistance of the Norwegian barque *Ellizer* bound from Belize for Fleetwood, with a cargo of logwood, which had stranded on Ballyteigue Burrow, and remained by the vessel until her services were no longer required. The barque was eventually got afloat with the help of a steam-tug from Wexford.—Expense of service, 9*l.* 18*s.*

Feb. 21.—RAMSGATE.—*Bradford* Life-boat.—The Life-boat and steam-tug *Vulcan*, were called out by guns from the Gull Light-vessel, and a flare on the Goodwin Sands at 8 P.M. during a fresh breeze from the N. On nearing the sands the Life-boat left the tug and sailed alongside the vessel, which was the fishing lugger *Verbena*, of Lowestoft, made fast to her, and advised the master to stow the sails. A heavy

sea was breaking on board her, and, as the tide flowed, she drove over the sand, her crew of eight men and their effects being taken into the Life-boat. On the vessel driving into deeper water it was found that she leaked so badly and was settling down so quickly that she was abandoned, there being no possible chance of saving her. The Life-boat then sailed to the tug, and was towed back to the harbour, arriving at 4 o'clock on the following morning.

Feb. 26.—BOULMER, NORTHUMBERLAND.—*Robin Hood of Nottingham* Life-boat.—The fishing cobles went out line fishing at about 6 A.M., there being then a light N.E. wind. At 10 o'clock the wind shifted to the E. and commenced to blow strongly, accompanied by a very high sea. The greater number of the boats returned safely to port, but three had not succeeded in getting in, and as it was evident that in doing so they would encounter difficulty and danger, the Life-boat was launched at about 12.30, the women of the village helping the men to get her afloat, she met the three boats outside the harbour and brought them safely in. The sea was very heavy on the bar and in crossing it one of the boats had a narrow escape from being capsized.—Expense of service, 6*l.* 10*s.*

March 7.—SWANAGE.—*Charlotte Mary* Life-boat.—At about 5 A.M. the Life-boat was launched during a gale from the S.S.E. and a heavy sea, in response to signals of distress from the schooner *William Maskill*, of Goole, bound from Jersey for Southampton with gas tar and gravel, which had stranded on Old Harry Ledge, Handfast Point. Her crew of four men were taken into the Life-boat and safely landed at Studland, the boat returning to her station at 3 P.M. She was frequently filled by the heavy seas on her passage to the vessel, but rapidly freed herself of water.—Expense of service, 14*l.* 18*s.*

March 9.—WINTERTON, NORFOLK.—*Husband* Life-boat.—The Life-boat was launched at 7 A.M. during a whole gale of wind and a very heavy sea, signals having been fired by the Cross Sand Light-vessel. The boat proceeded in a S.S.E. direction, and fell in with the s.s. *Birling*, of London, bound from Amble for Rochester, with a cargo of coal; she had broken her propeller, and had a signal of distress hoisted. One of the Life-boat men was put on board

the vessel; the services of steam-tugs from Yarmouth were procured, and the steamer was taken into Yarmouth Harbour.

COMMITTEE MEETING, 14th March, 1889.

Voted 18*l.* 5*s.* 6*d.* to pay the expenses of the Saltburn, Whitby, Buckie, Ilfracombe, Dunwich, Broadstairs, Bembridge, Hayling Island, North Deal and Gorleston No. 1 Life-boats in assembling their crews or putting off to vessels which did not ultimately require the services of the boats.

Voted the Second Service Clasp of the Institution to Mr. EDWARD JONES, coxswain of the Holyhead Life-boat, and the Silver Medal, with a copy of the vote inscribed on vellum, to Mr. ROBERT JONES, assistant-coxswain of the boat, in recognition of their gallant services in the Life-boat, extending over many years, especially on the occasion of the boat proceeding to the assistance of the barque *Glen Grant*, on the 9th February.

Also 5*l.* to JAS. PALTRIDGE, coxswain of the Hastings Life-boat, who was injured while on service in the boat.

Also 5*l.* to CHAS. GRAY, coxswain of the Mablethorpe Life-boat, who was injured at the exercise of the Life-boat on the 8th February.

Also 3*l.* 12*s.* to JAS. CLEAR, injured at the exercise of the Carnsore Life-boat.

Also 2*l.* to one of the crew of the Rye Life-boat in consideration of an injury received while assisting to lower the Life-boat into the water.

Also 1*l.* to a man who was injured at the exercise of the Skegness Life-boat on the 4th ult.

Also 2*l.* 2*s.* to the coxswain of the Thorpeness Life-boat, whose hand was hurt on the occasion of the launch of the Life-boat on service on the 10th February.

March 20.—BERWICK-ON-TWEED.—*John and Janet* Life-boat.—During a strong gale from the E.N.E. and a heavy sea, the schooner *Dekar*, of Hull, was observed coming from the North close to the rocks, and as she was evidently unable to clear the land, the Life-boat was launched at 11 A.M., and proceeded to the bar to be in readiness to render assistance if required. The vessel attempted to enter the river, but there was not sufficient water, and she

struck heavily several times, and then drove ashore at Spittal Point among the breakers. The Life-boat at once went to her and rescued her crew, consisting of four men.—Expense of service, 9*l.* 8*s.*

March 21.—SCARBOROUGH.—*Queensbury* Life-boat.—The fishing smack *Contrast*, of Scarborough, while making for the harbour, during a strong gale of wind from the N.N.E., was struck by very heavy seas, which washed her fishing gear adrift, and this becoming entangled with the rudder she was driven ashore opposite the Grand Hotel. On this being observed by the Coastguard, the signal was fired for the Life-boat crew, and at 5 A.M. the Life-boat was launched, and safely landed the smack's crew consisting of five men.—Expense of service, 20*l.*

March 21.—ST. IVES, CORNWALL.—*Exeter* Life-boat.—The ketch *Wave*, of Gloucester, bound from Padstow for Sydney, in ballast, being seen running for the harbour during a strong N.N.E. gale and a very heavy sea, it was considered advisable to launch the Life-boat in case the vessel should be in need of assistance, the tide being unfavourable for her entering the harbour. The ketch caught the ground on crossing the ridge, but forged over it into deeper water when she was boarded by the Life-boat men, and entered the harbour, again taking the ground, but receiving no apparent damage.—Expense of service, 9*l.* 8*s.*

April 5.—WINTERTON.—*Edward Birkbeck* Life-boat.—The fishing lugger *Bee*, of Winterton, with three men on board, went out in the morning, but was unable to return ashore in the afternoon as the wind had backed to the S.E. and a heavy sea had set in. She was watched from the shore for some time, and at about 4.30 her crew hoisted a signal for help. The Winterton No. 1 Life-boat at once put off to her assistance, and brought the crew safely to land at 6 o'clock.—Expense of service, 10*l.*

COMMITTEE MEETING, 11th April, 1889.

Voted the Second Service Clasp of the Institution, a certificate of service and 20*l.* to Mr. PAUL CURNOW, who had resigned the post of coxswain of the St. Ives Life-boat, which he had held for twenty years, having previously been

second coxswain for six and a half years. In that time the boat had saved fifty-two lives from different wrecks.

Voted 193*l.* 16*s.* 6*d.* to pay the expenses of the Rye, Winchelsea, Caister No. 1, Palling Nos. 1 and 2, Montrose No. 1, Dover, Buckie, Dunbar, Winterton No. 1, North Berwick, Harwich, Clacton-on-Sea and Walton-on-the-Naze Life-boats in assembling their crews or putting off to the assistance of vessels which did not eventually require their aid.

Also 4*l.* 17*s.* 6*d.* to DONALD GRANT, who was injured at the exercise of the Dornoch Life-boat on the 28th February.

Also 25*l.* in aid of a fund for the relief of the widow and children of FREDERICK BATCHELOR, who died suddenly while hurrying to the Walton-on-the-Naze Life-boat to go out on service.

April 14.—CAISTER, NORFOLK.—*Godsend* Life-boat.—The s.s. *Coleridge*, of Exeter, bound from Middlesbrough for Bilbao in ballast, was observed passing through the Cackle Gat with a flag flying at her maintop mast. A strong breeze was blowing from the N.E., the sea was heavy, and as the signal could not be clearly made out, the weather being thick, it was considered advisable to send out the No. 2 Life-boat to find out whether any assistance was needed. It was discovered that the pilot had been unable to land in consequence of stress of weather, and he was therefore taken into the Life-boat and brought ashore.—Expense of service, 10*l.* 10*s.*

May 6.—SEAHAM, CO. DURHAM.—*Skynner* Life-boat.—At 6.30 A.M. the s.s. *Terlings*, of London, bound from Rochester for Seaham, in ballast, in approaching the harbour during a fog went too far to the southward, struck the rocks and filled. A pilot boat and steam-tugs went to her assistance, but were prevented by the rough sea and strong swell from getting sufficiently near to the vessel to rescue her crew. The Life-boat was therefore launched and took off the crew, consisting of fifteen men, landing them safely at 7.30.—Expense of service, 7*l.* 14*s.*

COMMITTEE MEETING, 9th May, 1889.

Voted the Second Service Clasp of the Institution, a certificate of service and 20*l.*

to Mr. EDWIN TREVASKIS, who had resigned the post of coxswain of the Hayle Life-boat, which he had held for twenty-four years. During that period the Life-boats on this station have saved fifty-one lives from different wrecks.

Also 177*l.* 13*s.* to pay the expenses of the Ramsey, Walton-on-the-Naze, Harwich, Aldborough, Broadstairs, Montrose No. 1, Palling No. 2, Clacton-on-Sea, and Balcary Life-boats in putting off to the assistance of vessels which did not ultimately need their services.

May 10.—BOULMER.—*Robin Hood* of Nottingham Life-boat.—Five cobsles being in great danger, the sea having risen very suddenly, the Life-boat was launched and was afloat three hours. All the boats were got safely into the harbour. As on previous occasions the women of the village helped to launch the Life-boat in the absence at sea of many of the men.—Expense of service, 8*l.*

May 10.—MONTROSE.—*Augusta* Life-boat.—The fishing boats being overtaken by a heavy sea, which sprang up very suddenly and which was felt all along the east coast of Scotland, made with all speed for the harbour. One of them, the yawl *Wanderer*, in crossing the bar, was struck by a heavy sea, which knocked the helmsman from his post, and caused the boat to roll so heavily that she shipped water at both sides; however, she fortunately got in safely. The *Nautilus*, also, rolled over until her sails touched the water, and had a narrow escape. As she passed the Life-boat house her skipper hailed for the Life-boat to be launched as there were other boats in danger. Accordingly, the *Augusta* was at once taken afloat, pulled down to the Bar, and convoyed the boats in. It is believed they would not have attempted the passage had not the Life-boat been there. Just as she was turning to accompany them, she was struck on her port bow by a heavy sea, hove on her beam ends and half filled with water. However, she righted and freed herself of water immediately, and the crew were much pleased with the way in which she recovered herself.—Expense of service, 9*l.* 10*s.* 6*d.*

May 10.—GOURDON, KINCARDINESHIRE.—Temporary Life-boat.—The Life-boat temporarily placed here while the boat be-

longing to the station was being altered and improved, rendered good service to the fishing boats which were in great danger, a heavy S.E. chopping sea having very suddenly sprung up, and breaking right across the harbour, preventing any of the boats from getting in. It was found necessary in one instance to take the crew of two men from one small boat into the Life-boat, they having anchored just outside the broken water. She then followed the rest of the fleet to Johnshaven, a distance of three miles, and stood by them while entering the harbour there. The fishermen attributed their safety to the presence of the Life-boat.—Expense of service, 8*l.* 7*s.* 6*d.*

May 13.—MONTROSE.—*Augusta* Life-boat.—The Life-boat was called out to the aid of the herring boat *British Sovereign*, which had driven on the Annat Bank. When the boat reached her she was taking the sea heavily on the star-board quarter and would soon have got broadside on when she would have filled with water and sunk. The Life-boat took out her anchor in a south-easterly direction which kept her stern on to the sea, and eventually a steam-tug arrived, and the Life-boat passing a line to her, the fishing-boat was towed off and taken into harbour. But for the immediate assistance of the Life-boat, the six fishermen would undoubtedly have been drowned, as no ordinary boat could have approached them with safety.—Expense of service, 8*l.*

COMMITTEE MEETING, 6th June, 1889.

Voted 71*l.* 16*s.* to pay the expenses of the Walton-on-the-Naze, Ackergill, Winterton No. 2, Kingsdowne and Walmer Life-boats in putting off to the assistance of vessels not ultimately requiring their aid.

Also 5*l.* to the widow of WILLIAM WILKINS who for twenty-three years had been the driver of the horses used for the Hasborough Life-boat, on every occasion when the boat was taken out on service or for exercise.

July 10.—WHITBURN, Co. DURHAM.—*William and Charles* Life-boat.—While the schooner *Dorothy Watson*, of North Shields, was being towed by the steam-tug *Express*, of Sunderland, in company with

another vessel in a S.E. wind and a strong ground swell and surf, the weather being foggy, and rain falling, she was caught by the breakers, and, before any alarm could be given by the master of the vessel, she was driven on to the rocks at the east end of Whitburn Stile and seriously damaged. The Life-boat proceeded to her assistance and rescued the crew, consisting of four men, and the master's daughter. The vessel, which was 99 tons register, was on a voyage from Cork to Newcastle, carrying a cargo of timber.—Expense of service, 8*l.* 13*s.* 6*d.*

COMMITTEE MEETING, 11th July, 1889.

Voted 100*l.* 11*s.* to pay the expenses of the Cromer, Winterton No. 2, Wexford No. 1 and Palling No. 2 Life-boats in putting off to the assistance of vessels which did not eventually need their help.

COMMITTEE MEETING, 1st August, 1889.

Voted 58*l.* 4*s.* 6*d.* to pay the expenses of the Broadstairs, Walton-on-the-Naze and Harwich Life-boats, in proceeding out in reply to signals, their services however not being eventually needed.

Aug. 3.—CAISTER.—*Godsend* Life-boat.—At about 10.45 A.M. two vessels came into collision in the Cockle Gat during a strong S.W. breeze and a moderate sea. They both hoisted signals of distress, in response to which the Caister No. 2 Life-boat was launched and sailed to the vessels which remained locked together until the boat was half-way to them. The first one reached was the three-masted schooner *Culzean Castle*, of and for Cork, from the Tyne with a cargo of coal. She was much damaged, but was in no immediate danger, merely requiring a steam-tug to take her into the harbour. The Life-boat then went to the other vessel, the brigantine *Aratus*, of and for Teignmouth, also coal laden from the Tyne, which was found to be much injured and leaking badly. A steam-tug coming up towed her into Yarmouth harbour, the Life-boat accompanying her.

Aug. 10.—CEMLYN, ANGLESEY.—The

schooner *Maggie*, of Ardrossan, bound from Connah's Quay for Swansea with a cargo of bricks, stranded on the Platters Rocks, near the Skerries, during squally weather. The crew, five in number, who had taken to their boat, were met by the Cemlyn Life-boat which had put off to their assistance and returned to the vessel, and with the help of the Life-boat men she was got afloat and taken to Holyhead.—Expense of service, 21*l.* 6*s.* 3*d.*

Aug. 16.—RAMSEY, ISLE OF MAN.—*Two Sisters* Life-boat.—Considerable anxiety was felt here as to the safety of two pleasure boats with five visitors on board which had set out for Peel. At 9.45 P.M. the wind blew a gale from the S.S.W., the sea was rough, rain was falling heavily, and the night was very dark, and as no tidings could be heard of the boats, it was decided to send out the Life-boat to try to find them and render help if required. One of the boats was found at anchor about three quarters of a mile E. of the harbour but not requiring assistance. The other was discovered about two miles N.E. of the harbour; she had lost her jibboom and was almost unmanageable; two of the Life-boat men therefore boarded her, a temporary sail was rigged, and the boat was taken safely into the harbour.—Expense of service, 17*l.* 10*s.*

Aug. 20.—PENMON, ANGLESEY.—*Temporary* Life-boat.—A schooner having been seen to run aground on the Dutchman's Bank during a N.W. wind and rough weather the crew of the Life-boat were summoned, and the Life-boat, placed here temporarily while the station's boat was being altered and improved, was launched. The schooner proved to be the *Thomas*, of Liverpool, bound for Stranraer with a cargo of salt. The Life-boatmen rendered assistance to the vessel, which leaked badly when she floated and two of the Life-boat crew were put on board to accompany her to Beaumaris.—Expense of service, 7*l.* 14*s.* 6*d.*

Aug. 28.—HOLY ISLAND.—*Grace Darling* Life-boat.—The s.s. *Viscountess*, of and from Aberdeen, bound for Hull with a general cargo, having stranded about a mile and a quarter from Holy Island Castle in a gale of wind from the W., the No. 1 Life-boat put off to her assistance at 9.30 A.M., and at the master's request remained alongside until the vessel floated and continued her voyage. The Life-boat

returned to her station at 2.30 P.M.—Expense of service, 6*l.*

Sept. 6.—BULL BAY, ANGLESEY.—*Curling* Life-boat.—It having been reported that a ship was ashore abreast of the Middle Mouse islet, the Life-boat was launched at 9 A.M., proceeded to the vessel, which was found to be the barque *President Harbitz*, of Sandfjord, Norway, and remained by her until about 8 P.M., when all attempts made by a steam-tug having failed to get the vessel afloat, the crew were put on board the tug, the Life-boat taking to them their clothing, which had been removed from the barque and placed on the rocks. The boat regained her station at 9.30 P.M.—Expense of service, 11*l.* 11*s.*

COMMITTEE MEETING, 12th Sept., 1889.

Voted 126*l.* 15*s.* 6*d.* to pay the expenses of the Cemaes, Newquay (Cardiganshire), Llanddwyn, Porthdinllaen, Rhoscolyn, Southport No. 2, Fleetwood No. 1, Sennen Cove, Lowestoft No. 2, Ramsey and Bull Bay Life-boats in assembling their crews or putting off to the assistance of vessels which did not eventually require their services.

Also a certificate of service and 25*l.* to Mr. JAMES ARMSTRONG on his retirement from the office of coxswain of the Hauxley Life-boat. He had held that post twenty-nine years, during which period the boat saved 141 lives.

Sept. 24.—CLOGHEY, Co. DOWN.—*Temporary* Life-boat.—It having been reported that a steamer was ashore near the North Rock during a strong breeze from the E.N.E., hazy weather, and a rough sea, the Life-boat temporarily placed on this station, whilst its own Life-boat was being improved, was launched at 3.15 A.M., and found the stranded vessel was the s.s. *Lady Ailsa*, of London, bound from Glasgow for Leghorn, coal laden. The Life-boat men rendered assistance in taking one of the vessel's boats in tow so as to lay out an anchor, and remained by the steamer until she floated and got into deep water.—Expense of service, 17*l.* 18*s.* 6*d.*

Sept. 24.—FISHGUARD.—*Elizabeth Mary* Life-boat.—The No. 1 Life-boat was launched at about 9 P.M. during a moderate gale from the N.N.E., signals of

distress having been shown by the smack *Lark*, of Portmadoc, laden with slates for Cardiff. When the boat arrived, the master stated that his vessel was leaking, and as the tide would not permit her entering the harbour, the Life-boat remained by her for about an hour. With the help of a pilot the vessel was enabled to get into the harbour on the following day.—Expense of service, 20*l.* 5*s.*

Sept. 28.—SCARBOROUGH.—*Queensbury* Life-boat.—While the fishing dandy *Linet*, of Lowestoft, was riding in the bay a strong gale from the N.N.W. sprung up accompanied by a heavy sea, causing the vessel to drift slowly towards the shore. At midnight a flare-light was shown from her, she being then in broken water, the sea making a complete breach over her. The Life-boat proceeded to her assistance, reached her just as she struck the rocky beach, and rescued six men who were on board. The vessel immediately commenced to break up, and soon became a total wreck.—Expense of service, 20*l.*

Sept. 30.—COURTOWN.—*Three Sisters* Life-boat.—It having been reported that a barque was flying signals of distress, the Life-boat put off at 8 A.M. in a strong N.E. breeze and a moderate sea. On reaching the vessel, which was found to be the *Axel*, of Drammen, Norway, coal-laden from Liverpool for Brazil, it was ascertained that the signal she was showing was not one of distress, but an indication that she wanted to land the pilot. The man was therefore taken into the Life-boat and brought on shore.—Expense of service, 11*l.* 7*s.*

Oct. 7.—HOLYHEAD.—*Thomas Fielden* Life-boat.—At 4.5 A.M. the Life-boat was launched, a signal of distress having been displayed outside the breakwater, but when she reached the spot she could not find the vessel on account of the terrific storm and thick weather. The crew then gallantly determined to remain out until daylight, when they found the ship to leeward, in Church Bay, but as she was in tow of a steam-tug, the services of the Life-boat were not required. On her way back the barquentine *Glynwood*, of Rhyll, was seen to part her anchor. Fortunately a steam-tug was at hand, and her hawser having been put on board, some of the Life-boat men assisted to moor the vessel alongside the quay in the Old Harbour.—Expense of service, 34*l.*

Oct. 7.—LOWESTOFT.—*Two Sisters, Mary and Hannah*, Life-boat.—At 6.20 A.M. the coxswain of the Life-boat was informed that a ship was ashore on the middle part of the Holm Sand. The crew of the Lowestoft No. 2 Life-boat were at once called together, and in ten minutes from the time of the alarm being given, the Boat was leaving the harbour, in tow of the steam-tug *Dispatch*. When half way through the Stanford Gat the tow-rope was let go, the Life-boat crossed the sands and ran down to the stranded vessel. On approaching her, three tremendous seas struck the Boat, completely submerging her, and washing overboard one of the crew; but happily another sea washed him into the Boat again. The vessel was ultimately reached, and her crew, consisting of six men, who had taken refuge in the main rigging, were got into the Boat, which then re-crossed the sands, was taken in tow by the steamer, and reached the harbour at 7.40 A.M. The wrecked vessel was the three-masted schooner *Lymington*, of Harwich, bound from Sunderland for Southampton with a cargo of coal.—Expense of service, 16*l.* 7*s.*

Oct. 7.—LYTHAM.—*Charles Biggs* Life-boat.—While a heavy gale was blowing, the steam-tender *Florence*, of Preston, was seen to part one of her chains and collide with another steamer, damaging both vessels. The sea being very high, it was feared the tender would founder, and that the engineer who was on board would be drowned. Two attempts were made by shore boats to reach the vessel, but these proving futile, the Life-boat was manned and launched, and saved the man, who was at that time in imminent peril. The direction of the wind soon afterwards changed, causing the sea to moderate, otherwise there can be little doubt that the vessel would have gone down. Five fishing-boats and several open boats sunk at their moorings during the gale.—Expense of service, 8*l.* 10*s.*

Oct. 7.—LLANDUDNO.—*Sunlight No. 1* Life-boat.—This Life-boat, manned by its efficient crew, rendered its first service in saving life during a heavy gale which prevailed along the coast. Early in the morning two fishing trawlers from Hoylake, the *Perseverance*, Edward Smith, master, and the *Ellen and Ann*, Joseph Beck, master, anchored in Llandudno Bay

about three miles from the shore. At about 9.30 it was observed that the *Perseverance* had hoisted a distress signal. The Life-boat, fully manned, was quickly launched in front of the South Parade, the boat being in charge of Mr. RICHARD JONES, coxswain. The launch was well managed, and as the boat put off in the tremendous sea which was running, hundreds of persons who had gathered on the parade gave a hearty cheer. In order to procure a better headway, and get a little shelter from the gale, the boat was steered out near the pier. The public also made for the pierhead, where a good view of the proceedings was obtainable. The Life-boat was soon near the *Perseverance*, but it was some time before the men were got off; eventually four men were landed from the vessel at the pierhead. The Life-boat then put out again to the *Ellen and Ann*, which had also hoisted a signal of distress, and landed four more hands on the beach, amid the cheers of the spectators. The behaviour of the new Life-boat exceeded all expectations, and the crew are greatly pleased with the way in which she passed through this very severe test, as she had to encounter a very heavy breaking sea.—Expense of service, 24l. 6s.

Oct. 7.—EXMOUTH.—*Joseph Somes* Life-boat.—A telegram from Dawlish was received at midday, stating that the services of the Life-boat were urgently needed by a vessel lying off that place. A gale of wind was blowing from the W.N.W., and there was a very rough sea. The Life-boat was promptly launched, and found the fishing-cutter *Topsy*, of Torquay, anchored in the bay, about a mile and a half from Langstone Head. Some of the Life-boat men boarded her, helped to get her anchor up, and she was then taken in tow by the Boat over the bar and into Exmouth Harbour. She carried a crew of three men. The master of the vessel stated that he had left Torquay at about 2 P.M. on the 6th October. The gale commenced at 2 o'clock on the following morning; at 5 o'clock the nets were taken in, at daylight the boat got under way. She was filled three times by the heavy seas, and her crew had to be continually pumping her.—Expense of service, 9l.

Oct. 7.—PEEL, ISLE OF MAN.—*John Monk* Life-boat.—A terrific gale from the

N.W. blew during Sunday night, October 6, at Peel, and on the west coast of the Isle of Man, accompanied by heavy torrents of rain. At Peel the full fury of the gale was felt with exceptional force. The waves dashed over and enveloped the breakwater, and swept the Shore Road and Marine Promenade from end to end, and Peel Castle was continually hidden by the spray. On Monday morning, about 10 o'clock, a large full-rigged ship was sighted about 10 miles from Peel, with a steamer close at hand. As she came closer in, she was seen to be flying signals of distress having nothing standing but the mizen-mast and stump of mizen-topmast. The jibboom and bowsprit had also gone. The Rocket Brigade were mustered, and they at once proceeded with their cart and apparatus round to the West Quay, where they held themselves in readiness for action. The Life-boat was quickly launched, and was under sail in a few minutes to render assistance, the sea at the time running very high, and the gale still raging. When the Boat rounded the breakwater, she encountered the full force of the terrific N.W. gale that was blowing, and many people on shore felt that it was almost an impossibility for the Life-boat to get up to the vessel in the teeth of such a wind. But the gallant coxswain handled the Boat splendidly, and finally, after a prolonged battle with the elements, lasting over two hours, he got sufficiently near to the distressed barque to hail those on board. The vessel in distress proved to be the *St. George*, a Norwegian ship, laden with coal, pipes, and rails, bound from Greenock to Monte Video, with a crew of twenty-one men and the captain's wife and child, a baby nine months old. Great difficulty was experienced in effecting communication between the Life-boat and the vessel, on account of her driving so hard before the wind, in addition to which the ship's broken spars were floating round her. A life-buoy, which was sent to the vessel, got entangled in the wreckage, and the hawser parted, one of the crew of the Life-boat getting his hand badly hurt by the rope. After repeated gallant attempts, the Life-boat crew were at last successful in establishing communication, and the first to be rescued was the captain's wife. She cried out for her baby, and another of the crew

was hauled into the Life-boat, carrying the child in a canvas bag tied between his shoulders. After that the remainder of the crew were taken on board the Life-boat, which then returned to the shore. Upon arriving at the breakwater, which was crowded with an excited and enthusiastic crowd, cheer after cheer was sent up when it was found that the gallant crew of the Life-boat had succeeded in saving twenty-three lives, and that not one was lost. Amidst the firing of cannon and cheering of the people who had assembled at every point where the slightest view could be obtained, those who had been rescued were landed, but not before their vessel had become a total wreck. To add to the thrilling character of the scene, a beautiful rainbow appeared in the western sky, just as the hapless mariners had reached a place of safety, after their perilous experiences in the open sea. The Life-boat was brought alongside the quay, and many willing persons assisted to help the two crews to land, the captain's wife and child being handed out first. The master of the *St. George* said, on the following day:—"The Peel Life-boat is a first-class boat. She never shipped a sea, and the men handled her splendidly. There was not a soul of us on board our vessel this time yesterday that expected to be saved. We never thought we should see today."—Expense of service, 17l. 4s.

Oct. 7.—GORLESTON.—*Mark Lane* Life-boat.—In spite of the very stormy condition of the weather, the wind blowing a strong gale from the S.W., and the sea being very heavy, a man went out in a small boat from the shore, with the intention of boarding a vessel lying in the roads. Subsequently he was observed, in the middle of the roadstead, drifting helplessly towards the Scroby Sands, having lost both his oars. The Gorleston No. 1 Life-boat which was lying afloat, having been previously called out on service during the morning, at once proceeded out and rescued the man, who was then about a hundred yards only from the broken water. A Lowestoft trawler had made three attempts to reach him, but had been unsuccessful.—Expense of service, 16l. 7s.

Oct. 7.—ABERYSTWYTH.—*Elizabeth Lloyd* Life-boat.—During the severe storm which worked wide devastation over a

great portion of the United Kingdom, a vessel was seen to be labouring heavily and showing signals of distress, some two or three miles from the Merionethshire coast, and about seven or eight miles from Aberystwyth. She was rapidly drifting towards a very dangerous reef of rocks called the "Patches." The coxswain of the Life-boat, Mr. THOMAS WILLIAMS, at once summoned the Life-boat crew by signal, and there was no delay in getting the boat to the edge of, perhaps, as wild a sea as a small boat was ever launched in. It was low-water, and for a long time it was impossible to move the carriage through the sand. There were plenty of willing hands, including many students of the University College of Wales, but, notwithstanding the fact that scores of the men went into the water until the waves broke over their heads, a considerable time elapsed before the boat was slipped from the carriage and was fairly afloat. When this part of the work had been accomplished, the crew began a struggle against wind and waves which was only equalled some eight or nine years ago, when one of the crew died from exposure. The men pulled at the oars in a tremendous sea, and slowly forged ahead, in the teeth of the wind, towards the south. The object was to get sufficient way to avoid being blown upon the rocks. When the men had been rowing for an hour, they had scarcely moved from the spot they were enabled to reach by the fixed rope. Great white seas broke over the boat, drenching the men to the skin, and carrying her back towards the shore. Again and again the struggle was renewed, and again and again the boat was carried back on the crests of the waves towards the shore. Sometimes the boat would be thrown on end almost into a perpendicular position, and then fall into the trough of the sea, and disappear. After a struggle of two hours against the angry sea and the fierce wind, during which time six oars were broken, and there were many narrow escapes from upsetting, the boat was carried by three or four huge rollers towards the pier, and into comparatively smooth water. A rope was thrown from the end of the pier to the boat. More oars were then taken on board, and five additional men went into the boat. Four of them were lowered down the rope, but one, Mr. ALFRED WORTHINGTON, jumped

into the seething waters from the steps of the promenade pier, and swam to the boat. He remained out until midnight in his wet clothes, but, as far as that went, all the crew were wet through before the boat had been launched an hour. Sea after sea broke over the boat, which, it was admitted all round, behaved splendidly. As soon as the extra men had settled to their work, another attempt to get southward was made. The wind still blew, and the waves still broke with unabated force, but the Life-boat was impelled forward, and although she was often lost to sight in the trough of the sea, or buried in spray, she made headway steadily, until a point had been reached when the coxswain thought it was safe to hoist the sails. This was done, and in a few minutes the boat went beautifully and rapidly before the storm in the direction of the vessel. After making three tacks the ship was reached; she proved to be the *Arklow*, of Windsor, N.S., and although terribly battered, she was still holding on to her anchors. Two of the Life-boat men boarded her to assist in taking her to St. Tudwall's Roads, and the boat remained alongside some time, at the request of the master, to be in readiness to save the crew should the cables part; eventually she returned to shore, which was reached a little before midnight. A Liverpool steam-tug was afterwards sent into the Bay, and when the weather moderated the vessel and crew were taken to a place of safety. The undaunted spirit displayed by the Life-boat men won the admiration of the thousands of spectators. While alongside the wreck an immense wave went completely over the Life-boat, and washed three of her crew overboard, and it was some time before they were picked up.

[For this excellent service, in addition to the 2*l.* 5*s.* allowed to each of the Life-boatmen by the ROYAL NATIONAL LIFE-BOAT INSTITUTION, the owners of the vessel, wishing to show their approval of the crew's services, forwarded the sum of £30 to the local Honorary Secretary, with a request that he would divide it amongst the men as some recognition on their part of their gallant conduct.]—Expense of service, 48*l.* 17*s.* 1*d.*

Oct. 7.—RHOSCOLYN, ANGLESEY.—Temporary Life-boat.—The Norwegian barque

Dronning Sophie was seen to be in distress in Carnarvon Bay, and fast drifting to leeward, while the wind was blowing a whole gale from the N.W., and a very heavy sea was running. She let go both anchors when about a mile and a half to the southward of Rhoscolyn, but rode very heavily, the seas breaking right over her, and soon she exhibited a signal of distress. The coxswain of the Life-boat, who had been watching her, quickly launched his boat, and went to the aid of the crew through a tremendous sea. On arriving near the ship, the Life-boat anchored and veered down to her, and eventually was successful, with great difficulty, in saving the whole of the crew, eleven in number, who were clinging to the rigging, and in imminent danger of being washed away. From the shore a large number of spectators watched the struggle with intense anxiety, and when the Life-boat landed the rescued men, her brave crew were greeted by ringing cheers. Mr. J. WILLIAMS, the Chief Officer of Coastguard at Holyhead, and Honorary Secretary of that Branch of the Institution, was present with the life-saving apparatus, expecting every moment to see the vessel part from her cables. He spoke very highly of the gallantry of the coxswain and crew of the Life-boat, and the able manner in which the boat was managed.—Expense of service, 18*l.* 11*s.*

Oct. 7.—ABERSOCH.—*Mabel Louisa* Life-boat.—During a gale the barque *Inveresk*, of and for Liverpool from Nova Scotia, was seen running under bare poles direct for the east end of St. Patrick's Causeway. The Life-boat proceeded to her assistance, and the vessel's fore and aft sails having been set, on the advice of the coxswain, she was guided by the Life-boat to a safe anchorage.—Expense of service, 21*l.* 12*s.* 6*d.*

Oct. 8.—NEWPORT (PEMBROKESHIRE).—*Clevedon* Life-boat.—In reply to signals of distress, the Life-boat was launched at 3 A.M., while the wind was blowing a strong gale from W. by N. to W.N.W., and found that the signal was shown by the brigantine *Reliance*, of and from Wexford, for Newport, Monmouthshire, in ballast, she having had her masts carried away by the gale two days previously. The mate of the vessel had been washed overboard and drowned. The re-

mainder of the crew, three in number, were taken into the Life-boat, which then made for her station; but this was found to be impossible, owing to the strength of the gale, and she was forced to go to Cardigan, where the rescued men were landed. The boat afterwards left Cardigan in tow of a steamer, but the weather was still so boisterous that she had to put back; however, on the following day she was enabled to return to Newport, arriving there at about 8 P.M.—Expense of service, 35*l.* 17*s.*

COMMITTEE MEETING, 10th Oct., 1889.

Voted a certificate of service and 10*l.* to Mr. JOHN BROWN, on his resignation of the post of Coxswain of the Newbiggin Life-boat which he had held for ten years. During that period the Boat had saved fifty-seven lives from different wrecks.

Voted 229*l.* 8*s.* 9*d.* to pay the expenses of the Stornoway, Totland Bay, Huna, Caister No. 2, Gorleston Nos. 1 and 2, Brancaster, Barmouth, Lowestoft No. 2, New Brighton No. 2, Holyhead, Kirkcudbright, Llandudno and Rhyl No. 2 Life-boats in assembling their crews or putting off to the assistance of vessels which did not eventually require their services.

Also 5*l.* to one of the crew of the Gorleston No. 1 Life-boat who was injured while on service in the boat on the 7th Oct.

Also 2*l.* to one of the crew of the Peel Life-boat who was injured while on service in the Boat on the 7th Oct.

Oct. 15.—SENNEN COVE, CORNWALL.—*Denzil and Maria Onslow* Life-boat.—The s.s. *Malta*, of Glasgow, 2,017 tons, with passengers and a general cargo from Liverpool for Italy, went ashore at Wheal Castle, about four miles from Sennen, during a dense fog. Intelligence of the casualty having reached Sennen Cove, the crew of the Life-boat stationed there were at once summoned, the Boat was launched at 8.45 P.M., and proceeded to the assistance of the vessel. On reaching her it was found that the passengers had been landed, and, at the master's request, the Life-boat remained by the ship. At 6 o'clock on the following morning an attempt was made to tow the vessel off; but the efforts failed, and she ultimately settled down and became a total wreck.

The master and six of the crew were taken off by the Life-boat, the remainder of the crew, thirty-three in number, reaching the shore in their own boats.

Oct. 18.—WEXFORD.—*Ethel Eveleen* Life-boat.—At about 6 o'clock in the morning, the Wexford No. 1 Life-boat was launched, intelligence having been received that a vessel was aground on the Dogger Bank. A strong gale was blowing from the S., and there was a heavy sea running at the time. The boat proceeded under sail to the stranded vessel, which was the schooner *Star of Hope* of and for Wexford from Liverpool, with a cargo of coal, and which was found to have stranded on the south side of Wexford Bar. Some difficulty was experienced in getting alongside, but eventually this was accomplished. The Life-boat men then rendered assistance in getting the vessel afloat, and, with the help of a steam-tug, she was taken safely into Wexford Harbour, with her crew of five men.

Oct. 19.—GROOMSPORT, Co. DOWN.—*George Pooley* Life-boat.—During a strong E. wind and a heavy swell, the barque *Brucklay Castle*, of Aberdeen, was observed to be in a very dangerous position in Crawfordsburn Bay. The Life-boat put off to her assistance at 9.15 A.M., and found that she had anchored during the night, and dragged her anchors until she struck on an outlying reef. The boat remained by her until 4 o'clock, when a Liverpool tug arrived and towed her afloat, the Life-boat men assisting to get her anchors up.—Expense of service, 13*l.* 11*s.*

Oct. 22.—DONNA NOOK.—*Richard* Life-boat.—The Swedish barque *Infatigable*, laden with deals and boards for Hull, was seen flying distress signals, having lost her fore and main masts during squally weather and in a rough sea. The signal gun having been fired, the crew of the Life-boat promptly responded to the call, and at 7.15 A.M. the boat was launched, and rescued the crew of eleven men from the vessel, which afterwards became a total wreck.—Expense of service, 28*l.* 10*s.*

Oct. 30.—ALDRBOROUGH.—*George Hounsfeld* Life-boat.—The steamer *Alcedo*, of and for Bilbao, laden with cement and coke from Newcastle, and having a crew of twenty-one men, stranded on the Shipwash Sand while a strong S.W. wind was

blowing, and broke her propeller. In response to signals the Life-boat was launched at 3 P.M., remained by the vessel for some time, and then took the master to Harwich to obtain a steamer. A tug having been procured, the Life-boat returned in tow of her to the vessel, two anchors were put out; the crew of a smack were engaged to assist in throwing overboard part of the cargo in order to lighten the ship, and at 3.30 on the following afternoon she floated, and was towed to Harwich.

Nov. 1.—SHOREHAM.—*Ramonet* Life-boat.—The French schooner *Charles Elisa*, of Paimpol, bound from Bordeaux for Shoreham with empty casks, was driven by the force of wind and sea into the bay, and was compelled to drop her anchor to prevent being stranded, as a gale of wind was blowing from the S.S.W., in the direction of the shore. The steam-tug *Stella* attempted to approach the vessel, but was unable to get near her, and therefore returned to the harbour. The crew of the Life-boat was then summoned, and at 5 A.M. the boat was launched, being taken in tow by the *Stella*, went alongside the schooner, which was about half a mile W. of the harbour's mouth, put the end of a line on board, and then pulled to the steam-tug, thus enabling a hawser to be conveyed, and the vessel to be towed into the harbour. The schooner, which carried a crew of six men, would, in the absence of this help, have probably become a total wreck.

Nov. 1.—TROON.—*Alexander Munnoch* Life-boat.—A terrific gale of wind from W. to N.W. suddenly sprung up in the morning, and while the storm was at its height the schooner *Roe Cliff*, of Skene, bound from Porsgrund, Norway, for Troon, with a cargo of deals and battens, in attempting to take the harbour in tow of a steam-tug failed, and the tow-rope breaking and the vessel's anchors not holding she drifted on to the North Beach. The Life-boat put off to her assistance at about 12 noon, in a tremendous sea, and after strenuous efforts on the part of her crew succeeded in rescuing the vessel's crew, consisting of six men.—Expense of service, 9*l.* 18*s.*

Nov. 1.—DUNGARVAN.—*William Dunville* Life-boat.—At 6.50 P.M. the Life-boat was launched in response to signals of distress which were shown from the s.s. *Glanmire*, of Cork, with a general cargo,

a crew of twenty-four men, and six passengers, which was in a sinking condition, three and a half miles S. of Helvick Head, her propeller having made a large hole under her port quarter. The passengers were taken into the Life-boat from the ship's boats, and, under the guidance of the Life-boat men, the vessel was beached on Whitehouse Bank, where she remained in safety until the tide ebbed, and the damage was then sufficiently repaired to enable the steamer to proceed into harbour.

Nov. 10.—WALTON-ON-THE-NAZE.—*Honourable Artillery Company* Life-boat.—Guns and rockets, indicating that a vessel was in distress, having been fired, the Life-boat was launched at 4.38 P.M., and proceeded under oars to the Sunk Light-vessel, where information was obtained that a vessel was ashore on the Long Sand. The boat accordingly proceeded in that direction, and at about 10 o'clock found the galliot *Edvard*, of and from Skonevig, bound for the south of France with cods' roes, stranded S. $\frac{1}{2}$ W. of the Long Sand. After two hours' work she was got off the sand, and was brought to anchor until 2 A.M., when she was got under weigh and taken to Harwich. Her crew consisted of two men.

COMMITTEE MEETING, 14th Nov., 1889.

Voted 600*l.* in aid of the Fund being raised locally for the relief of the widows and orphans of three of the crew of the Portrush Life-boat, who unhappily lost their lives by the capsizing of the boat while on service, in an exceedingly rough sea, on the 1st Nov. Pecuniary grants of 2*l.* 10*s.* and upwards were also made to the survivors of the crew, and the medical expenses incurred by those who were injured were ordered to be defrayed.

The thanks of the Institution inscribed on vellum and framed were awarded to Mr. W. A. TRAILL, C.E., Mr. ARCHIBALD AULD, chief boatman in charge of H.M. Coastguard at Port Ballintrae, and Mr. R. McMULLAN in recognition of their most valuable services to the Portrush Life-boat men, and Mr. T. HAUGHEY and Mr. THOMPSON were also thanked for the help which they rendered on the occasion.

Voted also 1*l.* each to twenty-one men who assisted in rescuing the survivors of the crew from the surf.

Also 27*l.* 10*s.* 6*d.* to pay the expenses of the New Brighton No. 2, Port Erin, Castletown, Lytham, St. Anne's No. 2, Portmadoc, Holyhead, Morthoe, Barmston, Gorleston No. 1, Caister No. 2, Ramsgate, North Deal, Whitburn, Plymouth, Aberdovey, Port Logan, Ayr, Bridlington, Mullion, Mablethorpe and Harwich Life-boats in assembling their crews or putting off to the assistance of vessels not ultimately needing their help.

Also a certificate of service and 10*l.* to Mr. WILLIAM SLATER on his resignation of the office of coxswain of the Banff Life-boat, which post he had occupied nine years.

Also 10*l.* to a man who was injured while assisting to haul up the Orme's Head Life-boat after it had rescued the crews of two distressed vessels on the 7th October.

Also 7*l.* to one of the crew of the Holyhead Life-boat who was injured while on service in the boat on the 8th October.

Also 5*l.* to one of the crew of the Fleetwood Life-boat who was injured at the exercise of the boat in May last.

Nov. 22.—NEWBURGH, ABERDEENSHIRE.—*Ellen Newman and John Bentley* Life-boat.—At daylight the brig *Olga*, of Rönne, timber laden for Sunderland, was seen ashore on a sandbank a little S. of the River Ythan. The wind had blown a gale from the S.E. during the night, and a heavy sea was running, which increased as the tide advanced. With all speed the Life-boat put off to her assistance, the strong tide and wind causing hard work for the crew. As the Life-boat got near, the vessel began to break up, and two men were carried away on a portion of the wreckage rapidly northwards, and the boat at once turned in pursuit and rescued them. Another long and hard pull was then required to bring the boat back, and again she had to turn for three men who had left in the ship's boat; these she also rescued just in time, for immediately afterwards the boat disappeared. Three men still clung to what remained of the vessel, which by that time had quite broken up, and the cargo of timbers and battens made it a very dangerous undertaking for the Life-boat to approach her. The Life-boat men were quite exhausted by their arduous and continuous labour, and were compelled to

return to the shore, where a fresh crew was obtained to man the boat, which again put off to the rescue. Another piece of wreckage came away with one man on it, who was picked up. One of the remaining two men was struck by a spar, and unhappily lost his life, but the other, the master of the vessel, was taken off and safely landed in the Life-boat.—Expense of service, 13*l.* 17*s.*

Nov. 25.—KINGSDOWNE.—*Charles Hargrave* Life-boat.—A large steamer having been reported ashore between St. Margaret's Bay and Hope Point while a strong gale was blowing from the W.S.W., accompanied by a heavy sea, and thick weather with rain, the Life-boat put off at 7.30 A.M., and on reaching the steamer found that she was the *Cordoba*, of and for Havre, in ballast from Dunkirk. The Life-boat remained by her until she was towed off by a London tug, and then returned to her station, arriving there at 11 o'clock.—Expense of service, 9*l.*

Nov. 25.—LOWESTOFT.—*Two Sisters Mary and Hannah* Life-boat.—Flares having been seen N.E. of the Newcome Sands, during a strong N.W. wind and a rough sea, the Life-boat went out at 10 P.M., and found the sloop *Richard and Francis*, of Goole, laden with tiles, from Hull for Lowestoft, in the midst of the breakers. She had lost some of her sails, and those which were left were split, but it being the top of the tide, and an extra high one, she managed to drift over the sand, the Life-boat remaining by her, and was towed into the harbour by the steam-tug *Dispatch*.—Expense of service, 24*l.* 7*s.*

Nov. 26.—THURSO.—*Charley Lloyd* Life-boat.—The Life-boat was launched at 10 o'clock at night during a heavy gale from the N., snow, and a high sea, to the assistance of the schooners *William Jones*, of Carnarvon, and *Sylph*, of Beaumaris, both laden with slates, from Wales and bound for Aberdeen, which had burnt flare lights as signals of distress, as they were riding heavily at their anchors in Scrabster Roads, and were in danger of coming into collision with each other. The Life-boat took off four men from the *William Jones*, and five men from the *Sylph*, and brought them safely ashore.—Expense of services, 14*l.*

Nov. 29.—LYDD, DUNGENESS.—*R.A.O.B.* Life-boat.—The crew of the Life-boat

were summoned during a moderate N. breeze and hazy weather, signals of distress having been reported. The men promptly assembled, and at 1 A.M., signals being then repeatedly made in the offing, the boat was launched, and found the schooner *Minnie Elkin*, of Carnarvon, bound from London for Ayr, with cement, and having a crew of six men on board, stranded two miles N. of Dungeness Lighthouse. The Life-boat men laid out an anchor, and rendered other services, and the vessel was hauled off the sand and made for Dover Harbour.

Nov. 30.—CAISTER, NORFOLK.—*Godsend* Life-boat.—The brigantine *Charles*, of and from Great Yarmouth, for Newcastle, with scrap iron, and having a crew of six men, was seen to strike the Barber Sand at about 8 P.M., during a moderate E.N.E. wind and a rough sea. She knocked over the Sand, but the Caister No. 2 Life-boat was taken down to the water in readiness for launching should that become necessary. The vessel headed to the S., evidently with the intention of trying to get out, but in doing so she took the inside of the Sand, let go her anchor, and at once made flares as a signal for help. The Life-boat was quickly launched, and reached the vessel at 8.45. With the help of the Life-boat men she was got afloat, and anchored with just sufficient room to swing clear of the breakers on the shore. When the tide turned a S. breeze sprung up, the anchor was weighed, sail set, and the Life-boat accompanied her clear of the Barber and Cockle Sands, and she was then enabled to resume her voyage.

Dec. 1.—TYRELLA, DUNDRUM BAY.—*Louisa Burnaby* Life-boat.—Signals of distress having been shown by a vessel which was close to the Long Rocks, during a moderate gale from the S., thick weather, and a rough sea, the Life-boat was launched at about 9.30 A.M., and found the signals had been displayed by the *Fly*, of Preston, bound from Dublin for Dundrum in ballast, which was embayed about a mile from the Tyrella Coast-guard Station. The Life-boat put a pilot on board the vessel, and she was taken safely to her destination.

Dec. 7.—CLOVELLY.—*Graham Hughes* Life-boat.—During a moderate gale from the N., squally weather, and a heavy sea, the ketch *Ark*, of Bridgwater, bound from Lydney for Bude with a cargo of

coal, showed a signal of distress while at anchor in the roadstead. The crew of the Life-boat were at once called together, and at 8.45 A.M. the boat was launched, and rescued the vessel's crew of three men from a perilous position, as the heavy seas were breaking over the vessel at the time the men were taken off.—Expense of service, 10l. 10s.

Dec. 7.—STAITHES, YORKSHIRE.—*Winefride Mary Hopps* Life-boat.—In the morning the weather, which had been wild during the night, calmed down, and at 9 o'clock the fishing cobles proceeded to sea. About 10 o'clock, however, the wind suddenly rose and veered to N.E., and in a short time there was a thorough storm on, accompanied by a heavy sea. The coxswain of the Life-boat, seeing that the landing of the boats would be attended by great danger, launched the Life-boat and convoyed twenty of the cobles safely ashore, the only casualty being the loss of some of the fishing lines. Three of the boats were filled by the heavy seas in coming in, and were in great danger.—Expense of service, 8l. 17s.

Dec. 7.—HAYLE, CORNWALL.—*New Oriental Bank* Life-boat.—Whilst running for the harbour, in the evening the ketch *Minerva*, of Bridgwater, bound from Hayle for Bristol with sand, and the steamer *Bride*, of Hayle, with coal and coke, struck on the western spit of the bar. A strong gale was blowing from the N.N.E., and there was a heavy sea running. The Life-boat proceeded to the rescue at about 4.50, and took off the crew of three men from the *Minerva*, and then went to the steamer, but found that she required no assistance. The *Minerva* had left Hayle in the morning, but had been driven back by the stormy weather. She became a total wreck.—Expense of service, 14l. 3s. 6d.

Dec. 9.—WORKINGTON.—*Dodo* Life-boat.—At 10 P.M. the Life-boat was launched, signals of distress having been shown by the s.s. *Lady Eglington*, of and from Cardiff for Workington, with a cargo of coke, which had stranded on the north shore, near the mouth of the river Derwent, in a strong S.W. breeze and a heavy sea. The vessel had just floated when the Life-boat arrived. One of the Life-boat men was put on board to pilot her, and, with the assistance of the boat, she was conducted safely into dock.

COMMITTEE MEETING, 12th Dec., 1889.

The Committee specially recognised the good services rendered by Mr. JAMES WHITE and Mr. HENRY CONANT, who had respectively resigned the post of Coxswain of the Fishguard and Sidmouth Life-boats, which they had held for many years.

Voted 20*l.* 19*s.* to pay the expenses of the Clacton-on-Sea, Mablethorpe, Donna Nook, Queenstown, Selsey, Orme's Head, Pakefield, Saltburn, Lowestoft No. 2, Porthoustock, Roker, Kildonan and Douglas No. 1 Life-boats in assembling their crews or putting off on occasions when their services were not eventually needed.

Also 6*l.* to one of the crew of the Orme's Head Life-boat who was injured while on service in the boat on the 25th November.

Dec. 12.—NORTH DEAL.—*Mary Somerville* Life-boat.—The coxswain of the Life-boat was called, at about 1.30 A.M. by the Coastguard, who informed him that guns and rockets were being fired by the Gull light-vessel. He at once summoned the crew, and the Life-boat being promptly launched, proceeded to the lightship, and was informed that a vessel was in need of assistance, bearing about E.N.E. The boat steered in that direction, and, after cruising about the sand for a short time, found the barque *Mandalay*, of Glasgow, bound from Middlesbrough for the River Plate with railway chairs and sleepers, and having a crew of sixteen men on board, stranded on the off part of the North Sand Head. The Life-boat men laid out a kedge anchor, and assisted in throwing cargo overboard, so as to lighten the barque, which was got afloat at about 3 o'clock on the following morning.

Dec. 13.—NEWBIGGIN, NORTHUMBERLAND.—*Robert and Susan* Life-boat.—At 12.30 A.M., signals of distress having been shown by the brig *Janet*, of Peterhead, which had stranded about three hundred yards N. of Bing Head, the Life-boat was launched, proceeded to her assistance, rescued her crew, consisting of eight men, and safely landed them at 2.30. The wind was blowing from the S. by E., the weather was foggy, and the sea rough.—Expense of service, 19*l.*

Dec. 17.—ST. ANNE'S, LANCASHIRE.—*Brothers* Life-boat.—Signals were shown

in the evening by the schooner *Velin-heli*, of Carnarvon, which had stranded on the Salthouse Bank while she was being towed to Preston, two days previously, during thick and foggy weather. The Life-boat was launched at 6.30 P.M., proceeded to the vessel, and remained by her until the tide ebbed, when all immediate danger was over.—Expense of service, 15*l.* 13*s.*

On the following evening, at 5.30, the Life-boat, at the request of the owner of the vessel, again put off and stayed by the schooner until 8.30. After the Life-boat had left, part of the cargo was thrown overboard and she floated a little before high-water the next morning, and was taken to Preston.

Dec. 18.—BURY PORT.—*David Barclay of Tottenham* Life-boat.—Signals having been seen during foggy weather, a strong S.W. wind, and a heavy sea, the Life-boat was launched at 3.30 A.M., and found that the lights in question were shown by the s.s. *Clutha*, of Middlesbrough, which was in need of a pilot. The coxswain gave the master his course to Caldy, and the Life-boat returned to her station at noon.—Expense of service, 27*l.* 15*s.* 6*d.*

Dec. 18.—DUNMORE EAST, CO. WATERFORD.—*Henry Dodd* Life-boat.—The Coastguards having sighted a small vessel in distress, about four miles S. of the Hook Lighthouse, during a strong gale from the N.W. and a heavy sea, the Life-boat was launched at 10 A.M., and proceeded to the vessel, which proved to be the ketch *Queen of Youghal*, of and from Youghal for New Ross with bricks. All her sails had been blown away, she was leaking badly, and one of her crew—which consisted of two men—had been disabled by a block falling from aloft, and the other man was much exhausted. The Life-boat took the two men ashore, leaving five of her own crew on board, and then returned to the vessel, taking off spars and sails, and at 8.30 P.M. brought her into Dunmore Harbour.

Dec. 22.—MOELFRE, ANGLESEY.—*Star of Hope* Life-boat.—On the night of the 21st December, during a thick fog, the schooner *Isa*, of Inverness, bound from Charlestown for Runcorn with a cargo of china clay, struck on the Dulas Rocks and became a total wreck. On the following morning, when the fog had slightly cleared, signals were seen, and the Life-boat immediately put off, and succeeded

in saving the vessel's crew of four men, who had taken refuge on the rocky island.

Dec. 24.—**CRESSWELL, NORTHUMBERLAND.**—*Ellen and Eliza* Life-boat.—The Coastguard at Cresswell Point reported that a steamer was ashore about a mile S. of the Life-boat station, during a strong S.E. wind and a strong sea, whereupon the Life-boat was launched at 2 A.M., and found the s.s. *Cerdic*, of Newcastle-on-Tyne, bound from Christiania for Newcastle in ballast, stranded on Headgate Rock, with her fore-hold full of water. The Life-boat laid out an anchor, and took a telegram and letter ashore, returning at once to the vessel, and remaining in attendance on her. At low-water the steamer's crew went ashore, the ship being then dry, but the master and three other officers remained on board, the Life-boat remaining in attendance until an hour after high-water. The vessel ultimately became a wreck.

Dec. 24.—**GIRVAN, AYRESHIRE.**—*Sir Home Popham* Life-boat.—During a gale of wind from the N.W. and a rough sea, the fishing-smacks *Border Queen* and *Jane*, of Annan, arrived off the harbour, and as it was evident that they would incur considerable risk in crossing the bar, the Life-boat put off to their assistance at about 1.45 P.M., and remained by them until they gained the harbour in safety.—Expense of service, 8l. 12s.

Dec. 31.—**BOULMER, NORTHUMBERLAND.**—*Robin Hood* of Nottingham Life-boat.—The Life-boat was launched at 12.30 A.M. and rescued the crew, consisting of two men, from the smack *Effort*, of Berwick, which had stranded on the North Steel Rocks during a fresh S.E. wind, a strong sea, and hazy weather.

Dec. 31.—**GREENCASTLE, LONDONDERRY.**—Temporary Life-boat.—Signals of distress having been shown by a vessel on the Tuns Bank, while the wind was blowing half a gale from the S.S.W., with

a heavy sea, the Life-boat temporarily placed here while the *Mary Beckwith* was being improved, was launched at 4 A.M., and found the schooner *Cwm Avon*, of Swansea, stranded. With great difficulty her crew, numbering four men, were got into the Life-boat, and were safely landed at about 9 o'clock.

Dec. 31.—**STAITHES.**—*Winefride Mary Hopps* Life-boat.—At about 4 o'clock in the morning a steamer was observed on shore north of Staithes, the rocket brigade were summoned, but it was found that the vessel was too far distant for the rockets to reach her, and the Life-boat therefore, went to her help. She proved to be the *Ringwood*, of London, laden with coal from Amble. With the rising tide the vessel floated; but as she was leaking badly, the Life-boat remained by her and accompanied her to Hartlepool.

Dec. 31.—**PALLING, NORFOLK.**—*British Workman* Life-boat.—In response to signals of distress, during thick weather, a moderate breeze from the S.W., and a rough sea, the Palling No. 2 Life-boat was launched, at 8.30 A.M., and proceeded to the Hasborough Sand, where she found the brig *Londesborough*, of Faversham, coal laden from Sunderland for Portsmouth, stranded in a very perilous position, full of water, and in danger of soon becoming a total wreck. With much difficulty her crew, consisting of six men, were taken into the Life-boat, and this had not been accomplished very long when the vessel heeled over on her beam ends, and afterwards became a total wreck.

Dec. 31.—Voted 205l. 1s. to pay the expenses of the Walmer, Broadstairs, Holyhead, Southend (Cantyre), Lytham, Rhoscolyn, Kessingland No. 1, North Deal, Ramsey, and Balcary Life-boats in assembling their crews or putting off to the aid of vessels which did not ultimately need assistance.

ROYAL NATIONAL LIFE-BOAT INSTITUTION,
14, JOHN STREET, ADELPHI, LONDON, W.C.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. WYON." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. Wyon, Mint." Inscription, "Let not the deep swallow me up."

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1889, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,114, 97 of which were in Gold, and 1,017 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—Ct. Gd.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

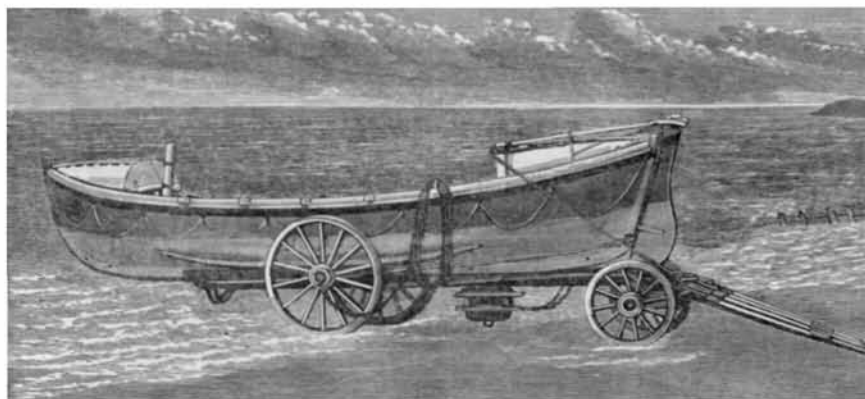

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability, and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 293 Life-boat Stations of the NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy. The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

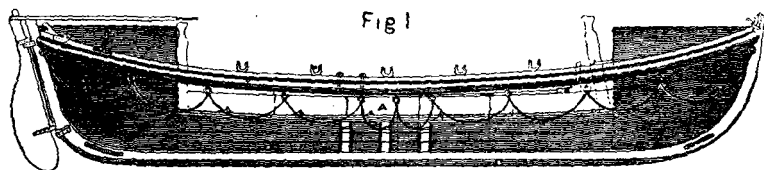

In Figure 2, the unshaded space, A, represents the uncovered part of the deck;

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

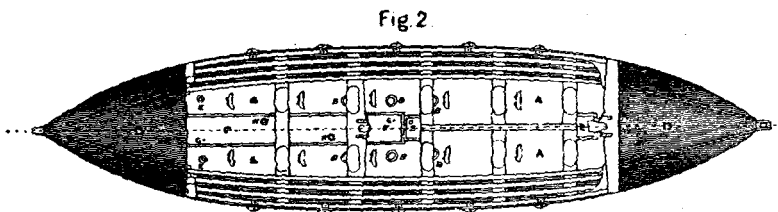

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

MIDSHIP SECTION

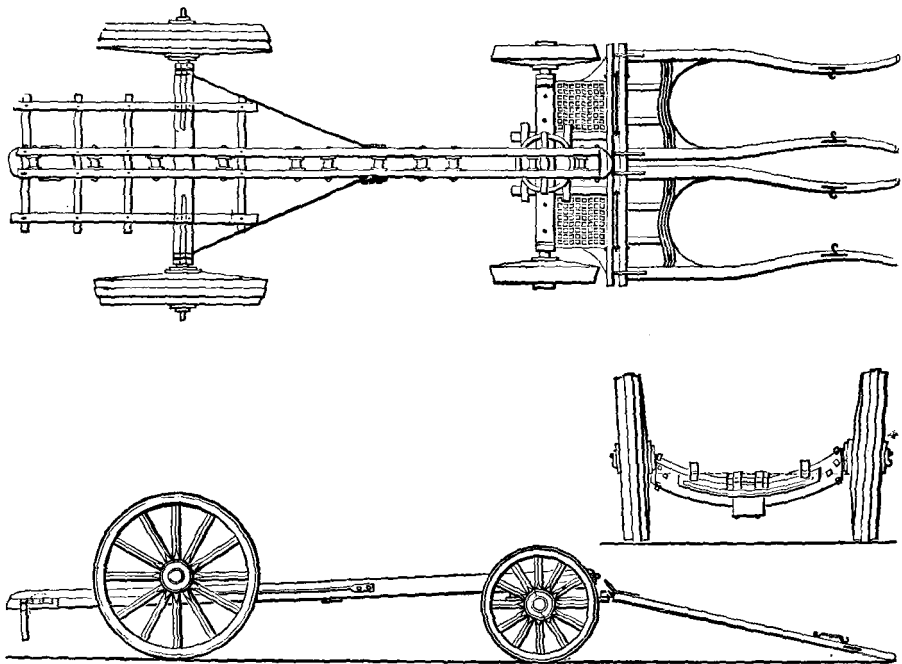

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The *Life-boat transporting-carriage* is a very important auxiliary to the boat. Nearly every *Life-boat*, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A *Life-boat* is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the *Life-boats* of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, and as many boatmen as the boat pulls oars. The members of the volunteer crews are registered, and wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen, or Coastguardmen. On every occasion of going afloat to save life, the coxswain and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck at such a distance along the coast as not to be in sight of the Coastguard Station or other look-out.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The average cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	
Skids, and Transporting-carriage	£700
Boat-house	350
Total	£1,050

The average Annual Expense of maintaining a Life-boat Station is 70*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 293 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 34,670 lives.

Despite, however, this fleet of 293 Life-boats, and of 30 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that an average of 650 lives are lost annually on and around our own shores alone, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs a permanent income of about 50,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

FORM OF BEQUEST OF MONEY, STOCK OR OTHER PERSONAL ESTATE.

I give and bequeath to the **ROYAL NATIONAL LIFE-BOAT INSTITUTION** for the Preservation of Life from Shipwreck, founded in 1824, London, the sum of £, for the use of the said Institution [and I do hereby direct that the same be paid out of my chattels personal.]

The words within brackets are only required in England and Wales. Devises of land situate there, or bequests of money charged on land, or secured on mortgage of land or tenements situate in those parts of the Kingdom for religious or charitable purposes are void; but money or stock may be given by will if not directed to be laid out in land.

Bequests of land situate in Scotland or Ireland, or the Colonies, or legacies of money charged on land, or secured on mortgage of land or tenements situate in those parts of the Kingdom for religious or charitable purposes may however be made as legacies or bequests for any other purpose.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 14 John Street, Adelphi, London, W.C.
