

THE LIFE-BOAT.

JOURNAL

OF THE

Royal National Life-boat Institution.

(ISSUED QUARTERLY.)

VOL. XVII.—No. 196.]

1ST MAY, 1900.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at St. Martin's Town Hall, Charing Cross Road, on Wednesday, the 14th day of March, 1900, His Grace THE DUKE OF DEVONSHIRE, K.G., Lord President of the Council, in the Chair, the following Report of the Committee of Management was submitted and adopted:—

ANNUAL REPORT.

1900.

THE past year has been one of unusual importance for the ROYAL NATIONAL LIFE-BOAT INSTITUTION. At the very opening of the year, as already reported by the Committee of Management, the Institution was deprived of the valuable services of its President, ALGERNON GEORGE, 6th DUKE OF NORTHUMBERLAND, who had been closely connected with Life-boat work for the long period of thirty-three years.

His Royal Highness the PRINCE OF WALES, who has always taken a keen interest in the Institution and its operations, and who succeeded his Royal Father the PRINCE CONSORT as Vice-Patron in 1863, most graciously accepted the vacant post of President.

The Committee of Management feel that this additional token of His Royal Highness' appreciation of and sympathy with the great national work carried on by the Institution, and of his desire to help on the cause, will be the means of still further extending its usefulness and of securing augmented support for it from the Public.

Life-boats.—Satisfactory reports continue to be received of the two screw steam Life-boats placed respectively at Grimsby and Padstow at the end of 1898, and early last year. A new Life-boat station has been established during the year at Clogher Head, County Louth, Ireland, and new Life-boats of the type best adapted for the special localities for which they have been built have been placed at twelve other stations.

The following is a complete list of the stations to which new boats have been sent during the past year:—

Bridlington	Yorkshire.
Caister (No. 1 Life-boat)	Norfolk.
Southend-on-Sea	Essex.
Eastbourne	Sussex.
Penzance	} Cornwall.
New Quay	
St. Ives	
Padstow	} Scilly Islands.
St. Mary's	
Rhoscolyn	Anglesey.
Ardrossan	Ayrshire.
Clogher Head	Louth.
Howth	Dublin.
Wicklow	Wicklow.

In every instance in which a new Boat has been provided the coxswains and crew directly interested have been permitted to select the special type which has been supplied.

Within the year the station at Barrow has been closed as contemplated, a Life-boat having been sent to Piel in 1898, whence the needs of the vicinity can be more expeditiously and better served. Since the establishment of the new station at Clogher Head already referred to one of the boats at Drogheda has been withdrawn. The smaller Life-boat which had been at Queenstown for the past thirty-three years being worn out has also been removed, not being now required. The self-righting Life-boat has been withdrawn from Rhyl, and the stations at Church Cove and Tyrella have been closed.

The Institution's fleet of Life-boats on the coast at the end of 1899 numbered 290, including all types, whether steam, sailing or pulling Life-boats.

Transporting Carriages.—New transporting carriages have been supplied at 5 stations, and others are now in course of construction.

Inspection of Life-boats, etc.—The system of careful and thorough inspection of the Institution's Life-boats and Stations has been carried out during the year, including many "surprise visits" at stations where an unexpected inspection was thought desirable. A detailed report of every inspection has been submitted to and examined by the Committee of Management.

Shipwrecks.—The year 1899, like its predecessor, was an unusually fine one, months passing without any bad weather from a Life-boat point of view. The few gales and storms, however, which occurred at intervals, provided the Life-boats and their crews with a considerable amount of work. What may be considered as the heaviest gales of the year occurred on the 12th January, the 30th September, 1st October, and the 1st to the 3rd November. During the first of these gales 11 of the Institution's Boats were launched on service, resulting in the saving of 30 lives and 3 vessels, in addition to which 3 persons were landed from distressed vessels and several fishing boats were

assisted. During the September gale 13 Life-boats were launched and saved 33 lives, besides which, valuable assistance was rendered to 3 vessels and to fishing boats. Some of the Life-boatmen reported that during these two gales the wind and sea were the heaviest they had ever experienced. During the third gale there were 16 launches and 2 assemblies of crews, 48 persons being saved.

During the year the Life-boats were launched on service 342 times, and 1,100 times for exercise, besides which the crews were assembled on 79 other occasions when it was thought that their services would be needed.

It is with the deepest regret the Committee have to report that whilst the Aldeburgh Life-boat was out on service on the 7th December last, in response to signals, she was capsized by a heavy curling breaker, and six out of eighteen of her crew were drowned. The Committee at once contributed £1,000 to the local relief fund which was opened for the widows and orphans. The Aldeburgh Life-boat was a large non-self-righting boat of the Norfolk and Suffolk type, specially selected by and built for the crew, who had always had the utmost confidence in her. She had been instrumental in saving 152 lives. The BOARD OF TRADE, at the request of the Committee, held a careful inquiry into the disaster and reported that the boat was suitable for the work she had to do, was properly equipped and in good condition when she left the beach and was properly and carefully navigated by a thoroughly competent coxswain of great experience.

The Committee also have to deplore the loss of their experienced old Coxswain at Southport, and two members of his family, both Life-boatmen, who were unfortunately drowned in fine weather last June when engaged with others, in a small punt which capsized, in relaying the moorings of the Life-boat. The Mayor of Southport kindly opened a public subscription on behalf of the

widows and orphans of the drowned men, to which the Institution contributed £700 as a token of sympathy and of appreciation of the good services of the deceased men in the Life-boat cause.

The total number of lives, for the saving of which the Institution granted rewards in 1899, was 609; of these 501 were saved by the Life-boats, and 108 by shore-boats and other means, besides which the Life-boat crews were instrumental in saving 20 vessels.

The following table gives the details of the Services during each month of the year :—

1899.	Number of Life-boat Launches.	Lives Saved by Life-boats.	Vessels Saved by Life-boats.	Lives Saved by Shore-boats.

The Institution's boats also landed 67 persons who were on vessels in perilous positions.

Rewards.—The Rewards bestowed by the Institution in 1899 for the saving of life from shipwreck on our coast, or for praiseworthy efforts to do so, and in recognition of other good services rendered to the cause, included 8 Silver Medals and Clasps, 8 Binocular Glasses, 5 Aneroid Barometers, 31 Votes of Thanks inscribed on vellum and framed, 12 Certificates of Service, framed, and £10,219 8s. 5d., including grants to men lost on Service and compensation for personal injuries sustained in the Service.

The pensions and retiring allowances, which last year amounted in the aggregate to £490 12s. 6d., allowed by the Committee under the Scheme to which special reference was made in their last Annual Report, are increasingly appreciated by the Life-boatmen, and many very gratifying and grateful letters have been received from those who have benefited by the Scheme.

At the end of the year the Institution had granted altogether in Rewards since 1824, 98 Gold Medals and Clasps, 1181 Silver Medals and Clasps, 289 Binocular Glasses, 15 Telescopes, 24 Aneroid Barometers, 1,636 Votes of Thanks inscribed on vellum and framed, 116 Certificates of Service, framed, and £200,686 17s. 5d. in money.

Aneroids.—There has been a steady demand during the year for these valuable

instruments, which the Institution continues to supply at about one-third the retail price to the Masters and Owners of Fishing Boats and small Coasters. The total number provided last year was 121. Of these, 97 were sold to Fishermen and 24 to Coasters. Since 1882 as many as 4,172 of these useful instruments have been supplied.

Electrical Communication on the Coast.—This most important system of communication on the coast for life-saving purposes has been added to and strengthened during the past year, but there still remain many portions of the coast which should be brought into telephonic or telegraphic communication as soon as circumstances permit the Government to provide the necessary funds. The Committee have watched with the deepest interest the experiments which have been so successfully tried in connection with wireless telegraphy, and they earnestly hope that in the interests of life-saving full advantage may be taken of this wonderful discovery.

Local Committees.—The best and most appreciative thanks of the Committee are due to all the Honorary Officers of the Institution for their generous and self-denying help; to the Branch Committees, Secretaries and Treasurers, and indeed to any and all who have given a helping hand.

The invaluable support which the Institution continues to receive from the entire Press of the country is heartily and gratefully acknowledged, and the Committee desire to take this opportunity of again recognising the ready and valuable aid which the Service continues to receive from Her Majesty's Coastguard.

Many inventions, patents and suggestions have as usual been under the careful consideration of the Committee during the year, who are at all times ready and glad to examine any proposal which may possibly lead to increased efficiency in the Service.

Life-boat Saturday.—The zealous and enthusiastic efforts of those many friends to the cause throughout the country who work to promote the development of the Life-boat Saturday Fund were in 1899 crowned with even more than ordinary success, partly due perhaps to the unusually fine weather experienced during the months in which the Life-boat Saturday demonstrations are usually held and the collections made. The number of cities and towns in which this movement was worked in 1899 was 115, as compared with 113 in 1898. The grateful thanks of the Committee of Management are due to the Central Committee of the Life-boat Saturday Fund as well as to all the local Life-boat Saturday Committees and Officers, and to the invaluable Ladies' Auxiliaries for their continued earnest co-operation and for the untiring activity with which they have carried out the work. The Committee are sure that everyone interested in the Life-boat Saturday Fund must have been encouraged by the great help given to the movement in May last, when His Royal Highness the President of the Institution so kindly advocated the cause at a dinner over which he presided on behalf of the London Life-boat Saturday.

Finances.—The total amount which the Committee of Management received in 1899 from all sources, excluding Legacies but including the Collections realized by the Life-boat Saturday Fund, was £72,588 7s. 5d. This total of receipts would, however, certainly have been increased had it not been for the unfortunate decrease in the amount of the Contributions usually received during the closing months of the year, caused by the urgent appeals so successfully made to the charitable public throughout the United Kingdom in connection with the War in the Transvaal. The sum received in Legacies during the year was £33,107 4s., but of this sum, £7,690 18s. 10d. was for specific purposes and trusts.

The total expenditure in 1899 was £85,982 19s. 7d., and included £34,149 19s. 2d., the cost of building, equipping, improving and repairing Life-boats, Life-boat Carriages, Life-boat Houses and Slipways; £16,040 8s. 5d. for Subsidies to Stations not self-supporting, Branch Payments, Aneroids for Fishermen and Coasters, Life-belts and other Stores and the Storeyard; £29,790 6s. for payments to Coxswains, Bowmen, Signalmen; to Crews, etc.; for services and for exercising the Life-boats, for special rewards and recognitions for services, grants to the relatives of men lost on service, for injuries, pensions and retiring allowances to Coxswains and Signalmen, medals and vellums; also for payments to Inspectors. The balance was expended in printing, advertising, postage, telegrams and stationery; in repairing and painting the house of the Institution as necessitated by the terms of the lease of the premises;

on salaries, rent, rates, taxes, housekeeper, and legal expenses connected with leases and bequests. Every item of receipt and expenditure has, as usual, been examined, verified and passed by Mr. Lovelock, of the firm of Messrs. Lovelock, Whiffen and Dickinson, 19, Coleman Street, E.C., Chartered Accountants.

The Committee of Management, feeling strongly the importance as well as the exigencies of the great life-saving work entrusted to them, would, in submitting this their 76th Annual Report to the Governors and to the British Public generally, once again plead earnestly for further and increased financial support. They have frequently drawn attention to the fact that side by side with increased efficiency in the service must be found a constantly increasing expenditure and in urging their repeated appeal they confidently hope for a generous and unstinted response.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are:—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 41,842.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COUTTS AND Co., 59 Strand; by all the other London and Country Bankers; and by all the Life-boat Branches.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 14 John Street, Adelphi, London, W.C.

GOD HELP OUR MEN AT SEA.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1899.

Jan. 1.—SEAHAM, DURHAM.—*Skyner* Life-boat.—Towards midnight on the 31st Dec., 1898, signals of distress were observed off this place, and when the New Year broke, the Life-boat was on her way to render help to the vessel which had displayed them. The weather at the time was thick but calm, following a strong S.E. wind which had prevailed throughout the day, and the sea was rough. The vessel which was

reached at 1 A.M. was the s.s. *Njord* of Randers, bound from that port for Newcastle, and had stranded about a mile and a half N. of Seaham harbour, the seas washing over her. On nearing her the Life-boat's anchor was let go, the boat veered alongside and succeeded in saving the crew of eleven men. An endeavour was then made to recover the anchor, but it was found that the cable had fouled the rocks, and it had to be cut so as to

ensure the safety of the Life-boat, which was in danger of being thrown broadside on. The vessel became a total wreck.

The following gratifying letter appeared in the *Newcastle Daily Chronicle* of the 7th January:—

THE WRECK OF THE "NIORD."

To the Editor of the "Daily Chronicle."

"SIR,—On behalf of my crew, who have now left, and myself, I beg to offer my best thanks to the captain and members of the Seaham Life-boat crew, the captain and members of the Seaham Life Brigade, for their timely assistance; Mr. Kelly, agent for the Shipwrecked Mariners' Society; Mr. Smith, harbour-master, and the few people at whose hands I received the best of treatment the night our vessel came ashore.

"YOURS &c.,

"F. RASMUSSEN,"

"Master s.s. Niord."

Seaham Harbour,

5th January, 1899.

Expense of service, 24l. 13s.

Jan. 2.—HOLYHEAD.—*Duke of Northumberland* Steam Life-boat.—While a wind blowing with hurricane force from W.N.W. prevailed, accompanied by a very heavy sea, the steam Life-boat was called out three times to assist vessels which were in danger. At 4.30 P.M. the Life-boat left her moorings, proceeded to the schooner *Ann Jane* and rescued her crew of three men. She was dragging her cable and afterwards parted her cable and became a total wreck on Penrhos beach. The boat returned to her moorings at 5.25, and five minutes afterwards was called out to a coal hulk which was reported to be in a sinking condition, and on board which were two of the crew of the ketch *Gauntlett*, which had drifted from her anchorage on to the rocks at Salt Island. The two men had managed to jump on to the hulk as their vessel passed it. Having landed them, the Life-boat was moored alongside the L. & N.W. Railway Co.'s quay, owing to the violence of the gale, at about 6.15. At 7.30 the third call was received, signals of distress being shown by the s.s. *Ballinbreich Castle* and the barquentine *Millie Bain*. From the former five men were rescued, and from the latter seven men. Both vessels were in the Outer Roads and were dragging their anchors. These men were safely landed about 9 o'clock, and the Life-boat was then moored in the inner harbour in consequence of the continued severity of the

storm, and on the following day returned to her usual moorings.—Expense of services, 31l. 18s. 9d.

Jan. 2.—NEW BRIGHTON.—*Queen* Life-boat.—The steam Life-boat left her moorings at 6.50 P.M. while a whole gale was blowing from N.W., with squalls and a very heavy sea, in response to signals of distress which had been shown in the direction of Crosby. The s.s. *Voltaic*, of Belfast, bound for Liverpool, was found on the beach stranded near the No. 8 gas-buoy; at the request of the master the Life-boat stood by until the vessel floated at 12.45.—Expense of service, 14l. 13s.

Jan. 2.—FISHGUARD, PEMBROKESHIRE.—*Appin* Life-boat.—While a whole gale was blowing accompanied by a heavy sea signals of distress were shown by the schooner *Leander* of Carnarvon, laden with meal from Paisley for Gloucester. Her anchors had fouled in consequence of a sudden change of wind and she was drifting into a dangerous position. The Life-boat was launched at 7.40 P.M., proceeded under oars to the vessel and rescued the crew of three men, who were safely landed at the new pier, Goodwick, at about 8.30.—Expense of service 24l. 15s.

Jan. 2.—BEMBRIDGE, ISLE OF WIGHT.—*Queen Victoria* Life-boat.—A vessel having been observed stranded on Bembridge Ledge, the Life-boat was launched at 8.50 P.M. and proceeded through a rough sea, the wind blowing a strong gale from W.N.W., to the scene of the casualty. The vessel was found to be the schooner *Rosalie*, of Calais, bound from Boulogne for Rochefort with cement. As she was full of water and had every appearance of becoming a total wreck, her crew of five men and a boy were taken into the Life-boat and were brought safely to land at 11.30.—Expense of service, 32l. 7s. 6d.

Jan. 3.—NEW QUAY, CORNWALL.—*Willie Rogers* Life-boat.—The coastguards having reported that a three-masted steamer was at anchor, S.W. of Trevose Lighthouse, and flying the Italian ensign half-mast high, the Life-boat was launched at 8.45 A.M. and proceeded with all possible speed to the vessel, which was in a most dangerous position. A moderate gale was blowing from W.S.W., there was a very heavy ground swell, and the weather was thick. Two of the Life-boatmen

boarded the vessel, which proved to be the *Voorwaarts*, of Amsterdam, bound from Cardiff for Genoa. She had apparently been disabled by stress of weather, but very little information could be obtained, as none of those on board could speak English. It appeared that the casualty had occurred in a very heavy gale from N.W. at 8 o'clock on the previous afternoon, and that the master and ten of the crew had left her, in two boats, and had not since been heard of. The ship had seventeen feet of water in her hold, and it did not seem possible that she could remain afloat for any length of time. It was therefore arranged that the steam-tug *Dragon* which had arrived should stand by her until the morning, the Life-boat taking off the remainder of the crew, nine men, and safely landing them at 7.30 P.M.—Expense of service, 44l. 2s.

On the following morning the vessel being still afloat, the Life-boat again went out to her, taking back the nine men, and an attempt was made to take the ship to Swansea. On boarding her it was found that the water during the night had increased by one foot. The men belonging to the vessel, assisted by some of the Life-boatmen, jettisoned about twenty-five tons of the cargo so as to lighten her, and the tug *Dragon* and s.s. *Olivia* succeeding in towing her to within fifteen miles of Lundy. At 5 P.M. one of the tow ropes parted, and in getting another on board a hole was knocked in the bow of the *Voorwaarts*; she became unmanageable, and in a short time was seen to be settling down. The men on board thereupon signalled to be taken off, and the ship was abandoned, the Life-boat being towed by the *Olivia* to Ilfracombe, where she arrived at 10.45 P.M. One of the ship's boats drove ashore at Mawgan Porth, being literally smashed to pieces on the rocks, but no trace of any of her crew could be seen.—Expense of service, 75l. 3s.

Jan. 5.—**WHITELINK BAY, ABERDEENSHIRE.**—*Three Brothers* Life-boat.—After a fine morning a sudden and terrific squall was experienced, accompanied by a heavy shower of snow and sleet. Soon afterwards the coxswain of the Life-boat observed a fishing-boat in distress off Rattray Head, and he at once summoned the Life-boat's crew. Two other distressed boats were afterwards seen. At 12 noon

the Life-boat was launched, and in about twenty minutes overtook the nearest boat, the *Good Hope*, of Fraserburgh, and ten minutes later another boat, the *Good Design*, also of Fraserburgh, was also reached. Each of the boats had a crew of three men. Both boats were taken in tow, part of their crews being taken into the Life-boat, which being unable to return to her station owing to the severity and direction of the gale made for Peterhead. She was towed by a steam-tug belonging to that port the last two and a half miles and subsequently back to her station. The crew of the third fishing-boat failed to observe the Life-boat bearing down on them and ran their boat ashore at Rattray Head.—Expense of service, 21l. 0s. 5d.

Jan. 6.—**GOURDON, JOHNHAVEN, MONTROSE AND ARBROATH.**—*Theophilus Sidney Echalar*, *Meanwell of Glenbervie*, *Robert Henderson* and *William Souter* Life-boats.—A strong gale having suddenly sprung up on the east coast of Scotland in the morning, the fishing fleets were compelled to return as quickly as possible to the harbours and, as some of the boats would incur considerable risk in entering their ports, the Life-boats were launched and remained in attendance until the fishermen were in safety.—Expense of service, 41l. 2s.

COMMITTEE MEETING, 12th Jan., 1899.

Voted 617l. 12s. 9d. to pay for watching, assemblies of the crews, and taking out the following Life-boats:—Arbroath, Barmouth, Blakeney, Bude, Bull Bay, Burryport, Campbeltown, Carrickfergus, Clovelly, Drogheda No. 1, Dungeness No. 1, Filey, Fishguard No. 2, Harwich (steam Life-boat), Holyhead No. 2, Hoylake, Irvine, Padstow, Point of Ayr, Port Eynon, Rhyl, St. Ives, Selsey, Tynemouth No. 2, Walton-on-the-Naze, and Worthing.

Voted 15l. 18s grant, and medical expenses incurred, to one of the crew of the Aldeburgh Life-boat who was injured while on service and thereby incapacitated for work for some weeks.

Also 6l. 2s. to men injured at the Clacton and Hastings Life-boat Stations.

Also the Silver Second Service Clasp, a pension and certificate of service to Mr. W. PESTELL on his resignation of the office of Coxswain of the Palling Life-boats.

Jan. 12.—NEWBIGGIN BY THE SEA.—*Robert and Susan* Life-boat.—Two cobbles were in danger, a sudden gale from S.E. having sprung up while they were working their lines, about two or three miles from the shore, and the sea becoming very rough the broken water on the shore would have made it dangerous to land. The Life-boat was therefore launched at 8 A.M. and accompanied the boats to a place a little to the N. of Newbiggin, where they were able to effect a safe landing.—Expense of service, 13*l.* 11*s.* 6*d.*

Jan. 12.—CASTLETOWN, ISLE OF MAN.—*Thomas Black* Life-boat.—At noon, intelligence having been received that a vessel had hoisted signals of distress in Derbyhaven Bay, the Life-boat was taken on her carriage to Derbyhaven, where she was launched and was fortunately successful in saving the crew of three men from the ketch *John Parry*, of and from Beaumaris, bound for Ayr with a cargo of slates. A whole gale was blowing from W.S.W. and the sea was very heavy. In fact, the weather was the worst ever experienced by the Life-boatmen, and in recognition of their admirable services on this occasion an extra reward was granted to them by the Institution.—Expense of service, 21*l.* 13*s.*

Jan. 12.—JOHNSHAVEN, KINCARDINESHIRE.—*Meanwell of Glenbervie* Life-boat.—The sea being rough and a strong breeze blowing from the S.E., it was feared that the fishing-boats would encounter difficulty in making the harbour, and it was therefore decided to take out the Life-boat so as to be ready to assist any boat requiring help. The Life-boat was accordingly launched at 12.45 P.M.; but in leaving the harbour she collided with the pier and was stove amidships above the water-line. However, she remained out until the fishermen had entered the harbour, all being in safety by one o'clock.—Expense of service, 5*l.* 0*s.* 6*d.*

Jan. 12.—ABERSOCH, CARNARVONSHIRE.—*Oldham* Life-boat.—While the wind was blowing, with the force of a whole gale to a storm, from W.N.W. to N.W., with terrific squalls and a very heavy sea, signals of distress were exhibited by the schooner *Eirion Lass*, of and for Portmadoc, in ballast from Dungarvan. She was dragging her anchors in St. Tudwall's Roads and was rapidly approaching danger. The Life-boat started to the

rescue at 2 P.M. and reached the vessel when she was about five miles S.S.W. of the Pwllheli Life-boat house. Her crew of four men were rescued and the Boat then made for Pwllheli, where they were safely landed. The Life-boat was filled several times by the heavy seas which she encountered.—Expense of service, 36*l.* 2*s.* 9*d.*

Jan. 12.—BROADSTAIRS.—*Frances Forbes Barton* Life-boat.—The Life-boat was launched at 3 P.M. in a very rough sea, the wind blowing a whole gale from W.S.W. veering to N.N.W., with rain squalls, a signal of distress being shown by the three-masted schooner *Julia*, of Lancaster, laden with slates from Antwerp for Exmouth. On reaching the vessel, which was five miles S.E. of the North Foreland, the master stated that a steam-tug in trying to speak him had come into collision with the schooner, carrying away the latter's bowsprit and jib-boom and damaging the bows. He asked that the anchors might be slipped and that the Life-boat might remain by until Ramsgate was reached. It was evidently impossible for the vessel, in her damaged condition, to proceed under sail, and the captain, acting on the advice of the Life-boatmen, secured the services of a steam-tug. Her anchors were slipped, after buoying them, and the vessel was towed, with the Life-boat astern, in the direction of Ramsgate, it being intended to take the harbour at the tide, but the gale increased and it was considered imprudent to attempt to enter at night; therefore the tug continued to tow her throughout the night, in the teeth of the gale, the seas breaking over the Life-boat the whole of the time, until 9.30 in the morning, when the harbour was safely entered and the schooner made secure. She had a crew of five persons. The Life-boatmen, who had been exposed for eighteen hours to the fury of the heaviest gale they had ever experienced, then proceeded on the return journey to her station, arriving there at 10.45 A.M.—Property salvage case.

Jan 12.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—In response to signals of distress the Life-boat was launched at 3.46 P.M. in a whole gale from W.N.W. and a rough sea. On reaching the vessel, the schooner *Twin Sisters*, of and from Drummore, laden with turnips, for Liverpool, it was found that she was riding

heavily and was slightly dragging her anchors. Her crew of three men being anxious to leave her were taken into the Life-boat and landed at 4.30. The vessel however was fortunately in a good anchorage and rode out the gale.—Expense of service, 19*l.* 0*s.* 6*d*

Jan. 12.—DUNGENESS.—*R.A.O.B.* Life-boat.—It having been reported by the coastguard watchman that a vessel was showing signals of distress, the Life-boat was launched at midnight and found the three-masted *s.s.* *Elaine*, of Liverpool, ashore off No. 2 Battery, having sunk after collision with another steamer. The master stated that he would try to stop the leak when the tide fell, and as there was a heavy sea the Life-boat remained by until low water. The steamer was bound from Faversham for Liverpool with a cargo of cement.—Expense of service, 38*l.* 14*s.*

Jan. 12.—SOUTHEND-ON-SEA, ESSEX.—*Theodore and Herbert* Life-boat.—While a strong gale was blowing from W. to W. by S., accompanied by a rough sea, notice was received from the pier-head that a vessel was stranded on Shoebury Sands about five miles east. The Life-boat was manned and put off at 5.30 P.M., and an hour later the vessel was reached and found to be the barge *Whitwell*, of London, on a journey to Margate with a cargo of coal. She was leaking badly and her rudder was disabled. The master engaged the services of the Life-boat men and they set to work at the pumps, got up the anchors and took her inside the Leigh Sand to await the next tide, when she was brought up to Southend, arriving there at about 11.30 on the following morning. The Life-boat returned to her moorings at about 1 P.M., her crew having been away about twenty hours, the greater part of the time being occupied in pumping the vessel. The barge carried a crew of three men.—Property salvage case.

Jan. 12.—LYNMOUTH, NORTH DEVON.—*Louisa* Life-boat.—Telegrams were received at about 7 P.M. asking for assistance to a vessel showing signals of distress off Gore Point. Almost immediately after the messages had been received the wires were blown down and it was impossible to obtain any further information. A whole gale was blowing from W.N.W., the weather was thick and the sea so heavy as to render it impossible

to launch the Life-boat at Lynmouth. It was therefore decided to take the boat on her carriage by road to Porlock. Those who are unacquainted with the nature of the road between Lynmouth and Porlock can form but little idea of the immense difficulty of the undertaking. The course taken was over two of the steepest hills in England, the road rising 1500 feet in two miles; in parts of the route the Life-boat had to be taken on skids, the carriage being taken through fields, gates and posts having to be pulled down, the road being too narrow for the wheels to pass, and the men were obliged sometimes to haul, and at other times to hold the boat back, so that their strength was greatly taxed. The undertaking even in daylight would be beset with danger to life or limb, but on a dark and stormy night, when it was difficult for a man even to stand in exposed places, it was only just possible to accomplish the work. However, in the uncertainty as to the danger to the vessel and in the absence of any other means of getting to her, it was decided to make the attempt. Horses were procured and the crew with twenty-eight helpers started with the Life-boat. The journey, which occupied ten and a half hours, ended without casualty, and at six o'clock on the following morning the Life-boat was launched at Porlock and proceeded to the vessel, which proved to be the full-rigged ship *Forrest Hall*, of and for Liverpool, from Bristol in ballast, 1900 tons register, with a crew of fifteen men; she was lying at anchor disabled. It appeared that she had been in tow of a steam-tug, and when westward of Ilfracombe the hawser parted and the tug collided with her and disabled the steering gear. Shortly after the arrival of the Life-boat two steam-tugs came up and took the ship in tow, the Life-boat men assisting to get the anchors up, and the Life-boat remaining by her, as she was in an unmanageable state owing to the loss of her steering gear, besides which the weather had become very bad. She was ultimately towed to a safe anchorage outside Barry, and the Life-boat crew, who had been without food for twenty-four hours, landed at Barry Dock to obtain refreshment. On the following day they returned to their station, a steamer kindly giving them a tow part of the way, arriving there at 11.30 A.M. The

carriage was brought back by road, having covered a distance of twenty-eight miles. —Property salvage case—Balance of expenses, 43*l.* 17*s.* 9*d.*

Jan. 13.—SOUTHSEA.—*Heyland* Life-boat.—A ketch was seen to anchor off Southsea Castle and close to broken water, and as she was near to the shore and possibly bumping it, the coxswain of the Life-boat was informed, the crew were summoned and the vessel was watched. A gale was blowing from W.S.W., the weather was thick, with rain at intervals, and there was a heavy sea. A little while afterwards she signalled for assistance, at 5.50 P.M. the Life-boat was launched, and on reaching the vessel found she was the *Queen of the Fleet*, of Portsmouth, bound from Plymouth for Leith, with a cargo of china clay. Her sails had been blown away, she had lost her main boom, and she had sustained other damage. She was striking the ground, and as she was leaking badly, the master requested that some of the Life-boat men should board her and assist at the pumps. This was done, a tug was signalled for, and with her help the vessel was taken into the Camber, arriving at 10.45 P.M.—Property salvage case — Balance of expenses, 1*l.* 9*s.* 6*d.*

Jan. 14. — WALTON - ON - THE - NAZE (*Honourable Artillery Company*) and MARGATE (*Civil Service No. 1*) Life-boats. —A message was received at Walton-on-the-Naze by telephone from the Gunfleet Lighthouse, stating that a steamer was flying signals of distress $2\frac{1}{2}$ miles S.E. of the lighthouse. A fresh breeze was then blowing from W., the sea was moderate, and the weather hazy. At 9 A.M. the Life-boat was launched and proceeded under sails and oars to the steamer, which was reached at 10.45. She was the s.s. *Amiral Aube*, of Havre, laden with coal, coke, etc. The master at first refused any assistance but afterwards engaged the Life-boat men to jettison some of the cargo in order to lighten the vessel. The crew of the private Life-boat *True to the Core*, of Walton-on-the-Naze, which had also put off to the vessel, were similarly employed. At 6.32 on the following evening a telephone message was received at Margate from the Kentish Knock Light-vessel stating that signals of distress were being shown by the Long Sand Light-vessel. At 6.53 the Life-boat

was launched, and sailed to the Long Sand, which was examined for a distance of above twelve miles, but no vessel requiring assistance could be found. Lights were then seen to the westward, and the boat at once altered her course, and on arriving at the *Amiral Aube* the services of that Boat's crew were secured to help in the work of throwing cargo overboard. With the assistance of several steam-tugs, the vessel was got off the sands on the afternoon of the 17th January and was towed to Harwich, the Life-boats returning to their respective stations. — Property salvage case.

Jan. 24. — CLACTON-ON-SEA. — *Albert Edward* Life-boat.—While a moderate gale was blowing from N.E., accompanied by a heavy sea, a schooner was observed stranded on the Middle Spit Sands. The Life-boat was launched at 5.15 P.M. and sailed to the vessel, which was found to be the *Robert Anderson*, of Burghhead, bound from London for Fraserburgh with a cargo of cement and whiting. She was striking heavily and was leaking badly. The Life-boat men having been engaged to try to save her, the pumps were manned, but in spite of all efforts the water continued to increase. The crew of five men, with their effects, were transferred to the Life-boat, which stood by the vessel for some time longer; but as she was fast settling down, and it was impossible to do anything more, the Life-boat made for home, arriving at 2.30 A.M. with the five rescued men. The *Albert Edward* is one of two Life-boats presented to the Institution by the United Grand Lodge of Freemasons of England in commemoration of the safe return from India of the Most Worshipful Grand Master, H.R.H. the PRINCE OF WALES.—Expense of service, 27*l.* 5*s.*

Jan. 26.—MARGATE (*Eliza Harriet*) and CLACTON-ON-SEA (*Albert Edward*) Life-boats.—While a strong gale was blowing from N.N.E. accompanied by a heavy sea, the Margate boatmen observed a large vessel apparently in dangerously close proximity to the Long Sand. She was examined through a powerful glass and was seen to hoist a signal of distress, and immediately afterwards the Tongue Light-vessel ran up signals denoting that help was required. At 9.15 the Life-boat put off, the launch from the new West Slipway being witnessed by a large number of

people, and sailed in the direction of the Long Sand, encountering tremendous seas which at times completely submerged her. When nearing the distressed vessel the sails of another Life-boat were seen approaching her from the opposite direction. This was the Clacton-on-Sea Life-boat which had been launched on receipt of information of the casualty at the same time as the Margate boat, and had also had a very rough time in the heavy seas which continually filled her. Both the boats reached the vessel at about noon and approached her on the starboard side, that side being the more sheltered. She was the full-rigged ship *Hawksdale*, of Liverpool, bound from Hamburg for Melbourne with a general cargo, and had stranded on the N.W. part of the Long Sand, where she became a total wreck. Her crew had consisted of twenty-eight persons, but three of them had been drowned in an attempt to get one of the ship's boats out before the Life-boats arrived. Eighteen of the survivors were taken into the Clacton Life-boat, the remaining seven persons being rescued by the Margate Life-boat. The Clacton Boat also brought ashore the ship's cat, which was taken into the boat by one of the apprentices, who, even in his own time of danger, did not forget his feline companion. Considerable difficulty was experienced in taking the men into the Life-boats owing to the terrific seas. Watching their opportunities, the men had to catch the masts and slide down the rigging into the boat. Having got all safely on board, the Life-boats parted company, and making for opposite shores, again through heavy seas—the Clacton Boat meeting with even worse seas than she had experienced on her outward journey—both boats safely reached home and landed those whom they had rescued. Additional rewards were granted to the crews of the Life-boats in recognition of their specially good services on this occasion, and grants were made to three of the Clacton crew who received injuries in the performance of the rescue.—Expense of service, 36*l.* 12*s.*

Jan. 30.—HARWICH.—*City of Glasgow Steam Life-boat*.—The Kentish Knock Light-vessel telephoned to Ramsgate that the Long Sand Light-ship was flying a distress signal, and a message was at once despatched by telegraph to Harwich to

that effect. On receipt of the message the Life-boat proceeded to the Long Sand Light-ship and found that, having on board two mechanics who were anxious to get ashore, she had signalled to a passing steamer to the effect that she wished to communicate with her. The steamer reported to the Kentish Knock that the Long Sand was signalling, but in the transmission of the message a misunderstanding occurred and the signals were understood to be those of distress. However, the two men were taken into the Life-boat and landed at Harwich.—Expense of service, 18*l.*

Feb. 5.—HAYLE, CORNWALL.—*E. F. Harrison Life-boat*.—While the three-masted schooner *Miss Beck*, of and from Carnarvon for London with slate, was taking the bar in tow of a steam-tug, the tow-rope parted and the vessel was driven ashore on the beach at the eastern side of the bar. In response to signals of distress the Life-boat was launched at 12.10 p.m., and being towed by the tug as close to the vessel as it was prudent for the steamer to go the boat soon got alongside and rescued the crew of five men and a pilot. The vessel was then holding together, but a fresh wind was blowing, and as there was a very heavy ground sea it was feared she would become a total wreck.—Expense of service, 15*l.* 9*s.* 6*d.*

Feb. 6.—KINGSTOWN.—*Dunleary Life-boat*.—The barque *Loch Fergus*, of Liverpool, bound from Glasgow for Brisbane with a general cargo, stranded in Killiney Bay in thick weather, a moderate gale from S.E. and a rough sea. A tug attempted to rescue the crew, some of whom were seen in the rigging, but could not get near enough to do so, and therefore returned to Kingstown to obtain the services of the Life-boat. Afterwards a boat was successfully launched from the vessel and three men endeavoured to reach the shore in her, but the boat was swamped and her occupants with difficulty were rescued by persons on the land who gallantly waded out to their assistance. On intimation of the casualty being received the Life-boat, so called after the ancient name of Kingstown, was launched at 8 a.m., and succeeded in saving the remainder of the crew of fifteen men and two stowaways. It was not known that the latter were on board until the Life-boat arrived, when they speedily put in

an appearance in a considerably alarmed condition.—Expense of service, 9*l.* 16*s.*

Feb. 6.—CRESSWELL, NORTHUMBERLAND.—*Ellen and Eliza* Life-boat.—The Life-boat was launched at 10.50 P.M. in keenly frosty weather, while a moderate southerly breeze was blowing, accompanied by a heavy sea and a thick haze, and went to the assistance of the steam-trawler *Lapwing*, which was observed stranded on the Broad Car Rock. In about a quarter of an hour the vessel was reached and the Life-boat remained by her until 2 A.M., when the tide receded and the crew of eight men were able to walk ashore, carrying their effects with them.—Expense of service, 26*l.* 16*s.* 6*d.*

Feb. 7.—BOULMER, NORTHUMBERLAND.—*Melissent* Life-boat.—The s.s. *Cattersty* of Middlesbrough, while on a voyage from Skinningrove to Grangemouth with a cargo of pig-iron, stranded opposite the village of Boulmer at about 8.15 p.m. A moderate S. wind was then blowing, the sea was moderate, the weather hazy and the night was very dark. As soon as the vessel was seen, the crew of the Life-boat were summoned, and with all possible despatch the boat was launched, proceeded to the ship and rescued her crew of twelve men.—Expense of service, 26*l.* 14*s.*

Feb. 8.—NEWHAVEN.—*Michael Henry* Life-boat.—The coastguard having reported to the coxswain of the Life-boat that a vessel was ashore at Seaford, the crew were at once summoned and the Life-boat was launched at 3.50 A.M. A strong gale was blowing from S. at the time. With considerable difficulty, caused by the heavy sea, the Life-boat succeeded in getting alongside the vessel and took off the master and nine hands. In response to the coxswain's inquiries the master stated there were two other men, the first and second mates, on board. The Life-boatmen shouted for them, but in vain, and the position of the boat became so critical, as the seas were dashing her against the ship, that she was compelled to leave the vessel and landed the men at Newhaven. Having done so, it was decided to return for the two men, and as the crew of the Life-boat were exhausted by their exertions, the proffered services of the tug *Nelson* were accepted and the boat was towed to the scene of the wreck. No trace of the men however could be found, and the boat was taken back to

her station. It was afterwards ascertained that one of the men had been rescued by the rocket apparatus and that the other had been drowned in an attempt to land him. Both men appear to have been in the cabin, instead of on deck, when the others were taken off by the Life-boat, and did not hear the shouting of the men. The vessel was the barque *Peruvian*, of Fanö, Denmark, bound from Esmeralda for Hamburg with a cargo of ivory nuts and logwood.—Expense of service, 42*l.* 5*s.*

COMMITTEE MEETING, 9th Feb., 1899.

Voted 523*l.* 9*s.* 6*d.* to pay for launches, watching and assemblies of the crews of the following Life-boats with the view of helping those on board vessels in distress:—Angle, Dover, Dunbar, Duncarvan, Formby, Harwich (steam Life-boat), Hayle, Hoylake, Kingstown, Margate No. 1, New Brighton (steam Life-boat), New Romney, Palling No. 2, Penarth, Peterhead, Plymouth, Port Eynon, Porthcawl, Porthdinllaen, Pwllheli, Rhoscolyn, St. Ives, and Weymouth.

Also the Silver Medal of the Institution, with a copy of the vote inscribed on vellum and framed, and a pension, to Mr. JAMES THOMAS, coxswain of the Fishguard Life-boats, in recognition of his general gallant services in saving life from shipwreck.

The Committee also awarded a gratuity to two men who were formerly members respectively of the crew of the Padstow and Redcar Life-boats.

Feb. 9.—BERWICK - ON - TWEED.—*John and Janet* Life-boat.—The ketch *William Knox*, of Kirkcaldy, coal laden, from the Tyne for Bonar Bridge, was seen running for the harbour while a fresh breeze was blowing from S.E. On entering the river she was caught by the strong "fresh" running out, and broaching to, was driven on the Cold Bat, Spittal Point. Signals for assistance being shown, the crew of the Life-boat were summoned, and at 6 P.M. the boat was launched and safely landed the vessel's crew of three men.—Expense of service, 25*l.* 10*s.* 9*d.*

Feb. 12.—SOUTHEND - ON - SEA.—*Theodore and Herbert* Life-boat.—Signals having been fired by the Nore Light-vessel the crew of the Life-boat were summoned and proceeded to the head of the

pier, a distance of over a mile and a half, where the boat is kept moored. Putting off at about 4.15 A.M., they proceeded to the Mouse Sand and searched it for some distance, but seeing no vessel in distress they made for the Mouse Light-vessel and found she had on board the master and crew of three men of the schooner *Billow*, of Inverness, bound from Dover for London, in ballast. The four men were taken into the Life-boat and safely landed at noon. A moderate gale was blowing at the time from W.S.W. with heavy squalls and a rough sea. The master of the schooner informed the coxswain that the vessel stranded on the Black Tail spit and floated off, but as she was on her beam ends and half full of water, he and the crew were compelled to abandon her and pull, in their boat, to the Light-vessel, which was not far distant from them. He believed that the schooner afterwards sank in deep water.—Expense of service, 30l. 19s.

Feb. 14.—CAISTER, NORFOLK.—*Beauchamp* Life-boat.—The look-out observed a large steamer, apparently stranded on the Middle Cross Sand, and soon afterwards she showed signals of distress. The Life-boat was launched at 12.30 P.M. and found she was the s.s. *Russian Prince*, of Newcastle, bound from that port for Savannah, in ballast. She was just inside the Cross Sand, afloat, with a heavy list to port and unmanageable, her engines being disabled. The services of the Life-boat men were accepted and with the help of two steam-tugs the vessel was taken to Yarmouth roads and anchored there at about 7 P.M.—Property Salvage case.

Feb. 18.—GOURDON, KINCARDINESHIRE.—*Theophilus Sidney Echalaz* Life-boat.—The s.s. *Brenda*, employed in protecting the line fishing boats, stranded in a thick fog and drizzling showers of rain, and showed signals of distress. The Life-boat was launched at 4.38 A.M., and stood by the vessel until 10.10, when she returned to the harbour, where she was moored afloat so as to be in readiness should the vessel require further assistance. Between five and six o'clock in the evening the wind veered to the N. and the waves began to rise as the tide made; the mate and second engineer, who had remained on board to watch the vessel, the others having landed in their

own boat, therefore rang the ship's bell and shouted to some men on the rocks that they wished to be taken ashore. The Life-boat at once proceeded to the vessel again and brought the two men safely ashore.—Expense of service, 33l. 15s.

Feb. 20.—PENMON, ANGLESEY.—*Christopher Brown* Life-boat.—While a strong breeze was blowing from the E., accompanied by a rough sea, the pilots observed a schooner strike on the Causeway rocks. The crew of the Life-boat were summoned, and at 3.8 P.M. the boat was launched. On hailing the vessel, which proved to be the schooner *Devon*, of Plymouth, laden with china clay, the master stated that he required a pilot. The Life-boat put one on board and stood by the vessel, which was striking heavily, about half an hour, when she floated off and was taken safely to Beaumaris, the Life-boat accompanying her.—Expense of service, 24l. 15s.

Feb. 20.—WORTHING.—*Henry Harris* Life-boat.—The schooner *Prince Llewellyn*, laden with slate from Portmadoc for Shoreham, stranded about two miles E. of Worthing pier at 2 P.M., in a strong E.S.E. breeze, a rough sea and thick weather. No signals of distress were shown, but the vessel was kept under observation, and at 5 P.M., as the wind and sea increased and the schooner was rolling heavily and had no prospect of getting afloat, it was decided to launch the Life-boat and proceed to her assistance. The boat remained by the vessel until 9 P.M., and she having been driven dangerously near the pier her crew of five men decided to leave her, and were brought safely ashore at 9.45. Previous to their leaving the vessel an attempt was made by the harbour steam-tug to tow her afloat but it was unsuccessful.—Expense of service, 32l. 7s. 6d.

Feb. 21.—GROOMSPORT, CO. DOWN.—*George Pooley* Life-boat.—The Life-boat was launched at 5.40 A.M. while a gale was blowing from E.S.E., and proceeded to the assistance of the schooner *Caledonia*, which, while on a voyage from Ayr to Wexford, with a cargo of coal, stranded on Briggs reef. As the vessel was filling with water, her crew of five men took to the Life-boat and were safely landed at 6.45.—Expense of service, 25l. 9s.

March 6.—HOYLAKE, CHESHIRE.—*Coard William Squarey* Life-boat.—A vessel was

observed by the Coastguard to be stranded on the East Hoyle Spit, and as the weather appeared to be somewhat threatening, and there being a nasty sea on the bank, it was decided to take out the Life-boat. At 9.5 a.m. the boat was launched, and on reaching the vessel found she was the flat *Oulton*, of and for Connah's Quay, laden with steel from Liverpool. As the tide had nearly ebbed it was decided to stand by her until it flowed; some of the Life-boat men then boarded her to assist at the pumps as she was leaking badly. Ultimately the Life-boat towed her on to the main where she sunk. Her crew of two men were taken into the boat and safely landed at Hoylake.—Expense of service, 23*l.* 16*s.*

COMMITTEE MEETING, 9th March, 1899.

Voted 368*l.* 9*s.* 7*d.* to pay for launches, watching and assemblies of crews of the following Life-boats with the view of assisting those on board vessels in distress:—Aldeburgh, Angle, Broadstairs, Brooke, Dunbar, Hythe, Johnshaven, Newbiggin, Penzance, Plymouth, Selsey, Sennen Cove, Southsea, Thorpeness, Totland Bay, Weston-super-Mare, Weymouth, Whitelink Bay, Great Yarmouth and Youghal.

Reported the resignation, on account of old age, of three members of the Clacton-on-Sea Life-boat crew, M. NICHOLLS, R. OSBORNE, and G. GRIGSON, SEN., who had respectively been in the Life-boat on service, on 101, 99 and 68 occasions.

Voted the second service clasp to NICHOLLS and OSBORNE, who had received silver medals for long service in January, 1894, and the silver medal to GRIGSON, accompanied by a framed copy of the vote inscribed on vellum.

March 9.—BOULMER.—*Melissent* Life-boat.—While a gale was blowing from the S.E., with a cross sea, intense darkness and rain, the s.s. *Malta*, of North Shields, went aground on the Boulmer South Rocks. She was on a voyage from Bergen to Shields in ballast. At 1.20 a.m. the Life-boat was launched and proceeded to the vessel which was lying in a bad position and leaking. Her crew of nineteen men were rescued by the Life-boat and were taken safely to Boulmer at 2.45.—Expense of service, 27*l.* 5*s.* 3*d.*

March 21.—ST. AGNES', ISLES OF SCILLY.—*James and Caroline* Life-boat.—At 9 p.m. signals were seen in St. Mary's Sound. In ten minutes the Life-boat was launched and proceeded to the spot, under sail, through a moderate sea, the wind blowing a strong breeze from N.E. The fishing lugger *Lydia*, of Porthleven, was found anchored near the N. end of Bartholomew Ledge, her foremast having been carried away. The Life-boat men assisted the crew and the fishermen were enabled to proceed to St. Mary's.—Expense of service, 22*l.* 10*s.*

March 22.—ALDEBURGH, SUFFOLK.—*Aldeburgh* Life-boat.—In response to signals from the Cork Light-ship the Life-boat was launched at 6.18 p.m., in a strong N.N.W. wind and heavy sea. Shortly after she had left, a telephone message arrived reporting that the Sunk Light-vessel was firing signals; thereupon the Shipwash Light-vessel was requested by telephone to inform the Life-boat as she passed to that effect. On speaking the Shipwash, the Coxswain was informed that the last signal was from the N.E. Long Sand or Kentish Knock, and the boat at once proceeded in the direction of the Long Sand, but falling in with the Harwich Steam Life-boat ascertained that a schooner was totally wrecked on the N.E. part of the Long Sand and that there were no persons on board. The *Aldeburgh* then headed for the Long Sand Light-vessel and finding that the schooner's crew had taken refuge there, went alongside, took off the five men and returned with them to Aldeburgh, which was reached at 4 o'clock the following morning. The wrecked vessel was the *Rosa Alba*, of Goole, bound from Southampton for Walton-on-the-Naze, laden with timber.—Expense of service, 45*l.* 3*s.*

March 28.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—While a whole gale was blowing from S.W. signals of distress were shown by the brigantine *Maxim*, of and from Drogheda for Liverpool, in ballast, which had stranded about three hundred yards south of the harbour. She had lost her anchors and chains and her sails had been blown away. Her crew of four men were taken into the Life-boat and landed at the Queen's pier.—Expense of service, 15*l.* 18*s.*

April 7.—PADSTOW, CORNWALL.—Steam Life-boat *James Stevens* No. 4,

and Life-boat *Arab*.—While a strong gale was blowing from N.W., accompanied by a heavy sea, and by rain squalls at intervals, information was received at about 3.50 P.M., by means of the telephone, that a vessel was in distress off Tintagel Head. The Steam Life-boat left her moorings, proceeded to the rescue and first steered towards a vessel running for the harbour, but as nothing appeared to be amiss with her, the Life-boat proceeded to Tintagel Head. Those who watched the boat from the shore state that she behaved splendidly in the seas which she encountered, and that admirable skill and ability were shown in the way in which she was managed. Most of the high-breaking seas she gallantly mounted, but one hollow one broke completely over her, and for a few moments buried her, even her funnels being hidden from sight; she however emerged, buoyant as before, but losing her light-board and some of her deck fittings. No trace of the vessel being found at the Head, the Life-boat started on her return journey, and on entering the harbour, passed the brig *Emilie*, of Redon, in tow of a steam-tug which was unable to make any headway. The help of the Life-boat being solicited, she took a tow rope and assisted to take the vessel to a safe anchorage at Hawkes' Cove. She had a crew of seven men.

On the same day the Life-boat *Arab*, also stationed at Padstow, was called out for service, by means of the telephone. She was launched at 4 p.m., and proceeded under oars to the ketch *Fair Water*, of Jersey, bound from Cardiff with a cargo of coal. The vessel was reported to be about four miles N.N.W. from Stepper Point, flying a signal apparently of distress, and running for the harbour. She succeeded in reaching the mouth of the harbour, but became unmanageable and drifted into the breakers at the back of the Doom Bar. The Life-boat went alongside and rescued the crew of four men, the vessel drifting still further in among the breakers and shortly afterwards stranding in Hell Bay where she became a total wreck. The Life-boat regained her station at 5.20, was housed at 5.30, and at 6.10 was again called out, a mounted messenger having brought intelligence that a vessel was in distress. The boat proceeded to the entrance of the harbour, but the vessel, the brig *Emilie*,

was taken in tow by the Steam Life-boat, as has been already mentioned, and the *Arab's* help was therefore not required.—Expense of service, 29*l.* 2*s.*

April 7.—HILBRE ISLAND, CHESHIRE.—*Admiral Briggs* Life-boat.—At about 5 P.M., while a whole gale was blowing from N.W., accompanied by a very heavy sea and cold and squally weather, the Coxswain of the Life-boat who was working on the island, saw a flat driven on to the West Hoyle Bank, and as she was very low in the water and the weather very bad, he decided to take out the Life-boat to her assistance. He at once summoned the crew and on reaching the vessel found she was the *William*, of Liverpool, laden with limestone, and was leaking badly. Some of the Life-boat men boarded her, pumped the water out of her, set her sails, and as the tide was making managed to get her off; she then proceeded up the Dee to Mostyn. The master of the vessel was very grateful for the help rendered by the Life-boat men; without their assistance it is unlikely that he would have weathered the gale.—Expense of service, 19*l.* 2*s.*

April 8.—ILFRACOMBE.—*Co-operator* No. 2 Life-boat.—At 6 A.M. the Coxswain of the Life-boat was informed that a ketch was about six or seven miles distant in a disabled condition. He at once fired the signal to summon the crew and in six minutes the Life-boat was afloat and on her way to the vessel. She proceeded through tremendous seas, a heavy gale blowing from W.N.W., and on reaching the ketch found she was the *Olive and Mary*, trawler, of Brixham. She had only a jib set, her other sails having been blown to ribbons. When about forty miles W. of Lundy Island, she had encountered fearful seas, her main boom was carried away, her bulwarks were smashed, her compass destroyed, her boat was washed away, and for a time she was thrown on her beam ends. The Life-boat took her in tow, but in about half an hour the tow-rope parted. A stouter warp was then attached, and by means of this she was got into safety at 9 A.M. It being then low water, the Life-boat stood by her until about 5 P.M., when the tide had risen sufficiently to enable her to be taken into the harbour. Her crew of four men were completely exhausted.—Expense of service, 19*l.*

April 8.—BALLYCOTTON, Co. CORK.—*T. P. Hearne* Life-boat.—The schooner *Rival*, of Swansea, bound from Cork for Newport with a cargo of pitwood, was seen to strike on the Wheaten rock, while a moderate N.N.W. gale was blowing at 1 P.M. The Life-boat put off to her assistance as soon as possible, and rescued her crew consisting of four men, who were endeavouring to reach the land in their boat, their vessel having sunk ten minutes after striking the rock.—Expense of service, 7*l.* 12*s.*

April 12.—HOYLAKE.—Coard *William Squarey* Life-boat.—While a fresh S. breeze was blowing, accompanied by a choppy sea, the Coastguard on duty observed a vessel stranded on the East Hoyle Bank. He at once communicated with the Coxswain of the Life-boat, and the crew of the boat were summoned. At 7.45 A.M. the Life-boat was launched and reached the vessel, which proved to be the flat *Luther*, of Liverpool, bound from Birkenhead for Mostyn, laden with manganese. The master stated that he was about to signal for the Life-boat when he saw the rockets fired to assemble her crew. Some of the Life-boat men boarded the vessel and helped to pump the water out of her, as she was much strained and leaking badly, and the Boat remained by her until she was fairly under way, and the master stated that he could manage without any further assistance.—Expense of service, 22*l.* 8*s.* 6*d.*

COMMITTEE MEETING, 13th April, 1899.

Voted 391*l.* 5*s.* 6*d.* to pay for launches, watching and assemblies of crews of the following Life-boats:—Ballywalter, Broadstairs, Cahore, Cemlyn, Clacton, Dunbar, Fishguard No. 2, Greenore, Harwich (steam Life-boat), Kingsdowne, Llandudno, Newbiggin, North Deal, Palling No. 2, Porthleven, Rhoscolyn, Rhosneigr, Saltburn, Upgang, Walmer, Walton-on-the-Naze, Whitby No. 2, and Winterton No. 2. The Ramsgate Life-boat was taken out twice, but her services were not eventually needed.

Also 250*l.* to the widow and five children of HENRY JEFFERSON BROWN, one of the crew of the Cresswell Life-boat. He went out in the boat on service on the night of the 6th February last, having then a slight cold. He got very wet in getting into the boat, and being at

sea in a keen frost for three hours gave him a severe chill, which developed into pneumonia and terminated fatally on the 28th February. He had been out in the Life-boat every time she had been launched for service since the establishment of the station in 1875.

Also 7*l.* 7*s.* 6*d.* to three members of the crew of the Clacton-on-Sea Life-boat who were injured on service on the 26th January. This amount included charges for medical attendance on one of the men, the doctor who attended another doing so gratuitously and being thanked for his kindness by the Institution.

Also 15*l.* to three men injured at the exercise of the Hayle, Palling No. 1, and Seaham Life-boats.

Also 4*l.* to a man injured while on duty with the Walmer Life-boat.

Also 25*l.* to the widow and children of a former member of the Lytham Life-boat crew.

The Committee granted a pension and certificate of service to Messrs. JOHN GORDON and A. J. CRABB, retiring Coxswains of the Tyrella and Lyme Regis Life-boats.

The Committee awarded a gratuity to the late Coxswain of the Cresswell Life-boat and to the Assistant Coxswain at Douglas.

April 13.—RAMSGATE.—*Bradford* Life-boat.—The lighter *Ruby*, conveying stone to the new harbour works at Dover, stranded at the mouth of the river Stour, near the outer beacon, in Pegwell Bay, in a strong S. breeze and overcast, rainy weather. The Life-boat proceeded to the rescue at 1 P.M. in tow of the harbour steam-tug *Asd*, which took her as near to the vessel as possible. The boat was then slipped, let go her anchor, veered down to the lighter, over which heavy seas were breaking, and rescued her crew consisting of two men, returning to the harbour at 2.30.—Expense of service paid by the Board of Trade.

April 21.—ST. IVES, CORNWALL.—*Exeter* Life-boat.—A strong gale suddenly sprung up from the N.N.E., accompanied by a heavy sea. At about 6 P.M. the fishing lugger *British Workman* was seen returning to the harbour, and as it was observed that she was being steered by means of oars, it was evident that she had lost her rudder and was un-

manageable. Her crew, however, wore her round and anchored about a mile from the harbour. The Life-boat put off to her assistance, ran out another anchor, took off her crew of seven men and left the vessel riding in the bay with the two anchors down. At about midnight, the gale having abated, she was taken into the harbour by her crew, having sustained no further damage than the loss of her rudder which had been washed away by a heavy sea when about fifteen miles from St. Ives Head.—Expense of service, 12*l.* 15*s.*

April 23. — PENMON, ANGLESEY. — *Christopher Brown* Life-boat.—The pilots observed a schooner yacht strike on the Causeway rocks, Puffin Island, and reported the casualty by telephone to the Honorary Secretary, who at once summoned the crew of the Life-boat and at 6.9 P.M. the boat was launched. Before the vessel was reached she floated off the rocks having on board six persons the captain and three others being left on Puffin Island where they had landed. At the request of the owner, the assistant coxswain of the Life-boat, who is also a Trinity pilot, and three other Life-boatmen boarded the schooner and took her to a safe anchorage at Beaumaris. The Life-boat then bore down on Puffin Island, took off the captain and three men and landed them at Beaumaris. The vessel was the *Bowena*, of Glasgow, on a pleasure trip from Liverpool to Beaumaris.—Property salvage case.

April 29.—EYEMOUTH, BERWICKSHIRE. — *James and Rachel Grindlay* Life-boat.—While two large fishing-boats, the *Excel* and *Thrive*, of Eyemouth, were lying in the bay waiting for the tide to rise sufficiently to enable them to enter the harbour, a gale from the N.E. sprung up, accompanied by a very heavy sea, placing the boats in considerable danger of dragging their anchors and drifting either on the rocks or on the beach. At 1 P.M. the Life-boat was launched and went to the assistance of the boats, over which heavy seas were then breaking. The fishermen cut their cables and ran for the harbour, the Life-boat accompanying them.—Expense of service, 8*l.* 4*s.* 6*d.*

May 2.—HOLY ISLAND.—*Grace Darling* Life-boat.—In the course of the eloquent speech and earnest appeal which H.R.H. THE PRINCE OF WALES made, as President

of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, at the London Life-boat Saturday Dinner on 1st May, he said, "I am anxious to draw your special attention to the fact that the cases of gallantry rewarded by the Institution have been by no means confined to men. (Cheers.) On some parts of our coasts the fisherwomen and girls help to launch the Life-boats, and encourage in every way their husbands and brothers to man them. (Loud cheers.) . . . You probably all know that the celebrated Grace Darling was rewarded with the silver medal for her heroic services."

At two hours after midnight, and only four hours after the PRINCE had delivered his speech, information was received by the crew of the *Grace Darling* Life-boat, which is stationed at Holy Island (Northumberland), that the schooner *Annie Stewart* had struck on the Snipe rocks and was sinking rapidly. The wind was north-east, the sea moderately rough, and the weather thick with rain. All hands at once turned out to launch the Life-boat, which was on her way to the sinking vessel in fifteen minutes, four of the most useful launchers on this occasion being women. In an hour the Life-boat reached the distressed vessel and successfully took off the endangered crew, numbering five men. The Life-boat had not got twenty yards away from the vessel before she sank and became a total wreck.—Expense of service, 17*l.* 13*s.*

COMMITTEE MEETING, 11th May, 1899.

Voted 316*l.* 14*s.* 8*d.* to pay for launches, watching and assemblies by the crews of the following Life-boats, with the view of assisting vessels in distress:—Aldeburgh, Cadgwith, Church Cove, (Lizard), Cresswell, Dunbar, Dungarvan, Hayle, Hoylake, Margate No. 2, Mullion, New Brighton (steam Life-boat), Rosslare Harbour, Rye, Sheringham, Southwold, Staithes, Thorpeness, Winchelsea, and Winterton No. 1.

Also 20*l.* 8*s.* to two men injured while on service with the Plymouth and Stromness Life-boats. Also 3*l.* 1*s.* to a man injured at exercise at Culdaff.

The Committee granted a pension and certificate of service to Mr. THOS. WICKHAM, retiring coxswain of the Wexford Life-boat.

May 17.—SHOREHAM.—*William Restell* Life-boat.—The brig *Danube*, of Whitby, bound from Sunderland for Shoreham with coal, while at anchor in the roadstead, in a moderate S.W. gale and a heavy sea, showed a signal of distress. This was seen by the Coxswain of the Life-boat; he at once summoned the crew, and at 8 A.M. the boat was launched, proceeded to the vessel, and, at the master's request, remained by her as she was leaking. At about noon the captain decided to sail for Newhaven, and asked that the Life-boat might accompany him to that place. This being agreed to, one of the brig's anchors was hove up, the remaining one with about forty-five fathoms of chain attached was slipped and Newhaven was safely reached at about 3 o'clock in the afternoon.—Property salvage case.

May 21.—PORTHOUSTOCK and FALMOUTH, CORNWALL.—*Charlotte* and *Bob Newbon* Life-boats.—Intelligence having been received that signals of distress were being fired by a vessel which had stranded near the Manacles Rocks, the Porthoustock Life-boat was launched at 2.30 A.M., and soon afterwards the Life-boat stationed at Falmouth put off in tow of the steam-tug *Resolute*. A light wind was blowing from S., the sea was smooth and the weather was thick and misty. The stranded vessel was found to be the liner *Paris*, a screw steamer 10,669 tons register belonging to and bound for New York, with a general cargo and having on board a crew of 370 persons and 386 passengers. She was lying on the rocks at Lowland Point, near the Manacles. Having run well up on to them she remained firmly fixed, but as the sea was smooth there was no immediate cause for alarm as to the safety of the passengers and crew. The efforts of the Life-boatmen were directed to taking off the former, and placing them on board the steam-tug *Dragon*. Several trips were made by the Life-boats between the steamer and the tug, and ultimately the whole of the passengers were landed at Falmouth and accommodated under the superintendence of the American consul at the hotels and at the Sailors' Home. The captain and crew remained on board the vessel, and there being no further need of the services of the Life-boats they returned to their stations, the Porthoustock boat arriving home at 9 A.M., and the Fal-

mouth boat at 10.40.—Expense of service, 70*l.* 12*s.* 6*d.*

An intimation of the casualty was also received at the Cadgwith Life-boat Station, and the crew of the Life-boat *Minnie Moon* assembled and remained in attendance, ready to put off should further help be needed.

May 24.—CULLERCOATS, NORTHUMBRELAND.—*Co-Operator No. 1* Life-boat.—The Life-boat was launched at 10.45 A.M., to assist the cobbles *Joseph and William* and *Daisy*. The boats had proceeded to the fishing grounds at 1 A.M., and while they were out a rough sea had sprung up rendering it dangerous for them to cross the bar on their return to port. The Life-boat men handed life-belts to the fishermen and convoyed the boats over the bar, on which at intervals a dangerous sea was breaking.—Expense of service, 9*l.* 10*s.*

May 27.—POINT OF AYR, FLINTSHIRE.—*H. G. Powell* Life-boat.—The Coxswain of the Life-boat having observed a brigantine stranded on the West Hoyle Bank, in a dangerous position, being almost surrounded by the remains of old wrecked vessels, the crew of the Life-boat were summoned, and at 5.45 P.M. the Boat was launched. On reaching the vessel it was found that she was the *C. M. Reynolds*, of and from Belfast, bound for Garston. The Life-boat remained by her until she floated off the bank at high water.—Expense of service, 29*l.* 9*s.*

COMMITTEE MEETING, 8th June, 1899.

Voted 205*l.* 13*s.* 6*d.* to pay for launches, watching and assemblies of the crews of the following Life-boats with the view of assisting those on board vessels in distress.—Arklow, Brighton, Bude, Cadgwith, Caister No. 2, Dunbar, Green-castle, Kessingland No. 1, Kingsdowne, North Deal, Palling No. 1, Sennen Cove, Shoreham and Wicklow.

Also 50*l.* to a man who was seriously injured by falling, in the dark, over a wire rope securing the St. Ives Life-boat while at Hayle, where she had put in after being called out for service on the 16th January.

June 11.—UPGANG, YORKSHIRE.—*Uppgang* Life-boat.—At 1.15 A.M. the Life-boat was launched, and proceeded through

a rough sea to the assistance of the schooner *Marie*, of Scarborough, bound from Whitby for Blyth, in ballast, which had dragged her anchors and was in a dangerous position amongst the breakers, near the Uppang rocks. The Life-boat men rendered all possible assistance, succeeded in extricating the vessel from her perilous situation and took her into Whitby harbour. She had a crew of three men.—Expense of service, 21*l.* 13*s.*

JUNE 16.—ILFRACOMBE.—*Co-operator No. 2* Life-boat.—At about 1.30 P.M. a message was received from the Coastguards at Morthoe, stating that a large steamer had stranded on Morthoe Point, in a thick fog which then prevailed. In ten minutes the Life-boat was launched and on her way to the scene of the casualty. After a heavy pull of five miles the vessel was reached and proved to be the ship *Pengwern*, of Liverpool, in ballast from Hull for Cardiff. The Life-boat remained by her until the tide rose, when she floated and was towed by a steam-tug to her destination. The Life-boat was towed back to her station by the steam-tug *Galloper*, arriving at about 10.30 P.M.—Expense of service, 32*l.* 17*s.*

JUNE 20.—STAITHES, YORKSHIRE.—*Jonathan Stoit* Life-boat.—While the fishing cobbles were at sea, the wind, which was blowing from N.N.E., increased until it attained the force of a moderate gale, and the sea became very rough. As it was probable that some of the boats would require assistance, the Life-boat was launched at 4.15 A.M., and stood by the boats until they reached the shore. They were all in safety at about 5.10.—Expense of service, 18*l.* 1*s.*

JUNE 20.—HAUXLEY, NORTHUMBERLAND.—*Algernon and Eleanor* Life-boat.—Sound-signal rockets were heard in the direction of Coquet Island, and a message by tel-phone from Amble reported that they had also been heard there. The weather was so thick that the island was completely obscured, and as the sea was rough and a strong breeze was blowing from S.E., it was decided to take out the Life-boat. She was promptly launched, ten minutes sufficing to complete the operation, and at 4.30 P.M. was on her way to the island, where the ketch *Harald*, of Tvedestrand, was found stranded, and apparently doomed to total destruction. The vessel was bound for Newcastle with

a cargo of timber and had a crew of four men. To approach her was a work of considerable difficulty and danger, in consequence of the seas breaking over her and of the rocks which abound at the place where she was lying. Having anchored, the Life-boat veered down to the vessel, threw a lead line on board and got a rope from her, by means of which the boat was brought under her jibboom, but after taking off one man the Life-boat men were obliged to haul off because of the heavy seas. When the opportunity offered she returned however and rescued the remaining three men, landing the captain on the island at his request, and taking the others to Hauxley, which was safely reached at 6.20.—Expense of service, 10*l.*

JUNE 21.—WALMER.—*Civil Service No. 4* Life-boat.—It being reported that the East Goodwin Light Vessel was firing guns denoting a vessel in need of help, the crew of the Life-boat were at once summoned, and at about 4 A.M. the Boat proceeded to the Goodwin Sands and found the ketch *Auguste et Marguerite*, of Lannion, laden with gypsum, and bound from Calais for London, stranded. Having been engaged by the master to assist in trying to get the vessel afloat, some of the Life-boat men boarded her laid out a kedge anchor, succeeded in getting her afloat and took her to the Downs. One of the Life-boat men remained on board to take her to London, and the Life-boat returning to her station, arriving there at about 9.30 A.M.—Property salvage case.

JUNE 28.—WEXFORD.—Reserve Life-boat.—The fishing yawl *Annie*, of Wexford, while crossing the bar at low water, struck the ground, and her mast went by the board. The Life-boat temporarily placed here (the station's boat having been condemned) proceeded to her assistance at 2 P.M., and stood by her until the arrival of a steam-tug, which towed her to Wexford.—Expense of service, 6*l.* 13*s.* 6*d.*

JULY 1.—HILBRE ISLAND.—*Admiral Briggs* Life-boat.—On receipt of a message stating that a yacht was aground on the West Hoyle Bank, the Life-boat was launched at 11.45 A.M., and on reaching the vessel found she was the *Speedwell*, cutter-rigged, of Liverpool. At the master's request the Life-boat stood by her until she got off the bank on which she had been

driven by a heavy squall. A W.N.W. breeze was blowing, the sea was choppy, the weather was thick, and rain was falling during the time this service was rendered.—Expense of service, 13*l.* 1*s.*

July 4.—**CAISTER.**—*Beauchamp* Life-boat.—Red port fires having been observed on the outside part of the Middle Scroby Sand, while a moderate gale was blowing from the N., accompanied by a heavy sea, the crew of the Life-boat were summoned, and at 3.5 A.M. the boat was launched. She sailed to the sand and found the ketch *Via*, of Ramsgate, bound from the fishing grounds for Lowestoft, stranded amongst broken water. As she was abandoned, it was decided to leave some of the Life-boat men on board, and that the boat should proceed to the aid of the vessel's crew, who were seen in their boat about a mile distant, but before the Life-boat could reach them, a steam-tug coming out from Yarmouth harbour picked them up. The tug and Life-boat then returned to the ketch, found she had beaten off the sand and took her into the harbour.—Property salvage case.

July 7.—**YOUGHAL, Co. CORK.**—*Mary Luckombe* Life-boat.—A message by telephone having been received stating that a steamer was ashore on the rocks in Whiting bay, at 10 P.M. the Life-boat was launched, and found the steamer *Rover*, which had only left Youghal at about 7 o'clock on the same evening, light, for Cardiff, had run aground in a fog, which she encountered on leaving the harbour. The master sent his crew of six men ashore in a fishing boat, as the steamer had about six feet of water in her hold and it was feared she would go to pieces if the wind increased, he himself getting into the Life-boat and being landed at Youghal in order to communicate with the owners of the vessel.—Expense of service, 16*l.* 9*s.* 6*d.*

July 8.—**KINGSDOWNE and RAMSGATE.**—*Charles Hargrave* and *Bradford* Life-boats.—Signals being fired by the Gull and East Goodwin light-vessels, and telegraphic information being received that a vessel was stranded on the East Goodwin Sands, the Life-boat stationed at Kingsdowne, and the Ramsgate Life-boat, the latter in tow of the steam-tug *Marguerite*, proceeded to the scene of the casualty and found the stranded vessel was the brigantine *Angela*, of Spezzia, bound from Ant-

werp for Genoa with a cargo of superphosphate. A moderate S. to S.W. breeze was blowing at the time, the sea was smooth, and the weather foggy. The best bower anchor with sixty fathoms of chain was laid out so as to prevent the vessel from driving further on the sand, and the crews of the Life-boats and three Deal boats proceeded to lighten the ship by throwing overboard about eighty tons of her cargo. When the tide flowed at about 10 P.M. the steam-tug *Washington* tried for three hours to tow her off, but her efforts were unavailing, and the attempt was abandoned until the following tide at about 11 o'clock on the next morning, when the towing hawser was again made fast, and in about an hour the vessel was towed off and was taken into the Downs, the salvors working at the pumps as she was in a leaky condition.—Property salvage case.

COMMITTEE MEETING, 13th July, 1899.

Voted 153*l.* to pay for launches of the following Life-boats or assemblies of the crews with the view of assisting vessels in distress:—Broadstairs, Dover, Gorleston No. 1, Greencastle, Hunn, North Deal, Palling No. 1, Walmer, and Walton-on-the-Naze.

Also 64*l.* 11*s.* 6*d.* to two men who were injured while on service with the Arbroath and Plymouth Life-boats, and thereby incapacitated for work for some weeks.

The Committee expressed their deep sympathy with the relatives of the late Coxswain of the Southport Life-boat and two other members of the crew of the Life-boat who were unfortunately drowned whilst attempting in a punt to relay the moorings of the Life-boat on the 26th June. The Committee voted 700*l.* in aid of the local subscriptions being raised for their relief.

July 23.—**ILFRACOMBE.**—*Co-operator* No. 2 Life-boat.—At 8.15 P.M. a pilot cutter, under a jury mast, was seen about five or six miles N.W. of Ilfracombe. The Coxswain of the Life-boat consulted the Honorary Secretary, and it was decided that as the weather was fine, the wind blowing a moderate breeze only, and the sea being moderate, she was not in immediate need of assistance; on examining her

through a glass it could be seen that she was not showing any signals. She was carefully watched, and at a few minutes to 9 o'clock the Coastguard reported that she had hoisted a red flag and was drifting down the Channel with a strong ebb. The Life-boat was then promptly launched, only four minutes being occupied in the operation, reached the cutter, which was the *Polly, No. 9*, of Barry, and offered to tow her to Ilfracombe. Her crew were, however, anxious to return to Barry and asked the Life-boatmen to go to a tug which was seen about three miles N. and endeavour to obtain her help. They proceeded to her, and the captain having been informed of the circumstances of the case, at once went to the pilots' assistance and took the boat in tow, together with a barque which was going up the Channel. Having seen them safely on their journey the Life-boat returned to her station, arriving at midnight.—Expense of service, 22l. 3s.

July 25.—WALTON-ON-THE-NAZE.—Honourable Artillery Company Life-boat.—A telephonic message being received from the Gunfleet Lighthouse stating that a vessel was stranded on the West Sunk Sand, while a moderate but freshening breeze was blowing from the W., the crew of the Life-boat were summoned and the boat was taken to the East Terrace Breakwater, where an attempt was made to launch her, but her bows became imbedded in the sand and it was impossible to move her. A boat manned by four men therefore put off, and pulled and sailed as fast as possible towards the Gateway, where they met the steam yacht *Alexandra*, belonging to the President of the Branch, Colonel R. P. DAVIS, J.P., who was on board returning home with a pleasure party. He very kindly took the boat in tow to within a mile and a half of the wreck. On reaching the vessel the men informed the master that the Life-boat would follow as soon as possible. The ship appeared to be very much strained but the captain did not avail himself of the men's proffered services. At 9 o'clock the Life-boat was got afloat and at 11 o'clock arrived at the vessel but the master still declined help, stating that he would try to get off at the next tide; should he be unsuccessful he would be glad of assistance. At high water the

ship remained in the same position and had seven and a half feet of water in her hold. At the request of the master the Life-boat men remained by until half-tide, when the vessel was found to be half full of water and to have broken her back, and as the wind was freshening the master and crew decided to leave her. The six men therefore got into the Life-boat, which then made the best of her way home, and arrived safely at 9.15 on the following morning. The wrecked vessel was the schooner *Little Dorrit*, of Fowey, laden with coal, from Swansea for Lowestoft.—Expense of service, 29l. 8s. 6d.

July 29.—GORLESTON.—Mark Lane Life-boat.—While a strong breeze was blowing from N.N.W., with a moderate sea, a small boat was observed by the look-out to be drifting to sea in a S.S.E. direction. After a while one of those on board held up an oar with something on it, apparently denoting that help was required. The Life-boat launched at 10.40 A.M. and overtook the boat—the skiff *Village Belle*, of Great Yarmouth—about four miles out, drifting helplessly, her occupants being two visitors exhausted by their struggle to row against the wind and tide.—Expense of service, 11l. 13s.

July 29.—SKEGNESS.—Ann, John and Mary Life-boat.—The smack *Daisy*, of and for Wainfleet Haven, in ballast, left Skegness, and when about four miles E. of that port, sprung a leak. The steamer *Cam*, of Lynn, went to her assistance, rescued the master, who was the sole occupant of the vessel, and transferred him to the Life-boat, which had put off to the rescue, and took him safely ashore.—Expense of service, 11l. 8s.

COMMITTEE MEETING, 3rd August, 1899.

Voted 45l. 17s. 9d. to pay the cost of the Cemaes, Cemlyn, and Holyhead (steam) Life-boats in proceeding out in reply to signals of distress. No actual service was rendered.

Also 42l. 12s. 6d., compensation and expenses of medical attendance, to persons injured while on duty with the Life-boats at Staithes, Torquay and Thorpeness.

Also 3l. to a man injured at the exercise of the Newhaven Life-boat.

Also 5l. to a Life-boat man injured at Giles Quay.

Also 60*l.* to a man seriously injured at the exercise of the Life-boat at Piel.

Aug. 7.—**CULLERCOATS.**—*Co-Operator No. 1* Life-boat.—While a moderate breeze was blowing from the E. the schooner *Fairy Maid*, of Padstow, in ballast, from Amsterdam bound for the Tyne, struck on the North Rock, on which a heavy surf was breaking, at 9.15 p.m. As it was seen that she was in a dangerous position, the Life-boat put off to her assistance, and at 10.20 returned to the shore, bringing the vessel's crew, consisting of four men. The schooner was afterwards driven up by the heavy seas, close under the cliffs, badly damaged.—Expense of service, 19*l.* 4*s.*

Aug. 16.—**FRASERBURGH.**—*Anna Maria Lee* Life-boat.—A whole gale blew from N.W., the sea was rough and the night unusually dark. At about 10.30 flare-up lights were observed in the bay, and the Life-boat, having been launched, proceeded in the direction in which they had been shown and found the schooner *Pioneer*, of and for Banff from Sunderland, laden with coal, stranded. She had lost most of her sails and her anchor failing to hold, she had drifted on the beach, where she was lying full of water and likely to become a total wreck. Her crew, consisting of four men, the master, his wife and child, were rescued by the Life-boat, which regained her station at about 1.30 a.m.—Expense of service, 15*l.* 7*s.* 6*d.*

Aug. 19.—**WHITBY.**—*Robert and Mary Ellis* Life-boat.—At about 3.30 p.m. the pleasure coble *Robert*, which had left the harbour about three hours previously, was seen to be returning, and as a rough sea was breaking on the bar it was evident that it would be dangerous for the boat, which had two men on board, to cross it. The Life-boat was therefore taken to the bar and remained there until the coble was in safety.—Expense of service, 2*l.* 12*s.*

Sept. 6.—**HILBRE ISLAND.**—*Admiral Briggs* Life-boat.—The fishing boat *Sarah Ann*, of Hoylake, returning from the fishing grounds, ran aground on the West Hoyle Bank. As the weather was threatening, it was decided to take out the Life-boat, and at 7.35 p.m. the boat proceeded to the vessel, which was found to be leaking badly, put some men on board to assist the crew of four and took

her into the pool at Hilbre Island.—Expense of service, 26*l.* 15*s.*

A lamentable accident occurred in connection with this service. After the launch of the Life-boat an attempt was being made to haul up the trolley which conveys the boat along the slipway. While the operations were in progress, Edward Lilley, Boatman H.M. Coastguard, stationed at Hoylake, was struck on the head by one of the handles of the winch, causing a compound fracture of the skull. Two medical men were in attendance as soon as possible, but the injuries proved fatal in about four hours.

The Committee of Management expressed their deep sympathy with Mr. Lilley's widow, and granted the sum of £150 towards the fund raised locally for her relief.

COMMITTEE MEETING, 14th Sept., 1899.

Voted 142*l.* 16*s.* for launches and assemblies by the crews of the following Life-boats with the view of assisting those on board vessels in distress:—Aranmore, Campbeltown, Cemaes, Cemlyn, Dungeness No. 2, Kildonan, Margate No. 1, Newbiggin, North Deal, Palling No. 1, Peterhead, Walton-on-the-Naze and Wexford.

Also 34*l.* 10*s.* to four men injured at the exercise of the Cullercoats, Giles Quay and Kessingland No. 1 Life-boats.

The Committee specially recognised the services of Messrs. JOHN HUGHES and JOHN CRANE, resigning coxswains of the Life-boats at Poole and Barrow.

The Committee awarded gratuities for the services of the late bowman and signalman at Drogheda No. 1 Life-boat Station.

Also 128*l.* 18*s.* final grant to a man injured at the exercise of the Piel Life-boat, and thereby incapacitated for work for several weeks.

Sept. 15.—**ST. DAVID'S, PEMBROKESHIRE.**—*Gem* Life-boat.—While a moderate gale was blowing from W.S.W., accompanied by squalls, heavy rain and a rough sea, it was reported that a vessel was observed, apparently near Whitesand Bay, signalling for assistance, and that the South Bishop Lighthouse was firing signal rockets. The crew of the Life-boat

having mustered, the boat was launched at 8.30 P.M., proceeded under oars as far as Ramsay Sound, when sail was set and a southward course was steered, but no ship could be found in the locality where she had been reported to have been seen. The boat then proceeded westward, finally returning to the northward, and standing towards the South Bishop, sighted the vessel, which was drifting with the tide towards St. Bride's Bay. On coming up with her, she was found to be the dandy *Clara Felicia*, of Carnarvon, bound from Portsmouth for Liverpool. She had lost her foremast, her boats had been washed away and she was completely helpless. She was drifting rapidly on to a lee shore, but the master stated that he and his crew, consisting of three men, would remain on board if the Life-boat would stay by them during the night. The coxswain at once agreed to do so, and advised the master to let go his anchors; this was done and the vessel thus prevented from further drifting was out of immediate danger. At daylight, about five o'clock, the coxswain suggested that the Life-boat should go ashore and telegraph to Milford Haven for a steam-tug; the master acquiesced and the boat left the ship riding safely at anchor, on the understanding that she would return to the vessel if signalled for. At about 10.30 a passing steamer was seen to take the vessel in tow, and proceed with her in the direction of Milford Haven. — Expense of service, 25*l.* 7*s.*

Sept. 16.—CAISTER.—*Beauchamp* Life-boat.—The coxswain of the Life-boat, while on the watch at 3.30 A.M., saw the sidelights of a vessel which was apparently stranded on the Barber Sand. About ten minutes afterwards signals of distress were shown; thereupon the Life-boat was launched, and proceeding in the direction in which they had been seen found the dandy *William* of Great Yarmouth, returning home from the fishing ground, stranded on the N. part of the sand. All efforts to get the vessel afloat having failed, the Life-boat attached her tow-rope to her and anchored outside the sand until noon, when the wind, which was blowing from W.N.W., increased, and heavy seas began to break over the fishing-boat. The Life-boat then got her anchor up and went alongside the

vessel, this being accomplished by means of the tow-rope, the boat frequently grounding, owing to the shallowness of the water on the sands, and the seas breaking over the crew. The vessel's crew of ten men were taken into the Life-boat, which again grounded, and had to wait until the tide flowed, when she was able to get off the sands, and make for her station, which was reached at 3 P.M. Just before the Life-boat left her, the vessel turned over and rapidly broke up.—Expense of service, 28*l.* 10*s.*

Sept. 23.—CAISTER.—*Beauchamp* Life-boat. — At 7.20 A.M. the Life-boat was launched in a strong W.N.W. wind and a heavy sea to a schooner riding at the entrance to the Cockle Gat. The boat sailed to the Gat, and was then taken in tow by the steaming *Express*. On arriving at the vessel, the schooner *Parthenia*, of and for Great Yarmouth, from Hartlepool with coal, it was found that she had several feet of water in her hold, having been considerably strained by the heavy weather she had experienced. Her crew of six men were thoroughly exhausted, and were about to leave the ship in their own boat. Some of the Life-boat men went on board the vessel to pump the water out, while the *Express* took her in tow and at about four o'clock in the afternoon she was brought into Yarmouth harbour.—Property salvage case.

Sept. 23.—YOUGHAL, Co. CORK.—*Mary Luckombe* Life-boat. — While a strong breeze blew from W.N.W., the weather being squally and cold, with occasional showers, and the sea rough, at about 2.30 P.M. a message by telephone was received by the Coastguard, from Knockadoon, requesting that the Life-boat would proceed to the assistance of a fishing-boat about three and a half miles S.S.E. of Youghal Harbour. The message was conveyed to the coxswain of the Life-boat, and in ten minutes the boat was launched and on her way to the vessel. On reaching her she was found to be the smack *Emu*, of Ballycotton, manned by a crew of three men. Her mast had carried away and was hanging over her side and threatening to pierce her as she was rolling and pitching to a very great extent; by some means it caught the Life-boat's mizen mast, causing it to break. Having taken off her crew, the

Life-boat took the smack in tow and anchored her in a safe position. The place where the accident occurred is very exposed, and had the weather during the following night been similar to that which had been experienced through the preceding week there is little doubt that in the absence of the help rendered by the Life-boat men, the vessel would either have foundered or have been blown out to sea.—Expense of service, 8l. 0s. 6d.

Sept. 30.—GORLESTON.—*Mark Lane* Life-boat.—At about 12.5 A.M. the coast-guard on duty reported to the coxswain of the Life-boat that a vessel was showing signals of distress off Great Yarmouth. At the time a whole gale was blowing from S.E., the sea was very heavy, the weather thick, and rain falling. The crew of the Life-boat were summoned and a message for a steam-tug was despatched by telephone; but it was ascertained that one could not be obtained until daylight. The boat then attempted to sail out, but being driven back, made for Yarmouth. Having succeeded in there obtaining the services of a tug she proceeded in tow to the vessel, and found her to be the schooner *Lorne*, of Aberystwyth, bound from Yarmouth for London, in ballast. She was riding very heavily, dragging her anchors, and her windlass was broken. She had left Yarmouth two days previously but had been compelled to put back through stress of weather. Her crew of four men were taken into the Life-boat, which was then towed to a windward position to enable her to sail back to her station. The Life-boat men stated that the sea on the bar and for half a mile out was the heaviest they had ever experienced. In returning with the drogue out, sail reduced to a goose-wing, and the forward ballast-tanks empty, a terrible sea pooped the boat; every man on board was under water, and it was estimated that the boat—the behaviour of which they warmly praised—was carried by that sea a distance of at least two hundred yards.—Expense of service, 43l. 5s.

Sept. 30.—WALMER.—*Civil Service* No. 4 Life-boat.—While a whole gale of wind was blowing, accompanied by a heavy sea and heavy rain, the coxswain of the Life-boat was called by the coast-guard at 1 A.M., and was informed that a vessel was stranded close to Deal pier, and

burning flares and tar barrels. The crew of the Life-boat were at once summoned, and with all speed the boat was launched and proceeded to the rescue. On arriving near the vessel, which was the barquentine *Mary Ann*, of Dover, bound from Newcastle-on-Tyne for Cherbourg with a cargo of coal, the boat's anchor was let go and she veered down to the ship. The master at once employed the Life-boat men to pump the water out of the vessel, get her afloat and take her to a place of safety. She had two anchors down and was bumping so heavily that it was feared her masts would fall. The pumps were worked until 6 o'clock, when the weather moderated a little and the vessel floated; her anchors were then hove up, and she was brought up in a safe anchorage at about 8 o'clock. Work at the pumps was continued for another two hours, but at the end of that time the vessel had still five feet of water in her, and as the wind was blowing very hard and the sea continued heavy, the services of some of the crew of a boat from Deal were engaged to assist in pumping, the other members of the crew returning to the shore in their boat to telegraph for a steam-tug. The tug arrived at about noon, but previous to her arrival the pumps had been again sounded and it was ascertained that the water had increased to seven-and-a-half feet. It was seen that the only thing to be done with the vessel was to put her ashore again as she was fast sinking; the tug therefore towed her towards the land and she was beached about a mile-and-a-half from Deal pier. The water was at that time over the cabin floor. Her crew of seven men got their clothes and belongings together and brought them into the Life-boat, leaving the vessel at about 1 P.M., and half-an-hour later all were safe on shore.—Expense of service, 26l.

Sept. 30.—SCARBOROUGH.—*Queensbury* Life-boat.—Early in the morning a whole gale blew from E.S.E., the weather was very thick and cold, rain was falling, and there was a very heavy sea. Several Scotch fishing-boats were seen running for the harbour, and the harbour-master therefore deemed it prudent to despatch messengers to the coxswain of the Life-boat suggesting that the boat should be launched, so as to be immediately available should her services be needed. At

3 A.M. she put off and remained afloat until 7 o'clock, by which time all the boats had entered the harbour. No casualty befel any of them, although some of them encountered considerable difficulty in effecting an entry.—Expense of service, 18*l.*

Sept. 30.—CAISTER.—*Beauchamp* Life-boat.—Information by telephone was received in the morning stating that the services of the Life-boat were needed by a boat in danger at Winterton Ness. A strong gale was then blowing from S.S.E., accompanied by a very heavy sea. At 9.30 the Life-boat was launched and found the boat *Alice*, of Great Yarmouth, returning home from fishing, riding at anchor in the broken water. The Life-boat anchored to windward, veered down to her and rescued her crew of three men who were in an exhausted condition and so white from the salt water which had drenched them as to be unrecognizable. The Life-boat then got her anchor up, sailed eastward, and again anchored to await the turn of the tide, when she was able to pick up the fishing-boat and tow her to her port.—Expense of service, 15*l.* 15*s.*

Oct. 1.—GOURDON, KINCARDINESHIRE.—*Theophilus Sidney Echalaz* Life-boat.—At 6.30 A.M. the coastguard saw a vessel burning flare-up lights and flying signals of distress, and he at once reported the circumstance to the coxswain of the Life-boat. In ten minutes the boat was launched and on her way to render aid. The oldest fishermen at the port state that the sea was the heaviest the Life-boat had ever been in. She was repeatedly driven back, but ultimately contrived to get clear of the breakers and rocks and then sail was hoisted, but owing to the tide and the wind, which was blowing a strong gale from E.S.E., being foul, she did not reach the scene of the casualty until 10.45. The vessel was the ketch *Merlin*, of Rochester, bound from Scarborough for Lough Swilly in ballast, and she was disabled by the loss of her rudder. Her crew of four men were taken off by the Life-boat, which regained her station with them at 11.30 A.M.—Expense of service, 18*l.* 14*s.* 3*d.*

Oct. 1.—HAYLE.—*E. F. Harrison* Life-boat.—The s.s. *M. J. Hedley*, of Hayle, homeward bound from Bristol with a general cargo, a crew of nine men and three

passengers, in attempting to cross the bar, encountering heavy seas with strong under-currents became unmanageable and stranded on the eastern side of the bar. She signalled for assistance, and in response the Life-boat was launched at 2.15 P.M., and after a hard pull in the teeth of a strong N. wind and heavy seas got near her. The steamer remained aground about half an hour, the seas breaking over her, but by the persistent use of her engines she got off, steamed into the bay again, and made another attempt to cross the bar. This time she was successful and entered the harbour, the Life-boat standing by until she was in safety.—Expense of service, 12*l.* 15*s.*

Oct. 1.—PORT ISAAC, CORNWALL.—*Richard and Sarah* Life-boat.—At 3 P.M. the Life-boat was launched in response to signals shown by the s.s. *Lynx*. The vessel had left Portreath at 1 A.M., bound for Port Talbot, and when between Hartland Point and Bull Point her engines broke down. A strong wind was then blowing from E.N.E., and the steamer tried to run for Padstow, but when she was off Port Isaac the wind changed to W.N.W. The master finding it impossible to get to Padstow decided to anchor and signal for assistance. The vessel's crew of seven men were taken into the Life-boat, which having safely landed them, was left on the beach with the intention of taking them back when the weather moderated, but during the gale which raged throughout the night the steamer parted her cable, drifted on the rocks and became a total wreck.—Expense of service, 16*l.* 4*s.*

Oct. 1.—DOUGLAS, ISLE OF MAN.—*Civil Service No. 6* Life-boat.—The Life-boat was called out for service on two occasions during a gale from E.N.E. and a heavy sea. At about 6 P.M. sound signals were fired from the Board of Trade Rocket Station in consequence of the schooner *Fairy Queen*, of Dublin, having stranded between the Victoria and Red Piers. The vessel, which was on a voyage from Whitehaven to Portrush with cargo of coal, attempted to run into Douglas Harbour, but finding the water too shallow, tried to round to with the intention of anchoring; the anchor, however, dragged, and the vessel went aground. In ten minutes the Life-boat was launched, and five minutes later

reached the vessel and rescued her crew of four men. Having taken these men off, the Life-boat made for the schooner *Mary*, also belonging to Dublin, coal laden and bound on a voyage similar to the other vessel. Her crew of three men were anxious to leave her and got into the Life-boat, but the master declined to abandon the ship. The Life-boat returned to the harbour and landed the rescued men at 8 P.M. At 9.30 the captain of the *Mary* signalled for help, and the Life-boat again proceeded to his assistance. He got into the Life-boat, and shortly afterwards his vessel sank in about four fathoms of water. The Life-boat then proceeded to the schooner *Paragon* and stood by her for some time, as she was in a dangerous position.—Expense of service, 50*l.* 11*s.*

Oct. 1.—HOLYHEAD.—*Joseph Whitworth* Life-boat.—A signal of distress having been shown in the New Harbour, the Life-boat proceeded out at 10.10 P.M. while a strong gale was blowing from E.N.E. accompanied by a heavy sea. The signal had been shown by the ketch *Lady Acland*, of and for Bude from Liverpool, coal laden, which had been in collision with a schooner at anchor, and was lying across that vessel's cable. The assistance of the Life-boat men was applied for to take a line to a tug which had come to the ketch's help. This was done, and the vessels were got clear, the Life-boat remaining by the ketch until she was safely moored in the old harbour. Material assistance was rendered by the officer in command of H.M.S. *Colossus*, who kindly caused that vessel's search-light to be directed on the vessels, greatly facilitating the operations of those engaged in the work of clearing them.—Expense of service, 23*l.* 5*s.*

Oct. 2.—REDON, YORKSHIRE.—*Brothers* Life-boat.—While a strong gale was blowing from N.N.E., accompanied by a heavy sea and rain, at about 7 A.M. a ketch was seen, apparently unmanageable, outside the Saltscar rocks. The rocket signal was fired, and the crew of the Life-boat, the launchers, horses and drivers, were soon in attendance. At about 8 o'clock the ketch proceeded in the direction of Saltburn and a message was at once despatched to that place warning the life-saving brigade. In the stormy condition of the weather it seemed pro-

bable that the services of the Life-boat would be needed in the course of the day, and therefore the horses were stabled near the Life-boat house, so as to be immediately available. At about 9 A.M. the brigantine *Berthold*, of and from Libau, bound for Sunderland, was observed outside the Saltscar rocks, drifting eastward. The Life-boat was at once taken along the coast, keeping abreast of the vessel until she grounded nearly opposite Marske, having escaped the Saltscar rocks. At 10.30 the boat was launched, reached the vessel and succeeded in rescuing her crew consisting of eight men. The men were in an exhausted state, having been thirty-three days out from Libau, and the ship was water-logged when she stranded and seemed likely to become a total wreck. The service was witnessed by a large concourse of people.—Expense of service, 19*l.* 6*s.*

Oct. 3.—BEMBRIDGE, ISLE OF WIGHT.—*Queen Victoria* Life-boat.—Signals of distress having been seen while a moderate gale was blowing from W.S.W., with a heavy sea and thick weather, the Life-boat was launched at about 8.30 P.M., and found that the signals had been made by a screw steamer, her engines having broken down when about five miles from the Owers Light-vessel. At the request of those on board the steamer the Life-boat remained by her for some time, and was afterwards desired by the master to return to the shore and telegraph for a steam-tug to proceed to the vessel's assistance.—Expense of service, 30*l.* 7*s.*

Oct. 9.—CAISTER.—*Beauchamp* Life-boat.—At 8 P.M., in a S.W. wind and moderate sea, the Life-boat was launched at the request of Lloyd's Agent, and proceeded to the s.s. *Achilles*, of South Shields, which had stranded on Scroby Elbow. A large number of men were on board the vessel jettisoning her cargo, and it was considered advisable to have the Life-boat at hand in case her services might be needed. She remained by until the steamer floated and was safely anchored in the roadstead.—Property salvage case.

COMMITTEE MEETING, 12th Oct., 1899.

Voted 16*l.* 13*s.* 9*d.* to defray the cost of launches of the following Life-boats and assemblies of crews, with the view of

helping those on board vessels in distress:—Aberystwyth, Dover, Dunbar, Filey, Formby, Irvine, Johnshaven, New Brighton No. 1, Newhaven, Padstow steam Life-boat, Palling No. 1, Point of Ayr, Redcar, Winterton No. 1 and Rhyl.

The Committee granted pensions and certificates of service to MESSRS. ANDREW OLIVER, EDMUND PEBKIS, JOHN MAOKIE, and HENRY FREEMAN, retiring coxswains of the Life-boats at Hauxley, Ryde, Troon and Whitby. Also 10*l.* 7*s.* to men injured on Life-boat duty at Porthoustock, Kessingland and Hayle; also 10*l.* to the widow of a man who had been for many years one of the crew of the Douglas Life-boat.

Oct. 17.—CRESSWELL, NORTHUMBERLAND.—*Ellen and Eliza* Life-boat.—The steam trawler *Welsh Prince*, of and for North Shields, laden with fish, stranded on the rocks known as Limpet Hills, in foggy weather. The wind was blowing from the S.E. and there was a heavy surf on at the time. The Life-boat was launched at 5 A.M., and stood by the vessel until she was got afloat with the assistance of steam-tugs. An extra reward was granted to the Life-boat crew and helpers in consideration of their arduous services on this occasion. Signals of distress were repeatedly fired by the vessel, but it was impossible to launch the Life-boat near her, and therefore horses were sent for, but before they arrived, the crew and launchers had almost exhausted themselves in trying to get the boat on her carriage along the sands. Every person who assisted was wet to the waist and the crew were eight hours at sea in that condition.—Expense of service, 31*l.* 17*s.* 6*d.*

Oct. 26.—HOPE COVE, SOUTH DEVON.—*Alexandra* Life-boat.—Intelligence was received that a vessel was burning flares for assistance, while a light wind was blowing from the W., the weather was thick and foggy and the sea moderate. At 7.25 P.M. the Life-boat was launched, having been manned by a crew of Coastguards and civilians, the Chief Officer H.M. Coastguard also kindly going in the boat to render help if needed, and on reaching the vessel found she was the trawler *Alpha*, of Brixham; she had stranded near Aylmer Point. The Life-boat stood by her while endeavours were made to get her afloat, but eventually she became nearly full of water and her

crew of four men landed in their own boat.

The *Alexandra* is one of two Life-boats presented to the Institution by the United Grand Lodge of Freemasons of England in commemoration of the safe return from India of the Most Worshipful Grand Master, H.R.H. the Prince of Wales.—Expense of service, 29*l.* 7*s.* 6*d.*

Nov. 1.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—At 1.25 A.M. the Life-boat was launched in response to signals made by the Bahama Light-vessel and found the barque *Cordillere*, of Buenos Ayres, bound from St. John, N.B., for Newry, with deals, had parted her cable and was driving on to the Bahama bank and leaking badly. With some difficulty owing to the heavy sea her crew of eleven men were rescued by the Life-boat and safely landed at 6 o'clock. A moderate gale was blowing from S.W. at the time the service was rendered and the sea was heavy.—Expense of service, 32*l.* 19*s.*

Nov. 1.—TEIGNMOUTH.—*Alfred Stanforth* Life-boat.—A small fishing boat was making for the harbour at about 10.30 A.M., and as the sea was breaking heavily on the bar and the wind was increasing in strength the Coastguard Life-boat was launched with the view of proceeding to the vessel and assisting her to cross the bar. In crossing the broken water, however, the boat was filled and becoming unmanageable drifted to leeward. The Institution's Life-boat was therefore launched, escorting the fishing-boat safely over the bar, and afterwards ran down under sail to the Coastguard boat, which had been driven a mile and a half to leeward, and towed her back to the harbour.—Expense of service, 11*l.* 5*s.*

Nov. 1.—BLYTH, NORTHUMBERLAND.—*Dalmar* Life-boat.—The Life-boat was launched at 8.45 P.M. in response to signals of distress fired by the s.s. *Breton*, of London, which, while on a voyage from Hamburg for the Tyne, had stranded on the Seaton Carr Rocks while a strong breeze was blowing from S.S.E. The Life-boat was towed by a steam-tug to the entrance of the harbour, then proceeded under oars to the vessel and succeeded in effecting the rescue of her crew, numbering sixteen persons. The steamer was badly damaged, and as she quickly filled with water those

on board were in considerable danger, as the wind was freshening and there was a heavy sea.—Expense of service, 22*l.* 17*s.* 6*d.*

Nov. 1.—PETERHEAD.—*George Pickard* Life-boat.—While a strong gale was blowing from S. by W., accompanied by a heavy sea, a vessel in tow of a tug was observed by the coxswain of the Life-boat and by others. Both vessels were proceeding southward, but when off Keith Inch, Peterhead, they were seen to part company, and the towed vessel, driving in a northerly direction towards the shore, showed signals of distress. In response the Life-boat was launched at about 11.15 P.M., and on reaching her found that her anchors were then holding but that her crew were afraid that they would drag and that the vessel would consequently drift on to the rocks, which were close at hand. The twelve men therefore got into the Life-boat and were safely landed at about 3 A.M. The vessel was a large dismasted screw steamer, the *Seagull*, of London, and was being taken from Glasgow to Sunderland to have her engines fitted.—Expense of service, 23*l.*

On the following morning the master of the *Seagull* was anxious to extricate her from her perilous position, and as a heavy sea was still running, the assistance of the Life-boat was applied for which was promptly given. Taking a number of the crew of the *Seagull* with her and accompanied by the steam trawler *Pioneer*, of Peterhead, the vessel was boarded. With the help of the Life-boat a rope was passed to the trawler, the anchors were slipped, and she was towed into Peterhead harbour, the Life-boat following her.—Property salvage case.

Nov. 2.—HARWICH.—*Springwell* Life-boat.—While a whole gale was blowing from the S.W., accompanied by a very heavy sea, signals were fired by the Cork Light-vessel. At 9.20 A.M. the Life-boat was launched, and being towed by the tug *Spray* to the Cork Sand, found the barquentine *Pactolus* of London, coal laden from the north for Southampton, stranded. The master of the vessel refused all help, although the ship had six feet of water in her hold; but ultimately he gave the crew the option of leaving the vessel, and five of them thereupon got into the Life-boat and were safely taken ashore at 10.15 P.M.—Expense of service, 38*l.* 5*s.*

Nov. 3.—BUCKIE.—*James Sharpe* Life-boat.—While a strong S. gale was blowing, accompanied by a rough sea, the lugger *Welcome Home* was returning to Buckie from fishing, and appeared to be in considerable danger. A large fishing boat went off to her assistance, and after several attempts succeeded in towing her into the harbour, the Life-boat, which had also put off in case further aid should be needed, standing by the boats until they were in safety.

Nov. 3.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—At 11 A.M. the Life-boat was launched in response to signals of distress shown by the barque *Cordillere*, of Buenos Ayres. The vessel's crew had been rescued by the Life-boat on the 1st inst., and when the weather moderated two steam-tugs towed the barque out of her dangerous position near the Bahama Bank. She was leaking badly, her sails had been blown to ribbons, and the weather becoming again stormy, a whole gale blowing from S.S.W., accompanied by a very heavy sea, the tugs were unable to make any headway with her. With considerable difficulty the Life-boat succeeded in rescuing four men who were on board the ship, and then anchored, being afterwards taken in tow by one of the tugs which was returning, having been compelled to abandon the barque.—Expense of service, 17*l.* 10*s.*

Nov. 3.—BULL BAY, ANGLESEY.—*Curling* Life-boat.—The schooner *Harbinger*, of Belfast, having signalled for assistance when about a mile N. of Lynas, the Life-boat put off at 12.54 P.M. in a very heavy sea, a whole gale of wind from S.S.W. and blinding showers of hail and rain, and stood by the vessel, which was dragging her anchors, until the storm had abated and she was able to proceed to the Menai Straits.—Expense of service, 1*l.* 15*s.*

Nov. 3.—FRASERBURGH.—*Anna Maria Lee* Life-boat.—While a gale of wind was blowing from S., accompanied by a heavy sea, intelligence was received that a vessel was in danger of stranding at Rattray Head. Preparations were at once made to launch the Life-boat, but so violent was the wind and sea that it was evident the boat would be unable even to get outside the harbour without the aid of a steamer. The assistance of the steam-trawler *Philorth* was therefore applied for, and in less than twenty minutes that

vessel had the boat in tow, and on reaching the vessel found she was the ketch *Frederick*. She was riding at anchor about a mile from the shore. The Life-boat stood by her for awhile but found she was in no immediate danger, and her crew decided to remain on board. The progress of the Life-boat was watched with intense anxiety by hundreds of people congregated on the piers, the boat being enveloped in broken water during the whole time she was in tow.—Expense of service, 11l. 8s.

Nov. 3.—HILBRE ISLAND.—*Admiral Briggs* Life-boat, and POINT OF AYR, *H. G. Powell* Life-boat.—The schooner *Teaser*, laden with pitch from Queensferry for Swansea, ran aground on South Salsbury Bank in a moderate W. gale and a choppy sea. The Life-boats proceeded to her and remained by her, rendering assistance as she was leaking badly until when the tide rose she floated and was towed to Mostyn by a steam-tug.—Expense of service, 66l. 8s.

Nov. 3.—DOVER.—*Lewis Morice* Life-boat.—While a strong gale was blowing from S.W., accompanied by a very heavy sea, signals of distress were shown in the direction of the light vessel at the pier works. The steam-tug *Lady Vita* at once proceeded to her and found she had shipped some very heavy seas and was leaking. The master requested the tug to return for the Life-boat, which was launched at 7.15 P.M., was towed by the tug to the light ship, and with considerable difficulty took off her crew of nine men and landed them as a precautionary measure.—Expense of service, 30l. 18s.

Nov. 7.—GILES' QUAY, CO. LOUTH.—*Providence* Life-boat.—A steamer being observed aground in a dangerous position on Bower's Bank, while a moderate gale was blowing from S.S.W., with a rough sea, the Life-boat was launched at 7.30 A.M., and found the vessel was the *Warrenpoint* of Newry, bound from Garston for Dundalk with a cargo of coal. At the flood tide the vessel floated and was taken into the river, the Life-boat remaining by her until she was in safety; she had lost her rudder and sternpost. The Life-boat then made for Dundalk and remained there until the weather moderated on the following evening, when she returned to her station.—Expense of service, 20l. 5s. 6d.

Nov. 8.—CAISTER.—*Beauchamp* Life-boat.—This Life-boat saved, in circumstances of considerable difficulty and danger, the crew of eight men from the lugger *Palestine*, of Banff, which, while making for Lowestoft from the fishing-ground, stranded on the Cockle Sand in a strong gale from S.S.W. and a very heavy sea. At 4 A.M. the watchmen at Caister observed signals of distress in the direction of the Sand, followed by signals from the Cockle light-vessel. The Life-boat was launched as soon as possible, and proceeding under storm canvas across the Barber Sand, bore away for the Cockle Sand. By this time the flares had disappeared, but the shipwrecked men had hoisted a small lantern on the mast; this light guided the Life-boat men to the scene of the casualty, and on nearing it the cries of the men shouting for help were distinctly heard. The Life-boat anchored and veered down towards the vessel, intending to pass a rope to her, but the afterpart of the boat touching the ground she became nearly unmanageable, and being struck on the port bow by an enormous sea she was carried directly on to the deck of the wreck which was sunk on the sand, only the fore part being above the water, and to this portion her crew were clinging, being continually drenched by the heavy seas which washed over them. The Life-boat had her bow smashed and received other injuries; but having been got clear of the wreck, a rope was passed to the men, and the boat approached near enough to rescue them. They were in a thoroughly exhausted condition and the master and a boy had a narrow escape, as in jumping from the vessel they missed the boat and fell into the water; but they were grasped by the Life-boat men, and safely taken into the boat. During all these operations, mountainous seas continually broke over the Life-boat. The lugger entirely disappeared ten minutes after the men had been taken off, and it is a fortunate circumstance that they took the precaution to hoist the lantern when the flares went out, as this light, although a small one, was the means of directing the Life-boat men to their assistance, thus avoiding loss of time in searching for them in the intense darkness which prevailed at the time. Having got all on board, the Life-

boat anchored until daylight, when the steam-tug *Gleaner* was signalled for and towed her to Caister, where the men were safely landed. On reaching the boat it was found that the collision with the wreck had seriously damaged her, and she was therefore taken to a shipbuilder's yard at Great Yarmouth, where the necessary repairs were executed.

In recognition of their specially good services on this occasion, an extra reward was granted to the crew of the Life-boat by the Committee of Management of the Institution, and the men had the gratification of receiving from those whom they had rescued, a letter, of which the following is a copy:—

" Mr. JAMES H. HAYLETT,
" Caister-on-Sea,

" Coxswain of the Life-boat *Beauchamp*,

" DEAR SIR,— We, the undersigned, being the crew of the Scotch boat *Pales-tine*, which was wrecked on the Cockle Sand during the night of Tuesday last, gratefully and sincerely tender to you and your brave crew our thanks for the courageous way in which you came to our rescue, and after many dangerous attempts, succeeded eventually in saving one and all of us from a watery grave. We further beg to assure you that we shall remember your heroic services as long as we are spared, and would be much obliged if you would give publicity to this, our thanks, in the *Yarmouth Independent*.

" We are, gratefully yours,
(Signed) GEORGE MAIR,
WILLIAM MAIR,

" For ourselves and remainder of crew."

—Expense of service, 60*l.* 10*s.*

Nov. 8.—WINTERTON.—*Edward Birkbeck* Life-boat.—The dandy *Unity*, of Lowestoft, while returning home from the fishing grounds in a strong gale from S. by W., a heavy sea, and thick weather, stranded about three and a half miles N. of Winterton. The Life-boat was launched at 5.40 A.M., proceeded to the vessel, and after several ineffectual attempts rescued five of her crew, two other men having succeeded in reaching the shore in their own boat. The vessel was half full of water and would probably be a total wreck.—Expense of service, 27*l.*

COMMITTEE MEETING, 9th Nov., 1899.

Voted 30*l.* 10*s.* to pay for assemblies of crews, watching and launches of the undermentioned Life-boats with the view of rendering assistance to those on board vessels in distress:—Anstruther, Blyth No. 2, Bridlington, Dunbar, Dunmore East, Gorleston Nos. 1 and 3, Hythe, New Romney, Plymouth, Port Erin, Port St. Mary, Saltburn, St. Mary's and White-link Bay.

Also 5*l.* to the widow of a man who was for many years a member of the crew of the Lytham Life-boat.

Also 3*l.* to a man injured on Life-boat duty at Workington.

The Silver Medal of the Institution and a pension were awarded to Mr. JAS. WATT, with a Certificate of Service, on his retirement from the post of Coxswain of the Montrose Life-boat.

The Committee granted a pension and Certificate of Service to Mr. JOHN BENN, the retiring Coxswain at Maryport.

The services of the bowman of the Polkerris Life-boat was also recognised by a gratuity on his resignation of office.

Nov. 9.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—In response to signals shown by the barque *Africa*, of Lisbon, bound from Liverpool for Bahia, with a general cargo, the Life-boat was launched at 8.30 P.M. At the request of the master the Life-boat remained by the vessel four hours, when, as the wind, which was blowing from S.E., had increased to a strong gale and there was a rough sea, it was feared that her chains would part, and the crew of fifteen men and a pilot therefore got into the Life-boat and were safely landed at 12.45 A.M.—Expense of service, 34*l.* 1*s.*

Nov. 10.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—Signals having been fired by the St. Nicholas light-vessel, the Life-boat was launched at 5.37 P.M. in a moderate N.N.W. gale, squally weather, and a heavy sea. On getting out of the harbour a flare was seen, and on arriving at the Bell Buoy Shoal, the fishing lugger *Granny Margaret*, of Banff, was found aground and the seas breaking heavily over her; the Life-boat also took the ground several times while going to her. The lugger's

crew of eight men were rescued by the Life-boat, the vessel becoming a total wreck.—Expense of service, 37*l.* 16*s.* 6*d.*

Nov. 10.—ARDROSSAN.—*James Stevens No. 8* Life-boat.—While a strong gale was blowing from W.N.W. accompanied by a very heavy sea information was received stating that a vessel was in danger in Ardnail Bay, about four miles N. of Ardnassan, showing signals of distress. The Life-boat was launched at 10.30 P.M. and proceeded towards the vessel in tow of the harbour steam-tug, but when off Horse Island the bowman, while paying out more cable, became entangled in it and sustained a fractured leg. It was necessary to cut the cable so as to extricate him, and the boat then sailed back to the harbour in order to land the injured man. This was done against his wish, he preferring that the Life-boat should proceed instead to the aid of those on board the distressed vessel. Having landed him and taken another man in his place the boat was again taken in tow by the tug, reached the vessel, and with considerable difficulty succeeded in rescuing her crew of nine men and two women and two children. This was the first service of the new Life-boat, and her behaviour gave the greatest satisfaction to the crew.—Expense of service, 38*l.* 1*s.*

Nov. 11.—PALLING, NORFOLK.—*Hearts of Oak* Life-boat.—The North Hasborough and Would light-vessels having signalled for assistance, the Life-boat was launched, at 6 A.M., while a strong gale was blowing from W.S.W., accompanied by a very heavy sea, and found the fishing vessel *Allard*, of Emden, sunk, and her crew of fourteen men clinging to the masts. Having dropped her anchor the Life-boat veered down to the wreck, and, having obtained communication by means of a line, succeeded in rescuing the crew by hauling them through the water. They were in a greatly exhausted condition and gladly accepted the Life-boat men's offer of the chocolate which is supplied to them for their use when engaged on service for a lengthened period. Additional payment was awarded by the Institution to the crew of the Life-boat in recognition of their good services on this occasion.—Expense of service, 44*l.* 1*s.*

Nov. 11.—NEW BRIGHTON.—*Queen* Steam Life-boat.—While a strong gale

was blowing from W.N.W., accompanied by a heavy sea, the Life-boat, in response to signals of distress, proceeded towards the Crosby light-vessel, and found the barque *Falcon*, of Laurvig, laden with deals from Halifax for Barrow, aground on Taylor's Bank. With considerable difficulty the Life-boat succeeded in getting alongside, and rescued the crew of eight men, but the master refused to leave the vessel. The Life-boat then proceeded to the Crosby light-vessel, and having placed the eight men on board went to the Formby light-vessel to report what had been done. Returning to the Crosby light-vessel she re-embarked the eight men, and again made for the stranded vessel, and ultimately the captain decided to leave her. At that time all the masts had fallen and the ship was full of water and breaking up. The rescued men were landed at New Brighton and were afterwards taken to the Sailors' Home at Liverpool. In recognition of the long time occupied in rendering these services additional remuneration was granted by the Institution to the crew, engineers and firemen of the Life-boat.—Expense of service, 18*l.* 5*s.*

Nov. 11.—LYNMOUTH, NORTH DEVON.—*Louisa* Life-boat.—At the request of the master of the ketch *Herbert*, of Porlock, the Life-boat was launched at 11 P.M., and rendered assistance to that vessel, the sea being too rough for any boat other than a Life-boat to proceed to her. With the help of the Life-boat men the vessel was taken home after a jury mast had been rigged up, her own mast having been carried away in a gale.—Expenses paid by owners of vessel.

Nov. 25.—WHITBY.—*Robert and Mary Ellis* Life-boat.—The Life-boat was launched at 2 P.M., and stood by several fishing cobs, which were returning home, but would encounter considerable danger in crossing the bar, on which a heavy sea was breaking. The Life-boat remained afloat until all the boats had safely crossed, with the exception of one which ran for Runswick.—Expense of service, 16*l.* 4*s.*

Nov. 26.—FILEY.—*Hollon the Second* Life-boat.—The Life-boat was launched at 4.45 A.M., and stood by the steam trawler *Sparta*, of Hull, which had stranded, in a fog and a rough sea, about two-and-a-half miles S. of Filey, until she

floated and was out of danger. The fishermen had launched their boat, previous to the arrival of the Life-boat, with the view of laying out anchors, but the boat was upset and one of the crew unfortunately lost his life.—Expense of service, 37*l.* 6*s.* 9*d.*

Dec. 1.—ST. IVES, CORNWALL.—*Exeter* Life-boat.—A strong breeze having sprung up from N.N.E., accompanied by a choppy sea, the Life-boat was launched at 8.15 P.M., and rendered assistance to two fishing boats which were in danger.—Expense of service, 26*l.* 14*s.*

Dec. 5.—STAITHES.—*Jonathan Stott* Life-boat.—The Life-boat was launched at 1.25 P.M. and stood by two fishing cobles which were in distress in thick weather and a very heavy sea.—Expense of service, 27*l.* 18*s.*

Dec. 5.—SCARBOROUGH.—*Queensbury* Life-boat.—A heavy sea having sprung up and the weather becoming thick while some of the fishing cobles were out, the Life-boat was launched at 5 P.M. and assisted three of the boats, the *Bonny Lad*, *Rescue* and *Irene*, supplying life-belts to some of the crews and giving advice as to the course they should steer.—Expense of services, 27*l.*

Dec. 6.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—The Cross Sand Light-vessel having fired signals the Life-boat was launched at 4.30 P.M., and found the barque *Windsor Castle*, of London, bound from South America for King's Lynn with a cargo of guano, stranded on the East Cross Sand. Some of the Life-boat men boarded the vessel, and eventually she was taken to a safe anchorage. She had a crew of 13 persons. A steam-tug afterwards arrived and towed her into the roadstead, the Life-boat remaining in attendance until noon on the following day.—Property salvage case.

Dec. 7.—HARWICH.—*City of Glasgow* Steam Life-boat.—In response to a call by telephone from Walton-on-the-Naze, stating that part of the crew of a vessel had landed there and reported that help was required, as other members of the crew were on board the Sunk Light-vessel, the Life-boat went out at 12.55 P.M., and found the s.s. *Lambeth*, of London, on the Gunfleet Sands, abandoned. Proceeding to the Sunk Light-vessel the Life-boat found eight of the steamer's crew and a dog on board and brought them ashore,

also towing their small boat. It appeared that the steamer, while on a voyage from London to the Tyne, in ballast, was proceeding down the Swin on the previous night when, the weather being hazy, she collided with another vessel, and finding that the *Lambeth* was leaking, the master ran her on the Gunfleet Sand to prevent her from sinking. She remained there until the following morning, when, as the water in her was increasing the crew took to their two boats, remained near the ship for some time, and finally proceeded to the Sunk Light-vessel. Afterwards the master with six of the crew endeavoured to return to the steamer in one of the boats, but the wind and sea increasing it was found impossible to do so, and they were driven ashore at Walton-on-the-Naze.—Expense of service, 18*l.*

Dec. 7.—BEMBRIDGE, ISLE OF WIGHT.—*Queen Victoria* Life-boat.—At about 7 P.M. during foggy weather, a steamer having been seen stranded on Bembridge Ledge, the Life-boat was launched and found the stranded vessel was H.M.S. *Tyne*. At the request of the officer in command the Life-boat stood by until the tide flowed, and the vessel got off.—Expense of service, 35*l.* 10*s.* 6*d.*

Dec. 8.—GLACTON-ON-SEA.—*Albert Edward* Life-boat.—This Life-boat, which is one of the two Life-boats presented to the Institution by the United Grand Lodge of Freemasons of England in commemoration of the safe return from India of the Most Worshipful Grand Master H.R.H. the Prince of Wales, was launched at 3.5 A.M. in a strong gale from E.S.E. and a heavy sea, in response to signals fired by the Swin Middle light-vessel. On speaking her it was found she was repeating signals from the Mouse light-vessel, and the Life-boat therefore made for her and ascertained that signals of distress had been seen bearing E. by S. Proceeding in that direction the Life-boat found the schooner *Moonlight* of St. Ives, bound from Par for Loudon with china clay, a total wreck, full of water, and her crew of four men lashed to the rigging. They were taken into the Life-boat with difficulty, being in a critical condition, as a result of long exposure, having been in the rigging from 1 A.M. until the arrival of the Life-boat at 7 A.M. Having taken them on board, the Life-boat sailed home with all possible speed, and the rescued

men, receiving proper attention, soon made satisfactory progress towards recovery.—Expense of service, 40*l.* 4*s.* 6*d.*

Dec. 8.—STONEHAVEN.—*Alexander Black* Life-boat.—The Danish schooner *Alma*, bound for Aberdeen, appeared in the offing of Stonehaven Bay, and as she was showing a signal of distress the Life-boat was launched at 11.30 A.M. and proceeded to her. By the time she was reached she had entered the bay and was drifting very close indeed to the rocks, and as a strong gale was blowing from the S.S.E., and there was a heavy sea, she was in a very dangerous position. The Life-boat men warned the master of his danger, and their advice enabled him to save the vessel.—Expense of service, 12*l.* 2*s.* 3*d.*

Dec. 10.—TRAMORE, CO. WATERFORD.—*Henley* Life-boat.—While a strong gale was blowing from S.S.E. accompanied by a heavy sea and thick weather, the schooner *Unicorn*, of and for Ballyhack, laden with coal from Cardiff, stranded off Tramore. At 9.30 A.M. the Life-boat was launched and attempted to reach the vessel but was driven back three times. Meanwhile communication with the vessel had been obtained by the rocket apparatus, and with the assistance of the whip she succeeded in getting alongside and rescued the crew consisting of four men who were in an exhausted condition.—Expense of service, 21*l.* 12*s.* 6*d.*

The places of two of the crew of the Life-boat who did not arrive in time to go out in the boat were taken by Dr. C. Ambrose and Mr. E. O'S. Wardell, Hon. Secretary. These gentlemen were specially thanked by the Institution for the kind assistance thus rendered.

Dec. 13.—FILEY.—*Hollon the Second* Life-boat.—The Life-boat was launched at 10 A.M. and remained afloat until 2 P.M. attending several fishing cobbles which had been overtaken by a strong gale from S. by E. and thick weather, rendering it dangerous for them to return to the shore.—Expense of service, 16*l.* 7*s.* 6*d.*

Dec. 13.—PADSTOW.—*James Stevens*, No. 4 Steam Life-boat.—The boat *Harriet Ann* which had been fishing outside the harbour was unable to return, a strong S.E. gale having suddenly sprung up accompanied by a rough sea. She was closely watched, and later on was reported to be in danger of foundering. The Life-

boat left her moorings at 11.20 P.M., and on arriving alongside the boat found her crew of two men benumbed with cold. They were taken into the Life-boat and their boat was towed safely into the harbour.—Expense of service, 12*l.* 8*s.*

COMMITTEE MEETING, 14th Dec., 1899.

The Committee expressed their deep sympathy with the relatives of six of the crew of the Aldeburgh Life-boat, who unfortunately were drowned in consequence of the capsizing of the boat while on service in an E.S.E. gale on the 7th December. The boat, which is a large non-self-righting sailing Life-boat of the Norfolk and Suffolk class, was struck by a heavy curling breaker, which fell on her broadside, forcing the starboard gunwale under water and capsizing her. She then drifted ashore, and the six men were imprisoned underneath her, it being impossible to raise the heavy boat sufficiently to extricate the men in time to save their lives. The sum of 1000*l.* was granted by the Institution in aid of the fund raised locally for the relief of the widows and other dependents of the deceased men, and in addition the expenses in connection with the funerals were defrayed.

Voted also 939*l.* 6*s.* 1*d.* to pay for launches, watching or assemblies by the crews of the following Life-boats with the view of assisting vessels in distress:—Aldeburgh, Caister Nos. 1 and 2, Dunbar, Dungeness No. 2, Formby, Gorleston No. 1, Harwich No. 1, Hayle, Hythe, Kessingland No. 1, Kingsdowne, Llanddwyn, Margate Nos. 1 and 2, Moelfre, Palling Nos. 1 and 2, Peterhead, Port Eynon, Port Patrick, Rhoscolyn, Rhosneigir, Runswick, Southend-on-Sea, Southwold No. 1, Swansea, Thorpeness, Tynemouth No. 2, Watchet, Winterton No. 2, and Great Yarmouth. The Ramsgate Life-boat was taken out, but her services were not ultimately needed.

Also 3*l.* to three of the crew of the Staithes Life-boat, who were injured while on service.

Dec. 14.—ARBROATH.—*William Souter* Life-boat.—At about 8 P.M. four fishing boats, the *Mary Anne Smith*, *Maggie*

Smith, Aurora, and Father and Sons, returning from the fishing grounds made several attempts to cross the bar, but their efforts were frustrated by the heavy seas. A light was shown at the harbour entrance to warn the boats not to attempt to get in without assistance, and the Life-boat was launched, proceeded to the bar, and remained there until all the boats had safely crossed and had entered the harbour.—Expense of service, 27*l*.

Dec. 16.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—Signals of distress being shown by the schooner *Ruby*, of Aberystwyth, bound from Liverpool for Stranraer with a general cargo, which was riding heavily about a mile E. of the harbour, in a moderate S.E. gale and a heavy sea, the Life-boat was launched at 10.30 P.M. and rescued the vessel's crew of four men.—Expense of service, 33*l*. 8*s*.

Dec. 20.—FERRYSIDE, CARMARTHEN BAY.—*City of Manchester* Life-boat.—Signals of distress having been reported, the Life-boat was launched at 8.50 A.M., proceeded through a moderate sea, a moderate breeze blowing from S.E. and the weather being thick, and found the barque *Craigwhinnie*, of and from Calcutta for Hull with a cargo of linseed, stranded on Cefn Sydan Sands. The Life-boat took off the master and fifteen hands, the chief and second officers remaining on board hoping the vessel would be got off at the next tide. At about 6 P.M., at the request of the captain the Life-boat returned to the ship and stood by her when the tide made, and at 10 P.M. the boat returned to her station, bringing the two officers who had abandoned the ship, it being feared that her masts would go by the board. Expense of first service, 14*l*. 14*s*.; expense of second service, paid by owner of vessel.

Dec. 23.—NEWBIGGIN.—*Robert and Susan* Life-boat.—The steam trawler *Bauline*, of Sunderland, returning home from fishing, stranded about half a mile N. of Newbiggin Point. A light N.W. wind was blowing at the time, the weather was thick and there was a heavy surf. The Life-boat was launched at about 6.15 A.M., and remained by her until daylight, when, as she was in no immediate danger, the rocks upon which she had first struck and over which she had been driven, forming a shelter for her, and the tide ebbing, the Life-boat returned to her

station, the fishermen remaining on board their vessel. Expense of service, 29*l*. 9*s*. 6*d*.

Dec. 24.—HAUXLEY.—*Algernon and Eleanor* Life-boat.—The Life-boat was launched at 4 A.M., while a moderate gale was blowing from S. and proceeded to the Bondicar Reef, where the s.s. *Mimi*, of and from Kiel for Burntisland, in ballast, was stranded. Two anchors were run out to steady the vessel, and endeavours were made to get her off the rocks, the Life-boat remaining on the sand ready for use until the following morning.—Property salvage case.

Dec. 24.—WINTERTON.—*Margaret* Life-boat.—Signal guns being heard and a message being received by telephone from the North Hasborough light-vessel stating that a three-masted schooner was stranded on the sand, the Life-boat was launched at 4.30 P.M. A fresh breeze was blowing from N.W. by W., there was a heavy ground swell and the weather was hazy. On reaching the sand the Life-boat men burnt flares, but were unable to get any response and therefore made for the lightship and found she had just been boarded by a shipwrecked crew who had arrived in their boat. The five men were taken into the Life-boat and reported that their vessel, the *Cambrian*, of Swansea, bound from the Tyne for Exeter with coal, had been totally wrecked on the lower middle part of the Hasborough Sand. On her way back to her station flares and rockets were fired by a vessel on the middle part of the sand and the Life-boat proceeded to her. She was found to be the s.s. *Sybil*, of and for London, from Dantzic, laden with timber and manned by a crew of nineteen persons. The services of the Life-boat men were engaged to help to get her off the sand; some of the cargo was thrown overboard and with the assistance of a steam-tug she was got off and was enabled to resume her journey, two of the Life-boat men accompanying her.—Expense of first service, 33*l*. 15*s*.; second service, property salvage case.

Dec. 27.—RAMSGATE.—*Bradford* Life-boat.—In response to signal guns from the North Goodwin and Gull light-vessels, the Life-boat in tow of the steam-tug *Aid* left the harbour at 8 A.M. and found the barque *Anny*, of Rostock, from Hamburg for Valparaiso, with a general cargo, stranded inside the north buoy,

Goodwin Sands. A moderate wind was blowing from the N., the sea was moderate and the weather foggy. The services of the steam-tug, Life-boat men and the crews of two Deal boats having been engaged to get the vessel off, an anchor was laid out, about thirty tons of the cargo were jettisoned, and eventually the ship was got off the sands, was towed by the *Aid* to the Downs and safely anchored.—Property salvage case.

Dec. 27.—SWANSEA.—Reserve Life-boat temporarily placed at the station. The s.s. *Pender*, of and from Bridgwater for Neath, with pitwood, stranded in Limeslade Bay in a heavy S.E. gale, a very heavy sea and a thick fog. The Life-boat was launched at 8.55 P.M., and at the request of the master remained by the vessel until she floated.

Dec. 28.—SOUTHWOLD.—*Alfred Corry* Life-boat.—The brigantine *Economy*, of Harwich, coal laden, from Sunderland for Mistley, showed signals of distress while a strong gale was blowing from S.E. by S. accompanied by a very heavy sea and hazy weather. The Life-boat put off to her assistance at noon and found the vessel had lost her fore-topmast and was drifting on to the shoal. Endeavours were made to save her, but they were ineffectual, and she drove on shore at Covehitheness and became a total wreck, her crew of four men being rescued by the Life-boat.

Dec. 28.—PORT PATRICK.—Temporary Life-boat.—A snowstorm came on suddenly with squalls of wind and thick weather, the wind increasing to a fresh gale from E.S.E., with a moderate sea. Darkness was setting in and great anxiety was felt respecting two fishing-boats which had gone to the fishing-grounds, seven miles N. of the harbour, in the morning. At 4 P.M. the Life-boat went out and soon afterwards one of the boats came in and reported that the last seen of the other boat was at the fishing-ground. Proceeding in a N. direction the Life-boat fell in with the second boat, the *Irex*, off Blackhead, two miles from Port Patrick harbour, took her in tow and placed her safely in the harbour at 6 P.M.

Dec. 29.—THURSO.—*Co-operator No. 3* Life-boat.—The three-masted schooner *Miss Beck*, of and from Carnarvon, bound for Newcastle with slates, was anchored in an exposed position in Scrabster Roads

when a strong E.N.E. gale sprung up, accompanied by a rough sea. Fearing that her chains would part, the master signalled for assistance, and at 7 P.M. the Life-boat was launched, and brought ashore the crew of four men as a precautionary measure.

Dec. 29.—DUNGENESS.—*Thomas Simcox* Life-boat.—The Life-boat was launched at midnight and proceeded to the s.s. *Pelotas*, of and from Hamburg, bound for South America with a cargo of coffee, which had stranded in a strong S.W. gale and a heavy sea. At the request of the master, the Life-boat stood by the ship until daylight, landing at Littlestone at about noon and returning to her station on the following day.

Dec. 30.—NEW BRIGHTON.—Steam Life-boat *Queen*.—Signals of distress being seen in the direction of Burbo Bank, the Life-boat left her moorings at 12.30 A.M., while a moderate gale was blowing from W.N.W., accompanied by a rough sea, and found the s.s. *Highland Laird*, of and for Liverpool from Buenos Ayres, with a general cargo and cattle, stranded on the bank. At the request of the master the Life-boat proceeded with one of the ship's officers to Liverpool landing stage to obtain the services of a steam-tug and took him back to the vessel at 4 A.M. At that time a rocket being fired by the Formby Light-vessel the Life-boat went towards her and found the steamer *Albatross* bumping heavily over Taylor's Bank. The Life-boat stood by her until she got off the bank and was found watertight, and then returned to the *Highland Laird* and remained by her until she floated at 7.30 A.M.

Dec. 30.—DOVER.—*Lewis Morice* Life-boat.—At 11.45 P.M. the Life-boat was launched, signals of distress having been fired by the light-vessel at the pier works. A W. wind was blowing at the time; there was a moderate sea and the weather was foggy. The lightship, it was found, had been run into by a large steamer, and having been damaged in her side, her crew would have been in considerable danger had the weather become rougher. The Life-boat stood by until 8.30 in the following morning, and the lightship was towed into the harbour by a tug.

Dec. 30.—WALMER.—*Civil Service No. 4* Life-boat.—While a heavy gale was blowing from W.S.W., accompanied by a

heavy sea, the South Sand Head light-vessel broke from her moorings. At about 9 A.M. the Life-boat proceeded to her assistance in tow of the Dover harbour tug. Having veered alongside, the Life-boat men were asked to remain by until the Trinity House tender, which was in sight, came up. Three tugs and the Trinity steamer arrived, but were unable to get near the light-vessel, and as she was drifting into broken water, her crew of seven men were taken into the Life-boat, which then sailed clear of the broken water, was towed by the Dover

tug close to her station, and sailed to the shore.

Dec. 31.—Voted 307l. 3d. to pay the expenses of assemblies, watching and launches with the view of assisting the crews of distressed vessels by the following Life-boats:—Broadstairs, Cresswell, Dover, Holyhead (Steam Life-boat), Holy Island No. 1, Kirkcudbright, Newbiggin, North Berwick, Palling No. 2, Runswick, Tynemouth No. 2, Uppang, Walton-on-the-Naze, Wexford, Whitby, Whithorn, Great Yarmouth and Youghal.

Nov. 9.—Voted the thanks of the Institution, inscribed on vellum, and 1l. to Mr. WILLIAM LILLEY, for assisting to rescue two persons from a small yacht which having dragged her anchor struck the pier at Southend-on-Sea, capsized and sunk, in a strong breeze from W.N.W. and a moderate sea, at about 4 a.m. on the 10th September. William Lilley, who is employed as pierhead-man, lives at the head of the pier, which is about a mile and three-quarters long. Hearing cries of distress, he at once got up from his bed and, assisted by a sergeant of the Metropolitan Police who was staying with him, lowered a boat, and, with the help of a man who put off in another boat from a yacht, succeeded in rescuing the owner of the sunken boat and his wife. His sister and daughter, who were on board, were unfortunately drowned. There was no risk incurred in effecting the rescue so far as the sea is concerned, but Lilley was suffering from the effects of influenza at the time, and as a result of rendering this service he was for some time dangerously ill with rheumatic fever. Two other men succeeded in reaching the land, but the third man (the assistant coxswain of the Life-boat), was apparently sinking for the last time when saved by Mr. Stracey, who incurred considerable risk in effecting the rescue. A strong S.S.W. gale was blowing at the time. Grants amounting to 3l. 14s. 2d.

were made to the three men in consideration of exposure they incurred on the occasion.

Also the thanks of the Institution, inscribed on vellum and framed, with the sum of 1*l.* each to Messrs. The sum of 5*s.* was awarded to another pilot who assisted in the first part of the operations, but did not go off in the boat when she rescued the men, the others being a sufficient number to form a crew for her.

Also the thanks of the Institution inscribed

on vellum and framed, and 2*l.* to Mr. RICHARD VERRILL for wading into the sea, at considerable risk, it being pitch dark at the time, and saving the coxswain of the Staithes Life-boat, who was in danger of being drowned at Runswick, on the 5th December. 10*s.* was awarded to another man who rendered service on the occasion; and thanks were accorded to Dr. J. B. LAVERICK, Hon. Secretary of the Institution's Staithes and Runswick Branch, for the kind assistance given by him on the occasion.

Also a binocular glass to Captain WILLIAM ESCOTT, and aneroid barometers, all bearing suitable inscriptions, to Captains ALFRED WEDLAKE, ALFRED NICHOLAS, SIMON NICHOLAS, and JAMES DAVIS, for putting off in a boat, and at considerable risk, saving the crew of two men from the fishing boat *Rosalie*, of Minehead, which was in distress off Watchet, in a moderate gale from N.W., and a very heavy sea on the 10th November.

THE

MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,

FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. WYON." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. Wyon, Mint." Inscription, "Let not the deep swallow me up."

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1896, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Clasps granted by the Institution is 1,253, 99 of which were in Gold, and 1,154 in Silver.

Notes.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G.^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a Life-boat man's life-belt are—

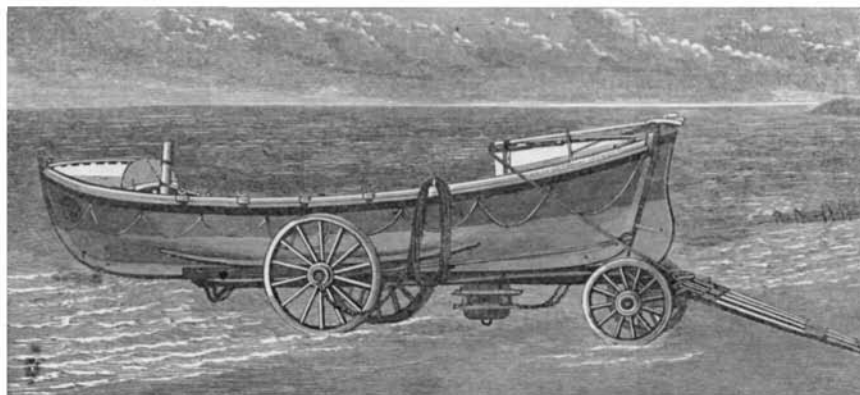

1. Sufficient extra buoyancy, 22 lbs., to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 290 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on following pages.)

The following drawings show the general outline and principal fittings of the different types of Life-boats used in the Institution's service. Figure 1 gives the profile or broadside view. Fig. 2 the "plan" or deck view. Fig. 3 the "body plan," showing the form of transverse vertical sections at regular intervals in the length; and Fig. 4 the "midship section." The festooned lines on the Fig. 1 profile views represent outside lifelines for men in the water to catch hold. The blackened portion of the keel indicates "iron keel" ballast in distinction from "water ballast" carried in "tanks" or compartments provided in the hold for the purpose, and admitting of being taken in or pumped out at pleasure; both "iron" and "water ballast" are variable and optional in the several boats according to the special circumstances of the different stations and wishes of the coxswains and crews.

Water shipped on deck by seas breaking over the boat and otherwise, is automatically freed through the holes in the deck and bottom of boat, connected by large pipes called "relieving tubes" having valves called "relieving valves" fitted at the deck, which pass water downwards but not upwards. Some boats, such as the "Norfolk and Suffolk" type, have also freeing scuppers in the sides of boat above deck for the same purpose. Enclosed compartments are automatically ventilated by specially designed valves and pipes. Most of the boats have "centre boards" or "drop-keels" of variable size and weight, which can be used at pleasure and materially add to their weather qualities.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger sizes, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be. In addition to its ordinary use, a carriage is of immense service in launching a boat from a flat beach; while "Tipping's plates," with which the main wheels are sometimes clad, greatly facilitate the transport of the boat over the long stretches of soft sand which have to be traversed before deep enough water is reached to float the boat.

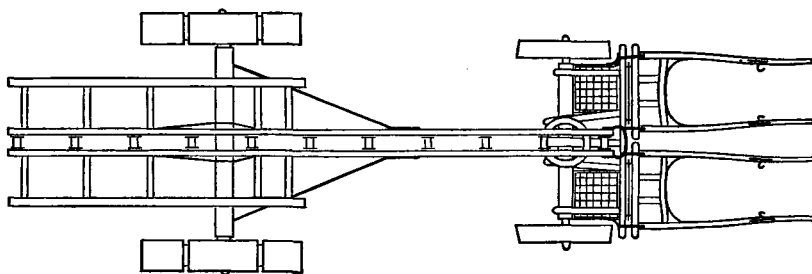

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum, and payment as a helper each time he is on duty. The members of the volunteer crews are registered and, wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or Coastguardmen. On every occasion of going afloat to save life, the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. It should be specially noted that the Life-boat crews, excepting when remunerated by the owners of vessels for property salvage service, are paid by the Institution for their efforts, *whether successful or not*, in saving life. These payments are increased by *one half* during the six months of each year beginning the 1st October, and ending the 31st March. The Institution also grants retiring allowances to Coxswains, Bowmen and Signalmen of good behaviour and long service.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a Coastguard man on duty or other responsible look-out man.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The formation of a Life-boat Station costs considerably more than 1,000*l.*, and the Annual Expense of maintaining it is about 125*l.*—in many instances much more.

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 290 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has granted rewards for the saving of 41,842 lives, either by its Life-boats or by other means.

Despite, however, this fleet of 290 Life-boats, and of 15 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that between 500 and 600 lives are lost annually on or near the coasts of the United Kingdom alone, as shown by the Board of Trade Returns, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs an income of at least 80,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

ROYAL NATIONAL LIFE-BOAT INSTITUTION.

Supported by Voluntary Contributions.

GALLANT LIFE-BOAT SERVICES IN 1899.

GORLESTON, SUFFOLK.

At about 12.5 a.m., on the 30th September, 1899, the Coastguard on duty reported to the Coxswain of the Life-boat that a vessel was showing signals of distress off Great Yarmouth. At the time a whole gale was blowing from S.E., the sea was very heavy, the weather was thick and rain was falling. The crew of the Life-boat *Mark Lane*, belonging to the ROYAL NATIONAL LIFE-BOAT INSTITUTION, were summoned, and a message for a steam-tug was despatched by telephone; but it was ascertained that one could not be obtained until daylight. The boat then attempted to sail out, but was driven back, and therefore made for Yarmouth. Having succeeded in there obtaining the services of a tug she proceeded in tow to the vessel, and found her to be the schooner *Lorne*, of Aberystwyth, bound from Yarmouth for London, in ballast. She was riding very heavily, dragging her anchors, and her windlass was broken. She had left Yarmouth two days previously, but had been compelled to put back through stress of weather. Her crew of four men were taken into the Life-boat, which was then towed to a windward position to enable her to sail back to her station. The Life-boat men stated that the sea on the bar and for half-a-mile out was the heaviest they had ever experienced. In returning, with the drogue out, the sails furling down to a goose-wing, and the forward ballast-tanks empty, one terrible sea pooped the boat; every man on board was under water and it was estimated that the boat—the behaviour of which they warmly praised—was carried by that sea a distance of at least two hundred yards.

CAISTER, NORFOLK.

On the 8th November, the Life-boat *Beauchamp*, which also belongs to the ROYAL NATIONAL LIFE-BOAT INSTITUTION, saved, in circumstances of considerable difficulty and danger, the crew of eight men from the lugger *Palestine*, of Banff, which, while making for Lowestoft from the fishing-ground, stranded on the Cockle Sand in a strong gale from SSW. and a very heavy sea. At 4 a.m., the watchmen at Caister observed signals of distress in the direction of the Sand, followed by signals from the Cockle Light-vessel. The Life-boat was launched as soon as possible, and, proceeding under storm canvas across the Barber Sand, bore away for the Cockle Sand. By this time the flares had disappeared, but the shipwrecked men had hoisted a small lantern on the mast; this light guided the Life-boat men to the scene of the casualty and on nearing it the cries of the men shouting for help were distinctly heard. The Life-boat anchored and veered down towards the vessel, intending to pass a rope to her, but the after part of the boat touching the ground put her nearly out of control, and being struck on the port bow by an enormous sea, she was carried directly on to the deck of the wreck which was sunk on the sand, only the fore part being above the water, and to this portion her crew were clinging, being continually drenched by the enormous seas which washed over them. The Life-boat had her bow smashed and received other injuries; but having been got clear of the wreck, a rope was passed to the men, and the boat approached near enough to rescue them. They were in a thoroughly exhausted condition and the master and a boy had a narrow escape, as in jumping from the vessel they missed the boat and fell into the water; but they were grasped by the Life-boat men, and safely taken into the boat. During all these operations, mountainous seas continually broke over the Life-boat. The lugger entirely disappeared ten minutes after the men had been taken off, and it is a fortunate circumstance that they took the precaution to hoist the lantern when the flares went out, as this light, although a small one, was the means of directing the Life-boat men to their assistance, thus avoiding loss of time in searching for them in the intense darkness which prevailed at the time. Having got all on board, the Life-boat anchored until daylight, when the steam-tug *Gleaner* was signalled for and towed her to Caister, where the men were safely landed. On beaching the boat, it was found that the collision with the wreck had seriously damaged her, and she was therefore taken to a shipbuilder's yard at Great Yarmouth, where the necessary repairs were executed.

In recognition of their specially good services on this occasion, an extra reward was granted to the crew of the Life-boat, by the Committee of Management of the Institution, and the men had the gratification of receiving from those whom they had rescued, a letter, of which the following is a copy:—

"MR. JAMES H. HAYLETT,
Caister-on-Sea,

Coxswain of the Life-boat *Beauchamp*,

"DEAR SIR,—We, the undersigned, being the crew of the Scotch boat *Palestine*, which was wrecked on the Cockle Sand during the night of Tuesday last, gratefully and sincerely tender to you and your brave crew our thanks for the courageous way in which you came to our rescue, and after many dangerous attempts succeeded eventually in saving one and all of us from a watery grave. We further beg to assure you that we shall remember your heroic services as long as we are spared, and would be much obliged if you would give publicity to this, our thanks, in the *Yarmouth Independent*.

"We are, gratefully yours,
(Signed) GEORGE MAIR,
WILLIAM MAIR,
For ourselves and remainder of crew."

APPEAL.

THE COMMITTEE OF MANAGEMENT have to state that during the past year (1899) the ROYAL NATIONAL LIFE-BOAT INSTITUTION expended £69,195 on its 290 Life-boat Establishments.

GENERAL SUMMARY OF THE WORK OF THE INSTITUTION DURING 1899.

	£	s.	d.
Number of Lives rescued by Life-boats, in addition to 20

vessels in distress and lightships	501
Number of Lives saved by Shore-boats, &c.	103
Amount of Rewards granted during the year	10,219	8 5
Honorary Rewards:—Silver Medals and Clasps	8
Binocular Glasses	8
Aneroid Barometers	5
Votes of Thanks on Vellum	31
Certificates of Service	12
Total	64	609	£10,219 8 5

The number of Lives saved either by the Life-boats of the Society, or by special exertions for which it has granted rewards since its formation, is 41,842. The rewards and recognitions granted by the Institution in the same period comprise 98 Gold Medals and Clasps, 1,181 Silver Medals and Clasps, 289 Binocular Glasses, 15 Telescopes, 24 Aneroid Barometers, 1636 Votes of Thanks, inscribed on vellum and framed, 116 Certificates of Service framed, and £200,686 in money.

The Committee earnestly appeal to the British Public for Funds to enable them to maintain their 290 Life-boats now on the Coast and their Crews in the most perfect state of efficiency. This can only be effected by a large and permanent annual income. The Annual Subscriptions, Donations and Dividends are quite inadequate for the purpose. The Committee are confident that in their endeavour to provide the brave Life-boat men, who nobly hazard their lives in order that they may save others, with the best possible means for carrying on their great work, they will meet with the entire approval of the people of this the greatest maritime country in the world, and that their appeal will not be made in vain, so that the scope and efficiency of our great Life-saving Service, of which the Nation has always been so proud, may not have to be curtailed.

Annual Subscriptions and Donations are earnestly solicited, and will be thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADELPHI, LONDON; by the Bankers of the Institution, Messrs. COUTTS and Co., 59 Strand; and by all the other Bankers in the United Kingdom.—1st May, 1900.
