

THE LIFE-BOAT.

JOURNAL

OF THE

Royal National Life-boat Institution.

(ISSUED QUARTERLY.)

VOL. XVI.—No. 180.]

1ST MAY, 1896.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at St. Martin's Town Hall, Charing Cross Road, on Saturday, the 21st day of March, 1896, Captain His Royal Highness The DUKE OF YORK, R.N., K.G., in the Chair, the following Report of the Committee was submitted for adoption:—

ANNUAL REPORT.

1896.

THE Committee of Management of the ROYAL NATIONAL LIFE-BOAT INSTITUTION in issuing their 72nd Annual Report gratefully acknowledge the continued liberal and much-needed support they have received from the British Public during the past year, in their earnest efforts to promote and maintain the thorough efficiency of the Life-boat service, which year by year seems to gain increased favour and popularity with all classes of the community.

Life-boats.—A new Life-boat station has been established by the Institution during the past year at Wick, and another is in course of formation at Carrickfergus for the better protection of the increasing traffic in Belfast Loch.

New Life-boats, fully equipped, were sent in 1895 to six stations to take the place of condemned or disabled boats. The stations to which these boats were sent were:—

ENGLAND AND WALES.

Hilbre Island Cheshire.
Penzance Cornwall.
Point of Ayr Flintshire.
Wells Norfolk.
Whitby No. 2 Yorkshire.

IRELAND.

Fenit Kerry.

The boats at six other stations have been improved and brought up to date, and others will be similarly dealt with during the present year.

Owing to various reasons the Life-boat stations which had for many years been maintained by the Institution at Ardmore, Greystones, Middlesbrough, Mundesley and Valentia have been closed and the Life-boats withdrawn; and one of the Life-boats has been removed from Pakefield, while the boat at Scarborough has, at the request of the crew, been exchanged for that withdrawn from Middlesbrough.

At the end of last year the Institution's fleet consisted of 303 Life-boats.

The Committee think it well to again

remind the public that they are prepared to establish and maintain a Life-boat station on any part of the coast of the United Kingdom, where it can be shown that a Life-boat is really required. It is, however, a *sine qua non* that there should be a sufficient number of men, either fishermen or others accustomed to manage boats at sea, to man the Life-boat.

Transporting Carriages.—The Life-boats at seven stations have been provided with new transporting carriages during the past year, and others are being built to meet the requirements of other stations.

Inspection of Life-boats, &c.—All the Life-boat stations of the Institution were inspected in 1895 by the Inspectors, a full report on each occasion being submitted to the Committee and carefully considered by them. The system introduced during the previous year of surprise visits to stations has certainly tended to increased efficiency in the service.

Shipwrecks.—1895, like 1894, was remarkable for the lack of stormy weather during the greater part of the year, but was at the same time marked by a few gales of great force and unusual strength towards the beginning and close of the year, resulting in considerable destruction to life and property. The gale of the year was that of the 2nd and 3rd of October, during which 27 Life-boats were launched on service, and succeeded in saving 54 lives.

During the year the Institution's Life-boats were launched 437 times on service and 1060 times for exercise and drill, besides which crews were assembled on 69 other occasions when circumstances seemed to indicate that their services might be required. Notwithstanding the very large number of Life-boat men who manned the boats on this necessarily dangerous service during the year, until the 24th of December only one man had lost his life, and this life would probably not have been sacrificed had it not been that the gallant fellow in his eagerness

and anxiety to save the lives of others failed to take the necessary precautions for his own safety. Unfortunately, however, before the end of the year the committee had to deplore the terrible catastrophe which befel the large Kingstown Life-boat on Christmas Eve. She had proceeded in an E.S.E. gale to the assistance of a vessel in distress, when she was capsized, failed to right, and her crew of 15 gallant men were drowned. The Committee paid the funeral expenses and contributed 2,200*l.* towards the fund which was raised for the relief of the bereaved families. The Committee also requested the Board of Trade to hold an official inquiry into the circumstances attending this disaster, feeling that this would rightly carry more weight than any inquiry held by their own officers. The official finding was "that the cause of the casualty was the failure of the Life-boat to right herself, owing to injuries sustained by the end air-chambers, or one of them, upon her being capsized."

As will be seen by the following table, the total number of lives for the saving of which the Committee granted rewards in 1895 was 709. Of these 533 were saved by Life-boats, and 176 by shore-boats and other means, besides which the Life-boat crews saved 36 vessels. The following table gives the details of the services during each month of the year.

Rewards.—The rewards given by the Institution in 1895 for the saving of life from shipwreck, or for efforts to do so with personal risk, and in acknowledgment of other good services rendered to the cause, comprised 7 Silver Medals, 3 Second Service Clasps, 13 Binocular Glasses, 2 Aneroid Barometers, 39 Votes of Thanks inscribed on vellum and framed, 10 Certificates of Service framed, and 10,434*l.*, including grants to relatives of men lost on service and compensation for injuries received in the Service.

Up to the close of the year the Institution had granted in rewards since its establishment in 1824, 98 Gold Medals and Gold Clasps, 1,149 Silver Medals and Clasps, 257 Binocular Glasses, 15 Telescopes, 9 Aneroid Barometers, 1,519

Votes of Thanks inscribed on vellum and framed, 57 Certificates of Service framed, and 158,929*l.* in money.

Aneroids.—Further applications were received during the year for the Aneroid Barometers, which for the last thirteen years have been supplied by the Institution to Fishermen and the Masters and Owners of small Coasters at one-third the retail cost. One hundred and forty-two of these thoroughly reliable instruments were supplied to Fishermen and to Coasters, making a total of 3,609 supplied in all since June 1882.

Life-Belts.—The decision arrived at by the Committee in May, 1894, to supply Fishermen in the Coble districts with thoroughly efficient Life-belts at less than half the retail price, with a view to diminishing the loss of life amongst them when employed in small boats, has not met with so much success as was anticipated, only 40 of the Belts having been applied for during the past year, making a total of 51 Belts issued in all.

Removal of Wrecks.—Numerous wrecks in non-navigable waters dangerous to Life-boats were removed last year by the Trinity House and other authorities under the provisions of the Removal of Wrecks Act 1877, Amendment Act 1889, the passing of which was secured by the Institution. Each succeeding year clearly demonstrates the usefulness of the measure.

Electrical Communication on the Coast.—The very important system of Electrical Communication on the Coast for the purposes of Life-saving undertaken by Government, at the instance of the Institution, nearly four years ago, has been still further developed during the past year, several additional lightships and rock lighthouses having been connected with the shore, in compliance with the recommendations of the Royal Commission; besides which many Coastguard stations and postal telegraph offices have been telegraphically or telephonically

connected in order that prompt notice may be given to Life-boat crews that their services are required. More, however, still remains to be done, and it is the earnest hope of the Committee that the Government may find themselves able during the coming financial year to obtain from Parliament a vote sufficiently large to provide for the completion of this great work. The Committee gratefully acknowledge the valuable assistance they have received in their efforts to render the system thoroughly efficient from the Admiral Superintendent of Naval Reserves and from the officials of Her Majesty's Post Office, who have done all they possibly could to secure the desired end. The great help of electrical coast communication to the work of the Institution has been abundantly shown during the year.

Local Committees, &c.—The cordial and grateful thanks of the Committee are due to the Local Committees and their Honorary Secretaries and Treasurers for their continued generous and self-denying efforts to obtain financial support for the work of the Institution, and to maintain the Life-boat stations in thorough efficiency. Were it not for the hearty co-operation of these voluntary helpers, the Committee of Management could not possibly carry on the work which has been entrusted to them.

The Committee also tender their best thanks to the many inventors and others who during the past year were good enough to submit to them patents and proposals which they thought might be used for the purposes of the Institution. The Committee are, as they have always been, most grateful for any suggestions from any source whatever which may help them in their endeavour to increase the efficiency of the service.

Life-boat Saturday, &c.—The Institution's Life-boat Saturday Fund continues to gain popularity with all classes of the community throughout the country, and "Life-boat Saturday" demonstrations

and collections were made in upwards of 80 of our most important cities and towns in 1895. Notwithstanding the depressed state of agriculture and other industries, and the inconveniences of a General Election as well as County Council and School Board elections, they were highly successful, the amount received by the Institution under this head being 16,800*l.* 19*s.* 8*d.* In some places it was found more convenient to have a Sunday collection, or to select some other day more suitable for local arrangements, but the results were almost always equally satisfactory. In view of the growth of the movement and the desirability of developing it in the Metropolis, the Committee decided last May that after the close of the year it should be worked from a central office in London. Offices were accordingly obtained at 3, Adelphi Terrace, Strand, in close proximity to the Institution. As soon as H.R.H. the DUKE OF YORK heard of the decision of the Committee he graciously accepted the post of President of the Fund. The patronage which His Royal Highness has conferred on the Fund has given general satisfaction, and will be of great service to it. London has already been divided into 80 districts, in which committees are being formed, and these districts are being actively canvassed with a view to a Life-boat Saturday collection in London during the coming season. A very influential Ladies' Committee has also been appointed as an auxiliary to the movement, and there is no doubt that the efforts which are and will be made by this Committee will, as elsewhere, greatly conduce to the success of the campaign. The Committee of Management of the Institution have deputed the general conduct of their Saturday Fund to a committee composed of representatives from cities and towns throughout the country in which "Life-boat Saturday" collections have been made, with the addition of some members of the Committee of Management. This Committee is working enthusiastically, and is sanguine that its efforts to still further develop the

organisation, both in London and the provinces, will be crowned with success. Early in the spring of last year, the Committee of Management invited the "Life-boat Saturday" workers throughout the country to a conference and *conversazione* in London, and the interchange of views and the friendly intercourse thus obtained has doubtless been the means of benefiting the cause by stimulating and encouraging all to further effort. An impetus has been given to all the Ladies' Auxiliaries by the kind recognition of the labours of the Manchester and Salford Ladies' Committee last November by H.R.H. Princess Louise, who graciously went to Manchester to receive purses on behalf of the Fund, thereby furnishing another instance of the great interest evinced by the Royal Family in the Life-boat cause. The Committee desire to take this opportunity of tendering to all the workers in the movement their most grateful and cordial thanks. The amount of self-denying, hard work done by the Committees, Sub-Committees, Ladies' Committees, &c., has been enormous, and calls for the strongest expressions of appreciation and gratitude. The best thanks of the Committee are also due to the Press of the country for the general and powerful support which it has so freely given.

Finances.—The receipts by the Institution during the year 1895 in subscriptions, donations, Life-boat Saturday (gross) and Sunday collections, dividends, &c., amounted to 66,281*l.* 2*s.* 3*d.*, a sum in excess of the corresponding total of any previous year since the establishment of the Institution in 1824, excepting that of the year 1894, when, principally owing to an unusual number of special gifts, this amount was exceeded. This is the more gratifying because, as has already been stated, the Life-boat Saturday collections were greatly interfered with by the General Election, &c. The revenue under every other head shows a satisfactory advance.

The amount received last year in special gifts was 2,556*l.* 1*s.* 8*d.* for specified Life-boat Establishments:—

	£.	s.	d.
Abersoch—Oldham Fund (additional)	70	—	—
Caister—Covent Garden Fund (additional)	86	—	2

— HANS BLACKWOOD, Esq.	700	—	—
— T. B. DRYBROUGH, Esq.	700	—	—

Numerous legacies, the majority of which were small ones, were also received during the year. These the Committee have found most serviceable in helping them to carry on the Institution's work. Full details will be found in another part of the Report.

The expenditure of the year amounted to 75,417*l.* 3*s.* 1*d.* (plus 6,045*l.* 16*s.* 11*d.* for the special purpose of working and developing the "Life-boat Saturday" Fund). The payments comprised 26,375*l.* 11*s.* 7*d.* for building, equipping, improving and repairing Life-boats and Life-boat Carriages, Life-boat Houses and Slipways; 15,958*l.* 2*s.* 8*d.* for Life-belts and other Stores, the Storeyard, Subsidies to non-self-supporting Stations, Branch Payments, and Aneroids for Fishermen and Coasters; 26,718*l.* 17*s.* 6*d.* for payments to Inspectors, Coxswains, Bowmen, Signalmen; to Crews, &c., for Services and for Exercising the Life-boats, Special Rewards and Recognitions for Services, Grants to Relatives of Men lost on Service and for Injuries, also for Medals and Vellums. The remainder was expended in Printing, Advertising, Postage, Telegrams and Stationery; on Salaries, Rent, Rates, Taxes, Housekeeper, &c. Every item of receipt and expenditure has been examined,

verified, and passed by Mr. LOVELOCK, of the firm of Messrs. LOVELOCK, WHIFFEN, and DICKINSON, 19, Coleman Street, E.C., Chartered Accountants.

The Committee, while gratefully acknowledging the generous help they have received in the past, earnestly invite increased and sustained support in the

future. They believe that the British Public are proud of the Life-boat service and of the good name the Institution bears all over the world, but they have to point out that the thorough efficiency of the service can only be maintained at a very large annual expenditure, and it is for the means to meet this they so urgently appeal.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 39,354.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COUTTS and Co., 59 Strand; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution,
14 John Street, Adelphi, London, W.C.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1895.

Jan. 1.—GORLESTON.—*Mark Lane* Life-boat.—The steamers *Kent*, of London, and *Kirkstall*, of Shields, which had been detained in the roadstead by stress of weather, ran short of provisions and each sent a boat ashore to obtain supplies. A moderate gale was blowing, the sea was very rough and the weather very cold, with snow. When some distance from the vessels a heavy squall caught the boats, one of which lost two of her oars, while the other boat was half filled by a

heavy sea. The Life-boat put off to their assistance, succeeded in reaching them before they drifted into the breakers, and, with the help of a steam-tug which came to the rescue, the boats, in one of which were five and in the other four men, were brought safely into the harbour.—Expense of services, 18l. 19s. 6d.

Jan. 2.—PORT ISAAC and PADSTOW, CORNWALL.—*Richard and Sarah* and *Arab* Life-boats.—The barque *Antoinette*, of St. John, New Brunswick,

bound from Newport for Santos with coal, was observed about eight miles distant from Port Isaac drifting towards the shore, and with the aid of a powerful glass it was seen that her bowsprit, fore and main topmasts and nearly all her working gear had been carried away. The Life-boat was launched and proceeded towards the vessel, the crew having a hard pull against wind and sea until fairly clear of the land, when sail was set and by alternately rowing and sailing the ship was reached. Just before the Life-boat came up a steam-tug arrived alongside, took the vessel in tow and made for Padstow. The Life-boat accompanied them, and on nearing Padstow the Life-boat stationed there, which had also put off on receipt of news of there being a vessel in distress, arrived on the scene. All went well until the entrance of the harbour was reached, when, the tide being low and the vessel not being under proper control, she struck on the Doom Bar Sand; the tow-rope broke and the ship remained fast, broadside-on to the sea. It then became necessary for the crew to leave her; accordingly ten of them were taken into the Port Isaac Life-boat and the remaining four men into the Padstow Life-boat. They were all safely landed at Padstow at 3 p.m., and the Port Isaac Life-boat men, after obtaining refreshments, made the return journey to their station which was reached, after encountering very heavy weather, at 7.30 p.m.; the crew, who had been engaged in the boat about eleven hours, being thoroughly wet, cold and exhausted.

During the afternoon five men put off in a boat from Padstow with the intention of trying to save the *Antoinette*, but a heavy ground sea suddenly sprung up, and as they were in considerable danger the Padstow Life-boat went to their assistance and rescued them from their perilous position. The vessel was then filling with water, and soon afterwards she became a total wreck.—Expense of services, 71*l.* 14*s.*

Jan. 5. — CULLERCOATS. — *Co-operator* No. 1 Life-boat.—At 8.30 p.m. the Life-boat was launched and proceeded to the assistance of the Danish s.s. *Njord*, bound from Copenhagen for the Tyne with a general cargo, which had stranded on a rock known as the Bear's Back, at Cullercoats, and was rolling heavily. The master

having engaged the services of the Life-boat men to get the vessel afloat, they laid out a kedge anchor about a hundred fathoms aft with wire rope fast to the steam-winch, and by this means the vessel's stern was hauled off into deep water; but she still held fast forward. At the request of the master, who feared that the propeller had been lost, the services of a steam-tug were obtained before further efforts were made to get the ship afloat, and at about 10.15 p.m. the steamer was towed off the rock. The coxswain of the Life-boat boarded her, and she was taken into the Tyne and laid on the mud at Salmon's Quay, South Shields, as she was leaking badly.—Property salvage case.

Jan. 6.—THURSO.—*Co-operator* No. 3 Life-boat.—The schooner *Clarence G. Sinclair*, of Wick, coal laden from the Tyne for Thurso, while lying at anchor in Scrabster Roadstead, signalled for help, as a strong gale was blowing from the N.E., there was a heavy sea to which the vessel was fully exposed, and she was in imminent danger of driving ashore. The Life-boat proceeded to her assistance and took off her crew of five men. The boat then went to the schooner *Isabella Stuart*, which had signalled, took off her crew of three men, and afterwards made for Scrabster, where all the men were landed.—Expense of service, 12*l.* 18*s.*

Jan. 7.—BOULMER, CULLERCOATS, NORTH SUNDERLAND, SCARBOROUGH, and TYNE-MOUTH.—*Melissent*, *Co-operator* No. 1, *Thomas Bewick*, *Queensbury*, *Charles Dibdin* Life-boats.—A sudden gale sprung up accompanied by a high sea, and between 9.30 a.m. and 4.45 p.m. these five Life-boats were launched and rendered help to many fishing-boats which had been overtaken by the storm and were in considerable danger. In some cases the boats were assisted into harbour and in other instances the Life-boats remained in attendance, giving confidence to the fishermen in the knowledge that help was at hand should any casualty befall them while making for port.—Expense of services, 94*l.* 11*s.*

COMMITTEE MEETING, 10th Jan., 1895.

Voted the Silver Medal of the Institution to Mr. DAVID SINCLAIR, Coxswain of the Irvine Life-boat, in recognition of his

services on the occasion of the rescue, under dangerous circumstances, of the crew of the ship *Frey*, of Tönsberg, on the 28th December last.

Also the Silver Medal to Mr. A. SIMMONS, Chief Engineer of the Steam Life-boat *Duke of Northumberland*, who had been in charge of the engines on each of the twenty-eight occasions when the boat had been on service, and had thus contributed to the saving of fifty-one lives.

The Committee specially recognised the good services of Mr. EDWARD COUDRON and Mr. FRANK CARTER whilst respectively serving as coxswains of the Wicklow and Weymouth Life-boats.

Voted 868*l.* 14*s.* 6*d.* for services, assemblies of the crews, or launches to distressed vessels by the following Life-boats:—Ardrossan, Barmouth, Berwick-on-Tweed, Caister Nos. 1 and 2, Cromer, Donna Nook, Dungarvan, Dungeness No. 1, Fleetwood, Gorleston No. 1, Holyhead No. 1, Hoylake, Irvine, Nairn, Newbiggin, North Sunderland, Padstow, Palling Nos. 1 and 2, Peel, Penarth, Point of Ayr, Port Eynon, Port Logan, Porth Rhuffydd, Rhyl, Ryde, Saltburn, St. Anne's, Sennen Cove, Thurso, Troon, Walton-on-the-Naze, Winterton Nos. 1 and 2, and great Yarmouth,

The Ramsgate Life-boat was taken out but her services were not ultimately needed.—Expense paid by the Board of Trade.

Jan. 11.—WEXFORD.—*Andrew Pickard* Life-boat.—While a strong gale was blowing from the S.S.E., a pilot wherry which was in tow of a steamer was observed to let go the tow-rope and come to an anchor, being unable to tow any further in such a heavy sea as was then running. The Life-boat was promptly manned, and at 4.45 p.m. proceeded to the spot where the boat had been seen, but, as it was then dark, failed to find her. Lights were burned, the Life-boat cruised about for a considerable time, and eventually discovered her lying astern of a schooner, full of water. The four men, who were in an exhausted condition, were taken into the Life-boat and brought ashore.—Expense of service, 22*l.* 15*s.*

Jan. 12.—FRASERBURGH.—*Anna Maria Lee* Life-boat.—The Life-boat was launched

at 1 p.m., a telegram having been received from Pitullie stating that four fishing-yawls which had left that place in the morning were unable to return owing to a strong S.E. gale which was then blowing, accompanied by a heavy sea, and were therefore making for Fraserburgh. The Life-boat stood by the boats until they had entered the harbour, great fears being entertained for their safety, for, had they been caught by the large waves which were breaking, they would inevitably have foundered.—Expense of service, 11*l.* 5*s.*

Jan. 12.—POOLE.—*Boy's Own No. 2* Life-boat.—The barque *Brilliant*, of Grimstadt, while on a voyage from Cuba to Bremen with a cargo of cedar logs, went aground on the Hook Sands, at the mouth of Poole harbour, in a heavy gale from S.E. by E. and a very high sea. The Life-boat was launched at 1.40 p.m. and was towed by the steam-tug *Telegraph* to Poole bar, when she was slipped from the steamer and proceeded under oars to the barque. Owing to the high sea running, it was a work of considerable difficulty to rescue the vessel's crew, and this was not accomplished without accident. The captain, who had previously broken one of his ribs, fell into the water while sliding down a rope from the ship's stern to the Life-boat, but was got safely into the boat; and one of the crew had one of his legs broken by becoming entangled in the rope. Ultimately the ten men were got into the boat, which then pulled to the steamer and was towed to Poole harbour in a blinding snowstorm.—Expense of service, 30*l.* 13*s.* 6*d.*

Jan. 12.—FISHGUARD.—*Appin* Life-boat.—While a heavy gale was blowing from the S.E. with a rough sea and snow, in the afternoon, signals of distress were shown by the smack *Prosperity* and ketch *Mercy*, both of Carnarvon, which were riding at anchor in the roadstead. The crews of both vessels, six men in all, were taken into the Life-boat and landed at Fishguard as a precautionary measure, there being a danger of the craft parting their cables or meeting with other casualty in the storm then raging.—Expense of service, 12*l.* 7*s.* 6*d.*

Jan. 13.—ABERSOCH.—*Oldham* Life-boat.—Signals of distress were seen in the vicinity of St. Tudwall's Sound, and

rockets being fired from St. Tudwall's Lighthouse, the Life-boat was launched at 6 A.M. in a heavy sea, the wind blowing a strong gale from E.S.E. with heavy snowstorms, and rescued the crew of three men from the ketch *Peter Varkevisser*, of Milford, bound from Portmadoc for Cardiff with slates, which foundered near Penrhyn du Point.—Expense of service, 20*l.* 5*s.* 6*d.*

Jan. 13.—SOUTHWOLD.—*Alfred Corry* Life-boat.—Information being received that a vessel was on the outer shoal about a mile N.E. of the town, the No. 1 Life-boat put off at 7.30 A.M. and found that the vessel was the brig *James and Eleanor*, of Shields. A whole gale of wind was blowing from the S.E. by S, and a terrific sea was breaking on the shoal where she was lying, her crew having taken refuge in the fore-rigging. The Life-boat let go her anchor, and while sheering alongside the vessel the latter's foremast broke off close to the deck, throwing the crew into the sea. One of the men, who was swimming, was taken into the boat, which then went amongst the wreckage and rescued another man, but before any others could be saved the boat was driven broadside on to the beach. Two of the shipwrecked crew were rescued by men wading from the shore into the surf with lines, but the master and two men unhappily lost their lives.—Expense of service, 56*l.* 6*s.*

Jan. 13.—DROGHEDA.—*Charity* Life-boat.—The barque *Emanuele Accame*, of Genoa, bound from Bremerhaven for Swansea, in ballast, was riding at anchor in a dangerous position about two miles N. of the Boyne bar, having lost three of her four masts. The No. 2 Life-boat was launched about 10.30 A.M., but the strong gale, which was dead against the boat, and the strong tide rendered it impossible for her then to cross the bar. Another attempt was made shortly after 12 o'clock, but she was again unable to effect a crossing. At about 2.30 a third attempt was made, the weather having moderated, when the Life-boat succeeded in reaching the vessel and brought ashore eighteen of her crew.—Expense of service, 38*l.* 4*s.*

Jan. 21.—ST. IVES, CORNWALL.—*Exceter* Life-boat.—Early in the morning several fishing-boats left the harbour, and whilst they were in the bay the wind suddenly increased to a very heavy

gale from the N.N.E., with a tremendous sea on the ridge. At about 8 A.M. it was seen that one of the boats, the *W. T.*, would incur great danger in crossing the ridge, and the Life-boat was therefore promptly launched and proceeded to her assistance, but unfortunately the boat upset before she could be reached, and two of her crew were drowned, the third man being washed ashore on Porthminster beach. The Life-boat then proceeded to the assistance of the gigs *Robert Henry* and *Children's Friend*, took out of the former the crew of five men and from the latter six men, and landed them at the Extension Pier. A fresh crew then manned the Life-boat and went to the help of the gig *Boy Willie*, which had a crew of six hands on board, and accompanied the boat safely into the harbour.—Expense of service, 23*l.* 7*s.*

Jan. 21.—ROKER.—*William Hedley* Life-Boat.—The Life-boat put off at 12.20 P.M. to the assistance of the s.s. *Manhattan*, of London, bound from Hull for Sunderland with oil, which had stranded between Roker Pier and the North Pier in a strong N.E. wind and a high sea. The master and three other men were brought ashore by the Life-boat, observation was kept on the vessel, the remainder of the crew having stayed on board, and at 7 P.M. the boat again went to her, taking the captain back to the ship with a pilot.—Expense of first launch, 16*l.* 19*s.*; expense of second launch paid by owners of vessel.

Jan. 24.—PWLLELLI, CARNARVONSHIRE.—*Margaret Platt of Staleybridge* Life-boat.—A schooner was seen to be dragging her anchors, drifting rapidly towards St. Patrick's Causeway, and showing signals of distress, while a moderate gale was blowing from the N.W., with terrific squalls and a heavy sea. The crew of the Life-boat were immediately summoned and the boat was launched at 3.45 P.M., proceeded to the vessel, and found she was the *Alnwick*, of Beaumaris, in ballast, from Balbriggan, bound for Amlwch. Her sails had been blown away, she had lost some of her spars, and, as it was evident that any attempt to weigh her anchor would result in her going ashore, the crew of three men decided to leave her and were taken into the Life-boat. On the following day the schooner was towed into safety by a steam-tug.—Expense of service, 24*l.* 0*s.* 9*d.*

Jan. 25.—HAYLE, CORNWALL.—*E. F. Harrison* Life-boat.—The Life-boat was called out to the assistance of the *s.s. Escorial*, of Glasgow, which, having been disabled in a heavy gale, drifted ashore off Portreath. The boat was taken on her carriage to Portreath, a distance of about eleven miles, and was launched with considerable difficulty, the water being low and the beach being soft. A strong gale was blowing from N.N.W. with a terrific sea. She had got about fifty yards from the beach when she was struck by a sea on the port bow. At that critical time one of the ship's crew was seen in the water, and while rescuing him the boat was thrown broadside-on; all endeavours to get her head again to the sea failed, and she drifted broadside-on to the beach. An attempt was made to launch her again, but the soft state of the sand, into which one of the wheels of the carriage sunk, rendered it of no avail. Every assistance was rendered by those on shore by rushing into the surf to rescue the shipwrecked men, who were seen swimming from the ship, and by these means seven of them were saved, but unhappily eleven others lost their lives in attempting to reach the land.—Expense of service, 38*l.* 10*s.*

Jan. 25.—HOLYHEAD.—*Thomas Fielden* Life-boat.—Signals of distress being seen in the bay, the No. 1 Life-boat was launched at 9.10 P.M., while a strong gale from N.E. was blowing with severe squalls, a heavy sea, and snow. The boat sailed in the direction in which the signals had been observed, and found they were shown by the schooner *Miss Hunt*. As the vessel was dragging her anchors and drifting towards the shore, her crew of four men were taken into the Life-boat and landed in the Old Harbour, where the boat was moored for the night, the sea being too heavy to return her to the Life-boat house.—Expense of service, 27*l.* 11*s.* 3*d.*

Jan. 25.—WINTERTON.—*Edward Birbeck* and *Margaret* Life-boats.—At the termination of a very heavy snow-storm at about 5 P.M. a light and rockets were shown by a vessel which had stranded on the beach about three-quarters of a mile S. of the lighthouse. The No. 1 Life-boat was launched, proceeded to her assistance, and found she was a large screw steamer, the *Quantock*, of and from London for Newcastle, in ballast.

The No. 2 Life-boat *Margaret* afterwards went to assist, and with the joint help of the Life-boatmen and four steam-tugs the vessel was got afloat at about 7.30 on the following evening.—Property salvage case.

Jan. 27.—MONTROSE.—*Robert Henderson* Life-boat.—At about 9.30 A.M. the smack *Polar Star*, belonging to Montrose, and laden with oil from Newcastle, was seen turning towards the river, and when a little way from Scurdyness Lighthouse she missed stays and drifted on to the Annat Bank. The No. 1 Life-boat was launched, but when about a hundred yards from the smack a pilot-boat which had been lying at the harbour entrance went alongside her and took off her crew of two men. The Life-boatmen therefore turned their attention to saving the vessel, and, having ran out a kedge, hove on the warp, but failed to move her. They signalled for further help, and ultimately the smack was got afloat, and was towed up the river to the Old Harbour, where she was safely moored.—Property salvage case.

Jan. 30.—BRIXHAM, SOUTH DEVON.—*Betsy Newbon* Life-boat.—The ketch *Nellie*, of Littlehampton, bound from Portsmouth for Falmouth, in ballast, being seen in the bay riding at anchor and flying her ensign, union down, in her mizen rigging, the Life-boat was launched at 2.25 P.M., and when about half way to the vessel the flag was taken down and a trawler's boat with five men in her was seen proceeding to her. When the Life-boat reached her, the master stated that he wanted help to get his vessel into safety. Two of the Life-boatmen therefore went on board, and with the assistance of the five fishermen, who had already boarded her, the anchors were got up and the ketch was taken into the outer harbour and safely moored. A moderate gale was blowing from E. at the time, and there was a heavy sea.—Expense of service, 11*l.* 10*s.*

Jan. 30.—PORTHOUSTOCK, CORNWALL.—*Charlotte* Life-boat.—The Life-boat was launched at 8.15 P.M. in a heavy sea, the wind blowing a strong gale from N.E. and the weather bitterly cold, a large vessel having stranded on the Curracluge rocks, inside the Manacles. In the unavoidable absence of the two coxswains the Life-boat was taken charge of by the bowman, who acted as coxswain, the coxswain's son acting as second coxswain.

The stranded vessel proved to be the ship *Andola*, of Liverpool, bound from Tacoma for Hull with a cargo of wheat. Her crew of twenty-eight men were taken into the Life-boat and safely landed at Porthoustock, amid the cheers of a crowd of people who, in spite of the darkness of the night and the inclemency of the weather, had awaited the return of the Boat. The ship afterwards broke up and became a total wreck, the shore being strewn with wreckage. The Life-boat was admirably managed and was at one time in considerable danger, for while passing through a very narrow passage with rocks on either side she shipped two very heavy seas; her crew, however, were smart, and before the next sea came on the rocks had been passed. The shipwrecked crew, some of whom were injured—two being hurt by an explosion in the magazine—were taken to their boats when the Life-boat arrived, and in all probability some of them would have been drowned, the boats being half full of water and surrounded by sunken rocks.—Expense of service, 35*l.* 7*s.*

Jan. 30.—RAMSGATE.—*Bradford* Life-boat.—In response to signals from the Goodwin and Gull Light-vessels, the Life-boat, in tow of the steam-tug *Aid*, left the harbour at 10 P.M. The wind was blowing strongly from E.N.E., afterwards increasing to a gale, there was a very heavy sea, and the weather was thick, with heavy snow squalls. The s.s. *Beacon Light*, of Liverpool, bound from New York for Bremerhaven, with a cargo of petroleum, was found riding with two anchors down, about five miles from the East Goodwin. The Life-boat was towed alongside, slipped from the tug, got hold of ropes from the steamer, and, finding she had lost her propeller, the Life-boat men agreed to remain by her until the tug was able to take her in tow. They remained astern until daylight, when the tug made several attempts to get a line on board, but the heavy seas frustrated all endeavours to do so until about 8 A.M., when the wire tow-rope was passed on board and the vessel was towed up to her anchors. When these had been hove up the towing was continued in the direction of the Downs for about an hour. The tow-rope then parted, but was hauled in and again passed to the vessel by the Life-boat. It, however, parted again.

Signals were then made for more assistance, and the Life-boat proceeded to Dover to procure another tug. The Dover tug at once went out to the vessel, and the Life-boat, which had been damaged by the heavy seas and was leaking badly, remained at Dover. The *Aid*, having her machinery damaged, was unable to render further help, and returned to harbour at 8 P.M. on the 31st January, the *Beacon Light*, in tow of the Dover tug, reaching the Downs at about midnight. The injury to the Life-boat was received soon after she left the harbour, but, although she was full of water, the crew remained in her for eighteen hours in a very heavy sea and bitterly cold weather.—Property salvage case.

Jan. 31.—JOHNSHAVEN, KINCARDINESHIRE.—*Meanwell of Glenbervie* Life-boat.—The wind and sea having increased while some fishing-boats belonging to Gourdon were at sea, it was dangerous for them to attempt to return to their harbour, and they were therefore warned off, and a message was sent by telephone to Johnshaven stating that they were likely to make for that port. At 2.30 P.M. the Life-boat on that station was launched and saw five of the boats safely into harbour. About three-quarters of an hour afterwards another boat was observed to be coming in, and the Life-boat went to meet her and put a man on board to pilot her into safety.—Expense of service, 7*l.* 16*s.*

Jan. 31.—MONTROSE.—*Robert Henderson* Life-boat.—Two rockets, indicating that the services of the Life-boat were required, were fired from Scurdyness. The No. 1 Life-boat was launched at 2.45 P.M., and rendered assistance to the fishing-boats *Red Jacket* and *Ebenezer*, and the steam-tractors *Southesk* and *Mare*, which had been overtaken by a very heavy sea, and would probably have been unable to cross the bar in the absence of the Life-boat.—Expense of service, 9*l.* 18*s.*

Feb. 4.—BERWICK-ON-TWEED.—*John and Janet* Life-boat.—In the afternoon several fishing-boats being in danger, the sea having risen very rapidly, the Life-boat put off to their assistance and stood by them until they got into safety. Two of the boats were filled by the heavy seas in crossing the bar, but fortunately they were driven inside the broken water and

their crews were able to throw out their fish and ballast and thus save the boats from sinking.—Expense of service, 6*l.* 10*s.* 6*d.*

Feb. 4.—FALMOUTH.—*Bob Newbon* Life-boat.—The schooner *Aneurin*, of Carnarvon, bound from Salcombe for Aberdovey, in ballast, dragged her anchor in a gale from E.S.E. and showed signals of distress. The Life-boat was launched at 8.30 P.M., and was taken in tow by the s.s. *Triton*. Great difficulty and danger were encountered in getting alongside the vessel, which by that time was in close proximity to the Eastern breakwater, but eventually this was safely accomplished and the crew of four men were rescued and landed at Falmouth. The schooner became a total wreck.—Expense of service, 32*l.* 4*s.* 6*d.*

Feb. 6.—NORTH SUNDERLAND.—*Thomas Bewick* Life-boat.—At 6.30 A.M. the entire fleet of fishing-boats belonging to Sea Houses set out for the fishing-ground. At about 9 o'clock a sudden gale accompanied by heavy snow showers and darkness came on, and the Life-boat was launched into the harbour to help any of the boats that might return. They all, however, sought shelter at the Farne Islands; but eight boats from Beadnell were assisted in by the Life-boat.—Expense of service, 12*l.* 15*s.*

Feb. 6.—EYEMOUTH.—*James and Rachel Grindlay* Life-boat.—The Life-boat was launched at about 11.30 A.M., and remained in attendance until several fishing-boats which were in danger in a very rough sea had got into safety.—Expense of service, 7*l.* 17*s.* 6*d.*

Feb. 6.—WHITBY.—*Christopher* Life-boat.—The fishing-fleet were returning in the afternoon, but during their absence the sea on the bar had greatly increased. The first two boats which arrived crossed with safety, but the third one was caught by a very heavy sea and was in great danger of being swamped. It was then decided to launch the No. 2 Life-boat, and with some difficulty, on account of the ice and snow, the latter lying about eighteen inches deep, this was accomplished, and in fifteen minutes from the alarm being given the Life-boat was at the bar, ready to assist the boats as they came in.—Expense of service, 15*l.* 15*s.*

Feb. 6.—HOLY ISLAND.—*Grace Darling* Life-boat.—A terrible snow-storm pre-

vailing and the wind increasing to a gale from S.S.E., accompanied by a heavy sea, twelve of the fishing-boats were unable to take the harbour, and ran ashore N. of Emanuel Head, their crews being assisted out of the water by men on the island. The No. 1 Life-boat put off to the assistance of three other boats, which were enabled to enter the harbour, although considerable risk was incurred in doing so.—Expense of service, 10*l.* 5*s.*

Feb. 6.—BERWICK-ON-TWEED.—*John and Janet* Life-boat.—The early part of the morning being fine, the whole of the fishing cobsles went to sea, but about 11 o'clock the wind suddenly changed and blew a gale from the S.E. The Life-boat pulled outside the bar, on which a very heavy sea was breaking, and remained there until it was evident that no more boats were coming in, most of them bearing away for Eyemouth.—Expense of service, 6*l.* 19*s.* 6*d.*

Feb. 6-7.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—On the 6th February, at about 9 P.M., while a whole gale was blowing from S.E. with a blinding snow-storm, a trawler entered the harbour and reported that she had passed a sunken schooner, the water being several feet above the deck, about a quarter of a mile westward of the Life-boat house. The crew of the Life-boat were in the house and immediately manned the boat, which was taken down to the surf; two hundred willing hands bent on to the haul-off warp, but they could not move it, and ultimately it parted a great distance seaward. An attempt was then made to take the boat along the quay to a slip in the harbour, but the enormous drifts of snow rendered this utterly impossible, and from the same cause another slipway to windward could not be used. Another trawler subsequently arrived and stated that she had been quite close to the wreck and that there was not a soul on board. At 3.30 in the morning, however, at low water, the Coastguards heard shouts and fired three rockets over the vessel, but without any result. A way was then cut through the snow-drifts between the boat-house and the quay, and at eight o'clock, there being then a sufficient depth of water, it was decided to launch the Life-boat from the quay into the harbour, the boat being simply dropped into the water. She was thereby con-

siderably damaged; but there was no other available means of getting her afloat. After about an hour's delay, it being necessary to put a patch of lead on a hole, a foot square, which had been made in the bow of the boat, she was hauled out of the harbour, and in a short time arrived at the wreck. Seeing the boat coming towards them, two men emerged from the topsail at the cross-trees, crawled down the rigging and were hauled into the Life-boat, which had to be veered right on top of the lee portion of the wreck, a very dangerous manœuvre, which, however, was very skilfully performed. The poor fellows were in a terribly exhausted and benumbed condition, but a doctor was awaiting them when they reached the shore, and they received prompt and successful treatment. It was ascertained that their vessel, the schooner *Margaret and Elizabeth*, of Liverpool, bound from Point of Ayr for Ramsey, with coal, went ashore at about 3 o'clock in the afternoon in a fearful blizzard which raged from noon until 8 P.M., and hardly less furiously from then until 11 o'clock on the following morning. The finely-powdered snow was like a dense blinding suffocating mist, for hours rendering the nearest objects invisible, and the gale made the cold more intense, and had the men not been protected by the sail it would scarcely have been possible for them to have survived their sixteen hours' exposure. Such a snow-storm had not been experienced in the island within the memory of any inhabitant, the drifts of snow in some places being twenty feet high. On making an examination to ascertain the cause of the haul-off warp failing to work, it was found that the vessel was lying across it, and had thus prevented the earlier rescue of her crew.—Expense of service, 5*l.* 0*s.* 6*d.*

Feb. 6.—GIRVAN.—*Sir Home Popham* Life-boat.—In the forenoon the wind commenced to blow very strongly with blinding showers of snow, and several fishing-boats returned, but six of them were missing, and, as it was thought that the snow-storm had prevented their making the harbour, it was resolved to fire signal guns and rockets at intervals to attract the attention of the crews, and the town bell was rung for about three hours. Shortly after the first

gun was fired, one of the boats arrived off the harbour and was followed at intervals by others, the men on board reporting very thick and bad weather outside. Later in the afternoon a rumour spread that one of the boats was at anchor in Woodland Bay, about three miles south of the harbour, but nothing definite was known until 9 o'clock, when a fisherman reported that his brother's boat, *The Twins*, was at anchor in the bay. As she was riding safely it was decided that the Life-boat need not proceed to her then, but that the crew should assemble at daybreak in readiness should their services be required. The gale increased, and, as there was no probability of the boat reaching the harbour for some considerable time, the Life-boat was taken on her carriage to Woodland Bay, where she was launched and found the three fishermen in an exhausted condition, having no provisions or water. Two of the Life-boat men boarded the boat, got up the anchor, and assisted to take her into the harbour.—Expense of service, 13*l.* 17*s.*

Feb. 7.—NORTH SUNDERLAND.—*Thomas Bewick* Life-boat.—The Life-boat went to the assistance of two fishing-boats which were making for the harbour in a very heavy sea. The first boat was got safely in, and the other one, acting on the warning of the Life-boat men, returned to the Farne Islands.—Expense of service, 12*l.*

Feb. 7.—CASTLETOWN, ISLE OF MAN.—*Hope* Life-boat.—A telegram reporting a vessel ashore in Port St. Mary Bay was received early in the morning, while a moderate gale was blowing from the S., with a very heavy sea. The snow having drifted about six feet deep against the Life-boat house, a large number of men were engaged to cut a way out for the boat, and at 9.15 the Life-boat was launched. On reaching the bay the s.s. *Vigilant*, of Liverpool, bound from Burryport for Belfast with a cargo of coal, was found stranded on a reef. Six of her crew had been rescued by a shore boat, which had put off from the village to her assistance, and the remaining six men had taken refuge in the rigging, from which they were taken into the Life-boat in an exhausted condition, and landed at Port St. Mary.—Expense of service, 16*l.* 1*s.*

COMMITTEE MEETING, 14th Feb., 1895.

Voted 1,068*l.* 19*s.* 4*d.* for launches, watching or assemblies of crews on service by the undermentioned Life-boats:—Abersoch, Aldeburgh, Aranmore, Bamburgh Castle, Blyth No. 1, Bridlington, Broadstairs, Caister No. 2, Clacton, Cloughy, Cromer, Donna Nook, Douglas No. 1, Drogheda No. 1, Dunbar, Eyemouth, Falmouth, Filey, Flamborough No. 2, Girvan, Gorleston, No. 1, Gourdon, Grimsby, Harwich, Harwich steam Life-boat, Hasborough, Holy Island No. 1, Hythe, Lowestoft No. 1, Mablethorpe, Montrose No. 1, New Brighton (steam Life-boat), New Quay (Cornwall), North Deal, North Sunderland, Padstow, Palling Nos. 1 and 2, Peterhead, Poolbeg, Port Patrick, Robin Hood's Bay, Runswick, St. Ives, Saltburn, Staithes, Swanage, Tenby, Uppang, Walton-on-the-Naze, Weymouth, Whitby No. 1, and Winterton No. 2.

Also 275*l.* in aid of the fund for the relief of the widow and children of WILLIAM BROWN, the coxswain of the Swanage Life-boat, who lost his life while on service on the 12th January. The expenses of the funeral, &c., were also defrayed by the Institution.

Also 30*l.* to the parents of a lad who died from the effects of injuries received by being run over by the Rhosneigr Life-boat carriage while assisting at the launch of the Life-boat for service on the 28th December last. The sum of 87*l.* 5*s.* 10*d.* for medical attendance, nursing, funeral and other expenses, was also paid by the Institution.

Also 14*l.* to three men injured while engaged on service with the Orme's Head Southwold No. 1 and Ramsgate Life-boats.

The Committee specially recognized the good services rendered by Mr. HORACE HINSON, Mr. THOMAS MCGUFFIE, and Mr. WILLIAM JAMES, whilst acting as coxswains of the Wells, Isle of Whithorn, and Newport (Pembrokeshire) Life-boats.

Feb. 14.—PADSTOW, CORNWALL.—*Arab* Life-boat.—The ketch *Tavy*, of Plymouth, entered the harbour at 7 P.M., but was unable to take a pilot owing to the rough weather, the wind blowing a whole gale from the S.E. and a very heavy sea running. She anchored off Hawker's Cove, but the

force of the wind caused her to drag her anchors and finally she drove on the rocks and became a total wreck. When she struck, the master signalled for assistance, and at 9.15 the Life-boat was launched, proceeded to the vessel, and three quarters of an hour afterwards returned to the shore with the shipwrecked crew, numbering four men.—Expense of service, 22*l.* 19*s.*

Feb. 14.—ST. PETER'S PORT, GUERNSEY.—*Vincent Wilkinson, Kirk Ella*, Life-boat.—While the schooner *Isabella Helen*, bound from Plymouth for Guernsey with a cargo of limestone and wood, was endeavouring to enter the harbour at night in a strong gale from E.S.E., she missed stays and was compelled to bring up with two anchors in a very dangerous position off the Terres rocks. In response to her signals of distress the Life-boat was launched and was towed to the vessel by the tug *Alert*. On reaching her two of the Life-boat men boarded her, assisted to get a tow-ropes to the steamer and to weigh the anchors, and she was towed into the outer harbour and anchored there between 5 and 6 o'clock on the following morning.—Expense of service, 25*l.* 11*s.*

Feb. 15.—DUNGENESS.—*R.A.O.B.* Life-boat.—Signals of distress being observed the crew of the Life-boat were at once summoned, and at about 10.30 P.M. the boat was launched in a rough sea, the wind blowing a moderate gale from the E.S.E., and found the schooner *Ben Aigen*, of Hull, bound from St. Valery for London with a cargo of phosphate, stranded S.E. of the Life-boat house. The vessel's crew of four men jumped into the Life-boat immediately she arrived alongside, but the master refused to leave his vessel, stating that if she went he would go with her. He remained on board until the following tide, when she was beaten up on shore. The Life-boat landed the four men, the boat and all on board her being literally encased in ice and all the men more or less benumbed by the cold. One of the crew was washed out of the boat on reaching the shore, but the master launcher waded into the surf and assisted him to land.—Expense of service, 30*l.* 8*s.* 6*d.*

Feb. 16.—BRIGHTON.—*Sunlight* No. 2 Life-boat.—The barque *Bruckley Castle*, of Glasgow, bound from Grimsby for

Santos, Brazil, with coal and railway sleepers, in bringing up in order to land a pilot, in a moderate gale from E.N.E. and a rough sea, stranded about 500 yards S. of the West pier-head. At 9.15 A.M. the Life-boat was launched, proceeded to the vessel and remained by her until she floated, without any assistance, and made for Plymouth.—Expense of service, 13*l.* 16*s.*

March 11.—DUNBAR.—*Sarah Pickard* Life-boat.—At about half-past six o'clock in the morning the Coastguards observed a small open boat in a perilous position, it being impossible for her to succeed in reaching the harbour owing to the rough state of the sea. The Life-boat was launched, and, on reaching the boat, found there were three men on board; they were the master, mate and second mate of the brig *Johan*, of and from Christiania, bound for Sunderland laden with ice, which had stranded at Thorntonloch Point, about six miles E. of Dunbar at about 3.30 A.M. Having picked up the men the Life-boat made for the vessel and found that the remainder of the crew had been taken off by the rocket apparatus. The brig became a total wreck.—Expense of service, 11*l.* 1*s.*

COMMITTEE MEETING, 14th March, 1895.

Voted 35*l.* 11*s.* 6*d.* to pay the expenses of assemblies of crews or launches for service by the following Life-boats:—Ardmore, Ayr, Barmouth, Cadgwith, Clacton, Cresswell, Drogheda No. 2, Dungenen, Harwich, Kildonan, Margate, Plymouth, Polpear, Port Patrick, Southend (Essex), Walton-on-the-Naze, and Whitehaven.

The Ramsgate Life-boat proceeded out to sea in reply to signals of distress, but her services were not eventually needed.—Expenses paid by the Board of Trade.

The Committee specially recognized the good services of Mr. ALEXANDER STEPHEN during the period he served as coxswain of the Whitelink Bay Life-boat.

Voted 1*l.* to a man injured on service with the Newhaven Life-boat.

March 23.—NEWHAVEN.—*Michael Henry* Life-boat.—The Life-boat was launched at 2.20 P.M., a ship having been reported ashore, and proceeded to Crowlink where

the s.s. *Saturnus*, of Amsterdam, homeward bound with a general cargo, was found stranded. At the master's request the Life-boat remained alongside until about 6 P.M., when she returned ashore, as the vessel was not in need of any assistance.—Expense of service, 17*l.* 1*s.* 6*d.*

March 23.—BULL BAY, ANGLESEY.—*Curling* Life-boat.—The schooner *Clarence*, of Beaumaris, showed signals of distress off Deer Point, about three quarters of a mile from shore, in a strong S.W. gale, a heavy sea and misty weather. The Life-boat was launched at about 5 P.M. and brought ashore the crew of three men.—Expense of service, 15*l.* 3*s.* 9*d.* The vessel was watched from the shore during the night, and on the following morning, the wind having changed to N.W., the Life-boat again went out, taking back the three men, got the vessel out of danger, and enabled her to resume her voyage to Fishguard.—Property salvage case.

March 23.—CARDIGAN.—*Lizzie and Charles Leigh Clare* Life-boat.—The Coastguard on the look-out at Penrhyn Castle observed a light in the bay, apparently shown by a vessel in distress, while a strong gale was blowing and a very heavy sea running. The crew of the Life-boat were summoned, and at 11.30 P.M. the boat was launched and rescued the crew of two men from the vessel, which proved to be the smack *Mary Ann*, of Milford. The Life-boat men encountered terrible weather, the night being intensely dark, and feared that their boat would have been blown on to the rocks. They landed the shipwrecked men at Aberporth and were compelled to leave the boat on the beach there, it being utterly impossible to get her back to her station until the gale had moderated.—Expense of service, 48*l.* 8*s.* 8*d.*

March 24.—BROOKE, ISLE OF WIGHT.—*William Slaney Lewis* Life-boat.—The schooner *Noordster*, of Alblasterdam, bound from Maracaybo for Hamburg, stranded on a rock, known locally as the "Oil Rock," off Hanoover Point, westward of Brooke, in foggy weather. The casualty being observed by the Coastguard, the crew of the Life-boat were called and at 6.25 A.M. the boat was launched, proceeded through a rough sea, the wind blowing strongly from S.W., to the vessel, which was approached with considerable difficulty, and rescued the

crew, consisting of seven men.—Expense of service, 24*l.* 13*s.* 6*d.*

March 24.—BARMOUTH.—*Jones Gibb* Life-boat.—A large vessel being seen stranded on St. Patrick's Causeway while a heavy gale was blowing from S.W., the weather being thick and the sea rough, the Life-boat put off at 8.15 A.M., and, reaching the vessel, found she was the four-masted barque *Andrada*, of and for Liverpool, from Tacoma, with a cargo of wheat. The boat anchored and laid close to the ship until 1.30 P.M., being several times filled by the heavy seas which broke over her, the wind having changed to N.W. at noon, and blowing a terrific gale for about an hour, after which it moderated. The master of the vessel stated that he did not require any help from the Life-boat men, and ultimately the coxswain gave orders to weigh the anchor and set sail. Nineteen of the barque's crew thereupon got into the boat, requested to be taken ashore, and were landed at Barmouth, the others remaining on board the vessel, which eventually floated and was towed to her destination by steam-tugs.—Expense of service, 11*l.* 19*s.* 6*d.*

March 24.—LITTLEHAVEN.—*David Pickard* Life-boat.—The smack *Sarah*, of Milford, bound from Solva to Pembroke Dock, laden with grain, showed a signal of distress, as she was dragging her anchor, while a strong gale was blowing from N.W., with a heavy sea, at 11.30 A.M. The Life-boat promptly went to her assistance and returned ashore at 1 P.M. with the crew of two men. The wind fortunately moderated and changed to a W. direction, and the vessel, which ultimately brought up in a dangerous position, held to her anchors; had the squall continued half-an-hour longer she would in all probability have been completely wrecked.—Expense of service, 11*l.* 15*s.*

March 24.—BROADSTAIRS.—*Christopher Waud, Bradford*, Life-boat.—A signal of distress was shown by the ketch *Martin Luther*, of Cowes, bound from Poole to London, with a cargo of pipeclay, in a gale from W.S.W. and a very heavy sea. She had anchored off the North Foreland, but had been compelled to slip her anchors in order to avoid collision with another vessel. With the assistance of a steam-tug she was taken into Ramsgate Harbour and safely berthed there.—Expense of service, 30*l.* 1*s.*

March 24.—ST. DAVID'S.—*Gem* Life-boat.—While a gale from W.S.W. was blowing and a very high sea was running, signals were fired by the South Bishop Lighthouse. At 5 P.M. the Life-boat was launched, made for St. David's Head, and found the brigantine *Lily Dale*, of Cork, coal laden from Newport, Mon., for Cork, just off Aberiddy or the Sledges. She was disabled, her masts having been carried away by a squall when about ten miles N.W. of the Smalls Lighthouse, and she was drifting helplessly. On arriving within hailing distance the coxswain of the Life-boat requested the master to let go his anchors, and, this having been done, the vessel's head was brought to the wind. Considerable risk, owing to the state of the wind and sea, was incurred in taking the vessel's crew into the Life-boat, but this was skilfully accomplished, and the seven men were landed at Porthgarn, where the boat remained during the night.—Expense of service, 39*l.* 13*s.*

The Life-boat again went out on the following day and assisted in an attempt to save the vessel, which was ultimately towed into Fishguard by a steamer. Invaluable help was rendered by the chief boatman in charge of H.M. Coastguard at St. David's and by the men under his command in connection with the services rendered by the Life-boat.—Property salvage case.

March 24.—GORLESTON.—*Mark Lane* Life-boat.—The barquentine *Isabelle*, of Swansea, coal-laden, from Sunderland for Southampton, ran into Yarmouth Roads for shelter in a severe gale from W.S.W. and a very heavy sea. Her two anchors were let go but both chains parted, and she then signalled for help. Meanwhile her lower topsail, mizen and fore staysail were set, but the two latter were blown clean from the bolt-ropes. The Life-boat was launched, proceeded under close-reefed storm sails to the vessel, and succeeded in taking off her crew of nine men before she grounded on the sand, and landed them at Gorleston. The Life-boat was considerably damaged in rendering this service, and her crew described the storm as the heaviest they had ever experienced. Nothing could be seen beyond fifty yards of the boat owing to the spoon-drift, and the roar of the wind and waves was so deafening that it was with the utmost

difficulty that they could make each other understand what was said or ordered.—Expense of service, 32*l.* 9*s.* 6*d.*

In the evening the weather moderated and the Life-boat again went out, taking the master and mate of the *Isabelle* to try to save the vessel which had driven over the Scroby Sand into the Pikle, and reached her when within a mile and a half S.E. of the South Cross Sand buoy. A steam-tug, which had been sent for previous to the Life-boat starting, arrived and the schooner was taken in tow, but she was leaking so badly that she had to be abandoned, and shortly afterwards foundered about half a mile from the Corton Light Vessel.—Property salvage case.

March 28.—YOUGHAL.—*Mary Luckombe* Life-boat.—The Chief Officer of Coast-guard having reported that a steamer, bearing about fourteen miles E. of Youghal, appeared to be in distress, the Life-boat was launched at noon and proceeded under sail to the vessel. A gale from the W.S.W. was blowing and there was a heavy sea. The steamer proved to be the *Sapphire* of Dundee. She had left Queenstown in the morning, bound for Manchester, and, having lost her propeller when off Youghal, hoisted signals of distress. At the master's request the Life-boat remained by her until the arrival of two steam-tugs, which came from Queenstown about an hour after the Life-boat reached her, intelligence of the casualty having been conveyed by an American liner which had passed. The tugs took the vessel in tow and the Life-boat set sail for home, but the wind changed to the W., blowing a whole gale, and as the heavy seas broke into the boat she was unable, there being a strong current against her, to return to Youghal, and therefore made for Ardmore, about four miles E., where she was beached for the night. On the following day she was taken back to her station.—Expense of service, 24*l.* 10*s.* 2*d.*

March 28.—MONTROSE.—*Robert Henderson* Life-boat.—A message by telephone being received stating that a schooner was close in shore evidently making for Montrose, while a strong gale was blowing from the E., a very heavy sea on the bar, the Life-boat was launched and proceeded to the assistance of the vessel, which proved to be the *Wagrien*, of Aberdeen, bound

from Middlesbrough for Fraserburgh. In sailing into Montrose she had taken the ground on the tail of the Annat Bank, but in consequence of the strong wind she bumped over and was safely moored at the jetty. She was leaking badly.—Expense of service, 14*l.* 10*s.*

March 28.—NEW BRIGHTON.—*Duke of Northumberland* Life-boat.—A telephone message having been received reporting a vessel stranded on Crosby Beach, the steam Life-boat left her moorings at 11.20 P.M. and proceeded through a heavy sea, the wind blowing a moderate gale from W.S.W. to N.W. with heavy squalls, to the stranded vessel, which was the schooner *Holly How*, of Barrow, bound from Londonderry for Garston. Her crew of five men were rescued by the Life-boat and landed at New Brighton.—Expense of service, 12*l.* 19*s.*

March 28.—PETERHEAD.—*George Pickard* Life-boat.—Considerable anxiety being felt as to the safety of several fishing-boats which had not returned, a whole gale having sprung up from E.N.E. accompanied by a tremendous sea, at 11 A.M. the Life-boat was launched and laid at the mouth of the harbour ready to render any help that might be required. At about 1 P.M. one boat arrived and got safely in. About an hour afterwards another boat was sighted in the offing and her progress was watched by a crowd of anxious spectators. She rounded the south head with the barest stretch of canvas, but on entering the bay set a close-reefed sail, and her decks were repeatedly washed by the cross seas. The Life-boat pulled out to her assistance and got from her a tow line which was taken to the south quay, the fishing-boat all the while drifting, apparently helpless, towards the rocks. At one time it was thought that all hope of saving the vessel must be abandoned and that the efforts must be confined to saving her crew by means of the rocket apparatus, which was ready for any emergency; but about a couple of hundred of the fishermen took hold of the line and, watching their opportunity, made a rush up the quay and brought the boat safely into the harbour. She was the *Eclipse*, a boat of twenty tons burden, and carrying a crew of seven men. The Life-boat men were kept on duty until 10 P.M., the coxswain remaining in attendance until 4 o'clock on the following

morning, in case further help might be required.—Expense of service, 18*l.* 15*s.*

March 29.—PADSTOW.—*Arab* Life-boat.—The schooner *Lizzie Trenberth*, of Fowey, being seen about three miles N.W. of Trevoze Head, under close-reefed sails, the wind blowing a strong gale from N.W. and the sea being heavy, the Life-boat was launched at 9 A.M. and proceeded to Stepper Point, so as to be at hand should her services be required. The vessel got safely inside the Point and anchored, the Life-boat remaining by her until a steam-tug arrived and towed her to Hawker's Cove.—Expense of service, 12*l.* 9*s.*

April 2.—SKEGNESS.—*Ann, John and Mary* Life-boat.—The brigantine *Camilla*, of Laurvig, being seen to take the ground on the Doghead Sands and a few minutes afterwards burn flare-up lights, the Life-boat was launched and proceeded to her assistance. A strong E.N.E. wind was blowing at the time and the sea was rough. On reaching the vessel it was found that she was leaking badly, and that her crew of six men were preparing to leave her. Some of the Life-boat men, however, boarded the ship, and with their assistance she was ultimately taken to Boston, for which port she was bound with a cargo of ice from Brevig.—Property salvage case.

April 7.—CLACTON.—*Albert Edward* Life-boat.—A vessel having been seen apparently stranded on the Barrow Sand, and showing a signal of distress, the Life-boat was launched at 2.23 P.M. in a moderate sea, a strong breeze blowing from E.S.E., proceeded under sail and oars to the vessel, and found she was the three-masted schooner *Betty Russel*, of Lancaster, coal laden from Newcastle for Youghal, Ireland. At the master's request the Life-boat remained by the vessel until high water, but she did not float. The help of the Life-boat men was then accepted to jettison the cargo, and after sixty hours' work the ship was got afloat, cleared the sands, and was taken to Brightlingsea.—Property salvage case.

April 7.—RUNSWICK.—*Cape of Good Hope* Life-boat.—At about 4 P.M. a pilot-boat was seen making for the shore. A heavy sea was then breaking on the bar, and the boat would evidently run considerable danger in attempting to cross it. It was therefore

decided to take out the Life-boat and inform the pilots of the risk attending an attempt to land. They thereupon put to sea again, and the Life-boat returned to the shore.—Expense of service, 8*l.*

COMMITTEE MEETING, 11th April, 1895.

Voted 570*l.* 0*s.* 8*d.* to pay the expenses of assemblies or launches to distressed vessels by the following Life-boats and crews:—Aldeburgh, Barmouth, Broadstairs, Burnham, Criccieth, Formby, Gorleston No. 2, Harwich (steam Life-boat), Kingsdowne, Littlehampton, Margate, New Quay (Cardiganshire), North Deal, Palling No. 2, Shoreham, Totland Bay, Walmer, Walton-on-the-Naze, Wexford No. 1, Whithorn, Winterton No. 2, Worthing, and Great Yarmouth.

The Ramsgate Life-boat was taken out to the help of a vessel in distress.

Voted 70*l.* to the widow of one of the crew of the Worthing Life-boat, who, in alighting from the boat, which was being taken by road on her transporting carriage, having been called out for service on the 28th March, was accidentally run over by one of the wheels and immediately expired.

Also 19*l.* 1*s.* 7*d.* to three men injured while engaged with the Portrush, Drogheda and Aberystwyth Life-boats.

Voted 51*l.* to five men injured at launches of the Blyth No. 1, Polpear, Broadstairs, Workington and Bull Bay Life-boats.

The Committee specially recognised the good services rendered by Mr. ROBERT MUTCH, who had for seventeen years been Coxswain of the Newburgh Life-boat and had been compelled to resign that post on account of ill-health.

April 11.—FORMBY AND NEW BRIGHTON.—The barque *South African*, of Belfast, bound from Rio Grande for the Mersey with a cargo of bone ash, stranded on Taylor's Bank in a strong W. wind, with a heavy sea. On the vessel being observed from Formby it was decided to take out the Life-boat to her assistance, as in the probable event of the sea becoming worse she would be in a dangerous position. At 6.40 A.M. the Life-boat was on her way. A message by telephone was received at New Brighton reporting the casualty, and at 6.45 the

steam Life-boat *Duke of Northumberland* left her moorings and also proceeded to the rescue. The Life-boats remained by the ship until she floated and was taken in tow by a steam-tug from Liverpool.—Expense of service, 18*l.* 17*s.* 6*d.*

April 21.—RAMSGATE, NORTH DEAL AND WALMER. — *Bradford, Mary Somerville, Civil Service No. 4* Life-boats.—In response to signals fired by the North Sand Head and Gull Light-vessels, these Life-boats were launched. A moderate wind was blowing and the sea was smooth. On reaching the Goodwin Sands, search was made, and at about 1 o'clock in the morning the barque *Madeline Rickmers*, of Bremerhaven, was discovered stranded on the inner part of the North Sand. The Life-boat men lent a hand at throwing overboard about a hundred and fifty tons of her cargo of rice, a kedge anchor and warp were laid out, and at 10.15 tow-ropes were taken to the steam-tug *Bradford*, of Ramsgate harbour, which had, as usual, towed out the Ramsgate Life-boat, and the steam-tug *Trafalgar*. After towing about a couple of hours the vessel came off the sands and was taken to a safe anchorage in the Downs.—Property salvage case.

April 24. — WINTERTON. — *Margaret* Life-boat.—An intimation by telephone being received that a large vessel was aground on the North Leman Sand, the No. 2 Life-boat was launched, and after sailing about seventeen miles fell in with the Yarmouth steam-tug *Meteor*, which took her in tow to the Sand, where the barque *Chipperkyle*, of Liverpool, bound from Hamburg for Melbourne with a general cargo, was found stranded. With the help of two steam-tugs the vessel was got off the sand and was taken towards Yarmouth. When about five miles from Winterton a dense fog rendered it imperative to bring the barque to an anchor, but when the weather cleared the tugs were again made fast and she was taken into Yarmouth Roads, arriving there at about 6 P.M. on the following day. The Life-boat then returned to her station, which was reached at 8.30 P.M.—Property salvage case.

May 8th. — MONTROSE. — *Robert Henderson* Life-boat.—At about half-past five o'clock in the afternoon the light-keeper at Scurdyness telephoned that a boat was in danger on the Annat Bank. The Life-

boat was launched, and on nearing the endangered boat it could be seen that there were four men on board, and that the sea was breaking over her. When the Life-boat came up one of the men had been washed overboard and the boat was full of water. The man in the water was first picked up, and ropes were then thrown to the others, by means of which they were dragged into the Life-boat, which promptly returned ashore with them, as they were all greatly exhausted. The boat was a pleasure one and had been hired by the four men who rowed down the river, but the strong ebb tide carried her into the broken water and on to the Annat Bank, and in the absence of the Life-boat the trip would in all probability have had a fatal termination.—Expense of service, 9*l.* 2*s.* 6*d.*

COMMITTEE MEETING, 9th May, 1895.

Voted 30*l.* 15*s.* for assemblies of crews or launches to distressed vessels, &c., by the following Life-boats:—Barmouth, Broadstairs, Caister No. 2, Cemaes, Cloughey, Kingsdowne, North Deal, Palling No. 2, Point of Ayr, Porth Rhuffydd, Rhoscolyn, St. David's, Walmer and Wicklow.

The Ramsgate Life-boat was taken out for service but her assistance was not eventually needed.—Expenses paid by the Board of Trade.

The Committee specially recognised the services rendered by EDWIN CLEMENS while serving as coxswain of the New Quay (Cornwall) for a period of nineteen years.

Voted 16*l.* 16*s.* to one of the crew of the Gorleston No. 1 Life-boat, injured on service.

May 16.—HARTLEPOOL.—*Charles Ingleby* Life-boat.—While a gale of wind was blowing from the N., with a high sea, the brig *Rudolf*, of Trelleborg, laden with mining timber for Hartlepool, was seen driving ashore towards Seaton beach. The No. 2 Life-boat was launched at 3.30 A.M., and was towed across the bay by the North Eastern Railway Company's steam-tug *Iron*. When within three-quarters of a mile of the wreck the boat was cast adrift so as to run before the sea into shallow water, row along the beach, and then out under the lee of the vessel.

On reaching her, the crew were seen on the deck eagerly awaiting the arrival of the boat, which experienced considerable difficulty in getting alongside owing to the floating spars, the main mast having been cut away. At length a hold was obtained with the grappels fore and aft, and when the Life-boat touched the ship's side two children were handed over. The boat then sheered off a little, and on again getting alongside the master's wife was taken on board, and afterwards the master and crew jumped into the boat as opportunities offered. It was impossible to get the grappels clear, and they were therefore cut away, and the boat with eleven rescued persons left the vessel. With the help of the saved crew the oars were double banked; with much difficulty the boat steered clear of the Longscarr rocks, which were close under her lee, pulled to the steam-tug and was towed safely into Hartlepool at 4.45 A.M. Just as the boat left her, the vessel's foremast fell over and she began to break up, so that in the absence of the Life-boat those on board would probably have met with a watery grave, as several rockets which had been fired failed to reach the ship.—Expense of service, 13*l.* 4*s.*

May 16. — NORTH DEAL. — *Mary Somerville* Life-boat.—While a moderate gale from N.N.W. was blowing, with a very heavy sea, a boat, containing a lieutenant, five bluejackets and a marine, belonging to H.M.S. *Research*, lying at anchor in the Downs, was seen apparently making for the shore. It was impossible for her to reach it, and as she was in a dangerous situation the Life-boat was launched at 11.10 A.M. and went to her assistance. Having lost ground in rowing she had anchored when the Life-boat reached her, but her occupants declined assistance, bravely renewing again and again their exertions at their oars, but losing ground and again anchoring. The Life-boat remained out, and when the tide slackened the wind and sea increased, and she once more spoke the boat. The officer being desirous of obtaining a tow back to the vessel, the Life-boat tried to tow the boat back, but as the operation was attended with much danger to the small boat, which was broadside to the sea, the attempt was abandoned; the Life-boat got alongside and told the officer

and his men that their only chance for safety was to abandon the boat or be towed by the Life-boat to Dover. They then got into the Life-boat, being in a more or less exhausted condition, two of the Life-boat men took their places in the boat, and a start was made for Dover; on arriving off the South Foreland the painter broke, but eventually Dover was safely reached and the night was spent there. In the morning the Dover steam-tug took both the boats in tow, the small boat being taken back to the *Research* and the Life-boat returning to her station.—Expense of service, 27*l.* 3*s.* 6*d.*

May 17. — HUNSTANTON. — *Licensed Victualler* Life-boat.—The Life-boat put off at noon in a rough sea and a strong N.N.W. breeze, a vessel having been reported in distress. The vessel proved to be the brig *Amelie*, of Frederickstadt, laden with pit props, water-logged, dismasted, and a total wreck on Heacham beach. Her crew of nine men, who were in their boat alongside the ship, were taken into the Life-boat and landed safely at Hunstanton at 2 o'clock.—Expense of service, 18*l.* 17*s.* 6*d.*

May 24. — BROADSTAIRS. — *Christopher Waud, Bradford*, Life-boat.—Signals having been fired by the East Goodwin and North Sand Head light-vessels, the Life-boat was launched at 4 A.M. and found the schooner *Buenos Aires*, of Hamburg, stranded on the Goodwin Sands. The Life-boat remained by the vessel until the tide made, when she floated, apparently uninjured, and proceeded in a westerly direction.—Expense of service, 24*l.* 10*s.*

June 6. — HARWICH. — *City of Glasgow* Life-boat.—The Cork light-vessel having signalled, the steam Life-boat left her moorings at 9.15 P.M., and on reaching the lightship ascertained that a vessel was on the West Rocks. A moderate breeze was blowing from the N.E., the sea was rough, and the weather clear and fine. The Life-boat made for the vessel, and found that she had lost her steering gear and was leaking badly. Some of the Life-boat men boarded her, she was taken in tow, and was brought into Harwich at 5.35 on the following morning. She was the schooner *Hans*, of Rendsburg, bound for Colchester, laden with oil cake and manned by a crew of four men.—Property salvage case.

COMMITTEE MEETING, 13th June, 1895.

Voted 298*l.* 15*s.* 6*d.* to pay the expenses of assemblies of crews, watching or launches to distressed vessels by the undermentioned Life-boats:—Broadstairs, Caister No. 2, Dornoch Firthe, Harwich (steam Life-boat), Kingsdown, Margate, North Deal, Palling No. 2, Saltburn, Scarborough, Seaton Carew, Southend (Cantyre), Staithes, Walmer, Walton-on-the-Naze, and Winterton No. 2.

The Ramsgate Life-boat was taken out on three occasions, but her services were not ultimately needed.—Expenses paid by the Board of Trade.

Voted 6*l.* to two men who were injured on the occasion of the launch of the Walmer Life-boat on service.

Also 5*l.* to two men injured while engaged with the Southwold No. 1, and Tramore Life-boats.

July 3.—PENMON.—*Christopher Brown* Life-boat.—The schooner *Broughty Castle*, of Ramsey, laden with salt, stranded on the Causeway Rock in a strong N.W. breeze. The Life-boat went to her assistance and attempted to heave her off, but the hawser parted, and the Life-boat returned ashore with the vessel's crew of three men.—Expense of service, 7*l.* 12*s.* 6*d.*

At the next tide the boat again went off, laid out an anchor, and by means of the boat's ropes succeeded in getting the vessel off the rock and took her to Beaumaris.—Property salvage case.

COMMITTEE MEETING, 11th July, 1895.

Voted 135*l.* 14*s.* to pay for assemblies of crews or launches to vessels in distress by the following Life-boats:—Carnsore, Palling No. 2, Tynemouth, West Hartlepool, Wexford No. 1, and Winterton No. 2.

Also 3*l.* to a man injured while on duty with the Bude Life-boat.

Also the Second Service Clasp of the Institution to Mr. JOHN CRAGIE, COXSWAIN of the Southwold Life-boats, in recognition of his long and gallant services during the period, about forty-eight years, in which he has been connected with the boats, firstly as one of the crew, afterwards

as second coxswain, and ultimately as coxswain.

July 12.—NORTH SUNDERLAND.—*Thomas Bewick* Life-boat.—The Farnes lighthouses having signalled a ship in distress on the Knavestone Rock, the Life-boat was launched at 2.45 A.M. in a moderate W.N.W. gale and a rough sea, and on reaching the vessel found she was the schooner *Paragon*, of Inverness, timber laden from Invergordon for Sunderland. She had struck on the rock, but when the Life-boat arrived she had floated off. Her crew consisted of four men. Four of the Life-boat's crew went on board and made sail, with the view of bringing the vessel into harbour, but she capsized, turning keel upwards, and all the men on board her were thrown into the water. The Life-boat men had their life-belts on and the schooner's crew were good swimmers, and so all the men were picked up by the Life-boat, which then returned to her station, arriving at 5.30 A.M.—Expense of service, 18*l.* 10*s.*

July 14.—HOYLAKE.—*Coard William Squarey* Life-boat.—The Life-boat was launched at 11.28 A.M. in a strong gale from N.W. by W. and a very heavy sea, and proceeded to the yawl *Sally*, of Liverpool, reaching her at 12 o'clock. She was at anchor on Spencer's Spit, and had three gentlemen on board. With very great difficulty, the seas then running mountains high, the yacht was taken in tow, and after a very rough passage Hoylake was reached at 2.30 P.M.—Expense of service, 17*l.* 8*s.*

July 20.—WORTHING.—*Henry Harris* Life-boat.—The brigantine *Halcyon*, of St. Nazaire, laden with slates for London, being observed to be rapidly driving ashore in a whole gale from S.S.W. and a heavy sea, the Life-boat put off at 2.45 P.M., and on reaching her found that there was only the master on board, the crew of five men having been taken off by a pilot-cutter at 10 o'clock in the morning, as the vessel was in a sinking condition. The master, however, remained on board, hoping to be able to steer his vessel into Shoreham harbour. He was in such an exhausted condition that he could not take the Life-boat's line, but had to be lifted out of his vessel by the Life-boat

men. In the evening the vessel sank and became a total wreck.—Expense of service, 17*l.* 15*s.*

July 20.—SHOREHAM.—*William Restell* Life-boat.—The barquentine *Atlantic*, of Arendal, which was riding at anchor off the harbour, was observed to be dragging towards the shore, while the wind was blowing a moderate gale from the S., and a rough sea was running. At 2 P.M. the Life-boat was launched. The tide was then ebbing, there being only just sufficient water to float the boat, and it was known that the vessel was drawing sixteen feet of water and was perilously near the ground—in fact, she struck while the Life-boat was alongside her. Her crew of nine men desired to leave the vessel, and were therefore taken into the Life-boat, which then made for Brighton, as the wind having changed rendered it impracticable to return to her station.—Expense of service, 23*l.* 0*s.* 2*d.*

July 28.—PALLING.—*Hearts of Oak* Life-boat.—A vessel having been discerned ashore on the Hasborough Sand, with a signal of distress flying, during squally weather and a heavy sea, the Life-boat was launched at 2 P.M., and found the stranded vessel was the s.s. *Ida*, of and from Dantzic, with a crew of sixteen hands and two passengers, bound for London with a general cargo. Owing to the shallowness of the water, the Life-boat men could not board her until 9 P.M. At the request of the captain the Life-boat remained by until 1 A.M., when the weather became very threatening, and as the ship was fast filling it became necessary to abandon her. With great difficulty the eighteen persons on board were taken into the boat, and were safely landed at 6 A.M. The steamer became a total wreck.—Expense of service, 32*l.* 9*s.*

COMMITTEE MEETING, 1st August, 1895.

Voted 78*l.* 13*s.* 6*d.* to pay the expenses of the assemblies of crews or launches to distressed vessels by the Life-boats at:—Angle, Helbre Island, Hunstanton, New Brighton, Newhaven and Shoreham.

Also 4*l.* to a man injured while on duty with the Pakefield No. 2 Life-boat.

Aug. 2.—DUNGENESS.—*R.A.O.B.* Life-boat.—The ketch *Appledram*, of Poole,

sprung a leak and foundered on the sand off No. 2 Battery while a moderate gale of wind was blowing. The Life-boat, was launched at 9.30 A.M., and the Life-boat men were requested to take the vessel to Folkestone harbour. The pumps were kept going, but she was leaking so badly that it was impossible to save her, and the crew of two men were therefore taken into the Life-boat and landed at 9 P.M.—Expense of service, 25*l.* 15*s.*

Aug. 2.—BARMOUTH and Pwllheli.—*Jones Gibb* and *Margaret Platt* Life-boats.—These Life-boats proceeded to the assistance of the barque *Kragerö*, of Kragerö, bound from Wilmington, South Carolina, for Manchester, with turpentine and resin, which had stranded on St. Patrick's Causeway in a strong wind from W. by S. and a rough sea. By means of anchors, which they laid out, and setting all possible sail, the Life-boat men succeeded in getting the vessel off the sand, and took her to a safe anchorage in St. Tudwall's Roads. The barque had a crew of twelve men on board.—Property salvage case.

Aug. 9.—WHITBY.—Temporary Life-boat.—A very heavy sea breaking on the beach and bar, placing in considerable danger the fishing cobbles which were out at the time, the Life-boat was launched at 11 A.M. and brought ashore the crew of three men belonging to the coble *Eliza Jane*, who, while endeavouring to rescue the crew of another coble (who were, however, saved by other means), had been washed out of their boat by a heavy sea which filled her. They were picked up by another boat, were transferred to the Life-boat and landed in an exhausted condition. The Life-boat again went out, and remained until other boats had safely entered the harbour.—Expense of service, 9*l.* 10*s.*

Sept. 11.—RAMSGATE, NORTH DEAL, AND BROADSTAIRS.—*Bradford*, *Mary Somerville* and *Christopher Waud*, Bradford, Life-boats.—In response to a telephone message and signals fired by light-vessels, the Life-boat in tow of the steam-tug *Aid* left Ramsgate harbour, and the North Deal and Broadstairs Life-boats were launched from their respective stations shortly after two o'clock in the morning and proceeded to the Goodwin Sands. On reaching the sands, on which a rough sea was breaking, the s.s. *Lady*

Wolseley, of Dublin, was found ashore on the North West Spit, burning flares and firing rockets. She was bound from Dublin for London with a general cargo, and had seventy-three passengers on board. Efforts were made by the *Aid* and two other steam-tugs to tow the vessel off, but they were unable to move her. The tide having then fallen, the endeavours of the tugs were suspended for awhile, and it was decided to place the passengers on board the *Aid* and take them ashore. This was accomplished by the Life-boats, and the tug proceeded to Ramsgate, having in tow the *Bradford* Life-boat, which was filled with the passengers' luggage. The services of the Broadstairs Life-boat not being further needed she returned to her station. Having landed the passengers and luggage the *Aid* and *Bradford* returned to the stranded steamer. Meanwhile the North Deal Life-boat and a steam-tug laid out an anchor and steel hawser. Shortly before high water the three tugs made fast to the steamer, and succeeded in turning her round, bringing her head to N.N.W. Her engines were then set full speed ahead to assist the tugs; and notwithstanding that the hawser attached to the kedge broke, owing to the strain put upon it, the vessel was hauled clear of the sand and was enabled to resume her voyage to London. The *Aid* then took the two Life-boats in tow and made for Ramsgate, the Deal boat being dropped when in a position to reach her station.—Expenses of services of Broadstairs Life-boat, 24*l.* 5*s.* Other services—Property salvage case.

COMMITTEE MEETING, 12th Sept., 1895.

Voted 232*l.* 17*s.* 6*d.* to pay the expenses of the assemblies of crews or launches to distressed vessels by the Lifeboats at Abersoch, Aldeburgh, Ballywalter, Caister No. 1, Dungeness No. 1, Gorleston No. 1, Margate, New Romney, Orme's Head, Padstow, Port Patrick, Skegness, Walmer and Winterton No. 2.

The Ramsgate Life-boat was taken out on service, but her assistance was not eventually needed.

Voted 62*l.* 15*s.* to two men injured while on duty with the Polpear and Tramore Life-boats.

Oct. 2. — BURNHAM. — *John Godfrey Morris* Life-boat.—The ketch *Eliza*, of Lydney, was sailing up the river when, owing to the state of the weather—a moderate gale blowing from the W.N.W., with strong gusts of wind and a heavy sea—her master considered it safer to anchor. Close behind her was another vessel, and before the anchored vessel could alter her lights she was run into and both vessels sank, only their masts being visible. From the pier it seemed as if some men were in the rigging, and the Life-boat therefore put off, but, in passing another vessel anchored near the spot, found that the crews had landed in one of their own boats. The Life-boat then proceeded to another vessel in the bay and, after a hard pull, reached her and found she was the smack *Tom*, of Watchet, laden with stone. There was no one on board her, and the boat therefore proceeded to the ketch *Hereford*, of Gloucester, coal laden. She also had been abandoned and had lost all her sails. The Life-boat then returned to the *Tom*, put three men on board the vessel and brought her up to the pier.—Property salvage case.

Oct. 2.—HOYLAKE. — *Coard William Squarey* Life-boat.—The Life-boat was launched, a vessel being reported in distress near the Crosby light-vessel, proceeded through a very heavy sea, the wind blowing a strong gale from W.N.W., and on her way found the schooner *The Cousins*, of Beaumaris. She had been run aground about three-quarters of a mile from the shore, as she was sinking. Her crew of two men were taken into the Life-boat and immediately afterwards the vessel's masts fell. The Life-boat then went to the other vessel which had lost her sails. She did not, however, require the help of the Life-boat, but was towed to Liverpool by a steam-tug.—Expense of service, 27*l.* 14*s.*

Oct. 2.—NORTH DEAL.—*Mary Somerville* Life-boat.—Signal guns being fired by the Gull light-vessel, while a moderate gale was blowing from W.S.W., with a very heavy sea, the Life-boat was launched at about 5.40 A.M. and found the s.s. *Fal*, of Falmouth, ashore on the North Sand Head, Goodwin Sands. The services of the Life-boat men being engaged to assist in getting the vessel out of her dangerous position, they laid out

an anchor and chain and, on the flood tide, succeeded in getting her afloat. She had a crew of ten men on board.—Property salvage case.

Oct. 2.—CLOUGHY.—*Faith* Life-boat.—A vessel having been reported aground on the Cannon Rocks, the crew of the Life-boat were at once summoned, and at 5.40 A.M. the boat was on her way to the scene of the casualty. On arriving at the vessel she was found to be the barque *Helen*, of Brevig, coal laden, from Ardrossan for Christiania. The master being anxious to procure the services of a steam-tug, at his request the Life-boat returned to the shore to telegraph for one, and then went back to the vessel and remained by her until night was coming on, but no tug having arrived the master wished to be taken ashore to telegraph again. His wishes were again complied with and he was landed at 7.35 P.M. At 9 o'clock he was taken back to the ship and on reaching her the crew were ready to leave her, stating that she had then six feet of water in her, having struck heavily on the rocks during the absence of the Life-boat. They were therefore taken into the boat, and arrived at Cloughy at 1 A.M. The vessel became a total wreck.—Expense of service, 41*l.* 3*s.* 6*d.*

Oct. 2.—SOUTHPORT.—*Edith and Annie* Life-boat.—The Life-boat proceeded at 6.20 A.M. to the assistance of the barquentine *Lattonia*, of Riga, which, while on a voyage from Florida to Preston with a cargo of pitch-pine logs, stranded on the Horse Bank, while a gale of wind was blowing from the N.W., accompanied by a heavy sea. The crew of eight men were taken into the Life-boat, and the vessel broke up and became a total wreck.—Expense of service, 11*l.*

Oct. 2.—CLOVELLY.—*Elinor Roget* Life-boat.—In response to signals of distress the Life-boat was launched at 1.5 A.M. and rescued the crews, four men in all, from the smacks *Petrel* and *Dora*, of Bideford, which were dragging their anchors and drifting towards the rocks about half a mile S.E. of Clovelly pier while a whole gale was blowing from N.N.W., with a very heavy sea.—Expense of service, 23*l.* 15*s.* 6*d.*

Oct. 2-3.—PADSTOW.—*Arab* Life-boat.—A vessel was seen two miles N. of

Stepper Point while a strong gale from W.N.W. was blowing, accompanied by a heavy sea; she had lost one of her masts and her sails had been blown away. The Life-boat put off at 6.35 A.M. and went alongside the vessel, which had drifted towards the harbour and had anchored close outside the Doom Bar. She was the ketch *William*, of Ipswich, bound from Swansea for Wells, and had a crew of four men, who were taken into the Life-boat and brought safely to land. The boat was kept in readiness for taking the men back to the vessel should there be any chance of saving her, but at half-past eleven her chain parted, she drove on the Trebetherick rocks and became a total wreck. The Life-boat was then replaced in her house.

On the following day the gale continued, and at noon a boat with men in her was observed about half a mile N.W. of Stepper Point. The Life-boat was launched, and at Stepper Point met the boat just entering the harbour. Her crew reported that another boat belonging to the same vessel, the s.s. *Sicilia*, of Liverpool, which had been totally wrecked a short distance west of Trevoze Head, and containing sixteen men, was about two miles distant in a W. direction. The Life-boat attempted to get outside the harbour, but was driven back by the wind and sea, and therefore returned to her station and changed three of her crew for fresh hands. She then succeeded in getting to sea, and sighted the boat in a very dangerous position, drifting into Hell Bay. The Life-boat rowed after her, and on getting alongside found the men on board her were greatly exhausted and unable to keep their boat from going amongst the heavy breakers just under her lee. They were taken into the Life-boat, which then had a hard struggle to row back to the harbour against the wind and sea, having been taken a considerable distance to leeward of the entrance. She safely regained her station at 3 P.M.—Expenses of services, 36*l.* 16*s.* 6*d.*

Oct. 4.—CLOVELLY.—*Elinor Roget* Life-boat.—While a strong gale from N.W. was blowing, accompanied by a very heavy sea, a vessel was observed off Clovelly, but too far distant to allow the signal she was flying to be made out. Fearing it might be one of distress, the Life-boat proceeded to her, and, on

coming up with her, found that she was disabled, having lost all her sails and all her boats having been destroyed. Her crew of nine men and the captain's daughter were taken into the Life-boat and landed, and the vessel, which was the barque *Haabet*, of Tönsberg, coal laden, ultimately drove ashore in Croyde Bay and became a total wreck.—Expense of service, 14*l.* 8*s.*

COMMITTEE MEETING, 10th Oct., 1895.

Voted 436*l.* 5*s.* 9*d.* to pay the expenses of the assemblies of crews or launches to distressed vessels by the Life-boats at Aberystwith, Appledore, Broadstairs, Cadgwith, Cemaes, Clovelly, Fleetwood, Gorleston, Hope Cove, Lytham, Margate, Newbiggin, New Brighton, Padstow, Pakefield, Palling, Point of Ayr, Polpear, Southport, St. Anne's, Swansea, Walmer, Watchet and Weston-super-Mare.

Voted 16*l.* 11*s.* to three men injured while on duty with the North Deal and Courtmacsherry Life-boats.

The Committee specially recognised the good services of Mr. JOHN MARSHALL whilst serving for many years as coxswain of the Seaham Life-boat.

Oct. 15th.—CEMLYN.—*B. J. Nicholson* Life-boat. The Life-boat put off in response to signals, and found the ketch *Ruby*, of Liverpool, a fishing-boat bound from Hoylake for Cardigan Bay, stranded on the Coal Rock, on which she had been carried by the tide. As she was leaking badly some of the Life-boat men boarded her, worked at the pumps, and assisted her to Cemlyn, where she was beached at high-water.—Expense of service, 22*l.* 5*s.* 6*d.*

Oct. 17.—SENNEN COVE.—*Ann Newbon* Life-boat.—At 5 P.M. the Life-boat was launched to the assistance of the s.s. *Harberton*, of and from London, bound for Barry in ballast, stranded on a rock known as Jibben Bean, part of a reef called the Kettle's Bottom, between the Longships and the Land's End. It was just after high-water that she stranded, and as the tide ebbed she was firmly aground on the top of the rock and at low-water was high and dry and in great danger of slipping off the rock into deep water. The crew launched their own

boats and got into them with all their effects. At the request of the captain the Life-boat remained by all night, having both boats attached to her, as they were deeply laden and in great peril of being capsized as the sea made, or of striking on the rocks at low-water. The captain and other officers remained on the steamer, which at 5 A.M. drifted off the rock, damaging her propeller in doing so and being thus helpless and surrounded by rocks. She was anchored in a safe place under direction of the Life-boat coxswain who at the request of the master undertook the control of that operation; and about an hour afterwards a steam-tug arrived in sight, but as she did not venture to approach the rocks the Life-boat went out to her; one of the crew boarded the tug, piloted her to the steamer, which was then towed, under the pilotage of the Life-boat men, into Whitesand Bay, where she was anchored at about 8 A.M.—Property salvage case.

Oct. 22.—GORLESTON.—*Mark Lane* Life-boat.—While returning from a herring-fishing voyage the lugger *Star of Bethlehem*, of Cullen, port of Banff, stranded on the East Cross Sand in a moderate N.E. to E. gale, a rough sea and thick weather. On the vessel being observed the Life-boat was promptly launched, and was taken in tow by a steam-tug. En route a raft, constructed of the vessel's oars and bows used for buoying the nets, being seen near the South Cross Sand buoy, the Life-boat proceeded towards it and found it bore the fishing-boat's crew of eight men, all of whom were in a greatly exhausted condition, having been on the raft about an hour and a half. They were taken into the Life-boat, and on being landed were taken to the Sailors' Home at Yarmouth.—Expense of service, 20*l.* 9*s.* 6*d.*

Oct. 23.—LOSSIEMOUTH.—*Frances Sprot* Life-boat.—At 5.30 P.M. a vessel, which proved to be the schooner *Anance*, of Tönsberg, bound from Sundswall for Thurso with a cargo of timber, was observed drifting ashore about five miles east of Lossiemouth. The wind was blowing from N.N.E., the sea was heavy, and showers of hail were falling. In about ten minutes the Life-boat was manned and launched and when clear of the harbour sail was set. On nearing the vessel the sails were taken in and the boat pro-

ceeded towards her under oars, but a quantity of wreckage was encountered alongside and, in getting into position to approach the stern of the vessel, the boat took the ground about twenty yards to leeward of her. Failing to get her afloat, communication was obtained between the boat and the vessel by means of lines and buoys attached to a stout rope, and the latter being secured and hauled taut, the crew, six in number, passed down the rope into the Life-boat, and with the help of the rocket brigade were got safely ashore and taken to Lossiemouth.—Expense of service, 27*l.* 16*s.* 3*d.*

Oct. 26.—SCARBOROUGH.—*Queensbury* Life-boat.—Three Scarborough cibles and three others belonging to Filey, which had proceeded to the fishing-ground at 1 A.M., were returning at 7 A.M. in consequence of stress of weather; the wind increased to a gale, blowing from E. by N., accompanied by a rough sea, and, as it was evident that they would run considerable risk in taking the harbour, the Life-boat went to their assistance and escorted them in safely.—Expense of service, 13*l.* 10*s.*

Oct. 28.—NEW QUAY, CORNWALL.—*Willie Rogers* Life-boat.—A message by telephone was received from the coast-guard at St. Agnes stating that the ketch *St. Agnes*, belonging to that port, which had sailed in the afternoon, had anchored in Perranporth Bay and was in a dangerous position, being embayed near the Chapel Rock. The Life-boat was launched at 6 P.M. and remained by the ketch four hours, when wind changed to N.N.E. and the vessel was able to get to sea, the Life-boat accompanying her several miles until she was out of danger, as the weather was still very threatening, heavy squalls of wind blowing, accompanied by rain and lightning.—Expense of service, 30*l.* 9*s.*

Nov. 6.—NORTH BERWICK.—*Fergus Ferguson* Life-boat.—Information having been conveyed to the coxswain of the Life-boat that help was needed by a vessel, the crew were summoned, and at 12.40 A.M. the boat was launched, proceeded in a strong gale from S.E., a heavy swell and thick weather, to the Scoughall Rocks, on which was stranded the schooner *Otto*, of West Rhaderfehn, bound from Methil for Bremerhaven laden with coal. Four men who were clinging to the main rigging were taken into the Life-boat;

these, with a boy who unhappily had been drowned in an attempt to rescue him with the rocket apparatus, constituted the crew of the vessel, which became a total wreck.—Expense of service, 23*l.* 7*s.*

Nov. 6.—KIRKCUDBRIGHT.—*Hugh and Ann* Life-boat.—The brigantine *Nordstjernen*, of Christiansand, bound from Mazagan for Kirkcudbright with a cargo of beans, entered the river at 2 A.M., while a strong gale was blowing with a heavy sea. She dropped her anchors but they failed to hold, and the vessel drifted on the Milton Sands. Information of the casualty having been received by the coxswain, the Life-boat put off and rescued the crew, consisting of six men. The vessel capsized almost immediately after the men had been taken off and became a total wreck. Prior to the arrival of the Life-boat the ship's boat had been launched, but as soon as one man had boarded her she capsized; fortunately, however, the man had a rope attached to him and he was hauled back to the vessel.—Expense of service, 14*l.* 1*s.*

Nov. 10.—BLYTH.—*Dalmer* Life-boat.—The s.s. *Sindbad*, of Newcastle, bound from Blyth for Plymouth with a cargo of coal, when leaving the harbour at about 9 A.M. stranded on the Sow and Pig Rocks, about a hundred yards N. of the East pier, in consequence of the engines ceasing to work. Her crew remained on board, and later some dockyard workmen were taken to the vessel, but the wind increased to a heavy gale from S.E., accompanied by a rough sea, and signals of distress were shown in response to which the Life-boat put off at 8.35 P.M. and brought safely ashore fifteen men. The boat then returned to the ship and remained by her until the sixteen other men on board had been taken off by the rocket apparatus.—Expense of service, 23*l.* 14*s.*

Nov. 10.—BEAUMARIS.—*Tom and Jenny* Life-boat.—A vessel being reported with a signal of distress flying, anchored near Puffin Island, while a moderate gale was blowing from S.W. by S., the Life-boat put off at 2 P.M., manned by Sir RICHARD WILLIAMS - BULKELEY, Bart., Honorary coxswain; WILLIAM M. PRESTON, Esq., Honorary 2nd coxswain; H. S. LEONARD HEPWORTH, Esq., Assistant Honorary Secretary, and a crew of fourteen men. On reaching the vessel, the schooner *Kate*, of Chester, laden with scrap-iron, it was

ascertained that all her sails were split, and her crew feared to remain on board during the night. The four men were therefore taken into the Life-boat, which was afterwards kindly taken in tow by the steamer *Wild Rose*, of Chester, which was coming in, and arrived safely back at Beaumaris at 5 P.M.—Expense of service, 16*l.* 2*s.* 6*d.*

Nov. 10. — RAMSEY. — *Mary Isabella* Life-boat.—While a gale of wind from S.E. was blowing, accompanied by a heavy sea, signals of distress were shown by the schooner *Ellen and Mary*, of Port William, which was driving about a mile and a quarter N.E. of the harbour. The signal was fired to summon the crew of the Life-boat, and in seven minutes the boat was afloat; she proceeded to the vessel and took off her crew of three men. She returned to harbour at 6.55 P.M.; at 7.11 again went out, and at 8.5 returned with the crew of six men and the master's wife from the brig *Globe*, of Whitehaven, which was driving and leaking. At 8.23 the boat was again called out, went to the schooner *Harvest Home*, of Preston, which also was driving, and rescued her crew of four men, landing them at 9.50, encountering on her return a strong freshet running out over the bar, rendering it somewhat dangerous to effect a crossing.—Expenses of services, 69*l.* 10*s.*

Nov. 10.—TEIGNMOUTH.—*Arnold* Life-boat.—A vessel being observed about seven or eight miles off Teignmouth with a signal of distress flying, the Life-boat proceeded to her, and found she was the *Anna Marie*, of Mariehamn, bound from Sundswall with a cargo of timber for Exmouth. One of the Life-boat men was put on board the vessel and a tow rope was made fast to a steam-tug which arrived, but the wind increasing to a gale the tug could not make headway, and both anchors had to be let go off Exmouth. The Life-boat remained some time by the ship and was eventually towed back to her station, a telegram being at once despatched to the Life-boat authorities at Exmouth to keep watch on the vessel. During the night the wind moderated, and at 7 A.M. the tug and Life-boat again proceeded to the vessel and took her safely into Exmouth harbour.—Property salvage case.

Nov. 11.—SOUTHEND, ESSEX.—*Theodore and Herbert* Life-boat.—In response to

signals from the Nore Light-vessel the Life-boat was launched at 1 A.M. in a rough sea, a strong gale blowing from S., and found the barquentine *Durango*, of Hamburg, stranded on the Black Tail Sands, her chain having parted during the storm. The Life-boatmen assisted at the pumps, the vessel having five feet of water in her hold, and with the help of a steam-tug she was got off the sand and was taken to the London Docks, the Life-boat remaining by her until she reached Gravesend.—Property salvage case.

Nov. 11.—ROKER.—*William Hedley* Life-boat.—The Life-boat was launched at 7.30 A.M. at the request of the master of the s.s. *Poplar*, of London, which stranded about midnight in a gale of wind from S. and a strong sea, about two hundred yards S. of Roker Pier. Her crew had been taken off by the rocket apparatus, but returned at low water to the vessel to try to get her afloat. The Life-boat rendered service in taking tow ropes from steam-tugs to the stranded ship, and remained by until she floated and was out of danger.—Property salvage case.

COMMITTEE MEETING, 14th Nov., 1895.

Voted 73*l.* 14*s.* 3*d.* to pay the expenses of the assemblies of crews or launches to distressed vessels by the Life-boats at Aldeburgh, Angle, Appledore, Ballywalter, Berwick-on-Tweed, Buckie, Caister, Cemaes, Clacton, Dungarvan, Dungeness, Exmouth, Formby, Gorleston, Harwich (steam Life-boat), Ilfracombe, Kingsdowne, Llandulas, Lowestoft, Mevagissey, Montrose, New Quay (Cornwall), New Romney, North Deal, Palling, Point of Ayr, Rhyl, Saltburn, Southend (Essex), Walmer, Walton-on-the-Naze, and Youghal.

Thanks and payment were also awarded to two female domestics of the Grand Hotel, New Romney, for kindly assisting to launch the Life-boat at that port when called out for service.

The Ramsgate Life-boat was taken out, but her assistance was not required. Expenses paid by the Board of Trade.

Voted 29*l.* 10*s.* to five men injured while on duty with the North Deal, Southwold, Douglas, Winchelsea, and St. David's Life-boats.

The Committee suitably recognised the long and valuable services rendered by Mr. GEORGE STOWGER, Mr. ROBERT WRIGHT, Mr. ISAAC DIX, and Mr. THOMAS

MILLS, whilst serving as coxswains of the Kessingland, Fleetwood, Dunwich, and Hayle Life-boats.

Nov. 15.—WHITHORN.—*Henry and John Leighton* Life-boat.—While a heavy gale was blowing from S.S.E., with a very heavy sea, signals of distress were shown by the Norwegian barque *Sator*, bound from Glasgow for Vera Cruz with a cargo of coal, which was in a dangerous position in Port Yerrock Bay. She was half way between Stonehead and Craggleston Point and was driving towards a rocky coast. The Life-boat was launched at 11 A.M., and on reaching the vessel found the seas were making a clean breach over her. Her crew of ten men were taken into the boat, which then attempted to beat back to her station, but the sea was so heavy that she was compelled to make for Garliestown, where she landed at 1.30 P.M., after being repeatedly filled by the seas while running into the bay in shallow water. The boat returned to her station on the following day.—Expense of service, 20*l.* 16*s.*

Nov. 15.—GOURDON.—*Theophilus Sidney Echalaz* Life-boat.—While a strong gale was blowing from the S. a fishing-boat came in and reported that another boat, the *Lily of the Valley*, was in distress, her rudder having been damaged. The Life-boat was launched at noon and remained by the boat until she got into safety. One of her crew had been rather severely injured by being struck by a block. The Life-boat remained in attendance until seven other fishing-luggers safely crossed the bar, on which a heavy sea was breaking.—Expense of service, 12*l.* 15*s.*

Nov. 15.—RAMSEY.—*Mary Isabella* Life-boat.—The Life-boat was launched in response to signals of distress exhibited by the brigantine *Somerset*, of Christiania, which was riding heavily about a mile N.E. of the harbour in a strong wind from S.S.E. and a rough sea, and rescued her crew of nine men.—Expense of service, 15*l.* 18*s.*

Nov. 15.—HELBRE ISLAND.—*Admiral Briggs* Life-boat.—The Life-boat was launched at 5.15 P.M. to the assistance of the flat *Eleanor*, of Liverpool, which had become unmanageable, having a large quantity of water in her, and signalled for assistance. Three of the Life-boat

men boarded the vessel and tried to take her into safety; but finding it impossible to do so she was abandoned, her crew of two men being safely landed by the Life-boat. A whole gale of wind was blowing from S.W., and there was a choppy sea.—Expense of service, 20*l.* 6*s.* 6*d.*

Nov. 15.—LYNMOUTH.—*Louisa* Life-boat.—A sudden gale of wind having sprung up from S.E., accompanied by a rough sea, one of the Porlock boats, the *Esperanda*, engaged in the herring fishery, became unmanageable, and drifted towards the mid-channel. She hoisted a signal of distress, and, as it appeared that she would be unable to ride out the storm, the Life-boat was launched at 10.40 A.M., some difficulty being experienced in getting her over the rocky beach, the tide being low. Mr. R. JONES, the contractor for the new esplanade, very kindly permitted about fifty men who were working for him to assist, and with their help the launch was successfully accomplished the fishing-boat was reached and her crew of two men rescued. The *Esperanda* was afterwards picked up by a steam-tug.—Expense of service, 25*l.* 13*s.* 6*d.*

Nov. 16.—GORLESTON.—*Thora Zelma* Life-boat.—The schooner *Bulla*, of Barnstaple, bound from Shields for Thurso with coal, was being towed into the harbour when the tow-rope parted, and she drove on the North Sand, about 200 yards from the North Pier-head. A moderate gale was blowing from S.S.W., and the sea was very heavy. At 11.30 A.M. the Life-boat put off, and an hour afterwards returned with the crew of the vessel, numbering four men.—Expense of service, 16*l.* 12*s.*

Nov. 16.—BEAUMARIS.—*Tom and Jenny* Life-boat.—The cutter *Sarah Beck*, of Liverpool, dragged her anchor in a whole gale—which at times blew with nearly hurricane force—from S.W. and a very heavy sea, and showed signals of distress. She was then off Penrhyn Point, near Penmon. The Life-boat, manned by W. M. PRESTON, Esq., Hon. Secretary, who acted as coxswain; L. HEFORTH, Esq., Assistant Hon. Secretary, and a crew of seventeen men, put off at 10 A.M., took off the vessel's crew and landed them at Penmon. The boat then made for her station, and on nearing it was kindly taken in tow by the steamer *Helvetia*, of

Liverpool, and arrived at her moorings at 12.45 P.M.—Expense of service, 13*l.* 16*s.*

Nov. 18.—GORLESTON.—*Leicester* Life-boat.—While returning from a trawling voyage in the North Sea the dandy *Coquette*, of Great Yarmouth, stranded on the North Sand on the 18th November. She showed flares for assistance, and the Life-boat proceeded to her and remained by her some hours, hoping she would float at the flood tide. The wind, however, gradually increased, the sea rose and eventually broke clean over the vessel, rendering it impossible for her crew to remain on board, and they therefore got into the Life-boat and were safely landed at 8.30 A.M.—Expense of service, 34*l.* 2*s.* 6*d.*

Nov. 19.—CASTLETOWN.—*Hope* Life-boat.—The schooner *Emu*, of Douglas, becoming unmanageable in a S. gale and heavy sea, stranded on the Seal Rock in Castletown Bay. The Life-boat was promptly launched to her assistance at about 2 A.M., took off her crew, consisting of three men, and landed them safely at 4 o'clock.—Expense of service, 22*l.* 13*s.*

Nov. 20.—BLYTH.—*Dalmer* Life-boat.—The s.s. *Fairy*, of Thorskog, which had left Blyth earlier in the morning bound for Warberg with coal, struck on the rocks near the West Pier at about 6.25 in the morning and partly filled with water. A gale of wind was blowing from S.E. at the time, and there was a rough sea. She fired signals of distress, and in response to them the Life-boat proceeded to her and rescued her crew, consisting of twelve men.—Expense of service, 19*l.* 15*s.* 6*d.*

Nov. 20.—NORTH DEAL.—*Mary Somerville* Life-boat.—Signal guns having been fired by the East Goodwin Light-vessel, the Life-boat was launched at 8.30 A.M. and proceeded through a rough sea, the wind blowing a strong breeze from S.E. and the weather being hazy, to the off part of the East Goodwin Sands, where she fell in with a ship's boat with five men on board. They reported they were the master and crew of the three-masted schooner *G. L. Waters*, of Workington, bound from Antwerp for Dublin, which had gone ashore on the Sands. They were taken into the Life-boat and landed as quickly as possible, the master appearing to be very ill.—Expense of service, 14*l.* 6*s.* 6*d.*

Nov. 20.—WALMER.—Temporary Life-boat.—In response to signals the Life-boat was launched, proceeded to the

Goodwin Sands, and found the barquentine *G. L. Waters*, of Workington, stranded, with her colours flying in her rigging. No one was on board, her crew, as was subsequently ascertained, having taken to their boat and having been picked up by the North Deal Life-boat. Some of the Life-boat men boarded the vessel, trimmed the sails, and ultimately got her off the sands. As she was leaking badly the services of a steam-tug were engaged and the vessel was taken to Ramsgate.—Property salvage case.

Nov. 23.—RAMSEY.—*Mary Isabella* Life-boat.—The schooner *Gem*, of Ramsey, having stranded about two hundred yards E. of the Life-boat house, while making for the harbour in a strong N.E. breeze and a heavy sea, the Life-boat was launched at 3.40 P.M., veered down to the vessel in a heavy surf and rescued her crew, consisting of three men and a pilot. The *Gem* was bound from Whitehaven for Ramsey with a cargo of coal.—Expense of service, 15*l.* 9*s.*

Nov. 24.—NORTH DEAL.—*Mary Somerville* Life-boat.—While on the look-out the coxswain of the Life-boat observed a barquentine flying her *ensign union* down and showing large flares, denoting that she was in need of assistance. She was dragging her anchors and was driving close to the pier. A whole gale of wind was blowing from an easterly direction and a very heavy sea was rolling on the beach and for a long distance out. The coxswain at once summoned the crew of the Life-boat, and at 4.30 P.M. the boat was afloat. She was pulled off from the beach by means of the haul-off warp, and from time to time the boat and her crew were completely buried by the terrific seas which were encountered. Sail was hoisted, and in about half-an-hour the vessel was reached. She was the *Michael Kelly*, of Liverpool, in ballast, bound from Dover for London, and having on board the master, his son, and a crew of three men. The Life-boat men remained for some time by the vessel, hoping that the weather would moderate and that it would be then possible to extricate her from her dangerous position; but she again commenced to drive, and the boat was compelled to leave her, bringing the five persons ashore, together with a dog which was taken into the boat by the captain's son.—Expense of service, 49*l.* 13*s.*

Nov. 24.—SALCOMBE.—*Lesty* Life-boat.—On the evening of Sunday, 24th November, information was conveyed to the coxswain of the Life-boat that a vessel which had brought up at the mouth of the harbour was burning signals of distress. The coxswain was in bed suffering from a severe cold, but he at once rose, the crew were summoned, and at 8.30 the boat put off, and on reaching the vessel found that her crew of two men were anxious to be taken ashore, as the vessel, having lost her mainsail and jib, was unable to get up the harbour. They were taken to Salcombe, and on the following day their vessel was towed into port.—Expense of service, 27*l.* 9*s.* 3*d.*

Nov. 24.—FOLKESTONE.—*J. McConnel Hussey* Life-boat.—The fishing-lugger *Perseverance* left Folkestone at 5 A.M. on 23rd November, and in the afternoon attempted to return, but the wind had increased to a strong gale from E.N.E., with a rough sea, and her sails being blown away she was unable to fetch the harbour, and therefore brought up off Sandgate. She made another attempt at night, but again failed, and then anchored about half-a-mile from the shore at Folkestone. The Life-boat proceeded to her assistance at 1 P.M., taking out a suit of sails; and the vessel's crew of three men, who were greatly exhausted, having no provisions on board, were taken into the boat and landed, a double crew of six other men being left on the lugger, which half an hour afterwards parted her cable, and was eventually taken into the harbour.—Expense of service, 18*l.* 10*s.*

Nov. 24.—PENARTH.—*Joseph Denman* Life-boat.—The brigantine *Orwell*, of Ipswich, laden with pit-wood for Cardiff, dragged her anchors and showed signals of distress while a fresh gale of wind was blowing from S.E., accompanied by a heavy sea. The Life-boat proceeded to her assistance at 3 P.M., some of her crew boarded the vessel and assisted to heave in the cable, and the boat remained by her until 1 o'clock on the following morning, when a steam-tug arrived and towed the ship on to the mud, where she was left previous to being taken into dock.—Expense of service, 38*l.*

Nov. 25.—TOTLAND.—*Charles Luckcombe* Life-boat.—The schooner *Jane and Annie*, of Carnarvon, bound from Southampton for Newport (Mon.) with a cargo of

scrap-iron, which had been anchored in Lymington Roads during the day, parted her cables and, before she could set sail, was carried by the ebb tide on to the Shingles bank. At 8.30 P.M. she burnt a flare for assistance, and the crew of the Life-boat *Charles Luckcombe* were summoned, the boat was launched and proceeded to the vessel. A strong E. wind was blowing, a moderate sea was running, and the night was dark and thick. On reaching the schooner, which lay stranded a little westward of the Elbow buoy, the master informed the Life-boatmen that he was anxious to save her. Four of the crew of the boat boarded her; when the water rose she was got off the sand and was taken in tow by a steamer belonging to the War Department.—Expense of service, 27*l.*

Nov. 25.—GORLESTON.—*Mark Lane* Life-boat.—The Life-boat was launched at 1.30 P.M. and was towed by a steam-tug to the s.s. *J.A. Grepensedt*, of Gottenburg, which was about three miles E. of the South Cross Sand buoy and was showing signals in a moderate E. gale and a heavy sea. By following the Life-boat the vessel was guided through the St. Nicholas Gateway into Yarmouth Roads and anchored abreast of Nelson's monument. She was bound for Yarmouth with a cargo of ice.—Expense of service, 20*l.* 9*s.* 6*d.*

Nov. 25.—ST. IVES.—*Exceter* Life-boat.—At 6.30 P.M. the Life-boat was launched, it being reported that a fishing-lugger was ashore on the Western Spits. A moderate gale was blowing at the time from E.N.E. and there was a heavy sea. After a hard pull of three miles the vessel was reached, and proved to be the *Good Hope*, belonging to St. Ives. Her master, finding she was drifting ashore, cast anchor, and was thereby enabled to keep her bow towards the sea, hoping to be able to get off when the tide made. The Life-boat men remained by in case she should not float, but fortunately she succeeded and then made sail for St. Ives harbour.—Expense of service, 22*l.* 18*s.*

Nov. 25.—MARGATE.—*Quiver* Life-boat.—At 9.30 A.M. the Life-boat was launched to the assistance of the barque *Johanne*, of Laurvig, bound from Savannah for London with turpentine, which had stranded on the rocks off Birchington in a moderate gale from E.N.E. and a heavy sea. Great difficulty was experienced in getting the

boat afloat, the horses being frightened by the rough sea, and refusing to work just as the boat was broadside on to the waves. One of the horses was knocked down by a heavy wave, his driver sprung clear just in time, and fortunately neither he nor the horse was hurt. The horses were then taken out, and an attempt to get the boat off was made by the helpers and drivers who waded shoulder deep into the water, occasionally losing their footing, and effected a successful launch. On reaching the vessel it was found that she had been already boarded by a boat's crew of five men which had put off from Westgate Bay. The Life-boat was engaged to lay by the vessel, and subsequently the crew were engaged to help to float her and to render any necessary assistance. The boat regained her station at Margate at mid-day on the 1st December.—Property salvage case.

Nov. 26.—SCARBOROUGH.—*Queensbury* Life-boat.—Two fishing-cobles, the *Two Brothers* and the *Kathleen*, were apparently in considerable danger while making for the harbour, the wind having freshened, and the sea being rough. The Life-boat was launched at 5 p.m., pulled to the weather side of them so as to shelter them from the breakers, and thus enabled them to enter the port in safety.—Expense of service, 27*l*.

Nov. 28.—COURTOWN.—*Three Sisters* Life-boat.—As evening closed in the weather became bad, and a heavy sea broke on the bar. An open boat had proceeded to the fishing-grounds during the day, and great anxiety was felt for her safety. There were no means of warning her of the dangerous state of the bar, and it was feared that she would attempt to cross it before her crew could realise that it was impracticable to do so. The Life-boat was therefore launched at about 8.10, and in about half-an-hour picked up the boat and safely beached her at a point northward of the harbour.—Expense of service, 23*l*. 16*s*.

Nov. 28.—PORT ERIN.—*William Sugden* Life-boat.—Intelligence of the stranding of a steamer having reached the Life-boat station, the Life-boat was launched at 3 a.m. in a strong breeze and very thick weather and found the s.s. *Nar*, of Lynn, bound from Llanddulas for Ardrossan with limestone, stranded at the back of the breakwater at Port St. Mary. When

the tide flowed she got off, the Life-boat remaining by her until she reached Port St. Mary harbour.—Expense of service, 35*l*. 12*s*.

Nov. 29.—MABLETHORPE.—*Heywood* Life-boat.—A messenger from Theddlethorpe arrived at about 8 p.m. and reported that a vessel was ashore abreast of Oliver's Gap. The crew of the Life-boat were summoned, the boat was launched, and on reaching the vessel found she was the s.s. *International*, of Newcastle, bound for Hull with a cargo of wood and iron. Nine of her crew left her in their own boat soon after she struck; they were picked up by a Grimsby smack and taken to that port. The Life-boat remained by the steamer until five o'clock on the following morning, when the remaining nine men of the crew were taken ashore and landed at Theddlethorpe. The Life-boat men then returned to their homes to obtain a change of clothing, all being very wet, and, having done so, went back to Theddlethorpe, took the crew, with Lloyd's agent, back to the ship, and remained by her while steam-tugs endeavoured to get her afloat. Finally the boat regained her station at six o'clock in the evening. A strong wind was blowing from S.E. while these services were being rendered, the sea was heavy, and the weather was very thick.—Expense of first service, 43*l*. 3*s*.—Other services—Property salvage case.

Nov. 30.—CLAFTON.—*Albert Edward* Life-boat.—The Life-boat was launched in a moderate breeze and sea, and hazy weather, proceeded to the s.s. *Vale*, of Stavanger, bound from Sheerness for Blyth in ballast, which had stranded on the Gunfleet Sands. At the master's request the boat remained by the steamer until high water, when she floated off without any assistance.—Expense of service, 15*l*. 13*s*.

Nov. 30.—ALDEBURGH.—*Aldeburgh* Life-boat.—A telephone message being received from the Shipwash Light-vessel, reporting that she had on board the crew of a barque which was on the sand, the Life-boat was launched at 5.45 p.m. and proceeded to the lightship. The Life-boat men ascertained the position of their vessel and proceeded to her, her crew preferring to remain where they were until the boat returned. On reaching the vessel—the barque *J. H.*

Schwensen, of and from Kragerö, laden with ice for Gravesend — the small quantity of water in her was pumped out, sails were set, and she was got off the sands. The Life-boat then returned to the lightship, informed the crew that their vessel was afloat, took them back to her, some of the Life-boatmen also going on board, and she proceeded on her voyage, being ultimately towed to Gravesend by a steam-tug. The Life-boat returned to her station at 5 A.M.—Property salvage case.

Dec. 6. — PORTHDLINLAEN. — *George Moore* Life-boat.—The schooner *Gauntlet*, of Barrow, was dismasted, in a whole gale from N.W., about a mile from Llanael-haiarn. The Life-boat was launched at 10 A.M., reached the vessel, over which a heavy sea was breaking, rescued her crew, consisting of five men, and safely landed them at Llanaelhaiarn. — Expense of service, 18*l.* 4*s.*

Dec. 6-7.—ABERSOCH.—*Oldham* Life-boat. — The Life-boat put off at 10.20 A.M., in a strong N.W. gale with a rough, choppy sea, to the assistance of the three-masted schooner *Renoun*, of Wigtown, which, while on a voyage from Hamburg for Garliestown, had her sails blown away or damaged. The crew of five men were taken into the Life-boat, as the gale was increasing and the vessel was perilously near the Causeway, and landed in Pwllheli Harbour. On the following morning the men were taken back to the vessel. One of the Life-boatmen remained on board and took her safely to St. Tudwall's Roads, after her canvas had been roughly repaired.—Property salvage case.

Dec. 7.—POINT OF AYR.—At 12 P.M. on December 6 the *Dee* Light-vessel was observed driving before a strong W.N.W. gale. The crew of the Life-boat were summoned, but no signal was shown for assistance. At 1 A.M. she appeared to have brought up, but at 4.30 she fired two rockets, which were answered from the shore, and the Life-boat immediately proceeded to her. She was then lying in two fathoms of water at low tide, afloat, three miles S.E. of her moorings. On reaching her it was found that she was anxious to send a telegram to London and Holyhead. The messages were taken ashore by the Life-boatmen and duly

despatched.—Expense of service defrayed by the Trinity House.

Dec. 10.—DONNA NOOK.—*Richard* Life-boat.—At 9 P.M., while a strong W.N.W. breeze was blowing, accompanied by a rough sea, signals of distress were shown by a vessel opposite the Coastguard Station. The crew, launchers, &c., of the Life-boat were summoned, and the Life-boat was taken on her carriage, in a dense fog, towards the scene of the wreck. Owing to the lumpiness of the sands the wheels sank at least a foot deep, and two attempts to launch proved ineffectual. On the third occasion the horses were got well into the water, and a most successful launch was accomplished. The vessel, which had gone ashore on the south end of Haile Sand, was the steam trawler *Kymric*, of Grimsby, returning from the fishing-grounds with her catch. Her crew of nine men had taken to their boat, and were some distance from the vessel, showing flares for assistance. They were taken into the Life-boat and safely landed.—Expense of service, 41*l.* 13*s.* 6*d.*

COMMITTEE MEETING, 12th Dec., 1895.

Voted 80*l.* 12*s.* 5*d.* to pay the expenses of assemblies of the crews or launches to distressed vessels by the following Life-boats:—Abersoch, Aldeburgh, Bull Bay, Caister No. 2, Dover, Falmouth, Filey, Gorleston No. 1 and 2, Gourdon, Hasborough, Hayle, Helbre Island, Hoylake, Kingsdowne, Llanael-haiarn, Lowestoft No. 2, Mevagissey, New Brighton No. 1, Palling No. 1, Plymouth, Point of Ayr, Porthleven, Porthoustock, Port Logan, Port Patrick, Rhyl No. 2, Roker, Southwold No. 1, Tynemouth No. 2, Walmer, Great Yarmouth and Yealm River.

The Ramsgate Life-boat went out on service, but was not eventually needed. Expenses paid by the Board of Trade.

Voted 19*l.* to six men injured while on service at Gorleston, Hasborough, Dartmouth, North Deal, Teignmouth and Tynemouth.

The Committee specially recognised the good services rendered for many years past by Mr. JAMES HAYNES and Mr. JOHN BENNETT, late coxswains of the Port Isaac and Polkerris Life-boats.

Dec. 12.—**ARBROATH.**—*William Souter* Life-boat.—The Life-boat was launched at about 1.15 P.M. and rendered assistance to two fishing-yawls which were in danger while making for the harbour in a strong S.E. wind, a heavy sea, and thick weather.—No charge made.

Dec. 12.—**GREAT YARMOUTH.**—*John Burch* Life-boat.—Signals of distress being seen in the direction of the Scroby Sand while a strong gale from S.S.W. was blowing, accompanied by a very heavy sea, and signals being fired by the light-vessel, the Life-boat put off at 4.45 P.M., and on reaching the sand found the brigantine *Sir Robert Hodgson*, of Fowey, coal laden from Sunderland, bound for Dartmouth, stranded there. With considerable difficulty the crew of six men were taken off the vessel, which became a total wreck.—Expense of service, 31l. 15s.

Dec. 12.—**PEEL, ISLE OF MAN.**—Temporary Life-boat.—The schooner *Lily Garton*, a collier trading between Peel and Whitehaven, while returning with a full cargo, encountered squally weather, and, missing stays, would have stranded in Peel Bay had not her anchors been let go, she being close in to the shore. The rocket brigade fired a line over her and the Life-boat went to her assistance, and at the request of the crew remained alongside. Meanwhile a large shore-boat had got coils of spring rope and established a connection between the vessel and the harbour and before the tide left her she was safely berthed.—Expense of service, 24l. 9s.

Dec. 12.—**GOURDON.**—*Theophilus Sidney Echalaz* Life-boat.—Very stormy weather prevailed here, the sea being the worst experienced at this port for many years, and the fishing-boats were placed in considerable peril, many of them having miraculous escapes. At 2 P.M. the Life-boat was launched to the aid of ten of them which were making for the harbour, and stood by them until they were out of danger.—Expense of service, 7l. 17s. 6d.

Dec. 12.—**WHITELINK BAY.**—*Three Brothers* Life-boat.—The s.s. trawler *Balmoral Castle*, of and for Aberdeen, returning from the fishing-ground, stranded on the rocks about two hundred yards S. of Inverallochy in a moderate gale from W.N.W., showers of snow, and a choppy sea. She showed signals of distress, and at 8.40 P.M. the Life-boat therefore put off

to her assistance, with considerable difficulty succeeded in getting alongside, and rescued her crew, consisting of nine men.—Expense of service, 30l. 10s. 6d.

Dec. 15.—**KESSINGLAND.**—*Bolton* Life-boat.—A boat being seen drifting down the Roads in a dangerous position in a rough sea, and a smack being observed on the Barnard Sand, the Life-boat was launched at 7.30 A.M., rescued the five persons on board the boat, and then proceeded to the smack, the *Sir Alfred Gooch*, of Lowestoft, returning with her catch of fish, slipped her anchors, got her off the sand and made sail. On arriving off Pakefield a steam-tug came up and the vessel was got into Lowestoft harbour just in time, for she was sinking fast.—Property salvage case.

Dec. 19.—**KINGSGATE.**—*Thomas Chapman* Life-boat.—The Life-boat was taken out at 10 A.M. and proceeded to the ketch *Lord Tennyson*, of London, which had stranded on the Long Nose Rocks in a freshening N.E. wind and a rough sea. The vessel was bumping heavily and, the seas making a clean breach over her, there was considerable danger of her breaking up, and the Life-boat therefore remained by her until the tide made. Shortly before high water she floated, and was able to resume her voyage to London.—Expense of service, 16l. 13s.

Dec. 22.—**GILES QUAY.**—*Providence* Life-boat.—The schooner *Violet*, of and from Castletown, Isle of Man, for Dublin, laden with grain, stranded on the banks northward of Dundalk River and commenced to break up. The casualty was reported by the coastguard and steps were promptly taken to summon the Life-boat crew and launchers, most of whom were attending places of worship. The Life-boat was launched at 12.30 P.M., proceeded through a very heavy sea, the wind blowing a fresh gale from S.S.E., and found the master, mate, one man and a boy, who formed the vessel's crew, clinging to a perch on the wall of the river, they having taken to their own boat which filled and sunk. They were safely landed by the Life-boat, the vessel becoming a total wreck.—Expense of service, 20l. 1s. 9d.

Dec. 22.—**POLKERBIS.**—*Arthur Hill* Life-boat.—During a break in a dense fog, a flare-up signal was observed and at 5.45 A.M. the Life-boat was launched and

proceeding through a very high sea, the wind blowing a heavy gale from S.S.E., reached the vessel by which the signal had been shown. She was the schooner *Emily*, of Padstow, bound from Padstow for Portsmouth with granite. Being unable to work out of the bay, she had been compelled to anchor, but it was feared that in the face of such a gale as then prevailed she would part her cable and be driven on the Killwarder rock, which was on her lee. Her crew of four men were taken into the Life-boat and brought safely ashore, and when the gale abated the vessel was towed out of danger by a steam-tug.

Dec. 23.—PETERHEAD.—*George Pickard* Life-boat.—At 4.30 P.M. the Life-boat went out to the aid of fishing-boats which had been overtaken by a strong gale from E.S.E. The boat remained in attendance on the boats until 8.30, when all had arrived safely. Two of the fishing-boats had their decks swept by the heavy seas as they approached the harbour, and one of them lost its take of fish and other articles on board.—Expense of service, 24*l.* 3*s.* 9*d.*

Dec. 24.—BALLANTRAE.—*William and Harriot* Life-boat.—The steamer *Advance*, of and from Glasgow, in ballast, showed signals of distress while lying in Lendal Bay while a whole E. gale was blowing. The Life-boat was taken on her carriage by road, launched, reached the vessel and rescued her crew, consisting of three men. Great risk was run by the Life-boat men, as the steamer was lying in close proximity to the rocks, where a rough sea was breaking, the steamer going bows under at every wave.—Expense of service, 44*l.* 17*s.* 6*d.*

Dec. 24.—BLACKROCK.—*General R. Dudley Blake* Life-boat.—The worst gale remembered on this part of the coast was experienced on the 24th December, the wind blowing from the S.E. and the weather being thick, with showers of sleet. The s.s. *Paragon*, which had left Dublin on the previous day bound for Irvine, stranded about two miles from the shore at Blackrock and showed signals of distress, the crew burning their bedding, to make flares, on the bridge of the vessel. The Life-boat was launched at 1.45 P.M., but owing to the fury of the storm the Life-boatmen had to toil at the oars five hours and a half before they could reach the vessel. Eventually, however, they suc-

ceeded in doing so, and rescued the crew, consisting of eleven men.—Expense of service, 34*l.*

Dec. 24.—PORT PATRICK.—*Civil Service* No. 3 Life-boat.—While a fresh gale was blowing from S.E., with a rough sea, the brig *Robert*, of Nantes, having her ensign half-mast high, a passing steamer signalled to enquire what were her defects, and she replied by hoisting two French ensigns. The steamer proceeded northwards, and the brig still kept her ensign at half-mast. The Life-boat was launched at 1 P.M., went to her to ascertain what she required, and found that she had lost her chains and anchors. Three of the Life-boatmen went on board, the vessel followed the boat in the direction of Loch Ryan, and when off Corsewall Point she was taken in tow by a steam-tug. The Life-boat then tried to return to her station, but her foremast having sprung she obliged to make for Port Dally, where she effected temporary repairs, and regained Port Patrick when the gale moderated.—Expense of service, 36*l.* 18*s.*

Dec. 24.—DUNGARVAN.—*William Dunville* Life-boat.—The Life-boat was launched at 11 A.M., manned by a volunteer crew, Captain JOHN VEALE acting as coxswain, and succeeded in rescuing seven of the crew of the ship *Moresby*, of Liverpool, which was totally wrecked in a very strong gale from S.E. and a very heavy sea. Two of the rescued men died soon after reaching the shore, and eighteen others unhappily perished on the occasion of this wreck.

Dec. 24—25.—ANGLE, MILFORD HAVEN.—*Henry Martin Harvey* Life-boat.—At 9.45 A.M. the Life-boat was launched in a strong gale from S.E., with a rough sea, to the assistance of two vessels anchored near the entrance to Milford Haven, which were signalling for assistance. The boat let go her anchor and veered alongside the brigantine *Clara*, of Belfast, coal laden, from Cardiff for Dublin, which had been in collision during the night with another vessel, and was seriously damaged. The master, however, was undecided as to what was best for him to do. The steam-tug *Blazer*, of Liverpool, then came up, and towed the Life-boat to another vessel, the *Echo*, of Wexford, which had lost an anchor and was labouring heavily. The Life-boat men put a hawser on board the steamer, and the *Echo* was taken in tow

to Angle Bay. After seeing her safe, the Life-boat returned to the *Clara*, whose crew, being exhausted by pumping, decided to leave her, and the five men, with their baggage and a dog, were taken into the boat and safely landed, the boat being towed to windward by the tug. On the following day the vessel was still afloat, and the master applied for the help of the Life-boat to try to save her. On boarding her it was found she had six feet of water in her. Some of the Life-boatmen boarded her and assisted at the pumps, and by laying a sail over the bows, to break the sea, they having been cut down nearly to the water's edge, and stuffing sacks into the holes, the pumps soon gained, the steam-tug came up, the vessel was taken in tow and secured to a buoy off Neyland.—Expense of service in rescuing crew, 12l. 8s.—Other services, Property salvage case.

Dec. 25.—KILMORE.—*John Robert* Life-boat.—It having been reported that a vessel was in distress on the Small Saltee Island, the Life-boat was launched at 3.30 P.M., and found the vessel in question was the brigantine *Citizen*, of and for Youghal from Newport with a cargo of coal. The weather at the time was very thick, the wind blew a terrific gale from N.E., and there was a heavy sea. The vessel's crew of four men, who had been assisted to land by two men on the island, were taken into the Life-boat and brought to Kilmore, and on the following day the boat returned to the island and brought ashore the body of the captain, who was drowned. The mate was reported to have jumped overboard and to have been lost. Considerable difficulty was experienced in getting the Life-boat afloat owing to the heavy seas; but this was safely accomplished, all the helpers, amongst whom were the coastguard officer and his men, who rendered valuable help, being up to their necks in the water.

Dec. 25-30.—MARGATE.—*Quiver* Life-boat.—While a whole gale was blowing from E. by S., with a very heavy sea, the weather being thick, the Life-boat was launched, a report having been received that a vessel was in distress, and signal-guns also being fired by the Tongue Light-vessel. On speaking the Tongue it was found she was repeating the signals of the Princess Lightship, and on reaching the latter ascertained that she was

answering the Edinburgh Light-vessel. The Life-boat then worked to windward, through a very heavy sea, upwards of six miles, and found from the Edinburgh Light-keepers that a barque was on the Long Sand, N.E. by E., four to six miles. The boat worked down the Long Sand encountering a very heavy sea and snow squalls, spent the remainder of the night in searching the Sand, and at daylight saw a barque in a N.N.W. direction, apparently on the Middle Sunk Sand, about four miles distant. She proceeded there with all possible speed, and found the barque *Atalanta*, of Hamburg, bound for Talcahuano with a general cargo, and a crew of eighteen men. She was leaking badly, having been driven over the Long Sand on to the Sunk Sand. The Life-boatmen at once set to work to try to save the vessel; the pumps were manned, some of the cargo was thrown overboard, and ultimately, with the aid of three steam-tugs, she was got off the sand, anchored, as the weather had become very thick, and afterwards towed to Gravesend, the Life-boat regaining her station at 1 P.M. on 30th December.—Property salvage case.

Dec. 28.—MONTROSE.—*Robert Henderson* Life-boat.—Several fishing-boats being in distress in a strong S. by E. breeze and a heavy sea, the Life-boat was launched at 10.30 A.M., proceeded under sail down the river to the bar, and remained there until all the boats, fifteen in number, had got safely in. Six of them reported they had shipped heavy seas and some of their fish-boxes had been washed overboard.

Dec. 28.—TOTLAND BAY.—*Charles Luckombe* Life-boat.—The barque *Ganymedes*, of Risör, laden with logwood from Jamaica for Goole, having stranded on the Shingles bank in a thick fog, the Life-boat was launched to her assistance at 4.35 P.M., and was on the way when the vessel first showed signals of distress. With considerable difficulty, the crew of eight men were taken into the boat, one of them being severely hurt by being crushed between the Life-boat and the ship's side, and brought safely ashore. The wind was blowing from S.S.W. and a heavy sea was breaking on the bank where the vessel was lying.—Expense of service, 26l. 15s.

Dec. 28.—JOHNSHAVEN.—*Meanwell* of *Glenbervie* Life-boat.—Although the weather appeared to be unsettled several

small fishing-boats went out in the morning; but at about 10 o'clock the wind and sea became so rough that it was rendered dangerous for them to return without assistance. The Life-boat therefore put off and remained in attendance in case any accident should befall the boats, but they all succeeded in getting safely into the harbour.

Dec. 30.—**STAITHES.**—*Jonathan Stott* Life-boat.—The *s.s. Beaver*, of and for London, coal laden from the Tyne, grounded on the rocks called Cowbar Steel, at the N. side of Staithe Bay, in a dense fog and calm weather. She made signals of distress, and at 9 P.M. the Life-boat was launched and remained by the vessel, which was leaking, until she was out of danger.

Dec. 31.—**WEXFORD.**—*Andrew Pickard*

The boat used by the salvors was merely a 19 feet coble, and great risk was incurred in getting the men, who were greatly exhausted, into the boat.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, “L. C. WYON.” Double legend, “Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness.”
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. “W. Wyon, Mint.” Inscription, “Let not the deep swallow me up.”

The beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1895, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,247, 98 of which were in Gold, and 1,149 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—Ct. G^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs; impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 303 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy. The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

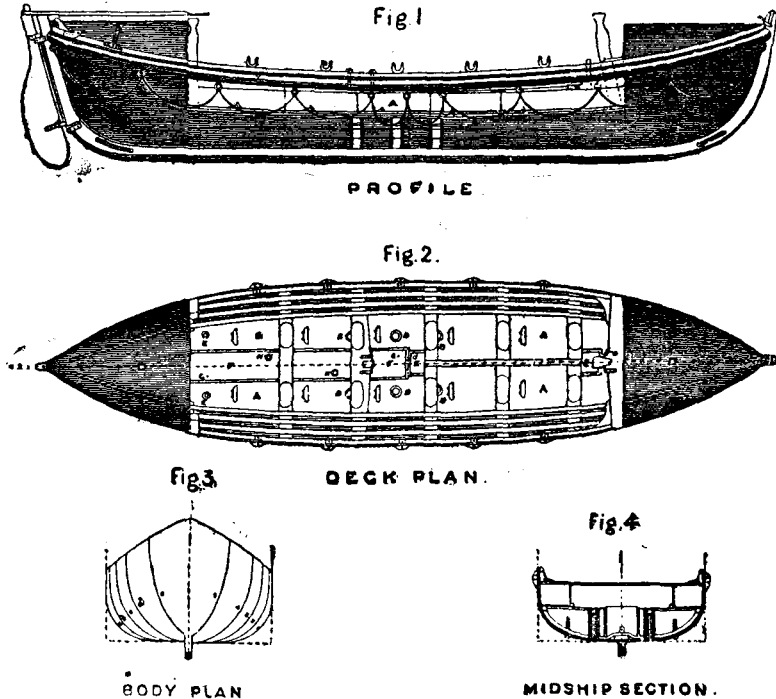

In Figure 2, the unshaded space, A, represents the uncovered part of the deck

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section."

THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT

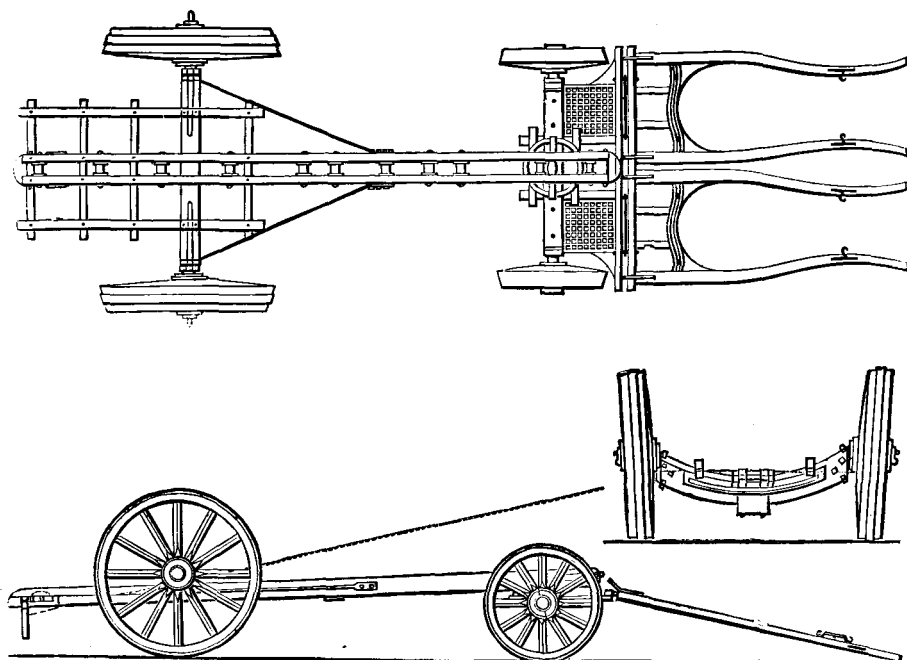

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum, and payment as a helper each time he is on duty. The members of the volunteer crews are registered and, wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or Coastguardmen. On every occasion of going afloat to save life, the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October, and ending the 31st March.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a Coastguard man on duty or other responsible look-out man.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The average cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	
Skids, and Transporting-carriage for the Life-boat	£700
Boat-house (Slipway extra)	350
Total	£1,050

It is often necessary to provide a Slipway for launching purposes, which costs from 200*l.* to 1,000*l.* The average Annual Expense of maintaining a Life-boat Station is 100*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 303 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has contributed to the saving of 39,354 lives.

Despite, however, this fleet of 303 Life-boats, and of 13 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that on an average 650 lives are lost annually on and around our own shores alone, as shown by the Board of Trade Returns, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs an income of at least 70,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.
