

THE LIFE-BOAT.

JOURNAL

OF THE

Royal National Life-Boat Institution.

(ISSUED QUARTERLY.)

VOL. XIV.—No. 160.]

MAY 1, 1891.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at Princes' Hall, Piccadilly, on Saturday, 21st day of March, 1891, The Most Honourable the MARQUIS OF HARTINGTON, M.P., in the Chair, the following Report of the Committee was read by the Secretary:—

ANNUAL REPORT.

1891.

NEITHER effort nor energy has been spared by the Committee during the past year in their earnest endeavour to promote the efficiency and completeness of the Life-boat Service. Every real improvement which either science or experience seemed to suggest has been turned to account, and progress has undoubtedly been a marked feature in the work of the year. Until recently it was held by all competent judges that the production of a mechanically propelled Life-boat, suitable for service in heavy weather was a problem surrounded by so many and great difficulties that even the most sanguine experts dared not hope for an early solution of it. In no way daunted, however, by difficulties which seemed to be insuperable, the Committee have steadily persevered in their fixed determination to find, if possible, some more powerful means to propel a Life-boat, and success seems at last to have crowned their efforts. It was with no little self-congratulation, not to say pride, that they, in September last, placed on trial at Harwich the first steam-boat intended for

Life-boat purposes the world has produced. This remarkable Boat, which is named the *Duke of Northumberland* after the President of the Institution, is 50 feet long, with 12 feet beam, and is propelled by a turbine wheel driven by engines developing 170 horse-power. She has already been out on service several times, when she proved herself to be remarkably handy in a sea-way. The Committee appreciate the fact, however, that even should the experiment prove as successful as they believe will be the case, boats of this description can necessarily only be used at a limited number of stations.

The Institution fully recognizing the responsibility which rests upon it to provide the Life-boat crews with the best possible means for conducting their life-saving work, has decided to carry out a series of competitive trials and exhaustive tests embracing all the various types of Life-boats it employs, with a view to determining definitely which type of boat is individually best adapted for the different parts of our coast, the circumstances and conditions of which vary materially. The trouble and cost entailed by the trials will be very great, but the Committee

trust that the public, seeing the importance of the undertaking, will by contributing liberally help the Institution to bring it to a successful issue.

Life-boats.—While however what may be termed special work has taken up much of the time and thought of the Committee and their Officers, the ordinary work of the Institution has been pushed on with no lack of vigour. Five new stations, each of which has been provided with a fully equipped Life-boat, have been established within the last twelve months, namely, at—

Atherfield	Isle of Wight.
Holyhead No. 2 . . .	Anglesey.
Kingstown No. 2 . . .	Co. Dublin.
Queenstown No. 2 . . .	„ Cork.
St. Agnes	Scilly Isles.

And new stations are in course of formation, or will be shortly, at—

Gorleston	Suffolk.
Johnshaven	Kincardineshire.
Porth Rhuffydd . . .	Anglesey.
Port of Ness	Island of Lewis.
Pwllheli	Carnarvonshire.

In addition to the new stations which were provided with boats during the year, new boats possessing all the most recent improvements were sent to nineteen other stations as follows:—

ENGLAND AND WALES.

Aldeburgh	Suffolk.
Kingsdowne	Kent.
Lowestoft No. 2	Suffolk.
Rhosneigir	Anglesey.
St. Mary's	Scilly Isles.
Shoreham	Sussex.
Swanage	Dorset.
Thorpe	Suffolk.
Uppang	Yorkshire.
Winterton No. 2	Norfolk.

SCOTLAND.

Kildonan	Isle of Arran.
Thurso	Caithness-shire.

IRELAND.

Arklow	Co. Wicklow.
Carnsore	„ Wexford.
Tralea Bay	„ Kerry.

Tramore	Co. Waterford.
Valentia	„ Kerry.
Wexford No. 1	„ Wexford.

ISLE OF MAN.

Douglas No. 2.

Several of these boats have already been out on service, and have been satisfactorily reported on by the crews.

The boats at ten other stations have been supplied with water-ballast tanks, and fitted with other improvements, and a similar course will be followed with a considerable number of other boats with as little delay as possible. It has been decided to close the station at Chapel in Lincolnshire, and to transfer the boat to Skegness, where it is believed its services will be more frequently called into requisition.

At the end of the year the Institution's fleet consisted of 300 Life-boats.

During the year the construction of the Institution's transporting carriages was considerably improved and the alterations having been thoroughly tested and found to be satisfactory, several contracts for building them were, early in the year 1890, accepted by the Committee, with the view of supplying a large proportion of the Stations with the new carriage. Great difficulty was encountered, however, in keeping the builders to the terms of their contracts, with the result that at the close of the year only eighteen new carriages had been placed on the coast. It is hoped, however, that matters will proceed more satisfactorily during the current year, and that the Committee will be able to complete their programme in this direction.

Shipwrecks.—The year 1890, taken as a whole, was by no means an exceptionally stormy one. At the same time, every now and again gales of considerable violence visited our shores, that of the 6th and 7th November last probably being one of the heaviest that had been experienced, more particularly on the west coast, for thirty years. On these occasions

all the Life-boat crews were on the alert; and many a gallant service was performed, resulting in the saving of life and property. In the year the Life-boats were launched 277 times on service, and 971 times for exercise, besides which, crews were assembled 35 times in readiness for service, their services not being ultimately required. It is with great satisfaction and a sense of deep thankfulness, that the Committee are enabled to report that notwithstanding the many occasions in 1890 on which the "perils of the sea" were experienced by the Life-boat men in their praiseworthy efforts, not a single man lost his life afloat. Various casualties entailing minor injuries, such as ruptures, crushed fingers, cuts, bruises, etc., occurred however, as might have been expected; but in every instance the Institution took care that the sufferer should not be in any way a loser by his accident. On shore two men—one in Ireland and one in Wales, were knocked down and killed whilst assisting the conveyance of a Life-boat on its carriage. In each case the relatives received a grant of 100*l.* from the Institution.

The services of the Life-boats during each month of the year were as follows:—

1890.	Number of Life-boat Launches.	Lives Saved by Life-boats.	Vessels Saved by Life-boats.	Lives Saved by Shore-boats.
January . . .	37	97	1	20
February . . .	21	13	1	36

November . . .	73	213	6	23
December . . .	23	41	3	10
Total	277	555	27	218

Too much cannot be said of the admirable manner in which the coxswains and their crews performed their many gallant services; and the officers and men of the Coastguard and the Volunteer

Rocket Brigades merit the cordial acknowledgment of the public for their invaluable co-operation.

Since the Institution was founded in 1824, it has granted rewards for the saving of 35,443 lives as follows:—

These results fully justify the Committee's earnest appeal for liberal and well-sustained support.

Rewards.—The rewards granted by the Committee in 1890 for the saving of life from shipwreck, or for efforts with personal risk to do so, and in acknowledgment of other meritorious services rendered to the cause, comprised 28 Silver Medals, 2 Second Service Clasps, 1 Third Service Clasp, 12 Binocular Glasses, 1 Aneroid Barometer, 49 Votes of Thanks inscribed on vellum and framed, 1 Certificate of Service framed, and 5,464*l.* 11*s.* 4*d.*, including grants for injuries received by men in the service.

On the 31st December last the Institution had granted altogether in rewards since its establishment in 1824, 97 Gold Medals, 1,048 Silver Medals and Clasps, 184 Binocular Glasses, 15 Telescopes, 4 Aneroid Barometers, 1,301 Votes of Thanks inscribed on vellum and framed, 9 Certificates of Service framed, and 113,494*l.* in money.

Aneroids.—The applications received during the year for the thoroughly reliable *Aneroid* Barometers, supplied by the Institution to fishermen and small coasters at a little more than a third the retail price, were considerably in excess of those received during the three previous years, 134 being sold to fishermen, and 37 to coasters, making a total of 171. The number of these instruments disposed of by the Society since June 1882 has been 3,015.

During the year several wrecks which were dangerous to the Life-boat crews in the performance of their life-saving duties, were removed under the authority of the Removal of Wrecks Act, 1877, Amendment Act, 1889. The Committee have every intention of pressing the faithful carrying out of the provisions of this Act and in this resolve they will they are sure be cordially supported by the British public.

The all-important question of electrical communication with the Coastguard and Life-boat stations, signal stations, etc., still engrosses the attention of the Institution, and a special committee has been appointed to gather information and to report on the subject. Hitherto the Government has done nothing in the matter, but as it daily gains greater attention at the hands of the public, and the necessity for such a system becomes more and more apparent, the Committee cannot but hope that legislation may at no distant date be the outcome of the movement.

The Committee deeply regret the great loss the Institution has sustained in the death of Admiral JOHN ROSS WARD, who was for 31 years the Chief Inspector of Life-boats, and even after his retirement

continued to the last to be an active member of the Committee and to take a warm interest in the work he had so long directed.

Local Committees.—The grateful thanks of the Institution are due to the Local Committees and their Honorary Secretaries and Treasurers for their important and valuable co-operation during the year gone by. Without the much appreciated help which the Honorary Officers so liberally afford the good cause could not possibly prosper.

The special acknowledgments of the Committee are also tendered to the Public Press, which so constantly draws attention to the great work being done by the Institution and its need of generous and well-sustained aid.

Finances.—The subscriptions, donations, dividends, etc., amounted in the year to 42,523*l.* 0*s.* 11*d.*, and included 4,870*l.* specially given for the following Life-boat establishments:—

The total expenditure in 1890 greatly exceeded that of any former year, and amounted to the large sum of 75,877*l.* 14*s.* 9*d.*, exhausting not only the whole of the income of the year, but also unfortu-

nately, to meet the deficiency, all the moneys received in respect of legacies, besides necessitating the realisation of other capital. The building, repairing, improving and equipping of Life-boats and Life-boat Carriages—excluding the Steam Life-boat, which alone cost 5,000*l.*—added to the unusually large expense entailed by erecting and keeping in repair Life-boat Houses and Slipways, involved the expenditure of 30,378*l.* 8*s.* 2*d.*, while 21,222*l.* 11*s.* 6*d.* was laid out on Life-boat Stores, Life-belts, Subsidies to out-lying Stations, Branch payments, Ane-roids for fishermen and coasters, the Store-yard, the Inspectors' Department, experiments, etc., and 13,855*l.* 9*s.* 2*d.* on Life-boat coxswains, signalmen and launchers, and on crews for going out on service, and exercising the Life-boats; on grants for injuries—which happily, as before stated, were slight—special recognitions and rewards for services, medals, and vellums. The remainder was spent on printing and publishing the *Life-boat Journal*, a new edition of the *Green Book*, the Annual Report and Appeals, on salaries, rent and office repairs, rates, taxes, lighting, housekeeper, advertising, postage, stationery, etc. Each item of receipt and expenditure has, as usual, been very carefully examined, verified and approved by Mr. LOVELOCK, of the well-known firm of Messrs. LOVELOCK, WHIFFIN, and DICKINSON, 19 Coleman Street, E.C., Chartered Accountants.

In conclusion, the Committee earnestly and urgently appeal to the public for funds to enable them to extend and carry on efficiently the great work they have undertaken. Last year, as has been already explained, they were compelled to spend much more money than they received, and unless the public show their appreciation of their endeavours by contributing largely and liberally during the current year, the scope and efficiency of their great life-saving service, of which the nation is so justly proud, must be curtailed.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 35,443.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs COURTS and Co., 59 Strand; Messrs. HERRIES, FARQUHAR, AND CO., 16 St. James's Street; Messrs. HOARE, 37 Fleet Street, London; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution,
14 John Street, Adelphi, London, W.C.

GOD HELP OUR MEN AT SEA

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS,
FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1890.

Jan. 8.—DUNMORE, EAST, CO. WATERFORD.—*Henry Dodd* Life-boat.—It having been reported that a large steamer in distress was anchored off Slade, co. Wexford, during a whole gale from the S.S.W. and a very heavy sea, the Life-boat was promptly launched at 12.15 p.m., being under way in less than twelve minutes from the time when the alarm was given. She behaved admirably in the face of a trying gale and sea until she neared the Hook, when her foremast gave way by

breaking near the step, and she was compelled to anchor in order to have the mast freshly stepped. Once more under way she soon rounded the Hook, where some terrific seas were encountered, but regardless of wind and sea, she bore bravely on her course, and reached the steamer at 3.15. The vessel proved to be the s.s. *Torredon*, of Glasgow, laden with Spanish grass, and bound for Liverpool. When the Life-boat reached her she was flying signals of distress, being disabled,

and the sea was washing freely into her after compartments. The weather had by that time somewhat moderated, and the master did not deem it desirable to abandon the ship, but six of the crew resolved to leave her, and the captain not objecting to their doing so, they were taken into the Life-boat and landed at Fethard. The vessel was afterwards towed to Passage by steam tugs.—Expense of service, 24*l*.

Jan. 8.—MONTROSE.—*Augusta* Life-boat.—All the Ferryden fishing-boats went to sea at about 6 o'clock in the morning, whilst the wind was blowing moderately from the W.S.W. In the course of the day the wind shifted to S.S.E., and as the sea was becoming heavy, the boats hauled in their lines and made for home. By 3 p.m. all had arrived with the exception of one yawl, named the *Ebenezer*, which had a crew of four men on board. The wind and sea rapidly increased, the latter breaking heavily on the bar, and at 4.30 the No. 1 Life-boat was launched and pulled to the harbour's mouth ready to assist the boat when she came in. Shortly afterwards a steam trawler arrived, and informed the Life-boat crew that a boat had been seen to the southward. A second trawler afterwards ran in, and the boat being observed on the lee side of her the Life-boat at once pulled over the bar, taking several heavy seas over her bows, met the boat and followed her closely in until she was out of danger.—Expense of service, 19*l*. 1*s*.

Jan. 8.—CAISTER, NORFOLK.—*Godsend* Life-boat.—During a fog, a strong breeze from the S.S.W. and a heavy swell, a vessel, which proved to be the brig *Primrose*, of and from Folkestone, bound for the Tyne, in ballast, was observed at about 3 p.m. stranded on the Barber Sand. A yawl put off and went to her assistance, but the master of the vessel declined her services and requested that the Life-boat might be sent out to remain by him until high water. The No. 2 Life-boat was therefore launched at 5.30 p.m., and stood by the ship until she floated with the rising tide, regaining her station at 10 o'clock.—Expense of service, 18*l*.

COMMITTEE MEETING, 9th Jan., 1890.

Voted 89*l*. 10*s*. to pay the expenses of services rendered by the Moelfre, Boulmer,

Kessingland No. 1, Palling No. 2, Tyrella, Broadstairs and Greencastle Life-boats.

The Ramsgate Life-boat was taken out twice, but not required. Expenses paid by the Board of Trade.

The Committee specially recognised the good services rendered by Mr. THOMAS MORRIS on his resigning the post of second coxswain of the St. David's Life-boat, which he had held for ten years.

Jan. 10.—LLANDDULAS, NORTH WALES.—*Mary Jane Gould* Life-boat.—The Life-boat was launched at 10.5 a.m., it having been reported that a small yacht was in distress opposite Beach House. A strong W. wind was blowing and there was a heavy sea. On reaching the yacht she was found to be the *Blue Rock*, of New Brighton, with only one occupant, her owner, on board, on a trip from New Brighton to Conway. He was taken into the Life-boat and safely landed at 11.30, the yacht being left at anchor.—Expense of service, 13*l*. 17*s*.

Jan. 12.—NEWHAVEN.—*Michael Henry* Life-boat.—The Coxswain of the Life-boat having been informed that a large ship was ashore at Portobello, he at once summoned the crew, and at 8.45 a.m. the Life-boat was launched. On reaching the vessel she was found to be the *barque Whinlather*, of Liverpool, bound from London for Santiago with a general cargo. She had stranded during a dense fog at 3 a.m., which had cleared just before she was observed from the shore, but she had sustained no damage. At the request of the master the Life-boat remained by the vessel until the arrival of a steam-tug, which towed her off, and took her to Southampton.—Expense of service, 7*l*. 17*s*.

Jan. 14.—RAMSEY, ISLE OF MAN.—*Two Sisters* Life-boat.—A violent gale was experienced here, the wind blowing furiously from S.S.W., and the heavy seas lashing themselves into a mass of foam. At 11.45 the Life-boat was launched, and sailed to the assistance of a half-decked boat, the cutter *Zealot*, of Peel, which was riding heavily at anchor, and was shipping a large quantity of water. She had a crew of three men, one of whom, a youth, was anxious to leave her, and he was therefore taken into the Life-boat, but the others decided to remain by their boat, which fortunately rode out the storm. The Life-boat then proceeded to the

schooner *W. M. J.*, of Briton Ferry, which had broken adrift just as the boat was launched and had hoisted a signal for assistance, and with great difficulty took off her crew consisting of four men. The boat now headed for the shore and was beached at Dog Mills, about two miles N. of Ramsey, where the five men were landed. Again putting off, the boat proceeded to the help of the fishing-cutter *Otter*, of Port St. Mary, which had parted her cable and was leaking badly, and rescued her crew of four men. A signal was then shown by the lugger *Hamilton*, of Ramsey, lying near the Point of Ayre, and the Life-boat thereupon went alongside her and took off her crew of three men. Sail was again hoisted, and the boat made for Port Cranstal, where all safely landed at 6 p.m. The Life-boat carriage, drawn by six horses and accompanied by the helpers, had been despatched to this point, a distance of seven miles from the Life-boat station, and with considerable difficulty, owing to the steepness of the beach, the boat was placed on the carriage and brought back to Ramsey at 1 o'clock on the following morning.—Expenses of service, 45*l.* 19*s.* 6*d.*

Jan. 14.—NEWBIGGIN, NORTHUMBERLAND.—*Robert and Susan* Life-boat.—Thirty-two fishing-cobles proceeded to their fishing ground about 18 or 20 miles distant at 3.30 a.m. A strong wind sprung up from the S.E. at about 7 o'clock, and by 9 o'clock it had increased to a gale. At 12.30 the boats were nearing the shore, and as it was evident they would incur great risk in coming in the Life-boat put off to assist them, and remained in attendance until all danger was past.—Expense of service, 10*l.*

Jan. 14.—PADSTOW, CORNWALL.—*Arab* Life-boat.—The ketch *Charles Francis* of and for Plymouth from Newport, Mon., with a cargo of coal, in taking the harbour too early on the tide in the evening, ran ashore on the Doonbar Sand. The wind was blowing a moderate gale from the W.S.W., and there was a ground sea on at the time. The Coxswain of the Life-boat went to Stepper Point, and found that the sea was breaking close to the vessel. He could occasionally hear her striking heavily, and as he thought that if she parted her chain she might be lost with all hands, he considered it best to

summon the Life-boat crew immediately. The Life-boat was launched at 7 o'clock, proceeded to the vessel, and remained by her for three hours, during which time she got off the bar, striking heavily, and, missing stays, again stranded there. She came afloat, however, on the flowing tide, and was taken to Padstow by pilots, the Life-boat assisting to tow her round.—Expense of service, 13*l.* 6*s.*

Jan. 14.—NEW BRIGHTON.—*Henry Richardson* Life-boat.—Signal rockets, indicating that the services of the Life-boat were required, having been fired by the Light-vessel and Coastguard Station on the night of the 14th January, the No. 2 Life-boat put off in tow of the Wallasey Ferry steamer *Crocus*, proceeded to the Crosby lightship and found the schooner *Thomas*, of Amlwch, bound for Liverpool with a cargo of timber, with two anchors down, drifting on to the Burbo Bank. The steamer took her in tow, and she was brought to New Brighton. The wind was blowing from S.W. to N.W., the weather was squally, and there was a heavy sea running at the time.—Expense of service, 17*l.* 5*s.*

Jan. 19–20.—BRAUNTON AND APPLEDORE, DEVON.—*Robert and Catherine* and *Jane Hannah MacDonald* Life-boats.—On the 11th of January, the ship *Penthesilea*, of Liverpool, manned by a crew of 31 hands all told, left Newport, Monmouthshire, laden with coal, for the Mauritius. She was towed down the Bristol Channel and clear of Lundy Island by the tug *Stormcock*. From the time the tug cast her off a succession of strong S.W. gales were encountered. Having lost several of her sails, the ship laboured heavily and as she was making no headway, the captain determined on Sunday morning, the 19th of January, to seek shelter. He accordingly wore ship and sighted Lundy Island at 2 p.m. During the afternoon the weather became more dirty; and heavy squalls of rain and sleet, accompanied at times by thick weather, were experienced. About 8.30 p.m., being doubtful of his position, the captain gave orders for the lead to be hove. Soundings were obtained in 15 fathoms. Very soon the ship bumped, it is supposed on the North Tail (the north side of Barnstaple Bar). All hands were at once ordered on deck, directions were given for both anchors to be let go, and rockets were sent

up and blue lights burned. Clearing the Tail, the ship was brought up by her anchors in Saunton Bay, at a distance variously estimated from a mile to two miles from the shore. During the night the port cable parted while the starboard one was being veered. She was seen, however, to be still riding to the remaining anchor, head to wind, which had veered from W.S.W. to W. and W.N.W. At 4 A.M. on the 20th it was noticed that the vessel was dragging, due, no doubt, to the influence of the strong tide, which was now running with its full strength, and at 4.30 she stranded in rather less than four fathoms of water, about three-quarters of a mile south of Down End Point. Between 6.30 and 7.30 the crew of 31 were landed safely in two trips by the Braunton Life-boat *Robert and Catherine*. Her signals of distress made the preceding night at about 8.45 were at once seen and replied to from Braunton Lighthouse, from the signal station at Badsteps, Life-boat at Appledore, and from the coastguard stations at Croyde and Westward Ho! The sound signals to assemble the crew were fired as quickly as possible by the signalman, and the Appledore men mustered speedily at the Badsteps Life-boat House. That boat, the *Jane Hannah MacDonald*, was launched at 9.30 P.M., rapidly and successfully, in twelve minutes' time from the opening of the doors to the time she was afloat and away. It was then blowing a fresh gale from the W.S.W., the tide four hours ebb. A tremendous sea was encountered at the bar. The crew, however, toiled at their oars for three hours, succeeded in crossing the bar, obtained an offing, and approached close enough to the vessel to make her out and even to see the men. The Life-boat was now struck by a heavy sea, several oars were broken, and she was swept ashore by the young flood, then making, a mile to the North of the Braunton Life-boat House. The crew got back to Appledore at 1 o'clock in the morning, utterly exhausted with their efforts, but not discouraged, for as soon as they had obtained a change of clothing and taken a slight rest they started off again at 4 A.M. for Braunton, accompanied by Mr. FIELD, one of the Appledore Life-boat Committee, and arrived there at 4.30 A.M., just at the time the ship stranded. Mr. FIELD went to the Braunton Boat-house, borrowed

from the coxswain some oars to replace those broken, and a fresh attempt was made to launch the Badsteps boat, but without success. She was, therefore, abandoned, and the crew assisted during the remainder of the morning in launching the Braunton boat. Nothing could rebound more highly to the credit of the Appledore men than the way in which the coxswain and crew of the Badsteps Life-boat did their work that night, showing as it did of what stuff the Appledore men are made. In the meanwhile the Braunton crew, who are also drawn from Appledore, crossed the estuary with the second coxswain at 9.30 P.M., almost immediately after the launch of the other boat. On arrival at the boat-house the horses, which were already there, were harnessed to the carriage, and the boat was taken into the water in preparation for launching, the crew being in their places. The second coxswain now asked WILLIAM JENKINS, an experienced pilot, to take charge of the boat while he looked after the preparations for launching. To this he assented. The acting-coxswain, perceiving that the ship was now riding to her anchor, head to wind, and that the young flood had begun to make, resolved not to launch, as it would be impossible to reach her pulling across the tide at such a distance from the shore, and that if he attempted to do so the boat would almost certainly be wrecked on the Downend Rocks. The boat was therefore taken away from the water, placed near the boat-house, and the horses put inside the house to shelter them from the weather. Those belonging to Braunton, four in number, were taken back to their stables, it being agreed with the owner that if they were required a signal should be made. A watch on the ship's movements was kept all night, and at four o'clock it was seen she was dragging. A signal was accordingly made for the Braunton horses, and steps were at once taken to launch the boat. At 6.30, or about 40 minutes after high water, the first trip to the vessel was made. Fourteen of the crew having been taken on board, the boat was backed in towards the shore and was kept afloat, while the passengers were passed out to the men on the beach (among whom was Mr. FIELD), who were up to their necks in water, and landed by them. The boat then made her second

trip, and brought ashore the remainder of the men.—Expense of services, 64*l.* 10*s.* 6*d.*

Jan. 20.—DORNOCH FIRTH AND EMBO.—*Daisie* Life-boat.—Signals of distress having been seen, the Life-boat was launched at 7 p.m., and found the *Come On*, an open fishing-boat belonging to Gardenstown, Port of Banff, with a crew of six men, stranded on a bank at the entrance to Littleferry. Shortly after the Life-boat arrived the boat came afloat, but was carried on to another bank of a stony nature, placing her in great danger of being knocked to pieces. With the help of the Life-boat men she was, however, got out of her perilous position, and as her crew were strangers to the locality and there were no lights to guide them, two of the Life-boat's crew were put on board and piloted them safely to port. The wind was blowing from the S.W., snow was falling heavily, and there was a heavy swell on the banks where the boat stranded.—Expense of service, 14*l.*

Jan. 23.—ABERYSTWITH.—*Elizabeth Lloyd* Life-boat.—While a whole gale from the S.W. was at its height, accompanied by a very heavy sea, the steamer *Ananda*, of Greenock, bound from Workington for Swansea with a cargo of pig-iron, was seen in a disabled state in the bay, and as she neared the shore it was observed that she was showing signals of distress. The Life-boat was launched with great promptitude, notwithstanding the tremendous sea, and was pulled out by means of her hauling-off warp. Having arrived at the end of the warp, the crew took to their oars and after a hard pull the boat was got sufficiently far out to permit the sail being hoisted. The wind, however, was dead ahead, rendering it necessary for the boat to tack several times, and causing her to occupy about two hours in reaching the ship, which was only about 2½ miles distant. The steamer, when about 15 miles off Bardsey Island, at 4.30 a.m., had shipped a tremendous sea, which carried away her funnel and nearly all her bulwarks, disabling her so that she was unable to make any headway against the wind, and compelling her to drift in towards the land. It being unsafe for the crew of twelve men to remain on board, they were taken into the Life-boat and brought ashore.—Expense of service, 10*l.* 10*s.* 6*d.*

Jan. 23.—SWANSEA.—*Wolverhampton*

Life-boat.—The Life-boat was launched at 2.15 p.m. in answer to a signal of distress from the barque *Ambassador*, of Aberdeen, from Cardiff to Rio with coal, which had been in collision with another vessel and seriously damaged. At the master's request 4 of the Life-boat men boarded the vessel and assisted to take her to Swansea docks.—Property salvage case.

Jan. 25.—DOUGLAS, ISLE OF MAN.—*Thomas Rose* and *John Turner* Life-boats.—The barque *Thorne*, of and from Liverpool, bound for Adelaide with a general cargo, which had been riding out the gale in the bay for two or three days, showed signals of distress. There was a strong S.S.W. gale, with rain, at the time, and the weather was thick and cold. Owing to the intense darkness, it was impossible to discern clearly whether more than one vessel was in distress, and therefore both the Life-boats at this station were despatched to the rescue at 3 a.m. The ship had dragged both her anchors, and stranded on the rocks at the western side of Onchan harbour; her two passengers and 16 of the vessel's crew, three others being ashore, took to their boat and were sighted by the *Thomas Rose* Life-boat near the broken surf on the rocks, and were fortunately rescued. They were placed on board the steam-tug *Manx King*, which had been engaged to assist the Life-boats, and were landed at the quay amidst the hearty cheers of the large crowd which had assembled.—Expenses of service, 31*l.* 1*s.*

Jan. 25.—MOELFRE.—*Star of Hope* Life-boat.—The schooner *Reaper*, of Dublin, bound from Wicklow for Garston, with a cargo of pit-wood, was caught in a gale from the S.W., and was driven on the *Dulas* rocks. The Life-boat put off to her assistance at 8 a.m., and remained by her until the tide rose, when she came afloat, and the boat's services being no longer required, she returned to her station, arriving there at noon.—Expense of service, 7*l.* 2*s.*

Jan. 26.—SWANSEA.—*Wolverhampton* Life-boat.—During the whole of the day a very heavy gale blew from the W.S.W., and a high sea was running. In the afternoon the barque *Ashlowe*, of and for St. John, N.B., from Cork, in ballast, was observed in distress by the Coast-guardman on duty on the Mumbles Hill, and he at once fired rockets as a

signal for the Life-boat. At 4.20 the Life-boat was launched and went to the vessel, which had parted her cable and stranded on a sandbank about two miles from the land; she, however, succeeded in getting off the bank, but was drifting rapidly in the direction of the beach on the eastern side of Swansea pier. The boat remained by her until she again struck the ground, when her crew, consisting of 11 men, were taken off to avoid the danger of being killed by the falling spars, or swept overboard by the very heavy seas which were breaking completely over the barque.—Expense of service, 15*l.* 5*s.* 4*d.*

Jan. 27.—BARMOUTH.—*Jones-Gibb* Life-boat.—During thick weather and a strong N.W. wind, a small steamer signalled for a pilot, but the sea was too rough for an ordinary boat to cross the bar. The vessel was evidently a stranger, and if the wind had increased, serious consequences might have ensued to her. The Life-boat was therefore launched at 1.45 P.M., and found that she was the *Marie*, of Glasgow, from Harrington with manganese for *Pensarn*, a small creek about seven miles N. of Barmouth. A Life-boat man went on board to pilot her, but as it was too late for the tide, they made for St. Tudwells Roads, and returned to the creek on the following morning.—Property salvage case.

Feb. 11.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—Signals having been fired by the Corton Light-vessel the No. 1 Life-boat was launched at about 6.30 P.M., during a moderate gale and a rough sea. As the wind was blowing directly into the harbour, it became necessary to secure the services of the steam-tug *Conqueror*, which towed the Life-boat to the southern end of the Corton Sand, where the ketch *Arundel Castle*, of London, bound for Lynn with a cargo of superphosphate, and carrying a crew of five men, was found in a helpless condition and drifting towards the land. The Life-boat men fortunately succeeded in getting the tug's hawser to her before she struck, and she was safely towed into Yarmouth harbour.—Property salvage case.

COMMITTEE MEETING, 13th Feb. 1890.

Voted 40*3*l.** 8*s.* 3*d.* to pay the expenses of the Fethard, Margate, Winterton No. 2,

Ardmore, Clovelly, Ilfracombe, Peterhead, Gorleston No. 1, Abersoch, Southwold No. 1, Montrose Nos. 1 and 2, North Berwick, Lowestoft No. 2, Sennen Cove, New Romney, Totland Bay, Caister Nos. 1 and 2 and Palling No. 2 Life-boats in assembling their crews or putting off on occasions when their services were not ultimately required.

Also 100*l.* to the widow and children of a man who was accidentally killed by being run over by a Life-boat carriage at Valentia, Ireland.

Also 5*l.* to one of the crew of the Dunmore East Life-boat, who was injured while on service in the Life-boat on the 8th January, and was thereby incapacitated from work for a time.

Also 5*l.* to one of the helpers at Salcombe, who was injured on the occasion of the exercise of the Life-boat on the 4th January.

Also the Third Service Clasp of the Institution and 25*l.* to Mr. WILLIAM WHARRIER, who had lately retired from the post of Engineer of the Ramsgate Harbour Steam-tugs. He had held the position forty-four years, and during that period he had been in charge of the engines on all occasions when the tugs had been out with the Life-boat.

Also the Second Service Clasp of the Institution, a certificate of service, and a pecuniary reward to Mr. THOMAS BROWN, who had just resigned the post of coxswain of the Cresswell Life-boat, which he had held for fifteen years. In that period the Life-boat had saved 33 lives from various wrecks.

Feb. 15.—HOLY ISLAND, NORTHUMBERLAND.—*Grace Darling* Life-boat.—The No. 1 Life-boat was launched at noon to the assistance of the fishing-boats which were in danger, a strong wind and a very heavy sea having sprung up since they had gone to the fishing-grounds. Three boats had returned, the last one having a narrow escape in crossing the bar, and seven others were at sea, about four miles from the shore. The Life-boat went over the bar and guided each of the boats in turn into safety.—Expense of service, 8*l.* 10*s.*

Feb. 15.—GOURDON, KINCARDINESHIRE.—*Young George Irlam* Life-boat.—The Life-boat was launched at 1 P.M., and remained afloat until the fishing-boats had safely returned to the harbour, whilst a

fresh breeze was blowing from the E., and a heavy sea breaking across the harbour mouth.—Expense of service, 6*l.* 10*s.*

Feb. 15.—HARTLEPOOL.—*Cyclist* Life-boat.—During an E.N.E. wind, a high sea, and heavy rain, the ketch *Lizzie*, of and from Yarmouth for Sunderland, with a cargo of flour and iron, in making for Hartlepool for shelter, struck on the Beacon Rocks. She soon afterwards drifted into deep water, but her rudder having become jammed, she was rendered unmanageable, and drove on to Middleton Beach. A tug and two cobles at once proceeded to her assistance; one of the cobles took the tug's heaving-line to the vessel, and by that means the vessel's tow-line was passed to the tug. The coble also put four men on board. About half-an-hour afterwards the tow-rope broke. The same coble again passed the tug's heaving-line to the vessel, and this time the tug's tow-line was made fast. As the storm and tide were making, the No. 3 Life-boat was launched at 6 p.m., went to the vessel and remained by her until nearly 9 o'clock, when the second tow-rope broke, and the vessel drifting to leeward, filled, and sunk. The Life-boat, with much difficulty, went alongside the wreck and took from the rigging the crew, consisting of four men, and the four coble-men.—Expense of service, 13*l.* 3*s.*

Feb. 17.—SOUTHEND, CANTYRE.—*John B. Ker* Life-boat.—The Life-boat was launched at 10.30 p.m., and remained by the s.s. *State of Georgia*, of Glasgow, until two steamers arrived on the following morning and took her in tow, she having broken her shaft when some distance from the Island of Sanda. So strong was the tide that the Life-boat could not reach the vessel until 5.30 in the morning. In fact, the crew had the utmost difficulty in getting to the ship at all, and so much exhausted were they by the hard pulling necessitated, especially in rounding the island, that they had on one occasion to seek shelter, and on another they were driven back by the tide. They bravely persevered, however, in their attempt, and at last reached the vessel, which had been firing rockets during the night as signals of distress.—Expense of service, 24*l.* 0*s.* 6*d.*

Feb. 26.—MONTROSE.—*Augusta* Life-boat.—The No. 1 Life-boat was launched

at 12.30 p.m., the fishing fleet having been overtaken by a storm, the wind blowing strongly from the E. and the sea being very heavy. Most of the boats had returned to port, some of them having been obliged to leave their lines, but two of them, the yawl *Sarah* and the boat *Silver Eagle* had not come in, and as the sea was getting worse, the Life-boat put off, pulled to the harbour mouth, remained at the bar until the boats arrived, and conveyed them into the harbour.—Expense of service, 8*l.* 10*s.* 6*d.*

Feb. 27.—BUCKIE, BANFFSHIRE.—*James Sharpe* Life-boat.—A strong gale sprung up from the N.E. accompanied by a heavy sea, which broke right across the entrance to Cluny harbour. A fishing-lugger, whilst coming in, was struck by one of the heavy seas and nearly driven to the back of the west pierhead and as two other luggers were seen making for the harbour, and the whole of the fishing fleet were at sea, it was considered desirable to have the Life-boat launched, in readiness to render any help that might be required. The boat put off at 5 p.m., and remained at the entrance of the harbour until all the fishing-boats were in safety.—Expense of service, 9*l.* 15*s.*

March 2.—HARWICH.—*Springwell* Life-boat.—The Life-boat was launched at 4.30 p.m., and proceeded, in tow of the steam-tug *Harwich*, to the schooner *Mary and Maria*, of and for Hull from London, laden with oil-cake, which had shown signals of distress whilst at anchor in Mill Bay, off Dovercourt, during a N.E. wind, stormy weather, and a heavy sea. On reaching her it was found that she was bumping heavily; six of the Life-boat men therefore boarded her, attached the tug's hawser to her, slipped both her anchors and chains, and she was towed to Harwich and safely moored alongside the pier. She had a crew of three men.—Property salvage case.

COMMITTEE MEETING, 13th March, 1890.

Voted 23*l.* 11*s.* to pay the expenses of the Lowestoft No. 2, Caister Nos. 1 and 2, Port Logan, Penmon, Scarborough, Walmer, Bridlington Quay, Arbroath, Port Patrick, Aldeburgh, Carnsore, Palling Nos. 1 and 2, Harwich, and Hasborough Life-boats, in assembling their crews or

putting off in reply to signals, their services not being ultimately required.

Also 1*l.* 10*s.* to the coxswain of the Arbroath Life-boat, who was injured while on service in the Life-boat on the 17th February.

Also 2*l.* to a man who was injured while helping to launch the Hartlepool No. 3 Life-boat on service, on the 15th February.

Also 1*l.* 1*s.* 6*d.* to the owner of a mare which was injured on the occasion of the launch of the Braunton Life-boat, on service, on the 19th January.

Also 1*l.* to a man who was injured while assisting to launch the Hartlepool No. 1 Life-boat, at exercise, on the 22nd February.

Also 5*l.* to a helper injured at the exercise of the Mablethorpe Life-boat, on the 17th January.

Also 4*l.* to a helper injured at the exercise of the Dungarvan Life-boat, on the 22nd February.

March 15. — HAUKLEY, NORTHUMBERLAND.—*Algernon and Eleanor* Life-boat.—Two men returning from work early in the morning, saw the lights of a steamer ashore on the Bondicarr Reef. A strong S. wind was blowing, there was a heavy swell, and the weather was hazy. They at once gave information to the coxswain of the Life-boat, who immediately summoned the crew, and at 2.15 A.M. the boat was launched and pulled to the vessel, which was reached at about 3 o'clock. She was the s.s. *Hayle*, of and for Aberdeen from Sunderland, coal laden. She was stranded on the reef but was not leaking, and the Life-boat men therefore took out an anchor, as the sea was too high to allow one of the ship's boats to do so. This operation was performed twice, and was attended with success, the vessel being got off at about 8 A.M., and proceeding on her voyage.—Property salvage case.

March 21.—PALLING AND WINTERTON, NORFOLK.—*British Workman and Margaret* Life-boats.—During a strong breeze from W.N.W., a heavy sea, and thick weather, the Palling No. 2 and the Winterton No. 2 Life-boats proceeded to the Hasborough Sands, as signals of distress had been heard in that direction. On arriving there the s.s. *Circassian Prince*, of and from Newcastle for New York

in ballast, was found stranded. The Life-boat men, and others who had come off to the vessel in yawls, did all in their power to get her afloat, working hard until the night of the 24th, when the weather became so stormy that they were compelled to make for the shore, nine of the steamer's crew being landed by the Palling Life-boat, and 13 others by the Winterton Life-boat, which also took ashore several of the men who were helping to save the vessel. On the following morning the weather moderated, and the Life-boat men and others returned to the ship and renewed their efforts to get her afloat. With the help of steam-tugs this was eventually accomplished on the morning of the 26th, and the vessel was taken to Yarmouth Roads.—Property salvage case.

March 23.—SHORHAM.—*William Resell* Life-boat.—The fishing-smack *Eaglet*, belonging to Ramsgate, attempted to enter the harbour shortly before low water in the evening, and grounded on the bar. As the sea was breaking heavily over her, the Life-boat put off to her assistance, and remained by her until she was out of danger.—Expense of service, 12*l.*

March 28.—RHOSNEIGIR, ANGLESEY.—It having been reported that a vessel was showing signals of distress about a mile and a quarter S. of the Life-boat Station, during half a gale of wind from the S.S.W., a heavy sea, and foggy weather, the Life-boat was launched at about 4.15 A.M. Great difficulty and danger were experienced in approaching the vessel owing to the rocky nature of the locality where she was lying, but after much hard work the Life-boat men were happily successful in rescuing the crew of ten men from the barque, which was the *Pasteur*, of Arendal, bound from Falmouth to Liverpool with a cargo of mahogany. She became a total wreck.—Expense of service, 26*l.* 6*s.*

COMMITTEE MEETING, 3rd April, 1890.

Voted 128*l.* 3*s.* 6*d.* to pay the expenses of the Porthdinllaen, North Sunderland, Thorpeness, Caister No. 2, Cemlyn, Cemaes, and Kingsdowne Life-boats, in assembling their crews or putting off to the assistance of vessels not ultimately requiring their services.

Also 24*l.* 4*s.* 6*d.* to the owner of a horse which was injured at the exercise

of the Mablethorpe Life-boat, on the 17th January.

April 6.—**BRIGHTSTONE GRANGE, ISLE OF WIGHT.**—*Worcester Cadet* Life-boat.—During a dense fog it was reported that a schooner was in distress on Atherfield Ledge. The crew of the Life-boat were summoned, and at 8.55 P.M. the boat was launched, made as straight a course as possible to the rocks, rescued two of the crew of the schooner *Dizzy Dunlop*, of and from Portmadoc, bound to Kiel with a cargo of slates, and landed them at midnight. Three of her crew had already left the vessel.

The Life-boat was again launched at 12.55 A.M., and saved the crew of four men from the schooner *Caboccer*, of Chester, bound from Swansea to Dover with a cargo of coal, which had run on the Ship Ledge during the fog and was filling with water.—Expense of services, 47l. 1s.

April 8.—**ALDEBURGH.**—*George Hounsfeld* Life-boat.—Signal guns having been fired from the Shipwash Sands during a strong N.N.W. wind, increasing to a gale, very squally weather, and a heavy sea, the Life-boat was promptly launched at 12.30 P.M. and proceeded under sails and oars to the Sands, where the barque *Rock City*, bound from Christiania for London laden with ice, was found stranded. The Life-boat remained by her several hours, it being hoped that she might float when the tide rose, but she filled with water, and at 6 o'clock commenced to break up. Her crew of thirteen men were then taken into the boat, which was afterwards kindly towed by a steam collier towards her station, arriving there soon after midnight.—Expense of service, 33l.

April 8.—**SKEGNESS, LINCOLNSHIRE.**—*Ann, John and Mary* Life-boat.—During a N. wind, squally weather and a very rough sea, signals of distress were shown by the sloop *Watson*, of Goole, at about 5.15 P.M. The Life-boat was at once got ready for launching, but although many willing hands did their utmost to get her afloat, their often-repeated attempts failed for some time, the boat being in each case driven back by the heavy breakers. Their efforts, however, were not abandoned, and at 11.30 a successful launch was effected, and the boat bore down to the vessel, over which the sea was washing heavily.

Her crew of three men and the master's wife refused to leave her, stating that they had signalled because the anchor was dragging, but it had since held. The Life-boat therefore returned towards the shore, but when nearing land a rocket signal was fired from the sloop. On observing it the Life-boat men at once went back to her and found that the occupants were anxious to be taken off. They were accordingly taken into the Life-boat and safely landed at 4 A.M. It proved fortunate that they changed their determination, for at 6 o'clock the vessel sunk.—Expense of service, 39l. 2s. 6d.

April 13.—**WINTERTON.**—*Margaret* Life-boat.—The No. 2 Life-boat was launched at 1 A.M. to the assistance of a vessel stranded on Hammond's Knoll. When about three miles out the boat was picked up by a steam-tug, and arrived about 7 A.M. at the ship, which proved to be the s.s. *Golden Horn*, of South Shields, derelict and laden with coal. The Life-boat men boarded her and, finding she had some water in her, commenced pumping and heaving the cargo overboard, the steam-tug being despatched to bring more tugs and more men. With this additional help the vessel was got afloat at 11 P.M. and was taken into Yarmouth Roads at 7.30 on the following morning. A strong wind blowing from the E. and S.E., she remained in the Roads until the 16th, her pumps being kept at work all the time and the coal still being taken out in order to lighten her. The weather having then moderated her anchor was slipped, and she proceeded for Harwich in tow of three tugs, the Life-boat accompanying her. That night she anchored eight miles E. of the Cork Light-vessel, the next morning getting under way again, but a thick fog set in, and she was compelled to anchor again, having arrived about a mile and a half from the light-ship. On the 18th a strong wind rose from the E.N.E., and as the seas were breaking over the ship a quantity of oil was poured overboard so as to still the waves as much as possible. On the 19th, after driving for three hours on the Cork Sand, all the men being in the Life-boat, with the exception of three who were on the vessel, she was, with the assistance of another tug, taken into Harwich Harbour at noon.—Property salvage case.

April 14.—**TEIGNMOUTH.**—*Arnold* Life-

boat.—At about 2 P.M. a vessel was seen running for the harbour whilst a strong E.S.E. wind was blowing and a heavy sea breaking on the bar. In trying to cross the bar she stranded in a dangerous position in the broken water at 2.30. The Life-boat was promptly launched and the Rocket Brigade assembled and fired three shots to the vessel, but in consequence of her distance from shore and the strong wind blowing they were unable to get a line on board. When the Life-boat reached her the master declined to leave her, stating that he would remain by her until dark. After waiting about half an hour the boat returned to the shore. About half an hour after she had reached the land signals for assistance were again shown by the vessel, and the Life-boat was again manned and taken out. On arriving alongside the master and crew wanted to be taken ashore, and the vessel's papers, charts and the crew's baggage, were put into the boat, when the captain again changed his mind and would not leave the vessel. One man and the ship's boy would not stay, but got into the Life-boat and were taken ashore together with the papers and baggage. At low water a salvage crew boarded the vessel, got her afloat on the following tide, but were compelled to beach her on entering the harbour, as she was leaking so badly that she could not be kept afloat. The coxswain and crew of the Life-boat remained on duty all night until the vessel was brought into the harbour in case their services should be again needed. The vessel was the galliot *Catherina*, of Emden, 110 tons, bound from London for Teignmouth.—Expense of services, 17l. 8s.

April 19.—CAISTER.—*Covent Garden* Life-boat.—Large red flares being seen on the Middle Cross Sand, and the Middle Cross, St. Nicholas, and Corton light-vessels firing rockets, the No. 1 Life-boat was launched. A great deal of difficulty was experienced in getting her afloat on account of the heavy sea. This, however, was overcome, and the boat, having crossed the Barber and Scroby Sands, shipping heavy seas all the time, found a fishing-smack ashore, but before it was possible to reach her she foundered, the crew, numbering six men, just managing to get clear of her in their own boat. The Life-boat sailed to them

and rescued them. Their boat was then nearly full of water, and the men were greatly exhausted, some of them being only partly clothed. The master of the smack, which was the *Boy Ernest* of Great Yarmouth returning from a fishing voyage, stated that he had only just time to get a box of lights and jump into the rigging or he would not have been able to make any distress signal at all.—Expense of service, 25l.

April 19.—MONTROSE.—*Bessie Webster* Life-boat.—The No. 2 Life-boat was launched at 10.30 A.M. to the assistance of eight Ferryden fishing-boats, each having a crew of four men on board, which had gone out fishing during fine weather earlier in the morning. A heavy sea suddenly coming on, the boats were compelled to haul in their lines and make for the harbour. As the tide rose the sea became rougher, and it was considered desirable that the Life-boat should proceed to the entrance of the harbour ready to assist the boats when they arrived. She was accordingly towed down by a steam-tug, then pulled out through the breakers, and attended each of the boats, following them closely astern until they had got safely in. Whilst the first boat was passing in, a heavy sea struck the Life-boat on the quarter; this broke the strength of the sea and saved the small fishing-boat from being swamped.—Expense of service, 7l. 10s. 6d.

April 21.—MONTROSE.—*Augusta* Life-boat.—The No. 1 Life-boat was launched at 11.45 A.M., some of the fishing-boats having been overtaken by a strong gale from the S.S.E., a heavy sea breaking on the bar; the weather was very thick and rain was falling at the time. The boat remained at the harbour bar until the Montrose boats got in, also four other boats, strangers to the port, and a small steamer, returning to her station, as no other vessels could be discerned, at 1.30 P.M.—Expense of service, 9l. 2s. 6d.

April 21.—GOURDON.—*Young George Irlam* Life-boat.—At 4 P.M., the Life-boat was launched in a strong S.S.W. wind and a heavy sea, and remained out three hours, rendering assistance to fishing-boats which had been overtaken by the storm.—Expense of service, 6l.

April 24.—NEWHAVEN.—*Michael Henry* Life-boat.—Information having been given to the Coxswain of the Life-boat that a vessel had been seen ashore off

Beachy Head, during a strong W.S.W. breeze, a heavy sea, and a thick fog, the Life-boat was launched at 10.40 A.M. and found the ship *Polynesia*, of Hamburg, broadside on the rocks between Birling Gap and Beachy Head, and being washed or driven in-shore as the tide rose. At the request of the mate of the vessel the Life-boat remained by her, as she was leaking badly, and at 4.30 the master and crew, sixteen in all, got into the boat and were brought ashore.—Expense of service, 9*l*.

MAY 3.—ST. MARY'S SCILLY ISLANDS.—*Henry Dundas* Life-boat.—The coastguard men at St. Agnes having signalled for the Life-boat, the boat put off at 6.50 P.M. in a very heavy sea and thick weather and proceeded to the Western Rocks, where the brigantine *Antres*, of and from Nantes, for Llanelly, with a cargo of pit props, and carrying a crew of six men, was found lying at anchor in a dangerous position between two rocky ledges and only a hundred yards distant from one of them, the Retarriers. A gig had put off from St. Agnes, but the crew found the sea too heavy to allow them to approach the vessel and therefore returned to the shore. Another gig afterwards got near enough to hail the ship, but also found the sea too heavy for her to remain. The Life-boat went alongside the *Antres*, and a pilot and three other Life-boat men boarded her and assisted the crew to get the anchor up. The Life-boat went ahead to tow her, and she was got out of danger and taken nearly three miles clear of the Bishop rock.—Expense of service, 18*l*. 16*s*.

COMMITTEE MEETING, 8th May, 1890.

Voted 16*l*. 7*s*. to pay the expenses of the Cemlyn, Winterton No. 2, Tynemouth No. 2, Saltburn, Newbiggin, Palling No. 2, Caister No. 2, Brancaster, Gorleston No. 1, North Berwick, Porthleven, Mullion, Hythe, and Margate Life-boats, in assembling their crews or putting off in reply to signals on occasions when their help was not eventually needed.

Also 2*l*. 10*s*. to one of the crew of the Aldeburgh Life-boat, who was hurt whilst assisting in the boat to rescue a shipwrecked crew, on the 8th April.

Also 25*l*. to the widow of one of the crew of the Brancaster Life-boat, who died from an illness occasioned by hurrying

to take his place in the boat, to proceed to the assistance of a vessel in distress on the 17th April.

Also 15*l*. 10*s*. to one of the crew of the Uppang Life-boat, who was injured at exercise on the 15th February.

MAY 10.—CULLERCOATS, NORTHUMBERLAND.—*Co-operator No. 1* Life-boat.—A strong sea having risen and a dense fog having come on, the Life-boat was launched at about 8.30 A.M. to the assistance of three fishing-boats whose return was rendered hazardous. The boat was taken over the bar, and tended each of the cobbles in.—Expense of service, 9*l*.

MAY 10.—GOURDON.—*Young George Irlam* Life-boat.—The fishing-boats being in much danger, in consequence of having been overtaken by stormy weather, the Life-boat put off to help them, and remained by them until they had entered the harbour. One boat, which arrived later than the others, was unable to effect an entrance, as the waves were breaking heavily at the harbour mouth; her crew of three men were therefore taken into the Life-boat and landed, their boat being brought in when the weather moderated.—Expense of service, 6*l*. 10*s*.

MAY 20.—EXMOUTH.—*Joseph Somes* Life-boat.—At 12.30 P.M., a fishing-boat was observed in distress outside the bar, a strong S.W. gale having sprung up suddenly accompanied by a heavy sea. The Life-boat was immediately launched, but before she could be reached the fishing boat was filled by a heavy sea and sunk, the man who was on board being fortunately rescued by another boat. As several other fishing-boats were out, and the wind and sea were increasing rapidly, the Life-boat proceeded to the bar to render any assistance that might be required. One boat in coming in was struck twice by the heavy seas and was in great peril, but accompanied by the Life-boat she succeeded in entering the harbour. The Life-boat again went out to the bar, and remained afloat until 4.30 P.M., when all the boats were safe.—Expense of service 9*l*. 10*s*.

MAY 20.—SALCOMBE.—*Lesty* Life-boat.—A sudden gale sprang up from W.S.W. accompanied by an exceedingly heavy sea. The Coxswain of the Life-boat managed to return to port in his fishing-boat and reported that there were five boats at the

back of the Bolt, and the wind was driving them towards the rocks. The Life-boat was therefore taken out to their assistance, some difficulty being experienced in launching her owing to the low tide, but at 1 P.M. she was on her way, and rescued three boats with eight men on board them. One boat had sunk, but her crew of two men were happily saved by one of the others, and the fifth boat contrived to reach the shore without assistance, not having been situated in so bad a position as the other boats.—Expense of service, 11*l.* 2*s.* 6*d.*

COMMITTEE MEETING, 12th June, 1890.

Voted 77*l.* 11*s.* 4*d.* to pay the expenses of the Margate, Lydd, Thurso, Tynemouth, West Hartlepool, Appledore, and Scilly Life-boats, in assembling their crews or putting off to the assistance of vessels which did not ultimately need their services.

June 14.—PALLING.—*British Workman* Life-boat.—The No. 2 Life-boat was launched at 9 A.M. during a strong breeze from the N. and a very heavy sea, signals having been fired by the North Float Light-vessel. The boat made for the Happisburgh Sands, and found the ketch *Thomas Owen*, of Portmadoc, laden with stone for London, sunk, and her crew of three men clinging to the fore rigging, the master having been knocked overboard by the vessel's boom and drowned. The rescue of the men was effected with much difficulty, as, owing to the heavy sea, the boat could not approach close to the vessel, and it was therefore necessary to drag them through the water by means of lines thrown from the Life-boat.—Expense of service, 16*l.* 12*s.*

June 14.—SCARBOROUGH.—*Queensbury* Life-boat.—A schooner bound for Scarborough being sighted about five miles off, two pilot boats went off to her, and whilst they were out the sea, which was very strong, increased considerably, and as it was observed that one of the cobbles appeared to be in danger, and it was doubtful whether she would be able to regain the shore, it was considered desirable to despatch the Life-boat to her assistance. The coble's crew of four men were taken into the Life-boat and their boat was towed safely into the harbour.—Expense of service, 10*l.*

June 16.—CAISTER.—*Godsend* Life-boat.—A fishing-dandy was seen, during a break in a thick fog at 10 A.M., stranded on the North Scroby Sand. A strong breeze was blowing at the time from the S., and there was a rough sea. The No. 2 Life-boat proceeded to her, and found her to be the *Florence Mary*, of Yarmouth, with a crew of six men, returning from fishing. At the master's request the Life-boat remained by her until the tide rose, when the sea became smoother, and the vessel floated off the sand.—Expense of service, 10*l.* 10*s.*

June 30.—NEWBIGGIN, NORTHUMBBERLAND.—*Robert and Susan* Life-boat.—The coble *Jane Isabella* and four other boats which had gone to the fishing ground were overtaken by a gale from the E.S.E. The four boats returned to port safely, but the *Jane Isabella* did not arrive, and as the storm was increasing the Life-boat was launched and picked up the coble about three miles out at sea, and accompanied her home.—Expense of service, 10*l.*

July 5.—NEWHAVEN.—*Michael Henry* Life-boat.—The Life-boat was launched at 4 P.M. and proceeded to the assistance of two fishing luggers, the *Louisa* and *Beauty*, of Brighton, each carrying a crew of three men, which were about sixteen miles out, riding to their nets and in danger, as the wind was blowing half a gale from the S.W. and there was a rough sea on. When the Life-boat reached them the storm had moderated, but she remained by them until they safely reached Brighton.—Expense of service, 15*l.*

July 7.—FERRYSIDE, CARMARTHEN BAY.—*City of Manchester* Life-boat.—Guns were fired at Llanstephan during a gale from the S.W. and a heavy surf with thick rain, and a signal of distress was afterwards shown by the smack *W. H. Treherne*. The Life-boat put off at 8.15 P.M., and rescued one man from the rigging of the vessel, which had dragged her anchors and sunk under Llanstephan Castle, the surf making a clean breach over her. The other member of the smack's crew of two men was ashore at the time of the casualty.—Expense of service, 16*l.* 8*s.*

July 8.—EASTBOURNE.—*William and Mary* Life-boat.—The barge *Eureka*, of Rochester, laden with linseed cake and oats, hoisted a signal of distress while riding at anchor in the offing in a strong

S. wind and thick weather, accompanied by a heavy sea. She appeared to be in much danger, her decks being swept by the seas which broke over her bows. As soon as the distress signal was seen no time was lost in getting out the Life-boat, and at about 5 A.M. she was launched from the transporting carriage at the Wish Tower, proceeded under oars to the distressed vessel, veered alongside, and after several attempts succeeded in taking off the master, his wife, and the crew of two men, and brought them safely ashore. About half an hour after the rescue had been accomplished the barge's cable parted, and she drifted ashore near Laugney Point apparently destined to become a total wreck, but some of her cargo having been taken out she eventually floated, and was towed by a steam-tug to Rye.—Expense of service, 16*l.* 15*s.*

COMMITTEE MEETING, 10th July, 1890.

Voted 17*3l.* 3*s.* 6*d.* to pay the expenses of the Winterton No. 2, Holyhead No. 1, Rhoscolyn, Polpear, Walton-on-the-Naze, Workington, Harwich and Aldeburgh Life-boats, in assembling their crews or putting off to assist vessels which did not eventually require the services of the boats.

Also 10*l.* to a helper injured at the exercise of the Eyemouth Life-boat on the 31st May.

Also 2*l.* to a helper injured at the exercise of the Lizard Life-boat.

Also 17*l.* 12*s.* to a man who was injured at the exercise of the Appledore No. 2 Life-boat on the 16th April.

July 19.—CEMAES, HOLYHEAD AND CEMLYN, ANGLESEY.—Intelligence having been received at these Life-boat stations on the morning of the 19th July that a steamer was stranded near the West Mouse, the crews of the Life-boats were summoned, and the boats proceeded to the scene of the disaster. The wind was blowing from the N.N.E. at the time, the sea was moderate and the weather hazy. The stranded vessel was found to be the s.s. *Gulf of St. Vincent*, of Greenock, bound from Liverpool for Valparaiso with a general cargo. The Cemaes Life-boat *George Evans* was the first to reach her, and found that part of the crew and the passengers had left for the shore in the

vessel's boats, and had landed at Cemlyn. The master, pilot, and a few of the hands remained on board. The Life-boat stayed by the vessel until other help arrived, and then returned ashore with telegrams from the master. The Cemlyn Life-boat on her way out met the steamer's boats and directed them where to effect a safe landing; she then proceeded to the vessel and remained in attendance until her services were no longer required. When the Holyhead No. 1 Life-boat *Thomas Fielden* arrived, the captain, pilot, carpenter, and those of the crew who remained had taken to their boat and were alongside the vessel. The Life-boat laid by until it was unsafe to stay near the ship, there being danger of her falling over or breaking in two. The master and pilot, who with the carpenter had again boarded the vessel, were taken into the Life-boat and transferred to a steam-tug, and the carpenter and other men made for the shore in their own boat. On the following day the steamer broke in two, one man being killed and another injured whilst trying to save some property from the wreck.—Expenses of service 26*l.* 8*s.* 6*d.*

July 19.—LOWESTOFT.—*Stock Exchange* Life-boat.—During a strong N.E. wind, a very heavy sea, and thick weather with rain, the No. 2 Life-boat was launched, two shrimping boats, named the *Edith and Alice* and *Don't Know*, belonging to Great Yarmouth, having brought up on Corton Flats about four and a half miles N. of Lowestoft, so close to the shore that they could not get away. The Life-boat was taken in tow by the steam-tug *Imperial*, and on arriving found the steamer *Rainbow* endeavouring to get ropes to the boats in order to tow them out. This was accomplished, but one of the lines (that attached to the *Don't Know*) broke. One of the Life-boat men was then put on board the boat, another rope was taken to the tug and the boats, each of which had one man on board, were towed into the harbour, the Life-boat following close behind under sail ready to render help in case either of the boats should be upset.—Expense of service, 16*l.* 7*s.*

COMMITTEE MEETING, 7th August, 1890.

Voted 50*l.* to pay the expenses of the Newhaven, Winterton No. 2 and Aldeburgh Life-boats in putting off to the help of

vessels not ultimately requiring their services.

Also 5*l.* to a Coastguardman who was injured while assisting to launch the Walton-on-the-Naze Life-boat on service on the 6th July.

Aug. 9. — GORLESTON, SUFFOLK. — Leicester Life-boat.—The trawler *Favourite*, of Great Yarmouth, whilst making for the harbour in a strong E.N.E. wind and a rough sea at night, grounded on the North Sand. She was observed from the pier, and the crew of the No. 2 Life-boat were summoned, and at 10.50 the boat proceeded to the assistance of the stranded vessel, veered down to her, and succeeded in taking off her crew consisting of five men. The wind being directly on shore the smack afterwards beat over the sand and drove on to the beach.—Expense of service, 14*l.* 10*s.*

Aug. 15.—SOUTHWOLD.—*Quiver No. 2* Life-boat.—The Coxswain of the Life-boat having observed signals of distress during a strong gale from the S.W., a very heavy sea, and hazy weather, summoned his crew, and at 8.45 A.M. the Life-boat was launched, and found that the vessel by which the signals had been shown was the brigantine *Vecta*, of Harwich, coal laden from Seaham for Ipswich. She was unmanageable, having lost her steering gear and some of her spars and sails. She was also leaking, and at the master's request the Life-boat men took charge of the vessel, her crew of five men being thoroughly exhausted, and with the assistance of a steam-tug took her into Yarmouth harbour.—Property salvage case.

Aug. 15.—PORT PATRICK, WIGTOWNSHIRE.—*Civil Service No. 3* Life-boat.—The schooner, *General Cathcart*, of and for Ballywalter, from Maryport, coal laden, was observed in distress during a strong gale from the W.N.W. and a heavy sea. The crew of the Life-boat were summoned, the boat was promptly launched, and rescued the crew consisting of four men, while the vessel was approaching the shore. She stranded about 200 yards N. of the harbour, and became a total wreck. The men were in a very exhausted condition from working the pumps to keep down the water, which was fast gaining on them, the vessel having sprung a leak.—Expense of service, 7*l.* 1*s.*

Aug. 19.—LOWESTOFT.—*Stock Exchange*

Life-boat.—It having been reported that a smack was ashore on the Newcome Sand, the No. 2 Life-boat was promptly launched at 3.35 A.M. and went alongside the vessel, which proved to be the *Frolic*, of Lowestoft, returning home from the fishing grounds. Some of the Life-boat men went on board the smack to render assistance, and eventually she drifted off the sand and sailed into the harbour. The Life-boat afterwards picked up a boat half full of water containing two of the crew, who had left the vessel previous to the arrival of the Life-boat.—Expense of service, 24*l.* 7*s.*

COMMITTEE MEETING, 11th Sept., 1890.

Voted 82*l.* 10*s.* 6*d.* to pay the expenses of the Gorleston, Cahore, Walton-on-the-Naze, Hastings, Broadstairs and Llanddwyn Life-boats in putting off to assist vessels which did not eventually need their help.

Sept. 20.—GORLESTON.—*Leicester* Life-boat.—The No. 2 Life-boat was launched at 3 A.M. to the assistance of the fishing dandy *Belinda*, of Great Yarmouth, which had grounded about 600 yards from the North Pier Head in a moderate gale from the S.E. and a very rough sea. In consequence of the wind and tide two attempts on the part of the Life-boat to reach the vessel were fruitless, but the third time she succeeded in getting alongside, and rescued the crew, consisting of six men. The boat was then compelled to ride at anchor until she was taken in tow by a steam-tug. The crew of the *Belinda* had launched their own boat prior to the arrival of the Life-boat, but it was almost immediately swamped.—Expense of service, 14*l.* 10*s.*

Sept. 20.—ABERSOCH, CARNARVONSHIRE.—*Mabel Louisa* Life-boat.—Signals of distress having been shown by the schooner *President Garfield*, of Amlwch, coal laden from Liverpool for Abersoch, which was lying at anchor in St. Tudwall's Roads during a moderate gale from the S.S.E. and a very heavy sea, the Life-boat put off to her assistance. The vessel had parted one of her cables, and the four persons on board, consisting of the master, his wife, and the crew of two men, being anxious to be taken off, were brought ashore

in the Life-boat.—Expense of service, 16*l.* 14*s.*

Sept. 20.—GROOMSPORT, IRELAND.—*George Pooley* Life-boat.—The ketch *Hobah*, of and for Falmouth, from Glasgow, laden with coal, ran ashore between Ballycormick Point and Groomsport whilst trying to obtain shelter during stormy weather. The circumstance having been reported to the Coxswain of the Life-boat he at once summoned his crew, and at 9.15 p.m. the boat was launched. Some of the Life-boat men went on board, and assisted to get the vessel afloat.—Property salvage case.

Sept. 28.—RHOSCOLYN, ANGLESEY.—*Ramon Cabrera* Life-boat.—The s.s. *Columbian*, of Liverpool, 3,300 tons, from South America, with 800 live cattle and a large quantity of cotton, struck on some detached rocks in Penrhos Bay in foggy weather. She fired explosive signals, and these being heard by one of the crew of the Rhoscolyn Life-boat, he at once went to the Life-boat Station and gave an alarm. At 4.45 a.m. the Life-boat was launched, proceeded to the vessel, and remained by her until she floated with the rising tide at about 6 o'clock. She had apparently received no damage, and was able to continue her course.—Expense of service, 14*l.* 10*s.*

Sept. 28.—RAMSGARN.—*Bradford* Life-boat.—In answer to guns fired by the Goodwin Light-vessels, the Life-boat in tow of the steam-tug *Aid*, left the harbour at 6.45 a.m. and found the s.s. *Grimm*, of Hamburg, bound from Antwerp for Montreal, with a general cargo, a crew of 33 persons and nine passengers, ashore on the East Goodwin Sand. The weather was foggy, a light N.W. wind was blowing, and the tide was low. On nearing the sand the Life-boat was slipped from the tug, went alongside the vessel, and the tug's large tow rope was passed to her and attached to the main mast. At 8.45 the tug commenced towing and continued until 10 o'clock at full speed, thus keeping the ship from being driven farther on to the sand by the strong westerly tide then running. Eventually the steamer was brought round to the eastward when her engines were set going at full speed astern, and the ship was towed afloat. The tow-rope was then slipped, and the tug and Life-boat accompanied the vessel to the South Foreland, where they left

her, as she was able to resume her voyage.—Property salvage case.

Oct. 3.—CLAFTON-ON-SEA.—*Albert Edward* Life-boat.—The second coxswain of the Life-boat reported to the coxswain superintendent that a barque had stranded on the S.W. Gunfleet sand, and on looking at the vessel with a telescope it was seen that she was showing signals of distress. The usual sound-signals were fired to summon the crew of the Life-boat; the boat was launched at 7 a.m. in a rough sea, a strong gale blowing from the W.S.W., and with all possible speed sailed to the scene of the wreck. She went across the Wallet to the Gunfleet West Buoy, experiencing some difficulty in crossing the sands, the tide being low, and then proceeded down the Swin towards the stranded barque. Whilst she was making for the wreck, two boats were seen to leave and go in the direction of the Gunfleet Lighthouse, and on coming up with these boats, they were found to contain the vessel's crew of eight men with their baggage. The men and their effects were taken into the Life-boat, one of the ship's boats was cut adrift, and the other, being a better one, was taken in tow. A signal was then made to the steamer *Albatross*, of Grimsby, to tow the Life-boat, and the master and crew very kindly did so, taking her as far as the Swin Spitway, when she was cast off, after which sail was set, and she returned to her station at 12 o'clock noon. Whilst in tow of the steamer the line of the ship's boat parted, owing to the heavy sea, and the boat was lost. The wrecked vessel was the *Larissa*, of Blyth, 315 tons, bound from North Shields for Sheerness with a cargo of coal.—Expense of service, 8*l.*

Oct. 8.—HARWICH.—*Duke of Northumberland* and Reserve Life-boats.—It having been reported by the crew of a smack that a vessel was ashore on the Cork Sands, the new steam Life-boat proceeded to sea at 12.30 a.m., on the 8th October, taking in tow the reserve Life-boat temporarily placed here whilst the station's own boat is being altered and fitted with the latest improvements. The Life-boats went to the Cork Lightship, and having ascertained the direction in which the stranded vessel laid, proceeded to her and found her to be the brigantine *Ada*, of Faversham, bound

from Hartlepool for London, laden with gas coal, and carrying a crew of six men. At the master's request the Boats remained by the ship until high water, when she was towed off by a steam-tug and taken to Harwich. The wind was blowing a fresh breeze from the N.E. at the time, accompanied by a moderate sea.—Expenses of service, 39*l.* 7*s.* 6*d.*

COMMITTEE MEETING, 9th Oct., 1890.

Voted 130*l.* 4*s.* to pay the expenses of the Mablethorpe, Braunton, Dunmore East, Broadstairs, Kingsdowne, Church Cove, Cadgwith, Clacton-on-Sea, Winterton No. 2 and Penarth Life-boats in assembling their crews or putting off, in reply to signals, to the help of vessels which did not eventually need their services.

Also 4*l.* to a man who was injured at the launch of the Kilmore Life-boat at exercise, on the 12th September.

Also 2*l.* 15*s.* to pay the medical expenses of a man injured at the exercise of the Eyemouth Life-boat, on the 31st May.

Oct. 13.—RHOSNEIGIR, ANGLESEY.—The smack *Dinas*, of and from Carnarvon for Rhosneigir, in ballast, with a crew of two men, was driven on the rocks in a heavy sea and a moderate S.S.W. wind. Six men put off in a shore-boat to her assistance and tried for some hours to get her afloat. Their efforts however failed, and as the sea was becoming heavier and the wind was increasing at 7.30 p.m., they were obliged to make signals for help. The Life-boat was thereupon launched, brought ashore the eight men, and succeeded in getting the vessel to a sheltered position.—Expense of service, 19*l.* 17*s.* 6*d.*

Oct. 16.—PREEL, ISLE OF MAN.—*John Monk* Life-boat.—The schooner *Richard*, of Runcorn, coal laden, from Whitehaven for Killough, with a crew of three men, was seen running for the harbour during a strong gale from the N.W. and a heavy sea. She had only a topsail which was much torn, all her other sails having apparently been carried away, and as it was feared that she would be unable to round the breakwater, and in that case would be completely wrecked, the Life-boat put off at 9.30 a.m., boarded her as she entered the bay, and assisted in getting out her anchor, etc. A large fishing-boat then arrived on the scene, and took a rope

from the schooner to the pier, and, with the combined help of the Life-boat men, fishermen and men on shore, the disabled vessel was got safely into port.—Expense of service, 8*l.* 14*s.*

Oct. 19.—NORTH BERWICK.—*Fergus Ferguson* Life-boat.—A small boat was observed in the Firth of Forth, apparently making for the shore, and as there was a heavy sea on the coast, the chief officer of coastguard hoisted a red flag to warn her not to attempt to land. The Life-boat was taken out, but as the tide was low the boat had to be conveyed on her transporting carriage some distance along the beach before a launch could be effected. On reaching the boat she was found to contain seven men, the crew of the steam trawler *Restless Wave*, of Granton, which had foundered about four miles from May Island. They were much exhausted and were taken into the Life-boat, which then made for the harbour, arriving there at about 2 p.m.—Expense of service, 10*l.* 13*s.* 6*d.*

Oct. 20.—HARWICH and ALDEBURGH.—Signals having been fired by the Cork Light-vessel, the Harwich steam Life-boat *Duke of Northumberland*, with the reserve Boat in tow, went out at 4 a.m., proceeded to the Light-ship, and was informed that a vessel was on the middle of the Shipwash Sand. A moderate gale was blowing from the N.W., there was a heavy sea, and the weather was clear and frosty. On nearing the sand the Life-boat men observed a tar-barrel burning on board the vessel which had stranded, and they at once made for her; the reserve boat was towed alongside, and the master engaged the services of the Life-boat crews to lighten the ship, which was the s.s. *Achilles*, of Sunderland, 913 tons, bound from Riga to London with a cargo of railway sleepers, and having a crew of twenty-one men. A portion of the cargo was thrown overboard, and at high tide the vessel floated. The steam Life-boat and the steam-tug *Harwich* then took her in tow and cut her clear of the sand, and she resumed her voyage to London. The Life-boat men were taken into their boats and returned to their station, which was reached at 6 p.m.—Property salvage case.

The Aldeburgh Life-boat *George Hounsfeld* also put off in response to the signals, and remained alongside the vessel

until she floated and all danger was passed.—Expense of service, 13*l*.

Oct. 29.—RUNSWICK.—*Margaret and Edward* Life-boat.—Three fishing cibles belonging to Staithe, which were unable to land there owing to the heavy sea, arrived at Runswick at 5.30 P.M., and their crews reported that three other cibles were following them, and asked that the Life-boat might be sent out to assist them. The Life-boat was therefore launched, proceeded to the bar and accompanied the three boats to the shore.—Expense of service, 11*l*. 12*s*. 6*d*.

Oct. 29.—CAISTER, NORFOLK.—*Godsend and Covent Garden* Life-boats.—During a strong breeze from the W.S.W., and thick weather accompanied by rain, rockets were fired from the Cross Sand Light-vessel at about 5.30 A.M. The No. 2 Life-boat *Godsend* was at once launched, sailed towards the light-ship, and on her way observed a large four-masted ship, which proved to be the *Nile*, of Glasgow, bound from Calcutta for Hull with a cargo of wheat and linseed, and having a crew of thirty persons, stranded on the inside of the Cross Sand with a heavy sea breaking round her. The Life-boat men boarded her, and their services were at once engaged to assist in getting the ship afloat. Some steam-tugs afterwards arrived, the No. 1 Life-boat *Covent Garden* was sent for, and on the following morning at 7 o'clock the vessel was got off the sand, and anchored in Yarmouth Roads.—Property salvage case.

Nov. 1.—ALDEBURGH.—*George Hounsfeld* Life-boat.—The coastguard on duty reported that guns were being fired and signal flags shown on board a vessel aground on the Shipwash Sands. A strong N.W. breeze was blowing, there was a moderately rough sea, and the weather was hazy. The Life-boat was launched at 8.40 A.M., and on reaching the vessel found her to be the schooner *Sensation*, of and for Dover, coal laden from the north. The crew of a smack had been engaged to get the vessel off, and the Life-boat remained by her until she floated at high water.—Expense of service, 15*l*. 10*s*.

Nov. 2.—BOULMER, NORTHUMBERLAND.—*Robin Hood of Nottingham* Life-boat.—The schooner *Katharine*, of Banff, bound from Bo'ness for Poole with a cargo of coal, struck on the North Steel Rocks, off

Boulmer, in a S.S.E. wind, and a high sea, foggy weather having obscured the lights. The Life-boat was launched at about 4 A.M., proceeded to the vessel, and finding her stranded and full of water, took off her crew of five men, and brought them safely to land.—Expense of service, 16*l*. 10*s*.

Nov. 6-7.—MOELFRE, ANGLESEY.—*Star of Hope* Life-boat.—During a very severe gale from the N.N.W., the Life-boat put off to the assistance of five distressed vessels, and rescued their crews numbering in all seventeen men. The boat was first called out at 7 P.M. on the 6th, and proceeded through a heavy sea which almost continually filled her, to the assistance of the schooner *Shisboy* which had been in collision with another vessel. The crew of three men were, at their request, taken into the Life-boat and placed for safety on board another vessel. The boat returned ashore about 11 P.M. and at 1.20 A.M. was again launched to assist the *Not Forgot*, of Chester, bound from Dublin to Preston with a cargo of barley, which was in danger of parting her cables. Her crew of four men were taken into the Life-boat and landed at about 6 P.M. At noon another call was received, and the boat again went out, and rescued the crew of three men from the schooner *Henry*, of Dublin, four men from the *Renown*, of Swansea, and three men from the *John Herbert*, of Carnarvon, all of which were in danger of breaking from their moorings.—Expense of services, 49*l*. 19*s*. 3*d*.

Nov. 6.—HOLY ISLAND.—*Grace Darling and Bombay* Life-boats.—A tar barrel was seen burning near the shore opposite Ross Links. The wind was blowing with almost hurricane force from S. by E., rain and sleet were falling, and the night was intensely dark. The inhabitants of the village were roused by sound rockets being fired, and the No. 1 Life-boat *Grace Darling* was launched, but so furious was the gale that it was found to be impossible to make any headway. Her crew therefore crossed the harbour in her, taking with them a cible containing fishermen, and hastened to man and launch the No. 2 Life-boat, the *Bombay*, and try whether their efforts would be effectual with that boat. With the help of the cible's crew, who had to go shoulder deep into the water, the boat

was launched, reached the vessel, over which the heavy seas were making a clean sweep from stem to stern, and, with considerable difficulty, the boat being frequently dashed against the wreck and having her bow damaged thereby, rescued the crew consisting of five men. The vessel was the schooner *Flower of Ross*, of Inverkeithing, bound from London for Leith with a cargo of cement and whiting.—Expenses of service, 44l. 9s.

Nov. 7.—GOLLESTON.—*Mark Lane* Life-boat.—Rockets and guns were fired by the Cockle and Middle Cross Sand and St. Nicholas Light-vessels, during a strong gale from S.W. by S., a very heavy sea, and thick weather, accompanied by rain. The Life-boat was launched at 2.20 A.M., and, on speaking the last-named Light-vessel, learned that flares had been seen in the direction of the Middle Cross Sand. Crossing the Scroby Sand at very great risk the Life-boat men sighted a vessel, which proved to be the s.s. *Roldal*, of Stavanger, coal laden from Methell for Gravelines. She had grounded on the outside of the sand, and had been driven over it for two hours to the spot where she was found on the inside of the sand, and had eight feet of water in her hold. With considerable difficulty and risk, occasioned by the vessel rolling heavily, the crew, numbering twelve men, were taken into the Life-boat, and, as there appeared a likelihood of the ship being forced into deep water, the boat remained near her in company with the Caister Life-boat, which had also arrived on the scene. As had been anticipated, the vessel floated, but, being wholly unmanageable, she drifted on to the back of the Scroby Sand, filled with water, and became a hopeless wreck. The Life-boat then made sail and stood in to windward of the Cockle Light-ship, where she was taken in tow and brought into port by the steam-tug *Express*, of Yarmouth.—Expense of service, 33l.

Nov. 7.—FLEETWOOD.—*Child of Hale* and *Edith* Life-boats.—While one of the severest storms known for years on this part of the Coast of Lancashire was at its height signals of distress were observed three miles out at sea on "Bernard's Wharf." The Life-boat signal gun was fired, and the No. 1 Life-boat was manned and launched at 6 A.M., and was soon proceeding on her errand of mercy in

tow of the steam-tug *Wardleys*. The few spectators witnessed a fine sight, the waves dashing furiously over the boat as she ploughed her way through the water, astern of the steamer. It was almost dark at the time, and soon they were lost to sight by those on shore, who kept an eager look-out for the stranded vessel. It was not until nearly seven o'clock that the hull of the barque loomed in sight to those ashore, and it was evident that but for the gallant services of the Life-boat men the crew would be lost. Having got well to windward the steamer let the Life-boat go, to drift gradually down on the barque. Here came the danger, and it required the most careful seamanship on the part of Coxswain Wright and his crew to prevent the Life-boat from either being dashed against the ill-fated barque, or shooting past the mark. When within a short distance, the boat was brought to an anchor, and allowed to float between 50 and 100 yards of the wreck, which was discovered to be the barque *Labora*, of Egersund, bound with logwood, for Fleetwood. The work of rescue at once began, and as it was utterly impossible either to board the barque from the Life-boat, or the Life-boat from the barque, the only mode left was to drag the crew through the water by ropes. A communication of this kind was established by the crew of the *Labora* throwing a buoy overboard with a rope attached, and this floated to the Life-boat. All the crew, who were on deck—numbering 13 in all—were rescued in this way, the captain being the last to leave the ship. That this was accomplished without the loss of a single life is greatly to the credit of the Life-boat men, but for whose brave efforts and untiring exertions the Norwegians would have found a watery grave. The work of rescue lasted above two hours, during which time the boat was filled with water, as she was repeatedly deluged with the waves. The Life-boat having accomplished her object, the coxswain hoisted sail and made all speed for Fleetwood, where he landed the rescued crew amid the ringing cheers of the spectators, who, notwithstanding the gale and driving rain, had by this time assembled in hundreds along the beach. A few hours later intelligence of another wreck reached the Life-boat Station.

Nothing daunted by their rough experience in the early morning, the crew again donned their life-belts and manned the No. 2 Life-boat *Edith*, which is a large self-righting sailing boat. They were again towed by the steamer *Wardleys*, and were much cheered by the crowd that had once more assembled. A magnificent sight was again witnessed, as the steamer and Life-boat dashed through the broken water in the channel, and by the time the Lighthouse was reached both were often lost to view by the seas breaking over them. Regardless of the drenching they received they held on their way, and soon the distance of five miles was covered, and the Life-boat gradually dropped down on the stranded barque, which proved to be the *New Brunswick*. The crew hailed with heartfelt thankfulness the approach of the Life-boat, but some difficulty was experienced in effecting the rescue, as all the masts and rigging were still dashing alongside the ship. To avoid the wreckage striking the Life-boat, and at the same time to get sufficiently near for the sailors to jump aboard, required great skill and judgment, as well as a cool head and steady nerve. Fortunately the crew of 11 men were eventually got into the boat, notwithstanding that the seas were breaking furiously over the stranded barque and into the Life-boat. The return journey was at once made, the Life-boat being towed part of the way and sailing the remainder. The crew were landed safely at Fleetwood, but in a most exhausted condition; it is probable that all would have been lost but for the timely arrival of the Life-boat. The Life-boats acted splendidly in the enormous seas they had to encounter, and gave the greatest satisfaction to their gallant crews.—Expense of services, 37l. 4s.

Nov. 7.—PORTMADOC.—*Caroline* Life-boat.—During a heavy gale from the N.N.W., the schooner *Louisa* was observed in the direction of the North Bank. At 8 A.M. the Life-boat was launched, went to the vessel and, at the request of the master, stood by her until 4 P.M., when a steam-tug from Portmadoc arrived and took her in tow.—Expense of service, 20l. 13s. 6d.

Nov. 7.—PENMON, ANGLESEY.—*Christopher Brown* Life-boat.—The Life-boat was called out on service, a vessel being

observed in distress, but, on reaching her, assistance was declined. A whole gale was blowing at the time, the sea was rough and the weather showery and very cold, and as several disabled vessels were running into the Straits the Life-boat cruised about ready to help any of them if it became necessary. About 10 A.M. the schooner *Undaunted*, of Plymouth, came in with a signal flying, she having lost her anchors, and drifted to leeward on the Lavan Sands. The Life-boat bore down on her, and took off her crew of five men. The boat then tried to beat to windward, but, after several tacks, she was caught by a sudden squall and capsized; she, however, soon righted herself, her crew and those whom they had rescued regained her, and the boat was beached at Aber where all landed.—Expense of service, 20l.

Nov. 7.—RAMSEY.—*Two Sisters* Life-boat.—During a violent gale from the N. and a rough cross sea with heavy rain-squalls, a signal of distress was observed on the steam dredger *Walter Bibby*, of Preston, which was riding heavily at anchor a mile and a half S.E. of the harbour. The Life-boat was promptly launched, and, after encountering some difficulty, owing to the violent gusts of wind and the rolling of the dredger, took off the crew of fifteen men and landed them in safety about a mile and a half S. of Ramsey, it being found impossible to beat back to her Station.—Expense of service, 13l. 9s.

Nov. 7.—PADSTOW.—*Arab* Life-boat.—The brigantine *Helios*, of Tönsberg, bound from Frederikshald for Bridgwater with a cargo of boards, was seen standing up channel and drifting to leeward during a whole gale from the N.N.W. The vessel was watched, and eventually was observed to alter her course and run for Padstow. She rounded Stepper point, and shortened sail, but, not having her anchors ready to let go, she was driven on the Doombur Sand. As soon as it was seen that she was coming into Padstow, the coxswain of the Life-boat had the boat launched, reached the vessel just after she had struck the bar, and took off her crew, consisting of seven men. The Life-boat shipped several heavy seas, but speedily freed herself from the water.—Expense of service, 6l. 18s.

Nov. 7.—PORT LOGAN.—*Edinburgh* and *R. M. Ballantyne*.—Two schooners, the

Janetta, of and for Donaghadee, from Workington, and the *Broughty Castle*, of Londonderry, bound for Strangford Lough, having been reported to be flying signals of distress in Luce Bay, in a whole gale from the N.N.W. and a heavy sea, the Life-boat was launched at 10.25 A.M., took off the crew, consisting of three men, from each of the vessels, and safely landed them about a mile S. of Drummore.—Expense of service, 24l. 1s.

Nov. 7.—ORME'S HEAD.—*Sunlight No. 1* Life-boat.—A vessel which proved to be the schooner *Planet*, of Carnarvon, bound from Runcorn for Plymouth with coal, was observed in distress in Llandudno Bay, whilst a strong gale was blowing from the N.E. with a raging surf. The Life-boat put off to her assistance at 11.20 A.M., and rescued her crew, numbering five men. The vessel, which had lost her sails, afterwards became a total wreck.—Expense of service, 12l. 18s. 6d.

Nov. 7.—LYME REGIS.—*William Woodcock* Life-boat.—The ketch *Rescue*, of Brixham, was observed about eight miles S.W. of Lyme at about 8 A.M. The wind was blowing a gale from the N.W., the weather was squally and the sea was very heavy. Some time afterwards she let go her anchor when about four miles distant in a S.E. direction, and showed signals of distress. The Life-boat proceeded to her at 11.45 A.M., and on arriving alongside, the master stated that he wanted assistance, the vessel having lost several of her spars and sails. A mainsail taken out by the Life-boat was taken on board and set with the help of some of the Life-boat men, and the vessel, which had a crew of four men, got safely into the harbour.—Property salvage case.

Nov. 7.—BULL BAY, ANGLESEY.—*Curling* Life-boat.—The Life-boat was launched at 2.30 P.M., and brought safely ashore, the crew consisting of five men from the schooner *John Clark*, of Fowey, bound from Runcorn for Plymouth with coal, which showed a signal of distress as she was riding heavily at her anchors in a strong gale from the N.N.W. and a heavy sea.—Expense of service, 21l.

Nov. 7.—ILFRACOMBE.—*Co-operator* No. 2 Life-boat.—The trawler *Pioneer*, of Brixham, hove in sight about four miles N.W. of the harbour, with a signal of distress flying, having had most of her sails blown away, besides sustaining other

damage. The wind was blowing a whole gale, and there was an exceedingly heavy sea on at the time. The Life-boat was launched at 3.45 P.M., proceeded to the vessel, and brought her and her crew of four men safely into the harbour.—Expense of service, 15l. 1s. 6d.

Nov. 7.—PORT ISAAC.—*Richard and Sarah* Life-boat.—While a heavy gale was blowing from the N.N.W., with a rough sea, the schooner *Golden Light*, of Penzance, bound from Newport, Monmouthshire, for Hayle with a cargo of coal, was seen about four miles off Port Isaac, apparently making for Port Quin Bay. A messenger afterwards arrived and reported that the vessel had anchored, and had lost her mainmast. As it was thought probable that she would need assistance, horses were promptly obtained, and the Life-boat was taken on her carriage, accompanied by her crew and launchers to Port Quin Cove, a distance of five miles. She was then got ready for launching, but it was found impossible to get her afloat until 10 P.M., when, after nearly two hours' hard pulling, she succeeded in taking off the vessel's crew of five men, and landed them at Port Isaac at 2.30 A.M.—Expense of service, 58l. 5s.

Nov. 7.—ST. ANNE'S.—*Brothers* Life-boat.—Signals of distress having been seen, apparently shown by a vessel stranded on the Salthouse Bank, the crew of the No. 2 Life-boat were summoned, and proceeded in a N. wind and a moderate sea to the schooner *Ebenezer*, of and from Runcorn, bound for Londonderry, with a cargo of salt. She had been drifting about in the Irish Sea during a fearful storm on the previous day, all her sails had been blown away, and she had sprung a leak, causing her to become waterlogged. The crew worked hard at the pumps to keep her afloat, but ultimately she drifted on to the Salthouse Bank, where she became a total wreck. Her crew of four men were taken into the Life-boat which then grounded, and was compelled to remain for some time, but at 5.25 on the following morning St. Anne's Pier was reached, and the men were safely landed.—Expense of service, 16l. 17s.

Nov. 8.—RHYL.—*Jane Martin* Life-boat.—In response to a message received to the effect that a vessel was in distress off

Prestatyn, the No. 2 Life-boat was at once taken on her carriage to a point half a mile E. of Rhyl Pier, and launched at 3.30 A.M. She cruised about the Hoyle for several hours, but failed to find any trace of the vessel; but at dawn she was observed on the main, stranded with sails set. The Life-boat men went alongside, hailed her several times, and, being unable to obtain any reply, boarded her and found that there was nobody on board. She was the schooner *Parton*, of Whitehaven, bound from Runcorn for Dingle, with a cargo of salt and coal. She floated with the flood tide and was taken to Mostyn. Her crew had left in their boat, and reached the shore.—Property salvage case.

Nov. 8.—GOURDON, ABERDEENSHIRE.—*Young George Irlam* Life-boat.—Several of the fishing boats belonging to this port were overtaken by a storm, the wind blowing strongly from the S.E. and the sea being very heavy. The Life-boat was launched and assisted four of the boats which were in need of help.—Expense of service, 7l. 17s. 6d.

Nov. 11.—ARBROATH.—*William Souter* Life-boat.—At 1.30 A.M. signals were heard from the eastward of the harbour, and the steamer *Orion*, of Glasgow, was seen to be in a dangerous position. The Life-boat was immediately launched and pulled out to sea. Meanwhile the steamer had stranded on the rocks about half a mile E. of the harbour entrance. The wind was blowing a strong gale from the S.S.E., and as a heavy sea was running it was difficult for the Life-boat to get alongside the vessel, the boat occasionally striking the ground, but eventually this was accomplished, and the crew of five men were got safely on board. The master when jumping into the Life-boat unfortunately fell against the boat's gunwale and received serious injury to his right side and arm.—Expense of service, 17l. 2s.

Nov. 11.—RAMSEY.—*Two Sisters* Life-boat.—The Life-boat was launched in response to a flare shown by a schooner in the bay, during a whole gale from the S.S.E., a very heavy sea and thick and very cold weather with rain. While being hauled off by the warp, which is laid out to an anchor to facilitate her getting off the beach, and when at some distance from the land, an immense wave broke into the boat, washed out one of the

crew, and snapped the cap of the fair lead, which holds the haul-off warp in position. The man was quickly rescued by two of his comrades, who gallantly held on to him through the heavy waves which broke over the boat. She was then brought stern to wind, and it was decided to ride at the warp until day-break, as it was utterly impossible to do anything in the darkness in the fearful surf, especially as the whereabouts of the vessel were not known. At dawn she was observed about a mile to the N. The Life-boat then ran down to her under oars, and, after two attempts, skilfully dropped alongside and rescued her crew of three men, who were in a benumbed condition, and safely landed them at about 8 o'clock. At noon the schooner was ten feet under water. She was the *Margaret*, of and for Belfast from Runcorn, laden with bricks and tiles.—Expense of service, 25l. 13s.

Nov. 11.—LYDD, DUNGENESS.—*R.A.O.B.* Life-boat.—A signal of distress was shown by the barque *Erwin Rickmers*, of Geestemünde, which had stranded off No. 2 Battery, Dungeness. The Life-boat was launched at 10.45 A.M., in a very heavy sea, the wind blowing a strong breeze from the S. and the weather being very thick with rain, and on reaching the vessel the master asked the Life-boat men to come on board and render assistance. Most of the men boarded the vessel, leaving two men in the boat to take care of her, helped to shorten and furl the sails, and remained until the next high tide, at 11 P.M., when an attempt was made to get the vessel afloat; this proved unsuccessful, but at 8 o'clock a steam-tug arrived and with its assistance the ship was got off the sand, and was towed into Dover Harbour.—Property salvage case.

Nov. 11.—DONNA NOOK.—*Richard* Life-boat.—The schooner *Sheltiel*, of Guernsey, bound from Portsmouth for Hull in ballast, was observed to strike on the Haile Sand. The crew of the Life-boat promptly replied to the call for their services, and at 12 o'clock, noon, the boat was launched in a rough sea with a S.E. wind, and reached the vessel just before she parted from her chain. At the master's request the Life-boat remained by her until she fortunately floated and was taken in tow by a steam-tug.—Expense of service, 16l. 16s.

Nov. 11.—WHITBURN.—*William and Charles* Life-boat.—Signal rockets having been observed in the direction of the S.E. end of Whitburn Stile, the crew of the Life-boat were summoned. The wind was blowing from the W.S.W., the night was extremely dark and foggy, and there was a heavy surf breaking at the Stile end. The water being low when the alarm was given, the boat had to be taken along shore about three hundred yards south, and when the tide had flowed sufficiently she was launched and proceeded to the vessel, which was the s.s. *Newark*, of Newcastle, bound from London for Sunderland in ballast, and took off her crew of twelve men.—Expense of service, 15*l.* 15*s.* 6*d.*

COMMITTEE MEETING, 13th Nov. 1890.

Voted 577*l.* 18*s.* 2*d.* to pay the expenses of the Walton-on-the-Naze, Aldeburgh, Saltburn, Walmer, Cromer, Winterton No. 2, North Deal, Broadstairs, Groomspout, Orme's Head, Harwich, Kingsdowne, Gorleston No. 1, Lowestoft No. 2, Hauxley, Jersey, Clovelly, Staithes, Caister No. 2, St. Ives, Workington, Cadgwith, New Brighton No. 2, Mablethorpe, Lytham, Penarth, Padstow, Portrush, Lydd, Llanddulas, and Ilfracombe Life-boats, in assembling their crews or putting off in reply to signals of distress, their services ultimately not being required.

The Ramsgate Life-boat was taken out twice, but her services were not needed.—Expenses paid by the Board of Trade.

Voted the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to WILLIAM M. PRESTON, Esq., Treasurer and Honorary Secretary of the Anglesey Branch, in acknowledgment of his general gallant services in saving life from shipwreck, and particularly for going out in the Penmon Life-boat and assisting to rescue the crew of five men of the schooner *Undaunted*, of Plymouth, in a severe gale on the 7th November.

Also the Silver Medal and a copy of the vote inscribed on vellum to E. C. KERR, Esq., Honorary Secretary of the Ramsey Branch, and to Mr. ROBERT GARRETT, Coxswain of the Ramsey Life-boat, in acknowledgment of their gallant services in the boat, especially on the occasion of the rescue of the crews of the *Walter Bibby*,

of Preston, and *Margaret*, of Belfast, on the 7th and 11th November.

The Committee specially recognised the good services rendered by Mr. JAMES PALTRIDGE during the ten years he occupied the post of coxswain of the Hastings Life-boat.

Voted 100*l.* to the widow of a man who was accidentally killed by being run over by the Orme's Head Life-boat carriage, when the boat was being taken out for service on the 7th November.

Also 2*l.* to one of the crew of the Peel Life-boat, who was injured while on service in the boat on the 16th October.

Also 5*l.* to one of the crew of the Ramsey Life-boat, who was injured while in the boat on service on the 7th November.

Nov. 13.—HARWICH.—*Duke of Northumberland* and Reserve Life-boats.—At about 10 A.M. the steam Life-boat was called out, and proceeded with the reserve Life-boat in tow to the upper part of the Long Sand, where the three-masted schooner *Christine Elisabeth*, of Haugesund, bound from Rotterdam for Moluccas, East Indies, with a general cargo, was found stranded. A pilot cutter and a steam-tug were lying abreast of her, and the master and mate of the schooner were found to be in the tug's boat, which also contained the master of the cutter and a pilot, the remainder of the ship's crew, four men, being on board the pilot cutter. The four men in the tug's boat were taken on board the steam Life-boat. The Life-boat men then got on board the vessel, worked at the pumps, and prepared her for towing off at the next tide. At midnight the schooner was towed off, and was taken between the Cork and Rough Buoys, when the weather became very foggy, rendering it necessary to anchor until daybreak, when the fog cleared off, and Harwich was reached at 8.30 A.M.—Property salvage case.

Nov. 13.—NORTH DEAL.—*Mary Somerville* Life-boat.—The coxswain of the Life-boat was called by the Coastguard, who reported that signals had been fired by the North Sand Head and Gull Light-vessels. He immediately summoned his crew. The Life-boat was launched at about 2.30 A.M. and proceeded towards the Goodwin Sands. Signals of distress were then shown by the vessel, and when near her the boat's anchor was

let go and she veered down to her. She was the barque *Terpsichore*, of Sandefjord, bound from Quebec for Shields, and had been damaged by collision with another vessel, and the spars and gear were hanging over the side. Some of the crew got into the Life-boat, but the officers and one or two of the men would not leave their vessel until daylight, being of opinion that as she was timber laden she would float again. At daylight the men were put on board the ship, and some of the Life-boat men also went on board and cleared away the débris from the side, that being a source of some danger to the Life-boat; eventually all hope of saving the vessel had to be given up, and her officers and crew, numbering in all fifteen men, were taken into the Life-boat and landed about noon, the boat being towed back to her station by the Ramsgate harbour steam-tug.—Expense of service, 24*l.* 10*s.*

Nov. 19.—CAISTER.—*Covent Garden* Life-boat.—At about 1 p.m. guns were heard in the direction of the Cross Sand. The wind was blowing a moderate breeze from the W.S.W., the sea was moderate and the weather was very thick. A yawl put off and sailed to the sand where the steamer *Carthagena*, of and for London from Cronstadt, with a cargo of wood, was found stranded. An attempt was made to get the vessel afloat at high water but it failed, and at dusk the master requested the yawl to return to the shore and send out the Life-boat to remain by him during the night. The No. 1 Life-boat was launched at 7 p.m., and laid by the vessel until 1.30 a.m., when she was got off and was taken to Yarmouth Roads.—Property salvage case.

Nov. 19.—WINTERTON.—*Margaret* Life-boat.—During a thick fog at about 5 p.m., a steam-tug came to the station, and reported that a large steamer was ashore on the Hasborough Sand. A yawl was lying by her, and she wanted the Life-boat and more men to stand by her for the night. The No. 2 Life-boat at once proceeded to the vessel, which was the s.s. *Etta*, of West Hartlepool, laden with timber. The Life-boat men boarded her, laid out anchors, threw overboard the deck cargo, and when she floated at about 10.30 p.m. she was taken to Yarmouth Roads.—Property salvage case.

Nov. 20.—HOLYHEAD.—*Joseph Whitworth* Life-boat.—At a few minutes before

6 o'clock in the evening signals of distress were observed between the breakwater light and the Skerries, in consequence of which the sound signals were at once fired by the Coastguard and the No. 2 Life-boat was launched, seven minutes only elapsing between the first signal and the boat being in the water. The boat proceeded under all sail outside the breakwater when a steam-tug came up and reported a barque ashore at Carmel Head, and that the crew were crying out for help, being in a most dangerous position. The tide was against the Life-boat, and it was therefore deemed prudent to secure the services of the tug and thus save time. On arriving at the vessel, which was the barque *Hudiksvall*, of Hudiksvall, bound from Liverpool for New York, in ballast, it was found that she had lost her fore and main masts, and that in falling they had destroyed all the boats. The crew, consisting of sixteen men, were on the upper rail of the vessel which was on her beam ends, full of water and fast breaking up, the seas washing clean over her. A rope from the vessel was caught by the Life-boat, which was thus enabled to get close enough to get the men off, they lowering themselves into the boat by means of ropes. On leaving the vessel the rescued men assisted the Life-boat crew by double banking the oars and helping to pull to the tug, which was lying about three quarters of a mile to windward; the boat was then taken in tow and arrived at her station at 9 p.m.—Expense of service, 26*l.* 10*s.*

Nov. 24.—LYDD.—*R.A.O.B.* Life-boat.—The Coastguard having reported that a vessel was making signals of distress by burning flares and firing rockets abreast of Dungeness Point, the crew of the Life-boat were immediately summoned and the boat was got out. At daylight the s.s. *Calypso*, of Bristol, laden with a general cargo, which had been lying at anchor and had been in collision with another steamer, appeared to be sinking. The Life-boat at once went to her, and at the master's request remained by her. A steam-tug which had arrived now took the *Calypso* in tow, eight of her crew being taken into the Life-boat, which was towed astern of the vessel. When off Sandgate the *Calypso* sunk, the Life-boat having just time to take off the remainder of her crew, six in number. The tug then

towed the boat to Folkestone, where the shipwrecked crew were landed.—Expense of service, 23*l.* 13*s.*

Nov. 25.—RAMSGATE.—*Bradford* Life-boat.—At 6.45 A.M. the Life-boat was called out to the assistance of a vessel ashore on the Goodwin Sands. The boat proceeded under sail with a fair wind, and found the three-masted schooner *Laura and Isabel*, of Troon, bound from Hartlepool for Plymouth with coal, stranded on the N.W. Spit of the sand with an ensign flying in her rigging. The Life-boat men were asked to assist in getting the vessel off, and, with the help of the harbour steam-tug *Aid*, this was accomplished, and the schooner, which was leaking badly in consequence of striking heavily on the sand, was taken into Ramsgate Harbour, arriving at 10 o'clock. She had a crew of six men.—Property salvage case.

Dec. 3.—NEWBIGGIN.—*Robert and Susan* Life-boat.—Twenty fishing-boats went out at 4 A.M. to the fishing-ground about 12 miles N.N.E. of Newbiggin Point. The boats had scarcely shot their lines, when a sudden gale sprung up from the N.N.E., the sea became very rough, and the fishermen were compelled to leave all their gear, and to make for home as soon as possible. The Life-boat put off to their help, and proceeding about 6 miles in a N.N.E. direction met several of the cobbles, and attended them safely into port.—Expense of service, 9*l.*

Dec. 4.—DROGHEDA.—At 3 A.M. the Life-boat temporarily placed here, while the station's boat was being altered and improved, was launched to the stranded steamer *Colleen Bawn*, of Drogheda. The wind was blowing a strong gale from the N.E., and the sea was very rough. The boat remained by the vessel for some hours, and then returned ashore, the Life-boat men having arranged with those on board the vessel as to signals to be shown should assistance be required. She was carefully watched, but the Life-boat men's services were not again called for.—Expense of service, 39*l.* 11*s.*

Dec. 4.—WINGHELSEA.—*Frances Harris* Life-boat.—In response to signals of distress the Life-boat was launched, and found the steam-tug No. 15, of and from Plymouth for London, disabled and stranded about 1 mile E. of the Life-boat house. A fresh breeze was blowing from the S.E., and the sea was rough. Her

crew of four men and two others who had boarded her, left the vessel, over which the sea was washing, and were landed by the Life-boat. The sea having moderated, the Life-boat again went off to the steamer, and assisted to free her propeller from a tow-rope which had become entangled with it, helped to get her afloat, and accompanied her to Newhaven.—Expense of service, 34*l.* 3*s.*

Dec. 6.—KESSEINGLAND.—*Bolton* Life-boat.—At about 9.45 A.M., signals of distress having been shown by the steamer *Empress*, of Dundee, which had stranded on the inner side of the Barnard Sand, the No. 1 Life-boat was launched, and, with the aid of a steam-tug, succeeded in getting the vessel afloat, and took her into Lowestoft Harbour. She was on a voyage from London to Newcastle with a cargo of lead ore, and carried a crew of seventeen men. A strong E.S.E. wind was blowing, the weather was very cold, and heavy seas were the steamer was lying repeatedly broke into the Life-boat, one of them carrying away her rudder, which, however, was soon replaced by a spare one which she had on board.—Property salvage case.

Dec. 10-11.—PLYMOUTH.—*Escape* Life-boat.—It having been reported that a large steamer was showing signals of distress outside the harbour, the Life-boat was launched at 10 P.M., and on reaching her found that she was the s.s. *Nepaul*, of Glasgow, bound from Calcutta for London with a general cargo. She had stranded on the rocks close to the Shagstone. At the master's request the boat remained by the vessel during the night, as an attempt to float her was to be made at high water, and it was desirable to have assistance at hand in case she should sink when got off the rocks. The passengers had already been landed by a pilot boat. At high tide there was so much water in the vessel that no attempt was made to get her off, and at 8 A.M. the Life-boat left her, returning to her at 3.30 P.M., it having been arranged to make an attempt to float her when the tide again rose. The boat remained by her until 6.15, but as it was impossible to get her off, her crew were transferred to one of the steam-tugs in attendance, and the Life-boat returned to her station.—Expense of services, 33*l.*

COMMITTEE MEETING, 11th Dec., 1890.

The Ramsgate Life-boat was taken out in reply to signals, but no service rendered.—Paid for by the Board of Trade.

Voted also the Silver Medal, a copy of the vote inscribed on vellum, and a money grant, to Mr. JOHN HUGHES on his resigning the post of Coxswain of the Bull Bay Life-boat, which he had filled for twenty-three years. During that period he had assisted in the Life-boat to save forty-two lives.

Also the Silver Medal of the Institution and a copy of the vote inscribed on vellum to Mr. ROBERT WRIGHT, Coxswain of the Fleetwood Life-boats, who had held that office twelve years, and had been connected with the service, having been formerly one of the crew, more than thirty years.

Also the Silver Medal and a copy of the vote on vellum, to Mr. ROBERT ROBERTS, Coxswain of the Penmon Life-boat, in recognition of his services on the occasion of the rescue of the crew of the schooner *Undaunted*, of Plymouth, on the 7th November, and for his long and good services in the Life-boat, extending over a period of thirty-four years.

Also 2l. to one of the crew of the Moelfre Life-boat who was injured while on service in the boat on the 6-7th November.

Also 15l. to the assistant coxswain of the Brighton Life-boat who was for some time disabled by an injury received at the exercise of the Life-boat on the 6th October, and 4l. 14s. 6d. in repayment of medical expenses.

Also 5l. to the coxswain of the Winchelsea Life-boat who was injured at the exercise of the boat on the 12th November.

Dec. 16.—WITHERNSEA.—*Admiral Rous* Life-boat.—A vessel having been reported

ashore off the end of the pier, the signal for summoning the Life-boat crew was at once fired, and at 3.15 A.M. the boat was launched. The vessel proved to be the dandy *Wainfleet*, of Grimsby, returning home from the fishing grounds; she was half full of water, and, as she was likely to become a total wreck, her crew, consisting of six men, were taken into the Life-boat and were brought safely to land. The morning was very dark and cold, a strong breeze blowing from S.E., and there was a choppy sea.—Expense of service, 33l. 2s.

Dec. 19.—ST. IVES.—*Exeter* Life-boat.—The schooner *Secret*, of and for Penzance from Porthcawl with a cargo of coal, which had brought up at anchor in the bay on the previous evening during a fresh S.E. gale, was obliged to get under way and beat out of the bay, the wind having shifted to the N., and blowing a very heavy gale. This she accomplished, but when she arrived outside the heavy seas which broke over her completely filled her decks, and she became unmanageable, and had to run back to St. Ives. There was not sufficient water in the harbour to enable her to enter, and she was therefore anchored, but her cables parted, and she was driven ashore on Porthminster Sand. The Life-boat was launched to her assistance at 2.45 A.M., took off her crew of four men, and after a hard pull, landed them in the harbour at about 3.45 A.M.—Expense of service, 16l. 8s.

Dec. 19.—FILEY.—*Hollon* Life-boat.—The fishing cobsles which had proceeded to the fishing grounds were overtaken by a strong breeze which sprung up suddenly from the S.E., and a rough sea, and as the weather appeared very threatening several of them returned to port, but six remained out working their lines. At about 10.50 A.M. the Life-boat was launched to their assistance, and on meeting each of the boats served out life-belts to their crews, all of whom safely reached the shore.—Expense of service, 8l. 2s.

Dec. 19.—SCARBOROUGH.—*Queensbury* Life-boat.—The Life-boat was taken out at 12 noon to escort five fishing cobsles round the pier-head, where the sea was breaking heavily. The wind was blowing a moderate gale from the S.E. The boat pulled to windward of each coble, and enabled them to enter the harbour in safety.—Expense of service, 10l.

Dec. 21.—KINGSDOWNE.—*Charles Hargrave* Life-boat.—At 6 A.M. the Life-boat was launched, signals of distress having been reported, and found that the ship *Bargany*, of Port Glasgow, from Iquique bound for Hamburg, had been run into by another vessel. She was lying at anchor in the Downs, and as it was feared that she would founder the Life-boat remained by her for some time. It was, however, ascertained that the damage she had received was not so serious as had been anticipated, and, no further help being required, the Life-boat was able to return to her station at 10 A.M. A strong E.N.E. wind was blowing at the time, and the heavy seas repeatedly filled the Life-boat, but she promptly freed herself from the water shipped.—Expense of service, 16*l.* 10*s.*

Dec. 31.—PENZANCE.—*Dora* Life-boat. The brig *Dorothy*, of North Shields, bound from Newcastle for Waterford with coal, which had been lying at anchor all day waiting for the weather to moderate, made signals at about 7.30 P.M. The sea was too rough for any ordinary boat to go off to her, and the Life-boat was therefore at once launched, and, as the master was anxious to run for the harbour, the Life-boat men brought the vessel safely into port.—Property salvage case.

Dec. 31.—Voted 115*l.* 16*s.* 2*d.* to pay the expenses of the Mablethorpe, Broughty Ferry, Palling No. 2, Hope Cove, Margate, Pakefield No. 2, Filey, Porthcawl, Morthoe, Walmer and Tynemouth No. 1 Life-boats in assembling their crews, or putting off to the aid of vessels which did not ultimately need assistance.

Also the Silver Medal and a copy of the vote inscribed on vellum to JOHN JONES, HUGH WILLIAMS, WILLIAM WILLIAMS (Quarry-

man), WILLIAM WILLIAMS (Grocer), and JOHN ROBERTS, and 1*l.* to these and seven other men in acknowledgment of their gallant and determined services in putting off in a shore-boat on the occasion of the wreck of the schooner *Ocean Queen*, of Padstow, off Llanddulas, in a whole gale from the N.W., and a very heavy sea on the 7th November. Seven times the boat was launched, the crew being frequently changed, and it almost seemed that all efforts to reach the vessel would be ineffectual; but on the eighth occasion the rescue of the four shipwrecked men was happily accomplished.

The sum of 2*l.* was also granted to the owner of the boat used on the occasion to enable him to repair the damage it received.

Dec. 11.—Voted the Silver Medal of the Institution accompanied by a copy of the vote inscribed on vellum and 1*l.*, to Mr. JAMES FOGG, master of the fishing smack *Osprey*; the Silver Medal, vellum and 2*l.* to GEORGE WILKINSON, one of the crew, and 1*l.* to J. R. THOMASON, boy cook, in acknowledgment of their gallantry in attempting to save the lives of the crew of the schooner *Jean Campbell*, of Wigton, which was in distress in Morecambe Bay, in a strong gale from the N.N.W., and a heavy sea, on the 7th November. Whilst the *Osprey* was returning home, having

lost her jib and mainsail, the distressed vessel was sighted, and on being appealed to for help Captain FOGG caused his punt to be launched. The boat was manned by GEORGE WILKINSON, and two other men and with great difficulty took off the schooner's crew consisting of three men; but in returning to the smack, the punt was swamped and of her six occupants only GEORGE WILKINSON was saved. He was rescued by Captain FOGG, assisted by the boy; but the smack having been further disabled and there being only the master and the boy on board, the other men drifted to windward and it was unhappily impossible to save them.

Also the Silver Medal, copy of vote on vellum and 1*l.* each to PETER FERNIE and WILLIAM RIACH, and 1*l.* each to five other men for wading into the water and at great risk rescuing the crew of three men from the German smack *Industrie*, which had stranded near Cluny Harbour, Buckie, in a strong N.N.E. gale, and a very rough sea on the night of the 26th October.

Also the Silver Medal and vellum to DAVID ROBERTS for going out with other men in a shore-boat on two occasions to the rescue of the crew of the *Ocean Queen*, of Padstow, which had stranded off Llanddulas in a gale from the N.W. on the 7th November.

ROYAL NATIONAL LIFE-BOAT INSTITUTION,
14, JOHN STREET, ADELPHI, LONDON, W.C.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, “L. C. Wyon.” Double legend, “Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness.”
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. “W. Wyon, Mint.” Inscription, “Let not the deep swallow me up.”

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The following is a List of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1890, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,145, 97 of which were in Gold, and 1,048 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G^d.—Coast Guard. B. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability, and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 300 Life-boat Stations of the NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy. The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

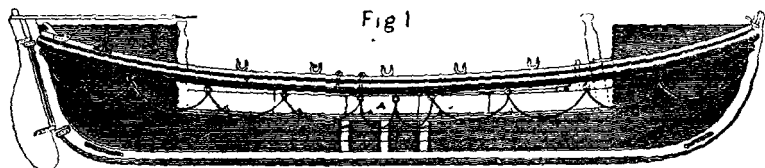

In Figure 2, the unshaded space, A, represents the uncovered part of the deck;

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

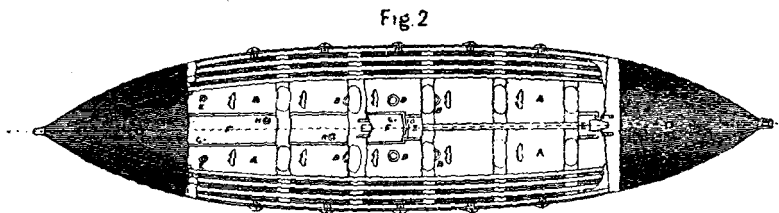

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

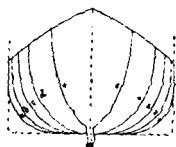

THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT

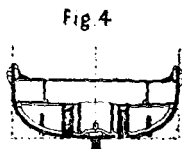

PROFILE

DECK PLAN

BODY PLAN

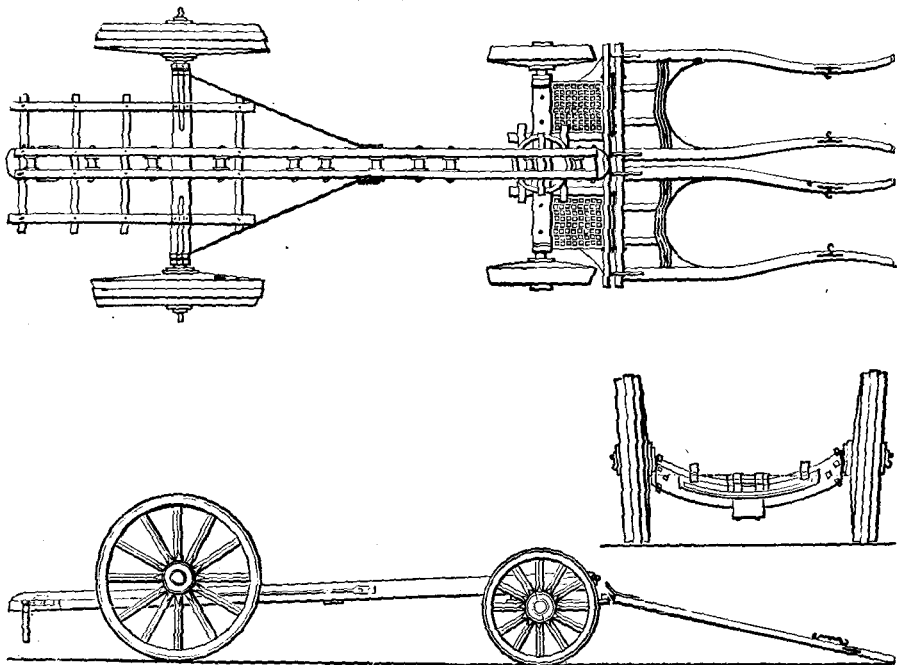

MIDSHIP SECTION

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

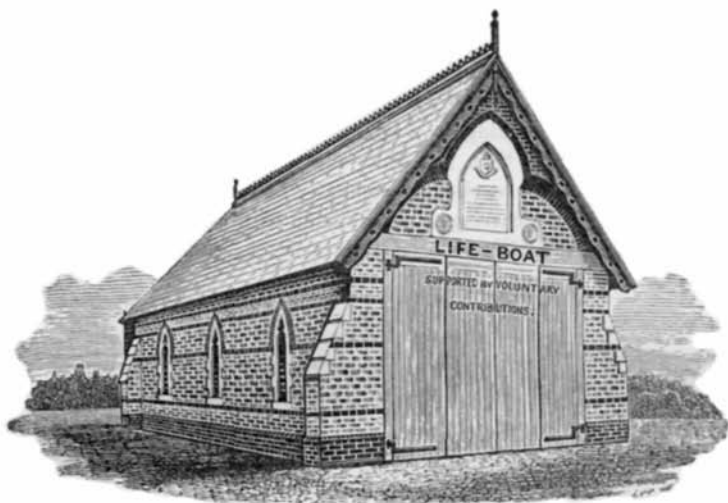

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilge ways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, and as many boatmen as the boat pulls oars. The members of the volunteer crews are registered, and wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen, or Coastguardmen. On every occasion of going afloat to save life, the coxswain and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck at such a distance along the coast as not to be in sight of the Coastguard Station or other look-out.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The average cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	£700
Skids, and Transporting-carriage	350
Boat-house	
Total	£1,050

The average Annual Expense of maintaining a Life-boat Station is 70*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 300 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 35,443 lives.

Despite, however, this fleet of 300 Life-boats, and of 30 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that an average of 650 lives are lost annually on and around our own shores alone, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs a permanent income of about 50,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

APPEAL.

THE COMMITTEE OF MANAGEMENT have to state that during the past year (1890) the ROYAL NATIONAL LIFE-BOAT INSTITUTION expended £64,890 on its 303 Life-boat Establishments.

GENERAL SUMMARY OF THE WORK OF THE INSTITUTION DURING 1890.

The number of Lives saved either by the Life-boats of the Society, or by special exertions for which it has granted rewards since its formation, is 35,800; for which services 97 Gold Medals, 1 Gold Clasp, 1,061 Silver Medals and Clasps, 197 Binocular Glasses, 15 Telescopes, 4 Aneroid Barometers, 1,333 Votes of Thanks, inscribed on vellum and framed, 17 Certificates of Service framed and £117,300 have been given as Rewards.

The Committee earnestly appeal to the British Public for Funds to enable them to maintain their 303 Life-boats now on the Coast and their Crews in the most perfect state of efficiency. This can only be effected by a large and permanent annual income. The Annual Subscriptions, Donations and Dividends are quite inadequate for the purpose. The Expenditure in 1890 was largely in excess of the Receipts. The deficiency had to be met from Legacies and other funded Capital. The Committee are confident that in their endeavour to provide the brave Life-boatmen, who nobly hazard their lives in order that they may save others, with the best possible means for carrying on their great work, they will meet with the entire approval of the people of this the greatest maritime country in the world, and that their appeal will not be made in vain, so that the scope and efficiency of our great Life-saving Service, of which the Nation has always been so proud, may not have to be curtailed.

Annual Subscriptions and Donations are earnestly solicited, and will be thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, London; by the Bankers of the Institution, Messrs. COUTTS and Co., 59 Strand; Messrs. HERRIES, FARQUHAR, and Co., 16 St. James's Street; Messrs. HOARE, 37 Fleet Street, London; and by all the other Bankers in the United Kingdom.—May 1st, 1891.
