

THE LIFE-BOAT.

JOURNAL

OF THE

Royal National Life-boat Institution.

(ISSUED QUARTERLY.)

VOL. XVII.—No. 188.]

2ND MAY, 1898.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at St. Martin's Town Hall, Charing Cross Road, on Saturday, the 12th day of March, 1898, His Grace the DUKE OF LEEDS in the Chair, the following Report of the Committee was submitted and adopted:—

ANNUAL REPORT.

1898.

THE past year, while it has been one of considerable anxiety to the Committee of Management, has at the same time been one of congratulation, and not only for them but also for every friend to the Life-boat cause. In consequence of the serious and unfounded charges and attacks which had for some time been systematically made and widely circulated against the Management of the Institution, the Life-boats and their crews, and generally against everything connected with the Institution, the Committee felt that it had become absolutely necessary, in view of the existence of the Institution being entirely dependent on the confidence and voluntary aid of the Public, to apply early in the year to the House of Commons to appoint a Select Committee to inquire fully into the administration of the Institution, and into the adequacy of its organization for saving life on our coasts. The Select Committee was appointed on the 17th March, 1897, and after sitting for four months, and going most carefully and exhaustively into every detail of the

organization, they presented their Report to the House of Commons on the 15th of the following July. The Report, the contents of which have been placed before the Public, entirely vindicated and justified the Institution and altogether cleared the Management of the serious charges made against it. It concluded thus:—

“Your Committee cannot conclude their Report without recording their opinion that the thanks of the whole community are due to the Committee of the ROYAL NATIONAL LIFE-BOAT INSTITUTION for the energy and good management (often in very difficult circumstances) with which they have for so many years successfully carried out the national work of life-saving, and this without reward or payment of any sort. And your Committee regret that it is not in their power to suggest some further protection for charitable institutions against the attacks of irresponsible persons, which attacks may, as in the present case, turn out to be unfounded and untrue.”

The Press of the country generally expressed in strong and clear terms its concurrence with the finding of the Parliamentary Committee and very

numerous congratulatory resolutions and letters have been received by the Committee, not only from all parts of the United Kingdom, but also from the Continent. The Committee would take this opportunity of tendering to the supporters and friends of the Institution their best and grateful thanks for the hearty support they received from them throughout the recent trying period of investigation and anxiety. There is no doubt that much injury has been done to the cause financially by the circulation of calumnies which have been proved to be so baseless and unjust, and the consequent loss has certainly been considerable, more especially in connection with the Life-boat Saturday Fund. The Committee believe that the love of justice and fair-play which has always characterised the British Public will not allow the Life-boat Service to suffer permanently, but that the people of this great maritime country will generously come forward and compensate the Institution for the loss it has sustained. One gentleman has already contributed 1,000*l.* and doubled his annual subscription, as a special mark of his disapproval of the improper tactics which have been practised against the Institution, and other friends have either increased their annual subscriptions or given special contributions. The Committee would earnestly appeal to all lovers of justice to follow such an excellent example.

Notwithstanding the troubles to which reference has been made, the great life-saving work of the Institution has been steadily continued and earnestly carried on during the past year.

Life-boats.—Newsailing or pulling boats, fully equipped and possessing every improvement in construction and gear which has been found to be desirable, and suited to local requirements, have been supplied to 13 Stations, and in each case the local committees, coxswains and crews interested have been fully consulted. The following

is a list of the Stations to which these new boats have been sent:—

Peel.

The service at Point of Ayr (Flintshire) has been strengthened by the addition of a second Life-boat at this station, and the Point of Ayr, St. Anne's No. 2, and Hoylake Boats, were altered and improved.

A third steam Life-boat named the *Queen*, in commemoration of the completion of the sixtieth year of Her Majesty's reign, was sent to New Brighton last autumn, the steam Life-boat *Duke of Northumberland* which she replaced being re-transferred to Holyhead. Oil fuel and coal combined may be used in the propulsion of the new boat. Steam Life-boats are being built by the Institution for Padstow (Cornwall) and the neighbourhood of Grimsby. The total cost of the *Queen* exceeded 5,000*l.*

Owing to the variations in the amount of sea traffic which have taken place of late years on different parts of the coast, and the substitution, to a considerable extent, of steam vessels for small coasters and other small trading vessels, it has been found necessary by the Institution in several cases to place more powerful Life-boats at some stations and in other instances to close stations altogether. During the past year Life-boats have been withdrawn from Appledore, Bamburgh Castle, Carnsore, Kessingland, Kingsgate and Wexford.

On the 31st December last there were 295 Life-boats of all classes belonging to the Institution on the coast.

Transporting Carriages.—During the year the Life-boats at 5 Stations were provided with new transporting carriages, and a similar course will be adopted where necessary as soon as circumstances admit.

Tipping's Plates.—Four sets of these valuable aids to prompt launching were supplied in 1897 to Stations where it was considered that the arrangements for easy and rapid launching were defective, and they have already proved as successful as elsewhere.

Inspection of Life-boats, &c.—A thorough and careful inspection of the Institution's Life-boats and Stations has been periodically carried out during the past year, and a detailed report of each inspection has been submitted to the Committee for their consideration and guidance.

Shipwrecks.—Although the past year cannot be said to have been so remarkably void of continuous stormy weather as its predecessor, it was not a tempestuous one. The stormy seasons, except in one instance, were not marked by any great gale which could be considered as unusual, and the launches of the Life-boats on service were fairly evenly distributed throughout the year. The heaviest gales of 1897, from a Life-boat point of view, occurred on the 2nd–3rd March and the 28–29th November. In the first case there were 19 Life-boats launched, resulting in the saving of 38 lives and the landing of 10 other persons exposed to danger. In the second case 29 Life-boats were launched on service, with the result that the lives of 108 persons, including two women, were saved. This gale was a very severe one and did much damage to property, more particularly on the east and south-east coasts. During the month of June there were 31 launches of Life-boats on service, resulting in the saving of 85

lives. In no previous June since the establishment of the Institution in 1824 have there been so many Life-boats launched on service or so many lives saved as the result of the launches. During the year the Life-boats were launched on service 381 times and 1,103 times for exercise; besides which the crews were assembled on 62 other occasions when it was thought that their services might be required. The Committee have to record that, notwithstanding the thousands of Life-boat men that were afloat in the Institution's Life-boats either on service or exercise in 1897, not a single man lost his life. In view of the dangerous nature of the work which has to be performed, this is most satisfactory, and a matter for the deepest thankfulness, and the Committee would here quote the following paragraph from the Parliamentary Report:—

“It is true the service has not been conducted entirely without loss of life by those engaged in it. Your Committee would have been greatly surprised if it had; seeing that the work must often be done in conditions of the greatest danger to all concerned.”

The total number of lives for the saving of which the Institution granted rewards last year was 659. Of these 534 were

The preceding table (page 27) gives the details of the services during each month of the year.

The total number of lives saved either by Life-boats, shore-boats or other means for which the Institution has granted rewards has been 40,474, the number of each year being as follows:—

Rewards.—The rewards bestowed by the Institution in 1897 for the saving of life from shipwreck or for efforts to do so, and in recognition of other good services rendered to the cause, comprised seven silver medals, nine binocular glasses, one aneroid barometer, nineteen votes of thanks inscribed on vellum and framed, nine certificates of service, framed, and 10,289*l.* 4*s.*, including grants for personal injuries sustained in the service and 1,000*l.* in aid of the disaster fund of the Margate surf-boat, which boat, however, did not belong to the Institution.

At the end of the year the Institution had granted altogether in rewards and recognitions since its establishment in 1824, 99 Gold Medals and Clasps, 1,161 Silver Medals and Clasps, 275 Binocular Glasses, 15 Telescopes, 14 Aneroid Barometers, 1,577 Votes of Thanks inscribed on vellum and framed, 72 Certificates of Service framed, and 179,835*l.* 9*s.* 6*d.* in money.

With the view of still further recognizing long, faithful and good service in the Life-boat cause, the Committee in November last decided to introduce on the 1st January, 1898, a system of pensions and gratuities under which the men in the permanent service of the Institution, namely the coxswains, bowmen and signalmen, when retired on account of old age, accident, ill-health or abolition of post, will receive special allowances as a reward for their services. It is believed that the adoption of this course, which has given general satisfaction, will assist the Institution in its efforts to secure the services of the best men for the work, besides being an inducement to the men to do their utmost to discharge their duties well. The Committee will in addition, as hitherto, continue to compensate Life-boat men and helpers for temporary injuries received in the service, and contribute liberally, as has always been their practice, to the support of the widows and dependent relatives of any Life-boat man or helper who may lose his life in the Service.

Aneroids.—The supply by the Institution at a greatly reduced cost of these most useful and reliable instruments to the Masters and Owners of Fishing-boats and small Coasters still continues. During the past year 99 were furnished to Fishermen, and 27 to Coasters, making a total of 3,879 provided since 1882.

Removal of Wrecks.—Under the useful provisions of the Removal of Wrecks Act, 1877, Amendment Act, 1889, which became law as the result of the In-

stitution's efforts, several wrecks in non-navigable waters dangerous to the Life-boats and their crews in the discharge of their life-saving duties, were last year removed by the Elder Brethren of the Trinity House, always ready to assist the Institution, and by other authorities.

Electrical Communication on the Coast.

—The system of electrical communication on the coast for life-saving purposes which was begun by the Government nearly six years ago, as proposed by the Institution, is not yet completed, but good progress has been made. The Royal Commission, which was appointed in 1892, has completed its work and issued its final Report last autumn.

Local Committees, &c.—The excellent services rendered to the cause by the Local Committees and their Honorary Secretaries and Treasurers, are greatly appreciated by the Committee of Management, who beg to tender them their grateful and most cordial acknowledgment. The loyal support given by the Honorary Officials all over the country throughout the recent trying period of inquiry has been specially helpful. Several of these gentlemen gave important evidence before the Parliamentary Committee, and scores of others were also prepared to do so had such a course been necessary.

The best thanks of the Committee are also due to the Press for its powerful advocacy; and also to the Coastguard for their valuable co-operation.

Numerous life-saving suggestions, inventions and patents have been brought under the notice of the Committee during the past year, all of which have received their careful attention, and their thanks are due to those who have submitted them. The Committee are grateful for any suggestion which may lead to increased efficiency in the Service.

Life-boat Saturday.—The best thanks of the Institution are due to the Central Committee of the Life-boat Saturday

Fund, to the local Life-boat Saturday committees and their officials, to the Ladies' Auxiliaries, and to each and every helper throughout the country who has worked for the cause, either directly or indirectly. The difficulties in the way of developing the Life-boat Saturday movement during the past year have been great, owing, not merely to the unjust charges which had been made against its management, which have been stated by the Parliamentary Committee to be "entirely without foundation," but also owing to the special collections made, and funds raised throughout the country, and especially in London, in connection with the commemoration of Her Majesty's Jubilee. Notwithstanding, however, these serious difficulties the work has been enthusiastically carried on, and it is believed and hoped that the current year will show a general advance all along the line. In 1897 Life-boat Saturday demonstrations were held and collections made in 82 of the principal cities and towns of the United Kingdom, in 17 of which the collections were made for the first time.

Finances.—The total amount received in 1897 in subscriptions, donations, dividends, &c., and including the amount received from the Life-boat Saturday Fund, was 60,002*l.* 18*s.* 2*d.*, a falling off of 14,585*l.* 1*s.* 2*d.*, as compared with the corresponding total of the previous year. Of this sum 6,889*l.* 5*s.* 9*d.* represents the diminution as compared with 1896 in the receipts from the Saturday Fund, which, together with the other reduced totals, was, it is believed, due to the disgraceful and unfounded charges which had been so widely circulated against the Institution with regard to the Saturday Fund, charges which have now been proved by the Parliamentary Committee to have been "entirely without foundation." The total amount received under the head of legacies amounted to 21,166*l.* 6*s.* 11*d.*, of which sum 4,142*l.* 19*s.* 10*d.* was for specific purposes.

The Report of the Select Committee of the House of Commons states that:

"In the opinion of your Committee the Institution has invariably done its best to carry out the intentions of testators who have entrusted it with legacies. In many cases, however, testators have hampered their bequests with conditions which have made it impossible immediately to give effect to their wishes. Many people are not content to leave a certain sum for the general work of life-saving done by the Institution, but insist on providing a Life-boat, to be placed at some point selected by the testator in advance, and perhaps already sufficiently supplied.

"The Institution would be greatly helped in its work, and seafaring men more fully provided for when in danger, were money left to the managers of the Institution to use in their discretion for the objects prescribed in their charter. Thus, while any recommendation to couple the benefactor's name with the work to be done, or to provide for a particular place, would certainly receive all consideration, the general objects of the Institution would not be hindered by conditions precedent difficult of immediate fulfilment."

The total expenditure for the year amounted to 78,697*l.* 19*s.* 4*d.*, and comprised 26,988*l.* 17*s.* 9*d.* for building, improving, and repairing Life-boats and Life-boat Carriages, Life-boat Houses and Slipways; 15,872*l.* 2*s.* 8*d.* for Life-belts and other Stores, the Storeyard, Subsidies to non-self-supporting Stations, Branch

Payments, and Aneroids for Fishermen and Coasters; 28,375*l.* 14*s.* 10*d.* for payments to Inspectors, Coxswains, Bowmen, Signalmen; to Crews, &c., for Services and for Exercising the Life-boats, for Special Rewards and Recognitions for Services, Grants to the Relatives of Men lost on Service, for Injuries, Medals and Vellums. The balance was expended in Printing, Advertising, Postage, Telegrams and Stationery; on Salaries, Rent, Rates, Taxes, Housekeeper, &c., and Law and other expenses connected with the Parliamentary Inquiry, Leases and Bequests. Every item of receipt and expenditure has, as usual, been examined, verified and passed by Mr. LOVELOCK, of the firm of Messrs. LOVELOCK, WHIFFEN, and DICKINSON, 19, Coleman Street, E.C., Chartered Accountants.

The Committee, fully recognizing and gratefully acknowledging the generous support they have received from the public during the last seventy-four years, earnestly appeal for a liberal continuance of financial help. As greater efficiency in the service is obtained year by year, and every effort is made to make it still more effective, an increasing annual expenditure is the necessary result. The good work done by the Institution is generally recognized and commended both at home and abroad, but it cannot be carried on without increasing funds and a reliable and certain income; the Committee of Management would, therefore, urge all who value the work and appreciate its importance to come forward and give them a helping hand.

RESOLUTIONS PASSED AT THE ANNUAL GENERAL MEETING
FOR 1898.

HIS GRACE THE DUKE OF LEEDS IN THE CHAIR.

Moved by His Grace The DUKE
OF LEEDS.

Seconded by Colonel SAUNDER-
SON, M.P.

1. That the Annual Report be adopted, printed and circulated, and that this Meeting record its unqualified satisfaction at the complete vindication of the Management of the Institution by the Parliamentary Committee appointed by the House of Commons last year, at the request of the Committee of Management, to inquire into the administration of the Institution and into the adequacy of its organisation for saving life on the coast.

Moved by The Right Hon. Sir

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 40,474.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DINDIN, Esq., at the Institution, 14 JOHN STREET, ADLPHI, LONDON, W.C.; by the Bankers of the Institution, MESSRS. COULTS AND CO., 59 Strand; by all the other London and Country Bankers; and by all the Life-boat Branches.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution,

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1897.

Jan. 6. —PENMON.—*Christopher Brown* Life-boat.—The schooner *Volunteer*, of Dublin, laden with cement and matches, from London for Whitehaven, was observed aground on the rocks off Penmon, having dragged her anchors, while a strong gale was blowing from the S.E., accompanied by a rough sea and thick weather. At 11 A.M. the Life-boat was launched, and proceeded under sail to the vessel and rescued her crew, consisting of four men. About an hour after the men had been

taken off, the schooner sunk.—Expense of service, 18l. 19s.

Jan. 12.—BULL BAY.—*Curling* Life-boat.—Signals of distress were shown by a vessel lying between the East Mouse and Amlwch port. They were repeated in quick succession, and the Life-boat was promptly launched at 7.10 P.M., four minutes only elapsing from the time the order was given to the time the boat was afloat, and proceeded to the vessel, which was ascertained to be the ship *Brabloch*,

of Glasgow, with a cargo of grain from San Francisco for Liverpool. She had stranded about two hundred yards E.S.E. of the East Mouse in the thick weather which then prevailed. At the request of the master the Life-boat remained by the vessel until she floated and was taken in tow by a coasting steamer for Holyhead.—Expense of service, 2*l.* 13*s.* 6*d.*

COMMITTEE MEETING, 14th Jan., 1897.

Voted 357*l.* 16*s.* 2*d.* to defray the expenses of assembling the crews or launching the following Life-boats:—Aldeburgh, Appledore No. 1, Broadstairs, Caister No. 2, Donna Nook, Dover, Exmouth, Gorleston No. 1, Groomspout, Lynmouth, Montrose No. 1, North Deal, Robin Hood's Bay, Thorpeness, Tyne-mouth No. 2, Winchelsea, and Winterton No. 2.

The Ramsgate Life-boat was taken out, but her services were not eventually needed.—Expense paid by the Board of Trade.

Jan. 16.—CLACTON.—*Albert Edward* Life-boat.—Two telegrams having been received, one from the coxswain of the Southend Life-boat and the other from Maplin Lighthouse, reporting a vessel on the sands and showing signals of distress, the Life-boat was launched at 11 A.M., and found the vessel was the brigantine *Patho*, of and for London, coal laden from Hull. The crews of two fishing smacks were assisting her, and at the request of the master the Life-boat remained by until high water, when, no further help being required, she returned to her station, arriving at 7.30 on the following morning. The wind was blowing half a gale from N.E., accompanied by a heavy sea, snow and thick weather.

The *Albert Edward* is one of two Life-boats presented to the Institution by the United Grand Lodge of Freemasons of England in commemoration of the safe return from India of the most Worshipful Grand Master, H.R.H. the Prince of Wales.—Expense of Service, 38*l.* 15*s.*

Jan. 19.—DONNA NOOK (LINCOLNSHIRE).—*Richard* Life-boat.—The Life-boat was launched at 4.30 A.M., a telephone message having been received from Salt-

fleet reporting a vessel in distress. On reaching the spot it was ascertained that a steamer had been ashore, but had got off again, and, the coxswain of the Life-boat having indicated to the captain his position, he got under weigh, and the Life-boat started for her station. On her way back, the four-masted ship *Altair*, of Bremen, laden with wheat, from San Francisco for Hull, was seen ashore, and the boat was at once steered in her direction. On reaching her, the captain requested the Life-boat men to remain by until high water. They did so, and after throwing part of the cargo overboard, the ship was got off with the aid of four steam-tugs, and was towed to the Humber.—Expense of Service, 55*l.* 16*s.* 6*d.*

Jan. 22.—GREAT YARMOUTH.—*John Burch* Life-boat.—The Life-boat was launched at 10 A.M. and put on board the s.s. *Ardle*, of Dundee, some men by whose aid the vessel, which had been stranded on the beach about two months, was got afloat, and taken to an anchorage in Yarmouth Roads, the Life-boat remaining by until this was safely accomplished. A strong gale was blowing from N.N.E. at the time, there was a very heavy sea, and the weather was exceedingly cold, with snow.—Property Salvage Case.

Jan. 22.—ARBROATH.—*William Souter* Life-boat.—While a strong gale was blowing from E.N.E., with a very heavy sea and snow, twelve of the fishing yawls were returning, but it was feared they would be unable to enter the harbour. The Life-boat was launched at about 10.15 A.M., and stood by in readiness to render any help that might be needed. She remained in attendance until 3.30 P.M., by which time all the boats had succeeded in reaching the harbour.—Expense of Service, 14*l.* 8*s.*

Jan. 23.—ABERSOCH.—*Oldham* Life-boat.—At 1.30 A.M. the Life-boat was launched, signal-rockets having been fired from the direction of St. Tudwell's Island. The wind was blowing a moderate gale from E.N.E., with snow squalls and very cold weather, and there was a rough sea. After a long search the three-masted schooner *Bispham*, of Fleetwood, bound from Charlestown for Run-corn with china clay, was found stranded on a sandbank, bumping heavily and leaking. Her crew of five men were rescued by the Life-boat and safely landed

at 10.30 A.M.—Expense of service, 22l. 17s.

Jan. 23.—WINTERTON (NORFOLK).—*Edward Birkbeck* Life-boat.—During thick and bitterly cold weather, the wind blowing a strong gale from E.N.E., with a very heavy sea and snow squalls, flares were shown by a vessel which ran aground about a mile N. of the village of Winter-ton. The Life-boat was taken along the beach until opposite the vessel, and at about 7 A.M. she was launched, but was driven back three times by the heavy seas. At last however, with the help of the whip of the rocket apparatus, which had been made fast to the vessel, the boat succeeded in reaching her and, with considerable difficulty, rescued two of her crew. Two others unhappily were washed out of the rigging and lost before the Life-boat could reach them. The wrecked vessel was the ketch *Isabella*, of and for Harwich, from Hartlepool, laden with coal. Ten minutes after leaving her both her masts fell.—Expense of service, 25l. 12s. 6d.

Jan. 23.—HARWICH.—*Springwell* Life-boat.—The schooner *Sancho Panza*, of Faversham, coal-laden from Sunderland for Ramsgate, broke adrift from her anchors in a whole gale from N.E. and a very heavy sea, and stranded on the Pye Sands. She hoisted a signal of distress, and at 9.30 A.M. the Life-boat proceeded to her assistance and rescued her crew, consisting of six men. The Life-boat also picked up a smack's boat, with five men on board, who had attempted to rescue the schooner's crew; the wind and sea however were too much for the little boat, and her occupants were in great danger. The Life-boat returned to her station at 1 P.M., her crew having had a very trying time, the weather being intensely cold with blinding snow squalls. The schooner became a total wreck.—Expense of service, 18l. 6s. 6d.

The Committee expressed their thanks to CHARLES E. F. CUNNINGHAME GRAHAM, Esq., late R.N., Deputy Chief-Inspector of Life-boats, in appreciation of the zeal shown by him on the occasion of the wreck of the schooner *Sancho Panza*, when he went out in the Harwich Life-boat and assisted in effecting the rescue of the shipwrecked men. Additional payment was awarded to the crew of the boat in recognition of their good services on that occasion.

Jan. 23.—POOLE.—Reserve Life-boat.—Intelligence was received that the steam-launch *Zulu*, of Poole, anchored in Stud-land Bay, was signalling for assistance, and that if the wind freshened she would probably be driven ashore. At 1.15 P.M. the Life-boat, temporarily placed at Poole in the absence of the station's boat, was launched and brought ashore the two men who were on board the vessel.—Expense of service, 13l. 12s.

Jan. 25.—PORT LOGAN.—*Frederick Allen* Life-boat.—A message by telephone was received from the coastguard at Drummore reporting that a vessel was flying a signal of distress. The wind was blowing a moderate to a strong gale, the sea was heavy, and the weather very cold, with snow showers. At 12.30 P.M. the Life-boat was launched in Scratby Bay, three-and-a-half miles from Drummore, and reached the vessel, which proved to be the brigantine *Prospect*, of Belfast, coal laden, from Maryport for Portaferry. As she was dragging her anchors, her crew of four men were taken into the Life-boat and landed at 6 P.M. at Drummore, where the boat was left for the night, it being impossible then to return her to her station, the roads being blocked with snow. On the following day the crew and helpers went back for her, and with great difficulty succeeded in getting her home.—Expense of service, 41l. 9s. 6d.

Jan. 25.—CULLERCOATS, NORTHUMBBERLAND.—*Co-operator No. 1* Life-boat.—The coble *Mary Ellen*, of Cullercoats, when returning to port from the fishing-grounds, was seen to be in difficulties at the back of the bar, on which a heavy sea was breaking. A strong gale was blowing from N.E. at the time, and the weather was very cold, with snow. The Life-boat proceeded to the boat's assistance; the crew of three men were taken into the Life-boat, and the coble was towed into the harbour.—Expense of service, 14l. 7s. 3d.

Jan. 27.—MONTROSE.—*Robert Henderson* Life-boat.—At about half-past six o'clock, all the fishing-boats put out to sea in a moderate N.N.E. breeze. At about eight o'clock the wind became very strong and squally, with snow showers and a very heavy sea, compelling most of the boats to return to the harbour without shooting their lines. These boats got in safely, but

the remaining twenty-seven boats which had shot their lines were on that account longer in arriving off the entrance of the harbour, and by that time not only was a very heavy sea breaking on the bar, but there was also a gully caused by the ebb tide which rendered it very unsafe for any of the boats to attempt to enter. The lighthouse keeper at Scurdy-ness telephoned to the coxswain of the Life-boat informing him of this and requesting him to have the Life-boat launched. The Life-boat put off at 9.45, went over the bar and advised the crews of a number of the boats not to attempt to enter until low water, after which she remained inside the bar until 2 o'clock, when all the boats managed to get safely into the harbour.—Expense of service, 13*l.* 13*s.* 9*d.*

Feb. 2.—PORT EYNON, SOUTH WALES.—*A Daughter's Offering* Life-boat.—During a thick fog, it was reported that a steamer's whistle had been heard in the direction of Helwick Sands. The Life-boat was launched at 12.35 P.M., and on reaching the sands found that the s.s. *Imbros*, of and for Hull, from Kustendji, Black Sea, with a cargo of barley, was lying close to the East Helwick buoy. Her engines were disabled and she was leaking. The Life-boat returned ashore, and a telegram was despatched to Swansea for two steam-tugs. She then returned to the vessel and remained by her until she drove over the bank into deep water and anchored. Shortly afterwards the disabled vessel was taken in tow by a coasting steamer, and was beached at the Mumbles in a sinking condition, having then eight feet of water in her. The Life-boat accompanied her as far as Oxwich Point and then returned to her station, which was reached at 5 P.M.—Expense of service, 18*l.* 14*s.*

Feb. 6.—WALMER.—Reserve Life-boat.—In response to guns and rockets, the reserve Life-boat temporarily placed on this station was launched at about 3.45 A.M., proceeded to the South Sand Head light-vessel, and ascertained that she had been run into by the barquentine *Ornen*, of Gothenburg, and that three of the vessel's crew were on board the lightship. It was further stated that the barquentine had drifted towards the sands, and the Life-boat searched for her but failed to discover her. At dawn the Dover steam-

tug took the boat in tow, and shortly afterwards the vessel was seen flying a signal denoting that she was in need of help. On reaching her the Life-boat men, finding that she had lost her bowsprit and all her head-gear, rendered assistance, and ultimately the steamer took her in tow to Dover.—Property salvage case.—Balance, 21*l.* 18*s.* 6*d.*

Feb. 7.—GORLESTON.—*Mark Lane* Life-boat.—Signal-guns having been fired by the light-vessels, the Life-boat put off at 6.35 A.M. in a rough sea and a strong N. by E. breeze, and found the brigantine *Argo*, of Marstal, bound from Fowey for Granton, laden with china clay, aground on the Middle Cross Sand, where she became a total wreck. Her crew, consisting of six men, were rescued by the Life-boat and safely landed at 8.45 A.M.—Expense of service, 24*l.* 19*s.* 6*d.*

Feb. 8.—NEWBIGGIN-BY-THE-SEA, NORTHUMBERLAND.—*Robert and Susan* Life-boat.—The steam-trawler *John Smart*, of Shields, on her return journey from fishing, stranded in Cambois Bay in thick weather. In response to her signals of distress the Life-boat was launched at 3.30 A.M., and on arriving at the vessel found that heavy seas were breaking over her. She had a crew of eight men, who were taken into the Life-boat and landed at Newbiggin at 5.45 A.M. The Life-boat was damaged in effecting the rescue, being thrown by a broken sea apparently on the submerged portion of the vessel's deck.—Expense of service, 29*l.* 19*s.* 6*d.*

Feb. 9.—HOLYHEAD (*Thomas Fielden* and *Joseph Whitworth* Life-boats), CEMAES (*George Evans* Life-boat), and CEMLYN (*B. J. Nicholson* Life-boat).—During a dense fog on the 9th February a large four-masted steamer, the *Angloman* of and for Liverpool, with a general cargo and cattle, stranded on the West Platters rocks. Fortunately the sea was smooth at the time and the wind was blowing only a moderate breeze from the S.W., but a very strong tide was running and there was a danger of the vessel slipping off the rocks, and possibly in that event she would have foundered. She fired rockets in rapid succession, and in response the Holyhead Nos. 1 and 2, the Cemaes and the Cemlyn Life-boats put off to the rescue. Thirty-eight of the crew were taken off the vessel by the Holyhead No. 1 Life-boat and were

placed on board a steam-tug; the *Holyhead No. 2 Life-boat* landed twenty-one men on the Skerries, returned to the vessel and landed ten more; the *Cemaes Life-boat* took one of the officers on board, and at the desire of the captain remained by, eventually taking off four officers, three of whom were placed on board a tug, the other being landed at Cemaes, and the *Cemlyn Life-boat* at the request of the captain remained in attendance until the crew had been taken off.—Expense of service, 176*l.* 12*s.*

Feb. 9.—KINGSDOWN, KENT.—*Charles Hargrave Life-boat*.—A thick fog was experienced and when it cleared a little a barquentine was discerned riding at anchor in a dangerous position close to the S.W. part of the Goodwin Sands. The *Life-boat* was launched at 11 A.M. in a heavy sea, and a strong W.S.W. wind, and found the vessel to be the *Höganäs*, of Höganäs, bound from St. Ubes for Helmstad, with a cargo of salt. She had been on the Brake Sand, but floated off and steered into fresh danger. At the request of the master, the *Life-boat* men got the vessel clear of the Goodwins, and proceeded with her to Ramsgate.—Property salvage case.

COMMITTEE MEETING, 11th Feb., 1897.

Voted 688*l.* 2*s.* 6*d.* to pay the expenses of the following *Life-boats* in assembling the crews, watching, or putting off with the view of succouring the crews of vessels in distress:—Aldeburgh, Barmston, Brancaster, Brixham, Caister Nos. 1 and 1, Donna Nook, Exmouth, Formby, Gorleston No. 1, Grimsby, Hasborough, Hornsea, Lowestoft No. 1, Montrose No. 1, Mullion, New Brighton (*Steam Life-boat*), Newburgh, Newhaven, Palling No. 2, Peterhead, Polpear, Port Patrick, Runswick, Saltburn, Scarborough, Sheringham, Thorpeness, Totland Bay, Wells, Whitburn and Winterton No. 1.

The Committee specially recognised the long and good services rendered by Mr. THOMAS HERRIS, senior, and Mr. ROBERT DAVIDSON, as coxswains of the *Dunbar* and *Sheringham Life-boats*, which offices they had just vacated.

Voted 27*l.* 11*s.* 6*d.* to men injured while engaged in the *Life-boat* service at Penmon, Appledore, Holyhead, Port Isaac and Winterton.

Feb. 18.—WALTON-ON-THE-NAZE.—*Honourable Artillery Company Life-boat*.

—A message was received from the *Griffleet Lighthouse*, stating that a vessel was ashore. A moderate S.W. breeze was then blowing; the sea was smooth, and the weather thick and cold. At 1.58 P.M. the *Life-boat* was launched, proceeded under oars as near as possible to the vessel, and when there was a sufficient depth of water, went alongside and remained by her until high tide, when she floated. She was the s.s. *Paris*, of and from Hull, bound for London, with a general cargo.—Expense of service, 37*l.* 9*s.*

Feb. 19.—ATHERFIELD, ISLE OF WIGHT.

—*Catherine Swift Life-boat*.—In a temporary break of an intensely thick fog, the coxswain of the *Life-boat* saw a large ship strike on Atherfield ledge. He at once called the crew together, and at 7 P.M. the *Life-boat* was launched. The captain of the vessel, the full-rigged ship *Alcester*, of Liverpool, laden with jute from Calcutta for Hamburg, stated that he did not need any assistance then, and arranged to signal if he should require help. The *Life-boat*, therefore, returned ashore. On the following morning the fog had cleared, but there was an exceptionally heavy ground swell. The ship signalled for the *Life-boat*, which at 1.30 P.M. was launched, proceeded to her, and in two trips brought ashore twenty men and their clothes and other belongings, amongst which were two monkeys, a dog and a cat. The captain and mate declined to leave the vessel. During the night the wind increased to half a gale with a very heavy sea which at high water swept over the vessel, compelling them to take refuge in the rigging. The *Life-boat*, as soon as practicable, proceeded to their rescue and safely landed them. The vessel afterwards parted amidships and ultimately fell to pieces.—Expenses of services, 74*l.* 4*s.* 3*d.*

Feb. 20.—PEEL, ISLE OF MAN.—Reserve *Life-boat*.—The smack *Orion*, of Ramsey, arrived in Peel Bay, from Annalong, early in the evening, and afterwards the wind increased to a tremendous gale from W.N.W. As the smack was dragging her anchor, a second one was dropped, but she rode very heavily, and as the heavy seas were breaking into her, signals of distress were shown, in response to which the reserve *Life-boat* placed here in the

temporary absence of the station's own boat, was launched at 11.30 P.M., and an hour afterwards returned with the vessel's crew of three men. On the following day the smack, which had ridden out the gale was safely berthed in the harbour.—Expense of service, 24l. 6s.

Feb. 21.—CAISTER, NORFOLK.—*Beauchamp* Life-boat.—Some of the crew and beachmen on board the s.s. *Varna*, of London, which had been lying on Caister beach since stranding there on the 23rd January, hoisted a flag. A moderate gale had suddenly sprung up from N.W. with heavy squalls, and there was a heavy sea. The Life-boat was launched at 7 A.M., proceeded to the vessel and remained at anchor near her until she floated at midnight on the 22nd February.—Property salvage case.

Feb. 21.—POINT OF AYR (FLINTSHIRE), and HOYLAK (CHESHIRE).—*Coard William Squarey* Life-boat. While a whole gale from W. was blowing, with a very heavy sea, intelligence was received that rockets were being fired in the direction of Lime Wharf. The Point of Ayr Life-boat proceeded out and found the flat *Ann Grace*, of Liverpool, coal laden from Point of Ayr for Cemaes, unmanageable, and her crew of two men desirous of being taken off. They got into the Life-boat and were safely landed.—Expense of service, 15l. The vessel was picked up on the following day by the Hoylake Life-boat which had been out with the view of assisting another vessel, and observing the flat drifting near the West Hoyle bank, made for her and, with considerable difficulty, took her into port.—Property salvage case.

Feb. 23.—DONNA NOOK.—*Richard* Life-boat.—Intelligence having been received that a vessel was showing flares on the north side of the Haile Sand in hazy weather, the Life-boat was launched at 2.45 A.M., and found the smack *Mayfield*, of Grimsby, stranded on the sand. At the request of the master the Life-boat remained by the vessel until she drove over the sand with the flowing tide.—Expense of service, 39l. 7s.

Feb. 24.—WALTON-ON-THE-NAZE.—*Honourable Artillery Company* Life-boat.—It having been reported that a vessel was ashore, the Life-boat put off at 8.30 A.M., and proceeded under sails and oars to the Long Sand, on the N.E. part of

which the brig *Green Olive*, of Littlehampton, coal-laden from Sunderland for Shoreham, was found to have run aground in a fog. The captain had engaged the crew of a pilot cutter to jettison part of the cargo in hopes of getting the vessel off, and he requested that the Life-boat might remain by. A steam-tug afterwards arrived, and an effort was made to get the vessel off the sands, but without success; she ultimately began to settle down by the stern, and the crew of eight men then got into the Life-boat, and were landed at Walton pier at 5.30 on the following morning.—Expense of service, 37l. 15s.

March 2.—WEXFORD.—*Andrew Pickard* Life-boat.—While the fishing fleet were returning, a strong gale having suddenly sprung up from S.S.W. with a rough sea, one of the boats was observed to fly signals of distress, and another, with her sails blown away, anchored in broken water on the N.W. side of the bar. The Life-boat put off at noon, and, sailing over the bar, proceeded to the first-mentioned boat, and advised her crew to anchor and wait for a steam-tug which had been summoned by telephone. The Life-boat then made for the other boat, the yawl *Fairy Queen*, which was in a dangerous position, and, having veered down to her, succeeded with some difficulty in getting a rope on board, and hauled her into deep water, remaining by her until the arrival of the tug, which towed her into the harbour. She had a crew of four men.—Expense of service, 11l. 10s.

March 2.—APPLEDORE (DEVON).—*Robert and Catherine* Life-boat.—The Life-boat was launched at 7.45 P.M. and rescued the crew of three men from the ketch *John*, of and for Biddeford, from Lydney with coal, which was totally wrecked near the bar buoy, in a strong W.S.W. gale, a very heavy sea and thick weather.—Expense of service, 24l. 2s. 6d.

March 2-3.—SOUTHEND (ESSEX).—*Theodore and Herbert* Life-boat.—A gale of wind having sprung up, it was feared that the barge *Ada*, which had arrived from London with a load of granite, would be in need of help. She was lying about half a mile S.E. of the pier-head. The coxswain and crew of the Life-boat proceeded to the head of the pier at about 9 P.M. and remained on the watch until midnight, when it was seen that the

vessel was driving, and they at once proceeded in the Life-boat to her assistance. At the master's request some of the Life-boat men went on board to help to get her anchor up, and she was taken to Southend. The Life-boat returned at 5 A.M., and at 2 P.M. was again called out by telegraph from Lloyd's signal station. The crew were summoned, and on proceeding down the pier saw a barge, with a flag in her rigging, about a mile E. of the pier. The topmast had been carried away, her sprit was broken in three places, and the mainsail was hanging in ribbons to the mast. The Life-boat proceeded to her and found she was the *Charles Little*, of Rochester, and that in addition to the loss of spars, &c., her boat had been sunk. The Life-boat men endeavoured to weigh anchor so as to get her in shore. They tried hard for an hour but could not succeed, and, as a whole gale was blowing from the W. with a rough sea and the tide was ebbing, the crew of two men were taken into the Life-boat and safely landed.—Expense of service, 33*l.* 8*s.* 6*d.*

March 2.—SUNDERLAND (SOUTH PIER).—*Junius* Life-boat.—The s.s. *Jacinth*, of Dundee, in ballast from Montrose for Sunderland, in making for the south entrance, struck on the South Beacon rocks and was badly holed. The wind was blowing a moderate gale from S.S.E. at the time, and there was a heavy sea. In response to her signals of distress, the crew of the Life-boat were summoned, and at 11.30 P.M. the Life-boat was launched, proceeded to the vessel and gallantly rescued her crew, consisting of eleven hands. The steamer became a total wreck.—Expense of service, 23*l.* 8*s.*

The Life-boat crew received in addition the sum of 50*l.*, given by the late donor of the Life-boat, "for the crew who man the boat the first time life is saved at the imminent hazard of their own lives."

March 3.—GORLESTON.—*Mark Lane* Life-boat.—Flares being seen on the North Sand and signals being fired by the light-vessel, the Life-boat was launched at 2.35 A.M. in a very heavy sea, the wind blowing a terrific gale from S.S.W., and found the dandy *Rainbow*, of Lowestoft, aground on the outer edge of the sand, where she had struck while returning home from the fishing-grounds. Considerable difficulty and danger were incurred by the Life-boat men in approaching the vessel,

owing to the shallowness of the water and the heavy seas which were breaking over the sand, but eventually the rescue of her crew of five men was accomplished, the fishing-boat becoming a total wreck. Four of the Life-boat's oars were broken, her rudder was damaged, and other injuries were received by her in rendering this service.—Expense of service, 32*l.* 9*s.* 6*d.*

March 3.—SOUTHSEA.—*Heyland* Life-boat.—While a strong gale was blowing, the weather being very cold and thick, with squalls of rain and hail, intelligence was received that a vessel was in distress and that the Warner Light Vessel was sending up rockets. At 7 A.M. the Life-boat was launched and proceeded, under sail, towards the vessel, shipping several seas on the way, and reached her just in time to rescue her crew of two men, as her boat astern was full of water and the vessel foundered soon after her crew had been taken off. She was the ketch *Fox* of Cowes, laden with stoneware pipes from Poole for Brading, Isle of Wight. On account of the strength of the wind it was feared that the Life-boat would find it very difficult to accomplish her return journey, and an application was therefore made for one of the Government tugs to be allowed to tow her back to her station. The request was most readily and kindly granted by the Admiral Superintendent of Portsmouth Dockyard, and the steam-tug *Dromedary* was despatched to the boat's assistance and brought her safely back with the rescued men.—Expense of service, 15*l.*

March 3.—BURNHAM.—*John Godfrey Morris* Life-boat.—The barque *Nornen*, having drifted up the Channel from Lundy Island and having lost all her sails, went aground on the Barrows Flats, in a whole gale from W.N.W., a heavy sea and thick weather, with snow. As soon as she was observed, the crew of the Life-boat were summoned and at 10 A.M. the boat was launched and proceeded towards the vessel, but the tide and wind prevented her from getting alongside until about 11.30. The captain had succeeded in wading ashore with assistance, but the crew of ten men who were on board were taken into the Life-boat and landed at about 2 o'clock.—Expense of service, 11*l.* 17*s.*

March 3.—CLOVELLY.—*Elinor Roget* Life-boat.—The smack *Telephone*, of and

for Padstow from Newport, coal laden, parted one of her cables in Lundy Roads, in a moderate gale from N.N.W. and a rough sea, and was obliged to slip the other to avoid being driven ashore. She drifted about between Lundy and Hartland Point, losing most of her sails, and finally ran for Clovelly. Intelligence of her being in distress having reached the Clovelly Life-boat Station the crew were at once summoned, and the Life-boat proceeded out and met the smack about five hundred yards westward of the pier. The Life-boat's anchor and cable having been taken on board she was anchored, and her crew of three men were brought safely ashore.—Expense of service, 15*l.* 4*s.*—At high water the Life-boat again went out and brought the vessel into harbour.—Property salvage case.

March 3.—BROADSTAIRS.—Reserve Life-boat.—A vessel being seen in the offing, with a signal of distress flying, the Life-boat temporarily placed here in the absence of the station's own boat, was launched to her assistance about noon. A moderate W.N.W. gale was blowing at the time, and the sea was rough. She was found to be the schooner *Nancy*, of Goole, bound from Poole for London with pipe-clay. She had lost her sails, her rudder was disabled, and she was leaking very badly. The master, hoping the weather would moderate, asked the Life-boat men to remain near the vessel, and they did so for about two hours, when, as the wind was increasing, he called the boat alongside again, and, at his request, he and his crew of three men were taken into the boat, which then made for Ramsgate, it being impossible to land at Broadstairs owing to the low tide and the heavy surf. The schooner's crew were taken care of at the Ramsgate Sailors' Home, and the Life-boat returned to her station on the following day.—Expense of service, 25*l.* 2*s.* 6*d.*

March 3.—FISHGUARD, SOUTH WALES.—*Appin* Life-boat.—While a strong W.N.W. gale was blowing, with sleet, squally weather and a heavy sea, the Coastguard watchman reported a schooner about five or six miles out, bearing N.N.W. from the look-out house, in a disabled condition, without any sail, and labouring very heavily. The Life-boat was launched at about 4 p.m., and sailing towards the vessel, reached her when about three or

four miles distant from the station. She was in a sinking condition, having about seven feet of water in her hold; she had not a stitch of canvas left, and as it was dangerous to be on her deck, owing to the heavy seas sweeping over her, there was no alternative but to abandon her; her crew of three men and a boy then got into the Life-boat, and the schooner—the *Agricola*, of Cardiff—drifted towards Cardigan Head, and ultimately became a total wreck.—Expense of service, 17*l.* 16*s.* 3*d.*

March 4.—PENZANCE.—*Elizabeth and Blanche* Life-boat.—While a whole gale was blowing from the W., accompanied by a high sea and very squally weather, with heavy showers of hail, at 9.30 a.m. the barque *Lady Gladys*, of Tönsberg, bound from Darien, U.S., to Dublin, with pitch pine, was seen to be dragging her anchor in Mount's Bay, and as she was in a dangerous position, her movements were closely watched from the shore. When half an hour later it was noticed that her cable had parted and that she was drifting towards the Grele Rocks, it was decided to take out the Life-boat to her assistance, but before the Boat could reach her a second anchor had been lowered, and fortunately this one held. The Life-boat men found her water-logged, and her crew of seventeen men were greatly exhausted: they remained by for about two hours, trusting that the weather would moderate, but as there seemed no indication of it doing so, the vessel's crew boarded the boat, and were taken ashore, arriving at 2.15. The Life-boat was kept afloat in the harbour until 5 o'clock, in readiness to hoist an anchor light on the vessel, which was considered necessary for the safety of other craft, but the gale abated sufficiently to allow a pilot boat to go out and do what was required.—Expense of service, 26*l.* 12*s.* 6*d.*

March 4.—MONTROSE.—*Robert Henderson* Life-boat.—The morning being comparatively fine, all the boats started for the fishing-grounds at about 6 o'clock. At about 10, however, a gale from S.E. suddenly rose accompanied by a heavy sea, compelling them to abandon their lines and run for the harbour. An hour later the sea increased and blinding showers of snow and sleet came on. A message was received from the lighthouse keeper that it was advisable to have the Life-boat launched. An attempt was made

to row her down the river, but the flood tide and the force of the wind prevented her from making any headway. With the assistance of men on shore, aided by many women from the village, the boat was tracked some distance when the steam trawler *Rosa* arrived and towed her to the bar, where she remained afloat until the whole of the fleet, consisting of about fifty boats with about 250 men on board, had got into the harbour, which they fortunately did without any casualty.—Expense of service, 9*l.* 15*s.*

March 4.—NEWBIGGIN.—*Robert and Susan* Life-boat.—Between twenty and thirty fishing cobles belonging to Newbiggin, carrying crews of about eighty men and boys, being in jeopardy by the sudden springing up of a gale of wind from S. by E. with a rough sea, the Life-boat put off at 11.30 A.M. and stood by the boats, all of which succeeded in safely reaching the shore.—Expense of service, 13*l.* 4*s.*

March 4.—GOURDON (*Theophilus Sidney Echalaz* Life-boat) AND JOHNHAVEN (*Meanwell of Glenberrie*, Life-boat).—Several fishing-boats which had proceeded to sea in favourable weather early in the morning were overtaken by a gale from the S.S.E., and as the sea became very heavy considerable anxiety was felt for the safety of the fishermen. The Life-boats stationed at Gourdon and Johnshaven were launched and stood by the boats in readiness to render help to their crews should any casualty befall them.—Expense of service, 11*l.* 3*s.*

March 10.—IRVINE.—*Busbie* Life-boat.—The Life-boat was launched at 1.30 A.M. and proceeded to the assistance of the s.s. *Texa*, of Glasgow, bound from Glenarm for Irvine with limestone, which had stranded on the north side of the bar, at the mouth of the harbour, in a strong S.W. breeze, a heavy sea, and thick weather. The vessel's crew, eight in number, were taken into the boat and brought safely ashore.—Expense of service, 21*l.* 18*s.*

COMMITTEE MEETING, 11th March, 1897.

Voted 85*8l.* 4*s.* 2*d.* to defray the expenses of assembling the crews, watching, or launching the following Life-boats to the aid of vessels in distress:—*Angle*, *Bembridge*, *Blyth No. 2*, *Cardigan*, *Douglas*,

Dungarvon, *Giles Quay*, *Harwich*, *Hayle*, *Holyhead No. 1*, *Hornsea*, *Hoylake*, *Kildonan*, *Kingsdowne*, *Lynmouth*, *Mablethorpe*, *Margate*, *New Brighton* (steam Life-boat), *Newquay* (Cornwall), *North Deal*, *Padstow*, *Palling No. 2*, *Point of Ayr*, *Porthcawl*, *Porthoustock*, *Rhoscolyn*, *Sennen Cove*, *Thorpeness*, *Walmer*, *Walton-on-the-Naze*, *Whithorn*, *Winterton No. 2*, *Withernsea*, *Great Yarmouth* and *Yonghal*.

Voted 13*l.* 2*s.* 6*d.* to two men who were injured while on service with the *Mullion* and *Crail* Life-boats.

And 3*l.* to a man injured while engaged in launching a yawl at Hasborough to the assistance of a distressed vessel.

The Silver Medal of the Institution, a copy of the vote inscribed on vellum, a gratuity and a certificate of service were granted to Mr. H. TREWHELLA, late coxswain of the *Penzance* Life-boat, in acknowledgment of his long and gallant services in saving life from shipwreck.

March 12.—WHITBY.—*John Fielden* Life-boat.—Two Whitby cobles, the *Mary Alice* and the *Tranquil*, which were returning from the fishing-ground in a light wind and a strong sea were seen in the offing, and as it was evident that they would run considerable risk in crossing the bar, the Life-boat was launched at 5.15 P.M., and proceeded to their assistance. Having supplied the crews of the boats with cork jackets, the Life-boat assisted the *Mary Alice* to land on the beach; the crew of the *Tranquil*, however, decided to attempt to enter the harbour, and safely did so, the Life-boat keeping close to her until she was out of danger.—Expense of service, 15*l.* 18*s.*

March 13.—GRESSWELL.—*Ellen and Eliza* Life-boat.—While a fresh wind was blowing from S.E., accompanied by foggy weather and a heavy sea, the brig *Vaaren*, of and from Tvedestrand for Newcastle-on-Tyne, laden with pit-props, stranded at Quarry Point. The Life-boat was launched at 6.20 A.M., and rescued four of the vessel's crew, three others being rescued by the rocket apparatus. This service was rendered by the Life-boat under very trying and dangerous circumstances, and was most highly spoken of by those who witnessed it. The boat was surrounded by rocks, and had to pull in between the broken masts of the vessel to take the

men off, and it was entirely due to the skilful management on the part of the coxswain that the boat was not seriously injured. The only damage, however, was three oars broken and blisters on the hands of several of the crew, who had a very hard pull. — Expense of service, 25*l.* 2*s.*

March 13.—PORT LOGAN. — *Frederick Allen* Life-boat.—The Life-boat was called out, a mounted messenger arriving at 3.40 P.M. and reporting a schooner in danger of running aground on the rocks. The Life-boat proceeded to her assistance and found she was the *Jessie Rae*, of Belfast, in ballast from Portaferry, bound for Maryport. She was anchored in a very dangerous position, and would inevitably have been carried on to the rocks if the wind increased, as there was a strong tide and ground swell, and that would probably have resulted in the loss of the vessel and her crew of three men. Accordingly three of the Life-boat men went on board, pointed out the danger, and assisted to get up her anchors, after which she was towed for two miles into a channel out of danger. — Expense of service, 37*l.* 3*s.* 9*d.*

March 17.—JOHNHAVEN.—*Meauwell of Glenberrie* Life-boat.—A dismasted vessel was observed about 2½ miles S.S.W. of Johnshaven. The wind was then blowing a light breeze from S.S.W., the sea was rough and the weather thick and very cold. The Life-boat was launched at 6 A.M., and on reaching the vessel found her abandoned; she was the brig *Terra Nova*, of Tönsberg, bound for Leith, with a cargo of wood. Some of the Life-boat men went on board, and as she was driving, more chain was paid out and she was brought up. Signals were made for more assistance, and a telegram was thereupon despatched from Johnshaven to Montrose for a steam-tug, and on her arrival the brig was taken in tow to the latter port, which was reached at about 12.30 P.M.—Property salvage case.

March 19.—LOWESTOFT.—*Samuel Plimsoil* Life-boat.—The shrimping lugger *Faith*, of Lowestoft, when near the East Newcome buoy, reaching in towards the land, had her sails blown away by a sudden squall. The occurrence was witnessed by the coxswain of the Life-boat, who at once mustered the crew, and at 7.45 A.M. the Life-boat was on her way

to the scene of the casualty. She went out under sail, and on reaching the boat, which had a crew of two men on board, took her in tow and brought her into the harbour.—Expense of service, 21*l.* 15*s.*

March 19.—GIEVAN, Ayrshire.—*Sir Home Popham* Life-boat.—At 9 A.M. some of the fishing fleet which had been overtaken by a gale were seen approaching the harbour. A very heavy sea was breaking on the bar, and it was therefore thought desirable that the Life-boat should go out to meet the boats. She was immediately launched, and having accompanied them over the bar returned to the shore. Subsequently another boat, which it was thought had run for Lamlash for shelter, came in sight, and as the gale was increasing and the sea on the bar becoming worse, the Life-boat again went out and stood by the boat until she was in safety. —Expense of service, 13*l.* 12*s.*

March 21.—FORMBY.—*John and Henrietta* Life-boat.—Two vessels being sighted in a very dangerous position on the Great Burbo Bank, having run aground in a fog, the Life-boat was launched at 8.15 A.M., and after a long pull reached the vessels and stood by them until they were out of danger. One of them, the barque *Concurrent*, of Christiania, timber laden for Liverpool, was towed off the bank; and the other, the schooner *Waterlily*, of Liverpool, bound for Runcorn with a cargo of clay, floated off without assistance.—Expense of service, 18*l.* 13*s.*

March 22.—HOLYHEAD.—*Thomas Fielden* Life-boat.—A steamer being reported to be on the rocks in the vicinity of the South Stack, the Life-boat proceeded at 3 A.M. to her assistance, in tow of a steam-tug. A very thick fog prevailed at the time, the sea was moderate and the wind a strong breeze from S.W. The steamer was found to be in a very perilous position, and likely to break in two; in fact she ultimately did so. She was abandoned but no trace could be found of either the crew or boats, and the Life-boat therefore returned to Holyhead, and remained alongside the slipway, the fog continuing very thick. At about 6.15 A.M. a telegraphic message was received, stating that the vessel's boats, containing her crew, were off the Stack, and were in need of assistance. The Life-boat immediately went off again, in tow of the tug, and

found the boats cruising about, their occupants, who were much fatigued, not knowing which way to proceed. The twenty-seven persons on board the boats were taken into the Life-boat and landed at Holyhead, the boats, which were half full of water, being taken in tow. The wrecked vessel was the s.s. *Editor*, of and for Liverpool from Maccio, Brazil, with a cargo of cotton seeds, cotton and sugar.—Expense of service, 61l. 6s. 3d.

March 23.—WEXFORD.—*Andrew Pickard* Life-boat.—During very thick weather, intelligence was received that a fishing-boat was aground on the N. side of the bar. A moderate gale was blowing from S.S.W., and the sea was rough. At 4.30 p.m., the Life-boat went out to her assistance, and found she was the yawl *Arctic*, returning to Wexford from the fishing grounds. She was beating heavily on the sands, but, as there was a probability that if she was not rendered leaky she would float with the rising tide, the Life-boat remained close to her. In about half an hour she forged into deep water with the loss of both anchors. As she needed no further assistance, the Life-boat returned to her station.—Expense of service, 17l. 2s. 6d.

March 26.—MONTROSE.—*Robert Henderson* Life-boat.—About forty-five of the boats were overtaken by a gale and a very heavy sea, and the lighthouse keeper signalled for the Life-boat. Ten of the boats returned without shooting their lines; the others, which had shot their lines, would evidently incur considerable danger in crossing the bar, and accordingly the Life-boat put off and attended each of the boats as they came in over the bar.—Expense of service, 9l. 15s.

March 26.—GOURDON.—*Theophilus Sidney Echalaz* Life-boat, and *JOHNSHAVEN*.—*Meanwell* of *Glenberrie* Life-boat.—These two Life-boats rendered good service in standing by fishing-boats which were in distress in stormy weather, fourteen being in danger off Gourdon, and four off Johnshaven.—Expense of services, 9l. 5s. 6d.

March 26.—HILBEE ISLAND.—*Admiral Briggs* Life-boat.—The Life-boat was launched at 1.9 p.m., an intimation having been received that a vessel was driving on to the rocks. The weather at the time was misty, a whole gale of wind was blowing from W.S.W., and there was a very heavy

sea on. The vessel in question proved to be the flat *Swift*, and at the request of the master the Life-boat remained by, and ultimately helped to get her out of danger. The boat then went to three other flats, and found they were all right; arrangements were, however, made with the crews that they should show lights should they find they needed any help.—Expense of service, 24l. 1s. 6d.

March 28.—ARKLOW.—*Frances and Charlotte* Life-boat.—In the morning the schooner *Express*, of and for Wexford, from Dublin, while beating down against a strong S.W. wind between the Arklow Bank and the mainland, the weather at the time being thick, with rain, stood too far over and grounded on the bank. Shortly afterwards the master ordered the boat to be got out, and while assisting to do so, a heavy sea washed him and the boat overboard. As soon as news of the casualty reached the Life-boat station, steps were taken to launch the Life-boat, and when she arrived near the wreck the sails were lowered, the masts unstepped, and she was rowed through the breakers. In rounding the stern of the vessel, a fearful sea struck the Boat, completely filling her, but she emptied herself in about twenty seconds. Having let go her anchor, the Boat veered as close as she could safely do to the wreck, the hull of which was under water, three men having taken refuge in the starboard fore-rigging, and one man in the port-rigging. After several failures, owing to the position of the men in the rigging, a cane line was thrown to them, a veering line was then bent on to this and was hauled on board and made fast to the rigging on the starboard side. The coxswain of the Life-boat then shouted directions to haul plenty of slack on board, and the men to fasten themselves to the rope and jump overboard. Either they did not hear or did not understand these directions, and hauled in only six or seven fathoms to which they fastened a boy. The coxswain and crew shouted to the men to haul in more slack, but instead of doing so they immediately lowered the boy into the water. He was hauled towards the Life-boat, but there was not sufficient slack to get him on board, and the Life-boat men therefore hailed the men on the wreck to let go the line or the boy would be drowned. They did so and the boy was

got into the Life-boat almost lifeless. When the end of the veering line was got on board the Life-boat it was found that the cane line had been cast off, and thus all communication with the wreck had been severed. During this time the flood tide had begun to make, and the Life-boat was able to back nearer to the wreck, and endeavours were made to throw a coil of the veering line so as to again communicate with the men in the rigging, but without success. Ultimately the foremast went over the port side (the opposite side to that on which the Life-boat was lying), taking the three men in the rigging with it. It was impossible for the Life-boat to have crossed to the other side, for if the anchor had been lifted she would have been carried off the bank to the eastward by the tide and sea. The Boat remained at anchor by the wreck about an hour after the mast fell, but unhappily the men were not seen again. An enquiry was held by the Board of Trade into the circumstances attending the loss of this vessel, and the investigation included the action of the Life-boat crew. The court found that there was no delay on their part in proceeding to the wreck, and no undue delay in effecting communication with the men in the rigging; also that proper efforts were made by the coxswain and crew to restore communication with the men, and that after the foremast went over the port side, taking the men with it, it was impossible, owing to the strong tide and sea, for the Life-boat, being on the starboard side, to reach them.—Expense of service, 12l. 3s. 9d.

March 28.—RAMSEY (ISLE OF MAN).—*Mary Isabella* Life-boat.—The Life-boat was launched at 7.40 p.m. in response to signals of distress shown by the brigantine *Uto*, of Lillesand, timber laden from Gefse for Ramsey, which was riding heavily about two miles E. of the harbour. On reaching the vessel it was found that she was leaking, and had lost her best anchor when off the west coast of Scotland about a week previously. The Life-boat men assisted the crew to pay out all the chain available for the three small anchors left, but as the wind was blowing a moderate gale from N.N.E. and there was a rough sea, it was doubtful if they would hold. If they had not she would in all probability have drifted on the rocks at

Manghold Head. Her crew of six men were therefore landed, as a precautionary measure, by the Life-boat, but fortunately the gale moderated and the vessel rode safely at her anchorage.—Expense of service, 25l.

March 28.—AYR.—*Janet Hoyle* Life-boat.—While the barque *Beech Holm*, of Sunderland, bound from Ayr for Cape Town with a cargo of coal, was being towed out of the harbour in the evening, the tow-rope slipped from her, and before it could be recovered she drifted on the St. Nicholas rock, W.S.W. of the harbour. A strong W.N.W. wind was blowing at the time accompanied by a heavy sea. The Life-boat was launched at 9.30 and rescued the vessel's crew, consisting of fourteen men, who were in considerable danger.—Expense of service, 22l. 5s. 6d.

March 29.—GORLESTON.—*Mark Lane* Life-boat.—The Life-boat was called out, a small lugger, the *Emily*, of Gorleston, with two men on board, being observed with her mast and sail over the side. It was evident that she was not under control, her rudder, it was subsequently ascertained, having been carried away. Shortly afterwards the two men on board stood up and waved their hats, and then put up a piece of canvas on an oar as a signal of distress. The Life-boat took the boat and her crew safely into the harbour. There can be little doubt that in the absence of this help the boat would have been swamped and her crew would have lost their lives, as a strong gale of wind was blowing from N.N.W. and there was a heavy sea.—Expense of service, 17l. 9s. 6d.

April 2.—ILFRACOMBE.—*Co-Operator No. 2* Life-boat.—The Life-boat was called out in squally weather to the assistance of the barque *Aberlemno*, of Swansea, coal laden from Barry, which had stranded on a point called Egg Rock, W. of Combmartin, in a heavy snowstorm. The Life-boat men laid out a kedge anchor, and with the help of some men from Combmartin, who had boarded the vessel, she was ultimately got afloat.—Expense of service, 40l. 2s.

April 5.—DUNGARVAN, CO. WATERFORD.—*William Danville* Life-boat.—While a moderate breeze was blowing from the S.E., accompanied by a very heavy sea, a vessel was seen burning flares, and on this being reported at the Life-boat station

immediate steps were taken to summon the crew. At 8.20 P.M. the Life-boat was launched and rescued the crew of four men from the schooner *Maria McMillan*, of and for Dungarvan, with a cargo of coal from Milford. She had stranded on the northern end of Whitehouse Bank, and the seas were washing completely over her.—Expense of service, 15*l.* 17*s.* 6*d.*

April 6.—SWANAGE.—*William Erle* Life-boat.—Two coastguard men went off in their punt, in the afternoon, for the purpose of picking up some wreckage. A strong spring ebb tide was running, and the wind was blowing strong from S.E. There was a heavy sea on the Ledge, and to this dangerous spot the boat was drawn and capsized, both men being thrown out; they, however, managed to right the boat, and got in again; but she was full of water, and drifted out to sea. The Life-boat was launched, and after a hard pull succeeded in reaching the boat and rescued the two men, one of whom was in an exhausted condition.—Expense of service, 7*l.* 17*s.*

April 7.—CLOUGHY, Co. DOWN.—*Faith* Life-boat.—The Coastguard watchman having reported a steamer on the North Rock, the Life-boat was launched at 5.30 A.M., and proceeding to the vessel found her to be the s.s. *Rannoch*, of and from Glasgow, in ballast, for Cardiff, where she was to load for the West Coast of Africa. The coxswain agreed to remain by the ship until high water, the master hoping she would float then. In this, however, he was disappointed, and he requested the Life-boat men to stay until low water, fearing that when the tide went down the vessel would capsize. When the water left her she heeled over a little, and her crew got into the Life-boat; but as she showed no signs of going over altogether, the captain decided to stay by her. He persuaded the mates, engineers, and some of the crew, eight in all, to go back; but the other fifteen men were landed in the Life-boat. Before leaving, the Life-boat men made arrangements with the captain as to the nature of the signals he should show if he needed assistance during the night. Fortunately, however, he had no occasion to make use of them.—Expense of service, 15*l.* 12*s.*

April 7.—PORTHCRAW.—*Speedwell* Life-boat.—The coxswain of the Life-boat was

informed by the pilot on watch that a vessel was running for the shore in a sinking condition. At 6.20 A.M. the Life-boat was launched, and proceeded, in a moderate N.N.W. wind and a rough sea, to the vessel, which had then stranded in Black Rock Bay, about three-quarters of a mile from Porthcawl. She proved to be the schooner *James and Agnes*, of Lancaster. Her crew of three men had left in the ship's boat and landed at Porthcawl, and the master and mate, who had remained on board, got into the Life-boat, and were brought safely ashore. The vessel had struck on the Scarweather Sands during the previous night, and had been badly strained.—Expense of service, 9*l.* 15*s.*

April 8.—NORTH DEAL (*Mary Somerville* Life-boat), KINGSDOWNE (*Charles Hargrave* Life-boat), BROADSTAIRS (Reserve Life-boat), and RAMSGATE (*Bradford* Life-boat).—Thes.s. *Langdon*, of London, bound from Blyth for Dartmouth, with a cargo of coal, stranded on the North Goodwin Sands, in a dangerous position, during a dense fog, at about 4 A.M. Her bows were high on the sands, her stern being afloat in deep water. When she was seen by the light-vessels they fired signal guns, and in reply thereto the Deal, Kingsdowne, Broadstairs, and Ramsgate, Life-boats proceeded to the sands. Assistance was rendered by the Life-boat men and other boatmen in laying out a kedje anchor, and jettisoning part of the cargo, and with the help of steam-tugs the vessel was towed off the sands and resumed her voyage.—Property salvage case.

COMMITTEE MEETING, 8th April, 1897.

Voted 372*l.* 5*s.* 3*d.* to defray the expenses of the undermentioned Life-boats in assembling their crews or putting off to the aid of the crews of vessels in distress: Banff, Caister No. 2, Cemaes, Camlyn, Gorleston No. 1, Hayling Island, Kessingland No. 2, Montrose No. 1, Newbiggin, Plymouth, Porth Rhuffydd, Rhoscolyn, Rosslare Harbour, Seaham, St. Anne's, Stonehaven, Swansea, Wicklow, Great Yarmouth and Youghal.

Also 20*l.* 3*s.* to three men injured while on duty with the Brixham, Mullion, Kilmore, Newbiggin and Plymouth Life-boats.

April 9.—KINGSDOWNE.—*Charles Hargrave* Life-boat.—The coxswain of the Life-boat, while on the beach, in the morning saw a schooner run on the South Sand Head of the Goodwin Sands. He at once summoned the crew of the Life-boat and at 6.15 the boat was on her way to the vessel, which was the *Excel*, of Bideford, laden with slate from Portmadoc for West Hartlepool. The Life-boat men laid out the bower anchor with 75 fathoms of cable, and when the tide flowed she was hove off the sand and was taken to Ramsgate, where she arrived at 8.30 in the afternoon.—Property salvage case.

April 13.—NEWBIGGIN.—*Robert and Susan* Life-boat.—The coble *Try Again*, returning from fishing in a strong breeze from S.E. and a rough sea, was in very great danger, and the Life-boat put off to assist her. She was the last boat of the fleet to return, and after the Life-boat reached her she was struck by a breaker and was very nearly swamped; she, however, succeeded in getting safely in, the Life-boat remaining by her until she was out of danger.—Expense of service, 9*l.*

April 13.—ARBROATH.—*William Souter* Life-boat.—At about 7 P.M., while a strong gale was blowing from S.E., the fishing-boat *Royal Arch*, of Arbroath, was seen attempting to make the harbour. A very heavy sea was running, the tide was low and she was apparently in danger of either foundering or running on the rocks. The Life-boat was therefore launched, proceeded to the bar and stood by the boat until she safely entered the harbour.—No charge made, the service being rendered to fellow-fishermen.

April 28.—CAISTER.—*Beauchamp* Life-boat.—The Life-boat was called out at 8 P.M. A yawl had been employed to assist in getting the brigantine *Watch*, of Hull, off the Middle Cross Sand, where she had stranded in very thick weather. The state of the weather was so uncertain that the crew of the yawl sent a message ashore, in response to which the Life-boat proceeded to the scene, and stood by until the vessel floated at 7 o'clock on the following morning.—Property salvage case.

May 7.—POINT OF AYR.—*H. G. Powell* Life-boat.—Two fishing-smacks, the *Polly* and *Oiling On*, of Fargate, were seen

aground on the West Hoyle Bank in a perilous position, a strong breeze blowing from the W.N.W. The Life-boat put off at 7.30 A.M., was towed by a steam-tug, rendered assistance to the *Oiling On* and stood by the *Polly*, which was in a less dangerous position, until she floated.—Expense of service, 15*l.* 11*s.*

May 8.—HOLYHEAD.—*Thomas Fielden* Life-boat.—News having been brought by a steamer that a three-masted schooner was wrecked on the Skerries, the Life-boat was manned at 9 A.M., was towed by the steamer to the scene of the disaster, and on arrival found the vessel had just floated off the rocks bottom up. The Life-boat men volunteered to try to make fast a hawser to the schooner, in order to enable the steamer to tow her to Holyhead. After much labour, the greater part of which was done actually under water, it was made fast, but after towing for a few minutes, the strain was so great that the hawser parted. A steam-tug then came up and the hawser was passed on board her by the Life-boat with difficulty. The tug proceeded for Holyhead and finally put the vessel ashore on the beach. The Life-boat picked up the schooner's crew from their own boat and put them on board the first-mentioned steamer, which took them to Holyhead. The vessel was the *Annie Croxfield* of Barrow, bound from Cork for Garston and laden with pit timber.—Property salvage case.

May 11.—CLOVELLY.—*Elinor Roget* Life-boat.—The Coastguard patrol reported at 1 A.M. that a vessel was showing signals of distress off the pier. He had hailed her, and her crew had stated that their boat had been washed away and they were anxious to be landed. The wind was blowing a moderate gale from N.N.E., the sea was rough, and as the vessel was drifting and in danger of going on the rocks, the Life-boat was launched and brought ashore the crew consisting of two men. The vessel, which was the smack *Emily*, of Appledore, fortunately kept afloat, and during the day her crew returned to her and took her into the harbour.—Expense of service, 17*l.* 3*s.*

May 12.—MONTROSE.—*Robert Henderson* Life-boat.—The ketch *Acacia*, of London, bound from Grimsby for Faro for the fisheries, was seen in the bay,

evidently making for the harbour, in a moderate N.N.E. breeze and a rough sea, and a telephone message was received from the lightkeeper at Scurdyness stating that she would in all probability run on the Annat Bank. Soon afterwards it was seen that she had stranded there, and at 11 A.M. the Life-boat proceeded to her assistance, and found her rolling heavily and the seas continually breaking over her. In crossing the bank the Life-boat shipped two heavy seas, one of which dashed her against the vessel's side, and an oar was broken. Some difficulty was experienced in taking off the crew, consisting of seven men, but this was at last safely accomplished, and the Life-boat arrived at her station with the rescued men at about 12 noon.—Expense of service, 9*l.* 18*s.*

May 12.—BROADSTAIRS.—Reserve Life-boat.—The Life-boat temporarily placed at this station was launched at 9 P.M. in a heavy rolling sea and a N.N.E. wind, and proceeded to the assistance of a vessel which had burnt flares off the North Foreland. On reaching her she was found to be the ketch *Firefly*, of and from London, for Plymouth, laden with patent manure. Her main-mast had been carried away by a squall and was hanging alongside with all the gear attached. The mast, in falling, had ripped open the deck, and the vessel, being heavily laden, was in danger of foundering. Some of the Life-boat men boarded her and cleared away the wreckage, a shore-boat which arrived alongside was despatched to Ramsgate for a steam-tug, and, on the arrival of the latter, at about 2.15 A.M., the ketch was taken in tow and was safely berthed in the harbour at about 4 o'clock, the Life-boat accompanying her, and afterwards regaining her station at 8.30 A.M.—Property salvage case.

COMMITTEE MEETING, 15th May, 1897.

Voted 17*l.* 13*s.* in payment of the expenses of launches of the following Life-boats with the intention of aiding the crews of distressed vessels:—Broadstairs, Cemlyn, Gorleston No. 1, Harwich, Huna, Kingsdowne, Peterhead, Walmer, and Winterton No. 1.

Granted 12*l.*, including medical expenses, to a man injured while on service

with the Walmer Life-boat on the 6th February.

The Committee specially recognised the long and good services of Mr. LAWRENCE BYRNE, late second coxswain of the Drogheda No. 2 Life-boat.

June 3.—CULLERCOATS.—*Co-Operator* No. 1 Life-boat. An alarm being given that there was a vessel ashore on Whitley Sands, at 4.20 A.M. the Life-boat was launched, proceeded to the vessel through a rough sea, the wind blowing a moderate breeze from N.E., and rescued her crew of six men. The vessel, which was the schooner *Luna*, bound from Denmark for the Tyne, went ashore in foggy weather, and was in danger of becoming a total wreck.—Expense of service 19*l.* 4*s.* 6*d.*

COMMITTEE MEETING, 3rd June, 1897.

Voted 101*l.* 16*s.* 6*d.* to pay the expenses of assemblies of crews or launches, with the view of helping distressed crews by the following Life-boats:—Ackergill, Ballycotton, Clacton, Kingsgate, Newbiggin, Palling No. 2, Shoreham and Wells.

Granted 2*l.* 10*s.* 6*d.* to a man injured at the New Romney Life-boat station.

The Committee specially recognised the long and good services of Mr. ANDREW TAYLOR and Mr. RICHARD WADDEN whilst respectively occupying the office of Coxswain of the Cullercoats and Arklow Life-boats.

June 4.—CAISTER.—*Beauchamp* Life-boat.—A dense fog prevailed, but lifted at times, and in one of the intervals the lookout man observed a large steamer in close proximity to the Scroby Sand, and signal-guns were fired from the Cockle and St. Nicholas Light-vessels. At 2 P.M. the Life-boat was launched and found the s.s. *Laleham*, of Newcastle, bound for Royal with salt, aground on the middle Scroby Sand. The captain declined assistance, hoping the vessel would float at high water, and the Life-boat remained at hand, the coxswain having explained to the master the position in which his vessel was placed. Meanwhile the mate went ashore to obtain instructions. During the night the steamer drove a considerable distance along the sands until she struck, heeled

over and remained fast. The captain then engaged the services of the Life-boat men and steam-tugs to get the vessel off, if possible, and a number of men having been brought off to her by Lloyd's Agent for the purpose of jettisoning the cargo, and the anchors having been laid out under the direction of the Life-boat men, she was ultimately got afloat and taken into Yarmouth Roads after striking the N.W. spit of the Cross Sand in consequence of the fouling of the anchors and tow-ropes. During the whole of the time there was a dense fog, and there is no doubt that the Caister men, with their local knowledge of the sands, saved the vessel from total loss. The Life-boat regained her station at noon on Sunday the 6th June, her crew being thoroughly exhausted.—Property salvage case.

June 7.—WALMER.—*Civil Service* No. 4 Life-boat.—The Life-boat was launched at 7.45 A.M. and proceeded to the aid of the ship *Micronesia*, of Liverpool, which had her cargo of nitrate on fire. Two steam-tugs and a Deal galley were in attendance on the vessel, some of her crew being on board one of the tugs, and at the request of the captain the Life-boat remained by the ship, towing astern in case of emergency, until she was put ashore on Deal beach.—Property salvage case.

June 8.—ALDEBURGH.—*Aldeburgh* Life-boat.—At 1.45 P.M. a message by telephone was received stating that a large steamer was aground on the Shipwash Sand. She was at that time in no danger, had no signals flying, and as the tide was flowing it was decided to wait and see whether she would float. An hour later, however, the wind and sea were rising fast, and as there was no sign of the vessel moving, the Life-boat was launched and proceeded to her. She was the s.s. *Tekoa*, of Plymouth, in ballast from London for Middlesbrough. On inquiring of the captain whether he required assistance, he told the Life-boat men that he did not need help at present, but as the wind and sea were increasing and the weather was very threatening the Life-boat remained near, one of her crew being placed on board the ship. During the night the weather was so bad and the water was so shallow that it was impossible for the Life-boat to get alongside the steamer; but at about 4 A.M. she was hauled within hailing

distance, and the captain expressed a desire that she should remain at hand. Afterwards he asked the Life-boat men to go to the Shipwash Light-vessel and telephone for London tugs, but just as they were about to start the steamer began to move, and eventually floated. The Life-boat man who was on board advised the captain as to his course to clear the sands, and when the ship was well out of danger the man was taken back into the boat, which returned to the shore, taking a message to be telegraphed to the owners of the vessel, she being able to resume her voyage.—Property salvage case.

June 8.—MOELFRE (ANGLESEY).—*Star of Hope* Life-boat.—The ketch *William Shepherd*, of Beaumaris, in ballast from Belfast for Carnarvon, which had anchored in Moelfre Roads in a strong gale from E., parted one of her cables, and signalled for assistance. At about 10 P.M. the Life-boat proceeded to her assistance, and brought safely ashore her crew of two men. She was dragging her remaining anchor, and was in danger of drifting on the rocks.—Expense of service, 16l. 19s.

June 16.—PEEL (ISLE OF MAN).—*Mayhew Medwin* Life-boat.—While a tremendous gale of wind was blowing from N.W. the Life-boat was launched at 7.15 A.M. to the assistance of three fishing vessels which were attempting to return to the harbour. The boats were unable to carry much sail, and drifted ashore. One of them became a total wreck, and the others were seriously damaged. The Life-boat rendered slight assistance, the crews of the vessels being saved by the rocket apparatus.—Expense of service, 7l. 14s.

June 16.—FLEETWOOD.—*Maude Pickup* Life-boat.—The Life-boat was launched at 8 A.M. in response to signals of distress and proceeded in tow of the harbour steam-tug *Brock*, through a tremendous sea, in the direction of the Sunderland Bank, in Morecambe Bay, where the barque *Svalen*, of Tvedestrand, had stranded, being unable to ride out the W.S.W. gale, of hurricane force, which had suddenly sprung up. Fortunately the greater part of her crew had gone ashore on the previous day and only three men were left on board. These men were taken into the Life-boat with much difficulty, and she then proceeded to the aid of two other wrecked vessels. One of them was

the barque *Louisa*, of and from Drammen, laden with boards for Glasson Dock. She had stranded on the Pilling Sands, on the south side of Lune Channel, and became a total wreck. Her crew of nine men and a pilot were rescued by the Life-boat. The other vessel, which had stranded and sunk on the same sands, was the s.s. *Zillah*, of Liverpool, which had been unable to steam against the gale. She was laden with limestone from Llanddulas bound for Fleetwood. Her crew were in an extremely perilous position; two of them were clinging to the rigging of the fore-mast and three others were holding on to the top of the funnel, the waves continually dashing over them. Happily the Life-boat men were able to rescue these men also, and then made for home where, at 2.30 P.M., thousands of spectators welcomed her and the eighteen rescued men with outbursts of cheering. In recognition of the skilful manner in which the Life-boat, which behaved splendidly, was handled, a binocular glass was awarded by the Institution to Mr. DAVID LEADBETTER, the coxswain, and additional payment was made to him and the crew of the boat. Bronze medals, given by a Birmingham gentleman, were also presented to each of the men at a public meeting convened for the purpose.—Expense of service, 26*l*.

June 16.—PORTHDLINLAEN. — *George Moore* Life-boat.—The schooner *Miss Hughes*, of and from Carnarvon, laden with slate for London, showed signals of distress, as she was dragging her anchors and drifting towards the rocks at Nevin Point, in a moderate gale from N.W. and a rough sea. The crew of the Life-boat put off to her assistance at 9 A.M., and having been engaged by the master to render assistance they placed two men on board, and the vessel was taken to a safe position.—Property salvage case.

June 16.—GROOMSPORT, Co. DOWN.—*George Pooley* Life-boat.—While a strong gale was blowing from N.N.W., accompanied by a very heavy sea, a message by telephone was received from Bangor stating that assistance was needed by distressed vessels. The Life-boat was taken on her transporting carriage by road to Bangor and found two vessels were in need of assistance. One of them, the schooner *Hollyhow*, of and for Galway, bound for

Barrow, timber laden, was lying about a hundred yards from the Clifton rocks, her two anchors having dragged, and the other, the smack *Harp*, of Arklow, laden with coal, had also dragged her anchors, and was about half a mile from the shore, in Bangor Bay. The Life-boat was, by means of skids, launched off the pier into the harbour. She proceeded first to the *Harp*, pulling to windward through a heavy sea. Having anchored, she veered down on the vessel, passed a line on board, and rescued the crew of four men. She then again pulled to windward, again anchored, and veered down to the *Hollyhow*, from which eight persons were saved; they were the master, his wife and three young children, and the crew of three men. Having taken them on board, the Life-boat once more got up her anchor and made for Ballyholm Bay, where the twelve rescued people were landed safely in a creek. The boat was moored while her crew rested, and afterwards sailed back to her station. The launch and the rescues were well and skilfully managed, and in recognition of their good services an additional reward was granted to the crew of the Life-boat.—Expense of service, 20*l*. 2*s*. 6*d*.

June 16.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—At 9.20 A.M. a telegram was received from the Point of Ayr stating that a schooner, with all sails blown away, was driving before the gale in the direction of Ramsey Bay. A strong N.W. gale was blowing, the sea was heavy and the weather thick. The Life-boat was promptly launched with the view of assisting the vessel, which was the *Phoebe*, of Peel, but she managed to get some head sail on and reached the harbour. Another schooner, the *Maid of Irvine*, of Belfast, bound from Annalong for Workington, which was lying two miles N.E. of the harbour, signalled for assistance, and the Life-boat on proceeding to her found she was riding heavily, had lost one anchor, and was leaking badly. The crew of three men, who were utterly exhausted, were taken into the Life-boat, which safely landed them and immediately proceeded to the schooner *Furness Abbey*, of and from Glenarm, bound for Barrow, laden with iron ore. She had lost all her sails, her spars were broken, and being in a perfectly helpless condition, about two miles S.E. of the harbour, in dangerous

proximity to the rocks at Manghold Head, she showed signals of distress. Her crew of three men, who were also thoroughly exhausted, were taken into the Life-boat and safely landed. The vessel was leaking badly, and there was every probability that she would founder.—Expense of service, 21*l.* 4*s.*

June 16. — ABERDOVEY. — *Thomas Niccolls Stratford* Life-boat. The brig *Möringen*, of Drammen, Norway, timber laden, stranded in a strong N.N.W. gale and a very heavy sea and became a total wreck. On receipt of news of the casualty, the Life-boat was promptly launched, and having anchored near the vessel, attempted to reach her, but the wind and tide carried the boat three times past her. The men had a hard pull and on each occasion renewed their gallant exertions to effect communication with the ship. At last their efforts were successful, they were able to get a line attached to the jib-boom and by this means rescued the crew of six men. In recognition of their services on this occasion an extra reward was granted to the crew of the Life-boat.—Expense of service, 13*l.* 12*s.*

June 16. — BLACKPOOL. — *Samuel Fletcher*, of *Manchester* Life-boat. — The old battleship *Foudroyant*, at one time Lord Nelson's flagship, which had been touring round the coast for the purpose of exhibition, while at anchor off Blackpool was overtaken by a sudden gale. At about 8 A.M. the wind rose with great velocity from the S.W., and in a short time a terrific storm was raging. It was hoped that the cables of the *Foudroyant* would bear the strain, but between 4 and 5 o'clock she dragged her anchors and commenced to drive inshore. At 9 o'clock she hoisted a signal of distress, and shortly afterwards she grounded about six hundred yards from high-water mark. The wind then veered towards N.W., increasing in fury, and soon after 11 o'clock the vessel's main-mast and fore-mast went by the board. The terrific seas dashing against and over the sea-walls rendered it impossible to launch the Life-boat then, and there was no alternative but to wait until the turn of the tide, which was due at about 1 o'clock. The Life-boat was as soon as practicable launched, was rowed in splendid style to the vessel, and by 2.30 was again ashore with twenty-eight men whom she had rescued from the ship.

The historical old vessel afterwards became a complete wreck. An extra reward was granted to the crew of the Life-boat in recognition of the good service they rendered on this occasion. Expense of service, 18*l.* 2*s.* 9*d.*

June 18. — CRICIETH. — *Caroline Catherine Henry*, of Aberystwyth, while going from Abersoch to Portmadoc, was overtaken by a strong N.W. to N.N.W. gale and a very rough sea, and was in a very dangerous position near Harlech, on the south side of Portmadoc bar. She showed signals of distress, and the Life-boat proceeded to her assistance and rescued her crew, consisting of three men, from a very perilous situation, as the vessel was riding to one anchor, on a lee shore, and the heavy seas were breaking over her.—Expense of service, 9*l.* 3*s.*

June 19. — PORT PATRICK. — *Civil Service No. 3* Life-boat. — In the afternoon two fishing-boats proceeded to the North fishing ground. One of them was fully manned, but the other had been hired by two visitors, and her crew consisted of a man and a boy. Towards evening a moderate gale sprung up from S.E. and there was a rough sea; the weather also was thick and heavy rain was falling, and as the boat would have a strong tide against her it was feared that she would be driven out into the Channel. At 6 o'clock the Life-boat was launched, and the surmise that the boat would be unable to return unaided proved correct, for she was found to have taken shelter at Brandyport Bay, where one of the visitors had landed. The boat and her three occupants were taken safely into Port Patrick harbour by the Life-boat, whose crew had a stiff and tedious pull home, the men being drenched by the continuous rain.—Expense of service, 16*l.* 15*s.*

COMMITTEE MEETING, 9th July, 1897.

Voted 303*l.* 13*s.* 3*d.* to pay the expenses of assembling the crews, watching or taking out the following Life-boats with a view of assisting the crews of vessels in distress: Aberystwyth, Barrow, Broadstairs, Caister No. 2, Carrickfergus, Fethard, Hilbre Island, Holyhead, Ilfracombe, Kilmore, Margate, New Brighton (steam Life-boat), Palling Nos. 1 and 2, Plymouth,

Porth Rhuffydd, Port Logan, Scarborough, Southend (Cantyre), Thorpeness, Tynemouth, Walmer and Winterton No. 1.

Voted 6*l.* 11*s.* in payment of medical expenses of a Life-boat man injured at Kilmore.

Also 4*l.* 5*s.* to a man injured at the exercise of the Wells Life-boat.

The Committee specially recognised the long and good services rendered by Mr. JAMES ARNETT SMITH and Mr. CHARLES PELHAM whilst acting as coxswains of the Selsey and Littlehampton Life-boats, which offices they had just resigned.

COMMITTEE MEETING, 12th August, 1897.

Voted 160*l.* 16*s.* to pay the expenses of the Llanaelhaiarn, Cemlyn, Cemaes, Kessingland No. 2, Filey, Winterton No. 2, Newhaven, Formby, Harwich No. 1, Caister No. 2 and Padstow Life-boats in assembling their crews, watching or putting off with the view of rendering help to the crews of vessels in distress.

Voted 12*l.* to two men injured at the exercise of the Folkestone and Rhosneigr Life-boats.

The Committee suitably recognised the long and good services rendered by Mr. JOHN TAYLOR whilst serving as coxswain of the Blyth Life-boat.

Aug. 13.—CLOVELLY.—*Elinor Roget* Life-boat.—A message by telephone being received from Hartland Point Lighthouse reporting a vessel in the bay with signals flying, the Life-boat was launched at 1.10 P.M., and on reaching the vessel found her leaking badly. Two of her boats had been lowered, and her crew of thirteen men and four passengers were preparing to leave her. Eleven persons were taken into the Life-boat, the remaining six getting into one of the ship's boats, which was taken in tow by the Life-boat, and all safely landed at Clovelly. The vessel ultimately foundered. She was the s.s. *Grimsby*, of Cardiff, bound from Swansea for St. Malo, with a cargo of coal.—Expense of service, 10*l.* 2*s.*

Aug. 17.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—At 1.30 P.M. the Life-boat was launched and proceeded to the cutter yacht *Lucinda*, which was riding in a dangerous position to the N.

of the Bay, while a strong S.W. gale was blowing, accompanied by a heavy sea and thick weather. The owner and a seaman who were on board were brought safely ashore by the Life-boat, the yacht being left at anchor. She was taken into the harbour when the weather moderated.—Expense of service, 20*l.* 5*s.*

Aug. 24.—KINGSDOWNE.—*Charles Hargrave* Life-boat.—The schooner *Why Not*, of Carnarvon, laden with cement, showed a signal of distress, and in response the Life-boat was launched at 3.15 P.M. The vessel had been run ashore, being full of water, at Cap Point. The surf boats had reached her, and were engaged to take her to Ramsgate, and, at the request of the master, remained by until the vessel was got afloat.—Expense of service, 9*l.* 3*s.*

Aug. 25.—KINGSDOWNE.—*Charles Hargrave* Life-boat.—The three-masted schooner *Bristow*, of Hull, bound from Sunderland for Dover with coal, stranded off Kingsdowne, in a strong S. breeze and a rough sea, and thick weather. The Life-boat put off to her at 2.20 A.M., and at the master's request stood by until the vessel floated.—Expense of service, 24*l.* 4*s.* 6*d.*

Aug. 26-27.—GORLESTON.—*Thora Zelma* Life-boat.—On the night of the 26th August the dandy *Young Joseph*, of Great Yarmouth, deceived by the lights of a steamer aground on the North Sand, ran on to it herself, and at about 10.30 burnt flares. The Life-boat proceeded to her, but the master refused to leave her; and after remaining by her until 12.10 A.M. the boat returned to the shore as the tide was then ebbing. A moderate breeze was blowing from S. by E., afterwards veering to S.S.W. and increasing to a strong wind; the sea was rough and the weather was thick, with rain. The Life-boat men remained in attendance and at about 12.45, flares being again shown by the vessel, they returned to her and rescued her crew of five men. The steamer got off the sands shortly after the smack took the ground, but the latter vessel became a total wreck.—Expenses of services, 34*l.* 9*s.*

Aug. 31.—PADSTOW.—*Arab* Life-boat.—A message by telephone was received, stating that a fishing lugger was dismantled about three miles W.N.W. of Stepper Point and at 10.35 A.M. the Life-

boat was launched and made for the disabled craft. A moderate gale was blowing from W. accompanied by a rough sea. She was reached about two miles W. of the harbour and was making slow progress under a jury mast, but her crew stated they hoped to be able to reach Stepper Point, but would need assistance to get into the harbour. The Life-boat sailed alongside until the entrance was reached, when she took a rope from her, towed her in against a slow ebb tide until another rope could be thrown to the people on shore, and with this additional help the lugger, the *Boy George*, of Porthleven, was got into safely and grounded on the beach at Hawker's Cove.—Expense of service, 8l. 6s.

Sept. 1.—GREAT YARMOUTH.—*John Burch* Life-boat.—The Life-boat was launched at 7 P.M., in response to flares shown by the cutter yacht *Retort*, of Lowestoft, in a rough sea, a strong S. breeze and thick weather. The vessel, which had been riding at anchor, was drifting towards the Britannia pier, and, owing to the state of the wind and tide, was unable to extricate herself from a dangerous position. The Life-boat's tow-rope was passed on board to stop the yacht from driving, and on the arrival of a steam-tug the Life-boat with the yacht astern was towed into the harbour. The *Retort* had two men on board.—Property salvage case.

Sept. 1.—LOWESTOFT.—*Stock Exchange* Life-boat.—At about 11 P.M. the coxswain of the Life-boat saw flares N. of the pier, and on going down to the beach discovered a smack riding close to the shore in the breakers. He immediately summoned the crew, the Life-boat was launched, and found the vessel was the *Samuel J. Dobson*, which, in returning from fishing, had missed the harbour. At the master's request the Life-boat men signalled for a steam-tug, passed the smack's tow-rope to the tug when she arrived, and the vessel and her crew of five men were taken safely into the harbour.—Expense of service, 20l. 10s.

Sept. 2.—LLANDUDNO.—*Sunlight No. 1* Life-boat.—It having been reported that a schooner was ashore in Conway Bay, the Life-boat was taken on her carriage to the Conway shore and launched at about 9 A.M. Just after she had got afloat a boat containing two men was seen to pass

through a channel further up and make for the shore, which she safely reached. The flag of distress was still flying, and the Life-boat men went to the vessel thinking there might be others on board, but it proved that the two men formed the crew. The vessel, which was the *Dora*, of and for Chester from Douglas laden with bricks, was leaking badly, but the Life-boat men succeeded in keeping her afloat and took her into safety. A strong gale was blowing from N.W. at the time accompanied by a very rough sea.—Property salvage case.

COMMITTEE MEETING, 9th Sept., 1897.

Voted 102l. 10s. 3d. to pay the expenses of assembling the crews or taking out the following Life-boats with the view of assisting vessels in distress:—Ballywalter, Brixham, Bude, Formby, Holyhead, Palling No. 2, and Winterton No. 2.

Granted 13l. 8s. to men injured at the exercise of the Life-boats at Penmon, Rhosneigr, and Walmer.

The Committee suitably recognised the valuable services of Mr. ROBERT ROBERTS during the very long period of thirty-six years in which he occupied the post of coxswain of the Penmon Life-boat, which office he had just resigned on account of old age.

Sept. 21.—WHITBY.—*John Fielden* Life-boat.—The Life-boat, which had been launched at midnight, remained out until 8 A.M., standing by several fishing cobsles which had been overtaken by a rough sea. Many of the boats did not attempt to make for the harbour until daylight, when, after two or three exciting scenes and narrow escapes, the whole fleet succeeded in entering safely.—Expense of service, 26l.

Sept. 26.—CRAIL.—*George Paterson* Life-boat.—While a moderate gale was blowing from W.S.W. the schooner *Grei*, of and from Stavanger for Bo'ness, laden with pit-props, was seen apparently stranded on Englishman's Skellig with a signal of distress flying. At about 3 P.M. the Life-boat was launched to her assistance, and just as the boat was leaving the shore the vessel seemed to get afloat. The Life-boat, however, proceeded to her, and the master hailed the boat to come

alongside as he wanted assistance. It was ascertained that he was in need of water and oil. The coxswain of the Life-boat went on board, showed the master where to bring up and promised to bring water and oil to him in the Life-boat, as all the other boats in Crail harbour were aground. The Life-boat proceeded to Fifeness Harbour, and having obtained barrels of water and oil, endeavoured to take them to the vessel but darkness set in and she was unable to find her, and therefore returned to Crail which was reached at 10.30 p.m. On the following morning the schooner was reported lying close in shore near Boarhills and at 11 o'clock the Life-boat again put off to her. The master explained that he had been unable to bring up as advised, and could not reply to the lights shown by the Life-boat as he had no oil. The oil and water were placed on board, the master of the vessel was warned that he was even then in a dangerous position, the Life-boat men helped to get the vessel under weigh and she was able to resume her voyage.—*Expenses of services, 38l. 12s. 6d.*

S-pt. 29.—**ST. AGNES, SCILLY ISLANDS.**—*James and Caroline* Life-boat.—During a dense fog, the Bishop Rock Lighthouse signalled for the Life-boat, and at 9.10 a.m., the boat was launched and proceeding in a W. direction found the *s.s. Starlight*, of West Hartlepool, timber laden from Quebec for London, at anchor, about a quarter of a mile S. of the Gunner Buoy. The master declined any assistance, but the Life-boat stood by while the vessel weighed her anchor and proceeded to sea.—*Expense of service, 8l. 10s.*

Oct. 5.—**CRESSWELL.**—*Ellen and Eliza* Life-boat.—The schooner *Julie Alide*, of and from Riga, bound for the Tyne laden with pit-props, was observed aground on the rocks near Lyne Burn. The Life-boat was launched at 8.30 a.m., proceeded to the vessel and remained by her until she was got afloat with the help of a steam-tug.—*Expense of service, 15l. 7s.*

Oct. 14.—**HOYLAKE.**—Reserve Life-boat.—At 7.30 a.m. the Coastguard on duty observed a flat on the bank and at once reported it to the Coastguard officer who went out to the vessel and ascertained from the crew that at 8.30 on the previous evening they collided with the Horse

Channel bell buoy and knocked a large hole in her port side. They then ran her on the bank to avoid foundering, but when the tide rose she filled and sank, and they then took to their punt and stood by her during the night. They had no means of signalling for assistance, or they would have done so. Fortunately the weather kept fair. The master expressed a desire that the Life-boat should go out and stand by him, and at 9.45 the boat was launched, placed six men on board to work the pumps and managed to take her safely into the lake.—*Expense of service, 12l. 14s.*

COMMITTEE MEETING, 14th Oct. 1897.

The Committee specially recognised the long and valuable services rendered by Mr. PATRICK CAREY, Mr. MICHAEL BRADY and Mr. J. WALL, as coxswains of the Skerries, Wexford and Carnsore Life-boats, which offices they had just resigned.

Voted 167l. 7s. 3d. to pay the expenses of assembling the crews, watching, or taking out the following Life-boats with the view of assisting the crews of vessels in distress:—Blackrock, Brightstone Grange, Caister No. 2, Dungeness No. 1, Gorleston No. 1, Llanddwyn, Longhope, Padstow, Palling No. 2, Walmer and Winterton No. 2.

The Ramsgate Life-boat was also taken out, but her services were not ultimately needed.—*Expenses paid by the Board of Trade.*

Oct. 17.—**PORT LOGAN.**—*Frederick Allen* Life-boat.—A message by telegraph having been received from the Coastguard at Drummore reporting a vessel in distress in the roadstead, the Life-boat left her station at about 11.15 a.m., and was taken on her transporting carriage to Drummore, a distance of four miles. She had a most successful launch, and arrived at the vessel at 1 o'clock. A whole gale was blowing from the S., accompanied by a very heavy sea. The master informed the coxswain of the Life-boat that the vessel had been striking heavily on the rocks at low water, and was leaking so badly that it was feared she would founder. The crew, fourteen all told, got into the Life-boat and were safely landed at Drummore at 4 p.m.—*Expense of service, 34l. 6s.*

Oct. 25.—HARWICH.—*City of Glasgow* Steam Life-boat.—In response to signals from the Cork Light-vessel the Life-boat left her moorings at 2.45 A.M., and on speaking the lightship ascertained that a vessel was on the sand, bearing S. by E. Proceeding in the direction indicated, the barque *Triton*, of Rostock, timber laden for Port Natal, was found. The master employed some of the Life-boat men to jettison part of the cargo, and with the help of the crew of the volunteer Life-boat from Walton-on-the-Naze, nearly all the deck cargo was heaved overboard, and when the tide flowed the vessel floated and was taken into the harbour.—Property salvage case.

Nov. 3.—WINTERTON.—*Edward Birkbeck* Life-boat.—At 1 A.M. the Life-boat was launched during a strong E.S.E. breeze and a rough sea, and proceeded to the brigantine *Hannah*, of and for Great Yarmouth, from Seaham, with a cargo of coal, which was showing flares, having stranded on Horsey Beach about three miles N. of Winterton. Two attempts were made to reach her, the second proving successful and resulting in the saving of her crew of four men who had taken refuge in the rigging. The vessel became a total wreck.—Expense of service, 32*l.* 2*s.*

Nov. 10.—WINTERTON.—*Margaret* Life-boat.—A telephone message having been received reporting a barque stranded on the east part of the Hasbro Sand, the Life-boat was launched at 2.15 P.M., and found the vessel was the *Artiere Giovanni*, of Fiume, timber laden, from Lulea for Marseilles. A moderate gale was blowing from S.E., accompanied by a heavy sea and thick weather. Nine men had been taken off by a passing smack, but the master and mate were still on board and refused to leave the ship. The Life-boat remained by her until 9 o'clock on the following morning, when the two men consented to abandon her, and were safely landed at 10.30. The barque became a total wreck.—Expense of service, 66*l.* 15*s.*

COMMITTEE MEETING, 11th Nov. 1897.

Voted 221*l.* 1*s.* to defray the cost of launches or assemblies of crews of the following Life-boats with the view of assisting the crews of vessels in distress:—Barrow, Broadstairs, Caister No. 2, Car-

rickfergus, Gorleston No. 1, Newcastle (co. Down), North Berwick, Palling No. 2, Queenstown, Stornoway, Walton-on-the-Naze, and Winterton No. 1.

The Committee specially recognised the good services rendered by Mr. PATRICK KEROE and Mr. NICHOLAS COUSINS during the long period in which they had acted respectively as Coxswain and Second Coxswain of the Kilmore Life-boat.

Nov. 23.—POLPEAR; LIZARD.—*Edmund and Fanny* Life-boat.—The Life-boat was launched at 3 P.M. and proceeded to the assistance of the s.s. *Landore*, of Liverpool, which had stranded on a rock at the Lizard Point in thick weather. At the master's request the Life-boat remained alongside and ultimately brought ashore ten of the crew, two others being taken off by a shore boat which had also proceeded to the rescue.—Expense of service, 23*l.* 0*s.* 6*d.*

Nov. 24.—HOYLAKE.—*Coard William Squarey* Life-boat.—A vessel having been reported ashore on Lime Wharf, in a dangerous position, the Life-boat was launched at 8.55 P.M., and proceeded to the vessel, which was the s.s. *Le Blanc*, laden with redstone from Flint for Widnes. The Life-boat men rendered assistance, and at 10.20 the steamer floated off without receiving any damage.—Expense of service, 32*l.* 19*s.* 6*d.*

Nov. 28.—NEW BRIGHTON.—Steam Life-boat *Duke of Northumberland*. The Life-boat proceeded at 3.30 P.M. to the assistance of the fishing-cutter *Rock Light*, of Liverpool, which had broken adrift from her moorings in a strong gale from N.W. and a very heavy sea. The vessel, which had nobody on board, was reached before any damage occurred, and was towed back to New Brighton. Expense of service, 15*l.* 14*s.* 6*d.*

Nov. 28.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—In response to signals of distress seen during thick weather, a strong W. gale and a heavy sea, the Life-boat was launched at 4.54 P.M. and proceeded to the schooner *Nelson*, of Belfast, bound from Whitehaven for Strangford Lough with coal, which was riding heavily. The crew of five men and a dog were rescued by the Life-boat, and safely landed at 5.52. During the night the wind increased to a furious gale, and the vessel drove on the

rocks at Maughold Head and became a total wreck.—Expense of service, 27*l.* 5*s.*

Nov. 28.—HOLYHEAD.—*Thomas Fielden* Life-boat.—While a whole gale was blowing from N.W., accompanied by a very heavy sea, hail and very cold weather, signals were fired by the barque *Alert*, of St. John, N.B., bound from Preston for Swansea with a cargo of pitch. The Life-boat was launched at 6.30 P.M., and found the vessel drifting helplessly towards the West coast of Anglesey; she was not very far from the shore when the Life-boat reached her. Owing to the heavy seas running and the heavy surf breaking over the vessel very great difficulty was experienced in taking her occupants into the Life-boat, but eventually all, consisting of the master, his wife, and the crew of eight men, were rescued and were safely landed at 9.30.—Expense of service, 27*l.* 10*s.*

Nov. 28.—CAISTER.—*Beauchamp* Life-boat.—In response to signals fired by the Cockle Light-vessel the Life-boat was launched at 11.45 P.M., in a whole gale from N.W. by W. and a very heavy sea, and on reaching the lightship found that she had been run into by the barge *Lord Wolsley*, of London. The master of the barge got on board the Light-vessel, but the barge with the crew of three men had drifted away. The Life-boat cruised about in search of her for some time, but being unable to find her returned to the lightship, took off the master of the barge and landed him safely at Caister.—Expense of service, 30*l.*

Nov. 29.—FLEETWOOD.—*Maude Pickup* Life-boat.—The Life-boat was launched at 1.30 A.M., signals of distress having been seen in the direction of Pilling Sands in Morecambe Bay. The wind at the time was blowing from N.W., with hurricane force, travelling, it is reported, at the rate of ninety miles an hour, the sea was very rough and the weather intensely cold. The signals proved to be shown by the full-rigged ship *Larnica*, of Windsor, N.S., bound from St. John for Fleetwood with a cargo of timber. She was unable to ride out the fierce gale and was water-logged. Her crew of eighteen men, the stewardess and a Fleetwood pilot were taken into the Life-boat, which returned to her station with the twenty rescued persons at 3.30 A.M.—Expense of service, 37*l.* 3*s.*

Nov. 29.—SALTBURN-BY-THE-SEA, YORKSHIRE.—*Charles and Ann* Life-boat.—On the 29th November, this coast was visited by the most severe gale experienced for many years past. The wind had been gradually increasing from the previous day; until at 3 A.M. it was blowing a perfect hurricane, continuing for some time. At daylight it blew a full gale from N.N.W., accompanied by snow storms and a very heavy sea. Shortly after noon it was reported that the hull of a vessel had been sighted. A good look-out was kept, and when the showers of rain, hail and sleet cleared a little, the wreck was observed about two miles from the shore. The crew of the Life-boat were thereupon summoned, and the boat was soon ready for launching, but as the wreck was drifting rapidly ashore it was decided to wait until it came nearer. At 1.45 P.M. a splendid launch was effected, and the Life-boat, in charge of the assistant coxswain, proceeded towards the wreck, encountering some very heavy seas, which repeatedly swept over her; at last an unusually heavy sea struck her, turning her broadside-on, in fact nearly capsizing her, and washing overboard three men, including the bowman, who was standing, grapnel in hand, ready to effect communication with the wreck. They all, however, happily succeeded in regaining the boat. Such was the force of this sea that the remainder of the crew were thrown down, the oars were unshipped and three of them broken, and the boat was carried some distance out of her course. The lost ground was soon recovered, a line was passed to the wreck, and the four men on board were rescued. The vessel was the schooner *Loch Alsh*, bound for Sunderland. The crew had been compelled to cut away her masts on account of her ballast having shifted.—Expense of service, 29*l.* 5*s.* 9*d.*

Nov. 29.—MARGATE.—*Quiver* No. 1 Life-boat.—At 8.30 A.M. a message was received at Margate from the Coastguard at Epple Bay, stating that a barge was ashore half a mile east of that place; at the same time the Coastguard at Birchington reported a barge, with colours upside down, anchored off that station. The Life-boat was taken by road, on her transporting carriage, to Westgate Bay, where she was with difficulty launched, the heavy seas catching her and throwing her

across the carriage. Sailing through the heavy surf, the boat worked towards a vessel which was seen to have a flag of distress flying, passing on her way a barge but finding nobody on board. On reaching the vessel, which proved to be the ketch *Flower of Essex*, of Harwich, she was found to be nearly under water, and it was only with very great difficulty that the boat was enabled to get alongside and rescue the crew of three men and two dogs. Then, working to windward, the Life-boat went to another ketch, the *Enterprise*, also belonging to Harwich, and rescued her crew of three men. This vessel was riding so heavily that she dipped her bowsprit under her chain cable, pulling the bowsprit and top-mast out of her just as the Life-boat left with her crew. Again working to windward in the teeth of the gale she managed to reach the *Lord Beresford*, also ketch rigged, of London, from which four men were rescued, nearly an hour being occupied in effecting the rescue, the boat being twice carried away from the vessel, over which the seas were sweeping fore and aft. One more vessel was signalling, and the Life-boat worked up to her, the sea being then as heavy as any of the crew had ever seen it, and rescued the crew of four men and a dog from the ketch *Eustace*, of Rochester, after which the Life-boat made for home with all speed. On reaching the harbour so much wreckage was encountered, together with sunken boats, that great difficulty was experienced in getting to land, the fore air-box was stove in by a piece of timber, and the rudder was unshipped by another large piece, but eventually the shore was reached and all safely landed. — Expense of service, 42*l.* 5*s.*

Nov. 29. — LOWESTOFT. — *Stock Exchange* Life-boat. — A whole gale having sprung up from W.N.W. accompanied by a very heavy sea, it was anticipated that the service of the Life-boat would be required; she was therefore unmoored and taken round the jetty at about 7 A.M. At about 10 o'clock the schooner *Broughty Castle*, of and from Plymouth for Hull, laden with china clay and arsenic, was observed rounding the ness point, with a flag in her rigging. The Life-boat at once sailed to her and found she had lost her canvas and was leaking badly. Some of the Life-boat men boarded her and

enabled her to clear the Newcome Sand. The steam-tug *Despatch* then arrived and endeavoured to take her in tow, but the tow-rope parted and she collided with a schooner lying in the roadsteads sustaining a considerable amount of damage. The Life-boat took a second rope from the tug to the vessel, and while the boat was alongside, the schooner's main-mast fell, and the boom jammed one of the Life-boat men against the boat's mast, seriously injuring him. Ultimately the vessel, which had a crew of four men, was taken into the harbour and the injured man was conveyed as soon as possible to the hospital. — Property salvage case.

At 11.40 A.M. the Life-boat again went out and saved the crew of two men from the ketch *Despatch*, of and for Hull, from London, laden with chalk. She had lost her anchors, and being in a sinking condition had been run ashore about half a mile S. of the harbour where she became a total wreck. — Expense of service, 24*l.*

Nov. 29. — GORLESTON. — Steam Life-boat *City of Glasgow*. — The barge *Lord Nelson* of and for London, laden with fire bricks from the Tyne, showed a signal of distress when about mid-way between Gorleston and Corton. A whole gale was blowing from the N. at the time, and there was a heavy sea. The Life-boat on reaching her found she was leaking badly, and towed her opposite the mouth of Lowestoft harbour. — Property salvage case.

Nov. 29. — PAKEFIELD. — *The Two Sisters Mary and Hannah* Life-boat. — At 10.30 A.M., the Life-boat was launched and proceeded to the ketch *Magnet*, of Burnham, coal-laden from Hartlepool for Maldon, which had shown signals of distress. The wind was blowing a hurricane from the N. and there was a very heavy sea. The vessel was found to be leaking badly and her crew of five men and six Lowestoft beachmen who had boarded the vessel when near Lowestoft pier an hour previously, were taken into the Life-boat which then proceeded in a S. direction, and at about noon fell in with the ketch *Louise*, of Swansea, and rescued five persons, one of whom was the captain's wife. His vessel was making for the shore, having lost her anchor, and later on stranded at Kessingland. The Life-boat then made for Harwich, the coxswain not considering it advisable to

risk landing the captain's wife, who appeared to be in an exhausted state, on an open beach in such a sea. Harwich was reached at about 6 o'clock and all safely landed.—Expense of service, 67*l.* 4*s.*

Nov. 30.—**PAKEFIELD.**—On the following morning at 7 o'clock, the Life-boat left Harwich in tow of a steam-tug on the return journey to her station, and on the way fell in with the three-masted schooner *Natalie*, of Tynemouth, at about 8 o'clock. The vessel was leaking badly, and her crew of eight men were thoroughly exhausted by continued work at the pumps during the previous day and night. Some of the Life-boat men boarded the vessel, attached her tow-rope to the tug, slipped her chain, and she was taken to Lowestoft, it being found impossible to get to Harwich, arriving at 2.30 p.m.—Property salvage case.

Nov. 29.—**NORTH DEAL.**—*Mary Somerville* Life-boat.—While the wind was blowing with hurricane force, accompanied by an extremely rough sea, signals of distress were observed, and at about 11.45 A.M. the Life-boat was launched, and spoke several vessels, advising the crews to hold on to their anchors, and promising to remain at hand in readiness to take the men off should it become necessary to do so. The boat remained out until about 8 P.M., when the gale abated, and then returned to her station.—Expense of service, 38*l.* 0*s.* 6*d.*

Nov. 29.—**DONNA NOOK.**—*Richard* Life-boat.—While a whole gale was blowing from N. the schooner *Pearson*, of London, laden with wheat from Hull for Sunderland, stranded near Grainthorpe Haven. The Life-boat was taken to the scene of the casualty, was launched in a heavy sea and saved the vessel's crew of four men. At high water the schooner's mast went over her side, and she became a total wreck.—Expense of service, 24*l.* 2*s.*

Nov. 29.—**BROADSTAIRS.**—*Frances Forbes Barton* Life-boat.—At about 2.15 P.M. the brigantine *Fleetwing*, of Brixham, bound from Guernsey for London, with granite, was observed at anchor off the North Foreland, with a signal of distress flying. A whole gale was blowing from the N.N.W., and a very heavy sea was rolling in to within a few yards of the bows of the Life-boat, which was lying on her

slipway, rendering it extremely risky to launch her. It was, however, decided to make an attempt, and fortunately it proved successful, the boat going off without a hitch. She proceeded under reefed storm foresail and mizen, and just before arriving alongside the vessel, the foresail, whilst being lowered, became unhooked, and fell overboard, causing the boat to fall athwart the vessel. The boat's mizen mast was carried away, and her after air-box was considerably damaged. With great difficulty, as the vessel was pitching heavily, two of the Life-boat men were placed on board, the anchor was slipped, sail was set, and with the help of a steam-tug, the brigantine, with her crew of seven men, was taken to Ramsgate.—Property salvage case.

Nov. 29.—**RAMSGATE.**—*Bradford* Life-boat.—At 3.45 P.M., in answer to signals from the North Goodwin Light-vessel, the Life-boat was towed out of the harbour by the steam-tug *Aid*. A strong N.W. gale was blowing at the time, accompanied by a heavy sea. The vessel in need of assistance was found to be the ship *Kommander Svend Foyn*, of Sandefjord, bound from Dalhousie, N.B., for London, with a cargo of deals. She had lost her fore and main top-masts, jib-boom and mizen-mast, and was riding with two anchors down. The Life-boat approached her on one side and the tug on the other, and men were put on board to render assistance. The tug's wire hawser was passed on board and an attempt was made to tow her off, but the rope parted. A second attempt was made with the same result. A third rope was then made fast, and the vessel, which by that time had driven down towards the South Foreland, was towed round the South Sand Head, through the Gull and Edinburgh channels, towards the Thames, and on reaching Gravesend was safely moored to a buoy. The steam-pump was kept working all the time, as the ship was leaking badly. Fifteen of her crew had left her and were landed by a steamer at Dover, eight others remaining on board. The Life-boat men were upwards of thirty hours at sea, and anxiety was felt concerning their safety. They arrived back at Ramsgate at 10 P.M. on November 30th, the tug returning on the following day.—Property salvage case.

Nov. 29.—GORLESTON.—*Mark Lane* Life-boat.—In response to signals from the St. Nicholas Light-vessel the Life-boat proceeded out in a whole gale from the N., and a heavy sea, and found the schooner *Robert*, of Rye, making signals of distress, having been in collision with the fishing-boat *Stella*. Her crew of five men, and the fishing-boat's crew of nine men, who had jumped on board her at the time of the collision, were taken off by the Life-boat, and landed at Lowestoft, it being impossible to return to her station. The *Robert* was taken into Yarmouth harbour on the following morning.—Expense of service, 28*l.* 3*s.* 4*d.*

Dec. 2.—MARGATE.—*Quiver No. 1* Life-boat.—In response to signals of distress shown by a vessel in the direction of Margate Sand the Life-boat was launched at 5.30 A.M. The weather at the time was thick, with squalls of rain, snow and hail, the wind was blowing a strong gale from N.N.E., and the sea was very heavy. Proceeding in the direction in which the flares and rockets had been seen, the Life-boat men, at daylight, saw the vessel, which had signals of distress flying, and with considerable difficulty succeeded in boarding her. She was the ship *Persian Empire*, of West Hartlepool, bound for the Cape with a general cargo, and had been seriously damaged by collision with a steamer. The Life-boat men got her out of the vicinity of the Margate Sand and rendered all assistance possible to get her through the Gulls. The captain engaged two tugs in the Downs. Twice the Life-boat broke away from the ship through stress of weather, but sailed with her to Sandgate Bay, the only place of shelter near. At the master's request the Life-boat men went ashore at Folkestone to obtain some large shackles; returned to the ship and remained by her during the night. At daylight the tugs started with the vessel for London, the Life-boat casting off at Margate N.E. buoy about 10.30 A.M. on Dec. 3, leaving three of her crew on board. The Life-boat was engaged more than thirty-one hours in rendering these services.—Property salvage case.

Dec. 2.—GORLESTON.—*Mark Lane* L f.-boat.—At 7.30 A.M. the Coastguard reported a schooner was showing a signal of distress off Corton, and in ten minutes the Life-boat was launched and

was taken in tow by a steam-tug. The wind was blowing a strong gale from N.E., and in crossing the bar the heavy seas encountered smashed the tug's star-board paddle casing and nearly filled her stokehold. On reaching Corton Roads the schooner *Lucinda*, of South Shields, bound from Shoreham for Sunderland, laden with old iron, was found driving, having lost one of her anchors, and leaking badly. Some of the Life-boat men boarded her, and with the assistance of the tug she was taken to Lowestoft. She had a crew of seven men.—Property salvage case.

Dec. 2.—CLACTON.—*Albert Edward* Life-boat.—The barque *Thyra*, of and for Frederickstadt, from London, was seen stranded on the Burrows Sands, with signals of distress flying. The wind at the time was blowing a strong gale from N.E. and a heavy sea was running. The Life-boat was launched at 10.30 A.M., and proceeded to the sands, but the tide was too low to admit of her getting alongside the vessel; she therefore let go her anchor on the weather side of the sands until 4 o'clock, when there was sufficient water for her to approach the barque, which was then fast breaking up. With some difficulty her crew of ten men were taken into the Life-boat, which then made for home. Fortunately when in the Swin she fell in with the steam-tug *Merrimac*, of Harwich, which kindly towed her near her station, which was reached at about 7 P.M.—Expense of service, 36*l.* 18*s.* 9*d.*

Dec. 2.—LOOE.—*Boys' Own No. 1* Life-boat.—At 10.30 P.M. the Life-boat was launched and proceeded to the ketch *Foundling*, of Brixham, which had stranded on the Rannie Rock, on the S.E. point of Looe Island and showed signals for assistance, in a moderate N.N.E. breeze and a moderate sea. The Life-boat stood by the vessel until she floated at midnight.—Expense of service, 22*l.* 8*s.*

Dec. 3.—CROMER.—*Benjamin Bond Cabbell* Life-boat.—While a strong gale was blowing from the E.N.E., accompanied by a heavy sea, a signal of distress was reported by the Coastguard look-out man, and at 1.30 A.M. the Life-boat was launched, and saved the crew of four men from the ketch *Hero*, of Goole, bound for Grays, Essex, with coal. She had stranded on the rocks N. of the jetty

and became a total wreck.—Expense of service, 34*l.* 1*s.*

Dec. 4.—MONTROSE.—*Robert Henderson* Life-boat.—A telephone message being received from the Lighthouse keeper at Scurdyness, reporting that a vessel was stranded on the Annat Bank, the Life-boat was launched at 11.15 P.M., and found the *Gael*, a small screw steamer of Glasgow, laden with barley from Montrose for Port Ellen, Islay, which had only left the harbour about an hour previously, aground on the bank. With considerable difficulty the crew of three men were got into the Life-boat, two of them, the master and engineer, having been injured by the wheel. They were safely landed soon after midnight and medical attendance was procured for the injured men.—Expense of service, 27*l.* 1*s.* 6*d.*

Dec. 5.—PORT PATRICK.—*Civil Service* No. 3 Life-boat.—At 7.10 A.M. the Life-boat was launched, a mounted messenger having arrived with intelligence that a vessel was showing signals of distress in Larbrax Bay, six miles N. of Port Patrick. On reaching the Bay a large Austrian steamer, the *Bathori*, of Fiume, with a general cargo from Fiume for Glasgow, was found stranded, having run ashore in the night during foggy weather. The Life-boat remained by the vessel, and on the following morning tugs, which had been summoned from Glasgow by telegraph, arrived. The wind, however, which had been a moderate breeze, had by that time increased to a strong gale from W., with squalls, the sea had increased, and it became imperative that the men should leave the vessel. Nineteen of them therefore got into the Life-boat, which put them on board a steam-tug, and the captain and five other officers were taken in the Life-boat to Port Patrick. The boat was engaged from 7.10 A.M. on the Sunday morning until 1 o'clock on the afternoon of the following day in rendering this service, her crew being exposed to wet and stormy weather during part of the time.—Expense of service, 54*l.* 4*s.* 6*d.*

Dec. 5.—WALTON-ON-THE-NAZE.—*Honourable Artillery Company* Life-boat.—A message by telephone being received from the Gunfleet Light-house stating that a vessel was stranded, the Life-boat was launched at 11 A.M. and found the s.s. *Banes*, of Bergen, ashore about two miles from the Long Sands beacon. The Life-

boat remained by her until high water when she floated off the sand. The Trinity House steamer *Satellite*, which had also gone to the assistance of the vessel, kindly gave the Life-boat a tow on her homeward journey.—Expense of service, 38*l.* 4*s.*

Dec. 7.—WEXFORD.—*Andrew Pickard* Life-boat.—At 1 P.M., the Life-boat was launched, signals of distress having been shown by the yawl *Brothers*, of Wexford, which was lying in the bay close to the bar. The master stated that the boat had been nearly filled by the heavy seas on the bar and he had been obliged to anchor. The Life-boat remained by until the arrival of a tug, which had been signalled for, and then assisted her to get attached to the tug, which towed her to Wexford, the Life-boat returning under sail.—Expense of service, 11*l.* 10*s.*

Dec. 8.—KINGSDOWNE.—*Charles Hargrave* Life-boat.—The brig *Agenora*, of and from Guernsey for London, stranded about half a mile N. of Kingsdowne, in a strong W. gale, a heavy sea and thick weather. In response to her signals of distress the Life-boat was launched at 5.30 A.M., and was engaged by the master to assist to get the vessel clear and into safety. This was done and she was safely berthed in Ramsgate harbour. She had a crew of eight men.—Property salvage case.

COMMITTEE MEETING, 9th Dec., 1897.

Voted 1,172*l.* 19*s.* to defray the expenses of assembling the crews or launching the following Life-boats, with the view of assisting the crews of distressed vessels:—Aldeburgh, Boulmer, Brancaster, Bridlington, Broadstairs, Cadgwith, Deal, Dungeness, Filey, Fishguard No. 2, Flamborough No. 2, Gorleston No. 1, Harwich No. 1, Hasborough, Hilbre Island, Hoylake, Hunstanton, Irvine, Kildonan, Littlehampton, Lowestoft, Margate, New Brighton (steam Life-boat), Padstow, Palling Nos. 1 and 2, Roker, Scarborough, Skegness, Southend (Essex), St. David's, Sunderland (South Pier and South Outlet), Walmer, Walton-on-the-Naze, Whitelink Bay and Winterton Nos. 1 and 2.

The Ramsgate Life-boat was taken out, but her services were not eventually needed.—Expense paid by Board of Trade.

The Committee expressed their deep sympathy with the widows and other relatives of the nine men who unhappily lost their lives by the capsizing of the Margate beachmen's surf-boat *Friend of All Nations*, while on the way to the assistance of the ship *Persian Empire*, of West Hartlepool, in a strong gale from N.N.E. and a very heavy sea, accompanied by rain and snow, at about half-past five o'clock on the morning of the 2nd December.

The sum of 1,000*l.* was granted in aid of the fund raised locally for the relief of the widows and dependents of the deceased men.

The sum of 150*l.* was granted towards the fund for the benefit of the Palling beachmen whose yawls were destroyed by the severe gale and high tides experienced on the 29th November. The greater number of the men were absent from the station at the time on duty with the Life-boat and were consequently unable to protect their property.

The Committee specially recognised the services of Mr. EDMUND KNIGHT on his retirement from the office of coxswain of the Exmouth Life-boat.

Voted 3*l.* to two men injured on occasions of service by the Deal and Palling No. 2 Life-boats.

Dec. 11.—HOLYHEAD.—*Thomas Fielden* Life-boat.—The s.s. *Radyr*, of and from Cardiff for Garston, in ballast, being observed dragging her anchors, in a moderate gale from N.W. and a rough sea, the Life-boat proceeded to her assistance at 3.0 A.M., and found her very close to the rocks at Penrhos beach. Four men were placed on board and rendered assistance, and when she had got up steam sufficiently the vessel was able to get away from her dangerous position.—Expense of service, 27*l.* 10*s.*

Dec. 11.—SOUTHPORT.—*Edith and Annie* Life-boat.—The steam-flat *Canada*, bound from Fleetwood for Liverpool, laden with gravel, was seen about nine or ten miles distant apparently making for the bar and labouring heavily. She succeeded in crossing the bar and for some time appeared to make her way up channel, when suddenly she commenced driving to leeward. It being evident that she was in danger, the Life-boat put off to

her assistance and saved her crew, consisting of four men. It was ascertained that her fires had been extinguished by the heavy seas, and she ultimately sank near Ainsdale.—Expense of service, 9*l.* 5*s.*

Dec. 13.—FILEY.—*Hollon the Second* Life-boat.—Twenty-nine cobsles being at sea and in considerable danger, owing to a strong gale springing up from S.S.E. accompanied by a heavy sea, the Life-boat was launched at 10.30 A.M. and stood by the boats until all were safely ashore.—Expense of service, 19*l.*

Dec. 13.—NEWBIGGIN.—*Robert and Susan* Life-boat.—The Life-boat was launched at about 11 A.M. and stood by several fishing cobsles whose return had been rendered perilous by a strong breeze from S.S.E. and a rough sea.—Expense of service, 13*l.* 19*s.*

Dec. 13.—HAUXLEY.—*Algernon and Eleanor* Life-boat.—At 5.30 P.M. a steamer's light was seen in a dangerous position near the Hauxley Reef, and a few minutes afterwards a whistle was heard and signal lights were shown by the vessel, which had evidently struck on the rocks. The wind was blowing from S., there was a strong sea, and the night was very dark and hazy. The Life-boat was launched and, on reaching the vessel, found she was the s.s. *East Neuk*, of and for Kirkcaldy, from North Shields, in ballast. The Boat remained by her until the tide fell, and eventually her crew decided to leave her, and were landed by the Life-boat. The vessel was afterwards washed along the reef to a more sheltered position, this change of position rendering it possible for her to be taken to Amble harbour when she floated; she was, however, leaking badly and had lost her rudder.—Expense of service, 28*l.* 10*s.*

Dec. 13.—MEVAGHISEY.—*James Chisholm* Life-boat.—While a whole gale was blowing from S.W., accompanied by a rough sea, the Life-boat was launched at 8.25 P.M., and proceeded to the assistance of fishing boats. The boat *Silent* was discovered nearly ashore on Porthpean beach. The Life-boat got her out of danger, put one man on board, and provided the boat with a sail, which had been taken out in the Life-boat for use if required, and enabled her to reach the port at midnight. The Life-boat then proceeded to the *Cirene*, towed her into shelter at Rope Haven Roads, moored her,

and took her crew safely ashore.—Expense of service, 21l. 7s. 6d.

Dec. 14.—RAMSEY.—*Mary Isabella* Life-boat.—Signals of distress having been shown by the schooner *Glynaeron*, of Beaumaris, bound from Runcorn for Campbeltown with salt, the Life-boat put off to her assistance at 8.55 p.m., and found her riding very heavily about a mile S.E. of the harbour. A moderate gale was blowing from S.E. at the time, the sea was rough, and the vessel's crew of three men were afraid that she would drive ashore. They were therefore taken into the Life-boat and landed, as a precaution, but the schooner rode out the gale.—Expense of service, 27l. 19s.

Dec. 16.—BOULMER.—*Meliscant* Life-boat.—The Life-boat put off at 9.30 A.M. on receipt of information that a vessel was ashore near Howick, and found that the brigantine *Sylphidine* had run aground in a fog. The Life-boat men rendered assistance, but it was found impossible to get her afloat. Her crew decided to remain on board, and when no further help was needed the Life-boat returned to her station, reaching there at about 6 p.m.—Expense of service, 23l. 10s. 6d.

Dec. 19.—RAMSGATE.—*Bradford* Life-boat.—While a moderate breeze was blowing from the E., with a heavy sea and hazy weather, signal guns were fired by the North Goodwin Light-vessel, and in response the Life-boat *Bradford*, in tow of the steam-tug *Aid*, left the harbour at about 9.10 A.M. On reaching the Goodwin Sands the fishing smack *E. and I. G.*, of Ramsgate, was found stranded on the N.E. part of the Sand. The Life-boat was slipped from the tug, proceeded to the smack, and when the tide flowed managed to get her afloat, and took her to Ramsgate, two of the Life-boat men being put on board to assist at the pumps as she was leaking badly. She had a crew of three men.—Property salvage case.

Dec. 19.—LYNMOUTH.—*Louisa* Life-boat.—The s.s. *Amie*, of London, bound from Penarth for Malta, stranded one mile E. of the foreland in a fog, while a moderate gale was blowing from E., accompanied by a rough sea. At 10 A.M. the Life-boat proceeded to the vessel and landed twelve of her crew, including the captain, the second coxswain of the Life-boat and others remaining on board. In the evening the Life-boat again went off to the

ship to take the captain back to her; the heavy seas preventing him from doing so by means of any ordinary open boat.—Expense of service, 14l. 10s.

Dec. 20.—GORLESTON.—*Leicester* Life-boat.—The Life-boat was launched at 3.30 A.M., and rescued the crew of six men from the smack *Follow*, of Great Yarmouth. The vessel was returning to port with her catch of fish, and in endeavouring to enter the harbour stranded on the North Sands. A fresh breeze was blowing at the time, and there was a rough sea.—Expense of service, 23l. 9s. 6d.

Dec. 25.—ST. AGNES, SCILLY ISLANDS.—*James and Caroline* Life-boat.—The Light-keepers at St. Agnes reported to the coxswain of the Life-boat that a dismasted vessel was lying in a dangerous position near the Crim ledge of rocks, and that they thought they could distinguish men on her decks. A moderate breeze was blowing from S.S.W., and a heavy sea was running. At 10 A.M. the Life-boat was launched and found the vessel was an iron barge laden with about 100 tons of iron rails. She bore no name or port of registry, having merely 100 painted in white on her quarter. She was abandoned, and was riding to a long tow rope. The rope was cut, and with the assistance of the crew of a gig which had also put off to the rescue the barge was towed into harbour.—Property salvage case.

Dec. 27.—RHOSNEIGR.—*Thomas Lingham* Life-boat.—The schooner *Ann Jane*, of Portmadoc, laden with cement from London for Carnavon, was observed at noon about a quarter of a mile distant, standing to the N.W. A strong gale was blowing from W.S.W., accompanied by a very heavy sea, and as it was evident that the vessel would go ashore, preparations were made for launching the Life-boat. She stranded in Cymyran Bay. Horses were procured, and the Life-boat was taken on her transporting carriage along the beach a distance of about three miles over heavy sands, having to cross a river about three feet deep, and on arriving abreast of the vessel, the crew were seen to have taken refuge in the rigging. The Life-boat was promptly launched, went through the heavy seas in grand style, and rescued the crew consisting of five men and one passenger. Valuable assistance in connection with this rescue was rendered by Mr. WILLIAM JONES, the Hon.

Secretary of the Branch, to whom the thanks of the Committee were awarded, and additional payments were granted to the crew and launchers of the Life-boat.—Expense of service, 19*l.* 15*s.*

Dec. 28. — NEWBIGGIN.—*Robert and Susan* Life-boat.—Twenty-four fishing cobsles were at sea when a strong gale sprung up from S. by E., afterwards changing to S.S.W., and as they would encounter considerable danger in returning through the heavy surf, the Life-boat put off at noon and stood by the vessels until all were safely beached.—Expense of service, 13*l.* 19*s.*

Dec. 30.—WALMER.—*Civil Service No. 4* Life-boat.—While a heavy gale was blowing from S.S.W., accompanied by a very heavy sea, the s.s. *Storm King*, of London, was observed signalling for a pilot, and when abreast of Deal Castle she took the ground. The Life-boat stood by her until she got out of danger, and returned to her station at about 2 P.M.

Dec. 31. — BALLYWALTER.—*William Wallace* Life-boat.—The s.s. *Marmion*, of Glasgow, bound from Ardrossan for Falmouth, with a cargo of pig iron and dynamite, stranded at Ballyferris Point about two miles N. of Ballywalter, in a

thick fog. The Life-boat was launched at 10.15 P.M. and remained by the vessel until 1.30 A.M., when it was found that she would float with the tide and had sustained no serious injuries. She had, however, narrowly escaped stranding on a dangerous reef of rocks, which would no doubt have entirely wrecked her.

COMMITTEE MEETING, 31st Dec., 1897.

Voted 49*l.* 19*s.* 6*d.* to pay the expenses of the following Life-boats in assembling their crews, watching or putting off, their services however not being required;—Appledore, Nos. 1 and 2, Ayr, Bridlington, Brixham, Clacton, Donna Nook, Dover, Dungarvon, Formby, Holyhead (steam Life-boat), Hope Cove, Kingsdowne, New Romney, Padstow, Plymouth, Porthdinllaen, Queenstown No. 2, Rye, Salcombe, Stornoway, Troon, Walmer, Weymouth, Winchelsea, Worthing and Yealm River.

Granted 31*l.* 17*s.* 6*d.* to seven men injured on duty with the Life-boats at Blackpool, Gorleston, Hastings, Kingsdowne, Walton-on-the-Naze and Winterton.

Also 1*l.* to a man injured at a launch of the Newbiggin Life-boat.

Jan. 14.—Voted 6l. to four Ramsgate men for putting off in a wherry, at risk to themselves and their boat, and saving the crew of four men of the smack *Alicia*, of that port, which stranded outside the harbour and became a total wreck in a moderate gale from S.E. and a rough sea, on the 4th December last.

Also 3l. to a Plymouth police constable and two other men for helping, by means of ropes, to save nineteen of the crew of the s.s. *Ariel*, of West Hartlepool, which was wrecked in Plymouth Sound during a strong gale from S. and a heavy sea, on the 8th December.

Also 2l. 5s. to six men for putting off in a small boat from Bull Bay, Anglesey, with the view of helping the schooner *Gommershaw*, of Barrow, which was thought to be in distress in a fresh gale from S.W., a moderate sea, and thick weather on the 24th December.

Also 1l. 5s. to five men for going out in a harbour boat from St. Peter's Port, Guernsey, and offering assistance to the Ketch *Laurence Desirée*, of Lannion, which was anchored in a perilous position in a strong S.W. wind and a somewhat rough sea on the 10th December.

March 4.—Seven fishermen put off in two boats and saved the crew of four men from the fishing-boat *Lily*, of Lerwick, which had been caught by a high wave and dashed to pieces on a rock while returning to port in a strong S.E. breeze and a heavy sea.—Reward 7l.

March 26.—Ten men put off in the local surf boat at Gourdon, Kincairdineshire, and rescued the crew of five men from the fishing-boat *Agnes and Mary Ann*, which was totally wrecked in a strong S.E. gale and a very heavy sea.—Reward, 5l.

April 8.—Voted the Silver Medal of the Institution, a copy of the vote inscribed on vellum and framed, and the sum of 3l. to JAMES FLETT, one of the crew of the fishing-boat *Betsy Hughes*, of Pittenweem, for gallantly saving a boy who had been struck by the sail and knocked overboard from the fishing-boat *John and Agnes*, of St. Monance, when between Anstruther and Pittenweem, in a strong N.E. breeze, a heavy sea, and a hard frost, on the 6th February. On observing the accident, James Flett divested himself of some of his clothing, plunged overboard, swam to the boy, who was then unconscious, rescued him, and took him to the *Betsy Hughes*.

April 10.—Three men assisted a Broadstairs skiff, which had been partly swamped at Dumpton Gap in a strong N.N.E. breeze and a moderate sea.—Reward, 15s.—1l. was also granted to the men, being the amount they would have received for a pilotage engagement, which however was lost through rendering this service.

services rendered under the following circumstances. On the 11th May the trawler *Dodger*, of Ringsend, sprung a leak when off the Nose of Howth and signalled to the hooker *Storm King*, of Howth, which took her in tow but she immediately began to sink. The *Storm King* promptly launched a boat with THOMAS RICKARD and GEORGE CAULFIELD on board, who took off the *Dodger's* crew of two men, but that vessel's boom fouled the boat and carried it partly down, leaving the four men struggling in the water. They regained and righted the boat, but she was capsized three times by rough seas. The hooker *Maymaid*, of Howth, then bore down and sent a boat manned by McLAUGHLAN, KELLY and ROURKE, who picked up the four men from the water, incurring great risk of their own boat being capsized.

1l. each was also awarded to the masters of the two vessels for promptly proceeding to the rescue, and the sum of 3l. 11s. was granted to defray the cost of repairing damage to the *Storm King's* boat and replacing gear, etc., lost on the occasion.

They succeeded in rescuing two of the vessel's crew of three men, the other having been drowned before help could reach him.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. WYON." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. WYON, Mint." Inscription, "Let not the deep swallow me up."

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1897, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,260, 99 of which were in Gold, and 1,161 in Silver.

Note.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.
2. Perfect flexibility, so as to readily conform to the shape of the wearer.
3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.
4. Strength, durability and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 295 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy. The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

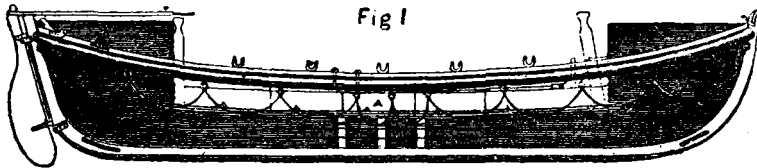

In Figure 2, the unshaded space, A, represents the uncovered part of the deck,

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

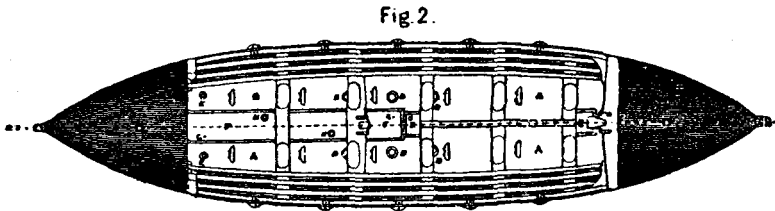

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

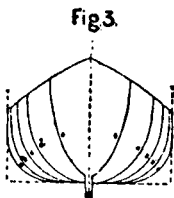

THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT.

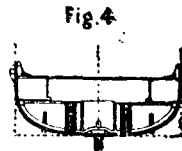

PROFILE.

DECK PLAN.

BODY PLAN

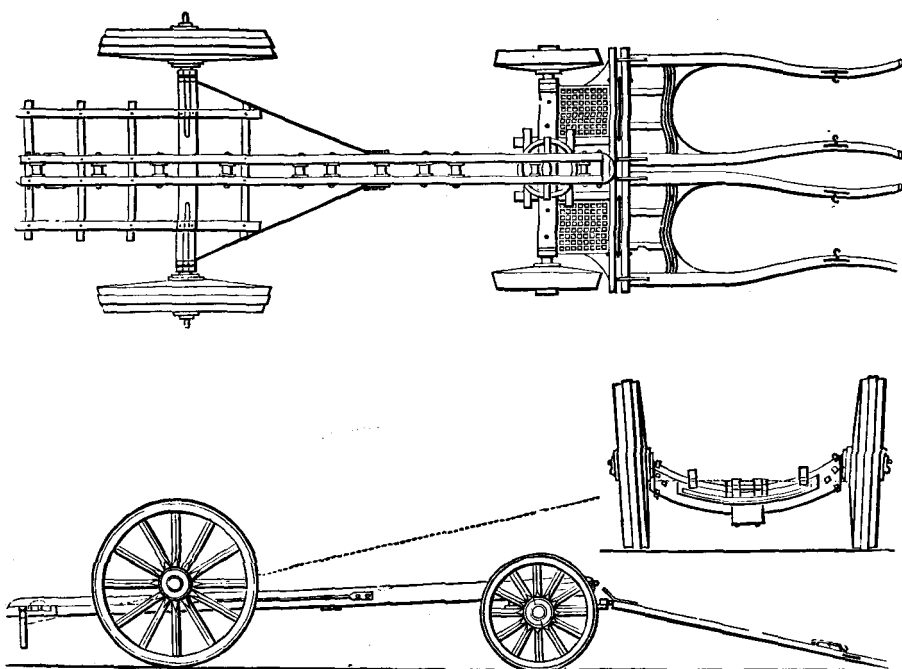

MIDSHIP SECTION.

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is of immense service in launching a boat from a beach; indeed, to such an extent is

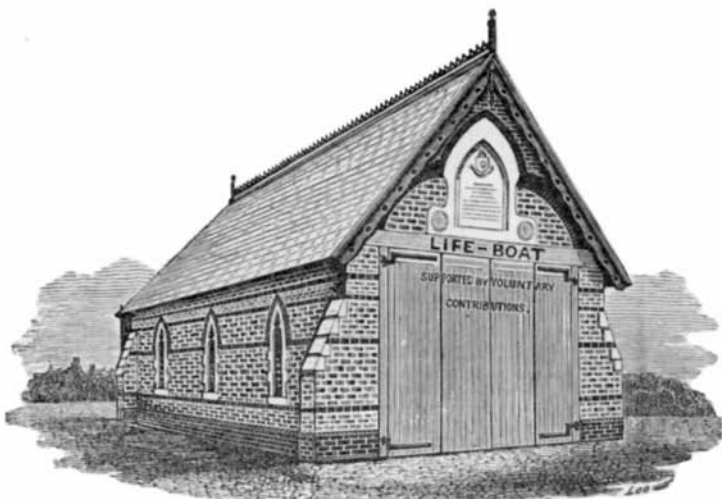

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum, and payment as a helper each time he is on duty. The members of the volunteer crews are registered and, wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or Coastguardmen. On every occasion of going afloat to save life, the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. It should be specially noted that the Life-boat crews, excepting when remunerated by the owners of vessels for property salvage service, are paid by the Institution for their efforts, *whether successful or not*, in saving life. These payments are increased by *one half* during the six months of each year beginning the 1st October, and ending the 31st March. The Institution also grants retiring allowances to Coxswains, Bowmen and Signalmen of good behaviour and long service.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a Coastguard man on duty or other responsible look-out man.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The formation of a Life-boat Station costs more than 1,000*l.*, and the Annual Expense of maintaining it is about 100*l.*—in many instances much more.

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 295 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has granted rewards for the saving of 40,474 lives, either by its Life-boats or by other means.

Despite, however, this fleet of 295 Life-boats, and of 16 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that on an average 600 lives are lost annually on or near the coasts of the United Kingdom alone, as shown by the Board of Trade Returns, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs an income of about 80,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.
