

THE LIFE-BOAT.

JOURNAL

OF THE

Royal National Life-Boat Institution.

(ISSUED QUARTERLY.)

VOL. XV.—No. 172.]

1ST MAY, 1894.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at St. Martin's Town Hall, Charing Cross Road, on Saturday, the 21st day of April, 1894, HIS GRACE THE DUKE OF WESTMINSTER, K.G., in the Chair, the following Report of the Committee was read by the Secretary:—

ANNUAL REPORT.

1894.

THE work of the ROYAL NATIONAL LIFE-BOAT INSTITUTION has been actively and earnestly carried on during the past year, and every effort has been made by the Committee—in the face of very adverse circumstances brought about by the general badness of the times, agricultural distress and trade disputes—to maintain and even increase the efficiency of the service.

Steam Life-boat.—The Committee, after calling for tenders from many of the largest shipbuilding firms in the United Kingdom, entrusted, in June last, the building of a second Steam Life-boat to Messrs. R. & H. GREEN, of Blackwall. This boat when completed will be sent to Harwich and will be named the *City of Glasgow*. The entire cost of construction will be met by funds raised in Glasgow in connection with the Life-boat Saturday demonstrations held there last autumn and to be held during the current year. The Committee are sanguine that the

new Steam Life-boat will quite fulfil their favourable anticipations as they believe she will possess many material improvements on the old boat, suggested by experience.

Competitive Life-boat Trials.—As foreshadowed in last year's Report, the second part of the series of competitive Life-boat trials was held early in 1893, at Montrose, and included all the various classes of pulling Life-boats. The results have been published *in extenso*, and the Committee are satisfied that those trials have, as in the case of those with the sailing Life-boats, not only tended to increase the confidence of the Life-boat crews in their boats, but have been productive of much valuable information which could not have been obtained in any other way, thus fully justifying the cost of the experiments.

Life-boats.—A new station has been opened during the past year at Folkestone, and has been furnished with a fully-equipped Life-boat, thanks to the generosity of a benevolent lady. New stations will also be established when

local and other circumstances permit, at:—

Barry	Glamorganshire.
Greenore	Co. Louth.
Port Ness	Island of Lewis.
Selsey	Sussex.

During the year, 17 other stations have been supplied with new boats possessing the latest improvements; the precise class of boat in each case having been determined by the coxswains and crew who would have to man her, a species of local option much appreciated by the men. The stations to which the new boats were sent were:—

ENGLAND AND WALES.

Clovelly	Devonshire.
Ifracombe	Devonshire.
Kessingland (No. 1)	Suffolk.
Littlehaven	Pembrokeshire.
Lowestoft (No. 2)	Suffolk.
Palling (No. 2)	Norfolk.
Ramsgate	Kent.
Rhyl (No. 1)	Flintshire.
Runswick	Yorkshire.
Rye	Sussex.
Sennen Cove	Cornwall.
Southwold (No. 1)	Suffolk.
Swanage	Dorset.

SCOTLAND.

Dunbar	Haddingtonshire.
Peterhead	Aberdeenshire.
St. Andrews	Fifeshire.

IRELAND.

Tramore	Waterford.
-------------------	------------

The Boats at 24 other stations have been improved, and brought, as far as possible, up to date. A similar course will be adopted with others during the current year.

The services of the Buddon Ness Life-boat not being considered any longer necessary, the station has been abolished with the full concurrence of the Local Committee.

At the end of last year the Institution's fleet consisted of 303 Life-boats.

The Committee are prepared to establish and maintain a Life-boat Station on any part of the coasts of the United Kingdom where it can be shown that a Life-boat is really required. It is imperative, however, that there should be a sufficient number of men, fishermen or others, accustomed to the management of boats at sea, to man the Life-boat.

Transporting Carriages.—The Committee have sent 21 new transporting carriages to the coast during the past year, and are having others built with all possible speed for those stations where they are needed.

Tipping's Plates.—These valuable aids to launching the Life-boats expeditiously continue to afford satisfaction wherever they have been tried, and 7 additional sets have been provided.

Inspection of Life-boats, &c.—The whole fleet of Life-boats belonging to the Institution was periodically visited by the District Inspectors in 1893, a full report of the inspection having in each case been forwarded to the Chief Inspector for submission by the Secretary to the Committee. Special visits to Stations and Branches have also been made where circumstances have rendered them necessary.

Shipwrecks.—The oldest amongst us cannot remember a more remarkable year, from a meteorological point of view, than the year 1893. During nine months out of the twelve, fine, mild, quiet weather predominated all round the coast, only broken by occasional bad weather, to remind the Life-boat crews that they must ever be on the alert. But notwithstanding the unusually fine weather which prevailed generally throughout the year, good service was done by the Life-boats

in saving life. Altogether the Boats were launched on service 314 times, and for drills, which must be carried out whether the weather be fair or foul, 1,053 times; besides which the Crews were called together 53 times in readiness for service, but their assistance was ultimately not required. The most memorable gale of the year lasted almost without a lull from the 17th to the 21st November. The principal feature of this gale, which was of unusual strength, was that its ravages were not confined to any particular part of the coast, but devastated generally, north, south, east and west. During this remarkable storm the Life-boats were launched no less than 82 times, and saved 208 lives and seven vessels. Considering the perils and risks incurred by the Life-boat men on this occasion, it is remarkable that only two lost their lives, one at Grimsby by being thrown out of the boat before she left the harbour and being killed, apparently by being dashed against the pier, and the other at Lydd by the capsizing of the Life-boat by a tremendous sea. A third Life-boat man perished on the 13th December by the capsizing during a hurricane of the Dunmore East Life-boat, owing to bad steering. It is a matter for devout thankfulness that only these three gallant fellows perished on service out of the many thousands of Life-boat men who manned the Life-boats in 1893, and the Committee are hopeful that the increased efficiency of the boats and gear may in a measure have tended to this result.

The Coxswains and Crews of the Life-boats have generally throughout the year conducted themselves in an exemplary and satisfactory manner, and have received every encouragement from the Committee to be prompt and efficient in discharging their important duties

The number of lives for the saving of which the Institution granted rewards in 1893, was 598; of these 428 were rescued by Life-boats, and 170 by Shoreboats, in addition to which 27 vessels were saved. The following table shows the

details of the services during each month of the year—

Rewards.—The rewards granted by the Committee in 1893 for the saving of life

from shipwreck or for meritorious efforts with personal risk to do so, and in recognition of other good services rendered the cause, comprised 25 Silver Medals, 4 Second Service Clasps, 15 Binocular Glasses, 1 Aneroid Barometer, 53 Votes of Thanks inscribed on vellum and framed, 7 Certificates of Service framed, and 9,408*l.* 18*s.*, including allowances to the relatives of men lost on duty and compensation for injuries received in the Service.

On the 31st December last the Institution had granted altogether in rewards since its establishment in 1824, 97 Gold Medals and 1 Gold Clasp, 1,120 Silver Medals and Clasps, 231 Binocular Glasses, 15 Telescopes, 6 Aneroid Barometers, 1,447 Votes of Thanks inscribed on vellum and framed, 39 Certificates of Service framed, and 139,632*l.* 9*s.* 7*d.* in money.

Aneroids.—Numerous applications were received during the past year from Fishermen and small Coasters for the very reliable Aneroid Barometers supplied by the Institution at a greatly reduced price. The total number of these instruments supplied was 110, of these 100 were sold to Fishermen, and 10 to Coasters. The number issued by the Institution since June, 1882, has been 3,349.

Removal of Wrecks.—Under the provisions of the Removal of Wrecks Act 1877 Amendment Act, 1889, promoted and secured by the Institution four years ago, a considerable number of wrecks, dangerous to the Life-boat crews in the discharge of their life-saving work, have been removed by the Trinity-house and other authorities during the past year. Each year seems to show more plainly the utility of the measure.

Electrical Communication on the Coast.—The important system of electrical communication on the coast for life-saving purposes, commenced by Government in 1892, at the instance of the Life-boat Institution, backed up by the

press of the country, was considerably developed last year, and it is hoped that the long-needed and looked-for line of communication will, before another year is over, have been extended to all the more dangerous parts of the British coast. Steps have already been taken to give effect to the recommendations of the Royal Commission as regards connecting the rock light-houses and light-vessels with the shore, and it is generally recognized that such action has been taken none too soon. The Committee trust that the Royal Commission will defer making their final report until fully satisfied that their recommendations have been thoroughly and efficiently carried out and tested. The Officials of Her Majesty's Post-Office have done their utmost to make the system as complete as the funds placed at their disposal by the Treasury have permitted, and the Committee take this opportunity of recognizing their important and valuable co-operation.

The late Chief Inspector of Life-boats.—The Committee deeply regret the great loss the Institution has sustained during the past year by the death of Captain the Honourable HENRY WEYLAND CHETWYND, R.N., Chief Inspector of Life-boats, who had for 14 years ably, energetically and enthusiastically discharged his duties with loyal devotion to the Life-boat cause.

Local Committees, etc.—The Local Committees and their Honorary Secretaries and Treasurers continue to give the most important assistance to the Institution, without which it would be impossible for the Parent Committee to maintain the high degree of efficiency in the service which it has now undoubtedly attained. The Committee therefore tender their most cordial and grateful thanks to each and all their voluntary officers.

"Life-Boat Saturday," etc.—This important movement, so strongly advocated by H.R.H. the PRINCE OF WALES last year, was initiated in Manchester and Salford

in 1891, and has, notwithstanding the general depression and exceptionally adverse circumstances which have obtained during the whole of 1893, again been largely developed. No better scheme could possibly have been devised for nationalising the Life-boat service than this. The Committee are deeply sensible of their obligation to those who have all along so generously supported this Institution, in many cases by most munificent gifts, support which it is earnestly hoped will be still continued. At the same time the Institution being of such a national character has in the past been too much dependent on the contributions of the generous few, and the numerous Life-boat Saturday demonstrations which have taken place during the past three years have not only proved the immense popularity of the Life-boat service, but have opened out a new source of revenue, at least one which had not formerly been taken full advantage of, and as the needs of the Institution are increasing year by year it has been found necessary to appeal to all classes of the community to contribute to its support. Although the Life-boat Saturday movement has been eminently successful, the Committee are well aware that this success has not been attained without an immense amount of labour on the part of the promoters in the various cities and towns where it has been established, and they gratefully tender their thanks to those earnest workers in every class of society who have endeavoured with great success to advance this movement; to the Ladies Committees for their self-denying and successful labours; to the clergy and ministers throughout the country who, notwithstanding their many claims, have instituted Life-boat Sunday collections in their various spheres of labour; and to the press for the immense assistance it has rendered to the Life-boat Saturday cause and advocating the claims of the Institution generally. With a view to extending and developing the Life-boat

Saturday movement, the importance of which cannot be over-rated, the Committee have taken steps to appoint Organising Secretaries, whose duties it will be, under the guidance of district committees, to promote demonstrations and form new inland branches. Several districts for this purpose have already been arranged.

Finances.—The receipts of the Institution during the year 1893, in subscriptions, donations, dividends, etc., amounted to 56,673l. 16s. 1d., a decrease of nearly 2,000l. as compared with the previous year. The falling off was however due to a very considerable reduction in the amount received under the head of special gifts, which showed a decrease of 5,000l. Had it not been for the important help received as the result of the Life-boat Saturday demonstrations, the diminution in the total receipts would have been much more serious. The amount received in special gifts was 1,709l. 12s. 2d. for the following Life-boat establishments:—

The expenditure for the past year, which was considerably in excess of any previous year since the Institution was founded, was 83,035*l.* 15*s.* 9*d.*, so that the Committee expended not only all they received from the ordinary sources of revenue, but also in addition 26,485*l.* 14*s.* 8*d.* of legacy money and other capital. The disbursements included 17,517*l.* 11*s.* 7*d.* for the building, improving and repairing of Life-boats; 4,207*l.* 1*s.* 3*d.* for Life-boat Carriages and Tipping's Sand-plates; for Life-boat Houses and Slipways (an increasingly costly item), 9,499*l.* 10*s.* 10*d.*; for Life-boat Stores, Life-belts, Subsidies to non-self-supporting Stations, Branch payments, Aneroids for Fishermen and Coasters, and the Storeyard, 16,264*l.* 16*s.* 1*d.*; for carrying out the competitive trials with pulling Life-boats at Montrose, 2,814*l.* 10*s.*; for payments to Inspectors, Coxswains, Bowmen, Signalmen, Crews, etc., for services and for exercising the boats, special rewards and recognitions, medals, vellums, grants for injuries, and to relatives of men lost on service, 24,878*l.* 11*s.* 9*d.* The balance was expended in printing and publishing the *Life-boat Journal*, the Annual Report, and Appeals, on salaries, rates, taxes, office, redrawing the Institution by order of the Vestry, repairs, housekeeper, advertisements, telegrams, postage, stationery, etc. Each item of receipt and expenditure has been carefully examined, verified and passed by Mr. LOVELOCK, of the well-

known firm of Messrs. LOVELOCK, WHIFFIN, and DICKINSON, 19, Coleman Street, E.C., Chartered Accountants.

The Committee would conclude their report with an earnest appeal for further help and support. They feel that it would be a discredit to this the greatest maritime country in the world were the Life-

boat Service to lack efficiency for want of funds, and they therefore confidently call on every class of the community, all being equally dependent on our sea-going population, to rally round the Institution which has been the happy and successful means of saving so many thousands of lives from shipwreck.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 37,855.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.: by the Bankers of the Institution, Messrs. COUTTS and Co., 59 Strand; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 14 John Street, Adelphi, London, W.C.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS AND TO OTHER PERSONS,

FROM THE 1st JANUARY TO THE 31st DECEMBER, 1893.

Jan. 11.—CULLERCOATS.—*Co-operator No. 1* Life-boat.—While twenty-five cobbles were out fishing, a strong N.E. gale sprung up accompanied by a rough sea, and they were compelled to return to port. Seventeen of them arrived safely in the harbour, but by the time the others came up the sea was so high that it was unsafe for them to enter. The Life-boat was launched at noon and accompanied seven of the boats into safety. The eighth coble encountered such a dangerous sea that it

became necessary to take her crew of four men into the Life-boat and tow their boat into the harbour.—Expense of service, 14*l.* 8*s.*

Jan. 11.—WHITBY.—*Robert and Mary Ellis* Life-boat.—At about 3 P.M. the wind blew a moderate gale from the E.N.E. with a heavy sea, and four fishing-cobbles which had gone out in the morning were seen returning. As the wind and sea were increasing the foremost boat made for Robin Hood's Bay, where she was safely

beached. The second coble succeeded in entering the harbour with the assistance of ropes from the pier-heads, after being struck by a heavy sea on the bar and partly filling with water. As the other two boats—the *William* and the *Rosa Marion*—were in considerable danger, the *Whitby No. 1 Life-boat* was launched, took off their crews, consisting of six men, and enabled the cobles to be got safely ashore.—Expense of service, 15*l.* 15*s.*

COMMITTEE MEETING, 12th Jan., 1893.

Voted 317*l.* 8*s.* 3*d.* to pay the expenses of the *Fishguard No. 1*, Teignmouth, Newhaven, Thorpeness, Caister No. 1, Palling No. 2, Dunwich, Holy Island No. 1, North Deal, Broadstairs, Kingsdowne, Southwold No. 1, Wells and Salcombe Life-boats in putting off to the assistance of vessels.

The *Ramsgate Life-boat* was also called out on service, but was not eventually required.

The Institution's Silver Second Service Clasp was awarded to Mr. ROBERT ROBERTS, Coxswain of the *Penmon Life-boat*, in recognition of his skilful management of the Life-boat on the occasion of the rescue of eight persons from the schooner *James and Mary*, of Dublin, under circumstances of considerable danger, on the 9th Dec. The Silver Second Service Clasp was also voted to W. M. PRESTON, Esq., Honorary Secretary, who went out in the Life-boat and assisted in effecting the rescue.

Also the Silver Medal of the Institution to Mr. WALTER PESTELL, Coxswain of the *Palling Life-boat*, in acknowledgment of his long and good services in saving life from shipwreck. He had held the post for 22 years, during which time the boats had been out 93 times on service and saved 398 lives.

Voted 150*l.* in aid of the local fund raised for the relief of the widow and children of JOHN DOWNES, a member of the crew of the *Walton-on-the-Naze Life-boat*, who died from the effects of an injury received whilst assisting to launch the boat on service on the 10th December.

Also a grant of 125*l.*, with the sympathy of the Committee, to the widow and son of PATRICK HAMMOND, who, on the 23rd December, when the *Kingstown No. 2 Life-boat* was returning from a night

surprise exercise, becoming apparently frightened by the boat missing stays and striking on the rocks near the pierhead, jumped overboard, and, having no life-belt on, was unfortunately drowned, notwithstanding the efforts made to save him.

Also 20*l.* to the widow and children of Mr. EDWARD MAIN, Coxswain of the *South-sea Life-boat*, who died suddenly from lung disease on the day after he had been out in the Life-boat for exercise.

Also 10*l.* to RICHARD COWELL, in consideration of injuries said to have been sustained by him while employed in the Life-boat service at Ballycotton, co. Cork.

Jan. 14.—RAMSGATE AND BROADSTAIRS.—*Bradford and Christopher Waud, Bradford, Life-boats*—Signal guns having been fired by the *Gull* and *North Sand Head* light-vessels, the *Ramsgate* and *Broadstairs Life-boats* left their stations at 7.45 P.M. and proceeded to the N.E. part of the *Goodwin Sands*, where the schooner *Sarah Elizabeth*, of *Chester*, was found stranded and sunk. A moderate gale was blowing from the E.N.E., there was a heavy sea, and the weather was very cold, with snow squalls. On arriving near the sands the *Ramsgate Life-boat* was slipped from the harbour steam-tug *Aid*, which had towed her out, proceeded in the direction in which flares from the vessel were seen, and rescued four of the shipwrecked crew, the remaining man taking refuge on board the *Broadstairs Life-boat*, which had come up on the other side of the ship. The *Ramsgate* boat then rejoined the steamer and was towed back to *Ramsgate*, the *Broadstairs* boat returning to her station under sail.—Expenses of *Ramsgate Life-boat* paid by the Board of Trade. Expense of *Broadstairs Life-boat*, 25*l.* 7*s.*

Jan. 15.—LOWESTOFT.—*Samuel Plim-soll Life-boat*.—Flares having been seen in a southerly direction the crew of the Life-boat were summoned; the boat was launched at 12.10 A.M., and found the dandy *Mystery*, of *Harwich*, having on board a crew of four men, lying abreast of the *Pakefield Gat lighthouse*, having parted from her anchor and unshipped her rudder. Ten of the Life-boat men went on board, signals were made for a steam-tug, which eventually arrived, with difficulty got communication with the vessel, and towed her into the harbour, the Life-boat being bridled to the barge

so as to steer her.—Property salvage case.

Jan. 17.—HARWICH.—*Springwell* Life-boat.—Rockets were fired by the Cork and Sunk light-vessels while snow was falling and the wind was blowing in squalls from the S. accompanied by a moderate sea. The Life-boat was launched at 7.30 A.M., made for the Cork light-ship, and on her way there was picked up by the steam-tug *Merrimac*, which kindly took her in tow. On arriving at the Cork light-vessel it was found that their signals had been made in response to those of the Sunk, and on proceeding there it was ascertained that they were answering the Longsand light-ship. The Life-boat was then towed to the last-named vessel and found that she had a shipwrecked crew of eighteen men on board, their ship, the s.s. *Helsingör*, of Elsinore, having stranded and sunk. The men were taken into the Life-boat, which was towed back to Harwich, arriving there at about 2.30 P.M.—Expense of service, 13*l.* 12*s.* 6*d.*

Jan. 23–24.—CAISTER, NORFOLK.—*Beauchamp* Life-boat.—The No. 2 Life-boat was launched at 4.20 A.M., signals of distress having been shown on the north part of the Barber Sands. On arriving there the fishing dandy *Energy*, of Grimsby, was found on the top of the sand with heavy seas breaking all round her. The crew had taken to their boat, but were unable to get clear of the sand owing to the shallowness of the water, and were calling for help. With considerable difficulty the men, seven in number, were got on board the Life-boat and safely landed. The vessel became a total wreck.—Expense of service, 30*l.*

On the following morning a schooner was seen stranded close to the spot where the *Energy* had sunk. The Life-boat *Beauchamp* was launched at 5 o'clock and on reaching the vessel—which proved to be the schooner *Cymbeline*, of London—the master requested the boat to remain by him until high water. When the tide rose the vessel floated, and no further help being needed the Life-boat returned to her station.—Expense of service, 30*l.*

Jan. 26.—HOLYHEAD.—Steam Life-boat *Duke of Northumberland*.—The Life-boat was called out by signals of distress shown by the schooner *Sarah*, of and from Fowey for Runcorn, which had

stranded on the Clipera Rocks in a strong gale from the W.S.W., thick weather and a heavy sea. The Life-boat landed the vessel's crew of five men at 7.20 and they were taken to the Sailors' Home.—Expense of service, 12*l.* 10*s.*

At 9 o'clock, the weather having moderated, the Life-boat, at the request of the master of the *Sarah*, took him and his crew back to the vessel to try to save her, as she was striking heavily on the rocks. The Life-boat men assisted to heave part of the cargo overboard, then towed the vessel off the rocks and placed her in safety.—Property salvage case.

Jan. 26.—PORT LOGAN.—*Edinburgh and R. M. Ballantyne* Life-boat.—A telegram being received reporting that a vessel was flying a signal of distress, about four miles W. of the Mull of Galloway, the Life-boat was launched at 10.15 A.M., and on reaching her found she was the schooner *Industry*, of and for Belfast from Maryport, with a cargo of coal. She was dismasted and wholly disabled. A strong gale was blowing from W. by S. and a heavy sea was running. The master of the vessel was hoping that a steamer would pass and be able to tow her to a place of safety, and he requested that the Life-boat might remain by him. At about 4 P.M. a steamer hove in sight and the Life-boat made signals, in response to which she bore down on them and took the schooner in tow. The Life-boat rendered assistance in passing the hawser from the steamer to the schooner and placed one of her crew on board the former to act as pilot.—Expense of service, 37*l.* 10*s.*

Feb. 1.—LLANDDYN.—*Richard Henry Gould* Life-boat.—The smack *Daniel*, of Bangor, was seen approaching the bar while a strong breeze was blowing from the S.W., with a rough sea and thick weather, in the evening. The vessel was at first steering for the South Channel but afterwards altered her course, evidently with the intention of taking the other channel, and stranded on the North Bank. She showed signals of distress, and at 7 o'clock the Life-boat was launched and remained by her until she floated with the rising tide.—Expense of service, 21*l.* 15*s.*

Feb. 6.—DOUGLAS, ISLE OF MAN.—*Thomas Rose* Life-boat.—While a gale of wind was blowing from the S.S.W. and a heavy sea was running, the schooner

Broughty Castle, of Londonderry, coal laden, from Swansea for Douglas, was being towed into port by a small steam-tug. The sea was so heavy that the tug was compelled to cut the hawser and release her hold of the vessel which then struck against the point of the breakwater, carried away her bowsprit and all her head-gear and drifted inshore. The tug immediately proceeded to obtain the services of the Douglas Life-boats, which were promptly launched to the assistance of the vessel, but her crew reached the land in their own boat. When the No. 1 Life-boat had returned ashore the master of the schooner requested the crew to go back to the vessel and endeavour to save her. They accordingly did so and succeeded in extricating her from her dangerous position.—Property salvage case.

Feb. 7.—SILLOTH.—*Emma Frisby* Life-boat.—The s.s. *Cabenda*, of London, bound from Glasgow for Silloth, parted one of her cables and stranded on a bank about half a mile N.E. of the harbour in a whole gale from the S. and a moderate sea. The Life-boat was launched at 1.30 A.M., and on reaching the steamer found that she had floated. Assistance was offered and the services of the Life-boat men were accepted to take her into dock.—Expense of service, 23*l.* 12*s.* 6*d.*

COMMITTEE MEETING, 9th Feb., 1893.

Voted 55*l.* 2*s.* 6*d.* to pay the expenses of the Gorleston No. 1, Skerries, Douglas Nos. 1 and 2, Lowestoft No. 1, Robin Hood's Bay, Dartmouth, Port Patrick, North Deal, Pakefield No. 2, Harwich, Walmer, Kingsdowne, Dover, Clacton, Walton-on-the-Naze, Balcary, Culdaff, Winterton No. 2 and Valentia Life-boats in assembling their crews or putting off with the view of rendering assistance to vessels in distress.

The Ramsgate Life-boat had been taken out, but her services were not eventually needed.

Voted a certificate of service and a pecuniary grant to Mr. CHARLES GREER on his resignation of the post of Coxswain of the Tralee Bay Life-boat.

Also 8*l.* to a man who was injured on the occasion of an exercise of the Braunton Life-boat.

Feb. 10.—WEXFORD.—*Andrew Pickard* Life-boat.—In the afternoon while a strong gale was blowing from the N.W. with a rough sea, signals of distress were shown by the fishing lugger *Young John*, of St. Ives, which had left Wexford on her homeward journey two days previously. The No. 1 Life-boat at once proceeded to her and found that in calculating the time the journey would take no allowance had been made for delay by stormy weather, and the seven men on board had only some raw potatoes and no fuel wherewith to cook them. The weather rendered it impossible for their boat to return to Wexford and the poor fellows were in a starving condition. The Life-boat landed the master and two other men at Wexford and afterwards took them back to their vessel with the provisions they had obtained.—Expense of service, 17*l.* 3*s.* 6*d.*

Feb. 14.—HAUXLEY.—*Algernon and Eleanor* Life-boat.—The Life-boat was launched at 1.30 P.M. to the assistance of the fishing coble *Lyra*, of Newbiggin, which was in distress in a gale from the W.S.W. and a heavy sea. The boat when first seen was near the Bondicar Reef of rocks, but when the Life-boat reached her she had been driven some distance N. of the Hauxley Reef buoy. She was taken in tow by the Life-boat and, with her crew of three men, safely landed on Hauxley beach. The crews both of Life-boat and fishing-boat were thoroughly drenched by the seas which broke over them.—Expense of service, 13*l.* 10*s.*

Feb. 14.—NEWBIGGIN.—Temporary Life-boat.—Seventeen of the fishing-cobles which had gone to sea early in the morning were overtaken by a gale from S. to S.W. and a strong sea and, as their return home was attended by considerable risk, the Life-boat temporarily placed here while the station's boat was being altered and improved, was launched at 1.30 P.M., and rendered assistance to the boats.—Expense of service, 14*l.* 5*s.*

Feb. 15.—MABLETHORPE, LINCOLNSHIRE.—*Heywood* Life-boat.—At 8 P.M. while a fresh breeze was blowing from the S.S.E., the Life-boat was launched, it having been reported that a ship was stranded. On reaching the vessel, which had stranded at Saltfleet Haven, she was found to be the brigantine *Lizzie Lee*, of Goole, bound from Methil for Dover, with

a cargo of coal. The tide had fallen and, as the vessel was still on the sand, the master requested the Life-boat to remain by him until high water, but she did not float when the tide rose and the Life-boat took off ten men who had gone on board to assist in the efforts to get her off. They were landed at Saltfleet at 7 o'clock on the following morning. At 7 P.M. the vessel floated and was towed away.—Expense of service, 39l. 9s.

Feb. 26.—GROOMSPORT, Co. DOWN.—*George Pooley* Life-boat.—The Life-boat was launched at 9.30 A.M. and proceeded to the schooner *Maria Farleigh*, of Fowey, bound from Glasgow for Cardiff, which was in a dangerous position, embayed on a lee shore, about a mile S.S.E. of Grey Point, Belfast Lough. The wind, which was blowing strongly from the E.N.E., was increasing and there was a very heavy sea. Seven of the Life-boat men boarded the vessel at the master's request, hove up the anchors, set sail, and finally the vessel, which had a crew of four men, was taken up the Lough to a safe anchorage in Whitehouse Roads. As it was impossible for the Life-boat to beat back to her station until the weather moderated she was taken to Belfast and returned to Groomspport on the following day.—Property salvage case.

Feb. 26.—PORTRUSH, Co. ANTRIM.—*Robert and Agnes Blair* Life-boat.—While a heavy gale was blowing from the N.N.E. the s.s. *Valentia*, of Greenock, with her machinery broken down, was lying in a very dangerous position, and the Life-boat was therefore launched into the harbour at 3.30 P.M. so as to be able to render immediate assistance if required. At 4.45 the vessel showed signals of distress and the Life-boat at once proceeded to her and brought ashore her crew of three men.—Expense of service, 13l.

March 1.—NEWBIGGIN.—Temporary Life-boat.—The Life-boat was launched to the help of distressed fishing-boats. Between twenty and thirty of them were out when a strong gale sprung up from the S. by E., with a rough sea, and they all returned with the exception of two boats. As the wind and sea were increasing the Life-boat was launched at 9.15 A.M. and, when the boats entered the bay, pulled towards them and took them into safety.—Expense of service, 13l. 10s.

March 4.—POLPEAR (LIZARD) AND CADGWITH.—*Edmund and Fanny* and *Joseph Armstrong* Life-boats.—The s.s. *Gustav Bitter*, of Newcastle-on-Tyne, while proceeding from London to the Manchester Ship Canal with a general cargo, stranded on the Callidges Rocks, off the Lizard Point, in a dense fog. On news of the casualty reaching the Life-boat stations, the Polpear Life-boat and the Cadgwith Life-boat were promptly launched and proceeded to render help. The Polpear boat first reached the vessel and, the fog by that time having cleared, found that her bow was under water and four men were clinging to the rigging. Great difficulty was experienced in getting near the vessel, as the seas were breaking completely over her and over the Life-boat. The Life-boat men succeeded however in getting their grapple on board and three of the shipwrecked men, watching their opportunity, left the rigging and went hand over hand along the grappling-line from the steamer to the Life-boat. The fourth man, who is said to have been disabled by rheumatism, was unable to move from the rigging. It was impossible to take the boat to the side of the ship on which he was located, on account of shoals, and, as one of the men who had been rescued was in a very exhausted condition and it was feared he would succumb, and as there was no immediate danger of the vessel breaking up, it was decided to make for the shore, land the three men and then return for the other man. The boat therefore made for the land, a boat came off to meet her, the men were transferred to that boat and the Life-boat proceeded on her return journey to the steamer. Meanwhile the Cadgwith Life-boat arrived on the scene and, being efficiently directed by the coastguards who waved a flag, fell in with the steamer's long boat, containing the master and seven of the crew, which was in great danger of being swamped in the Lizard Race. The boat had been got out after the stranding of the steamer; seven men were in her, and the captain was about to secure the boat's painter when the rope was cut and, the strain being thus suddenly taken off, caused the captain to fall overboard, and he was compelled to swim to the boat to save his life. The second mate jumped overboard and tried to reach the boat, but unhappily

he failed in the attempt and was drowned. The eight men were taken into the Life-boat and, having reported that others had been left on board the steamer, the Life-boat men gave a cheer and, notwithstanding the hard pull of three miles they had already had, they soon accomplished the remaining distance of a mile to the wreck. They, of course, found only one man on board instead of the four men they had expected to find, but they determined to effect his rescue. Several of the Life-boat men volunteered to fetch him—a feat attended with imminent risk—but the coxswain thought it best to accept the offer of the master of the vessel, who knew the man and his infirmity, was a good swimmer and well acquainted with the ship. The boat hove two grapnels on board the vessel, the master swung himself on board by means of one of the lines, taking with him a running line to fasten to the man he was about to rescue, reached the rigging, took the man out, fastened the line to him and enabled him to be taken into the Life-boat. The captain was then obliged to make for the rigging again to avoid being washed overboard by the heavy seas breaking over the ship; a second time he was driven back, but, watching his opportunity, he got down, plunged into the sea and swam to the boat without life-belt or line. During this time the boat and her crew were also in considerable peril from the heavy seas breaking on the wreck and on the rocks. The work of rescue being then accomplished the boat returned to her station, arriving at about 10.30 A.M.—Expense of services, 29*l.* 8*s.*

The Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum, were awarded to Captain DAVID GRAHAM BALL, the master of the vessel, in recognition of his gallant services on this occasion.

March 5.—WALMER.—*Civil Service No. 4* Life-boat.—The Life-boat was launched at about 6 A.M. during hazy weather, and proceeded to the Goodwin Sands, signal-guns having been fired by the Middle light-ship indicating that a vessel was in need of assistance. On nearing the sands a steamer was seen ashore not far from the light-ship, and on boarding the vessel, which was the s.s. *Auricula*, of Sunderland, bound from Bilbao for

Stockton, with iron ore, found that the master had arranged with a steam-tug to endeavour to tow his ship off the sands when the tide rose. He wished the Life-boat to remain by him until his vessel floated, and, at his request, the Life-boat took ashore a passenger who was on board. The steamer floated about two hours before high water.—Expense of service, 13*l.* 10*s.*

COMMITTEE MEETING, 9th March, 1893.

Voted 202*l.* 14*s.* 9*d.* to pay the expenses of the Hayle, Braunton, Port Logan, Appledore Nos. 1 and 2, Port Erroll, Aldeburgh and Whitby No. 1 Life-boats, in assembling their crews or putting off to assist vessels not eventually requiring help.

Also the Silver Medal to Mr. WILLIAM HODDS and Mr. J. HAYLETT, jun., Coxswains of the Winterton and Caister Life-boats, in recognition of their gallant services for many years past in helping to save a large number of lives from shipwreck.

Voted 2*l.* 10*s.* to a man injured at a night exercise of the Rye Life-boat on the 26th January.

March 11.—STAITHES AND RUNSWICK, YORKSHIRE.—*Winefride Mary Hopps* and *Margaret and Edward* Life-boats.—At about 7 o'clock in the morning about twenty of the Staithes fishing-cobles proceeded to sea. The weather then was fine, but there was a strong sea on the beach. During the forenoon a gale of wind sprung up from the W. with a heavy sea, and the boats immediately began to run back for shelter. It was seen that some of them would be unable to reach the shore safely without assistance and so the Life-boat was launched at 10.30 and accompanied five of them to the beach. Another boat was washed ashore, her crew being perfectly helpless. Seven of the cobles ran for Runswick, and the Life-boat stationed there put off to their assistance at 11.30, took them in tow, and in four trips the cobles and their crews were taken into safety.—Expense of services, 26*l.* 2*s.*

March 15–16.—BARMOUTH AND PWLLHELI.—*Jones Gibb* and *Margaret Platt* of *Staleybridge* Life-boats.—A vessel being reported ashore on St. Patrick's Causeway,

while a strong breeze was blowing from the W.S.W. with a heavy sea, the Barmouth Life-boat was launched at 9 A.M. and boarded the vessel, which was the s.s. *Glendarroch*, of and from London for Liverpool, with cement. In reply to the Life-boat coxswain's enquiries, the master stated he did not require any assistance; the coxswain, however, considered it his duty to remain by the vessel until high water, as she had four feet of water in her hold, and it did not appear probable that she would float. At about 5 P.M. the coxswain intimated his intention to return ashore soon, but the master seemed unwilling for the boat to leave, and therefore he remained until 7 P.M., the time of high water. Then the water in the hold had increased to seven feet and all the fires had been extinguished. The coxswain endeavoured to ascertain what the captain intended to do, as it seemed likely the ship would become a total wreck. He replied that he would not leave the ship that night, but that if he required help he would signal. Six firemen, however, did not wish to remain on board and therefore got into the Life-boat and were landed at Barmouth at 9.30. A close look-out was kept on the vessel all night by the Life-boat men. At daybreak a signal was seen on her, and the Life-boat again put off to her assistance. The signal was also observed from Pwllheli, and the Life-boat stationed there was launched and was the first to reach the steamer, the wind and tide being against the other boat. The master requested the Life-boat men to stay by him until low water, when he and the other ten men who were on board got into the Life-boat and were landed at Pwllheli at 5 P.M.—Expense of services, 30*l.* 12*s.* 6*d.*

March 18.—GREAT YARMOUTH.—*John Burch* Life-boat.—The barque *Hakon Jarl*, of Arendal, Norway, bound for Goole, with a cargo of logwood, which had been riding in the roadstead, was seen drifting towards the Scroby Sands with a signal of distress flying. The wind was blowing from the N., the weather was thick, with hail squalls, and the sea was very rough. The Life-boat was launched at 1.10 P.M., and, on reaching the vessel, found that she had parted from two anchors and was riding with only a small kedge anchor on the Bell Buoy shoal, the

worst part of the edge of the Scroby Sands. She had struck the ground three times and was leaking badly. The ship's boat had been got out, the men's clothes had been put into it and the crew of nine men had also got on board, the master only being left in the vessel. The nine men must have incurred considerable danger of the boat being capsized by the heavy seas. They went back to the barque and, with the help of the Life-boat men, the anchor was slipped and the vessel was towed by a steam-tug into Yarmouth harbour, arriving there about 6.30 P.M.—Property salvage case.—Balance of expense of service, 11*l.* 17*s.*

March 27.—CEMAES AND CEMLYN, ANGLESEY.—*George Evans* and *B. J. Nicholson* Life-boats.—The s.s. *Cameroon*, of Glasgow, bound from the Canary Islands for Liverpool, with passengers and a cargo of African produce, stranded on the rocks at Galanddu Point, near Wylfa Head, in foggy weather. The Cemaes and Cemlyn Life-boats proceeded to her assistance and landed her passengers, the greater portion of whom were ladies, nine of them being taken into the Cemaes boat and ten into the Cemlyn boat. The vessel afterwards floated and proceeded to Liverpool, the coxswain of the Cemaes Life-boat remaining on board to afford the captain information regarding the nature of the coast.—Expense of services, 69*l.* 2*s.* 8*d.*

April 4.—ST. MARY'S, SOILLY ISLANDS.—*Henry Dundas* Life-boat.—A message was received by telephone from the coast-guard station at St. Martin's, reporting that a full-rigged ship was ashore, at about 10.30 A.M. The Life-boat was promptly launched and, on reaching the vessel, which was the *Horsa*, of Liverpool, found that in attempting to beat round St. Martin's Head she had missed stays and had been run ashore in a sheltered bay. At the request of the master the Life-boat landed his wife, child and nurse. Several boatmen boarded the vessel and rendered assistance, and when the tide flowed the ship floated and was towed out of the bay by a steamer. The tow-rope, however, parted three times, and, as the ship was leaking very badly, it ultimately became necessary to abandon her when about sixteen miles W. of the Bishop Rock.—Expense of service, 7*l.* 2*s.*

April 9. — WALTON-ON-THE-NAZE. — *Honourable Artillery Company* Life-boat. — Rockets and guns having been fired from the Gunfleet lighthouse, intimating that a vessel was stranded on the sands, the Life-boat was launched at 9.45 P.M., and found the brigantine *Agnes Cairns*, of Fowey, ashore about half a mile inside the Fishermen's Snatch Buoy. The Life-boat men were employed by the master of the vessel to jettison the cargo, consisting of fire-brick and gas coal, and worked at this until nearly 4 A.M. The vessel afterwards floated, with the help of a steam-tug, and sailed for Rochester. She carried a crew of five men, and had also two women on board. — Property salvage case.

April 11. — GORLESTON. — *Mark Lane* Life-boat. — Signal-guns having been fired by the St. Nicholas light-vessel the Life-boat was launched at 11 P.M., spoke the light-ship and found that the guns she had fired were in response to those fired by the Cockle light. The Life-boat thereupon made for the Cockle and, *en route*, fell in with the steam-tug *Yare* which took her in tow. The crew of the Cockle stated that they had fired in answer to signals from the North Hasborough light-ship, but that they had observed flares burning in the Wold. Shaping their course N. $\frac{1}{2}$ W., the Life-boat and tug found the barque *Vanadis*, of Cimbrishamn, sunk about three miles S.W. of the North Hasborough light-vessel. No trace of her crew could be found, and the Life-boat therefore proceeded in tow of the steamer to the North Hasborough light-ship and ascertained that the crew of fifteen men and the master's wife had taken refuge there. They were taken into the Life-boat and landed at Great Yarmouth. — Expense of service, 35*l.* 5*s.*

COMMITTEE MEETING, 13th April, 1893.

Voted 336*l.* 10*s.* 6*d.* to pay the expenses of the North Deal, Kingsdowne, Broadstairs, Winterton No. 2, Palling No. 2, Caister No. 2, Brighstone Grange, Gorleston No. 1, Criccieth, Kildonan, Barmouth, Newquay (Cornwall), Harwich and Aldeburgh Life-boats in assembling their crews or putting off with the view of helping vessels in distress.

The Ramsgate Life-boat was also called out, but did not render any service.

The Committee specially recognised the

good services rendered by Mr. HENRY WILLIAMS during the long period of twenty-three years in which he had served as Coxswain of the Kingstown Life-boat.

Also the services of Mr. WILLIAM WAY and Mr. JOHN HAMPSON during the period of seventeen years and fourteen years respectively in which they acted as Coxswain and Second Coxswain of the Tenby Life-boat.

Voted 5*l.* to the Coxswain of the Mablethorpe Life-boat, in consideration of illness caused by service in the Life-boat on the 15th February.

Also 8*l.* to the Coxswain of the Alnmouth Life-boat injured at an exercise of the boat on the 18th March.

April 14. — REDCAR. — *Brothers* Life-boat. — It having been reported that a steamer was stranded on the West Rock, the Life-boat was launched at 12.45 A.M. The wind was blowing a light breeze from the W., but a strong sea was running. The vessel proved to be the s.s. *Rowan*, of Glasgow, bound from South Shields for Bilbao with a cargo of coal, and carrying a crew of seventeen men, all of whom were taken into the Life-boat and safely landed, the steamer having been very seriously damaged. — Expense of service, 30*l.* 4*s.* 6*d.*

April 17. — WINTERTON. — *Margaret* Life-boat. — The ketch *Zephyr*, of Boston, laden with logwood from London for Goole, was sighted, with foremast broken, while a strong E.S.E. breeze was blowing, with a rough sea. The No. 2 Life-boat was launched at 12.45 P.M. and, on reaching the vessel, which had then drifted four miles N. of Winterton, the master requested the Life-boat men to take her into a place of safety. With the assistance of a steam-tug she was taken to Yarmouth, arriving there about 8 P.M. She had a crew of three men. — Property salvage case.

April 17. — RAMSEY, ISLE OF MAN. — *Mary Isabella* Life-boat. — A signal of distress was shown by the schooner *Annie*, of Lancaster, which was about three miles E.N.E. of the harbour and drifting ashore, in a moderate gale from S.S.E., thick weather and a rough sea. The Life-boat put off to her assistance at 3.50 P.M. and brought ashore her crew of three men. — Expense of service, 18*l.* 12*s.*

April 22. — BARMOUTH. — *Jones Gibb* Life-boat. — The ketch *Canterbury Bell*, of Plymouth, bound from Dublin for Portmadoc with wheat, being seen stranded on the causeway about eight miles from the bar, the Life-boat proceeded to her assistance, remained by her until she floated and, at the request of the master, put a man on board to pilot her to Portmadoc. — Expense of service, 8*l.* 2*s.*

May 5. — JOHNSHAVEN, KINCARDINESHIRE. — *Meanwell of Glenberrie* Life-boat. — The fishing-lugger *Mary*, of Johnshaven, was seen making for the harbour in the evening while a heavy dangerous sea was running. As there was very little wind and the water was low, it was considered improbable that she could enter without assistance, rockets were therefore fired to warn her off, but as these were unheeded the Life-boat was launched at 9.30, proceeded to the boat and advised the fishermen not to enter until daylight. After midnight, however, they determined to make an attempt. The Life-boat therefore took the boat in tow and she was got safely into the harbour. — Expense of service, 13*l.* 6*s.*

COMMITTEE MEETING, 11th May, 1893.

Voted 15*l.* 14*s.* to pay the expenses of the St. Agnes' (Scilly Islands), Walton-on-the-Naze, Clacton-on-Sea, Winterton No. 2, Palling No. 2, Caister No. 2, Wexford No. 1 and Donna Nook Life-boats in assembling their crews or launching to the assistance of vessels which did not however require their services.

Also 10*l.* 15*s.* to pay the expenses of the Penmon Life-boat in rendering service to a vessel on the 22nd December.

The Committee specially recognised the good services rendered by Mr. JAMES COLLINS during the fourteen years he occupied the post of Coxswain of the Rye Life-boat.

May 21. — WEXFORD. — *Civil Service* No. 1. — It being reported that a schooner, which proved to be the *Lapwing*, of Arklow, bound from Dublin for Wexford with a cargo of maize, was at anchor off the bar in a sinking condition, having struck on the Blackwater Bank, the Wexford No. 2 Life-boat was launched at 8.30 p.m., in a moderate sea with a strong W. breeze. At the master's request the boat remained

alongside until the vessel reached the South bay, it being feared that it would be necessary to abandon her as she was leaking badly. — Expense of service, 14*l.* 8*s.*

May 31. — CAISTER, NORFOLK. — *Beauchamp* Life-boat. — Signal-rockets being fired by the Wold Light-vessel at 3 a.m., the No. 2 Life-boat was launched in a heavy sea, the wind blowing a strong breeze from the N.N.W., and towed by a steam-tug to the light-vessel when she ascertained that several rockets had been seen in the direction of the Leman and Ower Sands. The Life-boat and steamer proceeded in search of the vessel in distress and fell in with a Lowestoft fishing-vessel which had taken the crew out of a barque on the Ower Sand. The Life-boat was towed to the Sand and found the vessel, the *Alexandra*, of and from Frederikstad for London, timber laden, about a mile outside the South Leman buoy, with some fishermen on board. Having cleared away the fore and main masts, which were hanging by the rigging over the side of the vessel, the hawser was attached to the tug and the barque was got afloat and taken to Yarmouth Roads, the Life-boat assisting to steer her. She was afterwards taken to London and safely docked. — Property salvage case.

June 7. — CEMLYN. — *B. J. Nicholson* Life-boat. — During foggy weather, an intimation was received that a steamer had stranded on the eastern side of Carmel Point. The Cemlyn Life-boat was launched at 10 a.m. and found that the vessel was the *Moss Rose*, of and from Liverpool, for Plymouth, with coal and a general cargo. The boat remained alongside the steamer and eventually brought ashore a telegram which the captain wished to be despatched. — Expense of service, 11*l.* 4*s.*

COMMITTEE MEETING, 8th June, 1893.

Voted 9*l.* 14*s.* 6*d.* to pay the expenses of the Kessingland No. 3, Palling No. 2 and Winterton No. 2 Life-boats in assembling their crews or putting off with the view of assisting vessels which did not eventually need their help.

Also 7*l.* to the Coxswain of the Gorleston No. 3 Life-boat injured at exercise of the boat on 27th May.

June 19.—PORT LOGAN.—*Edinburgh and R. M. Ballantyne* Life-boat.—A vessel with a signal of distress flying was seen, while a strong breeze was blowing from the N.W. with a rough sea and thick weather. She was on the S. side of Clanyard Bay, and about fifty yards from the rocks. The Life-boat was launched at 12.15 P.M., and found that the vessel was the schooner *Marie Kirstine*, of Glasgow, in ballast, from Larne for Whitehaven, and carrying a crew of three men. Four of the Life-boat men boarded her, the use of the boat's hawser and anchor was given, and with the help of the Life-boat crew the vessel was extricated from a very perilous situation.—Property salvage case.—Balance of expense of service, 2*l.* 2*s.* 6*d.*

June 24.—RUNSWICK.—*Cape of Good Hope* Life-boat.—The Life-boat was launched at 2.15 A.M. to the assistance of several fishing-cobles which were making for the bay, having been overtaken by a strong gale from the N.N.E. and a heavy sea. One of the boats had its rudder broken and, becoming unmanageable, was fast drifting towards the rocks. The Life-boat at once proceeded to her, took off her crew of three men and towed the boat ashore. Fourteen other boats were also attended by the Life-boat which accompanied them until they were safely beached.—Expense of service, 15*l.*

June 28.—GORLESTON.—*Mark Lane* Life-boat.—While a strong wind was blowing from the S.S.W., with a rough sea, two trawlers grounded on the Scroby Sand. The No. 1 Life-boat was launched to their assistance at about 8.20 A.M., but before they were reached one of them got off the sand, having first collided with the other boat and carried away her topmast. The boat which remained grounded was the cutter *Naar Myn Genoegen*, of Ostend. She had four men on board, the master having got into the other boat when the collision occurred. The four men refused to leave the vessel and, as there was not sufficient depth of water to allow the Life-boat to lay closer, she was anchored about forty yards to the eastward. Soon afterwards two of the men left in their own boat, were picked up by the Life-boat and taken to Yarmouth. Shortly after these men had been landed the other two men placed a flag in the rigging of the vessel, whereupon the Life-boat again went out. The water being still too

shallow to allow the Life-boat to get closer to the vessel, she took another boat in tow, veered this alongside the trawler and by this means took the men off, safely landing them at 3.45.—Expense of services, 23*l.* 2*s.* 6*d.*

COMMITTEE MEETING, 13th July, 1893.

Voted 64*l.* 7*s.* 5*d.* to pay the expenses of the Palling No. 2, Robin Hood's Bay, Tynemouth No. 2, Appledore, and Broughty Ferry Life-boats in assembling their crews or putting off to assist vessels which eventually got out of danger without their help.

July 13.—YOUGHAL, CO. CORK.—*Mary Luckombe* Life-boat.—The coastguard reported that an open boat, containing five soldiers, was in danger about five miles from land. The wind was blowing from the N.W. at the time, and there was a choppy sea. The crew of the Life-boat were summoned; the boat was launched at 8.30 P.M., and at 11.30 returned to the shore with the distressed boat in tow, her occupants being in a greatly exhausted condition. Expense of service, 16*l.* 3*s.*

July 27.—MONTROSE.—*Bessie Webster* Life-boat.—The fishing-boat *Useful*, of Kirkcaldy, while going out of the harbour in the afternoon in a moderate S.E. wind and a rough sea, went ashore on the Annat Bank. The seas were breaking heavily on the sand and the vessel's crew were evidently in considerable danger. The No. 2 Life-boat immediately put off and at 3.15 was on her way to the help of the fishermen. When the Life-boat reached her the seas were washing completely over the fishing-boat, rendering it a difficult task to take the crew out of her, but ultimately this was accomplished, and the six men were landed safely at 4 o'clock.—Expense of service, 7*l.* 12*s.* 6*d.*

COMMITTEE MEETING, 3rd August, 1893.

Voted 44*l.* 4*s.* 6*d.* to pay the expenses of the Sunderland (South Outlet), Totland Bay, Lanaelhaiarn and Carnsore Life-boats in assembling their crews or putting off to the help of vessels not ultimately requiring their services.

Also 2*l.* 15*s.* a final grant including medical expenses to the Coxswain of the

Alnmouth Life-boat, injured at an exercise of the boat on the 18th March.

Aug. 4.—**MOELFRE, ANGLESEY.**—*Star of Hope* Life-boat.—Two gentlemen and two boys started in a boat from Penllech, Carnarvonshire, at 2.30 P.M., intending to sail along the bay; but the wind blowing off the shore with a strong tide the boat was carried outside the Castle rocks and across Red Wharf Bay. In returning she was driven further from the shore, and her position having been observed, a mounted messenger at once proceeded to Moelfre to obtain the services of the Life-boat. At 5 P.M., the Life-boat was launched, picked up the boat which had arrived off Moelfre and was about four or five miles from the land, and towed her safely ashore.—Expense of service, 12l. 7s.

Sept. 2.—**WALMER, NORTH DEAL AND KINGSDOWNE.**—*Civil Service* No. 4, *Mary Somerville* and *Charles Hargrave* Life-boats.—At about 2.45 A.M. signal guns and rockets were fired by the East Goodwin Light-vessel. Signals were also fired by the South Sand Head Light-ship and by a vessel on the Goodwin Sands. The Walmer, North Deal and Kingsdowne Life-boats were launched in response to these signals and found the schooner-rigged s.s. *Cerigo*, of Liverpool, bound from Gaza for Grimsby, with a cargo of barley, stranded on the south-eastern part of the Goodwins. A moderate to strong breeze was then blowing, the weather was thick and at times a heavy sea broke upon the sands. The services of the crews of the three Life-boats were engaged by the master of the vessel to throw overboard some of the cargo, in order to lighten his ship, and to lay out a kedge anchor and warp. When the tide had risen sufficiently, the Dover harbour tug, which had also been employed, attached her hawser and after towing for some time the vessel was got clear of the sands and was able to resume her journey.—Property salvage case.

COMMITTEE MEETING, 14th Sept., 1893.

Voted 194l. 19s. 9d. to pay the expenses of the Palling No. 2, Rye, Winchelsea, Lowestoft No. 2, Whitehaven, Polpear, Cadgwith, Caister No. 2, Newhaven, Broadstairs, Walmer, North Deal and Plymouth Life-boats in assembling their

crews or putting off to the assistance of vessels which did not eventually require their aid.

Also 5l. to a man injured on the occasion of an exercise of the North Deal Life-boat on the 28th June.

Also 4l. 17s. 6d. to pay the medical expenses of the Coxswain of the Gorleston Life-boat, injured at an exercise of the boat on 27th May.

The Ramsgate Life-boat was also taken out, but her services were not ultimately needed.

Read letter from the Board of Trade, transmitting a draft for 18l. 15s. received through the Foreign Office, being a reward granted by His Imperial Majesty the German Emperor to the Coxswains and Crew of the Institution's Brancaster Life-boat in recognition of their services in saving the crew of five men from the schooner *Rensche*, of Papenburg, on the 14th October, 1892.

Oct. 10.—**MEVAGISSEY, CORNWALL.**—*John Arthur* Life-boat.—The sloop *Jessie*, of and for Truro, from Plymouth, with a general cargo, showing signals of distress, the Life-boat put off to her assistance at 7.30 P.M. and found that she was near Porthmellyn Beach. She was driving and, as a strong gale was blowing and the sea rough, she was in a position of considerable danger, and but for the timely help of the Life-boat men would, in all probability, have become a wreck. Assistance, however, was promptly rendered, and the sloop, with her crew of two men, was taken into the inner harbour at Mevagissey.—Property salvage case.

Oct. 11.—**THORPENESS, SUFFOLK.**—*Christopher North Graham* Life-boat.—The Life-boat was called out on service while a moderate gale was blowing from the S.W., accompanied by a heavy sea. The boat was launched at 6.30 A.M., and half-an-hour afterwards reached the distressed vessel—the brig *St. Louie*, of Fécamp, bound from Newcastle for Courseulles, Calvados, with a cargo of coal—stranded on the Sizewell Bank. She was lying on her beam ends, her yards were in the water, and the sea around her was covered with floating wreckage; but no person could be seen on board. After sailing round her for some time the Life-boat men observed a ketch about a mile to the northward of

her with a flag in the main rigging and proceeding to this vessel found that the brig's crew had taken refuge on board her. They had abandoned their vessel in their own boat and reached the ketch just in time, for their boat was half-full of water. The men, six in number, were taken into the Life-boat and safely landed at Thorpeness. The brig soon afterwards broke up, her stern being washed ashore at Southwold.—Expense of service, 19l. 2s. 6d.

COMMITTEE MEETING, 12th Oct., 1893.

Voted 111l. 19s. to pay the expenses of the Kingsgate, New Brighton (Steam Life-boat), Great Yarmouth, Whitby, Dungeness, Ballantrae, Caister No. 2 and Seascale Life-boats in assembling their crews or putting off with the view of rendering service.

The Ramsgate Life-boat was also called out, but her assistance was not required.

The Committee expressed their regret at the death of JOHN DAVID HAY, Second Coxswain of the Douglas Life-boat, who had succumbed to the effects of a cold believed to have been caught in the Life-boat service. The Committee granted 100l. for the benefit of the widow and children of the deceased man.

Oct. 13.—HOLYHEAD.—*Thomas Fielden* Life-boat.—Signals of distress were shown by the schooner *Moses Parry*, of Carnarvon, which while on a voyage from Youghal for Conway, stranded on the end of the breakwater, in a fresh gale from the S.W. with a rough sea. The Holyhead No. 1 Life-boat put off to her assistance at 7.40, took a rope from her to a steam-tug, and she was towed into the old harbour at 10.30.—Expense of service, 24l. 10s.

Oct. 14.—CAISTER.—*Beauchamp* Life-boat.—The Life-boat was called out for service, the watchman having observed a light in the direction of the Middle Cross Sand, the coxswain, who had just arrived at the beach, looked through the telescope and saw a schooner on the south part of the sand with a signal flying at the maintopmast head. The crew of the Life-boat were at once summoned and the boat was launched at 6.30 A.M. Meanwhile, one of the beach boats put off and took three men to a steam-tug which was proceeding to the help of the

stranded vessel. The weather became very thick, the wind, which was blowing from the S.W., increased to a strong breeze, and on reaching the sand, on which a heavy sea was breaking, the Life-boat men were unable to discern the vessel; they cruised about the sands in search of her for some time, but failing to find her, returned to the shore to wait until the weather cleared. At 10 o'clock the haze was dispelled, and then the tug could be seen towing the schooner into Hasborough Gat. The Life-boat thereupon again went out to render help if required. On reaching the vessel a request was made that some of the Life-boat men would board her and assist at the pumps, as she was leaking badly. This request was complied with, and the schooner, which was the *W. D. Potts*, of Carnarvon, bound from Portmadoc for Wisbech with a cargo of slates, and carrying a crew of six men, was taken safely into the harbour.—Property salvage case.

Nov. 1.—FLEETWOOD.—*Edith* Life-boat.—The Norwegian s.s. *Odd*, which left Fleetwood for Glasgow in ballast on the night of the 31st October, was caught by a gale which sprung up from the W., and was driven on Bernard's Wharf. She was not, however, in any immediate danger, and no signal for assistance was shown by her. On the following morning the vessel's brokers requested that the Life-boat might proceed to her, as a measure of precaution, and at 11.30 the boat was launched, and remained by her about three hours. The steamer floated with the rising tide and proceeded on her voyage.—Property salvage case.

Nov. 1.—IRVINE, AYRESHIRE.—*Busbie* Life-boat.—The schooner *Guiding Star*, of and from Runcorn, for Irvine with salt, while endeavouring to enter the harbour, stranded on the bar, in a strong N.W. gale and a heavy sea. The Life-boat put off to her assistance at 6.15 P.M., and at 7.30 returned, bringing ashore the vessel's crew of four men.—Expense of service, 21l. 9s.

Nov. 4.—HARWICH.—*Springwell* Life-boat.—Signals having been shown by the Cork Light-vessel, the Life-boat was launched at 2 P.M., taken in tow by the steam-tug *Harwich*, and proceeded to the Long Sand where the s.s. *Rockcliff*, of West Hartlepool, was found stranded. The master of the tug was put on board

the steamer, and the Life-boat laid by for about four hours. Five of the Life-boat men then boarded the tug, a hawser was taken to her from the *Rockcliff*, and at high water the steamer was towed off the sands and proceeded for Falmouth. The Life-boat was towed back to her station by the tug, arriving at 2 o'clock on the following morning. — Property salvage case.

Nov. 5.—**RUNSWICK.**—*Cape of Good Hope* Life-boat.—While a gale of wind was blowing from the N.E., with a heavy sea, the schooner *Jane and Ellen*, of and for Whitby, from Seaham, with a cargo of coal, lost her sails and became unmanageable. She showed signals of distress, and at 6.40 P.M. the Life-boat put off to her assistance, and brought safely ashore her crew of two men. The vessel became a total wreck.—Expense of service, 24l.

COMMITTEE MEETING, 9th Nov., 1893.

Voted 350l. 0s. 9d. to pay the expenses of the Gorleston Nos. 1 and 2, Aldeburgh, Palling Nos. 1 and 2, Portrush, Winterton No. 2, Caister No. 2, Great Yarmouth, Irvine and Walton-on-the-Naze Life-boats in putting off to the aid of vessels which did not ultimately require help.

The Silver Medal of the Institution, accompanied by a copy of the vote, inscribed on vellum and framed, was awarded to WILLIAM CRAWFORD, Esq., on his retirement from the post of Honorary Secretary of the Margate Branch of the Institution. He had held that office for many years, was previously a member of the Local Committee and had been out in the Life-boat on many occasions to the assistance of the crews of vessels in distress.

The Committee specially recognised the good services rendered by Mr. CHARLES JACKSON during the twenty-five years he occupied the post of Coxswain of the Brixham Life-boat.

Voted the Silver Medal of the Institution, accompanied by a copy of the vote inscribed on vellum and framed, to Mr. WILLIAM TYRBELL, Coxswain of the Harwich Life-boat, in recognition of his long and gallant services in saving life from shipwreck:

Nov. 10.—**HARWICH.**—*Springwell* Life-boat.—Signals of distress being shown by the Cork Light-ship, the Life-boat was launched at 2.45 A.M., and on arriving at the Cork Light found that they were answering signals from the Sunk Light. When the boat arrived there the men were informed that a vessel was on the Long Sand. They discovered the wreck, which was the barque *St. Olof*, of Mariehamn, but could not approach it until the tide rose. The fore and mizen masts of the wreck were alone standing. After waiting a considerable time until there was sufficient water to get the boat across the sands, she wore away to the vessel, steered alongside and took off ten of her crew, the master and one man having afterwards to be drawn through the surf to the Life-boat. Whilst the boat was lying alongside, the vessel began to break up, threatening to fall on her and crush her. To avoid this risk, the cable of the *Springwell* had to be cut, and the Life-boat was then towed back to Harwich by the steam-tug *Merrimac*, of Ipswich. This service, which was rendered under difficult and dangerous conditions in a heavy gale from the E. and high seas, occupied over 14 hours, the boat not returning to its station until 5 P.M.

The following gratifying letter appeared in the *Shipping and Mercantile Gazette* of the 13th November:—

“SIR,—I shall be glad if you will allow me, through your valuable paper, to tender my own and my crew's heartfelt thanks to the coxswain and crew of the Harwich Life-boat, and also to Captain Tovee, of the tug *Merrimac*, for the brave and gallant manner in which they rescued us from the barque *St. Olof*, of Mariehamn, wrecked on the Long Sand during a heavy gale of wind from the E.N.E., on the 10th November, 1893.—I am, dear Sir, your obedient servant,

(Signed) “R. J. KARLSSON,
“Master of barque *St. Olof*, of
Mariehamn.”

—Expense of service, 36l. 2s. 6d.

Nov. 10. — **WALTON-ON-THE-NAZE.** — *Honourable Artillery Company* Life-boat.—The Life-boat was called out while a strong breeze was blowing from the S.E., with a heavy sea, and boarded the barque *Martha Brockleman*, stranded on the Gunfleet Sands. Her crew had left her,

having been, as was afterwards ascertained, rescued by a passing steamer, but a dog which had been left on board was taken into the Life-boat and brought ashore.—Expense of service, 15*l.* 12*s.*

Nov. 11.—WALTON-ON-THE-NAZE.—*Honourable Artillery Company* Life-boat.—The Life-boat was again signalled for by the light vessel, and at 5.15 P.M. was launched in a heavy sea, with a strong E. by S. breeze, and assisted to save the barque *St. Olof*, of Mariehamn, the crew of which had been saved on the previous day by the Institution's Harwich Life-boat.—Property salvage case.

Nov. 15.—GORLESTON.—*Leicester* Life-boat.—At 2 A.M., while a fresh and increasing breeze was blowing from the N.N.E., with a rough sea and foggy weather, flares were seen in the direction of the North Sand. The crew of the Gorleston No. 2 Life-boat were summoned, the boat was launched and proceeded in tow of a steam-tug to the vessel, which was the dandy *Hiram*, of Lowestoft, returning from a fishing voyage. A tow rope was taken to the tug, which tried for some time to move the vessel but failed to do so. As the tide was falling, nothing further could be done until daylight, when an anchor was laid out and, at the flood tide, the smack was got off the sand and was towed into the harbour.—Property salvage case.

Nov. 16.—GOURDON, KINCARDINESHIRE.—*Theophilus Sydney Echalaz* Life-boat.—The fishing lugger *Daumless*, of Gourdon, was returning to port with her catch of fish in the afternoon. The wind was blowing from the S.S.E. and the sea, which had sprung up suddenly, was breaking so heavily near the bar as to render it dangerous for the boat to cross. The Life-boat was therefore launched at 1.40, and remained by the lugger until she was in safety.—Expense of service, 12*l.*

Nov. 17.—WITHERNSEA.—*Admiral Rous* Life-boat.—A vessel having been reported ashore about a mile S. of WitherNSEA, the Life-boat was launched at about 1.10 A.M. in a heavy sea, the wind blowing half a gale from the S.E., and saved the crew of four men and two boys from the dandy *Harry Sinclair*, of Grimsby. The smack had lost her mast and was much encumbered with wreckage.—Expense of service, 29*l.* 1*s.* 6*d.*

Nov. 17.—HOLYHEAD.—*Thomas Fielden* Life-boat.—The schooner *Jane Douglas*, of Gloucester, bound from Plymouth for Liverpool, showing signals of distress at 5.40 A.M., the Holyhead No. 1 Life-boat immediately put off, and on reaching the vessel found that she had lost her sails, and was riding heavily at her anchor in Church Bay. As the wind was blowing a gale from the W.S.W. and there was a heavy sea, the vessel's crew of five men got on board the Life-boat and were brought to land.—Expense of service, 24*l.* 10*s.*

Nov. 17.—PEEL, ISLE OF MAN.—*John Monk* Life-boat.—Signals of distress having been shown by the schooner *Talacre*, of Beaumaris, bound from Conway for Larne with a cargo of slates, the Life-boat put off at 8.15 A.M., in a strong W. breeze and a heavy sea, and safely landed her crew, consisting of two men. The vessel had lost her sails and spars and ultimately drove ashore.—Expense of service, 14*l.* 8*s.*

Nov. 17.—GIRVAN, Ayrshire.—*Sir Home Popham* Life-boat.—While a gale was blowing from the N.W., with a very rough sea, the smack *Prosperity*, of Carnarvon, was seen in the offing labouring against the wind, and shortly afterwards she showed a signal of distress. At 9.45 A.M. the Life-boat was launched, crossed the bar, on which a heavy swell was encountered, and reached the vessel which was then embayed in Ardmillan Bay, about three miles south of Girvan, and had lost part of her sails. The master requested the Life-boat to stand by until his vessel had got a sufficient distance from the shore to enable him to weather Turnberry Point. This accordingly was done, the boat remaining by the smack for more than an hour.—Expense of service, 13*l.* 11*s.* 9*d.*

Nov. 17.—STROMNESS, ORKNEY.—*Good Shepherd* Life-boat.—The Life-boat was launched at 11.30 A.M. to the assistance of three boats which were fishing in Hoy Sound when a gale sprang up suddenly from the N.E. The storm increased very rapidly, rain fell heavily and the boats being obscured from view, it was feared that some casualty might befall them. The Life-boat men, however, were glad to find that they had succeeded in reaching the island of Græmsay, and brought the crews back to Stromness.—Expense of service, 17*l.* 2*s.* 6*d.*

Nov. 17.—FLEETWOOD.—*Edith* Life-boat.—The schooner *Theda*, of Carnarvon, bound from Hamburg for Glasson Dock, stranded on the North edge of Sunderland Bank during hazy weather, and at 11.45 A.M. showed signals of distress. The Life-boat promptly went to her assistance and found her full of water. Her crew of seven men and a pilot were taken into the Life-boat and landed at 3.30 P.M.—Expense of service, 11*l.* 10*s.*

Nov. 17.—PORT EYNON.—*A Daughter's Offering* Life-boat.—The Life-boat put off at 12.45 P.M. while a moderate gale was blowing from the W.N.W., and saved a man from the boat belonging to the ketch *Favourite*, of Milford. In returning to the shore the Life-boat shipped a heavy sea which knocked all the oars out of the men's hands; two of the oars were lost and one was broken and the crew were completely drenched. The rescued man on arriving at his home at Ilfracombe, wrote to the Honorary Secretary of the Port Eynon Branch of the Institution, who went out in the Life-boat, thanking him and the remainder of the crew, amongst whom were two other volunteers, for the service they had rendered to him. He was in a greatly exhausted condition when picked up by the Life-boat men. The master and only other man of the *Favourite's* crew had been taken off by a schooner.—Expense of service, 15*l.* 14*s.*

Nov. 17.—ST. IVES, CORNWALL.—Temporary Life-boat.—While a strong gale was blowing from the N.W. and a heavy sea was running, the Life-boat temporarily placed here during the absence of the station's boat which was being altered and improved, was launched soon after 9 P.M., it having been reported that three gigs, fishing on the east side of the bay, were in great danger, the wind having suddenly increased. One of the gigs, however, returned to the harbour, and her crew, who were much exhausted, stated that the other two boats were riding at anchor in a very perilous position. The Life-boat proceeded to these two boats, the *Boy Philip* and the *Bessie Jane*, and rescued the crew of four men from each boat. The gigs were afterwards driven on shore very much damaged, everything having been washed out of them.—Expense of service, 22*l.* 16*s.*

Nov. 18.—BROUGHTY FERRY.—*Samuel Shawcross* Life-boat.—At one o'clock in the morning, the pilot-cutter No. 2 of Dundee, dragged its anchor and stranded on Abertay Sands. Heeling over until it lay broadside to the gale, the vessel encountered the full force of wind and sea. The tide was ebbing at the time. Huge sheets of water swept the decks, the spray blew clean over the masts-heads, and the crew were in imminent danger of being washed overboard. Rockets were sent up at intervals and coloured signals were burned, but the blinding fury of the seas, precluded these from being witnessed from the shore. The crew took to the rigging, the hold beginning to fill with water; and as the hours slipped away the position of the men became desperate in the extreme. About daybreak, one of the distress rockets was fortunately descried from Broughty Ferry. The Life-boat was promptly launched and manned, and about half-past eight left Broughty Pier. With sail set the Life-boat sped rapidly down the river, and in about half an hour had reached the sands. As the boat approached them the sail was furled and the oars were brought into requisition. The furious sea, however, preventing the Life-boat from getting within 20 yards of the cutter, a line was hove to the vessel, and one by one the shipwrecked crew, numbering seven men, were dragged through the surf and taken safely on board the Life-boat. This work occupied about half an hour. The steam-tug *Excelsior*, which had been despatched from Dundee on news of the disaster being received there, then took the Life-boat in tow, and in three-quarters of an hour they were abreast of Broughty Pier. Hundreds of people collected on the pier, and when the Life-boat drew near and it was seen that it had been successful in its mission a ringing cheer was raised.—Expense of service, 18*l.* 19*s.*

Nov. 18.—FISHGUARD.—*Appin* Life-boat.—The s.s. *Warrenspoint*, of Newry, having parted her anchors in the roadstead, in a violent gale from the N.N.E., tried to steam out but failed to do so, and stranded on the Goodwick Sands. The No. 2 Life-boat put off to her assistance, and took off six of the crew, when a sea struck the boat, started her anchor and caused her to

drive past the ship. With much difficulty she was again taken near the vessel and the two remaining men succeeded in jumping into her.—Expense of service, 19*l.* 17*s.* 6*d.*

Nov. 18.—TENBY.—Temporary Life-boat.—The trawler *Elizabeth*, of Tenby, which was lying at anchor while a whole gale was blowing from the N.N.E., with a very heavy sea, hoisted a signal of distress as her anchor was dragging. At 11 A.M., the Life-boat placed here temporarily during the absence of the station's boat for alteration and improvement, was launched, proceeded to the cutter, and brought safely ashore her crew of three men and a boy.—Expense of service, 38*l.* 9*s.* 6*d.*

Nov. 18.—SCARBOROUGH.—*Queensbury* Life-boat.—A Scotch fishing-lugger, the *Masher*, of Portknockie, Banff, returning home from the fishery at Lowestoft, was seen making for the harbour while the wind was blowing with almost hurricane force, and a very heavy sea was running, and it was feared that she would not be able to reach the harbour, but would drift ashore. The Life-boat was launched at 11 A.M., got to leeward of the fishing-boat and gave the skipper directions which enabled him to bring his craft into a safe position until the harbour tug *Alexandra* got hold of her and towed her into the harbour.—Expense of service, 15*l.*

Nov. 18.—RUNSWICK.—*Cape of Good Hope* Life-boat.—While a furious gale was blowing from the N.E., accompanied by such a sea as has seldom been seen here, the brig *Carula*, of and from Wyborg, bound for Middlesbrough with a cargo of pit props, was seen entering the bay. She was driven on the beach, only a short distance from the Life-boat house, and on taking the ground broached to. The Life-boat had been promptly launched at 2 P.M., immediately the vessel was seen, but with the tremendous seas running and the rocking of the brig it was very dangerous to go near her. By skilful manœuvring, however, the boat was taken alongside and rescued six men who were on board. She was then run ashore on the beach and hauled into a safe position in a small creek. There she had to be left for a time, the opening of the creek soon being filled with wreckage. The vessel completely broke up during the night.

This was an extremely dangerous and difficult service and is reported by the Honorary Secretary of the Branch, who was an eye-witness, to be one of the most creditable deeds accomplished by the Life-boat crew. In recognition of their special services, double payment was awarded to the coxswain and crew of the Life-boat and the Silver Medal of the Institution was presented to Mr. GEORGE TOSE, the coxswain, in acknowledgment of his long and gallant services in the Life-boat.—Expense of service, 24*l.*

Nov. 18.—HOLYHEAD.—*Thomas Fielden* Life-boat.—During a very severe gale, the wind blowing with hurricane force from the N.N.W. and the sea being very heavy, the Life-boat was called out five times. On three occasions no service was rendered. At 2.45 P.M. the boat went out the fourth time, a signal of distress having been shown by the brigantine *Henry Harvey*, of Hayle, which was at anchor in the outer roads. When about half way to her, the signal was hauled down, but the boat went alongside her and brought ashore the master's wife and a boy. Having landed them, the boat again went out, signals having been shown by the schooner *Rebecca*, which was also lying at anchor in the outer roads, and brought ashore her crew of four men who feared that the cables would part and their vessel be driven ashore. While on their way out the Life-boat men saw that the *Henry Harvey* was again showing signals of distress. Having taken off the crew of the *Rebecca*, the boat went once more to the *Henry Harvey* and took off her crew of six men who were dreading the breakage of their cables and the possible wreck of the ship.—Expense of services, 29*l.* 4*s.* 6*d.*

Nov. 18.—CROMER.—*Benjamin Bond Cabbell* Life-boat.—One of the heaviest gales ever experienced here sprung up so suddenly that two trawling boats, one belonging to Overstrand and the other to Runton, were placed in imminent danger. The Life-boat was launched at 3.30 P.M. reached the boats and rescued their crews, five men from the Overstrand boat and three from the Runton boat. A tremendous sea rendered it necessary to beach the Life-boat about a quarter of a mile south of her station, but she was got back to Cromer

just as the rising tide was reaching the cliff.—Expense of service, 33*l.* 16*s.*

Nov. 18.—REDCAR.—*Brothers* Life-boat. During a terrific gale from the N. with a tremendous sea, the s.s. *Gannet*, a fishing-vessel of and for North Shields, returning from the fishing-ground, stranded about two miles north of Redcar. The Life-boat was taken on her carriage along the sands and arrived opposite the vessel at about 4 P.M. The wind and sea, however, rendered it impossible to launch the boat in the usual way, and therefore some of the launchers got as near as they could to the stranded vessel and by signs induced the crew to throw overboard a life-buoy attached to a line. This was, with considerable difficulty and risk, secured, and a rope was carried from the vessel to the boat which was ultimately hauled alongside, and the crew of seven men jumped into it, the rope was cut and all safely landed. The master of the steamer had been washed overboard and drowned at about 11 o'clock in the morning.—Expense of service, 51*l.* 11*s.*

Nov. 18.—ROBIN HOOD'S BAY.—*Ephraim and Hannah Fox* Life-boat.—A vessel was sighted at 7.40 P.M. while a strong gale was blowing from the N.N.E., and a heavy sea was running, showing signals of distress. She was making for the shore and stranded on the West Scar. The Life-boat was promptly launched, but owing to the violence of the wind and sea was thrown back on the beach. The crew and beachmen, who all worked admirably, succeeding however in effecting a second launch, the vessel was reached and her crew of six men taken into the Life-boat. The vessel proved to be the brig *Romulus*, of Dover. She had been rendered unmanageable during the gale.—Expense of service, 37*l.* 17*s.* 6*d.*

Nov. 19.—LOWESTOFT.—*Stock Exchange* Life-boat.—The No. 2 Life-boat was called out four times during a whole gale from the N.E. with a very heavy sea. The first occasion was at 12.15 A.M. The schooner *Marie*, of Lynn, laden with iron from London for Middlesbrough, in trying to make the harbour, struck the extension of the north pier and drifted southward, burning flares. The Life-boat came up with her by the N.W. Newcome buoy and took off her crew of five men. The schooner afterwards collided with another vessel and is believed to have

been eventually wrecked on the Barnard Sand. The boat was towed back to Lowestoft by the steam-tug *Despatch*.—Expense of service, 36*l.* 15*s.*

At 6.30 A.M. flares were seen in the Newcome Sand, and the Life-boat at once went out, being towed by the steam-tug *Despatch*, and found the ketch *Dayspring*, of Hull, riding two cables' length S.E. of the S.W. Newcome buoy, the sea making a clean breach over her. Her crew of three men were taken into the Life-boat which was then towed back to her station. Expense of service, 31*l.* 2*s.* 6*d.*

At 1.35 P.M. the smack *Sir Wilfrid Lawson*, of Grimsby, missed the harbour and stranded southward of the pier. The Life-boat went to her assistance and rescued her crew of seven men. The vessel was likely to become a total wreck.—Expense of service, 24*l.*

At 3 P.M., having just landed the smack's crew, the boat and steam-tug again went off and saved the ketch *Dayspring*, which had drifted off the Newcome Sand, with her small anchor down, and was then near the N.W. Barnard Sand. Nine of the Life-boat men were put on board and the ketch was towed into harbour.—Property salvage case.

Nov. 19.—PAKEFIELD.—*Two Sisters* Life-boat.—The Life-boat put off at 6 A.M. to the schooner *Minerva*, of Goole, which had been considerably damaged by collision with another vessel in a strong gale from the E. and a very heavy sea. A steam-tug arrived soon after the Life-boat-men had boarded the vessel and she was towed into the harbour.—Expense of service, 39*l.* 5*s.*

Nov. 19.—GREAT YARMOUTH.—*John Burch* Life-boat.—The schooner *Ann Crewdson*, of Chester, was driven amongst the breakers in a gale from the N.N.E. and a very heavy sea. In drifting she had crossed the Life-boat's haul off warp, and severed it, and, as it was therefore impracticable to launch the boat, the Life-boat men proceeded towards the vessel which had drifted within a few feet of the jetty, and assisted the Coastguards to land her crew by means of lines. The schooner became a total wreck.—Expense of service, 22*l.* 10*s.*

Nov. 19.—SUTTON.—*Elizabeth Berrey* Life-boat.—The schooner *Lizzie Lee*, of Goole, bound from Seaham for Portsmouth, with a cargo of coal, stranded near Sutton

while a gale of wind was blowing from the N.E. with a very heavy sea. The Life-boat was launched at 8 A.M. and rescued her crew consisting of five men.—Expense of service, 17*l*.

Nov. 19.—GORLESTON.—*Mark Lane* Life-boat.—The No. 1 Life-boat was called out on service at 10 A.M., by signals shown by the dandy *M. A. Watkin*, of Grimsby, which, having lost all her canvas in the storm of the previous night, had been compelled to run under bare poles to Yarmouth Roads where she had anchored. The wind was still blowing a perfect storm from the N.N.E., and the sea was very heavy, rendering it perilous for the crew, five in number, to remain on board their vessel, and they were therefore taken into the Life-boat and brought safely ashore.—Expense of service, 16*l*. 2*s*. 6*d*.

Nov. 19.—WALMER.—*Civil Service* No. 4 Life-boat.—At about 10 A.M. the Life-boat was launched to the assistance of a small fishing boat, the *Stephen and Sarah*, of Ramsgate. She had been observed with a flag at her mizen mast proceeding from Pegwell Bay and ultimately to bring up at anchor abreast of Deal pier. A message by telephone was received stating that there were two men on board, and that they were exhausted. At that time a heavy gale was blowing from N.N.E. and the sea was very heavy. The Life-boat made for her, but meanwhile the two men had got their anchor up and their boat was drifting before the gale. The Life-boat, however, came up with her off Kingsdowne; the two fishermen were taken into the Life-boat and were landed at Dover.—Expense of service, 25*l*. 11*s*.

Nov. 19.—EASTBOURNE.—*William and Mary* Life-boat. The fishing lugger *Bantam*, of Hastings, was observed drifting down the channel with a signal of distress flying. The Life-boat was launched and at 10.45 was on her way to the vessel which was only occasionally visible through the snow squalls. The wind was blowing a gale from the N., the sea was smooth close to the shore, but in the offing it was very rough. The lugger was found at anchor off Holywell between two and three miles from the shore, she was riding with one anchor down, having parted her other one. The Life-boat anchored on her weather quarter, veered alongside and took off her crew of three

men and a boy who were greatly exhausted.—Expense of service, 18*l*. 5*s*.

Nov. 19.—SKEGNESS.—*Ann John and Mary* Life-boat.—A small vessel being seen with signals of distress flying about two miles E. of the Life-boat station, the Life-boat was launched at noon, but owing to the state of the tide and the wind the vessel had drifted a considerable distance S. before the Boat reached her. She was found to be the fishing-smack *Frank*, of Grimsby. She had lost her sails and mizen mast and had sustained other damage, and the whole of her crew were exhausted and had given up all hopes of rescue. The seven men were taken into the Life-boat and were landed at Sutton Bridge. A whole gale was blowing from the N.E. and there was a heavy sea.—Expense of service, 40*l*. 5*s*. 9*d*.

Nov. 19-20.—NEWQUAY (CORNWALL).—*Willie Rogers* Life-boat.—At daybreak on Sunday, the 19th November, a large barque-rigged steamer, the *Helvetia*, of Liverpool, bound thence for Cardiff in ballast, was riding at anchor about three miles N.W. of Newquay headland. A fearful gale was blowing from N.E. with a very heavy sea. The Life-boat was promptly launched on the Western or Fistal Beach, but, owing to the heavy sea, her crew were unable to get her clear of the breakers and were compelled to abandon the attempt. On the following morning the gale moderated a little, and the Life-boat was again launched from the inner beach and reached the vessel. The steamer had her engine-room flooded and was leaking badly, and the master was expecting the arrival of a steam-tug for which he had signalled. Two of the ship's crew were landed by the Life-boat, they having jumped into the sea as the boat was leaving the vessel, and were taken into the boat from the water.—Expense of service, 32*l*. 17*s*.

Nov. 20.—BRIDLINGTON QUAY.—*William John and Frances* Life-boat.—At 10 A.M. the Life-boat was launched in a very heavy sea, the wind blowing a strong gale from E.N.E., and proceeded to the s.s. *Rayner* which was in distress about six miles S. by W. of Bridlington. With some difficulty the vessel was boarded, her anchor and chain were slipped, and she was taken safely into the bay, where she was able to obtain a safe anchorage. She had seventeen men on board, the

chief mate having been washed overboard and drowned on the previous day.—Property salvage case.

Nov. 20.—WALTON-ON-THE-NAZE.—Honourable Artillery Company Life-boat.—While a strong gale was blowing from the E. by N., with a heavy sea, a telegram was received stating that a vessel was stranded on the Heaps. The Life-boat was launched at 11.45 A.M., steered across the S.W. part of the Gunfleet Sands and soon found the vessel, which was ashore on the East Barrow Head with the waves dashing high over her. The boat reached within half a cable's length of her and anchored. The coxswain hailed the ship, but no answer was returned, and she appeared to have been abandoned; but at length, through the almost blinding spray, a man was perceived rousing his comrades and calling their attention to the Life-boat, and a shout of joy was raised by the poor fellows when they caught sight of her. With a good deal of difficulty the boat, which was frequently filled by the heavy seas, was got near the vessel and her crew of fourteen men were taken off; the boat's anchor was got up and the boat made for Sheerness, where the shipwrecked men were landed at 7.30 P.M., the boat remaining there during the night and returning to her station on the following morning, a tow being kindly given to her by the steamer *Jessamine*, which was fallen in with on the journey. The wrecked vessel was the barque *Elphinstone*, of Christiania.—Expense of service, 52l. 7s. 6d.

Nov. 20.—SCARBOROUGH.—*Queensbury* Life-boat.—The disabled ketch *Excel*, of Poole, was being towed into harbour by the steam trawler *Flying Sylph*, while a moderate gale was blowing from the N.E., accompanied by a heavy sea. A heavy surf was encountered when nearing the harbour, the tow line broke and before another could be got on board the *Excel* stranded about a quarter of a mile westward of the West Pier. The Life-boat put off to her assistance at 3.30 P.M., and in ten minutes was alongside the vessel. The mate was lying dead in the cabin, having succumbed to exhaustion on the previous day, and the three survivors of the crew had taken to the rigging, whence they were rescued by the Life-boat. Although a rocket line

had been fired across the vessel, the men in the rigging made no attempt to utilise it.—Expense of service, 15l.

Nov. 20.—ALDEBURGH, SUFFOLK.—*Aldeburgh* Life-boat.—While one of the most violent storms that has visited this coast for many years past was raging, the hull of a vessel was seen off Aldeburgh at about 6.30 A.M.; she appeared to be waterlogged, her masts were gone, and occasionally she was almost hidden from view by the terrific seas which broke over her. The crew of the Life-boat were at once summoned, the boat was successfully launched and mounting the seas in grand style made her way to the wreck, which was fast drifting on the outer shoals and already breaking up. Being skilfully handled, the boat was quickly got under the lee of the vessel and in a few minutes had taken off the shipwrecked men, fourteen in number. That the rescue was indeed a timely one may be gathered from the fact that in ten minutes after the men had been taken into the Life-boat, the vessel struck on the outer shoals and went to pieces. She was a Russian barque named the *Venscapen*. As the sea on the shoals was so heavy the coxswain decided that the most prudent course would be to run for Harwich, and the boat was therefore steered in that direction. While on the way, she fell in with the pilot cutter *Fox*, of Hull, with eight men on board, which was in need of assistance, having lost her sails, boat and anchors and having a quantity of water in her which could not be got rid of, the pumps being disabled. Two of the Life-boat men went on board, and the vessel was taken to Harwich. During the afternoon intelligence was received that another vessel was in distress between the Shipwash and Bawdsey Sands, and shortly afterwards the Shipwash light-vessel fired signal rockets, and a vessel lying eastward of the light-ship also sent up rockets. The *Aldeburgh* put off from Harwich at 5 P.M., beat to windward in the height of the gale and against the tide to the Shipwash, examined the Sands, also searched the Rough Sands, but found no vessel although a large quantity of wreckage was seen. The boat therefore again made for Harwich, arriving there at midnight, and on the following day returned to her station, which was reached at 1 P.M.—Case of the *Fox*, Property salvage

service. — Expense of other services, 101*l.* 3*s.* 6*d.*

Nov. 20-21.—CLACTON-ON-SEA.—*Albert Edward* Life-boat.—A severe gale was experienced here, the wind blowing from the E.N.E. with a very heavy sea. At 8 o'clock on the morning of the 20th November the Life-boat was launched, a three-masted schooner, which proved to be the *Nora*, of Mandal, bound from Nantes for Leith with a cargo of wooden hoops, having been seen drifting towards the Gunfleet Sands. The Life-boat proceeded under sail, but while on her way a sudden squall broke her foremast which smashed the foreyard as it fell. Using the longest piece of the mast and lashing two of the oars, a jury-mast was rigged up, and with close-reefed sails the boat was able to make the vessel which had then only about one foot of water under her; her sails had been blown away and she was otherwise disabled. The master having requested the Life-boat men to try to save the ship, they rigged a foresail, slipped the anchor, the other having parted, and ultimately got her into deep water. As Sheerness was the nearest port it was decided to take her there, and on the way a barque was observed on the Barrow Sands to windward of the Life-boat. It being impossible, under the circumstances, to proceed to her then, the journey to Sheerness was continued, and at 3 p.m. the *Nora* was left in Queenborough Swale. The Life-boat coxswain then applied to the dockyard authorities for the assistance of a steamer to tow the boat to the Barrow Sand and, the request being readily and kindly complied with, a start was made at 5.30. On reaching the Swin light-vessel, the Life-boat was cast off, went in search of the stranded vessel and, after beating about for an hour, found her, but nobody was on board. It was subsequently ascertained that her crew had been rescued by the Walton-on-the-Naze Life-boat of the Institution. The boat then made for Clacton, and in passing the Whittaker Spit found another stranded barque with her topmast and gear hanging over her side. The boat sailed round her several times and hailed her, but got no answer, and it was evident that she was abandoned. Clacton was reached at 3.30 a.m. by the Life-boat crew, who were cold, wet and tired. At

5 o'clock, signal rockets having been fired by the Swin Middle Light-vessel, the crew again went out in the Life-boat, and found the barque *Harald Haarfager* stranded about half-a-mile S.W. of the Whittaker Beacon; she was full of water, and was fast breaking up. With considerable difficulty the boat got alongside, being somewhat damaged while doing so, and rescued the shipwrecked crew of eleven men. On arriving in the Swin Channel the s.s. *Aberdour*, of Aberdeen, was fallen in with and kindly towed the boat as far as the Gunfleet Spit buoy. Once more Clacton was regained, at 1.30 p.m.—Case of the *Nora*, Property salvage service.—Expense of other services, 61*l.* 7*s.*

Nov. 20-21.—DOVER.—*Lewis Morice* Life-boat.—At about 2 p.m. on the 20th November a telegram was received from Dungeness asking for the tug and Life-boat to be sent at once. The crew were summoned, the Life-boat proceeded in tow of the steamer, and arrived at Dungeness at 5.30. The weather then was very thick, with heavy rain, and the wind was blowing a whole gale from the E. Nothing could be seen, and the sea was too heavy to allow the boat and tug to get inshore to look for the vessel in distress. It was decided to lay off and await day-break, when another start was made, the wreck was reached at about 7 o'clock and seven men, the survivors of a crew of eleven, were rescued; the others had unhappily been washed off the vessel and drowned. The wrecked vessel was the barque *Johanne Marie*, of and for Christiana from Liverpool, laden with coke. The crew of the Life-boat were in the boat twenty hours on this occasion in most tempestuous and bitterly cold weather, and great credit is due to the Coxswain of the Life-boat and to the master of the tug for the excellent manner in which the service was carried out. — Expense of service, 71*l.*

Nov. 21.—GORLESTON.—*Mark Lane* Life-boat.—The services of the Life-boat were called into requisition, signals having been fired by the light vessels. The boat went out at 12.45 a.m., in tow of a steam-tug, and fell in with the derelict barque *Alpha*, of Moss, Norway, drifting near the Scroby Sand. She was taken in tow and was brought into the harbour at 11 o'clock.—Property salvage case.

Nov. 21.—SOUTHWOLD.—*Alfred Corry* Life-boat.—It having been reported that a vessel could be seen about eighteen miles S.S.E. of Southwold, drifting about with no sails set, the crew of the Life-boat were summoned and at 9 A.M. the boat was launched. On reaching the vessel she was found to be the barque *Alpha*, of Herno-sand, waterlogged, abandoned by her crew and in charge of two fishing smacks. The Life-boat men assisted to save the vessel and, with the help of a steam-tug, she was taken into Harwich harbour.—Property salvage case.

Nov. 22.—CLACTON.—*Albert Edward* Life-boat.—At 1.45 in the afternoon the barque *Anna*, of Copenhagen, having stranded on the West Gunfleet Sands, the Life-boat was taken out, and proceeded to her assistance. It was decided to remain by her until the tide flowed, in the hope that she would then float, but at 8 o'clock, the tide being at that time half flood, she had twelve feet of water in her hold. Her crew of ten men were therefore taken into the boat, which was towed back to the station by the steam-tug *Merrimac*, of Ipswich. She arrived at 9 o'clock, landed the rescued men, and half-an-hour afterwards again went out in response to rockets fired by the Swin Middle light-vessel, and found a large steamer anchored in the Whittaker Channel. The Life-boat men asked those on board whether or not the vessel had been ashore, but received no reply. No other vessel could be seen, and it was concluded that the steamer had stranded, but had got off without assistance.—Expense of service, 61l. 4s.

Nov. 22.—RAMSEY.—*Mary Isabella* Life-boat.—The schooner *Jane McCrae* bound from Liverpool for Maryport in ballast, lost one of her anchors and was dragging the other. She was lying about a mile and a half N.E. of Ramsey harbour and as the wind was increasing, her crew desired to be taken into the Life-boat and were brought safely to land.—Expense of service, 20l. 13s.

Nov. 23.—HUNSTANTON.—*Licensed Victualler* Life-boat.—At 6 A.M. the Life-boat was launched and brought ashore the crew of seven men from the brig *Kate and Hanna*, of Malmo, which was totally wrecked in a N.W. gale and a very rough sea.—Expense of service, 23l. 7s. 6d.

Nov. 23.—MONTROSE.—*Augusta* Life-boat.—The Life-boat rendered assistance to the fishing-boat *Mon Ami*, of Ferryden, which had been overtaken by a heavy sea, rendering it unsafe for her to attempt to enter the harbour without help. The boat was towed safely in by a steam-tug.—Expense of service, 26l. 9s. 6d.

Nov. 26.—RAMSEY.—*Mary Isabella* Life-boat.—The Life-boat was launched at 12.45 P.M., and assisted to save the s.s. *Macrae*, of Glasgow, which was in danger about a mile N.E. of Ramsey harbour in a moderate E.N.E. gale and a heavy sea.—Property salvage case.

Nov. 27.—BUDE.—Temporary Life-boat.—The Life-boat placed here temporarily, to take the place of the station's boat while the latter was undergoing alteration and repair, was launched on service at 8.45 P.M. and rescued the crew of three men from the ketch *Ceres*, of Bude. The vessel, which was bound for Bude from Newport with a cargo of coal, had struck on the Barrel Rock, unshipped her rudder and, becoming unmanageable, stranded at the North side of the harbour.—Expense of service, 22l. 5s.

Dec. 1.—CULLERCOATS.—*Co-operator* No. 1 Life-boat.—A very sudden and dangerous gale sprung up in the morning, accompanied by a heavy fall of snow, and seriously jeopardised three cobses which had gone out fishing. The Life-boat was launched at 9.30 A.M. and met the boats which had been convoyed by the steam-trawler *Black Watch* from the fishing grounds to the bar. The Life-boat then took charge of them and attended them safely in.—Expense of service, 13l. 10s.

Dec. 1.—NEWBIGGIN.—*Robert and Susan* Life-boat.—The Life-boat put off at 9.45 A.M. and stood by several fishing cobses, their return to port having been rendered perilous by a strong gale from the N.N.E. which suddenly came on with dense showers of snow, the sea also rising rapidly. The boat remained afloat until the fishermen were in safety, returning to her station at noon.—Expense of service, 12l.

Dec. 6-7.—FERRYSIDE, CARMARTHEN BAY.—*City of Manchester* Life-boat.—The s.s. *Marion*, of Bristol, stranded on the Cefn Sidan Sands at 5 o'clock on the evening of the 5th December. On the following day an application was made

for the services of the Life-boat to stand by the ship, as it was feared that her crew would be in danger when the tide rose. The boat went off at 2 P.M., and remained by the vessel. The latter did not get off the sands at high water and her crew of six men were therefore taken into the Life-boat and landed at Ferry-side. On the following day the Life-boat made two trips to the steamer in the interest of the owners, but not until the next spring tides was the vessel got afloat, a steam-tug then succeeding in towing her off.—Property salvage case.

Dec. 8.—ORME'S HEAD, LLANDUDNO.—*Sunlight No. 1* Life-boat.—While a gale was blowing from the W. with cloudy weather and a rough sea, the barque *Eivion*, of Carnarvon, bound from Rotterdam for Liverpool, in ballast, anchored in Llandudno Bay, but her anchor failed to hold; a second one was let go, but the strain was so great that the windlass was smashed. She hoisted signals of distress and at 10.30 A.M. the Life-boat put off to her assistance, and at the master's request, brought ashore and despatched to the vessel's agents a telegram asking for a steam-tug to be sent to her with appliances for getting up her anchor.—Expenses paid by owners of vessel.

Dec. 8.—SOUTHEND, ESSEX.—*Theodore and Herbert* Life-boat.—The barge *J. D. Gough*, of Rochester, being in a sinking state, the Life-boat put off to her assistance at 12.30 P.M. A strong gale from S.S.W. was blowing at the time and there was a rough sea. The Life-boat men, at the captain's request, boarded the vessel, worked at the pumps, weighed the anchor and took the barge into Southend. She had a crew of two men.—Property salvage case.

Dec. 10.—RAMSEY.—*Mary Isabella* Life-boat.—Signals of distress being shown by the brigantine *Sultana Reina*, of Carnarvon, bound from Rochester for Belfast, laden with cement, the Life-boat was launched to her assistance at 10.15 A.M. The vessel was driving in the bay, and as the sea was extremely rough and the wind was blowing a whole gale from the N.E., the vessel's crew of six men were taken into the Life-boat and brought safely ashore.—Expense of service, 9l. 15s.

Dec. 10.—ARBROATH.—*William Souter* Life-boat.—At 11.30 A.M. the Life-boat was launched to the assistance of six

fishing boats which had been overtaken by a strong gale from the S.S.E. and a heavy sea. The Life-boat pulled to the bar so as to be at hand if any accident happened to any of the fishermen, but they all got safely in, several of the boats shipping large quantities of water and narrowly escaping being swamped.—Expense of service, 13l. 5s. 6d.

Dec. 10.—CADGWITH.—*Joseph Armstrong* Life-boat.—The Life-boat put off to the assistance of the barque *Sussex*, bound from Leith for Montevideo with coal. The vessel which was disabled was in tow of a steam-tug, and the Life-boat remained by her until she reached Falmouth.—Property salvage case.

Dec. 14.—PORT EYNON.—*A Daughter's Offering* Life-boat.—Information by telephone being received from Oxwich that a vessel was ashore and in need of the Life-boat's assistance, the boat was manned and launched at 12.2 A.M. A very heavy gale had been blowing during the day, and considerable difficulty was experienced in launching the boat owing to the darkness and heavy ground sea. She had scarcely left her carriage when she was driven back broadside on, but the beachmen at once rushed into the water and assisted the crew to get her bow seaward and thus prevented her from being driven up on the beach. The crew then plied on their oars, and as the boat went off a hearty cheer was raised. By that time the wind had decreased to a light breeze and the sea had considerably moderated, but there was still a heavy ground sea. At about half past one the Life-boat reached Oxwich Bay and seeing a light, pulled towards it and fell in with the boat of the barque *Althea*, of Grimstad, with the vessel's crew of ten men on board, the barque having been totally wrecked. The men were taken into the Life-boat and their boat was taken in tow, but the painter broke and the boat was consequently lost. The Life-boat regained her station at 4 A.M., was beached on the sands and all safely landed.—Expense of service, 31l.

COMMITTEE MEETING, 14th Dec., 1893.

Read the reports of the Deputy Chief Inspector of Life-boats and the District Inspectors on the special inquiries which had been held relative to the unfortunate

accidents which happened to the Grimsby, Lydd (Dungeness) and Dunmore East Life-boats while out on service during the recent severe gales, unhappily resulting in the loss of three out of the forty-nine brave men who formed their crews on those occasions.

In addition to defraying the expenses, amounting altogether to 158*l.* 12*s.* 7*d.*, in connection with those launches, grants amounting to 400*l.* were made by the Institution in aid of the local subscriptions for the benefit of the relatives of the three drowned men.

Reported that during the prevalence of the heavy gales experienced on the coast since the last meeting the Life-boats of the Institution were launched on 139 occasions and saved altogether 255 lives, besides helping to rescue many vessels from destruction. In addition, the crews assembled on 29 other occasions with the view of going out in the boats, but their services were not eventually needed. Voted 2,243*l.* 6*s.* 9*d.* to pay the expenses of assemblies and of launches of the Life-boats during these storms to vessels not ultimately needing the help of the boats.

Voted also 100*l.* to the widow of ERNEST BUTCHER, who died through bursting a blood-vessel after assisting to haul up the Aldeburgh Life-boat on the occasion of her return from service on the 11th November.

Also 4*l.* 8*s.* 1*d.* to pay medical and funeral expenses.

Also 1*l.* 10*s.* to a man injured at an exercise of the Thorpeness Life-boat on the 20th November.

Also 2*l.* to a man injured on service with the Groomsport Life-boat on 22nd November.

Also 6*l.* 7*s.* 6*d.* being a grant to, and medical expenses incurred by, a man injured at the launch of the Aldeburgh Life-boat on service on 11th October.

Also 21*l.* 12*s.* grant to, and medical expenses of, two men of the crew of the Palling No. 2 Life-boat injured on service on 10th August.

Also the Second Service Clasp of the Institution to Mr. JAMES CABLE, Coxswain

of the Aldeburgh Life-boat, and to Mr. JAMES WOODGATE, Coxswain of the Dover Life-boat; and the Silver Medal to Mr. W. SCHOFIELD, Coxswain of the Clacton Life-boat, in recognition of their gallant services in the boats.

Also the special thanks of the Committee to EUSTACE W. C. STRACEY, Esq., late Lieut., R.N., District Inspector of Life-boats, for his services in the Holyhead and Porth Rhuffydd Life-boats on the 18th and 19th November.

Also the thanks of the Institution, inscribed on vellum, to R. W. MIREHOUSE, Esq., Honorary Secretary of the Angle (Milford Haven) Branch, and to Mr. W. WOLFE, in recognition of a gallant attempt to save life from Grasholme Island on the 9th December, on which occasion Mr. MIREHOUSE went out in the Life-boat in a gale of wind and heavy sea, and Mr. WOLFE, owner of the steam trawler *Her Majesty*, allowed his vessel to tow the Life-boat, he going out in her and doing all in his power to effect the rescue.

The Committee also specially recognised the good services rendered by Mr. HENRY BROWN, Mr. GEORGE EASTERBROOK and Mr. STEPHEN LONGLEY, whilst serving as Coxswains of the Cresswell, Dungarvan and Winchelsea Life-boats.

Also the good services of Mr. GRIFFITH THOMAS during the period in which he held the post of Second Coxswain of the New Quay (Cardiganshire) Life-boat.

Dec. 15.—RAMSEY.—*Mary Isabella* Life-boat.—While a moderate gale was blowing from the W.S.W., a telegram was received from Point of Ayr, stating that a schooner was in a dangerous position between the Point and the banks outside and was signalling for help. The Life-boat was promptly launched and at 5.30 P.M. was on her way to the vessel. On reaching her she was found to be the *Not Forgotten*, of Chester; she had lost her head sails and was unmanageable. Her crew of three men were brought ashore by the Life-boat, being landed at 10.45.—Expense of service, 34*l.* 2*s.*

Dec. 16.—EXMOUTH.—*Joseph Soames* Life-boat.—The Life-boat rendered assistance to the schooner *Conquest*, of Padstow, which had stranded on the Pole sand. At the master's request the Life-boat men laid out an anchor astern with a chain and a long warp attached; some of the

men then boarded the vessel and by heaving on the rope got her afloat and afterwards passed a towing hawser from her to a steam-tug.—Property salvage case.

Dec. 18. — WALTON-ON-THE-NAZE. — *Honourable Artillery Company Life-boat.*—The schooner *Branch*, of Dartmouth, stranded on the Gunfleet Sand, about a mile W. by S. from the lighthouse, and became a total wreck. On intelligence of the stranding reaching Walton-on-the-Naze the Life-boat was launched and fell in with a steamer, bound for London, which kindly took her in tow until abreast of the schooner and the boat then sailed to the wreck, about seventy yards distant. The bowman, followed by two of the crew, waded with a line to the vessel for the purpose of obtaining her boat, by which to convey others of the crew on board. The Life-boat men assisted to pump the vessel and threw overboard some of the cargo of coal so as to lighten her and get her afloat. After working from 2 P.M. until 5 o'clock on the following morning it was found to be impossible to save the vessel, and her crew of five men were then taken into the Life-boat and landed at Walton-on-the-Naze.—Expense of service, 37*l.* 10*s.* 6*d.*

Dec. 18.—WEXFORD.—*Andrew Pickard Life-boat.*—Some of the fishing-boats started for the fishing-ground. When they went out the weather was favour-

able, but during the day the wind shifted from W. to S.S.E., blowing a fresh breeze, and a very heavy sea sprung up. All the boats, with the exception of two, returned home early in the day, and at 3.30 P.M. these two boats were seen running for Hantoon Channel. It was evident that they would be unable to enter the harbour without assistance, and the Wexford No. 1 Life-boat was therefore launched at once, proceeded to the boats, remained by them until the flood tide and conducted them safely into port.—Expense of service, 34*l.* 5*s.*

Dec. 31.—Voted 479*l.* 14*s.* 5*d.* to pay the expenses of the North Berwick, Port Logan, Weymouth, Southend (Essex), Plymouth, Aranmore, St. Helier's, Holyhead No. 2, Porth Rhuffydd, Brixham, Thorpeness, Balbriggan, Scarborough, Clacton, Filey, Lowestoft No. 2, Shoreham, Wexford No. 1, Palling No. 2 and Padstow Life-boats in assembling their crews or putting off, their services however not ultimately being required.

The Ramsgate Life-boat was also taken out, but no service was rendered.

Voted 13*l.* 10*s.* grant to, and medical expenses of, two men injured on service in the Ramsey Life-boat on the 10th December.

Also 17*l.* 15*s.* to some of the crew of the Dunmore East Life-boat injured on service on the 13th December.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, “L. C. WYON.” Double legend, “Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness.”
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. “W. Wyon, Mint.” Inscription, “Let not the deep swallow me up.”

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1893, to persons whose humane and intrepid exertions in saving Life from shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,218, 98 of which were in Gold, and 1,120 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—Ct. G^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

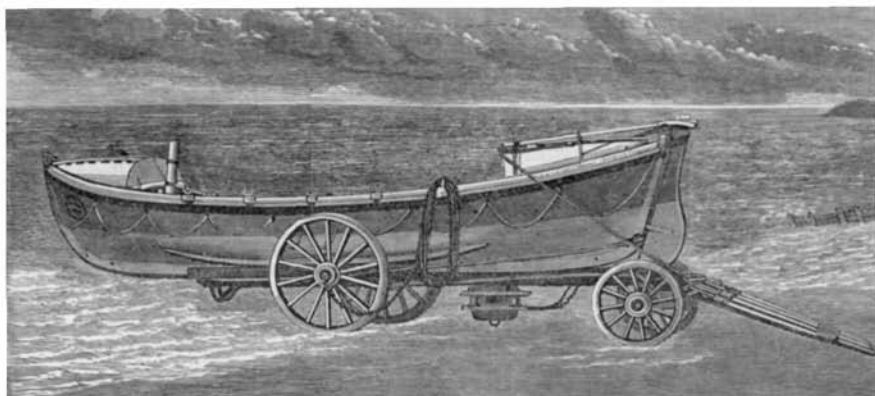

The requisite qualities of a life-boatman's life-belt

are—

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.
2. Perfect flexibility, so as to readily conform to the shape of the wearer.
3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.
4. Strength, durability and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 303 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy, The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

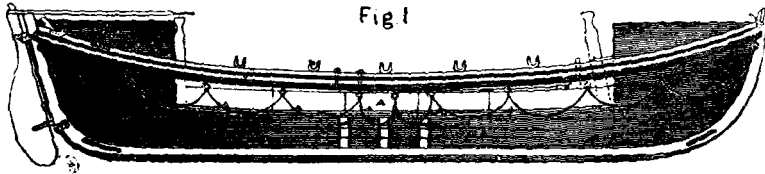

In Figure 2, the unshaded space, A, represents the uncovered part of the deck;

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

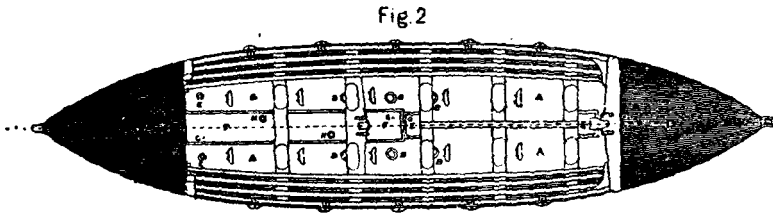

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

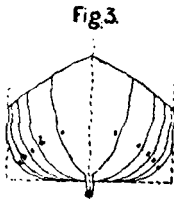

THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT

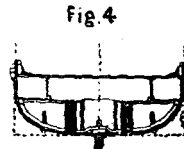

PROFILE

DECK PLAN.

BODY PLAN

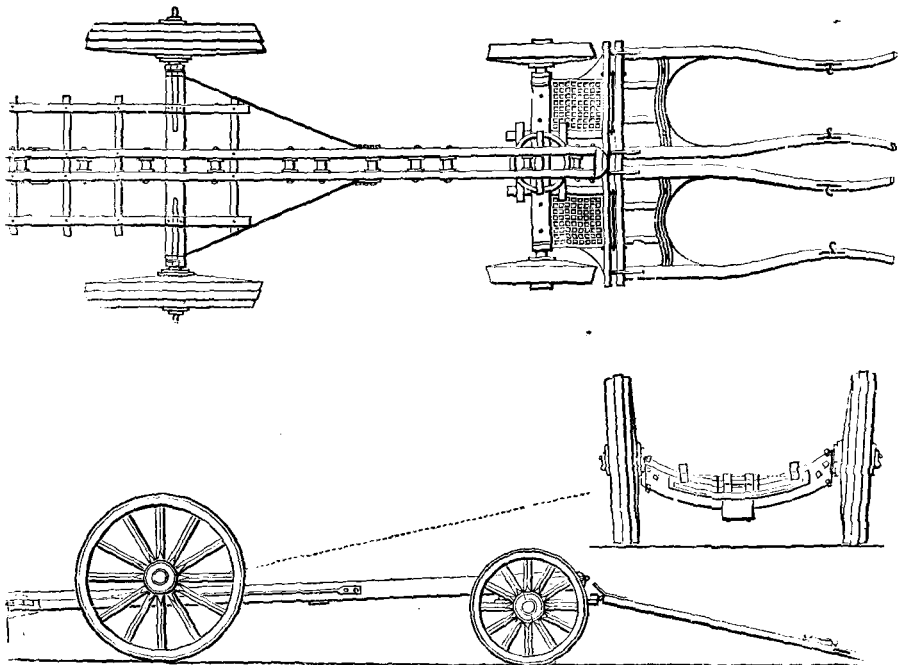

MIDSHIP SECTION.

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

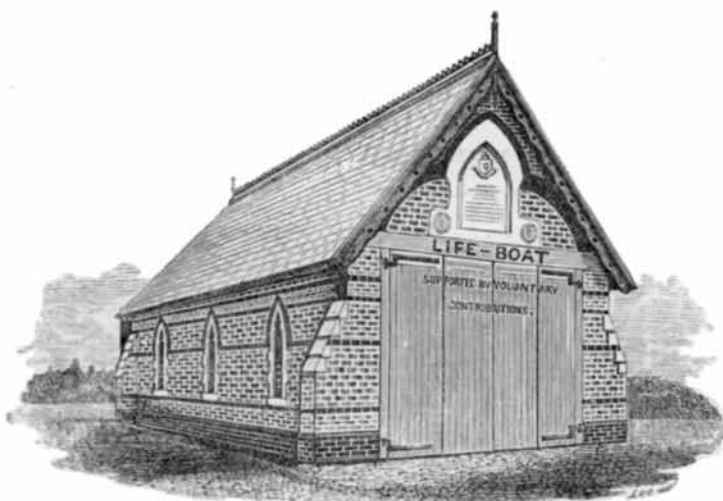

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum, and payment as a helper each time he is on duty. The members of the volunteer crews are registered and, wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or Coastguardmen. On every occasion of going afloat to save life, the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October, and ending the 31st March.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a Coastguard man on duty or other responsible look-out man.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The average cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew, Skids, and Transporting-carriage for the Life-boat	£700
Boat-house (Slipway extra)	350
Total	£1,050

It is often necessary to provide a Slipway for launching purposes, which costs from 200*l.* to 1,000*l.* The average Annual Expense of maintaining a Life-boat Station is 100*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 303 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 37,855 lives.

Despite, however, this fleet of 303 Life-boats, and of 24 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that on an average 650 lives are lost annually on and around our own shores alone, as shown by the Board of Trade Returns, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs an income of at least 70,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

THE PRINCE OF WALES AND THE LIFE-BOAT SERVICE.

*Speeches of His Royal Highness at the Annual General Meeting
on the 18th March, 1893.*

"As your chairman to-day it is my duty to move the first resolution, which is 'That the report now read be adopted, printed and circulated.' The last occasion on which I had the satisfaction of presiding at the Annual General Meeting of the ROYAL NATIONAL LIFE-BOAT INSTITUTION was exactly nine years ago, in 1884. Since that time the Institution has made more progress and shown a greater activity than in any similar period of its history, as the figures which I am about to quote will prove. 37 new stations have been established, 260 new Life-boats have been placed on the coast, 101 old Life-boats improved, and 6,672 lives have been saved, for which rewards have been granted. The total number of Life-boats on the 31st December last year was 304, and the total number of lives for which the Institution granted rewards between 1824, when it was founded, and the end of 1892, was upwards of 37,000. In 1883 the receipts of the Institution from all sources, excluding legacies, were 40,250*l.*, and in 1892 58,654*l.*, or a net increase of nearly 50 per cent.; and this is the more satisfactory as there was a great depression in trade and agriculture during the whole of that period. In 1883 the expenditure amounted to 45,817*l.*, and in 1892 to 80,416*l.* But I must point out that the increased expenditure was mainly due to the additional number of stations which were established, to the construction of Life-boats, carriages, boat-houses, and slipways, to the increase in the pay of the Life-boat men on rescue and other services, to the competitive trials with Life-boats, a special item, and to the increased price of labour and materials (loud cheers). In February 1889, the Institution promoted a Bill in the House of Commons to amend the Act of 1877 for the removal of wrecks on the coast of the United Kingdom which might prove dangerous to Life-boat crews in the performance of their life-saving duties. This was the first Bill that was passed through Parliament in that year, and the first, likewise, to which in 1889 the Queen, Patron of the Institution, affixed her signature (cheers), and I am glad to inform you that many dangerous wrecks have since been removed under the provisions of this Act (cheers). It is anticipated that, owing to the establishment of coast communication round the United Kingdom now being carried out, and a Royal Commission having sent in its first Report containing certain important recommendations, that a great saving of life will in the future be effected. In February 1889, also, the Committee placed on the coast the first steam Life-boat ever built, at a cost of 5000*l.*, and since the inspection of it at Cowes by the German Emperor and myself in August last, an offer has been made by the firm that constructed it to build another with various improvements for 3250*l.*, and I understand that this offer is about to be considered by the Committee. I think you will agree with me that the Committee came to a wise decision when they determined in Nov. 1891 that, in order to improve the condition of the Life-boat crews, the pay for their services should be increased by one-half during the six winter months (cheers). I am informed that this considerate measure has been much appreciated by the men. The difference between the expenditure and the receipts from the ordinary sources of income which I have mentioned, was met by the appropriation of legacies and capital. But there is no doubt that the financial question is one of vital and pressing importance, and will require the earnest consideration and attention of the Committee as well as every possible help from the public. The fact that the income from subscriptions, donations, and interest on investments was insufficient by 21,888*l.*, to meet the expenditure of last year is a grave matter for reflection, and points at once to the desirability of extending the new system, which has been successfully adopted in Lancashire, of having 'Life-Boat Saturday' and 'Life-Boat Sunday' collections in London and other parts of England, and especially in large towns, which, I regret to state, have, as a rule, hitherto contributed but little to the Institution. While referring to the financial question, let me add that I am requested by the Committee to mention that they are specially desirous that it should be made known to intending donors that money is greatly needed for the maintenance of the existing boats and the service generally (loud cheers)."

His Royal Highness, in response to a hearty vote of thanks which was tendered to him, said: "Ladies and Gentlemen, Before we close, I wish to return my cordial thanks for this resolution. It is, I assure you, a source of very sincere satisfaction to me to be able to preside once more at the Annual Meeting of this great and most important Institution (cheers). Be assured, I always have taken, and always shall take the very liveliest interest in its success. I do not consider that in this world there can be a finer service than this one, in which men are called upon at all hours of the day and night to give their services, frequently at imminent risk to their lives, to save their fellow creatures from the frightful death of drowning. This is, to my mind, one of the noblest and finest services to which a human being can belong (cheers). Such being the case and knowing how much money is expended in order to keep this Institution on a proper footing, I sincerely hope the words which have fallen from so many able speakers to-day will not be forgotten, and that you will all do your utmost by your voluntary contributions to assist to maintain a Society of such importance. Let me thank you once more for your kind reception and assure you of the pleasure it has given me to meet you (loud cheers)."

ROYAL NATIONAL LIFE-BOAT INSTITUTION.

(Incorporated by Royal Charter.)

The Institution granted rewards for the saving of 428 lives by the Life-Boats in 1893, and of 170 lives by fishing and other boats during the same period, the total number of lives, for the saving of which the Institution granted rewards, in 1893 being **598**. Total of lives saved, for which Rewards have been granted, from the Establishment of the Institution in 1824 to 31st December, 1893, **37,855**.

The Right Hon. Sir Michael Hicks-Beach, M.P., when President of the Board of Trade, stated at the Annual Meeting of the Life-Boat Institution on the 30th April, 1892:—

“In the work of saving life at sea the Life-Boat Institution takes the larger part, not only as regards the number of lives saved and money spent, but also as regards the efficiency of the work done. I have never had brought before my notice one single case in which the crews of the Life-Boats have failed to do their duty.”

The Right Hon. A. J. Mundella, M.P., President of the Board of Trade, said at the Annual Meeting of the Institution on the 18th March, 1893:—

“No Government department could ever do the work as well as the National Life-Boat Institution. No Government department would ever maintain that alertness and alacrity which the Governors of that Institution always exhibited; and no Government department could ever evoke that generous sympathy with heroism which has characterised the work of the Institution. I trust the time will never come when the English public will abdicate their duty and their highest privilege of supporting such a noble Institution.”

The Right Hon. A. B. Forwood, M.P., when Secretary to the Admiralty, stated in public at Liverpool:—

“The Admiralty have no machinery whatever for working the Life-Boat Service, and I am decidedly of opinion that the best and, indeed, the only way that this work can be carried on is by the existing organisation.”

During the year 1893 the ROYAL NATIONAL LIFE-BOAT INSTITUTION expended **£65,703** in connection with its Life-Boat Establishments on the Coasts of England, Scotland and Ireland, in addition to having contributed to the saving of **598** persons from various Shipwrecks off our Coasts. The rewards granted by the Committee in recognition of these and other services connected with the Life-Boat cause comprised **25** Silver Medals, **4** Silver Second Service Clasps, **15** Binocular Glasses, **7** framed Certificates of Service, **53** Votes of Thanks inscribed on Vellum and framed, **1** Aneroid Barometer, and **£9,403**, including grants to injured men and to the relatives of men who were lost in the Life-Boat Service.

On the 31st December, 1893, the Institution had granted altogether in rewards since its establishment in 1824, **98** Gold Medals and Clasps, **1,120** Silver Medals and Clasps, **231** Binocular Glasses, **15** Telescopes, **6** Aneroid Barometers, **39** Framed Certificates of Service, **1,447** Votes of Thanks inscribed on Vellum and framed, and **£139,632** in money.

It should be specially noted that the Life-Boat crews, except when remunerated by the owners of vessels for property salvage services, are paid by the Institution for their efforts, whether successful or not, in saving life.

The cost of a Life-Boat Station is at least **£1,050**, which includes **£700** for the Life-Boat and her equipment, including Life-Belts for the crew, and Transporting Carriage for the Life-Boat, and **£350** for the Boat-house (Slipway extra). The approximate annual expense of maintaining a Life-Boat Station is **£100**.
