OF THE

Royal National Life=Boat Institution.

(ISSUED QUARTERLY.)

VOL. XX.—No. 232.]

1ST MAY, 1909.

[PRICE 1s.

AT the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE=BOAT INSTITUTION, held at the Royal United Service Institution, Whitehall, on Tuesday, the 23rd day of March, The Right Honourable Lord George F. Hamilton, G.C.S.I., in the Chair, the following Report of the Committee of Management was submitted and adopted:—

## ANNUAL REPORT.

1909.

THE Committee of Management have used every effort during the past year to maintain and as far as possible increase the efficiency of the Institution's service and they are glad to feel that their work has not been in vain.

They have however to record with a deep sense of their importance the following changes which occurred in the administration of the Institution. In September last they were deprived by death of the very valuable services of Sir Edward Birkbeck, Bart., K.C.V.O., who for the long period of twenty-five years had been their indefatigable and able Chairman. He had devoted the best part of his life to the interests of the Institution, and through his long and fatal illness, which he struggled against with the utmost fortitude, he kept in touch with the Institution, and the last Meeting of the Committee he

ever attended as Chairman was that of the 20th February, 1908. It is difficult to estimate the loss which the Institution has sustained through his death. He had been a Vice-President since 1866, and a Trustee since 1880; and for more than forty years he had taken a leading part in promoting the aims of the Institution and defending its interests. It is not too much to say that the high place which the Institution holds in the estimation of the Public is very largely due to his constant, unselfish and devoted attention to its affairs.

Sir Edward Birkbeck was succeeded in the chair by Colonel FitzRoy Clayton, who joined the Committee of Management in 1863, and is their senior member.

Colonel Clayton had been the Deputy Chairman since 1883, and was appointed a Trustee in 1886. He was also Chairman of the Preparatory Committees from

1895 until 1908. He has been succeeded as Deputy Chairman by the Earl of Hardwicke, an old friend of the Institution and Chairman of the Life-boat Saturday Fund; and as Chairman of the Preparatory Committees by Sir John Cameron Lamb, C.B., C.M.G. The vacant Trusteeship has been filled by the appointment of the Hon. W. F. D. Smith, M.P.

*Life-boats.*—Further success has been obtained in the experiments with Motor Life-boats and four additional Life-boats will be sent to the coast very shortly. Five new pulling and sailing Life-boats were completed and placed where they were most needed. They took the places of boats which were worn out or had become obsolete. The steam Life-boat which had been stationed at Gorleston for nearly eight years was in December last transferred to Angle (Milford Haven), where the services of such a Life-boat were much needed. A reserve pulling Life-boat was also sent to Penzance for service there, whilst the station boat is being tried at Newlyn, where in the opinion of the Committee of Management she will be more usefully placed. The station at Mullion (Cornwall) has been closed, the altered conditions of the immediate locality not rendering its retention longer necessary. Wherever desirable the boats have been thoroughly overhauled, repaired and renovated.

The following is a complete list of the new boats despatched to the coast during the year. In each case the coxswains and crews were fully consulted as to the class and type of boat in which they most confided.

Blakeney . . . .	Norfolk.
Buckie. . . . .	Banffshire.
St. Anne's No. 1 . . .	Lancashire.
Seaton Carew . . . .	Durham.
Whitby No. 1 . . . .	Yorkshire.

At the close of 1908 the entire fleet of the Institution comprised 272 sailing and pulling Life-boats, 4 motor Life-boats, 4 steam Life-boats and 1 steam-tug.

*Transporting Carriages.*—New transporting carriages were built and supplied during the year.

*Inspection of Life-boats.*—Each station of the Institution was carefully inspected, a report of every inspection being submitted to and considered by the Committee of Management.

*Shipwrecks.*—Although the storms and gales of the past year provided plenty of work for the Life-boats and their gallant crews, the year taken as a whole was not a remarkably boisterous one. It is with great regret however that the Committee have to report that whilst the Newquay (Cornwall) Life-boat was out for exercise, in bad weather, on the 6th March, she was suddenly capsized in a terrific sea, the crew as well as the District Inspector, who was on board being thrown out. All fortunately regained the boat, which promptly righted herself, excepting one poor fellow who although brought to land died of shock. The Institution at once contributed 200*l.* for the dependent relatives of the deceased man and also paid the funeral expenses.

The heaviest gales of 1908 occurred on the 6th–8th March, when 19 Life-boats were launched, 62 lives being saved and 5 vessels; and on the 31st August–1st September, when there were 21 launches of Life-boats, 7 lives being saved and 1 vessel.

Between the 1st January and the 31st December, inclusive, the Life-boats were launched 421 times on service, and 1080 times for exercise, besides which the crews were assembled in readiness for service on 59 occasions when fortunately it proved their aid was not needed.

The number of lives, for the saving of which by Life-boats the Institution granted rewards in 1908, was 486, in addition to which it granted rewards for the saving of 152 lives by shore-boats and other means, making together

a grand total of 638 lives saved. The Life-boats were instrumental in saving 42 vessels and boats.

The following table furnishes the details of the services during each month of the year :—

*Rewards.*—The rewards granted by the Institution in 1908 for the saving of life from shipwreck on the coasts of the United Kingdom, or for meritorious efforts to save life and in recognition of other good services rendered, included 1 Gold Medal, 14 Silver Medals,

2 Decorations, 10 Binocular Glasses, 9 Aneroid Barometers, 35 Votes of Thanks inscribed on vellum and framed, 10 Certificates of Service framed, and 11,068*l.* 9*s.* 9*d.* in money payments, including pensions, retiring allowances, gratuities and compensation for personal injuries or loss sustained in the service. The Gold Medal awarded to Mr. William Owen, Coxswain of the Holyhead Steam Life-boat, was presented to him at Marlborough House on the 4th May, 1908, by His Royal Highness the PRINCE OF WALES, President of the Institution.

At the close of 1908 the Institution had granted altogether in rewards since 4th March, 1824, when it was founded, 101 Gold Medals and Clasps, 1,261 Silver Medals and Clasps, 68 Decorations, 397 Binocular Glasses, 15 Telescopes, 86 Aneroid Barometers, 1,893 Votes of Thanks inscribed on vellum and framed, 206 Certificates of Service framed, and 286,162*l.* in money.

*Aneroids.*—During the year 72 applications were received for the very reliable Aneroid Barometers issued by the Institution, at a greatly reduced price, to masters and owners of fishing boats and small coasters. Of these 59 were disposed of to fishermen and 13 to coasters. The total number of Aneroids thus issued by the Committee since 1882 has been 5,039.

*Local Committees.*—The most cordial thanks of the Committee of Management are due to the Institution's Local Committees, and to one and all of their honorary secretaries, treasurers and workers. The Committee fully realize that without such valuable and much appreciated help it would be difficult indeed to efficiently maintain the service.

*Life-boat Saturday.*—This valuable auxiliary of the Institution, notwithstanding the difficulties with which it has been confronted during the past

year due to the serious depression of trade has worked well, and the Central Committee, as well as all the other committees and Ladies' Auxiliaries are to be heartily congratulated on the excellent results obtained by their zealous and enthusiastic efforts, which are worthy of the very grateful acknowledgment of the Committee of Management.

*Public Authorities.*—The Committee would avail themselves of this opportunity to express again their high appreciation of the aid which they continue to receive from the various Light-house and Light-vessel authorities, including the Elder Brethren of the Trinity House, the Commissioners of the Northern and Irish Lights, as well as from other public bodies. Their thanks are also due to the Postal officials for the important assistance which they so constantly give the Institution in connection with the electrical communications established on the coasts for life-saving purposes, such communications having proved of the utmost importance in the direction of securing promptness in rendering aid to distressed vessels.

*Coastguard.*—The Committee cannot speak in too high terms of the importance of the help given to the Institution by this useful Service, and they would again urge on the Government as well as on the Public their unshaken opinion that it will be a very serious day for the Institution, and indeed for any organisation which now exists for the purpose of life-saving on or near the coasts of the United Kingdom, should it be decided to abolish or further reduce H.M. Coastguard.

*Public Press.*—The powerful and much-needed advocacy of the public Press has continued to be generously used throughout the country in the interests of the Institution and is gratefully and thankfully acknowledged.

*Inventions.*— Suggestions and inventions have as usual constantly been brought under the notice of the Committee during the past year, who have carefully considered and examined all of them, their object being to find and avail themselves of anything which might perchance increase the efficiency of the Service.

*Finances.*—The amount received by the Committee of Management in 1908 in annual subscriptions, donations, dividends, etc., and inclusive of the handsome sum of 18,251*l.* 11*s.* received from the Life-boat Saturday Fund, was 73,388*l.* 16*s.* 1*d.*, a decrease of 1,779*l.* 13*s.* 2*d.* as compared with the corresponding total for the previous year. In addition, 39,314*l.* 8*s.* 9*d.* was received in legacies, of which 12,634*l.* 3*s.* 5*d.* was for special trusts or specified purposes. 2,600*l.* were also received in gifts specially earmarked. Were it not for the valuable help received by the Institution in legacies its great work could not be carried on efficiently, inasmuch as the moneys received from the other sources of revenue are inadequate for the purpose.

The total expenditure in 1908 was 90,335*l.* 8*s.* 3*d.* This amount included 36,085*l.* 9*s.* 4*d.* for building, equipping and repairing Life-boats, Life-boat transporting carriages, Life-boat houses and slipways and for experiments with motor Life-boats; 16,126*l.* 10*s.* 3*d.* for subsidies for non-self-supporting

stations, branch outlays, aneroids for fishermen and coasters, life-belts and other stores and the store-yard; 31,122*l.* 15*s.* for payments to coxswains, bowmen and signalmen, to crews, etc., for services and for exercising the Life-boats, for special rewards and recognitions for services; grants to the relatives of deceased Life-boatmen, and for injuries, for pensions, and other retiring allowances to coxswains, bowmen and signalmen; for medals and vellums; also for payments to the inspecting staff. The balance was expended on printing, advertising, postage, telegrams and stationery; on salaries, rates, taxes, office expenses and legal charges connected with bequests and leases. Each item of receipt and expenditure has been examined and verified by Mr. Albert W. Wyon, Chartered Accountant, of the firm of Messrs. Price, Waterhouse & Co., 3 Frederick's Place, Old Jewry, E.C.

In conclusion, the Committee of Management appeal very earnestly for increased support and more especially for that of a permanent character, such as *annual subscriptions*. The Institution, as has been so frequently pointed out in former years, is supported and maintained entirely by voluntary contributions, and unless these continue to be received from the British Public on a large and generous scale it will become impossible to carry on this great national life-saving service efficiently and effectively.

*P.S.*—Although the foregoing Report relates to the year 1908, the Committee of Management feel that they cannot present it to the Subscribers and Contributors to the Institution without placing on record their sorrow at the death of their Deputy-Chairman, Lord Hardwicke, and their deep sense of the loss which the Institution has sustained. His Lordship was constant in his attendance at the Meetings of the Committee and Sub-Committees until and including Tuesday, the 9th March, 1909, when he appeared to be in good health and spirits and took an active part in all that was done. On the evening of that day he was seized with illness; on Thursday, the 11th, he seemed to be somewhat better; but pneumonia supervened and he passed away early on Saturday, the 13th, to the great grief of all who had been associated with him.

### **ITS OBJECT AND WORK.**

The work of the Institution mainly consists of—

1. Building, equipping and maintaining Life-boats, transporting carriages, boathouses and slipways, wherever required on the Coasts of the United Kingdom.
2. Payments and the granting of rewards to Life-boat coxswains, crews and helpers, for services rendered, including exercises; medals and vellums being awarded for conspicuous bravery.
3. Awarding medals, vellums or grants of money to those who, at the risk of their own lives, save, or endeavour to save, by means of shore boats or otherwise, life from shipwreck on the Coasts of the United Kingdom.
4. Granting pecuniary compensation to men injured on service.
5. Granting pecuniary compensation to the Widows and other dependent relatives of Life-boatmen who lose their lives on service; not less than £100 being allowed for each Widow and £25 for each dependent child.
6. Granting pensions or retiring allowances to Life-boat coxswains, bowmen and signalmen of long service and good character.

***The moneys received from the Life-boat Saturday Fund are, as far as possible, applied by the Committee of Management towards meeting the expenses of items Nos. 2, 4, 5 and 6 only.***

### The Royal National Life-Boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 22 Charing Cross Road, London, W.C.

## GOD HELP OUR MEN AT SEA.

## List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1908, INCLUSIVE.

Jan. 1. — ROSSLARE HARBOUR, CO. WEXFORD.—*Tom and Jennie* Life-boat.— During a moderate E.S.E. gale signals of distress were observed at 9.30 A.M. on a schooner lying at anchor in Rosslare Bay. The crew of the Life-boat were assembled, and in a heavy sea the boat proceeded to the assistance of those on board. On reaching the vessel the master reported that she was leaking badly and he required the assistance of a tug to tow him into harbour. At the request of the master the Life-boat therefore returned ashore to telephone for a tug. The vessel was the *William Thompson*, of Wexford, laden with coal

and bound from Newport to Wexford.—Expense of service, 11*l.* 9*s.*

Jan. 6.—KESINGLAND, SUFFOLK.—*Bolton* Life-boat.—At 7.30 in the morning a vessel was observed on the West Barnard Sand with a signal of distress flying. Information was given to the Coxswain and the No. 1 Life-boat was smartly launched. On reaching the vessel, which proved to be the smack *Young Bert*, of Lowestoft, she was found to be in a bad state, having sprung a leak. The assistance of the Life-boatmen was accepted by the master and every effort was made to save the craft. Eventually the efforts were successful and the smack floated. She was then taken to Lowestoft accompanied by the Life-boat, the Life-boatmen remaining on board to assist at the pumps. The wind was blowing strongly from W.S.W. with a heavy swell at the time of the service, and considerable difficulty was experienced in getting alongside the smack, some of the Life-boat's gear being carried away.—Property salvage case.

Jan. 6.—MONTROSE, FORFARSHIRE.—*Sarah Jane Turner* Life-boat.—During a whole W.S.W. gale a fishing-boat was observed in the offing in a helpless condition, with her foremast carried away. In response to her signals the No. 1 Life-boat was promptly despatched to her assistance under sail, but before she could reach her another fishing-boat went to the help of the men on board. The fishing-boat took the boat in tow and proceeded towards the harbour. As there was a heavy sea running the Life-boat stood by the fishing-boats; until both were in safety, she then returned to her station and was re-housed. The disabled boat was the *Caledonia* of Ferryden.—Expense of service, 12*l.* 9*s.*

Jan. 7.—ST. IVES, CORNWALL.—*James Stevens* No. 10 Life-boat.—At about 9.15 P.M., during a heavy N.W. gale, a vessel was seen running for the harbour, but on nearing the entrance she missed stays and was driven on to Porthminster Beach, first striking heavily on Pednolver Point. Within a quarter of an hour the Life-boat was launched and on her way to the distressed vessel. After some little difficulty she succeeded in rescuing the crew, five in number,

and in the teeth of the gale landed them safely in the harbour about 10.30 P.M. Owing to the heavy swell in the harbour the Life-boat could not be re-housed until 2 A.M. The vessel was the schooner *Lizzie R. Wilce*, of Falmouth, and was bound from Swansea to St. Malo with a cargo of coal. She became a total wreck.—Expense of service, 35*l.* 14*s.*

About three hours after she had been re-housed the Life-boat was again called out to the assistance of the schooner *Mary Barrow*, of Barrow. The vessel had been making for the harbour for shelter, but owing to the low state of the tide she struck heavily on the ridge and was quickly driven ashore on the Porthminster Beach. The Life-boat anchored and veered down to the wreck. After considerable danger, due to the very heavy sea, the five men on board were rescued and taken into safety. The vessel, which also had a cargo of coal, was bound from Swansea to the Isle of Wight.—Expense of service, 34*l.* 10*s.*

Jan. 7.—PENMON, ANGLESEY.—*Christopher Brown* Life-boat.—At 10.30 P.M. the Coxswain of the Life-boat received information by telephone from the light-keeper at Trwyn Dhu Lighthouse, that a vessel in close proximity to the Dutchman Bank was making signals. The crew of the Life-boat were summoned and the boat launched. On reaching the vessel, she proved to be the schooner *Maggie Brocklebank*, of Barrow. She was anchored in a dangerous position on the edge of the bank where she would ground at low water and very much exposed to the northerly wind should it freshen (which subsequently happened eventually blowing a whole gale). The master asked for assistance to remove his vessel to a safer anchorage and four Life-boatmen were placed on board. She was then taken up to Fryar's roads, the Life-boat accompanying her until in safety. The schooner was bound at the time from Southampton to Birkenhead with a cargo of steel rails.—Property salvage case.

Jan. 8.—MOELFRE, ANGLESEY.—*Star of Hope* Life-boat.—One of the worst gales that had been experienced for some years blew off Anglesey, and at

8.40 A.M. the ketch *Margaret Elizabeth* of Beaumaris stranded near Moelfre.

The Life-boat was promptly launched and in a very heavy sea rescued the two men on board. The rescue was a timely one because two hours after the crew were taken off the ketch had gone to pieces on the rocks. At the time of the disaster she was bound from Cemaes to Glasson Dock with a cargo of oats.—Expense of service, 12*l.* 13*s.* 11*d.*

Jan. 8.—SOUTHEND-ON-SEA, ESSEX.—*James Stevens No. 9* Life-boat.—Shortly before 9 A.M. a telephone message was received from the Maplin Lighthouse, stating that there was a barge ashore on the "Burrows" with a signal of distress in her rigging. There was a strong W.N.W. gale at the time accompanied by a rough sea, and with all promptness possible the Life-boat was despatched to the assistance of the men on board. About 10.30 the Coxswain found the barge *Dorothea* of Harwich stranded in the position indicated with her sprit broken and sails blown away. She was bound from Lowestoft to Grays, Essex, and her boat had been smashed. The Life-boatmen were employed to save the vessel and succeeded in getting her and her crew of two men into safety about 4 P.M. The Life-boat then made for Southend, arriving at midnight.—Property salvage case.

Jan. 8.—PADSTOW, CORNWALL.—*Edmund Harvey* Life-boat.—During a whole N.N.W. gale a vessel was sighted dismasted and apparently at anchor about eight miles off Trevoze Head. The crew of the No. 2 Life-boat were summoned, and in tow of the Institution's tug she proceeded to the vessel. A very heavy sea was running and on arrival it was found that fourteen of the crew had been rescued by a steamer, whilst a boy had unfortunately perished before the arrival of help. Seven men still remained on board and with considerable difficulty they were rescued and conveyed into safety, Padstow being reached at 5.30 P.M. The vessel was the barque *Europa* of Bilbao.—Expense of service, 22*l.* 2*s.* 6*d.*

Jan. 8.—GILES QUAY, CO. LOUTH.—*Providence* Life-boat.—About 4 o'clock in the afternoon a telephone message

was received from Newcastle stating that a schooner had been sighted to the south-westward drifting in an apparently disabled condition. A look-out was kept and an hour and a half later the vessel was seen to the south-east of Giles Quay. The Life-boat was launched and on reaching the vessel found that she was the schooner *Ethel* of Drogheda, bound from Dublin to Belfast with a cargo. A heavy sea was running and in the fresh E.N.E. gale the schooner's foreyard was carried away and all the head sails had blown away. At the request of the Master five of the Life-boatmen went aboard and stowed the torn canvas; the Life-boat then stood by the vessel until the weather moderated about 3 A.M. the next morning.—Expense of service, 27*l.* 7*s.* 6*d.*

#### COMMITTEE MEETING, 9th Jan., 1908.

Voted 280*l.* 15*s.* 6*d.* to defray the expenses of launches of the following Life-boats, or assembling the crews in readiness, with the view of assisting those on board vessels apparently in distress:—Clacton-on-Sea, Poole, Ross-lare Harbour, St. Agnes, St. Mary's, Southend-on-Sea, Swanage, Totland Bay, and Walton-on-Naze (motor).

The Ramsgate Life-boat was also launched, but her services were not required.

Voted 200*l.*, with an expression of deep sympathy, to the fund raised for the dependent relatives of W. T. Hicks, a life-boatman, who lost his life on board the seven-masted schooner *Thomas W. Lawson*, of Boston, wrecked at the Scilly Islands, 13th-14th December, 1907.

Also voted the Silver Medal to ROBERT GREIG, Coxswain Superintendent of the Stromness Life-boat, together with an additional pecuniary reward to him and each of the crew for a very gallant service on the 11th December, 1907, resulting in three lives being saved from the steam trawler *Shakespeare*, of Hull, totally wrecked at Breckness, in a very heavy sea.

Granted a retiring pension and certificate of service to GEORGE SCALES and ALEXANDER PENGELEY, Coxswain

Superintendents at Filey and Littlehampton respectively; also a certificate of service and a gratuity of 25*l.* to JAMES MOIR, Coxswain Superintendent at Gourdon, on their resigning their posts.

Jan. 10.—LOWESTOFT, SUFFOLK.—*Kentwell* Life-boat.—The schooner *Janet*, of Carnarvon, whilst bound from Yarmouth to Portsmouth, with a cargo of wood, stranded on the Holm Sand. The No. 1 Life-boat, in tow of a tug, proceeded to her assistance, but just before she got to her the schooner knocked over the sand into deep water. As she was leaking badly several of the Life-boatmen were put on board and they assisted to make fast the tow-rope from the tug. The vessel was then taken to Lowestoft Harbour accompanied by the Life-boat. During this service the sea was heavy but the wind was light.—Property salvage case.

Jan. 11.—ROSSLARE HARBOUR, CO. WEXFORD.—*Tom and Jennie* Life-boat.—About 8 P.M. the Coastguard reported that there was a vessel on the Splaugh rock, and the Life-boat was promptly despatched to her assistance. After a heavy beat against wind and tide the Life-boat found the schooner *Navigator*, of Arklow, as stated. She went alongside and rescued the six men on board, regaining her station at 6 o'clock the next morning. The schooner was bound from Liverpool to Foynes with a cargo of coal, and but for a sudden change in the direction of the wind after the crew were rescued she would have become a total wreck.—Expense of service, 22*l.* 14*s.*

Jan. 15.—KESSEINGLAND, SUFFOLK.—*St. Paul* Life-boat.—About 10 P.M. the Coastguard watchman reported that a steamer was blowing her whistle apparently close to the shore. The weather was thick at the time and nothing could be seen, but on the fog lifting a little a steamer was observed stranded two miles to the southward. The Coxswain at once decided to launch the No. 2 Life-boat. On arriving on the scene of the casualty the steamship *Briton*, of Stettin, bound from Calais to Leith with a general cargo, was found in need of assistance. The crew were at once employed to salve the vessel, and the

majority of the Life-boatmen were placed on board. It was then seen that to save the vessel additional help would be necessary, and signals to the shore were accordingly made. In response the No. 1 Life-boat *Bolton* was launched and reached the steamer shortly after midnight. Throughout the night the Life-boatmen in conjunction with tugs worked to float the vessel, and at 8 A.M. on the 16th idem. they were successful, the steamer being taken to Lowestoft. During the night there was a very rough sea alongside the steamer and the men were exposed to a strong and bitter S.S.W. wind.—Property salvage case.

Jan. 16.—PALLING and WINTERTON, NORFOLK.—*Hearts of Oak* Life-boat.—At 9.25 A.M. a telephone message was received at Palling stating that a steamer was ashore on the Hasboro' Sands.

The No. 2 Life-boat was promptly despatched and found the s.s. *Excellent* of Sunderland, bound from the Tyne to London with a cargo of coal on the sand. The weather at the time was hazy, the wind about S.W., a fresh breeze and a nasty choppy sea. The Life-boat in going alongside the steamship received considerable damage being partially stove in, but the crew were engaged to try and salve the vessel and failing that to save the twenty-two men on board. The crew of the *Winterton* No. 2 Life-boat, which had also put off to the vessel, were in addition engaged by the Captain to assist in the salvage work. Anchors were run out and the work proceeded until the afternoon when with the assistance of a tug the vessel got off. She was then taken, accompanied by the Life-boats, into Yarmouth Harbour, the Life-boats getting back to their respective stations next day.—Property salvage case.

Jan. 16.—NEWBIGGIN, NORTHUMBERLAND.—*Ada Lewis* Life-boat.—A strong westerly gale with a rough sea came up whilst the fishing cobs were at sea, and about 11 A.M. the Life-boat was launched to attend them into safety. The gale having arisen quite suddenly the fishing gear had to be left, and the Life-boat was launched very hurriedly. Some of the crew being at sea a scratch crew manned the boat and the women

of the place assisted in launching her. Great alarm was felt for some time for the safety of one coble whose sail had been lowered, as she could not be seen in the spindrift; happily however the boats reached the harbour in safety.—Expense of service, 7l. 11s. 6d.

Jan. 17.—WALMER, KENT.—*Civil Service No. 4* Life-boat.—The four-masted barque *Liobeth*, of Hamburg, whilst sailing into the Downs took the ground off Walmer Castle. The Coast-guard having warned the Coxswain of the Life-boat, the boat was launched and proceeded to her. At the request of the captain the boat stood by the barque until about 10 P.M., when with the help of a tug the vessel was floated. A moderate W.S.W. gale was blowing at the time and the sea was rough.—Property salvage case.

Jan. 27.—CLOVELLY, NORTH DEVON.—*Elinor Roget* Life-boat.—At about 4.15 in the morning during a thick fog a boat with nine men in her landed at Clovelly. They reported that their steamer, the *Huddersfield*, of Cardiff, was ashore about four miles to the westward with the remainder of the crew, twelve in number, on board. The sea was rough with a heavy ground-swell and the wind was strong from W.S.W.

The Life-boat was launched and found the steamer as reported about a mile from the Hartland Lighthouse, with the sea making a clean breach over her. All the boats on board had been smashed and the men had no means of escape. The twelve were successfully rescued and conveyed to Clovelly, where they were landed at 9.30 A.M.

The vessel was bound from Barry to the River Plate with 3,000 tons of coal, and when the men were rescued the steamer was completely submerged.—Expense of service, 51l. 7s.

Jan. 27.—NORTH SUNDERLAND, NORTHUMBERLAND.—*Forster Fawsett* Life-boat.—A stormy westerly breeze was blowing in the early morning, and only three of the North Sunderland cobles ventured out, two or three from Beadnell being out. During the forenoon the wind freshened until it blew a hurricane from W.N.W. As it was evident that the North Sunderland craft intended to try and make the

harbour the Life-boat was launched to protect the men on board. With considerable difficulty and risk the cobles got in, one being nearly capsized between the piers.

The Life-boat then proceeded to one of the Beadnell boats named the *Sea Nymph*. If the wind had held she could not have got in but must have been blown out to sea. The wind however eased somewhat and the coble made the harbour at Beadnell safely, being attended by the Life-boat the whole way.—Expense of service, 14l. 7s. 3d.

Jan. 28.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—Shortly after noon the brig *Fleetwing*, of Carnarvonshire, whilst bound to King's Lynn, was observed to miss stays when close to the Scroby sands and let go her anchors. As it was thought that the vessel was on the sands, the Life-boat was launched to her assistance. On arrival it was found that she was not actually aground but in a very dangerous position, with the sea breaking quite close to her. The Life-boat's crew were employed by the captain to get the brig's anchors which had fouled, and to get the vessel into a safer position. With the assistance of a tug this was accomplished, and the vessel was towed into Yarmouth Roads and anchored.—Property salvage case.

Jan. 28.—ST. IVES, CORNWALL.—*James Stevens No. 10* Life-boat.—About 8 P.M., during a very strong N.N.W. gale, signals of distress were seen from a ketch which had put into the bay for shelter and was riding heavily to her anchors. The Life-boat was launched, and within half-an-hour had rescued the three men on board. The ketch was the *Ystwith*, of Padstow, and was bound at the time from Llanelly to Falmouth.

When the Life-boat had rescued the crew she then proceeded to the trawler *Victor*, of Brixham, which was also riding heavily, and having rescued the four men on board, she made for the harbour, where all were landed in safety. Shortly afterwards the ketch parted her cables and was driven ashore on Carrack Gladden beach, where she became a total wreck.—Expense of service, 33l. -s. 6d.

The trawler *Victor* happily rode out the gale, and next morning the Life-boatmen replaced the crew on board and assisted to work the craft out of the bay.—Property salvage case.

Jan. 28.—RAMSEY, ISLE OF MAN.—*Mary Isabella* Life-boat.—The Life-boat was launched at about 8.45 P.M., in a moderate N.E. gale, in response to distress signals from a schooner about two and a half miles off the harbour. She was riding at single anchor, her sails having been blown away, and it was feared she would drag. A heavy sea was running. On the arrival of the Life-boat the four men on board were rescued and taken into safety. The vessel was the schooner *Guiding Star*, of Runcorn, and was bound at the time from Teignmouth to Glasgow with a cargo of clay.—Expense of service, 34*l.* 14*s.* 6*d.*

Jan. 30.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—On the 30th January the schooner *John Pickard*, of Goole, whilst bound to London with coal, sprang a leak when near the South Caistor Buoy. Her signals of distress were observed by the Coastguard, who reported them to the Coxswain of the Life-boat. The boat was at once launched and proceeded to the schooner, whose captain engaged the crew to save her. Men were placed on board to assist with the pumps, and by the united efforts of the Life-boatmen and a tug the vessel was taken into the roads.—Property salvage case; balance paid by Institution, 14*l.* 8*s.* 6*d.*

Jan. 31.—DOUGLAS, ISLE OF MAN.—*Civil Service No. 6* Life-boat.—The fishing vessel *Regalia*, of Douglas, was under observation about seven miles off the shore on account of the very choppy sea and the strong W.N.W. gale prevailing. About noon the vessel was missed, and the Coxswain of the Life-boat considered it advisable to launch the Life-boat. The crew were summoned and the boat launched. On reaching the *Regalia*, the master stated the clew of the mainsail had started, and there was considerable danger of it blowing away. The Life-boat therefore stood by the vessel and accompanied her to land in case she should have been rendered helpless.—Expense of service, 13*l.* -*s.* 6*d.*

Feb. 4.—FLAMBOROUGH, YORKSHIRE.—*Matthew Middlewood* Life-boat.—At 6 A.M. a telephone message was received stating that a ship was burning flares as a signal of distress close to the headland. With all haste the No. 2 Life-boat was launched and proceeded to her. They found that she was the ketch *Princess May*, of Littlehampton, bound for Sunderland loaded, and in the strong north-west gale had lost one of her masts. Assistance was offered but declined; the Life-boat therefore stood by the ketch until it was seen that she would be able to get into safety. The boat then returned ashore.—Expense of service, 21*l.* 9*s.* 6*d.*

Feb. 7.—RUNSWICK, YORKSHIRE.—*Cape of Good Hope* Life-boat.—Fifteen of the fishing cobbles belonging to Staithes and two belonging to Whitby had gone off in the morning to the fishing, when a heavy sea came on, rendering it impossible for them to reach their own ports. Owing to the men's lack of knowledge of the peculiarities of Runswick Bay and the danger in the heavy sea, the Coxswain of the Life-boat launched his boat and assisted them all into safety.—Expense of service, 13*l.* 5*s.*

Feb. 8.—NEWHAVEN, SUSSEX.—*Michael Henry* Life-boat.—At 10.30 A.M. the Coastguard reported that a fishing vessel was ashore about four miles to the eastward of Newhaven Harbour. The weather was moderate, but as the sea was making and the wind freshening, the motor Life-boat proceeded to her. The vessel proved to be the *Volunteer*, of Colchester, and at the request of the skipper the Life-boat stood by her until she floated. The Life-boat then returned to her station. To perform this service the motor, which had recently been fitted in the Life-boat, was used. The motor worked admirably and gave the greatest satisfaction.—Expense of service, 13*l.* 1*s.*

Feb. 10.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—During a very light N.N.W. breeze the coble *Robert and Mary*, belonging to Whitby, came from Runswick to work her crab-pots at the back of Whitby rock. There was a heavy sea on the Bar and a very strong outset; the

Rocket brigade therefore had a line and life-buoys stretched between the piers. About 2.30 p.m. the coble made for the harbour, and as there was great risk to those on board, the Coxswain considered it advisable to launch the Life-boat, more particularly as, should anything happen to the coble, the occupants would be driven outside the harbour and be out of reach of the life-buoys. After the Life-boat had started, the crew of the coble signalled to her to go to them. She accordingly did so and escorted the coble in.—Expense of service, 9*l.* 18*s.*

COMMITTEE MEETING, 13th Feb., 1908.

Voted 692*l.* 1*s.* 10*d.* to pay the expenses of assemblies of crews or launches of the following Life-boats, with the view of assisting persons on vessels in distress:—Aldeburgh No. 2, Bembridge, Berwick-on-Tweed, Blackrock, Broadstairs, Caister No. 1, Clogher Head, Cullercoats, Dunbar, Flamborough No. 1, Formby, Gorleston Nos. 1, 2, and 3, Gourdon, Hartlepool No. 1, Hasborough, Llandudno, Lowestoft No. 1, New Brighton No. 2 (steam), North Deal, Palling No. 2, Selsey, Southend-on-Sea, Southsea, Tynemouth, Uppang, Whitby No. 2, Winterton Nos. 1 and 2.

The Ramsgate Life-boat also went out on service.

Voted 12*l.* 15*s.* to men injured in the Life-boat service at Aldeburgh, Arammore, and North Deal.

Granted retiring pensions to WILLIAM WILLIAMS and HENRY KNIGHTS, Signalmen at Aberystwith and Caister respectively, on their resignation.

Also a gratuity of 7*l.* 10*s.* to the widow of A. SEARLE, for many years a member of the crew and the Bowman of the Lyme Regis Life-boat.

Also a grant of 5*l.* to JAMES COLVIN, ex-Bowman and Coxswain of the Hythe Life-boat.

Feb. 15.—KINGSTOWN, CO. DUBLIN.—*Dunleary* Life-boat.—On the 14th–15th February, shortly after midnight, the Coastguard reported that a vessel was ashore near the Sutton Coastguard station, on the north side of Dublin Bay, and with all haste the No. 2

Life-boat was sent to her assistance. There was a strong S. to W.S.W. gale at the time, and the sea was rough. On reaching the vessel, which was the schooner *Truthseeker*, of Runcorn, bound for Dublin, the crew declined to leave their vessel and stated that they did not require any help. The Life-boat then stood by her until morning, in case their services should be required, but the wind having then moderated, and the schooner being high and dry, the Life-boat returned to Kingstown.—Expense of service, 22*l.* 13*s.* 6*d.*

Feb. 18.—NORTH SUNDERLAND, NORTHUMBERLAND.—*Forster Fawsett* Life-boat.—The steamer *Geir*, of Bergen, whilst bound for Blyth in ballast, stranded on the *Knavestone Rock*, *Farne Islands*, in the evening, during a northerly gale and heavy sea. Information reached the North Sunderland Life-boat Station about 7 p.m., and within a few minutes the Life-boat was launched.

On arriving at the scene of the wreck, it was necessary for the Life-boatmen to use the greatest caution in approaching her, on account of the exceedingly dangerous nature of the locality. Even in fine weather the sea is heavy there, and the tide and current are very strong. To go alongside the steamer to rescue the crew was *not possible*. The Coxswain, James Robson, therefore, after fully considering the matter, decided to land on an adjoining small rock, taking a life-buoy with him. When he had safely accomplished this, the Life-boat was pulled out into a safer position. By means of lines the crew of the steamer, fourteen in number, got to the rock on which the Coxswain stood, and then, placing themselves in the life-buoy, they were one by one hauled through the sea to the Life-boat, the Coxswain being the last man to go aboard.

The conduct of the Coxswain, who was only twenty-eight years of age, in acting in the manner he did, was both gallant and praiseworthy, and a large number of people who awaited the Life-boat's return, loudly cheered the crew when she entered the harbour about 11 p.m.

The Committee of Management, in recognition of the gallant conduct and

zeal displayed by the Coxswain, awarded him the silver medal of the Institution. The presentation was made publicly, about a month later, by the Chairman of the Local Committee, and on the same occasion a framed certificate of service was presented to MICHAEL ROBSON, his father, who had recently relinquished the post of Coxswain Superintendent in favour of his son, after many years of faithful service.—Expense of service, 24l. 11s. 6d.

Feb. 22.—FILEY, YORKSHIRE.—*Hollon the Third* Life-boat.—The fishing cobles belonging to Filey had, as usual, gone off for the fishing in the early morning. The wind increased, until about 10.30 A.M. it was blowing a gale, and six of the cobles were to the northward of the Brigg. As it was realised that they could not reach home without danger to the crews, the Life-boat was launched and proceeded to them. The wind continued to increase until a whole gale was blowing, but happily with the assistance of the Life-boat all the cobles were in safety by 2.15 P.M.—Expense of service, 16l. 17s.

Feb. 22.—HOLYHEAD, ANGESEY.—*Duke of Northumberland* Life-boat.—An exceptionally severe gale was experienced on all coasts of the United Kingdom, and about 12.40 P.M. the steam Life-boat was called out to the assistance of the s.s. *Bencroy*, of Liverpool. The wind was blowing W.S.W., and owing to the heavy seas outside the harbour the steamer was not under control. Before help could reach her the vessel let go her anchors, but they did not hold, and when the Life-boat reached her she was actually on the breakerwater. Prompt help was given, two Life-boatmen being placed on board and ropes run to another steamer. By this means the vessel was towed clear and taken to a safe anchorage.—Property salvage case.

Very shortly after the Life-boat had returned she was again called out to the s.s. *Harold*, of Liverpool, and succeeded in rescuing her crew of nine hands. (For full particulars of this service see August LIFE-BOAT JOURNAL, page 542.)—Expense of service, 31l. 13s. 6d.

Feb. 22.—PORT LOGAN, WIGTOWN-SHIRE.—*Thomas McCunn* Life-boat.—

During a W.N.W. hurricane with sleet showers a message was received from the Coastguard at Drummore stating that a vessel about half-a-mile to the east of the harbour was making signals of distress. The crew of the Life-boat were immediately summoned, and the Life-boat was transported by road to Tirally Bay, where she was launched. The sea was very heavy, and the vessel was riding heavily to her anchors, the crew of three hands being afraid that she would founder. The Life-boat took the men off and landed them at Drummore Harbour about 6 P.M. The vessel was the ketch *Jane*, of Belfast, bound from Garlieston with stone.—Expense of service, 54l. 3s. 4d.

Feb. 22.—THURSO, CAITHNESS-SHIRE.—*Co-operator No. 3* Life-boat.—At 4.45 P.M., the barometer having suddenly dropped to 28.2, with a full gale of wind from west, the schooner *Barbara*, which was lying in Scrabster Roads, made signals of distress. The crew of the Life-boat were summoned, and at 5.20 P.M., the wind having increased to hurricane force, the boat was launched and proceeded to the *Barbara*. Having taken off the four men on board she proceeded to the schooner *Smethurst*, whose crew were also taken into the Life-boat. When this was safely accomplished, an attempt was made to return to Scrabster Harbour, but in the prevailing gale it was not possible. The boat therefore made for Thurso River Harbour, where they landed safely at 6.30 P.M.—Expense of service, 21l. 13s. 6d.

Feb. 22.—PAKEFIELD, SUFFOLK.—*The Two Sisters, Mary and Hannah* Life-boat.—During a whole W.S.W. gale, accompanied by thunder and lightning, the Assistant Coxswain of the Life-boat saw a vessel caught in a squall, her sails blown away and her foretopmast stay carried away. As the vessel appeared to be unmanageable he gave the alarm, and the crew of the Life-boat were mustered. The boat proceeded under sail to the vessel, and on arrival the captain stated he wanted assistance. She proved to be the brigantine *Alroyd*, of London, bound to Shields with a cargo of burnt ore. She was about half-a-mile from the Newcome Sands, where the sea was very heavy.

Life-boatmen were put on board and the vessel anchored. The Life-boat then remained with her until about 9 P.M., when a tug arrived, and the *Alroyd* was towed to Lowestoft.—Property salvage case.

Feb. 22.—PALLING, NORFOLK.—*Hearts of Oak* Life-boat.—At 5.10 P.M. during a W.N.W. hurricane, the schooner *Lord March*, of Whitstable, was observed about five miles to the north of Palling, flying signals of distress. With all speed the crew of the No. 2 Life-boat were summoned and the boat launched. On nearing the vessel it was found that she had lost both sails and gear, and it was with considerable difficulty, owing to the wreckage, that the Life-boat approached her. One Life-boatman got on board, when the force of the wind and tide carried the boat away. After repeated efforts more men were placed on board, and with their assistance the vessel and her crew of seven hands were taken into Yarmouth Roads, where the vessel was anchored until towed into harbour by a tug next morning.—Property salvage case; balance paid by Institution, 15*l.* 19*s.* 6*d.*

Feb. 22.—LOWESTOFT, SUFFOLK.—*Kentwell* Life-boat.—At about 6.45 P.M. the Coastguard reported that a vessel was burning flares near the Pakefield Gateway. The Coxswain of the No. 1 Life-boat at once assembled his crew and the boat proceeded in a whole W.S.W. gale and heavy sea to her assistance. On reaching the vessel, which proved to be the trawler *Arizona*, of Lowestoft, they found that her sails had blown away in a squall and all the ropes had been lost overboard. The Life-boat stood by the vessel for some time and then, at the request of the master, signalled for a tug. On the arrival of a tug the vessel was taken into Lowestoft Harbour, the Life-boat accompanying her.—Property salvage case; balance paid by Institution, 24*l.* 2*s.* 6*d.*

Feb. 25.—GREENORE, CO. LOUTH.—*Sir Arthur Blackwood* Life-boat.—At 10 A.M. the Coastguard at Kilkeel reported that there was a skiff apparently in difficulties and in want of assistance about five miles off. Within ten minutes of the message being received the

Life-boat was launched. When off Kilkeel she obtained the bearings of the boat, and proceeded to search for her. Fortunately, they succeeded in reaching her and found that she was the lugger *Golden Hope*, of Newry, with six men on board. She was in trouble owing to the heavy sea and wind, the latter in the squalls, blowing with the force of a gale. She was under close-reefed sails, and the Life-boat stood by her whilst beating into Kilkeel. In this they were happily successful, and the crew afterwards expressed their gratitude for the Life-boat's useful services.—Expense of service, 14*l.* 7*s.*

Feb. 25.—GIRVAN, Ayrshire.—*James Stevens* No. 18 Life-boat.—At 11 A.M., during a strong N.N.W. gale, the fishing-boat *Renown*, of Girvan, was seen returning from the fishing-grounds. As the sea was heavy and the bar was very bad, it was thought advisable to launch the Life-boat. When the fishing-boat was reached, the master was informed that the bar was too rough for him to attempt to cross. The *Renown*, therefore, accompanied by the Life-boat, made for the shelter of Woodland Bay. The crew of the Life-boat assisted in anchoring the fishing-boat, took the crew of four men off and landed them in the harbour about 3 P.M.—Expense of service, 17*l.* 1*s.* 3*d.*

Feb. 25.—DOUGLAS, ISLE OF MAN.—*Civil Service* No. 6 Life-boat.—The Life-boat was launched at 10.20 A.M. to the assistance of three fishing-boats belonging to Douglas, which were caught by a whole N.W. to N.N.W. gale, which suddenly sprang up. Fortunately the Life-boat was able to render the assistance necessary, and by towing the three boats into safety saved them and their crews of nine men.

In the meanwhile, the fishing vessel *Regalia* had her mainsail blown away in a squall, and she was drifting in an almost helpless condition when another fishing-vessel, the *Marguerite*, went to her assistance. As soon as the three boats were in safety, the Life-boat again put to sea to render help. Having reached the disabled vessel, it was found that she was in tow of the *Marguerite*, the Life-boat therefore stood by them

until they got safely into harbour.—  
Expense of service, 31*l.* 13*s.*

March 1.—CROMER, NORFOLK.—  
*Louisa Heartwell* Life-boat.—A N.E. gale was blowing with squalls of hail and snow, and at about 6.30 P.M. signals of distress were seen from the barque *Lodore*, of Liverpool, which was at anchor about four miles off. The Life-boat proceeded to her and found that the barque had lost all her sails and was in need of a tug. As the sea was rough the Life-boat stood by the vessel all night until the weather moderated. Three of the Life-boatmen were also placed on board, but their services were not required. The Life-boat reached Cromer again at 10 o'clock next morning.—Expense of service, 55*l.* 4*s.*

March 3.—YARMOUTH, NORFOLK.—  
*John Burch* Life-boat.—At 2.35 P.M. a vessel was observed by the Coxswain standing into danger near the Scroby Sands. He therefore assembled his crew, launched the Life-boat and proceeded to her. She proved to be the schooner *Henny*, of Brake, Germany, bound from Hamburg to London with a cargo of salt. On getting alongside it was found that she was not actually on the sands but in a very dangerous position, and as there was a very heavy sea the Life-boat at the request of the Master stood by her, while efforts were made to get her clear. After manœuvring the vessel for some hours he succeeded, and the Life-boat returned to her station.—Expense of service, 49*l.* 7*s.*

March 4.—BLYTH, NORTHUMBERLAND.  
—*Dash* Life-boat.—At about 9 P.M. the Coxswain of the Life-boat observed a vessel in the vicinity of the "Sow and Pigs" rocks, and about half-an-hour later she made signals indicating that something was wrong. The assembly signal was fired and within the short time of ten minutes the Life-boat was smartly launched. A tug proceeding to the vessel towed the Life-boat into a good position for reaching the steamer, which proved to be on the rocks. Owing to the shallow water and heavy breakers the boat experienced great difficulty in rescuing the fourteen men aboard, but it was eventually successfully accomplished. The boat then made for the harbour and when nearing the entrance was assisted

by a tug up the river. The vessel was the steam trawler *Begonia*, of Grimsby, bound for Blyth; she subsequently became a total wreck.—Expense of service, 26*l.* 14*s.*

March 6.—WICKLOW, CO. WICKLOW.  
—*Robert Theophilus Garden* Life-boat.—Shortly before 1 A.M. it was reported that a vessel about a mile to the north of the harbour was making signals of distress. There was a strong S.S.E. gale at the time and the sea was very heavy. With great promptness the Life-boat was launched, being in the water within fifteen minutes of the first intimation of the wreck being received. On reaching the vessel, which proved to be the schooner *J. H. Barrow*, of Lancaster, the Life-boat experienced considerable difficulty in rescuing the crew of four hands who were in an exhausted condition. It was however accomplished, and after some hard work due to the wind blowing straight out of harbour, the rescued men were safely landed.—Expense of service, 22*l.* 16*s.*

At 9.20 A.M. the same day the Life-boat was again launched to a vessel in distress off the Head, the wind having changed to N.N.W. and increased to a strong gale. In her first attempt to get out of harbour the Life-boat was unsuccessful and damaged her stem, the second attempt she cleared the pier and stood for the vessel—the schooner *Aeron Belle*, of Aberystwith, bound from Swansea to Dublin with coal—which in the storm had had sails, gear, and part of her bulwarks carried away. On reaching her it was found that the sea was much too heavy for anyone to board her, the Life-boat therefore guided her by signals into smoother water and four men were placed on board. At the request of the Master they took charge of her and got her to an anchorage in the Bay off Arklow about 1 P.M. As it was not possible for the Life-boat to get back to Wicklow she put into Arklow, leaving the four Life-boatmen and vessel's crew of four men on board, the weather having moderated.—Property salvage case.

At about 5.15 in the afternoon the weather came on very bad again, and the men made signals of distress. The remainder of the crew and the Honorary

Secretary, who had proceeded to Arklow, at once put off in the Life-boat and found all on board anxious to leave. Owing to the heavy seas and the rolling of the vessel great difficulty was experienced in taking the men into the Life-boat, especially the Master who was almost helpless, he having had his ribs injured and head cut during the previous night. When it was accomplished they were conveyed to Arklow and landed, the Life-boat remaining there for the night.—Expense of service, 12l. 12s. 6d.

March 6.—ST. IVES, CORNWALL.—*James Stevens No. 10* Life-boat.—During a heavy W.S.W. gale signals of distress were seen at 2.20 A.M. from a vessel in close proximity to the "stones." The Life-boat was promptly launched and with some difficulty, owing to the force of the wind and set of the tide, rescued the crew of three hands. The vessel was the ketch *Charles Francis*, of Scilly, bound from Newport to St. Mary's with a cargo of coal. After the crew had been rescued she parted her cables and was swept ashore near Portreath, where she became a total wreck.—Expense of service, 52l. 4s.

March 6.—NEWHAVEN, SUSSEX.—*Michael Henry* Life-boat.—The s.s. *Trouville*, of Newhaven, got broadside on to the bar outside Newhaven Harbour, during a S. by W. gale and very heavy sea, whilst bound from Caen with a cargo. The crew of the motor Life-boat were assembled promptly, and as it was seen that the steamer was drifting ashore, the boat was launched and proceeded to her. At the request of the Captain a line was taken from the distressed vessel to a tug and the Life-boat then stood by until she was towed off. The weather was exceptionally bad, but both the boat and the motor were reported to have behaved splendidly.—Expense of service, 13l. 19s.

March 6.—SKERRIES, CO. DUBLIN.—*William Maynard* Life-boat.—At about 9 A.M. during a strong N.E. gale signals of distress were observed from the brigantine *Walter J. Cummins*, of Irvine, which was at anchor about one-and-a-half miles to the north-east of the harbour. The crew of the Life-boat were assembled with all haste and the boat proceeded to the brigantine. They

found her in a very dangerous position in a heavy cross sea and promptly rescued the five men on board who were landed in safety at 11.45 A.M.—Expense of service, 18l. 14s. 6d.

March 6.—TENBY, PEMBROKESHIRE.—*William and Mary Devey* Life-boat.—About 3.30 P.M. a ketch was seen trying to beat up for Tenby Roads, but when about three-and-a-half miles off, her canvas was all blown away. There was a whole N.N.W. gale at the time and the sea was very heavy. The vessel's anchor was let go, but it was seen that she was in a very dangerous position; the Life-boat was therefore launched and rescued the crew of three hands. The ketch was the *Sultan*, of Barnstaple, loaded with granite. In the meanwhile signals of distress had been hoisted on the schooner *Pet*, of Chester, lying in Caldy Roads; and these being observed by the Coastguard they signalled to the Life-boat when returning, to proceed to the schooner. She accordingly did so, and having taken off the four hands returned ashore and was rehoused.—Expense of service, 12l. 5s.

March 6.—BOULMER, NORTHUMBERLAND.—*Melisceni* Life-boat.—During an easterly gale the schooner *Caecilie*, of Hamburg, was sighted in the offing and she was kept under observation. It was then 2 P.M. and soon after 3 P.M. she stranded at Seaton Point. With all speed the Coxswain and the crew of the Life-boat were assembled and the boat launched. They found three hands on board and without delay rescued them, arriving ashore at 4.30 P.M. The weather during the service was cold and wet and the sea heavy. When assisting to launch the boat the Acting Assistant-Coxswain of the Alnmouth Life-boat, named James Stanton, had a paralytic stroke due to plunging into the sea to assist in launching the boat. Although the man's life is not despaired of he will be a helpless invalid for the remainder of his life, and the Institution made a substantial grant to provide for his future care.—Expense of service, 17l. 1s. 6d.

March 6.—BRIXHAM, SOUTH DEVON.—*Betsey Newbon* Life-boat.—During a whole N.N.W. gale with terrific squalls

signals of distress were seen from a vessel at anchor in Torbay. The crew were summoned at once and the Life-boat launched. Owing to the gale blowing right on shore some difficulty was experienced in getting to windward of the breakwater head. The vessel was reached about 8 p.m., when it was found that she had parted both cables but was then brought up by a spare anchor. She was in such a dangerous position on a lee shore that the life-saving apparatus was in readiness in case of necessity. Happily the Life-boatmen were able with considerable difficulty to extricate the vessel, but after they got her under weigh the main-sheet parted and some of the headsails were blown away. The vessel however was got into a sufficiently windward position to make the inner harbour, accompanied by the Life-boat. At the time of the casualty the vessel—which was the ketch *John Rees*, of Plymouth—was bound from London to Dublin with explosives and carried a crew of four hands.—Property salvage case.

March 6.—PADSTOW, CORNWALL.—*Edmund Harvey* Life-boat.—The No. 2 Life-boat and the Institution's steam-tug were called out for service at 8 p.m. A telephone message stated that signals of distress had been reported N.N.E. from Pentire, and the crews were mustered. There was a strong N.N.W. gale with heavy squalls and the sea was very heavy. The Life-boat and tug after proceeding to the position indicated cruised about all night without being able to find the distressed vessel. They then returned within a short distance of Stepper Point, when the Coastguard signalled the position of the vessel. They immediately returned and at 9.20 fell in with the steamer *Fjordheim*, of Christiania. Her propeller was broken and she signalled that she wanted to be towed into safety. Ropes were got on board from the tug and accompanied by the Life-boat she was taken to Barry, where they arrived at 10.35 p.m. on the 7th, the men in the attendant Life-boat being much exhausted from exposure. The next day the weather being very bad the tug and Life-boat remained at Barry, and on the morning of the

9th March started for Padstow, which was reached about midnight. The *Fjordheim* was bound from Venice to London and carried a crew of 22 hands.—Property salvage case.

March 7.—MARGATE, KENT.—*Civil Service No. 1* Life-boat.—At 5 a.m. the Coastguard reported that a vessel in the roads was making signals of distress. The crew of the No. 2 Life-boat were promptly assembled and the boat proceeded to the vessel in question. She proved to be the sprit-sail barge *Teazer*, of Rochester, bound from London to Poole. She was riding heavily and her crew of three hands were afraid she would foul another barge which was practically alongside. Four men were put on board who assisted to get the vessel clear and she then started for Ramsgate. The Life-boat was then hailed by the other barge and the captain reported that he had broken his windlass and injured his hand. With some difficulty four Life-boatmen were placed on board, and having slipped the anchors, they took the barge to Ramsgate. This barge was the *Birthday*, of London, bound for Torquay. During this service the weather was very cold and squally, the sea very rough and a whole N.W. gale blowing.—Property salvage case.

March 7.—ILFRACOMBE, NORTH DEVON.—*Co-operator No. 2* Life-boat.—The weather was so bad on the night of the 6th March that a watch was kept all night and at about 6.30 next morning it was reported that a schooner off the Bull Lighthouse was steering very badly. She was watched for some time until it could be seen that a distress signal was in the rigging. The crew of the Life-boat were assembled, but just before she took the water a tug went off. When the Life-boat was about six miles from land a large steamer was seen coming up channel with signals flying. The Life-boat therefore proceeded to her and found the schooner's crew, five in number, were on board, but unfortunately one poor fellow had died from exposure in the boat which conveyed them from the schooner to the steamer. The Coxswain took the four men together with the body into the Life-boat, proceeding

at once for Ilfracombe where they were landed. The rescued men on landing could hardly stand owing to exposure; for two days they had had neither food, drink, nor sleep, their vessel, the *Gracieuse*, of Granville, having been in trouble during the prevailing gales.—Expense of service, 21l. 11s.

March 8.—FORMBY, LANCASHIRE.—*John and Henrietta* Life-boat.—Between 7 and 8 A.M. a steamer was observed on the Formby Spit, and as the westerly wind was increasing the Coxswain launched the Life-boat. On reaching the vessel, which proved to be the s.s. *Carlston*, of Glasgow, it was found that she was not making water and was not in want of any immediate assistance. The Life-boat stood by her for some time and on the fast flowing tide she was able to get clear of the sand and proceed on her voyage. At the time of the accident she was bound from Manchester to Ardrossan with a cargo of pig iron.—Expense of service, 20l. 15s.

March 8.—PWLLELI, CARNARVONSHIRE.—*Margaret Platt of Stalybridge* Life-boat.—The ketch *Syren*, of Beaumaris, whilst bound from Pwllheli to Runcorn, stranded near the Gimblet Rock after dragging her anchors. Immediately on receipt of information of the casualty the crew of the Life-boat were assembled and the boat launched. On going alongside it was found that the vessel was bumping heavily and the Master asked the Life-boat to stand by her until she floated. They accordingly did so, and later on landed the two men in the harbour. There was a strong S.W. gale at the time of the accident, but it afterwards veered to N.W. and the vessel was out of danger.—Expense of service, 30l. 19s.

March 8.—SOUTHWOLD, SUFFOLK.—*Rescue* Life-boat.—At about 6 P.M. a vessel was seen to strike the Haile Sand, and a few minutes later she burnt a flare. In response a boat went off to her, and came back with a message that the Life-boat was required. The crew of the No. 2 Life-boat were summoned and the boat launched. There was a moderate W.S.W. wind with a moderate sea and the vessel was bumping. Seven Life-boatmen were put on board and they succeeded in getting the

vessel clear; they then took her to Lowestoft. The vessel was the ketch *Charles Yvonne*, of Ostend, and was bound for Lowestoft in ballast.—Property salvage case; balance paid by Institution, 29l. 9s. 6d.

March 11.—KESSINGLAND, SUFFOLK.—*Bolton* Life-boat.—The Coastguard watchman observed flares from a vessel at 3.30 A.M. about a quarter of a mile to the southward. He at once informed the Coxswain of the No. 1 Life-boat, and it was decided to launch. There was a strong northerly breeze with a rough sea, and on arriving on the scene the smack *Flora Bell*, of Lowestoft, with a crew of five hands was found ashore. With the assistance of the Life-boatmen the vessel was floated and she proceeded to Lowestoft accompanied by the Life-boat. The salvage of the vessel and her crew was most opportune as after the vessel got off a heavy ground sea made, and in all probability she would have become a total wreck if she had remained ashore for another tide.—Property salvage case.

March 11.—EYEMOUTH, BERWICKSHIRE.—*Sarah Pickard* Life-boat.—Shortly after 4.30 P.M. a telegram was received from St. Abbs stating that a large vessel was sinking off the Head with a fishing boat standing by her. The assembly signal for the Life-boat's crew was fired and within the short time of seven minutes the Life-boat was launched. She at once made for the vessel and on reaching her found the fishing-boat *Blossom* standing by her. The captain stated that tugs had been sent for and he declined the offer of any further assistance. Two of the fishing-boat's crew were put on board to assist at the pumps and the Life-boat stood by until a tug arrived about 10 P.M. and took the vessel in tow. As the services of the Life-boat were no longer required she returned to Eyemouth, arriving at 11.30 P.M. The vessel was the schooner *Terrier*, of Dartmouth; she was bound for Aberdeen with a cargo of china clay when she sprung a leak. The weather was moderate, but she had been at sea through all the recent gales.—Expense of service, 35l. 8s. 6d.

COMMITTEE MEETING, 12th March, 1908.

Voted 506*l.* 10*s.* 6*d.* to pay the expenses of assemblies of the crews or launches of the following Life-boats, with the view of assisting persons on vessels in distress:—Atherfield, Ayr, Balcary, Berwick-on-Tweed, Blackrock, Bridlington Quay, Caister No. 1, Cambois, Cromer, Gorleston No. 1, Grimsby, Hasborough, Holyhead (steam), Holy Island No. 1, Kessingland No. 1, Littlehampton, Llandudno, New Brighton (steam), Palling No. 2, Piel, Port St. Mary, and Seaton Carew.

Voted the Gold Medal to WILLIAM OWEN, Coxswain Superintendent of the Holyhead Steam Life-boat and the Silver Medal to each of the other members of the crew and the engine-room staff for an exceptionally gallant service on the 22nd February, resulting in nine lives being saved from the s.s. *Harold*, of Liverpool.

Also voted the Silver Medal to JAMES ROBSON, Coxswain Superintendent of the North Sunderland Life-boat, for gallantly saving the crew of fourteen persons from the s.s. *Geir*, of Bergen, wrecked on the Farne Islands, on 18th February.

Also the Silver Medal to ALEXANDER AITCHISON for gallantly saving, at the risk of his own life, a comrade when their fishing boat was capsized to the northward of Berwick-on-Tweed, on the 11th February.

Voted 200*l.*, together with an expression of sympathy, to the fund raised locally for the benefit of the widow and children of H. Storey, who lost his life in the Newquay (Cornwall) Life-boat accident, on the 6th March. Also defrayed the funeral expenses, amounting to 4*l.* 4*s.*

Voted 20*l.* 15*s.* to men for injuries sustained in the Life-boat service at Caister, Dunmore East, Hastings, Llandudno, North Deal, and Winterton.

Granted a retiring pension to HARRY STEWART, Coxswain Superintendent, and a gratuity of 5*l.* to CHRISTOPHER RICHARDSON, Assistant Coxswain of the Alnmouth Life-boat.

Also a retiring pension, certificate of service, and a mounted aneroid bearing a suitable inscription to JAMES FOLAMD,

Coxswain Superintendent for a large number of years of the Newcastle, co. Down, Life-boat.

March 20.—BLAKENEY, NORFOLK.—*Zaccheus Burroughes* Life-boat.—The Life-boat was launched for exercise during the morning, the District Inspector of Life-boats being on board. The wind was fresh from E.S.E. and a strong sea making. The sloop *Pioneer*, of Lynn, whilst attempting to sail out of harbour, bound for Boston, was struck by a heavy sea and missed stays at the lower part of the harbour, being driven ashore on the west sands where a heavy cross sea was running. The Life-boat at once proceeded to her assistance and placed two men on board. After trying for an hour on a falling tide to get the vessel clear the crew of two men decided to leave her. They were therefore taken into the Life-boat, which landed them at Blakeney. The vessel was hauled off on the next tide.—Expense of service, 16*l.* 8*s.* 6*d.*

March 26.—NEWBIGGIN, NORTHUMBERLAND.—*Ada Lewis* Life-boat.—Only a few of the fishing cobles belonging to Newbiggin went out to sea as the sea was rough. Towards low tide the landing became dangerous and some of them had difficulty in coming in. As there were three boats still out at 3 P.M. the Life-boat was launched and stood by the cobles until all were in safety. The boats had to land on a lee shore with a considerable sea.—Expense of service, 8*l.*

March 27.—LITTLEHAVEN, PEMBROKE-SHIRE.—*William Roberts* Life-boat.—During the night the caretaker of the Board of Trade's Rocket Apparatus reported that a vessel in the Gold Top Roads was signalling for assistance. The crew of the Life-boat were promptly assembled and the boat was smartly launched. The vessel, which was the ketch *Pioneer*, of Milford, was riding heavily at anchor in a very rough sea, and was dragging on to a lee shore. The wind had veered suddenly to the northward and was blowing a strong gale dead on shore, making the position of the two men on board very perilous. They were rescued by the Life-boat, which landed them about midnight. It

was then too dark, and the sea was too heavy to attempt to rehouse the Life-boat; she was therefore placed at moorings and hauled up next day, when the weather had moderated.—Expense of service, 25*l.* 6*s.*

April 2.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—Shortly before 8 A.M. it was reported that the fishing fleet were at sea and some of them were coming for the harbour. There was a strong W.N.W. breeze, and the sea was growing on the Bar as the tide fell, making it very dangerous for the cobsles to enter. The No. 1 Life-boat was sent to assist them, and made repeated trips until all the cobsles, fifteen in number, were safely accompanied into harbour.—Expense of service, 6*l.* 12*s.*

April 3.—NEW BRIGHTON, CHESHIRE.—*Queen* Life-boat.—In response to a telephone message from Liverpool stating that a schooner was ashore on Taylor's Bank, the steam Life-boat proceeded to her. On arrival they found the schooner *James O'Neil*, of Kinsale, stranded in a very dangerous position in very shoal water. It was blowing a moderate W.N.W. gale and the sea was rough. The Coxswain of the Life-boat did not consider it safe to approach her. He therefore waited until the flood tide had made and went alongside. The Coxswain reported to the Captain that the vessel had lost her rudder, he being unaware of it, and the Life-boat stood by her until she was towed off by a tug and taken into safety.—Expense of service, 5*l.* 15*s.* 6*d.*

April 7.—HARWICH, ESSEX.—*City of Glasgow* Life-boat.—A telephone message from the Kentish Knock Light Vessel, in the early morning reported the stranding of the schooner *Notre Dame de Toutes Aides*, of Nantes, on the sands. The Margate Life-boat attempted to launch, but the heavy sea so damaged her that she was unable to proceed. The information was then passed on to Harwich, and the steam Life-boat was promptly despatched to the assistance of those on board. In the meanwhile an attempt had been made by some of the men of H.M.S. *Dreadnought*, which was in the neighbourhood, to effect a rescue. A cutter was lowered, but

after some time the sailors had to abandon their efforts. When the Life-boat arrived alongside the seas were so heavy that it was impossible to make fast. Two attempts were made, but the rope snapped. The Coxswain then steamed "head on" to the vessel, bringing the Life-boat as close as he dared, and thus enabled the crew to jump from the schooner. This manœuvre had to be repeated five different times before the survivors of the crew, nine in number, were safely on board the Life-boat. They were all in a very exhausted condition, and had the rescue not been effected when it was, they would in all probability have perished. One man had been washed overboard quite early in the morning, and another, who tried to leave the schooner in the ship's boat, was drowned. As soon as the Life-boat was safely clear of the wreck, the rescued men were supplied with biscuits and hot coffee, and everything possible done for their comfort. The Ramsgate Life-boat, in tow of a tug, was also sent to the wreck, but the men had been saved before her arrival. The service of the Harwich boat was a good one and splendidly performed, dogged determination playing a conspicuous part in it. Harwich was reached at 4.10 P.M., and the ship-wrecked men were landed.

The Committee of Management, in appreciation of the arduous nature of this service and the good work done, granted each of the crew and the engine-room staff an additional reward, and the captain of the vessel, in writing to the Press to express his gratitude for the gallant attempts made by the men of the *Dreadnought*, and the courageous action of the Life-boatmen, said: "I also thank the men of the Life-boat *City of Glasgow*, of Harwich, who, at the risk of a thousand dangers, did not shrink or hesitate in face of the perils before them. Ten times they came to us and were repulsed by the force of the waves, which were really waves of sand saturated with water. When once on board, our saviours gave us every possible care, going so far as to divest themselves of their own clothes to cover us. I have also heard of, and I think,

the crew of the Ramsgate Life-boat accordingly, for their long struggle of twelve or fourteen hours on our behalf, and I appreciate that they safely returned to port. I am looking forward, on my return to France, to tell my compatriots how again has been proved the great courage and self-sacrifice of the English sailors when engaged in trying to save life."—Expense of service, 1*l.* 12*s.* 6*d.*

April 9.—HARTLEPOOL, DURHAM.—*Charles Ingleby* Life-boat.—The s.s. *Dresden*, of Hartlepool, whilst bound from Hamburg to Hartlepool with a general cargo, struck on the Longscar Rocks at 11.30 p.m. In response to her signals the No. 2 Life-boat was launched at 2 a.m. and proceeded to her. On reaching the vessel the Coxswain hailed her, and the Captain informed him there was one passenger and also the stewardess, who wished to be landed. They were therefore taken into the Life-boat and conveyed ashore. Before the Life-boat left the vessel the Captain declined any further assistance, and stated that he would signal should he require any more help. At noon, the wind and sea having completely fallen, the vessel was got off and brought into Hartlepool.—Expense of service, 1*l.* 14*s.*

COMMITTEE MEETING, 9th April, 1908.

Also voted 297*l.* 16*s.* 8*d.* to pay the expenses of the following Life-boat launches, etc., with the view of assisting persons on vessels in distress:—Berwick-on-Tweed, Caister No. 1, Cambois, Clacton-on-Sea, Drogheda, Dunbar, Formby, Gorleston No. 3 (steam), Ilfracombe, Newquay (Cornwall), Padstow No. 2, Pakefield, Poolbeg, Southend-on-Sea, Southsea, Southwold No. 1, Teignmouth, Walmer, and Winterton No. 2.

Voted 9*l.* to Life-boatmen at Banff and Yarmouth for injuries and illness contracted in the Life-boat service.

Granted a retiring pension to DAVID MORTON, Signalman at Crail Life-boat station.

April 15.—GOURDON AND JOHNSHAVEN, KINCARDINESHIRE.—*Theophilus Sidney Echalaz* and *Sarah Ann Holden*

Life-boats.—A large number of fishing-boats belonging to Gourdon went off to fish in the morning, but had to return on account of the E.S.E. gale which came on suddenly. The Life-boat was sent out from Gourdon at 9 a.m. to warn the small crab-fishing boats not to attempt to enter the harbour on account of the heavy sea, and they therefore made for Johnshaven. Ten other larger fishing-boats decided to enter Gourdon Harbour, and they were attended by the Life-boat, which was able to return ashore at 3 p.m.

When it was seen that the boats were approaching Johnshaven, that Life-boat was launched and stood by the boats until all were in safety; in some cases the Life-boatmen were placed on board the small craft and assisted in piloting them in.—Expense of service: Gourdon, 4*l.* 18*s.*; Johnshaven, 7*l.*

April 21.—SUNDERLAND, SOUTH OULET, DURHAM.—*Richard and Nellie Hodges* Life-boat.—The fishing-boats put to sea in the early morning, but as there was a strong N.N.E. breeze and a heavy sea, the majority of them considered it advisable to return, and did so. At about 10 a.m. two of the boats were observed off the harbour in difficulties, and the Life-boat was launched to help them. The Life-boat met the cobbles about half-a-mile outside the harbour and piloted them safely in through the broken water.—Expense of service, 8*l.* 12*s.* 6*d.*

April 21.—SOUTHEND, ARGYLLSHIRE.—*John R. Ker* Life-boat.—Information reached Campbeltown from the Lighthouse on the Mull of Cantyre that a small steamer was making signals of distress about three miles to the westward. The crew of the Life-boat were promptly assembled and proceeded to Southend where they launched the Life-boat. On reaching the vessel they found her to be the steam lighter *Griffon*, of Glasgow, bound to Islay with a cargo of coal. In the very early morning she had been swept by a very heavy sea, ropes and gear were washed overboard, and the former getting foul of the propeller stopped the engines, leaving the vessel helpless. Sails were subsequently set, and when the Life-boat went alongside the Master had

hopes of getting his vessel clear without assistance. It was found, however, that she was nearly on the rocks, and to extricate her from her dangerous position the Life-boat took her in tow and remained by her until in a safe anchorage. The wind was N.N.W. at the time of this service, and both sea and wind were moderate. — Expense of service, 13*l.* 2*s.* 3*d.*

April 22. — WHITBY, YORKSHIRE. — *Robert and Mary Ellis* Life-boat. — Some of the fishing cobbles having gone to sea in a moderate E.S.E. wind, and it was seen about noon that the rough sea and outgoing tide would render their return dangerous, the No. 1 Life-boat accordingly went to their assistance. The first coble came in about 1 P.M., and the second at 3 P.M., and as the bar was then no better the Coxswain remained and attended the others into safety, the work being completed at about 6 P.M. — Expense of service, 6*l.* 16*s.*

April 24. — STAITHES, YORKSHIRE. — *James Gouland* Life-boat. — A heavy sea suddenly made during the morning when three of the cobbles were at sea. There was a strong N.E. breeze with snow showers at the time. The cobbles were observed from shore, and without loss of time the Life-boat was sent to their assistance. One of the cobbles was swamped, but the other two were successful in reaching safety accompanied by the Life-boat. — Expense of service, 10*l.* 18*s.*

April 25. — HASTINGS, SUSSEX. — *Charles Arkcoll* Life-boat. — At 6.20 P.M. the Life-boat was launched in a heavy sea and blinding snowstorm to the assistance of the barge *Amy*, of London. A moderate W.S.W. gale was blowing, and the barge had lost her top-mast and bowsprit. She anchored off St. Leonards, but her cable parted, and she was in danger of being driven ashore. Fortunately just before the Life-boat reached her the wind changed to a more favourable quarter. The Life-boatmen boarded the barge, and the captain requested them to take her to a position of safety as he and his crew were exhausted. She was therefore taken to Dungeness East Bay, the Life-boat Coxswain and crew taking turns at the wheel. The weather being too severe for the Life-boat to attempt

to get back to Hastings she was beached at Dungeness at 2 A.M., and the crew returned home by train. Next day, the weather having moderated and the wind being more favourable, the Life-boat was taken back to the station. There were three men on the barge at the time of the accident, the barge being bound from London to Portsmouth with a cargo. — Property salvage case.

April 25. — DUNGENESS, KENT. — *Thomas Simcox* Life-boat. — During a moderate southerly gale the chief officer of Coastguard reported that a vessel was in the West Bay dismasted and in need of help. The crew of the No. 2 Life-boat were at once assembled and the Life-boat launched. On going alongside the vessel, which was the smack *Alice*, of Rye, the master stated that he wanted a tug, but asked the Life-boat to stand by him in case his cable should part. The Life-boat therefore remained with the smack until 2 P.M., when a tug arrived; she then returned ashore. The sea was heavy at the time and the weather cold. — Expense of service, 5*l.* 13*s.*

#### COMMITTEE MEETING, 14th May, 1908.

Also voted 270*l.* 1*s.* 11*d.* to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Atherfield, Blyth, Broadstairs, Eastbourne No. 2, Gorleston No. 1, Hope Cove, Holyhead (steam), Margate No. 1, Pakefield, Palling No. 2, Poole, Southend (Cantyre), Southwold No. 1, Totland Bay, Winterton No. 2, and Yealm River.

The Ramsgate Life-boat was also out on service, but rendered no service.

Voted 14*l.* 1*s.* to Life-boatmen for injuries incurred in the Life-boat service at Cemaes, Holyhead, and Hoylake.

Voted an additional grant to the crew and engine-room staff of the Harwich Steam Life-boat for saving the crew of the schooner *Notre Dame de Toutes Aides* on the 7th April.

Granted an annual pension to D. M. ELLEN, Assistant Coxswain of the Nairn Life-boat, also a commuted pension to GEORGE BYRNE, Bowman of the Courtown Life-boat. Granted a special

gratuity of 100*l.* to JAMES STANTON, Acting Assistant Coxswain of the Alnmouth Life-boat, who had a paralytic seizure when assisting to launch the Boulmer Life-boat for service on the 6th March, 1908.

Voted 10*l.* to the widow of E. C. FLEMING, late Bowman of the Gorleston No. 1 Life-boat.

Also special grants of 15*l.* each to ex-Life-boatmen at New Brighton and Great Yarmouth, who are unable to work and are now in great poverty.

Also a donation of 5*l.* to a Deal boatman, who for twenty years has been a prominent Life-boatman, and was in grievous want through illness.

Also a grant of 5*l.* to WILLIAM DUNNERT, a member of the Huna Life-boat crew for thirty-one years, who was retiring on account of old age.

June 2.—BLYTH, NORTHUMBERLAND.—*Dash* Life-boat.—At 5.45 in the morning the Coastguard at Blyth received information by telephone that a steamer was ashore on the rocky beach at Seaton Sluice, about four miles to the south of Blyth Harbour. The message was at once passed on to the Coxswain of the Life-boat, who, after consulting the Honorary Secretary, decided to launch the boat. The sea was moderate with a light easterly wind, but it was very thick. The Life-boat proceeded to the vessel under oars until about half way, when a tug picked her up and they proceeded together. On reaching the vessel, the s.s. *Louisiana*, of Copenhagen, bound from Christiania to the Tyne for coal, the Captain stated that he did not wish to leave his vessel, but asked the Coxswain to stand by her and render assistance in saving her. Kedges were accordingly run out, and ropes conveyed to tugs. At 4.15, with the help of five tugs, the steamer was refloated and the services of the Life-boat not being required any more she returned to Blyth.—Property salvage case.

COMMITTEE MEETING, 4th June, 1908.

Voted 67*l.* 6*s.* 11*d.* to pay the expenses of the following Life-boat launches, etc., with the view of assisting

persons on vessels in distress:—Blyth, Boulmer, Clacton-on-Sea, Dungeness No. 1, Gorleston No. 1, and Poole.

Granted 1*l.* 5*s.* to a Life-boatman at Winterton, for medical expenses in connection with an accident in the Life-boat service.

Granted a commuted pension to ANDREW BROWN, on his resigning the post of Coxswain Superintendent of the Stonehaven Life-boat.

Also a retiring pension to MATTHEW COLQUHOUN, signalman of the Girvan Life-boat.

Voted 5*l.* to the widow of ROBERT MURDOCK, for many years a member of the Life-boat crew at Groomsport.

June 11.—NEW BRIGHTON, CHESHIRE.—*Queen* Life-boat.—In response to a telephone message stating that a schooner was in distress off Formby with her sails torn and her topmast carried away, the steam Life-boat was sent out. On arriving at the place indicated, they found the schooner *William Edward*, of Garston, in a dangerous position. She had been in collision with a large barque, and was very much damaged. In addition to her masts having gone, the upper works were badly damaged, and she was making water. It was found that the crew were taking refuge on the colliding barque, and they were desirous of being landed by the Life-boat. The Coxswain however offered to replace them on their own vessel and remain in attendance whilst efforts were made to salve her. The master and crew of two hands were taken to the schooner, and two Life-boatmen were put on board to pump the vessel out. When this was done, a hawser was conveyed to a tug, and the Life-boat stood by and accompanied the vessel until in safety. During this service there was a strong S.W. squally wind, and the sea was rough.—Expense of service, 9*l.* 15*s.* 6*d.*

June 15.—ARANMORE, CO. DONEGAL.—*La Totitám* Life-boat.—The schooner *James Postlethwaite*, of Barrow, whilst bound for Burton Port in ballast, stranded on the north side of Eighter Island. Information reached Aranmore by telegram about 2.15 P.M., and the Life-boat was promptly launched to the

assistance of those on board. For about five hours the Life-boat stood by the schooner whilst efforts were made by a small steamer, which had also gone to the vessel's assistance, to tow her off the rocks. The efforts eventually proved successful, and the vessel, accompanied by the Life-boat, was towed into a place of safety. After the vessel struck, the crew, fearing that she would founder, commenced to land their belongings on the rocks, two of the crew remaining with them. When the Life-boat had seen the vessel into safety, she returned to the rocks for the two men and conveyed them to their ship, which was reached at 10.30 P.M. She then made for Aranmore, where she arrived about 2 A.M. on the 16th June.—Expense of service, 28*l.* 17*s.*

June 24.—PALLING, NORFOLK.—54*th* West Norfolk Regiment Life-boat.—The s.s. *Goole*, of Goole, whilst bound from that port to London with a cargo of coal, stranded on the middle Hasboro sands during a dense fog, and two barges which she was towing broke adrift.

The vessel having been seen from the Would Light-vessel, signals were fired, and the No. 1 Life-boat was launched. After proceeding a short way the Life-boat fell in with the s.s. *Trent*, of Hull, and the Master kindly towed them into a weatherly position for reaching the distressed steamer. On getting alongside, the Master stated he did not then require any help, but asked the Life-boat to stand by him, in case it became necessary to abandon the vessel. On the flowing tide the vessel cleared the sand, and the Life-boat not being required any longer returned ashore. The wind during the service was moderate from N.E., and the sea was smooth.—Expense of service 12*l.* 4*s.* 6*d.*

June 27.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—Soon after 1 P.M. the Coxswain of the Life-boat was called, and informed by telephone that a fishing smack was aground on the Cross Ridge. The sea was rough and a strong N.E. breeze was blowing, he therefore decided to launch the No. 1 Life-boat.

A tug being close at hand was engaged to tow the Life-boat to the vessel, which

proved to be the smack *Shamrock*, of Lowestoft. The master at once engaged the Life-boatmen to save his vessel, as her position was dangerous in consequence of the heavy ground swell and her close proximity to an old wreck. Anchors were laid out, and by the aid of these and the tug the smack was towed clear and taken into harbour in a leaking condition. There were five men on board at the time of the accident.—Property salvage case.

#### COMMITTEE MEETING, 9th July, 1908.

Also voted 189*l.* 12*s.* 6*d.* to pay the expenses of the assemblies of crews or launches of the following Life-boats, with the view of assisting persons on vessels in distress:—Berwick-on-Tweed, Buckie, Cromer, Dunbar, Formby, Fraserburgh, Gorleston No. 1, Harwich No. 2 (steam), Hope Cove, Hoylake, Moelfre, Runswick, and Yarmouth.

Also 3*l.* to a man for an injury incurred in the Life-boat service at Dunbar.

Granted an annual pension and certificate of service to JAMES WALKER, Coxswain Superintendent of the Newburgh Life-boat, on his retirement. Also a retiring pension to S. MOODY, Coxswain Superintendent of the Skegness Life-boat.

Also a special gratuity of 25*l.* to the widow of THOMAS DERRICK, who died three days after he resigned the post of Coxswain Superintendent of the Weymouth Life-boat.

Also 12*l.* 1*s.* 8*d.* to men injured in the Life-boat service at Banff, Dunbar, Holyhead, St. Anne's, and Torquay.

July 10.—FENIT, CO. KERRY.—*John Willmot* Life-boat.—A large four-masted barque, named the *Crown of Germany*, whilst bound from Portland to Limerick with a cargo of wheat, came into Ballyheigue Bay, in mistake for the mouth of the Shannon, during a S.W. gale and heavy showers. The master found out his error and let go two anchors, which brought the vessel up about two and a half miles from a rocky lee shore. The dangerous position of the vessel being observed, the Life-boat was promptly sent to

her assistance. On arriving at the vessel help was offered, but as the anchors were holding the Captain declined any assistance, the Life-boat therefore returned ashore. Later in the day it was felt that the vessel was in a very insecure position, and that the lives of those on board were in danger. At 4.30 the Life-boat was again launched, and proceeded to the ship. A passenger on board was taken into the boat, and the Captain being nervous as to the safety of his ship, asked the Life-boat to stand by all night. She accordingly did so and towards morning the weather improved. Ropes were run to a steamer which also came to the vessel's assistance, and the cables having been slipped the vessel was towed to the river Shannon. In the meanwhile six of the Life-boatmen assisted on board, and the Life-boat stood by, in case the tow rope should carry away, until she was clear of all danger.

The Life-boat returned ashore at 9.30 A.M., and landed the passenger who had been in the boat throughout the night.—Property salvage case.

July 15.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—At 9.30 A.M. the fleet of cobbles belonging to Whitby were out fishing in a heavy ground swell. One of the cobbles, with three men in her hanging on to their nets, was suddenly swamped by a heavy sea and sunk, the three men being thrown into the sea. Another of the cobbles, named the *Blanche*, at once proceeded to their assistance and happily succeeded in rescuing them. Directly the accident occurred the alarm was raised on shore, and with great promptness the No. 1 Life-boat was launched. She at once made for the scene of the accident, but finding the men were on board the *Blanche* she went alongside, took them off and landed them on the beach. Fishing by the other cobbles was then stopped, and they waited the turning of the tide before making for the harbour. In the meanwhile the Life-boat went into the surf to the sunken coble, cleared the nets, righted her, and succeeded in saving her. She then stood by the cobbles, and when the tide

flowed accompanied them until all were in safety.—Expense of service, 12l. 6s.

July 16.—NEWHAVEN, SUSSEX.—*Michael Henry* Life-boat.—At 5.15 A.M. a message was received from the Coast-guard stating that a steamer was ashore at Beachy Head. A moderate S.W. gale was blowing at the time, with a very heavy sea, and without delay the motor Life-boat was sent out. On reaching the spot they found a small passenger steamer on the rocks rapidly sinking. Most of the crew had already escaped ashore in the ship's boat, but the captain and three others were still on board. With some difficulty the Life-boat was manœuvred close to the steamer, and the endangered men rescued, the Life-boat being slightly damaged. They were then conveyed in safety to Newhaven Harbour. The steamer, which was a twin-screw and numbered *L 26*, had recently been built in London for Turkish owners, and was being taken to Salonica. When going down channel she encountered a heavy sea, and a huge wave smashed in the fore-hatch, which rendered her unmanageable. She drifted ashore and shortly after the men had been rescued was completely submerged.

The day after the wreck the Captain of the steamer sent the following letter to the Hon. Secretary of the Branch :

“ Dear Sir,—I wish to thank you and the crew of the Newhaven Life-boat for the gallant manner in which they came to my assistance yesterday, and standing by the vessel for several hours under most unfavourable conditions, and taking us—myself, the first and second engineers, and one seaman—off the wreck and landing us safely at Newhaven. I consider the Life-boat behaved splendidly under unfavourable conditions prevailing.

“ I am, dear Sir,

“ Yours faithfully,

“(Signed) W. B. HARDINGE,  
“ Late Master, s.s. *L 26*.”

July 17th.—PORT ST. MARY, ISLE OF MAN.—*James Stevens* No. 1 Life-boat.—At 2.10 P.M. during a moderate N.W.

gale with a heavy ground swell, a fishing vessel named the *Elate*, belonging to Port St. Mary, was trying to make the inner harbour, and in so doing fouled the breakwater with her jibboom. The broken spar fell into the water and stove in the vessel below the water-line; she immediately began to fill with water. The coxswain of the Life-boat witnessed the accident and at once hurried to the boathouse. With great promptness the crew also assembled, and within five minutes the Life-boat was launched. In the prevailing gale the fishing-boat drifted about two cables' lengths and commenced to sink. The crew of seven men and six others who were on board were seized with panic and took to the small boat, which was only big enough to hold seven in fine weather. The Life-boat in the meantime was making for them with all haste, and although the vessel foundered before she could reach her, the whole of the thirteen persons were saved and taken ashore.—Expense of service, 9l. 8s.

Aug. 1.—GORLESTON, SUFFOLK.—*Leicester* and *James Stevens No. 3* Life-boats.—The fishing smack *General Gordon*, of Lowestoft, grounded on the Cross Ridge shortly before 5.30 P.M., and the St. Nicholas Light-vessel commenced to fire signals. The crews of the Nos. 2 and 3 Life-boats assembled, and as it was seen that the No. 3 Life-boat would have to wait to get up steam, the *Leicester* proceeded. With the N.N.W. wind blowing, she was able to sail straight for the smack. On arrival the master declined any assistance, as he hoped to float his vessel on the flowing tide. A little later the steam Life-boat arrived, and both boats stood by the vessel until the master succeeded in getting her off the sands. When it was ascertained that she was not leaking the steam Life-boat took the other Life-boat in tow and they returned to Gorleston.—Expense of service, 12l. 3s. and 6l. 2s. 6d.

Aug. 6.—MARGATE, KENT.—*Eliza Harriet* Life-boat.—A telephone message was received at Margate, about 4.30 in the morning, stating that a barge was in distress off Herne Bay, and steps were at once taken to launch the No. 1 Life-boat. Whilst this

was being done a further message stated that the barge had sunk. It appeared that in a severe N.N.E. gale the barge *Caleb*, of Rochester, laden with granite, got into difficulties and then sank at her moorings, swamped by the heavy seas which broke over her. There were three men on board, who took to the rigging. With all haste the Life-boat made for Herne Bay, and happily the men were able to hold on until she arrived. On nearing the wreck the Life-boat was anchored and veered down. After several attempts the grapnel was successfully made fast in the rigging, and the work of rescue commenced. Owing to the heavy sea running and the shallowness of the water over the vessel's deck, there was considerable risk of the Life-boat being damaged on the wreck. Whilst getting the first man on board a heavy sea struck the boat, throwing her against the rigging, both the Life-boat and the man being injured, but the Life-boatmen succeeded in getting the man into the boat. With great difficulty the other two men were also rescued. When the Life-boat was clear of the wreckage it was found the rudder had been broken and rendered useless; it was therefore secured and the Life-boat, by means of an oar, was steered to Whitstable, where the rescued men were landed and taken charge of by the Shipwrecked Mariners' Society.

As the boat was disabled the crew returned to Margate by train, and proceeded to Whitstable again to fetch her when the repairs had been carried out.—Expense of service, 14l. 18s. 7d.

July 20.—LOWESTOFT, SUFFOLK.—*Stock Exchange* Life-boat.—Shortly before 8 P.M. a trawler, when trying to make Pakefield Gatway, struck on the N.E. part of the Newcome Sands. The Coxswain of the Life-boat observed the accident, assembled the crew, and at once proceeded in the No. 2 Life-boat to her assistance. On arriving at the trawler, the Coxswain asked the skipper if he required any help, but he stated he only wanted a tug. About this time a tug from Lowestoft came up, and could not get near the vessel on account of the shallowness of the water and the heavy sea running. The Life-boat remained

by the trawler whilst attempts were made by the crew to get a line to the tug by means of their own small boat, but finding that they could not succeed, and that the wind was freshening, the skipper engaged the Life-boat to assist in saving the craft. A rope was taken to the tug, and after a time the trawler was towed off and taken to Lowestoft.

The services of the Life-boat were watched with great interest by hundreds of visitors until the light failed. The Life-boat reached the harbour again with the trawler shortly before midnight.

The vessel was the *Integrity*, of Lowestoft, with six persons on board. She was homeward bound with fish.—Property salvage case.

#### COMMITTEE MEETING, 13th Aug., 1908.

Also voted 18*l.* 5*s.* 9*d.* to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Arklow, Berwick, Caister No. 2, Douglas, North Sunderland, Port Erin, Port Erroll, Sheringham, Swanage, Walton-on-Naze, Winterton No. 2, and Yarmouth.

Voted 12*l.* 19*s.* to men injured in the Life-boat service at Dunbar and Gorleston.

Aug. 20.—CAHORE, CO. WEXFORD.—*Willie and Arthur* Life-boat.—The schooner *Helen Macgregor*, of Dublin, whilst bound from Scotland to Arklow, was lying at anchor off Cahore Point. Towards evening the wind increased to a fresh gale with a very rough and heavy sea, and at 8.30 P.M., in answer to distress signals from the schooner, the Life-boat was launched. On reaching the vessel it was found that both anchors were dragging; the Life-boat therefore rescued the crew of four hands, landing them in safety about 10 P.M. In performing the service, the Life-boat was damaged through being dashed against the schooner.—Expense of service, 21*l.* 18*s.*

Aug. 22.—HOYLAKE, CHESHIRE.—*Hannah Fawsett Bennett* Life-boat.—At 2.40 P.M. the Coastguard observed a flat ashore on the East Hoyle Bank with

a signal of distress flying. The crew of the Life-boat were promptly assembled and the boat launched. They found that the vessel was the *Evening Star*, of Liverpool, bound from Liverpool to the River Dee with a cargo of steel billets. After the Life-boat had been standing by the flat for some time, a steam flat came upon the scene, and as soon as there was sufficient water she towed the stranded vessel clear. During this service the sea was rough and a strong N.W. wind was blowing.—Expense of service, 21*l.* 19*s.*

Aug. 24.—WALTON-ON-THE-NAZE, ESSEX.—*James Stevens No. 14* Life-boat.—A few minutes after 5 in the morning, a telephone message from the Gunfleet Lighthouse reported that a vessel was on the sands. The crew were called, and with great promptness the motor Life-boat proceeded to her assistance. The vessel proved to be the barque *Barden*, of Mariehamn, but on the arrival of the Life-boat the master stated that he did not then require any assistance. As the vessel however was bumping on the sands, the Coxswain considered it advisable to stand by her. About three hours later the master engaged a tug to tow him clear of the sand, and as the services of the Life-boat were no longer required she returned to her station.

The motor was reported to have worked well.—Expense of service, 13*l.* 15*s.*

Aug. 24.—ALDEBURGH, SUFFOLK.—*Edward Z. Dresden* Life-boat.—On the night of the 23rd August the steamer *Lady Ann*, of Sunderland, whilst bound from that port to London with a cargo of coal, stranded on the Shipwash Sands. At about 7.30 next morning the Coastguard reported the vessel was ashore, and the No. 2 Life-boat was launched to assist her. On getting alongside the master engaged the Life-boatmen to save his vessel, his efforts having proved futile. As it was then nearing high water, anchors with wire cable attached were promptly run out, and with the assistance of the vessel's own steam-power she was eventually floated.—Property salvage case.

Aug. 24.—HOYLAKE, CHESHIRE.—

*Hannah Fawsett Bennett* Life-boat.—The yacht *Mea*, of Hoylake, a cutter of about four tons, left Beaumaris at about 10 A.M., but owing to darkness was unable to make Hoylake. Having no lights the two occupants cruised about all night. Next morning at 8 A.M. the weather became worse, the wind increasing to a gale with a heavy sea, and both men being thoroughly exhausted they made signals of distress.

The signals having been reported by the Coastguard, the Life-boat was promptly launched and accompanied the yacht to a safe anchorage at New Brighton.—Expense of service, 18*l.* 7*s.*

Aug. 28.—MARYPORT, CUMBERLAND.—*Civil Service No. 5* Life-boat.—During a moderate W.S.W. gale, accompanied by thunder, lightning and very heavy rain, a vessel was proceeding up the Solway Firth, and she was kept under observation. About 8 P.M. it was seen that a signal of distress was flying in her rigging, and without loss of time the crew of the Life-boat were assembled, and at about the same time the Solway Light-vessel commenced to fire rockets. On the arrival of the Life-boat at the vessel, it was found that she had been aground, but on the rising tide had bumped over the sand and was then riding to her anchors. The Captain stated that he required a pilot and assistance, to take his vessel into safety. A pilot and five Life-boatmen were therefore placed on board, and the Life-boat, being required no longer, ran for Silloth. When the tide slackened, the men on board the vessel attempted to weigh her anchors, but one cable parted. The other anchor and cable were then slipped, and with the assistance of the Life-boatmen, the vessel and her crew of five hands were taken into safety. The vessel was the schooner *Englebert*, of Barssel, and was bound from Morocco to Annan with a cargo of beans.—Property salvage case.

Aug. 31.—CEMLYN AND BULL BAY, ANGLESEY.—*Anne Collin* and *James Cullen* Life-boats.—Shortly after 7 P.M. a telephone message was received, stating that the schooner *Flower of Portsoy*, of Plymouth, was aground on the Platter Rocks, in Holyhead Bay. The Cemlyn Life-boat was at once

despatched to her assistance, but on nearing her it was found that she was not on the rocks but drifting, no one being on board. The Life-boatmen boarded her, and as she drifted towards Bull Bay, the Coxswain found that he could not manage her. He therefore signalled for more assistance, and the Bull Bay Life-boat was launched. Together the crews succeeded in saving the vessel, beaching her at Cemlyn at 10 o'clock the next morning. The vessel was bound at the time from Kilsale to Garston with a cargo of timber, and it was subsequently found out that the crew of four hands left the vessel in their own boat, owing to the anchor chains having parted and the sails having blown away.—Property salvage case.

Aug. 31.—BARRY DOCK, GLAMORGANSHIRE.—*John Wesley* Life-boat.—About 4.30 P.M. the Coastguard reported by telephone that a ketch was ashore on the west side of Cardiff Grounds, and it might be necessary to send the Life-boat to her assistance. Steps were therefore taken to have everything in readiness. Half an hour later it was reported that the ketch was driving further on to the sands, with the seas breaking over her. The Life-boat was promptly despatched, but before she could reach her a slight shift in the wind had enabled the ketch, on the flood tide, to get off the sand. A whole southerly gale was blowing, with a very heavy sea, and the vessel's anchors continued to drag. The Life-boat and a tug therefore stood by her. Later the anchors held, and the tug was able to get a hawser to her; she was then towed into safety. The ketch was the *Trebiskin*, of Padstow, and had three men on board.

Aug. 31.—CULLERCOATS, NORTHUMBERLAND.—*Co-operator No. 1*.—About 9 P.M. a S.E. gale sprang up suddenly whilst the fishing-fleet was at sea. The boats at once made for shelter, some of them making the harbour in safety and some running for Shields. As the gale increased, causing a heaving sea in the bar, the Coxswain of the Life-boat launched the boat and proceeded to the coble *Olive Branch*. She stood by her until in safety and then,

learning that there were still boats at sea, he again went out. About 1.15 A.M. a light was seen coming from the southward and it proved to be another coble. The Coxswain warned the men that it was quite impossible for them to make the harbour, and they decided to remain at sea until daylight. As there were then no more cobbles in sight, the Life-boat returned ashore, being rehoused at 2 A.M.—Expense of service, 19l. 4s.

Aug. 31.—SELSEY, SUSSEX.—*Lucy Newbon* Life-boat.—At about 7 P.M. the Coxswain of the Life-boat observed a large steamer coming from the eastward, about half a mile from the shore. Seeing that she was out of her proper course, and the weather being very bad at the time, he assembled his crew in readiness to launch. No signals were made from the vessel, and about 9.30 P.M. it was seen she was steaming for the Looe stream. It was thought, therefore, that she had got clear, and the crew were dismissed. Before they could reach their homes however they were recalled by signals from the steamer. They immediately hastened back to the boathouse and the Life-boat was launched. The vessel, which was the passenger steamer *Queen*, belonging to Southampton, had been for a day trip to Brighton, with passengers and crew numbering one hundred and twenty. The wind had been freshening, and when she started on her return journey the weather became worse. When she was off Selsey there were heavy rain squalls, and the S.W. wind increased to the force of a gale. Shortly afterwards she drove on to a sandbank, and remained fast for some time. She was re-floated without any serious injury, and proceeded. She had not gone far however before heavy seas broke the rudder and rendered her helpless. She at once let go her anchor, which fortunately held. The Life-boat had great difficulty in getting alongside, owing to the tremendous sea running. Thirty women and children were with safety taken into the Life-boat, when the Coxswain considered he had got as many as was advisable on board. He therefore told the Captain he would land them and return for those remaining. The Life-boat then made for the shore, and on

reaching shallow water transferred them to boats which put off to receive them. On reaching the vessel again it was found she was safely riding to her anchor, and the sea was so heavy that the Captain considered it would be taking unnecessary risk to attempt to transfer anybody to the Life-boat. It was therefore arranged that she should return ashore and that signals should be made if help were wanted. The men remained on duty on the beach, and throughout the night the gale continued.

About 6 A.M. the weather became worse, and the gale increased to a hurricane. The Captain of the steamer, fearing his cable might part, signalled for the Life-boat, and she again went off. Anchoring to windward, she veered down to the steamer, and by means of a rope was hauled alongside. Great difficulty was experienced in doing so, owing to the exceptional state of the weather, and whilst getting the passengers aboard the Life-boat was severely damaged. After getting twenty-seven persons into the boat the rope parted, and it was impossible for her to get back to the ship. The Coxswain remained at anchor for about two hours, but as the weather did not moderate he shaped his course for Littlehampton and landed there.

Later in the day tugs were able to get communication with the disabled steamer and tow her to safety.

Great praise was given the Life-boatmen for the manner they carried out this service, and the Committee of Management granted them additional monetary rewards.—Expense of service, 80l. 15s.

Sept. 1.—TENBY, PEMBROKESHIRE.—*William and Mary Devey* Life-boat.—About 11 A.M. in the morning, during a very heavy gale from W.N.W. a telegram was received stating that the Helwick Light-vessel wanted assistance. The Life-boat was promptly launched and headed for the light-vessel. After running two hours in a very heavy sea the lightship was reached. It was seen that she had a heavy list to starboard, her mizzenmast had gone, and the bulwarks and stanchions had carried away. With great difficulty

and risk the Life-boat went alongside and rescued the seven men on board, the boat being considerably damaged, and great difficulty was also experienced in getting the boat clear of the wreck. Sail was then set and the Life-boat made for Swansea, where the men were landed and the Life-boat remained for the night. Next day the boat was towed back to her station, the crew being much exhausted from their rough experience the previous day.—Expense of service, 28*l.* 12*s.*

Sept. 1.—PADSTOW, CORNWALL.—*Edmund Harvey* Life-boat.—During a heavy W.N.W. gale in the morning, it was reported that a vessel was a short distance from the land with her canvas blown away. At 11 A.M. the crews of No. 2 Life-boat and the tug *Helen Peele* were assembled, and they proceeded to her assistance. She proved to be the ship *Talus*, of Greenock; she was rolling terribly and making very bad weather, her sails being nearly all blown away. At the request of the Captain, the tug and Life-boat stood by him whilst he weathered Hartland Point. By the advice of the Life-boatmen more canvas was set and the Life-boat, after standing by the ship until 9.40 at night, as the weather was moderating, returned to Padstow, arriving at 6 A.M. next morning.—Expense of service, 30*l.* 15*s.*

Sept. 1.—BEMBRIDGE, ISLE OF WIGHT.—*Queen Victoria* Life-boat.—Shortly before midday, during a heavy S.W. gale, the schooner *Agenoria*, of Chester, bound from Rochester to Plymouth with a cargo of cement, got into difficulties near the Warner Light-vessel. The Life-boat was promptly sent to her assistance. After the arrival of the Life-boat the schooner slipped her anchors, and a tug took her in tow. She was then taken to Portsmouth accompanied by the Life-boat in case the tow-ropes parted, and the master of the vessel expressed his gratitude to the men for the services they rendered.—Expense of service, 19*l.* 8*s.* 6*d.*

Sept. 8.—PENMON, ANGLESEY.—*Christopher Brown* Life-boat.—About 8.15 P.M. the schooner *Mary Jane*, of Lancaster, made signals of distress. For two days she had been lying at anchor near Puffin Island in an unsuitable berth, and on

the 8th the S.W. wind increased to the force of a gale, causing the anchors to drag.

The Life-boat was launched, but before she reached the schooner the anchors had caught in the rock of the Causeway and were holding. There was, however, the danger that the cables might part, and as it was known from her position at the head of the Causeway that she would bump heavily as the tide ebbed, the crew of four men were rescued from their dangerous position. When the men were taken off, the weather was so bad that the Life-boat could not get back to her station, nor could she beat up to Beaumaris against the tide. The Coxswain, therefore, anchored until 4.20 next morning, and then made for Beaumaris, arriving about 7 A.M. Three hours later the wind veered to the westward and moderated, and the Life-boat was able to regain her station.—Expense of service, 23*l.* 3*s.*

Sept. 9.—SKEGNESS, LINCOLNSHIRE.—*Samuel Lewis* Life-boat.—At 9.30 A.M., during a whole S.S.W. gale, the Coxswain of the Life-boat saw a smack drift on to the Middle Sand Bank, flying a signal of distress. He promptly launched the Life-boat and proceeded to her assistance. On arriving alongside, he found she was the smack *Albert*, of Boston, with three men on board. They were all drenched to the skin and exhausted. The Life-boat stood by her for about two hours, when the Captain requested the Coxswain to land the two men, but decided himself to remain on the smack, contrary to all advice. After landing the two men the Life-boat returned to the smack, and later, the weather having moderated, the smack with the assistance of the crew was floated on the flood tide.—Expense of service, 21*l.* 17*s.*

Sept. 9.—HARWICH, ESSEX.—*City of Glasgow* Life-boat.—An intercepted wireless message from the Sunk Light-vessel reported to the Felixstowe Coast-guard Station that a vessel was N.E. of the light-vessel, drifting towards the Shipwash Sand. The crew of the steam Life-boat were assembled, and the boat proceeded in the direction indicated. They found the iron schooner-

rigged barge *San Pedro*, of Rio de Janeiro, drifting as reported with signals of distress flying. There were five men on board, and on the arrival of the Life-boat, the master employed the Life-boatmen to save his vessel. In this they were successful, the barge being taken safely into Harwich Harbour. During this service there was a W.S.W. gale blowing and the sea was heavy.—Property salvage case.

Sept. 9.—LLANDUDNO, CARNARVONSHIRE.—*Theodore Price* Life-boat.—The schooner *Fanny*, of Beaumaris, bound for Falmouth with a cargo of coal, had her mainsail blown away in the prevailing N.W. gale. At 10.45 A.M. she made signals of distress, and within the very short space of nine minutes the Life-boat was launched to her assistance. The vessel was then three miles N.N.E. of the Great Ormes Head, and on the arrival of the Life-boat it was found that the anchors were foul; she therefore stood by the schooner until the gale abated and regained her station during the afternoon.—Expense of service, 14l. 12s. 6d.

Sept. 9.—BERWICK-ON-TWEED, NORTHUMBERLAND.—*Matthew Simpson* Life-boat.—At about 6 P.M., during a heavy flood and moderate sea, the harbour tug was towing some herring boats at low water. One of them, the *Family Pride*, of *Cockenzie*, struck the bar and drifted on to Spittal Point, where she lay broadside to the sea. As the boats were coming in on account of the weather outside, the Coxswains of the Life-boat were at the Life-boat house in readiness in case of any accident. They promptly summoned the crew and launched the boat, quickly arriving alongside. The crew did not wish to leave their vessel; the Life-boat therefore stood by them until about 10 P.M., when the vessel was floated. The vessel was a new one, otherwise she would have gone to pieces, and have had to be abandoned.—Expense of service, 20l. 17s.

Sept. 9.—PALLING, NORFOLK.—*54th West Norfolk Regiment* Life-boat.—At 7.10 P.M., during a strong gale from the W.S.W., a vessel was observed in distress about two and a half miles east of Palling. The No. 1 Life-boat

was launched promptly and proceeded to her assistance. Upon arrival she proved to be the lighter *Lima*, of Stockton-on-Tees, bound from that port to Rio de Janeiro with coal and iron, but was then in a very leaky condition. The Life-boatmen were employed by the Master to get the vessel to Yarmouth, and, with the assistance of a tug, were successful, Yarmouth being reached at 10 A.M. next morning.—Property salvage case.

Sept. 9.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—The coble *Salmo*, of Whitby, was expected from Robin Hood's Bay, where she had been compelled to run for shelter earlier in the day. When she reached Whitby, about 6.30 P.M., she came into rough weather, the W.N.W. wind having freshened into a gale, and the sea made considerably. A very large crowd had assembled on the pier awaiting the coble, as it was realised that it would be impossible for her to make the harbour without great danger, owing to the state of the weather, the heavy sea at the entrance, and the strong outset. On her approach the No. 1 Life-boat was launched and rowed out. She took the three occupants on board and landed them on the beach. At the same time she towed the coble near to the beach, slipped her and allowed her to wash up.—Expense of service, 19l. 18s.

Sept. 10.—MARGATE, KENT.—*Civil Service No. 1*.—During a moderate westerly wind it was reported that a large steamer was ashore on the S.W. Long Sand in a very bad position. The crew of the No. 2 Life-boat were assembled and the boat launched. On reaching the sands they found the s.s. *Lake Michigan*, of Liverpool, a large steamer of upwards of 5000 tons, aground. The Captain asked the Coxswain to stand by him until high water, as he hoped then with the assistance of tugs, for which he had telegraphed, to get his vessel off. In this he was successful, and as the vessel was not damaged the Life-boat returned to Margate.—Expense of service, 24l. 19s.

## COMMITTEE MEETING, 10th Sept., 1908.

Voted 489*l.* 17*s.* 6*d.* to pay the expenses of assemblies of crews or launching the following Life-boats, etc., with the view of rendering assistance to persons on distressed vessels:—Broadstairs, Cardigan, Castletown, Cemlyn, Dungeness No. 2, Filey, Gorleston No. 3 (steam), Harwich No. 2 (steam), Hayling Island, Ilfracombe, Littlehampton, Lowestoft No. 2, Mumbles, Newhaven, New Romney, North Deal, Penzance, Port Eynon, Porthoustock, Port Logan, St. Ives, St. Mary's, Swanage, Walmer, Weymouth and Yarmouth.

Voted 2*l.* 5*s.* to a man injured on service in Swanage Life-boat.

Granted a retiring pension, and a certificate of service, to ADAM BROWN, Coxswain Superintendent of the Cresswell Life-boat, and a retiring pension to JOHN WICKHAM, Bowman of the Kilmore Life-boat.

Sept. 16.—PENMON, ANGLESEY.—*Christopher Brown* Life-boat.—The schooner *Lady Fielding*, of Amlwch, anchored in the Straits off Penmon Quarry, was observed during a south-westerly gale about 4 P.M. making signals of distress. The vessel was dragging her anchors and driving towards Puffin Island. The crew of the Life-boat were assembled and the boat launched. In the meantime the anchors held and brought the schooner up on the edge of the Dutchman Bank, but shortly before the Life-boat reached her one cable parted. The crew of six hands were in a somewhat dangerous position; they were taken into the Life-boat, which then made for Beaumaris, the sea being too rough for her to attempt to regain Penmon. Falling in with the steamer *Ella*, of Chester, the Master very kindly took the Life-boat in tow, and Beaumaris was reached at 7 P.M.—Expense of service, 12*l.* 1*s.* 6*d.*

Sept. 20.—BUDE, CORNWALL.—*Elizabeth Moore Garden* Life-boat.—While entering Bude Harbour in the afternoon the ketch *Alford*, of Bideford, became unmanageable, owing to a heavy ground sea and the wind falling light. The ketch then drove on to the sands to

the north side of Bude Harbour, in close proximity to the rocks. As the seas were breaking over the ketch, and it was feared that the crew were in danger, the Life-boat was ordered out. The crew were quickly assembled and the boat smartly launched. On reaching the ketch the Master asked the Coxswain to run a hawser to the outer buoy, which he did. Some of the Life-boatmen were then placed on board to assist the crew in hauling the vessel's stern round to the sea, which prevented her going on the rocks. As the tide was now ebbing and the vessel fast on the sand, the crew refused to leave her; the Life-boat therefore took off her own men and returned ashore.—Expense of service, 8*l.* 9*s.*

Sept. 22.—BOULMER, NORTHUMBERLAND.—*Meliscant* Life-boat.—During a dense fog in the morning distress signals were heard to the eastward of the Coastguard Station. The Life-boat was launched and proceeded to the direction of the signals, there finding the s.s. *Kara*, of London, carrying a crew of twenty-four persons. The steamer, whilst bound from Gaya to Leith with a cargo of grain, had stranded in the fog. At the request of the Captain the Life-boat stood by the steamer until 11.30 A.M., when she was successfully refloated, and the Life-boat returned to her station.—Expense of service, 13*l.* 13*s.*

Sept. 30.—CLOUGHY, CO. DOWN.—*John* Life-boat.—At 7.30 A.M., during a thick fog, a steamer was reported ashore on the old Light-house rock. As there was a strong S. breeze and rough sea, the Life-boat was launched and proceeded to her assistance. On reaching the vessel, it was found that her crew of ten hands had left her and taken refuge in the old Light-house; they were taken into the Life-boat, which landed them in safety.

The vessel was the steamer *Glassford*, of Glasgow, and was bound from Neath Abbey to Belfast with a cargo of coal.—Expense of service, 12*l.* 10*s.*

## COMMITTEE MEETING, 8th Oct., 1908.

Voted 182*l.* 13*s.* 6*d.* to pay the expenses of the following Life-boat

launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Aldeburgh No. 2, Atherfield, Berwick-on-Tweed, Burry Port, Gorleston No. 2, Holyhead (steam), Johnshaven, Llandudno, Mumbles, Newbiggin, Newburgh, Poolbeg, Runswick, Selsey and Winchelsea.

Reported that the Belgian Government had awarded each of the crew of the Kingsdowne and Walmer Life-boats the sum of 2*l.* and 1*l.* respectively for their services in saving the crew of the s.s. *Cap Lopez*, of Antwerp, wrecked on the Goodwin Sands on the 21st December, 1907.

Also that the International Conference on Life-saving, held at St. Nazaire and Nantes in August, 1908, had awarded eleven medals and diplomas to the crew and engine-room staff of the Harwich Steam Life-boat for rescuing the crew of the schooner *Notre Dame de Toutes Aides*, of Nantes, wrecked on the Kentish Knock on the 7th April, 1908.

Voted 39*l.* —s. 6*d.* to men injured in the Life-boat service at Cambois, Moelfre, Newbiggin, Selsey and Tenby.

Granted a retiring pension, together with a certificate of service, to M. McCORMICK, J. HAYNES and M. COOPER, Coxswain Superintendents at Greencastle, Port Isaac and Robin Hood's Bay respectively.

Also an annual pension to E. J. LEYSHON, Coxswain Superintendent of the Burry Port Life-boat.

Also annual pensions to W. JOHNSTON and W. McWILLIAM, Assistant Coxswain of the Dunbar and Balcary Life-boats respectively.

Oct. 13. — GORLESTON, SUFFOLK. — *Leicester* Life-boat. — The s.s. *Handy*, of Banff, whilst bound from the fishing grounds to Great Yarmouth with a cargo of fish stranded about half a mile from the South Pier, in a dense fog. The Coastguard having reported the casualty, the Life-boat was promptly launched and proceeded to the vessel. They found her hard aground. Having run ashore at high water it was impossible to get her off until next high tide. As it was anticipated she would float then, at the request of the Master the Life-boat stood

by in case it should be necessary in the meantime to abandon her. On the following high tide the efforts to float her were not successful, but the Master then stated he did not require any assistance, and the Life-boat returned to her station having been afloat for upwards of twelve hours. — Expense of service, 34*l.* 2*s.* 6*d.*

Oct. 18. — PALLING, NORFOLK. — *Hearts of Oak* Life-boat. — In response to a telephone message from the Hasboro' Light-vessel, stating that a schooner was ashore on the sands, the No. 2 Life-boat was launched. She proceeded to the sands with all haste, a steam fishing vessel rendering valuable assistance in towing her part of the way. The schooner *R.K.O.B.* 6, of Cronstadt, was found on the middle of the sand and the Life-boat stood by her from 10.30 A.M. until 4.30 P.M., when on the flood tide she was able to get clear of the sands and anchor in a safe position. During this service there was a strong E.S.E. breeze blowing, with considerable swell, and on account of the latter the Life-boat was delayed some hours before she was able to beach in safety. — Expense of service, 61*l.* 12*s.* 6*d.*

Oct. 18. — RAMSGATE, KENT. — *Charles and Susanna Stephens* Life-boat. — At 10.15 A.M. a wireless message was received from the East Goodwin Light-vessel, stating that a steamer had stranded earlier in the morning and was in want of assistance.

The Life-boat was promptly despatched in tow of the harbour tug *Aid*, and about noon reached the vessel ashore on the inside of the sands. She proved to be the s.s. *City of Oporto*, of Dublin, bound from Hamburg to Cork with a general cargo. The Life-boat proceeded alongside and offered assistance; just previously to this a Deal shore-boat had got alongside and the services of her crew were engaged by the Master. The tug and Life-boat stood by the steamer until about 6 P.M., when their services were also accepted. A rope was conveyed to the tug and for two hours towing operations were carried on, but without success. The tug then anchored until the tide made again. In the meantime the Life-boatmen and the ship's crew jettisoned about sixty tons of the cargo.

At 5 A.M. on the 19th, the tug commenced to tow again, and shortly afterwards the vessel came off. The *Aid* then towed her into deep water and accompanied her into a safe anchorage in the Downs. The weather during the latter part of the service was thick, a fresh easterly wind and heavy ground swell with a breaking sea.—Property salvage case.

Oct. 19.—LITTLEHAMPTON, SUSSEX.—*Brothers Freeman* Life-boat. — Shortly after 8 P.M. the Coastguard reported that a vessel was making signals of distress to the westward. The Life-boat was very promptly launched, and in a strong E.S.E. breeze and heavy ground swell proceeded to the position indicated. She there found the motor-yacht *Swallow*, of Newhaven, broken down, with one man on board. As the propeller of the yacht was broken a tow rope was placed on board and the yacht and her occupant taken into safety, Littlehampton being reached soon after midnight.—Expense of service, 31l. 9s. 6d.

Oct. 20.—MARGATE, KENT.—*Eliza Harriet* Life-boat. — At 5.40 A.M. the Coastguard reported that signals of distress were being made by the *Tongue* Light-vessel, and about the same time a "wireless" message reported a vessel was in distress to the N.W. of the Light-vessel. The No. 1 Life-boat was, without loss of time, launched and proceeded to the vessel, which proved to be the ship *Walden Abbey*, ashore on the "Knock John" Sand. The vessel was not in any immediate need of assistance, and whilst the Life-boat was standing by her the Coxswain observed another vessel standing into danger. Signals were made to warn her, but no notice was taken of them. The Coxswain of the Life-boat then determined to proceed in the direction of the other vessel to warn those on board of the danger they were in. Three Life-boatmen were left on board the *Walden Abbey* to render assistance if required, and the Life-boat made for the other vessel. Before the boat could reach her she took the ground, and was bumping heavily when the Life-boat got alongside. She was the schooner *Carl Mörk*, of Svendborg, bound from Brevig to Ramsgate with a cargo of

ice. At the request of the Master the Life-boat stood by the schooner until the next high tide, as he was afraid of his vessel making water when she floated off again. At 7.30 P.M. the schooner floated, and as she did not leak was able to proceed to Ramsgate. The Life-boat then returned to the *Walden Abbey* and stood by her throughout the night, there being a strong E.S.E. wind. Next morning at 8 A.M. the Captain declined the Life-boatmen's offer of further help. The boat accordingly returned to her station, arriving at 12.40 P.M., after having been away for upwards of thirty hours.—Expense of service, 49l. 2s.

Oct. 21.—POOLE, DORSETSHIRE.—*City Masonic Club* Life-boat. — During a strong S.E. gale and heavy sea the ketch *Conquest*, of Bridgwater, proceeded to sea in tow of a tug. When off Studland Bay the Master considered it advisable to return to port as the weather was so heavy, but, whilst in the act of turning, the tow rope carried away, and before another could be fixed the ketch was driven on to the Sand Banks. The tug then tried to reach the vessel, but the seas were so heavy she could do nothing. The casualty having been reported by the Coastguard, the Life-boat was very promptly sent to the assistance of the distressed vessel. Eight of the Life-boatmen were put aboard the ketch to assist at the pumps, and the Life-boat stood by her from soon after noon until 5 P.M., as it was hoped it would be possible to save the craft on the rising tide. At that time it was seen that all efforts were useless. The Life-boatmen were therefore taken into the boat, and the crew, consisting of four hands and a pilot, were rescued and conveyed into safety, the ketch becoming a total wreck. It was very cold at the time, and the men found the exposure very trying. — Expense of service, 19l.

Oct. 21.—LOWESTOFT, SUFFOLK.—*Stock Exchange* Life-boat. — At about 7 P.M. a steamer was reported ashore on the Newcome Sands. The No. 2 Life-boat, in tow of a tug, was promptly sent to her assistance, but just as she reached the steamer she floated. The Captain stated that he required some

assistance to get back to harbour and asked the Life-boat to remain with him until in safety. She accordingly did so, not leaving the vessel until she was in the outer harbour.

The N.E. wind was moderate at the time but the sea was heavy. The steamer was the *Mietzing*, of Dantzig, and was bound to Konigsburg with herrings.—Expense of service, 38l. 7s. 6d.

Oct. 24.—NORTH DEAL AND WALMER, KENT.—*Charles Dibdin* and *Civil Service No. 4* Life-boats.—Shortly after 3 o'clock in the morning during a N.N.W. gale, the Life-boats were both launched in answer to signals from the Goodwin Sands Light-vessels. On their way to the sands a vessel was observed making flares, and the Life-boats proceeded to her. Anchoring some distance off the boats veered down, the *Charles Dibdin*, after two attempts and with considerable difficulty, getting alongside. The sea was very heavy and both boats bumped on the sands. A Life-boatman was put on board and the boats stood by until daylight, when the weather became worse. The North Deal boat then took the crew, consisting of five hands, on board, as it was considered dangerous for them to remain on the vessel. The boats then stood by to see if on the flowing tide the vessel would clear the sand, and about two hours later she knocked over the sand into deep water. The crew were promptly replaced on board, together with men from both the Life-boats as she was found to be leaking badly, and by their united efforts she was successfully taken to Dover. The vessel was the schooner *Lizzie May*, of Chester, bound from London to Newport with a cargo of cement.—Property salvage case.

Oct. 24.—SKATERAW, HADDINGTONSHIRE.—*Sarah Kay* Life-boat.—About 1 o'clock in the morning a large steamer, the *Prosum*, belonging to Christiania, and on a voyage from London to Grangemouth, in ballast, ran on to a reef of rocks at Thorntonloch between Cockburnspath and Skateraw. As soon as news of the disaster reached Dunbar steps were taken to despatch the Life-boat to her assistance. The Life-boat was expeditiously launched, and when nearing the steamer it was

seen the crew had taken to the boats. They were promptly taken into the Life-boat and landed in safety at Skateraw. The steamer, which was quite a new vessel, very shortly afterwards became a total wreck. One of the crew of the steamer was badly hurt when the vessel stranded, and when taken in the Life-boat was rendered "first aid" by Mr. W. Bertram, the zealous Hon. Secretary of the Dunbar and Skateraw Branch, who invariably goes afloat in the Life-boat when launched for service. He was cordially thanked by the Committee of Management for his continued enthusiastic assistance.—Expense of service, 69l. 15s. 4d.

Oct. 24.—ATHERFIELD, ISLE OF WIGHT.—*Gem* Life-boat.—The Life-boat was launched shortly before 6 A.M. to assist the s.s. *Cayo Soto*, of London, which stranded on the rocks near St. Catherine's Light-house, whilst bound from the United States of America to Bremen. The weather was fine at the time, with a N.N.E. wind, and the Life-boat stood by the vessel for some hours. It was then seen that their assistance was not likely to be required, as tugs were in attendance endeavouring to refloat the vessel. The Life-boat therefore returned to her station, arriving at 1.30 P.M.—Expense of service, 21l. 16s. 3d.

Oct. 24.—CROMER, NORFOLK.—*Louisa Heartwell* Life-boat.—At daybreak, when the lugger *John Robert*, belonging to Yarmouth, was returning to Cromer from fishing, the Coastguard on watch observed that she was unable to land, on account of the heavy surf on the beach, and was too much to leeward for safety. The Coxswain of the Life-boat was informed and the boat was launched. On reaching the vessel one of the Life-boatmen was put on board and a boy taken off. The Life-boat then towed the lugger to windward and stood by her until beached in safety. During this service there was a moderate N.E. gale, with rough sea.—Expense of service, 18l. 3s.

Oct. 24.—CULLERCOATS, NORTHUMBERLAND.—*Co-operator No. 1* Life-boat.—Owing to the easterly wind suddenly increasing to a gale and the sea making very rapidly in the morning, five of the fishing cobbles belonging to Cullercoats

were placed in considerable danger. At 7.45 A.M. the Coxswain launched the Life-boat and convoyed four of the boats into harbour. He then returned to the fifth boat, the *Edward*, and as the sea had increased and was breaking dangerously right across the bar, the three men in her were transferred to the Life-boat and the coble taken in tow. Whilst crossing the bar a sea broke over the coble and sunk her. The men were landed in safety, and the coble was towed in awash and after a good deal of trouble beached in the harbour.—Expense of service, 14*l.* 8*s.*

Oct. 24.—NEWBIGGIN, NORTHUMBERLAND.—*Ada Lewis* Life-boat.—As two of the fishing boats were endangered by the strong E.N.E. breeze and rough sea, the Life-boat was launched at 9 A.M. and stood by them until both had landed in safety. The Life-boat was rehoused, having been employed for about two hours.—Expense of service, 7*l.* 18*s.* 6*d.*

Oct. 31.—RAMSGATE, KENT.—*Charles and Susanna Stephens* Life-boat.—A few minutes before 7 in the morning a message by wireless telegraphy reported that a steamer was ashore inside the E. Goodwin buoy, and ten minutes later the Life-boat, in tow of the harbour tug *Aid*, left the harbour. At 8.15 they discovered the Italian steamer *Concezione*, of Genoa, badly ashore, having stranded in the fog. At first the assistance of the Life-boatmen was refused, but later they were employed to try and save the vessel. An anchor was laid out and a large quantity of the cargo jettisoned; the tug then commenced to tow, and at high water succeeded in getting the steamer clear of the sands. At the time of the accident the steamer was bound from Blyth to Savona with a cargo of coal; fortunately the weather was fine.—Property salvage case.

Nov. 3.—DUNGENESS, KENT.—*R.A.O.B.* Life-boat.—At 9 P.M. the Coastguard watchman reported that there was a steamer ashore burning flares and sounding her whistle for assistance. The crew of the No. 1 Life-boat were at once assembled and the boat launched in an easterly wind and moderately rough sea. On reaching the vessel, which lay in a S.E.

direction from the boat-house, the Master stated he wanted the Life-boat to stand by the steamer whilst efforts were made to get her off. The Life-boat therefore remained throughout the night, the vessel being successfully floated in the early morning. The steamer was the *Orlando*, of Sundsvall, and was bound for London at the time of the accident.—Expense of service, 29*l.* 9*s.*

Nov. 8.—QUEENSTOWN, CO. CORK.—*James Stevens* No. 20 Life-boat.—At about 5.30 in the morning information reached Queenstown that the Daunt Rock Light-vessel was firing signals for assistance, and without loss of time the Life-boat was launched. She proceeded to the Light-vessel in tow of a tug, and there ascertained that the s.s. *The Queen*, of Glasgow, was disabled. They found the vessel off the Sovereign Islands, Kinsale, drifting ashore. About the same time the s.s. *Blarney* came upon the scene and took the disabled vessel in tow, taking her to Queenstown, the Life-boat accompanying them in case help should be required. The steamer was bound from Garston to Cork with a cargo of coal, and had broken down through an accident to her crank shaft. There was a moderate E.S.E. wind at the time, and the sea was heavy.—Expense of service, 22*l.* 19*s.* 6*d.*

Nov. 11.—RAMSGATE, KENT.—*Charles and Susanna Stephens* Life-boat.—The schooner *Dora*, of Carnarvon, whilst bound from Gravelines to Plymouth with a cargo of stone, stranded on the Goodwin Sands in the morning. A message sent by wireless telegraphy from the East Goodwin Light-vessel reported the casualty about 8.30 A.M., and the Life-boat was promptly sent to the vessel's assistance, in tow of the harbour tug. She was found bumping heavily, and the crew were anxious to leave her, but eight Life-boatmen were placed on board to assist at the pumps, some Deal men who had gone off in a galley being already on board. As the tide made, the *Dora* bumped over the sand into deep water, and the tug got hold of her and towed her into harbour, the pumps being kept working the whole time.—Property salvage case.

COMMITTEE MEETING, 12th Nov., 1908.

Also voted 729*l.* 16*s.* 8*d.* to pay the expenses of the following Life-boat launches or assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Aberdovey, Arbroath, Barry Dock, Broadstairs, Clacton-on-Sea, Cloughy, Donna Nook, Dunbar, Gorleston No. 1, Grimsby, Hasborough, Holy Island No. 1, Kingsdowne, Kingstown No. 2, Littlehampton, Lowestoft No. 2, Margate No. 2, Mumbles, Penzance, Peterhead, Point of Ayr, Poolbeg, Southend-on-Sea, Sunderland North Dock and Hendon Beach, Winterton No. 2, and Yarmouth.

The Ramsgate Life-boat was also launched on service.

Reported that the President of the French Republic had conferred Silver Medals upon the Honorary Secretary and the two Coxswains, and Bronze Medals upon the other members of the crew of the Southwold No. 1 Life-boat, in recognition of their good services in rescuing four of the crew of the smack *Joseph et Yvonne*, of Dunkirk, wrecked on the 27th November, 1905. Each of the medals was accompanied by a diploma.

Also reported that the King of Norway had conferred a Silver Medal "for noble deed" and a certificate on JAMES ROBSON, Coxswain of the North Sunderland Life-boat, in recognition of his gallant services in rescuing the crew of the s.s. *Geir*, of Bergen, wrecked on the Farne Islands on the 18th February, 1908.

Voted a compassionate grant of 227*l.* 1*s.* to R. Northway, one of the crew of the Brixham Life-boat, who was permanently injured when engaged on Life-boat work in December, 1907.

Reported that 66*l.* 14*s.* 6*d.* had been allowed to men injured in the Life-boat service recently at Arbroath, Cardigan, Llandudno, North Deal, and St. Anne's.

Granted a retiring pension and a certificate of service to R. E. LOOSE, Coxswain Superintendent, and a retiring pension to R. MARTIN, Assistant Coxswain of the Brancaster Life-boat.

Voted 20*l.* to J. H. CLIFF, on his resigning the post of Coxswain of the Porthoustock Life-boat.

Also a compassionate grant of 15*l.* to the Coxswain of the Workington Life-boat *William Pike*.

Voted 16*l.* to pay the funeral expenses, etc., of JOHN HUGHES, ex-Coxswain Superintendent of the Poole Life-boat who had died in great poverty.

Also 10*l.* to J. HARDY, who for fifty-nine years had been connected with the Life-boat at the Lizard and was retiring on account of old age.

Nov. 14.—CLOUGHEY, CO. DOWN.—*John* Life-boat.—At 1 A.M. the Coast-guard reported that a large barque was ashore on the South Rock. When the vessel struck very heavy seas were running, but the wind had moderated after blowing a gale from E. up to within half an hour. The Life-boat was promptly manned and launched, proceeding under sails and oars to the vessel. Owing to the heavy seas considerable difficulty was experienced in getting alongside and rescuing the crew, twenty-six in number, without damaging the Life-boat. After the men had been got into the boat it was found that their pet dog, a half-bred fox terrier, had been left on board, and the men declined to leave their ship without the dog. Eventually the animal was rescued and the Life-boat returned ashore. The barque was the *Croisset*, of Rouen, a vessel of 2,783 tons gross, and was bound from New Caledonia to Glasgow with a cargo of nickel ore.—Expense of service, 33*l.*

Nov. 14.—CLOVELLY, DEVONSHIRE.—*Elinor Roget* Life-boat.—At 6.30 in the morning the Life-boat was called out to the assistance of the ketch *Spirit*, of Bideford, which had sprung a leak and was then about three miles to the south-east of Clovelly. There was a strong and squally N.N.W. wind with a moderately rough sea, and when the Life-boat reached the ketch the water was up to the cabin deck. Life-boatmen were put on board to man the pumps and, accompanied by the Life-boat, the vessel beat up to Clovelly.

The ketch left Swansea the previous morning, and was bound for Bideford with a cargo of manure.—Expense of service, 21*l.* 9*s.*

Nov. 16.—RAMSGATE, KENT.—*Charles*

and *Susanna Stephens* Life-boat.—The schooner *Ezel*, of Cardigan, whilst bound from Ipswich to Barry with a cargo of wheat, stranded in the early morning on the north part of the Goodwin Sands. At 3.5 A.M. the Life-boat proceeded in tow of the harbour tug to the assistance of those on board, and on reaching the schooner found she was labouring in the broken water. On going alongside, the services of the Life-boatmen to try and salve the vessel were at once accepted. Eight men were placed on board, and as soon as possible a rope was passed to the tug and she started pulling. Within an hour the vessel came off and was towed into Ramsgate Harbour. The wind was light, but there was a heavy ground swell at the time of this service.—Property salvage case.

Nov. 19.—NEWBIGGIN, NORTHUMBERLAND.—*Ada Lewis* Life-boat.—At 9 A.M. the Life-boat was launched, at the urgent request of the fisherfolk, to assist one of the fishing cobles, which had remained at sea after the others had put back on account of the weather. The strong N.E. wind was very squally, and the sea, becoming rough, was undoubtedly dangerous for small open boats. On reaching the coble, the Life-boat stood by her while she made for the shore, and a safe landing was eventually effected under the shelter of Newbiggin Point.—Expense of service, 8*l.* 4*s.* 6*d.*

Nov. 21.—REDCAR, YORKSHIRE.—*Fifi and Charles* Life-boat.—A telegram was received by the Coxswain of the Life-boat at about 9.15 P.M., stating that a vessel was making flares and sending up rockets near the South Gare Breakwater. The Life-boat, without loss of time, was transported about a mile to the westward of the boat-house and launched. On reaching the vessel she was found to be abandoned, the crew having been rescued by a passing steamer. Four men were put on board the vessel, and a kedge anchor run out by the Life-boat, and they succeeded in getting her off. When clear of the surf a tug was engaged, and the vessel, accompanied by the Life-boat, was taken to West Hartlepool. The saved vessel was the steam drifter *Tantallon*

*Castle*, of Leith, and was bound from Yarmouth to Hartlepool when she stranded.—Property salvage case.

Nov. 22.—HOLYHEAD, ANGLESEY.—*Joseph Whitworth* Life-boat.—At 8.15 P.M., during a very strong N.W. gale, signals of distress were made from a small schooner anchored in the outer roads, and in response the No. 2 Life-boat was promptly launched. The vessel was soon reached and proved to be the schooner *Sarah Ellen*, of Swansea, bound from Wicklow to Amlwch in ballast. The crew of four men were rescued and the Life-boat started on her return journey. Shortly afterwards it was ascertained that there was a good deal of water in the boat, and as it was not possible to do anything there, the Coxswain made for Penrhos Beach, where all were landed in safety; it was then found that the trouble was due to one of the ventilating plates having been improperly unscrewed. At the time when the crew were rescued the vessel was dragging her anchor, and she eventually became a total wreck.—Expense of service, 8*l.* 8*s.*

Nov. 23.—BROADSTAIRS, KENT.—*Francis Forbes Barton* Life-boat.—During a whole N.W. gale with very rough sea, in the morning, signals of distress were observed from a vessel about five miles to the south-eastward of the station. The Life-boat was launched, and on reaching the vessel found she was the barge *Audrey*, of London; she had both anchors down, but they had been dragging throughout the night. Four men were put on board to assist the crew, and about two hours later a tug was engaged to take the barge into Ramsgate, as she was driving dangerously near to the Goodwin Sands. On reaching Ramsgate the barge was safely berthed, and the Life-boat returned to Broadstairs, arriving shortly before noon. The Life-boat was reported to have behaved splendidly.—Property salvage case.

Nov. 27.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—While several of the fishing cobles were at sea, the ground swell on the bar became dangerous. One coble when entering the harbour was nearly upset, and another was half-filled with water,

lost two oars, and had to be assisted by ropes from the pier. As there were nine cobsles desirous of coming in, the No. 1 Life-boat was sent out to their assistance, and escorted them into safety.—Expense of service, 10*l.* 2*s.*

Dec. 1.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—During a dense fog the s.s. *Sirius*, of Stavanger, stranded on the Scroby Sands. A few minutes before 10 A.M. a tug came in from sea and reported that Life-boat assistance was required. The crew of the No. 1 Life-boat were assembled, and in tow of the tug proceeded to the vessel which was found hard aground. At the request of the Master the Life-boat stood by in case of further help being required, but on the flowing tide the steamer came off and was able to proceed on her voyage apparently undamaged. The Life-boat then returned ashore, arriving soon after 1 P.M.—Expense of service, 23*l.* 19*s.* 6*d.*

Dec. 2.—STAITHES, YORKSHIRE.—*James Gowland* Life-boat.—During a thick fog, the fishing boats were out fishing when the sea increased so much that their return was accompanied by considerable danger to those on board. The Coxswain of the Life-boat realising this launched the Life-boat and stood by the boats until all had reached the shore in safety.—Expense of service, 16*l.* 16*s.*

Dec. 3.—STAITHES, YORKSHIRE.—*James Gowland* Life-boat.—The s.s. *Marion*, of Dundee, stranded at Rawcliff, near Staithes, during a very dense fog, and in response to a telephone message reporting the accident, the Life-boat put off to her assistance. There was a moderate N.N.E. breeze with a heavy ground swell at the time, and when the Life-boat reached the steamer she was afloat again, but she had lost her propeller. The steamer was in shallow water, and at the request of the Master the Life-boat towed her to an anchorage in deeper water. She then searched in the fog until she found a steamer bound north which would take the disabled craft to the River Tees. As it was feared the bottom of the steamer might be damaged and endanger the lives of the men on board, the Life-boat accompanied her, arriving at Middlesbrough

at 11 A.M. next day. Owing to the fog and foul tide the Life-boat was unable to return to her station that day, but did so on the 5th idem.—Property salvage case.

Dec. 4.—WEXFORD, CO. WEXFORD.—*James Stevens* No. 15 Life-boat.—At 11.30 in the morning the Life-boat was launched in answer to signals of distress from a vessel ashore on the Dogger Bank. A moderate W.N.W. gale was blowing and the sea on the sands was heavy. On nearing the vessel it was found that she was making water badly, but as she was lying in very shoal water it was not possible for the Life-boat to get alongside. Great difficulty was experienced, owing to the Life-boat grounding in the hollow of each sea, but eventually with the assistance of a rope the boat succeeded in getting close enough to the craft to rescue the crew of four men in a very exhausted condition. Within ten minutes of the rescue being effected the wrecked vessel drove into deeper water and sank. On the way back to her station the Life-boat fell in with a steamer bound for Wexford, the rescued men were therefore placed on board. The service was a good one and very smartly performed, the wreck being in a very awkward position owing to the broken sea and shoal water. The vessel—the yawl *Rose*, of Wexford—was bound for that place with a cargo of fish when disaster overtook her.—Expense of service, 11*l.* 16*s.* 6*d.*

Dec. 8.—SOUTHWOLD, SUFFOLK.—*Alfred Corry* Life-boat.—At 3.30 P.M. it was reported that a vessel was ashore just north of the harbour, and as there was a moderate S.S.W. gale blowing, with a heavy sea, it was decided to launch the Life-boat. The boat was accordingly launched into the harbour and proceeded out under sail. The vessel proved to be the barge *Maria*, of Rochester, bound to Southwold with brick rubbish and cement. She was at anchor in broken water and the seas were making a clear breach over her. The Life-boat went alongside and rescued the two men, conveying them in safety ashore. Later in the day the Life-boat was taken out again to try and save the barge, but it was not possible for anyone

to get on board.—Expense of service, 42*l.* 18*s.* 9*d.*

Dec. 9.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—Soon after mid-day information reached Yarmouth that a Scotch steam drifter was ashore on the Scroby Sands. The Life-boat was launched and in tow of a tug proceeded to the sands, finding the *Primrose*, of Wick, homeward bound, with a crew of ten hands, aground as stated. The Life-boat remained with her for some time, when the Captain and two of his crew made an attempt to lay out an anchor in his small boat. The Life-boatmen warned him of the great risk he ran, owing to the heavy swell, but in spite of all advice to the contrary he persisted. The boat capsized, throwing the three men into the water, and it was with great difficulty they were saved by the Life-boat. Having replaced them on their vessel, the Captain employed the Life-boatmen to save his vessel, and, assisted by the tug, they succeeded in saving both the vessel and her crew, the craft being taken back to Yarmouth.—Property salvage case.

#### COMMITTEE MEETING, 10th Dec., 1908.

Also voted 790*l.* 3*s.* 11*d.* to pay the expenses of the following Life-boat launches, etc., with the view of assisting persons on vessels in distress:—Aldeburgh No. 2, Ballycotton, Broadstairs, Buckie, Caister No. 1, Courtmacsherry, Clovelly, Donna Nook, Dungeness No. 2, Gorleston Nos. 1 and 2, Kilmore, Kingsdowne, North Deal, Pakefield, Palling No. 2, Point of Ayr, Port Erroll, Port Patrick, St. David's, Winterton No. 2, and Yarmouth.

Reported that the Portuguese Life-boat Society, of which Queen Amelia is President, had written expressing its grateful thanks to the Institution and to the Padstow Local Committee for the valuable services rendered to the barque *Europa*, of Oporto, by the Padstow No. 2 Life-boat, on the 8th January, 1908. They also conferred a medal on the Chairman of the Branch (Mr. Sussex Langford), and forwarded 10*l.* to be divided amongst the crew.

Granted 11*l.* 5*s.* for injuries to men

in the Life-boat service at Littlehampton, North Deal, and Port Eynon.

Dec. 10.—FLAMBOROUGH, YORKSHIRE.—*Forester* Life-boat.—A whole S.S.E. gale sprang up causing a rough sea. At 9.30 A.M. a fisherman reported that four fishing cobles were out about three miles from the Head and were in great danger. The Coxswain of the No. 1 Life-boat with all haste launched the boat and proceeded to them. He stood by them as they made for the land and brought them one by one into safety at the north landing.—Expense of service, 14*l.* 18*s.*

Dec. 10.—SOUTHEND-ON-SEA, ESSEX.—*James Stevens* No. 7 Life-boat.—At 10.15 A.M., during a heavy southerly gale and very rough sea, a vessel was observed drifting, with a distress signal in her rigging, towards the shore west of the Pier. The Coxswain of the Life-boat at once assembled his crew, got under weigh and proceeded to the ship. She proved to be the ketch *Canterbury Bell*, of Plymouth, bound from Northfleet to Dunbar with a cargo of cement; she had parted both her anchors and was in difficulties when the Life-boat reached her. The Life-boatmen were employed to save the vessel, and with their assistance the ketch and her crew of four hands were taken into safety.—Property salvage case.

Dec. 10.—CAISTER, NORFOLK.—*Covent Garden* Life-boat.—In the morning the barge *Ernest Piper*, of London, stranded on the main about half a mile to the south of Caister. There was a strong southerly gale at the time and steps were at once taken to launch the Life-boat. Before this could be done the tide and sea swept her off the beach and again drove her ashore about three hundred yards to the north of the station. Prior to this, the crew of three hands had been compelled to take to the rigging, and from this position the Life-boatmen rescued them in a very exhausted condition by means of lines. At 9 P.M. the same night, the barge was again swept off the beach, there being no one on board. The wind was still blowing a gale and the sea was very heavy, but as it was

thought it would be possible to save the barge, the No. 1 Life-boat was launched and put some men on board. The vessel was then secured and taken into Yarmouth Harbour, which was reached at about midnight.—Property salvage case.

Dec. 11.—RAMSGATE, KENT.—*Charles and Susanna Stephens* Life-boat.—The Life-boat was despatched, in tow of the harbour tug, to the north part of the Goodwin Sands shortly after midnight, in response to a wireless telegraph message reporting a vessel ashore. At about 2 A.M. she fell in with a boat containing four men, and shortly afterwards another boat containing six more men, all of whom were rescued. It appeared that a short time previously the men had left their vessel—the pilot-schooner No. 2, of Dunkirk—in the ship's boats as she had gone ashore and the seas were breaking over her. After the men had been picked up the Life-boat made for the schooner, but as she was among the breakers and the tide was ebbing, nothing could be done. The boat then returned to Ramsgate and landed the rescued men, cold and wet through.

Later in the morning the Life-boat and tug again put to sea to try and save the vessel, but she had meanwhile become a total wreck. Expenses paid by Board of Trade.

Dec. 11.—PADSTOW, CORNWALL.—*Edmund Harvey* Life-boat.—The steamer *Mariha*, of Horten, Norway, whilst bound from Algiers to Barry in ballast, broke down when off Trevoise Head. There was a strong N.N.W. gale at the time and the sea was very heavy. In response to the vessel's distress signals the No. 2 Life-boat and the tug *Helen Peele* proceeded to her assistance. It was shortly after 7 P.M. and quite dark when they reached her, but as there was such a heavy sea and the steamer was so close in shore it was not considered prudent to go alongside. The Life-boat and tug therefore remained close at hand throughout the night in case their services should be required to save the crew. At daylight the Life-boat went alongside and seven of the steamer's crew asked to be landed. Other members of the crew went on board a Falmouth tug

which had come to help the vessel, but the Master and Chief Engineer refused to leave their vessel. As there was nothing more for the Life-boat to do, she returned to Padstow and landed the men at about 10 A.M., leaving the disabled steamer in charge of a Cardiff tug. Expenses of service, 43*l.* 15*s.*

Dec. 16.—BEMBRIDGE, ISLE OF WIGHT.—*Queen Victoria* Life-boat.—About 9 P.M. signals of distress were made from a vessel which had grounded on Sharpus Rock, near Bembridge. The Life-boat was promptly launched, and on arrival found *H.M. Torpedo-boat* No. 059 badly holed. The Officer in charge asked the Coxswain to go aboard, and as they had no anchor and cable they borrowed those of the Life-boat to try and steady the vessel and prevent her stern bumping on or near the rocks, which surrounded the vessel. One of the Officers was conveyed to another destroyer which was close at hand as the sea was too rough to use the ship's boat. She then returned and stood by, but clear of the rocks, the Coxswain remaining on board whilst efforts were made to get the vessel clear.

There was a moderate wind at the time of the accident, but it freshened to a gale and the sea increased. The Life-boat stood by the vessel until it was found she was making water and the seas were sweeping her from stem to stern. She then came alongside, encountering considerable difficulty and frequently bumping on the rocks. By means of ropes the crew, fourteen in number, were successfully saved, and when the Life-boat was clear of the broken water they were put on board the other destroyer which was standing by.—Expense of service 43*l.* 13*s.*

Dec. 17.—NEWBURGH, ABERDEENSHIRE.—*James Stevens* No. 19 Life-boat.—At 3 A.M. information reached the Coxswain of the Life-boat that a vessel was in distress to the north of the mouth of the River Ythan. A moderate gale from the southward caused a heavy breaking sea on the bar, and the Life-boat having been launched into the river had to cross this on a pitch dark night. One or two heavy seas were shipped, but the Life-boat behaved well, and the vessel was reached. The crew

of eight hands were successfully rescued and the boat beached abreast of the wreck, the service having been carried out excellently. The vessel was the steamer *Tillydrine*, of Dundee, and was bound at the time of the disaster from Goole to Wick with a cargo of coal.—Expense of service, 42*l.* 6*s.* 6*d.*

Dec. 19.—PALLING, NORFOLK.—*Hearts of Oak* Life-boat.—At 7 A.M. a telephone message was received from the Light-vessel stating that a steamer was aground on the sands. The No. 2 Life-boat was launched and proceeded to the sands, reaching the vessel at 9.30 A.M. She proved to be the s.s. *Tay*, of Hull, bound from Hull to London loaded with iron. The help of the Life-boat was refused, but the Coxswain was requested by the Master to stand by until high water, on account of the heavy sea running. They accordingly did so, and at high water assistance was asked for, but before the Life-boat could get alongside the steamer came off the sands. As it was then no longer necessary for the Life-boat to remain she returned ashore, arriving at 6.45 P.M.—Expense of service, 55*l.* 7*s.* 6*d.*

Dec. 19, 20.—PALLING, NORFOLK.—*Hearts of Oak* Life-boat.—The smack *Marcus*, of Lowestoft, stranded on the Haisboro' Sands and became a total wreck, her crew of five hands escaping in the ship's boat and taking refuge on the Haisboro' Light-vessel. The vessel struck the sands during the evening, and at 8.45 P.M. a message was received from the Light-vessel reporting her signals of distress. Steps were immediately taken to launch the No. 2 Life-boat, and she proceeded to the sands with all possible speed. Before she could get to the smack the crew were compelled to desert her as stated above. As the weather was thick the Life-boat proceeded to the Light-vessel, and finding the crew of the smack there she took them on board and returned ashore.—Expense of service, 44*l.* 15*s.* 6*d.*

Dec. 22.—HOLY ISLAND, NORTHUMBRLAND.—*Grace Darling* Life-boat.—Between 5 and 6 P.M., in moderate but thick weather, signals of distress were observed to the eastward of Holy Island. The No. 1 Life-boat and the rocket apparatus promptly responded. After

about an hour's pull the Life-boat reached Emmanuel Head, where the s.s. *Sailor Prince*, of North Shields, was aground in a most dangerous position among huge boulders. The Captain requested the Life-boat to stand by his ship in the hope of getting her off on the next tide, and about six hours later he succeeded. The Life-boat then returned, regaining her station soon after midnight.—Expense of service, 24*l.* 3*s.*

Dec. 26.—WHITBY, YORKSHIRE.—*John Fielden* Life-boat.—Soon after 3 P.M., when a moderate easterly breeze was blowing, the sea with exceptional suddenness increased to a boiling heavy sea, breaking over both pier ends. The coble *Robert and Mary* having gone to sea in fine weather about 11 A.M., had now to return and was approaching the harbour at about 4 P.M. As it was realised that her passage over the bar would be attended with grave risks to the four men on board, the No. 2 Life-boat was sent to her assistance and escorted her into safety.—Expense of service, 15*l.* —*s.* 3*d.*

Dec. 26.—JOHNSHAVEN, KINCARDINESHIRE.—*Sarah Ann Holden* Life-boat.—Three small fishing boats, belonging to Johnshaven, had put off in the morning for line fishing, and the sea having become very heavy their return was rendered dangerous. At 1.45 P.M. it was seen that it would be impossible for the boat to get into harbour without assistance, the Life-boat was therefore launched and proceeded to them. Fortunately, with the help of the Life-boat, the boats eventually got into safety, although great anxiety was felt for the smallest boat, which was the last to enter the harbour.—Expense of service, 6*l.* 6*s.*

Dec. 26.—STONEHAVEN, KINCARDINESHIRE.—*Alexander Black* Life-boat.—The fishing boats belonging to Newburgh was overtaken by bad weather when out fishing, the E.S.E. wind and sea having increased suddenly soon after midday. Some of the boats managed to get into harbour safely, but it was seen that the others would incur considerable risk, the Life-boat was therefore launched and remained in attendance for about three hours. In some instances great difficulty was experienced, but happily

all the boats were ultimately taken into safety.—Expense of service, 5*l.* 5*s.*

Dec. 27-28.—RAMSGATE AND MARGATE, KENT.—*Charles and Susannah Stephens* and *Eliza Harriet* Life-boats.—The s.s. *Buteshire*, of Glasgow, carrying a crew of fifty-three hands, whilst bound from South America to London, with a mixed cargo, stranded on the south part of the Longsand. The weather was very wild at the time and bitterly cold with heavy snow, the sea being heavy.

The Margate No. 1 Life-boat heard of the disaster soon after 6 A.M. on the 27th December, and at once proceeded to sea. On reaching the vessel, assistance was offered, but the Captain declined it, at the same time asking that they would stand by in case he failed to get his vessel off. They accordingly did so, and subsequently rendered other assistance to those on board. Shortly after noon a message reached Ramsgate stating that a tug was required, and the Life-boat, in tow of the Harbour tug, proceeded to the steamer. The services of the tug were at once accepted, and a rope was passed on board, and together with other tugs towing operations were commenced, and continued until the tide began to ebb. The Ramsgate Life-boatmen were then engaged, and as many as could be spared were put on board to assist the steamer's crew, the others in the Life-boat standing by. At 1 A.M., on the 28th, the Ramsgate tug, assisted by five others, endeavoured for three hours to move the vessel, but without success. They then stood by until 11 A.M., when seven tugs commenced to tow, and at about 4 P.M. the vessel was got off. As the vessel and crew were then out of danger the Ramsgate Life-boat and tug returned to their station, arriving at 7 P.M., having been at sea nearly thirty hours. During the whole of the operations the weather was most trying, very rough and bitterly cold.

The Margate Life-boatmen also had a very trying time, as they were on duty nearly thirty-six hours.—Property salvage case.

COMMITTEE MEETING, 28th Dec., 1908.

Voted 1,544*l.* 8*s.* 4*d.* to pay the

expenses of assemblies, watching, launches, etc., with the view of assisting the crews of the distressed vessels by the following Life-boats, etc.:—Ballantrae, Boulmer, Broadstairs, Campbelltown, Clacton-on-Sea, Cromer, Dover, Dunbar, Dungeness No. 1, Fishguard, Formby, Fraserburgh, Girvan, Gorleston No. 1, Harwich (steam), Kessingland No. 1, Kingsdowne, Kingstown, Kirkcudbright, Mablethorpe, Maryport, Mevagissey, New Brighton (steam), Newlyn, Newquay (Cornwall), New Romney, North Deal, North Sunderland, Palling No. 2, Port Erroll, Porthdinllaen, St. Ives, Sennen Cove, Shoreham, Southend-on-Sea, Stromness, Totland Bay, Uppang, Walmer, Walton-on-Naze, Whitby No. 1, Whithorn, Winchelsea, Winterton No. 2, Worthing, and Yarmouth.

Granted 2*l.* 5*s.* to men injured in the Life-boat service at Buckie and Aldeburgh.

Dec. 28.—SOUTHEND-ON-SEA, ESSEX.—*James Stevens* No. 9 Life-boat.—At 7.30 A.M. a telephone message was received from the Maplin Lighthouse stating that a barque was ashore on the Blacktail Spit, with signals flying which could not be discerned. The crew of the Life-boat were assembled and the boat proceeded to the vessel. On arrival it was found that she was the barque *Kappa*, of Brevik, and that a tug was standing by her. The Life-boatmen were engaged to jettison part of the cargo, which consisted of ice, and at 3.45 P.M. the ship was towed clear and taken up the river, the Life-boat at the same time returning to her station.—Property salvage case.

Dec. 28.—NEWLYN, CORNWALL.—*Elizabeth and Blanche* Life-boat.—On the 27th December it was blowing very strongly from the northward, and the ship *Clan Macpherson*, of Glasgow, in tow, came to anchor windbound in Mount's Bay. Early next morning the wind flew to south-eastward, blowing strongly, and during the day increased to a gale. By the time the ship and tug got under weigh it was blowing half a gale and they made very slow progress. At 2.30 P.M. the ship was close in shore off the Mousehole Island,

when her tow rope parted. The Life-boat, whose crew had been standing by since 2 P.M., was immediately launched, but before she could reach the vessel the tug had got hold of her again. By this time the wind had increased to a gale and the flood tide was setting into Mount's Bay, the tug was unable to do much with the ship and both were carried across the bay towards the eastern shore. The Life-boat intercepted them, and the Captain, on the advice of the Coxswain of the Life-boat, let go his anchors. Just then a schooner was observed running into the bay before the gale and evidently in ignorance of where she was. As the anchors of the *Clan Macpherson* were then holding, the Coxswain told the Captain he was going to the assistance of the schooner, and would return.

The schooner proved to be the *Titania*, of Salcombe, and the Life-boat piloted her into Newlyn Harbour, arriving at 4.30 P.M. She then returned to the *Clan Macpherson*, and as the weather had got much worse, with rain, hail and snow, the Captain decided to leave her. There were twenty men on board, and all were successfully rescued and taken to Newlyn by the Life-boat, arriving at 7 P.M.

Next day the Captain of the *Titania* sent the following letter to the Life-boat crew:—

“Newlyn, 29th Dec., 1908.

“GENTLEMEN,

“In running for Mount's Bay, bound for Newlyn last evening in a gale of wind from the south and very thick, and not knowing my exact position, the Life-boat spoke me and led the way into the harbour safely. Had it not been for the help offered by the Life-boat I feel assured that we should not have reached the harbour, and my vessel would have gone ashore.

“YOURS respectfully,

“(Signed) JOSEPH J. BROWN.

“Master of the *Titania*, of Salcombe.”

—Expense of services 51l. 11s.

Dec. 29.—SENNEN COVE, CORNWALL.

—*Ann Newbon* Life-boat.—At 9 P.M. on the 28th December, the Coxswain of the Life-boat received a telephone message from Tol Peon signal station that a large ship was riding to her anchors, close

in shore, in Porthcurno Bay. At the time a whole S. gale was blowing and a very heavy sea running.

The Life-boat was launched, and proceeded to the scene of the casualty, but after getting within half a mile of the Longships Lighthouse it was found to be impossible to make headway against the wind and sea. The Coxswain was therefore reluctantly compelled to return to Sennen Cove. At 3 A.M. next morning, the wind having shifted, the Coxswain determined to make another attempt. The Life-boat was launched, but had not proceeded far before the wind veered to W.S.W., throwing up a tremendous sea and blowing with great force. So dark was the night that it was impossible for the Coxswain to distinguish the figures of his crew in the boat, and sheets of rain were falling. The sea is described as “mad,” and the wind was so strong outside that from the Longships until the Life-boat reached Porthcurno Bay it was only possible to carry a close reefed foresail, and at times the boat was swept by following seas and filled to gunwale, but she cleared herself well and behaved splendidly. When daylight broke the boat was half a mile south of the Runnel Stone Buoy, the Coxswain therefore hauled her by the wind and fetched right into Porthcurno Bay and alongside the ship, which proved to be the *Fairport*, of Liverpool, of nearly 2,000 tons register, and carrying a crew of twenty hands,

The ship was lying broadside on to the beach inside the head in heavy breaking water, rolling her sides under, and so close in shore that she must have bumped at low water, and the crew had put their life-belts on, apparently anticipating the worst.

The ship had been in tow of a tug, but the tug had sought safety outside during the night, and when the Life-boat arrived there was no sign of her. As the anchors of the vessel were then holding, the Life-boat, at the request of the Captain, stood by her, and about 9 A.M., the weather having moderated slightly, the tug was observed returning to the vessel, but the seas were rolling in with such force that the tug could not approach within 200 fathoms of her.

At the request of the Captain of the ship, the Coxswain of the Life-boat undertook to endeavour to pass a line on board the tug, with the object of connecting the tow-rope. The rope thrown him from the ship proved too short, and he had to fasten up the life-lines on the Life-boat, succeeding eventually in getting them aboard the tug, and by this means the towing hawsers were hauled on board and made fast. Shortly afterwards the vessel slipped her anchors and was towed away. The Life-boat then made for home, but the wind and sea were still so heavy that the Coxswain made for Penzance, where the boat arrived at 1.10 P.M.

The local committee regarded the service rendered by the Sennen Life-boatmen as one of the most gallant ever performed, and specially recommended the Coxswain Superintendent, Mr. Henry Nicholas, to the Committee of Management for some special reward for his pluck and endurance, and the skill which he displayed in controlling the boat under such difficult circumstances. The local press also was loud in their praise of the gallant conduct and the very high seamanship displayed; and the Committee of Management, to mark their appreciation, awarded the Silver Medal, accompanied by a framed copy of the vote inscribed on vellum, to Mr. Henry Nicholas. The following appreciative letter was also received from the Captain of the *Fairport*:

"Mr. H. NICHOLAS,

"Coxswain, Sennen Cove Life-boat.

"Dear Sir,—Your gallant efforts to reach my vessel on Monday night will never be forgotten by myself or anyone on board, and on behalf of my crew and myself I must thank your crew and your good self.

"I have told the owners to forward to you 10l. on my account, to be divided amongst you and your men, who fought so hard to get to us that night. Wishing you all the best of New Years and all happiness,

"I remain,

"Yours very sincerely,

"(Signed) W. A. ARMSTRONG,

"Master, Ship *Fairport*."

—Property salvage case.

Dec. 29.—CAMPBELTOWN, ARGYLL-SHIRE.—*James Stevens No. 2 Life-boat*.—A blizzard of unusual severity visited the west of Scotland at the end of December, and on the night of the 28th the services of the Life-boat were called for to assist two vessels in distress at the head of the Loch. The Life-boat had already been out on service during the day and returned in a very damaged condition, but she was promptly manned. The Honorary Secretary of the Branch, Mr. J. A. Gardiner, took charge in the absence of the Coxswain, who had been hurt on the previous service. The anchor was let go to windward of the schooner *Janes*, which had sunk, and whose crew of three men had taken refuge in the rigging, but owing to the soft nature of the sand the anchor did not hold, and the Life-boat was driven to leeward. Repeated efforts were made to get to the vessel, but owing to the tremendous force of the wind and the sea it was found to be impossible, and at 1.30 A.M. the Life-boatmen were completely exhausted and obliged to give up the task and land.

After coming ashore the Honorary Secretary mustered another crew, and with them spent the remainder of the night under the lee of a small hut waiting for a lull in the gale, which was blowing with hurricane force with blinding snow. At 7.20 a lull came and the Life-boat again made for the schooner, but before she could reach her a shore-boat put off to windward of the wreck and rescued two of the men, but the third had unhappily perished from exposure. The Life-boat then made for the other vessel, which was the ketch *Margaret Wotherspoon*, and landed her crew of three hands.

Although the Life-boat was unsuccessful on the first occasion, everything possible was done to rescue the unfortunate men, and the Committee of Management, in appreciation of the excellent work done and the example set by the Honorary Secretary, presented him with a binocular glass bearing a suitable inscription.—Expense of service, 44l. 6s.

Dec. 29.—KILLOUGH, CO. DOWN.—*John Groome Life-boat*.—During a very cold S.E. gale a telephone message was received stating that a vessel was ashore between Tyrella and Newcastle,

and that Newcastle Life-boat could not go to her assistance. The Killough Life-boat crew were assembled, the boat launched, and in a very heavy sea proceeded across the bay, but failed to find any vessel. They then turned homeward, and when off the Ringmore rocks off Tyrella fell in with the steamer *Galtee More*, of Dublin, belonging to the London and North-Western Railway Company, near in shore in shoal water. The Captain was at once warned of his position and danger and given his course, the weather then being so thick the shore could not be seen. The steamer was bound at the time from Holyhead to Greenore and was carrying passengers and cargo. At times the Life-boat was filled by the heavy seas, but she cleared herself well and behaved splendidly.—Expense of service, 17l.

Dec. 29.—ROBIN HOOD'S BAY, YORKSHIRE.—*Mary Ann Lockwood* Life-boat.—An excellent service resulting in nine lives being saved was performed by this Life-boat in a fresh gale from S.E., a heavy sea and blinding snow. At 9.15 A.M. a messenger arrived and reported a vessel was ashore two miles to the north of the station. The crew were promptly summoned and the Life-boat was

launched. On arrival they found the steam trawler *Reperio*, of Grimsby, she having stranded when bound from the fishing grounds to Grimsby laden with fish. With difficulty the Coxswain had just succeeded in rescuing the men when the Life-boat was struck by a heavy sea and driven into shallow water, three of the oars being broken at the same time. As the boat was surrounded by huge rocks and the Coxswain saw he could not get clear, he decided to beach in the vicinity of the wreck, and this was safely accomplished, the Life-boat being hauled up out of danger and taken back to her station when the weather had moderated.—Expense of service, 42l. 5s.

Dec. 31.—PAKEFIELD, SUFFOLK.—*The Two Sisters, Mary and Hannah* Life-boat.—At 10.20 A.M. the trawler *Boy Nicholas*, of Lowestoft, was observed on the Newcome Sands signalling for assistance, and the Life-boat was promptly launched and proceeded to her. On getting alongside five Life-boatmen were put on board to assist, the Life-boat stood by until the vessel floated and accompanied her to Lowestoft Harbour. The wind was strong at the time and the sea very rough—Expense of service, 23l. 3s.

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a Life-boat man's life-belt are—

1. Sufficient extra buoyancy, 22 lbs., to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.
2. Perfect flexibility, so as to readily conform to the shape of the wearer.
3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.
4. Strength, durability and non-liability to injury.

## SHORE-BOAT SERVICES REWARDED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION IN 1908.

Jan. 9.—Voted the Silver Medal to FREDK. CHARLES HICKS, who by swimming saved, at imminent risk of his own life, the Captain of the schooner *Thomas W. Lawson*, of Boston, who had been washed on to the Helwether rock after the vessel was wrecked at the Scilly Islands on the 13th December, 1907. The sum of 12*l.* was also voted to the men who manned the shore-boat by means of which the rescue was effected.

Jan. 9.—Three men saved, at moderate risk to themselves, a man whose boat was capsized off Burton Port, in squally weather, on the 2nd December, 1907.—Reward, 1*l.* 10*s.*

Jan. 9.—Three men saved, at considerable risk, two persons from the boat *Eleanor Mary*, which broke from her moorings in Lynmouth Harbour during a S.W. gale on the 5th December, 1907.—Reward, 2*l.* 5*s.*

Seven other men assisted in the work of rescue, and they, together with a man who was hurt, were allowed 1*l.* 13*s.* 6*d.*

Jan. 9.—Two men saved a sailor belonging to a vessel in Skerries Harbour, who was adrift in a boat without any oars on the 23th December, 1907. There was a moderate E.S.E. gale with a rough sea at the time, and the salvors incurred moderate risk.—Reward, 1*l.*

Jan. 17.—A man saved, at moderate risk to himself, one of two men from a boat belonging to a pilot cutter. The salvor was cruising off the Lizard when he saw the boat, which was swamped, with the two men clinging to her. Every effort was made to save the second man but without success.—Reward, 1*l.*

Jan. 27.—Eight men saved, at moderate risk to themselves, two of three men whose coble capsized off Flamborough in a sudden squall.—Reward, 9*l.*

Feb. 5.—Two men put off in a boat at Clacton-on-Sea to search for a man who was reported adrift in a boat. The boat could not be found.—Reward, 1*l.*

Feb. 11.—Ten men promptly put off in a boat and saved two men whose boat was capsized about four miles to the N. of Berwick-on-Tweed in heavy weather.—Reward, 11*l.* 5*s.*

One of the men, named ALEXANDER ARCHERSON, at the risk of his own life, gallantly saved his comrade, and was awarded the Silver Medal and 3*l.*

Feb. 13.—Five men saved, at great risk, the fishing boat *Caledonia* and her crew of three men on the 6th January. The *Caledonia* was dismasted and unmanageable in a whole westerly gale and heavy cross sea off Montrose.—Reward, 5*l.*

Feb. 19.—Four men promptly saved four men from a salmon yawl, which had capsized in Youghal Bay in a strong N.W. wind and rough sea.—Reward, 2*l.*

Feb. 25.—Six men saved the fishing vessel *Regalia*, of Douglas, and her crew of five hands, which was disabled in a N.N.W. gale and rough sea off Douglas.—Reward, 3*l.*

March 12.—Ten men saved six persons from the s.s. *Mandalay*, of Hull, wrecked owing to foggy weather to the south of Robin Hood's Bay on the 14th February.—Reward, 5*l.*

April 2.—Four men put off in a boat from Ardrossan, and saved a man named A. Muir from Horse Island.—Reward, 1*l.*

In this case Muir had gone with two other men to their lobster pots, when a heavy sea swamped the boat and washed out one of the men. Muir at once dived after him, and conveyed him to a rock. In the meantime the boat foundered; Muir thereupon proceeded to search for the other man but without avail. He then returned to the rock, only to find that the man whom he had originally rescued had been washed away and drowned. He then made for Horse Island and made signals, and in response the four men went off and saved him. The Committee granted Muir 3*l.* in recognition of his gallant attempts to save his companions.

May 2.—Nine men and seven men at Hornsea and Withernsea respectively put off in cibles for the purpose of assisting the crew of a vessel supposed to be in distress off Aldeburgh, in calm but foggy weather, on the 2nd May. Three other men assisted in launching one of the boats.—Reward, 8*l.* 6*s.*

May 14.—Four men saved five persons whose boat capsized and sunk, in a strong southerly breeze and rough heavy sea in Pentland Firth on the 16th March. The salvors were fishing in a similar sized boat and incurred considerable risk.—Reward, 4*l.*

May 31.—Five men landed the crew of five hands and subsequently stood by the fishing boat *Star of the Sea*, of Sligo. The vessel stranded on the rocks near Aranmore, and the men by going to her assistance lost their fishing.—Reward, 1*l.* 17*s.* 6*d.*

June 4.—Three men put off in a boat at Peterhead and saved one of the crew of the trawler *Concord*, which stranded on the rocks near the harbour in a strong N.W. breeze and heavy sea on the 27th August, 1907.—Reward, 1*l.* 10*s.*

June 4.—Two men at Peterhead rescued two of the crew of the steam trawler *Ben Ledi*, of Aberdeen, wrecked off Peterhead in a moderate S.E. breeze but very heavy ground swell on the 1st May. The boat used was damaged to the extent of 1*l.*, which was defrayed by the Institution. The remainder of the crew were saved by rocket apparatus.—Reward, 1*l.* 10*s.*

June 6.—Five Spittal fishermen promptly put off in a coble and rescued two men from the smack *Rejoice*, which had stranded on the rocks to the north of Berwick Harbour at about 4 a.m. There was a strong N.N.E. breeze, with a rough to heavy sea, and the salvors incurred moderate risk.—Reward, 5*l.*

July 2.—Three men put off in a boat and, at slight risk to themselves, rescued a Norwegian sailor who was adrift in a boat without either anchor or thole-pins near Appledore.—Reward, 7*s.* 6*d.*

July 9.—The crew of the steam drifter *Vintage* saved the crew of six hands of the fishing boat *Speedwell*, of Wick, off Buckie (Cluny) Harbour, on the 8th June. The *Speedwell* was being towed, with other boats, to the fishing, when her tow-ropes broke and she drove on to the rocks. The master of the drifter with very commendable promptness proceeded to the spot, lowered his boat with four men in her, veered her down to the wreck and rescued the men.

There was a rough and choppy sea at the time, and the fishing boat had foundered within a very short time of striking the rock.

Voted a letter of thanks and 1*l.* to the master of the drifter, 10*s.* each to the four men who manned the small boat, and 5*s.* each to the remainder of the crew, four in number.

July 9.—The crew, twenty-two in number, of the private Life-boat *Henry Ramey Upcher*, put off in a strong N.N.W. breeze and rough sea and landed eight men from four crab boats which were in danger off Sheringham on the night of the 5th June.—Reward, 11*l.*

July 14.—Two men promptly put off in a boat and rescued a gentleman visitor who, in a strong S.W. wind and rough sea, had drifted in a small boat a long way to leeward off Clovelly.—Reward, 10*s.*

July 20.—A man promptly put off in a boat and at slight risk rescued one of two lads whose boat was capsized in a moderate W.S.W. breeze and smooth sea off Port Charlotte, Islay. The other lad unfortunately perished before help reached him.—Reward, 10*s.*

Aug. 13.—Voted the thanks of the Institution, inscribed on vellum, and 1*l.* each, to JAMES E. MIFFIELD, WILLIAM STORRY, and WILLIAM STORRY, junior, for gallantly saving the crew of three men of the coble *Chance II*, of Whitby, which was capsized in a very heavy ground sea off Whitby on the 15th July.

The salvors, observing the accident, proceeded, at great risk to themselves, to the assistance of the men, and when effecting the rescue their coble became entangled in the nets belonging to the sunken boat.

Aug. 14.—Four men saved, at some risk in a strong tideway, two persons whose boat had been capsized off Exmouth.—Reward, 2*l.* 10*s.*

Aug. 20.—A man promptly rescued two men whose boat was capsized off Exmouth in moderate weather. The salvor's boat was damaged and the cost of the repairs, amounting to 1*l.*, was defrayed by the Institution.—Reward, 10*s.*

Aug. 24.—Two men very promptly saved a man whose boat was drifting to sea near the Annat Bank off Montrose, in moderate weather.—Reward, 10*s.*

Sept. 4.—A man saved three persons whose boat was capsized and sunk in a strong N.N.W. breeze and moderate sea, off Pwllheli.—Reward, 5*s.*

Sept. 8.—Seven men promptly put off in a boat and rescued two lads from a rock on which their boat had been damaged in a strong northerly gale and rough sea off Green-castle.—Reward, 2*l.* 12*s.* 6*d.*

5*s.* was also allowed to defray the cost of replacing an oar which was broken.

Sept. 10.—Voted 2*l.* to the Master and 10*s.* to each of the crew of the tug *Imperial*, of Lowestoft, for taking the tug on to the edge of the Newcome Sands and saving three boys adrift in a boat, in a strong W.S.W. breeze and very heavy sea, on the 27th August.

Sept. 10.—The Coxswain of the Angle Life-boat promptly saved four men whose small boat was capsized between Milford and Angle, in fine weather, on the 4th August.—Reward, 10*s.*

Sept. 10.—Three men saved, at considerable risk, a visitor who in a small boat was drifting towards the Newcome Ridge, off Lowestoft, in a strong northerly wind and tide, on the 13th August.—Reward, 3*l.*

Sept. 26.—Two men saved, at slight risk to themselves, three of four persons from a small boat belonging to the brigantine *David Rees*, of Dublin, in Dingle Harbour. The four men were laying out a stream anchor when the boat was damaged and sank, and one of the men was unfortunately drowned before help could reach them.—Reward, 15*s.*

Oct. 1.—Five shore-boats were sent out to search for a missing boat containing two persons at Port Erin. No trace of the boat could be found, and her occupants were not heard of.—Reward, 6*l.* 10*s.*

Oct. 8.—Two men put off in two boats and saved three persons from a coble which struck the East Scar rocks off Redcar and was stove in, in a strong westerly wind and choppy sea, on the 7th September.—Reward, 10*s.*

Oct. 17.—Two men saved, at moderate risk, two men, whose boat had become unmanageable and was driven dangerously near to the South Pier, Penzance, in a strong S.S.E. breeze and rough sea. The accident was caused through one of the oars breaking.—Reward, 1*l.*

Nov. 12.—Voted an aneroid barometer, mounted on a shield and bearing a suitable inscription, to Captain OWEN PRYDLE, Captain HARRY CARE, Mr. EVAN JENKINS, and Mr. CHARLES RUSSELL, for displaying conspicuous bravery on the occasion of the wreck of the barque *Amazon*, on the Margam Sands, Port Talbot, during a W.S.W. hurricane on the 1st September.

Six men went into the heavy surf up to their necks among a great deal of wreckage, and rescued six men who had jumped overboard from the wreck.—Reward, 12*l*.

Nov. 12.—Voted the Silver Medal to Mr. PATRICK MONAN, a binocular glass bearing an inscription to Mr. JOHN MCCAUSLAND, and the sum of 2*l*. each to three other men; the award in each instance being accompanied by a vote of thanks inscribed on vellum and framed, for their gallant services in saving, at great risk to themselves, the crew of eleven hands of the barque *Trientalis*, of Gothenburg, wrecked in a S.E. gale and very heavy sea, at Ballyquinton Point, co. Down, on the night of the 26th September.

Nov. 12.—Voted a binocular glass with an inscription to Captain J. SCOTT, of the tug *Marsden*, 2*l*. each to the Mate and two pilots, and 10*s*. each to seven other men on board for their prompt and meritorious services in rescuing the crew of twenty-four hands of the s.s. *Abasoto*, of Bilbao, wrecked on the Whitestone Rock, near Sunderland, in thick weather, a S.E. gale and heavy sea, on the 19th October.

Nov. 12.—Eleven men saved, at moderate risk, the crew of thirteen hands of the steam trawler *Leipsig*, of Bremen, wrecked on the Farne Islands, in moderate weather, on the 18th September.—Reward, 2*l*. 15*s*.

Nov. 12.—Three men promptly put off in two boats and saved two persons whose boat was capsized by a sudden squall near North Shields, on the 17th September.—Reward, 15*s*.

Nov. 12.—Four men saved five persons whose boat was stove in on some piles and sunk at the eastern entrance of the Admiralty Harbour at Dover, in fine weather at 11 P.M., on the 3rd October.—Reward, 4*l*.

Nov. 12.—A man promptly saved another man whose boat was capsized and was on the

point of sinking, in a strong S.W. breeze and moderate sea, off Yarmouth, on the 14th August.—Reward, 10*s*.

Nov. 19.—Two men saved two fellow-fishermen whose boat, the *Catherine*, capsized in a stormy N.N.W. wind and high sea off Clovelly.—Reward, 1*l*. 10*s*.

Nov. 24.—The Margate Life-boat crew launched the skiff *Moss Rose* and searched for a man missing from a boat belonging to the s.s. *T. W. Stuart*, which capsized in a S.W. moderate gale and choppy sea, off Margate.—Reward, 10*l*. 15*s*.

Nov. 24.—Ten men put off in the private surf-boat at Arbroath, and at moderate risk saved the fishing-boat *Hesperus* and her crew of five hands, in a S.W. gale and rough sea. The fishing-boat had been driven on to the rocks near the harbour.—Reward, 5*l*.

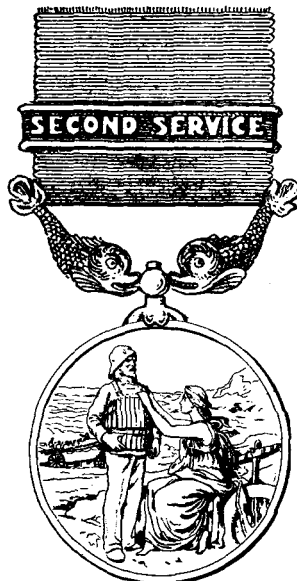

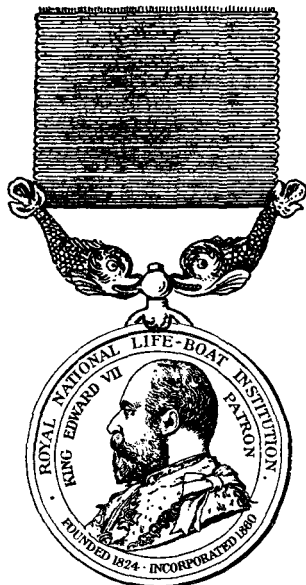

Nov. 24.—Five men put off in a boat to assist the schooner *Flower of Portsoy*, in very bad weather off Holyhead, on the 22nd and 23rd November. On the first occasion the weather was so unusually severe that they were unable to reach the vessel. Next morning the weather moderated a little, and they again went off, when the master of the vessel declined any assistance.—Reward, 3*l*. 10*s*.

Dec. 10.—Granted an additional 2*l*. 5*s*. to three men in connection with a shore-boat rescue off Lowestoft on the 27th November, 1907.

Dec. 10.—The crew of the Caister No. 1, after assembling for service during a strong S. gale and heavy sea, found it was unnecessary to launch the Life-boat, as the vessel—the barge *Ernest Piper*, of London—drove up on to the shore. They therefore got into communication with the vessel and saved the crew of three men by means of lines.

THE  
**MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,**  
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

*Obverse.*—Bust of His Majesty KING EDWARD VII. Double Legend: “Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. King Edward VII. Patron.”

*Reverse.*—Figure of Hope assisting Coxswain-Superintendent of Life-boat to buckle on his life-belt, and wishing him and his crew “God speed.” Life-boat manned in distance ready to launch, and awaiting the instructions of the Coxswain-Superintendent. “G. W. de Saulles.”

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a List of the GOLD and SILVER MEDALS which have been voted by the Committee of Management of the Institution since its establishment on the 4th March, 1824 to the 31st Dec., 1908, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts, etc., have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution. The total number of Medals and Clasps granted by the Institution is 1,362, of which 101 were in Gold, and 1,261 in Silver.

*Note.*—The asterisk (\*) after the name denotes the reception of a Gold Medal or Clasp. The figure after the name signifies the number of honorary distinctions received from the institution. Abbreviations.—C.G.—Coast Guard. R.C.—Revenue Cruiser. M.M.—Master Mariner.

## THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 280 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats and in rewarding them for their services in saving, or attempting to save, their fellow-creatures. Yet, looking to the vast importance of the result effected and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

### THE LIFE-BOAT.

*(See Diagrams on following pages.)*

The following drawings show the general outline and principal fittings of the different types of Life-boats used in the Institution's service. Figure 1 gives the profile or broadside view. Fig. 2 the "plan" or deck view. Fig. 3 the "body plan," showing the form of transverse vertical sections at regular intervals in the length; and Fig. 4 the "midship section." The festooned lines on the Fig. 1 profile views represent outside lifelines for men in the water to catch hold. The blackened portion of the keel indicates "iron keel" ballast in distinction from "water ballast" carried in "tanks" or compartments provided in the hold for the purpose, and admitting of being taken in or pumped out at pleasure; both "iron" and "water ballast" are variable and optional in the several boats according to the special circumstances of the different stations and wishes of the coxswains and

crews. Water shipped on deck by seas breaking over the boat and otherwise is automatically freed through the holes in the deck and bottom of boat, connected by large pipes called "relieving tubes" having valves called "relieving valves" fitted at the deck, which pass water downwards but not upwards. Some boats, such as the "Norfolk and Suffolk" type, have also freeing scuppers in the sides of boat above deck for the same purpose. Enclosed compartments are automatically ventilated by specially designed valves and pipes. A large proportion of the boats have "centre boards" or "drop-keels" of variable size and weight, which can be used at pleasure and materially add to their weather qualities.

## THE LIFE-BOAT TRANSPORTING-CARRIAGE.

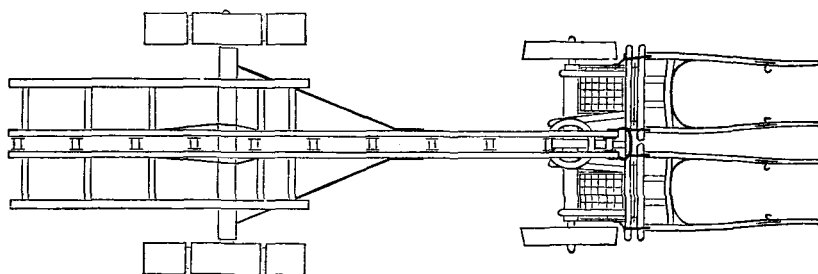

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger sizes, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be. In addition to its ordinary use, a carriage is of immense service in launching a boat from a flat beach; while "Tipping's plates," with which the main wheels are sometimes clad, greatly facilitate the transport of the boat over the long stretches of soft sand which have to be traversed before deep enough water is reached to float the boat.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

## THE LIFE-BOAT HOUSE.

The boats of the ROYAL NATIONAL LIFE-BOAT INSTITUTION and all belonging to them are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains and under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.* and an assistant at 2*l.* a year, with further allowances in special circumstances. The crew consists, in addition, of a bowman who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum and payment as a helper each time he is on duty. The members of the volunteer crews are usually registered and wherever practicable at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or coastguardmen. On every occasion of going afloat to save life the coxswains and each of the crew receive alike from the funds of the Institution 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October and ending the 31st March. The Institution also grants retiring allowances to coxswains, bowmen and signalmen of good behaviour and long service. It should be specially noted that the Life-boat crews, excepting when remunerated by the owners of vessels for property salvage service, are paid by the Institution for their efforts, *whether successful or not*, in saving life.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a coastguardman on duty or other responsible look-out man.

On boarding wrecks the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat contrary to the coxswain's orders he is authorised to throw them overboard.

The formation of a Life-boat Station costs at least 2,000*l.*, and the Annual Expense of maintaining it is about 125*l.*—in many instances much more.

Such is a brief summary of the more important Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

THE ROYAL NATIONAL LIFE-BOAT INSTITUTION has now 280 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked persons. Altogether, the Institution has—since its establishment on the 4th March, 1824—granted rewards for the saving of 47,983 lives, either by its Life-boats or by other means.

Despite however this fleet of 280 Life-boats and of 17 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that about 500 lives are lost annually on or near the coasts of the United Kingdom alone, as shown by the Board of Trade Returns, proclaiming solemnly though silently that for humanity's sake and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs about 100,000*l.* per annum to maintain its great Life-saving Fleet; and the Committee of Management feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.
