OF THE

Royal National Life=boat Institution.

(ISSUED QUARTERLY.)

VOL. XVI.—No. 184.]

1ST MAY, 1897.

[PRICE 1s.

At the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE=BOAT INSTITUTION, held at St. Martin's Town Hall, Charing Cross Road, on Saturday, the 27th day of March, 1897, The Right Hon. G. J. GÖSCHEN, M.P., First Lord of the Admiralty, in the Chair, the following Report of the Committee was submitted and adopted:—

ANNUAL REPORT.

1897.

THE important life-saving work of the ROYAL NATIONAL LIFE=BOAT INSTITUTION has been earnestly and actively carried on during the past year, and every effort has been made to maintain, increase and secure the efficiency of the service. The Committee, while thankfully acknowledging the valuable help they have received from the Public in the past, hope that they may be encouraged by similar co-operation in the coming year, and that in view of the improvement which has of late been manifested in the general trade of the country, better times are in store not only for all classes of the community, but also for the great Institution for which they plead.

Life-boats.—The Institution has established new stations during the past year at Carrickfergus, Formby, Port St. Mary, and Rosslare Harbour, a Life-boat fully equipped and of the type most suitable having been supplied to each. A new station is also in the course of formation at Rhos (Colwyn Bay).

In addition to these four new stations which were established and equipped, ten other stations were supplied with new Life-boats, the coxswains and crews having in each instance been fully consulted as to the type and dimensions of the boat they would be called upon to use. The stations to which these new boats were sent to take the place of obsolete, unsuitable, or worn-out boats were:—

ISLE OF MAN.

Castletown	Douglas No. 2.

The boats at three other stations were also during the year improved and brought as far as possible up to date, and a

similar course will be adopted with others as circumstances permit.

A steam Life-boat being built for the Institution by Messrs. Thornycroft, of Chiswick, will shortly be placed at New Brighton. The larger proportion of the cost of the boat has been raised by the Port of Liverpool Branch of the Institution. She is to be named *The Queen* in commemoration of the completion of the sixtieth year of the reign of Her Gracious Majesty, the Patron of the Institution.

In 1896 the Committee withdrew one of the Life-boats from Douglas, Isle of Man, the large sailing Life-boat recently stationed there being, in their opinion, well able to do all the work now required in the vicinity of the station. The large sailing Life-boat which had been placed at Beaumaris as an experiment has also been withdrawn, the new boat which has been sent to Penmon meeting fully the requirements of the Menai Strait and the immediate neighbourhood. One of two Life-boats at Selsey has likewise been withdrawn for a similar reason, and the stations at Dartmouth, Kimeridge and Sillioth have been closed; local circumstances rendering it unnecessary to incur the expense of maintaining them.

There were 298 Life-boats belonging to the Institution on the coast at the close of 1896.

Transporting Carriages.—New transporting carriages have been supplied during the year to eighteen stations, and others are being built and will be despatched to the coast as soon as possible.

Tipping's Plates.—The launching arrangements at five stations have been rendered more efficient by being furnished with these very useful plates, which have fully justified their introduction into the service.

Inspection of Life-boats, &c.—All the Life-boats of the Institution on the coast have been thoroughly inspected by the

Officers appointed for the purpose during the past year, and the majority of them on two or more occasions. A full report of each visit has been submitted to the Committee for their consideration and information. The system of surprise visits, introduced two years ago, has been continued with satisfactory results.

Shipwrecks.—The last three years have been somewhat remarkable for the absence of any long continuance of stormy weather, and the year 1896 proved to be one of the calmest years experienced during the last decade. Whole weeks passed without a single Life-boat being launched on service, and it was only, speaking generally, in the early and closing months of the year that the services of the Life-boats and their crews were specially called for. It is gratifying however to know that when the storm raged, making havoc on land and spreading desolation at sea, there was no hanging back on the part of the Life-boat crews, who, braving the tempest, gallantly rescued many a shipwrecked mariner from a watery grave.

The heaviest gales of the year occurred on the 25th of September and the 8th of October. During the first of these gales twenty-five Life-boats were launched on service, resulting in the saving of twenty-four lives and the landing of eight other persons from vessels in distress as a precautionary measure; whilst during the second, seventeen Life-boats were launched on service, resulting also in the saving of twenty-four lives and the landing of thirty-nine other persons from vessels in dangerous positions. An enormous amount of damage was done, particularly on the west coast, to the Life-boat houses, stages, slipways, &c., during these two gales, entailing a very heavy pecuniary loss on the Institution. The tide which accompanied the gale of the 8th of October was alleged to have been the highest, in many places, on record.

The Committee have to report with thankfulness that, notwithstanding the

thousands of their Life-boat men who were afloat in the Life-boats during the year, only one lost his life on service, and that from an accident not due in any way to the Life-boat, but unfortunately, it is to be feared, to an error of judgment on the part of the poor fellow who had divested himself of his life-belt and fell from the side of a vessel he was endeavouring to board.

The number of lives for the saving of which the Institution granted rewards in 1896 was 461; of which number 312 were rescued by Life-boats, and 149 by shore-boats and other means. On other occasions the crews were assembled for service 50 times, their services not being ultimately required. The details of the services during each month of the year are as follows:—

Rewards.—The rewards granted by the Institution last year for the saving of life from shipwreck on the coast, or for efforts to do so, and in recognition of other good services rendered to the Society, comprised 1 Gold Medal, 5 Silver Medals, 9 Binocular Glasses, 4 Aneroid Barometers, 39 Votes of Thanks inscribed on vellum and framed, 6 Certificates of Service framed, and 10,616*l.* 18*s.*, including grants to relatives of men lost on service and compensation for injuries received in the Service.

At the close of the year the Institution had bestowed altogether in rewards since 1824, 99 Gold Medals and Gold Clasps, 1,154 Silver Medals and Clasps, 266 Binocular Glasses, 15 Telescopes, 13 Aneroid Barometers, 1,558 Votes of Thanks inscribed on vellum and framed, 63 Certificates of Service framed, and 169,546*l.* 5*s.* 6*d.* in money.

Aneroids.—Many of these very useful and reliable instruments were in 1896 supplied by the Institution, at about a third the retail price, to Masters and Owners of Fishing-boats and small Coasters. Of the 144 instruments so supplied, 114 went to Fishermen and

30 to Coasters. The total number provided by the Institution since June 1882 has been 3,753.

Removal of Wrecks.—Several wrecks in non-navigable waters which were dangerous to the Life-boat crews when discharging their life-saving duties, were removed by the Elder Brethren of the Trinity House, and other authorities during the past year, this being done under the useful provisions of the Removal of Wrecks Act 1877, Amendment Act 1889, passed through Parliament as the result of the exertions of the Institution.

Electrical Communication on the Coast.—Further progress was made last year in the very important system of Electrical Communication on the Coast for Life-saving purposes, taken in hand by the Government in 1892, at the instance of the Institution. The Royal Commission is still continuing its labours, and thanks to their efforts and to the energy displayed by the Officials of Her Majesty's Post Office, it is earnestly hoped that, provided the Treasury can be persuaded to grant the necessary funds, the system will ere long be complete. Such a system as that contemplated cannot fail to prevent loss of life, and will possibly at no distant date be also found to conduce in no small degree to the commercial interests of the country.

Local Committees, &c.—The best thanks of the Committee are due to all the Local Committees, their Honorary Secretaries and Treasurers, for their much needed and valued services in raising funds for the cause, and their aid in maintaining the Life-boat stations in efficiency. The Committee fully appreciate the fact that, were it not for the important voluntary help received by the Institution in all parts of the country, it would be practically impossible to carry on the work.

The thanks of the Committee are also due to the many patentees and inventors

who have been good enough to submit their proposals and suggestions to the Institution, trusting that they might be utilised for the purposes of the Institution. The Committee are at all times very grateful for any suggestions from any source which may be the means of increasing efficiency.

Life-boat Saturday.—The Life-boat Saturday Fund has developed in a remarkable manner during the past year. Not only has the Ladies Auxiliary of the Fund been favoured and helped by H.R.H. THE DUCHESS OF YORK graciously accepting the post of President of the Auxiliary, but the Fund generally, notwithstanding obstacles and difficulties, has gained ground and prospered. The greatest enthusiasm in the work continues to be shown by the Local and District Committees, and the Central Committee of the Fund, composed of Life-boat Saturday representatives from all parts of the country and which has its office in London, is to be congratulated on the success which has attended the first year of its existence. The number of cities and towns in the United Kingdom which held Life-boat Saturday demonstrations or made Life-boat Saturday collections in 1895 was seventy-four, whereas in the past year the number was increased to one hundred and three, and of this total fifty-three had never moved in the matter before. While some of the cities and towns propose to renew their efforts annually others will do so biennially. The excellent work done by the Central Committee of the Fund during its first season of office argues well for the future, and there is no doubt that under its fostering care the movement has been carried on and extended on more economical lines than formerly was the case. London for the first time participated in the Life-boat Saturday movement last spring, but owing to the short time allowed for making the necessary preparations only twelve out of the eighty districts into which the metropolis has been divided were worked. The results, however, were

very encouraging, and it is expected that this year London will take its proper place among the Life-boat Saturday collections. The Committee are most grateful to all the kind friends throughout the country who have worked so well and with such self-denying enthusiasm, their special thanks being perhaps due to the ladies.

Finances.—The receipts for the past year in subscriptions, donations, dividends, &c., including the amount received from the Life-boat Saturday Fund, were 74,587*l.* 19*s.* 4*d.*, the largest amount received under the head of ordinary income in any year since the Institution was founded in 1824. Large however as this total was, it was insufficient to meet the expenditure for the year, and a considerable draw was made on the "Trust Funds Capital Account."

Numerous legacies, the details of which will be found in another part of the Report, were also received by the Committee during the year, and have been and will be of great service in helping to maintain the Institution's work.

The total expenditure for the year 1896 amounted to 78,664*l.* 5*s.* 7*d.* and comprised 27,511*l.* 10*s.* 10*d.* for building, equipping, improving and repairing Life-boats and Life-boat Carriages, Life-boat Houses and Slipways; 17,099*l.* 8*s.* 5*d.* for Life-belts and other Stores, the Storeyard, Subsidies to non-self-supporting Stations, Branch Payments, and Aneroids for Fishermen and Coasters; 27,087*l.* 6*s.* 11*d.* for payments to Inspectors, Coxswains, Bowmen,

Signalmen; to Crews, &c., for Services and for Exercising the Life-boats, Special Rewards and Recognitions for Services, Grants to the Relatives of Men lost on Service, and for Injuries, also for Medals and Vellums. The remainder was expended in Printing, Advertising, Postage, Telegrams and Stationery; on Salaries, Rent, Rates, Taxes, Housekeeper, &c. Every item of receipt and expenditure has, as usual, been examined, verified and passed by Mr. LOVELOCK, of the firm of Messrs. LOVELOCK, WHIFFEN, and DICKINSON, 19, Coleman Street, E.C., Chartered Accountants.

The Committee, in issuing this their 73rd Annual Report and in submitting to their Supporters and the Public an outline of what has been accomplished during the past year, once again earnestly appeal for renewed effort and increased financial aid for the great cause of life-saving which they have the honour to direct. They feel that the thankfulness of this great maritime nation for the preservation on the throne during the last sixty years of their beloved Queen—the Patron of the Institution—could not be better or more appropriately shown than by contributing to the Life-boat Institution, the object of which is to afford assistance to every shipwrecked person around the coasts of the United Kingdom. They therefore invite special gifts for the Reserve Fund of the Institution to mark the completion of the Sixtieth Year of Her Majesty's Reign in addition to special contributions for the general maintenance of the Service.

The object of this Institution, as declared in its title and in its Charter of Incorporation, is to afford assistance to every shipwrecked person around the Coasts of the United Kingdom.

The chief means by which the Society endeavours to carry this object into effect are—

By building, stationing, and maintaining in repair, Life-boats of the most perfect description; furnishing them with all necessary Appurtenances, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, providing, through the instrumentality of Local Committees, for their proper Management and the occasional Exercise of their Crews.

By conferring Honorary Rewards in the form of Medals and Votes of Thanks, and also making liberal grants of money to all persons who, at the risk of their own lives, save, or attempt to save those of others on board vessels wrecked, or in distress, upon any part of the Coast of the United Kingdom.

The number of lives saved either by the Life-boats of the Institution, or by special exertions for which it has granted rewards, since its formation, is 39,815.

Annual Subscriptions and Donations are thankfully received by the Secretary, CHARLES DIBDIN, Esq., at the Institution, 14 JOHN STREET, ADLPHI, LONDON, W.C.; by the Bankers of the Institution, Messrs. COURTIS AND CO., 59 Strand; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.

The Royal National Life-boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution,
14 John Street, Adelphi, London, W.C.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS
FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1896.

Jan. 9. — PAKEFIELD. — *Two Sisters, Mary and Hannah, Life-boat.*—The Life-boat was launched at 1.30 A.M., and proceeded to the assistance of the brigantine *Kelpie*, of South Shields, bound from Hartlepool for Lowestoft, with a cargo of coal, which, having parted her two anchors, drifted on the outer flat about a mile south of Pakefield, and showed signals of distress. At about 2 o'clock the vessel was reached, her crew of seven men were then taken into the Life-boat and safely landed at Lowestoft at 3.30,

the boat being towed into the harbour by the steam-tug *Rainbow*. A strong wind was blowing from N.E. at the time the service was rendered, the sea was rough and the weather cold, with squalls of hail. —Expense of service, 39*l.* 17*s.*

COMMITTEE MEETING, 9th Jan., 1896.

Reported that Her Majesty the QUEEN had expressed through the Lord-Lieutenant of Ireland deep sympathy with

the widows and other dependents of the crew of the Kingstown No. 2 Life-boat, who unhappily lost their lives through the capsizing of the Life-boat while endeavouring to rescue those on board the barque *Palme*, of Finland, on the 24th December, 1895. Full particulars of this distressing occurrence were given in the Feb., 1896, issue of this Journal. Her Majesty contributed 30*l.* to the fund raised locally for the relief of the widows and others who were dependent on the Life-boatmen for support.

The Institution granted 2,200*l.* in aid of the relief fund; the funeral expenses were also defrayed by the Institution, and the widows or other legal representative received from it the service payment of 1*l.* 10*s.* awarded to each of the men.

The gold medal of the Institution, accompanied by a copy of the vote inscribed on vellum and framed, was awarded to Captain THOMAS McCOMBIE; a binocular glass, suitably inscribed, to his son (aged fifteen years); and 2*l.* each to eight of the crew of s.s. *Tearaght*, for gallantly putting off in the steamer's boat and in two trips saving, at very great risk, the master, his wife and child, and the crew of fifteen men from the ill-fated vessel.

Thanks were accorded to the captain of H.M.S. *Melampus* for kindly permitting six of the crew of the vessel to volunteer for service in the Kingstown No. 1 Life-boat, which also attempted to assist the stranded vessel, and the men were thanked and remunerated for the services they rendered.

Mr. BASIL HALL, District Inspector of Life-boats, was thanked for his services in trying to effect the rescue of the crew of the *Palme*. He went out in a steam-tug, which had the Poolbeg Life-boat in tow, but was unable to reach the ship, the heavy seas half filling the stoke-hole of the tug and compelling her to put back.

Rewards were granted to the crews of the steam-tugs *Flying Sprite* and *Flying Swallow*, and thanks were tendered to the Clyde Shipping Company, the owners of the two tugs, and to Mr. WATT, the Company's agent in Dublin, for allowing the gratuitous use of the vessels. Extra pay was granted to the crews of the Kingstown No. 1 and Poolbeg Life-boats, and the thanks of the Institution, inscribed on vellum and framed, were voted to Mr. MICHAEL DALTON, coxswain of the

Poolbeg Life-boat, who was indefatigable in his attempts to render assistance to the shipwrecked people.

Voted the thanks of the Institution, inscribed on vellum and framed, to Captain JOHN VEALE, in acknowledgment of his valuable services in acting as coxswain of the Dungarvan Life-boat on the 24th December last, and assisting to save seven of the crew of the ship *Moresby*, of Liverpool, which was wrecked off Dungarvan in a strong S.E. gale and a very heavy sea.

Also 783*l.* 4*s.* 5*d.* to pay the expenses of assemblies of crews, watching at night, or launches to distressed vessels by the Life-boats at Appledore, Arklow, Blackrock, Brighthstone Grange, Brooke, Cahore, Caister, Clacton, Drogheda, Dungarvan, Dungeness, Falmouth, Filey, Formby, Fraserburgh, Giles Quay, Girvan, Harwich, (Steam Life-boat), Holyhead, Hoylake, Hythe, Johnshaven, Kilmore, Kingstown, Moelfre, Montrose, New Brighton (Steam Life-boat), New Romney, Padstow, Palling, Peel, Polkerris, Poolbeg, Port Patrick, Porthdinllaen, Porth Rhuffydd, Queens-town, Shoreham, Staithes, Swansea, Tynewmouth, Tyrella, Walmer, Wexford, Whitburn, Whitelink Bay, Whithorn and Winterton.

Also 2*l.* to a man who was injured while about to summon the crew of the Hasborough Life-boat for service on the 24th November.

Jan. 14.—HAYLING ISLAND.—*Charlie and Adrian* Life-boat.—At 5.50 A.M. the Life-boat was launched in response to signals of distress from the brigantine *Marie Louise*, which, while on a voyage from Falmouth to Hamburg, stranded on the Houndgate Rock. The Life-boat stood by until she floated, when she was taken to a place of safety in charge of one of the Selsey Trinity pilots.—Property salvage case.—Balance of expense of service, 18*l.*

Jan. 15.—WHITBY.—*John Fielden* Life-boat.—Soon after 10 A.M., while a fresh gale was blowing from W.N.W., with a moderately rough sea, it was reported that the coble *Secret*, which had gone out fishing about two hours previous, had anchored about a mile N.N.E. of Whitby, having lost her sail while endeavouring to return to the harbour. The No. 2 Life-boat was promptly launched and brought ashore the coble's crew, consisting

of four men, leaving the boat riding at her anchor, apparently safe, as the weather was moderating. The weather, however, changed for the worse, and she ultimately sunk.—Expense of service, 15*l*.

Jan. 15.—FLAMBOROUGH.—*Mary Frederick* Life-boat.—While a strong gale was blowing from W.N.W., with a heavy sea, six of the fishing-boats were trying to reach the North Landing, but were unable to do so in consequence of the state of the wind and sea. The No. 1 Life-boat was launched at noon and stood by the boats while they rounded the Head and made for the South Landing.

Mr. WILLIAM ROBERTS, Chief Officer H.M. Coastguard, who watched the Life-boat from the top of the cliff, spoke in the highest terms of this service, and of the manner in which the Boat was managed by her coxswain and crew. He stated that the Boat herself behaved splendidly under sail, working like a smack, with the sea lashed into white foam, the wind at times blowing nearly a whole gale, and that in the absence of the Life-boat, whose presence gave courage and support to the fishermen, a serious casualty would probably have occurred.—Expense of service, 13*l*. 7*s*.

Jan. 23.—CULLERCOATS.—*Co-operator* No. 1 Life-boat.—At 11.30 A.M. the Life-boat was launched, and convoyed into harbour about twenty-five fishing cobs, it being dangerous for the boats to attempt to cross the bar unattended, as a heavy sea was breaking on it and a dense fog prevailed at the time.—Expense of service, 13*l*. 12*s*. 3*d*.

Jan. 26.—FLAMBOROUGH.—*Mary Frederick* Life-boat.—Signals having been seen, in very foggy weather, the boat was launched at 6.30 A.M., and proceeded through a strong sea to the steamer *Dundee*, of Glasgow, bound from Grangemouth for Rotterdam with a general cargo. The master of the vessel sent the whole of his crew ashore in the ship's large boat, but he and his officers remained on board the steamer, requesting that the Life-boat should stand by them until communication had been effected with Lloyd's Agent. On his arrival with the officer of Coastguard it was decided to abandon the ship, as the seas were sweeping her decks and it was evident that she was doomed. The captain and the three other officers therefore got into the Life-boat, and were

landed at the North Landing at 11 A.M. The steamer became a total wreck.—Expense of service, 19*l*. 15*s*. 6*d*.

Jan. 27.—PORTHOUSTOCK.—*Charlotte* Life-boat.—Intimation having been received that a large steamer had struck on the Levellers Rocks, at about two o'clock in the morning, the crew of the Life-boat were summoned, the boat was launched, and on reaching the steamer found she was the *Liffey*, of London, in ballast from King's Lynn to Barrow. A dense fog prevailed at the time, the wind was blowing a moderate breeze from S.W., and the sea was smooth. The Life-boat remained alongside the vessel about three hours and then returned to her station, no immediate assistance being required, the crew awaiting the arrival of a steam-tug from Falmouth to tow her off at high water.—Expense of service, 31*l*. 17*s*.

Feb. 13.—CULLERCOATS AND OTHER LIFE-BOATS.—On this day stormy weather prevailed on our north-east coast, and many of the boats which had proceeded to their fishing-grounds were placed in great jeopardy in returning to their various ports. Several Life-boats of the Institution put off to the assistance of the boats, and rendered help to the fishermen, either by convoying the boats into harbour, or remaining at hand while they crossed the bars, a proceeding which would have been in some instances perhaps impossible, certainly dangerous, had not the Life-boats been near, ready to render help in the event of any casualty occurring.

The Life-boats thus engaged were the *Co-operator* No. 1, stationed at Cullercoats; the *John Fielden*, stationed at Whitby; the *Thomas Bewick*, of North Sunderland; the *John and Janet*, of Berwick-on-Tweed; the *Cape of Good Hope*, of Runswick; and the *Queensbury* of Scarborough.—Expenses of services, 76*l*. 10*s*. 9*d*.

Feb. 13.—HOLY ISLAND.—*Grace Darling* Life-boat.—All the Holy Island fishing-boats, with one exception, were out fishing, when the sea rose rapidly, and at 9 A.M. the Rev. D. BAYSON, Vicar of Holy Island and Honorary Secretary of the Holy Island Branch of the Royal National Life-boat Institution, saw one boat outside the bar unable to come in. Soon the Island was all excitement, women and children running and screaming. The Vicar, seeing that no boat could possibly enter, determined to do his best to effect a rescue.

He at once got together as many men as he could to form, with himself, a crew for the Life-boat, nearly all the fishermen being away in the boats, the volunteers including the sexton of the church, the fish-merchant, and some sailors, one or two of whom had come away from beds of sickness. The women promptly offered their help in launching the Life-boat, one of them, in fact, volunteering to put on a life-belt and go in the boat as one of the crew; her services, however, were not accepted in that respect, but she was asked to give her assistance in pulling at the launching ropes. A most successful launch was accomplished, the women, amongst whom was Mrs. BRYSON, the Vicar's wife, going right into the water. The Life-boat proceeded across the bar, took the crew out of one of the cibles, and towed their boat into the harbour. The Life-boat went out again twice, and on each occasion returned with a boat and her crew. The other boats were later in coming in, and when they arrived the sea had moderated, but even then one of the cibles was nearly sunk by a sea breaking at her stern. The Life-boat remained close at hand carefully watching the boats, and at 1.30, no further help being needed, returned to the harbour and was replaced in the boat-house.

The thanks of the Institution were accorded to the Rev. D. BRYSON, and a binocular glass was presented to Mrs. BRYSON in recognition of the services they so kindly rendered on this occasion.—Expense of service, 11*l.* 5*s.*

COMMITTEE MEETING, 13th Feb., 1896.

Voted 334*l.* 7*s.* 9*d.* in payment of the expenses of assemblies of the crews or launches to distressed vessels by the following Life-boats:—Barmouth, Broadstairs, Cadgwith, Cemaes, Donna Nook, Dungeness, Flamborough No. 2, Fraserburgh, Gorleston No. 1, Holyhead, North Deal, Palling No. 2, Penarth, Peterhead, Polpear, Sennen Cove, Walmer, and Withernsea.

The Ramsgate Life-boat was called out, but was not needed.—Expenses paid by the Board of Trade.

The Committee recognised the services rendered for many years by Mr. WILLIAM BROWN as coxswain of the Arbroath Life-boat; also the services of the 2nd cox-

swains of the Gorleston and Salcombe Life-boats.

Bead letter from the Trinity House forwarding 40*l.* 12*s.*, in repayment of the expenses of the Point of Ayr Life-boat in proceeding to the assistance of the Dee Light-vessel, which parted from her moorings on the 7th December.

Voted 100*l.* to the widow of one of the crew of the Dungarvan Life-boat, who died from the effects of exposure while on service with the Life-boat.

Also 18*l.* to three men injured while on service with the Mablethorpe, Drogheda No. 2, and Whithy No. 2 Life-boats.

Feb. 21.—ROBIN HOOD'S BAY and other Life-boats.—A heavy sea sprung up while fishing-boats were out, and timely assistance was rendered to them by the Life-boats *Ephraim and Hannah Fox*, stationed at Robin Hood's Bay; the *Co-operator No. 1*, of Cullercoats; and the *Robert and Susan*, of Newbiggin.—Expenses of services, 39*l.* 17*s.* 3*d.*

Feb. 21.—MONTROSE.—*Robert Henderson* Life-boat.—A very heavy sea was breaking on the bar, and, as several steam and sailing vessels were awaiting the tide to enable them to enter the harbour, the Life-boatmen were on the look-out the whole of the day. At about 3.30 p.m. a steamer in crossing the bar was struck by several heavy seas, which carried her out of her course, and she had a narrow escape of being stranded on the Annat Bank. A fore-and-aft schooner was next seen approaching the harbour at about 4 o'clock, and a little later it was evident that she was in broken water and in danger of stranding. A rocket was afterwards fired from Scurdyness, indicating that the services of the Life-boat were needed, and at about 4.30 she was launched and pulled down the river towards the ship, which had grounded about a quarter of a mile N. of the harbour entrance. In crossing the Annat Bank the Life-boat was struck several times by very heavy seas, and was driven on a shallow bank that lay between the boat and the vessel, but with considerable exertion the crew managed to get her off, and effected the rescue of the crew of four men from the schooner, which proved to be the *Regina*, of Jersey.

As it appeared doubtful whether the *Robert Henderson* Life-boat would succeed

in reaching the vessel, it was decided to take out the No. 2 Life-boat, the *Bessie Webster*. Horses were at once procured, with the view of taking her on her transporting carriage along the sands, but just as she was got down to the beach it was seen that the No. 1 Life-boat would be successful, and that the launch of the other was unnecessary. She was therefore taken back to her house.—Expenses of services, 22*l.* 7*s.* 9*d.*

Feb 23.—POOLE.—*Boy's Own No. 2* Life-boat.—Two vessels, the barquentine *Albert T. Young* and the *Hildred*, both belonging to Faversham, and laden with coal, stranded on the back of the Hook Sands, in a fresh S.E. wind and a rough sea. The Honorary Secretary proceeded to the spot and found that there was no immediate danger to their crews, who, in each instance, consisted of eight men. A number of labourers who had been employed to lighten the vessels left in the evening in a tug, and the Honorary Secretary arranged with each of the masters that, in the event of their position becoming dangerous, signals should be made. The signalman at Sandbanks was instructed to summon the Life-boat men if their services were required, and the coxswain and crew of the Life-boat held themselves in readiness to respond to the signal. At 9.15 p.m. a signal was shown at Sandbanks, and the Life-boat was promptly launched and proceeded to the vessels. The *Hildred* declined assistance, but six men from the *Albert T. Young* wished to be taken ashore. The master and mate refused to leave, but were anxious that the Boat should stand by them during the night. The six men having been landed the Life-boat went back to the vessel and remained by her until daylight, experiencing a bitterly cold night.—Expense of service, 27*l.* 17*s.* 3*d.*

Feb. 23.—CAISTER.—*Covent Garden* Life-boat.—The Cackle Light-vessel having fired guns and rockets, the Life-boat was taken out of her house, and while she was being launched a coast-guardman arrived and informed the coxswain that a barque was on the S.E. part of Hasborough Sand. The boat was afloat at 4.15 a.m. and sailed to the sand, shipping some heavy seas on her way, but found no vessel there. She then sailed down the sand and eventually came upon a barque, the *Glenberrie*, of

Glasgow, bound from Hamburg for Adelaide with a general cargo and a crew of eighteen men. She was riding on the N.W. edge of the sand. The Life-boat went alongside and, finding the master was anxious to have his vessel taken into safety, the Life-boat men agreed to do so, and, with the assistance of two steam-tugs which subsequently arrived, she was taken to Harwich. A strong gale from E.S.E. and a very heavy sea were encountered all the way. The Life-boat arrived at Yarmouth harbour at 8 p.m. on the following day.—Property salvage case.

Feb. 26.—WICK.—*John Avins* Life-boat.—The fishing-lugger *Isabella*, of Wick, while attempting to put to sea, the water being still rough after a S.W. gale, was struck by a heavy sea and was driven up the river. Both her anchors were dropped, but they were of no avail and she was soon thrown on the rocks, where the sea made a clean breach over her. The Life-boat was launched at 5 p.m., and at 6.30 returned, bringing the crew of the fishing-boat, six men in number.—Expense of service, 20*l.* 7*s.* 6*d.*

March 2.—GREENORE.—*Sir Arthur Blackwood* Life-boat.—The steamer *Rosstrevor*, of Dublin, belonging to the London and North Western Railway Company, left Greenore at about 6 p.m., bound for Holyhead, with passengers and a general cargo. She had proceeded a little distance outside Haulbowline Lighthouse, near the middle of Carlingford bar, when she struck a sunken rock and remained fast. She fired signals of distress, which were immediately answered from the Greenore Coastguard station. The crew of the Life-boat were summoned and at 7 o'clock the Boat was on her way to the vessel. On reaching the scene of the disaster, the captain requested that the Life-boat should take ashore the female passengers, children and as many male passengers as she could carry. Seventeen persons were taken on board and landed, and the Boat returned to the vessel, but found that the remaining passengers had been transferred to another of the Company's steamers, the *Severn*. The *Rosstrevor* was then afloat but was leaking badly and, with the aid of the *Severn* and the tug *Violet*, was beached a short distance from Greenore pier in order to prevent her from sinking.

In recognition of the service rendered to their vessel, the London and North Western Railway Company contributed a donation of 10*l.* 10*s.* in aid of the funds of the Greenore Branch of the Institution.—Expense of service, 25*l.* 4*s.*

March 3.—WEXFORD.—*Andrew Pickard* Life-boat.—While a moderate gale was blowing from W.S.W., with a rough sea, the fishing-yawl *Annie*, of Wexford, was observed stranded on the S. side of Wexford Bar, with the seas breaking over her. The No. 1 Life-boat was immediately manned, and at 3.45 p.m. proceeded to the vessel, dropped her anchor, and with some difficulty veered alongside. As it seemed probable that the fishing-boat could be got afloat if an anchor were laid out, the Life-boat men took out one to which a long cable was attached and, with its aid, the boat was hauled off into deep water when she floated with the rising tide.—Expense of service, 17*l.* 2*s.* 6*d.*

March 5.—BALLYWALTER.—*William Wallace* Life-boat.—Information was received that a smack had been observed about ten miles distant, eastward, from the shore, in distress and apparently signalling for help. The Life-boat was launched at 12.15 p.m., and on reaching the vessel found that she was the *Governor Ready*, of Douglas, bound from Dromore for Belfast with a cargo of paving-stones. She was entirely disabled, having been struck by a heavy squall which carried away her topmast and two jibs and tore her mainsail in ribbons, and subsequently she lost her boat. It having been seen from the shore that she had no mainsail, the Life-boat men had taken one out in the Boat. This sail, which had been kindly lent for the purpose by Mr. William Gibson, J.P., was rigged up by some of the Life-boat crew, who also patched up a jib-sail, and the vessel, with her crew of three men, was brought into Ballywalter Harbour. The Rev. Dr. Greer, Honorary Secretary, went out in the Life-boat on this occasion, and was thanked by the Committee for his kind assistance.—Expense of service, 19*l.* 0*s.* 6*d.*

March 6.—FILEY.—Temporary Life-boat.—The fishing-coble *Lionel* being observed in danger, while a strong gale was blowing from the W., accompanied by a rough sea, the reserve Life-boat, temporarily placed here while the station's Boat was being altered, was launched

and stood by the coble until she safely reached the shore.—Expense of service, 14*l.* 10*s.*

March 6.—HOLY ISLAND AND BOULMER.—*Grace Darling* and *Melissent* Life-boats.—The Holy Island No. 1 Life-boat was launched at 2.20 p.m., in a rough sea, the wind blowing a strong gale from N.W., in response to signals of distress shown by the schooner *Scotia*, of Inverness, which had stranded S.S.E. of Holy Island Castle. The vessel, however, floated off, leaking, and proceeded southward, the Life-boat following to North Sunderland, when the vessel's signals were lowered. The Boat put into North Sunderland, and on her way rendered some assistance to a coble which was in difficulties.

At 4 p.m. the vessel was sighted off Boulmer, a telephone message having been despatched there from Craster to look out for her. The Life-boat put off to her assistance and, finding her in a sinking condition, remained by her, some of the Life-boat men assisting at the pumps. A tug took her in tow and endeavoured to get her into the harbour, but before this could be accomplished she sank, her crew landing in their own boat.—Expenses of services, 42*l.* 9*s.*

March 12.—WINTERTON.—*Edward Birkbeck* Life-boat.—Shortly after 5 p.m. the cutter-rigged shrimping-boat *Adeline*, of Great Yarmouth, was observed to ship a sea, when about half a mile S.E. of Winterton, and to founder instantly. An alarm being given, the No. 1 Life-boat was launched, proceeded to the scene of the casualty and found one man clinging to the vessel's bowsprit. He was at once taken into the Life-boat and stated that another man was with him in the boat at the time the accident occurred. A diligent search was made by the Life-boat's crew, but unhappily no trace of the man could be seen; all that was found was the floating wreckage of the boat.—Expense of service, 15*l.*

COMMITTEE MEETING, 12th March, 1896.

Voted 282*l.* 18*s.* 3*d.* to pay the expenses of the assemblies of crews or launches to distressed vessels by the following Life-boats:—Aberystwyth, Dornoch Firth, Gorleston No. 1, Helbre Island, New Brighton (Steam Life-boat), North Sunderland, Palling No. 2, Penmon, Robin Hood's

Bay, Tenby, Whitelink Bay, Winterton No. 2, and Great Yarmouth.

Also 25*l.* medical expenses of men injured on service at Drogheda and Polpear.

Also the Silver Medal of the Institution, with a copy of the vote on vellum, to Mr. THOMAS WICKHAM, for long and gallant services as coxswain of the Wexford No. 1 Life-boat.

March 14.—STAITHES.—*Jonathan Stott* Life-boat. — A sudden gale of wind from E.S.E. arose in the morning and a heavy sea sprung up, endangering the safety of the fishing-cobles, which had proceeded to sea at daybreak. The Life-boat stood by them until the danger was over. —Expense of service, 13*l.* 10*s.*

March 14.—REDCAR.—*Brothers* Life-boat.—The Life-boat was launched at 10.15 A.M., and helped two fishing-boats which had been overtaken by stormy weather and a heavy sea. — Expense of service, 1*l.* 10*s.*

March 16.—BALLYWALTER.—*William Wallace* Life-boat. — The four-masted schooner *Reform*, of Stavanger, bound from Bankok for Greenock with teak wood, being sighted off Burr Point flying signals denoting that she was sinking, the crew of the Life-boat were summoned, and at 9.30 A.M., ten minutes after the alarm was given, the Boat was launched. The weather then was very bad, the wind sometimes blowing with hurricane force, with squalls of sleet and heavy seas which completely drenched the crew shortly after the Boat was launched. The vessel was reached at 10.30, when it was ascertained that she was leaking, in consequence of having struck a rock at the south of Burial Isle, off Burr Point. Endeavours were made to get rid of the water by means of the pumps, but it was found impossible to do so, and it became evident that the foundering of the ship was only a matter of time. Ultimately the crew took to the Life-boat and were safely landed, the master and mate being taken ashore by a coastguard boat which had also proceeded to the vessel. About five minutes after leaving her, the *Reform* sank in about twelve fathoms of water.—Expense of service, 20*l.* 1*s.* 6*d.*

March 27.—ST. IVES.—*Exeter* Life-boat.—Signals of distress having been

shown by a vessel lying at anchor in the bay, while a strong gale was blowing from N.N.E. with a heavy sea, the Life-boat was launched at 1.45 A.M. The vessel which signalled was the schooner *Lizzie*, of Chester, coal laden, from Swansea bound for Cherbourg. She had two anchors down, but was riding so heavily that it was feared her cables would part, and her crew of five men were anxious to be taken ashore. They were taken into the Life-boat, which then made for her station, and in passing another schooner, the *Laddie*, of St. John's, N.F., laden with codfish, from St. John's for Exeter, which was in a more dangerous position, her crew also requested to be landed. They were anxious to give the vessel more cable before leaving her, and, as this would take some little time, it was arranged that the Boat should land those she had on board and then return. This was done, and the *Laddie's* crew of seven men were also brought safely ashore, being landed in the harbour at 3.30 A.M. In the afternoon the weather moderated considerably, and, the vessels having safely ridden out the gale, their crews were put on board and in the evening resumed their respective voyages. Mr. C. J. A. French went out as one of the crew of the Life-boat on this occasion and was thanked by the Committee for the service he thus kindly and gratuitously rendered. —Expense of services, 21*l.* 1*s.*

March 27.—NORTH DEAL.—*Mary Somerville* Life-boat.—Rockets and guns being fired by the Gull Lightship and large flares being burnt by a vessel in the direction of the Brake sand, the Life-boat was launched at about 5 A.M., a whole gale blowing from N.N.W. at the time, with a heavy sea, and proceeded to the schooner *Janet*, of Carnarvon, laden with cement from Rochester for Londonderry, which had been in collision with the ketch *Tempter*, of Hull. The latter vessel had sunk, and her crew of three men, who had jumped on board the schooner, were taken into the Life-boat and were safely landed. Two of the Life-boatmen remained on board the vessel and assisted to take her to Ramsgate, with the help of a steam-tug which had been summoned from Ramsgate by a telegram despatched by the Life-boat on her return to Deal.—Expense of service, 20*l.* 5*s.*

April 11.—HELBRE ISLAND.—*Admiral Briggs* Life-boat. — The lightkeeper at Hoylake having observed a vessel ashore on the West Hoyle at once communicated with Helbre Island, with the result that the Life-boat was launched at 5.45 A.M., and proceeded towards the vessel, which was showing signals of distress. On her way, the Life-boat met a ship's boat containing the crew of four men who had left their vessel, which was ascertained to be the steam-tug *Albert*, of Chester. These men were taken into the Life-boat, which then continued her journey to the steamer and found her half full of water. Ultimately a tug arrived from Mostyn and the *Albert* was towed off the bank and taken to Mostyn, her crew accompanying her. A very strong N.W. wind was blowing during the performance of this service, the sea was very rough and the weather was very cold.—Expense of service, 21l. 12s.

April 12.—LLANDUDNO.—*Sunlight No. 1* Life-boat.—A message was received by telephone from Colwyn Bay, at about 4 o'clock in the afternoon, stating that a brigantine was showing signals of distress. She was lying at anchor about two and a half miles distant from the shore, and her crew were working hard at the pumps. The wind was then blowing a gale from N., and a very heavy sea was running. The crew and launchers of the Life-boat were summoned, and the boat was got out of her house and was about to be launched, but owing to one of the horses jibbing, the wheel-plate caught the chain trace and pulled the horse down, the wheel coming on to, but fortunately not injuring, the animal. The accident however delayed the launch, but, once afloat, the boat, after being rowed some little distance from the shore to allow of sail being hoisted, sped towards the wreck, being three times completely buried by the heavy seas which broke over her, reached the vessel, rescued her crew of four men, and safely landed them at Colwyn Bay. She was the *Waree*, of and for Dundalk from Liverpool, coal laden, and was in a sinking state in consequence of having sprung a leak and of the stress of weather, and a report was afterwards received that she had gone down.—Expense of service, 45l. 17s.

April 12.—ALDEBURGH.—*Aldeburgh* Life-boat.—A message by telephone was

received from the Shipwash Light-vessel reporting that a vessel was stranded on the Shipwash Sands. A strong N.W. breeze was blowing, accompanied by squalls of snow, and the sea was rough. The Life-boat was launched at 4.58 P.M., eight minutes after the message arrived, and found the ship *MacMillan*, of Glasgow, in ballast from London for Frederickstadt, stranded near the middle of the sands, with her ensign flying, union down, in the mizen rigging. The master gave up charge to the Life-boat men, with the view of their getting the ship off the sands, and at high water this having been accomplished she returned to Gravesend.—Property salvage case.

April 13.—BLACKPOOL.—*Samuel Fletcher* Life-boat.—At about 6 o'clock in the morning, while the wind was blowing strongly from the N.N.W. and a heavy sea was running, the fishing-smack *Harriet*, of Marshside, was observed in difficulties off Blackpool. After watching her course for a while, it was evident that she had become unmanageable, and therefore the Life-boat was launched and went to her assistance. Proceeding in a southerly direction, the fishing-boat struck the Crusader Bank, two miles south of Blackpool, before the Life-boat could bear down on her, and rolled over on her starboard side. Her crew of four men, who were in a very exhausted condition, were taken into the Life-boat, and the vessel was afterwards taken to Lytham in charge of three of the Life-boat men.—Expense of service, 8l. 10s.

April 16.—WEXFORD.—*Andrew Pickard* Life-boat.—While a moderate gale from W.S.W. to N.W. was blowing, accompanied by a rough sea, signals of distress were seen flying on a fishing-smack. The Life-boat was launched at 9.45 A.M., sailed over the bar, and on reaching the fishing-boat—the *Prairie Flower*—found that all her sails had been blown away, and she had on board only one man, who stated that his father had fallen overboard and had been drowned before the signals of distress were hoisted. The man was almost distracted, and, being entirely unable to help himself in any way, his boat was simply drifting out to sea. Two of the Life-boat crew got on board the vessel and, having made ropes fast to her, towed her into Wexford Harbour.—Expense of service, 7l. 13s. 6d.

COMMITTEE MEETING, 16th April, 1896.

Voted 3*1*l. 1*6*s. 6*d.* to pay the expenses of the assemblies of crews or launches to distressed vessels by the Life-boats at Appledore, Blakeney, Broadstairs, Caister, Clacton, Cloughy, Dartmouth, Dungarvan, Hartlepool, Kessingland, Kildonan, Llandudno, Lowestoft, New Romney, Palling, Penmon, Point of Ayr, Port Eynon and Winterton. The Ramsgate Life-boat was taken out twice, but was not needed.

Also 2*l.* 10*s.* to a man injured on service at St. Helier's.

The Committee recognised the good services rendered by Mr. DAVID SULLIVAN, coxswain of the Ballycotton Life-boat. Also the services of the second coxswains of the Dungarvan and Lizard Life-boats.

May 7. — BROADSTAIRS. — *Christopher Waud, Bradford*, Life-boat.—The brig *Flamingo*, of Farsund, from Christiansand for Cardiff, having been observed running in the direction of the north end of the Goodwin Sands, the crew of the Broadstairs Life-boat were summoned. Soon afterwards signal-guns were fired by the light-vessel, and the Life-boat was at once launched and proceeded to the brig, which had stranded on the sands. Some of the Life-boat men boarded the vessel and stowed the sails. The Ramsgate tug then arrived and, after towing about three hours, the vessel floated and was taken to Ramsgate Harbour.—Property salvage case.

May 13.—GORLESTON.—*Mark Lane* Life-boat.—The Life-boat was launched at about 4 A.M. and proceeded to the steam trawler *Chanticleer*, of Lowestoft, which had stranded on the South Scroby Sand, on which a rough sea was breaking. It was found that the water had risen in the hold and had extinguished the fires. The crew at once transferred their effects to the Life-boat. An anchor had already been laid out by the vessel's crew; the Life-boat men got a spring on it, and with the flood tide the vessel swung off into deep water, being then taken in tow by the steam-tug *United Service*, which took her into the harbour.—Property salvage case.

COMMITTEE MEETING, 14th May, 1896.

Voted 122*l.* 9*s.* 8*d.* to pay the expenses of the assemblies of crews or launches to distressed vessels by the Life-boats at Caister, Formby, Palling, Walmer, and Winterton.

The Ramsgate Life-boat was also taken out, but her services were not required.—Expenses paid by the Board of Trade.

Voted 5*l.* 18*s.* 6*d.* to two men slightly injured on service at Walton-on-the-Naze, Hasborough and Pakefield.

May 28.—PALLING.—*Good Hope* Life-boat.—Soon after midnight, while a strong N.N.E. wind was blowing and a heavy sea running, a vessel was reported to have stranded on the beach at Waxham, two and a half miles southward of the Palling Life-boat station. The No. 1 Life-boat was promptly got ready, horses were procured, and the boat was taken along the beach towards the scene of the wreck, the coxswain sending two men forward to find out the best place for launching. Meanwhile a boat, containing the master's wife and two of the crew, put off from the vessel, but was unable to reach the shore, as a rope by which the boat was attached to the vessel was not of sufficient length. The boat was seen by the two men who were going along the beach, and having ascertained that those on board were unable to cut the rope, they, with a third man, waded out at some risk, severed the rope, and the boat then drifted ashore safely. But for the prompt aid thus afforded there is little doubt that the boat would have been capsized in the breakers. On the arrival of the Life-boat she was successfully launched and duly rescued the two seamen left on board the vessel, which proved to be the ketch *Rival* of and for Rye from Goole, laden with coal.—Expense of service, 25*l.* 7*s.*

May 29.—CASTLETOWN, ISLE OF MAN.—*Hope* Life-boat.—A small yacht, the *Luffra*, of Douglas, was reported to be in distress and quite unmanageable off Santon Head while a whole gale was blowing from N.E. with a very heavy sea. The Life-boat was launched at 2.12 P.M. and rescued the sole occupant of the vessel. She was engaged over seven hours in rendering this service, and did not regain her station

until 10 o'clock at night.—Expense of service, 22*l.* 3*s.*

June 6.—FRASERBURGH.—*Anna Maria Lec* Life-boat.—The coxswain of the Life-boat observed a vessel—the schooner *Noble*, of Banff, laden with coal from Sunderland—driving towards the rocks. A heavy sea was running at the time, and it was deemed advisable to have the Life-boat launched. When the Life-boat reached the vessel she was just entering the broken water. Some of the Life-boat men boarded her, a kedge was run out, after which she was warped out seawards and then taken into the harbour.—Expense of service, 13*l.* 5*s.*

June 11.—NEW BRIGHTON.—*Duke of Northumberland* Steam Life-boat.—A telephone message having been received from the lightkeeper at Bidston light-house, reporting that a ship was on fire in Formby Channel and was showing signals of distress, the steam Life-boat proceeded to her assistance at 3.20 P.M., and found she was the ship *Maréchal Suchet*, of London, bound from Liverpool for Calcutta with a cargo of salt. She was taken possession of by the Dock Board tenders, which were provided with pumps, the Life-boat remaining at hand until the crew were out of danger.—Expense of service, 5*l.* 1*s.*

COMMITTEE MEETING, 11th June, 1896.

Voted 78*l.* 9*s.* 8*d.* to pay the expenses of the assemblies of crews, watching, or launches to distressed vessels by the following Life-boats:—Dunwich, Kingsdowne, Margate, Tynemouth, Uppang, Whitby No. 2, Whitehaven and Winterton No. 1.

COMMITTEE MEETING, 9th July, 1896.

Voted 41*l.* 10*s.* in payment of the expenses of the Formby, Holy Island No. 1 and Winterton No. 2 Life-boats in launching with the intention of rendering help to vessels which were apparently in need of assistance.

July 15.—NEWQUAY, CORNWALL.—*Willie Rogers* Life-boat.—A telephone message was received by the coastguard that a vessel was drifting to the westward with a signal of distress flying, and required the assistance of the Newquay Life-boat.

It was then blowing a moderate gale of wind from the N.N.E., accompanied by rather a heavy sea. No horses being available the boat was taken by hand to the slipway at Towan Head and quickly launched. She reached the vessel in about two and a half hours' time and found she was the pilot-boat *Polly* of Barry; she was in a dismantled condition and had brought up about half a mile from the shore. When the Life-boat arrived alongside the men wished to be taken into her, as they were quite exhausted; at the same time they were naturally desirous that the vessel should be extricated from her perilous position. Four Life-boat men boarded her and, with the aid of the main gaff, rigged a jury mast, and, with the assistance of the Life-boat, she was taken to St. Ives, the whole of the men being drenched to the skin. It was found impracticable for the Life-boat to return to her station that night, but she did so safely the next day against a stiff breeze after a passage of twelve hours' duration.—Expense of service, 36*l.* 7*s.* 8*d.*

July 27.—WHITBY.—*John Fielden* Life-boat.—Two fishing-cobles belonging to this port, the *Star of Peace* and the *Mary Ann*, were observed to be making for the harbour in the evening. On account of the heavy sea and the tide running out it was seen that they would incur considerable risk in crossing the bar. Accordingly the Life-boat was launched, and proceeding out she escorted the boats safely over the bar, their crews being greatly encouraged by the presence of the Life-boat.—Expense of service, 10*l.*

July 29.—HOYLAKE AND NEW BRIGHTON.—*Coard William Squarey* Life-boat and *Duke of Northumberland* Steam Life-boat.—The s.s. *Flying Falcon*, of Liverpool, bound there from Mostyn with a large number of passengers, stranded on the East Hoyle Sandbank near Spencer's Spit. The weather was moderate, but as the steamer was crowded with passengers it was thought advisable to launch the Hoylake Life-boat and also to take the Steam Life-boat to the spot from New Brighton. The former boat was the first to arrive, and after communicating with the captain it was arranged to transfer seventy-six of the passengers to the Steam Life-boat, which was done by the Hoylake boat, after which they were

taken to Liverpool. The remainder of those on board decided to remain until the flood tide made, when she floated and resumed her voyage.—Expenses of service, 43*l.* 10*s.*

Aug. 1.—WHITBY.—*Robert and Mary Ellis* and *John Fielden* Life-boats.—These Life-boats put off to the help of the s.s. *Lady Grey* of West Hartlepool, which had stranded on Whitby Rocks about half a mile from the West Pier head. Her captain had come ashore in the ship's life-boat in order to communicate with the owners, but with the rising tide a very strong sea came in from the N.E., which prevented the return of the ship's boat and made it too dangerous for cobsles to approach the stranded vessel. Accordingly the aid of the Whitby Life-boats was solicited, and they took out the master with about 150 shoremen to throw the cargo of coal overboard. After many hours' work the steamer was got off, with the aid of five powerful steam-tugs, and taken to Hartlepool in a damaged condition.—Property salvage case.

COMMITTEE MEETING, 13th August, 1896.

Voted 141*l.* 5*s.* 6*d.* to pay the expenses of the Blackpool, Cahore, Clovelly, Fethard, Hayle, Skegness, St. Ives, Sutton and Swansea Life-boats in assembling their crews or putting off to assist vessels in distress.

The Ramsgate Life-boat was also taken out, but was not eventually needed.—Expenses paid by the Board of Trade.

Voted 8*l.* 6*s.* to a man injured at Winterton Life-boat station.

Sept. 2.—SUNDERLAND.—*Richard and Nellie Hodges* Life-boat.—The brig *Prince Consort*, of Faversham, was being towed to Sunderland when the steam-tug ran ashore in a thick fog and was followed by the brig. Signals of distress were exhibited and the Life-boat was at once launched in a heavy sea; the steam-tug *Earl of Glamorgan* also proceeded to the spot. At the request of the master the Life-boat remained in attendance, passed the tow rope to the steamer and eventually the vessels were extricated from their perilous position.—Expense of service, 25*l.* 3*s.*

Sept. 3.—WHITBY.—*John Fielden* Life-boat.—The Life-boat proceeded to the bar and remained there until the fishing-

cobsles entered the harbour in stormy weather.—Expense of service, 9*l.* 10*s.*

COMMITTEE MEETING, 10th Sept., 1896.

Voted 71*l.* 16*s.* to the crews of the Life-boats at Aldeburgh, Alnmouth, Formby, New Brighton, Penmon, Poolbeg and Wexford, for either assembling or going out in the Life-boats.

Also 2*l.* 1*s.* to a man injured at Lizard Life-boat station.

Sept. 14.—PORT ERIN, ISLE OF MAN.—*William Sugden* Life-boat.—The Life-boat was despatched to the assistance of two fishing-boats which had been overtaken when on the lee side of Calf Island by a gale from the north-west and a heavy sea, causing great anxiety to be felt for the safety of the fishermen. Having come up with the boats the Life-boat escorted them safely into harbour, to the great relief of all on shore.—Expense of service, 9*l.* 12*s.*

Sept. 17.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—What was reported locally as "a most admirable service, quickly and gallantly rendered," was performed by the new Life-boat on this station. In the afternoon the smack *Grace Darling*, of Ramsey, was seen to be flying a signal of distress about two-and-a-half miles north-east of the harbour. It was blowing a whole gale from the S.W., and a very heavy sea was running at the time. The smack had lost her sails, and one anchor had parted, while the remaining anchor was dragging. The Life-boat was soon launched, but before she could reach the distressed vessel she had drifted some distance; great difficulty was experienced in getting near enough to save those on board, but after a prolonged struggle the three men were taken off and safely landed.—Expense of service, 13*l.* 13*s.* 6*d.*

Sept. 17.—WHITEHAVEN.—*Elizabeth Leicester* Life-boat.—At about 5 P.M., there was a strong south-westerly wind and a heavy sea, and the schooner *Kate*, of Peel, 122 tons register, was coming into Whitehaven Harbour light, for coal. She failed to get close enough round the West Pier, and shot beyond the North Wall, threatening to run ashore on the rocks at Redness Point. Her anchor was dropped, and she was brought up in just sufficient water to

keep her off the bottom and there she tossed helplessly, slowly dragging her anchor, in no immediate danger, but gradually going ashore. After some time the steam-tug *Florence* tried to obtain communication by line, but without success, as in such a sea she was in danger of being dashed against the schooner. Then a couple of rockets were discharged from the neighbourhood of the Life-boat house, and soon there was a crowd cheering lustily as the Life-boat was launched through the surf. It was hard work getting clear of the heavy breakers, but the Life-boat succeeded in passing a line from the vessel to the tug; a cable was then hauled on board and the Life-boat made fast astern. The anchor was slipped, and vessel and Life-boat were towed into the harbour just as darkness was setting in.—Expense of service, 18*l.* 18*s.*

Sept. 17.—PWLLEH.—*Margaret Platt* Life-boat.—The yacht *Atalanta* was making for the harbour for shelter from a strong southerly gale, a heavy sea running at the time, when she ran foul of a hawser by which the schooner *Mouse* of Cardigan was secured to a buoy, causing her to drift down on the vessel; fortunately she was able to make fast to her or she would have been wrecked on the Abererch shore. Seeing her peril the Life-boat was launched and brought the owner and two of the crew safely ashore. The yacht was also brought into safety, and the Life-boat landed the schooner's crew of three men as that vessel was bumping heavily; and she was brought into harbour on the following morning, on the weather moderating.—Expense of service, 16*l.* 13*s.*

Sept. 22.—CARDIGAN.—*Lizzie and Charles Leigh Clare* Life-boat.—While a strong gale was blowing from the W.N.W., and a very high sea was running, the smack *Christiana* of Cardigan was observed to be flying a signal of distress in the bay. A rocket was fired to muster the crew of the Life-boat, and the boat was launched and saved the crew of two men from the smack, which afterwards became a total wreck.—Expense of service, 10*l.* 3*s.*

Sept. 25.—LOWESTOFT.—*Samuel Plimsoll* Life-boat.—While a heavy gale was blowing from S.S.E. accompanied by a very high sea, the Lowestoft Life-boat was launched in reply to signals of distress, and found the lugger *Mystery*, of that

port, in a very dangerous position, and driving from her anchors on the north flats about one mile to the northward of the Low light-house. The crew of five men having been taken on the Life-boat, the lugger was made fast under the lee quarter of the boat, and towed into harbour.—Expense of service, 16*l.* 16*s.* 6*d.*

Without returning to her moorings the Life-boat again proceeded to sea to the assistance of the ketch *Sussex Belle*, of London. She had just got outside the pier-head in tow of the steam-tug *Rainbow*, when the cable slipped off the steamer's towing-hook, and the boat and crew were placed in a position of great jeopardy; however, by promptly setting the foresail the boat just managed to clear the north pier extension, otherwise in such very stormy weather both she and the crew must have been lost. They proceeded under sail as far as the Corton Sand, when the steam-tug came up with them and took them in tow again. On arriving alongside the vessel in distress, the master requested the assistance of the Life-boat; accordingly several of her crew went on board, and a rope having been passed from the steamer, the ketch (which had on board the master, his wife, and crew of three men) and the Life-boat were taken into harbour.—Property salvage case.

Sept. 25.—FOLKESTONE.—*J. McConnel Hussey* Life-boat.—A gale of great violence was experienced here, and continued unabated for some hours. About four o'clock in the morning the barque *Agder*, of Frederikstadt, which was at anchor off Folkestone, slipped her cable and afterwards struck on the rocks opposite the Life-boat house an hour before low water. The Life-boat was successfully launched through a very heavy sea, but owing to the want of water it was an hour before she could get alongside the ship. When she arrived there four of the crew were taken into the boat, but the others could not be persuaded to leave. For about three-quarters of an hour the boat lay broadside on to the sea, and then, having her rudder damaged, five oars broken, and received other damage, she returned to land. While preparations were being made to repair the damages, the coxswain and others of the crew expressed their readiness to go off again without waiting

for that to be done, and accordingly the boat was again run down to the water's edge preparatory to launching; but seeing that the ship would drive on to the beach before they could get afloat the crew ran towards her to assist in getting the remainder of the crew ashore, which was safely done with life-lines. The Hythe Life-boat had been telegraphed for when the other boat was first seen to be disabled, and the crew gallantly responded to the call, but long before they could possibly get near the wreck the crew had all been saved. The coxswain and crew were loud in their praises of the manner in which the Life-boat behaved under very trying circumstances.—Expense of service, 18*l.* 3*s.*

Sept. 25.—WEXFORD.—*Andrew Pickard* Life-boat.—In the evening, while the wind was blowing a gale from the N.W., intelligence was received that a steamer was firing signals of distress. With all possible despatch the Life-boat proceeded through a very heavy sea in the direction indicated. On arriving alongside the steamer, it appeared that she wanted to get into Wexford, having run short of fuel. By arrangement with the master the Life-boat remained by her all night and piloted her into harbour next morning.—Property salvage case.

Sept. 25.—HOYLAKE.—*Card William Squarey* Life-boat.—The Life-boat was taken out for service on the occasion of the flat *Catharine*, of Liverpool, going ashore about a mile from the Life-boat station during a whole gale from the north and a very heavy sea. When she arrived at the scene of the wreck she found that the crew of two men had been compelled to take to the rigging as the seas were making a complete breach over the vessel; with difficulty they were extricated from their perilous position and brought safely ashore in the Life-boat.—Expense of service, 16*l.* 10*s.*

Sept. 25.—WALMER.—Reserve Life-boat.—The Life-boat temporarily placed here during the absence of the station's boat was launched at about 8.30 A.M. in a heavy sea, the wind blowing a whole gale from W.S.W., to the help of two vessels which had been in collision. One of them, the barquentine *Liana*, lost her jibboom and head gear and hoisted a signal of distress. The Life-boat men assisted in clearing the vessel, and with

the aid of a steam-tug took her to Rams-gate.—Property salvage case.

Sept. 25.—GORLESTON.—*Mark Lane* Life-boat.—In response to signals from the St. Nicholas Light-vessel the Life-boat went out while a whole gale was blowing from S., with thick weather and an exceptionally heavy sea, and found the dandy *Endeavour*, of Lowestoft, considerably damaged by collision with a brigantine. The crew of four men had jumped on board the other vessel when the collision occurred, and the master only remained on board. He declined any assistance, and by manœuvring his vessel under small sail succeeded in taking her into the roadstead. The Life-boat went to the brigantine and landed the smack's crew.—Expense of service, 13*l.* 16*s.* 6*d.*

Sept. 25.—ALDEBURGH.—*Aldeburgh* Life-boat.—The Life-boat was launched at 10 A.M. in a strong gale and went to the assistance of the schooner *Aire*, of and from Goole, bound for London with coal, which was dragging her anchor and was in imminent danger of striking on the outer shoal, on which a very heavy sea was breaking. The vessel's crew of three men and a boy were taken into the Life-boat and were safely landed. The boat encountered heavy seas, which struck her with great force and broke clean over her, but she gallantly sailed through them, her behaviour being greatly admired by hundreds of spectators.—Expense of service, 21*l.* 1*s.* 6*d.*

Sept. 25.—SOUTHWOLD.—*Alfred Corry* Life-boat.—The ketch *Eliza and Alice*, of Goole, was observed riding with two anchors down in a dangerous position in a whole gale from S., a very heavy sea and thick weather. The Life-boat was launched at 11.30 A.M., and at the request of the master remained by the vessel until she was able, the wind having moderated, to weigh her anchors and get away from her perilous situation.—Expense of service, 16*l.* 14*s.*

Sept. 25.—TENBY.—*Anne Collin* Life-boat.—While a strong gale was blowing from N.N.W., with a very heavy ground sea, two coasting vessels, the *Anne and Betsy* and the *Albatross*, both belonging to, and bound for Aberporth from Burry Port, coal laden, showed signals of distress. Their crews, four men in all, got into the Life-boat and were landed as a pre-

cautionary measure, it being feared that the vessels would drag their anchors.—Expense of service, 17l. 6s.

Sept. 25.—HOLYHEAD.—*Joseph Whitworth* Life-boat.—The ketch *Clara*, of and from Milford, for Connah's Quay, in ballast, signalled for assistance as she was dragging her anchors while a strong gale was blowing from the N., with a heavy sea. The Life-boat proceeded to her assistance, her anchors were slipped and, with the help of a steam-tug, she was taken into harbour.—Property salvage case.

Oct. 6.—PALLING.—*Hearts of Oak* Life-boat.—While a strong gale was blowing from S.W., with a rough sea, the s.s. *Ellington*, of Newcastle, bound from Goole for Portsmouth, with a cargo of coal, stranded on Palling Beach. The Life-boat put off to her assistance at 7.45 P.M., remained by her until she was got afloat and accompanied her to Yarmouth, leaving her safely anchored in the roadstead there.—Property salvage case.

Oct. 6.—SOUTHEND, ESSEX.—*Theodore and Herbert* Life-boat.—While a gale of wind was blowing from S.S.W., the manager to the contractors for the pier extension works informed the coxswain of the Life-boat that seven men who had been engaged on the works were in danger, their own boat having failed in three attempts to take them off. As the tide was rising and the wind was increasing, it was decided to proceed to their rescue in the Life-boat, and they were brought safely to land.—Expense of service, 17l. 15s.

Oct. 7.—MONTROSE.—*Robert Henderson* Life-boat.—A large barque in tow of a steam-tug anchored to the east of Scurdyness at about 5.30 P.M. The weather was then comparatively fine, but later on the wind suddenly changed to E.S.E., increasing to a strong gale and causing a very heavy sea. At midnight, it having been reported that the barque was burning signals, the Life-boat was launched, proceeded to her and found she was the *Banklands*, of Liverpool. At the master's request his wife, her mother and child, were taken into the Life-boat and safely landed. Considerable difficulty was experienced in taking them into the Life-boat, the heavy seas several times dashing the boat against the ship's side, breaking several oars and injuring the boat.—Expense of service, 30l. 2s. 6d.

Oct. 7-8.—ABERSOCH.—*Oldham* Life-boat.—On the 7th October while a gale was blowing from S. with a heavy sea, the schooner *Mouse*, of Cardigan, was observed riding in a very dangerous position and showing signals of distress. The Life-boat was launched at 6.30 P.M. and landed the crew of three men from the vessel, which dragged her anchor and stranded, but was eventually got into safety.

At 8.30 on the following morning signals of distress being shown by the schooner *John Gibson*, of Fleetwood, the Life-boat proceeded to her and landed her crew of four men. The boat was then called to the schooner *Ker Plant*, of Padstow, and landed eight persons, including the master's wife and children. Afterwards the smack *Topaz*, of Milford, signalled, and her crew of three men were landed at Abersoch. Finally the Life-boat went to the ketch *W. S. Scott*, of Newport, and landed the crew of four men at Llanbedrog. By the time the men had been landed, the wind had increased to a whole gale accompanied by tremendous seas. The vessels safely rode out the gale.—Expense of service, 40l. 2s.

Oct. 8.—WICKLOW.—*Robert Theophilus Garden* Life-boat.—While a whole gale was blowing from W.S.W. the Life-boat was launched at about 3.5 A.M., and proceeded to the schooner *William and Henry*, of Wicklow, which was lying at anchor in the bay, and was showing signals of distress, as she had lost some of her sails and was leaking. Some of the Life-boat men went on board and assisted at the pumps, and on the weather somewhat moderating the vessel was taken into the harbour.—Property salvage case.

Oct. 8.—CEMAES.—*George Evans* Life-boat.—Information having been received that a vessel was showing signals of distress in Cemaes Bay, the Life-boat was launched at 8 A.M. in a very heavy sea, the wind blowing a whole gale from S.W., and found the schooner *Mersey*, of Dublin, dragging her anchors. Her crew of three men were in an exhausted condition, and were taken in the Life-boat to Cemaes, where they received every attention.—Expense of service, 12l. 11s.

Oct. 8.—MONTROSE.—*Robert Henderson* Life-boat.—At 10 A.M. the Life-boat,

having been signalled for from Scurdyness, was launched in a very heavy sea, the wind blowing a moderate gale from S.S.W., and found the ketch *Kate Mudd* and two fishing boats in the offing. The Life-boat remained inside the bar until the ketch and one of the fishing boats had safely crossed, the other boat proceeding northwards.—Expense of service, 1*l.* 1*s.* 9*d.*

Oct. 8.—KINGSTOWN.—*Hannah Pickard* Life-boat.—A telegram was received from Blackrock stating that five men who had gone to work on the wreck of the *Palme* on the previous morning had not returned. As the wind was blowing a moderate gale from S.W. with heavy squalls and a heavy sea, the Life-boat proceeded at 11.30 A.M. to the men's assistance, but nothing could be seen of them. It being impossible to get alongside and search the wreck, the Life-boat men shouted, but received no response whatever. The Life-boat therefore returned to the shore. Shortly afterwards signals were observed from the wreck, and once again the Life-boat put off, and succeeded in saving the five men. It appeared that they had heard the Life-boat crew hail them on the first occasion, but were unable to leave the cabin to answer, owing to the heavy seas which were breaking completely over them, but when the sea fell they were enabled to get out of their place of refuge, and made the signal which happily resulted in their being rescued. A good deal of difficulty was experienced in getting them off the wreck, as on account of the heavy surf and seas breaking over it the Life-boat could not be taken alongside. She approached as close as possible, and having attached her grapnel to the wreck, each of the men were hauled by ropes through the intervening water to the Life-boat.

Captain A. A. WALKER, of the Local Marine Board, Dublin, went out in the Life-boat on the second occasion, and was thanked by the Institution for his service.—Expense of service, 1*2l.* 3*s.*

Oct. 8.—TENBY.—*Anne Collin* Life-boat.—The Life-boat put off three times in a very heavy gale from S. to S.W., and a very heavy sea. The storm is reported to have been the worst experienced on this part of the coast since the year 1844. The first launch took place at 2.30 A.M., in response to signals shown by a steamer,

which, however, succeeded in making Caldy Roads without assistance. The Life-boat landed at Sandersfoot and was taken back to the station by road, on her transporting carriage. At 2 P.M., a message by telephone was received from Caldy Light-house, reporting that two vessels in the roadstead had signals of distress flying. Owing to the state of the tide and as the wind was blowing from S.W. it was decided to take the Life-boat across the sands nearly as far as Giltar, and she was successfully launched, although it was nearly low water. The crews of four vessels were anxious to be taken ashore, and were safely landed by the Life-boat. They numbered fifteen men in all and belonged to the schooner *Lake Patas*, of Barrow; ketch *Sage*, of Carnarvon; and schooners *Samuel Dixon* and *Margaret*, of Wexford. Immediately after landing these men the boat was again called out by signals from the brigantine *Rival*, of Belfast, which was lying in the roadstead and was in danger of dragging her anchors. Her crew of six men were taken into the Life-boat and landed at 7.15 P.M. Valuable help was rendered on these occasions by J. G. Lock, Esq., M.R.C.S., J.P., the Honorary Secretary, whose services were specially recognized by the Institution.—Expense of services, 10*1l.* 10*s.* 6*d.*

Oct. 8.—ABERDOVEY.—*Thomas Niccolls* Stratford Life-boat.—At 3.30 P.M. the Life-boat was launched and saved the trawler *Hadassah*, of Aberystwyth, which had parted from her moorings in the estuary and drifted on to the bar. No one was on board the vessel. A ship's boat had tried to reach her, but was compelled to give up the attempt, a strong S.W. gale blowing at the time, and the sea being very heavy.—Property salvage case.

Oct. 8.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—The Life-boat was called out in very bad weather, a dismantled vessel having been observed about three miles east of the harbour. The boat reached her in about an hour's time and found she was the barque *Giovanni*, of Lillesand, bound in ballast from Fleetwood to Savannah. The crew of thirteen men having been taken into the Life-boat she had to anchor close by for some three or four hours owing to the fury of the gale and the strong ebb spring tide.

When the force of the tide had somewhat abated the boat cast off and made for the harbour, and after two hours' further battling against the storm she landed the rescued men at the Queen's Pier. They were very much exhausted by their long exposure, and the Life-boat men had a hard time of it; the latter were cheered again and again by the great crowds which had assembled to welcome their return.—Expense of service, 24*l.* 16*s.* 6*d.*

COMMITTEE MEETING, 8th Oct., 1896.

Voted 51*6l.* 9*s.* 4*d.* to pay the expenses of the following Life-boats in either assembling crews or putting off with the view of succouring the crews of vessels in distress:—Aldeburgh, Bembridge, Caister, Clacton, Dover, Dungeness, Filey, Gorleston, Great Yarmouth, Harwich, Hastings, Hayle, Holyhead, Hoylake, Ilfracombe, Kingsdowne, New Romney, North Deal, Padstow, Palling, Penarth, Port Patrick, St. Ives, Southsea, Walmer, Walton-on-the-Naze, Wells, Weymouth and Winterton.

Also 14*l.* to two men injured on service at Great Yarmouth.

The Ramsgate Life-boat was also called out.—Expense paid by the Board of Trade.

Oct. 9. — WHITEHAVEN. — *Elizabeth Leicester* Life-boat.—The schooner *Tom Henry*, of Kirkwall, bound from Fowey for Runcorn, failed to enter the harbour while a heavy gale was blowing from S.W., with a rough sea, and anchored behind the north pier. She drove towards the beach, and as she was in a very dangerous position, the Life-boat put off and rescued her crew of five men. The vessel shortly afterwards became a total wreck.—Expense of service, 20*l.* 2*s.*

Oct. 9.—NEWBIGGIN.—*Robert and Susan* Life-boat.—Two fishing-cobles returning from Seaham were unable to land at Newbiggin owing to the rough state of the sea, the wind blowing a moderate gale from S.W. The Life-boat was launched at noon, so as to be at hand should any casualty occur, and remained until they safely landed.—Expense of service, 16*l.* 17*s.* 6*d.*

Oct. 11.—PENMON.—*Christopher Brown* Life-boat.—The Penmon pilots having observed a dismasted vessel aground on the Dutchman's Bank, the crew of the

Life-boat were at once summoned by telephone, and at 7.30 A.M. the Boat proceeded under sail towards the vessel. Owing to the state of the tide the Life-boat could not approach within about a mile of her. The Boat was therefore taken on the bank and three of her crew volunteered to wade ashore and walk to the vessel. One of them returned and reported that there were eleven men on board and that they wanted the Life-boat, as their own boats were disabled. At 9 A.M. the Life-boat was enabled to reach the wreck, and rescued the crew and landed them safely at Beaumaris. The stranded vessel was the barque *Minde*, of Farsund, laden with timber from Canada for Manchester. Sir RICHARD WILLIAMS BULKLEY, Bart., Vice-President of the Anglesey Branch of the Institution, and Wm. M. PRESTON, Esq., Treasurer and Hon. Secretary of the Branch, went in the Life-boat on this occasion.—Expense of service, 15*l.* 5*s.*

Oct. 11.—CLOUGHHEY.—*Faith* Life-boat. — At 11.25 P.M. the Life-boat was launched, a report having been received that a vessel was aground on the North Rock. On reaching the vessel she was found to be the brigantine *Brothers*, of and for Drogheda, coal laden from Ayr. As she was leaking badly and a heavy sea was running, her crew of five men were taken ashore by the Life-boat.—Expense of service, 26*l.* 2*s.*

Oct. 13. — HUNSTANTON. — *Licensed Victualler* Life-boat.—At 5.30 A.M. the Life-boat was launched to the assistance of the barge *Ruby*, of London, which had stranded on the inner edge of the Woolpack Sand. Some of the Life-boatmen boarded the vessel, sail was made and, steered by means of her mainsail, her rudder being disabled, she was taken to New Hunstanton, where she was beached, her crew of four men being taken ashore in the Life-boat.—Property salvage case.

Oct. 13.—LYNMOUTH.—*Louisa* Life-boat. — At 11 P.M. signals of distress were observed, and seven minutes afterwards the Life-boat was in the water and on her way to the vessel in distress. She proved to be the smack *Mary*, of and for Lynmouth from Bristol, unmanageable, having been struck by a squall which carried away her mainsail. Her anchor, which she had at once let go, was dragging; she was close to the rocks, and was continu-

ally swept by the heavy seas. The Life-boat took her in tow, and a favourable change in the wind occurring, she was taken safely into port.—Expense of service, 27*l.* 6*s.*

Oct. 15.—PENMON.—*Christopher Brown* Life-boat.—The pilots having observed a vessel strand on the Dutchman's Bank, at once summoned the crew of the Life-boat by telephone, and at 9 A.M. the boat was launched, Sir RICHARD WILLIAMS BULKELEY, Bart., Vice-President of the Anglesey Branch of the Institution, and WILLIAM M. PRESTON, Esq., Hon. Secretary of the Branch, going off with the crew. When nearing the vessel, very shallow water was entered, and the Life-boat took the ground several times, and considerable difficulty was experienced in getting alongside the stranded craft. Eventually this was accomplished, and the crew of three men and the master's wife were rescued. Fresh difficulty was then encountered in getting the boat off the sand, on which she had stuck, and as the tide was ebbing, it required great exertion on the part of the Life-boatmen to get her off. They eventually succeeded in doing so, and at 10.30 the rescued persons were landed at Penmon. The vessel was the flat *Sefton*, of Liverpool, coal laden from Conway for port Dinorwic.—Expense of service, 13*l.* 7*s.* 6*d.*

Oct. 15.—ARBROATH.—*William Souter* Life-boat.—Fears being entertained for the safety of twelve fishing boats which were seen to be making for the harbour, the Life-boat was launched at about 11 A.M., so as to be in readiness should any casualty befall the fishermen, the wind blowing strongly from E.N.E. and there being a heavy sea on the bar. The Life-boat stood by the boats until they safely entered the harbour.—No charge made, the service being rendered to fishermen.

Oct. 15.—ST. ANDREW'S.—*Louisa* Life-boat.—Three boats returning from the fishing-grounds were overtaken by a gale from the N.E., and as a heavy sea was breaking at the harbour's mouth, they showed signals of distress. The Life-boat was launched to their assistance at 6.15 P.M., and remained in attendance until the fishermen had safely entered the harbour.—Expense of service, 11*l.* 17*s.*

Oct. 15.—PAKEFIELD.—*The Two Sisters, Mary and Hannah*, Life-boat.—

At 11.20 P.M. the Life-boat was launched, signals of distress having been seen, and on arriving at the Newcome Sands found the dandy *Jolly Tar*, of Lowestoft, stranded there. The Life-boat men assisted at the pumps with the view of saving the vessel, but their efforts were of no avail, and eventually the crew of five men were taken into the Life-boat, the smack becoming a total wreck. At the time of launching the Life-boat a moderate breeze was blowing from N.E., but the wind afterwards increased to almost hurricane force accompanied by a heavy sea.—Expense of service, 39*l.* 12*s.* 6*d.*

Oct. 16.—BRANCASTER.—*Alfred S. Genth* Life-boat.—A flare being observed in the direction of the Middle Sand the Life-boat was launched at 10.20 P.M., and proceeded towards the spot where the light had been seen, but it suddenly disappeared. The Life-boat cruised about for a long time, but without finding any vessel, and at last anchored until daylight, when a vessel was seen about a mile to leeward, stranded and water-logged, with her crew in a boat hanging on to her. Just at that moment the boat was observed to leave the wreck and drift towards the sands. The Life-boat hastened towards her, and arrived just in time to rescue the six men on board. They had only one oar in the boat, and were in such a thoroughly exhausted condition that it was considered advisable to get them ashore as quickly as possible, and the Life-boat therefore ran for Hunstanton, where they were safely landed.—Expense of service, 44*l.* 2*s.* 9*d.*

Oct. 16.—FILEY.—*Hollon the Second* Life-boat.—At noon the Norwegian barquentine *Maria Berner*, bound from Gefle for Hartlepool with pit props, ran into Filey Bay for shelter, a strong gale blowing from N.N.E. at the time, with a very heavy sea. She had a flag flying three-quarter mast high, and appeared to be in want of assistance. The Life-boat, therefore, put off to her and found that the master and crew wished to land, intending to return to their ship when the weather moderated. Four men got into the Life-boat and three others into another boat and were taken ashore, leaving the vessel riding with three anchors down. The crew afterwards were taken back by a shore-boat, and at 11.15 burnt a flare for assistance. The crew of the Life-boat

were summoned; the boat again proceeded to her and found that one of her cables had parted, and that she was leaking. Her crew, being desirous of leaving the vessel, were taken into the Life-boat and were once more landed at 1 A.M.—Expenses of services, 43*l.* 17*s.*

Oct. 19.—PADSTOW.—*Arab* Life-boat.—A lugger was seen to anchor on the back of the Doom bar. A moderate gale from N.E. was blowing at the time, and there was a rough sea. While the vessel was being watched her chain parted and she drifted across the channel and grounded on the rocks inside Stepper Point. The Life-boat crew were at once summoned, and at 7.30 P.M. the Life-boat was on her way to the vessel. She proceeded alongside and found her firmly fixed by the bow on the rocks, and her crew declined to leave her. As she was evidently in a perilous position, the Life-boat remained by her, and about half an hour after midnight, when the tide flowed, she filled; her crew of seven men then took to the Life-boat and were brought safely ashore. The vessel was the *Jules Noemi*, of and from Redon for Cardiff, laden with pit wood.—Expense of service, 23*l.* 11*s.*

Oct. 19–20.—EYEMOUTH.—*James and Rachel Grindlay* Life-boat.—While several fishing-boats were at sea a heavy ground swell was breaking in the bay and it was feared that some casualty might befall the boats when they came in. The Life-boat therefore was launched, and remained in readiness for any emergency.—Expense of services, 7*l.*

Oct. 20.—WEXFORD.—*Andrew Pickard* Life-boat.—Signals of distress having been shown by the fishing-lugger *Ocean Pearl*, the Life-boat was launched at 6.15 P.M., and on nearing the vessel met her punt, containing the crew of seven men and a passenger. They were taken into the Life-boat, which then, at the request of the master, proceeded to the vessel, which was stranded on the Dogger Bank. She was full of water, heavy seas were breaking over her, and it was impossible to save her.—Expense of service, 22*l.* 17*s.*

Oct. 23.—RAMSGATE.—*Bradford* Life-boat.—At 3.45 A.M. the Life-boat, in tow of the steam-tug *Aid*, left the harbour in response to signals from the Gull and Goodwin Light-vessels, and found the

schooner *Dorothy Watson*, of Shields, coal laden from Hull for Portsmouth, stranded on the N.E. Goodwin sands. The Life-boat men boarded her, and when the tide flowed the tug backed in, her steel hawser was passed on board, and, after towing for about an hour, the vessel was got afloat and was taken into Ramsgate harbour, the pumps being kept continually at work during the journey, as she was leaking badly.—Property salvage case.

Oct. 26.—BUDĒ.—*Elizabeth Moore Garden* Life-boat.—The brigantine *Thyra*, of Rönne, showing signals of distress, while a moderate gale was blowing from N.N.W., with a heavy sea, the Life-boat was launched at about 7.45 A.M., succeeded in taking off her crew of nine men, and landed them at Boscastle. Five of the men, when the weather moderated a little, went back to the vessel, fearing a passing steamer might take possession of the derelict. She, however, drifted on the rocks, and ultimately became a total wreck, the five men being once more brought ashore by the Life-boat.—Expense of service, 32*l.* 2*s.* 6*d.*

Oct. 30.—ST. ANDREWS.—*Louisa* Life-boat.—A number of fishing-boats were returning to the harbour in the evening while a N. wind was blowing and a heavy sea was breaking. Several of the boats entered safely, but one of them was struck by a sea and narrowly escaped foundering. Four boats remained outside, two of which ran for the Firth of Forth, the other two signalling for assistance. At 7.15 the Life-boat was launched, taking out a rope about two hundred fathoms in length, one end being held by men on the quay, and by this means the boats were hauled safely into the harbour.—Expense of service, 11*l.* 3*s.*

Nov. 7.—MORLFRE.—*Star of Hope* Life-boat.—The schooner *Waterbird*, of Liverpool, signalled for assistance whilst lying in the roadstead, a gale from N.E. having suddenly sprung up, accompanied by a very heavy sea. At 10 P.M. the Life-boat was launched, proceeded to the vessel, and landed her crew, consisting of five men, as there was imminent risk of the vessel dragging her anchors and going on the rocks.—Expense of service, 26*l.* 19*s.*

Nov. 7.—CAISTER, NORFOLK, and GORLESTON, SUFFOLK.—*Beauchamp* and *Mark Lane* Life-boats.—In the afternoon,

during hazy weather, signal guns were heard from the St. Nicholas Lightship off the coast of Norfolk, in response to which the Gorleston Life-boat was launched and proceeded to the Lightship, when it was ascertained that guns had been heard to the eastward. At once the Life-boat was taken in that direction, and proceeding over the Scroby Sands she found on the outside of the Sand a full-rigged ship, named the *Soudan*, of Liverpool, 1659 tons, bound from Leith to Rio de Janeiro with a cargo of coal, and having a crew of twenty-seven men and a pilot on board. By request of the master the Life-boat returned for the assistance of steam-tugs, and every effort without effect was made to save the ship. The weather then got much worse, the wind ultimately increasing to a whole gale, accompanied by a very heavy sea, and at 6.45 on the morning of the 8th November nineteen of the ship's crew were taken into the Life-boat along with eight of her own crew who had gone on board to help in throwing cargo overboard so as to lighten the vessel; the captain had previously gone ashore to consult with Lloyd's agent as to the steps to be taken to try to save the ship. The Life-boat then remained at anchor close by for a time, after which she again bore down on the wreck and endeavoured to take off the remaining eight men, but could not manage it, as every rope broke, owing to the severity of the gale. Fortunately the Caister No. 2 Life-boat, the *Beauchamp*, had been launched in reply to signals a few hours previously after very hard work, some of the heaviest seas ever remembered being shipped, which thoroughly drenched the men, who experienced similar treatment in crossing the Barber Sands. They found that the only way to fetch the wreck was through half-a-mile of heavy broken water on the Scroby Sands, through which they proceeded, all hands lashing themselves in the boat. They arrived there about 7 o'clock, and the *Mark Lane* Life-boat, which was there waiting at anchor a little way from the wreck, sailed for harbour, her coxswain and crew having by that time been afloat in the boat for about nineteen hours.

With the help of a steam-tug and the use of her own sails the Caister Life-boat after some time was enabled to approach

the wreck, but could not get alongside, the heavy seas knocking her away time after time, until lines had been passed to her by the aid of Life-buoys thrown from the ship. The crew were then enabled to haul her up to the stern, when she was swept under the lee quarter amongst the wreckage and the eight men jumped into her amidships. Having accomplished her mission the Life-boat made for harbour under sail and safely landed the rescued men at Gorleston. The latter part of this service taking place in daylight, thousands of persons watched it from the beach at Great Yarmouth, and as the boat made the harbour both piers were thronged with spectators, who cheered lustily. Thanks to the determined and brave efforts of the Life-boat men, the loss of this vessel was happily unattended by any loss of life. A relative of one of those saved by the *Mark Lane* Life-boat voluntarily forwarded the crew of that boat 5*l.* "as a small recognition of gallant services, with heartfelt thanks."—Expenses of service, 10*l.* 13*s.*

Nov. 8.—SEATON CAREW.—*John Lawson* Life-boat.—The galliot *Dina*, of and from Gröningen, bound for Stockton-on-Tees, laden with oats, stranded on the Slag Bank at the mouth of the Tees in a N.E. gale and a strong sea. The Life-boat was launched at about 10.30 A.M., and with considerable difficulty and risk, owing to the high seas and the shallowness of the water, the boat grounding twice, reached the vessel and rescued the master, his wife and child, and the crew of three men. The vessel became a total wreck.—Expense of service, 20*l.*

Nov. 8.—CLACTON.—*Albert Edward* Life-boat.—The barquentine *Golgotha*, of Riga, laden with bricks and coal from Grangemouth for Barbadoes, was seen to strand on the West Gunfleet Sands, and she showed signals of distress. The Life-boat was launched at 5 P.M. in a heavy sea, the wind blowing a strong gale from N.E., and on reaching the vessel found her bumping heavily. The Life-boat men boarded the vessel, part of the cargo was jettisoned, and at high-water the vessel was got afloat, and was taken into Queenborough Swale. She had a crew of ten men.—Property salvage case.

Nov. 9.—NEW BRIGHTON.—*Duke of Northumberland* Steam Life-boat.—The Life-boat was called out at night by a

telephone message from the Chief Officer of H.M. Coastguard at Waterloo, stating that a vessel was making signals of distress on Crosby Beach. On arriving there it was found that the brigantine *Emma Ives*, of Dublin, had stranded, and that the captain wanted the assistance of a pilot and a steam-tug. The Life-boat remained in attendance until the vessel was taken in tow by a steamer, after which she returned to her station.—Expense of service, 14l. 1s.

COMMITTEE MEETING, 12th Nov., 1896.

Voted 987l. 8s. to defray the expenses of assembling the crews or launching the following Life-boats with a view of helping the crews of vessels in distress:—Aranmore, Berwick-on-Tweed, Brancaster, Broadstairs, Brighton, Bude, Caister, Carnsore, Castletown, Chapel, Clacton, Clovelly, Eyemouth, Filey, Formby, Girvan, Gorleston, Great Yarmouth, Holyhead, Hope Cove, Hoylake, Hunstanton, Hythe, Kessingland, Kingsdowne, Llandudno, Lowestoft, Margate, Maryport, New Brighton, North Deal, Plymouth, Point of Ayr, Port Isaac, Pwllheli, Rosslrae, Sheringham, Skegness, Thorpe, Walmer, Wells, Whithorn, Winterton and Youghal.

The Ramsgate Life-boat was also called out.—Expenses paid by the Board of Trade.

Voted 200l. towards the local subscription for the benefit of the widow and two young children of E. YOUNG, one of the crew of the Walmer Life-boat, who when the boat was alongside the s.s. *Trapani*, of Hamburg, which stranded on the Goodwin Sands on the 23rd October, took off his life-belt and climbed up a rope with the view of boarding the vessel, but his strength failing him he fell into the sea, and notwithstanding all the efforts made to save him, was drowned, although a good swimmer.

Also 21l. 1s. to men injured at Tramore, Port Isaac, Workington, Margate, Lynmouth and Llandudno.

The Committee recognised the past good services of Mr. O. H. PARRY, Mr. T. EVANS, and Mr. W. COLLISTER as Coxswains of the Cemaes, Rhyl and Port Erin Life-boats, and the services of Mr. EDWARD HAMSON, Second Coxswain of the Exmouth Life-boat.

Nov. 14.—HOLYHEAD.—*Thomas Fielden* Life-boat.—The Life-boat was launched while a strong S.S.W. gale was blowing, with a very heavy sea, and on reaching the schooner *Thomas*, of and from Liverpool, for Nevin, she was in tow of a steam-tug, but the crew of three men were in a thoroughly exhausted condition. Some of the Life-boat men boarded the vessel, which had lost her main-mast, and by working hard at the pumps, the water being then up to the cabin seats, managed to keep her afloat until she was towed into harbour.—Expense of service, 13l. 17s. 6d.

Nov. 14.—ABERSOCH.—*Oldham* Life-boat.—The Life-boat was launched to a barque in the offing of St. Tudwell's Roads, flying signals for assistance. A moderate gale was blowing from S., and there was a choppy sea. The vessel was the *Amalia*, of Gothenburg, timber laden from Halifax for Pwllheli, and the master requested the Life-boat men to remain by. At 3 p.m. both her cables parted, sails were then set, and she was beached at the entrance of Pwllheli Harbour.—Property salvage case.

Nov. 16.—WHITBY.—*John Fielden* Life-boat.—The Life-boat proceeded out to the bar and remained there until the fishing-cobles, which had been overtaken by stormy weather, were all got safely into harbour.—Expense of service, 15l. 3s.

Nov. 26.—BRIXHAM.—*Betsy Newbon* Life-boat.—The Life-boat was launched at 10 a.m., and remained in attendance on fishermen who were engaged in getting their boats into safety, a gale of wind having sprung up from E.S.E. with a rough sea.—Expense of service, 12l. 5s.

Nov. 28.—SWANSEA.—*Wolverhampton* Life-boat.—The Life-boat was launched at 10 a.m. and proceeded to the assistance of the fishing-skiff *Jane*, of Swansea, which had parted from her anchors near the Mumbles Head, and was drifting towards a lee shore in a strong E. gale and a heavy sea. Only one man was on board, and he was taken into the Life-boat before his boat stranded and brought safely ashore.—Expense of service, 12l. 3s.

Nov. 29.—ST. AGNES.—*James and Caroline* Life-boat.—The schooner *Ocean Belle* having been observed dimasted and driving helplessly before a strong S.E. gale, accompanied by a very heavy sea, the Life-boat was launched at 10.20 a.m.,

and rescued her crew, consisting of three men.—Expense of service, 12*l.* 15*s.*

Nov. 29.—GREAT YARMOUTH.—*John Burch* Life-boat.—The s.s. *Ardle*, of and for Dundee, from London, in ballast, stranded about 600 yards N. of the Britannia pier in a moderate E. gale and a heavy sea. The Life-boat was launched at 10.30 A.M. and went alongside the vessel. The rocket apparatus simultaneously obtained communication and landed the mate, but owing to the presence of the Life-boat the remainder of the crew stayed on board, and the steamer being light drove a considerable way up the beach. The Life-boat succeeded in getting a wire hawser fast to H.M.S. *Onyx*, but owing to the heavy sea it was impossible to get the vessel off, and the Life-boat therefore stayed by her during the night, and afterwards remained in attendance on those engaged in salving the vessel.—Property salvage case.

Dec. 1.—HOPE COVE.—*Alexandra* Life-boat.—The three-masted steamer *Blesk*, of and from Odessa, bound for Hamburg, laden with petroleum, stranded on the Greystone Rock, about a mile S.E. of Bolt Tail, in extremely dark and thick weather. Guns and rockets having been fired, the Life-boat *Alexandra* was launched at 6.45 P.M. and found the steamer aground under the cliffs, which are between two hundred and three hundred feet high. She had gone ashore with a tremendous crash and, it being impossible to get her off, her crew of forty-three persons were taken into the Life-boat and safely brought ashore in two trips. The *Alexandra* is one of two Life-boats presented to the Institution by the United Grand Lodge of Freemasons of England in commemoration of the safe return from India of the Most Worshipful Grand Master, H.R.H. the Prince of Wales.—Expense of service, 33*l.* 14*s.* 6*d.*

Dec. 4.—ROKER.—*William Hedley* Life-boat.—The Life-boat was launched at 10 A.M. and carried lines from steam-tugs to the stranded s.s. *Hawk*, of Hull, and remained in attendance until the vessel had been towed afloat.—Property salvage case.—Balance of expenses, 6*l.* 14*s.*

Dec. 4.—WALTON-ON-THE-NAZE.—*Honourable Artillery Company* Life-boat.—A message by telephone having been received from the Gunfleet Lighthouse, reporting a vessel ashore on the sand, the

Life-boat was launched at 0.40 A.M., and on her way to the vessel fell in with the s.s. *Westwood*, of Hull, which kindly gave her a tow, casting her off about three miles W. of the Gunfleet Light. The stranded vessel was ascertained to be the brigantine *Lord Strangford*, of Guernsey, laden with scrap iron. The Life-boat men boarded the vessel, assisted at the pumps, and, with the help of the steam-tug *Merrimac*, she was got afloat and was taken into Harwich harbour.—Property salvage case.

Dec. 4.—ST. IVES.—*Exeter* Life-boat.—While a heavy S.E. gale was blowing, with a rough sea, signals of distress were shown by the ketch *Askelon*, of Jersey, which had entered the bay for shelter on the previous day. She was dragging her anchors, and as she had drifted to within two hundred yards of a reef of rocks, her crew got into the Life-boat and were landed in the harbour. The gale afterwards moderating, the men went back to their vessel and, with the help of some of the Life-boat's crew, got her into a safe anchorage.—Expense of service, 13*l.* 3*s.*

Dec. 4.—ABERSOCH.—*Oldham* Life-boat.—The ketch *Progress*, of Aberystwyth, bound from Portmadoc for Dublin, showed signals of distress while at anchor in St. Tudwell's Roads. On reaching the vessel the Life-boat found that she was dragging her anchor, and her crew were anxious to leave her as there were indications of the weather becoming bad. They were landed, therefore, as a precautionary measure, and on the following day again went off to their vessel, the weather having improved.—Expense of service, 17*l.* 7*s.*

Dec. 4-6.—GORLESTON.—*Mark Lane* Life-boat.—At 6.45 P.M., Dec. 4, the Life-boat was launched in response to signals and was towed by a steam-tug to the steamer *Propitious*, of Sunderland, which had been damaged by collision in Yarmouth Roads, in a strong gale from E.S.E. and a heavy sea. The Life-boat was engaged until the morning of the 6th Dec. in remaining by the vessel and landing several men who had been employed on board to assist in lightening her of some of her cargo of coal and to work at the pumps. Assistance was also rendered to the steamer by the Gorleston volunteer Life-boat, *Elizabeth Simpson*, which took ashore others of the men

engaged on the ship.—Property salvage case.

Dec. 5.—WINCHELSEA.—*Frances Harris* Life-boat.—The Life-boat was launched at 5.30 A.M. in response to signals of distress, in a strong gale from S.W., a heavy sea and very thick weather, and rendered assistance to the s.s. *Menzaleh*, of London. With the help of a tug the vessel was taken to Dover.—Property salvage case.

Dec. 6.—WORTHING.—*Henry Harris* Life-boat.—A barque was reported ashore east of Lancing in the morning, when a strong gale was blowing from S.S.E., with a very heavy sea. The roadway to Lancing was impassable, part of it having been washed away, and it was therefore decided to launch the Life-boat at Worthing. This was accomplished at 8.30; sail was made, and on nearing the barque, the boat dropped her anchor and veered down to windward of her. It was impossible to go under her stern on account of the wreckage of the main and mizen masts, which had gone by the board. Communication, however, was established by lines, and the steward and mate were hauled through the surf into the Life-boat. The vessel was by that time within a hundred yards of the beach, and had driven away from the Life-boat, which three times got to windward of her and attempted to re-establish a communication in the broken water. The rocket apparatus having got to work, the remainder of the crew, eight in number, were rescued by that means, the Life-boat remaining as near as possible until the last man was landed. The Life-boat regained her station at 2.20 P.M. The stranded vessel was the *Ophir*, of Arendal, laden with salt from Sicily for Norway.—Expense of service, 28l. 5s. 6d.

Dec. 6-7.—APPLEDORE.—*Bessie Pearce* Life-boat.—The brigantine *Carrick*, of St. John, N.B., stranded at the back of Northam Burrows in a heavy gale from the N. The Life-boat was taken to the spot, but it was found unnecessary to launch her, as the vessel was so situated that her crew could be landed by ropes, and the Life-boat men and others rendered good service in assisting to get them ashore.—Expense of service, 26l. 12s. 6d.

Dec. 8.—PENZANCE.—*Elizabeth and Blanche* Life-boat.—During terrible weather the Life-boat was launched at about 7.45 P.M. and remained in the har-

bour in readiness to proceed if necessary to the aid of a vessel which had been reported in distress. While the boat was afloat she was the means of rescuing a man who fell from the quay into the water.—Expense of service, 31l. 14s.

Dec. 8.—PLYMOUTH.—*Escape* Life-boat.—The Life-boat rendered assistance to the brigantine *Elizabeth Jane*, of Fowey, which was found lying dangerously near a reef of rocks known as the Bridge while a strong gale was blowing from S. with a very heavy sea. The vessel slipped her anchor and was towed by a steam-tug into a safe position, the Life-boat assisting to pass lines from her to the tug, and helping to moor her in the Hamoaze.—Expense of service, 13l. 7s.

Dec. 9.—MABLETHORPE.—*Heywood* Life-boat.—A message by telephone was received stating that a vessel was stranded on the N. side of Saltfleet Haven; the Life-boat was launched at 8.50 A.M. and found the brigantine *Neptune*, of Helsingborg, aground inside the Rose Sand. At the request of the master, the Life-boat remained by the vessel until high water.—Expenses of service, 60l. 14s.

COMMITTEE MEETING, 10th Dec., 1896.

Voted 887l. 4s. 2d. to pay the expenses of assembling the crews or launching to the assistance of vessels in distress the following Life-boats:—Aldeburgh, Clacton, Donna Nook, Dover, Drogheda Nos. 1 and 2, Dunbar, Dungeness No. 1, Exmouth, Falmouth, Formby, Gorleston No. 1, Great Yarmouth, Harwich, Hasborough, Hoylake, Margate, New Romney, North Berwick, Palling Nos. 1 and 2, Peterhead, Roker, Runswick, St. Mary's, Scilly, Salcombe, Shoreham, Southend, Whitelink Bay and Winterton No. 2.

Also 52l. 4s. to men injured on service at Appledore, Caister, Peterhead, Flamborough and Shoreham.

The Committee recognised the long and good services of Mr. WILLIAM HOOKE and Mr. ALEXANDER DUTHIE, Coxswains of the Blakeney and Port Erroll Life-boats.

Dec. 11.—JOHNSHAVEN.—*Meanwell of Glenbervie* Life-boat.—While a moderate S.E. wind was blowing, with a heavy sea, the weather being thick with snow and the night intensely dark, the steam trawler *Pansy*, of North Shields, ran

aground on a reef of rocks two miles W. of Johnshaven. The Life-boat was launched at 3.30 A.M. and made for the vessel, but owing to the darkness and the dangerous position in which she was lying it was impossible to attempt to approach her until daylight. Even then the boat could not venture alongside, but threw her grappling iron on board, and by means of a line pulled the men through the water into the Life-boat. Eight men were thus rescued.—Expense of service, 23*l.* 6*s.*

Dec. 12.—LYNMOUTH.—*Louisa* Life-boat.—A heavy gale sprung up suddenly in the morning when three vessels were trying to get into the bay and harbour. One succeeded in entering. Another, the ketch *Elizabeth*, of Newport, had her sails blown away and was in danger of drifting on the sandbank, and it was feared she would founder. The Life-boat was launched at 10.10 and took off the vessel's crew of two men. Just as they had been rescued the mast of the third vessel, the ketch *Little Jane*, of Plymouth, went by the board, and the Life-boat at once proceeded to her assistance, and remained by her until a tug arrived to take her to Ilfracombe, the Life-boat accompanying her and regaining her station at 9.30 P.M. On the following morning it was ascertained that the *Elizabeth* was still afloat and had drifted about four miles to the eastward. The weather had moderated, but there was still a heavy ground sea, and therefore the Life-boat again went out to her and found she had three feet of water in her. Some sail was put on her and the Life-boat towed her to Minehead.—Expenses of services, 39*l.* 17*s.* 6*d.*

Dec. 14.—MARGATE.—*Quiver* No. 1 Life-boat.—Signals of distress having been reported, the Life-boat was launched at 5.15 A.M. and proceeded through a heavy E.S.E. gale to the Prince's Channel Light-vessel, and, from directions received, proceeded to search the sands in a W.S.W. direction. The search was continued until daylight, and then the mast-head of a sunken vessel was sighted in the Prince's Channel. The Life-boat men made for it, found two men lashed in the topmast trees, and with considerable difficulty the men, both of whom were in a greatly exhausted condition, were taken into the Life-boat. One of them was a

Deal pilot, and the other a member of the crew of the vessel, the schooner *Eva*, of Runcorn. It was ascertained from them that the vessel had stranded on the Tongue Sand at about 11 o'clock on the previous night, but no signal for assistance had been made until 4 o'clock in the morning, when the vessel got off but was found to be sinking. Three other members of the crew were washed off while endeavouring to take to the rigging.—Expense of service, 38*l.* 15*s.*

Dec. 14.—WORTHING.—*Henry Harris* Life-boat.—The schooner *Flora Emily*, bound from Montrose for Shoreham with potatoes, stranded about a mile W. of Worthing pier. The Life-boat was launched at 6.15 P.M. and found the vessel, which was burning tar barrels, bumping heavily. Her crew of five men were taken into the Life-boat and safely landed at 7.15 P.M.—Expense of service, 27*l.*

Dec. 15.—ST. MARY'S, SCILLY.—*Henry Dundas* Life-boat.—The Life-boat was launched at 10.5 A.M. and proceeded to the barque *Sophie*, of Frederikstadt, which was found to be dismasted and abandoned by her crew. Some boatmen had boarded her, and she was ultimately towed by a steam-tug to Tresco, the Life-boat remaining by her until she was in the harbour.—Expense of service, 12*l.*

Dec. 18.—STAITHES.—*Jonathan Stott* Life-boat.—Several of the cobbles which had gone out fishing at about 10 A.M. were overtaken by a gale which sprung up towards mid-day with a rough sea, thick weather and snow showers, and their return was rendered dangerous. The Life-boat was launched at 12 o'clock, and stayed by the bar until the boats had safely crossed.—Expense of service, 13*l.* 1*s.*

Dec. 31.—Voted 518*l.* 19*s.* to pay the expenses of the following Life-boats in assembling their crews, watching or putting off, their services however not being required:—Appledore No. 2, Burnham, Clovelly, Donna Nook, Dungeness No. 2, Filey, Fraserburgh, Hayle, Holyhead No. 1, Hoylake, Montrose No. 1, New Brighton (steam Life-boat), Newburgh, North Deal, Plymouth, Porthdinllasn, Robin Hood's Bay, Rye, St. Agnes, St. Ives and Walmer.

The Ramsgate Life-boat was also taken out.—Expenses paid by Board of Trade.

SHORE-BOAT SERVICES REWARDED BY THE ROYAL NATIONAL
LIFE-BOAT INSTITUTION IN 1896.

Jan. 9.—Voted 4*l.* to four fishermen for putting off in a boat and saving four men whose boat had been capsized while returning to their vessel, the *Baron Hill*, of Liverpool, which was lying off Exmouth, in a strong W. gale on the 4th December.

Also thanks to the master of the steam trawler *Flying Sylph*, and 1*l.* each to two of his crew for saving two of the crew of the fishing coble *Mary and Alice*, of Scarborough, which was swamped in a sudden heavy gale when about two miles distant from Scarborough on the 15th November. The master of the steamer skilfully manœuvred the vessel, and a boat manned by the second hand and the cook put off and rescued the men.

Also 1*l.* 10*s.* to three men for putting off in a boat and saving four men whose boat had been capsized by a squall off the island of Graemsay, Orkney, on the 3rd September.

Jan. 23.—Ten men saved the crew of seven men of the fishing-boat *Morning Light*, which was capsized in Broad Bay, Island of Lewis, in a moderate gale from S.W. by S. and a rough sea.—Reward, 3*l.* 15*s.*

Feb. 4.—Four men saved four men from a fishing-boat which had been capsized about a mile from the shore at Youghal, co. Cork.—Reward, 3*l.*

Feb. 9.—Three men put off in a boat and rescued one of two men whose boat had been upset off Gribbon Head, Cornwall, in a sudden squall.—Reward, 2*l.* 10*s.*

1*l.* was awarded to a fisherman who witnessed the casualty and injured a blood-vessel in hurrying to Polkerris to report the occurrence.

Feb. 13.—Voted the silver medal of the Institution and 2*l.* to Mr. JAMES JAMIESON, and 2*l.* each to three other men, for saving, at great risk, two of the crew of the fishing-boat *Jessie*, of Lerwick, which, while returning from fishing in a strong S. gale, was overwhelmed by a heavy sea and sunk about half a mile from Oxna Island, Shetland, on the 14th December last. A third occupant of the boat unhappily perished before help could reach him.

Oct. 8.—Voted the thanks of the Institution inscribed on vellum to Captain JOSHUA ARMITAGE, and 1l. 10s. each to five other men for their good services in launching a punt, and with much difficulty rescuing the crew of three men from the flat *Catharine*, of Liverpool, which had been swamped in a strong north-westerly gale and a rough sea on the 23rd September.

JOHN MORGAN, master of the Cardiff pilot boat *Cardiffian*, and 2l. each to his two assistants and an apprentice for launching the punt belonging to their cutter during a gale of wind on the 6th October, and at much risk saving the crews, numbering six men, from two barges which they had previously attempted to tow into port, they having been separated from the steamer which had been engaged to take them to Spain.

THE
MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

Obverse.—Bust of Her Majesty Queen Victoria; beneath, in minute letters, "L. C. Wyon." Double legend, "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. Victoria, Patroness."
Reverse.—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. "W. Wyon, Mint." Inscription, "Let not the deep swallow me up."

THE beautiful obverse of this medal, executed by the late L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty's locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of HER MAJESTY at that period (1862), combining the dignity of aspect and benevolence which have always characterised the Queen throughout her long and prosperous reign.

The reverse, representing the Life-boat, in which there are three Seamen, rescuing a fourth from the sea, is a work of great merit. Two of the men are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural manner; and the expression thrown into his countenance looking up to his preserver is supplicating in the extreme, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying a perfect knowledge of the human frame, and a command of the graver to embody what he had shadowed out to himself.

But there is another pleasing motive for admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist, the late WILLIAM WYON, Esq., R.A., himself.

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a LIST of the GOLD and SILVER MEDALS which have been voted by the Committee of the Institution from its establishment in 1824 to the 31st Dec., 1896, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

The total number of Medals and Claps granted by the Institution is 1,253, 99 of which were in Gold, and 1,154 in Silver.

Notes.—The asterisk (*) after the name denotes the reception of a Gold Medal. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C. G.^d.—Coast Guard. R. C.—Revenue Cruiser. M. M.—Master Mariner.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a life-boatman's life-belt are—

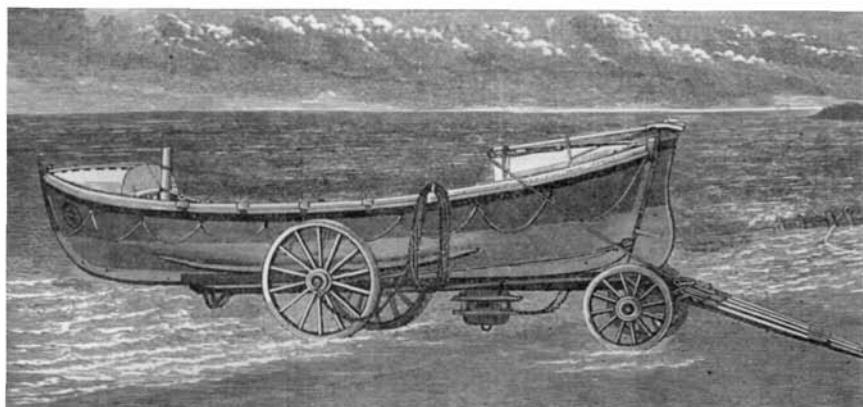

1. Sufficient extra buoyancy (maximum 28 lbs., minimum 25 lbs.) to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability and non-liability to injury.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 298 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats, and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected, and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on next page.)

The following drawings show the general outline and principal fittings of a 34 feet by 7½ feet self-righting boat. Figure 1 gives the profile or broadside view, the shaded part showing that devoted to the air-cases, which give extra buoyancy. The letter A shows the deck, and the unshaded parts the relieving-tubes, by which any water that breaks on board escapes. The shaded part of the keel, B, represents the ballast composed of iron. The festooned dotted lines are the life-lines outside the boat, for men to catch hold of when overboard.

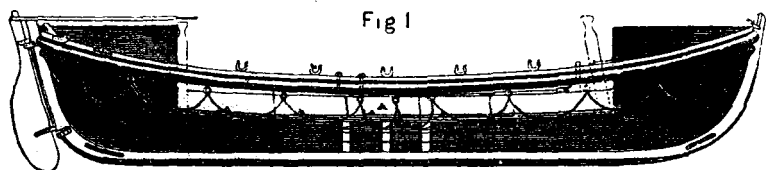

In Figure 2, the unshaded space, A, represents the uncovered part of the deck,

B, the relieving-tubes, C, the side air-cases above the deck, D, the end air-cases, E, the ventilating scuttles, F, the water-ballast tanks, G, the plugs, and H, the pumps of the ballast tanks.

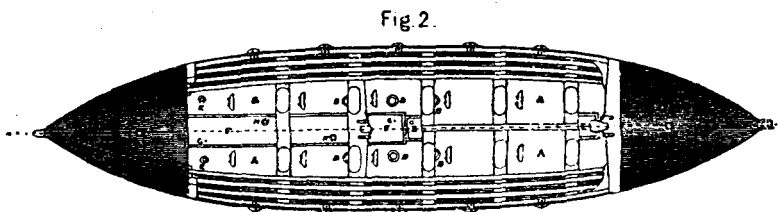

Figure 3 represents the body plan or cross sections at various distances from stem to stern.

Figure 4 gives the midship section.

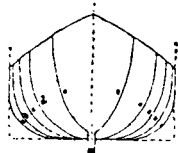

THE SELF-RIGHTING WATER-BALLAST LIFE-BOAT.

BODY PLAN

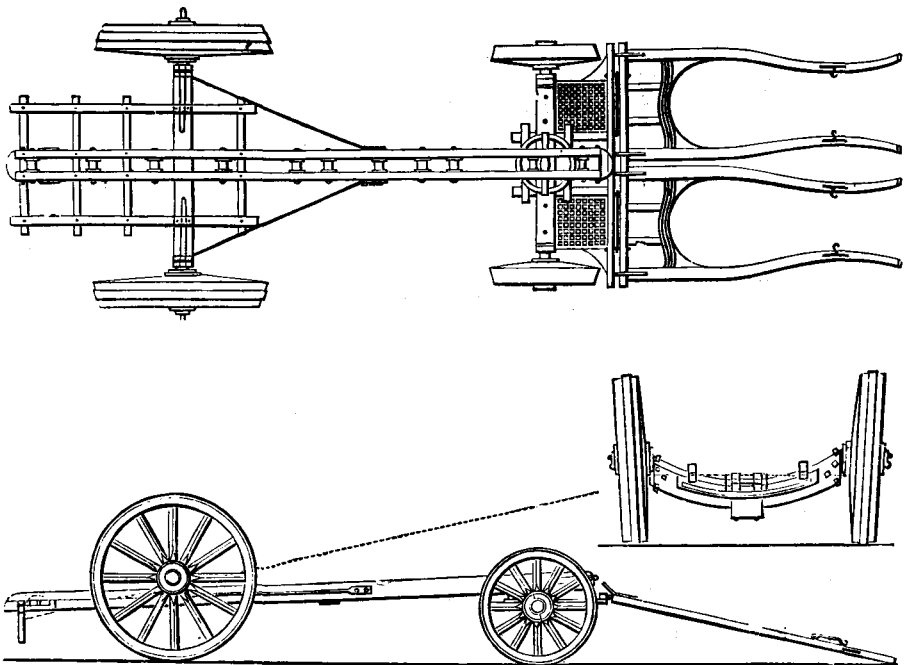

MIDSHIP SECTION.

This Life-boat possesses in the highest degree all the qualities which it is desirable that a Life-boat should possess:—

1. Great lateral stability, or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage room for a large number of passengers.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger size, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be; and even when launched from abreast of the boat-house, she can generally be much quicker conveyed to the water's edge than without a carriage. In addition to this ordinary use, a carriage is is of immense service in launching a boat from a beach; indeed, to such an extent is

this the case, that a boat can be readily launched from a carriage in a high surf, when without one it would often be very difficult to do so.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end with considerable impetus, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION, and all belonging to them, are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.*, and an assistant at 2*l.* a year, with further allowances under special circumstances. The crew consists, in addition, of a bowman, who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum, and payment as a helper each time he is on duty. The members of the volunteer crews are registered and, wherever practicable, at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or Coastguardmen. On every occasion of going afloat to save life, the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October, and ending the 31st March.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a Coastguard man on duty or other responsible look-out man.

A flag hoisted by day, and the firing of a carronade (or other alarm signal) by night, are the well-known signals for calling the crew together.

On boarding wrecks, the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat, contrary to the coxswain's remonstrance, he is authorised to throw them overboard.

The approximate cost of a Life-boat Station is 1,050*l.*, and is made up as follows:—

Life-boat and her equipment, including Life-belts for the Crew,	
Skids, and Transporting-carriage for the Life-boat	£700
Boat-house, minimum cost (Slipway extra)	350
Total	£1,050

It is often necessary to provide a Slipway for launching purposes, which costs from 200*l.* to 1,000*l.*, or even more. The Annual Expense of maintaining a Life-boat Station is about 100*l.*

Such is a brief summary of the chief of the Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The NATIONAL LIFE-BOAT INSTITUTION has now 298 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has granted rewards for the saving of 39,815 lives, either by its Life-boats or by other means.

Despite, however, this fleet of 298 Life-boats, and of 16 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that on an average 600 lives are lost annually on or near the coasts of the United Kingdom alone, as shown by the Board of Trade Returns, proclaiming solemnly, though silently, that, for humanity's sake, and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs an income of at least 70,000*l.* to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

The Right Hon. J. Bryce, M.P., when President of the Board of Trade, said in the House of Commons on the 18th August, 1894 :—

“The National Life-Boat Institution deserves the confidence of the people.”

The Right Hon. the Lord Mayor of London, when presiding at a meeting at the Mansion House on the 13th June, 1894, said :—

“The Royal National Life-Boat Institution is one of the most meritorious and useful voluntary institutions in this the greatest maritime country of the world. Indeed, there is perhaps no society which better deserves the financial support of the citizens of London.”

The Right Hon. the Earl Spencer, K.G., when First Lord of the Admiralty, stated at the Annual Meeting of the Life-Boat Institution on the 21st April, 1894 :—

“A work like this is done entirely voluntarily without assistance from the State, and in this country I think we take a great pride in this. The Institution has a great claim on the country. . . . It does a great and a national work. On this account it has a claim on the generosity and liberality of the people.”

The Right Hon. A. J. Mundella, M.P., when President of the Board of Trade, said at the Annual Meeting on the 18th March, 1893 :—

“No Government department could ever do the work as well as the National Life-Boat Institution. No Government department would ever maintain that alertness and alacrity which the Governors of that Institution always exhibited; and no Government department could ever evoke that generous sympathy with heroism which has characterised the work of the Institution. I trust the time will never come when the English public will abdicate their duty and their highest privilege of supporting such a noble Institution.”

The Right Hon. Sir Michael Hicks-Beach, Bart., M.P., when President of the Board of Trade, stated at the Annual Meeting of the Life-Boat Institution on the 30th April, 1892 :—

“In the work of saving life at sea the Life-Boat Institution takes the larger part, not only as regards the number of lives saved and money spent, but also as regards the efficiency of the work done. I have never had brought before my notice one single case in which the crews of the Life-Boats have failed to do their duty.”

The Right Hon. Sir A. B. Forwood, Bart., M.P., when Secretary to the Admiralty, stated in public at Liverpool :—

“The Admiralty have no machinery whatever for working the Life-Boat Service, and I am decidedly of opinion that the best, and indeed the only way that this work can be carried on is by the existing organisation.”
