(ISSUED QUARTERLY.)

VOL. XV.—No. 168.]

1ST MAY, 1893.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at St. Martin's Town Hall, Charing Cross Road, on Saturday, the 18th day of March, 1893, HIS ROYAL HIGHNESS THE PRINCE OF WALES, K.G., in the Chair, the following Report of the Committee was read by the Secretary:—

### ANNUAL REPORT.

1893.

It is now nearly seventy years since the ROYAL NATIONAL LIFE-BOAT INSTITUTION came into existence, but never has its usefulness been more fully demonstrated and its progressive strength more clearly marked than in the year gone by. Every possible effort has been made by the Committee to increase the efficiency of the service, and to obtain from the public that measure of support which the importance and national character of the work demands. They are glad to feel that their efforts have not been altogether in vain, and that help has been given in response to their constant and urgent appeals.

The Steam Life-Boat—the first ever built—added by the Committee to the Institution's fleet two years ago, was inspected by His Royal Highness the Prince of Wales and His Imperial Majesty the German Emperor in August last. She still continues to fulfil all expectations as to her suitability for life-saving purposes. Having tested her powers thoroughly and satisfac-

torily at Harwich for a year and a half, the Committee removed her in the autumn to Holyhead, with a view to ascertain whether similar results would be obtained in a sea of a different character. They are fully satisfied with the result, and excellent life-saving services have already been rendered by the Boat at her new station. It has been decided to still further test her later on at the mouth of the Mersey. So satisfied are the Committee with their first experiment in steam, that they feel it is incumbent on them to take the necessary steps for building a second steam Life-boat, to include the various improvements suggested by past experience. This will entail a very heavy outlay, quite irrespective of the large expenditure required for the maintenance of the Boat. It must not be lost sight of, however, that such boats would only be suitable for a limited number of stations, and that the cost of the construction and maintenance of a steam Life-boat being so large, any further extension of the system can only be effected if the necessary funds are guaranteed for the purpose.

*Competitive Life-boat Trials.*—The Competitive Trials with sailing Life-boats, carried out by the Institution at Lowestoft last winter, the results of which were subsequently published, may be looked upon as a part of the most important programme ever produced in Life-boat matters, and there is no doubt that the Life-boat of the future will in no small degree be the outcome of those trials, which although they entailed the expenditure of several thousand pounds, have already tended to increased confidence and efficiency. The similar trials with pulling Life-boats, which have recently taken place at Montrose, will doubtless produce equally important results.

*Life-boats.*—The Service has been strengthened during the past year by the establishment of three new stations, each of which has been supplied with a fully equipped Life-boat. The new stations are as follows:—

Culdaff . . . . .	Co. Donegal.
Dungeness No. 2 . . . . .	Kent.
Gorleston No. 3 . . . . .	Suffolk.

Steps are also being taken to form new stations, as soon as the necessary arrangements can be made, at:—

Barry . . . . .	Glamorganshire.
Folkestone . . . . .	Kent.
Greenore . . . . .	Co. Louth.
*Port of Ness. . . . .	Island of Lewis.

In addition to the new stations formed in 1892, new boats, possessing the latest improvements and the special qualifications necessary for the localities for which they were built, were after full consultation with the Local Committees, Coxswains and the crews interested, sent to eighteen other stations, viz. :—

Port Erin.

The new Tubular Life-boat sent to Pwllheli in 1891, has, at the request of the coxswains and crew, been replaced by a self-righting boat, and an improved and almost new boat has taken the place of the old Gorleston No. 1 boat.

The boats at twenty other stations have also been provided with improvements, such as water-ballast tanks of the best description and drop keels, and further stations will be supplied with new or improved boats with as little delay as possible.

The conditions of the Forfarshire coast having somewhat changed during the last few years, the Committee recently decided to close the Montrose No. 3 station, and also, for a similar reason, to withdraw, as soon as the necessary arrangements have been completed, the smaller of the two boats stationed at Fleetwood on the Lancashire coast. One of the boats at New Brighton has also been withdrawn. The Institution's fleet consisted, at the close of the year, of 304 Life-boats.

*Transporting Carriages.*—During the year the Committee have been more successful than for some years past in their efforts to build thoroughly efficient transporting carriages for the Life-boats, constructed of really well-seasoned wood, seasoned elm of the class and size required for the felloes of the wheels being very scarce. In 1891 only six new carriages

were sent to the coast, but in 1892 as many as thirty were supplied.

*Tipping plates.*—Greater efficiency in launching has been secured at nine stations during the past year by the provision of Tipping's sand-plates, which continue to give great satisfaction wherever they are used.

*Inspection of Life-boats, &c.*—All the Life-boats of the Institution have been inspected by the District Inspectors during the past year, and on each occasion a detailed report has been forwarded to the Chief Inspector for submission by the Secretary to the Committee. Reports have also been duly submitted in those cases where it has been found necessary for the District Inspectors to pay special visits to stations or inland branches, either for the purpose of Life-boat demonstrations, to investigate abuses or irregularities, or for other purposes.

*Shipwrecks.*—The weather record for 1892 shows frequent storms and bad weather on our coast, requiring the constant services of the Life-boats and their crews. During the year the Life-boats were launched 340 times on service and 1,013 times for exercise, besides which crews were assembled thirty-two times in readiness for service, when their aid was not ultimately needed. It is a matter for the deepest satisfaction and congratulation that, notwithstanding the risk so often incurred by the many thousands of Life-boat men who were afloat in the boats during the year, not one lost his life on rescue duty. This is very remarkable considering the danger to which the men were so frequently exposed. On the 23rd December, when the Kingstown No. 2 Life-boat was returning from a night surprise exercise, one of the crew, becoming apparently frightened by the boat missing stays and striking on the rocks near the pierhead, jumped overboard and having no life-belt on was unfortunately drowned, notwithstanding the efforts made to save him. Minor casualties, entailing broken bones, contusions, cuts, etc., have not been infrequent, but in every instance

the sufferer has received full compensation from the Institution.

The conduct of the coxswains and the crews of the Life-boats—speaking generally—has been all that could be desired during the past year, and the steps taken by the Committee to secure the services of the best men for the work has met with no small degree of success.

The number of lives for the saving of which the Committee granted rewards in 1892 was 1056, 836 of these having been saved by Life-boats, and 220 by shore-boats. The details of the services are given in the following Table:—

*Rewards.*—The rewards bestowed in 1892 by the Committee for the saving of life from shipwreck or for efforts with personal risk to do so, and in acknowledgment of other meritorious services rendered to the cause, comprised 14 Silver Medals, 2 Silver Second Service Clasps, 1 Silver Third Service Clasp, 1 Silver Fourth Service Clasp, 19 Binocular Glasses, 1 Aneroid Barometer, 42 Votes of Thanks inscribed on vellum and framed, 14 Certificates of Service framed, and 8,482*l.* 17*s.* 1*d.*, including grants for injuries received in the Service, etc.

On the 31st December last the Institution had granted altogether in rewards since its establishment in 1824, 98 Gold Medals and Clasps, 1,091 Silver Medals and Clasps, 216 Binocular Glasses, 15 Telescopes, 5 Aneroid Barometers, 1,394 Votes of Thanks inscribed on vellum and framed, 32 Certificates of Service framed, and 130,223*l.* 11*s.* 7*d.* in money.

*Aneroids.*—There has been a steady demand during the year for the Aneroid Barometers supplied by the Institution to fishermen and small coasters at about a third the retail price, 85 having been sold to fishermen and 22 to coasters, making a total of 107, and bringing up the number of these really useful and valuable instruments thus disposed of since June, 1882, to 3,239.

During the year many wrecks in non-navigable waters round our coasts, constituting a serious danger to the crews of the Life-boats in the discharge of their meritorious life-saving duties, have

been dispersed by the Elder Brethren of the Trinity House under authority from the Board of Trade. This has been done under the provisions of the Removal of Wrecks Act 1877, Amendment Act 1889, the passing of which was so happily promoted and secured by the Institution three years ago.

In April last the Chairman of the Institution, on behalf of the Committee, moved a resolution in the House of Commons that a complete system of electrical communication should be provided by the Government between all coastguard stations and signal stations on the coast of the United Kingdom, and that the Postal Telegraph Offices should be similarly connected on such parts of the coasts where no coastguard stations existed, the object being to give the earliest possible information to the Life-boat authorities, that the Life-boats were required for service; and further, that a Royal Commission should be appointed to consider the desirability or otherwise of electrically connecting the rock-light-houses, lightships, etc., with the shore. This resolution, which was supported by every shade of politics in the House, was agreed to without a division. Since then every effort has been made by the Institution to push on this great work, and the Committee are glad to be able to recognise the untiring zeal which has been exhibited by the officials of Her Majesty's Post Office in their endeavours to make the system as complete and useful as possible, and to lay out to the very best advantage the funds granted them by the Treasury for the purpose. Lives have already been saved by the Life-boats as a result of this new system, and much is expected as the outcome of the recommendations of the Royal Commission. From a life-saving point of view, the system which the ROYAL NATIONAL LIFE-BOAT INSTITUTION has been the fortunate instrument of establishing, will in all probability prove in its results to be one of the most important events of the present generation.

*Local Committees, etc.*—The grateful acknowledgments of the Institution are due to the Local Committees and to their Honorary Secretaries and Treasurers for the valuable and very important aid which they continue to give to the cause. Without such a staff of voluntary officers, ever ready to co-operate in promoting the interests and efficiency of the Service it would be impossible to carry on the work. Much has been successfully done during the past year by the Public Press to stir up an interest in the objects of the Society, and to remind the Public of the claim it has for support on the people of a great maritime nation such as ours. For this powerful advocacy the Committee have to return their best and cordial thanks, as well as to all those who have in any way endeavoured to assist them. Too much cannot be said of the self-denying and strenuous efforts of those kind friends, notably in Lancashire and Yorkshire, who have endeavoured by means of "Life-boat Saturday" demonstrations, and the formation of Ladies' Committees, to add to the funds of the Institution. The first "Life boat Saturday" was held at Manchester and Salford in 1891, and the example then so well and successfully set and repeated during the past year has been followed by the good people of Brighouse, Bury, Clacton-on-Sea, Crail, Douglas (Isle of Man), Dundee, Ilfracombe, Montrose, Preston, Runcorn, Stockport, Teignmouth and Warrington; besides which special collections have been made at, among other places, Bolton and Wolverhampton. In these demonstrations all classes of society have worked with a will to make the effort really successful, and to everybody who has either directly or indirectly contributed help, the Committee have to express their warmest thanks. Many of the Clergy and Ministers of all denominations have kindly caused collections to be made on behalf of the Institution's funds in their churches and chapels, and partial success has attended the attempt made to establish a "Life-boat Sunday" throughout the length

and breadth of the land. The Committee trust that the "Life-boat Saturday" and "Life-boat Sunday" collections which have been made during the past year are merely a sample of what is to be in the future, and they look forward to the time when the Life-boat Service will be maintained, not as hitherto, almost entirely by the contributions of the monied classes, but also by the many pence of the masses, all being equally dependent on our ships and sailors for the common necessities of daily life. With the view of helping forward the movement which has been so satisfactorily started in this direction, the Committee have decided to appoint an Organizing Inspector, whose principal duty it will be to promote special collections for the cause and to form new inland branches.

*Finances.*—The subscriptions, donations, dividends, etc., amounted at the close of the year to 58,654*l.* 3*s.* 5*d.*, as against 65,486*l.* 18*s.* 6*d.* in the previous year, the decrease being almost entirely due to a diminution in the amount received in special gifts, which produced only 7,125*l.* for the following Life-boat establishments:—

The expenditure for the year, which was far in excess of that of any year since the establishment of the Institution in 1824, amounted to 80,416*l.* 10*s.* 2*d.*, so that the Committee not only expended all the moneys they received from the ordinary sources of revenue, but were compelled, in order to meet their liabilities, to spend in addition 21,888*l.* 15*s.* 1*d.* of their legacy money instead of carrying it to capital as they would have wished to do. The disbursements included 13,445*l.* 15*s.* for the building, improving and repairing of Life-boats; 5,707*l.* 6*s.* 11*d.* for Life-boat Carriages and Tipping's Sand-plates; 9,376*l.* 6*s.* 3*d.* for Life-boat Houses and Slipways; 19,294*l.* 10*s.* 4*d.* for Life-boat Stores, Life-belts, Subsidies to outlying Stations, Branch payments, Aneroids for fishermen and coasters, the

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 37,257.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COUTTS AND CO., 59 Strand; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

### The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 14 John Street, Adelphi, London, W.C.

## GOD HELP OUR MEN AT SEA.

## List of the Rewards

FOR SAVING LIFE FROM WRECKS

## VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS AND TO OTHER PERSONS,  
FROM THE 1st JANUARY TO THE 31st DECEMBER, 1892.

Jan. 4.—BALLYWALTER, Co. DOWN.—Temporary Life-boat.—While a moderate gale of wind was blowing from the N.N.E., with strong hail squalls and a heavy sea, signals of distress were seen in the direction of the Ship Rock, about a mile and a half N. of the Life-boat house. The Life-boat temporarily placed here while the station's boat was being altered was launched and, on reaching the rock, found that the steam-tug *Defiance*, of Greenock, had stranded there. A very heavy sea

was breaking round the vessel but, as she was lying head to wind and sea, there was every prospect that when the tide rose she could be floated off the rock. The Life-boat remained by her until this was accomplished and the vessel was able to proceed to Donaghadee harbour, the boat regaining her station at 10.30 A.M.—Expense of service, 18*l.* 3*s.* 6*d.*

Jan. 5.—WEXFORD.—*Andrew Pickard* Life-boat.—The fishing-yawl *Liberator*, of Wexford, grounded on the N.E. side of

the Dogger Bank, while returning to port from the fishing grounds in a strong N.W. gale and a rough sea. The Life-boat promptly went to her assistance and, finding that it probably would be possible to get her off the sand with the assistance of an anchor, the Life-boat men laid out one, to which the Life-boat's cable was attached, and at flood-tide the vessel was hauled into deep water. — Expense of service, 21*l.* 5*s.*

Jan. 7.—DOUGLAS.—*Civil Service No. 6* Life-boat.—At 6.15 P.M. the Life-boat put off to the assistance of the schooner *Broughty Castle*, of and for Portaferry from Dublin in ballast, which, having dragged her anchors in Douglas Bay, showed signals of distress as she had drifted into a dangerous position. The weather was squally and there was a rough sea. Her crew, consisting of three men, were taken into the Life-boat and safely landed.—Expense of service, 23*l.*

Jan. 7.—LYNMOUTH, NORTH DEVON.—*Louisa* Life-boat.—A schooner, *The Saint*, of Runcorn, bound from France for Portmadoc with hay, straw and ballast, having been dismasted off The Smalls in a N.W. gale on the 5th January, was taken in tow by a large steamer; but on the 7th January, at 8 P.M., the tow-rope parted and the two vessels lost sight of each other in a hailstorm. The steamer searched for hours but was unable to recover the schooner which drifted towards the rocks bounding Lynmouth Bay and was observed at 9.50 P.M. by the assistant coxswain of the Life-boat. In ten minutes the Life-boat was launched, proceeded through a very heavy sea, and with great difficulty, the boat being frequently filled with water, reached the vessel and took off her crew, consisting of five men.—Expense of service, 29*l.* 17*s.*

The schooner held to her anchors, the gale having abated, and on the following day the Life-boat again went to her, the weather being still too rough to allow any ordinary boat to go to sea, put the crew on board, rendered other services, and ultimately she was towed away by a steam-tug, and was taken to Cardiff.—Expenses paid by the owner of the vessel.

Jan. 8.—NORTH SUNDERLAND.—*Thomas Bewick* Life-boat.—The fishing-cobles *Morning Star* and *Mary and Ann*, of North Sunderland, were overtaken by a heavy sea while fishing and, as they were

in danger, the Life-boat was launched at 1.15 P.M., and brought them safely into the harbour.—Expense of service, 14*l.* 5*s.*

Jan. 8.—DUNGARVAN, CO. WATERFORD.—*William Dunville* Life-boat.—At 1.20 P.M. the Life-boat was launched, a signal of distress having been shown by the fishing cutter *John*. It was found that the boat had lost her mast, which in falling had injured most of her crew. She had a jury-mast rigged up with an old sheet flying as a signal of distress. One man, who had his arm severely injured, was taken into the Life-boat and brought ashore, but the others remained on board their vessel, as a hooker, with the owner of the boat on board, had come out to their assistance.—Expense of service, 16*l.* 18*s.* 6*d.*

Jan. 10.—ST. IVES, CORNWALL.—*Exceter* Life-boat.—At 12.15 A.M. the Life-boat was launched, it having been reported that a vessel lying about five miles W. of St. Ives Head was burning flambeaux and blue lights. A strong N. gale was blowing and there was a very heavy sea. At 1 o'clock a terrific snow-storm commenced and prevented the Life-boat men from finding the vessel for nearly two hours. On reaching her she proved to be the s.s. *Alonso*, of Hull, bound from Antwerp for Cardiff in water ballast. Her circulating pump had broken down and she had been compelled to cast anchor, notwithstanding the proximity of a dangerous lee shore. With the master's permission, seven of the steamer's crew were taken into the Life-boat and it was arranged that the boat should take them ashore and return to the vessel. They were landed at 8 A.M. and the Life-boat, manned, with the exception of three men, by the same crew, again put off; but it was found that the vessel was then weighing her anchor, a large steamer being about to take her in tow.—Expense of services, 34*l.* 15*s.*

Jan. 11.—PORTHDINLLAEN.—*George Moore* Life-boat.—While a strong wind was blowing from the E.N.E., with heavy squalls of snow and a heavy sea, the schooner *Rose*, of Carnarvon, dragged her anchors while lying in Porthdinllaen Bay and went aground. At 2.30 A.M. the Life-boat put off to her assistance and brought safely ashore her crew, consisting of three men.—Expense of service, 25*l.* 4*s.* 6*d.*

Jan. 11.—FILEY.—Temporary Life-

boat.—Signals of distress having been shown by the brig *Lancet*, of Whitby, the Life-boat placed here during the temporary absence of the station's boat which was undergoing alteration, was launched at 6.45 A.M. in a heavy sea and a strong N. wind. The vessel was found to have had most of her sails blown away, she was waterlogged and the men on board her were greatly exhausted, having been at work at the pumps forty-eight hours. The seven men were taken into the Life-boat and landed at noon. Before the arrival of the Life-boat the master of the brig, finding that the vessel was drifting towards a rock-bound lee shore, let go his best anchor and ordered the boats to be got ready. The men's clothing, &c., having been put into one of the boats, it was lowered over the side and one of the seamen either jumped or fell into it. The boat at once capsizing the man caught hold of the keel, but the boat then righted itself and he was washed away from it. Endeavours were made to save him by means of a rope, but the poor fellow lost his life.—Expense of service, 16*l.* 18*s.*

Jan. 13.—BROADSTAIRS.—*Christopher Waud, Bradford*, Life-boat. — Flares having been shown close to the North Foreland, the Life-boat was launched at 6.45 A.M. and found the brigantine *Douse*, of and for South Shields, from Poole, in ballast, on the rocks, and probably destined to become a total wreck. The Life-boat took off her crew of six men, and landed them at Ramsgate at 9.30 A.M.—Expense of service, 19*l.* 14*s.* 6*d.*

COMMITTEE MEETING, 14th Jan., 1892.

Voted the Silver Medal of the Institution, a copy of the vote inscribed on vellum, a framed certificate of service, and a pecuniary grant to Mr. W. FOREMAN, late Coxswain of the Broadstairs Life-boat, in acknowledgment of his good services in saving life from shipwreck.

Also the Second Service Clasp of the Institution to Mr. ALFRED PAGE, who has been master of the Ramsgate harbour steam-tugs since the 1st April, 1874, and has towed the Ramsgate Life-boat on every occasion of service since then.

The Committee also recognised the services of Mr. EDWARD CHINN, while

serving as Assistant-Coxswain of the Hayle Life-boat.

Voted also 163*l.* 19*s.* to pay the expenses of the Dover, Ilfracombe, Peterhead, Rye, Port Eynon and Douglas No. 1 Life-boats in assembling their crews or putting off to the assistance of vessels which did not eventually require their services.

Also 112*l.* 7*s.* 1*d.* to pay the expenses of services rendered by the Eyemouth, Dover and Winchelsea Life-boats.

Also 7*l.* to a helper who was injured while assisting to launch the Winchelsea Life-boat on service on the 29th December last.

Also 8*l.* to a helper who was injured at the launch of the Porthleven Life-boat on service on the 1st December last.

Also 2*l.* to one of the crew of the Polpear Life-boat injured at the exercise of the boat on 29th October last.

Jan. 15.—ABBROATH.—*William Souter* Life-boat.—Four fishing-boats having been overtaken by a heavy sea the Life-boat was launched at 6 P.M., as the boats would incur considerable danger in crossing the bar on which the water was breaking very heavily. She remained in attendance until all the boats succeeded in safely entering the harbour.—Expense of service, 18*l.* 15*s.* 9*d.*

Jan. 16.—MILFORD.—Temporary Life-boat.—A vessel having been reported in a dangerous position on a lee-shore close to St. Ann's Head, while a moderate gale was blowing from the S.E., the reserve Life-boat placed here while the station's boat was being altered, put off at 10.30 A.M. in a heavy sea and found the schooner *Harriet*, of Bristol, about two cables' length from the cliffs at Waddick Point where she had been compelled to anchor, having lost her sails. The Life-boat reached her at 11 o'clock and, at the master's request, remained by her until she was taken in tow by a steam-tug and extricated from her dangerous position.—Expense of service, 35*l.* 8*s.*

Jan. 16.—SOUTHWOLD.—*Quiver, No. 2*, Life-boat.—The fishing-punt *Mary Ann* was observed making for the shore in a moderate gale from S. by E. As it was impossible for the boat to cross the shoal in safety, the Life-boat went to her assistance and brought ashore her crew consisting of four men.—Expense of service, 15*l.*

Jan. 16.—ST. ANDREW'S.—*Ladies' Own* Life-boat.—The sloop *Mary Ann*, of and for St. Andrew's, from Shields, with a cargo of coal, arrived off the harbour in the afternoon and waited for the tide to rise sufficiently high to enable her to enter. A light wind was blowing from the S.S.E. but a heavy sea was breaking into the harbour mouth, rendering it dangerous, if not impossible, for the pilot-boat to venture out. The assistance of the Life-boat was asked to put the pilot on board the vessel and to take off some men to assist to work her into harbour, as it was known that her crew consisted only of two men and a boy. Permission to take the Life-boat was readily accorded, the pilot and four other men were taken to the sloop and she was safely berthed in the harbour.—Expense of service, 11l. 15s.

Jan. 16.—WEXFORD.—*Andrew Pickard* Life-boat.—While a whole gale of wind was blowing from the S.E., the ketch *Marys*, of Aberystwith, while running for Hantoon Channel, having lost her mainsail, showed signals of distress. The Life-boat put off at 2.30 p.m. and, after encountering a very heavy sea which occasionally broke over the boat and filled her up to the thwarts, reached the vessel which had then stranded in the channel. Several efforts were made to take off her crew, but the boat was repeatedly washed away from her by the heavy seas which broke over the wreck and filled the boat; but at length, after a hard struggle, the three men, who were nearly exhausted, were happily rescued from their perilous position.—Expense of service, 34l. 1s.

Jan. 20.—HOLY ISLAND.—*Grace Darling* Life-boat.—Several boats put to sea in the morning, intending to proceed to the fishing-grounds. The weather was thick and heavy and soon after the boats had departed heavy breakers were rolling over the bar and the return of the fishermen was eagerly looked for. Seven of the boats came back without shooting their lines and their crews promptly manned and launched the Life-boat to proceed to the assistance of ten other boats which were still out and were in considerable danger. The Life-boat pulled out in the trough of the sea, waited for the boats and, as they arrived, towed or piloted them safely into the harbour. But for the timely help rendered by the

Life-boat, some of the boats would probably have been lost with all hands.—Expense of service, 12l.

Jan. 26.—CAISTER.—*Beauchamp* Life-boat.—At midnight on the 25th January, flares were seen on the Barber Sand. A yawl was launched and sailed to the Sand, but found that the sea there was heavier than had been expected. At 12.40 a.m. the Life-boat put off, as the flares continued to be shown, and found the fishing dandy *Campida*, of Great Yarmouth, returning from the fishing-grounds, stranded on the Middle Barber Sand. The yawl's crew laid out an anchor and after a time the fishing-boat was got off the sand, the Life-boat remaining by her until that was accomplished.—Expense of service, 30l.

Feb. 1.—HOLYHEAD.—*Thomas Fielden* Life-boat.—Signals of distress being shown by the s.s. *Meath*, of Sunderland, which had stranded at Penrhyn Point in a strong gale from the W.N.W. and a very heavy sea, the Life-boat proceeded to her assistance and rescued her crew of thirty-eight men. The boat had to be hauled up at Penrhyn until the weather moderated sufficiently to enable her to return to her station.—Expense of service, 61l. 3s.

Feb. 1.—ORME'S HEAD.—*Sunlight No. 1* Life-boat.—The Life-boat was launched in response to signals of distress shown by vessels in the bay while a strong gale was blowing from W.N.W. with a rough sea. The boat took off the crew of two men from the schooner *John Nelson*, of Beaumaris, bound from Liverpool for Abersoch with a cargo of coal, which was in danger of sinking, and then proceeded to the ketch *Sea Gull*, of Beaumaris, coal laden from Liverpool, which had lost her mizen-mast, and took off her crew consisting of three men. The five men were safely landed and the Life-boat crew remained in the boat about three hours fearing that another vessel which was lying in the bay would require help, but her further services were not needed.—Expense of service, 22l. 17s. 9d.

Feb. 1-4.—ATHERFIELD, BRIGHSTONE GRANGE, AND BROOKE, ISLE OF WIGHT.—*Catherine Swift*, *Worcester Cadet* and *William Slaney Lewis* Life-boats.—On the night of Sunday, 31st January, the four-masted s.s. *Eider*, of Bremen, 4,719 tons register, bound from New York for Southampton en route for Bremen,

stranded on the reef of rocks known as Atherfield Ledge in a thick fog, stormy weather, and a very rough sea. She fired signal rockets, and at about 11 o'clock the Life-boat *Catherine Swift*, stationed at Atherfield, was launched, proceeded to her aid, at the request of the master, brought ashore telegrams for steam-tugs. At daylight the vessel again signalling the Life-boat went to her and found that the master desired to land some of the mails which were therefore brought ashore. Meanwhile, intelligence of the stranding of the steamer had been sent to the neighbouring Life-boat stations at Brighstone Grange and Brooke and the Life-boats arrived as quickly as possible on the scene. The master of the *Eider* ultimately decided that it would be best to land the passengers and during the day the Life-boats made altogether eighteen trips to the ship and safely landed two hundred and thirty-three persons, specie and mails at Atherfield, where all the boats were afterwards drawn up for the night.

The next day, eleven journeys were performed by the Life-boats and one hundred and forty-six people were brought safely ashore, together with mails and specie, while on the two succeeding days bars of silver, specie, the ship's plate and passengers' luggage were saved. Forty-one journeys in all were made by the gallant Life-boat crews, who worked hard and nobly, and three hundred and seventy-nine persons were rescued by them. The master and some of the crew remained on board the vessel, hoping that it would be possible to get her afloat, and by dint of extensive salvage operations this was ultimately accomplished, the total loss of this fine Norddeutscher Lloyd liner being thus happily avoided. On the 29th March, she was successfully towed off the rocks and on the following day she was safely berthed in Southampton docks; although, as might reasonably be expected, in a considerably damaged condition.

Her Majesty the Queen graciously expressed to the Institution Her Majesty's warm appreciation of the gallant conduct of the Life-boat men.

H.I.M. the German Emperor presented to each of the coxswains of the three Life-boats a gold watch bearing His Majesty's portrait and initials, in recognition of the devotion to duty, self-sacrifice,

and philanthropy shown in the work of rescue. His Imperial Majesty also contributed the sum of 200*l.*, with the expression of his thanks, to the Institution.

The Norddeutscher Lloyd, the owners of the *Eider*, expressed their appreciation of, and thanks for, the gallant services rendered to their vessel by the Life-boat men, and gave a donation of 105*l.* to the funds of the Institution.

In addition to the sum of 565*l.* 10*s.* to pay the expenses of launching the Life-boats and rewards to the crews who manned them, the Institution awarded the Second Service Clasp to Mr. WILLIAM COTTON, coxswain of the Atherfield Life-boat, the Silver Medal to Mr. JAMES COTTON, coxswain of the Brighstone Grange Life-boat, and the Third Service Clasp to Mr. JOHN HAYTER, coxswain of the Brooke Life-boat.

The thanks of the Institution inscribed on vellum were presented to the Reverend F. B. LIPSCOMB, M.A., and to Messrs. CHARLES DABELL and WILLIAM HILLIER, Honorary Secretaries respectively of the Brighstone Grange, Atherfield and Brooke branches, in recognition of the valuable help they rendered in connection with these services.

Feb. 3.—NEWBIGGIN, NORTHUMBERLAND.—*Robert and Susan* Life-boat.—At about 7 o'clock in the morning the fishing-boats went out and shot their lines. At 10.30 a strong gale from the N. sprung up, rendering it difficult for the boats to haul in their lines and placing them in great danger. The Life-boat put off to their assistance and attended all the boats safely into the bay.—Expense of service, 13*l.* 10*s.*

Feb. 3.—FRASERBURGH.—*Cosmo and Charles* Life-boat.—The schooner *Breeze*, of and from Sunderland, bound for Dingwall with a cargo of coal, was observed to be in danger in Fraserburgh bay while a N.W. gale was blowing accompanied by a heavy sea. The Life-boat put off to her assistance, succeeded in reaching her and rescued her crew of five men before she stranded about 1½ mile south of the port.—Expense of service, 12*l.* 12*s.* 6*d.*

Feb. 5.—RHYL.—*Jane Martin* Life-boat.—A steamer was observed flying signals of distress about three miles N.N.E. of Rhyl pier, in a strong W.N.W. breeze and a heavy sea at 5 p.m. The Life-boat put off to her assistance and on arriving

alongs de found that she was the *Lady Louisa*, of and for Liverpool, which had only left Rhyl at about 3 p.m. The master reported that the engines were disabled and that the engineer had been injured by the escaping steam. Some of the Life-boat men boarded the vessel and rendered assistance and ultimately the steamer was anchored, the Life-boat returning ashore with a telegram to Liverpool for a steam-tug. On the following day a tug arrived and towed the disabled steamer to her port of destination.—Expense of service, 44*l.* 8*s.* 11*d.*

COMMITTEE MEETING, 11th Feb., 1892.

Voted the Silver Medal of the Institution, a certificate of service, and a pecuniary grant to Mr. DAVID HICKS, in recognition of his gallant services during the time he occupied the office of Coxswain of the St. David's Life-boat.

The Committee also specially recognised the good services rendered by Mr. THOMAS BATE, Mr. MATTHEW NICHOLAS, and Mr. ROBERT ROBINSON, during the long period in which they respectively served as Coxswains and Assistant-Coxswains of the Bude, Sennen and Seaton Carew Life-boats.

Voted 51*l.* 19*s.* 4*d.* to pay the expenses of the Eyemouth, Winchelsea, Redcar, Flamborough No. 2, Aldeburgh, Harwich (steam Life-boat), Kingsgate, Withernsea, St. David's, Peterhead, Gorleston No. 1, Winterton No. 2, Palling No. 2, Whitelink Bay, Hasborough, Cloughey, Pwllheli, Bull Bay, Caister No. 2, Fraserburgh, Orme's Head, Rye, Cullercoats and Worthing Life-boats, in assembling their crews or putting off to the aid of vessels not ultimately needing their help.

The Ramsgate Life-boat *Bradford* had also been taken out, but her services were not eventually required.

Also 50*l.* to a man who was engaged as a driver of horses on the occasion of the launch of the Margate Life-boat on service on the night of the 11th April last. On that occasion he incurred considerable exposure, causing an attack of paralysis, which has partially disabled him for work.

Voted 4*l.* to one of the crew of the Lynmouth Life-boat, who was injured

while on service in the boat on the 7th January.

Feb. 13. — CLACTON-ON-SEA. — *Albert Edward* Life-boat.—While a moderate gale from the N.E. was blowing and the sea was rough, a vessel was seen ashore on the Sunk Sand. The Life-boat was launched at 5.35 p.m., and found that the stranded vessel was the barque *Saga*, of Flekkefjord, bound from Gothenburg for London with a cargo of firewood. At first the master declined assistance, but when the tide flowed the sea became heavy and at about 12 o'clock a portion of the vessel's keel and some bottom planks came up alongside. The ship then filled with water and as it was evident that there was no chance of saving her the master decided to abandon her and he with his crew of ten men and their luggage were taken into the Life-boat and brought safely ashore.—Expense of service, 38*l.* 3*s.*

Feb. 16. — CLACTON-ON-SEA. — *Albert Edward* Life-boat.—Signals of distress having been shown by the Middle Light Vessel, the Life-boat was launched at 1.15 a.m., proceeded to the Lightship and was informed that a vessel was ashore on the Maplin Sands. The Life-boat then went to the Sands and found the ketch *Don*, of Great Yarmouth, stranded about three miles W.N.W. of the Swin Lightship. The Life-boat remained by her until the following tide, laid out an anchor and got the vessel afloat. The ketch had lost her rudder and, as the wind and tide were adverse, considerable difficulty was experienced with the vessel until a jury rudder had been rigged, when she was taken into the river at Burnham, the pumps being continually at work during the whole time. The Life-boat men were engaged nearly forty-two hours in rendering this service and suffered much from the intense cold, blinding snow-storms, great exertion and want of sleep. The rigging of the boat was covered with ice.—Expense of service, 73*l.* 0*s.* 6*d.*

Feb. 17. — STAITHES, YORKSHIRE. — *Winefride Mary Hopps* Life-boat.—Towards dusk considerable anxiety was felt regarding three of the fishing-cobles which had not returned to port and, as a strong wind was blowing and the sea was becoming heavy, the Life-boat was launched at 6 o'clock, found the

boats and piloted them safely to the shore.—Expense of service, 22*l.* 14*s.*

Feb. 19.—LYNMOUTH.—*Louisa* Life-boat.—The Life-boat was launched at 3 P.M., a vessel having been reported to be in distress. A whole gale was blowing from the E.N.E., the sea was rough, the weather was thick and snow was falling. On reaching the vessel she was found to be the pilot-cutter *Pollie*, of Cardiff; she had been damaged apparently by collision and had been abandoned by her crew. She was towed by the Life-boat into Ilfracombe harbour.—Expense of service, 42*l.* 7*s.* 6*d.*

Feb. 20.—DUNGARVAN.—*William Dunville* Life-boat.—In the morning a bright light was seen shining through a heavy snow-storm and it was at once concluded that it was a signal made by the trawler *Christian*, of Dunmore, which had been lying at anchor in the pool for two or three days. The snow suddenly ceased and the vessel was then discerned rolling very heavily, the seas breaking over her. The crew and launchers of the Life-boat were summoned and at once set to work to clear away the snow which was five or six feet deep round the Life-boat house. As soon as access to the doors could be obtained the boat was taken out and launched, but on reaching the trawler she was found to be abandoned. A search was made for the crew along the bank, but they could not be seen. On returning to Dungarvan it was found that they had landed there in their own boat fearing that their vessel would break up. The master and owner of the ketch begged of the coxswain to assist him to recover the craft, as it was the only means of support for himself and his three sons who formed the crew of the vessel. The weather fortunately moderated and the coxswain and four of the crew of the Life-boat boarded the ketch and assisted to take her to Dungarvan.—Expense of services, 13*l.*

Feb. 21.—DUNMORE EAST, Co. WATERFORD.—*Henry Dodd* Life-boat.—The Life-boat was launched at 10 A.M. and rendered assistance to the Norwegian brigantine *Augvold* by leading her over the bar into the harbour. Two of the Life-boat men were put on board the vessel and assisted to bring her to a safe anchorage. While the Life-boat was returning to her station the brigantine *Queen of the Isles* also showed a signal of distress; the boat at

once proceeded to her and remained by her until she was out of danger.—Expense of service, 12*l.* 6*s.*

Feb. 22.—TRAMORE, COUNTY WATERFORD.—*Alfred Trower* Life-boat.—The brig *Paul*, of Hennebont, was seen standing into the bay in the morning after a very stormy night. She had only two topsails and a jib set and appeared to be labouring very heavily. A strong S.S.E. breeze was blowing, a heavy sea was running and the weather was very cold, with heavy showers of hail and rain. The coast-guard fired a signal gun and the vessel then turning her head to the E., proceeded across the bay, but was unable to weather Brownstown Head and therefore anchored about half a mile from the rocks there. As it was thought that she would be in need of assistance the Life-boat was taken along the shore to Rabbit Burrow and there launched in a very heavy surf; but on reaching the vessel it was found that all she required was to get out of the bay and that she had already obtained the services of some men to pilot her. The Life-boat remained close to the brig until she got well out to sea and the wind having somewhat abated, and blowing from a more easterly direction, she was able to resume her voyage.—Expense of service, 19*l.*

Feb. 22.—HOLY ISLAND.—*Grace Darling* Life-boat.—The Life-boat was launched at about 11 A.M. and rendered valuable help to three fishing cobsles which had been overtaken by a heavy sea and thick weather. Several boats had returned to port but the other three did not come in and as heavy rolling waves were breaking on the bar, and for some distance out at sea, considerable anxiety was felt regarding the safety of the fishermen. Without the aid of the Life-boat it would have been a most dangerous feat, if not an impossibility, for the boats to have crossed the bar and reached home.—Expense of service, 13*l.* 10*s.*

Feb. 24.—PORT ERROLL.—*Frances Camilla Howard* Life-boat.—While a gale of wind was blowing from S.E. to S. and a heavy surf was breaking on the beach, the schooner *Perle*, of Dunkirk, was driven ashore on the sands at Cruden Bay. The Life-boat was launched at 8.30 P.M., and succeeded in rescuing eleven men. When they had been landed they, by means of signs, in-

licated that there was still somebody on board the vessel and the Life-boat therefore again proceeded to her. With great difficulty caused by the heavy surf and the wreckage floating round the vessel, all her rigging having been carried away, the Boat got alongside, two of the Life-boat men boarded her and, on searching below, found a boy there who was ill. He was placed in the Life-boat and taken safely to land. One of the Frenchmen then came up to the coxswain and signified that the remainder of the crew had attempted to reach the shore by jumping into the sea, having tied themselves to a rope; the rope was still attached to the wreck and the poor fellows had all been drowned. The Life-boat men made a third journey to the schooner and cut the rope so as to allow the bodies to be dragged to the shore.—Expense of services, 65*l.* 10*s.*

Feb. 28.—**ST. AGNES, SCILLY.**—*James and Caroline* Life-boat.—While a strong breeze from the E.S.E. was blowing, the smack *Jessie*, of Plymouth, which had lost her main-boom, was seen running into a dangerous position and the Life-boat was therefore launched at 5.45 P.M. and proceeded to her assistance. Before the Life-boat could reach her she had succeeded in getting through a narrow passage between the rocks and then attempted to anchor, but, having lost one of her anchors and chains, she had only fifteen fathoms of chain to pay out and that was not sufficient to enable the anchor to obtain a holding. Two of the Life-boat men went on board at the request of the master, got up the anchor, shackled on another chain and securely moored the vessel.—Expense of service, 22*l.* 10*s.*

On the following day the Life-boat men brought her into the harbour.—Expenses paid by owner of vessel.

Feb. 29.—**MONTROSE and JOHNHAVEN.**—*Augusta and Meanwell*, of *Glenbervie*, Life-boats.—A heavy sea was breaking on the bar at Montrose and a strong wind from the E.N.E. suddenly sprung up. As three of the fishing-boats were at sea the Montrose Life-boat was launched at 7.10 P.M., and rowed to the bar. At 7.30 two of the boats safely crossed the bar, the Life-boat men hailing them as they passed. The crews stated that had they been aware that the sea was so heavy they would not have attempted to enter the harbour. They also reported that

another fishing-boat was outside the bar and, as the sea was becoming heavier, the Life-boat men showed a red light to warn her off; the warning was seen, and the boat proceeded northward. The Life-boat then returned ashore and a telegram was despatched to the coxswain of the Johnshaven Life-boat requesting him to keep a look-out for the fishing-boat. At about 8.30 the boat's light having been seen, the Johnshaven Life-boat was launched, took off a pilot, put him on board the boat, which was the *Wanderer*, of Ferryden, with a crew of six men, and remained by her until she was brought safely into Johnshaven harbour.—Expenses of services, 53*l.* 9*s.* 6*d.*

#### COMMITTEE MEETING, 10th March, 1892.

Voted also 516*l.* 5*s.* 3*d.* to pay the expenses of the Kilmore, Thurso, Bude, Porthcawl, Cemlyn, Caister No. 2, Southwold No. 2, Cemaes, Southend (Essex), Aldeburgh, Gorleston No. 1, Milford, Kildonan, Cahore, North Sunderland, Wexford No. 1, Walton-on-the-Naze, Hartlepool No. 3, Winterton No. 2, Plymouth, Barmston and Withernsea Life-boats in assembling their crews or putting off with the view of assisting vessels which did not ultimately need their services.

Also 1*l.* to the second Coxswain of the Fraserburgh Life-boat, who was injured on service on the 3rd February.

#### March 17.—**WALTON-ON-THE-NAZE.**—*Honourable Artillery Company* Life-boat.—

The Life-boat was called out by signal guns, was launched at 5 P.M., and was towed to the north-east part of the Gunfleet Sands where the steamer *Brighton*, of and for London, from Newcastle with a cargo of coal, was found stranded. The Life-boat men assisted to throw cargo overboard to lighten her, until nearly 3.30 A.M., when the vessel was towed by three steam-tugs into deep water and safely anchored. As her services were no longer required, the Life-boat then returned to her station, arriving there at 5 A.M.—Property salvage case.

March 18.—**RAMSGATE.**—*Bradford* Life-boat.—Signal guns having been fired by the light-vessels, the Life-boat, in tow of the steam-tug *Aid*, left the harbour at

6.45 A.M., and found the barquentine *Telegraph*, of Frederikshald, bound from Christiania for Kinsale, laden with ice and carrying a crew of nine men, stranded on the S.E. part of the Goodwin Sands. The tug's wire hawser was attached to the vessel and, with the help of the Life-boat men and the crews of two Deal galleys, she was got afloat and, at the master's request, taken to Dover which was reached at 2 P.M. The tug and Life-boat regained their station at 5 P.M.—Property salvage case.

COMMITTEE MEETING, 7th April, 1892.

Voted 386*l.* 4*s.* to pay the expenses of the *Dungarvan*, *Balbriggan*, *Cloughey*, *New Brighton No. 2*, *Bude*, *North Sunderland*, *Caister No. 2*, *Gorleston No. 1*, *Brixham*, *Newhaven*, *Harwich*, *Totland Bay*, *Littlehampton*, *Stornoway*, *North Deal*, *Broadstairs*, *Lowestoft*, *Pakefield*, *Clacton* and *Hornsea* Life-boats in assembling their crews or putting off with the view of rendering assistance to vessels in distress.

Voted a further gratuity of 5*l.* to a man who was injured while assisting to launch the *Cemaes* Life-boat on service on the 12th December.

Also 30*l.* to the widow of one of the crew of the *Worthing* Life-boat who was taken ill while out at the exercise of the boat and died soon after reaching the shore, on the 16th March.

The Committee specially recognized the services rendered by Mr. JAMES LOGIE while holding the post of Coxswain of the *Buckie* Life-boat.

April 18.—BRANCASTER, NORFOLK.—*Lily Bird* Life-boat.—A vessel was observed stranded on Burnham Flats, but she suddenly disappeared. At 7 A.M. the Life-boat was launched in a heavy sea and a strong N. wind, proceeded under canvas to the place where the vessel had been seen and at about 11.30 sighted her lying on her beam ends with the seas breaking over her. When about a quarter of a mile from the wreck the Life-boat men saw one man lashed to the mainmast head and on getting alongside he was with some difficulty rescued. He was the master and also the owner of the vessel, which was the brig *Felia*, of and from Stettin, bound for Wisbech with a cargo

of oak timber, and he was the sole survivor of the ship's company, his crew of seven men having all met a watery grave; some of them, being benumbed by cold and wet, had fallen from the rigging into the sea and others had been washed or thrown overboard when the vessel suddenly heeled over.—Expense of service, 12*l.* 9*s.* 6*d.*

April 22.—BERWICK-ON-TWEED.—*John and Janet* Life-boat.—On the 22nd April, the steam-yacht *Beaver*, of Berwick, was seen in the bay showing signals of distress while a strong breeze was blowing from the W.N.W. The Life boat put off to her assistance at 5 P.M. and found that her fires were out and that the sea was washing into her. The Life-boat men assisted to take the yacht and the six persons who were on board to Berwick.—Balance of expense of service, 6*l.* 6*s.*

April 28.—SCARBOROUGH.—*Queensbury* Life-boat.—The fishing-coble *Jane and Ann*, of Scarborough, was making for the harbour in a strong gale, and, as it was clear that she would encounter considerable danger in coming in, the sea being very heavy, the Life-boat was launched at 8.50 A.M. to assist her. By that time she had brought up off the pier-head finding it impossible unaided to enter the harbour. With the help of the Life-boat men she was got into the harbour and attached to the pier, but the rope broke and she drifted out again into the broken water; another line was taken to her from the pier and she was successfully hauled again into the harbour and securely moored. She had a crew of four men on board.—Expense of service, 10*l.* 8*s.*

April 28.—FILEY.—*Hollon the Second* Life-boat.—While a moderate gale was blowing from the N. with a very rough sea, rain, snow and very cold weather, the fishing lugger *Tully Ho*, of Scarborough, was seen making for the bay. On rounding Filey Brigg she encountered very heavy weather and was for a time in great danger of being swamped by the very high seas then running. At 9.15 A.M. the Life-boat was launched, assisted to take the boat, which had lost all her sails and was half full of water, under shelter of the land and brought ashore her crew, consisting of four men.—Expense of service, 10*l.* 14*s.* 6*d.*

May 3.—PORTHDINLLAEN.—*George Moore* Life-boat.—The Life-boat was launched at 10 A.M. and landed the crew,

consisting of two men, of the smack *Brothers*, of Carnarvon, which was in distress in Porthdinllaen Bay, having dragged her anchors and lost her boat which had been washed away in a heavy sea and a strong N.E. wind.—Expense of service, 9*l.* 14*s.* 6*d.*

May 3.—CARDIGAN.—*Lizzie and Charles Leigh Clare* Life-boat.—The crew, consisting of two men, of the smack *Christiana*, of Llangranog, were safely landed by the Life-boat, their vessel having stranded on the West side of Cardigan bar, in a moderate gale from the N.E. with a choppy sea, and being in considerable danger of becoming a total wreck.—Expense of service, 9*l.* 2*s.*

May 3.—MONTROSE.—*Augusta* Life-boat.—At 3 P.M. the Life-boat was launched to the assistance of fishing-boats which were in danger. Two French fishing-boats and eight other boats were seen in the offing while a strong gale from the E.N.E. was blowing and a very heavy sea was running. With the help of the Life-boat some of the boats managed to cross the bar and to safely enter the harbour; but others would not incur the risk and made for Johnshaven and the Firth of Forth.—Expense of service, 9*l.* 2*s.* 6*d.*

May 5.—WINTERTON, NORFOLK.—*Margaret* Life-boat.—Signal guns were fired by the Newarp Lightship and a vessel with only one mast standing was seen to be drifting on the outer side of the lightship. The Life-boat was launched at 5.30 A.M. and found the vessel was abandoned and full of water. With the help of a steam-tug she was towed to the beach. She proved to be the brig *Agenese*, of Sandefjord, bound from Christiania for Plymouth with a cargo of spars and poles. On the previous day she had struck on the "Hammond's Knoll," and as she eventually filled with water her crew were compelled to leave her in order to save their lives. They, therefore, took to their boats and got on board the Wold Light-vessel from whence they were taken by a smack and landed at Great Yarmouth.—Property salvage case.

May 5.—STAITHES.—*Winefride Mary Hopps* Life-boat.—The Life-boat rendered assistance to five fishing cobles, which were in danger, a very strong N.N.E. wind blowing and a heavy sea having

risen while they were out fishing.—Expense of service, 8*l.* 10*s.* 6*d.*

#### COMMITTEE MEETING, 12th May, 1892.

Voted 235*l.* 18*s.* to pay the expenses of the Palling No. 2, Winterton No. 2, Clacton, Donna Nook, Walmer, Newbiggin, Drogheda Nos. 1 and 2, Saltburn, Gorleston No. 1, Aldeburgh, Stonehaven and Harwich steam and sailing Life-boats in assembling their crews, watching, or putting off to the aid of vessels which ultimately did not require help.

The Committee specially recognised the good services rendered by Mr. BASIL MCKENZIE and Mr. ANDREW ROME during the long period in which they served respectively as Coxswain and Assistant Coxswain of the Kirkcudbright Life-boat.

Also the good services of Mr. HENRY TODDS during the period in which he occupied the office of Assistant Coxswain of the Gorleston Life-boat.

Also 24*l.* to the coxswain of the Holy-head Life-boat who was injured while on service with the Life-boat on the 1st February.

Also 20*l.* to one of the crew of the Orme's Head Life-boat who had suffered from a severe illness caused by exposure while on service in the Life-boat on the 14th December.

Also 20*l.* in aid of a subscription for the benefit of one of the crew of the Lydd Life-boat who nearly lost his life on the occasion of the capsizing of the boat while on service on the 11th November. He never recovered from the effects of the accident and has been invalided from the coastguard service.

Also 2*l.* to the signalman at Sidmouth, injured at the exercise of the Life-boat on the 16th February.

June 5.—HARWICH AND ALDEBURGH.—*Springwell* and *Aldeburgh* Life-boats.—Signals having been made by the light-vessels, the Harwich and Aldeburgh Life-boats were launched at 8 A.M. and proceeded to the Shipwash Sands where the barque *Ephrussi*, of Brevig, bound from Dram for London with a cargo of ice, was found stranded. A smack had already reached her and the crew had been engaged to assist in throwing overboard some of the cargo in order to lighten the vessel. The Life-

boats remained by until the tide flowed, when it was evident that their services were not required and ultimately the ship was towed off the sand by the steam-tug *Harwich*, which had towed the *Springwell* Life-boat on her outward journey.—Expenses of services, 62*l.* 18*s.* 9*d.*

COMMITTEE MEETING, 16th June, 1892.

Voted 147*l.* 4*s.* 6*d.* to pay the expenses of the Caister No. 2, Winterton No. 2, Ballywalter, Huna, Orme's Head, Plymouth, Appledore, Tynemouth Nos. 1 and 2, Maryport, Johnshaven and Llanael-haiarn Life-boats, in assembling their crews, watching, or proceeding to the assistance of vessels which did not ultimately require their services.

The Ramsgate Life-boat *Bradford* was also called out on service, but was not eventually needed.

Also 13*l.* 10*s.* to a man injured at the exercise of the Whitehaven Life-boat on the 17th March.

Also 4*l.* to a man injured while assisting to weigh the Life-boat's haul off anchor at Southwold.

June 23.—REDCAR.—*Brothers* Life-boat.—The Life-boat was launched for exercise at 2.15 P.M. in a moderate gale from the N. by E. and a rough sea and, while under sail, the coble *Wild Rose*, of Redcar, was seen, about two miles to leeward, endeavouring to beat up from Saltburn to Redcar. As the wind and sea were increasing, the Life-boat proceeded to her, put two men on board and assisted her crew to reach Redcar in safety.—Expense of service, 11*l.* 7*s.* 6*d.*

June 26.—KIMERIDGE, DORSET.—*Augustus Arkwright* Life-boat.—A vessel was reported ashore on Kimeridge Ledge during a thick fog, a heavy ground sea and a fresh S.W. wind. The Life-boat was launched at 9 P.M. and found the stranded vessel was the brigantine *Lythemore*, of Llanelly, bound from Cardiff for Southampton with a cargo of steam-coal. She was in no immediate danger but the Life-boat, at the request of the captain, remained by her during the night and on the following morning laid out an anchor, so as to enable her to be hauled into deep water when the tide served.—Expense of service, 18*l.* 15*s.*

June 26.—RHOSNEIGR, ANGLESEY.—*Thomas Lingham* Life-boat.—The smack *William*, of Carnarvon, bound from Youghal for Garston, timber laden, was observed stranded about a quarter of a mile from the Rhosneigr Life-boat house, during thick weather, a S.S.W. wind, and a rough sea. The Life-boat put off to her assistance at 11.30 P.M. and, as she was in danger of becoming a total wreck, being surrounded by rocks, brought ashore her crew, numbering three men.—Expense of service, 17*l.* 11*s.* 6*d.*

June 27.—NAIRN.—*Caulfield and Ann* Life-boat.—The fishing-yawl *Margaret and Ann* was seen in the bay, about five hundred yards east of Nairn harbour, in a critical position, while a gale was blowing from the S.W. and a high sea was running, at about 1 P.M. She was lying at anchor and was in danger of being swamped or, if the cable snapped, of being driven amongst the salmon fishing nets. The Life-boat was promptly launched and brought the boat and her crew, consisting of a man and a boy, who were completely exhausted, safely ashore.—Expense of service, 7*l.* 10*s.*

July 2.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—While a moderate gale from the S.S.W. was blowing and in thick weather, the schooner *Mary Jane*, of and for Ramsey from Whitehaven with a cargo of coal, was seen labouring heavily, having her sails torn and rendered useless, about four miles E.N.E. of Ramsey. The Life-boat put off to her assistance at 5.45 P.M., some of the Life-boat men boarded her and, as she was leaking badly, the pumps were kept going for an hour; but the water continued to gain on them and it ultimately became necessary to abandon the schooner and take to the Life-boat, the vessel's crew of three men being safely landed by the boat at 9.20.—Expense of service, 20*l.* 1*s.*

COMMITTEE MEETING, 14th July, 1892.

Voted 29*l.* 17*s.* to pay the expenses of the Walmer, Salcombe and Polpear Life boats in putting off with the view of assisting two distressed vessels.

Voted 1*l.* to a man who was injured while assisting to launch the Ballywalter Life-boat on service on the 28th May.

Also 200*l.* for the benefit of the

widow and six children of ROBERT JONES, late Coxswain of the Holyhead No. 1 Life-boat, whose death had been accelerated by injuries he received while on service with the Life-boat on the 1st February last.

Also 4l. to a man injured at Seascale Life-boat Station.

Reported that the Norwegian Government had forwarded to the Institution, through the Consul General, a medal of the second class for presentation to the coxswain of the Aldeburgh Life-boat, and a medal of the third class for each of the crew of the boat, in recognition of their services in saving the crew of the Norwegian barque *Winnefred* on the 11th November last.

July 19.—NEW BRIGHTON.—*Henry Richardson* Life-boat.—At 2.30 P.M. intelligence having been received that a vessel was showing signals of distress, the No. 2 Life-boat put off, in tow of the steam-tug *Brilliant Star*, and found the three-masted schooner *Renown* ashore at Formby Hole. The wind was then blowing a heavy gale from the W.N.W. and there was a heavy sea. A tug was taking the vessel in tow when the Life-boat arrived; three of the Life-boat men went on board the schooner to help to get up her anchor and she was then towed to Liverpool, the Life-boat returning to her station as there was no further occasion for her services.—Expense of service, 8l. 7s.

July 19.—NEW BRIGHTON.—*Henry Richardson* Life-boat.—The full-rigged ship *Maxwell*, 1,800 tons, of Liverpool, left that port on the morning of the 19th July, bound for San Francisco with a cargo of coal. She was towed by the steam-tug *Great Western* and, on arriving near the North-West light-vessel, between eight and nine o'clock in the evening, the weather had become so bad, a very heavy gale blowing from the N.E., and the sea being extremely rough, that it was considered advisable to return to Liverpool as the ship was plunging heavily, her decks were full of water and the tug was unable to control her. In crossing the bar, on which a very heavy sea was running, the *Maxwell* unfortunately grounded and all efforts of the steamer to tow her off failed. Ultimately the hawser parted and the tug then made for Liverpool to obtain assistance.

In response to signals the crew of the New Brighton Life-boat *Henry Richardson* promptly assembled, at 11.40 P.M. the Life-boat proceeded for the wreck in tow of the *Great Western*, and at 1.40 A.M. reached the ship, over which the heavy seas were washing, threatening her every moment with total destruction. Considerable difficulty was experienced by the Life-boat men in taking off the twenty-nine persons on board the vessel, so unusually high were the seas, but this was at length safely accomplished, the men were safely landed at New Brighton and were afterwards taken to Liverpool.

Soon after striking the bar the *Maxwell* was run into by a small schooner which was seriously damaged by the collision.

One of the Liverpool Life-boats, belonging to the Mersey Docks and Harbour Board, also put off to the aid of the shipwrecked men but was capsized, being struck by heavy seas, and two of her crew were unhappily drowned, another of the men succumbing to his injuries shortly after his admission to the Cottage Hospital at Hoylake.

Owing to the darkness of the night and the fury of the gale, the Liverpool boat was not seen by those on board the New Brighton boat, nor were any cries for assistance heard by them, and they were therefore unaware of the accident which had so unfortunately befallen the Liverpool men.—Expense of service, 17l. 11s.

July 20.—PAKEFIELD, SUFFOLK.—*Two Sisters Mary and Hannah* Life-boat.—A heavy gale sprung up suddenly from the N.E., seriously jeopardizing several small fishing-boats, belonging to Lowestoft, which were fishing about four miles from the land S.E. of Pakefield. Some of the boats showed signals of distress, and at about 5 A.M. the Life-boat was launched, proceeded to their assistance and with the help of the steam-tug *Despatch*, of Lowestoft, saved seven of the boats and their crews, numbering in all sixteen men.—Expense of service, 36l. 7s.

July 20.—ST. IVES, CORNWALL.—*Exeter* Life-boat.—The pilot-cutter *Mary*, of Bristol, was seen riding in a dangerous position, while a strong gale was blowing from the N. accompanied by a heavy sea. Every movement of those on board the vessel could be seen from the high ground and it was thought that as she had two anchors down she would ride out the

gale, but when the tide fell and the water under her was becoming shallow it was feared that she might strike and upset. The Life-boat was therefore launched at 8 A.M. and brought ashore the cutter's crew, consisting of three men and a boy.—Expense of service, 8*l.* 2*s.* 6*d.*

July 25.—CAISTER, NORFOLK.—*Beauchamp* Life-boat.—At about 1 A.M. the side lights of a vessel were observed near the Barber Sand. It appeared that she was in great danger of stranding and shortly afterwards flares were seen from the sand. The No. 2 Life-boat at once put off and found that the vessel, which was the ketch *William and Sarah Ann*, of Goole, bound from Lynn for London and laden with tiles, had struck on the north part of the sand, the heavy seas breaking round and over her. The Life-boat made two attempts to get alongside but was unable to do so, a third attempt, however, proved successful, and some of the persons on board the vessel were taken into the boat for a time. The boat remained by the ketch about four hours when she floated, leaking badly, and was taken into Yarmouth harbour. She had a crew of four men, and a woman and two children were also on board.—Property salvage case.

COMMITTEE MEETING, 4th August, 1892.

Voted 10*l.* 19*s.* to pay the expenses of the Pakefield No. 1, Broadstairs, Wexford No. 2, Douglas No. 2, Saltburn, Kessingland, Runswick and New Brighton No. 2 Life-boats in assembling their crews, watching, or putting off to help vessels which, however, did not require their services.

Aug. 10.—BRANCASTER, NORFOLK.—*Lily Bird* Life-boat.—At daybreak, while a moderate N.E. breeze was blowing, with considerable ground swell, the s.s. *Mogador*, of London, was seen about nine miles north of Brancaster. She showed no signal; but, as her position was evidently critical, the crew of the Life-boat were summoned and eventually it was decided to launch the boat and proceed to the steamer. Soon after the boat had put off the vessel made signals for assistance. When the boat reached her she was afloat, the tide having risen; but she had been aground on the sands, and was still in

great difficulties. At the request of the master, the coxswain of the Life-boat took charge of the ship, the Life-boat being taken in tow, took her into deep water and left her in charge of a Lynn pilot.—Property salvage case.

Aug. 12.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—While a moderate gale was blowing from the S.S.W., with a rough sea, a telegram was received from the coastguard at Port Cranstal, about a mile south of the Point of Ayre, stating that a vessel was ashore there and that the Life-boat was required. The Life-boat *Mary Isabella* was promptly launched and at 9.37 P.M. was on her way to Port Cranstal but on arriving there it was found that the vessel had floated off with the assistance of the coastguards and some local fishermen. In beating back, the Life-boat fell in with the vessel, which was the cutter *Royal Fern*, of Peel, about half a mile seaward from where she had stranded. She was leaking badly and her crew of three men were in need of help. Three of the Life-boat men went on board and the Life-boat took the cutter in tow; but very little way was made, as the gale had freshened considerably. At 1 A.M., as such slow progress was being made and it was feared that some of the Life-boat's spars might have been carried away, E. C. KERR, Esq., the Hon. Secretary of the Institution's Ramsey branch, prevailed on the master and crew of the s.s. *Seal*, of Glasgow, a small coasting vessel which had just put into Ramsey for shelter, to go out in search of the boat, Mr. KERR accompanying them. The Life-boat and cutter were met about two miles N.E. of the harbour, having travelled only four miles in about three hours. Both were taken in tow, and at 2.30 A.M. reached the harbour, where hundreds of visitors were standing in a drenching rain awaiting the return of the boat.—Expense of service, 24*l.* 4*s.*

Aug. 14.—LITTLEHAMPTON.—*James, Mercer and Elizabeth* Life-boat.—The Life-boat was launched at 10 P.M. in a rough sea and a moderate to fresh gale of wind from the S., it having been reported that a vessel was making signals of distress. The vessel, which was the yawl *Surf*, belonging to Littlehampton, with the owner and one man on board, was found about a mile south of the coastguard station. Two of the Life-boat men

boarded the yacht and brought her safely into harbour, the owner of the vessel coming ashore in the Life-boat.—Expense of service, 20l.

Aug. 26.—BULL BAY, ANGLESEY.—*Curling* Life-boat.—A small sailing boat, north of the Middle Mouse and drifting to sea, was seen by the coastguard in the afternoon signalling for assistance. A message was at once sent to the Life-boat Station, and at 4.10 the Life-boat was launched, reached the boat, on board which were three lads, who being totally ignorant regarding the management of a boat had lost all confidence on being suddenly carried out to sea. A moderate gale of wind was blowing from the W.S.W., the sea was rough, the boat's sails were damaged and the craft was half full of water. The boat and her three occupants were brought safely ashore by the Life-boat.—Expense of service, 10l. 16s.

Aug. 26.—NORTH DEAL.—*Mary Somerville* Life-boat.—The s.s. *Rion*, of Newcastle, was seen stranded on the Goodwin Sands, but the weather being moderate and the sea smooth, it was thought probable that when the tide rose the vessel would float. At high-water, however, she was still fast on the sand and the Life-boat was therefore launched at about 1 P.M., and went to her assistance. The Life-boat men assisted to jettison about 480 tons of coal, three tanks of water were emptied by means of steam pumps, and the vessel was got afloat at about 1.30 P.M. on the following day with the help of two steam-tugs.—Property salvage case.

Aug. 28.—MARGATE.—*Quiver* No. 1 Life-boat.—The s.s. *Maryland*, of London, was seen stranded on the N.E. part of the Shingle Sand during a heavy squall from the W.N.W., and a heavy sea at day-break. The Life-boat went to her assistance and assisted to get her afloat.—Property salvage case.

Sept. 7.—CASTLETOWN, ISLE OF MAN.—*Hope* Life-boat.—At 12.5 A.M. the Life-boat was launched in a moderate S.W. breeze and a dense fog, and proceeded to Scarlett Point, where the steamer *Mona's Isle*, of Douglas, had run ashore while on a journey from Dublin to Douglas, with between five hundred and six hundred passengers. The Castletown Rocket Brigade arrived soon after the vessel stranded and rendered good service in landing

several of the passengers by means of lines, the others being able to land on the rocks at low-water as the ship was then high and dry. The Life-boat having remained by until all the passengers had landed, regained her station at 1 o'clock on the following afternoon.—Expense of service, 23l. 4s.

#### COMMITTEE MEETING, 8th Sept., 1892.

Voted the thanks of the Institution, inscribed on vellum, to H. A. INGLIS, Esq., Honorary Secretary of the Ballantrae Branch, in recognition of his highly laudable and valuable conduct in volunteering his services and helping to man the Ballantrae Life-boat when she proceeded to the assistance of the disabled steamer *Princess Victoria*, of Stranraer, in a N.W. gale and a heavy sea, on the 3rd September. Thanks were also expressed to Mr. McCULLOCH and to Mr. W. MURRAY, of H. M. Coastguard, and extra payment was granted to the crew of the Life-boat, in recognition of their services on the occasion in question.

Voted 188l. 1s. 8d. to pay the expenses of the Ballantrae, Palling No. 2, Broadstairs, North Deal, Llandudno (Orme's Head), Hunstanton, Cloughey, Peterhead, Wexford No. 2, Kildonan, Gorleston No. 1, Dungeness (Lydd), and Winterton No. 2 Life-boats in assembling their crews or putting off to the aid of vessels which did not ultimately need the services of the boats.

The Ramsgate Life-boat *Bradford* was taken out on two occasions, but her services were not eventually called into requisition.

Voted 100l. towards the local fund for the relief of the widow and child of ARTHUR WHALLEY, who, while running by the side of the Llandudno (Orme's Head) Life-boat carriage, with the view of helping to launch the boat which had been called out on service, on the 8th August, fell, was run over and died almost immediately.

Also 18l. 13s. grant to Mr. ROBERT WRIGHT, Coxswain of the Fleetwood Life-boat, in consideration of illness contracted in the Life-boat service and in payment of medical expenses incurred.

Also 3l. to a man who was injured while assisting to haul up the Clacton Life-boat after an exercise on the 13th August.

Also 2*l.* to the crew of the lugger *Princess Royal*, of Walmer, for reporting at Lydd that rockets fired by a steamer on the 26th August were for a pilot only, and thus preventing the Life-boat from being needlessly launched.

Sept. 11.—ALDEBURGH.—*Aldeburgh* Life-boat.—Guns having been fired by the Shipwash light-vessel the crew of the Life-boat were summoned and at 12 o'clock, noon, the boat was launched. She proceeded under sail as far as the Orfordness low-light and was then kindly taken in tow by the s.s. *Velocity*, of London. At 1.40 P.M. the Shipwash Sand was reached and the three-masted schooner *Arne*, of Soon, laden with ice from Norway for London, was found stranded there. As it was then near the top of high-water no time was to be lost; the Life-boat's spare anchor with the tow-line attached was laid out and at 2.30 P.M. the vessel was off the sand. Six of the Life-boat men were left on board the schooner and assisted to take her to London.—Property salvage case.

Sept. 13.—NORTH DEAL.—*Mary Somerville* Life-boat.—The ketch *Cicelia*, of Guernsey, bound from Newcastle for Jersey with a cargo of coal and soda, was seen to run aground on the northern part of the N.W. spit, Goodwin Sands, while a moderate W.S.W. breeze was blowing. The Life-boat proceeded to her assistance, remained by her some time and assisted to get her clear of the sands. The vessel carried a crew of five hands.—Property salvage case.

Sept. 16.—ACKERGILL, CAITHNESS-SHIRE.—*Jonathan Marshall*, *Sheffield*, Life-boat.—The smack *Gem*, of Dublin, entered the bay for shelter in the forenoon and anchored while a strong gale of wind was blowing from the S., accompanied by a rough sea. Some time afterwards the wind suddenly shifted to N.N.E. and the *Gem* then got her anchor up and attempted to leave the bay but failed to do so and was driven on the rocks. It was then between 8 and 9 o'clock and the night was very dark. A signal of distress was made by those on board the vessel by burning a blanket steeped in oil and, on the flare being seen at Ackergill, the Life-boat was launched, the wives and families of the crew rendering valuable help in getting

the boat afloat, and rescued the vessel's crew of four men. It being impossible for the boat to return against the wind and sea, she was beached in a creek further along the shore, where all were landed, the boat regaining her station on the following day.—Expense of service, 19*l.* 10*s.*

Sept. 20.—SHERINGHAM, NORFOLK.—*William Bennett* Life-boat.—Several of the fishing-boats having been overtaken by a sudden gale of wind from the E.N.E. and a rough sea the Life-boat put off to their assistance, as they were in considerable peril and great anxiety was shown by the relatives of the men who were on board the boats. Four of the fishermen were rescued by the Life-boat; others were saved by the private Life-boat *Augusta*, of Sheringham, some of the boats made for shelter at neighbouring ports, and thus, happily, no loss of life was caused by the storm.—Expense of service, 17*l.* 0*s.* 6*d.*

Sept. 26.—DUNGARVAN, CO. WATERFORD.—*William Dunville* Life-boat.—The coastguard patrol having reported that a vessel was stranded on the rocks and that her crew were calling for help, the Life-boat was launched at 8.50 P.M., went to the vessel, which was found to be the fishing-yawl *Fairplay*, of Arklow, and, at the request of the master, remained by her in case the vessel should fall over. The wind was blowing a fresh gale from S.W. and there was a heavy sea. The boat remained until 12.45 when the master considered his vessel was safe until the next tide when he would try to get her afloat, after throwing the ballast overboard. The Life-boat returned ashore, but, as the wind was increasing to a strong gale from S.S.W. to S.W., the coxswain had the boat moored abreast of the pier at Ballinacourty, so as to be in readiness for immediate service if called for. At 5.10 A.M. the yawl signalled for the Life-boat; the crew at once assembled, went to the vessel and, at the master's request, again remained by her. At 6.40 the weather suddenly moderated, the vessel's crew succeeded in getting her afloat and took her alongside Ballinacourty pier.—Expense of service, 23*l.* 10*s.*

Sept. 29.—PADSTOW, CORNWALL.—*Arab* Life-boat.—While a strong gale of wind was blowing from the S.W. the schooner *Madby Ann*, of London, bound from Annalong for Maldon, with a cargo of granite,

was endeavouring to work into the harbour when her forestaysail was blown away, she missed stays and drifted on the Doom bar. In response to her signal of distress, the Life-boat put off to her assistance at 1.15 P.M., and with some difficulty rescued her crew, consisting of four men. The Life-boat men had a hard task to bring the boat back to her station against the S.W. gale and strong ebb tide.—Expense of service, 7*l.* 13*s.*

Oct. 3.—DUNBAR, HADDINGTONSHIRE.—

*Wallace* Life-boat.—The barque *Charlotte Stringer*, of Grimstad, bound from Bjorneborg, Finland, for Grangemouth, with deals and battens and carrying a crew of ten men, was seen stranded on Peffer Sands, about 5 miles from Dunbar. The Life-boat was launched at 8 A.M. and on reaching the vessel found that communication had been established with her by the rocket apparatus and one of the crew was about to be hauled ashore in the breeches buoy; but, observing the approach of the Life-boat he left the buoy and, with the rest of the crew, gladly availed themselves of the services of the Life-boat.—Expense of service, 10*l.* 14*s.* 9*d.*

Oct. 4.—GORLESTON, SUFFOLK.—*Mark*

*Lane* Life-boat.—During a heavy thunder-storm, accompanied by deluging rain, a strong S.S.E. wind, and a rough sea, the Life-boat was taken out at about 10.45 P.M. to the assistance of two vessels which had been in collision in Yarmouth roadstead and had shown signals of distress. The services of the steam-tug *Yare* were procured and, on reaching the vessels about midnight, both of them were found to be seriously damaged. One of them, the three-masted schooner *Jubilee*, of Harwich, was first towed into the harbour and afterwards the other vessel, the schooner *Tekla*, of Newcastle, was towed in. The *Jubilee* was bound from Sunderland for Poole, with a cargo of coal, and carried a crew of six men, and the *Tekla*, laden with bricks and coke from Newcastle for London, had a crew of five men and the master's wife and daughter on board.—Property salvage cases.

Oct. 7.—CAISTER, NORFOLK.—*Beau-*

*champ* Life-boat.—At about 1 A.M. a steamer, which proved to be the s.s. *Idlewild*, of Sunderland, coal-laden from the Tyne for London, appeared to have run aground on the north part of the

Barber Sand. The coxswain of the Life-boat was called and, after an inspection through the glass, it was evident that the steamer was really stranded. The Life-boat was then launched and sailed to the vessel in a strong S.W. breeze, encountering a very heavy cross sea. On nearing the sand, the boat's anchor was let go and she wore down to the ship. The services of the life-boat men were engaged to assist to get the vessel afloat and in about three hours this was accomplished; she was taken into the Cockle Gat and then resumed her voyage. She had a crew of fifteen persons.—Property salvage case.

Oct. 8.—WHITBY.—*Robert and Mary*

*Ellis* Life-boat.—At about 3.30 P.M. the coble *Palm Branch*, of Whitby, was observed making for the harbour. The wind, which had been blowing fresh from the N.W., with a very high sea, suddenly became light and veered to the W. and the boat being unable to make any headway was drifting rapidly in the direction of Whitby rock where the sea was breaking with tremendous force. As it was evident that the lives of the crew were in great danger it was decided to take out the Life-boat to their assistance. On account of the tide and the heavy sea breaking on the launching slipway and against the cliff the only way of launching the boat was by lowering her into the harbour by means of the crane at Scotch Head. This was safely accomplished, the boat was most gallantly pulled through the huge breakers on the bar, amidst the cheers of thousands of spectators on the piers, and after an hour's hard rowing succeeded in reaching the coble. Her crew of three men, who were greatly exhausted, were taken into the Life-boat and brought safely to land.—Expense of service, 13*l.* 10*s.*

#### COMMITTEE MEETING, 13th Oct., 1892.

The Committee specially recognised the good services rendered by Mr. EDWARD CHEGWIDDEN, Mr. RICHARD HEADON, Mr. HUMPHREY JONES and Mr. DAVID RICHARDS during the long period in which they held the office respectively of Coxswain of the Porthleven, Clovelly, Bar-mouth and Abersoch Life-boats.

Also the good services rendered by Mr. JOSEPH MILLS, whilst holding the office

of Second Coxswain of the Littlehaven Life-boat.

Voted 17*l.* 18*s.* 6*d.* to pay the expenses of the Aranmore, Broadstairs, Aldeburgh, Harwich, Walton-on-the-Naze, Palling No. 2, Sheringham, Pakefield No. 1, Lowestoft No. 1 and Gorleston No. 1 Life-boats, in assembling their crews or launching with the view of assisting vessels which did not eventually need their services.

Voted also thanks to Mr. CHARLES DAY in recognition of his kind services in volunteering to form one of the crew of the Lowestoft Life-boat on the 11th November last, and assisting to save the crew of two men from the lugger *Paramount*, of Hopeman.

Also 5*l.* to the Coxswain of the North Deal Life-boat, who was injured while on service on the 13th September.

The Committee also awarded a pecuniary grant to the widow of the Coxswain of the Bull Bay Life-boat in consideration of his services whilst serving in that capacity.

Also 1*l.* 10*s.* to one of the crew of the Sheringham Life-boat, who was injured on service on the 20th September.

Oct. 14.—BRANCASTER, NORFOLK.—*Lily Bird* Life-boat.—The coxswain was informed by the Chief Officer of Coastguard that a message had been received by telephone from Thornham stating that the services of the Life-boat were required by a vessel in distress off Holme Point. The wind was blowing from the N.E., the weather was stormy and a heavy sea was running. The Life-boat was launched at 10.15 A.M. and proceeded under canvas to the vessel, which was stranded about three hundred yards from the beach at Holme Point. She was the schooner *Rensche*, of and from Papenburg for Lynn, laden with oil cake. The Life-boat's anchor was let go, the boat veered close to the vessel and took off her crew consisting of five men. The wind and the heavy sea rendered it impossible for the boat to return to her station and she therefore made for Hunstanton, where all were landed at 1 P.M., the boat being taken back to Brancaster by road.—Expense of service, 18*l.* 19*s.* 6*d.*

Oct. 15.—PENZANCE.—*Dora* Life-boat. In the early morning while several sailing vessels were lying windbound in Mount's

Bay Roads the wind suddenly shifted from N.E. to S.S.W. and blew strongly, with very heavy rain and a rough sea. All the vessels immediately slipped their cables and got under weigh. The schooner *Express*, of Dublin, with a crew of four men, bound from Poole for Glasgow with pipe-clay, in making a reach inshore, collided with another schooner and carried away her jibboom and forward gear. She was unable to reach to windward and the master, finding his vessel was drifting on a lee beach, let go the anchor and brought her up in the breakers. The Life-boat went to her assistance at 6.30 A.M. and after a short time, the wind having changed to the S.E. and the tide flowing, the vessel was got under sail, her anchors were slipped and she was taken into Penzance harbour.—Property salvage case.

Oct. 15.—BRIDLINGTON QUAY.—*William John and Frances* Life-boat.—The Life-boat was launched at 7 A.M. and landed the crew of six men from the brigantine *William Parker*, of Ipswich, which was anchored on the edge of the broken water, about four miles S.W. of the harbour, and lying in about two fathoms of water at low tide.—Expense of service, 17*l.* 14*s.* 6*d.*

Oct. 15.—SALTBURN.—*Charles and Ann* Life-boat.—The schooner *Vigilant*, of Montrose, bound from Hull for Hartlepool, with a cargo of linseed cake, was seen in distress about a quarter of a mile E. of the pier and about a mile from the shore. Her foremast had been carried away and she had also lost the topsail of the other mast. The Life-boat was launched at 6.55 A.M., pulled through a very heavy sea and reached the vessel at 7.30. The master requested the Life-boat men to take ashore a telegram to the owners of the vessel asking that a steam-tug might be sent to his assistance. The message was despatched and a close watch was kept on the vessel, for, although she had a good anchorage and might ride in safety until the tug arrived, it was feared that if the gale increased and her anchors drag or her cable part she would inevitably be driven ashore. No tug, however, went to the vessel, which rode in a terrific sea through the night. At low water every wave swept through her, the strain caused her to drag her anchor and at 6.50 A.M. the Life-boat was again launched, the master having signalled for

assistance, went to the vessel and brought ashore her crew of four men.—Expense of service, 33*l.* 1*s.*

Oct. 16.—PALLING.—*British Workman* Life-boat.—While a gale of wind was blowing from the N.E., with a very heavy sea, guns were fired by the North Hasborough Light-vessel and signals of distress were shown by a vessel ashore near the Middle buoy. The Life-boat was launched at 5.30 A.M. and, when about a mile from the wreck, picked up a boat containing five men belonging to the stranded vessel, which was the s.s. *Janus*, of Grangemouth. These men reported that there were thirteen persons remaining on board having no means of leaving the vessel, all their boats being destroyed. The five men having been taken into the Life-boat it at once made for the steamer and with considerable difficulty effected the rescue of the other thirteen persons. The boat then made for the shore, but as a tremendous sea was running, it was considered by those at Palling that it would be dangerous to attempt to land there and signals were made for the boat to proceed to Yarmouth. She arrived there at 5.30 P.M., remained in the harbour until 8.30 on the following morning and regained her station at 1.45 P.M.—Expense of service, 48*l.* 12*s.* 9*d.*

Oct. 18.—CULLERCOATS.—*Co-Operator*, No. 1, Life-boat.—At about 6.30 A.M. twenty fishing-cobles went out and shot their lines, but were overtaken by stormy weather and were compelled to run for the harbour. The first boat which arrived was nearly swamped by the heavy seas breaking on the bar, and, as the other cobles would incur risk in crossing, the Life-boat was launched at 10 o'clock and remained by the bar until all the boats were in safety.—Expense of service, 13*l.* 10*s.*

Oct. 23.—WITHERNSEA.—*Admiral Rous* Life-boat.—The s.s. *J. Y. Short*, of Sunderland, bound from Alexandria for Hull, laden with cotton seed and carrying a crew of twenty-five men and nine passengers, stranded at Tunstall, about four miles north of WitherNSEA Life-boat house, in a strong N. gale and a rough sea. The Life-boat went to her assistance, but before the boat arrived, communication with the vessel had been obtained by the rocket apparatus and the passengers and most of the crew were landed by that

means. The Life-boat remained alongside until this had been accomplished and then brought ashore seven of the crew and the sailors' luggage.—Expense of service, 25*l.* 19*s.*

Oct. 26.—ALDEBURGH, SUFFOLK.—*Aldeburgh* Life-boat.—The Life-boat was launched at 1.15 A.M., it having been reported that signal guns and rockets were being fired by the Shipwash light-vessel. The boat proceeded in a strong N. breeze and a moderate sea to the Shipwash and spoke those on board who stated that the Long Sand light-ship was signalling; they had also seen a bright light about the S.W. end of the Shipwash Sand. The Life-boat went along the sand, but, finding nothing, proceeded to the Long Sand and ascertained from the light-ship that the Kentish Knock light was firing. The Life-boat then made for the Kentish Knock Sand and when some distance from the light saw the masts of a vessel and at once went to her, arriving at 7.30 A.M. She proved to be the schooner *James Taylor*, of Preston. She was lying on her beam ends, her hull being under water and her crew of four men in the rigging at the foremast head, where they had been since 10 o'clock on the preceding night. The mate, an elderly man, who had been injured, was lowered by means of a rope by the captain, assisted by the bowman of the Life-boat who jumped into the rigging of the ship so as to lend a hand, and all having been taken into the boat she made for the Swin and fell in with the Trinity steamer *Irene* which kindly towed her to Harwich where the shipwrecked crew were landed at about 2.30 P.M.—Expense of service, 66*l.* 0*s.* 3*d.*

Oct. 27.—HOLYHEAD.—Steam Life-boat *Duke of Northumberland*.—At 2 A.M. signals were seen in the bay while a strong gale was blowing from the S. and a heavy sea was running. The Life-boat proceeded out and met a steamer which had been stranded on the Clipera rocks and was making for the Old harbour. The boat then went to the breakwater and found a schooner stranded there but her crew had landed. The Life-boat returned to her moorings, and at 4 A.M. was again called out by signals and brought ashore the crew of four men from the schooner *Miss Hunt*, of Carnarvon, which was lying outside the breakwater,

being disabled by loss of sails. At 7 o'clock the boat again went to the schooner, taking her crew back to her, and assisted them to bring the vessel into the harbour. At 10 o'clock the schooner *Janets and Ann*, of Chester, being seen on the breakwater, her sails having been carried away, the Life-boat once more went out and towed her into the harbour.—Expense of two services, the other two being property salvage services, 27*l.* 5*s.*

Oct. 29.—FETHARD.—*Helen Blake* Life-boat.—It having been reported that a vessel was flying a signal of distress off Bagenbun the Life-boat went out and found the signals were shown by the barque *Peebles-shire*, of Glasgow, bound from St. Nazaire for Glasgow, in ballast, with a crew of thirteen men and two passengers. As the vessel was embayed the Life-boat men, at the request of the master, remained alongside until tugs arrived and afterwards assisted in getting her anchors up.—Balance of expense of service, 25*l.* 0*s.* 2*d.*

COMMITTEE MEETING, 10th Nov., 1892.

Voted the Fourth Service Clasp, a certificate of service and a pecuniary reward to Mr. JOHN HAYTER, on his resignation of the post of Coxswain of the Brooke Life-boat, which he had held for thirty-two years. During that period he had been out in the Life-boats on that station twenty-eight times on service and assisted to save 222 lives.

Also the Silver Medal, a certificate of service and a pecuniary reward to Mr. WILLIAM POTTER, late Coxswain of the Cahore Life-boat, in recognition of the good services performed by him during the twenty-five years he had held that office. He had been out in the Life-boats on that station thirty-one times on service, and saved forty-seven lives.

The Committee also specially recognised the services of Mr. PHILIP NICHOLLS whilst serving as Second Coxswain of the Sennen Cove Life-boat, and DAVID CLARK, who was boat-house keeper at Montrose for a number of years.

Voted 596*l.* 3*s.* to pay the expenses of the Buckie, Winterton No. 2, Palling No. 2, North Deal, Walmer, Kingsdowne, Mablethorpe, Grimsby, Porthcawl, Johnshaven, Hunstanton,

Donna Nook, Lowestoft No. 1, Montrose No. 1, Harwich, Cemlyn, Gorleston No. 1, Aldeburgh, Runswick and Broadstairs Life-boats in assembling their crews or putting off to assist vessels not eventually requiring their help.

The Ramsgate Life-boat *Bradford* had also been called out, but her services were not called into requisition.

Also 5*l.* to the Coxswain of the Porthdinllaen Life-boat, in consideration of illness contracted while on service in the boat.

Also 10*s.* to a man injured at Gourdon Life-boat station.

Nov. 11.—PORT PATRICK.—*Civil Service*, No. 3, Life-boat.—Anxiety being felt as to the safety of the crew of the fishing-boat *Minnie*, of this port, which had gone out to fish in Broadsea Bay, about six miles N. of Port Patrick harbour, and had been overtaken by squally weather and a lumpy sea, the Life-boat was launched at 11.30 A.M. and went in search of the boat. She soon hove in sight and the Life-boat stood by her until she had got safely into the harbour.—Expense of service, 11*l.* 18*s.* 6*d.*

Nov. 11.—CAISTER, NORFOLK.—*Beauchamp* Life-boat. — While a moderate breeze was blowing from the E., some Scotch fishing-boats and a smack were seen to run aground on the Barber Sand, on which a heavy sea was breaking. The Life-boat put off at 6 P.M., sailed to the sand and found that the Scotch boats were just getting clear. In making for the smack the Life-boat fell in with another Scotch boat which was making straight for the sand. The master was informed of his danger and was advised as to the course he should take. The Life-boat afterwards let go her anchor, wore down to the smack and, at the master's request, remained alongside until about 1 A.M. when the vessel floated.—Expense of service, 30*l.*

Nov. 13.—CAISTER, NORFOLK.—*Beauchamp* Life-boat.—The brig *Eugenie*, of Brevig, bound for Great Yarmouth with a cargo of ice, stranded on the North Scroby Sand in a very heavy sea and a strong breeze from the S.S.W. The Life-boat went to her assistance and, with the help of a steam-tug, got her afloat and took her into Yarmouth harbour.—Property salvage case.

Nov. 23.—RAMSGATE.—*Bradford* Life-boat.—During thick weather and a moderate E. wind, guns were fired from the Goodwin Sands. At 7.45 A.M. the Life-boat, in tow of the steam-tug *Aid*, left the harbour, proceeded to the sands and found the barge *Fire Fly*, of London, stranded, with the sea breaking completely over her. The Life-boat was slipped from the tug, was run ashore and her crew walked to the vessel. When the tide flowed the tug backed in at considerable risk, her tow-rope was attached to the barge and, after an hour's towing, she was got afloat and was taken into the harbour.—Property salvage case.

Nov. 26.—ALDEBURGH AND THORPENESS.—*Aldeburgh* and *Christopher North Graham* Life-boats.—At 12.15 A.M. the Aldeburgh Life-boat was launched, signals of distress having been shown by a vessel which had stranded about half-a-mile S. of Thorpeness Point. A strong breeze was blowing from the S.S.E., the sea was rough and the weather was cold with heavy rain. The stranded vessel was the four-masted ship *Glencairn*, of Glasgow, bound from Fredericksstadt for Melbourne. Seven tugs had been engaged to tow her afloat and the Life-boat was asked to remain by her in case their efforts should be unsuccessful. The tugs did not succeed in towing her off at that tide and when darkness set in the wind freshened and the vessel's crew desired to be taken off. Twenty-three men got into the Life-boat and were landed, the master and first and second mates remaining on board. Shortly afterwards the wind flew off the land, the weather moderated and eventually on the following tide the ship was towed afloat, some of her cargo having been jettisoned, and was taken to Gravesend.—Expense of service, 70*l.* 17*s.*

The Thorpeness Life-boat also put off to the assistance of the stranded vessel and remained by her until her services were no longer required.—Expense of service, 41*l.*

Dec. 1.—WEXFORD.—*Andrew Pickard* Life-boat.—At 8.45 A.M. the Life-boat put off to the assistance of the yawl *Mana Girl*, of and from Dublin for Wexford, which was flying a flag half-mast high while close to the Dogger Bank, in a rough sea and a moderate breeze from the N.N.E. On hailing the vessel, the master

said he wanted a pilot to take him into the harbour. He was requested to keep close to the Life-boat, which conducted him into safety.—Expense of service, 11*l.* 10*s.*

Dec. 3.—LOWESTOFT.—*Samuel Plimsoll* Life-boat.—The trawler *Hiram*, of Lowestoft, while leaving the harbour in a light S.S.E. wind, a strong ebb tide and a very heavy swell, was driven on the sand just outside the harbour on the North Pier extension. The Life-boat was launched at 1 P.M. and got communication between a tug and the trawler which was ultimately towed into the harbour.—Property salvage case.

#### COMMITTEE MEETING, 8th Dec., 1892.

Voted the Silver Medal of the Institution and a copy of the vote inscribed on vellum to Mr. HENRY SPINDLER, in recognition of his gallant services during the ten years he held the office of Coxswain of the Thorpe Life-boat. During that period he had been off in the boat thirty-four times on service and assisted to save ninety-three lives.

The Committee also specially recognised the good services rendered by Mr. STEPHEN GOLDRING and Mr. THOMAS H. EDYVANE whilst serving respectively as Coxswain of the Hayling Island and Padstow Life-boats.

Also the long services of Mr. RICHARD HUGHES, as Second Coxswain of the Cemaes Life-boat.

Voted 3*40l.* 3*s.* 6*d.* to pay the expenses of the Thorpeness, Felling No. 2, Winterton No. 2, Gorleston No. 1, North Deal, Skegness, Walmer, Cloughey, Broadstairs, Margate, Beaumaris and Penmon Life-boats in assembling their crews or putting off to the assistance of vessels not eventually needing their help.

The Arbroath Life-boat was taken out with the view of assisting a fishing-boat.

Dec. 9.—CARDIGAN.—*Lizzie and Charles Leigh Clare* Life-boat.—At 5.40 A.M. the Life-boat was launched to the assistance of the schooner *Duke*, of Wicklow, coal laden, from Point of Ayr for Cardigan, which had been driven close to the Black Rocks near Penrhyn Castle in a heavy gale from the N.E. and a very high sea. The vessel's crew of three men were taken into the Life-boat and brought safely ashore.—Expense of service, 22*l.* 2*s.*

Dec. 9.—PENMON.—*Christopher Brown* Life-boat.—In response to signals the Life-boat was launched at 6.30 A.M. and proceeded to the schooner *James and Mary*, of Dublin, laden with coal from Preston for Wicklow, which had struck on the Beacon Rock in a moderate gale from the N.E. and a rough sea. The Life-boat let go her anchor, veered down to the wreck and, after several attempts, succeeded in rescuing those on board, consisting of the master, his wife and three children, and the crew of three men. Considerable difficulty was experienced in rendering this service and great danger was incurred by the Life-boat and her crew in approaching the vessel over the rocks on which a very heavy sea was running, it being necessary to get close to the wreck in order to take off the woman and three young children. Heavy seas were also breaking over the vessel and, as a blow either against the ship or the rocks would have been attended with the greatest peril to the boat, great skill and good judgment had to be used in handling her. So well was the boat managed that she did not get a scratch, and the service reflects great credit on the coxswain and his crew.

In recognition of their gallant services on this occasion the Silver Second Service Clasp of the Institution was presented to W. M. PRESTON, Esq., the Honorary Secretary, who was in the Life-boat, and to Mr. ROBERT ROBERTS, the Coxswain of the boat.—Expense of service, 20*l.* 19*s.*

Dec. 9.—FISHGUARD.—*Elizabeth Mary* Life-boat.—Signals of distress were shown by the ketch *Alice*, of Milford, bound from Swansea for Aberayron, with a cargo of coal, which was lying at anchor in Fishguard Bay while a strong breeze was blowing from the N.E. with occasional hail squalls accompanied by a rough sea and heavy breakers. The Life-boat was launched at 5.30 P.M. and, on reaching the vessel, found that the master, who was also the owner, and his man were anxious to be taken ashore, fearing that the ketch, which was riding heavily, would part her cables, as the weather was likely to get worse. The two men were taken into the Life-boat and were safely landed.—Expense of service, 28*l.* 5*s.*

Dec. 15.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—At about 2 P.M. a steamer, which proved to be the *Lloyds*,

of and from London for the Tyne, in ballast, was observed, in tow of two other steamers, with a flag flying half-mast high. The Life-boat put off to her assistance and on the way fell in with the steam-tug *United Service*, which took her to the vessels. Just as the boat arrived the *Lloyds* grounded on the outside of the extreme S. part of the Scroby Sands and filled, her bridge being level with the surface of the water. The towing steamers were the Harwich Trinity steamer and one with which the *Lloyds* had been in collision and on board which the crew of the latter vessel had been taken. The steamer brought the fifteen men into Yarmouth Roads, when they were taken into the Life-boat, landed at Yarmouth and lodged at the Sailors' Home.—Expense of service, 18*l.* 10*s.* 3*d.*

Dec. 16.—WINTERTON.—*Margaret* Life-boat.—At about 9 P.M. signals were made by the North Hasborough Light-vessel and flares were shown by a steamer, in response to which the Life-boat proceeded to the sands and found the s.s. *Boldon*, of Newcastle, coal laden from Shields for London, and having a crew of seventeen men, aground. The Life-boat men laid out an anchor and, with the help of two steam-tugs, the vessel was got afloat at about 4.30 on the following morning. The Life-boat accompanied the vessel to Gravesend and on the way there one of the steamer's crew fell overboard but was promptly rescued by the Life-boat men. Gravesend was reached at 9 P.M., the Life-boat remained there during the night: at 9 o'clock on the succeeding morning she left for her station and arrived home at about 5 A.M. on the 19th.—Property salvage case.

Dec. 18.—FRASERBURGH.—*Cosmo and Charles* Life-boat.—The ketch *Daybreak*, of Peterhead, bound from Shields for Banff with coal, stranded on a sandbank about a mile S. of Fraserburgh in a W.N.W. gale. The Life-boat was launched to her assistance at 8.15 A.M., took off her crew of four men and landed them safely at Fraserburgh. Some time afterwards the vessel floated as the tide flowed and was taken into the harbour.—Expense of service, 11*l.* 17*s.*

At 4 P.M. the Life-boat again put off, a schooner being seen lying on her side about three miles from Fraserburgh with a flag of distress flying, and, while on the

way to the vessel, met the steamer *Princess Louise*, of Liverpool, and found she had taken off the crew. The three men were transferred to the Life-boat and were landed at Fraserburgh. Their vessel was the *Fairy*, of and from Sunderland, bound for Cullen with a cargo of coal. She was leaking badly, had lost some of her spars and was believed to have eventually foundered.—Expense of service, 17*l.* 11*s.*

Dec. 22.—PENMON.—*Christopher Brown* Life-boat.—The schooner *Raven*, of Bangor, having dragged her anchor and drifted into close proximity to the rocks at the south end of Puffin Island, showed a signal of distress. The Life-boat put off to her assistance at 12.35 P.M., placed five men on board to assist the vessel's crew to weigh the anchor and set the sails, and the schooner was taken into a safe position in the Cross roads.—Property salvage case.

Dec. 23.—GREAT YARMOUTH.—*John Burch* Life-boat.—At 7 A.M. one of the crew of the Life-boat saw the mast-head light of a vessel on the beach near the North Battery. The boat's crew were at once summoned, the boat was promptly launched and found the dandy *Renown*, of Yarmouth, stranded. Her crew of five men had been landed by the rocket apparatus and the master only was on board. With the assistance of two steam-tugs and the Life-boat men the vessel was got afloat and was taken into Yarmouth harbour.—Property salvage case.

Dec. 23.—LYNMOUTH.—*Louisa* Life-boat.—While a strong E. breeze was blowing, with a rough sea, a vessel was observed yawing off Lynmouth with a large flag half mast high. It appeared to those on shore that an accident had happened to her steering-gear and the Life-boat was therefore launched at 9.30 A.M. and went to her assistance. A steam-tug cast off a vessel which she was towing up the channel and proceeded to the distressed ship and a brig also bore down on her. On reaching her the Life-boat men found that she was the three-masted brigantine *Chocolate Girl*, bound from Cardiff for the West Indies, and that the signal had been hoisted by the pilot in order that he might be taken off the vessel. He was placed on board the steam-tug which then towed the Life-boat back to the harbour as the tide

was against her.—Expense of service, 13*l.*

Dec. 23.—ARKLOW.—*Frances and Charlotte* Life-boat.—Information of a schooner ashore off Mizen Head having been received the Life-boat was launched at 10.45 A.M., proceeded in a heavy sea with a strong S.E. wind to the vessel and found she was the *Spray*, of Dublin, bound from Cardiff for Arklow with a cargo of coal. Three men were on board and were taken into the Life-boat. The captain had unhappily been drowned by the swamping of the vessel's boat which had been got out for the purpose of enabling the men to leave the schooner.—Expense of service, 11*l.* 12*s.* 9*d.*

Dec. 24.—PADSTOW, CORNWALL.—*Arab* Life-boat.—A vessel, which proved to be the ketch *May Queen*, of and for Plymouth, laden with flour from Cardiff, was observed close to Newland Island, having lost her mainsail and staysail, and flying a signal of distress. A strong gale was blowing from the S.S.E. and a heavy sea was running. The Life-boat was launched at 10.45 A.M. and went alongside the vessel. It being impossible to take her into the harbour then on account of the gale and sea, she was moored with two anchors about a quarter of a mile from it and her crew of three men were taken ashore by the Life-boat, as their remaining on board their vessel would have been attended with considerable risk.—Expense of service, 11*l.* 17*s.*

Dec. 24.—NEWBIGGIN.—Temporary Life-boat.—It was reported at the Life-boat station soon after 6 P.M. that a steamer was ashore on the Lyne Sands. The wind was blowing from the S.E., the weather was foggy and the sea was moderately rough. The Life-boat temporarily placed here while the station's boat was undergoing alteration went to the vessel's assistance and found that she was the s.s. *Verdandi*, of and from Gothenburg, bound for the Tyne with a cargo of timber. Fifteen of the crew got into the Life-boat, but the master, mate and engineer decided to remain on board their vessel. Having landed the fifteen men the Life-boat, at the request of the master, returned to the steamer but ultimately he and the two other officers decided not to leave the ship.—Expense of service, 24*l.* 7*s.*

Dec. 30.—NEWHAVEN.—*Michael Henry* Life-boat.—While a moderate gale was blowing from the S.E. the fishing-lugger *Harriet and Robert*, of Newhaven, was seen drifting W. of the breakwater, having lost her sail. As the rough seas were breaking over her, the Life-boat was launched at 11.20 P.M. and, on reaching the boat, found her crew of two men quite exhausted and half frozen. The lugger was taken in tow and was brought into Newhaven at 2.30 A.M.

Dec. 31.—RAMSGATE.—*Bradford* Life-boat.—The Life-boat, in tow of the steam-tug *Aid*, left the harbour at 5 A.M. and proceeded to the Gull Light-vessel, which had been firing signal-guns. It was found that she had on board the crew of five men belonging to the schooner *Francis*, of Fowey, which had stranded on the N.E. part of the Goodwin Sands. These men were taken into the Life-boat and the boat and tug then went to the stranded vessel with the view of saving her if possible. The Life-boat went alongside and found her striking heavily, the tug went as near as possible and, after several attempts, a towing hawser was passed on board, the vessel was got afloat and was taken into Ramsgate harbour leaking badly.—Property salvage case.

Dec. 31.—SEAHAM.—*Skynner* Life-boat.—In response to signals the crew of the Life-boat assembled, the boat was launched at 8 A.M. and discovered that the s.s. *Emma Sauber*, of Hamburg, was stranded about three-quarters of a mile S. of Sea-

ham, having gone ashore in a dense fog. When the tide rose the vessel floated and was towed off by a steam-tug, the Life-boat taking the tow-ropes from the stranded steamer to the tug.—Property salvage case.

Dec. 31.—TEIGNMOUTH.—*Arnold* Life-boat.—The brigantine *Visitor*, of Glasgow, bound from Littlehampton for Teignmouth in ballast, was seen making for the harbour while a moderate gale was blowing from the E.S.E. As it appeared doubtful whether she could safely cross the bar on which a very rough sea was breaking, the Life-boat was launched at 3 P.M. and proceeded to the bar. The vessel arrived at 3.30 and struck but, as the tide was rising and running strongly into the harbour, she drove across and was taken safely into the harbour, the Life-boat directing her by means of a flag into the proper channel.

Dec. 31.—Voted 729l. 9s. 6d. to pay the expenses of the Winterton No. 2, New Brighton No. 2, Scarborough, Newhaven, Penmon, Thorpeness, Harwich, Palling No. 2, Shoreham, Flamborough No. 2, Aldeburgh, Eastbourne, Dunwich, Caister No. 1, Gorleston No. 1, Clacton, Great Yarmouth, Wexford No. 1, Walton-on-the-Naze, Huna, Carnsore and Beaumaris Life-boats in assembling their crews or putting off to the aid of vessels which did not ultimately need their help.

Also 5l. to a man who was injured while on service with the Cardigan Life-boat on the 9th December.

THE  
**MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,**  
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

*Obverse.*—Bust of Her Majesty Queen Victoria; beneath, in minute letters, “L. C. Wyon.” Double legend, “Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness.”  
*Reverse.*—Three sailors in a Life-boat, —one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. “W. Wyon, Mint.” Inscription. “Let not the deep swallow me up.”

The beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R. A., himself.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1892, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,189, 98 of which were in Gold, and 1,091 in Silver.

*Note.*—The asterisk (\*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G.<sup>d</sup>.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

### THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.
2. Perfect flexibility, so as to readily conform to the shape of the wearer.
3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.
4. Strength, durability and non-liability to injury.

## THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 304 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

### THE LIFE-BOAT.

*(See Diagrams on next page.)*

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy, The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

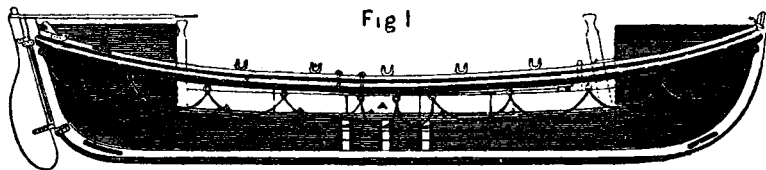

In Figure 2, the unshaded space, A, represents the uncovered part of the deck;

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

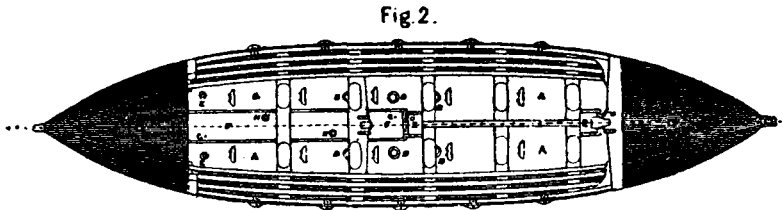

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

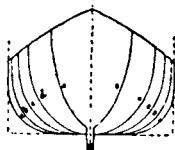

#### THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT

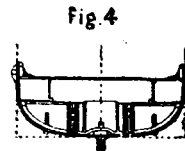

PROFILE

BODY PLAN

MIDSHIP SECTION.

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

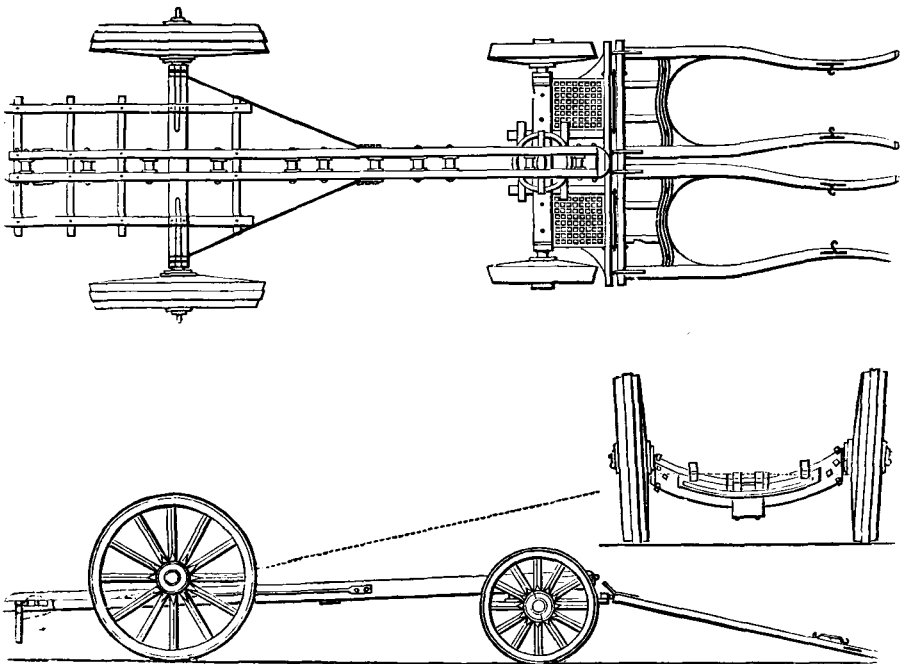

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

### THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

## THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum, and payment as a helper each time he is on duty. The members of the volunteer crews are registered and, wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or Coastguardmen. On every occasion of going afloat to save life, the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October, and ending the 31st March.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a Coastguard man on duty or other responsible look-out man.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The average cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	
Skids, and Transporting-carriage for the Life-boat . . . . .	£700
Boat-house (Slipway extra) . . . . .	350
Total . . . . .	£1,050

It is often necessary to provide a Slipway for launching purposes, which costs from 200*l.* to 1,000*l.* The average Annual Expense of maintaining a Life-boat Station is 100*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 304 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 37,257 lives.

Despite, however, this fleet of 304 Life-boats, and of 24 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that on an average 650 lives are lost annually on and around our own shores alone, as shown by the Board of Trade Returns, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs an income of at least 70,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

## THE PRINCE OF WALES AND THE LIFE-BOAT SERVICE.

*Speeches of His Royal Highness at the Annual General Meeting  
on the 18th March, 1893.*

"As your chairman to-day it is my duty to move the first resolution, which is 'That the report now read be adopted, printed and circulated.' The last occasion on which I had the satisfaction of presiding at the Annual General Meeting of the ROYAL NATIONAL LIFE-BOAT INSTITUTION was exactly nine years ago, in 1884. Since that time the Institution has made more progress and shown a greater activity than in any similar period of its history, as the figures which I am about to quote will prove. 37 new stations have been established, 260 new Life-boats have been placed on the coast, 101 old Life-boats improved, and 6,672 lives have been saved, for which rewards have been granted. The total number of Life-boats on the 31st December last year was 304, and the total number of lives for which the Institution granted rewards between 1824, when it was founded, and the end of 1892, was upwards of 37,000. In 1883 the receipts of the Institution from all sources, excluding legacies, were 40,250*l.*, and in 1892 58,654*l.*, or a net increase of nearly 50 per cent.; and this is the more satisfactory as there was a great depression in trade and agriculture during the whole of that period. In 1883 the expenditure amounted to 45,817*l.*, and in 1892 to 80,416*l.* But I must point out that the increased expenditure was mainly due to the additional number of stations which were established, to the construction of Life-boats, carriages, boat-houses, and slipways, to the increase in the pay of the Life-boat men on rescue and other services, to the competitive trials with Life-boats, a special item, and to the increased price of labour and materials (loud cheers). In February 1889, the Institution promoted a Bill in the House of Commons to amend the Act of 1877 for the removal of wrecks on the coast of the United Kingdom which might prove dangerous to Life-boat crews in the performance of their life-saving duties. This was the first Bill that was passed through Parliament in that year, and the first, likewise, to which in 1889 the Queen, Patron of the Institution, affixed her signature (cheers), and I am glad to inform you that many dangerous wrecks have since been removed under the provisions of this Act (cheers). It is anticipated that, owing to the establishment of coast communication round the United Kingdom now being carried out, and a Royal Commission having sent in its first Report containing certain important recommendations, that a great saving of life will in the future be effected. In February 1889, also, the Committee placed on the coast the first steam Life-boat ever built, at a cost of 5000*l.*, and since the inspection of it at Cowes by the German Emperor and myself in August last, an offer has been made by the firm that constructed it to build another with various improvements for 3250*l.*, and I understand that this offer is about to be considered by the Committee. I think you will agree with me that the Committee came to a wise decision when they determined in Nov. 1891 that, in order to improve the condition of the Life-boat crews, the pay for their services should be increased by one-half during the six winter months (cheers). I am informed that this considerate measure has been much appreciated by the men. The difference between the expenditure and the receipts from the ordinary sources of income which I have mentioned, was met by the appropriation of legacies and capital. But there is no doubt that the financial question is one of vital and pressing importance, and will require the earnest consideration and attention of the Committee as well as every possible help from the public. The fact that the income from subscriptions, donations, and interest on investments was insufficient by 21,888*l.*, to meet the expenditure of last year is a grave matter for reflection, and points at once to the desirability of extending the new system, which has been successfully adopted in Lancashire, of having 'Life-Boat Saturday' and 'Life-Boat Sunday' collections in London and other parts of England, and especially in large towns, which, I regret to state, have, as a rule, hitherto contributed but little to the Institution. While referring to the financial question, let me add that I am requested by the Committee to mention that they are specially desirous that it should be made known to intending donors that money is greatly needed for the maintenance of the existing boats and the service generally (loud cheers)."

His Royal Highness, in response to a hearty vote of thanks which was tendered to him, said: "Ladies and Gentlemen, Before we close, I wish to return my cordial thanks for this resolution. It is, I assure you, a source of very sincere satisfaction to me to be able to preside once more at the Annual Meeting of this great and most important Institution (cheers). Be assured, I always have taken, and always shall take the very liveliest interest in its success. I do not consider that in this world there can be a finer service than this one, in which men are called upon at all hours of the day and night to give their services, frequently at imminent risk to their lives, to save their fellow creatures from the frightful death of drowning. This is, to my mind, one of the noblest and finest services to which a human being can belong (cheers). Such being the case and knowing how much money is expended in order to keep this Institution on a proper footing, I sincerely hope the words which have fallen from so many able speakers to-day will not be forgotten, and that you will all do your utmost by your voluntary contributions to assist to maintain a Society of such importance. Let me thank you once more for your kind reception and assure you of the pleasure it has given me to meet you (loud cheers)."

The number of Lives saved either by the Life-boats of the Society, or by special exertions for which it has granted rewards since its formation, is 37,257; for which services 98 Gold Medals and Clasps, 1,091 Silver Medals and Clasps, 216 Binocular Glasses, 15 Telescopes, 5 Aneroid Barometers, 1,394 Votes of Thanks inscribed on vellum and framed, 32 Certificates of Service framed and £130,223 have been given as rewards.

The Committee earnestly appeal to the British Public for Funds to enable them to maintain their 304 Life-boats now on the Coast and their Crews in the most perfect state of efficiency. This can only be effected by a large and permanent annual income. The Annual Subscriptions, Donations, and Dividends are quite inadequate for the purpose. The Committee are confident that in their endeavour to provide the brave Life-boatmen, who nobly hazard their lives in order that they may save others, with the best possible means for carrying on their great work, they will meet with the entire approval of the people of this the greatest maritime country in the world and that their appeal will not be made in vain, so that the scope and efficiency of our great Life-saving Service, of which the Nation has always been so proud, may not have to be curtailed.

Annual Subscriptions and Donations are earnestly solicited, and will be thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, London; by the Bankers of the Institution, Messrs. COURTS and Co., 59 Strand; and by all the other Bankers in the United Kingdom.—1st May, 1893.
