JOURNAL

OF THE

Royal National Life-boat Institution.

(ISSUED QUARTERLY.)

VOL. XIX.—No. 220.]

1ST MAY, 1906.

[PRICE 1s.

AT the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at the Royal United Service Institution, Whitehall, on Wednesday, the 21st day of March, The Right Honourable Lord Tweedmouth, First Lord of the Admiralty, in the Chair, the following Report of the Committee of Management was submitted and adopted:—

## ANNUAL REPORT.

1906.

THE Committee of Management have earnestly endeavoured during the past year to secure and maintain the highest possible efficiency in the service of the ROYAL NATIONAL LIFE-BOAT INSTITUTION and they trust that their efforts have met with success.

*Life-boats.* — The Motor Life-boat, the experiments in connection with which were specially mentioned in the Institution's last Annual Report, was sent in May to Tynemouth, where she now is, and has continued to give every satisfaction. So satisfied indeed have the Committee of Management been with the result of their first efforts to introduce motor power as an auxiliary into the Institution's life-saving service that they have decided to extend its employment and with that

object in view they have made the fullest inquiry, hoping to obtain such an engine or engines as may prove the most suitable for installing in Life-boats. In order to test the capabilities of those engines which in their opinion seemed to be the best for the purpose they fitted in the first instance three Life-boats with three different engines and are experimenting with them.

During the year 1905 fourteen pulling and sailing Life-boats were built and placed at various stations on the coast after consultation with the several Coxswains and crews for whose use they were provided. Very gratifying reports have already been received as to the excellent behaviour of most of these boats either on service or at special exercises and there is no doubt that in many ways they are superior to the old boats.

A second Life-boat has been supplied for use at Aldeburgh, a very important station on the coast of Suffolk, and the two pulling Life-boats which had for many years been stationed at Tynemouth have been withdrawn, the requirements of the immediate locality being, as the Committee believe, now fully met by the motor Life-boat recently placed at the mouth of the Tyne. The boat at Penarth has also been withdrawn, there being an important Station at Barry Dock and the Station at Weston-super-Mare having been strengthened.

The following is a complete list of the stations to which boats were sent:—

Aldeburgh (No. 2)	. . .	Suffolk.
Barmouth	. . . . .	Merionethshire.
Cardigan	. . . . .	Cardiganshire.
Fethard	. . . . .	Wexford.
Flamborough (No. 1)	. . . . .	Yorkshire.
Hornsea	. . . . .	Yorkshire.
Lossiemouth	. . . . .	Elginshire.
Lowestoft (No. 1)	. . . . .	Suffolk.
Mablethorpe	. . . . .	Lincolnshire.
Maryport	. . . . .	Cumberland.
North Deal	. . . . .	Kent.
Ramsgate	. . . . .	Kent.
Ryde	. . . . .	Isle of Wight.
The Mumbles	. . . . .	Glamorganshire.
Tynemouth (Motor Boat)		Northumberland.

At the end of the year the Institution's fleet comprised 277 pulling and sailing Life-boats, 1 motor Life-boat, 4 steam Life-boats—282 in all—and 1 steam-tug.

*Transporting Carriages.*—New transporting carriages were supplied during the year to three stations.

*Inspection of Life-boats.*—Each of the Life-boat stations of the Institution, together with the Life-boats and their gear, was overhauled and thoroughly inspected during the year, a detailed

report in each case being placed before and considered by the Committee of Management.

*Shipwrecks.*—The first three months of 1905 were somewhat remarkable for the constant recurrence of storms and gales resulting in numerous wrecks, and it is interesting to note that during the period in question the Life-boats of the Institution were launched on service more frequently than in any corresponding quarter for upwards of 30 years. During the autumn and the remaining months of the year bad weather was experienced from time to time, but there was an almost general absence of that type of gale which proves so disastrous to shipping on our coast and so perilous to the mariner. The principal gales of 1905 occurred on the 11–16th January, when there were 23 launches of Life-boats, 40 lives being saved and one vessel; and on the 12–15th March, when 31 Life-boats were launched and 51 lives saved, besides assistance being rendered to 7 distressed vessels.

Throughout the year the Life-boats were launched on service 373 times and 1,067 for exercise, in addition to which crews were assembled in readiness for service 50 times when their aid was not ultimately required.

The Committee have for the second consecutive year thankfully to report the important fact that notwithstanding the large number of Life-boatmen who went out in the Life-boats in 1905 on service, in dangerous weather, not a man lost his life when on life-saving duty.

The total number of lives for the saving of which the Institution granted rewards in 1905 was 550; of these 397 were saved by Life-boats and 153 by shore-boats and other means, in addition to which the Life-boat crews were instrumental in saving 27 vessels and boats.

The following table furnishes the details of the services during each month of the year:—

1905.	Number of Life-boat Launches.	Lives Saved by Life-boats.	Vessels and Boats Saved by Life-boats.	Lives Saved by Shore-boats.
January . . . . .	69	69	4	6

*Rewards.*—The rewards bestowed by the Institution in 1905 for rescuing lives from shipwreck or for praiseworthy and gallant efforts to do so, and in recognition of other excellent services rendered to the cause, included 5 Silver Medals and one Clasp, 13 Binocular Glasses, 6 Aneroid Barometers, 21 Votes of Thanks inscribed on vellum and framed, 11 Certificates of Service framed, and 9,850*l.* 9*s.* 9*d.* in money grants, including pensions, gratuities, and compensation for personal injuries or loss sustained in the Service.

On the completion of the year the Institution had granted in all in rewards and recognitions since 1824, 99 Gold Medals and Clasps, 1,212 Silver Medals and Clasps, 63 Decorations, 370 Binocular Glasses, 15 Telescopes, 66 Aneroid Barometers, 1,776 Votes of Thanks inscribed on vellum and framed, 174 Certificates of Service framed, and 257,513*l.* in money.

*Aneroids.*—In 1905 there continued to be a fair demand for the well-known Aneroid Barometers supplied by the Institution, at about a third the retail price, to the masters and owners of fishing boats and small coasters. 77 were issued to fishermen and 14 to coasters, making a total of 91 for the year, and a grand total of 4,813 since 1882, when the provision of the instruments was initiated.

*Electrical Communications on the Coast.*  
—It is with extreme satisfaction the Committee are able to report that during the past year definite steps were taken by the Government to provide some of

the Light-vessels on the east and south-east coasts with wireless telegraphy. For many years the Institution has been urging that action should be taken in this direction, feeling assured that the employment of this method of communication, so superior to any other yet used, will tend in no small degree to more prompt and ready assistance being rendered to distressed and shipwrecked crews.

*Local Committees.*—Very cordial and grateful acknowledgments are due from the Committee to each and all of the Branch honorary officials and to any who have given them help. Without the important co-operation which is year by year received from local sources it would be impossible to carry out efficiently the objects of the Institution.

The ready co-operation constantly given by the Post Office and H.M. Coastguard has been, and is, greatly appreciated.

To the Press of the country is also due a hearty expression of thanks for its powerful and most needful advocacy.

*Life-boat Saturday.*—The Central Committee of the Life-boat Saturday Fund are to be congratulated on the continued success of their generous efforts to secure from the masses an adequate recognition of the important Life-saving work carried on by the Institution. Nothing daunted by the badness of the times with which they have had to contend, they have persevered in their endeavours to obtain for the Institution increased financial support, and unstinted praise is due both to them and to the Life-boat Saturday Committees, as well as to the Ladies' Auxiliaries throughout the country, for their enthusiastic zeal and earnest work.

*Inventions.*—During the year the Committee have as usual received many inventions and proposals from those wishing to add to or to render more

efficient the existing Life-saving appliances. All these have been fully considered and carefully examined. A welcome is at all times given to any inventor who approaches the Institution with a desire to increase its efficiency.

*Finances.*—The total amount received by the Committee of Management in 1905, in subscriptions, donations, dividends, etc., and including the handsome sum of 17,527*l.* 4*s.* 1*d.* received from the Life-boat Saturday Fund, was 77,120*l.* 4*s.* 4*d.*, an increase of 4,702*l.* 1*s.* 3*d.* as compared with the corresponding total for 1904. To this amount must be added the sum of 36,886*l.* 19*s.* 5*d.* received in legacies, of which 17,805*l.* 12*s.* 1*d.* was for specified purposes and special trusts. The Committee of Management would remind the public that the Select Committee of the House of Commons, when reporting so favourably in 1897 on the management of the Institution, expressed the view that it was undesirable that those wishing to benefit the Institution should in any way "ear-mark" their benefactions, as they were of opinion that it would be better for the cause not to fetter the Committee by so doing.

The total expenditure in 1905 was 85,298*l.* 0*s.* 11*d.* This amount included 33,540*l.* 14*s.* 3*d.* for building, equipping and repairing Life-boats, Life-boat transporting carriages, Life-boat houses and slipways; also experiments with motor Life-boats; 15,837*l.* 7*s.* for subsidies for non-self-supporting stations, branch payments, aneroids for fishermen and coasters, life-belts and other stores and the store-yard; 24,630*l.* 1*s.* 5*d.* for payments to coxswains, bowmen and signalmen, to crews, etc., for services and for exercising the Life-boats, for special rewards and recognitions for services; grants for injuries and to the relatives of deceased Life-boatmen, pensions and other retiring allowances

to coxswains, bowmen and signalmen; medals and vellums; also for payments to inspectors. The balance was expended in printing, advertising, postage, telegrams and stationery; on salaries, rates, taxes, office expenses and legal charges in respect of leases and bequests.

Every item of receipt and expenditure has as usual been examined and verified by Mr. Albert W. Wyon, Chartered Accountant, of the firm of Messrs. Price, Waterhouse & Co., 3 Frederick's Place, Old Jewry, E.C.

The Committee of Management have to remind the public that the ROYAL NATIONAL LIFE-BOAT INSTITUTION re-

ceives no financial support whatever from the Government, but that it is entirely dependent on voluntary contributions. In order that its important work may continue to be carried on with efficiency it is absolutely necessary that a very large sum should be provided annually for the purpose. Having regard to the excellent results which have been obtained during the past 81 years—and are still being obtained—the Committee would confidently and earnestly call on all to give them a helping hand and thus to show practical sympathy for a cause which is at once humanitarian and national.

### The Royal National Life-Boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 20 Charing Cross Road, London, W.C.

GOD HELP OUR MEN AT SEA.

### List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1905, INCLUSIVE.

Jan. 6.—SKEGNESS, LINCOLNSHIRE.—*Ann, John and Mary* Life-boat.—Two members of the Life-boat's crew were out fishing in one of the small boats belonging to Skegness, when a north-westerly gale sprang up, and shortly after three o'clock in the afternoon their mast carried away. In consequence of

their signalling for assistance the Life-boat was launched with all despatch and succeeded in picking them up before darkness set in; had they failed to do this the men would undoubtedly have perished, the wind and sea having increased greatly before the return of the Life-boat.—Expense of service, 31l. 7s.

Jan. 6. — LONGHOPE, ORKNEYS. — *Reserve Life-boat*.—The schooner *Brazilian*, of South Shields, whilst bound from that port to Stornoway with a cargo of coal, became windbound and lay in Longhope Bay for some days. A change in the wind enabled her to proceed on her voyage, but on the 6th January, when off Cantick Head, she was overtaken by a whole N.W. gale, which blew away her sails and spars. She drifted into the Pentland Firth, and about 2 P.M. her distress signal was observed by the Lighthouse keeper who promptly telephoned for the *Life-boat*. With all haste she proceeded to the disabled vessel, but on reaching her found it was impossible to go alongside, the sea being exceptionally heavy. As the only hope of saving the schooner and her crew of eight hands was to get her into shelter, the *Life-boat* preceded her, and by the aid of signals piloted her to South Ronaldshay, where she was beached. This was an arduous service, rendered in very cold weather and snow-storms, the *Life-boatmen* being engaged for twenty-four hours. The help was much appreciated by the rescued men, who next day sent a letter of gratitude to the Coxswain of the boat.—Expense of service, 49l.

Jan. 9. — LONGHOPE, ORKNEYS. — *Reserve Life-boat*.—The *Life-boat* was again called out to assist the s.s. *Domino*, of Liverpool. This vessel was bound from Liverpool to Copenhagen, and when off Dunnet Head, owing to the prevailing N.W. gale, her rudder-head carried away. On the arrival of the *Life-boat* the steamer's anchor was weighed and together they reached Longhope in safety. The following letter on behalf of the master and crew was received by the Coxswain:—

s.s. *Domino*,

Longhope, Jan. 9th, 1905.

To the Coxswain and Crew,

Gentlemen,—In my own name and also in the name of my crew, I heartily thank you for the prompt and ready assistance you tendered to us in our time of need. The services coming from an unexpected quarter made them more appreciated still, for I fully expected the boat from the main. Again allow me to tender my thanks, and trust you

will all be spared to render aid to those who need it.

Yours truly,

(Signed) J. SIMPSON, *Master*.

Expense of service, 34l. 12s.

Jan. 7. — HOLYHEAD, ANGLESEY. — *Duke of Northumberland Life-boat*.—About 10 P.M. two steamers, the *Stella Maris*, of Glasgow, and *Oria*, of Bilbao, collided off the Skerries. Within five minutes of the collision the latter vessel sank, but happily her crew were able to get on board the *Stella Maris*. This vessel then attempted to reach Holyhead, but when within about 500 yards of the Breakwater Lighthouse she sank. The crews of both steamers managed to get into two boats, but unfortunately one had no oars and the other had only one. The casualty was seen from the Lighthouse, and a few minutes after midnight an urgent message was sent by telephone for the *Life-boat*. In response the steam *Life-boat* immediately proceeded to the rescue. Shortly after passing the Lighthouse a Holyhead boat was passed with one of the steamer's boats, filled with men, in tow. The Coxswain was informed that the other boat was still missing. The *Life-boat* cruised about all night, and at daylight found that the remaining men, twelve in number, had, with the help of the oar and some loose boards from the bottom of the boat, reached Skerries Island in safety. The twelve men were taken on board and conveyed to Holyhead where they were landed shortly after noon. During this service the S.W. wind varied from a strong breeze to a gale, and the sea was very heavy.—Expense of service, 16l. 10s.

Jan. 8.—RAMSGATE, KENT.—*Bradford Life-boat*.—At 7 A.M. a message was received that signal guns were being fired by the Light-vessels which protect the Goodwin Sands. Orders were at once given for the *Life-boat* to proceed to sea. On arriving at the East Goodwin buoy she found a steamer, the *Ole Bull*, of Bergen, ashore, having stranded about two hours earlier in the thick weather. Her crew had endeavoured to run an anchor out in one of the steamer's boats, but owing to the strong tide were unable to do so. Six *Life-boatmen* were put

on board and an anchor let go. At 10 A.M. the Harbour tug arrived and a rope was at once carried to her, and after an hour's efforts the steamer was towed off stern first. As there was no more help required the Life-boatmen returned to their boat, which made for home.—Expenses paid by Board of Trade.

Jan. 11-12.—**BROADSTAIRS, KENT.**—*Francis Forbes Barton* Life-boat.—The crew of four hands of the schooner *Volunteer*, of Carnarvon, bound from Dunkirk to Sligo with a cargo of slate, passed a terrible night on the Goodwin Sands. Shortly before midnight during a N.W. gale the vessel ran on to the dreaded sands, and fearing she would become a wreck flares were burnt to attract attention. The sea quickly commenced to dash right over the vessel, and the imperilled seamen took to the rigging where they remained for eight hours drenched to the skin, awaiting help from the shore. Although the men were unable to signal after their vessel first struck, the guns from the Light-vessels called out the several Life-boats in the neighbourhood. They quickly reached the vicinity of the wreck, but in the storm and darkness were unable to locate her, so after many hours' search made for home. At daybreak the coast-guard at Broadstairs saw the schooner on the sands with the sea making a clean breach over her. He promptly reported it, and the Life-boat again put to sea and made straight for the wreck. On getting alongside the crew were found in a helplessly numbed and exhausted condition. Life-boatmen were put on board, who unslashed them and helped them into the boat, and with all speed the return journey was commenced. "First aid" was used to restore warmth and life to the men until landed, when all that was possible was done for their comfort.—Expense of service, 14*l.* 13*s.*

COMMITTEE MEETING, 12th Jan., 1905.

Voted 70*l.* 7*s.* to defray the expenses of launches of the following Life-boats, or assembling the crews in readiness, with the view of assisting those on board vessels apparently in distress:—

Broadstairs, Harwich (steam) and Walton-on-Naze.

Also 7*l.* to a man injured at Poole when on duty with the Life-boat.

Also 7*l.* as gratuities to the late Assistant Honorary Secretary at Winchelsea, and the acting Honorary at Kessingland.

Granted retiring pensions and certificates of service to EDMUND ATTRILL, and EVAN EVANS, Coxswain Superintendents at Bembridge and Abersoch respectively, also pensions to the following officers on resigning their posts:—BEN DALE, Coxswain Superintendent of Harwich No. 1 Life-Boat; JAMES BAKER, Assistant Coxswain at Bembridge; JOHN GUNN, Assistant Coxswain at Brighton; WILLIAM RIGBY, Assistant Coxswain of Southport No. 1 Life-boat; JOHN JONES, Bowman at Moelfre.

Jan. 12.—**NEW BRIGHTON, CHESHIRE.**—*Queen* Life-boat.—During a W.N.W. moderate gale a telephone message was received reporting that a ship was ashore near the Formby Light-vessel. The steam Life-Boat was despatched, and on proceeding alongside found the ship *Kalliope*, of Hamburg, in a very dangerous position, with her anchors dragging. It was therefore considered advisable to stand by her in case of emergency, and this was done for some hours, when tugs succeeded in towing her clear and took her to Liverpool.—Expense of service, 19*l.* 13*s.*

Jan. 13.—**HOLYHEAD, ANGLESEY.**—*Duke of Northumberland* Life-boat.—In the night the s.s. *M. J. Hedley*, of Penzance, collided with the mail steamer *Connaught*, and was so badly damaged that her crew were compelled to desert her. A message reaching Holyhead, the steam Life-boat was at once sent to the scene of the accident, as it was not known what damage had been sustained by the mail boat. On meeting her, however, she signalled that she did not require help and the Life-boat proceeded to the *M. J. Hedley*, which was found in the vicinity of the North Stack. Some Life-boatmen were placed on board, and she was taken in tow by a tug and eventually beached in the outer harbour.—Property salvage case.

Jan. 14.—APPLEDORE, NORTH DEVON.—*Jane Hannah MacDonald* Life-boat.—While a whole gale from S.E. was raging, accompanied by a very heavy sea, signals of distress were observed from a vessel on the "Middle Ridge," near Appledore. The Life-boat was launched, and finding the ketch *Advance*, of Bideford, in a sinking condition, rescued her crew of three hands. The ketch was bound from Newport to Plymouth with a cargo of coal, but a few minutes after her crew were taken off she filled with water and sank.—Expense of service, 30*l.* 15*s.*

Jan. 15-16.—GORLESTON, SUFFOLK.—*James Stevens No. 3* Life-boat.—One of the finest services in the neighbourhood of Gorleston in exceptionally severe weather was performed by the steam Life-boat in the night. A strong S.E. wind had been blowing for days, and that night had increased to a furious gale, the sea was terrific with the bar at its very worst, and the temperature was below freezing, in fact the Coxswain stated that in all his many years of experience he had never seen such a sea. Shortly after 6 P.M. a report was received that a vessel was in distress four miles away to the south. Undaunted by the state of the weather the Coxswain and chief engineer called their men together and started to the rescue. On reaching the vessel—the brig *Celerity*, of Lowestoft—she was found to be dragging her anchors, and her imperilled crew, six in number, were successfully rescued. As it was impossible for the Life-boat to return over the bar at low tide she anchored outside, her crew exposed to the biting cold and fury of the storm until after 2 A.M., when she made the harbour in safety and landed the rescued men. The behaviour of the steam Life-boat in such exceptionally severe circumstances is spoken of in the highest terms, and her excellent sea-going qualities are now fully established amongst the local Life-boatmen.

The Committee of Management, as a special mark of their appreciation of the gallantry displayed by all on this occasion, awarded the Silver Medal of the Institution to Mr. SIDNEY HARRIS, Coxswain Superintendent and to Mr.

JAMES SCLANDERS, chief engineer, together with an additional pecuniary grant to them and to each of the crew and engine-room staff.—Expense of service, 19*l.* 5*s.*

Jan. 15.—CLOVELLY, NORTH DEVON.—*Elinor Roget* Life-boat.—During a strong S.E. gale and heavy sea, several vessels ran for shelter to Clovelly, and amongst them the ketches *Jane Ann Elizabeth*, of Swansea, and *Thomas Edwin*, of Plymouth, bound from Bideford with coal. At 8.10 P.M. these ketches made signals of distress and the Life-boat was promptly launched and rescued both crews, consisting of six men, bringing them ashore shortly before 10 P.M.—Expense of service, 30*l.* 7*s.*

Jan. 15.—MARGATE, KENT.—*Eliza Harriet* Life-boat.—At 3.15 A.M. a message was received from the Kentish Knock Lightvessel reporting a ship ashore on the sands. A whole S.E. gale was blowing, the sea was very heavy, and the weather bitterly cold. Without loss of time the Margate No. 1 Life-boat proceeded to the sands, arriving about 8 A.M. Owing to the very heavy seas it was only with great difficulty the Life-boat got alongside. The vessel proved to be the ketch *Malvoisin*, of London, bound from Gravelines to Goole, with a cargo of phosphates; she had lost her rudder, her sails had blown away in the gale, her bulwarks were smashed, and the sea at times made a clean breach over her. Finding that nothing could be done for the ketch and that she was twenty-three miles from Margate, the master decided to abandon her. The Life-boat proceeded alongside and took off the crew, all of whom were in a very exhausted condition, but whilst so engaged the position was one of great danger to all, owing to the seas breaking over the vessel, and the boat was damaged. Margate was reached again at 1.30 P.M., the men having had an arduous task in very severe weather. Two of the four rescued men when landed were in a state of collapse. The Committee decided to award the Silver Medal of the Institution to the Assistant Coxswain, Mr. S. CLAYSON, who was in charge of the Life-boat on this occasion, and he and the other members of the

crew were each granted an additional monetary reward.—Expense of service, 44*l.* 15*s.* 6*d.*

Next day it having been ascertained that the ketch was still afloat, the Life-boat again put off, at the request of the owners, to see if she could be saved. The severity of the weather however prevented the Life-boat reaching her and she had to put back.—Expense paid by owners.

Jan. 17.—A further attempt was made, and together with the help of a tug the Life-boatmen were able to bring the ketch into port in a very battered and leaking condition.—Property salvage case.

Jan. 16.—**ABERSOCH, CARNARVONSHIRE.**—*Oldham* Life-boat.—During snowstorms and very cold weather, in the morning, signals of distress were observed off Benar Point; the Life-boat crew were immediately assembled, and the Life-boat proceeded to the vessel, which proved to be the schooner *Seven Brothers*, of Beaumaris, bound from Portmadoc to Newport. Her anchors were dragging in the prevailing southeasterly gale, and her crew of three hands being in danger were taken off by the Life-boat, which landed them at Penrhyn Point.—Expense of service, 15*l.* 8*s.* 3*d.*

Two hours later further signals of distress were seen from the schooners *Goverian*, of Aberystwith, and *Sarah Davies*, of Dublin. The *Oldham* was again launched, and rescued both crews, nine hands all told. The gale had increased to the strength of a "whole gale" and the sea was very heavy and broken during this second service, but shortly afterwards the wind changed, and the vessels' anchors held. Next day when the storm abated the rescued men were able to return to their vessels.—Expense of service, 29*l.* 9*s.* 6*d.*

Jan. 16.—**CLOVELLY, NORTH DEVON.**—*Elinor Roget* Life-boat.—The schooner *Ensign*, of Plymouth, displayed signals of distress, in a strong S.S.E. gale, off Clovelly, and in response the Life-boat put off and rescued her crew of five hands, the service being performed skilfully and expeditiously.—Expense of service, 13*l.* 11*s.*

Jan. 19.—**GORLESTON, SUFFOLK.**—

*James Stevens No. 3* and *Mark Lane* Life-boats.—The four-masted barque *Optima*, of Hamburg, stranded on the Haisborough Sands during the morning, and the guns fired by the Light-vessels brought several Life-boats and tugs in the vicinity to her assistance. The vessel was 2,845 tons register, with a crew of thirty-two hands on board, and was bound from Hamburg to Santa Rosario, South America, with a cargo of coke. On the arrival of the steam Life-boat she was employed to assist in an attempt to salve the vessel, and next day the Gorleston No. 1 Life-boat arrived, and was also engaged, together with another Life-boat. That night half a gale of wind from N.E. sprang up, and for safety the crew were taken into the Life-boats, but hopes of saving the barque were not abandoned. About 5 A.M. on the 21st the wind moderated, and the men were put back, and worked all day at the pumps and to jettison all the cargo possible. Several tugs were also engaged to tow her clear, but all efforts were fruitless. The sea meanwhile had been increasing in roughness, and huge waves washed right over the ship. At 5 P.M., from the bumping and straining, the vessel's back suddenly broke, and she swung round, placing the Life-boats and the men on board in grave danger. The steam Life-boat then rendered most useful and valuable service in towing the other boats clear of the wreck, and her promptness alone averted a serious catastrophe, the *Mark Lane* being seriously damaged by being dashed against the vessel's side before help could reach her. All hands were eventually rescued and landed at Yarmouth in safety, but the magnificent vessel had to be left and became a total wreck.—Expense of service, No. 1 Life-boat, 49*l.* 17*s.* 8*d.*; No. 3 Life-boat, 35*l.* 7*s.* 6*d.*

Jan. 21.—**CAISTER, NORFOLK.**—*Cvent Garden* Life-boat.—The Caister No. 1 Life-boat rendered valuable assistance to the ship *Jessomene*, of Liverpool. The vessel, whilst bound from South Shields to California with a general cargo, got in dangerous proximity to the Cross Sands during thick weather with a strong S.E. breeze and heavy sea. Her signals brought the *Cvent Garden* to

her aid, and the Life-boatmen, having got the vessel clear, she was able to proceed.—Property salvage case.

Jan. 21.—HARWICH, ESSEX.—*City of Glasgow* Life-boat.—Information reached Harwich about 4.20 P.M. that a vessel was on the Cork Sands, and the steam Life-boat proceeded to her. They found she was the schooner *Dashing Wave*, of Fowey, bound from Dunkirk to Ipswich. The crew were preparing to leave the ship, but on the arrival of the Life-boat the crew were engaged to try and save her, and in this they were eventually successful. The weather was moderate but foggy at the time of the accident.—Property salvage case.

Jan. 26.—NEWBURGH, ABERDEENSHIRE.—*James Stevens No. 16* Life-boat.—About 10 P.M. signals of distress were observed on the North Sands. The Life-boat's crew were summoned and the Life-boat proceeded to the spot. There they found the steam trawler *Ulundi*, of Grimsby, ashore. As there was no immediate danger, the Life-boat, at the request of the master, stood by the trawler until some three hours later they succeeded on the flowing tide in getting the vessel clear. The Life-boat then returned to her station.—Expense of service, 24*l.* 10*s.*

Jan. 28.—THURSO, CAITHNESS-SHIRE.—*Co-operator No. 3* Life-boat.—During a strong W.N.W. gale with heavy sea, the schooner *Helen Hutcheson*, of Peterhead, at anchor in the roadstead, showed signals of distress after an unsuccessful attempt by the vessel's crew to land in their own boat, which they were obliged to abandon on account of the gale and heavy swell. The Life-boat was launched and proceeded to the schooner which was dragging her anchors, and rescued the three men on board. The vessel was bound at the time for Belfast with a cargo of paving stones.—Expense of service, 28*l.* 16*s.*

Jan. 28.—WINTERTON, NORFOLK.—*Margaret* Life-boat.—Shortly before seven o'clock in the evening, a telephone message was received stating that a vessel was on the Haisborough Sands and the No. 2 Life-boat was launched with all despatch. On reaching the vessel, which was the s.s. *Bencroy*, of Liverpool, bound from the Tyne to

Algiers with a cargo of coal, they were asked to stand by as the master hoped to get his vessel clear on the following tide. In this he succeeded, and the Life-boat having remained a sufficient time to ascertain that the vessel was not making water, returned to her station.—Expense of service, 37*l.* 12*s.* 6*d.*

Jan. 28.—GORLESTON, SUFFOLK.—*James Stevens No. 3* Life-boat.—The s.s. *Sinloo*, of Newcastle, and s.s. *Douglas*, of Sunderland, collided when near the Cross Sand Light-vessel in moderately fine weather. Guns were heard at Gorleston at 6.50 P.M., and the steam Life-boat proceeded to the Light-vessel, where they found nine of the crew of one steamer taking refuge.

As they were in safety the steam Life-boat proceeded to the scene of the accident. The *Douglas* had already foundered, whilst the *Sinloo* was on fire and rapidly sinking. Having ascertained that no one was on board, the Life-boat then went to another steamer which was in the vicinity, and found three ship's boats under her lee with the missing men. All were transferred to the *James Stevens No. 3*, which then returned to the Light-vessel and took off the nine she had left there, and both crews, numbering in all thirty-three hands, were landed at Gorleston.—Expense of service, 11*l.* 12*s.* 6*d.*

Jan. 31.—CULLERCOATS, NORTHUMBERLAND.—*Co-operator No. 1* Life-boat.—After the fishing cobbles had put to sea, the N.W. wind freshened, causing the sea to make rapidly. Two of the cobbles ran into Shields, but as the return of the remainder was attended with considerable risk, the Life-boat was launched and attended them into harbour.—Expense of service, 14*l.* 8*s.*

Feb. 1.—GIRVAN, Ayrshire.—*James Stevens No. 18* Life-boat.—A strong W.N.W. gale with a very heavy sea caused great anxiety to be felt for some of the fishing boats which were at sea. About 4 P.M. a boat was seen approaching the harbour, and as it was felt that she could never weather the bar the Life-boat was launched to warn her not to come in. The fishing boat, which was the *Helen Walker*, on the advice of the Coxswain then made for Woodland Bay, the Life-boat accompanying her. Assist-

ance was then given in anchoring the vessel, and the Life-boat remained by her and another boat, the *Polly*, of Girvan, also at anchor. At high-water both boats were riding so heavily that the crews, eight all told, were taken off and landed in safety. Next day it was ascertained that the *Polly* had driven ashore and was wrecked, but the *Helen Walker*, having outlived the gale, was helped into Girvan by the Life-boat. The crew were loud in their praises of the behaviour of the Life-boat, and both the launch and services were skilfully carried out. — Expense of service, 34*l.* 5*s.* 6*d.*

Feb. 4.—DUNBAR, HADDINGTONSHIRE. — *William Arthur Millward* Life-boat. — About 9.40 P.M. during a strong westerly gale intimation was received that the s.s. *Riso*, of Hangesund, had run on to "Longcraig" rocks, about seven miles to the east of Dunbar. The crew of the Life-boat were summoned and the boat launched in charge of the Assistant Coxswain, the Coxswain being at sea. On reaching the steamer no one could be found on board, and the Life-boat returned ashore. About half an hour later the Coxswain came into harbour from fishing and observed flashing lights being burnt. He promptly launched the Life-boat again and made for the spot. When four miles out they came upon a small pram, to accommodate five, in which were eleven seamen in a most exhausted state, the boat being almost to the water's edge. The captain stated that the position of his vessel had become so critical that he had to abandon her, and that they had been at sea for some hours between life and death, perfectly oblivious of where they were. All were transferred to the Life-boat which brought them in safety to Dunbar. — Expense of service, 55*l.* 13*s.*

Feb. 6.—PORT PATRICK, WIGTOWNSHIRE. — *Civil Service* No. 3 Life-boat. — Shortly after midday, the barque *Marianna*, of Arendal, in tow, was observed about one and a half miles off Port Patrick with a heavy list and not able to steer. There was a strong S.W. wind and heavy sea running, and as it was feared that the vessel must go on to the rocks the Life-boat was sent to her

assistance. When six miles north of Port Patrick the vessel's tow rope parted and she drove on to the rocks and became a total wreck. Before this happened the tug was able to take off all the men on board, and with the exception of one who was landed by the Life-boat, they proceeded with the tug. — Expense of service, 17*l.* 2*s.*

#### COMMITTEE MEETING, 9th Feb., 1905.

Voted 1041*l.* to pay the expenses of assembling the crews or taking out the following Life-boats, &c., with the view of assisting vessels in distress:— Ballantrae, Broadstairs, Caister No. 1, Campbelltown, Cemaes, Cemlyn, Cromer, Formby, Greenore, Hayle, Holyhead No. 2, Hoylake, Kingsdowne, Kirkcudbright, Lowestoft No. 1, Margate No. 2, Newcastle (co. Down), North Deal, North Sunderland, Palling No. 2, Peel, Penarth, Plymouth, Port Erroll, Ramsey, Rhoscolyn, Robin Hood's Bay, Rosslare Harbour, Scarborough, Southend (Cantyre), Stromness, Thurso, Walmer, Weymouth, Whitby No. 2, Whithorn and Winterton No. 2.

The Ramsgate Life-boat was also launched.

Voted the Silver Medal of the Institution to Mr. SIDNEY HARRIS, Coxswain of the Gorleston steam Life-boat, in recognition of his gallantry on the 15th and 16th January, when the steam Life-boat saved the crew of six hands of the brig *Celerity*, of Lowestoft, in exceptionally severe weather. An additional pecuniary reward was also made to each member of the crew.

Also voted the Silver Medal of the Institution to Mr. STEPHEN CLAYSON, Assistant Coxswain of the Margate No. 1 Life-boat, for a gallant service in a whole gale on the 15th January, which resulted in the saving of four lives from the ketch *Malvoisin*, of London. The crew were each granted an additional reward.

Also 23*l.* 5*s.* to men injured in the Life-boat service at Gorleston, Port Erroll and Withernsea.

Granted a retiring pension, a special gratuity and a certificate of service to WILLIAM CRAWFORD, Coxswain Superintendent at Wells.

Also a pension and certificate of service to WILLIAM ASH, Coxswain Superintendent at Hope Cove.

Also pensions to JOHN HUGHES and JOHN WILLIAMS, Coxswain Superintendent and Assistant Coxswain respectively at Llandudno, to THOMAS ACE, Assistant Coxswain at Port Eynon, to WILLIAM TEMPLE, Signalmen at Wells, and a commuted pension to WILLIAM HAYES, Signalman at Dunmore East.

Feb. 15.—WALTON-ON-NAZE, ESSEX.—*James Stevens No. 14* Life-boat.—A telephone message from the Gunfleet Lighthouse at 8.31 A.M. reported that a vessel was on the Gunfleet Sands. The Life-boat promptly proceeded to the place indicated and found the steam ketch *Dunnikier*, of Kirkcaldy, aground. The Life-boat stood by her for some hours, and then returned home, leaving a tug with the ketch to assist her if necessary, the men on board being in no danger. The ketch at the time was bound from Montrose to London with a cargo of potatoes, but went on to the sands in the prevailing haze.—Expense of service, 13*l.* 16*s.* 6*d.*

Feb. 18.—STORNOWAY, ISLAND OF LEWIS.—*Sarah Pilkington* Life-boat.—The westerly gale was one of the fiercest experienced at Stornoway for a long period, and the squalls at times attained hurricane force. About 4.45 P.M. information was received that a fishing lugger, the *Magnificent*, of Buckie, which, owing to stress of weather, was compelled to anchor in a very dangerous position in Branahine Bay, was making distress signals. The crew of the Life-boat were summoned, and although in going to the vessel they would be exposed to the full fury of the gale and a very heavy sea, they started undaunted on their errand of mercy. They found the fishing boat anchored in close proximity to a reef of rocks over which the sea was breaking fiercely. The wind just then veered to N.W. in a heavy squall, rendering the vessel's position safer, and the crew refused to leave her; but the Life-boat remained with the lugger until she got under way, which the change of wind enabled her to do. The vessel and

Life-boat in company then made for Stornoway Harbour, which was reached after the boat had been out on service for seven hours. The Life-boat is reported to have behaved excellently.—Expense of service, 24*l.* 15*s.* 6*d.*

Feb. 18.—THURSO, CAITHNESS-SHIRE.—*Co-operator No. 3* Life-boat.—During the gale three schooners lying at anchor in Scrabster Roads made signals of distress, and the Life-boat put off to them and landed their crews, fifteen in number. The sea was rough, but all the vessels were able to ride out the gale, and when the weather moderated the crews returned on board.—Expense of service, 14*l.* 11*s.*

Feb. 20.—HARTLEPOOL, DURHAM.—*Charles Ingleby* Life-boat.—During a blinding snowstorm with the wind blowing a strong northerly gale, the ketch *Myrtle*, of Yarmouth, carrying a crew of three hands, was driven ashore near West Hartlepool Harbour. The ketch was on a voyage from St. Andrews to London, with a cargo of potatoes, when she sprung a leak. An attempt was made to reach Hartlepool, but she drifted into broken water, lost her rudder and became unmanageable. A tug got communication with the ketch, but after about an hour's work had to abandon her, and the No. 2 Life-boat was launched at 10 A.M. to the rescue. When the vessel was reached the heavy seas were washing right over her, but by skilful management the three hands were saved. The rescue was effected within view of hundreds of spectators who watched the scene with great interest, the behaviour of the boat being splendid. When she got clear of the stranded vessel an endeavour was made to regain the harbour, and a tug put off and assisted her in.—Expense of service, 10*l.* 9*s.*

Feb. 23.—NEWBIGGIN, NORTHUMBRLAND.—*Robert and Susan* Life-boat.—When the cobbles were out fishing the sea increased so much as to cause the landing to be very dangerous, the Coxswain therefore took out the Life-boat and stood by them as they came in. Happily no mishap occurred, and when all the cobbles had come in the Life-boat was rehoused.—Expense of service, 8*l.* 8*s.*

Feb. 26.—HOLYHEAD, ANGLESEY.—

*Duke of Northumberland* Life-boat.—At 2 o'clock in the morning, during a whole S.S.W. gale with a very heavy sea, signals of distress were observed from a vessel in the bay. The steam Life-boat was at once ordered out, and whilst on her way further signals were seen from another vessel near by. On reaching the vessels the crews requested the Coxswain to take them off as the anchors were dragging and they feared their crafts would not weather the storm. They were accordingly taken into the Life-boat, which landed them at Holyhead about 3 A.M. Both vessels were schooners, the first being the *Mary Annie*, of Dublin, with three hands, bound from Arklow to Chester, and the other the *Margaret Garton*, of Castletown, with five hands, bound from Milford to the Isle of Man, with a cargo of coal.—Expense of service, 11l. 12s. 6d.

Feb. 26.—WEYMOUTH, DORSET.—*Friern Watch* Life-boat.—At 8 A.M. a telephone message was received from the coastguard that one of H.M. Torpedo Destroyers was rapidly drifting towards the breakwater, and that the crew of the Life-boat should be assembled in case of need. As a hurricane from the S.W. was blowing and the sea was very heavy this was promptly done, and the men remained on duty until the Destroyer with the help of a tug got into safety. Within an hour a further message arrived, stating that a ship was in distress with her crew in the rigging six miles S.S.W. of Grovepoint. The *Friern Watch* was immediately launched and in tow of a tug proceeded to the vessel, which proved to be the barque *Countess of Anglesey*, bound from Rouen to Liverpool in ballast. The crew wished to be taken off, and two of the men got into the Life-boat, one falling into the sea and with difficulty being picked up, the captain, however, forbade any more to leave the vessel. The Life-boat then remained by her, and subsequently two tugs were able to take the barque into safety.—Expense of service, 24l. 8s. 6d.

March 1.—FLAMBOROUGH, YORKSHIRE.—Reserve Lifeboat.—During a N.E. gale accompanied by a heavy ground sea, information was received that some

of the fishing craft were in distress off the Head. The Life-boat at the No. 1 station was launched and conveyed them into safety. The sea by this time had increased so much that it was impossible for the boat to return to her station; she was therefore taken to the No. 2 station on the south side of the Head for the night and replaced in her own house the next day.—Expense of service, 22l. 0s. 3d.

March 2.—BERWICK-ON-TWEED, NORTHUMBERLAND.—*Matthew Simpson* Life-boat.—The brig *Traen*, of Christiania, was wrecked during a moderate north-easterly gale and thick weather on the Goswick Sands. About 7.30 A.M. the coastguard reported by telephone that a vessel was ashore. The Coxswain quickly summoned his crew, and the Life-boat made for the wreck. She was found fast ashore with the sea washing over her, and a quantity of telegraph poles, of which her cargo consisted, washing about her, and alongside was the ship's boat in a swamped condition. The Life-boat hauled as close as possible alongside, and in doing so had much difficulty in getting through the floating cargo and wreckage, sustaining some damage. With all haste the crew of seven men were taken off, there being immediate danger of the masts going by the board. The Life-boat then pulled clear of the wreckage and was picked up by a tug, which took them with all speed to Berwick, the rescued men being very exhausted and suffering from wet and cold.

This was a meritorious service, and the unfortunate sailors were loud in their expressions of gratitude to the brave Life-boatmen; they were greatly affected when told that within two hours of their rescue their vessel had totally disappeared.—Expense of service, 18l. 1s.

March 6-7.—PALLING, NORFOLK.—*54th West Norfolk Regiment* Life-boat.—About midnight, during hazy weather, the coastguard observed a vessel ashore about a mile to the north of Palling and reported it. The No. 1 Life-boat was launched and proceeded to the vessel, which proved to be the schooner *Maria*, of Hull, bound from that port to London with a cargo of coal. The

Life-boatmen were engaged, together with a yawl which had also put off, to try and get the schooner off, and after some hours' work were successful. The Life-boat then returned to her station.—Property salvage case. Balance paid by Institution, 21*l.* 14*s.* 6*d.*

March 8.—RAMSGATE, KENT.—*Bradford* Life-boat.—Soon after daylight, it was reported that a ketch was ashore on the north part of the Goodwin Sands. The weather up to this time had been hazy. Orders were at once given for the Life-boat and a tug to go out to her. On reaching the Sands the Life-boat could not get near to the vessel, there not being sufficient water, but a rope was made fast to the ketch, and, as the tide made, she hauled alongside and took off the crew of three hands, one of whom had a wooden leg. It appeared that the vessel, which was the ketch *Wesley*, of Jersey, whilst bound from Montrose to Guernsey with a cargo of potatoes, ran ashore at 3 A.M. It was then blowing a W.N.W. gale, and as soon as she struck she commenced to make water and the seas broke over her. The crew took to the rigging until the tide ebbed, and when they were rescued the ketch was practically a wreck.—Expenses paid by the Board of Trade.

March 8.—PORT PATRICK, WIGTOWN-SHIRE.—*Civil Service No. 3* Life-boat.—About midday the fishing-boat *Irex*, belonging to Port Patrick, became unmanageable in the S.W. gale and strong tide. As it was seen she could not make the harbour, the Life-boat was sent to her assistance and when about a mile to the north of the harbour came up with her. The crew consisting of three hands were taken off and shortly afterwards a heavy sea struck the abandoned vessel and she capsized. The Life-boat then made for home, and although she had only a mile to travel the struggle against wind and tide was so severe that it was nearly four hours before the Life-boat regained her station. The seas were exceptionally rough and at times broke right into the Life-boat, completely burying her, but she freed herself well and eventually, with the exception of breaking some oars and rowlocks, reached Port Patrick in safety.—Expense of service, 15*l.* 6*s.*

March 8.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—Shortly after 10 P.M. information was received that a brigantine was ashore about a mile to the north of the station. The assembly signal was fired and the Life-boat launched. On reaching the vessel she was found to be the brigantine *Clio*, of Ardrossan, bound from Littlehampton to Sunderland in ballast. The sea was heavy and the wind S.S.W. moderately strong. The Life-boat was engaged by the master to stand by and render assistance in getting the vessel off. About 7 next morning, with the aid of a tug, the vessel was floated and together with the Life-boat was taken into harbour.—Property salvage case. Balance paid by Institution, 19*l.* 10*s.*

#### COMMITTEE MEETING, 9th March, 1905.

Voted 398*l.* 16*s.* 9*d.* to pay the expenses of assemblies of crews, watching, etc., or launches at the following Life-boats with the view of assisting those on board vessels in distress:—Appledore No. 1, Bembridge, Berwick-on-Tweed, Bridlington Quay, Broadstairs, Clovelly, Harwich (Steam), Holy Island No. 1, Hornsea, Johnshaven, Lynmouth, Mullion, Padstow No. 1, Penmon, St. Mary's (Scilly), Torquay, Walton-on-the-Naze, Winchelsea and Winterton No. 2.

The Ramsgate Life-boat was also launched but her services were not eventually required.

Voted the Silver Medal of the Institution to Mr. JAMES SCLANDERS, Chief Engineer of the Gorleston Steam Life-boat, in connection with the gallant rescue by that boat of six lives from the brig *Celerity* of Lowestoft in exceptionally severe weather on the 15th–16th January.

Also 2*l.* 5*s.* 6*d.* to men injured in the Life-boat service at Bridlington Quay and Uppang. Granted a retiring pension and a certificate of service to JAMES HILL, Coxswain Superintendent at Porthoustock, also retiring pensions to GRIFFITH WILLIAMS, Assistant Coxswain at Porthdinllaen and EDWIN MUNDY, signalman at Mullion.

March 12.—MARGATE, KENT.—*Civil Service No. 1* Life-boat.—The schooner *R. T. K.*, of Fowey, was seen to show signals of distress when off the North Foreland. It was blowing a gale from W.S.W. and the sea was heavy. Without delay the No. 2 Life-boat proceeded to her. On approaching the schooner her signal was lowered, she having accepted help from a service galley. At the request of the master the Life-boat stood by him until his vessel was out of danger and then made for home. On the way a signal was made by the steamer *St. Vincent*, of Glasgow, and the *Civil Service No. 1* made for her. On arrival the captain stated that one of his crew had been seriously injured, and requested that he should be landed. He was taken into the boat which then returned to Margate, and he was handed over to the local Ambulance Corps for removal to the Hospital.—Expense of service, 18*l.* 10*s.*

March 12.—BEMBRIDGE, ISLE OF WIGHT, and SOUTHSEA, HAMPSHIRE.—*Queen Victoria* and *Heyland* Life-boats.—During a strong S.W. gale and heavy sea a message was received stating that a large vessel was being driven rapidly ashore at Hayling Island and that unless assistance reached her promptly she would go ashore and become a total wreck. The Bembridge Life-boat was launched with all despatch and proceeded under all sail possible to the vessel. She proved to be the barque *Eugène Schneider*, of Nantes; she was then at anchor, but in the storm they would not hold. About the same time the Southsea Life-boat arrived upon the scene, information having also been sent to Southsea respecting the distressed vessel. The crew of thirty hands were preparing to leave the barque when tugs arrived; the Life-boats were therefore asked to convey hawsers to the tugs and this was done. The hawsers afterwards parted, but others were got on board and eventually the vessel was taken into safety.—Expense of service, Bembridge, 46*l.* 7*s.*; Southsea, 35*l.* 6*s.* 6*d.*

March 15.—TENBY, PEMBROKESHIRE.—*William and Mary Devey* Life-boat.—About 2.30 in the morning, when a whole

gale from S. was raging, the Life-boat was launched in response to signals of distress from the schooner *Millom Castle*. Great difficulty was experienced in getting alongside the schooner owing to the pitching and rolling, but after four unsuccessful attempts it was accomplished and the crew, numbering three hands all told, were safely taken off, together with their dog.—Expense of service, 49*l.* 3*s.*

March 15.—ABERSOCH, CARNARVONSHIRE.—*Oldham* Life-boat.—A W.S.W. gale of unusual severity was experienced, and at 5 A.M. signals of distress were observed from a vessel in St. Tudwell's Roads. The Life-boat was launched in response, and found the schooner *Pluvier*, of Aberystwith, had been in collision with another vessel and had lost her foremast and bowsprit. As the sea was very heavy and the squalls at times terrific the crew of six men were taken into the Life-boat, and brought into safety to Llanbedrog, about 8 A.M. Some hours later when the Life-boat *Oldham* was about to return to her station, further signals were observed from the schooner *Jannet*, of Carnarvon; the boat immediately proceeded to her and found she was on a lee shore in a very dangerous position, with her anchors dragging; the five men on board were rescued, and when the weather moderated a tug was fortunately able to take the *Jannet* to a fresh anchorage.—Expense of service, 40*l.* 12*s.* 9*d.*

March 15.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—During a strong southerly gale and heavy sea signals of distress were seen from a vessel near the Barber Sands, and the Life-boat was launched and proceeded in the direction of the signals. On reaching the vessel, which was the brigantine *Minnie Eaton*, of Lowestoft, it was found she had dragged her anchors about three-quarters of a mile, and was on the edge of the sand. The boat stood by the brigantine until the tide changed, and then assisted her to proceed on her voyage to Lowestoft, whither she was bound with a cargo of coal.—Expense of service, 18*l.* 4*s.* 6*d.*

March 15.—HOLYHEAD, ANGLESEY.—*Duke of Northumberland* Life-boat.—Very heavy seas accompanied a whole

S.W. gale, and soon after daylight signals were observed from two vessels in the roads. The steam Life-boat was immediately ordered out and made for the barquentine *Imogene*, of Liverpool, as it was seen that she was drifting out to sea. On getting alongside the crew of eight were taken on board, the vessel's cables having both parted. The Life-boat then proceeded to the other vessel, which proved to be the *Harmony*, of Padstow, and rescued her crew of five, as her anchors were dragging. The boat then returned ashore. Both vessels were carrying coal as cargo, and the *Imogene*, which was bound from Garston to Gibraltar, was driven out to sea and not seen again. The schooner happily weathered the storm. — Expense of service, 8*l.* 16*s.* 3*d.*

March 15.—PORT ST. MARY, ISLE OF MAN.—*James Stevens* No. 1 Life-boat.—At 8.45 A.M. when the wind was blowing a whole gale from S.W., with a very heavy sea running, the schooner *William Berey* broke from her moorings and commenced to drift to the shore on the opposite side of the bay, which is extremely rocky and dangerous. Within fifteen minutes she was fast on the rocks, considerably holed, and liable to go to pieces at any moment. In the meantime the casualty had been observed from the shore, and the Life-boat was sent to the rescue of the four men on board. In a short space of time she was skilfully taken to the wreck and the crew having been rescued she returned ashore. — Expense of service, 14*l.* 11*s.*

March 15.—FORMBY, LANCASHIRE.—*John and Henrietta* Life-boat.—During a whole S.W. gale the steam hopper No. 3, of Liverpool, was observed to be in difficulties, and the Life-boat was launched and went to her. The hopper had lost her rudder, and was drifting perilously near Jordan's Flats; she therefore let go her anchors, which prevented her running aground. The master would not leave his vessel, but asked the Life-boat to stand by him. This she did for some hours until the steam dredger *Blanche* came to the vessel's assistance. Owing to the very heavy sea, communication could not be made between the two vessels, and at the request of the

captain the Life-boat again gave her aid. After half an hour's battling with the heavy seas she succeeded in picking up a buoy with a line attached, floated from the *Blanche*, and then obtaining another line from the vessel in distress, a hawser was soon established between the two. Finding the hopper did not require any further help the Life-boat then returned to Formby.—Expense of service, 20*l.* 14*s.* 6*d.*

March 15.—NEWCASTLE, CO. DOWN.—*Farnley* Life-boat.—At 10 A.M. the barque *Cannebière*, of Marseilles, was observed being driven on to Dundrum Bar, in the furious W.S.W. gale which was raging. The Life-boat was launched and proceeded to her. On approaching the barque the in-draught of the tide and heavy cross seas caught the Life-boat and swept her beyond the wreck. As it was impossible for the boat to get back to her, the Coxswain beached his boat at Ballykinlar, where the men remained to recover from their exposure and fatigue. In the meantime a tug went off to the wreck and succeeded in taking off ten of the endangered men, but in the gathering darkness and mountainous seas had to suspend operations. At 4 P.M. the Life-boat made another attempt, the crew having been provided by Mr. Clarence Craig, of Tyrella, with refreshments, he also furnishing men and horses to assist in the launch. Before the Life-boat could reach the wreck, however, one of her crew was taken ill, and the boat was compelled to put back to land him at Dundrum. As three of the crew were unfit to go to sea again, three substitutes were obtained and a third start was made for the vessel. The boat reached her about midnight, to find her completely under water, and the remainder of the crew, ten in number, taking refuge in the rigging. Having taken them all on board, the Life-boat made at once for Dundrum, where all received the greatest kindness, and the boat was left for the night. The Committee of Management decided, as a special mark of their appreciation of the valuable and unselfish services of Mr. Craig on this occasion, to present him with a mounted aneroid, bearing a suitable inscription, and also to bring to the particular notice of the Inspector-

General of the Royal Irish Constabulary the meritorious conduct of Sergeant McNaughten and Constable McGowan, who followed the Life-boat all day, and on several occasions were up to their necks in the water when assisting at the launches. — Expense of service, 55*l.* 19*s.* 2*d.*

March 15.—MONTROSE, FORFARSHIRE. — *Sarah Jane Turner* Life-boat.—During the afternoon, a message was received that a ketch was apparently running for Montrose, and asking that the Life-boat might be on the look-out for her. An hour later she appeared, and it was seen that she intended to attempt to come in. As there was a very heavy sea running and a S.E. gale raging, the No. 1 Life-boat was launched to attend the ketch, which proved to be the *C.F.C.G.* of Jersey, bound from London to Montrose. The ketch fortunately succeeded in getting over the bar without mishap, although she was struck by several very heavy seas and was all but driven on to the Annat Bank.—Expense of service, 12*l.* 9*s.*

March 15.—SHOREHAM, SUSSEX.—*William Restell* Life-boat.—The barque *Liburna*, of Arendal, whilst bound from Gothenburg to South Africa, stranded off Shoreham about 5 P.M. There was a S.W. gale blowing at the time, accompanied by a very heavy sea, and whilst the Life-boatmen were hastening to the rescue a heavy hailstorm came on. The Life-boat having been launched, was taken by the harbour tug to windward of the wreck and then veered down. This was a somewhat difficult operation, as the boat had to be manœuvred with great care to prevent her being dashed against the side of the vessel. Eventually, however, the vessel's crew of ten men were got on board, but not before the Life-boat was somewhat seriously damaged; she was again picked up by the harbour tug, which assisted her into harbour. The rescue, which was carried out in the presence of some hundreds of spectators, was skilfully performed.—Expense of service, 42*l.*

March 16.—NEW BRIGHTON, CHESHIRE, and FORMBY, LANCASHIRE.—*Queen* and *John and Henrietta* Life-boats.—A vessel was observed on "Taylor's Bank," and in response to a telephone message the

steam Life-boat was sent to her assistance. She found the s.s. *Innisfallen*, of Liverpool, inward bound from Cork, had been in collision, and had stranded. Two hoppers which had gone to help the steamer stranded in close proximity to each other. The Formby Life-boat also arrived upon the scene, and as the weather was very threatening both Life-boats stood by the stranded vessels. Happily the wind decreased, and early next morning tugs were able to tow all three vessels clear. The Life-boats then returned to their stations.—Expense of service, New Brighton, 19*l.* 9*s.*; Formby, 43*l.* 6*s.*

March 17.—APPLEDORE, NORTH DEVON.—*Jane Hannah Macdonald* Life-boat.—The fishing craft *Elizabeth*, of Tenby, attempted about 5 P.M. to cross the bar, but with the tide and heavy sea, there being little or no wind, she drifted on to the North Tail. Within a few minutes the sea began to wash over her, and signals of distress were made. The Life-boat was promptly launched, and succeeded, with considerable difficulty owing to the state of the sea, in rescuing the three hands on board, bringing them safely ashore at 7.30 P.M.—Expense of service, 21*l.* 14*s.* 3*d.*

March 23.—PORTHDINLLAEN, CARNARVONSHIRE.—*Barbara Fleming* Life-boat.—During a strong northerly gale the schooner *Julia*, of Runcorn, which was anchored in the bay owing to stress of weather, commenced to drag her anchors and drifted into shallow water. Signals of distress were displayed, and the Life-boat was launched and proceeded to her. On getting alongside the master requested that he and his two men should be taken ashore; they were accordingly taken on board the Life-boat and landed in safety. During this service the sea was very rough and heavy rain was falling.—Expense of service, 24*l.*

March 24.—BERWICK-ON-TWEED, NORTHUMBERLAND.—*Matthew Simpson* Life-boat.—A number of Spittal fishing cobbles put to sea early in the morning, when a N.E. wind sprang up, with a very heavy sea running on the bar. It was seen that the small craft would have great difficulty in reaching the harbour, and that the

attempt to do so would be attended with considerable danger. The Life-boat crew were summoned and the Life-boat put to sea to render assistance if necessary. As the cobbles approached the bar the Life-boat got on the weather side and shielded them. Whilst there the Life-boat was frequently struck by heavy waves, at times being quite buried, but both boat and crew behaved admirably, her manoeuvres being watched by a large crowd of spectators.—Expense of service, 6*l.* 10*s.* 6*d.*

March 24.—NORTH SUNDERLAND, NORTHUMBERLAND.—*Thomas Bewick* Life-boat.—The sea was very heavy from the early morning, and the coble *Two Brothers*, of North Sunderland, was the only one to go out, her lines having been shot overnight, and the crew being very anxious to get them. About noon the sea had increased considerably, and as her return would be attended with great risk the Life-boat was launched and towed her over the bar.—Expense of service, 8*l.* 10*s.*

March 24.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—The fishing coble *May Blossom*, of Whitby, had a trying experience when making for Whitby. The coble had been out to the crab pots, and when returning a heavy easterly sea was breaking across the entrance of the harbour. The No. 1 Life-boat was launched and stood by the coble, which managed to cross the bar in safety, although she came near being swamped several times.—Expense of service, 15*l.* 3*s.*

March 25.—PAKEFIELD, SUFFOLK.—*The Two Sisters, Mary and Hannah*, Life-boat.—During foggy weather the fishing-boat *Clupeidae*, of Lowestoft, grounded on a flat off Kirkley Beach. The Life-boat was launched to her assistance, and when a tug came upon the scene, conveyed a hawser to her, by which the fishing-boat was towed off and taken into Lowestoft Harbour, accompanied by the Life-boat.—Property salvage case.

April 3.—NORTH SUNDERLAND, NORTHUMBERLAND.—*Thomas Bewick* Life-boat.—While the fishing cobbles were out the S.E. breeze increased and the sea became very heavy. Two cobbles

nearly foundered when coming in, and as it was feared that the remainder would come to grief, the Life-boat was launched at 1.10 P.M. and assisted the boats to regain the port.—Expense of service, 5*l.* 12*s.*

April 7.—FILEY, YORKSHIRE.—*Hollon the Second* Life-boat.—When the cobbles belonging to Filey were returning from the fishing grounds they were overtaken by snow-storms and a strong north-easterly wind, which was causing a very rough sea in the tideway at the Brigg End. Great anxiety was felt on shore for the safety of the fishermen. At 9 A.M. the Life-boat was launched and remained afloat until the whole of the boats had safely landed. One of the cobbles incurred great danger, having lost her rudder.—Expense of service, 12*l.* 15*s.*

April 11.—ACKERGILL, CAITHNESS-SHIRE.—*Jonathan Marshall, Sheffield*, Life-boat.—At 8.15 P.M. a telephonic message was received from the Coastguard at Wick, stating that four fishing yawls were in distress in Wick Bay and making their way north. The sea at the time was very heavy and the weather was cold and hazy. The Life-boat was launched and proceeded under oars in the direction given. After pulling for two hours they found two of the yawls and sent them up the bay. After searching for a considerable time the Life-boat fell in with another of the yawls and took her into the bay. As soon as all three were safely anchored, the crews—nine hands all told—were taken off and landed. At this time nothing could be seen of the fourth yawl; the Life-boat was therefore beached. Within a few minutes a further message was received that the missing boat was off Wick, and the Life-boat again put to sea, but after a fruitless search for some hours she returned to her station.—Expense of service, 34*l.* 13*s.*

April 12-13.—WHITBURN, DURHAM.—*William and Charles* Life-boat.—The steamer *Enriqueta*, of Grangemouth, when bound from Lowestoft to the Tyne in ballast, stranded about 9.15 P.M. on the "Black Steel," off Whitburn. The weather was foggy, with a moderate S.E. gale and rough sea. The Life-boat was

promptly launched and rescued the crew of ten men. Next morning the weather had moderated and the crew decided to make an attempt to save their vessel. They put off in a small boat and found the steamer, though badly holed, firmly on the rocks. They worked for a few hours, when the weather became bad again, and fearing to trust themselves in the small craft in which they had put off, they signalled for the Life-boat, which was launched and landed them. Expense of service, 23*l.* 13*s.* 6*d.*

April 13.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—During the afternoon the brigantine *Amanda*, of Newhaven, stranded a short distance from the St. Nicholas Light-vessel, and in response to guns from the latter the Life-boat was launched. When searching for the *Amanda* in the dense fog which prevailed, the *John Burch* found the Caister No. 1 Life-boat, which had also been launched, fast aground on a dangerous part of the shoal; she rendered what assistance she could, and remained by her until she floated some hours later. The *Amanda* had in the meantime received other assistance, and the *John Burch* was able to return to Yarmouth.—Expense of service, 29*l.*

April 13.—FLAMBOROUGH, YORKSHIRE.—*Matthew Middlewood* Life-boat.—During a thick fog, with a strong S.E. wind and choppy sea, information reached the Coxswain of the No. 2 Life-boat that a steamer was signalling for assistance, apparently on the S. Smethic Sands. The Coxswain launched the boat and found the s.s. *Royal Standard* firmly aground. At the request of the captain the Life-boat stood by the steamer until she floated, and having accompanied her far enough to ascertain that she was not making water, she returned ashore.—Expense of service, 19*l.* 15*s.*

COMMITTEE MEETING, 13th April, 1905.

Voted 892*l.* 5*s.* 5*d.* to pay the expenses of launching the following Life-boats or assembling the crews, with the view of assisting the crews of vessels in distress:—Blackrock, Brighton, Brixham, Broadstairs, Buck-

haven, Burryport, Caister No. 1, Dunbar, Dungeness, Ferryside, Giles Quay, Gorleston Nos. 1 and 3 (Steam), Hayling Island, Helvick Head, Holyhead, Holyhead (Steam), Kessingland No. 1, Kingsdowne, Littlehaven, Lowestoft No. 1, New Brighton (Steam), North Berwick, North Deal, Pakefield, Palling Nos. 1 and 2, Penzance, Plymouth, Ramsey, Rosslare Harbour, Selsey, Sennen Cove, Walmer, Wells, Winchelsea, Winterton No. 2 and Worthing.

The Ramsgate Life-boat was also taken out, but her services were not ultimately called into requisition.

Voted 100*l.* towards the fund being raised for the benefit of the families of five men who lost their lives on the 26th February at Holyhead, when endeavouring to save life from vessels in distress.

Also 5*l.* 19*s.* to men injured on service at Hornsea and Mullion.

Also 10*l.* to Second Coxswain at Skegness for loss in connection with an accident in the Life-boat service.

Granted retiring pension and certificate of service to OWEN CHARD, Coxswain Superintendent of the Bull Bay Life-boat.

Also pensions to J. DE LA MARE, Bowman at St. Helier, Jersey, and to H. OWEN, Signalman at Rhosneigr.

April 14.—ARBROATH, FORFARSHIRE.—*James Stevens* No. 13 Life-boat.—An excellent service was performed during the morning; at 5.30 a message was received that a vessel was on the rocks at Westhaven, Carnoustie. With all haste the Life-boat proceeded to the scene of the accident and found the schooner *Gesine*, of Oldenburg, practically under water, the forepart alone being clear, and on this the crew were standing. The boat anchored and veered down towards the wreck, but in the rough sea had considerable difficulty in getting near. This was eventually accomplished and a line thrown on board by which a rope, life-buoy and tail-block were hauled on board, it being the Coxswain's intention to rescue the crew by that means, but they, being foreigners, could not be

made to understand. At considerable risk the Life-boat then went alongside. The vessel's crew, consisting of the captain and four hands, were got on board, but they were so benumbed with cold from the waves washing over them that the Life-boatmen had to lift them from the ship to the boat. In doing so the captain caught his legs in the bow chains, and was badly bruised. To save him from drowning the boat was hauled up close to the vessel, being somewhat damaged in consequence. As soon as all were on board the Life-boat made for Arbroath, the crew doing all that was possible for the shipwrecked men. With noble unselfishness they took off their own clothing for the benefit of their less fortunate brethren. When landed the men were well cared for, and later the captain of the wrecked ship expressed his and his crew's highest appreciation of the great service rendered them, and of the valour displayed by the Life-boat crew. Some months later H.I.M. the German Emperor graciously bestowed three silver watches, bearing his monogram surmounted by the Imperial Crown, on the three officers of the boat, and the sum of 20*l.* to be equally divided between the remaining ten members of the crew. The presentation of the much-appreciated gifts was made the occasion of a ceremony over which the Provost presided.—Expense of service, 13*l.* 16*s.* 9*d.*

April 15.—NEWBIGGIN, NORTHUMBERLAND.—*Robert and Sarah* Life-boat.—In consequence of a dense fog which came on during the morning when five of the cibles were at sea, their return in the heavy weather was attended with considerable risk. The Life-boat was therefore launched and convoyed all in safety. Some of the fishing-boats' crews being quite uncertain of their positions, the Life-boat's help was of great use.—Expense of service, 7*l.* 16*s.*

April 15.—ST. ANDREWS, FIFESHIRE.—*Louisa* Life-boat.—The ketch *Diana*, of Rye, bound from that port to St. Andrews with a cargo of gravel, arrived on the 13th April, but was unable to make the harbour owing to the state of the tide. The captain therefore anchored about a mile to the north

of the pierhead. Next day an E.S.E. gale sprang up, and on the 15th a dense fog came on. By this time the sea had become very rough, and when the fog lifted in the afternoon it was seen that the *Diana* was in a position of great danger, the seas continually breaking over her. About 5 p.m. a distress signal was hoisted, the Life-boat was launched, and after a stiff struggle reached the ship. There were eight persons on board, including the captain's wife and child; all were rescued, and the Life-boat made for the beach.—Expense of service, 12*l.* 7*s.*

The vessel at the time of the rescue was in close proximity to the rocks on a lee shore, and had her cable parted nothing could have saved her. Happily the cable held, and although the anchor dragged until every one gave the ketch up for lost, it brought her up when she was all but on the rocks. Two days later the weather moderated and the Life-boat took the crew off to the ketch and gave valuable help in saving her.—Property salvage case.

April 19.—LOWESTOFT, SUFFOLK.—*Samuel Plimsoil* Life-boat.—At 6.45 a.m. information was given to the Coxswain of the Life-boat that a vessel was ashore on the Newcome Sands. He immediately proceeded to the beach, and seeing the vessel's position was a dangerous one and that the sea broke over her, he launched his No. 1 Life-boat. A tug took her to the vessel, which proved to be the s.s. *Spring*, of Christiania. An attempt was being made to salve the steamer, and while the Life-boat remained alongside in case of necessity, several of her crew were placed on board to jettison the cargo. After three hours' hard work the steamer floated and went with the Life-boat into harbour. During this service the wind was blowing strongly from E. and the sea was very heavy.—Property salvage case.

April 25.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—The local fishing cibles, which had gone to their pots in the early morning, returned during the afternoon. A strong northerly sea was breaking across the bar, and as coming into

harbour was highly dangerous, the No. 1 Life-boat was launched and escorted them into safety.—Expense of service, 10l. 2s.

April 28. — RAMSGATE, KENT. — *Bradford* Life-boat.—Soon after mid-day during a S.W. gale accompanied by a rough sea, it was reported that a vessel was ashore on the Goodwins. The Life-boat proceeded to the Sands and found the fishing vessel *Adalina*, of Gravelines, ashore. As all offers of active assistance were declined the Life-boat stood by, the vessel in the meantime bumping heavily, until she floated. It was then ascertained that no further help was required, and the Life-boat returned to harbour.—Expenses paid by the Board of Trade.

May 1. — TENBY, PEMBROKESHIRE. — *William and Mary Devey* Life-boat.—The ship *Francesco Ciampa*, of Castellamare, was observed about noon making signals of distress, and the Life-boat was promptly launched to her assistance. The wind was blowing a fresh gale from W.S.W. and there was a heavy ground sea, and on reaching the vessel she was found brought up on a lee shore. The captain declined any immediate assistance but requested the Life-boat to take a telegram ashore for a steam-tug. This was accordingly done, and later in the day a tug arrived and took the vessel into safety.—Expense of service, 14l. 10s.

#### COMMITTEE MEETING, 11th May, 1905.

Voted 217l. 2s. 4d. to pay the expenses of launches of Life-boats or assemblies of crews, etc., with the view of assisting persons in distress at the following Stations:—Broadstairs, Broughty Ferry, Caister No. 1, Cromer, Fraserburgh, Gorleston No. 1, Harwich No. 1, Johnshaven, Kessingland No. 1, Kingsdowne, Sunderland (North Dock), Sunderland (South Outlet), Walmer, Whitelink Bay, Wick, and Winterton No. 2.

Also 2l. 10s. to a man injured whilst on duty at Buckhaven.

Granted a retiring pension to DAVID MELVILLE, Assistant Coxswain of the St. Andrews.

May 17. — BROADSTAIRS, KENT. — *Francis Forbes Barton* Life-boat.—At 6 P.M. a full-rigged ship was observed on the Goodwin Sands, and just then a signal of distress was hoisted. The crew of the Life-boat were summoned and the boat was launched. On getting alongside they were at once engaged by the captain to assist in getting the vessel off. A tow-rope was conveyed to a tug and the Life-boat stood by until the vessel was out of danger; she then returned to her station, arriving at 10.45 P.M. The ship was the *Scottish Isles*, of Liverpool, bound from Rochester to Valparaiso with a cargo of cement, and when she grounded the sea was rough with a strong N.E. breeze blowing.—Property salvage case.

May 20. — WHITBY, YORKSHIRE. — *Robert and Mary Ellis* and *John Fielden* Life-boats.—A very thick fog having lifted about 10 o'clock in the morning, a steamer was sighted aground about half way to the outer part of the rocks off the pier. The No. 1 Life-boat immediately proceeded to her, and on the Coxswain boarding her the crew were engaged to save the vessel. The crew of the No. 2 Life-boat were also engaged, they having launched soon after the No. 1 boat had put off. The vessel proved to be the s.s. *Cogent*, of Sunderland, bound from that place to Lisbon with a cargo of coal. Anchors were run out and everything possible was done to assist the distressed vessel. When the flood tide had made sufficiently they succeeded in getting her clear. The wind was blowing strongly from N.E. and the sea was rough and increasing, making the position of the steamer very dangerous; had she not been got off when she was she doubtless would have become a wreck.—Property salvage case.

May 23. — STROMNESS, ORKNEY ISLANDS.—*Good Shepherd* Life-boat.—About 3 P.M. information was received that a steam-drifter was ashore on Braga Skerry. The crew of the Life-boat were promptly summoned and the boat sent to their assistance. On arrival at the vessel, which proved to be the *Sonnet*, of Wick, it was found that she was on the rocks and that three men were on her, the remainder, five in number,

having already been rescued by another drifter. The sea at the time was fairly smooth, but as the tide made it became rough and washed the drifter over the rocks, where she sunk in deep water.—Expense of service, 8*l*.

June 2.—GROOMSPORT, CO. DOWN.—*Chapman* Life-boat.—One of the local fishermen, accompanied by his two sons, went off in his open fishing boat about noon in a strong breeze from S.W. to haul his lines, which were about 1½ miles east of Blackhead, co. Antrim. He reached the place in safety about 1.30 P.M.; at that time the wind increased to a moderate gale from the west, and the boat was lost sight of. After ample time had been given for the return of the boat, and as it could not be seen, great anxiety was felt by the man's relatives and others on shore, it being feared the boat must be drifting out to sea. The Life-boat was accordingly launched about 3.30, and after an hour's searching fell in with the fishing boat, which was making for home under much difficulty. The Life-boat thereupon turned and keeping close to her in case of accident accompanied her back to Groomsport.—Expense of service, 7*l*. 4*s*. 6*d*.

June 3.—ATHERFIELD, ISLE OF WIGHT.—*Catherine Swift* Life-boat.—The Life-boat was launched to the assistance of the barque *St. Monan*, of Stavanger. During a thick fog the barque ran on to the Tynet Ledge, and on her signals being heard steps were taken to send help. The Life-boat was launched at 6 A.M., and on reaching the vessel ran out an anchor and did all that was possible to render assistance and prevent her drifting further ashore. A tug arrived upon the scene about 9 A.M., and when the barque had been towed off, the boat returned to her Station. The vessel was bound at the time from Buenos Ayres to London with a cargo of grain.—Expense of service, 15*l*. 7*s*.

COMMITTEE MEETING, 8th June, 1905.

Voted 8*l*. 11*s*. 6*d*. to pay the expenses of launches and assembly of the crews of the following Life-boats with the view

of helping persons in distress:—Broadstairs, Hastings, Walmer, Walton-on-Naze and Yealm River.

The Ramsgate Life-boat was also called out, but her services were not eventually required.

Also 20*l*. 13*s*. 9*d*. to a man injured in the Life-boat service at Longhope.

Also an honorarium of 2*l*. to the acting Honorary Secretary at Greenore.

Also a retiring pension to WILLIAM LARGE, signalman at Brancaster.

June 13.—RAMSGATE, KENT.—*Charles and Susanna Stephens* Life-boat.—During the morning, the Life-boat was launched in answer to guns from the East Goodwin Light-vessel, and on reaching her found the crew of the schooner *Cicerone*, five in number, taking refuge there. The men were transferred to the Life-boat, which returned to Ramsgate and landed them. It appeared that the schooner in question, whilst bound from Fowey to Bo'ness with a cargo of china clay, collided in a dense fog during the early morning with a Russian steamer. Within a few minutes the schooner foundered, but her captain and crew, five in number all told, took to the vessel's boat and succeeded in reaching the Light-vessel in safety.—Expenses paid by the Board of Trade.

June 22.—WINCHELSEA, SUSSEX.—*John William Dudley* Life-boat.—During a thick fog in the early morning the s.s. *Clara*, of London, bound from Malta to Rotterdam with a cargo of grain, collided with another vessel in the vicinity of the Royal Sovereign Light-vessel. She was seriously damaged, and quickly commenced to settle down in the water, but a tug coming upon the scene of the accident, took the sinking steamer in tow. In the meantime a message was received at Winchelsea stating that the Life-boat was required by a steamer in distress, and the Life-boat was launched with all haste. On reaching the *Clara*, which was in tow of a tug, it was seen she was so low in the water that her decks were awash. At the request of the master, the Life-boat stood by. Finally the damaged vessel foundered when off Pett Coastguard station, and the crew having been transferred to the tug,

the Life-boat returned to her station.—Expense of service, 19l. 7s.

June 29.—CAISTER, NORFOLK.—*Nancy Lucy* Life-boat.—Shortly before 10 p.m. the Coastguard at Caister informed the Coxswain that a vessel was aground on the Barber Sands. The crew were assembled and launched the No. 2 Life-boat. On reaching the sands she found the ketch *Amelia Ann*, of Goole, ashore on the south part of the sands. The master of the vessel, finding he was unable to float her without assistance, engaged the Life-boatmen, who laid out anchors and eventually succeeded in getting the vessel afloat, when they took her to Yarmouth Roads.—Property salvage case.

July 5.—APPLEDORE, NORTH DEVON.—*Jane Hannah Macdonald* Life-boat.—Shortly after midnight flares were observed by the Coastguard on duty at Westward Ho! He at once communicated by telephone with Appledore, and the No. 1 Life-boat was sent to the place indicated. The barge *Amy*, of Bideford, bound from Clovelly to that port, was found fast on the sand, and at high tide the sea made a clean breach over her. The Life-boat proceeded alongside, took off her crew of three hands, and landed them. The weather at the time was fine, with a moderate N.W. breeze blowing.—Expense of service, 19l. 6s.

COMMITTEE MEETING, 13th July, 1905.

Voted 12l. 11s. 6d. to pay the expenses of launches or assemblies of crews at the following stations, with the view of rendering assistance to vessels supposed to be in distress:—Arklow, Caister No. 1, Carrickfergus, Dunbar, Harwich Nos. 1 and 2 (Steam), Margate No. 1, Palling No. 1, Poolbeg, Saltburn, Tynemouth and Walton-on-Naze.

Also 7l. 18s. to a man injured in the Life-boat service at Berwick-on-Tweed.

Granted an annual pension, together with a certificate of service, to THOMAS SMITH, Coxswain Superintendent, and pensions to THOMAS RICHARDSON, Assistant Coxswain, and JACOB BRUNTON, Bowman, at Tynemouth, on the abolition of the Nos. 1 and 2 Life-boat stations.

Also pensions to E. J. LEYSHON,

Coxswain Superintendent at Burryport, ELLIS WRIGHT, Assistant Coxswain, and RICHARD ROBERTS, at Pwllheli, and EDWIN DARE, Bowman, at Salcombe, on their resigning their several appointments.

July 27.—ST. PETER PORT, GUERNSEY.—*Vincent Wilkinson, Kirk Ella*, Life-boat.—In smooth but very foggy weather information reached St. Peter's Port during the afternoon that a vessel had stranded off Perrelle Bay, and within half an hour the Life-boat had proceeded in tow of the s.s. *Vixen*. On arrival in the vicinity they found the s.s. *Trignac* was on a rock known as the Soufleurasse. The Captain asked the Life-boat to stand by him, and also that the crew would assist to jettison part of the cargo. The Life-boatmen were therefore placed on board and worked all night to lighten the ship; they then stood by her, in case their services should be required, throughout the night and the following day. At 3 a.m. on the 29th the steamer floated off. Both she and the Life-boat then made for St. Peter Port, which was reached at 7.30 that morning. The vessel, which was a large one of nearly 1,500 tons, had twenty-six hands on board, and at the time of the accident was bound from Buenos Ayres to Rouen with a cargo of maize.—Property salvage case, balance paid by Institution, 22l. 14s.

July 31.—CAISTER, NORFOLK.—*Nancy Lucy* Life-boat.—About noon a small fishing smack, the *Fawn*, of Yarmouth, was seen to be aground on the east side of the Barber Sands. As the sea, which was very broken on the sands, commenced breaking over the smack, and the crew had no small boat by which to leave her, the No. 2 Life-boat was launched and proceeded to her. The fishing vessel was rolling and bumping very heavily, and she seemed likely to go to pieces, but the master hoped to save her and asked the Coxswain of the Life-boat to stand by him and see if she would come clear on the rising tide. Some three hours later this occurred, the smack driving over the sands into deep water. It was then seen that the services of the Life-boat were no longer

required and the *Nancy Lucy* returned ashore.—Expense of service, 11l. 12s. 6d.

Aug. 3.—PADSTOW, CORNWALL.—*Arab* Life-boat.—During a S.S.W. gale accompanied by a heavy ground sea, about 11.20 a telephone message was received stating that a fishing boat was outside, and unable to make the harbour. A look-out was kept, and when, some two hours later, it was seen that she was getting into difficulties through her anchor dragging, the Life-boat was promptly summoned. By this time the ground sea had increased considerably and was breaking heavily across the entrance to the harbour. The *Arab* stood by the boat for some time until the tide had made, and then taking her in tow brought both boat and her crew of three hands into safety. The fishing boat was the *Oneida*, of Sennen Cove.—Expense of service, 8l. 5s.

COMMITTEE MEETING, 3rd August, 1905.

Voted 23l. 5s. 6d. in payment of the expenses of the launch of the Brighstone Grange Life-boat.

Also 100l. as a donation to the relatives of two men who were killed by a fall of rocks, when at work in connection with the alterations to the Boat-house at Barmouth.

Also 5l. to the widow of the late Coxswain at Whitby.

Also 5l. as a gratuity to J. COULL, who for many years was a member of the Life-boat's crew at Montrose.

Also a certificate of service to JOHN W. WILSON on his resignation as Coxswain of the *Peel* Life-boat.

Aug. 4.—MONTROSE, FORFARSHIRE.—*Sarah Jane Turner* Life-boat.—The steam trawler *Rosa*, of Montrose, in attempting to cross the bar at low water, during the morning, was struck by a heavy sea, and having taken a sheer, stranded on the Annat Bank. There was a very heavy cross sea at the time, and an E.S.E. gale blowing. Signals of distress were immediately made, and the No. 1 Life-boat proceeded to the scene of the casualty. On nearing the trawler, it was seen that the sea

was making a clean breach over her; the Life-boat went alongside and offered to take the crew off, but they, hoping that the vessel might be saved, declined to leave, and asked the Life-boatmen to telephone for a tug to assist them. This was accordingly done, and the Life-boat then returned to the imperilled men. It was pointed out to them that it was not safe for the Life-boat to lie alongside the trawler in the prevailing weather, and that the boat would stand by clear of the sea inside the Bank. Shortly after the *Rosa* made a signal, and the boat returned to her. The crew, numbering seven in all, were then at their own request taken into the boat, which was somewhat damaged in performing the service, and conveyed to Montrose, where they were landed.—Expense of service, 8l. 11s.

By this time the tug had proceeded to the wreck, and the Life-boat again went down the river and rendered useful help, including placing some men on board the wreck from the tug, and later, when the tide rose, the trawler came off the Bank and was towed into safety.—Property salvage case.

Aug. 4.—GOURDON, KINCARDINESHIRE.—*Theophilus Sidney Echalar* Life-boat.—A heavy sea, together with a moderately strong S.E. wind, placed several of the local fishing boats in considerable danger when returning to harbour. The Life-boat was launched about 10.30 A.M. to their assistance. Having helped one or two, she then stood by the remainder until they reached safety, and her further services not being required she was rehoused.—Expense of service, 4l. 3s. 6d.

Aug. 19.—CAMPBELTOWN, ARGYLLSHIRE.—*James Stevens No. 2* Life-boat.—In the early morning it was blowing a moderate gale from W.N.W., with wild squalls of wind and rain. At 3.45 A.M. it was reported that a fishing-boat when coming into the harbour had carried away her yard. Although the anchor was let go, it would not hold, and she was being driven out to sea. The Life-boat was at once ordered out and proceeded to search for the missing vessel, but without success. It was however subsequently learnt that she had reached a place of safety. When return-

ing from her search the Life-boat came upon another fishing-boat—the *Mary Jane* of Campbeltown—with her sails blown away, and in danger of being wrecked. She stood by her, and then took her in tow, thereby saving both the craft and her crew of three hands. —Expense of service, 13*l.* 7*s.*

Sept. 1. — GREENCASTLE, COUNTY DONEGAL.—*Brittan Willis* Life-boat.—The Coxswain of the Life-boat was informed at 9 P.M. that a ketch was drifting on to the rocks on the north side of Lough Foyle, at a place called the Warren. He at once assembled the crew, and the Life-boat was promptly launched. On arrival it was found that the vessel was a ketch belonging to Buncrana, bound from Lough Swilly to Londonderry, and that her jib had blown away. As the crew would have been exposed to considerable risk had they remained on board they were taken into the Life-boat which landed them shortly after 11 P.M. The weather was moderate. —Expense of service, 17*l.* 7*s.*

Sept. 2. — GORLESTON, SUFFOLK. — *James Stevens* No. 3 Life-boat.—At about 4.20 P.M. a telephone message was received stating that a vessel was ashore on the Corton sands. The steam Life-boat proceeded with all despatch to the sands, and found the schooner *Bertha*, of Dunkerque, hard aground on the north part of the sands. As the wind was blowing strongly from W.N.W., and the sea was rough, the Life-boat stood by the vessel in case it became necessary for the crew to leave the schooner; but happily at about 7.30 P.M. the vessel floated as the tide rose, and was able to get clear of the sands. The *James Stevens* No. 3 then returned to harbour, and the schooner proceeded on her voyage to Dunkerque, whither she was bound from Iceland.—Expense of service, 6*l.* 6*s.* 6*d.*

Sept. 7. — ALDEBURGH, SUFFOLK. — *City of Winchester* Life-boat.—During the afternoon, a small cutter yacht was seen to be in difficulties off Aldeburgh, with seas washing right over her. Without delay the No. 1 Life-boat was launched, and proceeded to the help of the men on board. On getting alongside the yacht, which was named the

*Lily*, she was found to be quite unmanageable, and her two hands promptly jumped into the Life-boat. A large quantity of water was in the yacht, but it being possible to save her, some of the Life-boatmen went aboard, and passed a rope to the Life-boat, which proceeded to tow her into safety. There was a moderate S.W. gale at the time with squalls and rain, and the sea was rough. —Expense of service, 21*l.* 18*s.* 6*d.*

Sept. 8. — DUNGENESS, KENT. — *R.A.O.B.* Life-boat.—During a W.S.W. gale the coastguard reported about 3 A.M. that signals were being made by a vessel in distress. The No. 1 Life-boat was promptly launched, and proceeded alongside. The Coxswain boarded the vessel, and found that she was a fishing lugger named the *St. Louise* of Boulogne; she was leaking badly, and had five feet of water in the hold. The master was unable to speak English, and the Coxswain therefore had to communicate by signs, and by his advice the lugger was beached to prevent her sinking in deep water. When this was done the crew of eight hands were taken off in safety. At high tide the vessel filled, but when the tide ebbed the leaks were stopped and later tugs were able to take her to Folkestone for repair. —Expense of service, 32*l.* 10*s.*

#### COMMITTEE MEETING, 14th Sept., 1905.

Voted 178*l.* 8*s.* 9*d.* to pay the expenses of launching the following Life-boats, or assembling the crews, with the view of assisting the crews of vessels in distress:—Aldeburgh No. 1, Arbroath, Dunbar, Gorleston No. 3 (Steam), Hasborough, Hayling Island, Holy Island, Littlehampton, Llandudno, Lowestoft No. 2, Moelfre, Newhaven, Palling No. 1, Port Logan, Rhyl and Sidmouth.

Granted a commuted pension together with a certificate of service to ANDREW NOBLE, Coxswain, and a gratuity to J. STRACHAN, Assistant Coxswain, at Whitelink Bay, on the abolition of that Life-boat station.

Also a pension to J. BULEY, on his resignation as Bowman at Tenby.

Granted 100*l.* to a local fund raised for the benefit of the widow and child of E. MULLIGAN, who was accidentally

killed at a Life-boat demonstration at Bradford.

Also a donation of 15*l.* to the widow of the late Signalman at Exmouth, he having been also a member of the Life-boat's crew for many years.

Oct. 1.—WALMER, KENT.—*Civil Service No. 4* Life-boat.—During hazy weather, the barquentine *Juno*, of Riga, stranded on the South Goodwin Sands, whilst bound from Portsmouth to Sunderland. Information reached the Coxswain of the Life-boat about 9 A.M., and with all speed the Life-boat was launched to her assistance. On arriving alongside the Captain declined to leave his vessel, but requested the Coxswain to stand by in case they were unable to float her. In this, however, they were successful, and the Coxswain finding that no further assistance was required returned to his station.—Expense of service, 13*l.* 14*s.* 6*d.*

Oct. 4.—WINTERTON, NORFOLK.—*Edward Birkbeck* Life-boat.—The barquentine *Britannia*, of Guernsey, whilst bound from London to Hartlepool, stranded on the Cockle Sand. There was a moderate N.W. gale blowing, increasing to a heavy gale, and the sea on the sands was very heavy. A yawl was launched at once and proceeded to the vessel, but owing to the heavy sea it was thought prudent to signal for the Life-boat. This was done, and in response the No. 1 Life-boat was promptly despatched. On arriving at the vessel both the Life-boat crew and the yawl's crew were engaged to try and save her. This they succeeded in doing on the flood-tide, and the vessel, accompanied by the Life-boat, was taken into Yarmouth. Owing to the state of the weather the Life-boat men were unable to regain their station, they therefore returned home by train; and, five days later, when the wind moderated, they took the Life-boat back to Winterton.—Property salvage case.

Oct. 5.—PALLING, NORFOLK.—*54th West Norfolk Regiment* Life-boat.—At 3.30 A.M., during a strong north-westerly gale and a very heavy sea, the Coast-guard observed a vessel ashore about half a mile to the north of Palling. He re-

ported the matter to the Coxswain, who at once summoned the crew and helpers. With all despatch the No. 1 Life-boat was launched and proceeded to the distressed vessel—the *Sarnian Gem*, of Littlehampton.

There were seven hands all told on board and these were successfully rescued and taken to Palling. The position of the vessel was very critical, and she subsequently became a wreck.—Expense of service, 33*l.* 7*s.*

Oct. 6.—MARGATE, KENT.—*Civil Service No. 1* Life-boat.—During a moderate northerly gale and heavy sea, a vessel was observed about 7 A.M. to make signals denoting that she required help. She had been riding to anchor in the Princess Channel, but in a heavy squall lost both anchors and chains. The crew of the No. 2 Life-boat were promptly summoned, and she was launched. In the meanwhile the vessel was seen running down the channel, and the boat made for her. Three men with difficulty were put on board, but owing to the heavy seas no more could be transferred. A second attempt enabled four more to board her, and steps were taken to set sails and get the craft into safety, in this they were successful, the vessel, which was the schooner *Margaret Hobley*, of Millom, being taken to Ramsgate Harbour. At the time of the accident, she was bound from Dover to London in ballast and had four men on board.—Property salvage case.

Oct. 11.—POINT OF AYR, FLINTSHIRE.—*H. G. Powell* Life-boat.—Information having been received that a vessel was ashore on the West Hoyle Bank, steps were taken to verify it, and at 5.35 P.M. signals were fired for the Life-boat. With all despatch she was launched and proceeded to the scene of the casualty. The vessel proved to be the barque *Daniel*, of Tvedestrand, bound for France, in ballast, and she had stranded in the prevailing thick weather. As the prospect of re-floating the barque was good, the Life-boat stood by her in case her services might be required, but later, when the vessel came off, it was found that she was not seriously damaged; the Life-boat therefore accompanied her to a safe anchorage and then left for her station.—Expenses of service, 30*l.* 4*s.*

COMMITTEE MEETING, 12th Oct., 1905.

Voted 189*l.* 11*s.* to pay the expenses of launches of Life-boats, or assemblies of crews, &c., with the view of assisting the crews of vessels in distress at the following places:—Brancaster, Caister No. 2, Clacton-on-Sea, Dunbar, Fish-guard No. 2, Hunstanton, Kingsdowne, Lowestoft No. 2, Palling No. 1, Penzance, Point of Ayr, Pwllheli, St. Agnes (Scilly), Wells, and Winterton No. 1.

Voted 15*l.* 12*s.* to Life-boatmen for injuries when on duty at Berwick-on-Tweed and Whitby respectively.

Also a gratuity of 5*l.* to a member of the Whithorn Life-boat crew for upwards of 20 years.

Oct. 13. — DUNBAR, HADDINGTON-SHIRE.—*William Arthur Millward* Life-boat.—About 6 o'clock in the morning, whilst a strong northerly gale was blowing, a steamer which proved to be the *King Ja Ja*, of Swansea, bound from Newcastle to Methil, with a cargo of steel rails, was sighted in a perilous position in close proximity to the rocks a few miles west of Cockburnspath. The Life-boat was promptly launched, but as it was almost low water and the wind and sea were against the boat, the beachmen were compelled to haul her by ropes to the mouth of the new harbour; there a very strong swell was encountered, but the Life-boat behaved splendidly. On reaching the steamer it was found that her machinery had broken down. The Life-boat remained alongside for about four hours, and the machinery in the meantime having been repaired, the steamer was able to proceed to sea again. The Life-boat therefore returned to her station, arriving shortly before 1 o'clock; but in less than an hour the steamer again sent up signals of distress, having become quite unmanageable. By this time the northerly gale had caused the sea to rise tremendously, and it was doubtful if the Life-boat would be able to again get to sea. No time however was lost in making what proved to be not only a gallant but a successful attempt. The crew were got together and the boat was again hauled by the beachmen to the harbour mouth. Immediately

she got outside she was caught by the sea, huge waves driving her nearer and nearer to the rocky shore, and as she was lifted by each successive breaker, it looked as if both boat and crew would be dashed to pieces; but aided by the sails which had now been set, sea-room was ultimately gained, and the Life-boat made for the imperilled steamer, which by this time was about half-way between May Island and St. Abb's Head. With such a sea running the rescue of the crew was attended with much danger, the Life-boat incurring great risk of being dashed against the helpless vessel. More than an hour was occupied in establishing communication and drawing the crew—six in number—by lines through the sea to the Life-boat, and directly this was accomplished the return journey was commenced. Having both wind and sea to contend with it was nearly three hours later when port was reached, and the excellent seamanship displayed by the Coxswain, Mr. Fairbairn, in crossing the bar, was much admired by the many spectators who awaited the return of the Life-boat. The rescued men were at once taken in by the Shipwrecked Mariners Society, to whose care they were handed over by Mr. Bertram, the energetic Honorary Secretary at Dunbar, under whose superintendence the rescue work had been carried out.

The abandoned steamer had in the meantime drifted on to the rocks near Thorntonloch, where she lay exposed to the full fury of the elements, and shortly afterwards became a wreck.

Oct. 15.—Two days later—Sunday—a violent northerly gale, with blinding showers of snow and sleet prevailed, and at about 3 P.M. a barque was observed off Skateraw, displaying signals of distress. The Life-boat *William Arthur Millward* was at once despatched and within an hour arrived alongside the distressed vessel. She proved to be the barque *Ugunjeems*, of Riga, bound from Burntisland to Riga, with a cargo of coal and had been driven by the fury of the gale dangerously near to the rocks. Her anchors were then holding, but there was great risk of their dragging at any minute; the Master notwithstanding declined

the help of the Life-boat, and desired that the Coxswain would send for the assistance of tugs. Accordingly the Life-boat returned to Dunbar; but about 7 P.M. the same evening the weather became worse, and she was again launched and stood by the barque throughout the night. At 5 o'clock the next morning the vessel was still holding to her anchors and the crew declined to leave her, hoping that tugs would come to their help; the Life-boatmen by this time were suffering severely from the cold and want of food; sail was therefore made to return home.

The boat was seen off Dunbar about 8 A.M., and signals were at once made to warn the crew from attempting to come in, as the breakers were much too heavy for her to cross the harbour entrance in safety. The signals were observed and the Life-boat put to sea again. After beating about the Firth of Forth all the morning, they made for Cockenzie, and shortly after 2 P.M. that port was reached in safety. The crew were in a very exhausted condition, having suffered much from the heavy seas which continually broke over their boat, leaving them in a wet and pitiable condition. They were immediately cared for and received great kindness at the hands of the inhabitants. As there was no abatement in the storm the men remained at Cockenzie for the night and returned home with the Life-boat next day.

The Committee of Management at their meeting next following decided, as a special mark of their appreciation of these splendid and gallant services—more particularly that to the S.S. *King Ja Ja*—to confer the Silver Medal of the Institution, accompanied by a framed copy of the vote, inscribed on vellum, upon the Coxswain Superintendent, Mr. Walter Fairbairn, and granted him and each member of the crew an additional pecuniary reward.—Expense of services, 46*l.* 12*s.* and 62*l.* 4*s.* 8*d.*

The Honorary Secretary, Mr. W. Bertram, was indefatigable during these four days, and his valuable services were also suitably recognised by the Committee of Management.

Oct. 19.—CAISTER, NORFOLK.—*Nancy Lucy* Life-boat.—Signals of distress were seen shortly after 7 P.M. from the

Barber Sands, and in response the No. 2 Life-boat was launched. When near the sands the brigantine *Primula*, of Istorp, was seen with heavy seas breaking over her; the masts had gone by the board and her crew of eight were in considerable danger. To approach the wreck was attended with much risk, and it was only after three unsuccessful attempts that the men were rescued. During the operation the sea dashed over both vessel and Life-boat, wetting everyone through. When the work of rescue was completed the Life-boat made for Yarmouth and the shipwrecked men were landed soon after midnight in an exhausted condition due to the cold and exposure. Caister was then made for, and when there was sufficient daylight the boat was hauled up.—Expense of service, 30*l.* 12*s.* 6*d.*

Oct. 26.—ARDROSSAN, AYRSHIRE.—*James Stevens* No. 8 Life-boat.—Late on the previous night the s.s. *Araucania* of Glasgow stranded on the rocks known as the "Inches," outside Ardrossan harbour. The vessel had left dock with a cargo of coals for Genoa, and broke down shortly after putting to sea. The weather was comparatively fine when the accident occurred, but towards morning the S.W. wind increased to a strong breeze, and the Life-boat was launched and took off part of the crew and landed them. The vessel lay in a bad position, and the weather, as the morning went on, got worse, the wind increasing to a gale and bringing up heavy breaking seas. As towards midday the position of the men on board was one of decided danger, the Life-boat was again launched and proceeded to the steamer. On coming alongside, the task of taking off the captain and the remainder of the crew was one of the utmost difficulty, heavy seas sweeping over the steamer to windward, and the rocks to leeward preventing the boat taking shelter. At length the rescue was accomplished, but whilst the crew were being taken off a wave drove the boat against the wreck and stove her bows. When the wreck was cleared it was found that the boat was almost unworkable; the Coxswain therefore, with good judgment, made no attempt to regain the harbour, but put about and with

considerable skill beached her on the south beach. The service was an excellent one and resulted in the saving of twenty-three lives.—Expense of service, 46*l.* 2*s.* 6*d.*

Nov. 2.—NEWHAVEN, SUSSEX.—*Reserve Life-boat*.—At 7 o'clock in the morning a message was received from the Coast-guard, stating that a vessel was in distress about four miles to the east of Newhaven. The signal was fired, and within a quarter of an hour the Life-boat was launched and proceeded to the place indicated, where they found the s.s. *Millgate*, of Manchester, riding with a heavy list to port, her cargo having shifted. There was a moderate S.W. gale blowing, with a heavy sea, and at the request of the Captain, the Life-boat stood by. Half an hour later, the position of the ten persons on board became perilous and all were taken into the boat. She then stood by the steamer for another hour to see whether it would be possible to save her, but suddenly the vessel turned completely over and foundered. The Life-boat then returned to Newhaven, and landed the rescued men. This was a good service, in a heavy sea, and smartly performed, the boat behaving very well indeed and the Committee of Management granted an additional reward to each of the crew.—Expense of service, 19*l.* 15*s.* 3*d.*

Nov. 3.—ST. ANDREW'S, FIFESHIRE.—*Louisa Life-boat*.—A moderate easterly gale was blowing, and with the flood-tide the sea increased considerably. During the afternoon two fishing boats, belonging to St. Andrew's, which had been waiting for the tide, were observed in a position of considerable danger, and as any attempt to come into harbour would be attended with great risk, the Life-boat was launched and sent to stand by them. A man was placed on each of the boats, and life-belts were lent to those already on board. A start was then made, the Life-boat remaining closely in attendance, in case the small crafts should be swamped. Considerable difficulty was experienced, but happily both boats reached shelter in safety, and the Life-boat was able to return ashore.—Expense of service, 9*l.* 3*s.*

Nov. 9.—WEXFORD, IRELAND.—*James Stevens No. 15 Life-boat*.—During a

S.E. gale signals of distress were seen in the direction of the Dogger Bank, and with all haste the Life-boat was launched to render assistance. When crossing the bar rough and broken seas were encountered and considerable difficulty was experienced in reaching the vessel owing to the set of the tide across the bank. The Life-boat went alongside the vessel, which proved to be the ketch *Elizabeth*, of Bude, and succeeded in rescuing the crew of three hands, together with their dog, and landed them at the Life-boat station. The ketch was bound from Saundersfoot to Wexford, and had a cargo of coal on board.—Expense of service, 22*l.* 14*s.* 6*d.*

#### COMMITTEE MEETING, 9th Nov., 1905.

Voted 210*l.* 5*s.* 9*d.* to pay the expenses of Life-boat launches, assemblies of crews, etc., with the view of assisting the crews of vessels in distress, at the following stations:—Aldeburgh, Boulmer, Dunbar, Ferryside, Gorleston No. 2, Huna, Penmon, Peterhead, Port Erroll, Runswick, Southport and Whitby No. 2.

Also conferred the Silver Medal of the Institution accompanied by a copy of the vote, inscribed on vellum and framed, on Mr. DAVID JONES, Coxswain Superintendent of the Ferryside Life-boat, for his gallantry and skilful seamanship on the occasion of the attempted service to the Barque *Signe*, of Christiania, on the 15th March.

Voted a gratuity of 5*l.* to OWEN PRITCHARD on his resignation as Bowman at Cemaes on account of blindness.

Granted a retiring pension and certificate of service to ALBERT EMTAGE, Coxswain Superintendent at Margate.

Also retiring pensions to RICHARD HAYES, Bowman, JOSEPH DALES, Assistant Coxswain, NICHOLAS BARROW, Coxswain Superintendent, and GEORGE THOMAS, Assistant Coxswain, on their resigning their several posts at Arklow, Mablethorpe, St. Anne's No. 1, and Tenby respectively.

Presented a pair of binocular glasses, bearing a suitable inscription, to Lieut. H. E. BURTON, R.E., and an aneroid barometer, mounted on a shield, to

Staff-Sergeant PAUL, R.E., for their valuable co-operation in connection with the Institution's Motor Life-boat stationed at Tynemouth.

Nov. 11.—YARMOUTH, NORFOLK.—The Yarmouth Life-boat men were exposed for more than eleven hours to the fury of a strong S.S.E. gale and heavy sea, in connection with the wreck of the barque *Erna*, of Arendal, which became unmanageable when off Yarmouth. The barque was bound from Kramfors, Sweden, to Yarmouth, with a cargo of timber, and had practically reached her destination when misfortune overtook her. About 10.30 A.M. her anchors parted, and she commenced to drive towards the beach. The Life-boat *John Burch* was promptly launched, and shortly after she reached the barque a tug also arrived. Communication was effected, and an attempt made to tow the distressed vessel clear, but in the gale which was raging and the strong ebb tide, the vessel took charge, and both vessel and tug, with the Life-boat in attendance, drifted towards the Barber Sands. Happily they cleared the sands, but the tug being unable to hold the barque, they drifted eleven miles up the coast. In the evening, when the wind had moderated somewhat, and the tide had turned, another tug went to the vessel, and she was brought back to the Yarmouth Roads. An attempt was made to enter the harbour—it was then shortly after 9 P.M.—but the hawsers were carried away, and before anything further could be done, the barque stranded on the North Sand, and eventually became a total wreck. Directly she stranded, the *Erna* commenced to bump heavily; the Life-boat therefore without delay took off eight of the crew and landed them about 10 P.M. on the north beach. Four hours later, when the men were somewhat rested, the Life-boat was re-launched, and taken back to her station, having performed an excellent service.—Expense of service, 51l. 7s. 3d.

Nov. 12.—ARKLOW, CO. WICKLOW.—*Frances and Charlotte* Life-boat.—On Sunday morning, the schooner *Minnie Coles*, of Chester, with a cargo of coal

from Runcorn, arrived off Arklow harbour, and was compelled, owing to the heavy seas, to anchor about a mile outside. During the afternoon an easterly gale sprang up and increased considerably. About 10 P.M. signals of distress were noticed from the schooner, and steps were immediately taken to launch the Life-boat. In the heavy gale the efforts of the crew to pull the boat out of harbour proved unavailing, a rope from the shore was then made fast and the boat towed by many willing hands to the end of pier; here very heavy seas were encountered, the boat being continually driven back, but after repeated efforts the boat was got clear, and after a hard struggle reached the distressed schooner. They found that her anchors were dragging and that the heavy waves broke continuously over her. By the aid of ropes the crew, four in number, were rescued and conveyed in safety to Arklow.—Expense of service, 29l.

Nov. 13.—SWANAGE, DORSET.—*William Erle* Life-boat.—A telephone message was received about 9.15 A.M. stating that a small yacht was riding off Winspit, about a mile to the east of St. Alban's Head, with a man on board and that the Life-boat was wanted. A whole N.E. gale was blowing and the sea was very heavy. The Life-boat was launched and proceeded to the place indicated, and there found a small cutter yacht named the *Florinda* in distress, her sails having blown away in the gale. Soon after rescuing the man the wind veered to west, the Coxswain therefore decided to try and save the vessel; he accordingly took her in tow and brought her safely to Swanage.—Expense of service, 18l. 17s. 6d.

Nov. 14.—SUNDERLAND, DURHAM.—*Richard and Nellie Hodges* Life-boat.—During the evening the s.s. *Mary Ada Short*, of Sunderland, whilst attempting to enter the harbour, became unmanageable and drove ashore behind the old South Pier. At the request of the owners the South Outlet Life-boat was launched to assist the tugs in salving the vessel. The Life-boat was launched about 11.30 P.M., and some four hours later the stranded vessel was fortunately refloated. The weather at the time of

the casualty was rough, a gale blowing from E.N.E.—Expense paid by owners of vessel.

Nov. 19.—HAYLE, CORNWALL.—*E. F. Harrison* Life-boat.—The schooner *Welcome Home*, of Plymouth, was observed about 7 A.M. running for Hayle in an E.N.E. gale, and when attempting to cross the bar she stranded. The assembly signal for the Life-boat crew was at once fired, and within twelve minutes the Life-boat was launched and on her way to the rescue—a very smart piece of work. The schooner was bound from Garston to Hayle with a cargo of coal when disaster overtook her, and her crew were disinclined at first to leave their craft. They asked the Coxswain of the Life-boat to stand by them, and this was done. In the meantime two of the men on board took the ship's boat, but the great risk they incurred in the heavy sea prevented them from attempting to land. Shortly afterwards the remaining men decided to abandon their craft, and having been taken into the Life-boat, she picked up the other two, and all five were conveyed in safety to Hayle.—Expense of service, 11l. 11s.

Nov. 19.—NORTH DEAL, KENT.—*Mary Somerville* Life-boat.—Shortly after 7 A.M. a vessel was observed driving over the Brake Sands, by the "look out" on the Gull light-vessel, and signals of distress were at once fired. Without delay the Life-boat was launched and proceeded in the direction of the distressed vessel, but before she could reach her, the vessel struck the ground and remained about 100 yards from the shore. There was a strong east by south gale blowing, and the sea was very heavy; the Coxswain therefore anchored his boat and veered down to the vessel which proved to be the dredger *Beaufort*, of London, bound from Tilbury to Liverpool, in tow of a tug. It appeared that earlier in the morning, the tug had broken down and was compelled to cast off the dredger, and anchor for repair; the dredger also anchored, but drifted into a position of great danger in shallow water. The crew, ten in number, were desirous of leaving the dredger, but the Life-boat men, on boarding her, undertook to try to save her, in addition to the crew. In

this, with the assistance of the Rams-gate tug, they were successful and subsequently, when they had got the dredger out of danger, she was handed over to her own tug, which in the meantime had completed her repairs and was able to proceed.—Property salvage case.

Nov. 23.—HARWICH, ESSEX.—*City of Glasgow* Life-boat.—In answer to signals from the Cork light-vessel, the steam Life-boat was despatched to the assistance of the brigantine *Thirza*, of Faversham, which stranded in rough weather to the S.E. of Platters Buoy, whilst bound from the Tyne to Whitstable with a cargo of coal. The whole of the crew were taken off with the exception of the captain, who remained on board hoping that the tug which had also come out would be able to save the vessel. With the assistance of the Life-boat, a tow-rope was passed to the tug, and as the vessel was leaking badly, and in danger of sinking, the Life-boat also assisted to tow her. By their united efforts she was towed into harbour and beached. Valuable assistance was subsequently rendered by the Life-boat to the tug, the tow-rope having fouled her propeller.—Expense of service, 5l. 9s.

Nov. 23.—LOWESTOFT, SUFFOLK.—*Kentwell* Life-boat.—Information was received about 2 o'clock in the afternoon that a smack was ashore on the south beach, and that owing to the very heavy sea the crew were in danger and assistance could not be rendered by a shore boat. Without delay the No. 1 Life-boat was despatched to the scene of the disaster and rescued the five men on board. Whilst the work of rescue was proceeding, a very heavy sea washed the Life-boat against the wreck, damaging the fender, but happily not sufficiently to endanger the lives of the men on board. The vessel proved to be the trawling smack *New Boy*, of Lowestoft, and she was bound for the fishing grounds when the misfortune overtook her.—Expense of service, 24l. 2s. 6d.

Nov. 24.—WHITHORN, WIGTOWNSHIRE.—*George and Margaret* Life-boat.—At 7.30 A.M. a message was received that a steamer was in the bay in a sinking condition; as the sea was choppy and the W.S.W. wind was strong, it was considered prudent to send assistance

to those on board. The Life-boat was launched and proceeded towards the vessel. When within a mile of her it was seen that the crew, six in number, had taken to their boats, and on arrival of the Life-boat they were found to be in a very exhausted state and quite unable to reach safety. They were all put aboard the Life-boat, which took the two small boats in tow and brought them safely into Whithorn harbour. The steamer, which was the *Riverside*, of Belfast, bound from Maryport to Strangford Lough with a cargo of coal, sank as the crew were being taken into the Life-boat.—Expense of service, 12l. 3s.

Nov. 25-26. — MARGATE, KENT. — *Eliza Harriet* Life-boat.—About midnight on the 24th-25th Nov. signals were heard from the Light-vessels in the vicinity of Margate, and the No. 1 Life-boat was launched. On reaching the Tongue Light-vessel they reported that the signals originated at the Edinburgh Light-vessel. The Life-boat therefore made for her without delay, and there learnt that two vessels had been in collision. She then proceeded to the position indicated by the Light keeper, and found the *s.s. Leander*, of London, in a very dangerous condition, with her fore compartments cut right through and the forepart completely submerged, the steamer's watertight bulkhead alone saving her from foundering. Some of her crew had taken refuge on a tug, which had come to their assistance, and when the Life-boat arrived on the scene preparations were made to save life in case the bulkhead gave way. About this time the weather which had been calm increased until a heavy gale was blowing, and the Life-boatmen were engaged to try and save the vessel. For safety she was towed, stern first, to the Shivering sand and run aground. Next day, with the assistance of several tugs, she was towed clear and taken to the Nore, where she was again grounded, owing to stress of weather. As the services of the Life-boat were then no longer required, she returned to her station, arriving at 6.30 P.M., after about forty-four hours' service. The steamer, which was upwards of 2,000 tons, and carrying a valuable cargo to the River Plate, was eventually saved,

being towed stern first up the river and successfully docked.—Property salvage case.

Nov. 26. — TENBY, PEMBROKESHIRE. — *William and Mary Devey* Life-boat.—During a strong to moderate gale, accompanied by a heavy ground sea, a steamer was observed off the Woolhouse rocks, apparently with her machinery broken down. The Life-boat was therefore launched, but on arrival at the vessel, which proved to be the steam-tug *Titan*, of Hamburg, bound for Llanelly, it was found that a pilot was wanted. At the request of the Captain the Life-boatmen took the vessel into a position of safety, and on returning ashore telegraphed for a pilot to take her to her destination.—Owners paid part expense, balance paid by Institution, 7l. 5s.

Nov. 26. — MOELFRE, ANGLESEY. — *Star of Hope* Life-boat.—About 9 P.M., during a whole N.W. gale and very heavy sea, signals of distress were made by a vessel in the road, and the Life-boat was launched to her assistance. Owing to the darkness and the lights on board the craft being extinguished, some time was occupied in finding her. She proved to be the smack *Pilgrim*, of Beaumaris, bound from Cemlyn to Lancaster, with a cargo of oats, and she had two hands on board. Whilst they were being rescued distress signals were seen from another vessel some little distance off, and without delay the Life-boat made for her, and rescued her crew of four. She then returned ashore, landing the rescued men about midnight.

The second vessel assisted was the schooner *Conistol*, of Barrow, bound from Connahs Quay to Dublin, with a cargo of bricks.—Expense of service, 30l. 16s. 6d.

Nov. 27. — MARGATE, KENT. — *Eliza Harriet* Life-boat.—At 1 A.M. flares were seen in the roads, and the crew of the No. 1 Life-boat were at once summoned. A whole N. gale was blowing and the sea was heavy. The Life-boat, which was lying moored alongside the jetty having returned from a previous service about six hours earlier, was promptly manned and proceeded to the distressed vessel. On arrival the schooner *Mary Fanny*, of Bridgwater, was found drag-

ging her anchor, and as the Life-boat came alongside one of the hands jumped aboard, only being saved from rolling overboard by the Bowman who caught him and pulled him into the boat. Before a rope could be made fast a heavy sea washed the Life-boat clear of the schooner and two men were still on board. Sail was set and after a long tack they again fetched the vessel and took off the two men on board, the Life-boat being damaged when trying to get clear. When preparing to return home it was seen that the schooner was driving to the great danger of the other vessels in the roads. The boat therefore again made for her and succeeded after considerable difficulty and danger in taking her into smoother water under the Foreland, where they brought up until daylight and later took her into Ramsgate.—Property salvage case.

Nov. 27.—PALLING, NORFOLK.—54th West Norfolk Regiment Life-boat.—About 2.40 A.M. signals of distress were observed from a vessel, which had stranded on the outer bank off Palling, and with all despatch horses were procured and the No. 1 Life-boat was transported to a favourable place and launched. There was a strong W.N.W. gale blowing at the time and the sea was very heavy. The vessel proved to be the smack *Economy*, of Lowestoft, bound to that port with fish. Whilst the Life-boat was being veered down to the smack a sudden exceptionally strong squall struck the vessel and forced her clear and she commenced to drift. The Life-boat immediately followed her and with the assistance given by the Life-boatmen both vessel and crew were eventually saved.—Property salvage case. Balance paid by Institution, 10l. 10s.

Nov. 27.—MARGATE, KENT.—*Civil Service No. 1*.—At daylight a vessel was observed on the S.W. part of the Margate Sand, with the sea breaking over her. It was blowing very heavily and the sea was rough; the crew of the No. 2 Life-boat were therefore called and the boat launched in charge of the ex-Coxswain, the present Coxswains being already at sea on service in the other Life-boat. On arriving at the vessel they found that she was the Whitstable watch-boat

*Bessie*, which had parted from her anchor chain during the night without anyone on board. The Life-boatmen boarded her and having set sail, floated her and took her into Margate harbour, where shortly afterwards she was claimed by her owners.—Property salvage case.

Nov. 27.—SOUTHWOLD, SUFFOLK.—*Alfred Curry* Life-boat.—The fishing smack *Joseph et Yvonne* belonging to Dunkerque was wrecked during the night at Covehithe Ness in a heavy gale from S.S.W., and about four o'clock in the morning the crew were compelled to take to the rigging. As day broke, the mast with the men clinging to it became visible and the coastguard reported it to the Life-boat authorities. With great promptness the Life-boat was launched and skilfully rescued the four men in an exhausted condition, they having been exposed to the fury of the gale for upwards of four hours. Shortly before the arrival of the Life-boat one of the hands was rescued by the rocket apparatus which also went to the assistance of the imperilled men.—Expenses of service, 35l. 3s.

Nov. 28.—CASTLETOWN, ISLE OF MAN.—*Thomas Black* Life-Boat.—Shortly before 1 P.M. a fishing boat with one man in her was observed in a position of some danger, he having put off earlier in the day to fish. He was then apparently making for Port St. Mary, but was seen to leave the shelter of the land to try and reach a steamer. In this he was unsuccessful, and the Life-boat was launched to save him. The man was picked up within a hundred yards of Carrick Rock, Port St. Mary Bay in a very exhausted condition, with his hands badly blistered and one oar broken. Both the man and boat were taken to Castletown Harbour. There was a strong N.E. breeze and a heavy swell at the time.—Expenses of service, 11l. 2s.

Dec. 8-9.—PALLING AND WINTERTON, NORFOLK.—*Hearts of Oak* and *Margaret* Life-boats.—The steamer *Bushmills* of Dublin, whilst bound from Hull to Brazil with a cargo of coal, stranded on the Hasboro' Sands, and in response to signals from the Light-vessel the above Life-boats proceeded to her assistance. In one instance (Palling) a steam

trawler took the Life-boat in tow, and the Winterton boat was picked up by a tug also bound for the distressed vessel. On arrival both Life-boats' crews were engaged to try and save the vessel, and with the aid of tugs she was floated at about 3 P.M. on the 9th and taken to Yarmouth.—Property salvage case.

COMMITTEE MEETING, 14th Dec., 1905.

Voted 755*l.* 3*s.* 11*d.* to pay the expenses of the following Life-boat launches or assemblies of crews with the view of assisting persons on vessels in distress: Appledore No. 1, Arbroath, Blakeney, Broadstairs, Broughty Ferry, Caister No. 2, Carrickfergus, Clacton-on-Sea, Dunbar, Dungeness No. 1, Flamborough No. 1, Gorleston No. 1, Hornsea, Hythe, Kirkcudbright, Lowestoft No. 1, Margate No. 2, Peterhead, Palling No. 2, Ramsgate, Southend-on-Sea, Sunderland (N. Dock), Walmer and Winchelsea.

Also 225*l.* to the widow and five children of ALLEN DODD, who, together with another man, was suffocated in the stokehold of the New Brighton Steam Life-boat when she was under repair in November 1905. Also defrayed the cost of the funerals amounting to 24*l.* 15*s.* 1*d.*

Granted a retiring pension and certificate of service to HENRY DODDS, Coxswain Superintendent at Sunderland (N. Dock), on his resignation.

Also a gratuity of 20*l.* to WILLIAM ORR, ex-Coxswain Superintendent at Groomsport.

Also a gratuity of 5*l.* to JOHN COATES for many years member of the Life-boat crew at Poole; 3*l.* to CHARLES NICOL at Montrose, and 5*l.* to B. BAKER, late head launcher at Ilfracombe.

Granted 16*l.* 10*s.* 6*d.* to men injured in the Life-boat service at Bude, Caister, Holyhead, Llandudno and St. Ives.

Dec. 17.—YOUGHAL, CO. CORK.—*Mary Luckombe* Life-boat.—Shortly after 6 P.M. information was received that a schooner was ashore opposite the railway station with the seas making a clean sweep over her. Very little time was lost in mustering the crew and the Life-boat proceeded to her, the life-saving apparatus being also turned out.

There was a strong S.S.E. gale blowing at the time with a very heavy sea, and the rockets were unable to make communication. Meanwhile the Life-boat had reached the schooner and by dint of great skill and bravery she was taken over the sunken vessel and rescued three of the crew from the rigging where they had taken refuge. Very great risk was incurred, as in spite of the seas continually breaking over the boat it was necessary for her to actually pass over the deck of the vessel to reach the men, they being so exhausted that they were unable to assist themselves in any way. In one case the man had to be abandoned three times owing to the breaking seas and large quantity of wreckage; happily, however, on the third occasion he was saved, the Life-boat being considerably damaged and the rudder smashed. The Master and one hand, who were on the weather side of the rigging, unfortunately perished before the Life-boat reached them, and it was entirely due to the intrepid conduct of the Coxswain and crew of the Life-boat that the loss of life was not larger. The vessel, which was the schooner *Annetta* of Dungarvan, was bound to Youghal with a cargo of coal, and she apparently struck the bar when making for the harbour and rapidly drifted ashore in a water-logged condition.

The Committee of Management in appreciation of this gallant service awarded the Silver Medal to the Coxswain Mr. MICHAEL HANNAGAN and an additional pecuniary grant to him and to each of the crew.—Expense of service, 44*l.* 11*s.*

Dec. 19.—HOLYHEAD, ANGLESEY.—*Duke of Northumberland* Life-boat.—Shortly before two in the morning signals of distress were observed from a vessel, and this (steam) Life-boat proceeded to her assistance. She proved to be the schooner *Earl of Beaconsfield*, of Chester, and was ashore near the end of the breakwater. As a strong S.S.W. gale was blowing, with a rough sea, and no tug was available, the crew of five hands were taken into the Life-boat, which then made for the harbour. On the way back the master of the schooner suggested that if the assistance of a steam trawler could be obtained,

the schooner might possibly be saved. The Life-boat therefore made for the trawler, and enquired if they were willing to undertake the work. To this they were agreeable, and the Life-boat having returned to the vessel, by the united efforts of the trawler and the Life-boatmen, the schooner was got off the rocks and taken into the old harbour.—Property salvage case.

Dec. 27.—CAISTER, NORFOLK.—*Covent Garden* Life-boat.—At daybreak a large steamer was seen stranded on the Cross Sand. The crew of the No. 1 Life-boat were assembled, and the boat was launched and proceeded to the vessel, which was the *Rockcliff*, of West Hartlepool, bound for Middlesboro' with a cargo of ore. The Captain asked the Life-boatmen to assist to save the steamer, and having laid out anchors, with the help of tugs, the steamer was successfully floated at 7 P.M. the same evening. During this service the weather was moderate, but when placing some men on board, the Life-boat was damaged.—Property salvage case.

Dec. 27.—TENBY, PEMBROKESHIRE.—*William and Mary Devey* Life-boat.—At 10.30 A.M., during a strong E.S.E. gale, signals of distress were observed on two schooners anchored in Caldy Roads. The Life-boat was promptly launched and worked out in a heavy sea to the vessels, which proved to be the *Mary and Gertrude*, of Wexford, bound from Swansea to Castletown, and the *Denis Carty*, of Wexford, bound to that port from Newport. Having taken the crew of four hands off the first-named vessel, the Life-boat proceeded to the other schooner and rescued her crew also, landing the eight in safety about 11.30 A.M.—Expenses of service, 13*l.* 7*s.*

Dec. 28.—CLOGHEY, CO. DOWN.—*Faith* Life-boat.—The steam trawler *Shamrock*, of Hull, whilst bound from Liverpool to the North of Ireland for the purpose of fishing, stranded near Tara and made signals of distress. Immediately on information being received, the Life-boat was launched and proceeded to her. On arrival the Master declined any assistance, but afterwards asked for help to lay out an anchor,

and the Life-boatmen having complied, they stood by the vessel until she was successfully floated.—Expense of service, 45*l.*

Dec. 29.—RAMSGATE, KENT.—*Charles and Susanna Stephens* Life-boat.—At 10 A.M., during a moderate N.N.E. breeze and moderate sea, the schooner *Dora*, of Carnarvon, was observed to run aground on the Brake Sand, and the Life-boat was at once ordered out to help her. On arrival some of the Life-boatmen were put on board the vessel, which was bumping heavily, and when the tide made sufficiently for the harbour tug which had also put off to approach the schooner, a hawser was passed to her and she was towed from her dangerous position into Ramsgate, the Life-boat returning under sail.—Property salvage case.

COMMITTEE MEETING, 29th Dec., 1905.

Voted 1,054*l.* 18*s.* 3*d.* to pay the expenses of assemblies, watching, launches, etc., with the view of assisting the crews of distressed vessels by the following Life-boats, etc.:—Alnmouth, Ballywalter, Caister No. 1, Clacton-on-Sea, Cloughey, Cresswell, Cromer, Gorleston Nos. 1 and 3, Groomsport, Harwich (Steam), Margate No. 1, The Mumbles, Newbiggin, Newburgh, Palling No. 2, Peterhead, Sunderland (North Dock), Tenby, Walton-on-Naze, Winterton No. 2, and Yarmouth.

Dec. 31.—CARRICKFERGUS, CO. ANTRIM.—*Zaida* Life-boat.—At 9.15 A.M. the Coxswain received a telephone message stating that a vessel was dismasted off Kilroot Point, Belfast Lough, and was drifting on shore with signals of distress displayed. With all speed the Life-boat was launched, and proceeded to the position indicated, and found the schooner *Harkaway*, of Castletown, as reported, lying at anchor. As the anchors were then holding the vessel was in no immediate danger and the Coxswain of the Life-boat, at the request of the Master, stood by the vessel until tugs were procured to tow her into safety.—Expense of service, 10*l.* 2*s.* 6*d.*

Dec. 31.—ANGLE, PEMBROKESHIRE.—*Henry Martin Harvey* Life-boat.—At 10.30 A.M. the Life-boat was launched to the assistance of the fishing smack *Commdore*, of Milford, which was dragging her anchors in the E.S.E. gale which prevailed.

Owing to the severity of the wind and sea, it was upwards of two hours before the smack could be reached. The two men on board were at once rescued, both being in a very exhausted condition—one fainting as soon as he was taken into the Life-boat. The boat then made for the shore, and landed the rescued men under the shelter of Angle pier, and moored the Life-boat for the night.—Expense of service, 12l. 6s.

Dec. 31.—PEEL, ISLE OF MAN.—*Mayhew Medwin* Life-boat.—At 11.30 signals of distress were observed from a schooner about three miles to the north of Peel which was riding very heavily and dragging her anchor, the other anchor having been lost. The Life-boat was launched and reached the schooner about the same time as a steam trawler, and as the latter offered to make an attempt to tow the schooner into safety the Life-boat, at the request of the master, stood by the vessel and assisted to get a hawser on board. After a considerable amount of trouble this was accomplished and the vessel was towed into safety. During this service a whole S.E. gale was blowing and the sea was very heavy, and the vessel, which was the *Martha Ann*, of Newry, could not have weathered the storm much longer. She left Garston the previous day bound for Kilkeel with a cargo of coal, and was

driven by the gale, the full force of which she encountered, round the Calf of Man, and her crew had a terrible experience.—Expense of service, 11l. 14s.

Dec. 31.—HOWTH, CO. DUBLIN.—*James Stevens No. 7* Life-boat.—In a strong S.S.E. gale and very heavy sea the schooner *Elwood*, of St. Ives, grounded on the Portmarnock Sands, and in response to her signals of distress the Life-boat was at once despatched. When the Life-boat reached the vessel she had considerable difficulty in getting alongside in the heavy surf, and the Bowman was washed overboard. He was however able to seize the life-line on the boat and was pulled on board again safely. The crew of four hands were in a very exhausted condition when rescued, having been at work for sixteen hours without being able to obtain any food. In carrying out the rescue the Life-boat was damaged, but Howth was reached in safety soon after 2 P.M. The Life-boat behaved splendidly.—Expense of service, 11l. 7s.

Dec. 31.—ABERSOCH, CARNARVONSHIRE.—*Oldham* Life-boat.—At 1.20 P.M. the Life-boat was launched in a fresh E.S.E. gale and very heavy sea to the assistance of the schooner *Janie*, of Truro, which was making signals of distress off Penrhyndu Point, both her anchors having parted. When the Life-boat reached the schooner she had grounded, but her crew of five were successfully rescued and landed at Penrhyndu. The vessel was bound from Runcorn to Fowey with a cargo of coal when disaster overtook her.—Expense of service, 15l. 13s. 9d.

Feb. 9.—Voted the thanks of the Institution, inscribed upon vellum and framed, together with the sum of 30*s.* each, to Mr. PATRICK G. TOOLE, Chief Boatman of Coast-guard, Mr. ALEXANDER SCOTT, Boatman, and Mr. STEPHEN G. May 20.—Two men put off in a boat and assisted two men whose fishing-boat had gone on to the rocks near Cemlyn in fine weather.—Reward, 15*s.*

June 8.—Three men rescued an old man from a hooker which was wrecked at Spiddal (co. Galway), in a strong E.S.E. breeze and heavy swell on the 10th March.—Reward, 1*l.* 10*s.*

July 29.—Three men put off in a boat, in a strong S.W. breeze and moderate sea, and rescued one of three men whose boat had capsized about 1¼ miles from Paignton. One of the men succeeded in swimming ashore, but the third unfortunately perished before assistance reached them.—Reward, 15*s.*

July 29.—Three men, members of the Life-boat's crew at Cresswell, saved one of three men, whose boat was capsized in fine weather about 2.30 A.M., about a mile to the west of Cresswell. The salvors, who were fishing in the neighbourhood, hearing cries for help, at once made for the spot and found one man clinging to the upturned boat, but the other two were unhappily drowned.—Reward, 15*s.*

Aug. 2.—Two men promptly proceeded to the assistance of the shrimp-boat *Girl Flo*, of Yarmouth, which capsized and threw her two occupants into the water, about ¼ mile to the S.E. of Gorleston Pier, in squally weather and heavy sea. Both men were rescued.—Reward, 10*s.*

Aug. 12.—Four men of the Life-boat crew at Cresswell put off in a coble and rescued four persons from a small boat which was being driven out to sea in a strong westerly wind and moderate sea about four miles from Cresswell.—Reward, 1*l.*

Sept. 14.—Five coastguards promptly put off in their boat to the assistance of the occupants of two boats in a strong S.W. breeze and moderate sea off Glenarm (co. Antrim), on the 24th July. One of the boats which carried four men was struck by a squall and capsized. These four then got into the other boat, which was very small, and already had eight occupants; when the salvors reached the boat she was in a sinking condition.—Reward, 1*l.* 17*s.* 6*d.*

Sept. 14.—Four men put off in a coble, and at moderate risk rescued two persons from a small boat which was being driven out to sea in a moderate S.W. gale and rough sea off

Cullercoats on the 29th July.—Reward, 1l. 10s.

Sept. 16.—Twelve men rescued the crew of seven hands of the lugger *Ariel Gazelle*, of Eyemouth. The vessel ran on to the Bush rock, Farne Islands, and was severely holed. foundered about four miles off shore, and had it not been for the timely aid they would probably have perished in the heavy sea when attempting to land.—Reward, 1l. 4s.

Dec. 2.—Three fishermen attempted to save life after the collision between s.s. *Phillipville* and s.s. *Harlow* in foggy weather, off Dungeness.—Reward, 1l. 2s. 6d.

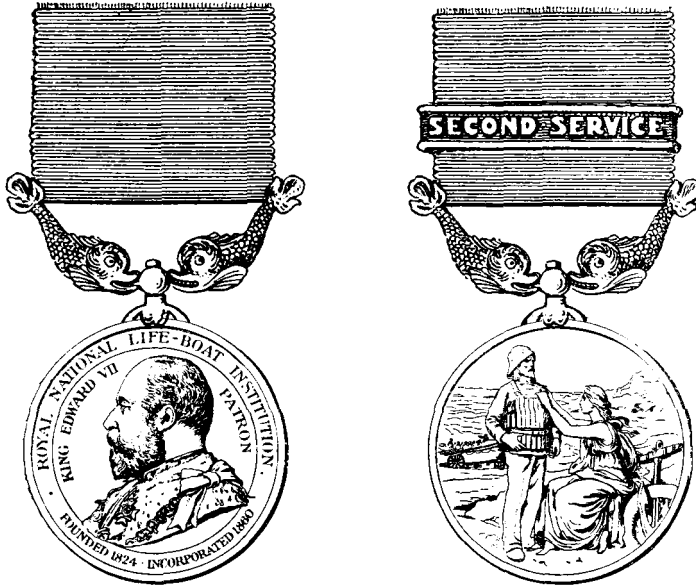

Dec. 14.—Voted the Silver Second Service Clasp to Mr. SIDNEY HARRIS, Coxswain Superintendent of the Gorleston Life-boats, in recognition of his gallantry in saving life on the occasion of the wreck of the lugger *Fruitful*, of Wick, on 11th November, when he swam out at great risk in a heavy sea and established communication with the vessel, by which means the crew of eight hands were saved. Dec. 14.—Three men rescued, at considerable risk to themselves, a man who was knocked overboard from the fishing-boat *Press On*, of Banff, when she was entering Lowestoft Harbour in a heavy sea, on the 11th November. The salvors, on seeing the accident, at once jumped into a small boat and made for the man, who when picked up was very near the bar. Had it not been for the promptness shown the man would undoubtedly have been drowned.—Reward, 2l. 5s.

## THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a Life-boat man's life-belt are—

1. Sufficient extra buoyancy, 22 lbs., to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.
2. Perfect flexibility, so as to readily conform to the shape of the wearer.
3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.
4. Strength, durability and non-liability to injury.

## THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 282 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

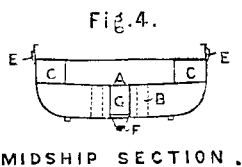

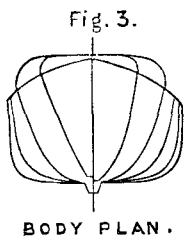

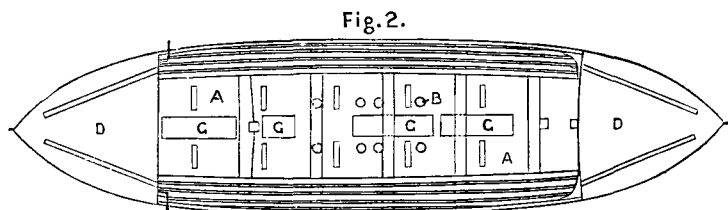

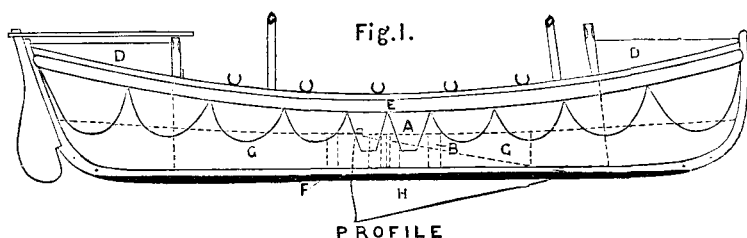

## THE LIFE-BOAT.

*(See Diagrams on following pages.)*

The following drawings show the general outline and principal fittings of the different types of Life-boats used in the Institution's service. Figure 1 gives the profile or broadside view. Fig. 2 the "plan" or deck view. Fig. 3 the "body plan," showing the form of transverse vertical sections at regular intervals in the length; and Fig. 4 the "midship section." The festooned lines on the Fig. 1 profile views represent outside lifelines for men in the water to catch hold. The blackened portion of the keel indicates "iron keel" ballast in distinction from "water ballast" carried in "tanks" or compartments provided in the hold for the purpose, and admitting of being taken in or pumped out at pleasure; both "iron" and "water ballast" are variable and optional in the several boats according to the special circumstances of the different stations and wishes of the coxswains and

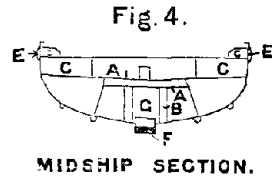

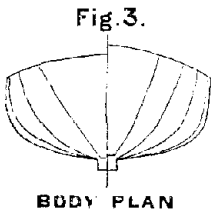

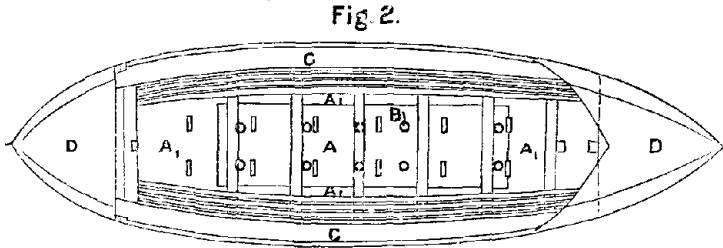

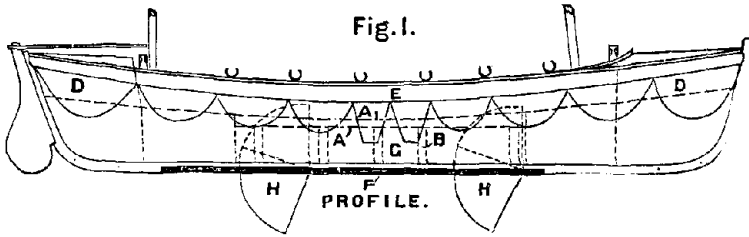

crews. Water shipped on deck by seas breaking over the boat and otherwise is automatically freed through the holes in the deck and bottom of boat, connected by large pipes called "relieving tubes" having valves called "relieving valves" fitted at the deck, which pass water downwards but not upwards. Some boats, such as the "Norfolk and Suffolk" type, have also freeing scuppers in the sides of boat above deck for the same purpose. Enclosed compartments are automatically ventilated by specially designed valves and pipes. A large proportion of the boats have "centre boards" or "drop-keels" of variable size and weight, which can be used at pleasure and materially add to their weather qualities.

## THE LIFE-BOAT TRANSPORTING-CARRIAGE.

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger sizes, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be. In addition to its ordinary use, a carriage is of immense service in launching a boat from a flat beach; while "Tipping's plates," with which the main wheels are sometimes clad, greatly facilitate the transport of the boat over the long stretches of soft sand which have to be traversed before deep enough water is reached to float the boat.

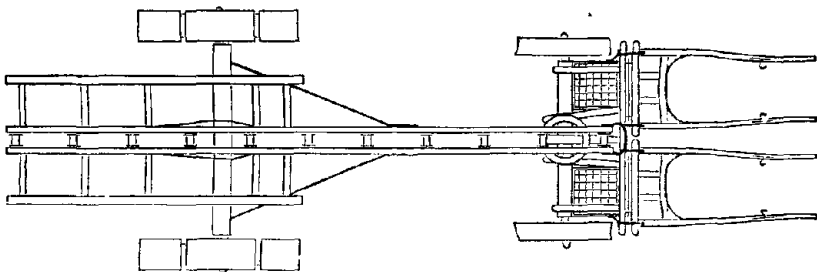

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as cork, life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

## THE LIFE-BOAT HOUSE.

The boats of the NATIONAL LIFE-BOAT INSTITUTION and all belonging to them are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.* and an assistant at 2*l.* a year, with further allowances in special circumstances. The crew consists, in addition, of a bowman who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum and payment as a helper each time he is on duty. The members of the volunteer crews are registered and wherever practicable at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or coastguardmen. On every occasion of going afloat to save life the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October and ending the 31st March. The Institution also grants retiring allowances to coxswains, bowmen and signalmen of good behaviour and long service. It should be specially noted that the Life-boat crews, excepting when remunerated by the owners of vessels for property salvage service, are paid by the Institution for their efforts, *whether successful or not*, in saving life.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a coastguard man on duty or other responsible look-out man.

On boarding wrecks the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat contrary to the coxswain's remonstrance he is authorised to throw them overboard.

The formation of a Life-boat Station costs at least 1,500*l.*, and the Annual Expense of maintaining it is about 125*l.*—in many instances much more.

Such is a brief summary of the more important Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The ROYAL NATIONAL LIFE-BOAT INSTITUTION has now 282 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked sailors. Altogether, the Institution has granted rewards for the saving of 45,439 lives, either by its Life-boats or by other means.

Despite however this fleet of 282 Life-boats and of 16 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that about 500 lives are lost annually on or near the coasts of the United Kingdom alone, as shown by the Board of Trade Returns, proclaiming solemnly though silently that for humanity's sake and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs about 100,000*l.* per annum to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.
