JOURNAL

OF THE

Royal National Life-boat Institution.

(ISSUED QUARTERLY.)

VOL. XXI.—No. 236.]

2ND MAY, 1910.

[PRICE 1s.

AT the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at the Royal United Service Institution, Whitehall, on Tuesday, the 15th day of March, The Right Honourable the EARL OF CREWE, K.G., in the Chair, the following Report of the Committee of Management was submitted and adopted:—

ANNUAL REPORT.

1910.

THE important life-saving work of the ROYAL NATIONAL LIFE-BOAT INSTITUTION was carried out during the past year with continued and earnest activity and efforts were made to fully maintain, and to increase if possible, the efficiency of the service.

The Committee of Management have to advert with the deepest regret and sorrow to the great loss which the Institution sustained on the 13th March, 1909—as reported at the last Annual Meeting—by the sad and almost sudden death of their valued Deputy-Chairman, the Earl of Hardwicke. Lord Hardwicke had for many years taken a very active and keen interest in the Life-boat cause, and his death was a great grief to all who had been associated with him. The vacancy in the Deputy-Chairmanship has since been filled by Sir John Cameron Lamb, C.B., C.M.G.

They have to record the retirement on a well-earned pension of their Chief Inspector of Life-boats, Commander St. Vincent Nepean, M.V.O., R.N., who served the Institution with the

greatest energy and devotion for thirty years. This retirement is felt as a great loss and is deeply regretted by all concerned in the management of the Institution.

On the 9th June, H.R.H. the Prince of Wales, Vice-Patron and President of the Institution, accompanied by H.R.H. the Princess of Wales, Vice-Patron of the Institution, was present at a launch of the Life-boat stationed at Newquay, Cornwall. The occasion was one of very considerable local importance and the Royal interest thus again evinced in the work of the Institution cannot fail to be of the utmost benefit and help to the Life-boat cause.

Life-boats.—Three additional motor Life-boats were sent to the coast last year, one of which went to Stronsay, a new station established in the Orkneys and the others to Fishguard and Stromness. It is gratifying to know that they have given satisfaction to the crews at the stations at which they have been placed. One of these boats has already

been instrumental in saving life. Other motor Life-boats are in course of construction. New sailing boats were also supplied to various stations in need of them, the coxswains and crews being, as usual, fully consulted as to the type of boat in which they had most confidence.

The following is a list of the new boats of all kinds sent to the coast during the year:—

Alnmouth	Northumberland.
Blackrock	Co. Louth.
Cresswell	Northumberland.
Eyemouth	Berwickshire.
Fishguard (motor)	Pembrokeshire.
Holy Island No. 1	Northumberland.
Llanddulas	Denbighshire.
St. Agnes	Scilly Islands.
Stromness (motor)	Orkneys.
Stronsay (motor)	Orkneys.
Thurso	Caithness-shire.
Uppang	Yorkshire.
Winterton No. 2	Norfolk.

At the end of the year 1909, not reckoning Boats in the Reserve, the fleet of the Institution consisted of 270 sailing and pulling Life-boats, 7 motor Life-boats, 4 steam Life-boats and 1 steam tug, making a total of 281 Life-boats and 1 steam tug at Stations on the coast.

Transporting Carriages.—Several new transporting carriages were built and sent to the coast during the year.

Life-buoys.—It will be remembered that in 1906 the Committee of Management introduced into the service Kapok life-belts, which, while possessing all the advantages of the cork life-belt, were found to be much more comfortable for the Life-boatmen to wear, besides affording warmth and protection from the weather. The Committee, encouraged by the success of the new life-belt, have lately taken steps to supply the Life-boats with Kapok life-buoys which will, they are sure, prove superior in many ways to the cork life-buoys. They have not done this without careful experiment, the result of which is to satisfy them that the Kapok buoy is lighter to handle and

has greater buoyancy which it retains longer than those hitherto in use.

Inspection of Life-boats.—All the stations of the Institution were very carefully inspected in 1909, a report in each case being submitted to and fully considered by the Committee of Management. Wherever necessary, both the boats and their stations were overhauled, repaired and placed in a state of complete efficiency.

Shipwrecks.—The past year, particularly the earlier and later months, provided plenty of work for the Life-boat crews, and it is very gratifying to be able to report that notwithstanding the many occasions on which the Life-boats were launched not a single Life-boatman lost his life on duty.

The heaviest gales of the year occurred on the 26th–29th October, and 21st–23rd December. On the first occasion, 25 Life-boats were launched and 22 lives were saved, besides which a vessel was saved and 3 persons were landed. On the occasion of the second gale 25 Life-boats were also launched, resulting in the saving of 42 lives and a vessel, assistance being rendered to 7 other vessels.

Between the 1st January and the 31st December inclusive, the Life-boats were launched 429 times on service, being manned by 6,087 men, and 1,075 times for exercise, the crews numbering 14,788 men; in addition to which the crews were assembled in readiness for service 60 times when fortunately it was found unnecessary to launch.

The number of lives, for the saving of which by Life-boats the Committee of Management granted rewards in 1909 was 434, they also granted rewards for the saving of 210 lives by shore-boats and other means, thus making a total of 644 lives saved during the year. The Life-boats were instrumental in saving 43 vessels and boats.

The following table furnishes the

details of the services during each month of the year :—

Note.—Prior to 1853 the lives saved by Life-boats, Shore-boats, etc., were not separately recorded.

Rewards.—The rewards bestowed by the Institution in 1909 for rescuing lives from shipwreck or for praiseworthy and gallant attempts at rescue and in recognition of other good services rendered to the cause, included 8 Silver Medals and clasps, 1 Decoration, 15 Binocular Glasses, 4 Aneroid Barometers, 23 Votes of Thanks inscribed on vellum and framed, 7 Certificates of Service framed, and 11,994*l.* 19*s.* 8*d.* in money payments, including pensions, retiring allowances, gratuities and compensation for personal injuries or loss sustained in the service.

At the close of 1909 the Institution had granted since its foundation in March, 1824, 101 Gold Medals and Clasps, 1,269 Silver Medals and Clasps, 69 Decorations, 412 Binocular Glasses, 15 Telescopes, 90 Aneroid Barometers, 1,916 Votes of Thanks inscribed on vellum and framed, 213 Certificates of Service framed, and 298,177*l.* in money, including pensions, retiring allowances, payments for injuries, etc.

Aneroids.—In 1909, the Institution supplied, at a considerable reduction in price, 60 Aneroid Barometers. Of these 55 were sold to fishermen and 5 to coasters. Since 1882 the Committee have issued 5,099 of these instruments.

Local Committees.—The work of the Local Committees has not been easy during the past year owing to the prevailing depression in trade; and the very grateful thanks of the Committee of Management are tendered to them and their officers for their continued zeal and most valuable co-operation, without which the work of the Institution could not be properly and efficiently conducted. It must be borne in mind that the Branch Local Committees on the coast take charge of the Life-boats and are largely responsible for their action and this important responsibility is accepted by them in addition to the

very necessary work of collecting funds towards maintaining their stations.

Life-boat Saturday Fund.—The Central Committee, the District Committees and the Local Committees have continued to do very valuable work in raising funds for the Institution, and the best thanks of the Committee are due to them for their enthusiastic and generous support.

Public Authorities.—Once more the Committee would express their gratitude to the various Light-house and Light-vessel authorities, which include the Elder Brethren of the Trinity House, the Commissioners of the Northern and Irish Lights, as well as other public bodies, for their continued co-operation and help. Also to the Postal Officials and His Majesty's Coastguard, whose invaluable services, more especially in connection with the electrical communications established on the coast for life-saving purposes, and the watching of the coast, have continued to be of the greatest utility. They cannot too strongly urge the necessity for maintaining an efficient system of watching by the Coastguard.

Public Press.—The continued generous advocacy and support of the Public Press has been of the utmost importance to the Institution and is very gratefully acknowledged.

Inventions.— Various suggestions and inventions have been submitted during the past year, and have received the careful attention of the Committee who are always on the look-out for any improvement which may tend to increased efficiency.

Finances.—The amount received by the Committee of Management in 1909 in annual subscriptions, donations, dividends, etc., including 19,351*l.* 16*s.* 4*d.* from the Life-boat Saturday Fund,

was 78,702*l.* 5*s.* 11*d.*, an increase of 5,313*l.* 9*s.* 10*d.* as compared with the corresponding total of 1908. In addition, 47,159*l.* 14*s.* were received in legacies, of which 13,762*l.* 3*s.* 3*d.* was for special trusts or specified purposes. 353*l.* 12*s.* 6*d.* were also received in gifts specially earmarked. Were it not for the valuable help received by the Institution in legacies its great work could not be carried on efficiently, inasmuch as the moneys received from the other sources of revenue are inadequate for the purpose.

The total expenditure in 1909 was 94,846*l.* 7*s.* 6*d.* This amount included 38,133*l.* 5*s.* 3*d.* for building, equipping and repairing Life-boats, Life-boat transporting carriages, Life-boat houses and slipways; 17,133*l.* 1*s.* 7*d.* for subsidies for non-self-supporting stations, branch outlays, aneroids for fishermen and coasters, life-belts and other stores and the store-yard; 32,847*l.* 16*s.* 6*d.* for payments to coxswains, bowmen and signalmen, to crews, etc., for services and for exercising the Life-boats, for special rewards and recognitions for services; grants to the relatives of deceased Life-boatmen, and for injuries, for pensions, and other retiring allowances to coxswains, bowmen and signalmen; for medals and vellums; also for payments to the inspecting staff. The balance was expended on printing, advertising, postage, telegrams and stationery; on salaries, rates, taxes, office expenses and legal charges connected with be-

quests and leases. Each item of receipt and expenditure has been examined and verified by Mr. Albert W. Wyon, Chartered Accountant, of the firm of Messrs. Price, Waterhouse & Co.

During the year the Committee in accordance with the now almost universal practice, sanctioned a pension scheme for the permanent headquarters officials of the Institution on the lines of the system adopted in the Civil Service of the Crown. They had been urged to do so by many of the subscribers and they are satisfied that in adopting such a course, which they felt was right and just, they had the fullest concurrence of the Governors.

The Institution is now entering on the Jubilee Year of its Royal Charter of Incorporation and the Committee of Management feel that they may avail themselves of the occasion to make a special appeal for financial help, to enable them to meet the growing needs of the Institution, and to take advantage of the improvements which science is offering. The supply of Motor Life-boats in suitable localities, for the purpose of promoting the aims of the Institution, must inevitably bring about an increase of expenditure; and the Committee venture to ask for increased support from the generosity of the Public, so that their efforts to maintain efficiency in the great national life-saving service which has been committed to their care may not be in any degree in vain.

The Royal National Life-Boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 22 Charing Cross Road, London, W.C.

GOD HELP OUR MEN AT SEA.

List of the Rewards

FOR SAVING LIFE FROM WRECKS

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1909, INCLUSIVE.

Jan. 7.—THURSO, CATHNESS-SHIRE.—*Co-operator No. 3* Life-boat.—A fierce W.N.W. gale sprang up shortly before midnight and increased as the night advanced. At about 1 A.M. the ketch *Resolute*, of Newcastle, which was at anchor in the roads, made signals of distress as the three men on board

feared that she would drag her anchor and strand. The crew of the Life-boat were promptly assembled and rescued the endangered men, regaining the shore at about 4 A.M.—Expenses of service, 22*l.* 16*s.*

Jan. 8.—NEW ROMNEY, KENT.—*James Stevens No. 11* Life-boat.—At

12.15 A.M. information was received that the master of the barquentine *Malpas Belle*, of Truro, which had been beached during the previous day at Littlestone in a leaking condition, had remained on board and was then making signals of distress, as he was in danger. The Life-boat was launched and proceeded to the vessel; they found she was being swept fore and aft by green seas, and that the master had been obliged to take refuge on the end of the bowsprit as he was afraid of the mast going by the board. From this unpleasant position he was rescued and the Life-boat returned to her station. During this service a moderate northerly gale was blowing with a very heavy sea running.—Expense of service, 38*l.* 11*s.*

Jan. 8.—**NEWBIGGIN, NORTHUMBERLAND.**—*Ada Lewis* Life-boat.—Seven of the fishing cobles belonging to Newbiggin were overtaken by tempestuous weather. There had been a strong swell all the morning, with the wind in the N.N.E., and some of the other boats put back without shooting their lines, but these seven were endangered whilst returning. The Life-boat was launched at about 10 A.M., and stood by the cobles until all were in safety. One of the seven boats had to land at Blyth and another at Hauxley.—Expense of service, 7*l.* 6*s.* 3*d.*

Jan. 8.—**HAUXLEY, NORTHUMBERLAND.**—*Mary Andrew* Life-boat.—The fishing coble *Annabell*, of Newbiggin, was observed in distress about a mile from the shore shortly before 11 A.M. and it was seen that she was unable to get into the Haven. The wind had increased to a whole gale, and the sea was very heavy. The Life-boat was launched with great promptness and reached the coble just in time to prevent her being dashed on to the rocks. A rope was made fast, and the coble and her crew of three hands towed into safety. The service was a very smart one, and the great promptness of the Life-boatmen undoubtedly saved the men's lives, as a delay of two or three minutes would have been too late.—Expense of service, 12*l.* 3*s.*

Jan. 8.—**ABERSOCH, CARNARVONSHIRE.**—*Oldham* Life-boat.—One of the crew of the ketch *Leader*, of Bideford, went mad

whilst the vessel was lying at anchor in St. Tudwells roads. The master of the ketch, having locked the man in his cabin, came ashore for assistance, but the man managed to escape and was seen running about the deck; the master therefore was obliged to return. By this time the wind, which was northerly, increased to a gale, and it was not possible to do anything further in the ship's boat, signals of distress were therefore made from the vessel and the Life-boat was launched. She proceeded to the ketch, conveying a medical man and police officer to her. At the request of the master the demented man was secured and brought ashore together with the master.—Expense of service, 14*l.* 1*s.* 3*d.*

Jan. 8.—**MOELFRE, ANGLESEY.**—*Star of Hope* Life-boat.—During an exceptionally severe northerly gale and very heavy sea signals of distress were observed from the brigantine *Walter J. Cummins*, of Irvine, which lay off Moelfre weather bound, whilst bound from Wicklow to Garston. The Life-boat was promptly launched and after considerable manœuvring succeeded in rescuing the crew of five hands. Before she could regain her station, further distress signals were seen on the schooner *James Williamson*, of Lancaster; the Life-boat at once proceeded to her, and found the four men on board were in danger. They were accordingly taken into the boat, which then made for home arriving without mishap at about 4 P.M.—Expense of service, 14*l.* 1*s.* 6*d.*

Earlier in the day the steamer *Hawthorn*, which had also been in the bay, got under weigh and stood out to sea, but the captain after proceeding a short way put back again into the bay and anchored. The gale was increasing and, the sea getting worse, the steamer began to drift shorewards. About 5 P.M. she made signals of distress, and in response the crew of the Life-boat were re-assembled and the boat again put to sea. Although the steamer was only about a mile and a quarter away it took the Life-boat nearly an hour to reach her. They found there were seventeen men on board, and by means of ropes all were successfully rescued and conveyed ashore.—Expense of service, 24*l.* 19*s.*

Jan. 8-9.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—A few minutes after 8 P.M. the Coastguard reported that distress signals were being fired from the St. Nicholas Light-vessel, and without delay the No. 1 Life-boat was launched. They found the brigantine *Rapid*, of Faversham, at anchor in the roads, she having been run into by a foreign vessel which, in the prevailing gale, had parted from her anchors. The main rigging of the *Rapid* was carried away on the port side and her side stove in, leaving her in a perilous state in the existing conditions of weather. The crew of seven hands had taken to the starboard rigging, and with considerable difficulty they were rescued. Having got them safely on board, the Life-boat returned to Gorleston and landed them at about 10 P.M.—Expense of service, 44*l.* 19*s.* 6*d.*

The gale continued throughout the night with snowstorms, and shortly before 6 A.M. information was received that the Life-boat was again wanted, a vessel having been burning signals near the Corton Light-vessel. The *Mark Lane*, in tow of a tug, at once proceeded to the sands, and in the broken water found the smack *Our Boys*, of Lowestoft, and the crew of five hands in the ship's boat hanging on to the wreckage above water. The men were rescued and landed at Lowestoft, the Life-boat then returning to Gorleston in tow of the tug which had taken her to the sands.—Expense of service, 58*l.* 11*s.*

Jan. 8.—FISHGUARD, PEMBROKE-SHIRE.—Reserve Life-boat.—During a strong N.E. gale in the evening one of the anchor chains, to which the schooner *Unity*, of Carnarvon, was lying at anchor in a dangerous part of Fishguard Bay, parted. There were four persons on board the schooner, and as they feared that in the heavy sea the other chain might carry away and the vessel be dashed on to the rocks, they made signals of distress. The Life-boat was launched and rescued the men, landing them at the new Ocean Quay Jetty at about 10.30 P.M. Such a heavy sea was running that the Life-boat could not be replaced in her house. She was accordingly left at moorings for the remainder of the night.—Expense of service, 24*l.* 15*s.*

Jan. 9.—FLAMBOROUGH, YORKSHIRE.—*Matthew Middlewood* Life-boat.—Shortly before 10 P.M. the Norwegian steamer *Zeus*, bound from Havre to Burntisland in ballast, stranded about half a mile to the south of Flamborough Head. Information of the casualty was telephoned to the coxswain of the No. 2 Life-boat by the Coastguard, and the Life-boat was launched. The weather was very cold, and snow was falling, the westerly breeze being moderate; but as it was feared the weather would become worse the Life-boat stood by the steamer until next high tide, when fortunately the master succeeded in getting his vessel off.—Expense of service, 28*l.* 17*s.*

Jan. 11.—BOULMER, NORTHUMBERLAND.—*Meliscant* Life-boat.—The coxswain received a telephone message about 10 A.M., stating that three fishing cobles were in danger off Alnmouth and unable to make any headway against the prevailing W.S.W. gale and ebb tide. The Life-boat was launched and proceeded to the position indicated. She picked up a coble belonging to Hauxley, and towed her into Craster, another coble, an Alnmouth boat, accompanying them.

The Life-boat then proceeded southward, picked up an Amble coble and towed her to the entrance of Boulmer Haven. Three of the Life-boatmen were then placed on board to pull her into the Haven. During this service a whole gale was blowing but the sea was not rough.—Expense of service, 18*l.* 18*s.*

Jan. 11.—WEXFORD, Co. WEXFORD.—*James Stevens No. 15* Life-boat.—The fishing boat *Vivid*, belonging to Wexford, struck on the Dogger Bank when returning from the fishing grounds. Signals of distress were made, and with great promptness the crew of the Life-boat were assembled and the boat put off. On nearing the *Vivid* the coxswain anchored his boat and veered down to her. It was then seen that it might be possible to save her; the Life-boat therefore carried out an anchor, and after working for about an hour and a half the fishing boat was floated and taken into deep water. There was a moderate gale at the time, and the assistance of the Life-boat was very

opportune, because if the help had been less prompt the vessel in all probability would have failed to come off and become a total wreck, as the wind increased and blew hard during the night.—Expense of service, 23*l.* 1*s.* 6*d.*

Jan. 13.—**HELVICK HEAD, CO. WATERFORD.**—*James Stevens No. 16* Life-boat.—The Life-boat saved the yawl *St. John*, belonging to Ballinagoul, and her crew of four hands during a strong W.N.W. gale with heavy squalls. The vessel had been trawling near Ballinacourty Light-house when it was seen that she was in distress. Information was at once sent to the coxswain of the Life-boat and the boat launched. On reaching the yawl they found her anchored close to the rocks, the rudder having been damaged and lost. Some of the Life-boatmen were placed on board to assist in steering, and then the vessel was taken in tow and conveyed to Ballinagoul in safety. The Life-boat then made for her station, but on arriving it was found that the sea was too heavy for any attempt to be made to haul her up; she therefore returned to Ballinagoul and remained there until the next day, when the sea having moderated she was taken back to her station and rehoused.—Expense of service, 33*l.* 12*s.* 6*d.*

COMMITTEE MEETING, 14th Jan., 1909.

Voted 233*l.* 12*s.* 4*d.* to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Abersoch, Broadstairs, Caister No. 1, Harwich (steam), Kingsdowne, Lowestoft No. 2, Walmer, Withernsea, Yarmouth.

Voted the Silver Medal to **HENRY NICHOLAS**, Coxswain Superintendent of the Sennen Cove Life-boat, for his gallant services in assisting to save the ship *Fairport* and her crew of 20 hands.

Voted a binocular glass, suitably inscribed, to **Mr. J. A. GARDINER**, Honorary Secretary of the Campbelltown and Southend Branch, for his valuable co-operation on Life-boat service on the 28–29th December, 1908.

Voted 10*s.* to a man injured in the Life-boat service on 29th December, 1908, at Killough.

Granted a retiring pension and certificate of service to **JAMES S. NOBLE**, and to **WALTER BRUNDISH**, Coxswains Superintendent of the Port Erroll and Yarmouth Life-boats respectively. Also a retiring pension to **WILLIAM FLEMING**, Assistant Coxswain of Gorleston Steam Life-boat, **RICHARD PASHBY**, Bowman of Bridlington Life-boat, and to **T. C. COLES**, Signalman of Weston-super-Mare Life-boat, on their resignation.

Also voted gratuities of 15*l.* each to three men who for very many years were connected with the Poole Life-boat and rendered valuable services. All three men were now in needy circumstances.

Also 5*l.* to the widow of the late Signalman of the Hasborough Life-boat.

Jan. 14.—**TENBY, PEMBROKESHIRE.**—*William and Mary Devey* Life-boat.—At 11 P.M. during a strong S.W. gale with a heavy sea, signals of distress were observed from a vessel about two miles to the E. of Caldy Island. The Life-boat was promptly launched and proceeded to the vessel, which proved to be the brig *Evelyn*, of Carnarvon, bound from Leghorn to Portmadoc in ballast. She was in a somewhat dangerous position and was riding heavily. The crew stated they wished to be taken ashore; the Life-boat therefore went alongside, took the eight men aboard and landed them in the old Harbour. Next day, when the weather had moderated, the crew returned and the vessel was brought in and anchored in the Man of War Roads.—Expense of service, 24*l.* 8*s.*

On the 17th January the S.W. wind increased to a gale, and all the morning the brig rode heavily to her anchors. In the afternoon the crew again desired to be landed and hoisted a distress signal. The Life-boat was launched and, having again taken the men off, returned to shore.—Expense of service, 24*l.* 8*s.*

Jan. 17.—**CAISTER, NORFOLK.**—*Covent Garden* Life-boat.—At 6.5 P.M. signals of distress were observed from a vessel on the Barber Sands during a strong

S.W. breeze and heavy sea. The crew of the No. 1 Life-boat were assembled and the boat launched. On reaching the vessel they found that the master was trying to get her clear, and he asked the Life-boat to stand by him. They accordingly did so, and as the vessel did not float the master engaged them to assist, as she was bumping heavily, and her position was becoming critical. A tow rope was passed to a tug which was also near, and after two hours' work the vessel was floated soon after 1 A.M. She was then towed into Yarmouth Road, accompanied by the Life-boat, which remained alongside until daylight in case she was leaking. The vessel was the brigantine *Thirza*, of Whitstable, and at the time had a crew of seven hands on board.—Property salvage case.

Jan. 18.—BRIXHAM AND TORQUAY, SOUTH DEVON.—*Betsy Newbon* and *Wighton* Life-boats.—Soon after 11 A.M. telephone messages reached both Brixham and Torquay, stating a large steamer was making signals of distress between four and five miles to the N.E. of Berry Head. The Life-boats were both promptly despatched to her assistance. When the Life-boats reached the vessel, which proved to be the s.s. *Heelsum*, of Amsterdam, bound for Cardiff, the master declined any assistance, but as the machinery had broken down and the steamer was drifting near the shore, the Life-boats stood by her in case the repairs were not completed in time to get the vessel clear. Soon after 4 P.M. the necessary repairs having been effected, the steamer was able to proceed. The Life-boats therefore returned to their respective stations. During this service there was a strong S.W. wind and the sea was rough.—Expense of service: Brixham, 10*l.* 3*s.* 9*d.*; Torquay, 11*l.* 19*s.* 6*d.*

Jan. 27.—SWANAGE, DORSET.—*William Erle* Life-boat.—The Life-boat was called in a moderate N.E. wind but thick fog, soon after midnight on the 26–27th January, by a telephone message, which reported a steamer was ashore at St. Alban's Head. The vessel proved to be the steam yacht *Ilona*, of Glasgow, and on reaching her it was found that five of the crew had

taken to their boat and were unable to get on board the yacht again, as she was rolling so heavily in the swell; the captain however had remained on board. The weather was very cold, and as the men in the boat had been exposed for more than three hours they requested the coxswain to land them. They were therefore taken into the Life-boat and landed at Chapman's Pool.—Expense of service, 24*l.*

The Life-boat then returned to the yacht and stood by her until the tugs arrived on the scene. By aid of the boat communication was effected, and the vessel was towed clear and accompanied by the Life-boat taken to Swanage.—Property salvage case.

Jan. 28. RHOSNEIGIR, ANGLESEY.—*Thomas Lingham* Life-boat.—In a moderate gale with a heavy sea and a strong surf, the ketch *Sarah Ann*, of Liverpool, bound from Port Colman to Beaumaris in ballast, became unmanageable, and the master, fearing he could not reach Holyhead in safety, beached his vessel on Cymyran beach. As the vessel was in a bad position and the two men on board in danger, the Life-boat was launched and proceeded to her. The sea was very rough, and when rescuing the two men the Life-boat was dashed against the ketch and damaged, but reached her station again in safety, the crew being very pleased with the boat's behaviour.—Expense of service, 22*l.* 6*s.* 6*d.*

Jan. 29.—BALLANTRAE, Ayrshire.—*William and Harriot* Life-boat.—A gang of eight men, for salvage purposes, boarded the s.s. *Deloraine*, of Glasgow, which stranded off Ballantrae in a blizzard at the end of December. The weather at the time was fine, but the W.N.W. wind gradually increased during the afternoon to a gale and the sea became very heavy. The salvage steamer in attendance was manoeuvred for some time near the wreck to try and take the men off, but it was found to be impossible owing to the high sea and broken water. A signal of distress was then hoisted, and as no other boat could with safety carry out the work the Life-boat was launched and proceeded to the vessel. The service was one of considerable danger, as the wreck was

lying on a flat rock surrounded by large boulders and there was the risk of the Life-boat being damaged on these in the broken water. The coxswain however managed his boat skilfully, and the eight men having been taken off they were landed in safety.—Expense of service, 32*l.* 5*s.*

Jan. 31.—PETERHEAD, ABERDEENSHIRE.—*George Pickard* Life-boat.—The schooner *Surprise*, of Arbroath, whilst bound from Invergordon to Hartlepool with a cargo of timber, stranded near the mouth of the River Ugie. The Coastguard reported it to the coxswain of the Life-boat who proceeded without delay to the assistance of the crew, in tow of a tug. On nearing the vessel the Life-boat met the crew of the schooner in their own boat making for the shore, and asked them to return to their vessel and try to get her off. As none of them except the captain would do so, he was taken into the Life-boat, and the rest of the men proceeded in their boat.

Four of the Life-boatmen and the captain were placed on board the schooner, and with their assistance and by means of the Life-boat a hawser was conveyed to the tug, and eventually the schooner was towed off and taken into Peterhead Harbour. Property salvage case.

Feb. 5.—TYNEMOUTH, NORTHUMBERLAND.—*J. McConnel Hussey* Life-boat.—A strong N.E. gale sprang up very suddenly in the early morning when all the fishing cobles were at sea fishing. The alarm gun was fired at Cullercoats, but as all the Life-boatmen at that station were at sea the boat could not be launched. In the meantime all the boats were in great danger, and, leaving their gear, ran for shelter. Information reaching Tynemouth, the motor Life-boat went to their assistance. One coble was seen safely over the Tyne Bar, and the Life-boat then proceeded to the entrance of Cullercoats Harbour and stood by the boats whilst entering. As soon as sufficient men had landed at Cullercoats that Life-boat also put to sea.

All the cobles got into harbour safely except two, and of these two one was driven ashore at Marsden and the other at Whitburn, but fortunately no

lives were lost.—Expense of service, 12*l.* 16*s.* 6*d.*

Feb. 5.—GRIMSBY, LINCOLNSHIRE.—*Charles Burton* Life-boat.—Shortly before 10 A.M. information reached Grimsby that a fishing boat was off the Bull Light-house in an unmanageable condition, and was drifting out to sea. A whole N.N.W. gale was blowing, and the sea was very heavy at the time. The Life-boat was launched and proceeded to the vessel, which proved to be the fishing boat *Providence*, of Grimsby. Her sails had been blown away and her crew of three hands were in danger. The Life-boat took the craft in tow and brought her into safety.—Expense of service, 13*l.* 4*s.*

Feb. 5.—SCARBOROUGH, YORKSHIRE.—*Queensbury* Life-boat.—A northerly gale of exceptional severity sprang up with the suddenness—it is reported—of a “clap of thunder,” and the Life-boat was called out to assist some cobles in distress, but as help reached them from another quarter the Life-boat returned to harbour. About an hour later another coble was reported to the northward of the harbour, and the Life-boat again put out to render her assistance. Before the Life-boat could reach her a steam trawler coming from the southward proceeded to the coble, which was in great peril, and taking her under his lee brought her towards the pier; the Life-boat then took the coble in tow, the two men being quite exhausted, and brought her into safety. The coble was the *John*, and belonged to West Hartlepool.—Expense of service, 27*l.* 6*s.*

Feb. 5.—SOUTHEND-ON-SEA, ESSEX.—*James Stevens No. 9* Life-boat.—At noon a telephone message from the Maplin Light-house reported that a schooner was on the Barrow Sands flying signals of distress, and asked for the Life-boat to be sent at once. The crew were at once assembled and at 12.20 P.M. the Life-boat was under weigh. Whilst proceeding to the Light-house a vessel was observed riding in the Barrow Deep in a sinking condition. The Life-boat made for her and found the torpedo-boat *Scout* standing by. The schooner was the *Prosperity*, of London, bound for Grangemouth with a cargo of scrap iron. The Life-boat went alongside the

schooner, and as there was no hope of saving the vessel, the coxswain rescued the crew of five hands but by request of the master he remained near the vessel until she sank. In addition to the men on board there were a pet Irish terrier and a canary, which were also saved by the Life-boat and conveyed in safety to Southend, the boat getting back to her moorings at 9 P.M. The captain and the crew of the vessel were all very grateful for the timely assistance rendered; and the captain expressed their thanks both direct to the Institution and through the local press.—Expense of service, 44*l.* 7*s.*

Feb. 8-9.—HAUXLEY, NORTHUMBERLAND.—*Mary Andrew* Life-boat.—At about midnight the district police constable roused the coxswain of the Life-boat and reported that a vessel was ashore south of Bondicar and making distress signals. The crew were assembled and the boat launched a little to the south of Hauxley Haven; she was then pulled round Bondicar Rock in face of a strong southerly wind and choppy sea, reaching the wreck a few minutes after 1 A.M. She proved to be the *Frank*, of Tvedestrand, a large barque, bound from South America to Leith, loaded with guano. The captain asked for assistance at the pumps, and eight Life-boatmen were put on board and worked for an hour. It was then found that the water was still gaining fast; and the tide rising, with a strong wind on a lee shore, it was therefore decided to abandon the vessel.

The crew of seventeen were taken into the Life-boat, which returned to her station, towing one of the ship's boats containing the ship's papers and other small valuables.—Expense of service, 27*l.* 6*s.*

COMMITTEE MEETING, 11th Feb., 1909.

Voted 646*l.* 8*s.* 10*d.* to pay the expenses of the following Life-boat launches, etc., with the view of assisting persons on vessels in distress:—Aldeburgh No. 2, Broadstairs, Caister No. 1, Clacton-on-Sea, Cresswell, Cromer, Cullercoats, Donna Nook, Dover, Eyemouth, Flamborough Nos. 1 and 2, Girvan, Hartlepool No. 1, Hayle, Holyhead No. 2, Margate

No. 1, North Deal, Porthdinllaen, Port Patrick, Redcar, Rhoscolyn, Rosslare Harbour, Southend-on-Sea, Sunderland (North Dock), Tynemouth (motor), Whitby Nos. 1 and 2, Winterton No. 2. and Yarmouth.

The Girvan and Ramsgate Life-boats were also launched on service; and the crew assembled at Buckhaven, but their services were not required.

Voted 2*l.* to a Life-boatman for illness contracted on service in the Campbelltown Life-boat on the 28th and 29th December, 1909.

Granted a retiring pension to JOHN KING, Bowman, MORGAN JONES, Bowman, and CHARLES BULL, Signalman, of the Burnham, Aberystwith, and Tynemouth Life-boats respectively, on their resignation.

Also a gratuity of 6*l.* to JOHN DONOVAN, Assistant Coxswain and 3*l.* to JOHN MAHONEY, Bowman, of the Courtmacsherry Life-boat, on their resignation.

Also 5*l.* to an old Life-boatman at Staithes.

Voted 23*l.* 7*s.* 11*d.* to pay for the repair of a boat damaged by the Harwich Steam Life-boat on service on the 30th December.

Granted 20*l.* to the daughter of E. KANE, who lost his life in the Padstow Steam Life-boat in 1900, to assist in placing her in a sanatorium on account of her bad health.

Voted 100*l.* to the widow and three young children of JOHN WILLIAMS, who died as a result of illness contracted when out on service, in very cold and severe weather, in the Llandudno Life-boat on the 22nd February, 1908.

Feb. 11.—STAITHES, YORKSHIRE.—*John Gowland* Life-boat.—In the very early morning the schooner *Elise*, of Hernosand, outward bound from Shields with a cargo of coal, collided with a steamer when off Staithes. The steamer stood by the schooner until daybreak. A N.E. gale was blowing, which increased so much that about 8 A.M. she was driven on to the rocks known as the South Steel, and almost immediately went to pieces. Before this happened the vessel had been observed from

the shore, and the Staithes Life-boat was launched; the ship was then close to the breakers and too near to the reef of rocks for the boat to get on her lee side. As soon as the ship struck the mast went by the board, unfortunately killing two of the crew, and the seas commenced to break over her. As it was impossible on account of the rocks for the Life-boat to get to the vessel, she lay in the best position possible to pick up the crew, who were compelled to jump overboard. Four of the men drifted towards the boat and were hauled on board in a very exhausted condition. Another man was seen near the rocks, and the boat pulled towards him, but caught the ground and was unable to reach him. Seeing that he was in great danger and likely to be drowned, M. Verrill the bowman of the Life-boat, jumped overboard, and by swimming brought him within the reach of other men who had gone into the surf from the shore to save him. Another man was also rescued by the gallant conduct of one of the men belonging to the Life Saving Apparatus, who went into the surf and at great personal risk saved him.

Both the action of the Life-boat and the men who went into the sea to save the shipwrecked men was greatly extolled, and the Committee of Management of the Institution made a special monetary reward to each member of the Life-boat crew, the Board of Trade awarding a medal to M. Verrill and to the Rocket Apparatus man who had shown conspicuous bravery, and these medals were subsequently presented to the men by H. M. the King.—Expense of service, 28*l.* 10*s.*

Feb. 12.—BRIXHAM, SOUTH DEVON.—*Betsey Newbon*.—Shortly before 5 P.M. signals of distress were observed on the schooner *Lizzie*, of Salcombe, lying at anchor in Torbay. The crew of the Life-boat were summoned, and the boat launched. On reaching the schooner it was found that she was pitching bows under, and riding very heavily, also being embayed on a lee shore. As it was not considered safe for the crew of five hands to remain on board, the Life-boat rescued them and took them into safety. It was blowing an E.N.E. gale and the

sea was heavy.—Expense of service, 20*l.* 5*s.*

Feb. 15.—RUNSWICK, YORKSHIRE.—Reserve Life-boat.—Three of the cobbles belonging to Runswick were fishing when the northerly wind suddenly freshened and brought up a heavy sea. As it was realised that they could not reach the shore without danger to the men, the Life-boat was launched and stood by them until all were in safety. Just as the Life-boat reached the shore a telephone message from Staithes reported that a vessel in need of assistance was driving southward. The Life-boat at once put to sea again, but the vessel was driven past the Bay towards Whitby before the Life-boat could come up with her. The boat therefore returned ashore and Whitby was communicated with by telephone.—Expense of service, 24*l.* 7*s.* 6*d.*

Feb. 15.—UPGANG AND WHITBY, YORKSHIRE.—*Uppang* and *Robert and Mary Ellis* Life-boats.—During the afternoon the northerly wind freshened, bringing up a heavy sea, and at about 3.30 P.M. a telephone message from Runswick reported that a small vessel was driving southward in need of assistance. About 4.15 P.M. a ship was seen off Kettleless and recognised as the ketch *Gem of the Ocean*, belonging to Whitby, which had left Hartlepool earlier in the day with a cargo of coal. The ketch was evidently in difficulties and making for the land. The crew of the Uppang Life-boat were assembled, proceeded to the boathouse and launched the Life-boat at Lector Hole, signalling to the vessel to make for that place. The vessel attempted to do so, but drove ashore in the breakers to the south of Lector rocks. The Life-boat made for her and attempted to get on her lee side, but the men on the ketch fastened the rope thrown them "forrard" and the sea and current swept the boat round her stem on to the sea side. Here, however, although washed by the breakers, they managed to secure one of the men, but before they could get the other the boat was driven away and thrown heavily against the vessel, her rudder and several oars being broken. Before the boat could be got under control she washed ashore. The crew were undaunted, and the launchers

and onlookers at once rushed into the surf to again push her off, some of the men going in up to their necks. At length the boat floated, and another attempt was made to reach the vessel, but it proved fruitless. In the meanwhile the Whitby crew had been assembled and the No. 1 Lifeboat taken on her carriage to the beach. When it was seen that the Upgang boat had not succeeded in getting the remaining man on board, the boat was launched. Approaching the wreck from the shore side they succeeded in rescuing the man. The vessel was not more than 400 yards from the shore, broadside on, and she fell to pieces a few minutes after the Whitby Life-boat got clear. Both the boats then made for the beach and were hauled up into safety for the night. The service was admitted by all to have been a splendid one, and the pluck displayed was much extolled in the press. The Committee of Management bestowed the thanks of the Institution inscribed on vellum and framed on R. P. ROBINSON and THOMAS LANGLANDS, coxswains-superintendent of the Upgang and Whitby Life-boats respectively in addition to monetary rewards. These awards were subsequently presented publicly to the two men by the Archbishop of York.—Expense of service: Upgang, 100*l.* 10*s.*; Whitby, 45*l.* 7*s.*

Feb. 18.—CRESSWELL, NORTHUMBERLAND.—*Ellen and Eliza* Life-boat.—The steamer *Helsingborg*, of Helsingborg, bound from Sweden to Blyth in ballast, stranded in the early morning on the rocks about a quarter of a mile to the south of Cresswell Coastguard Station. Information reached the coxswain of the Life-boat shortly before 6 A.M., and the boat was immediately launched and proceeded to her. The weather was moderate but very thick at the time, and on the arrival of the Life-boat the captain engaged her to try and save his vessel. A kedge anchor was run out and every assistance was given to get the vessel clear. For some hours they worked and at 1 P.M. the steamer floated and proceeded to Blyth, her crew of twenty-two hands remaining on board.—Property salvage case.

Feb. 21.—PENZANCE, CORNWALL.—

Reserve Life-boat.—At 11.30 A.M. the steam drifter *Renown*, of Yarmouth, with a crew of nine hands, was making for Penzance Pier, in a fresh breeze and rough sea, when she took the ground about a cable's length from the pier head. The captain endeavoured to get the vessel into harbour, but being damaged and having become unmanageable the wind and sea drove her ashore about 200 yards east of the Albert Pier. The sea beginning to break over her he signalled for assistance, and the Life-boat was promptly launched. After considerable trouble the Life-boat succeeded in conveying a wire rope from the vessel to the Light-house Pier Head, where with the aid of hundreds of willing hands she was hauled off the shore and subsequently berthed by the Life-boat's crew in the harbour. This was a very smart piece of work by the Life-boatmen, and great ability was shown in the handling of the boat and the manner in which the *Renown* was saved which otherwise would have become a total wreck.—Property salvage case.

March 3.—DUNGENESS, KENT.—*R.A.O.B.* Life-boat.—The barque *Josephine*, of London, whilst bound to Exeter with a cargo of lead, sprang a leak. In answer to her signals of distress the No. 1 Life-boat was launched and proceeded to her. On getting alongside it was found that she was making water, and the crew of two men were rescued. On the advice of the Life-boatmen the master slipped his anchors and let the vessel strand on the main but she was likely to become a total wreck. There was a moderate S.E. gale at the time and the sea was heavy.—Expense of service 44*l.* 2*s.*

March 5.—REDCAR, YORKSHIRE.—*Fifi and Charles* Life-boat.—At about 5 A.M. signals of distress were made by a vessel on the West Scar Rocks, about 400 yards from the shore. The Life-boat was launched and proceeded to her. She proved to be the steamer *Clydesdale*, of Sunderland, homeward bound in ballast from Hamburg. The master at once engaged the Life-boatmen to assist in getting her off. A kedge anchor was run out, and about 2 P.M. the vessel was floated and towed into safety by a tug, which had also been engaged

to save the vessel.—Property salvage case.

March 5.—WALTON-ON-NAZE, ESSEX.—*James Stevens* No. 14. Life-boat.—In moderate but hazy weather in the afternoon the steam yacht *Varuna*, of New York, stranded on the edge of the Gunfleet Sands. At 2.40 P.M. the haze lifted, and the Coastguard on watch observed the vessel. He at once reported the casualty, and the motor Life-boat was sent to her assistance. The captain reported that he had come through the Gat, but hauled up to westward too soon, thereby stranding. He declined any assistance, but requested the Life-boat to stand by, as he hoped to get the vessel clear on the next high water. At 9.55 P.M. the yacht floated and was anchored in deep water. As the Life-boat was no longer required she returned to her station, arriving at 10.45 P.M. The motor was reported to have worked well.—Expense of service, 40L. 19s.

March 7.—THURSO, CAITHNESS-SHIRE.—*Co-operator* No. 3. Life-boat.—At 2 P.M. on the 7th March the schooner *Emma Louise*, of Wick, bound to the Tyne with a cargo of paving stones, but then lying at anchor in Scrabster Roadstead, showed signals of distress, the crew fearing she would drive on to the rocks in the heavy easterly gale and broken sea. The crew of the Life-boat were assembled—at the same time the Rocket Brigade came upon the scene. They fired a rocket and established communication with the vessel. One of the crew was rescued by this means but with difficulty; the remainder therefore declined to come ashore by that method. After waiting some time, the weather not improving, the Life-boat was launched and the four remaining men rescued.—Expense of service, 11L. 8s.

March 10.—NORTH DEAL, KENT.—*Charles Dibdin* Life-boat.—In response to guns from the East Goodwin Light-vessel indicating a vessel was on that part of the sands, the Life-boat was launched at 8.30 A.M. A passing steamer kindly towed the Life-boat part of the way, and on reaching the sands she found the schooner *Fred*, of Larvik, bound for Swansea, with a cargo of timber, ashore. As the help of the Life-boatmen was not then required the

Life-boat stood by the vessel until she floated; she then set sail for Deal, arriving at 1 P.M. The weather was hazy and cold with a moderate E.N.E. breeze and sea.—Expense of service, 16L. 7s.

COMMITTEE MEETING, 11th March, 1909.

Voted 369L. 1s. to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Berwick-on-Tweed, Bridlington Quay, Caister No. 1, Dunbar, Hauxley, New Romney, Padstow Nos. 1 and 2, Palling No. 2, Peterhead, Redcar, Runswick, Saltburn, Southend-on-Sea, Walton-on-Naze, Winterton No. 2, and Yarmouth.

The Ramsgate Life-boat was also out on service.

Voted 23L. 1s. 6d. to men injured in the Life-boat service at Caister, Newlyn, and Redcar.

Voted the thanks of the Institution on vellum to R. P. ROBINSON and to THOMAS LANGLANDS, coxswains-superintendent at Upgang and Whitby respectively, for their gallant services in saving the crew of two hands of the ketch *Gem of the Ocean* wrecked off Whitby, in a very heavy sea on the 15th February. An additional monetary reward was granted to the Whitby crew.

Also voted an additional reward to the crew of the Staithe Life-boat for a good service on the 11th February, when five men were saved from the schooner *Elise*, of Hernosand. M. Verrill, the bowman of the Life-boat, who jumped overboard to save one man, was given a special monetary award.

Granted retiring pensions to JOHN CHRISTIAN, Assistant Coxswain, and to HENRY RICHARDSON, signalman of the Castletown and Boulmer Life-boats respectively.

Also an additional gratuity of 5L. to the local fund raised for the benefit of the widow and children of HENRY STOREY, who lost his life in the Life-boat service at Newquay, Cornwall, in March, 1908.

March 16.—BUCKIE, BANFFSHIRE.—*Maria Stephenson* Life-boat.—During a light northerly wind with heavy sea, it was reported that a fishing vessel between four and five miles to the north of Buckie had had her mast carried away. The crew of the Life-boat were assembled, and the boat launched, and proceeded to the disabled boat. They found she was a large fishing-boat, the *Superb*, of Porttessie, with nine hands aboard. She was rolling heavily and at the mercy of the sea. A rope was got on board and the Life-boat towed the vessel and crew into safety without mishap.—Expense of service, 28*l.* 1*s.*

March 18.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—At 1 A.M. the Coastguard reported that a large Government cruiser was signalling to the shore for immediate assistance. The crew of the Life-boat were promptly assembled, and in a choppy sea the Life-boat was launched. On reaching the vessel, which was about one mile S.E. of the Cross Sands Light-vessel, they found that she was H.M.S. *Invincible*, and that she had been in collision with the brigantine *Mary Ann*, of Fowey, the latter being very badly damaged. The crew of the brigantine were on board the cruiser, and the brigantine was astern with two ropes fast. The crew were transferred to the Life-boat, which replaced them on their own vessel with ten of the Life-boat crew, each man being supplied with a life-belt, the brigantine having been so seriously damaged that grave fears were entertained that she would founder. A tug was employed to tow the vessel towards Yarmouth, and when near the harbour the Life-boatmen started pumping and clearing the damaged gear, eventually getting the vessel safely moored. The *Mary Ann* was bound from Charlestown to the Tyne with a cargo of china clay.—Property salvage case.

March 18.—SKERRIES, Co. DUBLIN.—*William Maynard* Life-boat.—Signals of distress were observed from the schooner *Coniston*, of Barrow, at about 9.30 A.M., when the vessel was lying at anchor off Skerries Harbour. The coxswain of the Life-boat at once summoned his crew, and within seventeen minutes the Life-boat was in the water and on her way

to the vessel. There was a whole gale from S.E. with a heavy sea, and after several attempts communication with the schooner was effected and the crew of four men rescued. The vessel was left riding to her anchors, and when the weather moderated it was hoped that she would be saved.—Expense of service, 14*l.* 6*s.* 6*d.*

March 18.—GOURDON, KINCARDINESHIRE.—*Theophilus Sidney Echalaz* Life-boat.—The Life-boat was launched at 1 P.M. for the safety of seven crab boats and three haddock boats, as there was a very strong gale blowing from S.E., and there was also a heavy sea running. As the return of the boats was attended with great danger to the men, the Life-boat stood by them until all got safely into harbour. One of the crab boats was struck by a heavy sea, and fears were entertained that she would go down, but the Life-boat stood closely by her and she was saved.—Expense of service, 6*l.* 5*s.* 3*d.*

March 18-19.—WINTERTON, NORFOLK.—Reserve Life-boat.—Shortly before midnight flares were observed about three miles to the north of the Winterton station, and the crew of the No. 2 Life-boat were promptly mustered. There was a strong S. by E. breeze with a heavy ground swell, and the weather was thick with rain. The Life-boat was launched and proceeded in the direction of the signals. She found the schooner *Eagle*, of Yarmouth, stranded on the outer bank, bound from the Humber to Yarmouth with coal. The Life-boat stood by her for four hours whilst efforts were made to save her, but the schooner commenced to break up. The crew of four men were taken into the Life-boat and within a short time the schooner was a total wreck. The Life-boat then made for home, arriving a few minutes after 7 A.M.—Expense of service, 45*l.* 8*s.* 6*d.*

March 24.—NEWBIGGIN, NORTHUMBRLAND.—*Ada Lewis* Life-boat.—The s.s. *Bavaria*, of Stettin, whilst bound to the Tyne in ballast, stranded on the rocks half a mile to the north of Newbiggin early in the morning. The casualty was owing, it is believed, to a light at a coal pit being mistaken for another vessel. There was a moderate S.S.E. breeze

and rough sea, and the Life-boat was promptly sent to her assistance. Sixteen of the crew and their belongings were brought to Newbiggin. By means of a kedge anchor and tugs the steamer was got off on the next tide, the weather having moderated, and the men were able to return to their ship.—Expense of service, 22*l.* 3*s.* 6*d.*

March 24. — NEWHAVEN, SUSSEX. — *Michael Henry* Life-boat.—At 6.30 p.m. a S.S.W. gale, two fishing vessels, the *Spes*, of Brixham, and the *Rialto*, of Ramsgate, were wrecked at Newhaven. It was reported that a smack, whilst trying to make the harbour had struck to the eastward of the East Pier. The crew of the Life-boat were assembled, and the Life-boat proceeded to her assistance. This vessel proved to be the *Spes*. Before the Life-boat had cleared the harbour the other vessel, the *Rialto*, struck the bar. The Life-boat proceeded first to the *Spes* and rescued the crew of three hands, and then made for the other craft, went alongside and took off the four men forming her crew and returned to harbour; both vessels subsequently becoming total wrecks.—Expense of service, 30*l.* 12*s.*

March 25. — PALLING, NORFOLK. — *Hearts of Oak* Life-boat.—At 9. a.m., during a strong W. gale, with very heavy sea, a vessel was observed in difficulties about two miles from the middle Hasborough Sands, and soon after she was blown within half a mile of the sands, where she brought up. At 9.55 signals of distress were hoisted, and the No. 2 Life-boat was promptly launched. Shortly before reaching the vessel the Life-boat fell in with one of her boats containing three men of the crew. These were picked up and the Life-boat proceeded to the vessel, which proved to be the s.s. *Vulcan*, of Liverpool, bound from Dunbar to London with a cargo of potatoes. Ropes were thrown aboard, but they could not be made fast by the seamen owing to their hands being benumbed with cold. One of the Life-boat's crew named Robert Bargewell therefore jumped on board and secured the Life-boat's tow-rope and passed another to the Life-boat. By these means the men on board, six in number, were rescued, and within a

short time the vessel turned on her broadside and became a total wreck. When the men had been rescued the captain of the steamer reported that another of the ship's boats was adrift with three men in her, and that in all probability they would try to make the Would Light-vessel. The Life-boat sailed for the Light-vessel, where they ascertained that the boat had been seen about five miles to the E.S.E. A course was laid accordingly, and after a run of three miles a smack was sighted about one and a half miles distant. The Life-boat made for the smack, spoke her, and found that they had picked up the shipwrecked men and they were then on board. Sail was set for Palling, but about an hour later the wind drew into the N.W. The coxswain then decided to engage a tug and make for Yarmouth, as the rescued men had lost all their belongings, and some needed medical treatment. Yarmouth was reached at 6 p.m., and as the weather had become much worse, the boat was left there until the weather moderated, the crew returning home by train. The case having been a very good one, an additional reward was granted by the Committee of Management to the crew and a special award to Robert Bargewell.—Expense of service, 45*l.* 2*s.* 10*d.*

March 31. — BEMBRIDGE, ISLE OF WIGHT.—*Queen Victoria* Life-boat.—At 7.30 p.m. the coxswain of the Life-boat saw the trawler *Mint*, of Brixham, run ashore on the White Ledge. He at once put off in a boat to see if it were possible to get her off, but the westerly wind freshening, the vessel commenced to roll heavily and make water; he therefore returned ashore and summoned the Life-boat's crew. The boat was very smartly launched and proceeded to the trawler with all haste. Directly the Life-boat got near the vessel the crew of three men jumped into the boat, as they feared she would capsize. Before the Life-boat could get clear the vessel rolled over on to her stern, forcing her nearly under water, but, fortunately, on the next sea she rolled back sufficiently for the boat to clear herself, and the men were saved without mishap. The trawler became a total wreck.—Expense of service, 39*l.* 6*s.*

April 1.—WELLS, NORFOLK.—*Baltic* Life-boat.—The ketch *Providence*, of Goole, bound from Hull to Wells with a cargo of oil cake, parted her anchors during a strong N.N.E. gale when off the bar. Signals of distress were hoisted, and the crew of the Life-boat were assembled and the boat launched. On reaching the vessel it was seen that there was no chance of saving her as the sea was very heavy and she was too close to the shore. The crew of four hands were rescued and landed on Holkham Beach, the vessel becoming a total wreck.—Expense of service, 12*l.* 2*s.* 9*d.*

April 2.—STATTHES, YORKSHIRE.—*James Gowland* Life-boat.—The cobbles were off fishing in a E.N.E. breeze when the sea commenced to grow and rendered their return very dangerous. In the absence of the coxswain with the fishermen, the signalman of the Life-boat very wisely ordered the launch of the boat and she proceeded to the assistance of the endangered men. She stood by some of the boats until they had landed in safety; whilst others were warned to make for Runswick, which was reached without mishap.—Expense of service, 12*l.* 1*s.*

April 4.—BULL BAY, ANGLESEY.—*James Cullen* Life-boat.—At 10.40 A.M. it was reported that a boat was being blown out to sea with one man in her. It appeared that he had put off from Amlwch, and when about a mile out his mast was carried away, and having only one oar he was unable to pull ashore. He waved his cap for assistance, and the coxswain of the Life-boat launched the Life-boat and proceeded after the boat. On reaching her the man was taken into the Life-boat, and with the boat in tow she returned to her station.—Expense of service, 8*l.* 2*s.*

COMMITTEE MEETING, 8th April, 1909.

Voted 345*l.* 2*s.* to pay the expenses of the following Life-boat launches or assemblies of crews, with the view of assisting persons on vessels in distress:—Caister No. 1, Dunbar, Gorleston No. 1, Hartlepool No. 1, Lowestoft No. 1, New Romney, Palling No. 1, Plymouth, St. Agnes, St. Mary's, Salcombe, Tynemouth, Winterton No. 2, and Yarmouth.

Voted 7*l.* 10*s.* to a man injured in the Life-boat service at Winterton.

Voted a special gratuity of 50*l.* to the widow and orphans of J. T. DRYDEN, Assistant Coxswain of the Uppang Life-boat, and a member of the crew for many years. ———

April 9.—BROADSTAIRS, NORTH DEAL AND RAMSGATE, KENT.—*Francis Forbes Barton*, *Charles Dibdin*, and *Charles and Susanna Stephen* Life-boats.—The s.s. *Mahratta*, of Liverpool, a large steamer of 5,698 tons register, stranded on the Goodwin Sands whilst bound from Calcutta to London with passengers and cargo. The weather was fine at the time. In response to signals from the Light-vessels the Life-boats from Broadstairs, North Deal, and Ramsgate were launched shortly after 3.30 A.M., and proceeded to the vessel. At the request of the captain they stood by until the following high water, about twelve hours later, but the vessel failed to float. As the services of the Life-boats were then not likely to be required, the Broadstairs and Ramsgate boats returned to their stations, whilst fourteen persons who desired to be landed were transferred with some of their belongings to the Deal Life-boat *Charles Dibdin* and conveyed ashore, arriving about 6 P.M. In the meanwhile several shore-boats and tugs had put off to the vessel to try and assist in saving her, and at about 9 P.M. the *Charles Dibdin* was again sent for to stand by through the night, in case her services should be required. She accordingly remained with the steamer throughout the night and until 6 P.M. the next evening, when it was considered prudent for her to take off the remainder of the passengers on board. At 9 P.M. the steamer suddenly began to break up, and all the craft near at hand were requisitioned to save those on board. Several were taken into the Life-boat, but the captain and some of his officers still hesitated to leave, and bravely remained at their posts—the Life-boat therefore remained close at hand. In the early morning the ship broke her back, and became a total wreck, the men on board were rescued, and the Life-boat with twenty-four rescued persons on board

left for Deal, arriving at 6.45 A.M.—Expense of service: Broadstairs 28l. 16s. 6d.; North Deal 77l. 5s.; Ramsgate expenses paid by the Board of Trade.

April 11.—WINTERTON, NORFOLK.—*Eleanor Brown* Life-boat.—During the afternoon, the brigantine *Mary Annie*, of Folkestone, stranded on the sands to the westward of the Cocks Light-vessel, and a yawl put off to her assistance. On reaching the vessel the men in the yawl found that she was hard aground and realised that more assistance would be necessary to get her off; they therefore made signals. In response the No. 2 Life-boat was launched and proceeded to the brigantine. Men were placed on board and anchors were run out, and shortly before midnight the vessel was successfully floated. No further help being then wanted the Life-boat returned to her station.—Property salvage case.

April 12.—HOYLAKE, CHESHIRE.—*Hannah Fawcett Bennett* Life-boat.—Shortly after 2 P.M. the Hoylake Life-boat was called out to the assistance of a small yawl yacht, the *Roulette*, of Hoylake, which became unmanageable when off Dover Point. The W.N.W. wind was very squally and the sea rough, and although the anchor was let go it would not hold and the yacht dragged into broken water. The Life-boat was expeditiously launched and succeeded in rescuing the two occupants of the yacht in heavy surf, the yacht also being towed into safety.—Expense of service, 20l. 15s.

April 13.—PORTRUSH, Co. ANTRIM.—*Hopwood* Life-boat.—During the night the s.s. *Hamilton*, of Stranraer, when about to enter Portrush Harbour, in a strong westerly gale, was caught by the tide and sea and driven on to the rocks. Owing to the heavy sea running at the foot of the Life-boat slip, the Life-boat was taken to the harbour by road and launched over the quay. She proceeded to the steamer and rescued four of the crew, the remainder, three in number, being saved by the Coastguard by means of lines from the shore. The vessel was bound from Maryport to Portrush with coal.—Expense of service, 20l. 15s. 6d.

April 15.—WHITBY, YORKSHIRE.—*John Fielden* Life-boat.—Seven of the

cobles were off at their fishing in the morning, and at about 8 A.M., when they began to return to harbour, it was seen that the sea on the bar was too heavy for any such craft to attempt to come in without assistance. The crew of the No. 2 Life-boat were therefore called, and the boat proceeded over the bar and advised the occupants of the boats as to taking the harbour. She then rode on the bar, attending the boats until all were safely in port. As the men were in considerable danger the rocket apparatus was also in attendance.—Expense of service, 10l. 12s.

April 20.—KINGSDOWNE, WALMER, AND RAMSGATE, KENT.—*Charles Hargrave*, *Civil Service* No. 4, and *Charles and Susanna Stephens* Life-boats.—During a fresh westerly breeze with rough sea, in the early morning, the s.s. *Asia*, of Bremen, bound from Savannah to Bremen, stranded on the Goodwin Sands. In response to the signals from the Light-vessels the Life-boats put off from the above three stations. They reached the vessel between 3 and 4 A.M., but at first their assistance was declined. Later, however, the help of all three boats was accepted. A kedge anchor with a wire hawser was run away, and eventually when the tide made, with the help of the vessel's own engines, she was saved and able to proceed on her voyage.—Property salvage case.

April 20.—NORTH DEAL, KENT.—*Charles Dibdin* Life-boat.—About 5 A.M. the coxswain of the Life-boat observed a vessel on the Goodwin Sands, and shortly afterwards the Gull Light-vessel commenced to signal for assistance to be sent. The crew of the Life-boat were promptly summoned and the boat launched. On reaching the vessel she was found to be the French fishing trawler, *Jesu Maria Joseph*, belonging to Boulogne. The master declined assistance, as he hoped she would float on the flowing tide. The Life-boat therefore stood by in case her services might be required, but the vessel came off the sands unaided about mid-day, and the Life-boat returned to her station. The weather was fine, with a strong W.N.W. wind and rough sea.—Expense of service, 11l. 1s.

April 20.—WALMER AND RAMSGATE, KENT.—*Civil Service No. 4* and *Charles and Susanna Stephens* Life-boats. — Whilst the Life-boats were returning to their stations after rendering assistance to the steamer *Asia*, further signals were made by the Light-vessels, and a barque was observed in a very dangerous position near the edge of the sands. Both boats with all haste proceeded to her, and the captain at once engaged them to save his vessel if possible.

The vessel was the barque *John Lockett*, of Liverpool, bound from Mexico to Bremen with a cargo of wood. With the assistance of the Life-boatmen and tugs the vessel was saved after a narrow escape from being totally wrecked.—Property salvage case.

April 22.—RAMSGATE, KENT.—*Charles and Susanna Stephens* Life-boat. —At 3.25 A.M. the Coastguard reported that the North Goodwin was firing signals, and shortly afterwards a barque was reported ashore. The Life-boat in tow of the harbour tug, proceeded to her assistance, the weather being moderate but hazy at the time. The Life-boat men were employed to save the vessel, and a kedge was run. Attempts were made to get the vessel clear, but as they were not successful the tug was also engaged to assist, and by the united efforts the vessel was floated and towed into the Downs. The vessel was the barque *Leto*, of Arendal, bound to Trinidad in ballast.—Property salvage case.

April 23.—JOHNSHAVEN, KINCARDINESHIRE.—*Sarah Ann Holden* Life-boat.—At 1.20 A.M. the Coastguard reported that a vessel was ashore in Woodston Bay, four miles south of Johnshaven. The crew of the Life-boat were quickly assembled, and the boat left for the wreck, which proved to be the steam trawler *Kirton*, of Granton. After some difficulty, owing to the heavy sea, the Life-boat succeeded in rescuing the crew of nine hands and returned to harbour safely. Shortly after the Life-boat reached harbour the Montrose Life-boat arrived, she also having put off to the trawler and being unable to regain her station. The *Sarah Ann Holden* therefore put off again and piloted her in.—Expense of service, 17l. 18s.

April 25.—CAISTER, NORFOLK.—*Covent Garden* Life-boat.—At 4.30 A.M. the No. 1 Life-boat was launched to the assistance of a vessel apparently on the Cross Sand. On the arrival of the boat they found the vessel was the steamer *North Gwalia*, of London, laden with coal. She was then aground, having been in collision with the steamer *Mauranger*, of Bergen. The crew of the *North Gwalia* had escaped in the ship's boats, but five men belonging to the other steamer were then on board. These men were taken off and transferred to their own vessel, which was lying at anchor about two miles off.

The *North Gwalia* subsequently became a total wreck. On reaching the *Mauranger* the Life-boatmen learnt that eight of the crew of the colliding steamer had been picked up and put on board a tug, whilst sixteen others were missing; the Life-boat therefore proceeded to search but without result, the men having fortunately reached the Newarp Light-vessel in safety.—Expense of service, 20l. 2s. 6d.

April 25.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—The No. 1 Life-boat was also launched in connection with the collision of the steamers *North Gwalia* and *Mauranger*, but on reaching the former found that she had sunk and was abandoned. A tug came up and reported that they had eight hands of the sunken steamer aboard, but that fifteen others were missing. The Life-boat proceeded to search for them, and when nearing the Newarp Light-vessel she fired two guns. The Life-boat therefore went to her, and found that the fifteen men were on board having reached the Light-vessel in their own boat. The men were transferred to the Life-boat, which landed them in safety at Yarmouth.—Expense of service, 21l. 3s.

May 1.—SCARBOROUGH, YORKSHIRE.—*Queensbury* Life-boat.—Soon after day-break some of the fishing cobsles went off to their lobster and crab-pots. About 6 A.M. the N.N.E. wind increased to a moderate gale and the sea became very heavy. A good look-out was kept, and as it was feared that four of the cobsles coming from northward would be in great danger in making the harbour, the Life-boat was launched about

7 A.M. She proceeded to the Castle foot and escorted three cobsles into safety. The fourth coble was seen some distance to northward, and as she appeared to be in a very dangerous position, the Life-boat sailed up to her. Life-belts were supplied to each of the men on board, and they rowed their craft to the harbour under the lee of the Life-boat, and fortunately reached safety without disaster.—Expense of service, 10*l.* 9*s.*

May 1.—FILEY, YORKSHIRE.—*Hollon the Third* Life-boat.—Several cobsles belonging to Filey were overtaken by bad weather when at sea. The wind suddenly increased to a strong northerly gale and the boats which were to the north of the "Brig" were able to run into the Bay for shelter, but the coble *Baden Powell* was reported five miles to south-east of the town, near Speeton Cliff. The Life-boat was launched and went to her assistance, standing by her in case of necessity until safely ashore.—Expense of service, 13*l.* 17*s.*

May 4.—CLOVELLY, NORTH DEVON.—*Elmor Boget* Life-boat.—The crab boat *Mistletoe*, of Clovelly, went off to haul the pots in the early morning, and when returning was overtaken by a gale. Men went to see if the boat could be seen, but it was not until 2 P.M. that it was reported that she was trying to make her way home under oars. When off Chapman's Rock the wind increased further, and the men on the watch saw that the boat had come to anchor. As the two men on board were in great danger, the Life-boat was launched and proceeded to them. On reaching the boat it was found that the men were in a very exhausted state, and had had great difficulty in keeping the boat afloat. The men were rescued and conveyed into safety.—Expense of service, 10*l.* 11*s.*

May 7.—ST. IVES, CORNWALL.—*James Stevens* No. 10.—A strong gale was blowing from E.S.E., and several vessels sheltering in the Bay were seen to be riding heavily to their anchors. Shortly before 2 P.M. one of the schooners began to drag her anchors, and her crew hoisted a signal of distress. The crew of the Life-boat were promptly summoned and the boat beat out of the harbour and made for the schooner. Before the Life-boat

reached the vessel the crew slipped the anchors, and the vessel quickly drove ashore. One of the crew promptly got in the ship's boat, and fortunately reached the shore in safety, but the other three men remained on board and were soon afterwards saved by the Life-boat and taken ashore in safety. The vessel was the schooner *Loango*, of Sligo, bound from Southampton to Newport with a cargo of scrap iron.—Expense of service, 11*l.* 17*s.*

May 11.—BUDE, CORNWALL.—*Elizabeth Moore Garden* Life-boat.—At 10.20 A.M. it was reported that a steamer was ashore on the rocks near Northcott Mouth. The sea was smooth, but the fog was very dense at the time. The Life-boat was launched, and on arriving at the place indicated found the steam trawler *Scotia*, of London, on the rocks, with the tide ebbing fast. The vessel appeared to be lying on an even keel, and as she would dry at low water, the Life-boat, after standing by for some time, returned to Bude.—Expense of service, 8*l.* 16*s.*

As the vessel was in a dangerous position and efforts were to be made to save her, it was considered advisable to have the Life-boat standing by in case she should be required. Accordingly the crew were assembled at 7 P.M., and the Life-boat again proceeded to the wreck. The W. wind was freshening and the ground sea growing. The vessel was found partly afloat, bumping heavily on the rocks. The anchors laid out had dragged home and were useless, while the propeller had been stripped through striking the rocks. Everything pointed to the vessel becoming a wreck, when a tug arrived, and with the assistance of the Life-boat communication was effected, and at high water the vessel was towed clear of the rocks into deep water. It was then ascertained that she was making very little water, and would be towed to Swansea; the Life-boat therefore returned to Bude.—Property salvage service. Balance of expense paid by Institution, 11*l.* 3*s.*

COMMITTEE MEETING, 13th May, 1909.

Voted 148*l.* 14*s.* 8*d.* to pay the expenses of the following Life-boat

launches, or assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Caister No. 1, Clacton-on-Sea, Flamborough No. 1, Gorleston No. 1, Montrose No. 1, Palling No. 2, Rosslare Harbour, Walmer and Yarmouth. The Ramsgate Life-boat was also launched, but her services were not required.

Voted 9*l.* 17*s.* 6*d.* to men injured in the Life-boat service at Hayling Island, Newcastle (co. Down), and North Deal.

Also 17*l.* 12*s.* for injuries to a horse in the Life-boat service at Hunstanton.

Granted a retiring pension and a certificate of service to WILLIAM WILTON, Coxswain Superintendent of the Newquay, Cornwall, Life-boat. Also a retiring pension to ALEXANDER CAIN, Signalman of the Port Logan Life-boat.

Great regret was expressed at the death of Mr. W. R. Smith, who retired from the post of Assistant Secretary in 1905. He originally joined the staff of the Institution in 1860.

Also at the death of Mr. Joseph Fairhall, Senior Principal Clerk, who had been in the service of the Institution nearly 43 years.

In each case their long and faithful services were suitably recognised and a letter of deep sympathy was sent to the families of the deceased officials.

May 14.—HARWICH, ESSEX.—*City of Glasgow* Life-boat. — During a fresh S.W. breeze it was reported that a vessel was on the S.W. part of the Gunfleet Sands, the steam Life-boat therefore proceeded to her assistance. On reaching the sands they found the smack *Tripper*, of Harwich, high and dry. The Life-boat went as close to the sands as possible and stood by until the tide flowed; she was then worked alongside, and stood by the smack until she floated off.—Expense of service, 3*l.* 12*s.* 6*d.*

May 15.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—In the early morning the coble *Robert and Mary* put to sea for crab fishing. There was a northerly wind with considerable ground sea when the coble went off, but when the tide flowed the sea grew and rendered her return highly dangerous. Shortly after 9 A.M. the No. 1 Life-boat was launched and went to meet

her. There was a heavy surf, and the crew were well washed by the seas. Spare life-belts were handed to the four men on the coble, as the seas on the bar were exceedingly dangerous, and she was escorted into harbour in safety, arriving at 10.30 A.M.—Expense of service, 11*l.* 18*s.*

May 26.—STROMNESS, ORKNEY.—*John A. Hay* Life-boat.—The new motor Life-boat was launched in a strong S.E. gale to assist some of the small fishing boats, engaged in lobster fishing, which were in difficulties, owing to the severity of the weather. The Life-boat searched for some time and spoke one or two boats which were then in comparative safety. She then proceeded to look for two other boats which were still at sea. Owing to the thick haze and spindrift it was difficult to locate the boats, but when near Breckness the haze lifted a little, and a boat was sighted. On reaching her the crew reported that the other boat had got safely ashore, but they asked that the Life-boat would tow them home, as they had been beating against the gale for six hours. The boat was taken in tow, and all the boats having been safely accounted for, she was towed to her landing-place in Hoy.

This service, which was performed in a strong gale and heavy sea, was a good test for the new boat and she was reported to have behaved splendidly, the motor working perfectly and being of great assistance when the Life-boat was searching for the boats.—Expense of service, 7*l.* 10*s.*

May 26.—ANSTRUTHER, FIFESHIRE.—*James and Mary Walker* Life-boat.—A S.S.E. gale suddenly arose and a nasty broken sea got up very quickly. At about 2 P.M. it was seen that a number of yawls belonging to Crail, which had been working lobster creels, were in difficulties on a lee shore. Three of them managed to get off the harbour mouth and ran in, being nearly swamped in doing so. It was therefore considered advisable to launch the Life-boat, and she just reached the mouth of the harbour as a fourth boat came in. The Life-boat then proceeded to three other yawls off the harbour, one of which was very small and had been nearly

filled by a sea, and accompanied them up to Elie, where they could get in with greater safety. The Life-boat then returned to her station, arriving at about 5.30 P.M.—Expense of service, 7l. 12s. 6d.

May 26.—ST. ANDREWS, FIFESHIRE.—*Louisa* Life-boat.—During the morning two men went off in their yawl, the *Diano*, to fish in St. Andrews Bay. A strong S.E. gale came up about 11 A.M., and the men were unable to get their boat into harbour. As the sea was very heavy the danger to the men was great, the Life-boat therefore put off and rescued the two men, who were exhausted. At 5.30 the same afternoon the Life-boat put off to another small boat, the *Nellie*, of St. Andrews, with one man on board. This fisherman was trying to run home from Boarhills direction, and soon found himself in great danger. When the Life-boat got alongside the *Nellie* was half full of water and the man was divesting himself of his clothes, fearing she would founder. He was supplied with a life-belt, and both the man and his boat were brought into safety.—Expense of service, 7l. 1s.

May 27.—LOWESTOFT, SUFFOLK.—*Kentwell* Life-boat.—A good service was skilfully performed by the No. 1 Lifeboat during a strong S.S.W. gale and very heavy sea. About midnight on the 26th idem flares were reported near the South Pier, and the Coxswain of the Life-boat, after investigation, ordered the boat out. A tug, without loss of time, towed the boat out of the harbour and down to the vessel, which had originally stranded on the sand flat off the beach, but she had then driven over the flat into the deep water between the flat and the beach. The men with the rocket apparatus tried to get communication with the vessel, over which the seas were breaking, but without success. The Coxswain therefore decided to take the Life-boat over the flat, and so if possible to rescue the crew. By carefully manœuvring he managed to get the boat across the sand and alongside the vessel. The five persons on board at once jumped into the Life-boat, which then made for the harbour. When rescued the men were so exhausted that restoratives had to be given them to revive them. The

vessel was the smack *Majestic*, of Lowestoft.—Expense of service, 26l. 7s. 6d.

June 16.—CAISTER, NORFOLK.—*Covent Garden* Life-boat.—The s.s. *Kosuth Ferencz*, of Fiume, whilst bound from Nicolaieff to Hull with a cargo of wheat, collided with another vessel when near the Haisboro' Sands on the 15th June. After the collision the vessel stranded on the sands. During the night tugs managed to get the vessel clear, and whilst taking her to the Yarmouth Roads she again stranded on the Scroby Sands, owing to the tow ropes breaking and the prevailing fog. Shortly before 6 A.M. on the 16th June, the vessel was observed from Caister, and the No. 1 Life-boat proceeded to her assistance. At the request of the captain the Life-boat stood by the vessel throughout the day, as she was full of water forward. At the high tide next following, the steamer was towed off by eight tugs and taken to Yarmouth, the Life-boat in the meantime returning to her station.—Expense of service, 37l. 12s. 6d.

June 16.—GORLESTON, SUFFOLK.—*Leicester* Life-boat.—At 8.10 A.M. the Coastguard reported that a steamer was ashore on the south beach. The crew of the No. 2 Life-boat were assembled and the boat launched. As quickly as possible she proceeded to the vessel, which proved to be the s.s. *Ferguslie*, of Glasgow, bound from Greenhithe to Methil. In the thick fog she had collided with another vessel, and as she was leaking badly the captain beached her for safety. The Life-boatmen were engaged to try and save her. A considerable part of the cargo of cement was jettisoned by them, and they also manned the pumps. Late in the day communication was effected between the vessel and two steam drifters, and about 7 P.M. they succeeded in getting her off and towed her into the river for repairs. At 7.40 P.M. the *Leicester* was back at her station and again ready for service.—Property salvage case.

COMMITTEE MEETING, 17th June, 1909.

Voted 17l. 17s. to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with

the view of assisting persons on vessels in distress:—Berwick-on-Tweed, Broadstairs, Buckie, Bude, Clacton-on-Sea, Gorleston No. 2, Newbiggin, North Deal, Walmer and Yarmouth.

The Ramsgate Life-boat was also out on service.

Voted 14*l.* 14*s.* 6*d.* to persons injured in the Life-boat service at Caister, Newlyn and Pakefield.

Also 25*l.* for injuries to a horse injured at Pakefield.

Voted a special gratuity of 30*l.* to the widow of R. ROBINSON, Coxswain and Assistant Coxswain of the Hartlepool Life-boat for many years.

Also 15*l.* to the widow and orphans of J. B. TART, Signalman of the Dungeness Life-boat.

Also 10*l.* each to the widows of RICHARD HEARD and A. BAVEY, Signalman and Life-boatman respectively at Walmer and Yarmouth.

June 19. — DUNGENESS, KENT. — *R.A.O.B.* and *Thomas Simcox* Life-boats. — In the dense fog which prevailed in the night in the Channel, H.M.S. *Sappho* collided with another vessel off Dungeness. By a strange coincidence the colliding ship was also named the *Sappho*. The position of the cruiser was so critical that distress signals were made and steps were at once taken to transfer the majority of the crew to the ship's boats. In response to the distress signals the No. 1 Life-boat was very smartly launched and found the vessel in a sinking condition. The Coxswain at once boarded the ship, and the captain asked him to land as many of the crew as possible and to telegraph to the Admiralty and Dover for assistance. At the same time further signals were made to summon further assistance, and the larger No. 2 Life-boat promptly responded.

Twenty-one of the crew of the sinking vessel were taken into the *R.A.O.B.* and she made for the shore, at the same time conveying the ship's boats all laden into safety. Valuable assistance was also given by a motor boat which put off in reply to the urgent distress signal. When the men were landed and the necessary messages despatched, the Life-boat returned and took more men off.

In the meantime tugs had been sent from Dover, and it was decided to attempt to tow the vessel to that harbour, with the Life-boats in attendance, with only the requisite number of men on board, every preparation being made for their prompt rescue in the event of the vessel foundering. With twenty-three men in the No. 1 Life-boat and twenty-five in the No. 2 boat, two towing and another alongside using her powerful steam pumps to keep the water under control, the flotilla started for Dover. The progress was necessarily slow, as everything depended on the watertight bulkheads; but Dover was at length reached in safety and the damaged vessel beached at about 7 o'clock next morning.

The Life-boatmen were then provided with food, and later in the day both boats were towed back to Dungeness by a Government tug. On arrival the cruiser's men, who had been landed at Dungeness the previous night, were transferred to the tug which then conveyed them to Dover.—Expenses of service: No. 1 Boat, 31*l.* 1*s.*; No. 2 Boat, 40*l.* 14*s.*

June 30.—TYNEMOUTH, NORTHUMBERLAND.—*J. McConnell Hussey* Life-boat.—Two fishing cobbles belonging to South Shields had been salmon fishing and were caught in a strong N.E. wind and heavy sea which prevented them making the Harbour. The Assistant Coxswain of the Life-boat reported the matter and the Life-boat, under motor power, proceeded to their assistance. On reaching them the boats were taken in tow and with their crews of six hands conveyed with safety.—Expense of service, 5*l.* 12*s.*

June 30.—FRASERBURGH, ABERDEENSHIRE.—*Anna Maria Lee* Life-boat.—In the morning a strong N.E. gale sprang up causing a very heavy sea whilst the herring fleet were returning from the fishing grounds. Owing to the heavy swell and surf at the Harbour entrances it was considered that the boats would be in great danger and the Life-boat was launched to be in readiness for any emergency.

About 10.30 A.M. the boat *Henry and Elizabeth*, belonging to Nairn, when rounding the breakwater was struck by a huge sea and almost submerged. The

mainsail burst and the boat righted herself but was washed on the rocks behind the south breakwater, one man unfortunately being washed overboard and drowned. The Life-boat immediately proceeded to the vessel's assistance and rescued the remaining six men, the service being accomplished with great difficulty and considerable danger, the rudder of the boat having been seriously damaged. The Coxswain was most skilful in the manner in which he manoeuvred the Life-boat whilst taking the men off the wrecked vessel, and quite as meritorious and still more difficult was his management of the steering after the rudder had been broken and the yoke carried away. On the return of the Life-boat the crew were highly complimented by a vast concourse of people who lined the piers.

The Committee of Management as a mark of their approval of this service granted each member of the crew an additional reward and upon ANDREW NOBLE, the Coxswain, they conferred the Silver Medal of the Institution. —Expense of service, 12*l.* 1*s.*

July 7. — FISHGUARD, PEMBROKE-SHIRE.—Reserve Life-boat.—At about 8.30 A.M. the Coxswain of the Life-boat observed signals of distress flying from a ketch on the east side of Fishguard Bay, near the Needles Rock. There was a fresh N.N.W. breeze and heavy ground sea at the time. The Life-boat was at once launched and proceeded to the ketch, which proved to be the *Esmeralda*, of Milford. On going alongside, the captain informed the Coxswain that the vessel's sails had blown away and that he was unable to get into a safe anchorage, but he was desirous of saving his craft rather than leaving her. An agreement was come to by which the Life-boatmen undertook if possible to save the vessel, and with the assistance of a tug they succeeded in getting the ketch to a safe anchorage in Fishguard Bay.—Property salvage case.

July 8.—ROBIN HOOD'S BAY, YORK-SHIRE.—*Mary Ann Lockwood* Life-boat.—The salmon coble *Olive Branch*, belonging to Robin Hood's Bay, was overtaken by tempestuous weather when at sea. The storm arose soon after midnight and the N.E. wind increased until it

was blowing a gale. Soon after 9 A.M. it was considered advisable to send assistance to the men on board the coble and the Life-boat was launched. The Life-boat reached the coble at about 9.40 A.M. and took off the crew of two men and landed them in safety at 10.25 A.M.—Expense of service, 9*l.* 8*s.* 6*d.*

COMMITTEE MEETING, 8th July, 1909.

Voted 145*l.* 10*s.* to pay the expenses of launching the following Life-boats, or assemblies of crews, with the view of assisting persons on vessels in distress:—Berwick-on-Tweed, Eyemouth, Gorleston No. 1, Harwich (steam), Palling No. 2, Stronsay (motor), Winchelsea, and Winterton No. 1.

Granted 13*l.* 7*s.* 6*d.* to men injured in the Life-boat services at Folkestone, Newlyn, Ramsey and Shoreham.

Voted 50*l.* as a compassionate grant to Sergeant COLLINS of the Isle of Wight Police for an injury in the Life-boat service.

Voted 7*l.* 10*s.* to a Life-boatman at Montrose. He had been a member of the crew for a large number of years, and was retiring on account of old age.

Also 5*l.* to the Bowman at Skegness, also retiring on account of old age. He had been connected with the Life-boat for 42 years.

July 12.—SKEGNESS, LINCOLNSHIRE.—*Samuel Lewis* Life-boat.—On the evening of the 11th July the ketch *Darnet*, of Maldon, was anchored between the Knocksand Bank and the Main when she parted from her anchor and drifted on to the sand. Later she floated off the sand, but went on to the Main near Gibraltar Point. The captain hoisted a signal of distress, which was seen by the Coastguard, who reported it to the Coxswain of the Life-boat at 8 A.M. on the 12th July.

The Life-boat was promptly launched and proceeded to the ketch, and on arrival the captain asked the Coxswain to remain until high water to see if the vessel would float, and if not, to take him and his crew of three men ashore. The Life-boatmen did as requested, but the vessel remained aground and eventually became a total wreck; the crew of four men

were therefore landed.—Expense of service, 15*l.* 15*s.* 6*d.*

July 12.—FORMBY, LANCASHIRE.—*John and Henrietta* Life-boat.—In the morning the schooner *Alert*, of Falmouth, whilst working down Channel, bound for Truro with coal, was seen to miss stays, and before the crew could wear ship she struck on Taylor's Bank. The Life-boat was launched to her assistance and stood by her until about 3 P.M., when she floated off and came to anchor. The captain then stated that he was in no danger, and thanked the Life-boatmen for their services; she then returned to her station, arriving at 3.45 P.M. During this service there was a fresh N.N.W. wind blowing with a moderate sea.—Expense of service, 17*l.*

July 21.—NEWHAVEN, SUSSEX.—*Michael Henry* Life-boat.—During a strong W.S.W. breeze at about 7.30 P.M. a ketch was observed trying to make the harbour; she missed stays, drifted to eastward, and struck the bar just off the east pier. The crew of the Life-boat were assembled and the boat launched to the assistance of the distressed vessel. On arrival they found the crew making preparations to leave her, but at the request of the captain a hawser was taken to a tug which had also come to their assistance. The boat then stood by the vessel until 10.30 P.M., when the tug succeeded in getting her off and took her into harbour. The vessel was the ketch *Hawthorn*, of St. Servan, and was bound from Dunkirk to Brest with a cargo.—Property salvage case. Balance paid by Institution, 6*l.* 19*s.*

July 22.—POOLBEG, Co. DUBLIN.—*Richard Cresswell* Life-boat.—The Life-boat was called out between 6 and 7 P.M. to the assistance of a small boat named the *Hawk*, at the mouth of the River Liffey. The Life-boat was launched and the rescue carried out in an excellent manner in the presence of hundreds of spectators. There was a strong W.S.W. wind and moderate sea when the Coast-guard reported a small boat was in difficulties. It was seen that she was on a lee shore, and the crew of the Life-boat were promptly summoned and the boat launched. On reaching the boat, which had three men in her, the Life-boat anchored and stood by them for a time,

waiting to see if the wind would drop. At 8.15 the Coxswain considered it desirable to rescue them, and taking the boat in tow conveyed her and her occupants into safety. Expense of service, 8*l.* 16*s.*

July 22.—MARGATE, KENT.—*Civil Service No. 1* Life-boat.—In response to a message, received through the Coast-guard, stating that a shipwrecked crew were taking refuge on the Long Sand Light-vessel, the No. 2 Life-boat was launched at 6.55 P.M. There was a fresh S.W. gale at the time and the sea was very rough. At 11.30 P.M. the boat reached the Light-vessel and there found the crew of the ketch *Francis*, of London, their vessel having been totally wrecked on the Long Sand whilst bound from Antwerp. As soon as the vessel stranded they took to their boat and made for the Light-vessel which they reached in safety. The men were, on the arrival of the Life-boat, at once taken on board and she made for home, arriving at 11 A.M., having been at sea upwards of sixteen hours. Expense of service, 25*l.* 10*s.*

July 25.—PEEL, ISLE OF MAN.—*Mayhew Medwin* Life-boat.—At 11 A.M. during a moderate N.E. gale the Coxswain of the Life-boat observed a vessel in distress in Peel Bay. The crew of the Life-boat were assembled very smartly and the boat launched. They found the yacht *Gala*, of Bangor, which was running for shelter to Peel Harbour, in imminent risk of stranding on a lee shore. There were eight persons on board, and the owner requested the Coxswain to try and save the vessel as well as her occupants. The Life-boat returned to the breakwater, obtained two hawsers, and making one fast to a bollard returned to the vessel. Having secured everything on board, part of the Life-boat's crew boarded the yacht, weighed her anchor and hauled her off the lee shore. A large number of persons on the breakwater then manned the hawser and the vessel was hauled into safety at the inner end of the breakwater and at high water was moored in the Harbour.—Expense of service, 15*l.* 8*s.*

July 29.—YOUGHAL, Co. CORK.—*Marianne L. Hay* Life-boat.—During the local regatta the S.W. wind freshened to a moderate gale and the sea became

rough and heavy. Several of the competing boats found the seas too much and had to retire. The yacht *Savourna*, when near the eastern point where the sea was very heavy, touched the outer point of a reef of rocks and before the sail could be taken in she was carried right over the reef where it was impossible to extricate her. It was at once decided to launch the Life-boat and she proceeded as quickly as possible to the scene of the accident. On arrival it was found that the yacht was considerably damaged, but the hull was protected by the surrounding rocks. As it was not possible to do anything owing to the falling tide, the five persons on board decided to abandon her for the night and the Life-boat landed them at Youghal. A tug was then sent for and next day at high water salvaged the vessel.—Expense of service, 7*l.* 18*s.*

Aug. 2.—LOWESTOFT, SUFFOLK.—*Stock Exchange* Life-boat.—At 9 A.M. a heavy squall from N.E. accompanied by heavy rain blew over Lowestoft and caught the fleet of shrimp boats whilst at sea. As their position was one of considerable danger the No. 2 Life-boat was launched to their assistance. Owing to the severity of the squall which developed into a N.E. gale, the boats were compelled to run for Southwold, about 12 miles distant for shelter. The Life-boat followed and on coming up with them accompanied them into port which was reached fortunately without loss of life. The Life-boat remained at Southwold until the afternoon, when she was towed back to her station by a tug.—Expense of service, 17*l.* 17*s.* 6*d.*

Aug. 2.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—At 10.40 A.M. during a moderate E.N.E. gale with heavy sea, the Coastguard reported that a disabled shrimp boat was driving ashore about a mile to the southward. The crew of the No. 1 Life-boat were quickly mustered and the boat launched. The Life-boat proceeded in tow of a tug until they got into shallow water, where she anchored, and veered down to the craft. The occupant of the boat being unconscious, two of the Life-boat crew jumped into the boat and assisted him into the Life-boat, where restoratives were applied, which happily revived him. The

damaged boat was then made fast, and in tow of the tug conveyed to harbour. This service being performed on a Bank Holiday it was witnessed by a very large number of spectators, who loudly cheered the crew on their return.

The boat was the *Lord Clyde*, belonging to Yarmouth.—Expense of service, 15*l.* 16*s.* 4*d.*

Aug. 3.—CLACTON-ON-SEA, ESSEX.—*Albert Edward* Life-boat.—A telephone message from the Maplin Light-house at 5.30 A.M. reported that the Swin Middle Light-vessel was making signals for assistance. The Life-boat was speedily launched, and when proceeding through the Swin Spitway the Coxswain observed a barque on the East Barrow Sand. He made for her and found she was the *Magnat*, of Langesund, bound from Brevig to London with a cargo of ice. The boats of H.M.S. *Vindictive* had already transferred the captain's wife and two children to a tug which was also standing by. The Coxswain offered his services, but the captain of the *Magnat* decided, the vessel's back being already broken, to abandon her. The master and remaining men, eight in number, were taken into the Life-boat, which conveyed them to the tug, and the Life-boat then made for home.—Expense of service, 8*l.* 4*s.*

Aug. 5.—ST. DAVID'S, PEMBROKE-SHIRE.—*Gem* Life-boat.—The steamer *Langton Grange*, of London, a vessel of upwards of nine thousand tons register, belonging to the Houlder Line, stranded during a dense fog on the North Bishop Rocks. Her signals of distress were heard at 3.30 A.M. and as quickly as possible the Life-boat was despatched. The weather was very calm with a dense fog, and not knowing at that time the exact position of the wreck a somewhat protracted search had to be made before she was discovered. On getting alongside the Coxswain boarded the vessel and the captain asked him to stand by her. After three hours the persons on board elected to remain, and as by that time there were several other steamers in attendance the Life-boat returned to her station arriving at soon after noon.—Expense of service, 13*l.* 5*s.* 9*d.*

Aug. 7.—YARMOUTH, NORFOLK.—*John Burch* Life boat.—During fine

weather the Coastguard reported that a fishing-boat was aground on the South Scroby Shoal, and the Life-boat was launched. On reaching the vessel, which proved to be the *Emily*, of Yarmouth, the Coxswain found that her trawl had fouled a large anchor and being unable to clear it the tide had driven the vessel on to the sand. The Life-boat rendered valuable assistance in getting the vessel clear, and having saved the net assisted the vessel into harbour and landed the crew of four hands.—Expense of service, 12*l.* 3*s.*

Aug. 8.—CAISTER, NORFOLK.—*Nancy Lucy* Life-boat.—During moderate but very thick weather, the s.s. *Tarnholm*, of Copenhagen, bound from Dunkirk to Newcastle, stranded on the Barber Sands opposite the Life-boat shed. She was observed at about 6 P.M. and the No. 2 Life-boat was launched. On reaching the vessel it was ascertained that there were twenty persons on board, including the captain's wife and five children, but it was not considered necessary to take them off the vessel as it was hoped she would float on the next high tide. At the request of the captain the Life-boat stood by in case of emergency, but at 2 A.M. next morning she came off the sand and the Life-boat returned to her station.—Expense of service, 20*l.* 2*s.* 6*d.*

Aug. 10.—KINGSTOWN, CO. DUBLIN.—*Hannah Pickard* and *Dunleary* Life-boats.—The passenger steamer *Duke of Abercorn*, of Dublin, when returning from Bray Regatta in the evening, stranded in a dense fog on the south-west corner of Dalkey Island. The information of the accident was telephoned to Kingstown, and as there were about 250 persons on board the two Life-boats were despatched to the scene. Before they arrived, however, most of those on board had managed to get to the shore, and their services were not required for life-saving. The No. 2 boat returned without delay, but the *Hannah Pickard* helped to get the vessel afloat by taking out an anchor and cable, as there was no other boat available; the Life-boatmen also went on board the steamer, and when the tide flowed they hove her off.—Expense of service, 16*l.* 6*s.*

COMMITTEE MEETING, 12th Aug., 1909.

Voted 253*l.* 1*s.* 8*d.* to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Aberdovy, Bude, Clacton-on-Sea, Criccieth, Dungeness No. 1, Gorleston No. 1, Harwich (steam), Hoylake, Hythe, Kessingland No. 1, New Romney, Pakefield, Totland Bay and Yarmouth.

Voted the Silver Medal to ANDREW NOBLE, Coxswain Superintendent of the Fraserburgh Life-boat, for his gallant conduct in perilous circumstances when the Fraserburgh Life-boat saved six of the crew of the fishing-boat *Henry and Elizabeth*, of Nairn, wrecked in exceptionally severe weather on the 30th June.

Reported that the President of the French Republic had conferred gold medals upon the Coxswain Superintendent of the Cloughey Life-boat and upon the Chief Officer of H.M. Coastguard at Cloughey, also silver medals upon the other members of the crew of the Life-boat, in recognition of their good services in rescuing the crew of twenty-six of the barque *Croisset*, of Rouen, wrecked off Cloughey, on the 14th November, 1908. Each medal was accompanied by a diploma. An aneroid barometer was also presented to JOHN McMULLAN, Esq., Honorary Secretary of the Branch.

Voted a retiring pension and Certificate of service to JOHN H. FRANKLIN, Coxswain Superintendent of the Seaton Carew Life-boat, who resigned on account of ill-health.

Voted a gratuity of 3*l.* to the late Signalman of the Johnshaven Life-boat and a similar amount to the Bowman at Hope Cove who resigned on account of old age.

Also granted 8*l.* 10*s.* to cover the funeral expenses of the late ex-Coxswain of the Gorleston No. 2 Life-boat, who died in a state of great poverty.

Voted a commuted pension to WILLIAM J. BUTCHER, Signalman at Worthing Life-boat station, who retired on account of ill-health.

Aug. 13.—NEW BRIGHTON, CHESHIRE.—*Queen* Life-boat.—During rough and squally weather in the early morning information was received that a flat was ashore in the Rock Channel. The crew of the steam Life-boat were assembled and the boat proceeded to the position indicated. They found the flat *Bessie*, of Liverpool, on the North Bank of the Channel, in a dangerous position and bumping heavily. There were two men on board who were rescued, and shortly afterwards the vessel sank, becoming a total wreck. The vessel at the time of the disaster was bound for Holyhead with a cargo of coal.—Expense of service, 7*l.* 15*s.* 6*d.*

Aug. 18.—HOYLAKE, CHESHIRE, and FORMBY, LANCASHIRE.—*Hannah Fawsett Bennett* and *John and Henrietta* Life-boats.—In the afternoon the steamer *Soldier Prince*, of Newcastle-on-Tyne, belonging to the Prince Line and bound to Manchester, stranded on the Askew Spit. There was a strong N.W. breeze and the sea was rough, and in response to her signals the Life-boats from Formby, Hoylake and the steam Life-boat *Queen* from New Brighton put off to her assistance. On the arrival of the latter she remained for a time, but then finding that the other two Life-boats would be able to render all necessary help she returned to her station.

The Formby boat was the first to reach the distressed vessel, and seven passengers, including a lady and two young girls, were at once transferred to the boat, which made for the shore and landed them in safety. As the vessel was in a dangerous position and the weather threatening, the Life-boat returned to the steamer and in company with the Hoylake Life-boat stood by whilst efforts were made to save the vessel. Shortly before midnight tugs succeeded in towing the vessel clear, and as she was able to proceed on her voyage the two Life-boats returned to their respective stations.—Expense of services: Hoylake, 36*l.* 4*s.* 6*d.*; Formby, 32*l.* 5*s.*

Aug. 25.—BERWICK-ON-TWEED, NORTHUMBERLAND.—*Matthew Simpson* Life-boat.—At about 6 P.M. several large herring boats and a yacht were to be seen making for port, and two miles N.E. of the pier head the yacht

was dismayed. A nasty sea was running and it was blowing very fresh from the north—at times a moderate gale with growing sea on the bar. The signal was at once fired and the Life-boat launched. Two tugs were at the mouth of harbour, and one of them proceeded to the yacht and took her in tow. When crossing the bar the tow rope carried away and she nearly came to grief. Fortunately another rope was obtained, and eventually the tug, after towing her out again to get sea room, succeeded in bringing her in, the Life-boat in the meantime standing by on the bar ready for emergencies. The fishing-boats also were brought in, several incurring great risk. The last one to enter did so at 9.30 P.M. after dark, and had a very narrow escape from being wrecked on Colt Bat. She took a heavy sea when just to windward of it and the tug's crew thought the tow rope had parted. The Life-boat dashed to her assistance, finding that the rope still held and she got in without further adventure.—Expense of service, 24*l.* 10*s.*

Aug. 29.—HOYLAKE, CHESHIRE.—*Hannah Fawsett Bennett* Life-boat.—A few minutes after 8 P.M. the Coastguard on duty reported signals of distress on the West Hoyle Bank, and the Life-boat was promptly launched. She proceeded to the Bank where she found the sloop *Charming Nancy*, of Cardigan, in a sinking condition. The Life-boat rescued the two men on board with considerable difficulty as there was a moderate northerly gale blowing at the time and the sea was heavy. Both men were in an exhausted condition when the Life-boat landed them at Hoylake at about midnight.—Expense of service, 29*l.* 9*s.* 6*d.*

The Vicar of Hoylake (the Rev. Francis Sanders, M.A., F.S.A.) was informed of the rescue, and although he was in bed at the time, he got up, proceeded to the Life-boathouse and announced that he would hold a thanksgiving service for the rescue of the men. The service, which was very simple, was attended by several thousand people who had assembled.

Aug. 29.—YEALM RIVER, DEVONSHIRE.—*Michael Smart* Life-boat.—The Coastguard on duty on Wembury Cliffs saw a small light on the "Mewstone"

soon after dark, and thinking that a boat might be in difficulties, reported the matter to the Coxswain of the Life-boat, as in the strong westerly breeze it was not safe for a small boat to put to sea. After consultation it was decided to launch the boat, and at 10.20 P.M. she proceeded to sea. They found a small boat sheltering in a cove on the lee side of the island with one man in her, his two companions having landed and tried to attract attention by striking matches. The Life-boat rescued them from their unpleasant position and returned to harbour with the small boat in tow.—Expense of service, 13*l.* 10*s.*

Aug. 31.—TYNEMOUTH, NORTHUMBERLAND.—*J. McConnel Hussey* Life-boat.—A fishing coble of South Shields had been out salmon fishing, when the N.E. wind freshened to the force of a strong breeze and the sea became heavy. In attempting to return to port the oars were broken and the two men in the boat were obliged to anchor. Seeing that the boat was in danger the Life-boat was despatched to her assistance and brought both the boat and her occupants into safety.—Expense of service, 5*l.* 2*s.*

Sept. 2.—RUNSWICK, YORKSHIRE.—Reserve Life-boat.—In a moderate westerly breeze with a growing sea in the evening, the services of the Life-boat were called for to assist two of the fishing cobsles belonging to Staithes. A telegram from Staithes stated that the boats had been warned that it was impossible to attempt to land at that place and that they were making for Runswick. The crew of the Life-boat were at once mustered and the boat launched at 8.30 P.M. She proceeded to sea, and there awaited the cobsles, which she towed into safety.—Expense of service, 18*l.* 16*s.*

Sept. 4.—WALTON-ON-NAZE, ESSEX.—*James Stevens* No. 14 Lifeboat.—At 5.45 A.M. the Coastguard received a telephonic message from the Gunfleet Light-house, stating that a schooner was on the sands. Without delay the Life-boat proceeded under sail and motor to her assistance. On reaching the edge of the sand, the water was so shoal that it was not possible for the Life-boat to get alongside, or,

indeed, anywhere near her. Several of the Life-boatmen therefore entered the water and waded to the vessel. She proved to be the brigantine *Alroy*, of Hull, with a crew of eight hands, bound to Gravesend with a cargo of coal. After consulting the Coxswain, the captain employed the Life-boatmen to try and get the vessel off. Most of the crew went aboard, and all then set to work to lay out kedges and to jettison the cargo. They continued to work until high water about 3 P.M., but the vessel, although she moved a little, did not float. More cargo was disposed of, and about 3 A.M. on the morning of the 5th idem the vessel floated. In the meantime the wind, which was W.N.W., had freshened, and it was found that the vessel, due to heavy bumping, was leaking badly. Some of the Life-boatmen were therefore requested to remain on board and assist at the pumps, while the remainder accompanied her in the boat until Gravesend was reached in safety. The Life-boat then left for Walton, where they arrived at about 10.30 P.M., the men having rendered valuable assistance in saving the vessel and her crew.—Property salvage case.

Sept. 7.—FRASERBURGH, ABERDEENSHIRE.—*Anna Maria Lee* Lifeboat.—A northerly gale of extraordinary violence for the season of the year was experienced at Fraserburgh, and the Life-boat after performing a gallant rescue, was for some time in considerable jeopardy. Shortly before 1 P.M. the fishing-boat, *Zodiac*, of Buckie, was making for the harbour when she was swept past the entrance, and before help could be given her was thrown on the rocks at the back of the south breakwater. The alarm was quickly given, and both the Life-boat crew and the rocket apparatus were smartly on the scene. The Life-boat promptly put to sea, but before she could reach the vessel communication had been obtained by rocket and line. The crew of the vessel however seeing that the Life-boat was approaching, waited until she was skilfully manoeuvred alongside by the Coxswain, and by this means the whole of the crew—seven in number—were rescued. After taking the men on board the Life-boat started on her

return journey, but in the shallow, broken water she could make no headway. The best efforts of the men were in vain, and the boat was gradually driven to leeward, being constantly engulfed by the waves and lost to the view of the anxious watchers on shore. The harbour tug-boat put to sea, but as soon as she left the shelter of the harbour she met a terrific sea which washed over her so constantly that she was obliged to return. Fears began to be entertained for the safety of the Life-boat and her occupants, as it was seen that she was drifting slowly towards the shore, where the breakers were running mountains high. The Coxswain saw his danger, and casting anchor, set sail, when to the great relief of everyone, the boat made some headway. In the meanwhile the steam-drifter, *Lively*, of Buckie—CAPTAIN ALEXANDER THOMSON, master—got up steam and bravely put out to assist the Life-boatmen, who by this time were becoming exhausted by their arduous struggle. On reaching the Life-boat she was taken in tow and brought into harbour, the greatest praise being given by all for the gallantry displayed.

The next day the Harbour Commissioners made a public presentation of 25*l.* to the master and crew of the steam-drifter, *Lively*, as a token of their recognition and appreciation of the valuable services rendered by them to the Fraserburgh Life-boat under trying and difficult circumstances.

At the Meeting of the Committee of Management next following, they bestowed the silver Second Service Clasp upon the Coxswain, ANDREW NOBLE, the Silver Medal having been conferred upon him for another gallant service as recently as the 30th June. To the master of the *Lively* was presented the thanks of the Institution inscribed on vellum and framed, and to each member of the Life-boat's crew, including the Coxswain, an additional monetary reward was made.—Expense of service, 13*l.* 13*s.*

COMMITTEE MEETING, 9th Sept., 1909.

Voted 304*l.* 15*s.* 2*d.* to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of

assisting persons on vessels in distress :—Blakeney, Brighton, Broadstairs, Caister Nos. 1 and 2, Fraserburgh, Gorleston Nos. 1 and 2, Helvick Head, Holyhead (steam), Holy Island No. 1, Hunstanton, Kingstown No. 2, Llandudno, Lowestoft No. 2, New Brighton No. 2 (steam), Point of Ayr, Rhoscolyn, St. Mary's, Skateraw, Whitby No. 1, Winterton No. 2.

Voted 50*l.* to the widow of DAVID LEADBETTER, Coxswain of the Fleetwood Life-boat for fourteen years, in recognition of his good services.

Also 50*l.* to the widow of JOHN WILLIAMS, Coxswain of the Cemlyn Life-boat, for eleven years and Assistant Coxswain for eighteen years previously, his death having been accelerated by exposure on Life-boat service.

Voted 100*l.* to the Harbour Commissioners at Peterhead to defray the cost of coal consumed in Harbour tug, in keeping the fire banked ready for service with the Life-boat, during the past ten years.

Voted 15*l.* to the widow of a Life-boatman who had been a member of the crew of the Irvine Life-boat for thirty years, in recognition of his good services.

Also 5*l.* to a man injured in the Life-boat service at Whitby.

Sept. 11.—STAITHES, YORKSHIRE.—*James Gouland* Life-boat.—During a thick fog signals of distress were seen in the direction of the Cowbar Steel. One of the cibles put off, but found that it was not possible to approach the vessel which had stranded on the Steel. She returned ashore and reported the matter, and as there was a rough sea the Life-boat was launched. On reaching the vessel the Life-boatmen were engaged to try and save her. An anchor was laid out and eventually the vessel was floated. She proved to be the steamer *Staithes*, of Jarrow, in ballast.—Property salvage case.

Sept. 12.—WHITBY, YORKSHIRE.—*John Fielden* Life-boat.—In the evening fourteen of the fishing-boats belonging to Whitby went out to fish. Later the wind freshened considerably from N.N.E. and bad weather followed, causing them to make for port again. About

midnight, when four of the boats returned, the sea was growing fast, and the Coxswain considered it would be prudent for the No. 2 Life-boat to proceed to the help of the other incoming boats. The boat was rowed out, and between midnight and 5 A.M. escorted nine craft into safety. Information was then received that the remaining boat had put into Staithes for safety, and the Life-boat returned to her moorings.—Expense of service, 13*l.* 9*s.*

Sept. 13.—BANFF, BANFFSHIRE.—*George and Mary Berrey* Life-boat.—At about midnight on the 12th–13th September a telephone message was received from Gardenstown stating that the sailing boat *Artistic* of that place had struck on the rocks off the harbour, and the assistance of the Life-boat was required. The crew of the Life-boat were assembled, and without loss of time the boat was launched at Banff Harbour, arriving where the casualty had occurred a little after 2 A.M. It subsequently appeared that when the vessel struck the seven men on board jumped on to the rock for safety, and were in this position when the Life-boat reached them. There was a strong N.E. wind blowing with a heavy sea, and in order to get in touch with the endangered men the Life-boatmen were obliged to use a line and bring the boat broadside on to the rock. By this means the men were rescued, one at a time.—Expense of service, 19*l.* 14*s.*

Sept. 17.—GREENORE, Co. LOUTH.—*Sir Arthur Blackwood* Life-boat.—At 6.20 A.M. the Life-boat was launched in response to signals of distress from a steamer. There was a thick fog at the time and on arriving on the scene of the casualty the Life-boat found the passenger and cargo steamer, *Galtee More*, of Dublin, aground about half a mile from the Haulbowline Light-house. She was bound at the time from Holyhead to Greenore with a general cargo. Another steamer also went to her assistance and took off some of the passengers and tried ineffectually to tow her clear. The Life-boat then stood by the steamer until she was able with her own engines on the flood tide to get off the sands.—Expense of service, 9*l.* 10*s.*

Sept. 21.—CAISTER, NORFOLK.—*Covent Garden* Life-boat.—During a

strong W.N.W. breeze, accompanied by a rough sea in the early morning the Coastguard reported that signals of distress were being made from the middle part of the Cockle Sands. It was then 4.10 A.M., and with great promptness the crew of the No. 1 Life-boat were assembled and the boat launched. The vessel proved to be the brigantine *Parthenia*, of Yarmouth, bound from Hartlepool to Lowestoft with coal; she being then under water and the crew of six hands taking refuge in the rigging. From this critical position they were rescued by the Life-boat together with their dog, which they had humanely taken with them to the rigging when the vessel sank. One of the men was in a very exhausted condition when saved, being seventy years of age, and after being given restoratives was conveyed to the Sailors' Home at Yarmouth for treatment. The weather during this service was cold and the Life-boatmen suffered somewhat as, in the hurry to get the Life-boat away promptly, they did not stop to fully clothe themselves.—Expenses of service, 20*l.* 2*s.* 6*d.*

Sept. 22.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—The Life-boat was launched at 5.30 A.M. in a choppy sea and fresh S.E. wind, to the assistance of the barge *Lily*, of Rye, which stranded to the south of the Britannia Pier whilst bound to Grimsby. On arriving alongside the vessel the Life-boatmen were employed by the captain to get the vessel off, and with assistance of a tug and by laying out anchors the vessel and her crew of six hands were saved.—Property salvage case.

Sept. 23.—WHITBURN, DURHAM.—*William and Charles* Life-boat.—The steamer *Verring*, of Copenhagen, bound from Rotterdam to the Tyne, in ballast, stranded on the rocks off Whitburn in a dense fog. Information reached the Coxswain at about 11.30 P.M., and the Life-boat was launched by midnight. The master of the vessel requested the Coxswain to remain alongside in order that he might see if the vessel would float on the flood tide. Owing to the density of the fog and the swell the Coxswain considered it his duty to do so and remained until 8.30 A.M. As the vessel was then still on the rocks it

was decided to abandon her, and twenty of the crew were taken into the Life-boat which landed them at 9 A.M., at the same time towing in one of the ship's boats containing some of their clothing, etc., and the remainder of the crew, two in number.—Expense of service, 25*l.* 10*s.*

Oct. 5. — BUCKIE, BANFFSHIRE. — *Maria Stephenson* Life-boat.—Shortly after 11 A.M. a small boat was observed about four miles to the N.E. of Buckie Harbour, evidently in distress. By aid of glasses it was seen that the sail had been blown away and that the occupant was holding up his jacket as a distress signal, whilst the boat was drifting in a N.E. direction. The crew of the Life-boat were called out and the boat promptly launched. There was a moderate S. gale blowing with a choppy sea, but within forty-five minutes of the assembly signal being fired, the Life-boat reached the boat. It was found that the craft was the line fishing boat *The Boy*, of Findochty, with the owner—a man between sixty-five and seventy years of age—on board. He was taken into the Life-boat in a very exhausted condition and his boat taken in tow. Another boat which was labouring heavily was at this time kept under observation until she was in safety, and then the Life-boat towed *The Boy* into Findochty Harbour, which is about three miles to the eastward of Buckie. The Life-boat then returned to her station, arriving about 2 P.M.—Expense of service, 16*l.* 2*s.*

Oct. 5.—STORNOWAY, ISLE OF LEWIS. —*Sarah Pilkington* Life-boat.—In the evening of the 4th October the steamer *Rap*, of Lillesand, Norway, when making for Stornoway for coal, struck the Chicken Rock and was beached in Branahuie Bay. The master of the steamer proceeded on the morning of the 5th idem to Stornoway to obtain assistance, leaving twelve men on board. Towards midday the wind freshened, and the Life-boat was launched and proceeded to her, but before she could reach the steamer the wind changed to N.W. and blew with great force. The men on board were rescued, the decks of the steamer at high water being practically submerged. The return journey to Stornoway was very trying, as the

wind at times blew with hurricane force, accompanied with blinding rain and great cold. The boat reached her station at 7 P.M.—Expense of service, 17*l.* 11*s.*

Oct. 5.—GREENCASTLE, CO. DONEGAL.—*Brittan Willis* Life-boat.—The schooner *Laura Griffith*, bound from Portmadoc to Sunderland with a cargo of slates, was observed at anchor in a dangerous position near the Tuns Bank. As the weather was very threatening and the sea heavy, the Life-boat was launched to her assistance and landed the four men on board, returning to her station about 8.30 P.M.—Expense of service, 31*l.* 10*s.*

Oct. 5.—STROMNESS, ORKNEY ISLANDS. —*John A. Hay* Life-boat.—In the morning the steam trawler *Ocean Prince*, of Aberdeen, outward bound from Aberdeen, was making for Stromness Harbour with damaged boiler, when she ran aground on the Point of Ness, near Stromness. The vessel and crew were in no immediate danger, for the weather was fine and the beach comparatively flat. Attempts were made to reloat the vessel, but to no purpose. The men resolved to stay on board. In the evening a gale sprang up from the S.W., and the crew became alarmed. They burned flares and made other signals of distress. The sea was very rough and the night very dark, with heavy showers of rain. The motor Life-boat set out and soon reached the scene. With considerable difficulty the crew of the trawler, nine men in all, were taken aboard, the sea washing over the Life-boat. The crew were landed safely at Stromness.—Expense of service, 21*l.* 4*s.*

At 8.30 P.M. and later in the evening a request was made for the Life-boat to stand by the vessel, as it was feared that she would drive off at high water and become a total wreck. At midnight the weather had improved a little, and the Life-boat was again despatched to the vessel with her crew. The men were put on board, and the Life-boat stood by until 3.30 A.M. At that time the vessel had not floated, the men were therefore taken into the Life-boat, which again conveyed them to Stromness. The motor fitted in the Life-boat was of great assistance on both occasions, and

great difficulty would have been experienced in reaching the vessel had the boat been without it.—Property salvage case.

Oct. 7.—ARBROATH, FORFARSHIRE.—*James Stevens No. 13* Life-boat.—The fishing yawl *Lizzie and Annie*, of Arbroath, was returning to port from the fishing grounds about midday when owing to the strong S.E. wind and heavy sea it was realized that both the boat and her crew would be in considerable danger. The Life-boat was therefore launched at 12.15 P.M., and stood by her whilst she crossed the bar, life-belts being given to the three men to wear until out of danger. The fishing-boat got into harbour at 1.40 P.M.—Expense of service, 12l. 13s. 6d.

Oct. 13.—FORMBY, LANCASHIRE.—*John and Henrietta* Life-boat.—In the afternoon the Coxswain of the Life-boat observed a steamer take the ground on the Burbo Bank. The sea was rough at the time and appeared to make a clean breach over her. The Life-boatmen were assembled, and without loss of time the boat proceeded to her assistance. She proved to be the steamer *Cape Wrath*, of Glasgow, bound for Cork with a cargo of coal. The master declined to leave his vessel and as she was in a bad position the Coxswain decided to stand by her. He remained until 7.30, when the wind having changed the vessel got off on the flood tide. The Life-boat then returned to her station, arriving at 9.30 P.M.—Expense of service, 43l. 6s.

COMMITTEE MEETING, 14th Oct., 1909.

Voted 138l. 1s. to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Angle Nos. 1 and 2 (steam), Banff, Cresswell, Dunbar, Filey, Montrose No. 1, Palling No. 2, Peterhead, Whitby No. 1, Winterton No 2, and Yarmouth.

The Polkerris Life-boat was also launched to try and assist a vessel.

Granted a retiring pension, and certificate of service to WILLIAM ARMSTRONG, Coxswain Superintendent of the Hauxley Life-boat; also a retiring

pension to ROBERT ARMSTRONG and to JAMES UPTON, Assistant Coxswain, at Hauxley and Shoreham respectively.

Also granted a pension to HARRY PARKER, Coxswain Superintendent of the Walmer Life-boat on his resignation.

Reported that the German Government, whilst thanking the Institution for the readiness with which the Life-boats were placed at the disposal of German vessels in distress at sea, had forwarded pecuniary rewards to the crew of the Boulmer Life-boat for their services in rescuing the crew of the schooner *Cécilie*, of Hamburg, wrecked in Boulmer Bay on the 6th March, 1908.

They also forwarded a monetary grant for one of the helpers who had a paralytic stroke when assisting to launch the Life-boat on the same occasion.

Granted the Silver Second Service Clasp to ANDREW NOBLE, Coxswain Superintendent of the Fraserburgh Life-boat, and an additional monetary grant to him and to each of the crew, for a gallant service resulting in saving the crew of seven hands of the fishing-boat *Zodiac*, of Buckie, wrecked near Fraserburgh in exceptionally rough weather on the 7th September.

Also voted the thanks of the Institution inscribed on vellum and framed to Captain ALEXANDER THOMSON, of the steam drifter *Lively*, for putting to sea and rendering valuable assistance to the Life-boat on this occasion.

Oct. 15.—THE MUMBLES, GLAMORGANSHIRE.—*Charlie Medland* Life-boat.—During a strong W.S.W. gale and heavy sea signals of distress were seen on the French schooner *Clara*, and about the same time a tug reported that the Life-boat was required. The Coxswain of the Life-boat at once assembled his crew and proceeded to the schooner, which was dragging her anchor. Having established communication, the master's wife and child were taken into the boat, but the crew refused to leave their vessel. The boat then returned to her station, landing the two persons at 4 P.M.—Expense of service, 13l. 1s.

Oct. 18.—NORTH DEAL, KENT.—*Charles Dibdin* Life-boat.—The Life-boat was launched at 11.10 P.M. in

response to a message stating that a vessel was on fire near the fairway buoy. Owing to the fog prevailing some time was lost before the *Life-boat* could find the vessel, but on arrival they found the crew of three hands in a very small dinghy standing by her. The *Life-boat* and dinghy remained near the vessel until she sank, and then the *Life-boat* took the dinghy in tow and proceeded to Ramsgate. The vessel on fire was the motor-boat *Lethe*, of Ramsgate.—Expense of service, 41l. 6s. 6d.

Oct. 20.—HOLYHEAD, ANGLESEY.—*Duke of Northumberland* *Life-boat*.—Signals of distress were seen shortly before 1 A.M. from a ship apparently on the breakwater, and immediately afterwards a telephone message was received from the Breakwater Lighthouse calling attention to her. The steam *Life-boat* was at once ordered out, but on reaching the vessel—the trawler *Fleetwing*, of Fleetwood—it was seen that there was no immediate danger to the crew. The master asked the Coxswain if he would assist him off the rocks and he accordingly did so, after which the trawler set sail and got to a safe anchorage. At the time of the casualty there was a strong S.W. gale blowing with heavy sea.—Expense of service, 11l. 17s. 6d.

Oct. 20.—BRIGHSTONE GRANGE, ISLE OF WIGHT.—*Brothers Brickwood* *Life-boat*.—During a moderate S.W. gale and heavy sea at 6 P.M. the Coxswain observed a barge drifting before the wind, apparently unmanageable and making signals of distress. The crew of the *Life-boat* were promptly summoned and the boat launched. On reaching the vessel they found that she was the spritsail barge, *William and Mary*, of Maldon, bound from Plymouth to Portsmouth with a cargo of tiles and firebricks. In the prevailing gale her sprit had carried away and mainsail was torn, rendering her helpless. The two men on board were rescued and the barge was driven up under the cliffs, becoming a total wreck.—Expenses of service, 34l. 18s. 6d.

Oct. 26.—KINGSTOWN, Co. DUBLIN.—*Dunleary* *Life-boat*.—The Norwegian barque *Poseidon*, of Kragero, bound from Canada to Dublin with a cargo of timber, was reported shortly before

midday to be dragging her anchors off Bullock Harbour with her sails blown to pieces. There was a strong gale blowing from the east and the sea was very heavy, the No. 2 *Life-boat* was therefore sent to her assistance. On nearing the vessel it was seen that a small boat was hanging astern of the barque capsized with three men clinging to her and a steam pilot boat was in the vicinity, but unable to rescue the men. The *Life-boat* at once made for the boat and succeeded in saving the three, but in such an exhausted condition that it was necessary to send two of them to hospital as soon as they were landed. It appeared that six men had attempted to leave the barque to get to the pilot boat, but the ship's boat capsized before they cast off. Three of the men with life-belts on succeeded by swimming in reaching their goal, but the other three came perilously near losing their lives, the promptness of the *Life-boat* alone saving them. As the vessel's anchors were then temporarily holding and a tug was close at hand, the Coxswain decided to at once make for shore. He accordingly did so, and having landed the rescued men, returned to the barque. When the *Life-boat* reached her the second time the vessel was in tow of the tug and under way. Further help was declined, but the *Life-boat* stood by for a short time in case the hawser should part; both the tug and the barque, however, were certain that they were in need of no further assistance, and the *Life-boat* returned to her station. In the evening, when near Poolbeg Light, the vessel parted from the tug and was totally wrecked, but the men on board were happily saved. This *Life-boat* was again launched, but in the darkness failed to find the wreck.—Expense of service, 35l. 12s.

Oct. 26.—ABERSOCH, CARNARVONSHIRE.—*Oldham* *Life-boat*.—During a strong E. gale the *Life-boat* was launched in a tremendous sea in response to signals of distress from the ketch *Falcon*, of Portmadoc, and from the steamer *Enterprise*, of Beaumaris, in St. Tudwells Roads, riding heavily on a lee shore. The boat proceeded first to the ketch, and her crew of three hands as soon as

she got near jumped aboard, she then made for the steamer, and veering alongside, rescued the four men forming the crew. The boat then made for lee of St. Tudwells Island and anchored for two hours until the tide made, proceeding later to Abersoch where the men were landed. The steamer subsequently went ashore and became a total wreck. The condition of sea during this service was reported to have been the worst experienced during the past seventeen years, and the skilful management of the Life-boat—which behaved splendidly—by the Coxswain was suitably recognised by the Committee of Management by awarding him a binocular glass and by granting him and each of the crew an additional monetary reward.—Expense of service, 22*l.* 7*s.* 6*d.*

Oct. 26.—YOUGHAL, CO. CORK.—*Marianne L. Hay* Life-boat.—A fierce N.E. gale caused a heavy broken sea to sweep the harbour, and endangered three men who were on a motor barge belonging to Youghal lying at anchor. Several attempts were made by shore-boats to reach them without success, and at 7 P.M. the Life-boat was launched and proceeded to their assistance. Considerable difficulty was experienced in reaching the barge owing to the state of the wind and tide and the broken water, but she succeeded and rescued the three men, at the same time laying out an additional anchor to prevent the barge driving ashore.—Expense of service, 6*l.* 2*s.*

Oct. 27.—THE MUMBLES, GLAMORGANSHIRE.—*Charlie Medland* Life-boat.—During a moderate E. by S. gale at 8.50 A.M., the Coastguard reported that a French schooner was near the rocks and making signals of distress. The crew were promptly assembled and the boat proceeded to the vessel, which proved to be the schooner *Eglantine*, of Treguier. The Life-boat went alongside and took off three hands, but two men elected to remain on board; the boat therefore returned ashore and landed the three persons. The vessel was eventually towed into safety by a tug.—Expense of service, 12*l.* 9*s.*

Oct. 28.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—At 5.35 A.M. the Coastguard on duty reported that a

vessel to the north of the Cockle Light-vessel was making signals for assistance. The Coxswain promptly summoned the crew of the No. 1 Life-boat, and in tow of a tug proceeded to the position indicated. A whole N.E. gale was raging, and the sea was very heavy. On nearing the Cockle shoal a steamer, the s.s. *Clunie*, of Aberdeen, was seen with signals flying and the crew taking refuge in the rigging. The Coxswain shaped his course to a position where he could veer down to the steamer, but she drifted before the gale along the sands, with the result he had time to rescue only four men from the rigging when his cable was out the entire length. He then had to haul back and weigh his anchor and proceed after the vessel, which was leaking to such an extent the fires were extinguished, the remainder of the crew being in a very perilous position. Before the Life-boat could again reach her, the stays securing the deck cargo of empty barrels gave way, and grave risk was incurred by the Life-boatmen owing to the wreckage and barrels which had washed overboard, and made the task of the Life-boatmen much more difficult. In the meantime a tug, which was also in attendance, managed very cleverly to get the vessel in tow, and assisted by some of the Life-boatmen, who went on board the wreck, succeeded in saving the vessel and her crew of nine hands, the Life-boat remaining in close attendance in case the vessel should founder whilst being taken into safety.

This was a very excellent service, performed in a dangerous locality and in very severe weather, and the Committee of Management, to mark their appreciation of the gallantry displayed by the whole of the Life-boat crew, bestowed the third silver service clasp upon the Coxswain, Sidney Harris, and the silver medal upon the Assistant Coxswain, Ellery Harris, who, unfortunately, was injured during the service.—Property salvage case.

Oct. 28.—SOUTHWOLD, SUFFOLK.—*Alfred Corry* Life-boat.—At 7 A.M. a steamer was observed off Southwold flying signals of distress, and the No. 1 Life-boat was launched to her assistance. A moderate E.N.E. gale was blowing,

accompanied by a heavy sea, and on reaching the vessel it was found that the steering gear was out of order. Life-boatmen were put aboard the steamer, and it was decided to make for Harwich, the Life-boat rendering valuable assistance in steering her. When near the Middle Shipwash Sands, the vessel's steering gear entirely broke down, and two tugs were employed to tow the vessel to Harwich. The vessel was the s.s. *Hermia*, of Rotterdam, bound from Lynn to Dieppe with a cargo of coal.—Property salvage case.

Oct. 29.—LOWESTOFT, SUFFOLK.—*Stock Exchange* Life-boat.—The barque *Neptune* of Mariehamn made signals of distress at about 5.45 A.M., and the No. 2 Life-boat was sent to her assistance. On arrival at the vessel the Coxswain asked if the services of the Life-boat were required, and the captain replied that he wanted the Life-boat to stand by him. The vessel had lost one anchor and chain and was then dragging her other anchor. The Life-boat stood by the vessel for about an hour, and eventually she brought up to her anchor, and as the men declined to leave their vessel, the boat returned to her station. The sea was very heavy at the time, and there was a strong N.N.E. gale blowing.—Expense of service, 31l. 5s.

Nov. 11.—DONNA NOOK, LINCOLNSHIRE.—*Richard* Life-boat.—Signals of distress were observed from a vessel which had stranded three and a half miles to the south of Donna Nook, and reported by the Coastguard. The Life-boat was promptly sent to the assistance of the crew, and found that the vessel was the steam trawler *Uriel*, of Grimsby, homeward bound with a cargo of fish. When the Life-boat got alongside, six of the vessel's crew had been landed by the rocket apparatus, but the captain and two men were still on board. The captain asked the Life-boat to stand by his vessel until the next high water, as he hoped to save her, and in this he succeeded with the assistance of a tug. The Life-boat then returned to her station, arriving at 4 A.M.—Expense of service, 45l. 7s.

COMMITTEE MEETING, 11th Nov., 1909.

Voted 972l. 16s. 3d. to pay the expenses of the following Life-boat launches assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Aldeburgh No. 2, Appledore No. 1, Arbroath, Barry Dock, Broadstairs, Caister Nos. 1 and 2, Clacton-on-Sea, Crail, Dunbar, Formby, Gorleston Nos. 1 and 2, Harwich No. 2 (steam), Holyhead No. 1 (steam), Kes-singland No. 1, Kingstown No. 2, Littlehampton, Llandudno, Lowestoft No. 2, Margate Nos. 1 and 2, Mumbles, Palling No. 2, Penmon, Poolbeg, Pwllheli, Rosslare Harbour, St. Helier, Southend-on-Sea, Stronsay, Walton-on-Naze, Wicklow, Winterton No 2, and Yarmouth.

Voted the Silver Third Service Clasp to SIDNEY J. HARRIS, Coxswain Superintendent, also the Silver Medal to ELLERY HARRIS, Assistant Coxswain, of the Gorleston No. 1 Life-boat in recognition of the gallantry of themselves and of the whole crew, on the occasion of their assisting to save the s.s. *Clunie*, of Aberdeen, and nine lives, in very severe weather, on the 28th October.

Also voted the Silver Medal to JAMES H. BURTON, Esq., Honorary Secretary of the Penmon Life-boat, and to WILLIAM PRITCHARD, Coxswain Superintendent, for their gallant efforts to save life, on the occasion of the wreck of the ketch *William*, of Liverpool, in Red Wharf Bay in a strong easterly gale and heavy sea, on the 26th–27th October. Also voted an additional pecuniary reward to each member of the crew. Ordered a special letter of thanks to be sent to Sir RICHARD H. WILLIAMS-BULKELEY, Bart., President of the Anglesey Branch of the Institution, for going out in the steamer, *G. A. Savage*, to search for the Penmon Life-boat on the morning of the 27th idem, when it was found she had not returned to her station. Also sent a letter of thanks to the owner and voted a binocular glass, bearing a suitable inscription to the master of the steamer, and a monetary reward to the crew for their services on the same occasion.

Also voted a binocular glass to G. P. THOMAS, Coxswain Superintendent, and an additional reward of 10s. to him and to each of the crew of the Abersoch Life-boat in recognition of their skill in severe and hazardous conditions, on the occasion of the wreck of the ketch *Falcon*, of Cardiff, and s.s. *Enterprise*, of Beaumaris, when they rescued the crews of seven hands.

Also voted 3l. to men injured in the Life-boat service at Holy Island and Walton-on-Naze.

Nov. 12.—THURSO, CAITHNESS-SHIRE.—*Sarah Austin* Life-boat.—The schooner *Desdemona*, of Aberystwith, bound for Thurso with a cargo of coal, brought up at 8 A.M. and anchored in the roadstead. Towards afternoon the W.N.W. wind increased to a whole gale and the vessel, dragging anchors, got into a dangerously exposed position and hoisted distress signals at 4.30 P.M. The Life-boat's crew were summoned, the boat launched and rescued the three men on board. Shortly after the Life-boat returned to moorings the wind changed and blew with hurricane force and the vessel was nearly wrecked, but about three hours later the wind subsided and the vessel's anchors held. Expense of service, 23l. 10s.

Nov. 15.—GORLESTON, SUFFOLK.—*Leicester* Life-boat.—At 2.20 A.M., during a moderate North by East gale the Coastguard reported a vessel was burning flares on the north beach. The crew of the No. 2 Life-boat were at once assembled, and in tow of a tug the Life-boat proceeded to the position indicated. On getting near the vessel the tow rope was slipped and the Life-boat veered down to the vessel, which proved to be the dandy *Guide Me*, of Yarmouth, inward bound with fish. As the sea was very heavy on the bank, the rescue of the crew of nine hands had to be carried out with caution and occupied half an hour to accomplish. The rescue effected, the Life-boat was rowed back to the tug which towed her home.—Expense of service, 34l. 9s. 6d.

Nov. 16.—BRIXHAM, SOUTH DEVON.—*Betsy Newbon* Lifeboat.—At 8.40 A.M. the Coastguard reported that a vessel

was in distress in Tor Cross Bay, and in a whole N.E. gale and very heavy sea the Life-boat was launched. After passing Dartmouth and Coombs Buoy a vessel was seen with a flag hoisted on a spar. The Life-boat ran down to her, anchored and veered alongside. After getting the crew of three hands into the Life-boat, which, owing to the very heavy sea, was a matter of very great difficulty, stimulants were given the men to restore them, all the men being thoroughly exhausted. It appeared that they had been signalling from 9 P.M. the previous night, the vessel holding on by her anchor, the mast and all gear having carried away. Owing to the exhausted condition of the rescued men the Coxswain considered it advisable to land them as soon as possible, he therefore made for Dartmouth and landed them at 2.30 P.M., returning to Brixham after the Life-boatmen had had some food and rest. The vessel was the trawler *Gleaner*, of Brixham, and was engaged fishing when overtaken by the gale.—Expense of service, 34l. 2s. 6d.

Nov. 23.—CROMER, NORFOLK.—*Louisa Heartwell* Life-boat.—At 10.15 P.M. a message was received from the Haisboro' Light-vessel stating that a vessel was burning flares for assistance on the sands about three miles to the S.E. of them. The Life-boat was promptly launched and proceeded to the sands. On nearing the vessel, which was the barque *Alf*, of Larvig, the Coxswain burnt hand-lights and did everything he could to attract the attention of anyone on board without getting any response, and noticing that the ship's boats were gone, the Life-boatmen came to the conclusion the crew had left her. The Life-boat then cruised about, hoping to pick up the ship's boats, but failing to fall in with them the Coxswain, when off Palling, anchored till daybreak, both the wind and tide being against him. About two hours after daybreak, when on their way home, the crew were informed by a steam drifter that some of the crew of the wreck were in the rigging. The Life-boat again made for the wreck with all speed, where they found two men in the mizen rigging; and after great difficulty in crossing the sands, owing to the heavy seas running

there, succeeded in rescuing them. When leaving the wreck the Life-boat was struck by a heavy sea which broke six of her oars. The boat then made for Yarmouth and landed the men, arriving at 2 P.M. on the 24th November. It subsequently appeared that after the vessel struck the sands and before help reached them the crew tried to leave their vessel in the ship's boats. Ten men in one boat were picked up by a passing trawler, but one of the men died from cold and exposure before they could be landed. Four men in another also attempted to leave their vessel, but the boat was immediately capsized and all thrown into the water. Two men unfortunately perished, but the other two managed to get back on board the vessel, being rescued by the Life-boat as stated above. The Life-boatmen in this case had a very trying time, for fifteen hours they were at sea in a fresh gale with the weather very thick and cold, and twice had to cross the sands where the sea was rough and heavy. The Committee of Management granted each of the men an additional monetary reward, and the services of the crew of the steam drifter, who reported the men in the rigging and stood by the Life-boat whilst the rescue was being carried out, were also suitably rewarded.—Expense of service, 72*l.* 8*s.* 6*d.*

Nov. 24—25.—SHERINGHAM, NORFOLK.—*J. C. Madge* Life-boat.—At 3.15 P.M. the Coastguard reported that a vessel was making distress signals between Clay and Blakeney. The Life-boat was promptly launched to her assistance, and found she was the barge *Lord Moreton*, of London, bound to Gravesend with a cargo of coal, with her steering gear broken down. The Life-boatmen boarded her and found the crew of three hands all but worn out from battling against bad weather with an unmanageable craft. They rigged up a temporary rudder to steer the barge, and succeeded in taking her and her crew in safety to Yarmouth Roads.—Property salvage case.

Nov. 30.—PORTHDINLLAEN, CARNARVONSHIRE.—*Barbara Fleming* Life-boat.—The ketch *County of Anglesea* left Porthdinllaen for Carnarvon, but when she got out into the Bay the S.W. wind

increased so much that the master decided to return. When doing so the mainsail was blown away, rendering her helpless, and distress signals were made. In response the Life-boat was launched, and on reaching her the master asked the Coxswain to try and save the vessel. Two Life-boatmen were put on board, and the ketch was taken in tow by the Life-boat, both the craft and her crew of two hands being saved. The sea at the time was rough and the weather squally.—Expense of service, 9*l.* 9*s.*

Dec. 1.—HOLYHEAD, ANGLESEY.—*Duke of Northumberland* Life-boat.—During a strong N.W. gale and very heavy sea, a small steamer, the s.s. *Formby*, of Liverpool, attempted to come in from the Outer Roads, but owing to her cargo having shifted she was nearly on her beam ends. Before she could reach the harbour she anchored, and at 5 P.M. made a distress signal. The steam Life-boat promptly proceeded to her, and on arriving within hail found that only the master and the chief engineer were on board, the remainder of the crew having left in a shore-boat. The two men were taken into the Life-boat, but the captain and three of the Life-boatmen returned to the steamer. The steamer was then taken in tow by a tug to the top of the harbour and anchored.—Property salvage case.

Dec. 1.—ST. IVES, CORNWALL.—*James Stevens* No. 10 Life-boat.—At about 5.30 P.M., during a heavy N.W. gale, the Coastguard reported that they had seen signals of distress from a vessel in a north-easterly direction from St. Ives Head. The crew were summoned and the Life-boat launched. When some way off the Life-boatmen burnt white lights and these were at first answered by the vessel, but after 9 P.M. no notice was taken of their signals. Owing to the weather being hazy and the vessel steaming slowly to windward without lights, the Life-boat was unable to come up with her. After proceeding about twelve miles, it was decided to abandon further search, and the Life-boat started for home. When two or three miles from the Headland, the crew were astonished to hear cries for help, and after searching for some time discovered a man clinging to the wheelhouse of a

vessel. He was in a terribly exhausted condition, and was conveyed ashore as quickly as possible. It appeared that the s.s. *Congress*, of Liverpool, whilst bound from Cardiff to Brest with a cargo of coal encountered very heavy weather, and when off St. Ives Bay a very heavy sea struck the flying bridge, carrying it overboard together with the three men on it. Unfortunately two of these perished, the third being rescued after being on the wreckage in the water for upwards of ten hours. The remainder of the crew of the steamer were afterwards rescued by a passing vessel. Owing to the severity of the weather and the heavy seas experienced the Life-boat's crew had a very trying time, and the Committee of Management granted them an additional reward.—Expense of service, 51l. 13s. 6d.

Dec. 1.—WELLS, NORFOLK.—*Baltic* Life-boat.—At 10 P.M. flares were reported from a vessel on the East point. The wind was blowing a strong gale from W.N.W and the sea was heavy. The crew of the Life-boat were assembled in readiness, whilst a man was sent to verify the report, and on hearing that the signal had been repeated, the Life-boat was launched. She proceeded to the vessel under sails and oars, but when within about a hundred yards of her, the water became so shoal that she was unable to get nearer. The Life-boat grounded and the Life-boatmen waded to the vessel, which they found high and dry with three men on board. After remaining some time at the stranded vessel the men walked back with the Life-boatmen to the boat and were landed at the boat-house. The vessel was the barge *Jane*, of London.—Expense of service, 34l. 11s. 6d.

Dec. 2.—HAUXLEY, NORTHUMBERLAND.—*Mary Andrew* Life-boat.—At 5.30 P.M. a message was received stating a vessel was ashore south of Bondicar. The Life-boat was promptly launched, and found her to be the steam drifter *Anchor of Hope*, of Fraserburgh, with ten persons on board. The captain was asked if he required assistance, and at his request the Life-boat ran away an anchor, but the warp snapped directly they commenced to haul on it. They then took another one which did the

same. Both anchors were lost. The Life-boat stood by, but, the tide ebbing, the men decided to remain on board until she dried, and then went ashore. The Life-boat returned to her station at 8.30 P.M., and was rehooused before 9 P.M.—Expense of service, 27l. 13s.

Dec. 2.—ALDEBURGH, SUFFOLK.—*City of Winchester* Life-boat.—At midnight, during a whole S.S.W. gale, the No. 1 Life-boat was launched in response to a message reporting that signals of distress were being made by a vessel off Thorpeness. The Life-boat proceeded to her through very heavy broken water, and on arrival found the barge *Eureka*, of Harwich, riding very heavily and dragging her anchor. The seas were making a clean breach over her, and some difficulty was experienced in getting communication, and while the two men on board were being rescued, the Life-boat was carried against the barge and considerably damaged. The Coxswain stood by the vessel until daylight to see if it were possible to save her, but the wind having increased to hurricane force, she was abandoned, and the Life-boat ran for Lowestoft where the men were landed.—Expense of service, 72l. 6s. 5d.

Dec. 3.—SOUTHOLD, SUFFOLK.—*Alfred Corry* Life-boat.—When the Aldeburgh Life-boat left the barge *Eureka* she had driven inside the Sizewell Bank, and she was kept under observation from Southwold. In the afternoon it was ascertained by telephone that the damaged Life-boat was remaining at Lowestoft for repair, and the crew returning by train; it was therefore decided to launch the No. 1 Life-boat and try and save the barge or remove her from a position of great danger to other vessels before dark. The boat was launched at 2.30 P.M., and succeeded in getting the barge into Southwold Harbour. The sea was very heavy at the time and the gale continued.—Property salvage case.

Dec. 3.—SEAHAM, DURHAM.—*Bradford* Life-boat.—At about 2.15 A.M., the steam trawler *Bee*, of Hull, stranded on the rocks to the south of Seaham, during a strong southerly breeze and swell. The motor Life-boat proceeded to her assistance, and on arrival it was

found that the men on board were not in any immediate danger. The captain engaged the Life-boatmen to try and save his vessel, and whilst running out an anchor it was found the ship was moving. A rope was made fast from the boat to the vessel and her bows were towed off the pier, and she steamed into deep water.—Property salvage case. Balance paid by Institution, 3*l.* 12*s.* 6*d.*

Dec. 3.—SOUTHEND-ON-SEA, ESSEX.—*James Stevens No. 9* Life-boat.—In a heavy S.W. gale, a fisherman reported at 4 A.M. that he had seen flares in a southerly direction, and the crew of the Life-boat were promptly called out. Proceeding in the direction of the flare the Coxswain found the barge *Redan*, which had been engaged in pile driving on the Southend sewage extension works, in a sinking condition. Considerable difficulty was experienced in rescuing the men on board, owing to the barge having gone on top of the piles, but it was eventually accomplished. The barge afterwards sank and became a total wreck, the sea being very rough. Shortly after her return the Life-boat was called out to another barge, but her services were not required.—Expense of service, 38*l.* —*s.* 6*d.*

Dec. 3.—NEW BRIGHTON, CHESHIRE.—*Queen* Life-boat.—During an exceptionally heavy gale from N.W., and very heavy sea, a telephone message was received from the Formby Light-vessel, that a steamer had broken down, and was in a dangerous position off Formby. The steam Life-boat was despatched to her assistance and found the s.s. *Bellagio*, of Glasgow, riding to both anchors dangerously near to Taylor's Bank. On going alongside, the captain reported another vessel was ashore on his port bow. The Life-boat at once proceeded to search for her, but without result, she therefore returned to the *Bellagio* and stood by her until she was able to get out of danger. This service was a very trying one and performed in very severe weather, and the Committee of Management expressed their great satisfaction with the manner in which it had been carried out, and passed a special minute to that effect.—Expense of service, 20*l.* 1*s.* 6*d.*

Dec. 3.—NORTH DEAL, KENT.—

Charles Dibdin Life-boat.—At 5.45 A.M., during a strong westerly gale and very heavy sea, signals of distress were reported from a vessel in the vicinity of the Brake Sound. The Life-boat was launched and found the smack *Alice*, of Rye, riding close to the sand. On boarding her the captain reported that his sails had blown away and he was helpless without a tug. The Life-boat stood by the vessel until the weather moderated, and then, having obtained a tug for the smack, she returned to her station.—Expense of service, 20*l.* 11*s.*

Dec. 3.—WEXFORD, CO. WEXFORD.—*James Stevens No. 15* Life-boat.—At 9 A.M., after a very rough night, it was reported that there was a sunken fishing boat in the Harbour. The Life-boat's crew were immediately assembled and the boat proceeded to the vessel. They found the yawl *Gannett*, of Wexford, with six feet of water over her deck and three men in the rigging. The work of rescue was at once commenced; two men were rescued in a very exhausted condition, but the third had already perished from cold and exposure. Restoratives were given to the rescued men and signals made for a tug to take the boat to Wexford. It was ascertained later that the vessel had stranded on the evening of the 2nd, but in the darkness she could not be seen, and the crew being compelled to take to the rigging were unable to make any signals or to attract attention. There had been four men on board and they lashed themselves to the rigging. Of these one was in such a position that the seas continually washed over him and about midnight he succumbed, and in spite of all his comrades could do his body was washed away.—Expense of service, 10*l.* 14*s.* 6*d.*

Dec. 3.—POOLBEG, CO. DUBLIN.—*Richard Cresswell* Life-boat.—At 12.30 P.M. when a strong N.W. wind accompanied by a rough sea was blowing, the Life-boat was called out to the assistance of a trawler in difficulties and ashore on the north side of the river. On reaching the vessel—the *Tivoli*, of Dublin—the three men on board were taken into the Life-boat. Then taking the trawler, half full of water, in tow they brought her to the Poolbeg Light-house and so into safety.—Expense of service, 6*l.* 15*s.*

Also a gratuity of 10l. to the widow and children of a Life-boatman connected with the Ayr Life-boat for fifteen years.

Dec. 10.—SELSEY, SUSSEX.—*Lucy Newbon* Life-boat.—At 3 A.M. the Coast-guard reported that signals of distress were being made from the Owers Light-ship and flares being made from a vessel. The Coxswain at once ordered the launch of the Life-boat and proceeded in the direction of the flares which bore N. from the Light-ship, distant two miles. On reaching the vessel she proved to be the ketch *Birthday*, of London, loaded with timber, bound for Plymouth. The Coxswain inquired of the master if he

required any assistance, and he replied that he wanted a tug, as his rudder head was broken, one of his lee boards carried away, his sprit broken, sails torn, and masthead of mizen carried away. The Life-boat returned to shore and wired to Littlehampton for a tug, she then returned to the vessel and stood by her, as she was unmanageable, until the tug arrived and took her in tow.—Expense of service, 54l. 6s. 9d.

Dec. 11.—HAUXLEY, NORTHUMBERLAND.—*Mary Andrew* Life-boat.—At 2 A.M., during a moderate southerly breeze, a message was received stating that a vessel was ashore on Bondicar Reef, half-a-mile from Banks. Steps were taken to verify the statement, as it was known that salvage work was being carried out on another vessel in the vicinity, and at 3 A.M. the Life-boat was launched. When she reached the vessel—the steam tug *John Batey*, of Montrose—she had been abandoned. The Life-boat pulled about in search of the crew, and after about half-an-hour found them out at sea about half-a-mile from the wreck, four men in a very small boat, much too small for them. The Life-boat took them aboard and towed their boat to shore, which was reached at 4.45 A.M.—Expense of service, 27l. 13s.

Dec. 13.—NEWHAVEN, SUSSEX.—*Michael Henry* Life-boat.—At 7.45 P.M. a fishing-boat which had just come into harbour during a northerly gale, reported that a small open boat, with two men on board, had made three unsuccessful attempts to come into harbour (owing to the direction of the wind) and had been blown out to sea. The motor Life-boat was at once ordered out and proceeded in search of the boat, but as the boat had no lights of any description on board, some difficulty was experienced in finding her. She was eventually found some distance out, half full of water, and the two men on board exhausted. The Life-boat took her in tow and brought her into harbour.—Expense of service, 25l. 16s.

Dec. 14.—ABERYSTWITH, CARDIGANSHIRE.—*John and Naomi Beattie* Life-boat.—During a strong easterly breeze a fishing-boat was seen in a dismantled state, being towed towards harbour by

another fishing-boat. Both were kept under observation and the Life-boat prepared for launching. A little later it was observed that the boat which was towing had given up her task and the disabled boat had anchored. The Life-boat was promptly launched, some difficulty being experienced owing to the low state of the tide. She proceeded to the vessel, which was the fishing-boat *Mazeppa*, of Aberystwith, took her in tow and brought her and her crew of three hands into the harbour safely.—Expense of service, 30*l.* 7*s.*

Dec. 14.—ABERSOCH, CARNARVONSHIRE.—*Oldham* Life-boat.—At 8 P.M., when an easterly gale was blowing, accompanied by a very heavy sea, signals of distress were seen from two vessels in the roads. The Life-boat was launched and proceeded to the ketch *Prosperity*, of Carnarvon, and having rescued her crew of three hands, then went to the schooner *Unity*, of Beaumaris, where four men were also in danger. These men were also rescued and the Life-boat returned ashore. The service was a good one, some difficulty being experienced in effecting the rescues. The ketch during the night broke from her mooring and was driven ashore.—Expense of service, 28*l.* 10*s.*

Dec. 15-16.—BLACKROCK and GILES QUAY, Co. LOUTH.—*General R. Dudley Blake* and *Providence* Life-boats.—The steam dredger, *Thames*, of London, whilst bound from Port Talbot to Glasgow was reported in distress in Dundalk Bay, and both the above boats were sent to her assistance. The boat from Blackrock was the first to reach her, and the Coxswain went on board and interviewed the master. He declined to leave his vessel, but stated he wanted the assistance of a tug. When the Giles Quay Life-boat arrived the other boat proceeded to Dundalk and procured a tug for the master. As there was no necessity for them to return, the Life-boatmen left their boat at Dundalk for the night and took her back to her station next day. After the Blackrock Life-boat had left the vessel the Giles Quay men advised the captain and assisted him to anchor, standing by until the tug arrived. They also put a pilot on board who took charge until

she was safely towed to Dundalk Quay.—Expense of service: Blackrock, 41*l.* 8*s.*; Giles Quay.—Property salvage case.

Dec. 17.—ALDEBURGH, SUFFOLK.—*Edward Z. Dresden* Life-boat.—Shortly after 2 A.M. the Coastguard reported a large steamer was ashore in Sizewell Bay, and the No. 2 Life-boat was launched without loss of time. They found the steamer *St. Patrick*, of Gothenburg, bound for London with a cargo of timber. The Life-boat's crew were at once employed to try and save the vessel, and having run away an anchor men were put on board to jettison the cargo. With the help of a steam tug, the steamer was floated, and accompanied by the Life-boat Coxswain, proceeded on her voyage to London.—Property salvage case.

Dec. 18.—DONNA NOOK, LINCOLNSHIRE.—*Richard* Life-boat.—At about 3.30 A.M. signals of distress were observed about three miles to the south of Donna Nook, and the crew of the Life-boat were promptly assembled. The boat was transported to a suitable place and launched. The vessel was found to be the ketch *Mavis*, of Hull, stranded, loaded with barley and bound for London. There were two men and a boy on board and they were so exhausted and perished with cold as to be almost helpless. The Life-boat rescued them and returned to her station, arriving shortly after 7 A.M. There was a strong N.E. breeze blowing at the time with a rough sea.

Dec. 19.—FORMBY, LANCASHIRE.—*John and Henrietta* Life-boat.—The Life-boat was launched at 11 A.M., to the aid of a vessel which had stranded on Taylor's Bank. There was a whole E.N.E. gale blowing with a rough sea, and on reaching the vessel it was found that she had had her jibboom carried away, and was badly holed, having been in collision with a steamer. The Life-boat stood by the vessel until she floated off and was taken in tow by a tug, and then, having seen that her further services would not be required, she returned to her station. The vessel was the schooner *Glanogueen*, of Beaumaris, bound from Yarmouth to Liverpool.—Expense of service, 26*l.* 3*s.* 6*d.*

Dec. 21.—CROMER, NORFOLK.—*Louisa*

Heartwell Life-boat.—At 2.30 A.M. a message was received from the Haisboro Light-vessel stating that flares had been observed about three miles to the S.E. The Life-boat crew were summoned and proceeded to the sands where they found the barquentine *Albatross*, of Lowestoft, bound for Lowestoft, with a cargo of coal, with eight men on board. She was aground and likely to become a total wreck. The eight men on board were promptly rescued, when they told the Coxswain that another member of the crew, when baling out their small boat, had broken adrift. Search was made for the missing boat without result. As both wind and tide were foul for the Life-boat to regain Cromer, the Coxswain made for Yarmouth, the shipwrecked men being wet through and suffering greatly from exposure. The Life-boat reached Yarmouth about 11 A.M., and left again for her station later in the day.—Expense of service, 66l. 12s.

Dec. 21.—BOULMER, NORTHUMBERLAND.—*Melissent* Life-boat.—At about 7.30 P.M., during a thick fog, distress signals were heard to the north of Boulmer. The Life-boat was launched, but had not proceeded far when they fell in with a boat containing the crew of four hands, belonging to the steamer *May*, of Newcastle. They were taken into the Life-boat, which landed them. The steamer bound from Leith stranded on Long Houghton Steel in the fog, at the time of the casualty the weather was moderate, but a whole gale from S.E. sprang up about midnight and the steamer became a total wreck.—Expense of service, 31l. 13s.

Dec. 22.—WINCHELSEA, SUSSEX.—*John William Dudley* Life-boat.—The Life-boat was launched at 6.30 A.M., in a very heavy sea, in answer to a telephone message stating that a vessel was ashore near Jury's Gap, and firing signals of distress. They found the steamer *Salatis*, a large steamer belonging to Hamburg, and the master requested the Coxswain to stand by him until the weather moderated. During the day tugs arrived upon the scene, and shortly after 3 P.M. a boat put off from the tug *Oceana* to proceed to the *Salatis*, the captain of the tug and three men being in her. Before

the boat reached the steamer a heavy sea struck her and washed the captain out. The Life-boat proceeded with all haste to save him, but when within about thirty yards another heavy sea washed him from two oars to which he was clinging, and he was not seen again. The Life-boat then pulled to the rescue of the three men in the boat who were in great danger in broken water, and saved them. As the men were much knocked about and exhausted the Life-boat conveyed them to the *Salatis* where they received every attention. She remained in attendance on the *Salatis* until about 9 P.M., when, the weather having moderated, she returned to her station.—Expense of service to the *Oceana*, 27l. 19s. 6d.—Service to s.s. *Salatis*, Property salvage case.

Dec. 22.—HARTLEPOOL, DURHAM.—*Charles Ingleby* Life-boat.—As day was beginning to break a vessel was observed in difficulties between the Bell Buoy and Stone Buoys. There was a whole S.S.E. gale blowing, with a very heavy sea running, and steps were taken to assemble the No. 2 Life-boat's crew. By this time the vessel had struck on the Beacon Rocks. The Life-boat was launched with all speed and proceeded to the vessel, which turned out to be the brigantine *Aneroid*, of Folkestone, loaded with coal. On going alongside the master stated that he wanted a tug, and the Life-boat stood by her until a tug arrived and got communication. The vessel was bumping heavily but the tug ultimately got her off. The Life-boat stood by all the time and followed the vessel into harbour. This was one of those services where the services of the Life-boat might have been most urgently required. The vessel turned out to be a very strong one, but had it been otherwise she might easily have gone to pieces on the rocks, even before the Life-boat could have reached her.—Expense of service, 9l. 19s. 6d.

Dec. 22.—BRIDLINGTON QUAY, YORKSHIRE.—*George and Jane Walker* Life-boat.—At 8.30 A.M., when the wind was blowing with hurricane force from E.S.E., the brigantine *Guide*, of Leith, was seen about one mile from the shore with her sails blown to ribbons. The Life-boat's crew were promptly

assembled and a good launch effected. In very heavy broken water the Life-boat proceeded to the vessel and successfully rescued the crew of seven hands and their dog. The service was witnessed by a very large crowd of spectators, who were loud in their praises of the skilful manner in which the service was effected and the boat handled in such a heavy gale and sea. On several occasions the boat was engulfed, the seas washing right over her, but she freed herself well and behaved splendidly. The Committee of Management presented the Coxswain of the boat with a binocular glass for his skill on this occasion, and granted him and each of the crew an additional monetary award.—Expense of service, 26*l.* 3*s.*

Dec. 22.—WELLS, NORFOLK.—*Baltic* Life-boat.—The Life-boat was launched shortly after 9 A.M. during a moderate easterly gale, the Coastguard having reported that signals of distress had been seen off Burnham Overy. She proceeded to the barge *Leading Light*, which they found had been in collision earlier in the morning with another vessel. The crew declined assistance, and the boat then proceeded to the other vessel, which proved to be the barge *Davenport*, of Ipswich. She was lying at anchor considerably damaged, and appeared to be cut down almost to the water. The Life-boatmen were engaged by the master, and succeeded in saving the barge and her crew of four hands.—Property salvage case.

Dec. 22.—PORT EYNON, GLAMORGAN.—*Janet* Life-boat.—The Coastguard reported at 11 A.M. by telephone that a vessel was ashore at Southgate. The Life-boat was away in a short time, and with a flood tide and fair wind had a quick run to the disabled vessel, only to find that with the aid of a tug she had floated off but was in a sinking condition. The vessel was the steamer *Lutèce*, of Rouen, bound for Swansea. The water had extinguished the fires, and the tug towed the steamer to Swansea, the Life-boat proceeding with her as far as necessary in case she should sink.—Expense of service, 17*l.* 12*s.*

Dec. 22.—CRESSWELL, NORTHUMBERLAND.—*Martha* Life-boat.—During a S.E. moderate gale accompanied by a

very heavy sea, the steamer *Korea*, of St. Petersburg, in ballast from Copenhagen to North Shields, ran aground about one and a half miles to the south of Cresswell. The Life-boat was transported to the vicinity of the wreck, and launched. Considerable difficulty was experienced in effecting a launch, several of the launchers of both sexes being knocked about and wet through owing to the violence of the breakers. On reaching the steamer the Life-boatmen found a crew of forty-eight hands on board, but as it was hoped that the vessel might be saved, they were not desirous of leaving their vessel. The Life-boat stood by throughout the night, and at 11.30 on the 23rd December, the steamer, assisted by tugs, was floated clear.—Expense of service, 54*l.* 9*s.*

Dec. 22-23.—WALMER, NORTH DEAL, and BROADSTAIRS, KENT.—*Civil Service* No. 4, *Charles Dibdin*, and *Francis Forbes Barton* Life-boats.—The s.s. *Westergate*, of Cardiff, carrying twenty hands and bound from Bilbao to Shields with a cargo of copper ore, stranded on York Spit, and in response to signals the above Life-boats launched to her assistance. The Walmer Life-boat was the first to reach the vessel, and the captain at once engaged the crew to try and save his vessel as well as the crew. The vessel was in a dangerous position, but the Life-boatmen gave every assistance possible, and at 5 A.M. on the 23rd December they succeeded in getting the vessel off. The other two Life-boats stood by the steamer in case of need.—Expense of service: North Deal, 27*l.* 7*s.* 6*d.*; Broadstairs, 26*l.* 3*s.*; Walmer, Property salvage case.

Dec. 23.—PAKEFIELD, SUFFOLK.—*The Two Sisters, Mary and Hannah* Life-boat.—At 7.45 A.M. in moderate weather, a small steamer was observed on the Newcombe Sands bumping heavily. The Life-boat was launched and proceeded to her aid, but the master declined assistance as he hoped to get his vessel off on the flood tide. The Life-boat stood by in the meantime in case it might be necessary for the crew to leave her. About 4 P.M. with the assistance of tugs the vessel floated and the Life-boat returned to her station. The steamer was the *Mercury*, of Dundee,

bound from London to the Tyne with a cargo of cement.—Expense of service, 23*l.* 6*s.*

Dec. 28.—ALDEBURGH, Suffolk.—*Edward Z. Dresden* Life-boat.—In response to a telephone message stating that a steamer was ashore, the No. 2 Life-boat was launched at 3 A.M. On reaching the vessel, which was the s.s. *Helsingor*, of Frederikshavn, the Coxswain went on board. The captain requested him to stand by the ship until she floated. He did so accordingly, and having piloted the ship clear of the Sizewell bank, the boat returned to her station.—Expense of service, 50*l.* 3*s.*

COMMITTEE MEETING, 9th Dec., 1909.

Voted 1,358*l.* 11*s.* to pay the expenses of the following Life-boat launches, assemblies of crews, etc., with the view of assisting persons on vessels in distress:—Angle, Arbroath, Atherfield, Bembridge, Blakeney, Blyth, Broadstairs, Cambois, Clacton-on-Sea, Clogher Head, Clovelly, Fenit, Formby, Fraserburgh, Dover, Dunbar, Greenore, Harwich (steam), Hastings, Hauxley, Hayling Island, Hilbre Island, Hoylake, Hunstanton, Littlehampton, Mumbles, New Brighton (steam), Newlyn, North Deal, Padstow No. 2, Palling No. 2, Penzance, Poole, Redcar, Scarborough, Skegness, Southend-on-Sea, Southsea, Teignmouth, Tenby, Totland Bay, Wexford, Whitby Nos. 1 and 2, Winchelsea, Winterton No. 2 and Withernsea. Reported that the Ramsgate Life-boat had been out on service on four

occasions, but her services were not eventually required. Granted 16*l.* 17*s.* to men injured in the Life-boat service at Brighton, New Romney, Teignmouth, Walton-on-Naze, and Wells.

Dec. 30.—FLAMBOROUGH and FILEY, YORKSHIRE.—*Forester* and *Hollon the Third* Life-boats.—During a dense fog the steam trawler *Pelican*, of Hull, whilst homeward bound from the Farne Islands, struck the rocks and was totally wrecked under Speeton Cliffs. Information reached the Flamborough Life-boat Coxswain at 5.45 A.M., and with all haste the No. 1. Life-boat was launched, and proceeded to the wreck. They found her in the broken water, hull under, and the crew of nine hands taking refuge in the rigging. The Coxswain skilfully rescued the men by backing his boat in stern first, and then by means of a line hauling the endangered men one by one to the Life-boat. In the meanwhile the Filey Life-boat arrived upon the scene, and stood by until all the men were saved. At the time of the service the wind was moderate, but the sea was exceedingly heavy due to a gale on the previous day. The service of the Flamborough Life-boat was a very smart piece of work, and was considered locally to have been one of the best services done on that coast. In recognition of this the Committee of Management gave each of the Life-boatmen an additional reward.—Expense of service: Flamborough, 49*l.* 5*s.* 9*d.*; Filey, 45*l.* 10*s.* 6*d.*

THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a Life-boat man's life-belt are—

1. Sufficient extra bouyancy, 22 lbs., to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability and non-liability to injury.

SHORE-BOAT SERVICES REWARDED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION IN 1909.

Jan. 8.—Eight men promptly put off in a coble and saved three men from a small pleasure coble who were overtaken by bad weather when out fishing off Berwick-on-Tweed.—Reward, 4*l*.

Jan. 11.—Six men put off in a coble during a strong W. gale in a heavy sea, and saved the coble *Lead Me* and her crew of three men, when in distress off Craster.—Reward, 3*l*. 15*s*.

Jan. 14.—Voted the Silver Medal and 3*l*. to Captain D. MARTIN, a yacht's skipper; 3*l*. to JAMES MEENAN; and 30*s*. each to ten other men, for their very gallant services at Campbeltown in a whole gale, with squalls of hurricane force, snow showers, and very heavy sea on the 29th December.

The Schooner *James*, of Larne, was reported in distress at about 9.40 P.M., and the Campbeltown Life-boat was sent to her assistance. Repeated efforts were made to reach the vessel, but owing to the exceptional severity of the weather and the soft nature of the ground the Life-boat's anchor could not hold, and the boat was swept to leeward of the distressed vessel. Shortly after the Life-boat had started, Captain Martin seeing the Life-boat could do nothing, mustered a crew of six men and put off in a line skiff to windward of the wreck, and dropped down under oars, let go an anchor and veered down to the wreck. Just as the boat reached the wreck two heavy seas broke over the boat, half filling her, and carried away the cable. The boat was swept to leeward, but happily near the Life-boat, and the men scrambled on board the boat. The boat had to be abandoned, and was dashed to pieces on the beach. The Life-boat with all the men exhausted, returned ashore at 1.30 A.M. As nothing more could then be done, the gale having got worse, Captain Martin and his men went home to get dry clothes. Captain Martin soon returned, and spent the early hours of the morning on the pier awaiting a lull. Between 6 and 7 A.M. a lull came. Another boat was manned and launched to windward of the wreck. The Life-boat also put off, but being to leeward was not able to reach the schooner as quickly as Captain Martin and his brave crew. This time their efforts were successful, and Captain Martin succeeded in rescuing two of the men on board but in a terribly exhausted condition, as they had been lashed to the rigging all night. A third man was also unlashd and taken into the boat, but it was found that he had already succumbed from cold and exposure. The cost of replacing the skiff, which was destroyed on this occasion, viz., 25*l*., was also borne by the Institution.

Jan. 14.—Voted 30*s*. each to PETER REVIE and A. MACALLUM, also 15*s*. each to six other men for rescuing the crew of the trawler *Albany*, of Fleetwood, wrecked in exceptionally severe weather on the west coast of Cantyre, about seven and a half miles from Campbeltown, on the 30th December, 1908. Snow-

storms which had prevailed for some days rendered the roads impassable for transporting the Life-boat, and a blizzard prevailed at the time. As soon as information of the casualty reached Campbeltown, Life-boatmen and others started with ropes, etc., for the scene of the disaster. They drove as far as possible, and then proceeded on foot, but before they could reach the place the endangered crew of ten men were rescued by men on the spot; Peter Revie being the leader, and A. Macallum displaying great pluck in going into the surf and bringing ashore a life-buoy with a line attached. Reward to Life-boatmen and others, 18*l*. 6*s*. 1*d*.

Jan. 14.—Voted the thanks of the Institution on vellum and 1*l*. to JOHN HOLBROOK, coxswain-superintendent of the Bembridge Life-boat, and 4*l*. to four other men for putting off in a boat and at great risk rescuing three men from a boat in a perilous position in a strong S.E. breeze and rough sea, on the White Ledge, near Bembridge, on the night of the 23rd of December, 1908.

Some of the men were almost dead from cold and exposure when rescued.—Reward, 10*l*.

THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 279 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats and in rewarding them for their services in saving, or attempting to save, their fellow-creatures. Yet, looking to the vast importance of the result effected and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

THE LIFE-BOAT.

(See Diagrams on following pages.)

The following drawings show the general outline and principal fittings of the different types of Life-boats used in the Institution's service. Figure 1 gives the profile or broadside view. Fig. 2 the "plan" or deck view. Fig. 3 the "body plan," showing the form of transverse vertical sections at regular intervals in the length; and Fig. 4 the "midship section." The festooned lines on the Fig. 1 profile views represent outside lifelines for men in the water to catch hold. The blackened portion of the keel indicates "iron keel" ballast in distinction from "water ballast" carried in "tanks" or compartments provided in the hold for the purpose, and admitting of being taken in or pumped out at pleasure; both "iron" and "water ballast" are variable and optional in the several boats according to the special circumstances of the different stations and wishes of the coxswains and

crews. Water shipped on deck by seas breaking over the boat and otherwise is automatically freed through the holes in the deck and bottom of boat, connected by large pipes called "relieving tubes" having valves called "relieving valves" fitted at the deck, which pass water downwards but not upwards. Some boats, such as the "Norfolk and Suffolk" type, have also freeing scuppers in the sides of boat above deck for the same purpose. Enclosed compartments are automatically ventilated by specially designed valves and pipes. A large proportion of the boats have "centre boards" or "drop-keels" of variable size and weight, which can be used at pleasure and materially add to their weather qualities.

THE LIFE-BOAT TRANSPORTING-CARRIAGE.

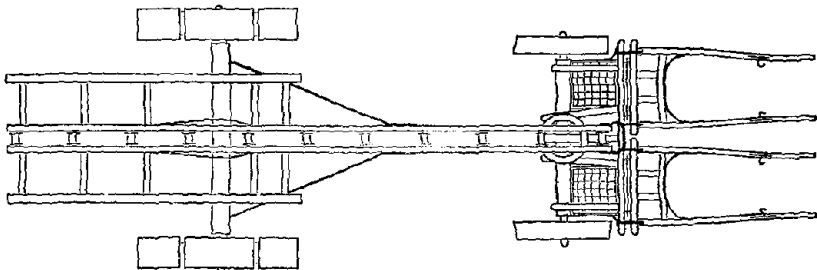

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger sizes, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be. In addition to its ordinary use, a carriage is of immense service in launching a boat from a flat beach; while "Tipping's plates," with which the main wheels are sometimes clad, greatly facilitate the transport of the boat over the long stretches of soft sand which have to be traversed before deep enough water is reached to float the boat.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

THE LIFE-BOAT HOUSE.

The boats of the ROYAL NATIONAL LIFE-BOAT INSTITUTION and all belonging to them are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains and under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.* and an assistant at 2*l.* a year, with further allowances in special circumstances. The crew consists, in addition, of a bowman who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed, who receives a retaining fee of 1*l.* per annum and payment as a helper each time he is on duty. The members of the volunteer crews are usually registered and wherever practicable at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or coastguardmen. On every occasion of going afloat to save life the coxswains and each of the crew receive alike from the funds of the Institution 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October and ending the 31st March. The Institution also grants retiring allowances to coxswains, bowmen and signalmen of good behaviour and long service. It should be specially noted that the Life-boat crews, excepting when remunerated by the owners of vessels for property salvage service, are paid by the Institution for their efforts, *whether successful or not*, in saving life.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a coastguardman on duty or other responsible look-out man.

On boarding wrecks the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat contrary to the coxswain's orders he is authorised to throw them overboard.

The formation of a Life-boat Station costs at least 2,000*l.*, and the Annual Expense of maintaining it is about 125*l.*—in many instances much more.

Such is a brief summary of the more important Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The ROYAL NATIONAL LIFE-BOAT INSTITUTION has now 279 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked persons. Altogether, the Institution has—since its establishment on the 4th March, 1824—granted rewards for the saving of 47,983 lives, either by its Life-boats or by other means.

Despite however this fleet of 279 Life-boats and of 17 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that about 500 lives are lost annually on or near the coasts of the United Kingdom alone, as shown by the Board of Trade Returns, proclaiming solemnly though silently that for humanity's sake and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs about 100,000*l.* per annum to maintain its great Life-saving Fleet; and the Committee of Management feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.
