

THE LIFE=BOAT.

JOURNAL

OF THE

Royal National Life=Boat Institution.

(ISSUED QUARTERLY.)

VOL. XVI.—No. 176.]

1ST MAY, 1895.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE=BOAT INSTITUTION, held at St. Martin's Town Hall, Charing Cross Road, on Saturday, the 23rd day of March, 1895, THE RIGHT HON. LORD TWEEDMOUTH, Lord Privy Seal and Chancellor of the Duchy of Lancaster, in the Chair, the following Report of the Committee was submitted for adoption:—

ANNUAL REPORT.

1895.

NOTWITHSTANDING the difficulties which have been encountered during the past year by almost every charity in the country owing to the general depression in trade and agriculture, the ROYAL NATIONAL LIFE=BOAT INSTITUTION has been able to pursue assiduously its important mission of mercy, and the Committee can thankfully report that the efficiency of the Life-boat service is certainly greater now than it has been at any time since its establishment in 1824.

Steam Life-boat.—The Steam Life-boat *City of Glasgow*, to which reference was made in last year's Annual Report, has been completed; and after being publicly named at Glasgow in the presence of at least thirty thousand spectators by Mrs. BELL, the wife of the Lord Provost, and subsequently thoroughly tested, has been stationed at Harwich, where it is believed he will render much good service. The Steam Life-boat *Duke of Northumberland*, the first Steam Life-boat built, continues

to earn golden opinions at New Brighton, where she is temporarily stationed, and the Committee have decided to build a Steam Life-boat for the Port of Liverpool.

Life-boats.—No better proof could be adduced of the confidence reposed by the public in the management of the Institution than the fact that in July last the whole of the Life-boat service protecting the mouth of the Mersey and its estuaries, hitherto belonging to and managed by that important and powerful Corporation, the Mersey Docks and Harbour Board, was transferred to the Institution, a special agreement having been entered into by the Board with the Committee. Since then the service in question, which adds four Life-boat Stations to the Institution, has been thoroughly reorganized. During the year, the Ryde (Isle of Wight) Life-boat Station, which had for very many years been supported and managed by a private Committee, has also been transferred to the Institution, and a similar course is about to be followed as regards the Life-boat Station at Wick, belonging to the Wick Harbour Board. New Stations

have, in addition, been established during the past year at Selsey, in Sussex, and at Greenore, county Louth, and steps will shortly be taken when the dock works are further advanced to establish a Station at Barry, in Glamorganshire.

Besides the new Stations which were established and equipped in 1894, 13 others were supplied with new boats, specially built to meet the views of the crews who would be called upon to man them. The Stations to which these new boats were sent were:—

ENGLAND.

Brixham	Devonshire.
Dungeness (No. 1) . .	Kent.
Dunwich	Suffolk.
Falmouth	Cornwall.
Fleetwood	Lancashire.
Gorleston (No. 2) . .	Suffolk.
Mullion	Cornwall.
Staithe	Yorkshire.
Sunderland(SouthOutlet)	Durham.
Teignmouth	Devonshire.

SCOTLAND.

Fraserburgh	Aberdeenshire.
Montrose (No. 1) . .	Forfarshire.
Port Logan	Wigtownshire.

The Life-boats at 18 other Stations were improved last year, and brought as far as possible up to date, and others will, it is hoped, be similarly dealt with before the close of the current year.

During the year one of the Life-boats placed at West Hartlepool was withdrawn, the improvements recently effected in the harbour rendering its retention unnecessary. The Station at Newport (Pembrokeshire) has also been closed, the sea-going traffic on that part of the coast now being very small, and difficulties connected with the bar inducing unnecessary exposure and danger. For somewhat similar reasons the Committee have decided to close the Seascale (Cumberland) Station.

The Institution's fleet consisted at the close of the year of 308 Life-boats.

It cannot be too generally known that the Committee are ready to place and

maintain a Life-boat on any part of the coast of the United Kingdom, where it can be shown that the adoption of such a course is really desirable, the only proviso being that there is a sufficient number, in the locality, of sailors, fishermen or others accustomed to manage boats at sea, who can be relied on to man the Boat.

Transporting Carriages.—The Life-boats at 23 Stations were in 1894 provided with new transporting carriages, and several other carriages will shortly be sent to the coast.

Tipping's Plates.—The efficiency of the launching arrangements at 8 Stations was last year materially increased by the provision of these plates, which have proved of great utility wherever they have been supplied.

Inspection of Life-boats, &c.—The Life-boat Stations were, as usual, periodically visited by the District Inspectors during the year, a detailed report of each inspection having been forwarded to and most carefully considered by the Committee. The Committee recently decided to strengthen the inspecting force, and they believe that the step they have taken will conduce materially to greater efficiency in the service. A system of surprise visits to the Stations has been established, which cannot fail to increase their efficiency.

Shipwrecks.—The year 1894 was not, taken as a whole, a remarkably stormy one, but both early in the year and during the latter part of it, gales and storms were very frequent and disastrous. The worst gale of the year was that of the 22nd and 23rd December, during which there were 44 Life-boat launches effected, resulting in the saving of 99 lives. Many occasions therefore presented themselves calling for gallant efforts on the part of the Life-boat

crews, who on no occasion were found wanting when the call for duty came, and much good service was done in the saving of life and property.

From the 1st January to the 31st December inclusive the Institution's Life-boats were launched on service 436 times and 1,061 times for practice, in addition to which crews were assembled 44 other occasions when it appeared probable that their services might be wanted. It is with deep gratitude to Providence the Committee have to report that, notwithstanding the fact that many thousand men were out in the Life-boats during the year, not one of them lost his life on duty.

Every encouragement was given the Life-boat men during the year to be attentive and prompt in the discharge of their duties, and there is no reason to suppose that they at any time failed in this respect.

The number of lives for the saving of which the Institution granted rewards in 1894 was 790, of which 649 were rescued by Life-boats and 141 by Shore-boats and other means, in addition to which 35 vessels were saved. The details of the services during each month of the year are as follows:—

1894.	Number of Life-boat Launches.	Lives Saved by Life-boats.	Vessels Saved by Life-boats.	Lives Saved by Shore-boats.
January . . .	67	137	2	16
February . . .	65	161	3	13

November . . .	51	57	8	10
December . . .	95	153	4	17
Total . . .	436	649	35	141

The total number of lives for the saving of which, either by Life-boats, Shore-boats or other means, the Institution has granted rewards since it was founded in

1824, has been 38,645, the number for each year being as follows:—

Rewards.—The rewards bestowed by the Institution last year for the saving of life from shipwreck, or for efforts with personal risk to do so, and in acknowledgment of other good services rendered to the cause, comprised 17 Silver Medals, 2 Second Service Clasps, 13 Binocular Glasses, 1 Aneroid Barometer, 33 Votes of Thanks inscribed on vellum and framed, 8 Certificates of Service framed, and 8,862*l.* 13*s.* 1*d.*, including compensation for injuries received in the Service, &c.

Up to the close of last year the Institution had granted altogether in rewards since its establishment in 1824, 97 Gold Medals and 1 Gold Clasp, 1,139 Silver Medals and Clasps, 244 Binocular Glasses, 15 Telescopes, 7 Aneroid Barometers, 1,480 Votes of Thanks inscribed on vellum and framed, 47 Certificates of

Service framed, and 148,495*l.* 2*s.* 8*d.* in money.

Aneroids.—The demand for the Aneroid Barometers supplied by the Institution to Fishermen and small Coasters at about a third the retail cost still continues, 88 of these very useful instruments having been disposed of during the past year to Fishermen and 30 to Coasters, thus bringing up the total provided by the Committee since June 1882, when the system was originated, to 3,467.

Life-Belts.—With a view to diminishing the loss of life amongst our Fishermen employed in small boats, the Committee decided in May last to supply them—at less than one half the retail cost—with thoroughly efficient Life-belts having a maximum of 28 lbs. buoyancy and a minimum of 25 lbs. It is to be understood, however, that after the Life-belts have been received by the purchasers the Institution disclaims all responsibility for them. The experiment has been tried in the first instance on the Northumberland coast and several applications have already been received for the belts.

Removal of Wrecks.—The Elder Brethren of the Trinity House and other authorities have during the year removed many wrecks in non-navigable waters dangerous to the Life-boat crews in the discharge of their life-saving duties. This was done under the provisions of the Removal of Wrecks Act 1877 Amendment Act 1889, passed through Parliament five years ago at the instance of the Institution.

Electrical Communication on the Coast.—Good progress was made last year in the very important system of Electrical Communication on the Coast for Life-saving Purposes, promoted by the Life-boat Institution and undertaken by the Government rather more than two years ago, and several rock lighthouses and light-ships have already been connected with the shore, as recommended by the Royal Commission. When the system is

complete, which it is hoped will be the case before the end of another year, one of the most valuable national works of the generation will have been accomplished. To make the system thoroughly efficient, however, it is absolutely necessary that explicit instructions should be given to the Coastguard as to the use of the telephones and telegraphic wires as connected with the Life-boat Service; otherwise the value of the system will be seriously discounted. The Committee have brought the matter under the notice of the proper authorities, and have every reason to believe that it will receive prompt attention. The best thanks of the Institution are due to the officials of Her Majesty's Post Office for their zealous co-operation in carrying out the many suggestions which have been made to them by the Committee with a view to increasing the efficiency of the system.

Local Committees, &c.—The Committee have to tender their best and most grateful thanks to all the Local Committees and their Honorary Secretaries and Treasurers, without whose assistance and important efforts the work of the Institution could not be properly and effectively carried on. The Committee feel that the value of the help given by the voluntary officials of the Institution scattered over the length and breadth of the United Kingdom cannot be over-rated or too much appreciated.

Life-boat Saturday, &c.—Since the publication of the last Annual Report, this important and popular movement has greatly developed, the number of cities and large towns in the United Kingdom holding "Life-boat Saturday" demonstrations or collections, having more than doubled. The organization has spread north, south, east and west, and wherever the demonstrations have been held the greatest interest and enthusiasm have been excited, resulting in a net sum of 21,000*l.* being raised. The City of London has taken up the cause and good

results are expected from the establishment of a very influential Committee appointed last June at an enthusiastic meeting held at the Mansion House, presided over by the LORD MAYOR, and supported by H.R.H. the DUKE OF SAXE-COBURG AND GOTHA, besides many leaders of the mercantile community and others. It will be seen therefore that the steps taken early last year by the Committee for the purpose of extending and developing the "Life-boat Saturday" movement have been most successful, and they have been as a result greatly encouraged to make further efforts to still further extend its operations. The Committee, however, feel that the main cause of the success of the movement has been the unwearied and indefatigable zeal of the great army of voluntary workers in the cause all over the country, and to these, representing all classes of society, the Committee have to tender their most grateful and cordial acknowledgments. The amount of work voluntarily done by the many Committees, Sub-committees and Ladies' Committees, which have been formed at the principal centres of industry throughout the country, has been enormous, and this work, backed up by the Press of the country, has secured the success attained. It has been felt on all hands that the cause is a great and national one, and it is this general consensus of opinion which has led high and low, rich and poor, to band together to advance its interests.

Finances.—The receipts for the past year in subscriptions, donations, dividends, etc., amounted to 73,961*l.* 9*s.* 4*d.*, or 17,287*l.* 13*s.* 3*d.* more than in the preceding year. Rather more than half of the increase is attributable to the further development and extension of the Life-boat Saturday movement, which alone produced a nett increase of 9,098*l.* 7*s.*, the remaining 8,189*l.* 6*s.* 3*d.* being made up of new annual subscriptions and special contributions. The Committee are of opinion that these

figures are most satisfactory, more especially at a time when "bad times" is the general complaint, and that they indicate that the Life-boat Institution is deeply rooted in the affections of the British public. The following is a list of the special gifts, amounting to 13,059*l.* 10*s.*, received during the year for specified Life-boat establishments, &c.:—

Numerous legacies were received during the year, which have been of great service in carrying on the work of the Institution. Full details of these will be found in another part of the Report.

The expenditure of the year amounted to 80,680*l.* 16*s.* 7*d.*, or 2,354*l.* 19*s.* 2*d.*

less than in 1893. It will be observed, therefore, that the capital account was only drawn upon to the extent of 7,154*l.* 3*s.* 5*d.*, or 19,331*l.* 11*s.* 3*d.* less than in 1893. The payments comprised 31,480*l.* 18*s.* 3*d.* for building, equipping, improving and repairing Life-boats and Life-boat Carriages, Life-boat Houses and Slipways; 16,620*l.* 13*s.* 2*d.* for Life-belts and other Stores, the Storeyard, Subsidies to non-self-supporting Stations, Branch Payments, and Aneroids for Fishermen and Coasters; and 24,893*l.* 17*s.* 4*d.* for payments to Inspectors, Coxswains, Bowmen, Signalmen; to Crews, &c., for Services and for Exercising the Life-boats, Special Rewards and Recognitions for Services, Medals, Vellums, and Grants for Injuries. The balance was expended in Printing, Advertising, Postage, Telegrams and Stationery; on Salaries, Rent, Rates, Taxes, Housekeeper, &c. Every item, both of receipt and expenditure, has

been carefully examined, verified, and passed by Mr. LOVELOCK, of the well-known firm of Messrs. LOVELOCK, WHIFFEN and DICKINSON, 19, Coleman Street, E.C., Chartered Accountants.

In conclusion, the Committee earnestly and confidently appeal to their fellow-countrymen for continued help and support. For upwards of seventy years they have perseveringly and earnestly worked, and the thousands and tens of thousands of lives which have been rescued from a watery grave as a result of their labours encourages them to "nail their colours to the mast," and to claim for the future, as in the past, the confidence and generous aid of the British Public, always alive to the interests and welfare of "poor Jack," to whom the country at large owes so much.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 33,645.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COURTIS and Co., 59 Strand; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution,
14 John Street, Adelphi, London, W.C.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1894.

Jan. 2-3.—RAMSGATE.—*Bradford* Life-boat.—On the 2nd January a message by telephone having been received requesting that the Life-boat and tug might be sent to a vessel in danger, the steam-tug *Aid*, with the Life-boat in tow, left the harbour at 10.30 P.M., and proceeded through the Cudd Channel and along the land until the vessel was seen ashore near Broadstairs. The Life-boat was then slipped and, letting go her anchor, veered alongside the vessel, which was the smack *Blue Bell*, of

Ramsgate, and took off her crew of four men. A strong E. wind was blowing at the time with squalls of snow.

The Life-boat returned to her station at 1.30 A.M., and at 7 P.M. was again towed out by the steamer and rescued the crew of four men from the smack *Daisy*, of Ramsgate, which, in trying to enter the harbour at low water, took the ground and was driven on the West Rocks.—Expense of services paid by the Board of Trade.

Jan. 4.—CLACTON.—*Albert Edward* Life-boat.—While a whole gale was blowing, with a very heavy sea, the coxswain of the Life-boat saw a vessel stranded on the Buxey Sand. The crew of the Life-boat were summoned, and at 9 A.M. the boat put off to the assistance of the vessel, the masts of which had already fallen over her side. The boat steered for the wreck, and, on nearing her, the crew could be seen clinging to the deck house and other portions of the vessel, the heavy seas breaking over them. The boat kept to windward, let go her anchor, and slacked away until she came to the end of her cable, but could not get near the vessel. It was then decided to lift the anchor and drop down again, but it was discovered the anchor had fouled something in the sand and could not be raised. The cable was therefore cut and sail was made, but on getting to the lee side of the ship her masts and gear, which were lying alongside, rendered it impossible to get near her in the heavy sea. Signs were made to the ship's crew to attach to a rope something which would float, and slack away until it reached the Life-boat, but this attempt to obtain communication was frustrated for the object veered by the men fouled some of the wreckage. The boat then sailed to windward and again making for the vessel, threw the grapnel into the rigging. Three of the crew then crawled out on the mast, and a rope was thrown to them to make fast; unfortunately the first man instead of doing so clung to the boat and was dragged into her. The grapnel becoming unhooked, the boat was again driven away, and the other two men crawled back to the ship. Once more the Life-boat men strove to get to the vessel, and having thrown the grapnel on board, were enabled to haul the boat between the spars to the wreck, thereby enabling five men to jump into her. The master being too much exhausted to do so, a rope was thrown to him and he fastened it round his body; but, as the coxswain was about to lift him into the boat, a heavy sea came and, there being so much ice in the boat, he missed his foothold and was thrown overboard between the wreck and the boat. Fortunately he had hold of one end of the rope attached to the captain, and was hauled into the boat;

he, however, received a severe blow and cut over one of his eyes. The captain was dragged through the surf by means of the rope and was also taken into the boat. The whole of the wrecked crew—seven men in all—having thus been rescued, sail was made, and at 2.30 P.M. the Life-boat arrived at Clacton pier after a fearful journey, the boat and those on board her being covered with ice. The wrecked vessel was the brigantine *St. Alexei*, of Copenhagen, bound from Valberg for Stanraer with a cargo of wood.

In recognition of the gallant conduct of the Life-boat crew an extra reward was granted to them by the Institution. Expense of service, 24*l.* 2*s.* 6*d.*

His Majesty the King of Denmark graciously awarded a silver medal to Mr. W. SCHOFIELD, Coxswain of the Life-boat, and the sum of 10*l.* to the crew of the boat in acknowledgment of their brave services on this occasion. These rewards were publicly presented to the Life-boat men by the COUNTESS OF WARWICK, who at the same time presented silver medals granted by the Institution to the Coxswain in recognition of his general gallant services, and to MAURICE NICHOLLS, ROBERT OSBORNE and JOHN GRIER, who had been members of the Life-boat crew for many years and had been out in the boat on very many occasions of service. Other medals presented by public subscription were also handed to the Life-boat crew together with a pecuniary reward generously given by the MAYORESS OF COLCHESTER.

Jan. 4.—GORLESTON.—*Mark Lane* Life-boat.—The dandy *Albany*, of Lowestoft, while returning from fishing, in a strong E.S.E. gale and a very heavy sea, had her mainsail blown away and lost her rudder. She was taken in tow by another smack and anchored abreast the south pier at Gorleston. Her anchors, however, failing to hold she made signals of distress, in response to which the Life-boat was launched at about 10.30 A.M., and was towed by a steam-tug to the vessel. Anchoring to windward, the boat dropped alongside, took off the crew of five men and landed them at Yarmouth.—Expense of service, 22*l.* 10*s.*

Jan. 4.—ALDEBURGH.—*Aldeburgh* Life-boat.—The ketch *Oak*, of Lowestoft, being observed disabled and shipping heavy seas while a strong E. gale was blowing, the

Life-boat was launched at about 12.40 P.M., and overtook the ketch near the Whiting Sand, on which she would in all probability have stranded. The Life-boat men warned the master of his danger, advised him to steer more to the southward, and at his request put four men on board to take the vessel to Harwich, the Life-boat accompanying her. She had a crew of five men.—Expense of service, 30*l.* 3*s.*

Jan. 5.—PALLING.—*Good Hope* Life-boat.—While a whole gale was blowing from the E.S.E., accompanied by a very heavy sea, intelligence was received that a vessel had gone ashore about a quarter of a mile from Hasborough, and that the services of the Life-boat were required. The No. 1 Life-boat was promptly manned and proceeded to the vessel, which proved to be the brigantine *Sophia*, of Fredericia, bound from Sundswall for Aberdovey with a cargo of timber. Owing to the heavy sea and floating wreckage the task of rescuing the shipwrecked crew was one of considerable difficulty and danger, and several attempts had to be made by the gallant Life-boat men before they succeeded in taking off the six men, who were greatly exhausted from long exposure. They were landed at Hasborough amid the ringing cheers of a large crowd which had, in spite of the intensely cold, stormy weather, assembled to witness the rescue.

An extra reward was granted to the Life-boat men and the silver medal of the Institution was awarded to Mr. THOMAS BISHOP, the 2nd coxswain, who was in charge of the boat, in recognition of his gallantry on this and on many previous occasions.—Expense of service, 37*l.* 3*s.*

Jan. 6.—CAISTER.—*Beauchamp* Life-boat.—The No. 2 Life-boat was launched in a very heavy sea and proceeded to the North Scroby Sand where the barque *Wallace J. John*, of Glückstadt, had been totally wrecked. It was found that her crew of twelve men had succeeded in reaching the Cockle Light-vessel; they were taken into the Life-boat, and afterwards eleven of the men were transferred to a steam-tug and taken to Yarmouth, the master coming ashore in the Life-boat.—Expense of service, 35*l.*

Jan. 8.—FILEY.—*Hollon the Second* Life-boat.—The coble *Eliza*, having on board a crew of three men who were fishing, was lost sight of and as darkness was approaching and the wind and sea were

increasing it was considered advisable to take out the Life-boat. At 5.5 P.M. the boat was launched, met the coble, handed life-belts to the fishermen and shortly afterwards all safely landed on the beach.—Expense of service, 18*l.* 9*s.* 6*d.*

Jan. 10.—HOLYHEAD.—*Thomas Fielden* Life-boat.—Signals of distress having been observed at the end of the break-water, the Life-boat was launched at 5 A.M. in a strong S.W. gale and a heavy sea and found the schooner *Alfred* stranded on the breakwater. The Life-boat remained by her until she was towed afloat by a steam-tug.

Signals being then seen in Church Bay, the Life-boat proceeded there and found the schooner *Cyral* bound from Aberystwyth for Liverpool, in a dangerous position. Her crew of three men took to the Life-boat and were safely landed at Holyhead at 8.20 A.M.—Expense of service, 24*l.* 10*s.*

COMMITTEE MEETING, 11th Jan., 1894.

Voted 219*l.* 13*s.* 3*d.* to defray expenses of the undermentioned Life-boats for assemblies of their crews or for launches on service when the boats were not ultimately needed:—Broadstairs, Caister No. 1, Exmouth, Flamborough No. 2, Hasborough, Kessingland No. 1, Kildonan, Lowestoft No. 1, Southwold No. 1, and Winterton No. 2.

The Ramsgate Life-boat had also been taken out for service, but her services were not eventually required.—Expenses paid by the Board of Trade.

The Committee specially recognised the good services rendered by Mr. JOHN FOX and Mr. HUGH DAVIS during the long periods in which they served respectively as Coxswains of the Margate and Porthdinllaen Life-boats, and Mr. JOHN MOODY, as second Coxswain of the Skegness Life-boat.

Also the long services of Mr. HUGH HUGHES as second Coxswain of the Porthdinllaen Life-boat.

Voted the Second Service Clasp of the Institution to Mr. RICHARD ROBERTS, Coxswain of the Deal Life-boat, in acknowledgment of his long-continued services in the Life-boat with which he has been connected for upwards of thirty years, in which period he seems to have assisted in saving 409 lives.

Also the Silver Medal to MAURICE

NICHOLLS, ROBERT OSBORNE and JOHN GRIER, who have been out on service in the Clacton Life-boat respectively 77, 74 and 67 times.

Also the Silver Medal to CHARLES WARD, bowman of the Aldeburgh Life-boat, in consideration of his gallant services, for many years past, in the Life-boat and in shore boats in saving more than 100 lives. He served as Assistant-Coxswain and Coxswain of the Life-boat until compelled to resign because his fishing took him away so often from the station.

The Committee also specially recognised the good services rendered to the Life-boat cause during the past eleven years by Mr. W. AHEARN, Station Officer of H.M. Coastguard at Aldeburgh, who was retiring on account of ill health.

Voted 10*l.* for medical attendance on Life-boat men injured on service at Dunmore East.

Jan. 11. — LITTLEHAMPTON. — *James, Mercer and Elizabeth* Life-boat. — At 1.50 A.M. the Life-boat was launched, signals of distress having been shown close to the West Pier, in a moderate S.W. gale and a heavy sea. It was found that the brigantine *C.H.S.*, of Llanelly, laden with culm from Burryport for Littlehampton, in making for the harbour had stranded, considerably damaging herself and the pier against which she struck. Four of her crew were brought ashore by the Life-boat, one man succeeded in getting on the pier, and two others decided to remain on board the vessel. — Expense of service, 28*l.* 13*s.*

Jan. 11. — CRESSWELL, NORTHUMBERLAND. — *Ellen and Eliza* Life-boat. — A flare was observed by a fisherman at about 4.30 A.M., apparently caused by burning tar-barrels, on board a vessel on the rocks at Nabb Point. The weather at the time was foggy, the wind was blowing S. by E., and there was a good deal of swell on the sea. The Life-boat was promptly launched and on reaching the spot found that the barque *Ageröen* having lost her reckoning in the fog had stranded on the rocks. Her masts and gear were lying over her side and considerably hampered the Life-boat men in their efforts to save the crew, but ultimately the whole of the ten men, one of whom fell overboard,

were taken into the Life-boat and safely landed at 6 o'clock. — Expense of service, 26*l.* 8*s.*

Jan. 11. — DARTMOUTH. — *Henry and Amanda Shaw* Life-boat. — Signals having been fired, denoting that a vessel was in danger, the crew of the Life-boat were summoned, and at about 10.45 A.M. the boat left her moorings and proceeded to the rescue. Meanwhile a steam-tug had gone to the help of the vessel, which had stranded on the rocks at Kingswear Castle point, and was towing her towards the harbour when the Life-boat came up. The services of four of the Life-boat men were engaged to assist in pumping the vessel which appeared to be considerably damaged, and at 11.30 she was placed in safety. She was the ketch *Prince of Wales*, of Brixham, bound for the fishing ground off Dartmouth. — Expense of service, 10*l.* 7*s.*

Jan. 12. — DUNGARVAN, Co. WATERFORD. — *William Dunville* Life-boat. — At 5.30 P.M., the fishing lugger *Shamrock*, of Peel, arrived at Ballinacourty and anchored about a hundred yards from the fishery pier. At about 8.30 one of her anchors parted and the vessel dragged the other one until she struck the ground. The master thereupon made signals of distress by burning hand-lights. A strong S. gale was then blowing, there was a heavy sea and the weather was thick, with rain. The Life-boat put off to her assistance and brought ashore her crew consisting of three men. — Expense of service, 25*l.* 17*s.* 6*d.*

Jan. 13. — PADSTOW. — *Arab* Life-boat. — The Life-boat rendered assistance to the ketch *St. Petroc*, of Padstow. The master of the vessel was in need of the services of more men or of a tug, but only a small tug was available and it was considered unsafe for her to go out in the then state of the sea and tide. Five men volunteered for the service and were taken off by the Life-boat, which remained by the vessel until sail was set and the tug was able to get to her and take her in tow. — Property salvage case.

Jan. 13. — VALENTIA, Co. KERRY. — *Crosby Leonard* Life-boat. — The Life-boat was launched and proceeded to the barque *Berna*, of Drammen, bound from Jamaica for Havre with a cargo of logwood. The vessel, which was about a mile S. of the Skelligs Lighthouse, had lost several of

her spars, sails and gear, and had been abandoned by her crew who, as was subsequently ascertained, safely reached the shore in their own boat. With the assistance of a steamer and the Life-boat men the vessel was ultimately taken into Valentia.—Property salvage case.

Jan. 15.—GILES' QUAY, DUNDALK.—*Providence* Life-boat.—The schooner *Velocity*, of and from Carnarvon, bound for Dundalk, laden with slates, while endeavouring to enter her port of destination, a whole gale of wind blowing from the S., accompanied by a heavy sea and thick weather, struck on the bar and sank. The Life-boat was launched to her assistance, took off her crew of three hands and safely landed them at Dundalk.—Expense of service, 16*l.* 12*s.*

Jan. 17.—BROOKE, ISLE OF WIGHT.—*William Stanley Lewis* Life-boat.—At about 2.30 A.M. a vessel was sighted coming into the bay. The weather was foggy, the sea rough and a strong breeze was blowing from the S.S.W. At 3 o'clock she sent up rockets indicating that assistance was required, and in response to these signals the Life-boat was launched and found that the vessel was the s.s. *Ossian*, of and for Leith, from Bordeaux, with a general cargo. She had taken the ground about 200 yards eastward of the coast-guard flagstaff. Seven of the crew who were desirous of leaving the vessel got into the Life-boat and were taken ashore, the master and eight other men remaining on board until half ebb tide. At about 9 A.M. they again signalled, the Life-boat promptly proceeded to them and brought them also safely to land. The rescued men expressed their warm thanks to the Life-boat men and to the inhabitants of Brooke for the kindness shown to them during their stay in the village. A week after stranding the vessel was safely towed off the ledge, it having been impossible to get her afloat sooner in consequence of continued stormy weather.—Expense of service, 48*l.* 12*s.*

Jan. 19.—SOUTHEND, ESSEX.—*Theodore and Herbert* Life-boat.—Signals having been fired by the Nore Light-vessel, the Life-boat was launched at 11 P.M. in a rough sea and a strong S.S.W. breeze, which afterwards increased to a gale. The boat was taken in tow by the steamer *Vestal*, belonging to the Trinity

House, and proceeded to the Mouse Light-vessel, which reported a vessel ashore on the Black Tail Sands. On reaching the sand, the schooner *Vectis*, of Teignmouth, laden with coal from Seaham for Ramsgate, was found stranded there with seven feet of water in her hold. The crew of four men were taken into the Life-boat which had to wait until the flood tide enabled her to cross the sand when she was again taken in tow by the steamer, which had anchored near the South-East Maplin Buoy waiting for her, and regained her station with the rescued men at 10.30 on the following morning.—Expense of service, 30*l.* 9*s.*

Jan. 23.—RAMSGATE.—*Bradford* Life-boat.—Guns having been fired by the Goodwin light-vessel, the Life-boat and steam-tug went out and found the ship *Almendral*, of Bordeaux, bound from Sunderland for Valparaiso with a cargo of coal, stranded on the North Sand Head. With the united aid of the steam-tug, the Life-boat men and the crew of a lugger, the ship was got afloat and proceeded on her voyage.—Expenses paid by the Board of Trade.

Jan. 27.—NEW BRIGHTON.—*Duke of Northumberland* Steam Life-boat.—On the arrival of the steam ferry boat *Thistle* from Liverpool, the master reported that a vessel was ashore on Taylor's Bank. The coxswain of the steam Life-boat was at once informed of the fact and at 9.10 A.M. the Life-boat proceeded through a heavy sea, the wind blowing a gale from the S.W., in the direction of the Formby light-vessel, and found the schooner *Maria Lamb*, of Barrow, ashore, in a perilous position with the heavy seas breaking over her. She was on a voyage from Fowey to Runcorn, laden with china clay, but having lost her rudder head she became unmanageable and finally stranded. She had on board a crew of six men, all of whom were taken into the Life-boat, together with a fine retriever dog to which the crew were greatly attached. They were landed at New Brighton and subsequently crossed to Liverpool in the ferry boat which had been the means of conveying to New Brighton intelligence of the stranding of their vessel.—Expense of service, 5*l.* 15*s.*

Jan. 27.—MOELFRE, ANGLESEY.—*Star of Hope* Life-boat.—The Life-boat was launched at 11.15 A.M. in a strong gale

from the S.W. and a heavy sea, to the assistance of the brigantine *Warree*, of and from Dundalk for Liverpool, timber laden, which had lost all her sails, and being in considerable danger as her anchor had given way made signals of distress. The boat returned at 12.30 p.m., bringing ashore the vessel's crew consisting of five men.—Expense of service, 12l. 3s.

Jan. 27 and 29.—MONTROSE.—*Augusta* Life-boat.—On the 27th of January the No. 1 Life-boat rendered assistance to the barque *Frida*, of and for Christiania, coal laden, from Grangemouth, which had stranded on the Annat Bank in a strong W.S.W. gale and a rough sea. Five men were brought ashore by the Life-boat, but seven others remained on board the vessel and were landed by a cable when the tide had fallen.

Two days afterwards nineteen men were on board the vessel employed in stripping her, when the wind suddenly rose and the sea increased so much that it washed completely over the ship, seriously jeopardizing the lives of those who were on board. At 3 p.m., a signal of distress having been hoisted, the Life-boat *Augusta* at once put off to their assistance, and after experiencing considerable difficulty in getting alongside, on account of the strong current which was running, eventually succeeded in taking off the men and landed them at 4 o'clock.—Expenses of services, 34l. 12s. 6d.

Jan. 30.—RAMSEY, ISLE OF MAN.—*Two Sisters* Life-boat.—At daybreak the barque *Celestina*, of Fiume, which had been riding in the bay for some days, was seen dismasted but riding easily at her anchor. Subsequently signals were shown, and, in response to them, the Life-boat proceeded to the vessel and found that the master wished to make arrangements with his owners for getting the ship towed to Ayr, whither she was bound with a cargo of bones from the River Plate. The masts had been cut away on the previous night to avoid her being driven on the Bahama Bank in the gale then prevailing.—Property salvage case.

Jan. 30.—ANGLE, MILFORD HAVEN.—*Henry Martin Harvey* Life-boat.—The full-rigged iron ship *Loch Shiel*, of and from Glasgow, bound for Adelaide and Melbourne, with a general cargo of about 1,600 tons, stranded on Thorn Island, at

the entrance to Milford Haven, in a heavy sea on the night of the 30th January. On the vessel striking, the master tried the pumps, and found a quantity of water and that the ship was rapidly sinking by the stern. The boats were at once ordered out and a mattress soaked with paraffin was burnt as a signal of distress. The flare was seen by the coast-guard at St. Anne's Head, who communicated the intelligence by telegraph to Angle, and at 10.45 the Life-boat put off to the rescue. On nearing the vessel, the anchor was dropped, the boat's bow was brought to the mizen rigging and six men were taken out of the top, considerable difficulty being experienced in rescuing one of them, an invalid passenger. The boat then pulled to the lee side of the island to take off the remainder of the crew and passengers who had climbed over the jibboom and landed on the rocks. Major R. W. MIREHOUSE, J.P., Honorary Secretary of the Angle Branch, who had accompanied the boat, and EDWARD BALL and THOMAS REES, two of the crew, landed, taking with them a rope and a lantern, and crawled along the edge of the cliff, the path in some parts being barely a foot wide and the night intensely dark, until they arrived above the spot where the people had taken refuge. They then lowered the rope down the cliff and hauled up the twenty-seven persons, one of whom, a lady passenger, was in a very weak and exhausted condition. The return journey had then to be made along the narrow and dangerous pathway, the difficulties of the passage being increased by having to safely guide the rescued persons, but happily all eventually safely reached the place where the Life-boat was lying. Twenty persons were got on board her but, as a heavy surf was running, it was considered that the boat was sufficiently loaded; she therefore proceeded with them to Angle, landed them and returned immediately to the island to fetch the others. By 6.30 on the following morning all the thirty-three persons, seven of whom were passengers, were in safety on the mainland.

Some of the rescued people were taken to the Hall, Angle, the residence of Major MIREHOUSE, and were most kindly cared for by him and his family; others were kindly taken charge of by other residents.

The following letter was subsequently

received by the Hon. Secretary from the Master of the vessel:

"GLASGOW, 21st February, 1894.

"DEAR SIR,—You and your dear lady and your household and all the inhabitants of Angle, please accept my humble thanks for the great kindness you all did to me and my crew and passengers, on the 30th and 31st January, 1894: firstly, in taking us from the wreck of the ship *Loch Shiel*, on Thorn Island, and then having us at your house and other houses in Angle for some considerable time, 33 people in all.—I am, Dear Sir,

(Signed) "THOMAS DAVIES,

"Master of the ill-fated ship *Loch Shiel*, of Glasgow."

A highly gratifying letter was also received by the Hon. Secretary from the owners of the vessel, conveying their thanks for the services rendered to the crew and passengers. Also from the crew of the ship, expressing their thanks to the Life-boat crew for saving their lives and to those who afterwards so kindly and considerately ministered to their wants.

The Silver Medal of the Institution was awarded to Major MIREHOUSE, THOMAS REES and EDWARD BALL, in recognition of the intrepidity displayed by them on this occasion.—Expense of service, 48l. 6s. 6d.

Feb. 6.—PORT LOGAN.—*Edinburgh and R. M. Ballantyne* Life-boat.—A telegram having been received from Sandhead, reporting that a vessel about three miles north of that place was showing signals of distress, the Life-boat was taken to Chapel Rossan Bay, launched at 9.20 A.M., and proceeded to the vessel. She proved to be the schooner *Jannetta*, of Belfast, bound from Maryport for *Donaghadee*; having had to encounter a strong S.S.E. gale, she became unmanageable and finally ran ashore. Her crew, consisting of three men, were taken into the Life-boat and were landed at Sandhead.—Expense of service, 31l. 12s. 6d.

Feb. 7.—JOHNSHAVEN.—*Meanwell*, of *Glenbervie* Life-boat.—Between 1 and 2 o'clock in the morning, a small steamer, the *Sarah*, of Montrose, bound from Bridgeness for Fraserburgh with coal was observed by the watch at the coastguard station to be dangerously near the land. Soon afterwards she struck on the out-

lying rocks and began to fill with water, whereupon the skipper headed for the shore, blew his whistle and showed flare-lights. The life-saving apparatus was taken out and three rockets were fired, but the vessel, which had then stranded, was too far distant for the lines to reach her. The Life-boat put off, rescued the vessel's crew of five men and landed them in the harbour, the Life-boat men having a long and hard pull against the wind, which was blowing a strong gale from S.W., and a rough sea on the return journey.—Expense of service, 21l.

Feb. 7.—RAMSEY.—*Mary Isabella* Life-boat.—At 12.45 P.M., the Life-boat put off in a strong W.S.W. gale and a rough sea to the assistance of the *Annie Jane*, of Peel, which, in beating up for the harbour, carried away her foremast, and signalled for help. A steam-trawler reached her before the Life-boat arrived and arranged to tow her into the harbour. The Life-boat remained by until she was out of danger, and afterwards proceeded to the assistance of the smack *Dolphin*, of Dublin, which signalled for help. One of her anchors had parted, and her crew of four men, who were thoroughly exhausted, got into the Life-boat and were landed at 3.30. Expense of service, 19l. 6s.

COMMITTEE MEETING, 8th Feb., 1894.

Voted the silver medal of the Institution, accompanied by a copy of the vote inscribed on vellum, to Major R. W. MIREHOUSE, J.P., Honorary Secretary of the Angle (Milford Haven) Branch, and E. BALL and T. REES, two of the crew of the Life-boat, for their gallant services on the occasion of the rescue of the crew of 26 men and 7 passengers from the ship *Loch Shiel*, of Glasgow, which had stranded at Thorn Island in a heavy ground sea. Prior to the arrival of the Life-boat 27 persons had landed on the rocks, and they were hauled thence by ropes taken to them by Major MIREHOUSE and BALL and REES, who to do so had to crawl round the edge of the cliff, the path at times being scarcely a foot wide, and the night pitch dark. The remaining six men, one of whom was an invalid, were taken from the mizen-top of the wreck into the Life-boat.

Also the Silver Medal to THOMAS BISHOP, Assistant Coxswain of the Palling Life-

boats, in acknowledgment of his gallant services during the past 18 years in assisting to save 272 lives from shipwrecks on the coast.

The Committee specially recognised the good services rendered by Mr. MATTHEW WHITE whilst serving as Coxswain of the Howth Life-boat.

Voted 84*l.* 7*s.* 1*d.* to defray the expenses of assemblies or launches on service by the crews of the following Life-boats:—Abersoch, Aldeburgh, Appledore Nos. 1 and 2, Barmouth, Blackrock, Braunton, Brighstone Grange, Broadstairs, Clacton, Criccieth, Dover, Eye-mouth, Fenit, Gorleston No. 1, Ilfracombe, Kessingland No. 2, Kildonan, Kingsdowne, Looe, Lowestoft No. 2, Margate, Morthoe Newbiggin, Newquay (Cornwall), North Deal, Padstow, Palling No. 2, Peterhead, Pwllheli, Ramsey, Stornoway, Thorpeness, Tramore, Walmer, Walton-on-the-Naze, Winterton No. 2, and Workington. The Ramsgate Life-boat had also been taken out with the view of assisting a distressed vessel—expenses paid by the Board of Trade.

Also 16*l.* 1*s.* to cover special grants and allowances to seven men at Clacton, Hasborough and Uppang, who had been injured while engaged in the Life-boat service.

Feb. 9.—GIRVAN.—*Sir Home Popham* Life-boat.—In consequence of a gale from the S.W. and a heavy fresh in the river there was a dangerous surf on the bar of the harbour. The small steam-launch *Nimrod*, which plies between Girvan and Ailsa Craig, was at sea, as were also some of the fishing-boats. At ebb tide they were seen approaching the harbour and, as the surf was becoming more dangerous, the Life-boat was launched at 2.30 p.m. pulled to the bar and stood by until they all safely entered the harbour.—Expense of service, 13*l.* 11*s.* 9*d.*

Feb. 9.—CAISTER.—*Beauchamp* and *Covent Garden* Life-boats.—On the 9th February, while a strong gale was blowing from W.S.W., the s.s. *Resolven*, of Cardiff, 1,032 tons register, bound from North Shields for Lisbon with coal, stranded on the Barber Sand. The No. 2 Life-boat *Beauchamp* proceeded to her, and her crew were engaged to remain by her and to assist in throwing overboard some of the cargo so as to lighten the

vessel, several labourers being afterwards brought on board to help to jettison the coal. As there were eighty-one labourers and her crew of twenty-one persons on board the vessel, the No. 1 Life-boat *Covent Garden* put off to her, at the request of Lloyd's agent, about noon on the 10th, so as to be at hand should her services be required. About 150 tons of the coal were thrown overboard, and three tugs endeavoured to tow the vessel off, but without success; on the morning of the 10th the engines became disabled, the stoke-hole and engine-room began to fill, and at midnight the water in the ship was level with the water outside. At 11 o'clock the following morning the sea was breaking over her, and as she showed signs of breaking up, thirty-five of the labourers were taken off by the *Beauchamp* Life-boat and put on board a steam-tug; the *Covent Garden* taking off forty-six men who were also placed on a tug. The *Beauchamp* then returned to her station and the *Covent Garden* went back to the wreck to rescue the master and crew. They, however, wished to see the last of their ship, and the Life-boat therefore remained by her until noon, when the seas began to sweep over her and the master and his crew of twenty men got into the Boat and were landed at Yarmouth harbour. The Life-boat also brought ashore two pigs and three dogs from the vessel.—Expenses of services, 90*l.* 15*s.*

Feb. 10.—GORLESTON.—*Mark Lane* Life-boat.—Two boys in a small boat persisted in going out of the harbour, in spite of warnings which they received from men on the pier, and drifted helplessly towards the Scroby sands on which a rough sea was breaking. Five men manned a boat, proceeded to their rescue and took their boat in tow, but springing two of their oars they became disabled and signalled for help by holding up a broken oar. The Life-boat then put off, reached them when within half-a-mile of the sands and brought them safely ashore.—Expense of service, 32*l.* 12*s.* 6*d.*

Feb. 10.—PALLING.—*Hearts of Oak* Life-boat.—At 7.30 a.m., the No. 2 Life-boat was launched to a steamer which had been in collision with another vessel and was proceeding southward. On arriving alongside, the master stated that he was not in need of assistance, but that the barque with which he had collided off

Mundesley was flying signals of distress. The Life-boat therefore went to the barque, the *Pomona*, of Glasgow, and at the request of the master took ashore a telegram for the owners, awaited a reply, and returned with it to the vessel.—Expense of service paid by the owners of the vessel.

Feb. 11. — CULDAFF, CO. DONEGAL.—*William Montgomery* Life-boat.—As a flag of distress was seen flying on Innistrahull, efforts were made on the mainland to ascertain by signals what was the matter, but these failed owing to the state of the weather. Some fishermen who had left the island three weeks previously for the purpose of procuring provisions, and had been unable to return owing to stormy weather, afterwards stated that the inhabitants were almost destitute of food and fuel. Supplies were obtained and the crew of the Life-boat assembled with the intention of taking them off, but the wind was blowing a hurricane, the barometer was falling very rapidly, and it was evident that the island could not be reached that night. At 5 o'clock in the morning the crew again assembled, the Life-boat was launched and proceeded under shortened sail for the island, but, meeting a head wind and an adverse tide, she was compelled to return when half the distance had been traversed. At 3.45 P.M., when the ebb tide had made, the boat again started and, after experiencing very heavy weather in Innistrahull Sound, and being repeatedly submerged by the heavy seas, arrived at the island, and with considerable difficulty on account of the darkness and the rough seas succeeded in effecting landing. The provisions were distributed amongst the islanders, who were in a pitiable condition, and the boat returned to her station early the next morning.—Expenses of service, 51l. 8s.

Feb. 11.—NORTH DEAL.—*Mary Somerville* Life-boat.—Signal rockets and guns having been fired by the Gull Light-vessel while a whole gale from the S.W. was blowing, accompanied by a very heavy sea, the Life-boat was launched at about 10.15 P.M. While proceeding towards the lightship a vessel burning large flares was observed, and the Life-boat at once steered in her direction, got alongside and with some difficulty put some of her crew on board. The vessel

was afloat but was driving broadside-on to the wind towards the off part of the north-west spit of the Goodwin Sands. All that was possible was done to save her, but she laboured so heavily that all efforts failed and the Life-boat men went back to their boat accompanied by the vessel's crew of seven men. To get clear of the vessel was then a work of considerable difficulty—in fact, the Life-boat was considerably damaged by driving against her; she eventually however got free and made for Ramsgate, where the rescued men were landed. The Life-boat remained in that port during the night, and on the following morning, while returning to their station, the crew observed the vessel, which was the brigantine *Franz von Mathies*, of Ribnitz, in charge of a steam-tug and some boatmen, who afterwards succeeded in taking her into Ramsgate harbour.—Expense of service, 53l. 6s.

Feb. 12.—HOLYHEAD.—*Thomas Fielden* Life-boat.—Signals of distress were shown by the three-masted schooner *Mary Watkinson*, of Barrow, and the Life-boat therefore went to her assistance. She was drifting towards the shore at Penrhos Point, dragging her anchors, and, as a strong gale was blowing from W.N.W., and a very heavy sea was running, her crew of four men got on board the Life-boat and were brought ashore.—Expenses of service, 11l. 12s. 6d.

Feb. 13.—NEW BRIGHTON.—*Duke of Northumberland* steam Life-boat.—In response to signals from the Formby light-vessel, the steam Life-boat put off and found the s.s. *Lady Louisa*, of and for Liverpool from Fleetwood, laden with gravel, on the edge of Taylor's Bank abandoned; the vessel was taken in tow, and, with the help of the steamer *Alert*, was brought to Egremont beach.—Property salvage case.

Feb. 13.—CULLERCOATS.—*Co-operator* No. 1 Life-boat.—After the fishing-boats had left the harbour a high sea sprung up, rendering it dangerous for the boats to return. It was therefore considered expedient to launch the Life-boat, and at 9.15 A.M. she proceeded to the bar and rendered assistance to the boats as they arrived.—Expense of service, 13l. 12s. 3d.

Feb. 13.—NORTH SUNDERLAND.—*Thomas Bewick* Life-boat.—While the fishing-boats were out the sea became so heavy that the Life-boat was launched at

1 P.M., and assisted six of the boats to enter the harbour in safety.—Expense of service, 14*l.* 10*s.*

Feb. 15.—TOTLAND BAY, ISLE OF WIGHT.—*Charles Luckombe, Life-boat.*—At 12 noon the Life-boat was taken out to the assistance of the brigantine *Constance Ellen*, of Runcorn, bound from Woolwich for Belfast with iron and cement, stranded on the Shingles. The boat remained by the vessel until 6 P.M., when her crew, consisting of six men, decided to leave her for the night; they accordingly got into the Life-boat and were taken ashore.—Expense of service, 19*l.* 17*s.* 6*d.*

Feb. 16.—MONTROSE.—*Augusta Life-boat.*—Nearly all the fishing-boats belonging to the port left the harbour in the morning, the weather being then moderate with the wind from the S., but at 10 A.M. the wind suddenly changed to S.S.E., blowing strongly. At 11 o'clock some of the boats returned, reported that there was a very heavy sea breaking across the bar, and recommended that the Life-boat should be taken out to assist the other boats as they came in. She was therefore launched, proceeded outside the bar and accompanied the boats—about thirty in number—over the bar, remaining afloat until all of them had arrived safely in the harbour.—Expense of service, 14*l.* 1*s.*

Feb. 16.—GOUNDON.—*Theophilus Sidney Echalar Life-boat.*—Early in the morning fifty fishing-boats proceeded to sea, but in the forenoon the wind increased considerably, the sea became heavy and about twenty of the boats, which had not then returned to port, were in a perilous situation. The Life-boat was launched at 11 o'clock, and remained out until the boats had got into safety.—Expense of service, 12*l.* 15*s.*

Feb. 16.—HOLY ISLAND.—*Grace Darling Life-boat.*—Great anxiety was felt regarding one of the fishing-cobles, the *Guiding Star*, with four men on board, which had not returned to the harbour. Night was drawing near, the wind, which had sprung up suddenly, increased to a strong gale and the sea became very rough. At about 6 o'clock the No. 1 Life-boat was launched, searched for the missing boat, found her, and piloted her safely into the harbour at 8 o'clock.—Expense of service, 23*l.* 9*s.*

Feb. 16.—ST. ANDREW'S.—*Louisa Life-boat.*—Four fishing-boats, the *Brothers'*

Pride, Comet, Harriet Miller and Gem, belonging to St. Andrew's, were returning from haddock-fishing in the evening when they were overtaken by a gale of wind from the S.E. and a heavy sea. There was not sufficient water then to enable them to enter the harbour and it was feared that if any of them were struck by a sea on approaching they might be driven on the rocks with disastrous results. The Life-boat was therefore launched at 6.30, communicated with the boats, and remained at the harbour mouth until they were able to safely enter. By 8.30 all of them were in safety.—Expense of service, 25*l.* 1*s.*

Feb. 17.—PALLING.—*Hearts of Oak Life-boat.*—The schooner *Christina*, of Timmel, bound from Shields for Teignmouth, with coal, was observed ashore on the Hasborough Sands. The Life-boat was launched at 10 A.M., in a very heavy sea, the wind blowing a moderate gale from the S.E., and on reaching the vessel found three men in the rigging. Considerable difficulty was experienced in taking them off, as it was necessary to do so by means of ropes thrown to them from the boat, and the men were in a greatly exhausted condition from long exposure. The captain was in an unconscious state when landed, but with the aid of medical attendance he soon recovered. Two of the vessel's crew had been washed overboard and drowned.—Expense of service, 25*l.* 9*s.*

Feb. 17.—ANSTRUTHER.—*Royal Stuart Life-boat.*—While a strong gale from the S.E. was raging in the Firth of Forth and a very heavy sea was running, fifty of the fishing-boats and seven steamers were at sea, and, in order to inspire confidence in their crews in the knowledge that assistance was at hand should any casualty befall them in taking the harbour, the Life-boat was launched. Forty-one boats and three steamers returned to the harbour, the Life-boat remaining afloat until they had entered. One of them was driven to the back of the pier, sustaining considerable damage, while another received slight injury.—Expense of service, 8*l.* 2*s.*

Feb. 18.—RAMSGATE.—*Bradford Life-boat.*—While a moderate gale was blowing from the E.S.E. with a rough sea, the brig *Hondeklip*, of Swansea, bound from Ghent for Dublin, was observed ashore on the

north-east part of the Goodwin Sands. The steam-tug *Aid*, with the Life-boat in tow, proceeded to the sands, the boat was slipped and went to the vessel, but found her deserted. The boat then sailed to leeward over the sand, and sighting the ship's boat, ran alongside and took out the master and three men. One of the men was dead when taken into the Life-boat and another died shortly afterwards.—Expenses paid by the Board of Trade.

Feb. 19.—HARWICH.—*Springwell* Life-boat.—A telephone message having been received from the Gunfleet Lighthouse and signals shown by the Sunk Light-vessel, at 8.45 A.M. the Life-boat put out, and was towed by the steam-tug *Harwich* to the Sunk, where they were informed that a barque was on the Long Sand. On arriving there the barque *Ebor*, of Liverpool, bound from Rotterdam for the West Coast of Africa with a general cargo, was found stranded. Eleven of the Life-boat men boarded her, stowed the sails, got up the anchors, &c., and tow-ropes having been attached from the steam-tugs *Harwich* and *Merrimac*, the barque was towed off the sand and was taken into Harwich Harbour.—Property salvage case.

Feb. 23.—NEW BRIGHTON.—*Duke of Northumberland* Steam Life-boat.—The steam Life-boat was called out by signals from the Formby and Crosby light-vessels, and on reaching the latter found she had a shipwrecked crew on board. Their vessel, the schooner *Caroline*, of Fowey, had lost her sails in a heavy squall and stranded on Taylor's Bank, and as it was evident that she would become a total wreck the men took to their boat and succeeded in boarding the light-ship. They were taken into the Life-boat and landed at New Brighton at midnight in a very exhausted condition.—Expense of service, 11*l.* 6*s.*

Feb. 23.—ARDROSSAN.—*Charles Skirrow* Life-boat.—The barque *Prindsesse Lovise*, of Farsund, coal laden from Ardrossan for Demerara, being observed ashore at Chapelton, about three miles north of Ardrossan, the Ardrossan Harbour Company's steam-tug went out to render assistance, and the Life-boat was launched. The tug returned and reported that there was nobody on board the vessel, and then went off again to her, taking the Life-boat in tow. The Life-boat men assisted in pumping the barque, which

was leaking badly, and she was brought into the harbour at 1 P.M. It was afterwards ascertained that the vessel, which sailed from Ardrossan on the previous day at 1 P.M., had been damaged by collision with a steamer off Holy Island, Arran, at about 8.30, and, finding that she was filling with water, the crew left in their boat and landed on Cumbrae Island about midnight.—Property salvage case.

Feb. 23.—WEXFORD.—*Andrew Pickard* Life-boat.—Signals of distress were shown by the fishing-yawl *Liberator*, of Wexford, which had struck on the bar, there being an insufficient depth of water to enable her to cross, at 2.30 P.M. The No. 1 Life-boat was promptly manned, and sailed to the vessel. On nearing her, however, the boat's mast-head split, necessitating the taking in of the sail, lowering the mast and securing it with lashings; this having been done, sail was again made, and the boat arrived alongside the yawl and took off her crew consisting of six men.—Expense of service, 17*l.* 2*s.* 6*d.*

Feb. 23.—KESSEINGLAND.—*Bolton* Life-boat.—The brigantine *Alberta*, of and for Whitstable, from Sunderland, coal laden, stranded on the south end of the Newcome Sand in a strong wind from S.W. by S., thick weather and a heavy sea. Her signals of distress being seen, the No. 1 Life-boat was launched at 9.45 P.M., took off the vessel's crew, consisting of eight men, and landed them at Lowestoft.—Expense of service, 37*l.* 7*s.* 6*d.*

Feb. 24.—DUNGENESS.—*R. A. O. B.* Life-boat.—In response to signals of distress, the No. 1 Life-boat was launched at 2.40 A.M., and found the four-masted barque *Kelton*, of Glasgow, stranded on the Newcome Sands. At the master's request the Life-boat men boarded the vessel, which was on a voyage from Calcutta to Boulogne, and rendered assistance in getting her off the sand.—Property salvage case.

Feb. 26.—IRVINE.—*Busbie* Life-boat.—Signals of distress being shown by the barquentine *Caroline*, of Belfast, which had stranded on the north perch at the entrance to Irvine Harbour, the Life-boat put off to her assistance at 9 P.M., a strong S.W. gale blowing and there being a very heavy sea at the time, and rescued her crew of six men. The vessel, which was

bound from Belfast for Irvine, partly loaded with grain, became a total wreck.—Expense of service, 22*l.* 15*s.*

March 2.—FISHGUARD.—*Appin* Life-boat.—The coxswain of the Life-boat was informed by a messenger that a vessel was on her beam ends, with all her sails blown to rags, east of Strumble Head. Shortly afterwards another messenger arrived and confirmed the report. The crew of the No. 2 Life-boat were therefore summoned, and at 10.45 A.M. the boat put off in a moderate wind with a rough sea, after a gale on the preceding night, and proceeding under canvas came up with the vessel at 2 o'clock. She proved to be the schooner *Alice Eleanor*, of and from Westford, in ballast for Newport; she was anchored off Portsichan, and had been abandoned by her crew. On boarding her, the Life-boat men found that several of her spars were lost, her sails were in shreds, her sand ballast shifted, and she was in a sinking condition, her gunwale being under water. The pumps were at once got to work and the water was pumped and baled out, jury sails were rigged and the vessel was taken into Fishguard Bay and afterwards warped into the harbour.—Property salvage case.

COMMITTEE MEETING, 8th March, 1894.

Recognised the good services rendered by Mr. JOHN HOPKINS during the long period he served as Coxswain of the Portrush Life-boat. He had assisted in the Life-boats on that Station to save thirty-eight lives from different wrecks.

Voted 895*l.* 19*s.* 6*d.* in payment of the charges appertaining to the following assemblies and launches of Life-boats and of helping vessels in distress:—Ayr, Bembridge, Broadstairs, Broughty Ferry, Campbeltown, Clacton, Cromer, Dungeness Nos. 1 and 2, Flamborough, Gorleston No. 1, Harwich, Hayling, Huna, Kingsdowne, Margate, Maryport, Montrose No. 1, New Brighton (steamer), New Romney, North Deal, North Sunderland, Palling No. 2, Port Logan, Port Patrick, Rye, Sennen, Sheringham, Southend, Silloth, Valentia, Walmer, Walton-on-the-Naze, Winchelsea, and Winterton No. 2.

The Ramsgate Life-boat has also been taken out for service.—Expenses paid by the Board of Trade.

Also 3*l.* to two Life-boat men at Dartmouth and North Deal who had been slightly injured while on service in those boats.

March 22.—PORT EYNON, GLAMORGANSHIRE.—*A Daughter's Offering* Life-boat.—The schooner *Glenravail Miner*, of Barrow, was observed to miss stays and strand at Overton Cliffs, a mile and a half west of Port Eynon Point; she was rolling very much and her crew were seen endeavouring to get their boat out. It was evident, however, that they could not safely effect a landing, as the sea was too heavy all along that part of the coast. The Life-boat was therefore launched, but before she reached the vessel another schooner signalled, and on proceeding to her it was found that she had the crew, three in number, of the stranded schooner on board, they having reached her with their effects in their own boat. They were taken into the Life-boat and landed at 3.15 P.M. Their vessel filled and sunk where she struck; at high water only portions of her masts were visible, and she afterwards broke up.—Expense of service, 15*l.*

April 4.—CEMLYN, ANGLESEY.—*B. J. Nicholson* Life-boat.—In the afternoon, during thick but calm weather, a vessel was reported to be stranded on the Skerries, and signal-guns were heard. At 2.30 the Life-boat was launched, found the schooner *Star*, of Douglas, ashore at the east point of the island, and safely landed her crew of three men.—Expense of service, 14*l.* 2*s.*

April 8.—ROBIN HOOD'S BAY, YORKSHIRE.—*Ephraim and Hannah Fox* Life-boat.—The ketch *Doric*, of London, was seen to take the ground at the north cheek of Robin Hood's Bay on the night of the 7th April. There was a thick haze at the time, a light wind was blowing from the E.S.E., and a heavy sea was running along the coast. At 12.15 A.M. the Life-boat was launched and proceeded towards the vessel, but, owing to the shallowness of the water, was unable to get near her. When the tide flowed the boat went alongside, took off her crew, consisting of five men, and landed them at 3 A.M.—Expense of service, 24*l.* 11*s.* 10*d.*

COMMITTEE MEETING, 12th April, 1894.

Voted 28*4*l. 1*s.* 6*d.* for assemblies of the crews or launches to distressed vessels by the Life-boats at Atherfield, Bridlington, Brighstone Grange, Broadstairs, Cemaes, Cemlyn, Gorleston No. 1, Lowestoft No. 2, North Deal, Walmer and Wexford.

The Ramsgate Life-boat had also been out with the view of rendering assistance. —Expenses paid by the Board of Trade.

Voted the Silver Medal of the Institution, accompanied by a copy of the Vote inscribed on vellum and framed, to Mr. WILLIAM MARTIN, Coxswain of the Institution's Life-boats at New Brighton, in recognition of his gallant services in saving life from shipwreck.

The Committee specially recognised the good services rendered by Mr. ROBERT WALLIS during the eleven years in which he served as Coxswain of the Bridlington Life-boat. During that period he had been out in the Life-boat fifteen times on service and assisted to save 44 lives.

Also 4*l.* 15*s.* to two men who received injury on the occasion of the launch of the Palling No. 2 and Rhosneigr Life-boats.

April 13.—JOHNHAVEN.—*Meanwell* of *Glenbervie* Life-boat.—The Life-boat was launched at 7.40 A.M. to the assistance of the fishing-boat *Janet Anderson*, of Gourdon, which being unable to return to her own port in consequence of a heavy sea made for Johnshaven. A pilot was put on board and the fishing-boat was brought safely into the harbour at 8.30. Another boat having been reported, the Life-boat remained in the harbour, and when she arrived in sight again went out, put a pilot on board and returned with her to the harbour at 11 o'clock. The second boat was named the *Greyhound*.—Expense of service 12*l.* 8*s.*

April 16.—GORLESTON.—*Mark Lane* Life-boat.—While a moderate gale was blowing from S. by W. with a rough sea, the trawler *Ethel*, of Great Yarmouth, anchored about 1½ miles N. of the harbour awaiting the tide. When the flood tide had made she got under weigh, but had only passed a third of the distance across the roads when the whole of her canvas was blown away. The

coxswain of the Life-boat was informed of this and the Life-boat was promptly launched. On reaching the cutter, it was found she had water in her nearly up to the thwarts: Two of the Life-boat men, each with a life-line attached to his waist, and each taking with him a bucket, jumped into her, saved her from foundering by baling her, and ultimately brought the boat, which had only one man on board, safely into port.—Expense of service, 11*l.* 13*s.* 6*d.*

April 19.—CAISTER.—*Beauchamp* Life-boat.—At 10.15 A.M. the barquentine *Clachnacuddin*, of Guernsey, coal laden from Shields for Jersey, was observed in the fog, apparently stranded on the *Scroby Sand*. The fog lifting a little, signals were fired by the *Cockle* light-vessel. The No. 2 Life-boat was at once launched and was towed to the sand by a steam-tug, which on observing the vessel also signalled the Life-boat and waited for her. On reaching the schooner, it was found that her boats had been lowered, that some of her crew were in them, others being left on board the vessel. All the men, eight in number, were taken into the Life-boat with their effects; their boats soon afterwards being filled by the heavy seas. As the men were very wet, they were placed on board the tug with the exception of the master who remained in the Life-boat, having requested the coxswain to stay by his vessel until high water. When the tide made, however, the ship was full of water and the seas were breaking clean over her.—Expense of service, 21*l.*

April 24.—PADSTOW.—*Arab* Life-boat.—Signals of distress were shown by the yawl *Oneida*, of Sennen Cove, which had left Padstow in the morning intending to pick up her nets which she had left in the bay on the previous evening. When she started, the wind was blowing strongly from the S.W., but in the afternoon it increased to a gale with a heavy ground sea, and the crew, finding they could not return to Padstow, brought up their boat under the land with two anchors; as they did not hold, the men signalled for assistance. The Life-boat put off at 3.15 P.M. and on reaching the vessel found that her crew of three men were thoroughly exhausted. The yawl was taken in tow and was brought into the harbour at 4.30.—Expense of service, 8*l.* 6*s.*

April 24.—FENIT (TRALEE BAY).—*Louisa and Emma* Life-boat. — The schooner *Giles Lang*, of St. Ives, bound from Galway for Cardiff, laden with hay, which had put into Fenit from stress of weather, dragged her anchor and sent up signals of distress; she ultimately stranded about a mile east of the pier. A whole gale of wind was blowing from the S.W., the sea was very heavy, the weather thick, and rain was falling. The Life-boat put off to her, and found that the master and crew had got into their own boat, which was hanging on to the stern of the vessel. They were taken into the Life-boat, but the captain jumped into his own boat again and drifted ashore; the crew, four in number, were landed by the Life-boat. —Expense of service, 18*l*.

COMMITTEE MEETING, 10th May, 1894.

Voted 162*l*. 10*s*. to defray the expenses of assemblies or launches on service by the following Life-boats:—Dungeness No. 2, Filey, Gorleston No. 1, Kingsdowne, Margate, Montrose No. 1, Newcastle (Dundrum), North Deal, Polkerris, Port Eynon, St. David's, Saltburn and Tyrella.

The Ramsgate Life-boat had also been taken out on service.—Expenses paid by the Board of Trade.

Voted 15*l*. to one of the crew of the Ilfracombe Life-boat who was injured on the occasion of the boat being called out for service on the 25th January. Also 4*l*. 4*s*. to defray his expenses while in hospital.

Also pecuniary grants to the widow of the second coxswain of the Montrose Life-boats and the widow of the coxswain of the Poolbey Life-boat in recognition of their husbands' good services while connected with the Life-boats.

May 27.—CAISTER.—*Beauchamp* Life-boat.—While a strong gale was blowing from the N.N.E., with a very heavy sea and thick weather, a vessel was seen making for the Cackle Gat. Her sails were blowing about, and when the weather cleared a flag was observed in the rigging. The No. 2 Life-boat was launched and, after encountering many heavy seas in crossing the Barber Sands, reached the vessel, which was full of

water and gradually sinking. A collier steamer had been assisting her and was standing by. Some of the Life-boat men boarded the vessel, manned the pumps and just managed to keep the water down until, with the help of a steam-tug, Yarmouth harbour was reached. She was the ketch *Water Lily*, of Goole, coal laden, for Faversham and carrying a crew of four men.—Property salvage case.—Balance of expenses, 6*l*. 15*s*.

May 27.—ILFRACOMBE.—*Co-operator* No. 2 Life-boat.—The coastguard reported to the coxswain of the Life-boat that a dismasted vessel was lying off Heale Bay, nearly half a mile from the point. A moderate breeze was blowing from N.N.W., the weather was squally and the sea rough. At 6.30 A.M. the Life-boat was launched and on reaching the vessel found she was the pilot cutter *Excell*, of Cardiff. The Life-boat remained by her until, having rigged up a jury mast and weighed her anchor, she safely entered the harbour.—Expense of service 20*l*. 9*s*. 6*d*.

May 27.—DONNA NOOK, LINCOLNSHIRE.—*Richard* Life-boat.—Information being received that a vessel in the vicinity of Haile Sand was firing signals of distress, the crew of the Life-boat were summoned, and at 4.30 A.M. the boat was launched. The rocket apparatus had been brought into requisition and communication with the vessel had been effected, but her crew refused to make use of it. On reaching the ship, the s.s. *Arthur*, of North Shields, bound from Dunkirk for Blyth in ballast, the Life-boat men were requested by the master to remain by him, and they accordingly did so for about two hours, when, the gale increasing and the seas breaking over the vessel which was lying broadside on in a very dangerous position, it was considered expedient to leave her. The master and crew—eighteen men in all—therefore got into the Life-boat and were taken safely ashore.—Expense of service, 35*l*. 16*s*.

May 27.—ST. ANDREWS.—*Louisa* Life-boat.—A yawl returning from fishing in the bay finding herself unable to enter the harbour owing to a heavy surf, anchored about half a mile from the pier. As the friends of the fishermen were anxious about their safety, the Life-boat was launched, went to their assistance, and brought the three men safely ashore.

About two hours afterwards the Life-boat again went out to the boat, taking the three men back to her, and assisted to bring her into the harbour.—Expenses of service, 6*l.* 10*s.*

May 27.—BROADSTAIRS.—*Christopher Waud, Bradford*.—A message by telephone was received from the North Sand Head Light-vessel, reporting a vessel ashore on the Goodwin Sands. A moderate gale of wind was blowing from the N.N.E., there was a heavy sea on the sands, and the weather was thick, with squalls of rain. At 2 P.M. the Life-boat was launched and found the stranded vessel was the three-masted schooner *Suomi*, of Luvia, timber-laden, and carrying a crew of nine men. She was full of water and the heavy seas were breaking over her. Efforts were at once made to save the ship, and with the help of the Ramsgate steam-tug this was accomplished. She was got off the sands and taken into Ramsgate Harbour.—Property salvage case.

June 2.—PORT PATRICK.—*Civil Service No. 3 Life-boat*.—While a moderate wind was blowing from the E.N.E. and a rough sea was running, the Life-boat was launched at 10.50 A.M., with a view of carrying out the usual quarterly practice. On arriving outside the harbour she was hailed by the master of the schooner *Volusia*, of Stranraer, who stated that he was in need of assistance as the vessel was leaking badly. Two of the Life-boat's crew were put on board to help at the pumps, the Life-boat remaining by her and assisting her into the harbour by means of a tow-ropes. She was on a voyage from Troon for Drumore with a cargo of coal, and was manned by a crew of three men.—Expense of service, 8*l.* 2*s.*

June 7.—GORLESTON.—*Mark Lane Life-boat*.—The dandy *Ferry Boat*, of Great Yarmouth, bound for the mackerel fishing grounds, stranded on the South Scroby Sand in thick weather, a rough sea, and a strong wind from N.E. by N. She showed a signal of distress, and at 4.45 P.M. the Life-boat was launched and proceeded to her assistance. Owing to the broken water on the sand, the Life-boat anchored to windward of the vessel, veered down to her, got a line from her, and, at the master's request, remained by to see whether or not she would float when the tide flowed. When the water rose she

got off the sand and was able to resume her journey. She had a crew of eight men on board.—Expense of service, 16*l.* 14*s.* 6*d.*

June 13.—RUNSWICK AND STAITHES.—*Cape of Good Hope and Jonathan Stott Life-boats*.—Several cobsles belonging to Staithes were overtaken by stormy weather and a strong sea while they were engaged in fishing. Some of the boats ran for Staithes, and others made for Runswick. At 3.45 A.M. the Runswick Life-boat was launched to assist some of the boats, and at 4 o'clock the Staithes Life-boat put off and rendered help to the other boats.—Expenses of services, 33*l.* 19*s.*

COMMITTEE MEETING, 14th June, 1894.

Voted 302*l.* 4*s.* 6*d.* to defray the expenses of the undermentioned Life-boats for assemblies of their crews for watching or for launches on service:—Ayr, Broadstairs, Caister No. 2, Castletown, Cemaes, Gorleston No. 1, Harwich, Lowestoft No. 1, Margate, Maryport, North Deal, Palling No. 2, Plymouth, St. David's, Swanage, Tynemouth and Walton-on-the-Naze.

Read letter from the Board of Trade transmitting a silver medal, received through the Foreign Office, from His Majesty the KING OF DENMARK, for presentation to Mr. WILLIAM SCHOFIELD, Coxswain of the Clacton Life-boat; together with a draft for 10*l.* to be distributed amongst the crew of the boat, in recognition of their services in saving the crew of the schooner *St. Alexei*, of Copenhagen, on the 4th January last.

The Committee specially recognised the good services of Mr. EDWARD HICKS whilst serving as Coxswain of the Saltourn Life-boat.

Voted 2*l.* to a man who was injured at the launch of the Walton-on-the-Naze Life-boat at exercise on the 26th April.

June 14.—NORTH SUNDESLAND.—*Thomas Bewick Life-boat*.—The Longstone Lighthouse signalled that a vessel was in distress. At 1.35 A.M. the Life-boat was launched and found the barque *Formica* of Arendal, laden with batens, had drifted with the tide, there being but little wind, and struck on the Wymys, one of the Farne islands. The

Life-boat men assisted to get the vessel off the rocks, and with the help of a steam-tug, which came up while this was being effected, she was taken to Berwick, for which port she was bound, arriving at 7 P.M. The state of the tide, however, prevented her from being taken into the harbour, and they therefore had to wait until the afternoon of the 16th, when there was sufficient depth of water to enable this to be accomplished. A heavy sea was running, and the vessel lost her rudder and stern-post from the continued bumping on the rocks when she struck. She was manned by a crew of ten hands.—Property salvage case.

June 22.—PORTH RHUFFYDD, ANGELSEY.—*Norbury* Life-boat.—The coxswain of the Life-boat received intelligence that a steamer was ashore S.E. of the Life-boat station. The weather at the time was thick, a moderate wind was blowing from the S.W., and there was a moderate sea. At 5.30 A.M. the Life-boat was launched, and found the stranded vessel was the s.s. *Mersey*, of and for Liverpool, from Dunkirk, with a cargo of sugar. The Life-boat laid out an anchor, but as the flood tide made the sea increased, and the vessel, which struck heavily on the rocks, filled with water, and by 11.30 was completely submerged. Her crew of thirteen men were landed by means of ladders from the shore to the rocks.—Expense of service, 10*l.* 17*s.*

COMMITTEE MEETING, 12th July, 1894.

Voted 207*l.* 15*s.* to defray the expenses of either assemblies or launches on service by the following Life-boats:—Cemaes, Hoylake, Kimeridge, Kingsdowne, Margate, Newburgh, North Deal, Palling No. 2, Porthcawl, Rhoscelyn, Salcombe, Skegness and Walmer.

The Ramsgate Life-boat had also been taken out on service.—Expense paid by Board of Trade.

Voted 8*l.* to the Coxswain of the Newbiggin Life-boat, who was injured on service on the 18th November.

Also 1*l.* 1*s.* to defray the medical expenses incurred by the Coxswain of the Palling Life-boat, in consequence of being hurt while on service on the 6th June.

The Committee also specially recognised the good services rendered by Mr.

JOHN GALLOWAY, whilst serving as Coxswain of the Port Logan Life-boat.

Also 2*l.* to a man injured at the exercise of the Hartlepool No. 1 Life-boat on 16th June.

July 24.—CAISTER, NORFOLK.—*Beauchamp* Life-boat.—A dense fog was experienced here, accompanied by rain, thunder and much lightning. At about 4 o'clock in the afternoon the fog cleared, and disclosed a vessel just striking the inside of the Barber Sand. The Caister No. 2 Life-boat was launched, sailed to the spot, and found the brigantine *Navigator*, of and for Lowestoft, coal laden from Hartlepool, and having a crew of five men, hard aground on the sand and rolling heavily, the sea being very rough. The proffered services of the Life-boat men were accepted, and with their assistance the vessel was got afloat. Owing to the narrowness of the channel in which she was then lying it was necessary to anchor until midnight, when the wind shifted, and it then became practicable to sail her out round the north end of the sand through the Cackle Gateway into Yarmouth Roads. A tug was then engaged and the vessel was towed to Lowestoft, the Life-boat accompanying her.—Property salvage case.

July 24.—RAMSGATE.—*Bradford* Life-boat.—A message was received by telephone from the Goodwin Light-vessel stating that a vessel was ashore on the North Goodwin Sands. At 10 A.M. the Life-boat, in tow of the steam-tug *John Batey*, left the harbour and reached the vessel, the barque *Hans Thiis* of Risör, laden with pit-props. The vessel's tow-rope was attached to the tug, and for about an hour efforts were made to tow her off, the crew of the Life-boat and the ship's crew during that time jettisoning the deck load in order to lighten her. Ultimately she was got off the sand and was taken to an anchorage in the Downs. She was bound for Newport, and had a crew of nine men.—Property salvage case.

COMMITTEE MEETING, 2nd August, 1894.

Voted 115*l.* 13*s.* to defray the expenses of launches on service by the following Life-boats:—Dungeness No. 2, Fethard,

Gorleston No. 2, Hythe, New Romney, Swansea and Walmer.

Also pecuniary grants to the widow of the second Coxswain of Montrose Life-boat and the widow of the Coxswain of the Cromer Life-boat.

Aug. 2.—GORLESTON.—*Leicester* Life-boat.—The dandy *Fraternité*, of Fécamp, whilst beating through the roads, collided with a steamer and commenced to sink. Her crew took to their boat and were picked up by a strimping boat and taken to Yarmouth. The Gorleston No. 2 Life-boat put off at 8.30 A.M., and, with the assistance of the crew of another boat, succeeded, by means of pumping and baling, in taking the *Fraternité* into Yarmouth harbour, but she was nevertheless full of water when placed upon the hard.—Property salvage case.

Aug. 15.—FRASERBURGH.—*Anna Maria Lee* Life-boat.—About two hundred fishing-boats put to sea, but as the weather was threatening the remaining six hundred boats did not venture out. Towards night the wind increased until it attained the force of a gale, and great excitement prevailed in the harbour, on the piers of which thousands of spectators were assembled, in consequence of the risk incurred by the boats returning to port. This excitement reached its climax at about eleven o'clock, when flare-up lights were seen in the bay. The Life-boat was launched, proceeded in the direction in which the flares were seen and found they were shown by the lugger *Dayspring*, which had lost her rudder. The Life-boat attached to the boat a long cable with which she is specially provided for such purposes, and the other end being taken by the Life-boat to the breakwater, a crowd of willing helpers soon hauled at the rope and pulled the fishing-boat alongside the pier, her crew of six men being thus enabled to land in safety. Happily no loss of life befel the fishermen who were out in these boats, but serious damage was done to their gear.—Expense of service, 16l 1s.

Aug. 16.—SHERINGHAM.—*William Bennett* Life-boat.—A rough sea sprung up in the evening, and about fifteen or twenty fishing-boats were placed in danger. At 5.15 the Life-boat was launched, eight minutes sufficing to get her afloat, took

the crews out of their boats, and landed them at about 8 o'clock. The boats were anchored outside the breakers, and were brought ashore when the tide ebbed late at night.—Expense of service, 15l 6s.

Aug. 24.—BERWICK-ON-TWEED.—*John and Janet* Life-boat.—The barque *Ceres*, of Rönne, bound from Cronstadt for Berwick with a cargo of battens, in trying to enter the harbour, struck on the bar and was driven by the heavy seas on Spittal Beach, where she rolled and struck heavily. The Life-boat put off to her assistance at 4.45 P.M., being manned and launched with commendable promptitude, took off her crew of nine men, and landed them safely at 5.30.—Expense of service, 10l 6s.

Aug. 24.—LLANAEHLIARN, CARNARVONSHIRE.—*Cyprian* Life-boat.—The fishing boat *Annie Jones*, of Carnarvon, was seen in great danger about two or three miles from land, in squally weather. Her mainsail was torn to pieces; she was drifting out to sea, and in all probability, in the absence of help, she would have sunk and her crew of two men would have been drowned. At about 6.30 P.M. the Life-boat was launched and brought the boat and her two occupants safely ashore.—Expense of service, 13l 13s.

COMMITTEE MEETING, 6th Sept., 1894.

Voted 193l 9s. 6d. to defray the expenses of either assemblies of their crews or launches on service by the following Life-boats:—Brightstone Grange, Cemaes, Cloughy, Dungeness No. 2, Formby, Gorleston No. 2, Llandudno (Orme's Head), Margate, New Brighton No. 1, New Romney, Walton-on-the-Naze, Wexford No. 1, and Winterton No. 2.

Sept. 8.—GREAT YARMOUTH.—*John Burch* Life-boat.—Flares and rockets having been observed in the roadstead while a strong N. to N.N.W. breeze was blowing, with a rough sea, the Life-boat was launched at 9.35 P.M. and proceeded in the direction in which the signals had been shown. The ketch *Sir Garnet*, of Goole, bound from London for Berwick with a cargo of cement, was found in a sinking condition and lying at anchor close by was a Belgian training-ship, which hailed the Life-boat, and reported

that she had on board the other vessel's crew of four men, also the master's wife and three children. The two vessels had been in collision. The ketch sank while the Life-boat was out, and the eight persons were taken from the training-ship into the Life-boat and landed at 11 P.M.—Expense of service, 20*l.* 15*s.*

Sept. 28.—SCARBOROUGH.—*Queensbury* Life-boat.—Several Scotch fishing-boats were making for the harbour in a moderate gale from the N.E. and a heavy sea. As it was apparent that danger would be incurred by them in entering the harbour the Life-boat was launched at 8 o'clock, and remained near the pier end until all the boats were in safety.—Expense of service, 10*l.*

Oct. 9.—WHITHORN.—*Henry and John Leighton* Life-boat.—A vessel having been reported dismasted in Wigtown Bay, the Life-boat was launched at 3.10 P.M., being in the water in ten minutes from the time the signals were fired to summon the crew, and proceeded with all speed to the vessel. She was the smack *Ellen*, of Beaumaris, coal laden, and carrying a crew of two men. Some of the Life-boat men boarded her, assisted to clear away wreckage, and then towed her to Gorleston.—Expense of service, 23*l.* 19*s.* 6*d.*

COMMITTEE MEETING, 11th Oct., 1894.

Voted the Second Service Clasp of the Institution, with a certificate of service and a gratuity to Mr. JOHN BRIMS, in recognition of his good services during the long period of 35 years, in which he occupied the post of Coxswain of the Thurso Life-boat. He had been out in the Life-boats at that Station 32 times on service and assisted to rescue 304 lives.

Voted 106*l.* 2*s.* to defray the expenses of assemblies of the crews, watching during stormy weather, and of launches on service by the following Life-boats:—Clacton-on-Sea, Kimeridge, North Deal, Saltburn, Sheringham, Walton-on-the-Naze, Wexford No. 1, and Whitby No. 1.

Also 10*l.* to an ex-Coastguardman, who was for many years one of the crew of the Ardrossan Life-boat, and was injured while engaged on service with that boat.

Also 15*l.* 15*s.* to five men injured at the exercise of the Fishguard, Broughtly

Ferry, Kingsgate, and Maryport Life-boats.

Oct. 12.—PORTH RHUFFYDD.—*Norbury* Life-boat.—A vessel being reported to have run on the Ramon rocks, the crew of the Life-boat were at once summoned, and at 6 A.M. the boat was on her way to the vessel, which was found to be the Norwegian barque *Eugenie*, laden with log-wood and manned by a crew of eleven hands. At the request of the master some of the Life-boat men boarded the ship, and with their help she was got off the rocks and was enabled to resume her voyage. A moderate S.W. wind was blowing and the sea was smooth, but the weather was thick.—Property salvage case.

Oct. 14.—HOYLAKE, CHESHIRE.—The schooner *Thomas Mason*, of Beaumaris, stranded on the West Hoyle bank in a W.N.W. wind, misty weather, and a choppy sea. At 8.30 A.M. the Life-boat proceeded to her and remained by her until high water, but as she did not float her crew decided to throw out her cargo of coal, with the view of getting her off at the next tide. Arrangements were made that if they required the services of the Life-boat, they should signal for her, and the boat returned ashore. A good look out was kept, and at 10.55 the Life-boat again went out, a message from Helbre Island having been received, reporting that the vessel had moved about a hundred yards, that all her sails had been taken in, with the exception of the topsail, which was fluttering about in the wind and that she appeared to be sinking. When the boat arrived the schooner had sunk, and her crew of two men and a boy were in the rigging. They were taken into the Life-boat and landed soon after midnight.—Expense of service, 40*l.* 15*s.*

Oct. 14.—BROADSTAIRS AND RAMSGATE.—In response to signals and a message by telephone from the North Sand Head light-vessel, the Life-boat *Christopher Waud*, *Bradford*, of Broadstairs, and the Ramsgate Life-boat *Bradford* proceeded to the Goodwin Sands, in a N.E. strong breeze, a heavy sea and thick weather. The pilot schooner No. 15, of Flushing, was found stranded on the N.E. part of the sands. She had on board a crew of six men and six Flushing pilots, and was cruising

down the channel when she went ashore in a dense fog. Some of the Broadstairs Life-boat men boarded the vessel, and let go her port anchor, giving her about twenty fathoms of chain. As the tide flowed the sea became heavy, the vessel heeled, and those on board, fearing that she would turn over, were taken into the Life-boat, which then anchored a short distance to leeward. As the water rose the schooner righted, her anchor brought her round head to sea and she rode afloat. Both Life-boats put some of their crews on board, eight of the vessel's crew and pilots also returned to the ship, the anchor was slipped, sails set, and with the help of the steam-tug *Aid*, the schooner was taken into Ramsgate harbour.—Property salvage case.

Oct. 14.—LOWESTOFT.—*Samuel Plim-soll* Life-boat.—At midnight the Life-boat was launched, rockets being seen in the direction of the Corton Sand and the light-ship firing guns. The boat was towed out by a steam-tug, and when abreast of the Ness Point another rocket was seen. The boat thereupon left the tug and proceeded under sail across the N. part of the Holm Sand, and when about seven miles out found the s.s. *Isabelle*, of Liverpool, laden with coal from the Tyne for Trouville, and having a crew of twelve men. She was disabled, her fires were extinguished, and her engine-room was filled with water. The Life-boat put five men on board and then at the request of the master was leaving to obtain the services of a steam-tug, when it was found that the water in the vessel was increasing, and he asked that the boat would stay by the ship. Ultimately however it was agreed that the boat should go, the coxswain showed red rockets and hand-lights to call out the tug, which had returned to the harbour after casting off the Life-boat on her outward journey, met her in the Stanford Channel, went back with her to the steamer, which was then taken in tow, and at 9.45 A.M. all arrived safely in the harbour.—Property salvage case.

Oct. 15.—HARTLEPOOL.—While a gale of wind from N.E. by N. was blowing, accompanied by a high sea, intelligence was received that a screw steamer was flying signals of distress. The coxswain of the Life-boat and the Honorary Secretary at once went to the

cliff to try to make out from the signals whether the assistance required was that of a Life-boat or tugs. They saw a tug just coming into the harbour from the distressed vessel, and they then proceeded to the dock head to get information. On the arrival of the tug at the quayside it was found that she had on board the master, his wife and the crew of nineteen men, who had abandoned the vessel as she was leaking badly, her engine-room being full of water, and it was feared she would capsize. As there appeared to be a chance of saving her, a steam-tug went out to her, taking the Life-boat *Charles Ingleby* in tow, and, on arriving near the ship, the boat took six men from the tug and transferred them to the vessel. Great risk was incurred in doing this; in fact, no ordinary boat could have performed the feat, as the seas were running extremely high, the vessel had a strong list to port, her rail frequently being submerged, and to add to the danger and difficulty, her davits and their tackle were hanging over her side. The Life-boat also conveyed a tow-rope from the tug, and with the aid of other steamers the vessel was towed to Hartlepool and placed in the tidal harbour. She was the s.s. *Streonshalh*, of Whitby, bound from Riga for Middlesbrough with a cargo of railway sleepers and telegraph poles. It appears that she arrived off the Tees on the previous day and anchored; but finding she was dragging, the anchor was hove up. The vessel drifted, and her engines were moved ahead; but, before she could gain headway, she touched the bar with her keel, and swung round with her head towards the river. The engines were then put full speed astern, and she steamed out, stern foremost, clear of the buoys. Meanwhile her steering-gear had become disabled, so that ultimately signals were made for a tug. Tugs went to her and tried to tow her, but the hawsers parted one after another. It was found that water was rapidly making its way into the vessel, but during the night she was kept in position by working the engines astern as required, until at day-break she was some six miles off Hartlepool. The water then got the better of the pumps, and, filling the engine-room and stoke-hold, caused the ship to list to port and thus shifted her deck cargo. Finally a heavy squall heeled her over

until the port bunker hatches on the bridge were under water. The master, with his wife and crew, then took to their port life-boat and rowed to the steam-tug, which afterwards took them to Hartlepool.—Property salvage case.

Oct. 20.—ALDEBURGH, SUFFOLK.—*Aldeburgh* Life-boat.—The Life-boat was launched at 9.45 A.M. to the assistance of three fishing-boats which were making for the shore, and would evidently encounter considerable danger, as a rough sea was breaking. The Life-boat took two of the boats in tow and the third one proceeded round Orfordness to Shingle Street.—Expense of service, 25*l.* 19*s.* 9*d.*

Oct. 24.—SOUTHWOLD.—*Alfred Corry* and *Quiver* No. 2 Life-boats.—While a strong gale from S. by E. was blowing, with a very heavy sea and thick weather, a vessel was reported to be showing signals of distress off Dunwich. At 7 A.M. the No. 1 Life-boat put off and found the signals were shown by three fishermen, who were in charge of the barque *Nina*, of Christiania, which had been abandoned by her crew, having been seriously damaged by collision with another vessel. She was full of water and drifting to the main. At the request of the fishermen, some of the Life-boat men went on board and commenced to stow the sails, but before this could be effected she struck the shoal and began to break up. All the men therefore took to the Life-boat, and the vessel soon became a total wreck, her cargo of firewood being washed up along the shore.

While these events were proceeding, a large yawl the *Courage non pur*, of Lowestoft, showed signals of distress, while running past Southwold, and at 12.45 P.M. the No. 2 Life-boat was launched. On reaching her it was found that she was quite unmanageable, and in a sinking condition. Her crew of five men were taken into the Life-boat, which then took the yawl in tow, and proceeded in the direction of Lowestoft. On nearing that port a steam-tug was fallen in with which towed both boats into the harbour.—Expense of services, 39*l.* 15*s.*

Oct. 24.—GORLESTON.—*Mark Lane* Life-boat.—The dandy *Sunbeam*, of Lowestoft, bound on a fishing voyage, grounded on the South Scroby Sand, in a moderate S. by W. gale, and a very heavy sea. A steam-tug was in the

vicinity at the time, but finding herself unable to render assistance at once steamed to Gorleston to obtain the help of a Life-boat. The No. 1 Life-boat was already afloat when the steamer arrived—the casualty having been observed from the shore—was towed to windward of the vessel, anchored, veered alongside and took off the crew of nine men. While doing so a tremendous sea broke over the vessel and swept the mast-head and gaff—the mast having broken off under the eyes of the rigging—across the Life-boat's cable. The grapnel rope was speedily improvised as a spring, to sheer the boat clear of the wreckage, and then had to be cut, entailing the loss of the boat's anchor, cable, &c. The boat also received damage by being dashed against the vessel.—Expense of service, 22*l.* 9*s.* 6*d.*

Oct. 24.—WICKLOW.—*Robert Theophilus Garden* Life-boat.—At about 4.30 P.M., a gale suddenly sprang up on the east coast of Ireland, the wind blowing from W.S.W., and shortly afterwards backing to W.N.W.; the weather was thick, and the sea moderately rough. There were four skiffs and a small 12 feet boat fishing in the bay of Wicklow at the time. The skiffs managed to get close in shore, but there was no hope for the little boat, and her two occupants made signals for assistance. The Life-boat was taken out, saved the two men, and towed their boat safely into the harbour.—Expense of service, 18*l.* 10*s.*

Oct. 25.—ALDEBURGH.—*Aldeburgh* Life-boat.—In response to signals and a message received by telephone the Life-boat was launched at 1.30 A.M. and sailed to the Shipwash Sand. The barque *Giusto*, of Trieste, bound from Sundswall for Cape Town, laden with wood, was found near the Shipwash light-vessel. She had been on the Inner Gabbard Sand, had cut away her masts, and was in a very dangerous position, water-logged, and drifting towards the Shipwash Sands. The Life-boat rendered all possible assistance, and with the aid of a steam-tug the vessel was taken to Harwich, where she arrived at 6.30 P.M.—Property salvage case.

Oct. 26.—CROMER.—*Benjamin Bond Cabbell* Life-boat.—In the afternoon a heavy ground swell set in with the flood tide, and five small boats which had laid

their cod-lines were afraid to return to the beach. The Life-boat was launched to their assistance at 2.15, and landed the seventeen men from the boats, which were left at anchor until low water.—Expense of service, 17*l.* 8*s.*

Oct. 31.—NEWBIGGIN.—*Robert and Susan* Life-boat.—Some fishing cobles having been overtaken by a rough sea the Life-boat was launched at 10 A.M., as a precautionary measure, in case of any casualty occurring, and remained afloat until all the boats had safely landed.—Expense of service, 6*l.* 17*s.* 6*d.*

Nov. 1.—BEAUMARIS.—*Tom and Jenny* Life-boat.—While a moderate gale from W.S.W. was blowing accompanied by a rough sea information was received that a vessel, which proved to be the cutter *Letty*, of Liverpool, bound from Port Dinorwic for Rancorn with slates, was stranded on the Lavan Sands. The Life-boat was launched at 1.30 P.M., and, finding the vessel in a sinking condition, took off her crew of two men and landed them safely at Beaumaris.—Expense of service, 12*l.* 5*s.*

Nov. 4-5.—STROMNESS.—*Good Shepherd* Life-boat.—At 3 P.M. on Nov. 4, while a heavy gale was blowing from S.W., rockets were fired by the East Gramsey Light-house calling attention to a vessel, in distress off Houton Head, which was seen to be dragging her anchors and drifting towards Peterskerry shoal. The Life-boat was at once despatched and succeeded in reaching her before she struck. The Life-boat men paid out all her cable and brought her up. The vessel, the schooner *Industry*, of Peterhead, bound from Newcastle for Stromness with coal, had lost her sails, had been thrown on her beam ends, and the master and crew were anxious to leave her. The captain, however, altered his mind at the last moment and decided to remain on board, but the crew got into the Life-boat and were taken ashore. At 7 o'clock on the following morning the Life-boat returned to the vessel with the crew, and at 9 o'clock the lighthouse steamer *Pole Star* went to their assistance and towed the schooner and the Life-boat into harbour.—Expense of service, 11*l.* 10*s.*

Nov. 7.—EASTBOURNE.—*William and Mary* Life-boat.—At about 9 A.M. the steam-yacht *Ray*, of Dover, brought up in the roads, her engine having been

damaged, and the owner and the master lauded to obtain the services of an engineer to execute the necessary repairs. The wind gradually increased in strength and the sea became rough, and at about 2.30 P.M. the Life-boat went to the yacht's assistance, the two men on board having hoisted a signal of distress and the sea being too rough to allow any ordinary boat to put off. The two men were taken into the Life-boat and were landed at the East launching station.—Expense of service, 17*l.* 5*s.*

COMMITTEE MEETING, 8th Nov., 1894.

Voted 639*l.* 5*s.* 3*d.* for assemblies of the crews or launches to distressed vessels by the undermentioned Life-boats:—Alnmouth, Angle (Milford Haven), Bambergh Castle, Bridlington Quay, Caister No. 2, Dartmouth, Dungarvan, Dunwich, Gorleston Nos. 1 and 2, Harwich, Kingsdowne, Llanaelhaiarn, Lowestoft No. 1, Newhaven, North Deal, North Sunderland, Padstow, Pakefield No. 1, Palling No. 2, Port Erroll, Redcar, Rhoscelyn, Runswick, Salcombe, Saltburn, Skegness, Sunderland South Outlet, Thorpeness, Totland Bay, Walmer and Winterton No. 2.

Also specially recognised the services of Messrs. C. A. WYVILL, H. REVELEY, WILLIAM WARFORD and J. WOODGATE, Coxswains respectively of the Filey, West Hartlepool No. 1, Pakefield No. 2 and Dover Life-boats, on their retirement from office.

Nov. 13.—PWLLELI.—*Margaret Platt* Life-boat.—The fishing-smack *Alpha*, of Pwllheli, being observed at anchor in a very dangerous position while a heavy gale was blowing from S.W. with a very heavy sea, the Life-boat was launched at 10.20 P.M., proceeded to her assistance and brought her crew of two men safely ashore.—Expense of service, 23*l.* 2*s.* 6*d.*

Nov. 13.—TRAMORE.—*Henley* Life-boat.—The s.s. *Scott Harley*, of and for Cork from Glasgow with coal, stranded in a strong S.S.W. gale and a very heavy sea. The Life-boat put off at 8 P.M. and succeeded in rescuing the vessel's crew consisting of twelve men. This service was one reflecting great credit on the Life-boat men, the night being one of the stormiest

experienced here. From the position of the vessel and the wind blowing dead on shore, the boat was at times exposed broadside to the fury of the gale and sea, and in the absence of the Life-boat there is little doubt that the shipwrecked crew would have perished. Valuable service was also rendered by the indefatigable Honorary Secretary, EDWARD JACOB, Esq., who as usual superintended in an admirable manner the arrangements on shore, in connection with the launching and landing of the boat.—Expense of service, 31l. 18s. 6d.

Nov. 14.—LOWESTOFT.—*Samuel Plimsoil* Life-boat.—Flares having been shown on the middle of the Newcome Sand, the Life-boat crew were summoned, and at 5.5 A.M. the boat left the harbour in tow of the steam-tug *Despatch*. They proceeded through a very heavy sea, the wind blowing a moderate gale from S.S.W., and on reaching the sand found the brigantine *Alf*, of Mandal, Norway, timberladen, stranded. The vessel's crew of eight men were taken into the Life-boat from the main boom, and whilst this was being accomplished the masts went over the side of the ship, the yards continually dipping into the Life-boat as she laid by. All the men, however, were got safely into the boat, which returned to the harbour under sail, arriving at 7 A.M.—Expense of service, 39l. 2s.

The *Alf* lost her rudder through striking the ground, but afterwards drifted off the sands and, having two anchors down, rode out the gale. At 10 P.M. the weather moderated and the Life-boat, in tow of the steam-tug *Despatch*, went off, taking a number of men to try to save the vessel. Some of the men worked at the pumps, others cut away the wreckage, and ultimately the vessel was taken into the harbour.—Property salvage case.

Nov. 14.—NORTH DEAL.—*Mary Somerville* Life-boat.—In response to signals of distress the Life-boat was launched at about 7.15 P.M. in a heavy sea, and found the three-masted schooner *Clacton*, of Harwich, leaking badly in consequence of having stranded. She had just floated when the Life-boat arrived, and was at anchor. The Life-boat crew assisted at the pumps and the vessel was got into Ramsgate harbour at about 1.30 A.M. She had a crew of eight men on board.—Property salvage case.

Nov. 14.—GORLESTON.—*Mark Lane* Life-boat.—The Life-boat proceeded to the schooner *Jane Duff*, of and for London, from Blyth, with coal, which had shown a signal of distress, while a heavy gale was blowing from S.S.W. with a heavy sea. The vessel had sprung a leak and her crew of four men were exhausted by their long-continued work at the pumps. With the help of a steam-tug the schooner was taken into port and was grounded in the harbour.—Property salvage case. Balance of expenses, 4l. 17s.

Nov. 14.—RAMSGATE.—*Bradford* Life-boat.—The Life-boat in tow of the harbour steam-tug *Aid*, went out at 7 P.M. in response to signals fired by the Gull Light-vessel, and found the brigantine *Cypress*, of Folkestone, riding close to the Brake Sand. The vessel being taken in tow by the steamer was extricated from her dangerous position and taken into Ramsgate harbour.—Property salvage case.

Nov. 14.—WALMER.—*Civil Service No. 4* Life-boat.—The Life-boat was launched at about 2.45 P.M. to the sloop *Rival*, of Rye, which showed signals of distress, in a strong gale from S.S.W. and a very heavy sea. On reaching the sloop the master asked for assistance as his vessel was driving and was in danger of colliding with other vessels. She was ultimately brought up and some of the Life-boat men remained on board and took her to Ramsgate. She had a crew of four men, and was on a voyage from Hull to Rye with a cargo of coal.—Property salvage case.

Nov. 14.—KINGSDOWNE.—*Charles Hargrave* Life-boat.—The Life-boat was called out at 4.30 P.M. and proceeded to the brigantine *Sultan*, of Portsmouth, coal laden, bound from Hartlepool for Portsmouth, which was riding in a dangerous position in a whole gale from S.S.W., a very heavy sea and thick weather, and showing signals of distress. With the assistance of the Life-boat the vessel was got out of danger and was enabled to resume her voyage. She had a crew of five men.—Property salvage case.

Nov. 17.—KIRCUDBRIGHT.—*Hugh and Ann* Life-boat.—The Life-boat was summoned by signals from the Little Ross Lighthouse, was launched at 9.30 A.M., and found the ketch *Ariel*, of Carnarvon, bound from Silloth for Dinorwic, in

ballast, and manned by a crew of three men. She had lost her anchor, and was driving on a lee shore. At the master's request some of the Life-boat men went on board the vessel, and she was taken up the river and placed in dock.—Property salvage case.

Nov. 18.—TOTLAND BAY.—*Charles Luckombe* Life-boat.—A Danish schooner, the *Samson*, stranded on the Shingles in a S. wind and a heavy ground sea. On receipt of intelligence of the casualty the Life-boat was launched, and proceeded to the assistance of the vessel, which floated off at high water in a leaky condition. The Life-boat men assisted at the pumps, and remained by her until she arrived off Yarmouth when a tug from Cowes took her in tow.—Expense of service, 15l. 6s.

Nov. 19.—WEXFORD.—*Andrew Pickard* Life-boat.—While a moderate gale from S.W. was blowing, the fishing smack *Brothers*, of Wexford, was struck by a squall which carried away her mast. The Life-boat put off to her assistance at 1 P.M., and towed her into Wexford harbour, arriving there at 4.15.—Expense of service, 11l. 17s.

Nov. 21.—ARKLOW.—*Frances and Charlotte* Life-Boat.—A schooner was reported to be on the Arklow Bank while a strong S.S.W. breeze was blowing, with a rough sea. At 9 A.M. the Life-boat put off, and found the stranded vessel was the *Jilt*, of Douglas, laden with coal. She was abandoned, her crew, as was subsequently ascertained, having left her in their own boat. Efforts to get her off were made, but as the wind increased, and the high seas broke completely over her, the Life-boat men who had boarded her were obliged to take to the boat again. They remained near, and in about an hour and a half the schooner beat off the bank. They then again boarded her, and took her to Wicklow with seven and a half feet of water in her.—Property salvage case.

Nov. 25.—WEXFORD.—*Andrew Pickard* Life-boat.—A message by telephone having been received, stating that a disabled steamer was drifting about close to the Long Bank, the Life-boat was launched at 7 P.M., and found the s.s. *Gilberto* at anchor close to the bank. A moderate gale of wind was then blowing from the S.E., and there was a rough sea. The Life-boat remained by her until 3.30 on the following morning, and then returned

ashore, and at the captain's request sent a message for a tug to tow the vessel into safety.—Expense of service, 23l.

Nov. 26.—NEWBURGH.—*Ellen Newman and John Bentley* Life-boat.—At about 8 P.M. the Life-boat put off to the assistance of the steam trawler *Lionel*, of South Shields, which was stranded a little northward of the River Ytham, and was showing signals of distress. At the master's request the Life-boat men despatched a telegram to Aberdeen for a tug, and then returned to the vessel and remained by her until the tug arrived, when she rendered help in conveying the tow rope from one vessel to the other. The trawler was got off, and was towed to Aberdeen.—Property salvage case.

Nov. 26.—KINGSDOWNE and NORTH DEAL.—*Charles Hargrave and Mary Somerville* Life-boats.—In response to signals of distress these Life-boats put off at about 9 P.M. The Deal boat arrived first at the vessel in need of assistance, and found her to be the s.s. *Llanthewy*, of Newport, bound from Goole for Southampton, coal laden. Her main shaft was broken, and she had two anchors down. The Life-boat men signalled for further assistance, and just then the Kingsdowne Life-boat came up and remained by the steamer while the Deal boat proceeded to Dover to obtain the services of a steam-tug. The steamer was driving towards the East Goodwin Sands, and was nearly alongside the light-vessel before she stopped; in fact it was feared that she would foul the lightship. Eventually, however, the other Life-boat returned with the tug and the vessel was taken to Dover. Valuable help was rendered to the Life-boat men by the commander of H.M.S. *Leda*, who, by means of the search light, enabled the position of the vessel to be seen, and also assisted the boat in crossing the sands.—Property salvage case.

Nov. 30.—PORTHOUSTOCK.—*Charlotte* Life-boat.—The coxswain of the Life-boat having been informed that a vessel had struck the Manacles rocks, at once summoned his crew, and at 7.45 A.M., ten minutes after the alarm had been given, the Life-boat was afloat and on her way to the wreck. When about half-way to the vessel her boat was met, having on board her crew consisting of seven men. They were then about three-quarters of a mile from the shore, and were afraid to

go nearer on account of the rocks which abound there. The boat was in a very shattered condition, and her occupants, who were drenched to the skin, were all taken into the Life-boat and safely landed at about 8.30. The wrecked vessel was the brig *Dryad*, of Whitehaven. She completely broke up, and soon the only vestige left of her was small pieces of timber, which were washed ashore.—Expense of service, 17l. 3s.

Nov. 30.—CULLERCOATS.—*Co-operator* No. 1 Life-boat.—Two fishing cobsles, the *George and Jane* and *Star of Peace*, belonging to Cullercoats, returned from the fishing grounds, were lying outside the bar, being afraid to cross it owing to the heavy sea which was breaking. The Life-boat put off at 10 A.M., took the men out of the cobsles and towed the boats into the harbour.—Expense of service, 13l. 10s.

Dec. 2.—GREAT YARMOUTH.—*John Burch* Life-boat.—At midnight the Life-boat was launched, a report having been received stating that a steamer which had been in collision was riding in the North roadstead, and was in need of assistance. On reaching her it was found that her bows were stove in and her fore-compartment was full of water. At the master's request the Life-boat remained by her until daylight. She was the s.s. *Albertina*, of Newcastle, laden with coal.—Property salvage case.

Dec. 2-3.—HASBOROUGH AND PALLING.—*Huddersfield* and *Good Hope* Life-boats.—The s.s. *Mula*, of South Shields, bound from Caen for Grangemouth with iron ore, was damaged by collision with another vessel while at anchor, and was, therefore, beached on the outer bank off Hasborough. A very thick fog prevailed at the time, the wind was blowing a moderate breeze from E.S.E. and there was a heavy ground swell. Some of the vessel's crew took to their boat and—rowing as near to the shore as could safely be done—called for the assistance of the Life-boat. Intelligence of the casualty was transmitted by telephone to Palling, and soon the Hasborough and Palling No. 1 Life-boats were alongside the ship. Her anchor was laid out, and at high water she was, with the help of two steam-tugs, got afloat and was taken to Great Yarmouth.—Property salvage case.

Dec. 3.—PORT PATRICK.—*Civil Service*, No. 3 Life-boat.—A fishing-boat having

reported that a steamer, which proved to be the s.s. *Strathspey*, of Glasgow, was stranded on the rocks in Par Bay, the Life-boat was launched to her assistance at 11 A.M. and saved twelve of her crew. Nine others had succeeded in launching one of their boats, but she was dashed to pieces on the rocks, her occupants fortunately being washed ashore.—Expense of service, 12l. 6s.

Dec. 9.—HOLYHEAD.—*Thomas Fielden* Life-boat.—While a fresh gale was blowing from S.S.W. with heavy squalls and a rough sea, signals of distress were shown at the end of the breakwater at 7 P.M., and five minutes afterwards the Life-boat was launched, and proceeding to the spot, found the schooner *Pride of the Dee* close to the breakwater with two anchors down. She had lost all her head sails and wanted a steam-tug to tow her into the harbour. The tug *Brilliant Star* towed her in, the Life-boat standing by and placing three men on board to assist the schooner's crew.—Property salvage case.

Dec. 13.—WHITHORN.—*Henry and John Leighton* Life-boat.—The Life-boat was called out by a telegram from Garlieston and rescued the crew of five men from the brigantine *Mary Holland*, of and from Maryport, bound for Belfast with a cargo of coal, which was anchored in a dangerous position, and had lost her rudder while a gale of wind was blowing from S.S.W. with a heavy sea.—Expense of service, 18l. 14s. 3d.

Dec. 13.—CASTLETOWN.—*Hope* Life-boat.—A schooner was reported to be dragging her anchor in Derbyhaven Bay and showing a signal of distress while a gale was blowing from S.W. The Life-boat proceeded to her assistance and rescued her crew consisting of three men. She was the *Mary Jane*, of Ramsey, bound from Whitehaven for Castletown with a cargo of coal.—Expense of service, 16l. 19s.

COMMITTEE MEETING, 13th Dec., 1894.

Voted 798l. 19s. 7d. to pay the expenses of assemblies or launches on service by the following Life-boats:—Aldeburgh, Broadstairs, Caister No. 2, Cemaes, Cemlyn, Dover, Dungeness Nos. 1 and 2, Formby, Gorleston No. 1, Harwich, Holyhead No. 1, Hoylake, Hunstanton, Kessingland No. 1, Kingsdowne, New

Brighton (steam Life-boat), New Romney, Port Logan, Padstow, Pakefield No. 1, Palling No. 2, Skegness, Winterton No. 2 and Great Yarmouth.

The Ramsgate Life-boat had also been taken out with the view of rendering service.—Expenses paid by the Board of Trade.

Voted 2*l.* to two men injured at the launch of the Dungeness and North Deal Life-boats on service.

Also specially recognised the services of Mr. JAMES THORNTON, Coxswain of the Hope Cove Life-boat.

Dec. 18. — TOTLAND BAY. — *Charles Luckombe* Life-boat. — The schooner *Marian*, of Padstow, bound from London to Barry Dock with cement, stranded a short distance west of the Elbow buoy in a moderate gale from S.W. by W. and a rough sea. At about 8.40 A.M. the Life-boat was launched and was towed by the submarine mining vessel *Miner No. XI.* towards the Needles, against a strong head wind and flood tide. The first attempt to reach the vessel was unsuccessful, as the state of the sea and strength of the tide overpowered the boat, which therefore remained by the steamer until high water, when another attempt was made and the vessel was reached. At the master's request the Life-boat took ashore a telegram to be despatched to the owner of the vessel, the weather having moderated, and afterwards returned to the ship. She was, however, in no immediate danger, and arrangements having been made that if any assistance were required the captain would signal, the boat returned ashore; she was secured to the pier and a look-out was kept. At about 11 P.M. the schooner floated and anchored in Yarmouth Roads.—Expense of service, 44*l.* 12*s.*

Dec. 20.—NEWBURGH.—*Ellen Newman and John Bentley* Life-boat.—The Life-boat was launched at 11 P.M. to the assistance of the steam-trawler *Bonito*, of Aberdeen, which had stranded about a mile north of Newburgh Bar while a stiff S. breeze was blowing and a moderate sea was running. The vessel's crew of eight men were taken into the Life-boat and safely landed, the Life-boat men having a hard pull in returning, both wind and tide being against them.—Expense of service, 22*l.* 1*s.*

Dec. 21.—DUNGARVAN.—*William Dunville* Life-boat. — A vessel having been reported showing signals of distress, while a whole gale was blowing from W. with a very heavy sea and thick weather, the Life-boat was launched at 10.30 P.M., and on reaching the vessel found she was the fishing-smack *St. Margaret*, of Waterford. She had dragged her anchors, had drifted ashore and was full of water. As she was lying on a lee shore with heavy seas breaking over her it was impossible for her crew to remain on board. The four men, who were greatly exhausted, were taken into the Life-boat and landed at 1.30 A.M.—Expense of service, 25*l.* 16*s.* 9*d.*

Dec. 22.—LLANDUDNO (ORME'S HEAD). —*Sunlight No. 2* Life-boat.—An intimation having been received from the Orme's Head Lighthouse that a vessel had been seen in distress about two miles N.E. of the lighthouse, the Life-boat crew were summoned, and soon afterwards flares were shown by the vessel which was then in the centre of the bay about a mile and a half from the shore. At 7.25 the Life-boat was launched. Day was just breaking, and it could be seen that the vessel was ketch-rigged and was evidently a trawler. On reaching her she proved to be the *Scotian*, of Hoylake. The Life-boat's grapnel line was thrown on board, but the line broke twice and the grapnel was lost; the anchor was then dropped and the boat veered down from windward, and ultimately got the shipwrecked crew of four men safely on board, nearly half an hour being occupied in doing so as they were in such a benumbed and exhausted condition. In returning, the boat was again and again filled by the heavy seas, but she behaved admirably, and at about 9.30 regained the land amid the ringing cheers of a large crowd assembled on the beach. The vessel, although moored with three anchors, broke all her cables and drove ashore east of Little Orme's Head.—Expense of service, 23*l.* 7*s.* 6*d.*

Dec. 22.—RAMSEY.—*Mary Isabella* Life-boat.—At 9 A.M., while a whole gale was blowing from the N.W. with a very heavy sea, thick weather and hail, the Life-boat was launched to the assistance of a schooner which had shown a signal of distress. She was drifting in the bay eastward of the harbour and merely a glimpse of her mast with the flag on it had been observed

from the shore. For two hours both the vessel and the Life-boat were entirely hidden from view by the frightful foam, but at 11.30 it cleared a little and the boat was seen riding in the fury of the gale near another vessel which had been dismasted and lying about half a mile S.E. of where the first one had been seen. At intervals only could glimpses of the Life-boat be caught, until 3 p.m. when she was observed to set the smallest possible amount of canvas, and in about half an hour she got up her anchor and endeavoured to make the land, but her efforts to do so were futile in the face of such a storm. She was driven out of the bay round Manghold Head and ran for Laxey, eight miles distant from Ramsey, where she safely arrived at 5 p.m. She had on board the crew, seven men in all, of both the schooners—the *Margaret Jones*, of Carnarvon, and the *Excelsior*, of Chester. One of the rescued men was in a critical condition, being cramped and delirious from the effects of cold and exposure, but with treatment at the hands of two medical men who were immediately summoned he recovered; in the doctor's opinion, however, another half hour in the boat would have proved fatal to him. From the Coxswain's report it was afterwards ascertained that on reaching the first schooner, the *Margaret Jones*, the crew of which were rescued with great difficulty, as she was driving rapidly seawards, and eventually foundered, the other vessel was observed; and after several attempts three of her crew were rescued, the fourth man, fearing that the veering line would part and that the ship was foundering from the constant impact of the hull with the masts and other floating wreckage, jumped wildly overboard into the surf, but was fortunately grasped before he sank.—Expense of service, 48*l.* 18*s.* 6*d.*

The Life-boat arrived at her station at 1 a.m., and intelligence of another vessel in distress having been received, again went out, manned, with one exception, by the same crew, the men hurriedly changing their clothes. The Peel Life-boat had been apprised by telegram that help was required, and at 5.20 she was met with the shipwrecked crew on board. Ramsey was again reached at 7 a.m.—Expense of launch, 21*l.*

Dec. 22.—GORLESTON.—*Mark Lane*

Life-boat.—While a strong gale was blowing from N.W. with a rough sea, flares were shown at 6.30 p.m. by the ketch *Resolute* which had just arrived in the roads, having lost both her anchors and nearly all her sails. The Life-boat and a steam-tug proceeded to her assistance and took her, with her crew of four men on board, into Yarmouth harbour.

Dec. 22.—FRASERBURGH.—*Anna Maria Lee* Life-boat.—A gale suddenly sprung up from N.N.W. at ten o'clock in the morning, the wind blowing a perfect hurricane, and the sea rose to a great height. At that time the schooner *Roseneath*, of Hull, bound from Shields for Westray, Orkney, coal laden, was lying at anchor in the bay. As she began to drag her anchors and was in considerable danger of being driven ashore, the Life-boat was launched to her assistance at eleven o'clock, and succeeded in taking off the crew of four men. The sea had then become even more furious, and intense excitement prevailed amongst the people who crowded the piers to watch the progress of the Life-boat. The schooner continuing to drag her anchors finally drove ashore and became a total wreck.—Expense of service, 13*l.* 4*s.*

Dec. 22.—SOUTHPORT.—*Mary Anna* Life-boat.—The schooner *James and Mary*, of Fleetwood, bound from Par for Runcorn with china clay, stranded on the mainland opposite Birkdale, having lost her sails and steering gear, in a violent storm from N.N.W. and a very high sea. The Life-boat put off to her assistance at 1.30 p.m., reached her at 2 o'clock, and by 3 o'clock had returned ashore with the crew of five men. The vessel was full of water when the men left her.—Expense of service, 13*l.* 1*s.*

Dec. 22.—MOELFRE.—*Star of Hope* Life-boat.—The Life-boat was launched at about 10.30 a.m., while a very strong gale was blowing from N.N.W., with a very heavy sea, and rescued the crew of five men from the *John Wignall*, of and for Fleetwood, laden with china clay, which was in distress in Moelfre Bay about three miles from the land, and ultimately went to pieces.

Shortly after regaining her station the Life-boat was again called out on service, and landed the crew of four men from the *Christiana Davies*, of Barrow, laden with China clay from Penzance for Runcorn,

which was in distress in the bay. The vessel rode out the storm, and her crew went on board again at 11 P.M.—Expenses of services, 23*l.* 6*s.* 6*d.*

Dec. 22.—BLACKPOOL.—*Samuel Fletcher of Manchester* Life-boat.—The barque *Abana*, of Farsund, Norway, was observed in the afternoon with all her sails torn to ribbons, half of her mainmast had been apparently carried away, and she was evidently unmanageable. At length she grounded about 400 yards from the cliffs about five miles northward of Blackpool. A strong gale was blowing from N.W., and there was a heavy sea. Meanwhile, the Life-boat men were in readiness, and the boat was taken on her carriage by road, the journey being a tedious one, it being necessary to make a detour of some six or seven miles through rough country lanes. On reaching the scene of the casualty very little delay was incurred in launching the boat, although a terrible surf was breaking, and after a hard pull against wind and sea, the boat being handled in an excellent manner by the coxswain, the shipwrecked crew, numbering seventeen persons, were rescued and safely landed. The Life-boat was then taken back by road, and arrived at her station at midnight.—Expense of service, 32*l.* 10*s.*

Dec. 22.—PORT EYNON.—*A Daughter's Offering* Life-boat.—A telephone message having been received from Oxwich stating that a smack at anchor in Oxwich bay was flying a signal of distress, the Life-boat was launched at 1.30 P.M., proceeded under sail through a heavy sea, the wind blowing a whole gale from N.W., to the vessel, and found she was the *United Friends*, of Plymouth, bound from Newport for Padstow, with coal. The mainsail had been split, she was dragging her anchors, of which she had three down, and, fearing that she would part her cables, her crew were anxious to leave her. Her captain, mate, and boy, together with their effects and a dog, were taken into the Life-boat, and after a very rough passage landed at Port Eynon at 5.5 P.M.—Expense of service, 21*l.* 8*s.* 6*d.*

Dec. 22.—POINT OF AYR.—A telegram having been received stating that a vessel was showing signals of distress, the Life-boat was launched at 5 P.M., proceeded through a heavy sea, the wind blowing a whole gale from N.W., and found the

distressed vessel was the schooner *City of Chester*, of Chester, bound from Connah's Quay for Dublin with bricks. She had dragged her anchor, had been in collision, and was full of water. Her crew of three men were taken into the Life-boat, and safely landed at Point of Ayr harbour.—Expense of service, 29*l.* 14*s.*

Dec. 22.—HOLYHEAD.—*Thomas Fielden* Life-boat.—Signals of distress having been observed at Penrhos beach, the Life-boat went out at 10.30 A.M., and on arriving there found the brigantine *Valhalla* on the rocks, having dragged both her anchors. A whole gale of wind was blowing from W.N.W., and a very heavy sea was running. The vessel's crew of ten men were taken into the Life-boat and landed at Penrhos, where the boat remained until the following morning, being unable to beat out to windward until then in consequence of the heavy sea.—Expense of service, 30*l.* 12*s.* 6*d.*

Dec. 22.—HOLYHEAD.—*Joseph Whitworth* Life-boat.—The Norwegian barque *Titania* showed signals of distress at 12.30 P.M. while a whole gale was blowing from W.N.W. with a very heavy sea. The Life-boat put off to her assistance and rescued her crew of eleven men, the vessel becoming a total wreck on Penrhos rocks. They were landed at Penrhos beach, the Life-boat remaining there until the following morning.—Expense of service, 30*l.* 12*s.* 6*d.*

Dec. 22.—NEW BRIGHTON.—*Duke of Northumberland* steam Life-boat.—In response to signals from the Crosby Light-vessel, Waterloo Coastguard Station, and flares shown by the distressed vessel herself, the Life-boat proceeded in the direction of the flares, and found the schooner *Faith*, of and for Beaumaris, laden with coal, on Crosby beach, where she became a total wreck. Her crew of three men were taken into the Life-boat, considerable difficulty being encountered in effecting the rescue, it being necessary to follow the vessel into such shallow water that the Life-boat several times struck the ground.—Expense of service, 12*l.*

Dec. 22.—FORMBY.—Signals having been made by the Crosby Light-vessel, the Life-boat was launched at 7 P.M. in a very heavy sea, the wind blowing a whole gale from N.W. with most violent squalls. A vessel was observed on Mad Wharf, and the Life-boat was therefore taken about

two miles along the shore and launched opposite the stranded ship which, after a hard struggle, was reached, and found to be the barquentine *Cosmo*, of Charlottetown, P.E.I. Six of the crew were landed by the Life-boat, two of the men had been injured, one of them being so seriously hurt that medical attendance had to be obtained for him on reaching the shore. The master and three of the crew remained on board the vessel, which at low water was high and dry.—Expense of service, 24l. 7s.

Dec. 22.—*BERWICK-ON-TWEED*.—*John and Janet Life-boat*.—The steamer *Brook*, of Dundee, bound from London for Dundee, put into Berwick harbour at 11 A.M. for shelter from a N.E. gale. She took the ground in the river and remained until about 9 P.M., nearly high water, when a heavy fresh coming down swept her out to sea, but her anchors brought her up at the entrance of the harbour amongst the breakers. She showed signals of distress, in response to which the Life-boat went to her assistance and took off her crew of five men. An attempt was then made to pull back to the harbour, but the strong fresh in the river continually swept the boat amongst the heavy seas on the bar, and ultimately, it being impossible to enter the river and dangerous to land on Spittal beach in the darkness, the Life-boat men stood out to sea, pulled alongshore and made for Burnmouth harbour, about five miles N. of Berwick, where they safely landed.

Dec. 22.—*PEEL, ISLE OF MAN*.—*John Monk Life-boat*.—An intimation having been received that the services of the Life-boat were required by a barque ashore on Ballaugh beach, near Jurby Point, the boat was launched at 11.30 P.M., and with some difficulty, owing to the shallowness of the water and a heavy surf, reached the vessel and rescued her crew of eleven men. For three hours the gallant Life-boat men toiled but were unable to get near the ship, but eventually they succeeded in getting under her quarter and the eleven men jumped in, and the boat, which had the yoke of her rudder broken and four of her oars washed away, made for Ramsey, where the rescued men were lauded. The stranded vessel, which was the *Agnes*, of Fredericksvaern, Norway, became a total wreck.

Dec. 22.—*PORT LOGAN*.—*Frederick Allen Life-boat*.—A mounted messenger brought intelligence of a vessel in distress in Luce Bay at 8.50 A.M. The wind was blowing from N.W. with hurricane force, and there was a heavy sea. The Life-boat was at once taken out and proceeded by road to New England Bay, considerable difficulty being encountered, the way being blocked by trees which had been blown down and which had to be removed to allow the boat to pass. When the bay was reached the tide was receding and again difficulties were encountered in launching the boat over the soft sand. Eventually she was got off and rescued the crew of four men from the vessel, which proved to be the schooner *Industry*, of and for Belfast from Maryport, and landed them at Drummore.

Dec. 22.—*FLEETWOOD*.—*Maude Pickup Life-boat*.—Signals of distress having been shown by a vessel in the direction of the North Wharf Bank in Morecambe Bay while a gale of wind was blowing from the N.W., the Life-boat put off in a very heavy sea, and found the vessel in question was the three-masted schooner *Annie Park*, of and from Barrow, bound for Treport with a cargo of pig-iron. She had got off the dangerous bank on which she had grounded and was lying in deep water. At the request of the master some of the Life-boat men boarded the vessel to render assistance as most of her sails had been blown away, and with the help of a steam-tug she was ultimately taken into port.

Dec. 22.—*PORTHDINLLAEN*.—*George Moore Life-boat*.—The Life-boat was launched at 1 P.M. in a violent gale from N.W. and a very heavy sea, to the assistance of the smack *Dauntless*, of Jersey, bound from Swansea for Carlingford with a cargo of coal, which was drifting helplessly, having lost her sails, spars and boat. The vessel was guided to a safe position and was prevented from becoming a total wreck. She had a crew of three men.—Expense of service, 18l. 7s.

Dec. 24.—*WEXFORD*.—*Andrew Pickard Life-boat*.—At 8.15 A.M. the Life-boat put off in a rough sea with a moderate W. breeze and thick weather to the assistance of the yawl *Gannet*, of Wexford, which was showing signals of distress, having grounded in Hantoon Channel. It was

found that what the vessel needed was that an anchor should be laid out, as she would float at the flood tide. The necessary help was rendered and the Life-boat returned to her station.—Expense of service, 11*l.* 10*s.*

Dec. 24.—**STAITHES.**—*Jonathan Stott* Life-boat.—Signals of distress were shown by the s.s. *Progress*, of Glasgow, which had stranded North of the Staithes, in a light W.N.W. wind, a moderate sea and thick weather. Several cibles and the Life-boat put off to her assistance. The Life-boat remained by the vessel and ultimately brought the master and three of his crew ashore.—Expense of service, 24*l.*

Dec. 24.—**SENNEN COVE.**—*Ann Newbon* Life-boat.—At about 8 P.M. H.M.S. *Lynx* struck on the sunken rocks off Sennen Cove, in a dense fog, backed off and brought up in deep water. The Life-boat put off to her assistance, and at the request of the commander remained by the ship during the night. At about 5.30 on the following morning when the fog cleared, the Life-boat men assisted to get the anchor up, the capstan having been carried away, and the ship proceeded, with the Life-boat in tow and the coxswain piloting. After traversing about twelve miles it was found that the ship was not leaking so badly as had been feared, and the services of the Life-boat being no longer required she returned to her station and the *Lynx* went on her way to Devonport.

Dec. 27.—**DUNGARVAN.**—*William Dunville* Life-boat.—Signals of distress being observed, the Life-boat was launched at 7 P.M. in a moderate sea, the wind blowing a strong breeze from N.N.E., and found the fishing yawl *Favourite*, of Arklow, ashore on the Deadman Sand. The vessel was in a dangerous position, and as she was not provided with a boat her crew were anxious to leave her. The five men were taken into the Life-boat and landed at Ballinacourty.—Expense of service, 23*l.* 7*s.*

Dec. 28.—**ALDEBURGH.**—*Aldeburgh* Life-boat.—The Life-boat was called out by telephone from the *Shipwash* Light vessel, and found the schooner *Coila*, of Faversham, in the centre of the Shipwash Sands, bumping heavily and leaking badly. Seven of the Life-boat men went

on board and assisted at the pumps, others laid out anchors astern, and at high water the vessel was hove off the sands. A tug afterwards came up and with her assistance the schooner was taken to Harwich. She had a crew of seven men on board.

Dec. 28.—**FILEY.**—*Hollon the Second* Life-boat.—Several fishing cibles having been overtaken by a gale from W.S.W. with a heavy ground swell, the Life-boat put off to their assistance at 2.15 P.M. and stood by the boats until they were in safety.—Expense of service, 16*l.*

Dec. 28-29.—**CROMER AND PALLING.**—*Benjamin Bond Cabbell* and *Hearts of Oak* Life-boats.—Terrific weather was experienced on the coast of Norfolk; the wind was blowing a strong gale from the north accompanied by a very heavy sea, with snow squalls and intense cold. The Cromer Life-boat was launched at 11.50 P.M. on 28th December in response to signals of distress which had been shown E.N.E. of Cromer. The vessel when reached was found to be the schooner *Fair City*, of Gloucester, which had been dismasted in a squall a short time previously. The master stated that at the time the mast fell he was at the wheel and had barely time to avoid being crushed by the falling spars as the wheel and steering gear were smashed and the vessel rendered doubly helpless. He then anchored and showed flares for assistance, hoping a passing steamer would take him in tow. He declined to leave his vessel in which he had every confidence, she being a well-built little craft, but urged the Life-boat men to remain by him. Under the circumstances the Life-boat stayed by, and at about 4.30 A.M., when the ebb tide eased, the captain weighed his anchor and both vessel and Life-boat drifted to the south before the gale. On arriving near the Wold Light-vessel the coxswain of the Life-boat represented to the captain that they were making great leeway and were in dangerous proximity to the out-lying sands. He still refused to leave the vessel and requested the Life-boat men to get him a tug from Yarmouth. She was then about a mile and a half N.W. of the Wold light and was drifting seawards. The Life-boat then made for Yarmouth and had a terrible time of it in doing so. It was by the merest chance they were able to weather the Scroby Sands; but eventually

Yarmouth roadstead was reached at 2 P.M.

At daybreak, the *Fair City* being observed about six miles from Palling in the direction of the Wold Light-ship, the crew of the Palling No. 2 Life-boat *Hearts of Oak* were summoned and the boat quickly launched. Owing to the very heavy surf running on the beach this was only accomplished with difficulty, several of the shore-helpers being knocked down. However, in about an hour and a-half's time she reached the distressed vessel, and after much trouble got a grapnel fast, but the strain was so great that the rope parted and the boat was swept away. She then had to beat to windward in the teeth of the gale until she was again in a favourable position, when the anchor was let go, but it refused to hold, and before sail could be made she was again driven to leeward. However, the next time they were successful in getting a line on board the stranded ship, by means of which their towing hawser was hauled on board, and by its aid the shipwrecked crew of four men were dragged through the water with much difficulty into the Life-boat, their vessel becoming a total wreck. The rope was then cut and the boat made for Yarmouth, it being impossible to regain her station until the weather moderated. They reached harbour in safety at six o'clock in the evening. The Life-boat men agree that this service was the most difficult they have gone through for many years, the work being one of continuous peril from daylight until after dark.

Dec. 29.—NEWHAVEN.—*Michael Henry Life-boat*.—The Life-boat was launched at 1.15 A.M. in response to signals of distress shown by the lugger *Mackerel*, of Brighton, which was about four or five miles east of Newhaven Pier. A strong W. gale was then blowing, and there was a very heavy sea. Three attempts were made to board her, and at last her crew of three men were taken into the Life-boat and landed at Newhaven. About an hour after the men had been landed the vessel was driven ashore bottom upwards, and soon became a total wreck.—Expense of service, 22s. 14s.

Dec. 29.—NEWBIGGIN.—*Robert and Susan Life-boat*.—The coble *Edward Shortt*, while fishing about two miles north-north-east of Newbiggin Point, was overtaken by a squall from N. by W., the wind

blowing for about three-quarters of an hour with the force of a strong or whole gale, accompanied by a rough sea and snow. She shipped a large quantity of water, and being unable to carry sail was in a dangerous situation. The Life-boat put off to her assistance and towed her safely into port.

Dec. 29.—THURSO.—*Co-operator No. 1 Life-boat*.—While a whole gale was blowing from N.N.E., with a very heavy sea, the schooner *Isabella Stuart*, of Greenock, at anchor in the roadstead, showed a signal of distress. The Life-boat was launched at 2 A.M. and half an hour afterwards returned with the vessel's crew of four men who were landed at Scrabster Pier. The vessel was straining heavily at her anchors, and afterwards parted one of her chains.

Dec. 29.—INVINE.—*Busbie Life-boat*.—A telegram was received at this Life-boat station requesting the Life-boat to go to a vessel in distress—the ship *Frey*, of Tönsberg, Norway—near the Lady Isle, off Troon harbour, as it was found impossible to get the Troon Life-boat out of the harbour, on account of the terrific hurricane prevailing from the N.W., and the very heavy sea rolling past the harbour entrance, no steam-tug being available to tow the boat. The crew assembled and promptly manned and launched the Life-boat, which proceeded under sail to the scene of the wreck, the distance of five miles being covered in about half an hour. Owing to the quantity of spars and wreckage floating about the ship, it was found impossible to put the boat alongside, so the shipwrecked crew, numbering sixteen hands in all, had to jump into the water one by one, and were then dragged into the Life-boat by the aid of ropes. As the rescued men were in a very cold and exhausted condition, it was resolved to make for the nearest landing point, the south beach, at Troon. When a few hundred yards from the land they were overtaken by some heavy seas, which came up astern and towered some 12ft. or 15ft. above the boat; the first broke over her and filled her with tons of water, while the second threw her on her beam ends, with the result that some four or five of the twenty-nine men on board, including the coxswain, were flung into the water. On account of the rest of the

meu clinging to her leese the boat was only able to recover herself by degrees, but as she did so, all the men regained her, with the exception of one young Norwegian, who was washed away and not seen again. The remainder of the voyage was made without mishap, and the shore was reached at about 1 o'clock. The Coxswain, DAVID SINCLAIR, who is 70 years of age, and others, felt the effects of the immersion very much, but happily they all eventually recovered. The Silver Medal of the Institution and a copy of the Vote, inscribed on vellum and framed, were granted to Sinclair, in acknowledgment of his bravery in the Life-boat Service, on this and other occasions. He and the crew were loud in their praises of the admirable behaviour of the Life-boat—the coxswain adding, “if anyone wants a better boat they will have to get a seagull.”

Dec. 30.—RAMSGATE.—*Bradford Life-boat*.—A vessel being observed, burning a flare, driving towards the land, while a strong wind was blowing from the N., with squalls and a heavy sea, the Life-boat, in tow of the steam-tug *Aid*, left the harbour at 11.30 p.m. and followed the vessel, but were unable to overtake her before she went ashore on the mainland in Pegwell Bay. An attempt was made to get a tow rope on board from the tug, but this could not be accomplished owing to the state of the sea and the shallowness of the water, and the Life-boat therefore anchored, veered alongside the schooner, the *Union*, of Sunderland, from Treport for London with stone, and took off her crew of four men.—Expenses paid by the Board of Trade.

Dec. 31.—BROADSTAIRS.—*Christopher Waud, Bradford, Life-boat*.—The three-masted schooner *Jubilee*, of Harwich, showing a signal of distress off the North Foreland, the Life-boat was launched at 2.30 p.m., and proceeded to her assistance. The wind was then blowing a gale from N., accompanied by snow squalls, and the sea was very rough. At the master's request six of the Life-boat men boarded the vessel, which was leaking, slipped her anchors, and took her to Ramsgate.

Shortly after leaving her the schooner *Bullinbreich Castle*, of Padstow, which was riding at anchor, called the Life-boat by signal, but as the boat could not get alongside, owing to the set of the tide, she went as close as possible, and signalled to the master to slip his anchors, which he did. The Life-boat afterwards placed three men on board to assist the crew, and the vessel made for Ramsgate with the Life-boat in tow.—Property salvage case.

Dec. 31.—Voted 75*l.* 10*s.* 6*d.* to pay the expenses of the Aberdovey, Barmouth, Blackpool, Buckie, Caister No. 2, Clacton, Cloughey, Donna Nook, Douglas No. 2, Dungeness, Gorleston No. 1, Greencastle, Holyhead Nos. 1 and 2, Hoylake, Lowestoft No. 1, Lytham, Mablethorpe, Margate, New Brighton, North Deal, Palling No. 1, Porthdinllaen, Porth Rhuffydd, Rhoscolyn, Rhosneigir, Ryde, Southport No. 2, Thurso, Whithorn and Great Yarmouth Life-boats in assembling their crews, watching or putting off, their services however not being required.

LIFE-BOAT INSTITUTION IN 1894.

Jan. 10.—Two men waded into a heavy surf and assisted to save 15 men from a boat, which, while attempting to land at Seaton, Devon, with 19 men on board belonging to the Norwegian s.s. *Edison* and barque *Ran*, which had been in collision, was capsized on the beach. Unfortunately the remaining four men were drowned.—Reward, 2*l*.

Jan 11.—Voted the Silver Medal of the Institution, a copy of the vote inscribed on vellum and framed, and 1*l*. each to JOHN BRADFORD, URIAH BRADFORD and GEORGE PROWE, for gallantly launching a small 15-foot boat and, after repeated attempts and incurring considerable risk, saving the crew of six men from the schooner *John Gronsvind*, of Svendborg, which had been driven on the Pole Sands, off Exmouth, in a strong south-easterly gale and a very heavy sea on the 4th January.

Also the thanks of the Institution inscribed on vellum (framed) to Mr. J. M. CRICKSHANK, and thanks to Messrs. FRED BREW, JOHN BREW, W. JOUGHIN, W. QUIRK, W. H. KNEALE and T. SEARE, and 7*l*. 10*s*. to nine other men, for wading into the surf and, with the help of lines, saving the crew of seven men belonging to the brig *Gier*, of Svelig, which stranded near the Point of Ayr, in a south-easterly gale and very heavy sea on the 10th December.

Also the thanks of the Institution to Mr. W. H. MARTYN, and 6*l*. to four other men, for contributing to the rescue of the crew of three men from the ketch *Liberty*, of Guernsey, shortly before that vessel went on the Doom Bar, off Padstow, where she became a total wreck, during a gale from the N. on the 20th Dec.

Jan. 24.—Mr. JAMES ROBB, Mate of the s.s. *Helen Craig*, and two seamen, put off in a boat belonging to the steamer and saved two of the crew of the schooner *Xanthus* of Dublin, who were clinging to the rigging, their vessel having been sunk by collision with a steamer about two miles N.E. of Bangor during a W.S.W. gale and a rough sea.—Reward, 3*l*.

Jan. 28.—Two men put off in a small boat and saved two men from a barge which was swamped and sunk at Crosstown, co. Wexford, in a gale and heavy sea.—Reward, 1*l*.

Jan. 30.—Two men went off in a boat and saved the crew of 5 men from the Fishing-boat *Ranger*, of Inverness, when that vessel was capsized off Kessock, Inverness-shire, in a strong gale from the N.W. and a rough sea.—Reward, 1*l*. 10*s*.

Feb. 8.—Voted the Silver Medal of the Institution, a copy of the vote inscribed on vellum, and 2*l*. to Mr. JOHN BUNT and Mr. JOHN FLOBY, for putting off three times in a boat, and gallantly saving the crew of four men, one of whom had become deranged, from the rigging of the brig *Hurriet*, of Jersey, which stranded and filled off Portishead in a strong gale and a very heavy sea on the 18th November.

Also 3*l*. 15*s*. to five men who put off in a boat and were instrumental in saving the lives

of two men belonging to a lighter which had sunk in Belfast Lough, while the wind was blowing a moderate gale from the N.W. and a heavy sea was running on the 25th November.

Also 10*l*. 10*s*. to 42 Lowestoft beachmen for saving, by means of ropes, the crew of 5 men from the Smack *Albion*, of Lowestoft, which was wrecked while returning to port on the 10th December.

Feb. 8.—Five men put off in a boat and saved one of the crew of a rowing boat, which was capsized in West Angle Bay, Milford Haven, in a moderate wind from the W., accompanied by a heavy ground swell.—Reward, 5*l*.

Feb. 23.—Nine men went out in the fishing lugger *Rambler*, of Peel, Isle of Man, and rendered assistance to the fishing boat *North Dalrymple*, of that port, which was in a disabled state and unable to make the harbour in a S.W. gale and a rough sea.—Reward, 2*l*. 5*s*.

March 1.—Three men gallantly attempted to launch a boat to the rescue of the crew of the stranded Barque *Eidsiva*, of Drammen, in Clauyard Bay; in doing so the heavy seas filled the boat and washed her back on the beach, and before another trial could be made the life-saving apparatus arrived and saved the shipwrecked crew.—Reward, 1*l*. 10*s*.

March 13.—The first and second Coxswains of the Porthdinllaen Life-boat put off in a boat and landed the crew of 2 men from the smack *Ann and Betsy*, of Cardigan, which had grounded on the Oyster Bank off Porthdinllaen in a strong N.N.E. wind and a rough sea.—Reward, 2*l*.

March 22.—Two men, belonging to Teignmouth, promptly launched a boat to the rescue of a gentleman whose boat had been carried over the bar at that place, and was in considerable peril, in a rough sea.—Reward, 1*l*.

March 22.—The brothers MALCOLM and NORMAN MORISON, of Luing Island, Argyllshire, put off in a boat and saved a man whose boat had been thrown on her beam ends by a gust of wind and filled with water on a stormy and dark morning.—Reward, 2*l*.

March 23.—Four men put off in a boat and saved four persons, whose boat, the *Haring* of Culleroats, had capsized near Whitley Rocks, Northumberland, in a moderate wind and sea.—Reward, 3*l*.

March 31.—Five men put off in a boat from Ballintoy, Co. Antrim, and saved three of the crew of a fishing-boat which had been capsized off Ballintoy in a strong breeze and a rough sea.—Reward, 2*l*. 10*s*.

April 8.—The freman of a steam-launch rescued two men from a boat which had been capsized off Southsea.—Reward, 10*s*.

April 12.—Voted the Silver Medal to WIN- SPEARE FOLEY, Esq., and to ALEXANDER MOORE, Divisional Carpenter, H.M. Coastguard, accompanied in each case by a copy of the Vote inscribed on vellum and framed, and in the latter case by a gratuity of 1*l*., in recognition of their

gallantry in putting off in a boat and at considerable risk saving four of the crew of the fishing-boat *Mary*, of Doonfeeny, which had been capsized at Ballycastle, in a gale of wind and a heavy sea on the 20th Feb.

April 23.—Sixteen men put off in two boats and saved three of the crew of the pilot-boat *Barney*, which had been capsized on Montrose bar in a heavy sea.—Reward, 12*l*.

April 24.—Eleven men rendered service on the occasion of the wreck of the barque *Christian Wilhelm* on Sandy Island rocks, Co. Cork, in a whole gale of wind and a very heavy sea. Four of the men put off in a boat from Hare Island, landed six of the vessel's crew and returned to fetch the remainder, after three ineffectual attempts, in each of which the boat was beaten back; but after taking four of them on board the boat was capsized and destroyed, the four salvors and the other men getting on board the barque by means of lines hanging from her. Another boat manned by seven men then proceeded to the rescue and saved all on board the vessel, consisting of five of her crew and the four men who had attempted to rescue them.—Reward, 12*l*.

May 14.—Six men put off in a boat and saved two of three lads, whose boat had been capsized off Cullercoats in a strong breeze from the S.E. and a choppy sea.—Reward, 3*l*.

June 24.—Three men rendered assistance to a boat containing the crew, thirteen in number, of the barque *Ornen*, of Sandefjord, which had stranded on the Goodwin Sands in a fresh S.W. wind and a rough sea.—Reward, 1*l*. 10*s*.

July 7.—Two men put off in a boat from St. Anne's, and saved three men from a boat which had stranded on the Salthouse Bank in a strong W. breeze and a rough sea.—Reward, 15*s*.

July 7.—Five men put off in a boat and rendered assistance to the yacht *Shrimp*, with two men on board, which was in danger off the Point of Ayr, Isle of Man, in a moderate S.S.W. breeze.—Reward, 2*l*. 10*s*.

July 12.—A man saved five persons from the skiff *Thistle*, of Gorleston, which was in danger between Gorleston and Great Yarmouth in squally weather, a rough sea and a thunderstorm.—Reward, 10*s*.

Aug. 2.—Voted 1*l*. to a girl and 10*s*. to her brother for putting off in a boat to the rescue of two children, each about four years of age, who, having got into a small punt at Bembridge, Isle of Wight, on the 17th July, pushed off from the shore and were drifting seaward. On reaching the children their boat was taken in tow, but the wind being off shore, although the sea was smooth, was too much for the would-be rescuers and the two boats would have incurred a risk of being swamped in the tide-race beyond Bembridge Ledge but for the timely arrival of two sons of Major Windham, of Bembridge, who observing them from their house immediately proceeded to the shore, obtained a boat and went to their assistance. They anchored one of the boats and took the

other in tow, when they were met by another boat, manned by a fisherman and a schoolmaster, who had also gone to the rescue; and ultimately all safely reached the land. The thanks of the Institution were voted to Messrs. Windham, and the sum of 10*s*. to those who put off in the last-mentioned boat.

Aug. 18.—Two men saved a man who had fallen overboard from a steam-launch in Wexford Harbour in the fresh S.W. breeze and a moderate sea.—Reward, 10*s*.

Oct. 11.—Voted the Silver Medal of the Institution, accompanied by a copy of the vote, inscribed on vellum and framed, to J. H. LONG, Esq., Honorary Secretary of the Youghal, Co. Cork, Branch of the Institution, for gallantly saving a young man from drowning on the occasion of the foundering of the yacht *Seagull*, belonging to Mr. LONG, on the 5th September. Learning that the man in question was unable to swim, Mr. LONG resolved to save him, but incurred imminent risk of his own life in doing so. The man first clutched Mr. LONG by the neck, but was persuaded to get on to the latter's back so that he might swim with him, but again becoming frightened, he climbed on his rescuer's shoulders, shouting for help. Ultimately another yacht reached them and picked up the man, but sailed over Mr. LONG, who caught hold of her bobstay but was compelled to release his hold, the vessel sailing at considerable speed. Five minutes elapsed before the boat could put back, and when Mr. LONG was picked up he was greatly exhausted.

Oct. 14.—Four men rescued the crew consisting of four men from the fishing boat *Sea Belle*, of Derryoge, Co. Down, which was sinking off that place in a strong N.E. breeze, a rough sea, and thick weather.—Reward, 2*l*.

Oct. 21.—Five men saved, by means of lines, the crew of seven men from the brig *May*, of Christiania, which had stranded on the Harkness rocks, off Bamburg Castle, in a strong gale and a heavy sea.—Reward, 1*l*. 17*s*. 6*d*.

Oct. 23.—Five Coastguardmen put off in their boat from Helvick Head and saved the crew of four men from the schooner *Problem*, which had stranded on the Gainers Rocks, Dungarvan Bay, in a gale from the E.S.E., and a rough sea.—Reward, 3*l*. 15*s*.

Oct. 23.—A man put off in a small boat and saved the crew of six men from the fishing-lugger *Elizabeth and Mary*, of Shoreham, which foundered off Ramsgate in a strong E. breeze and a choppy sea.—Reward, 2*l*.

Nov. 19.—Two men saved the crew, two in number, of the fishing-boat *Ethel*, of Hallsands, which was capsized in a squall, about two miles West of Start Point.—Reward, 10*s*.

Dec. 22.—Several of the Fleetwood Life-boat men waded into the surf and rescued four men from the fishing smack *Petrel*, of Fleetwood, in a whole gale of wind and a very heavy sea.—Rewards included in payment made to them for services in connection with the Life-boat.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. WYON." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. Wyon, Mint." Inscription, "Let not the deep swallow me up."

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1894, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,237, 98 of which were in Gold, and 1,139 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

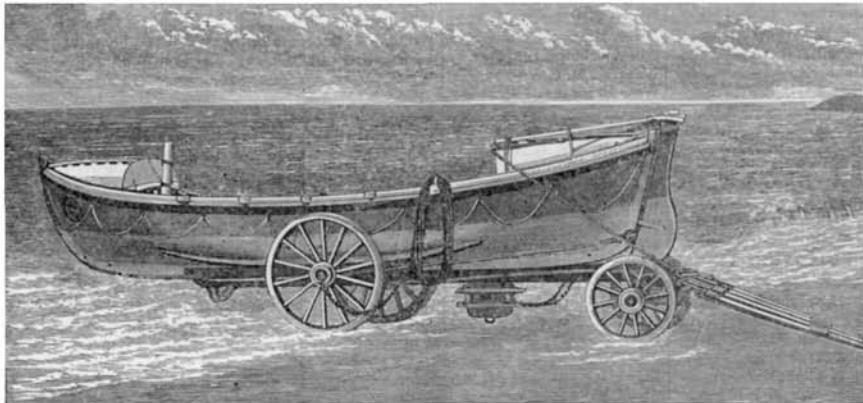

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 308 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy, The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

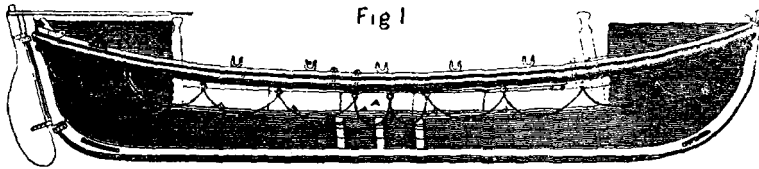

In Figure 2, the unshaded space, A, represents the uncovered part of the deck;

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

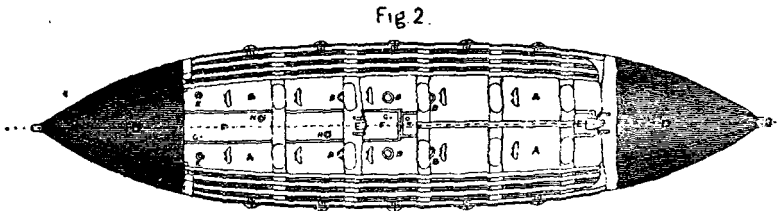

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

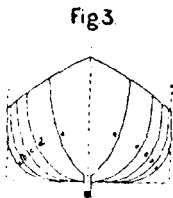

THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT

MIDSHIP SECTION

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passenger.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

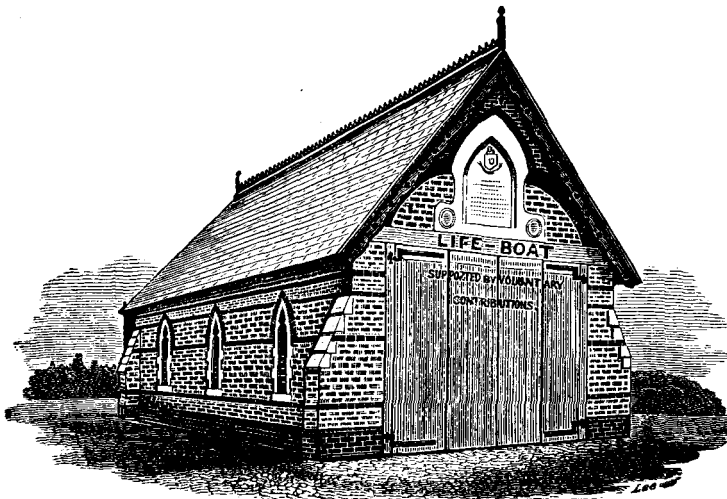

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum, and payment as a helper each time he is on duty. The members of the volunteer crews are registered and, wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or Coastguardmen. On every occasion of going afloat to save life, the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October, and ending the 31st March.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a Coastguard man on duty or other responsible look-out man.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The average cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	
Skids, and Transporting-carriage for the Life-boat	£700
Boat-house (Slipway extra)	350
Total	£1,050

It is often necessary to provide a Slipway for launching purposes, which costs from 200*l.* to 1,000*l.* The average Annual Expense of maintaining a Life-boat Station is 100*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 308 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 38,633 lives.

Despite, however, this fleet of 308 Life-boats, and of 17 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that on an average 650 lives are lost annually on and around our own shores alone, as shown by the Board of Trade Returns, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs an income of at least 70,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.
