AT the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE=BOAT INSTITUTION, held at the Royal United Service Institution, Whitehall, on Saturday, the 16th day of March, The Most Honourable the Marquis of Londonderry, K.G., in the Chair, the following Report of the Committee of Management was submitted and adopted:—

## ANNUAL REPORT.

1907.

EVERY opportunity has been taken and every effort made by the Committee of Management during the past year to test and adopt anything which might, in their opinion, conduce to the increased efficiency of the ROYAL NATIONAL LIFE=BOAT INSTITUTION.

*Life-boats.*—The Committee, as foreshadowed in their last Annual Report, have continued to carry out very important experiments with various motor engines which they have installed in Life-boats and the results of which have so far been encouraging. They hope that at no distant date they may be able to place several thoroughly efficient motor Life-boats on the coast. It must be understood, however, that

in making such a very important departure it is absolutely necessary to exercise the greatest care and caution, thoroughly to test the propelling power before adopting any engine, and the preliminary trials must necessarily take a considerable time.

In 1906, 14 new pulling and sailing Life-boats were specially built, equipped, and sent to stations requiring them on various parts of the coasts of the United Kingdom. Before any one of these Boats was taken in hand the coxswains and crew were consulted, it being the uniform custom of the Institution to provide the Life-boatmen, as far as possible, with the type of Boat in which they have the most confidence. The Committee have found this practice to

work very satisfactorily and to conduce to the well-being of the Service.

The following is a complete list of the stations to which new boats were sent:—

Aberystwith . . . . .	Cardiganshire.
Atherfield . . . . .	Isle of Wight.
Ballantrae . . . . .	Ayrshire.
Cloughey . . . . .	Co. Down.
Hayle . . . . .	Cornwall.
Hoylake . . . . .	Cheshire.
Longhope . . . . .	Orkney.
Lynmouth . . . . .	North Devon.
Newbiggin . . . . .	Northumberland.
Newcastle . . . . .	Co. Down.
North Sunderland . . . . .	Northumberland.
Port Eynon . . . . .	Glamorganshire.
Skegness . . . . .	Lincolnshire.
Youghal . . . . .	Co. Cork.

Early last year it was decided, on the advice of the Local Committee and the Local Authorities, with the concurrence of the Board of Trade, to withdraw the Life-boat which had for many years been established at West Hartlepool, the encroachment of the sea having of late rendered it a matter of considerable difficulty to launch; in addition to which there are now three other very efficient Life-boats in the bay fully meeting the needs of the locality. It having become unnecessary to retain a station at Ballywalter, the Life-boat was withdrawn in October last.

The entire fleet of the Institution comprised at the end of 1906, 273 sailing and pulling Life-boats, 4 steam Life-boats, 3 motor Life-boats, and 1 steam-tug.

*Life-belts.*—For some time past the Committee have been carrying out experiments with a view to introducing into the service an improved life-belt, which, whilst possessing all the necessary qualifications of the cork life-belt used by the Institution with such eminent success since its invention by the late Admiral J. Ross Ward in 1854, might be more comfortable and

easier for the wearers. The life-belt produced by the experiments is made of kapok and is fitted closely to the body by means of straps and buckles, allowing full freedom for the arms besides affording warmth and protection. The flotation power of the new belt is the same as that of the cork life-belt, namely, 22 lbs. The crews of the Life-boat stations who have tried and tested the kapok life-belts have reported in the most favourable terms of them and it has therefore been decided to adopt the belt generally, the existing cork belts being replaced as they wear out or deteriorate.

*Transporting Carriages.*—New transporting carriages were supplied during the year to 11 stations.

*Inspection of Life-boats.*—During the past year all the Institution's stations were very carefully and thoroughly inspected, a report of each inspection being submitted to, and considered by, the Committee of Management.

*Shipwrecks.*—In 1906, as in 1905, the first three months were remarkable for the frequent recurrence of gales and storms which led to much trouble on our coasts, and the Institution's Life-boats were constantly called out on service. These launches happily resulted in the saving of many lives from shipwrecks.

The weather of the rest of the year was for the most part fine, there being only a few gales of any importance. The heaviest gales of 1906 occurred on the 17th–21st January, when there were 12 launches of Life-boats, 31 lives being saved and 2 vessels; and on the 19th–22nd November, when 11 Life-boats were launched and 65 lives saved and 2 vessels.

Between the 1st January and the 31st December, inclusive, the Life-boats

were launched 375 times on service, in addition to which crews were assembled in readiness for service on 46 occasions, when their aid was fortunately not required.

It is with the deepest regret that the Committee of Management have to report that on the night of the 15th November last, when the Hoylake (Cheshire) Life-boat was out on service, one of the gallant Life-boat men was suddenly swept overboard by a tremendous sea and drowned. It was very dark and he could neither be seen nor heard. The deceased man, who was only 23 years of age, was the mainstay of his widowed mother. The Institution at once contributed £100 to the fund raised locally to buy a life annuity for her.

The number of lives for the saving of which by Life-boats the Institution granted rewards in 1906 was 595, in addition to which it granted rewards for the saving of 177 lives by shore-boats and other means. The Life-boats were instrumental in saving 46 vessels and boats.

The following table furnishes the details of the services during each month of the year :—

<b>Total</b>	<b>26,807</b>	<b>11,193</b>	<b>46,189</b>

It is interesting to note that of the 38,000 lives, for the saving of which the Institution granted rewards between the 1st January, 1853, and the 31st December, 1906 inclusive, 26,807 were saved by Life-boats and 11,193 by Shore-boats, etc. Of the 8,189 lives for the saving of which rewards were granted between the 4th March, 1824, when the Institution was founded, and the 31st December, 1852, the majority were saved by Shore-boats, there being at that time but few Life-boats in existence.

**Rewards.**—The rewards granted by the Institution in 1906 for the saving of life from shipwreck on the coasts of the United Kingdom, or for meritorious efforts to save life, and in recognition of other praiseworthy services rendered, included 19 Silver Medals, and 1 Silver Clasp; 11 Binocular Glasses, 6 Aneroid Barometers, 44 Votes of Thanks inscribed on vellum and framed, 10 Certificates of Service framed, and 9,523*l.* 14*s.* 8*d.*, including pensions, retiring allowances, gratuities, and compensation for personal injuries or loss sustained in the Service.

At the close of the year the Institution had granted altogether in rewards since 1824, 99 Gold Medals and Clasps, 1,232 Silver Medals and Clasps, 63 Decora-

tions, 381 Binocular Glasses, 15 Telescopes, 72 Aneroid Barometers, 1,820 Votes of Thanks inscribed on vellum and framed, 184 Certificates of Service framed, and 267,036*l.* 14*s.* 8*d.* in money.

**Aneroids.**— During the year the Institution continued to receive applications for the special Aneroid Barometers which the Committee supply to the Masters and Owners of fishing-boats and small coasters at approximately one-third the retail price. The total number provided was 74; of which 66 were supplied to fishermen, and 8 to coasters. The total number issued since 1882 has been 4,887.

**Local Committees.**— The grateful thanks of the Committee of Management are due to the Local Committees and to each and all of their honorary secretaries, treasurers and helpers, without whose ready and much-appreciated labours and help it would be impossible to carry on the Institution's work efficiently and well.

The valuable co-operation which has been extended to the service by the Postal Officials and the Coastguard has been of great importance, and has been gratefully received and welcomed.

The Committee note with grave misgiving that it is contemplated to withdraw the Coastguard from the coast, inasmuch as they not only assist to man, launch and haul up the Life-boats at many of the Institution's stations when other efficient men cannot be obtained for the purpose, but also have charge of the electrical communications on the coast for life-saving purposes suggested by the Institution and approved by the House of Commons in 1893. It is feared that such a course if adopted will be highly detrimental to the interests of life-saving from shipwreck.

The continued advocacy by the Press of the Institution's work, which has been

so readily bestowed, is most thankfully acknowledged and has been of the utmost benefit.

*Life-boat Saturday.*—This movement, the main object of which is to secure the attention of all classes to the strong claims of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, has continued to make steady progress during the past year, and the various Committees, both in London and throughout the country, are to be heartily congratulated on the success of their enthusiastic and well-sustained efforts, which are much valued and appreciated by the Committee of Management. The success of the Ladies' Auxiliaries has continued to be specially marked, and the result of their labours is most encouraging.

*Inventions.*—Numerous inventions and suggestions have been submitted to the Institution, all of which have been carefully considered and examined by the Committee, who wish it to be generally known and understood that they are always glad to receive and consider any proposals which might, if adopted, prove useful for the purposes of the Service and possibly tend to increased efficiency.

*Finances.*—The total amount received by the Committee of Management in 1906, in subscriptions, donations, dividends, etc., and inclusive of the large sum of 17,527*l.* 4*s.* 1*d.* received from the Institution's Auxiliary, the Life-boat Saturday Fund, was 72,309*l.* 17*s.* 3*d.*, a decrease of 4,810*l.* 7*s.* 1*d.* as compared with corresponding total for the preceding year. In addition, the sum of 48,763*l.* 5*s.* 1*d.* was received in legacies, of which 13,953*l.* 13*s.* 5*d.* was for special trusts or specified purposes. It is clear that, were it not for the great amount of help provided by legacies, the great work of the Institution could not be carried on satisfactorily and efficiently,

as the amounts received from all the other sources of revenue are quite insufficient for the purpose.

The total expenditure in 1906 was 79,725*l.* 10*s.* 4*d.* This amount included 29,693*l.* 11*s.* 6*d.* for building, equipping and repairing Life-boats, Life-boat transporting carriages, Life-boat houses and slipways; to which must be added experiments with motor Life-boats; 14,199*l.* 12*s.* 7*d.* for subsidies for non-self-supporting stations, branch outlays, aneroids for fishermen and coasters, life-belts and other stores and the store-yard; 29,169*l.* 9*s.* 6*d.* for payments to coxswains, bowmen and signalmen, to crews, etc., for services and for exercising the Life-boats, for special rewards and recognitions for services; grants to the relatives of deceased Life-boat men, and for injuries, for pensions, and other retiring allowances to coxswains, bowmen and signalmen; medals and vellums; also for payments to the inspecting staff. The balance was expended in printing, advertising, postage, telegrams and stationery; on salaries, rates, taxes, office expenses and legal charges connected with bequests and leases. Each item of receipt and expenditure has as usual been examined and verified by Mr. Albert W. Wyon, Chartered Accountant, of the firm of Messrs. Price, Waterhouse & Co., 3 Frederick's Place, Old Jewry, E.C.

The Committee of Management in conclusion earnestly appeal to the British public for increased financial support and that of a permanent character. Further annual subscriptions are greatly needed and are therefore more especially asked for, whilst help of any nature is welcomed and valued. It goes without saying that unless sustained aid on a large and liberal scale is continued to the Institution, it will be impossible for the Committee to maintain and carry on its very important work in that high state of efficiency which the aim and objects of the Service demand.

### **ITS OBJECT AND WORK.**

The work of the Institution mainly consists of—

1. Building, equipping and maintaining Life-boats, transporting carriages, boathouses and slipways, wherever required on the Coasts of the United Kingdom.
2. Payments and the granting of rewards to Life-boat coxswains, crews and helpers, for services rendered, including exercises; medals and vellums being awarded for conspicuous bravery.
3. Awarding medals, vellums or grants of money to those who, at the risk of their own lives, save, or endeavour to save, by means of shore boats or otherwise, life from shipwreck on the Coasts of the United Kingdom.
4. Granting pecuniary compensation to men injured on service.
5. Granting pecuniary compensation to the Widows and other dependent relatives of Life-boatmen who lose their lives on service; not less than £100 being allowed for each Widow and £25 for each dependent child.
6. Granting pensions or retiring allowances to Life-boat coxswains, bowmen and signalmen of long service and good character.

***The moneys received from the Life-boat Saturday Fund are, as far as possible, applied by the Committee of Management towards meeting the expenses of items Nos. 2, 4, 5 and 6 only.***

## The Royal National Life-Boat Institution

Is prepared to establish and maintain a Life-boat Station on any part of the coast of the United Kingdom where it can be shown, from previous disasters, that a Life-boat is required. It is requisite that there should be a sufficient number of men (fishermen, or others accustomed to the management of boats at sea) to man the Life-boat, and a Committee formed from the residents in the neighbourhood to superintend the Station and obtain such small Annual Subscriptions as may contribute towards a portion of the expense of the Life-boat Station.

Communications should be addressed to the Secretary of the Institution, 20 Charing Cross Road, London, W.C.

## GOD HELP OUR MEN AT SEA.

## List of the Rewards

FOR SAVING LIFE FROM WRECKS

## VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND TO OTHER PERSONS

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1906, INCLUSIVE.

Jan. 2. — FORMBY, LANCASHIRE. — *John and Henrietta* Life-boat.—At 8.25 in the morning, a message was received from the Formby Light-vessel, stating that a steamer appeared to be aground on Taylor's Bank, and later the information was confirmed. The Life-boat was launched and proceeded to the steamer,

the *Granada*, of Liverpool. It appeared that she had been in collision with another vessel, and was then on the sand considerably damaged and with several feet of water in her forward hold. When the tide made, two tugs which had also come to the vessel's assistance, towed her clear of the ground.

As her safety depended entirely on the forward bulkhead, the Life-boat remained by the vessel in case of accident. By four o'clock in the afternoon she had been towed into safety, and the Life-boat returned to her station. During this service the weather was very cold and foggy and a moderate S.S.E. gale was blowing.—Expense of service, 43l.

Jan. 3.—SCARBOROUGH, YORKSHIRE.—*Queensbury* Life-boat. — During a moderate S.E. gale and very heavy sea, the steam-trawler *Sea King*, of Hull, was observed in the offing making signals for a pilot. The sea was too rough for an ordinary shoreboat to put off, the Life-boat was therefore launched and proceeded to her. They found that the steamer had run short of fuel and could not reach Hull, the port to which she was bound. Two Life-boatmen were placed on board and the vessel was brought into safety.—Property salvage case.

Jan. 4.—BERWICK-ON-TWEED, NORTHUMBERLAND.—*Matthew Simpson* Life-boat.—About 7 A.M. a fog-horn was heard to the southward by the fishermen and they at once assembled to man the Life-boat. Confirmation by the Coast-guard was received that a steamer was in distress and the Life-boat was therefore launched and proceeded to sea. About half a mile from the pier-end they observed the Spittal private salvage boat *Margaret Dodds*, which was also used on occasions for life-saving, making very urgent signals to them. It was noticed that she was very deep in the water, and on getting alongside she was found to be sinking, the gunwale being already awash. The men were baling with their hats, and every endeavour was being made to keep her afloat until help reached them. The crew of fifteen were taken into the Life-boat, which then returned and landed them in safety at Spittal. The Life-boat then proceeded to the steamer, but her assistance was not required.—Expense of service, 17l. 0s. 6d.

Jan. 4. — WHITBURN, DURHAM. — *William and Charles* Life-boat.—The s.s. *Inger* of Aalborg, whilst bound from that port to Sunderland, stranded, during a thick fog, to the south of Soutar Point. Information reached Whitburn

about 8 P.M., and the Life-boat was despatched to her assistance. She was found to be full of water, and the crew nineteen in number were rescued and conveyed to Whitburn, the boat being rehoused at 10.45 P.M.—Expense of service, 27l. 12s.

Jan. 5.—CAISTER, NORFOLK.—*Covent Garden* Life-boat.—At 8 P.M. a steamer was seen aground on the Barber Sands, and the crew of the No. 1 Life-boat were mustered and the boat launched. She proceeded to the sands and there found the s.s. *Harriet* of Middlesbrough ashore. The weather was moderate, although it looked threatening. The Life-boat went alongside, and the Captain informed the Coxswain that he intended to try and float his vessel with the flowing tide, but this he failed to do and the wind having increased to a moderate gale with a heavy sea, he engaged the Life-boatmen to get the steamer off. With the assistance of tugs the vessel was extricated from her dangerous position about 5.30 A.M., and towed into Yarmouth Roads, the wind by then having increased to a strong gale.—Property salvage case.

Jan. 6.—BRIDLINGTON QUAY, YORKSHIRE.—*George and Jane Walker* Life-boat.—About 8 o'clock in the morning the wind increased and the weather became very bad, which caused considerable anxiety for the safety of some of the cobsles which had left for the fishing grounds earlier in the morning. Most of the boats managed to reach home safely, but soon after 9 A.M. it was seen that two of them, the *Northern Star* and *Lord Londesborough*, whilst making for the harbour had to encounter very heavy seas. As it was feared the small crafts would be swamped, the Life-boat was launched, and stood by them until they were safe in harbour.—Expense of service, 19l. 8s. 6d.

Jan. 6.—FILEY, YORKSHIRE.—*Hollon the Second* Life-boat. — Several of the fishing cobsles put to sea in the early morning, but soon after 7 A.M. the wind veered to N.E. and increased to a strong gale. Ten of the cobsles were sufficiently near home to gain a shelter, but three were overtaken by the boisterous weather. As their return was attended by considerable danger, the Life-boat

was launched and stood by the three boat until they reached the shore.—Expense of service, 17*l.* 6*s.* 6*d.*

Jan. 6.—HAYLE, CORNWALL.—*E. F. Harrison* Life-boat. — A strong N.W. gale was blowing, and about 1.30 P.M. the s.s. *Tethys* (a new sand-pump dredger), bound from Glasgow to Sydney, N.S.W., made for Hayle through stress of weather; after taking the bar, she stranded in a terrific squall on the eastern side of the entrance channel. The Life-boat crew were summoned, and in a very short space of time the Life-boat was afloat. As the wind was blowing up the harbour, the boat had difficulty in making headway, but a line having been thrown ashore, many willing hands quickly towed her to the mouth of the harbour. She then made for the steamer, but the Captain and crew refused to leave their vessel, as she was now clear of the worst of the broken water. The Life-boat remained alongside for some time, and rendered valuable assistance to prevent the steamer drifting into further danger, and then returned ashore, being rehoused about 6 P.M.—Property salvage case.

Jan. 6.—SHERINGHAM, NORFOLK.—*J. C. Madge* Life-boat.—Whilst the crew of the Life-boat were assembling for an exercise launch several vessels were seen running for shelter, as a strong westerly gale with heavy squalls was blowing. One of them, which proved to be the barge *Gothic*, of London, brought up about 10.45 A.M. and hoisted signals for assistance, having lost her headsails and bowsprit. The Life-boat was promptly launched, and on reaching the barge assisted the crew to lay a second anchor. She was then left to weather the storm, and her crew of three hands were conveyed ashore.—Expense of service, 35*l.* 9*s.* 6*d.*

Jan. 7.—Next day the weather moderated, and the crew of the barge were replaced on board by the Life-boat, which then accompanied them in the direction of Yarmouth. When off Mundesley a tug was engaged, and at about 5 P.M. Yarmouth was reached. The Life-boat left again at 8 P.M., regaining her station at 2.45 next morning.—Property salvage case.

Jan. 9.—JOHNHAVEN, KINCARDINE-

SHIRE.—*Sarah Ann Holden* Life-boat.—At 6 A.M., in smooth but thick weather, the fishing-boats of Johnshaven put to sea. An hour or so later the sea commenced to rise and the S.E. wind increased to a gale, and by 10 o'clock it was so rough that it was considered advisable to send the Life-boat out to see that the smaller boats reached the harbour in safety. The Life-boat was therefore launched and lay off the harbour until all the fishing-boats had made the harbour safely, and then returned ashore.—Expense of service, 6*l.* 6*s.*

Jan. 9.—GOURDON, KINCARDINESHIRE.—*Theophilus Sidney Echalaz* Life-boat.—Whilst the small fishing-boats were returning from the fishing-grounds, the sea became so heavy at the mouth of the harbour that the Life-boat was launched to stand by and assist the boats. The sea was breaking very heavily, and crossing the bar was attended with great danger. Happily however all the fishing-craft succeeded in getting into harbour without accident and the Life-boat returned ashore.—Expense of service, 6*l.* 5*s.* 3*d.*

COMMITTEE MEETING, 11th Jan., 1906.

Voted 238*l.* 16*s.* 6*d.* to defray the expenses of launches of the following Life-boats, or assembling the crews in readiness, with the view of assisting those on board vessels apparently in distress:—Berwick-on-Tweed, Barry Dock, Caister No. 2, Clacton-on-Sea, Gorleston No. 1, Hoylake, Mumbles, New Brighton No. 2 (steam), Southend-on-Sea, Wicklow and Yarmouth. The Ramsgate Life-boat was also launched.

Also voted the Silver Medal of the Institution to MICHAEL HANNAGAN, Coxswain Superintendent of the Youghal Life-boat, and double pay to him and to each of the crew for their gallant services on the night of the 17th December, when they rescued three of the crew of the schooner *Annetta*, of Dungarvan.

Granted retiring pensions and certificates of service to JOHN WATKINS, Coxswain Superintendent at Angle; WILLIAM STEWART, Coxswain Superintendent at Lossiemouth; SAMUEL MUNDY, Coxswain Superintendent at

Mullion; and OWEN EVANS, Coxswain Superintendent at New Quay, Cardigan.

Also retiring pensions to DAVID DAVIES, Assistant Coxswain, and JOHN THOMAS, Bowman, at New Quay, Cardigan.

Also retiring pensions to the Signalmen at the following stations: RICHARD DAVIES, Aberdovey; WILLIAM J. MURPHY, Ballywalter; WILLIAM THOS. STONE, Lowestoft; and JOHN TOBIN, Youghal; on the resignation of their respective offices.

Also voted 10*l.* to men for injury or illness incurred at the Life-boat service at Ballywalter and Hayle.

Also a special donation of 5*l.* to a Life-boatman at Llanddulas on his retiring through old age, he having been a member of the crew since 1869.

Jan. 11.—TENBY, PEMBROKESHIRE.—*William and Mary Devey* Life-boat.—About 7 P.M. in the evening a signal of distress was seen from a vessel at anchor in Caldy Road. There was a moderate to strong south westerly gale at the time accompanied by a heavy ground sea and the Life-boat was promptly launched. Whilst beating out to the vessel another flare was seen from a vessel further to the westward. The Life-boat proceeded to her and took off her crew of four men, and then made for the other vessel, and her crew were also taken into the Life-boat, which conveyed them safely ashore. In the meantime the weather had become very bad, the gale increasing considerably in strength, and eventually the first vessel assisted—the ketch *Eily* of Gloucester, with a cargo of scrap iron—became a total wreck. The other vessel, which was the ketch *Excellent*, of Wexford, weathered the storm and was able to proceed on her voyage to Burry Port where she was bound with a cargo of pit-props.—Expense of service, 24*l.* 8*s.*

Jan. 12.—ST. HELIER, JERSEY.—*Sarah Brooshoft, Kirk Ella* Life-boat.—Three men were rescued in a strong southerly gale by the Life-boat, after having passed the night on a beacon on a rock upwards of three miles from the shore. It appeared that the men had gone off to the beacon the previous day about noon to carry out some work and when they

wished to return the sea was too rough for them to regain their boat. A boat from the shore put off the same night to try to rescue them but had to abandon the attempt. About 6 A.M. application was made for the Life-boat and she was promptly launched, but could not get near enough to render any assistance. At noon the Life-boat made another attempt and was towed out to the rock by the harbour tug; there she was cast off, and went to leeward of the rocks. The cane-heaving-line was thrown, and the line successfully hauled in by the men, but it was found that a reef of rocks which was below the water would prove very dangerous to the work of rescue; it was therefore thought advisable to cast off the rope and make another attempt from windward. After considerable difficulty the Life-boat was worked within about fifty yards of the rock and communication by rope eventually established. After this had been done, life-buoys were hauled across, and one by one the men were pulled through the breakers to the Life-boat. The tug then picked up the Life-boat and towed her into harbour. The men had suffered much from hunger and thirst, more particularly the latter, and when landed were in an exhausted condition.—Expense of service, 16*l.* 15*s.* 6*d.*

Jan. 17.—CULLERCOATS, NORTHUMBERLAND.—*Co-operator No. 1* Lifeboat.—At 8.45 A.M. the Coxswain of the Life-boat received information that one of the small cobbles which were off line-fishing was in danger of being swamped, about three quarters of a mile off Sharpness and was unable to pull in against the heavy westerly gale. Another coble was launched to go to her assistance, but the gale increased in violence and the boat returned. The Life-boat was then launched, sailed to the coble, and rescued her occupants, towing the boat into safety.—Expense of service, 14*l.* 8*s.*

Jan 18.—PORT ST. MARY, ISLE OF MAN.—*James Stevens No. 1* Life-boat.—During a strong northerly gale, three small open fishing-boats, belonging to Port Erin, put into Port St. Mary, and reported that two similar boats were attempting to follow. Owing to the heavy sea and the increased strength of

the gale, it was seen that they could not make the Harbour or effect a landing anywhere; the Life-boat was therefore sent to their assistance. Within ten minutes of the signal being fired the Life-boat was afloat and on her way to the distressed boats. She came up with them in the Sound about three miles from Port St. Mary. They were in a perilous position, but as the Life-boat reached them there was a lull in the fury of the wind, and the fishermen decided to try and save their boats by grounding them in a creek in the Sound. This they did, the Life-boat in the meanwhile standing by them to render assistance if necessary; she then returned ashore.—Expense of service, 14*l.* 18*s.* 6*d.*

Jan. 18.—PADSTOW, CORNWALL.—*Arab* Life-boat.—At noon, during a north-west gale, the Coastguard reported that a vessel was making for the Harbour, with part of her canvas blown away. As the vessel—the schooner *Harvest Home*—was in considerable danger in the very heavy sea, the No. 1 Life-boat was launched and stood by her in case she should come to grief. Happily her active assistance was not required, and when the schooner had reached safety, proceeded to the trawler *Hadassah*, of Brixham, until she also made the harbour safely.—Expense of services, 12*l.* 5*s.*

Jan. 18.—MARGATE, KENT.—*Civil Service* No. 2 Life-boat.—An excellent service was performed by the No. 2 Life-boat on the 18–19th January, resulting in four lives being saved. About 7.30 P.M., whilst a whole gale from W.N.W. was raging, signals of distress were seen from a schooner in the Roads. The No. 2 Life-boat was promptly launched, and in the heavy sea proceeded to the vessel, which proved to be the schooner *Ann-Warren*, of Gloucester. Her anchors were dragging, and the first attempt to get alongside failed; the second attempt however was more successful and the Life-boat was made fast. Whilst the crew were being rescued the main boom of the schooner unfortunately swung over and seriously damaged the boat. She remained in the vicinity of the schooner for some time, but at 10.30 P.M. the second cable was carried

away, and the vessel was totally wrecked on the Long Nose rock. The Life-boat then returned to harbour.—Expense of service, 25*l.* 7*s.* 6*d.*

Jan. 18.—BROADSTAIRS, KENT.—*Francis Forbes Barton* Life-boat.—In response to signals of distress at 8.30 P.M., the Life-boat was launched. There was a whole W.N.W. gale at the time, and the sea was very heavy. Having proceeded in the direction of the signals, they found the schooner *Amy*, of Plymouth, with five men on board bound from London to Plymouth, in a perilous state; her sails had blown away in the gale, and her anchors had parted. Six Life-boatmen were put on board, and the boat stood by them. When the tide turned they succeeded in working the vessel to Ramsgate Harbour.—Property salvage case.

Jan. 19.—SEAHAM, DURHAM.—*Skynner* Life-boat.—The s.s. *Longnewton*, of Sunderland, when bound for London struck the rocks outside Seaham Harbour. She proceeded about a mile to sea, when she was seen to put back and hoist a signal for “immediate assistance.” The Harbour tug was sent out, but returned and reported that the steamer was sinking; the Life-boat was then promptly launched and proceeded under sails and oars, but in the prevailing northerly gale failed to reach the distressed vessel. The tug therefore took her in tow, and she proceeded alongside the steamer, which was aground on the rocks full of water, the sea breaking over her. The crew of twenty were safely transferred to the Life-boat, which then returned to harbour. The Honorary Secretary, Captain J. Smith, went out in the tug, and the District Inspector, Commander Thomas Holmes, R.N., was in the Life-boat, and both were thanked by the Committee for their co-operation.—Expense of service, 12*l.* 7*s.* 6*d.*

Jan. 21.—ABERSOCH, CARNARVONSHIRE.—*Oldham* Life-boat.—The schooner *Proba*, of Dartmouth, whilst bound to Dublin with a cargo of malt, stranded not far from the Life-boat house, and in response to the signal which she made shortly before stranding, the Life-boat proceeded to her assistance. She went alongside, took the Master

and his wife on board and landed them at Penrhyn-du. The wind was blowing freshly from the N.E. at the time of the accident and the sea was rough and choppy with heavy breakers on the shore, but hopes were entertained of saving the schooner when the weather moderated. — Expense of service, 23l. 12s. 5d.

Jan. 23.—WEXFORD, CO. WEXFORD.—*James Stevens No. 15* Life-boat.—About 7.30 P.M. signals of distress were seen on the yawl *Gannett*, of Wexford, which had run aground the previous day, and the Life-boat was sent out in response. As the tide was nearly low, she was unable to get alongside, but managed to reach the vessel's bowsprit, and the four men of the crew climbed into the boat by that means. It appeared that they had no food or fire on board, and the weather looked threatening; they desired to be landed, and this was done. The weather at the time of the service was moderate.—Expense of service, 21l. 4s. 6d.

Jan. 24.—MOELFRE, ANGLESEY.—*Star of Hope* Life-boat.—A telephone message was received about 7 P.M., stating that a pilot boat about two miles off Point Lynas was making signals of distress and required assistance at once. The Life-boat was promptly launched and proceeded to the vessel, which proved to be the steam pilot-boat, *Leonard Spear*, of Liverpool. The Captain explained that he had been in collision with another vessel which had foundered, but happily her crew had been saved by getting on board his vessel. Being in some danger of sinking he had made signals for help. By the time the Life-boat arrived on the scene it was found that the damage was not as serious as had been anticipated and the Life-boat stood by the vessel whilst she made for the Roads to anchor for the night. The boat then left her on the understanding that, if it were found later that assistance was required signals would again be made. This however was not necessary, although the next morning when the vessel left for Liverpool she was practically full of water.—Expense of service, 24l. 9s. 6d.

Jan. 24.—CAMPBELTOWN, ARGYLL-

SHIRE.—*James Stevens No. 2* Life-boat.—The schooner *Ellie Park* of Barrow, bound from the Dee to Red Bay in the north of Ireland encountered very heavy weather, and when trying to make port had her sails blown away in a heavy squall. The anchor was run out, but the S.W. gale increased until it was necessary for the anchor and cable to be slipped. The schooner was then blown across to the Kintyre coast in a helpless condition, the sea constantly breaking over her, and she was driven ashore in the neighbourhood of Macrinnan's Point in the evening. Information reached the Life-boat authorities at 7.50 P.M., and the assembly signal was at once fired. The crew were quickly on the spot and the Life-boat was launched and on her way to the schooner in a very short time. A steamer—the *Louise*—followed the Life-boat to the scene of the wreck. When the Life-boat reached the schooner she was hard on the rocks, and the crew were on the point of leaving her in their own boat. The Captain requested the Coxswain to stand by him and if possible save the vessel. The schooner's crew were completely exhausted and could render no assistance, but as the wind had changed to N.W. and the tide was flowing, the Life-boatmen, with the help of the vessel's remaining anchor, were able to float her. The steamer was then engaged to tow her into harbour and two ropes having been passed by the Life-boat, Campbeltown was reached about 10 P.M.—Expense of service, 24l. 10s. 6d.

Jan. 27.—WEXFORD, CO. WEXFORD.—*James Stevens No. 15* Life-boat.—During a S.W. gale signals of distress were shown by the ketch *Christine*, of Milford, which had stranded on the Dogger Bank. The crew of the Life-boat were at once assembled, but before they had boarded the Life-boat, the Captain of the ketch came ashore in his own boat and engaged the crew to save his vessel. At 11.15 A.M. they proceeded to the schooner, and laid out two anchors. They then commenced to jettison the cargo and continued the salvage operations all day. About 10 P.M., whilst so engaged, signals of distress were seen from two other vessels also aground on

the bank. The Life-boat immediately left the schooner and proceeded to their assistance. The wind by now was blowing a strong gale, and the night was very dark. The boat was anchored and veered down to the nearer vessel, which proved to be the schooner *Aeron Belle*, bound from Newport, Monmouth, to Wexford, with a cargo of coal. With difficulty the crew of seven men were rescued, and then the boat made for the other vessel—the ketch *Ketch*, of Ayr, inward bound from Plymouth. To rescue her crew also presented considerable difficulty and some danger; the vessel lay stern to wind and it was necessary to take the men over the bow owing to the shallow water alongside and at the stern. In doing this the stern of the Life-boat was damaged by the vessel's anchor, which was on her bow. The heavy sea breaking on the starboard side washed heavily round the bows, rendering the operation very hazardous. Having accomplished their task the Life-boat returned to the *Christine*, and anchored until daylight. About that time the wind veered more to westward and the *Christine* was floated, whereupon the Life-boat returned ashore and landed the rescued men.—First service, property salvage case. Expense of second service, 19l. 14s. 6d.

Jan. 29. — GORLESTON, SUFFOLK; CAISTER, WINTERTON, PALLING, AND CROMER, NORFOLK.—*James Stevens No. 3, Covent Garden, Edward Birkbeck, Margaret, 54th West Norfolk Regiment, Hearts of Oak, and Louisa Heartwell* Life-boats. — In the early hours, the s.s. *Newburn*, of Newcastle, which is a big steamer of more than 3,000 tons, ran aground on the southern end of the Hasboro' Sands and remained fast. She was at the time on a voyage from the Tyne to Genoa, with a cargo of 4,700 tons of coal, and carried twenty-seven hands. About 7.50 A.M. she was observed at Palling, and the No. 2 Life-boat proceeded to her, followed shortly afterwards by the Winterton No. 2 Life-boat. The Life-boatmen were at once engaged, and commenced as soon as possible to jettison the cargo. In the meantime tugs came upon the scene, but in spite of all efforts the vessel remained fast. Next

morning the Winterton No. 1 Life-boat with more beachmen, arrived to relieve the crew of the *Margaret*, and the steam Life-boat at Gorleston, proceeded, at the request of Lloyd's agent, to the steamer with additional help. Meanwhile the Palling No. 1 Life-boat had come out with more beachmen, and the salvage work was continued until the 2nd February, the men working in gangs and being relieved when necessary. The number of men working on the endangered vessel being very large, the Caister and Cromer Life-boats were also engaged to stand by in case their services should be required, but fortunately on the 2nd February about midday the tugs succeeded in towing the vessel clear and took her to safe anchorage. During the service, which lasted five days, the weather was from moderate to rough and the westerly wind was strong.—Property salvage case.

Feb. 2.—FLAMBORO', YORKSHIRE.—*Forester* Life-boat.—At 2 P.M. it was necessary to launch the No. 1 Life-boat to assist four of the fishing cobs, which were at sea, the weather having become very rough, with a N.N.W. gale and very choppy sea: The Life-boat stood by the cobs until they reached safety, when she returned ashore. This was the first time the Life-boat which was a new one had been launched on service, and her behaviour gave the liveliest satisfaction.—Expense of service, 15l. 11s. 3d.

Feb. 3. — BERWICK-ON-TWEED AND HOLY ISLAND, NORTHUMBERLAND.—*Matthew Simpson* and *Grace Darling* Life-boats.—The Berwick Life-boat *Matthew Simpson* put off in a strong northerly gale and very heavy sea and rendered assistance to a fishing-vessel belonging to Eyemouth. The conditions of weather made it quite unsafe for the fishing-boat to make the Harbour, and after being warned she proceeded northward. The Life-boat then made for home, but when on the bar she was thrown on her beam ends and several of the crew were washed overboard. Happily they all regained the Life-boat, which then made for Holy Island. A message having been sent to that place, the *Grace Darling* was launched and met them at the bar. The Berwick men had a very trying and arduous

time.—Expenses: Berwick-on-Tweed, 33*l.* 18*s.* 6*d.*; Holy Island, 12*l.* 1*s.* 6*d.*

Feb. 6.—CLOUGHY, CO. DOWN.—*Faith* Life-boat.—About 4 A.M. during hazy weather the s.s. *Fabo*, of Genoa, bound for Glasgow with a cargo of iron ore, stranded on the rocks, and the Light-vessel in the vicinity commenced to fire signals. This having been reported to the Honorary Secretary, the Life-boat was launched and proceeded to the steamer. On arrival it was found that she was fast on the rocks making a great deal of water and that her crew were preparing to leave her. Eight of the men were taken into the Life-boat, which then took one of the ship's boats in tow containing the remainder of the hands, and by eight o'clock the whole of the crew, twenty-four in number, were in safety.—Expense of service, 27*l.* 18*s.*

Feb. 6.—IRVINE, Ayrshire.—*Jane Anne* Life-boat.—About half-past four in the morning one of the pilots at the harbour reported that a vessel was ashore on the north side of the bar and required assistance. The crew of the Life-boat were promptly summoned, and in answer to signals of distress launched the Life-boat. A pilot boat had already attempted to reach the vessel, but was unable to do so. On arrival at the stranded vessel, which proved to be the jigger *St. Abbs*, of Campbeltown, bound from Belfast to Irvine with a cargo of scrap-iron, the crew of three hands were rescued, and landed at Irvine. There was a strong S.W. breeze blowing at the time, accompanied by a heavy sea.—Expense of service, 21*l.* 6*s.*

Feb. 8.—HAYLING ISLAND, HAMPSHIRE.—*Charlie and Adrian* Life-boat.—The barge *Mabel*, whilst proceeding from Chichester Harbour to Portsmouth, was caught in a heavy squall when off Hayling Island and dismantled. The Master at once let go his anchor, and made signals of distress. In response, the Life-boat was launched, and reached the barge about 11.45 A.M. It was blowing a gale from W.S.W., with very heavy squalls, and a heavy sea was running, but in the hope of saving his vessel the Master requested the Life-boat to stand by him, ready to

render assistance. A tug was signalled for, but at 3 P.M. no further help having arrived, the Master decided to abandon his craft, as both he and his Mate were suffering from their exposure in the extreme cold. Both were taken into the Life-boat, which returned ashore and was rehoisted by 5 P.M.—Expense of service, 16*l.* 13*s.*

Feb. 8.—REDCAR, YORKSHIRE.—*Brothers* Life-boat.—About 2 P.M. the pilot coble *Annie*, of Redcar, which had gone out in the morning to a steamer, but had failed to reach her on account of the strong N.W. gale and heavy sea, was seen off Redcar, beyond the breakers, with her anchor down. She was in considerable danger of foundering and there were two men on board. The crew of the Life-boat were assembled, the boat was launched and proceeded towards the coble. The coble then lifted her anchor and drifted in, closely followed by the Life-boat, and both came ashore in safety halfway between Marske and Saltburn, at about 3.30 P.M. Horses were then procured, and the *Brothers* was conveyed on her carriage by road back to Redcar.—Expense of service, 21*l.* 2*s.*

#### COMMITTEE MEETING, 8th Feb., 1906.

Voted 54*l.* 16*s.* 11*d.* to pay the expenses of assemblies of crews or launches of the following Life-boats, with the view of assisting persons on vessels in distress:—Aldeburgh No. 2, Anstruther, Appledore No. 1, Atherfield, Berwick-on-Tweed, Brightstone Grange, Bull Bay, Caister No. 1, Campbeltown, Clacton-on-Sea, Formby, Hoylake, Kessingland No. 1, Kingsdowne, Llandudno, Lowestoft No. 1, Lytham, Mablethorpe, New Brighton Nos. 1 and 2 (steam), North Sunderland, Ramsey, St. Anne's No. 2, Shoreham, Sunderland (North Dock), and Winterton No. 1.

The Ramsgate Life-boat was also launched.

Voted, with an expression of sympathy of the Committee, the sum of 75*l.* to a fund being raised locally for the benefit of widows and children of ISAAC DOBSON, Coxswain Superintendent, and J. W. HARRISON, Bowman, of the St. Anne's No. 1 Life-boat,

respectively, who unfortunately lost their lives off St. Anne's on the 18th January.

Reported that *St. Is.* had been granted to men injured in the Life-boat service at Cullercoats, Kingsdowne and Rhoscolyn.

Also voted 21*l.* to old Life-boatmen at Groomspout and New Brighton.

Feb. 9.—CAMPBELTOWN, ARGYLLSHIRE.—*James Stevens No. 2* Life-boat.—The fishing-skiff, *Fairy Queen*, of Campbeltown, was caught in a heavy N.E. gale on the evening of the 7th February, and was not able to make the harbour. During the whole of the next day the gale increased, and the skiff sought shelter off Kildalloig. After daylight failed watchmen were placed to see that disaster did not overtake those on board.

At 2 A.M. on the 9th idem the watchers reported that the vessel was in a dangerous position, and making very bad weather, in addition to which there was no abatement in the storm, it being bitterly cold with heavy snow squalls. The Life-boat was accordingly launched and succeeded in bringing both the vessel and her crew of six hands safely ashore. It was known when the Life-boat was launched that the fishermen must be running short of provisions, because as a rule they only go out from day to day, and it subsequently transpired that they had eaten the last food on board at 4 P.M. on the previous afternoon, and when rescued all were much exhausted from exposure, one man being very ill.—Expense of service, 24*l.* 16*s.* 6*d.*

Feb. 9.—CLOVELLY, NORTH DEVON.—*Elinor Roget* Life-boat.—The Life-boat was launched at 4.30 A.M. in response to signals from the s.s. *Peruviana*, of West Hartlepool.

On arrival at the vessel, it transpired that the rudder had been damaged, and she had anchored off Baggy Point the previous afternoon in a helpless state. The weather was very bad, a strong N.N.W. gale blowing with a rough sea. Whilst waiting for assistance to come to her, she commenced to drag her anchors, and in the early morning the Captain considered it prudent to sum-

mon the Life-boat in case she should be needed. At the request of the Captain, the Life-boat stood by him until tugs came upon the scene, and then, her services being no longer required, she returned ashore.

The behaviour of the crew during this service was spoken of in the highest terms, they having had a very trying time. The weather was piercingly cold, and the heavy seas dashed over the Life-boat, wetting the men through, and in this condition they were exposed for upwards of five hours to the fury of the gale.—Expense of service, 41*l.* 18*s.*

Feb. 10.—MUMBLES, GLAMORGANSHIRE.—*Charlie Medland* Life-boat.—At 11.19 A.M. the Coastguard reported that a vessel was showing signals of distress off Oxwich Point, and that a steamer was endeavouring to assist her, but that there was too much sea. The Coxswain having procured a tug proceeded in the Life-boat to the place indicated, where he found the French ketch, *Notre Dame de France*, with the sea making a clean breach over her. She had a considerable quantity of water in her, her canvas had been all blown away, and the crew five in number were exhausted. The Master, however, was not willing to leave his craft, and asked the Life-boatmen to try and save her. After repeated attempts, occupying more than three quarters of an hour, four men were successfully placed on board. Efforts were then made to weigh the vessel's anchors, but failed, and they were slipped. The ketch was then taken in tow by a tug and with the Life-boat in attendance towed to Swansea.—Expense of service, 21*l.* 14*s.* 6*d.*

Feb. 10.—GORLESTON, SUFFOLK.—*Leicester* Life-boat.—About 12.20 P.M. the Coxswain of the No. 2 Life-boat observed the Billy-boy *Annie*, of Grimsby, being towed over the bar outward bound, when the tow-rope suddenly broke and the Billy-boy drifted rapidly towards the North Bank. Knowing the danger, especially in such bad weather—there was a strong S.S.W. breeze, with a rough sea—he assembled the crew of the Life-boat and launched to the assistance of those on board. On arrival it was found that the vessel had anchored, but she was bumping heavily. With all

despatch the Life-boat conveyed another tow-rope to the tug, which had stood in as near as possible to the vessel, and she was towed off the bank and back into the harbour accompanied by the Life-boat.—Property salvage case.

Feb. 10.—CLACTON-ON-SEA, ESSEX.—*Albert Edward* Life-boat.—Shortly after midday a message was received, stating that a vessel was apparently on the North Buxey Sands, and the Life-boat was launched, but before she had proceeded far the vessel was forced by her sails, on the rising tide, over the sands and drove towards the beach. When the Life-boat reached her she was found to be a derelict yacht named the *Isidora*; one of the Life-boatmen jumped on board and endeavoured to wear the yacht, but she took the ground before anything could be done. As there was no trace of the yacht's crew the Life-boat proceeded to a schooner which lay to leeward of where she originally stranded, but they could give no information respecting the missing men. The Life-boat then returned to the yacht and took steps to try and save her, and at noon the next day they were successful in getting the vessel off and took her into Harwich Harbour. During the service a S.W. gale was blowing, with a heavy sea, and during the whole of the twenty-four hours the men were on duty they were wet through by the breaking seas. It subsequently transpired that the crew of the yacht had landed at Margate.—Property salvage case.

Feb. 10.—THURSO, CAITHNESS-SHIRE.—*Co-operator No. 3* Life-boat.—During a whole E.N.E. gale and heavy snow showers, signals of distress were observed in the evening from the schooner *Pandora*, of Fraserburgh, which was lying at anchor in Scrabster Roads. The crew of the Life-boat were summoned, and the Life-boat launched. The sea was exceedingly heavy, and on arrival it was found that it was making a clean breach over the vessel's fore-castle, in addition to which she was riding very heavily, and the anchors were inclined to drag. The crew of four men were taken into the boat, which brought them safely into harbour at 11.30 P.M.—Expense of service, 29l. 3s.

Feb. 13.—MARGATE, KENT.—*Eliza Harriet* Life-boat.—About 12.15 P.M. distress signals were reported from the Princess light-vessel. The No. 1 Life-boat was launched and proceeded to the "Shingles," where the ketch *ND. de Lourdes*, of Gravelines, was found, but as the boat came up with her she floated clear. No active help was required. The Life-boat however stood by her until she got into the channel, quite clear of the sands, as she was in a position of considerable danger. The weather was fine but hazy at the time of the accident, with a moderate S.W. breeze.—Expense of service, 18l. 5s. 6d.

Feb. 16.—EYEMOUTH, BERWICKSHIRE.—*Sarah Pickard* Life-boat.—The s.s. *Ravenscraig*, of Kirkcaldy, a small coasting steamer, whilst bound from Arbroath to Hull with a general cargo struck some sunken rocks off Eyemouth Bay, and remained fast. The weather was moderate at the time, but the Life-boat was launched to render assistance. When the tide made sufficiently to float the vessel, she came into Eyemouth Bay and grounded on the sandbank until there was enough water for her to enter the harbour, the Life-boat in the meantime standing by her in case it should be necessary to rescue the nine men on board, there being four feet of water in her hold.—Expense of service, 21l. 9s. 9d.

Feb. 16.—WEXFORD, CO. WEXFORD.—*James Stevens No. 15* Life-boat.—During the morning of the 16th February the fish-steamer *Fulmar*, of Wexford, was observed ashore on the Dogger Bank. The wind was moderate, but the sea was rough, due to the strong S.S.W. gale of the previous night. In response to her signals of distress the Life-boat was sent to her assistance. The Life-boat lay near at hand, whilst every effort was made to try and get the vessel off, but in spite of the assistance given by a tug which had also come out all attempts failed. After high water it was found that the steamer was making water and would eventually become a total wreck; the Life-boat therefore rescued the crew of seven, and both she and the tug returned ashore.—Expense of service, 12l. 14s. 6d.

Feb. 16.—CLOVELLY, DEVON.—*Elinor*

*Roget* Life-boat.—During a thick fog, a strong W.S.W. breeze, and a rough sea in the night, the s.s. *Abril*, of Bilbao, stranded about two and a half miles to the westward of Clovelly and the crew took to the ship's boats. The steamer was bound from Newport to Bilbao with a cargo of 1,700 tons of coal at the time of the accident. About 10 P.M. the village of Clovelly was startled by loud shouts for help from sea in the direction of the back of the breakwater. A boat was immediately launched and brought one of the *Abril's* boats with sixteen men in her into safety. The captain then reported that another boat with four men in her was missing; it was therefore decided to launch the Life-boat, and she searched all night. At about 2.45 A.M. the Life-boat fell in with a tug and told her of her mission. The tug also joined in the search and some hours later they again made for the Life-boat and reported they had found the missing men and that they were on board. They were then transferred to the *Elinor Roget*, which returned to Clovelly, arriving about 9 A.M.—Expense of service, 42*l.* 17*s.*

Feb. 18.—BEMBRIDGE, ISLE OF WIGHT.—*Queen Victoria* Life-boat.—At 5.30 A.M. it was reported that signals of distress were being shown by a vessel ashore at Sand's Head. The crew of the Life-boat were at once summoned and the Life-boat was launched. The steamer *Ellington*, of Newcastle, was found bumping heavily; at the request of the Captain the Life-boat therefore stood by ready to render assistance. About four hours later, as there was little or nothing to be done, the Life-boat returned ashore for the crew to get food, and about mid-day she put off again and stood by the steamer until about 7.45 P.M., when the wind moderated and she returned ashore. Next morning tugs succeeded in getting the vessel off.—Expense of services, 48*l.* 3*s.*

Feb. 19.—TOTLAND BAY, ISLE OF WIGHT.—*Robert Fleming* Life-boat.—The four-masted barque *Inverness-shire*, when coming up channel in a strong gale and very heavy sea, hoisted signals for assistance when off Totland Bay.

The Life-boat was promptly launched and on arrival the Master inquired if

the Life-boat could take them all aboard if necessity arose; having been answered in the affirmative he asked that the boat should remain with him until tugs came to his assistance. About 4.30 in the afternoon a large tug came and took them in tow, the Life-boat remaining astern. On entering the Needles, three tow-ropes parted one after another, and the vessel was in great danger of going on the "Shingles," but a London tug, which fortunately was near at hand, steamed up and put a tow-ropes aboard and took her into safety. The barque, which was over 2,000 tons register, was bound from Iquique to Antwerp, with a cargo of nitrate, and had a crew of thirty on board.—Expense of services, 39*l.* 8*s.*

Feb. 19.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—At 5.20 P.M. a schooner was observed aground on the Bell Buoy shoal. There was a moderate southerly gale at the time and the sea was heavy. The Life-boat was therefore launched and proceeded to her. The vessel proved to be the *Fiducia*, of Harburg, bound from that port to Southampton, and the Master at once engaged the Life-boatmen to get his vessel off. This they succeeded in doing in about an hour, and having got her to Yarmouth Roads a tug was engaged to tow the schooner which was leaking badly into harbour, the Life-boat remaining in attendance.—Property salvage case.

Feb. 20.—PALLING, NORFOLK.—54*th* West Norfolk Regiment Life-boat.—At 5.30 A.M., during a N.N.W. gale, with snow-squalls and a very heavy sea, the Coxswains and Coastguard observed a vessel in distress about half a mile south of Palling. The crew and helpers of the No. 1 Life-boat were at once called out and the horses sent for. With great promptness the Life-boat was launched and proceeded to the vessel, which proved to be the ketch *Lily*, of Harwich, bound from London to Newcastle with a cargo of old railway iron.

There were a crew of four hands on board, together with two dogs and a cat, and all were successfully rescued. Owing to the strong tide the Life-boat made for Waxham and landed them there.—Expense of service, 33*l.* 17*s.*

Feb. 20.—FLEETWOOD, LANCASHIRE.—*Maude Pickup* Life-boat.—At 2.15 A.M., during a strong N.N.W. gale and very heavy surf, the Life-boat was launched to a vessel in distress off Rossall Point. She proceeded—a tug towing her part of the way—in the face of the gale and heavy hail-showers to the vessel, which proved to be the schooner *Old Hunter*, of Barrow-in-Furness, bound from Liverpool to Mevagissey with a cargo of coal. With much difficulty, owing to the heavy surf and shallow water, she rescued the crew of four hands; then returning to harbour. When the Life-boat was being launched to the above vessel, signals of distress were also observed from the schooner *Maggie Kelso*, of Dalbeattie, bound there from Liverpool with a general cargo, which had gone ashore on the North Wharf; as soon therefore as the Life-boat had landed the crew of the *Old Hunter* she was again towed to sea. When in a favourable position, she cast off from the tug and sailed to the wreck, which was in very shallow water. The Life-boat succeeded however in getting alongside, and took the crew, three in number, aboard.—Expense of services, 53*l.* 14*s.* 9*d.*

After they had returned ashore and landed the men, it was seen that the schooner had floated with the flowing tide and was drifting towards the mainland. The Life-boat therefore again put to sea, and a tug took her to the vessel. Proceeding alongside, six Life-boatmen boarded her, and accompanied by the boat they sailed her into harbour.—Property salvage case.

Feb. 22.—LOOE, CORNWALL.—*Ryder* Life-boat.—At 2.10 P.M., when a whole S.S.E. gale was raging, a schooner, the *St. Pierre* of Nantes, was observed in distress. With praiseworthy rapidity the Life-boat was launched off the beach through a very heavy surf. In heavy sleet-showers and against both wind and sea, the boat was pulled towards the schooner, which by this time was in broken water amongst the rocks, and in such a dangerous position that it was not possible to get to leeward of her. The Coxswain however managed his boat in a masterly manner. Anchoring where safe, he veered down

as near as possible to the wreck; he then threw a line on board, and by means of a lifebuoy attached hauled the crew of six, one by one, through the broken water into the Life-boat. The work of rescue was completed in a little over an hour, and the onlookers were loud in their praise of the manner in which the service was carried out.—Expense of service, 24*l.* 17*s.*

Feb. 23.—CLOUGHY, CO. DOWN.—*Faith* Life-boat.—At 5.15 in the morning the Coastguard reported that he had been watching a vessel for some time, and apparently she was on the North Rock. The crew of the Life-boat were assembled at the boat-house and kept in readiness, whilst steps were taken to ascertain if the vessel were ashore. Shortly afterwards the weather cleared a little and a large steamer could be seen. The Life-boat was therefore launched at once and proceeded to her. They found that she was an Italian steamer, the *Themis* of Genoa, bound from Glasgow to Spezzia with a cargo of pitch. The Life-boat brought eighteen of the crew ashore, and towed a boat containing their clothes. Seven men, however, decided to remain on board, and as a precaution the Life-boat was again sent to the steamer; she remained some time, but only one more man wished to be landed and he was brought ashore during the afternoon. During this service the sea was heavy, but the east wind, which had been blowing a gale all night, had moderated a little. The men who remained on board were eventually landed in a shore-boat.—Expense of service, 35*l.* 12*s.* 6*d.*

Feb. 23.—CLACTON-ON-SEA, ESSEX.—*Albert Edward* Life-boat.—About noon it was reported that a vessel was on the North Buxey Sand with a signal of distress flying. The Life-boat was launched and proceeded to the vessel, which proved to be the schooner *Renner* of Arbroath, bound to Faversham with a cargo of potatoes. On arrival it was found that the crew were making preparations to leave the schooner and were putting their belongings in the ship's boat, but the Life-boatmen were engaged to save the vessel if possible.

Fifteen tons of cargo were jettisoned and an anchor laid out; but on the

flood tide it was seen that in spite of the pumps the water in the vessel was gaining and that it would be impossible to save her. At 1 A.M. the next morning it was decided to abandon her, and the five men of the crew, together with their dog, having been taken into the Life-boat, she made for Clacton. The night was extremely cold and all the men suffered considerably.—Expense of service, 38*l.* 5*s.*

Feb. 23.—MARGATE, KENT.—*Eliza Harriet* Life-boat.—The schooner *Janie*, of Padstow, whilst bound from Llanelly to London, stranded during moderate weather on the north-west part of the Tongue sand. In response to signals from light-vessels the No. 1 Life-boat was launched and proceeded to the sands. The master stated on the arrival of the boat that he did not think he would require any assistance, but she remained close at hand until the schooner floated, and then finding that the vessel was not making any water she returned home. The schooner was taken in tow by a steamer.—Expense of service, 24*l.* 14*s.* 6*d.*

Feb. 23.—CASTLETOWN, ISLE OF MAN.—*Thomas Black* Life-boat.—About 11 P.M. signals indicating a vessel in distress were observed from the Langness Lighthouse. The Life-boat was launched, and on reaching Langness Point found the steamer *Sarah Blanche*, of Douglas, on the rocks.

The crew had abandoned her, and were in their boats with their effects. The Coxswain of the Life-boat persuaded them to return, and having put some of the Life-boat crew on board, they succeeded in getting the steamer off the rocks and took her into Castletown Harbour.—Property salvage case.

Feb. 25.—FILEY, YORKSHIRE.—*Hollon the Second* Life-boat.—In very cold weather, during heavy snow-showers, the Life-boat was launched to assist a vessel which was reported ashore under Speeton Cliffs. On reaching the vessel it was found that she had lost her rudder and propeller, and that the fore compartment was full of water. At the request of the Captain the Life-boat stood by the vessel in case the efforts to float her were not successful, but at high water, with the aid of two

tugs, the steamer was floated and taken to Scarborough. The vessel was the steam-trawler *Pearl*, of Grimsby, and at the time of the accident she was bound to Grimsby with a cargo of fish.—Expense of service, 42*l.* 4*s.* 6*d.*

Feb. 25.—NEWBIGGIN, NORTHUMBRLAND.—*Robert and Susan* Life-boat.—The Life-boat was called out about 6.30 A.M. to the assistance of the Barque *Marthe Roux*, of Havre, which had stranded on some dangerous rocks about three-quarters of a mile to the south of Newbiggin; she was bound at the time from San Francisco to Leith with a cargo of grain. The wind had been blowing a gale from S.E. during the night, but towards morning veered to S.W. The Life-boat stood by the barque for some hours and then returned, as the crew had decided to remain on board.—Expense of service, 16*l.* 6*s.*

At 1 P.M. signals were observed from the vessel and the Life-boat put off again and assisted to save her. In this they were successful, and the barque was taken to Blyth Harbour.—Property salvage case.

Feb. 26.—PETERHEAD, ABERDEENSHIRE.—*George Pickard* Life-boat.—During the morning the wind freshened into a N.W. gale with a moderate sea. About 6.30 a message was received from the Coastguard that a schooner was ashore at Scotston Head, and the crew of the Life-boat were assembled and the boat launched. On reaching the vessel she was found to be the *Ban Righ*, of Wick, bound from Methil to Wick, with a cargo of coal. The crew declined to leave her, and the Life-boat stood by until 11 A.M., when she was floated.—Expense of service, 11*l.* 11*s.*

Feb. 28.—GIRVAN, Ayrshire.—*James Stevens No. 18* Life-boat.—The Girvan fishing fleet were out fishing early in the morning, when a gale sprang up from S.W., which veered to N.W. and increased in violence. All the boats reached harbour safely with the exception of four, and about 11 A.M. one of them was seen returning. As the gale was still very strong and the sea very heavy, the crew were summoned and the Life-boat made ready for launching; three of the boats however made the

harbour safely. About 4 P.M. the last of the boats, the *Aliped*, was seen approaching, and as both wind and sea were very bad, the Life-boat was launched and assisted her into safety.—Expense of service, 16l. 0s. 6d.

March 3.—NEWBIGGIN, NORTHUMBERLAND.—*Robert and Susan* Life-boat.—In consequence of the westerly wind increasing to a gale—the sea already being high—the small fishing coble *Royal*, which was at 12.30 P.M. about six miles off Newbiggin with no other vessel near her, was considered to be in danger. The Life-boat was launched and sailing out to her accompanied her into harbour.—Expense of service, 9l. 2s. 3d.

March 4.—BULL BAY, ANGLESEY.—*James Cullen* Life-boat.—Shortly after 11 A.M. on Sunday morning a message was sent to the Coxswain of the Life-boat that a vessel was ashore between the "East Mouse" and the mainland. Steps were at once taken to launch the Life-boat, and by 11.40 the vessel was reached. She proved to be the ketch *Eliza Jane*, of Beaumaris, bound from Fishguard to Amlwch in ballast. It was not necessary to give any active assistance, but as the ketch had a considerable list and was bumping heavily the Life-boat stood by her until 1.30 P.M., when she floated off on the tide, and got into Amlwch Harbour. There was a moderate sea, and the wind was blowing strongly from W.S.W.—Expense of service, 10l. 10s.

March 7.—DROGHEDA, CO. LOUTH.—*Rose Beddington* Life-boat.—The fishing-smack *Rosebud*, of Dublin, when making for the harbour about 11 A.M., was driven on the south wall close to the bar. It was blowing a moderate gale from S.W., and the vessel commenced to bump heavily and for some time she was in a very dangerous position. Signals were made, and the Life-boat was immediately launched to her assistance. In the meantime the tide was ebbing, and just when the Life-boat went alongside the craft heeled over and slipped into deep water. The Life-boat remained by her until it was ascertained that she was not making water, and then returned ashore. The captain of the smack stated that the accident was due to a

mishap to his rudder, and expressed his thanks for the prompt manner in which the Life-boat went to his help.—Expense of service, 14l. 13s.

March 7.—CAISTER, NORFOLK.—*Covent Garden* Life-boat.—The brigantine *Lady Constance*, of West Hartlepool, when bound from London to West Hartlepool in ballast stranded on the Barber Sands. Information was given at 1.45 P.M., and the No. 1 Life-boat was immediately launched and proceeded to the vessel. She was bumping heavily and appeared likely to go to pieces, the crew working constantly at the pumps. As the tide was flowing the Life-boat lay alongside the vessel, and about two hours later she came off, making water badly, but the services of the Life-boat not being wanted any longer she returned ashore.—Expense of service, 22l. 12s. 6d.

March 7.—MONTROSE, FORFARSHIRE.—*Marianne Atherstone* Life-boat.—In the afternoon, during a S.W. moderate gale and moderate sea, the steam-trawler *Annie Walker*, of Dundee, stranded on the Annat Bank, and about 6 P.M. a tug went to her, but her assistance was declined. About 7.20 however signals were made for help, and the No. 2 Life-boat was launched, and proceeded to the trawler. Five of the crew were taken into the boat, but the remainder, three in number, elected to stop on board hoping to save the trawler. The Life-boat remained in the vicinity until 9.30 P.M., when the Master and the other two men, seeing that she was full of water and the hatches had been washed away, signalled to the Life-boat to return and rescue them. This she did, and the men, eight in number, were landed in safety about 10 P.M.—Expense of service, 24l. 6s.

#### COMMITTEE MEETING, 8th March, 1906.

Voted 430l. 19s. 3d. to pay the expenses of assemblies of the crews or launches of the following Life-boats, with the view of assisting persons on vessels in distress:—Aldeburgh No. 2, Banff, Bembridge, Blackpool, Brighstone Grange, Broadstairs, Caister No. 1, Fishguard No. 2, Hilbre Island, Holyhead (steam), Hope Cove, Kessingland

No. 1, Longhope, Margate No. 1, Moelfre, Palling No. 1, Piel, Port Eynon, Port Isaac, Portrush, St. Helier, Skegness, Walmer and Whitby No. 2.

The Ramsgate Life-boat was also launched, but her services were not required.

Reported that H.I.M. the German Emperor had awarded a silver watch, bearing his monogram surmounted by the Imperial crown, to each of the three officers, and 2*l.* to each of the crew, of the Arbroath Life-boat, for their good services in saving the crew of five hands of the schooner *Gesine*, of Oldersum, wrecked at Westhaven, Carnoustie, on the 14th April, 1905.

Voted 28*l.* 15*s.* 6*d.* to men injured in the Life-boat service at Aldeburgh, Berwick-on-Tweed, Hayle, Hoylake, Port Eynon, and Wells.

March 10. — THURSO, CAITHNESS-SHIRE.—*Co-operator No. 3* Life-boat.—Soon after midnight signals of distress were observed from the schooner *Barbara*, of Wick, anchored in the roadstead. As the wind was blowing a hurricane from N.N.E. and the vessel was dragging her anchors, the crew of the Life-boat were summoned, and with very great difficulty the boat was launched, the trouble being caused by the tremendous run which at times washed the launchers off their feet. Once afloat, the Life-boat quickly reached the schooner, and, having rescued the crew of four, she landed them at Scrabster. In the heavy sea it was impossible to get the Life-boat back to her house; she was therefore left at anchor in the harbour until the weather moderated.—Expense of service, 30*l.* 12*s.*

March 11.—PORTHDINLLAEN, CARNARVONSHIRE.—*Barbara Fleming* Life-boat.—The schooner *Catherine and Margaret*, of Portmadoc, was at anchor in Porthdinllaen Bay, when in the prevailing N.N.W. gale her anchors commenced to drag. Signals of distress were made, and the Life-boat was promptly despatched to her assistance and rescued the four men on board, bringing them and their dog in safety ashore. The schooner afterwards drifted ashore and sunk, the

seas washing completely over her.—Expense of service, 17*l.* 13*s.* 3*d.*

Within half an hour of the Life-boat returning to her mooring, a steamer was seen coming into the Bay with a signal of distress flying. The *Barbara Fleming* again proceeded to sea and went alongside. The vessel proved to be the s.s. *Wildrose*, of London, with eight men on board, bound from Liverpool to Spain, with a cargo of wheat. The Captain reported that he had lost his anchors and chains, and that others were required. The Coxswain explained that he was unable to supply them, and the Captain then asked if the Life-boatmen could take the vessel into safety, the sea being very rough, and the wind still blowing a strong gale. This they agreed to do; and some of the crew having been placed on board, the steamer, accompanied by the Life-boat, was taken to Henborth, where she was moored in safety on a sandy beach. This service, which resulted in saving both the ship and her crew, was performed in very heavy weather and the behaviour of the Life-boat was reported to have been excellent. Large numbers of spectators were on the cliffs and were loud in their praises of the boat.—Expense of service, 22*l.* 4*s.*

March 13.—NEWHAVEN, SUSSEX.—Reserve Life-boat—Whilst making for Newhaven Harbour in a W. by S. moderate gale and very heavy sea, the French fishing-boat *T. R. 47* stranded about a quarter of a mile to the eastward. The Life-boat was promptly launched, but whilst proceeding to the vessel a heavy sea struck one of the oars so violently that it lifted a man overboard. He was quickly rescued, and happily was little the worse for his unpleasant experience. The Master of the fishing-boat declined any help, but as the sea was breaking over the craft, the Life-boat stood by her for upwards of an hour, when they succeeded in getting clear. The Life-boat then returned to harbour.—Expense of service, 12*l.* 9*s.*

March 14. — SELSEY, SUSSEX. — *Lucy Newbon* Life-boat.—About 7.30 A.M., during a fog and misty rain, the s.s. *Copeland*, of Glasgow, bound from London to Southampton, stranded at Eastborough Head. In answer to signals of

distress from the Owers Light-vessel and the steamer, the Life-boat was launched with all haste and proceeded to the vessel. On reaching her, the Captain asked the Life-boat to stand by him, as the steamer had sprung a leak. This they did until 10.20 A.M., when a successful attempt was made to get the vessel off. The steamer then made for Southampton, accompanied some distance by the Life-boat; but when it was found that no further assistance was likely to be required, the boat returned to Selsey.—Expense of service, 18l. 1s.

March 14. — BUDE, CORNWALL. — *Elizabeth Moore Garden* Life-boat.—The ketch *President Garfield*, of Bideford, was proceeding to sea from Bude at about 8.40 A.M. in a moderate N.E. breeze and considerable ground swell. On the vessel reaching the bar, the wind fell very light, causing her to drift to the north side of the harbour in heavy broken water, and she drove on to the rocks. The Life-boat was without loss of time sent to her assistance. Some little difficulty was experienced in getting alongside the ketch, owing to the heavy seas breaking over her, but the crew of three hands were successfully rescued, the Life-boat behaving splendidly.—Expense of service, 16l. 16s.

March 14.—NEWBIGGIN, NORTHUMBRLAND.—*Robert and Susan* Life-boat.—Whilst a fresh southerly breeze was blowing, and a rough sea was running, the fishing-coble *Sunbeam* was delayed some hours behind the others, in consequence of the night being very dark with snow falling heavily and the high sea. It was known that a great deal of difficulty would be experienced in reaching the landing place, and considerable anxiety was felt for the safety of those on board. At 8.15 P.M., at the urgent request of the relatives of the men at sea, the Life-boat was launched and sent to their assistance. The coble was found a short distance from the shore, and the Life-boat having attended her into safety returned ashore and was rehoused.—Expense of service, 9l. 3s.

March 18.—EASTBOURNE, SUSSEX.—*James Stevens No. 6* Life-boat.—In very wet and cold weather the Life-boat was engaged during the whole of the day in

assisting to save a vessel which had run on to a reef of rocks under Beachy Head. At 7.30 A.M. the vessel was sighted, and within a quarter of an hour of the time the information reached the Coxswain, the Life-boat was on her way to the vessel. She proved to be the schooner *Laura Williamson*, of Boston, bound from Redbridge to Newcastle with a cargo of scrap-iron, and had run ashore in the fog. Just before reaching the schooner the Life-boat met the ship's boat with the crew of four, making for Eastbourne to obtain assistance. The *James Stevens No. 6* took them on board and proceeded to the wreck. Every effort was made to try and float the vessel, whilst the pumps were kept hard at work, but without success. The Life-boat in the meantime stood by ready to render assistance, and after a time the crew, fearing the mast would go by the board, desired to leave the schooner; the Life-boat therefore took them off. Later a further attempt was made, and by the united efforts of the crew, the Life-boatmen and a tug, the schooner was pulled clear and, accompanied by the Life-boat, taken to Newhaven. Newhaven was reached about 6 P.M., and after food and rest the *James Stevens No. 6* started for Eastbourne, the crew reaching home at midnight quite exhausted, after a very heavy day's work under trying conditions.—Property salvage case.

March 18.—WEXFORD, CO. WEXFORD.—*James Stevens No. 15* Life-boat.—About 3.15 P.M. the yawl *Puffin*, of Wexford, with a crew of six hands, grounded on the west side of the bar, when coming into port from the fishing-grounds. The crew of the Life-boat were at once assembled and the boat proceeded to the assistance of the imperilled men. There was a S.S.W. gale blowing with a heavy confused sea, and the weather was becoming worse. The Life-boat beat out over the bar, and anchored to windward of the disabled craft with the view of veering down to her, but owing to the awkward position in which the vessel lay when the Life-boat attempted to approach, she took the ground in the hollow of each wave, and in the breaking seas was constantly filled to the gunwale. For upwards of three hours repeated

efforts were made under these trying circumstances, until a favourable opportunity occurred and a line was thrown to the doomed craft. By this means a heavier rope was drawn on board and the Life-boat worked near to the wreck, great skill being displayed by the Coxswain and crew throughout the service. The approach to the wreck was attended with great risk, the main boom swinging to and fro as the vessel rolled in the high and confused sea, it being a constant menace to the gallant Life-boatmen. By this time the fishing-boat was so deep in the water that her deck amidships was awash, and the crew, six in number, had taken refuge in the fore part, where they waited wet through by the breaking seas and perished by the cold. At last a favourable chance came, and the six men, who had been face to face with death had the Life-boat failed them, were safe. No time was lost in making for Wexford, where the shipwrecked men in a pitiable condition were landed. The Life-boat then returned to her station, the crew being thoroughly exhausted from cold and wet. The fishing-boat went to pieces shortly after the men had been saved.

The Committee of Management marked their appreciation of this gallant and excellent service by awarding the silver medal to the Coxswain Superintendent, Mr. Edward Wickham, and an additional monetary reward to him and each of the crew.—Expense of service, 37*l.* 19*s.*

March 19.—PADSTOW, CORNWALL.—*Arab* Life-boat.—At 9.30 P.M. it was reported by telephone that a vessel had grounded on the Doom Bar, whilst trying to make the harbour. The crew of the No. 1 Life-boat were at once summoned and the boat launched. On the arrival of the Life-boat she was found to be the ketch *Selina Jane*, of Bristol, bound from Wadebridge with a cargo of salt. She was bumping heavily and leaking somewhat badly, but the crew, assisted by the Life-boat, succeeded in getting her into the channel with the loss of her rudder, and otherwise damaged. Some of the Life-boatmen were put on board and assisted at the pumps, but after bringing her up

off Chapel Bar she became unmanageable, and with some difficulty the Life-boatmen beached her to prevent her sinking in the channel. There was a strong N.E. breeze blowing and a rough sea running at the time.—Property salvage case. Balance paid by Institution, 14*l.* 12*s.*

March 22.—MARGATE, KENT.—*Eliza Harriet* Life-boat.—The No. 1 Life-boat was launched at 4.35 A.M., during a strong N.E. gale, to the assistance of the barge *Tollesbury* of Ramsgate, which had stranded on the Longnose Rocks. On arrival it was found that the barge was in a very dangerous position with a shore-boat alongside, but owing to the heavy seas the shore-boat was compelled to leave the barge, the heavy seas dashing right over her. Seven Life-boatmen were placed on board and another anchor let go, and when the tide had made sufficiently to get her clear, she was taken in a leaking condition to Margate harbour.—Property salvage case.

March 26th.—SUNDERLAND, NORTH DOCK, DURHAM.—*George Woodfindin* Life-boat.—At 10 A.M. the brig *Arendal*, of Tonsburg, bound to Sunderland with a cargo of props, was making for the harbour, when she came to grief. There was a heavy sea running at the time and the vessel struck the bar and remained fast. The Life-boat was promptly launched and proceeded alongside and rescued the crew of eight hands, landing them safely at the North Dock.—Expense of service, 11*l.* 13*s.* 6*d.*

Later in the day the Life-boat again put to sea, and with two tugs succeeded in salving the vessel and her cargo.—Property salvage case.

March 31.—YARMOUTH, NORFOLK.—*John Burch* Life-boat.—During a moderate N.N.E. breeze the dandy *Susie* of Yarmouth was seen to go ashore on the Bell Buoy shoal and to begin to bump heavily in the rough sea. It was then 4.30 P.M. and within a few minutes the Life-boat was launched and on the way to assist her. The Master asked that the Life-boat should stand by him as his vessel was leaking. In the meantime steps were taken by the crew to try and get the vessel clear, and about 8.30 P.M. a tug succeeded in

towing her off and into Yarmouth harbour.—Expense of service, 47*l.* 11*s.*

April 3.—BROUGHTY FERRY, FORFARSHIRE.—*Samuel Shawcross* Life-boat.—Information reached Broughty Ferry between 7 and 8 P.M. that a steam trawler was ashore on the Goa Bank, and signalling for assistance. The crew of the Life-boat were summoned and the boat proceeded down the river until picked up by a tug, which towed her to the stranded vessel. The distressed trawler proved to be the *Robina*, of Aberdeen, stranded in the thick weather. She was bumping heavily and the Life-boat stood by her for upwards of two hours, but as there appeared to be no danger the crew remained on board, and the Life-boat returned to Broughty Ferry, conveying the engineer to enable him to communicate with his owners.—Expense of service, 14*l.* 18*s.*

April 4.—NEWBIGGIN, NORTHUMBERLAND.—*Robert and Susan* Life-boat.—When eight of the cobles were at sea fishing, the S.E. wind increased, and the sea rose very rapidly. As it was seen that they would have to land through a heavy surf the Life-boat was launched and stood by them until they reached safety.—Expense of service, 7*l.*

#### COMMITTEE MEETING, 12th April, 1906.

Voted 399*l.* 19*s.* 3*d.* to pay the expenses of the following Life-boat launches or assemblies of crews, with the view of assisting persons on vessels in distress:—Abersoch, Angle, Arbroath, Bridlington Quay, Broadstairs, Broughty Ferry, Bude, Cardigan, Dunbar, Flamborough No. 2, Fleetwood, Formby, Gorleston No. 1, Holyhead (steam), Littlehampton, Margate No. 2, Mumbles, Newhaven, Palling No. 1, Penmon, Ross-lare Harbour, St. Ives, St. Peter Port, Thurso and Yarmouth.

The Ramsgate Life-boat was also launched, but her services were not required.

Voted 200*l.* to a fund being raised locally for the benefit of the widow and children of J. J. JONES, who for many years was a member of the Life-boat at Margate, and who died from the effects of a chill contracted when out on service

in the Life-boat *Friend of All Nations*, on 13th Feb. 1906.

Granted a retiring pension and certificate of service to JOHN CARTMELL, on his resigning the post of Coxswain Superintendent of the Blackpool Life-boat. Also a gratuity of 15*l.* to CHARLES LOWER, Assistant Coxswain at Newhaven, and 10*l.* to JOHN WHITE, Coxswain Superintendent at Girvan, on their resigning their respective positions.

Also 2*l.* 10*s.* to a man injured whilst on duty with the Cloughey Life-boat.

April 13.—SCARBOROUGH, YORKSHIRE.—*Queensbury* Life-boat.—In the night a strong N. gale suddenly sprang up, and about 11.30 P.M. one of the cobles returning from the lobster pots reported that the weather was very bad at sea, and not fit for any coble to come in without assistance. It was therefore considered advisable to launch the Life-boat. It being nearly low water, there was some difficulty in getting the Life-boat down to the beach, but valuable assistance was lent by some of the fishermen's wives to effect a good launch. The Life-boat had proceeded about half a mile when she fell in with the coble *Lizzie*, and escorted her safely into harbour. She again put to sea and signalled to another coble which was some distance off, but apparently she did not require help and as the weather moderated, the Life-boat returned ashore and was re-housed.—Expense of service, 19*l.* 5*s.*

April 26.—HASTINGS, SUSSEX.—*Charles Arkoll* Life-boat.—A vessel was observed on fire off Hastings, and the Life-boat was launched to render assistance if necessary. The vessel proved to be the steamer *Lugano*, of Hamburg, homeward bound from Baltimore with a general cargo. The fire was discovered when they were off Beachy Head, and on the arrival of the Life-boat soon after 1 P.M. active steps were being taken by those on board to extinguish the flames. The Life-boatmen gave what help they could and the boat stood by the burning steamer until six o'clock the next morning, when the tugs with the vessel being sufficient protection, the Life-boat returned ashore.—Expense of service, 26*l.* 2*s.* 6*d.*

April 30.—**STAITHES, YORKSHIRE.**—Reserve Life-boat.—It was a somewhat stormy evening, and in consequence only two cibles put to sea. The E.N.E. wind was light but the sea was heavy, and towards nightfall became heavier; the Coxswain therefore launched the Life-boat to protect the boats. Meanwhile one of them succeeded in getting ashore, but the other awaited the Life-boat and was escorted in without accident.—Expense of service, 22*l.* 1*s.*

May 6.—**KILMORE, CO. WEXFORD.**—*The Sisters* Life-boat.—The schooner *Antelope* of Wexford stranded, during thick but moderate weather, about half a mile east of Bastardstown. Information of the casualty was received from the Coastguard at 3 A.M., and the crew of the Life-boat and launchers were assembled as quickly as possible. The Life-boat was launched and proceeded to the schooner, took off the crew of five hands and landed them at 7 A.M. The vessel at the time of the accident was coasting with a cargo and was ultimately bound for Runcorn.—Expense of service, 32*l.* 4*s.*

May 6.—**ROSSLARE HARBOUR, CO. WEXFORD.**—*Tom and Jennie* Life-boat.—The Coastguard officer reported at 9.15 A.M. that there was a vessel on the Long Bank signalling for immediate assistance. The assembly signal was fired and the Life-boat despatched. There was a moderate S.W. gale blowing, and on reaching the vessel it was found that she was bumping heavily. The master stated that he wanted help to get his vessel off and engaged the Life-boatmen to run out an anchor and to save the vessel if possible. Later a tug also came to help, and eventually the vessel was floated in a leaking condition. The vessel was the steam-trawler *Annie Mellis*, of Preston, and had ten men on board.—Property salvage case.

COMMITTEE MEETING, 10th May, 1906.

Voted 192*l.* 6*s.* 3*d.* to pay the expenses of assemblies of crews or launching the following Life-boats, &c., with the view of rendering assistance to persons on distressed vessels:—Ballywalter, Broadstairs, Flamborough No. 2, Formby, Holyhead No. 2, Kingsdowne,

Margate No. 1, North Deal, Padstow No. 1, St. Anne's No. 1, Selsey, Walton-on-the-Naze and Whitby No. 1.

The Ramsgate Life-boat was also launched, but her services were not required.

Reported that the French Government had presented Mr. J. FOLAND, Coxswain Superintendent of the Newcastle (co. Down) Life-boat with a medal and diploma in recognition of the services rendered by him and his crew to the French barque *Cannebière* on the 15th March, 1905, when ten lives were saved by the Life-boat.

Granted a retiring pension to JOHN HUGHES, Signalman at Bull Bay, on his resignation. Also 1*l.* 10*s.* to a man injured in the Life-boat service at Walmer.

May 14.—**WHITBY, YORKSHIRE.**—*Robert and Mary Ellis* Life-boat.—The first of six fishing-cobles returned to harbour, in a strong N.N.E. breeze, at 11.30 A.M. Four boats came in safely, and although everything was in readiness it was not considered necessary to launch the Life-boat. The fifth boat to come in was the *William and Tom*, with three persons on board. When on the bar she encountered some nasty seas, and one washed over her stern, nearly filling her; she then ran on top of the wave, turned and was filled by a second sea and sank. The coble *Thankful*, which had just previously come into harbour, manned by THOMAS LANGLANDS—Coxswain Superintendent of the Whitby Life-boats—and two other men, immediately put off to the help of the men who were in the water. In the meantime a buoy attached to a line had been thrown from the pier, and to it two of the men clung; the third man was keeping himself afloat in the water and was the first to be rescued by the men in the coble. The task of saving the other two men was one of very great danger, but LANGLANDS displayed great courage and coolness. He could not get close to them, or his coble would have been stove against the pier, and it was therefore absolutely necessary to keep his coble head to sea—a difficult task, owing to

the ebb-tide running round the pier-head and setting her athwart. On the first opportunity he approached them as near as possible and threw them a line, but they were unable to get hold of it. He then had to move off and await another favourable chance. The second attempt was more successful, the men securing the line and being dragged through the heavy seas to the coble. During this time two of the oars had been washed from the coble, but she was handled in a masterful way, and as soon as the men were on board was pulled clear of the broken water.

When the coble, *William and Tom*, capsized, orders were given for the launch of the No. 1 Life-boat, and she proceeded to Langlands' coble, and took the rescued men on board and landed them at Whitby, Langlands in the meantime running to Runswick, which was reached in safety. The Life-boat, having landed the three men, put to sea again to assist the coble *Jane and Mary*. Having warned the crew, three in number, of what had occurred, they abandoned their boat and the Life-boat took them into safety.—Expense of Life-boat service, 10*l.* 2*s.*

The Committee of Management at their meeting next following decided, as a special mark of their appreciation of the conspicuous gallantry and skilful seamanship, to decorate Mr. THOMAS LANGLANDS with the Silver Medal of the Institution, and in addition to grant him and the two men who were with him a pecuniary award.

May 16.—**ABERDOVEY, MERIONETH-SHIRE.**—*William Brocksopp* Life-boat.—About 8 o'clock in the evening a boat was noticed on the north side of Aberdovey bar, riding in a most dangerous position with a moderate gale blowing from N.W. As the boat was in immediate danger the Life-boat was launched to the assistance of those on the distressed boat. On arriving alongside they found her to be the trawler *Louise*, of Pwllheli, with two men on board. They stated that they had lost their three sails, and had been driven by the gale into their present dangerous position. They had neither food nor coal on board and no means of making distress signals. A rope was passed

from the Life-boat and the trawler made fast and with the help of the little sail she had remaining the Life-boat towed her over the bar and into safety. There were heavy seas at the time on the bar, and the coxswain and crew were highly complimented on the successful manner they performed their awkward task, which was increased by the prevailing darkness.—Expense of service, 16*l.* 12*s.*

May 18.—**GORLESTON, SUFFOLK.**—*Mark Lane* Life-boat.—Shortly after noon information was received that a vessel was ashore on the Corton Sands. The crew of the No. 1 Life-boat were immediately summoned and the Life-boat launched. On the inner bank, the brigantine *Arsene*, of Vannes, was found ashore. The master declined any active assistance, but the Life-boat stood by the vessel about an hour, when on the flood tide she floated off and proceeded. During this service the wind was N.E. by N., and the sea was rough on the sands.—Expense of service, 11*l.* 13*s.*

May 19.—**NORTH SUNDERLAND, NORTHUMBERLAND.**—*Thomas Bewick* Life-boat.—The Life-boat was launched at 8.15 A.M. to the assistance of two cobles which had put to sea, and had been overtaken by bad weather and rough sea. The danger flag was hoisted at the mouth of the harbour to warn the boats of the danger of coming in, and the first boat put about and made for the Inner Farne Islands. The Life-boat went some distance to sea, but as the other coble was not in sight she returned to harbour. Later in the day the coble was seen making for the harbour, together with an Eyemouth fishing-boat, the *Nazerine*. The Life-boat again put off and convoyed both vessels into safety.—Expense of service, 9*l.* 11*s.* 6*d.*

May 20.—**LOWESTOFT, SUFFOLK.**—*Kentwell* Life-boat.—About 7.30 P.M. on Sunday evening the Coxswain of the No. 1 Life-boat was summoned from Divine Service to a vessel in distress at the back of the Corton Sands. With all haste the crew were assembled, and the Life-boat left the harbour in tow of a tug. There was a strong N.E. gale blowing with a very heavy sea, and soon after starting the weather came on

thick, necessitating a search for nearly an hour before the vessel could be located. She proved to be the cutter yacht *Themis*, of London, riding at anchor, her sails having been blown away and her gear and hull damaged. The Life-boat was towed up to the yacht, and endeavours made to get alongside, but owing to the heavy sea running it was not until after the third attempt under canvas that the boat managed to reach the *Themis*. A rope was then thrown to her, but the crew were unable to hold it on account of the heaviness of the sea. However, after two more attempts, a rope was made fast and the boat got alongside. Two men were placed on board, and the Master having asked for the assistance of the tug, communication was effected by means of the Life-boat, considerable difficulty being experienced owing to the wildness of the sea. Both vessel and Life-boat were then towed into safety, harbour being reached at 2.30 A.M.—Property salvage case.

May 24.—CULLERCOATS, NORTHUMB-  
BERLAND.—*Co-operator No. 1* Life-boat.—The Life-boat was launched at 6.30 A.M. to assist six of the fishing-cobles, which had gone to the fishing-grounds about 2.30. The wind was blowing moderately from E.S.E., but the sea became heavy after the boats had gone out, and when they wished to return it was breaking heavily on the bar. The Life-boat, therefore, went out and conveyed all safely back to harbour.—Expense of service, 9*l.* 12*s.*

May 24.—SCARBOROUGH, YORKSHIRE.—*Queensbury* Life-boat.—The fishermen assembled on the piers about 3.30 A.M. for the purpose of going off to their crab and lobster pots, but owing to the strong sea only one coble, the *Friendship*, ventured out. She left harbour, with two men on board, about 4 A.M. and proceeded to the pots, about four miles to the south-eastward. They commenced their work, but after a short time the sea made so rapidly that they were obliged to desist. It being seen from the shore that they were in difficulties, the Life-boat was launched and sent to rescue them. The two men were taken into the Life-boat, and after the pots and gear in the coble

had been lashed, she was taken in tow and brought safely into harbour at 9.30 A.M. There is very little doubt that, had it not been for the timely assistance of the Life-boat, both the men would have been drowned and the coble and her gear lost.—Expense of service, 10*l.* 5*s.*

May 26.—MARGATE, KENT.—*Eliza Harriet* Life-boat.—At 10.30 P.M., distress signals were reported from the Princess Light-vessel, and the No. 1 Life-boat was launched and proceeded to her. There they learnt that a vessel had been burning flares to the N.N.W. The Life-boat at once proceeded in that direction, and found a German three-masted schooner riding to her anchor on the edge of the Shingle sand in very shallow water. Active assistance was declined, as she was then afloat and the tide flowing. Realising the dangerous position of the schooner, the Life-boat stood by her until she got into mid-channel and then returned home. There was a strong S.S.W. breeze at the time and the sea was rough.—Expense of service, 16*l.* 10*s.*

June 4.—STAITHES, YORKSHIRE.—Reserve Life-boat.—When the fishing cobles were at sea the wind greatly increased, and one boat when attempting to reach the shore was capsized. Another coble went to the assistance of the crew of two men who had been thrown into the water and rescued them. The Life-boat was also launched and accompanied four other cobles to Runswick which was reached in safety.—Expense of service, 12*l.* 8*s.*

June 13.—FISHGUARD, PEMBROKE-SHIRE.—*Appin* Life-boat.—At 8.45 in the morning a message was received stating that a vessel was in distress near Strumbles Head, about three miles from the Life-boat station. The No. 2 Life-boat was promptly manned and proceeded to the position indicated where they found the smack *Margaret and Ann* of Cardigan, anchored in a very dangerous position close under the rocks with a heavy ground sea running. When the Life-boat went alongside the Master stated that he required assistance, and engaged the Life-boatmen to save his vessel and take her to Fishguard Roads. Five men were

placed on board, and having weighed the anchor they succeeded, with the assistance of a tug, in reaching safety. The N.E. wind was moderate at the time but the sea was rough.—Property salvage case.

COMMITTEE MEETING, 14th June, 1906.

Voted 147l. 5s. to pay the expenses of launches and assemblies of the crews of the following Life-boats with the view of helping persons in distress: Broadstairs, Broughty Ferry, Caister No. 1, Douglas, Dunbar, Eyemouth, Fishguard No. 2, Kingsdowne, Margate No. 1, Porthdinllaen, Rosslare Harbour, Runswick and Walton-on-the-Naze.

Granted 150l. 0s. 6d. to men injured in the Life-boat service at Gorleston, Minehead, and Walmer.

Also a gratuity of 5l. to the ex-Bowman at Huna.

June 25.—BROADSTAIRS, KENT.—Reserve Life-boat.—During a moderate south-westerly gale and heavy sea in the afternoon a small fishing-boat was observed about four miles to the east of Broadstairs with the crew making signals of distress by placing their jackets on oars. The craft was watched for some time to see if she could make the shore, but as she had got into the set of the tide and was being quickly driven out to sea, the Life-boat was launched without delay and made for the distressed boat. When the Life-boat came up with her she was eight miles from the station and the crew of three men quite exhausted. They were transferred to the Life-boat, their boat being taken in tow and Broadstairs reached safely some three hours later. The boat in question was the fishing-boat *Aboukir* of Margate belonging to Mr. R. Burleton, and two days later the following letter was received from him by the Honorary Secretary:—

“Margate, 26 June, 1906.

“DEAR SIR,—I wish to express my gratitude to the members of the Broadstairs Life-boat for their promptitude in putting off yesterday and rescuing my friends and self, who were out in my

boat fishing and were carried away to sea by the wind and tide.

“I am, yours faithfully,

(Signed) “R. BURLETON.”

—Expense of service, 24l. 19s.

June 28.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* Life-boat.—About 9 P.M. the N.E. wind considerably freshened and gradually increased until about 11 P.M., when it was considered that the fishing cobles which were still at sea were in danger. The No. 1 Life-boat was therefore launched and proceeded to two cobles which were in the roads and stood by them expecting others to come from the south, but about 3 A.M. as no more cobles arrived she accompanied the two over the bar and then returned ashore.—Expense of service, 19l. 7s.

June 28.—RUNSWICK, YORKSHIRE.—*Cape of Good Hope* Life-boat.—The Runswick cobles were at sea fishing when they were overtaken by a gale from N.N.E. which suddenly sprang up. Fortunately some of the boats were in the shelter of the bay and their crews immediately hurried ashore and launched the Life-boat. She at once proceeded to the assistance of the other cobles and having stood by until they reached safety returned ashore. Four of the endangered boats belonged to Runswick and two came from Staithes.—Expense of service, 21l. 3s.

June 29.—MARGATE, KENT.—*Civil Service No. 1* Life-boat.—About 1 P.M., during a whole N. by E. gale, information reached Margate that a ketch was in distress off Reculvers. With considerable difficulty, owing to the heavy surf breaking on the rocks, the No. 2 Life-boat was launched and proceeded to the vessel. The sea was very heavy and at times filled the Life-boat, but she freed herself well. On arrival the ketch *Plover*, of Padstow, was found stranded on the main with the sea making a clean breach over her, and practically under water. The crew of four hands were successfully rescued and the boat made for Margate, arriving about 4.30 P.M. with all hands thoroughly wet through.—Expense of service, 9l. 4s.

July 7.—GORLESTON, SUFFOLK.—*James Stevens No. 3* Life-boat.—In foggy weather at 4.10 P.M. a telephone

message was received from the Coast-guard stating that a large steamer was aground on the Cross Sand. The steam Life-boat proceeded to the vessel, which proved to be the s.s. *Lydie*, of London, bound north in ballast. After the Life-boat had stood by the steamer for a short time she floated off without assistance and was able to proceed; the Life-boat therefore returned to Gorleston, arriving at 7.30 P.M.—Expense of service, 6*l.* 6*s.* 6*d.*

COMMITTEE MEETING, 12th July, 1906.

Voted 13*l.* 11*s.* 6*d.* to pay the expenses of launches or assemblies of crews at the following stations, with the view of rendering assistance to vessels supposed to be in distress:—Berwick-on-Tweed, Broadstairs, Gorleston No. 3 (steam), Ilfracombe, Lowestoft No. 2, Palling No. 2, Point of Ayr, Saltburn and Walton-on-the-Naze.

Also 3*l.* to a man injured in the Life-boat service at Gourdon.

July 20.—BROADSTAIRS, KENT.—Reserve Life-boat.—About 5 P.M. a small yawl was observed close to the Goodwin Sands in a very dangerous position apparently not under proper control, and griping towards the sand. Within a short time it was seen that she had grounded and the sea was breaking over her. Without delay the Life-boat was despatched to her assistance. They found that she was the *Sea Belle*, of London, and had one man on board with his dog. At first he declined any help, but when he realised his danger he gladly availed himself of the proffered aid. The boat was then taken in tow and conveyed to Broadstairs, arriving at 10.30 P.M.—Expense of service, 24*l.* 17*s.*

July 22.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—Soon after 2 A.M. the Coxswain of the No. 1 Life-boat was aroused and informed that signal guns were being fired by the St. Nicholas Light-vessel. The crew were assembled and the boat launched. She then proceeded, in tow of a tug, to the Scroby Sands, and nearing them saw a steamer aground. She proved to be the s.s.

*Windsor Castle*, of North Shields, bound from Lisbon to North Shields partly laden with fish, and in the fog had stranded on the sands. Several Life-boatmen were put on board, and by their and the tug's united efforts the steamer was got clear and able to proceed to her destination.—Property salvage case.

Aug. 1.—CADGWITH, CORNWALL.—*Minnie Moon* Life-boat.—A large full-rigged ship went ashore off Cadgwith during the evening in a fresh southerly breeze and moderate sea, the Life-boat was launched with all despatch and proceeded alongside her. Seven of the crew were taken into the Life-boat, and at the request of the Captain one of the ship's boats, containing some of the crew's belongings, was towed ashore. The Life-boat at once returned to the vessel, and as the wind was freshening and the sea increasing, twelve more of the crew were taken into safety. The Captain and five of the crew however still remained on board, and the Life-boat put off a third time. Those on board were disinclined to leave their ship, and the Life-boat remained in the close vicinity for upwards of an hour. About 3 A.M. however the seas were making a clean breach over the ship, and the five men wanted to leave her but the Captain was still averse to it, but at length when he realised that his ship was full and the poop knee deep in water he consented and all were safely rescued, the vessel becoming a total wreck.

It appeared that the ship, the *Socoa*, of Bayonne, left Cherbourg the day before and was bound for San Francisco with a cargo of cement.

The Hon. Secretary of the branch, the Rev. Henry Vyvyan, went off to the *Socoa* when the Life-boat was launched, and remained with the endangered men until all were rescued. He was cordially thanked by the Committee of Management for his active co-operation.—Expense of service, 33*l.* 11*s.*

COMMITTEE MEETING, 2nd August, 1906.

Voted 47*l.* 10*s.* to pay the expenses of assemblies of crews or launching the following Life-boats, &c., with the view

of rendering assistance to persons on distressed vessels:—Folkestone, Gorleston Nos. 2 and 3, Thurso and Yarmouth.

Also 5*l.* 11*s.* further grant to an injured man at Gorleston.

Aug. 3.—PORT PATRICK, WIGTOWN-SHIRE.—*Civil Service No. 3* Life-boat.—On the return of a fishing-boat from the Broadsea fishing-ground the crew reported that they had not seen anything of the *Klondyke*, another fishing-boat of Port Patrick, which had two men on board. As there was a rough sea and a strong south-westerly wind with heavy squalls, some anxiety was felt for the safety of the fishermen. The Life-boat put off about 6 P.M. to render aid to the *Klondyke* if necessary, and having fallen in with her, accompanied her back into harbour.—Expense of service, 7*l.* 12*s.*

Aug. 4.—CAISTER, NORFOLK.—*Nancy Lucy* Life-boat.—At 12.15 P.M. the smack *Gladys*, of Lowestoft, was observed on the Barber Sands, and the No. 2 Life-boat was launched to assist her. The wind was blowing strongly from the S.W. with frequent squalls, and the sea was heavy. On reaching the smack assistance was offered to try to get her off but the Master declined as he hoped to float his vessel without help. As the position of the *Gladys* was somewhat dangerous and she was heeling over to such an extent that her lee rail was under water, the Life-boat stood by in case of need. Some three hours later however a Lowestoft tug arrived upon the scene and towed the smack clear.—Expense of service, 11*l.* 12*s.* 6*d.*

Aug. 8.—FORMBY, LANCASHIRE.—*John and Henrietta* Life-boat.—During the afternoon the Trawler No. 89, of Liverpool, stranded on Taylor's Bank. Towards sunset it was seen that the wind was backing and likely to increase; it was therefore thought advisable to send the Life-boat in case of danger. She was accordingly launched shortly before 10 P.M. and proceeded to the trawler, which was found to be rolling and bumping heavily on the flowing tide. Eventually the vessel floated, and on learning that she was not in need of

further assistance the Life-boat returned to her station.—Expense of service, 23*l.* 9*s.*

Aug. 12.—NEW BRIGHTON, CHESHIRE, and FORMBY, LANCASHIRE.—*Queen and John and Henrietta* Life-boats.—Shortly before 9 P.M. a telephone message was received at New Brighton, stating that the training brig *James J. Bibby*, of Liverpool, was ashore on Taylor's Bank, and making signals of distress. The steam Life-boat proceeded to the place indicated, and there found the brig as reported. At the request of the Captain, the steam Life-boat stood by his vessel, and the Formby Life-boat, which had also come out, did the same, there being upwards of forty persons on the brig. About 1 o'clock in the morning a hawser was run by the steam Life-boat to a tug, which was unable to get near to the brig, and she was successfully towed off and taken to Liverpool. The Life-boats then returned to their respective stations. The weather was moderate during this service. A few days later letters of thanks were sent to the crews of the Life-boats, expressing the appreciation of the Committee of Management of the training vessel at the prompt help given by the Life-boats.—Expense of service (New Brighton), 9*l.* 18*s.* 6*d.* Expense of service (Formby), 23*l.* 11*s.* 6*d.*

Aug. 21.—ST. MARY'S, SCILLY.—*Henry Dundas* Life-boat.—In response to signals, the Life-boat was launched at 1.15 A.M. There was a dense fog at the time and after searching to the westward she proceeded to the Northern Rocks where she found the steam trawler *Grassholm*, of South Shields, at anchor. Whilst bound for Cardiff in the fog with a cargo of fish she had stranded on the rocks, but when the Life-boat reached her she had been warped off. As she was leaking badly and the sea was gaining on the pumps, the Coxswain was engaged to try and save her and at 5.30 A.M. he brought her successfully into harbour.—Property salvage case.

Aug. 28.—CLACTON-ON-SEA, ESSEX.—Life-boat boarding-boat.—About 6 A.M. a small yacht with four persons on board was seen to be dragging her anchors in the prevailing S.W. gale, and it was deemed expedient to send assistance. Eleven

of the Life-boat's crew therefore proceeded to her in the boarding-boat, and the anchor was weighed. The yacht then proceeded to Harwich Harbour with the Coxswain in charge. There was a rough sea at the time of the service, and the yacht—which was the *Wild Rose*, of Burnham—was on a lee shore.

—Property salvage case.

Aug. 25.—GREAT YARMOUTH, NORFOLK.—*John Burch* Life-boat.—The Life-boat had just returned from exercise and been replaced in her house when a vessel was observed near the Scroby Sands with her sails blown away. The vessel brought up but commenced to drive on to the sands. Seeing that she could not get out of danger without help, the Life-boat was promptly launched and proceeded to her. She was then in broken water, and on the arrival of the Life-boat the Master at once engaged the crew to get his vessel clear of the sands. There was a moderate to strong W.N.W. gale blowing and the sea was very heavy, making it impossible for them to weigh the anchor; it was therefore slipped and a line was conveyed by the Life-boatmen to a tug which eventually succeeded in towing the vessel into safety. The vessel was the ketch *Ellen*, of Faversham, and at the time of the accident was bound to Goole in ballast with seven persons on board including two women and a child. This service, occurring when the town was very full, was witnessed by thousands of visitors.

—Property salvage case.

Aug. 27.—GORLESTON, SUFFOLK.—*Leicester* Life-boat.—At 4.25 P.M. the Coxswain of the Life-boat was informed by the Coastguard that a vessel was ashore on the South Beach. With all haste the No. 2 Life-boat was launched and proceeded to the vessel, which proved to be the dandy *Consolation*, of Lowestoft, bound to the fishing ground. As the tide was still ebbing the Life-boat stood by her until it was possible to pass a tow-rope to her from a tug in readiness to tow her off when the tide had made sufficiently to enable them to do so. As the Life-boat was then no longer required she returned to her station.—Expense of service, 22l. 13s.

Sept. 5. — CARRICKFERGUS, CO.

ANTRIM.—*Zaida* Life boat.—At about 2.30 P.M. a small open boat with one occupant left the harbour to return to Helen's Bay. The wind was blowing strongly from W.S.W. and increasing, whilst the sea was heavy; the boat was therefore watched, and some two hours later, when she was seen to be driving out to sea and no hope of the occupant making the land, the Life-boat was launched. On reaching the boat it was found that she was in grave danger of being swamped, as the sea was very rough and the boat was not under control. The man was taken into the Life-boat and his boat taken in tow. Both were conveyed in safety to Helen's Bay and the Life-boat returned to Carrickfergus.—Expense of service, 9l. 7s. 6d.

COMMITTEE MEETING, 13th Sept., 1906.

Voted 192l. 5s. 9d. to pay the expenses of launching the following Life-boats, or assembling the crews, with the view of assisting the crews of vessels in distress:—Bembridge, Clacton-on-Sea, Falmouth, Gorleston Nos. 1 and 3, Harwich No. 1, Ilfracombe, Killough, The Lizard, Maryport, Mumbles, Newhaven, Palling No. 2, Port Erin and St. Agnes.

Also voted 25l. 9s. to men injured in the Life-boat service at Courtmacsherry, Dunbar, Polkerris and Southwold.

Sept. 17.—CROMER, NORFOLK.—*Louisa Heartwell* Life-boat.—During a strong E.N.E. gale the Coastguard reported that a vessel was making distress signals. The Life-boat was promptly launched in a heavy sea, and proceeded to the vessel which proved to be the schooner *Zuma*, of Wisbech, bound from Leith to Sandwich with a cargo of coal. It appeared that in the gale her sails had blown away and she had sprung a leak. There were nine persons on board including two of the Captain's daughters, and at one time it was necessary for them to assist at the pumps. On the arrival of the Life-boat the crew were engaged to save the vessel; eight men were put on board to relieve the schooner's crew at the pumps and the Life-boat stood by. A tug took the

vessel in tow and, accompanied by the Life-boat, she was conveyed to Yarmouth in safety.—Property salvage case.

Sept. 17.—BROADSTAIRS, KENT.—Reserve Life-boat.—At 8 A.M. the Life-boat was launched in response to signals from the barge *Toots*, of London, over which the sea was making a clean breach. There was a strong E.N.E. gale, and before the Life-boat reached the barge her crew of three attempted to land in their own boat. The Life-boat therefore went direct to the boat and was just in time to save the three men. Whilst they were being taken into the Life-boat a heavy sea struck the small boat, which was swamped and sunk.—Expense of service, 9*l.* 14*s.*

Sept. 17.—PALLING, NORFOLK.—54th West Norfolk Regiment Life-boat.—Early in the morning, during a strong gale from N.N.W. with heavy rain squalls, a messenger arrived at Palling and reported that a vessel was ashore about three miles to the northward of the station. The crew and launchers were at once summoned and horses were sent for, and with the least possible delay the No. 1 Life-boat was transported to the scene of the wreck. A launch was effected, but owing to a steep sand-bank the Life-boat was unable to get alongside the wreck. Communication was then obtained by ropes and a tail block, and by this means the crew of three hands were saved. The vessel was the barge *Servic*, of London, bound from Goole to Newhaven with a cargo of coal. This was an excellent service, and the Committee of Management granted the crew an additional reward.—Expense of service, 35*l.* 7*s.*

Sept. 18.—CAISTER, NORFOLK.—*Nancy Lucy* Life-boat.—Caister has supplied another stirring story of the sea, and, while there is unfortunately some loss of life to record, the Life-boatmen—the men who “never turn back”—performed a fine rescue of half-a-dozen men under circumstances of the greatest danger and difficulty. The disaster was one of a kind which has happily become unfamiliar; the hapless men having to struggle for their lives almost the moment their vessel touched the fatal sands.

The ship was the Russian barque *Anna Precht*, of Mariehamn, carrying a crew of twelve hands, under the command of Capt. Jansson, and bound to Yarmouth from Borga, in Finland, with a cargo of wood used for box and case-making.

In an east-north-east gale and very heavy sea the vessel was running for an anchorage, when under the stress of the wind and strong tide she became unmanageable, and drove on to the Cockle Sands. Before a distress signal could be made the labouring vessel went to pieces. There was no time to issue orders and every man had to look out for himself. Three men got into the small boat—a feeble craft in a rough sea—and without oars trusted themselves to the mercy of the waves.

With the rain coming down in sheets, the Coastguard at Caister had not seen the disaster, but when they observed a small boat in the vicinity of the sands they at once aroused Coxswain Haylett, who mustered his crew, and the No. 2 Life-boat was launched. Meanwhile the little boat was thrown up on the beach, and the three men were secured by the Coastguardmen, who took charge of them, gave them warm drink and food, and a change of clothes. The Life-boatmen then learnt that there were still nine men on the wreckage. Day was breaking and the Life-boat soon found her way to the wreck on which the Captain alone remained. Having rescued him they proceeded to search, and on the wreckage they found a boy whom they unlashd and hauled to the Life-boat. Sailing on, another piece of the vessel with four men clinging to it was found and they were also picked up. The boat then sailed about again but could not find any more.

Another of the men saved was picked up from a piece of wreckage which was seen by the crew of a steamer who promptly rescued him and afterwards transferred him to the Life-boat to land. All the men were practically unconscious through the effects of cold, wet and exposure. The Life-boatmen administered restoratives always carried in the boat, and the *Nancy Lucy* then made for Yarmouth, where on landing the four men who had not recovered were conveyed to the hospital, together with

another who had had his head cut open. The remainder were sent to the Sailor's Home where they were well cared for. Two of the crew were missing, having been swept away when the vessel broke up.

The Life-boat was left after the service in Yarmouth Harbour, as the crew when launching in the heavy surf were drenched to the skin and it was necessary for them to go home for dry clothing. The Coxswain afterwards stated that the wreckage on which the men had taken refuge was in the midst of spars and wood and it was with great risk and difficulty that the Life-boat was sailed through it to a position close enough to get to the distressed seamen, while in some cases part of the crew were obliged to get on to the wreckage to rescue the men.

The Committee of Management at their next meeting following, decided to mark their appreciation of the excellent seamanship displayed by the Coxswain Superintendent Mr. JOHN HAYLETT, and the gallantry shown by him and the crew during this service, by conferring the Silver Medal of the Institution upon him and granting the whole crew an additional pecuniary award.

The conspicuous gallantry of Mr. JOHN PLUMMER (Assistant Coxswain), Mr. SOLOMON BROWN, and Mr. WALTER HAYLETT was also rewarded by the Silver Medal, they having very courageously leaped from the Life-boat on to the wreckage to save some of the men, who were benumbed and helpless.—Expense of service, 4*l.* 0*s.* 6*d.*

Sept. 21.—EYEMOUTH, BERWICKSHIRE.—*Sarah Pickard* Life-boat.—About 8.20 P.M. a message was received stating that a vessel was firing signals off St. Abbs Head, and without delay the Life-boat was sent to her assistance. She proved to be the schooner *De Tvende Brodre*, of Marstal, bound from Leith to Rudkjøbing with a cargo of coal, and was on a lee shore. The Life-boat stood by the schooner until she was able to get out of danger and then returned ashore, arriving at 3 o'clock on the morning of the 22nd.—Expense of service, 15*l.* 16*s.*

Oct. 1.—CAMPBELTOWN, ARGYLLSHIRE.—*James Stevens No. 2* Life-boat.—A telegram was received from Saddell

stating that a barque was in difficulties in Kilbrennan Sound. The Life-boat was launched and proceeded to the vessel—the *Agat*, of Christiania—which lay at anchor in a very dangerous position within a hundred yards of a rocky point in eight fathoms of water. There was a moderate E.S.E. breeze blowing, and the sea was moderate but lumpy; as however the anchors were holding, the crew did not wish to leave the vessel, but the Captain was conveyed to Campbelltown to enable him to obtain a steamer to tow his vessel into safety.—Expense of service, 13*l.* 5*s.*

Oct. 1.—LYNMOUTH, DEVONSHIRE.—*Prichard Henry Gainer* Life-boat.—During a strong S.W. breeze and rough sea the mast of the ketch *Shepherd*, of Shirehampton, carried away. She was observed about two miles N.E. of the Foreland, and the Life-boat went to her assistance. She then had two feet of water in her hold and was in a helpless condition; an attempt was made to save her and tow her to Lynmouth. Owing to the strong wind from the S.W. this was found to be impossible, and two hours later she was full of water. Her crew then abandoned her and shortly afterwards she foundered. The Life-boat made for Lynmouth and the crew of the ketch, two in number, were landed in safety at 1.30 A.M.—Expense of service, 31*l.* 15*s.*

COMMITTEE MEETING, 11th Oct., 1906.

Voted 148*l.* 1*s.* 6*d.* to pay the expenses of launches of Life-boats, or assemblies of crews, &c., with the view of assisting the crews of vessels in distress at the following places: Atherfield, Cadgwith, Clacton-on-Sea, Gorleston No. 3 (steam), Grimsby, Hasborough, Margate No. 1, Port Erroll, Southend-on-Sea, Tynemouth and Whitby No. 2.

The Ramsgate Life-boat was also launched on service.

Granted retiring pensions and certificates of service to JOHN YOUNG and JAMES CALLAGHER, Coxswain Superintendents at Cloughy and Giles Quay respectively. Also pensions to ROBERT ROBERTS, signalman at Porthoustock, and to JOHN PINK, signalman at Port

Isaac. Also a gratuity of 5*l.* to ROBERT POLLY, Bowman, for many years a member of the crew at Cloughey, on his resignation. Also a gratuity of 3*l.* to OWEN JONES, Assistant Coxswain at Rhosneigr.

Granted 2*l.* 13*s.* 6*d.* to the bowman at Maryport for an injury sustained when out on service.

Oct. 17.—CAISTER, NORFOLK.—*Nancy Lucy* Life-boat.—At 2.15 P.M. a Scotch fishing-boat stranded on the Barber Sands opposite the Life-boat station, and hoisted a flag for assistance. A tug which was in the roads promptly went to help her but ran ashore about a hundred yards to the south of the fishing-boat and remained fast. The No. 2 Life-boat was then launched and proceeded to the boat, which turned out to be the *Nazzurullah*, of St. Monance, with eight hands on board. In answer to inquiry, the Master stated that he did not require the aid of the Life-boatmen, but he asked that the Life-boat should stand by whilst endeavours were made to float the vessel on the flowing tide; she accordingly did so, and about two hours later the vessel came off and was able to proceed to Yarmouth. In the meantime the tug also floated, and the Life-boat was able to return to her station. During this service the S.S.W. wind was moderate and the sea was smooth, but on the sands there was a ground swell.—Expense of service, 17*l.* 7*s.* 6*d.*

Oct. 20.—DOVER, KENT.—*Mary Hamer Hoyle* Life-boat.—Whilst the s.s. *Olaus Olsson*, of Stockholm, laden with a cargo of timber, was making for Dover Harbour about 11 P.M., she collided violently with the new works of the Admiralty Pier, and was severely damaged. In response to her signals, the Life-boat was promptly launched and landed seven of the crew. She then at the Captain's request returned to the vessel and stood by her all night. Next day the vessel was saved. This launch, which took place in a moderate S.W. breeze and moderate sea, was a very smart one, the Life-boat being afloat eleven minutes after the signal was fired to summon the crew.—Expense of service, 47*l.* 5*s.*

Oct. 21.—CARDIGAN, CARDIGANSHIRE.—*Elizabeth Austin* Life-boat.—During a moderate southerly gale, with rain squalls and a rough sea, signals of distress were observed from a vessel about four miles N.N.W. of the Life-boat station. The crew of the Life-boat were summoned and the boat launched. On reaching the vessel, which was the smack *Anne*, of Beaumaris, bound from Milford to Newport, Pembrokeshire, she was found to be in a sinking condition, with her sails blown away, and the crew of two men quite exhausted from working at the pumps, having been engaged all the previous night and up to the time of the arrival of the Life-boat. Both men were taken into the Life-boat, which then made for Cardigan, and shortly afterwards the smack foundered. The Life-boat, which was sent to Cardigan last year, was reported to have behaved splendidly.—Expense of service, 21*l.* 5*s.* 8*d.*

Oct. 21.—CAMBOIS, NORTHUMBRLAND.—*John Anthony* Life-boat.—A schooner was observed drifting ashore in Cambois Bay with all her sails set, and at 4.15 P.M. the Life-boat was launched to assist those on board. On reaching the vessel, which proved to be the *Archimedes*, of Lowestoft, she was found abandoned. As the weather was moderate, steps were taken to try to save the schooner, and with the assistance of other fishermen and two tugs this was accomplished, the vessel being taken into Blyth Harbour at 8.30 P.M.—Property salvage case. Balance paid by Institution, 23*l.* 4*s.*

Oct. 22.—IRVINE, Ayrshire.—*Jane Anne* Life-boat.—About 1.15 A.M., in a strong S.S.W. breeze, one of the pilots reported that a small steamer was ashore on the "Stones" on the north side of the entrance to the harbour. The crew of the Life-boat were summoned and the boat launched. The vessel proved to be the steamer *Abbot*, of Newry, bound from Fleetwood to Irvine with a cargo of salt. The boat stood by the steamer in case of assistance being required, but she was towed off shortly afterwards, and as there was then no danger of life being lost the Life-boat returned ashore and was re-housed.—Expense of service, 21*l.*

Oct. 22.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—Shortly after 3 A.M. on the 22nd October the Coxswain was aroused and informed that the St. Nicholas Light-vessel was firing guns in answer to the flares of a vessel on the Scroby Sands. He promptly mustered the crew of the No. 1 Life-boat and launched her, a tug which was close at hand taking her in tow, and they proceeded to the Light-vessel. It was ascertained where the distressed vessel was and they at once made for the spot. On arrival they found the Scotch drifter *Lizzie Cameron*, of Methil, hard aground on the Cross Ridge with nine men on board. With the assistance of the Life-boat and tug she was got off and towed into port and docked on account of her leaky condition. The weather was moderate although hazy, but the sea on the sands was heavy.—Property salvage case. Balance paid by the Institution, 4l. 9s. 6d.

Oct. 26.—BUCKIE, BANFFSHIRE.—*James Sharpe* Life-boat.—At 10.45 A.M. the line fishing-boat *Granny Cornal*, of Portessie, Buckie, was returning from the fishing grounds in the Moray Firth. There was a strong S.S.W. gale blowing with a heavy sea, and when the boat was about half-a-mile S.W. of the West Muck Rock her mast carried away and went by the board. The boat then began to drift and the crew let go the anchor. The accident having been observed and the boat being in great danger it was deemed necessary to launch the Life-boat. This was done and she made for the distressed fishing-boat. At the same time another fishing-boat went to the assistance of the *Granny Cornal* and took her in tow. They then proceeded to Cluny Harbour, the Life-boat standing by in case of further accident. The weather was very cold at the time and the Life-boatmen suffered considerably from cold and exposure.—Expense of service, 12l. 4s. 6d.

Oct. 26.—HOLYHEAD, ANGLESEY.—*Duke of Northumberland* Life-boat.—During a heavy southerly gale in the morning, a small schooner was seen trying to come into harbour. When near the Cliperu Buoy she missed stays, and as she was too close to a lee shore to wear her anchor was let go. Soon

after dark the same day signals for the Life-boat were made, and in response the steam Life-boat proceeded to her and landed the crew of four men, but before the Life-boat had regained her station the weather moderated and the wind changed. Next day the vessel, which was the *Tamar Queen*, of Cork, having weathered the gale, she was taken into the new harbour and saved.—Expense of service, 11l. 17s. 6d.

Nov. 4-5.—DUNGENESS and NEW ROMNEY, KENT.—*Thomas Simcox* and *James Stevens* No. 11 Life-boats.—Shortly before 4 P.M., during a whole S.E. gale, the barque *Schiller*, of Bremen, stranded off Littlestone. She was bound at the time to Australia with a general cargo. In response to her signals of distress the No. 2 Dungeness Life-boat was launched in a terrific sea and attempted to reach her, but unfortunately missed the ship by about thirty yards. It was impossible in the prevailing weather to get back to the vessel and the Life-boat was beached near Littlestone. With great difficulty she was hauled to windward and re-launched. This time the vessel was reached and the crew, seventeen in number, who had for some hours been exposed to the fury of the gale, were rescued and conveyed to Littlestone. Three others had already made a daring attempt to reach the shore in one of the ship's boats, but the frail craft was overwhelmed by the heavy sea and one of the three was drowned. The other two managed to swim to land. In the meantime news of the wreck had reached New Romney and preparations were made to launch the Life-boat. She had to be dragged a considerable distance before a suitable place for launching could be found, but a successful launch was ultimately effected. Every effort was made to get alongside but failed. Shortly afterwards the weather moderated somewhat and the wind veered, the New Romney Life-boat then proceeded alongside the barque only to find that the crew had left her. Although the two Life-boats at one time must have been close to each other, yet owing to the darkness the crews were not aware of it. Very shortly, after the crew had been landed by the Dungeness Life-boat, the wind veered to S.W. and later to West and

moderated considerably. In the early morning of November 5th the *James Stevens No. 11* was again launched and stood by the vessel for two days and two nights whilst salvage operations were going on, but on the evening of the 6th a strong gale from east commenced and it was decided to again abandon the vessel. The twenty-one persons on board were therefore landed.—Expense of service (Dungeness), 12*l.* 18*s.* New Romney second launch.—Property salvage case.

Nov. 5.—HASTINGS, SUSSEX.—*Charles Arkcoll* Life-boat.—About 8.45 A.M. a message was received stating that a vessel was in distress off Pett Level and signalling for assistance. The crew were summoned and the Life-boat was very promptly despatched. The vessel, which was the schooner *Fruit Girl*, of Falmouth, was found anchored off Pett with seven feet of water in her hold. The crew were anxious to be taken off at once, but the Life-boat Coxswain persuaded them to remain whilst he and his crew endeavoured to keep the schooner afloat. The vessel was got under way again, but owing to her sinking condition it was not possible to enter Rye Harbour; she was therefore run on to the Camber Sand and her crew five in number were taken into the Life-boat and landed in safety at Rye. The Life-boat was left in the harbour for the night, her crew returning to Hastings by train, and next day, the wind being favourable, she was taken back to her station. At the time of the accident the schooner was bound from Antwerp to Haverfordwest with a cargo.—Expense of service, 29*l.* 10*s.* 10*d.*

#### COMMITTEE MEETING, 8th Nov., 1906.

Voted 257*l.* 9*s.* 4*d.* to pay the expenses of Life-boat launches, assemblies of crews, etc., with the view of assisting the crews of vessels in distress, at the following stations:—Brighton, Campbeltown, Clacton-on-Sea, Douglas, Dunbar, Eastbourne No. 2, Gorleston No. 2, Harwich (steam), Ilfracombe, Lowestoft No. 2, Lynmouth, Margate No. 1, Nairn, Peterhead, Rhyl, Selsey and Yarmouth.

Presented the thanks of the Insti-

tution to Mr. J. A. GARDINER, one of the Honorary Secretaries of the Campbeltown and Southend Branch, for his exertions in connection with an accident to the Southend (Cantyre) Life-boat at exercise on the 26th Oct.

Granted retiring pension and certificate of service to JOHN WATSON, Coxswain Superintendent at Crail on his resignation.

Also voted 30*l.* 18*s.* 6*d.* to men injured in the Life-boat service at Holyhead, Maryport and Wick.

Nov. 8.—FISHGUARD, PEMBROKESHIRE.—Reserve Life-boat.—During a strong E.N.E. gale and very heavy sea signals of distress were observed from a schooner at anchor in an exceedingly dangerous part of Fishguard Bay. The crew of the Life-boat were immediately assembled and the Life-boat was launched about 6 P.M. Whilst proceeding to the schooner, which was the *Equity*, of Aberystwith, bound from Point of Ayr to Goodwick with coal, signals of distress were made by two trawlers also in dangerous positions in the Bay. The Life-boat made for one of the trawlers, rescued the crew of four hands, then proceeded to the schooner, took off her crew of four and afterwards the crew of the other trawler, twelve persons in all. The tug *Frank*, of London, seeing that the Life-boat, after rescuing the crews, was far to leeward, kindly took her in tow and brought her as far as the jetty. The schooner, soon after her crew were saved by the Life-boat, parted her cable and became a total wreck. The service was a very good one and the Life-boat is reported to have behaved well. The trawlers were the *Daisy*, of Douglas, and the *Irish Lilly*, of Fleetwood.—Expense of service, 25*l.* 10*s.*

Nov. 9.—ROSSLAKE HARBOUR.—*Tom and Jennie* Life-boat.—About 5.15 A.M. a message was received from the Coastguard stating that a vessel was ashore and another one was making signals of distress. The sea was very heavy and a whole N.E. gale was blowing. Without delay the Life-boat crew were summoned and the boat sent to assist the endangered men.

When leaving her moorings it was seen that communication had been obtained by the rocket apparatus with the stranded vessel. The Life-boat therefore made for the other vessel, the schooner *Young Hudson*, of Goole, bound from Garston to Wexford with a cargo of coal. Communication was obtained by a rope but the rope broke and the Life-boat drove to leeward. Sail was made and the Life-boat beating up to the schooner another rope was made fast. The three men on board were then successfully hauled through the sea to the boat, the state of the sea making it quite impossible for the boat to get alongside. Rosslare Harbour was again reached about 8 A.M., a very good service having been performed in very severe weather.—Expense of service, 17*l.* 1*s.* 6*d.*

Nov. 9.—GRIMSBY, LINCOLNSHIRE.—*Charles Burton* Life-boat.—The barque *Marie Becker*, of Hamburg, had stranded to the west of Grimsby Dock and her cargo was being discharged, but as she was leaking badly only two men remained on board. About 8 A.M., owing to a whole N.E. gale and the tide, the sea became rough and these men signalled for help. In response the Life-boat was sent out and brought both of them ashore in safety.—Expense of service, 12*l.* 9*s.*

Nov. 9.—WITHERNSEA, YORKSHIRE.—*Admiral Rous* Life-boat.—The schooner *Urda*, of Christiania, when bound from Norway to Newcastle with a cargo of sleepers and pit props, encountered very heavy weather and had her sails blown away. When off Withernsea she stranded, there being a strong N.E. gale at the time. In response to her signals of distress, the life-saving apparatus turned out and the Life-boat was launched. The former fired two rockets over the vessel, but the schooner's crew were too exhausted to work the lines. The Life-boat was launched very smartly, but owing to the heavy sea had some difficulty in getting alongside the vessel. After several attempts she succeeded and the crew of five were rescued and taken into safety. The vessel subsequently became a total wreck.—Expense of service, 31*l.* 11*s.* 6*d.*

Nov. 10.—WORTHING, SUSSEX.—

*Richard Coleman* Life-boat.—A visitor to Worthing put off from the beach about 8.30 A.M. in a 14-ft. rowing-boat. At 10 o'clock the boat was noticed about three miles off, and as it was then blowing hard from the N.E. she was kept under observation. Shortly before 11 o'clock it was evident that the boat was being driven further to sea, and as there was too much sea for a shore-boat to go that distance from the shore, it was decided to launch the Life-boat. On reaching the boat, which was then six miles from the shore and drifting to sea at the rate of about three miles an hour, her occupant was found lying in the bottom of the boat in a very exhausted condition. Restoratives were administered and he was taken into the Life-boat, which then made for the shore, Worthing being reached about 2.30 P.M.—Expense of service, 20*l.* 12*s.* 6*d.*

Nov. 16.—MARGATE, KENT.—*Civil Service No. 1* Life-boat.—During a whole N.W. gale, flares were reported from a vessel near Ness Point, and the No. 2 Life-boat was launched. On arrival, the barge *Shamrock*, of Dover, was found dragging her anchor and driving athwart a schooner, the seas making a clean breach over her. With considerable difficulty the Life-boat made fast, and it was found that the crew of three hands were unable without further help to get a second anchor out. Seven Life-boatmen were put on board who let go a second anchor, and the barge was brought upright under the schooner's bows. The Life-boat stood by until daylight when the tide turned, the anchors were then weighed, and the barge and her crew conveyed in safety to Ramsgate.—Property salvage case.

Nov. 16.—GORLESTON, SUFFOLK.—*Mark Lane* Life-boat.—At 9 A.M. the Coxswain was called by the Coastguard, who reported that the St. Nicholas Light-vessel was firing signals denoting a vessel in distress. The No. 1 Life-boat was promptly launched, and proceeded to the light-vessel, where it was ascertained that a steamer was ashore on the Bell Buoy flat. The boat at once made for the place indicated, and found the Russian steamer *Genbert* hard aground with sixteen men aboard. Owing to the bad weather and ebbing tide the

Captain asked the Life-boat to stand by him. With the turn of the tide (six hours later) the wind, which had been S.W., increased to a gale from S. by E., and the crew had to be rescued as quickly as possible. In doing so the Life-boat was damaged, but happily the whole of the crew and their dog were got safely on board and conveyed to Yarmouth.—Expense of service, 64*l.* 2*s.* 6*d.*

Nov. 18.—GORLESTON, SUFFOLK.—*Leicester* Life-boat.—Soon after midday a small motor-boat was proceeding out of Yarmouth Harbour, when, having got just beyond the entrance, her machinery broke down. The anchor was dropped, but failed to hold. The boat shipped a good deal of water, and drifted towards the North Sand, her occupants being in considerable danger. With all haste the crew of the No. 2 Life-boat were mustered and the boat was launched to their assistance. The four men were taken into the Life-boat, and the boat made fast and towed into harbour.—Expense of service, 12*l.* 19*s.* 6*d.*

Nov. 19.—NEW QUAY, CARDIGAN.—*Frank and Marion* Life-boat.—During a strong northerly gale, with a very heavy sea, a vessel was observed making for New Quay, with signals of distress displayed. The Life-boat was therefore launched, and proceeding to her assisted her into harbour, where she was beached. The vessel proved to be the schooner *Two Brothers*, of Portmadoc, and was bound from Waterford to that port in ballast, with a crew of four on board.—Expense of service, 14*l.* 8*s.*

About 7 P.M. the same day flares were observed from a vessel in the bay, and the Life-boat was again launched. On reaching the spot they found the ketch *Leander*, of Carnarvon, in distress. The crew of three hands were rescued and conveyed in safety to New Quay within an hour, a smart service in the prevailing weather.—Expense of service, 29*l.* 2*s.* 6*d.*

Nov. 19.—FLEETWOOD, LANCASHIRE.—*Maude Pickup* Life-boat.—On the 17th November the steam trawler *Belmont*, of Fleetwood, was proceeding to sea when her engines broke down, and she was driven on to the Pilling Sands.

Endeavours were made the same day and on the 18th to get the vessel off by means of a tug, but without success. On the morning of the 19th the wind, which had been blowing all night from the S., veered to N.W., increased until between 11 and 12 o'clock when it was blowing a gale, with a very heavy sea and strong flood tide. As the tide made the seas swept the vessel fore and aft and she rolled heavily. The crew of nine men and twenty-three salvors, who had been aboard since the previous day, were in very great danger and in response to their signals the Life-boat was immediately launched.

She bore straight down on the trawler with a beam wind, and after two attempts took the thirty-two men from the lee side of the wreck and landed them in safety.

This was a good service and skilfully performed, as owing to the *Belmont* lying in only eleven feet of water, the Life-boat required very careful management in the heavy surf.—Expense of service, 14*l.* 12*s.*

Nov. 19.—PORTHDINLLAEN, CARNARVONSHIRE.—*Barbara Fleming* Life-boat.—The ketch *Telephone*, whilst lying at anchor in Porthdinllaen Bay commenced to drag her anchors in the prevailing N.N.W. gale. Signals of distress were made and the Life-boat was launched to her assistance. The two men on board were in danger, therefore the Life-boat brought them ashore, and the behaviour of the Life-boat in the very heavy sea which was running gave the liveliest satisfaction.—Expense of service, 24*l.* 5*s.*

Nov. 20-21.—NEWQUAY CORNWALL.—*James Stevens No. 5* Life-boat.—The weather which had been moderate during the day increased during the evening until the S.S.W. wind was, at times, blowing with the force of a gale. About 8 p.m. the fishing boat *P.W. 201*, which was off Towan Head, carried away some of her gear, became practically helpless and commenced to drift rapidly to leeward. Having no means on board for making a distress signal her position was somewhat critical. Happily another boat, which was near by noticed her, and although she was unable, owing to the weather, to render any assistance, her signals quickly brought out the Life-

boat. The fishing boat was then taken in tow and both she and her crew taken into safety; Newquay being reached at 1 A.M.—Expenses of service, 41l. 5s.

Nov. 22.—MARYPORT, CUMBERLAND.—*Civil Service No. 5 Life-boat.*—About 9 P.M. information was received that a vessel was ashore on the Robin Rigg Bank in the Solway Firth, making signals of distress. The Life-boat's crew were at once summoned and a meritorious service resulting in the saving of twenty-one lives was most skilfully performed.

When the Life-boat was launched it was dead low water and some delay was unavoidable in getting the boat away, due to the want of water. On reaching the sands it was found impossible to reach the vessel owing to tremendously heavy seas washing her fore and aft, there being danger of the boat being thrown on to the wreck. The Coxswain therefore cruised about in the vicinity and some four hours later was able to rescue all the men on board.

The vessel was the steamer *Grayfield*, of London, and was bound from Poti to Maryport at the time of the disaster. During this service the wind was blowing strongly from the south and the sea was very heavy, the behaviour of the Life-boat was splendid, and the Captain of the steamer was loud in his praises of the skilful manner in which she was handled. A few days later he sent the following letter to the Honorary Secretary of the branch:—

“MARYPORT,  
“27 Nov., 1906.

“MR. Q. MOORE,  
“Secretary,

“Royal National Life-boat Institution.

“Sir,—I desire to express my appreciation and admiration of the very able and skilful manner the Maryport Life-boat was handled on the night of the unfortunate wreck of the steamer *Grayfield*.

“It would be about 11 P.M. when we first saw her lights. Our ship was then breaking up amidships, and the sea rising very quickly, so quickly that there was no chance to go forward or aft from the amidship section of the ship, and the whole of the crew were

confined to about sixty feet of the bridge deck all night.

“The Life-boat cruised about for some hours and then anchored within easy distance from the ship and hailed to know if we were safe, and as soon as it was possible they afterwards got a rope attached to the ship forming a bridle by which means they were enabled to come within ten feet of our side, at this time the breaking sea was something fearful to behold, and it is nothing less than marvellous how any boat could live through it—which she certainly would not have done had she not been so skilfully handled by the brave men that were in her.

“To quote from a report given by one of my officers to the reporter of the *Western Mail*, Cardiff, namely: ‘I don't think there could be a better crew in England,’ and I am very pleased to testify to the same.

“I am,

“Yours truly.

(Signed) “ALBERT TYSON,  
“Master s.s. *Grayfield*.”

Expense of service, 24l. 8s. 9d.

Nov. 30.—SOUTHEND-ON-SEA, ESSEX.—*James Stevens No. 9 Life-boat.*—At about 7 A.M. a telephone message was received stating that a vessel was ashore near the Middle Buoy, Shoebury. It had been blowing a gale all night, and it was still blowing very hard from W.S.W. and the sea was rough; it was therefore considered advisable to send the Life-boat to the assistance of those on board. On arrival, the vessel, which proved to be the brigantine *Claremont*, of Dublin, bound from Treport to London, was found to have six feet of water in her hold, and the Life-boatmen were at once engaged to save her if possible. A kedge anchor was run out, and with the assistance of some other men, who came off in a beach yawl, about ten tons of the cargo was jettisoned. As the vessel was also making water badly the pumps were manned, and about noon she was successfully floated and conveyed to a good anchorage off Southend.—Property salvage case.

Dec. 1.—CLACTON-ON-SEA, ESSEX.—*Albert Edward Life-boat.*—During a northerly gale and very heavy sea, the

barge *Falcon*, of Maldon, was observed about 9.30 A.M. in distress off Clacton near the Buxey Sands, and the Life-boat proceeded to her assistance. On reaching her it was found that her sails had blown away and the sea was making a clean breach over her. The Life-boatmen at once took steps to anchor the barge and lower the mast, and leaving some men in charge landed the three men belonging to her in safety, together with their dog. The Life-boat then returned to the vessel and having disconnected the sprit and sail the mast was again got up, the barge got under weigh, and with the assistance of the Life-boat conveyed to Brightlingsea, arriving there at about 9 A.M. next morning.—Property salvage case.

Dec. 1-2. — RAMSGATE, KENT. — *Charles and Susanna Stephens* Life-boat.—Shortly before 6 P.M. a message was received by telephone, and the *Gull* Light-vessel reported by wireless telegraphy that a vessel was ashore on the North part of the Goodwin Sands, and orders were at once given for the Life-boat, with the tug *Aid*, to proceed to sea. The vessel was the s.s. *Ingram*, of London, with 17 persons on board, bound from Hull to Rouen with a cargo of coal. On the Life-boat reaching her it was found that she was bumping heavily and that the seas were breaking right over her. About 10 P.M. the steamer commenced to lift, and by means of her own engines and the tug she was got clear. Shortly afterwards however she took a sheer and broke the tow-rope; it was then found that the steamer had lost her rudder. Another rope was made fast and after some difficulty the vessel towed clear and anchored until the weather improved.—Property salvage case.

Dec. 5.—HOLYHEAD, ANGLESEY.—*Duke of Northumberland* Steam Life-boat.—Soon after dark a schooner anchored in the outer roads, but in the prevailing W.N.W. gale the anchors dragged and distress signals were made. In response the steam Life-boat went out and took the three men of the crew off and brought them ashore. The sea was very rough at the time, but the vessel rode out the gale in safety. She was the schooner *Millom Castle*, of Barrow,

bound from New Ross to Connahs Quay with a cargo of timber.—Expense of service, 11*l.* 17*s.* 6*d.*

Dec. 6.—BRIXHAM, S. DEVON.—*Betsy Newbon* Life-boat.—During one of the worst gales experienced in the past ten years in Torbay the Life-boat was launched about 2 A.M. to the assistance of the ketch *Tyrant*, of Guernsey, which was dragging her anchors and drifting rapidly into danger. On getting alongside the Master requested the Life-boat to stand by him, but about an hour later the ketch began to drag again and the crew of four hands decided to go ashore. They were taken into the Life-boat and landed at 5.30 A.M. At 6.30 A.M. the Life-boat went out again, as several vessels in the bay had been driven into dangerous positions. Assistance however was declined and the Life-boat returned ashore.—Expense of service, 30*l.* 13*s.* 6*d.*

Later in the day the weather moderated, and the *Tyrant* having ridden out the gale, the crew were placed on board again and the Life-boatmen assisted to take the ketch out of her dangerous position and place her in safety.—Property salvage case.

Dec. 6.—HOLY ISLAND, NORTHUMBERLAND.—*Grace Darling* Life-boat.—The ketch *Fairy*, of Montrose, whilst bound from Sunderland to that port with a cargo of coal, got into difficulties when off Holy Island and tried to make the harbour. As the seas were breaking heavily on the bar the No. 1 Life-boat was launched to her assistance. Fortunately the *Fairy* succeeded in getting into comparatively smooth water but went ashore on the Rigg, grounding on the rocks. The Life-boat went alongside and rendered assistance to minimise the danger and stood by the vessel until the tide flowed sufficiently to enable her to be towed into harbour. There was a strong E.N.E. gale and very heavy sea at the time of this service.—Expense of service, 12*l.* 1*s.* 6*d.*

Dec. 7.—WHITBY, YORKSHIRE.—*Robert and Mary Ellis* and *John Fielden* Life-boats.—Shortly after 5 A.M. the Coxswain was informed that a steamer had been aground on the Uppang Rocks, and was then making for Whitby. The crew and helpers were

promptly assembled and the No. 1 Life-boat was launched to the steamer which was by then ashore on the Whitby Rocks about 500 yards from the East Pier, and making signals of distress. The Life-boat quickly got alongside the steamer, which proved to be the *Isle of Iona*, laden with coals, and bound from Newcastle to London. Eleven of the crew were taken into the Life-boat, but it was not considered wise to take more as she had to travel a considerable distance athwart a heavy sea before she could bear up for the harbour. The sea was very rough on the rocks and making a clean breach over the steamer, at times nearly filling the Life-boat; the No. 2 Life-boat was therefore signalled for and the No. 1 boat made for the harbour.

On reaching the steamer the No. 2 Life-boat took the remainder of the crew, six in number, on board and conveyed them into safety, but the Captain very pluckily refused to leave his vessel. She became waterlogged later, however, and he also was rescued. During this service the wind was very light but the sea very heavy.—Expenses of services, No. 1 Life-boat, 29l. 1s. 6d.; No. 2 Life-boat, 28l. 5s. 6d.

Dec. 9.—FISHGUARD, PEMBROKESHIRE.—Reserve Life-boat.—During a strong gale from the N.N.E. the schooners *Mary Barrett*, of Plymouth, *William Jones*, of Carnarvon, and *Miss Hughes*, of Aberystwith, showed signals of distress as they were in danger in Fishguard Bay, and in response the Life-boat went off and rescued the crews of all three vessels, twelve in number. The sea was rough at the time, and the anchors were dragging, but fortunately the schooners rode out the gale, which moderated next day.—Expense of service, 21l.

Dec. 12.—ST. IVES, CORNWALL.—*James Stevens* No. 10 Life-boat.—During a strong gale from N.W. the barquentine *Try Again*, of Padstow, bound from Swansea to Lowestoft, was struck by a heavy sea whilst between Pendeen and the Longships, which caused her cargo to shift and carried away her main rigging. Owing to the heavy list to starboard she became unmanageable and the Master decided to make for

St. Ives Bay, which he reached about 8 A.M., anchoring off the Head. The wind continued to blow very heavily with a nasty sea, causing the vessel to labour and make water, and the Master fearing that the wind might veer to northward, considered it prudent to leave the vessel. In reply to his signals the Life-boat was launched and proceeded to her, and after some difficulty on account of the vessel rolling heavily and the heavy list, took off the crew of five hands and safely landed them in the harbour. The vessel fortunately rode out the gale, and the next day the weather having abated the crew were able to return to their vessel and take her to Hayle for repairs.—Expense of service, 13l. 16s.

Dec. 12.—LLANDUDNO, CARNARVONSHIRE.—*Theodore Price* Life-boat.—About 3 o'clock in the afternoon a schooner named the *Lornie*, of Aberystwith, and bound from Liverpool to that port with coal, showed signals of distress in Llandudno Bay. There was a whole N.W. gale blowing, with frequent showers of snow and sleet, and the sea was rough. The Life-boatmen were at once summoned, and with exceptional celerity the boat was in the water and on her way to rescue the men on board. On the arrival of the Life-boat the Master and one hand, together with their dog, were taken into the Life-boat and conveyed into safety, whilst a third man was rescued by a shore-boat which had also put off from the pier when the distress signals were made.—Expense of service, 39l. 13s.

Dec. 12.—MARGATE, KENT.—*Civil Service* No. 1 Life-boat.—The smack *William and Emma*, of Faversham, was observed dismasted and in distress about 2.45 P.M. in the Queen's Channel. The No. 2 Life-boat proceeded to her, having a hard beat to windward to reach her. She was then riding to a small anchor with the sea breaking over her, but with the assistance of the Life-boatmen the anchor was weighed and the smack and her crew of three men taken in safety to Margate. When the Life-boat was launched there was a strong westerly breeze, but it freshened to a whole gale from N.W., the sea being very rough.—Property salvage case.

Dec. 12.—FLAMBOROUGH, YORKSHIRE.—*Matthew Middlewood* Life-boat.—In a heavy N.W. gale accompanied by snow-storms the ketch *Britannia*, of Scarborough, had her sails blown away and sprung a leak. She was bound at the time from London to Grangemouth with a cargo of scrap iron, and to prevent a more serious disaster her crew ran her ashore off Flamborough about 9 P.M. Signals of distress were made and the No. 2 Life-boat was promptly launched. The Life-boat crew ran out a kedge anchor and with the rising tide hove the vessel clear. The boat stood by her throughout the night, and early next morning got the ketch safely into Bridlington Harbour.—Property salvage case.

Dec. 13.—SUTTON-ON-SEA, LINCOLNSHIRE.—*Sir John* Life-boat.—At about 9.30 A.M. during moderate but thick weather, the barquentine *Bonden*, of Grimstad, was observed ashore in a dangerous position and the Life-boat was launched to assist her. On the arrival of the Life-boat the Master asked for assistance as he had lost his bearings. Aid was therefore given, and the vessel having floated on the flowing tide, she was assisted to Boston, where she was bound.—Balance of expenses paid by Institution, 13*l.* 9*s.*

COMMITTEE MEETING, 13th Dec., 1906.

Voted 852*l.* 16*s.* 6*d.* to pay the expenses of the following Life-boat launches and assemblies of crews with the view of assisting persons on vessels in distress:—Aranmore, Bembridge, Broadstairs, Caister Nos. 1 and 2, Campbeltown, Cloughy, Dover, Dunbar, Eyemouth, Gorleston No. 2, Hilbre Island, Hoylake, Kessingland No. 2, Llandudno, Llanddwyn, Lowestoft No. 2, New Romney, North Deal, Palling No. 2, Peterhead, Point of Ayr, Poole, Porthdinllaen, Sidmouth, Southend-on-Sea, Teignmouth, Tenby, Weymouth, Whitby No. 2, and Winchelsea.

The Ramsgate Life-boat was also launched.

Voted 100*l.* to the fund being raised locally for the benefit of the mother of JOHN I. ROBERTS, who was washed out of the Hoylake Life-boat and drowned when on service on Nov. 15, 1906.

Also 25*l.* to the widow of the late second Coxswain at Kingstown No. 1, who died from illness contracted in the Life-boat service.

Also voted 21*l.* 8*s.* 4*d.* to men injured in the Life-boat service at Gorleston, Minehead, and Southend (Cantyre).

Voted the silver second service clasp, together with a certificate of service and a reward of 10*l.* to JAMES THOMAS, Coxswain Superintendent of the Fish-guard Life-boats, on his resigning the post.

Also a certificate of service and a pecuniary grant to CHARLES GRAY, on his resigning the post of Coxswain Superintendent at Mablethorpe.

The services of Mr. JAMES TAYLOR and four other men on the occasion of the accident to the Southend (Cantyre) Life-boat on 26th Oct. were suitably recognized.

Dec. 16.—FILEY, YORKSHIRE.—*Hollon the Second* Life-boat.—On Sunday morning at 9 A.M. information was received that a steamer was ashore in Gristhorpe Bay, about three miles to the north of Filey. The wind was S. by W. and the weather very thick with rain and snow, the Life-boat was therefore launched and proceeded to the vessel. She proved to be the steam trawler *Helcia*, of Grimsby, laden with fish. The Life-boat remained by the trawler until 3.30 P.M. when the Master decided not to leave his vessel and stated that he did not require further assistance. She therefore returned to Filey and was re-housed during the evening.—Expense of service, 41*l.* 1*s.* 6*d.*

Dec. 25.—HARWICH, ESSEX.—*City of Glasgow* Life-boat.—During a strong N.W. breeze and moderate sea, a barque was seen making for Harwich Harbour, and as it was noticed that she stood too close in the crew of the Life-boat were assembled. The barque then stood off again, but shortly afterwards she stranded and the Life-boat was despatched to her assistance. She stood by the vessel for a short time. The Master then stated that he did not require help and as it was probable she would float with the flood tide, the Life-boat returned to harbour, arriving at 3.30 P.M. The barque was the *Earlshall*, of Dun-

dee, bound to Ipswich with a cargo from the West Indies.—Expense of service, 5*l.* 8*s.* 9*d.*

Dec. 26.—CLOUGHY, CO. DOWN.—*John* Life-boat.—On Christmas night a large Newcastle steamer, the *Hazeldene*, bound from a Spanish port to Glasgow with a cargo of iron-ore, struck on the Long Rock off Cloughey and commenced to settle down. Distress signals were made and information reached Cloughey about 5.30 A.M. The crew of the Life-boat were summoned and the boat launched. On arrival at the steamer it was found that she was full of water, and the crew, twenty in number, were successfully rescued and conveyed to Cloughey. The weather was very cold with snow showers, whilst there was a strong E.N.E. wind with a heavy sea.—Expense of service, 3*l.* 10*s.*

Dec. 26. — DUNGENESS, KENT. — *Thomas Simcox* Life-boat.—At 4.10 A.M. signals of distress were seen by the Coastguard at Dungeness and the Life-boat Coxswain was informed. With all haste possible the No. 2 Life-boat was launched, and in a heavy snowstorm proceeded to the wreck. By this time the vessel, which was the schooner *Ring-leader*, of Penzance, had sunk and her crew of five hands had taken to the rigging. Repeated efforts were made to get alongside to take the crew off, but without success, the men being on the weather-side and the rough sea and strong tide preventing it. After several attempts a line was got to the wreck, but the men in the rigging were so benumbed with the intense cold that they were unable to do anything. Seeing the position of affairs, five of the helpers who had assisted to launch the Life-boat, put off in a sixteen-foot fishing-boat and rowed alongside the wreck and rescued the men from the rigging. The Life-boat being close at hand they were transferred to her and all happily reached the shore in safety.—Expense of service, 4*l.* 1*s.* 3*d.*

Dec. 26.—MARGATE, KENT.—*Eliza Harriet* Life-boat.—In a heavy snowstorm and moderate S.E. gale the barquentine *Girl of the Period*, of Faversham, was wrecked on the Longnose Rocks. Information reached Margate about 8 A.M., and the No. 1 Life-boat

was launched. On reaching the vessel the Life-boat stood by her for some time in a heavy sea, but finding that the wind was freshening the crew of seven hands, together with their dog, were rescued and taken to Margate. The barquentine was bound from the Tyne to Ramsgate with a cargo of coal.—Expense of service, 13*l.* 10*s.*

Dec. 26.—BROADSTAIRS AND RAMSGATE, KENT.—*Francis Forbes Barton* and *Charles and Susanna Stephens* Life-boats.—A wireless message was received at Ramsgate at 10.5 A.M. from the Gull Light-vessel stating that there was a vessel ashore on the Goodwin Sands; ten minutes later another message came from the East Goodwin Light-vessel to the effect that the crew of the vessel were taking refuge there, and that the Life-boat was wanted to land them, the sea being very heavy. There was a strong S.E. gale blowing, the weather was thick with snow and very cold. The Ramsgate Life-boat was promptly despatched and the tug followed quickly afterwards. Shortly before reaching the Light-vessel the wreck was sighted, and the Life-boatmen having satisfied themselves that no one was on board they proceeded to the Light-vessel. About the same time the Broadstairs Life-boat came up, she having been informed by signal off Kingsgate and altered her course when returning home from a fruitless service to which she had been called earlier in the day. It was decided to divide the wrecked men, and seven were taken into the Ramsgate Life-boat and five into the Broadstairs boat. The tug then took both boats in tow to Ramsgate, where the men were landed in a very exhausted condition, due to exposure. The vessel was the barque *Regia*, of Arendal, bound from Riga to Barry with a cargo of timber. It appears that she stranded at 5.30 A.M. during a heavy S.E. gale and started to break up at once. The upper part of the vessel came right away and broke in two parts, the crew being left on the fore part, on which were two boats, and in these they happily reached the Light-vessel, although much exhausted. Owing to the heavy snowstorms and thickness of the weather the signals from the wrecked barque had not been seen.—

Expense of service : Ramsgate, paid by Board of Trade ; Broadstairs, 16*l.* 5*s.*

Dec. 26.—ALDEBURGH, SUFFOLK.—*City of Winchester* Life-boat.—At about noon two schooners were observed making signals of distress, and the No. 2 Life-boat was launched without loss of time in the teeth of a whole easterly gale, with snow squalls and very heavy sea. At times the seas washed the boat fore and aft, but she behaved splendidly. On arriving at the first schooner, which was the *Rescue*, of London, the Master asked the boat to stand by him, but the Coxswain advised him to slip his anchors and make for Harwich, offering to follow him in case of disaster. The Life-boat then proceeded to the schooner *Jubilee*, of Harwich, and advised them to take the same course, it being too dangerous for the Life-boat to go alongside. Both vessels, accompanied by the Life-boat, then made for Harwich. On the way a third vessel, the *Cornucopia*, of Faversham, was observed with her sails blown away and in distress in Hollesley Bay. The Life-boat therefore made for her, and finding she could not do anything without extra help, put some Life-boatmen on board, who slipped her anchors, and she also made for Harwich, arriving there at 9 p.m. The other schooners also arrived in safety.

As it was impossible for the Life-boat to return to her station that night, the men put up there and took her back next day.—Expense of service, 90*l.* 19*s.* 6*d.*

Dec. 26th - 28th. — KINGSDOWNE, KENT.—*Charles Hargrave* Life-boat.—The steamer *Ormley*, of Belfast, when bound from Kurrachee to Hull with a cargo of wheat, stranded off Hope Point in a strong N.N.W. gale and heavy snow with a very rough sea. The Life-boat was promptly launched, and on arrival the captain engaged the crew to do their best to save the ship. Anchors were laid out, and at high tide an attempt was made, with the assistance of a tug, to get the steamer clear, but without success. Steps were then taken to lighten the ship by discharging the cargo, and Life-boatmen continuing to take part in the salvage work until the middle of the day on

the 28th, when additional tugs and men having taken up the work, they returned ashore.—Property salvage case.

Dec. 27.—NORTH BERWICK, HADDINGTONSHIRE.—*Norman Clark* Life-boat.—Signals of distress were observed about 8.30 A.M. from the smack *Resolution*, of Newhaven, Scotland, lying about three miles N.W. of North Berwick. The Life-boat was promptly launched and proceeded to the smack, which was in distress, her sails having been blown away in the prevailing N.W. gale and her boat sunk. The two men on board were rescued with some difficulty owing to the heavy sea running, and conveyed in safety to North Berwick.—Expense of service, 14*l.* 2*s.* Later in the day the weather improved and the smack, having ridden out the gale, the Life-boat again went off at the request of the Master and succeeded in saving the vessel.—Property salvage case.

Dec. 27.—REDCAR, YORKSHIRE.—*Brothers* Life-boat.—A large Japanese steamer, the *Awa Maru*, of Tokio, of upwards of 6,000 tons burden, was wrecked on the West Scar off Redcar shortly before 8 p.m., when bound from Antwerp to Middlesbrough. The weather was at its worst, there being a heavy snowstorm, accompanied by thunder and lightning, a whole gale blowing from N.W. and the sea very heavy. The Life-boat was launched, extra men being taken to double-bank the oars, and twenty-nine of the crew were rescued. Another attempt was then made to reach the vessel, but without success, due to stress of weather and the rocks near the wreck, and the Life-boat was beached to leeward. With great difficulty, the weather being so severe, the Life-boat was then transported to windward, but by this time it was past midnight and the crew of the Life-boat were exhausted. Further attempts to reach the steamer were therefore postponed until next morning, when cibles, drawing less water than the Life-boat, were launched and were able to complete the work of rescuing those on board.—Expense of service, 65*l.* 10*s.*

COMMITTEE MEETING, 28th Dec., 1906.

Voted 631*l.* 5*s.* 11*d.* to pay the expenses of assemblies, watching, launches, etc., with the view of assisting the crews of distressed vessels by the following Life-boats, etc.:—Brixham, Broadstairs, Broughton Ferry, Donna Nook, Fleetwood, Gorleston Nos. 1 and 3, Harwich (steam), Kingsdowne, Littlehampton, Minehead, Palling No. 2, Rhoscolyn, St. Andrews, Saltburn, Scarborough, Seaton Carew, Selsey and Walmer.

Also 3*l.* 1*s.* 6*d.* to a man injured in the Life-boat service at Hope Cove.

Dec. 28.—SEATON CAREW, DURHAM.—Reserve Life-boat.—The s.s. *Aurora*, of Bilbao, which stranded on the North Gare on the 27th December, floated with the tide and was carried up the mouth of the river Tees where she again grounded. It was blowing a whole gale from N., and there was a very heavy sea; the Life-boat therefore put off about 6.30 A.M. to assist the steamer. At the request of the Captain, five Life-boatmen (all pilots), were put on board, and with the assistance of tugs the vessel was towed in safety to Middlesboro'. It appeared that a chain had fouled her propeller and rendered her engines useless.—Property salvage case.

Dec. 29.—FILEY, YORKSHIRE.—*Hollon the Second* Life-boat.—About 6

P.M. signals were observed from the vessel to the north of Filey Brig, and everything was done to have the Life-boat in readiness to launch at once if necessary. The crew remained on duty until 1 A.M., when it was seen the vessel's anchors were holding and that no more signals were made. Next morning, about 9 A.M., one of the vessel's boats was seen, with five men in her, making for the shore, and as there was a very heavy sea off the Brig, the Life-boat was launched and stood by her until safely beached. The wind was blowing a gale from E.N.E., and there was heavy snow falling. The vessel proved to be the s.s. *Siward*, of Newcastle, bound to that port from Antwerp.—Expense of service, 21*l.* 16*s.* 6*d.*

Dec. 31.—ABERDOVEY, MERIONETHSHIRE.—*William Brocksopp* Life-boat.—About 9 P.M. the steamer *Cameo*, of Glasgow, bound from Ardrossan to Aberdovey, was observed in a very dangerous position on the bar with the seas making a clean breach over her, a moderate westerly gale prevailing at the time. The Life-boat was launched, and on reaching the steamer the captain asked the Coxswain to stand by her. He accordingly did so until next morning, when it was seen that the gale and tide had driven the vessel further on to the beach and that there was no danger to life. The Life-boat therefore returned ashore, arriving at 10 A.M.—Expense of service, 25*l.* 4*s.*

### THE LIFE-BELT USED BY THE CREWS OF THE LIFE-BOATS OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

The requisite qualities of a Life-boat man's life-belt are—

1. Sufficient extra buoyancy, 22 lbs., to support a man heavily clothed, with his head and shoulders above the water, or to enable him to support another person besides himself.

2. Perfect flexibility, so as to readily conform to the shape of the wearer.

3. A division into two zones, an upper and lower, so that between the two it may be secured tightly round the waist; for in no other manner can it be confined sufficiently close and secure round the body without such pressure over the chest and ribs as to materially affect the free action of the lungs, impede the muscular movement of the chest and arms, and thereby diminish the power of endurance of fatigue, which, in rowing-boats, is a matter of vital importance.

4. Strength, durability and non-liability to injury.

## SHORE-BOAT SERVICES REWARDED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION IN 1906.

Jan. 11.—Voted the Silver Medal to Mr. WILLIAM PENROSE, and the thanks of the Institution, inscribed on vellum and framed, to his brothers Messrs. THOMAS and HENRY PENROSE for their very gallant but unsuccessful attempt to save the crew of the brigantine *Mary*, of Milford, wrecked at the mouth of the Fowey Harbour, during a S.E. gale, on Sunday, the 31st December.

Jan. 11.—A man put off in a punt and at moderate risk to himself rescued two men whose boat had capsized in a squall in Kingstown Harbour on the 8th December.—Reward, 10s.

Jan. 18.—Thirteen men put off in a boat, and at considerable risk rescued five men from a water-logged boat near the Goodwin Sands, in a strong S.S.W. gale and heavy sea. The men when rescued were in a very exhausted condition, their vessel, the dandy *Fleur de Mer*, of Boulogne, having foundered on the Goodwin Sands.—Reward, 13l.

Feb. 8.—The crew of the private Life-boat at Sheringham rescued the crew of four hands of the barge *Teutonic*, in distress off that place on the 6th January.—Reward, 12l.

Feb. 8.—Six men saved, by means of ropes, the crew of two men of the fishing-boat *Monica*, wrecked under the Orme's Head, in a strong northerly gale and heavy sea, on the 18th January.—Reward, 1l. 4s.

Feb. 16.—Eight men put off in a boat and rescued sixteen of the crew of the s.s. *Abril*, of Bilbao, which stranded  $2\frac{1}{2}$  miles west of Clovelly.—Reward, 2l.

Feb. 25.—Two pilots rescued the crew of four hands of the trawler *Ibis*, of Brixham, wrecked on the rocks at Thurlstone during the early morning in a moderate S.W. gale and rough sea.—Reward, 10s.

March 8.—Voted the Silver Medal and the sum of 2l. to Mr. FRANCIS NICOL, "Rattie," Mr. FRANCIS NICOL, "Frankie," Mr. JAMES NICOL, and Mr. ALEXANDER WATT for gallantly putting off in an old, disused salmon coble, and gallantly rescuing, at very great risk to themselves, the crew of six hands of the s.s. *Vigilant*, of Newcastle, which was totally wrecked at Crovie on the 11th February during a strong N.E. gale. Also awarded 2l. to Mr. J. LOVIE and 1l. to Police-Constable P. CLARK for their valuable assistance on the above occasion.

March 8.—Also voted the Silver Medal and the sum of 2l. each to Mr. WILLIAM TAYLOR, Mr. WILLIAM GROAT, Mr. EDWARD JAMIESON, Mr. BREMNER TAYLOR, Mr. WILLIAM CHEYNE, and Mr. DANIEL FIDDLER for very gallantly putting off in a boat from Harkness during a heavy W. by S. gale and snowstorm, and rescuing nine of the crew of eleven hands of the s.s. *Dinnington*, of Sunderland, wrecked on the Island of Switha on the 17th February.

March 8.—Two men saved the life of a fellow-fisherman, who, by a sudden lurch of

his boat, was thrown overboard off Boscombe, in a strong S.W. wind and rough sea on the 4th January.—Reward, 1l. 10s.

March 8.—Four men saved, with some risk to themselves, two men whose boat was stove near Ilfracombe in a heavy sea and N. wind, on the 28th January.—Reward, 2l.

April 12.—Eight men put off in two cobles and rescued two pilots and the crew of four hands of the ketch *Maid of Kent*, in distress about three miles south of Bridlington, in a heavy northerly gale and heavy sea, on the 12th March.—Reward, 9l.

April 24.—Three men saved the crew of two hands of the trawler *Shamrock*, of Beer, which capsized in a sudden squall from N.W. and rough sea, about three miles off Sidmouth. The salvors saw the accident and launched a boat, and had it not been for their promptness life would have been lost.—Reward, 15s.

April 27.—Two men put off in a boat and, at moderate risk, rescued two persons whose small boat had capsized on Teignmouth Bar, in a moderate breeze.—Reward, 1l.

May 10.—Two men saved, at slight risk to themselves, one of the crew of the schooner *Julia*, of Gloucester, wrecked in a strong breeze and heavy ground sea, off Sandy Haven, Pembrokeshire, on the 11th March.—Reward, 10s.

May 23.—Four men rescued the crew of three hands of the smack *Baqatelle*, of Liverpool, in a moderate S.E. gale and a rough sea off Douglas.—Reward, 2l.

June 3.—A man put off in a small boat, in a moderate S.W. breeze and a moderate sea, and at a slight risk, rescued two persons whose boat had been capsized off Sidmouth.—Reward, 5s.

June 4.—Six men put off in a coble and rescued two men whose coble was capsized in a heavy ground sea off Staithes. One of the rescued men was Mr. CHARLES HORNE, the Coxswain Superintendent of the Staithes Life-boat, and it was entirely owing to his great pluck and endurance that his companion who was unable to swim was saved. Both men had heavy sea-boots on, and on two occasions were washed from the spar to which they were clinging. Each time Horne got hold of his companion and supported him until help reached them. Horne was granted the sum of 3l. for his gallantry.—Reward, 7l. 10s.

June 14.—Voted the Silver Medal and 2l. to Mr. THOMAS LANGLANDS, the Coxswain Superintendent of the Whitby Life-boats, for very gallantly putting off in a coble on the 14th May, and at great risk rescuing three men belonging to the coble *William and Tom*, of Whitby. When crossing the bar the coble encountered heavy seas, and before help could reach her she filled and sank. Langlands at once pulled out in his coble and rescued the men, who were in the water. The risk was very great, and it was due to Langlands' skilful management and

gallant conduct that the men were saved. Two other men who assisted at the rescue were also granted 2*l.* each.

June 14.—Four men put off in a boat and at great risk rescued a man from a boat which missed the entrance to Penzance Harbour and got into broken water in a strong S.W. breeze and rough sea, on the 5th May.—Reward, 4*l.*

June 14.—Four men promptly rescued four coastguards when their boat capsized in a squall off Angle, on the 18th April.—Reward, 1*l.*

June 14.—Six men put off in a boat and, at considerable risk, assisted to save the fishing-boat *Marjorie* and her crew of two hands, which had stranded off St. Anne's in a rough sea and strong S. breeze, on the 5th May.—Reward, 4*l.* 10*s.*

June 23.—Two men rescued the crew of four hands of the Ostend smack *Rosaline-Fidoline*, which sank after collision in smooth but foggy weather near the East Barnard Buoy.—Reward, 15*s.*

July 12.—Three men rescued at moderate risk to themselves two persons whose boat was capsized whilst crossing Teignmouth Bar on the 12th June.—Reward, 1*l.* 2*s.* 6*d.*

July 12.—Seven men of the dredger *Pioneer* rescued one of the two men belonging to the shrimp boat *John and Sarah*, which foundered in a strong W.N.W. breeze and rough sea off Lowestoft, on the 1st June.—Reward, 4*l.* 5*s.*

July 12.—Two men promptly put off in boats and saved the lives of five persons from a boat which capsized in moderate weather on the 4th June off Ilfracombe.—Reward, 12*s.* 6*d.*

July 12.—Three men saved, at considerable risk to themselves, two men, whose coble, the *Rising Sun*, of Filey, was struck by a heavy sea and capsized two miles to the south of Filey, on the 5th June.—Reward, 3*l.*

July 17.—Six men saved three men who had put off in a small boat to fish in Montrose Bay.—Reward, 6*l.*

July 20.—Eight men put off in a boat and rescued two women and a man, whose boat had capsized off Deal in moderately rough weather. They also landed a girl who was unconscious when picked up, but she died shortly after being landed.—Reward, 3*l.*

Aug. 2.—Two men promptly put off in a boat and saved the crew of three hands of the coble *Maggie*, of Whitby, which capsized in a squall off Kettleless on the 7th May.—Reward, 15*s.*

Aug. 2.—Two men put off in a boat and saved two girls whose boat had become unmanageable and was being driven out to sea, off Ardmore, in moderately rough weather, on the 8th July.—Reward, 1*l.* 2*s.* 6*d.*

Aug. 19.—A man rescued, at slight risk, three youths, whose boat capsized in smooth weather at Brighton.—Reward, 10*s.*

Aug. 20.—Twelve men put off in the Frinton volunteer Life-boat in moderate weather and saved the crew of nine hands of the barquentine *Lanoy*, of Dover, stranded on the Gunfleet Sands.—Reward, 6*l.*

Aug. 27.—Three men saved two persons

from the shrimp-boat *Blue Belle*, of Lowestoft, which, when returning to harbour, fouled a barge, capsized and foundered, and left the two men struggling in the water.—Reward, 15*s.*

Aug. 30.—Nine men put off from Lowestoft at 10.30 p.m., and at slight risk rescued two persons from a small boat which was being carried out to sea by the strong tide, the oars having been lost overboard.—Reward, 2*l.* 5*s.*

Sept. 13.—Sent letters of thanks to Mr. TOWERS SMITH and to Mr. LEVYSHON, and the sum of 1*l.* 10*s.* to a fisherman and his son, for rescuing two of four men whose boat capsized in Towy estuary, near Laugharne, in a strong westerly breeze and moderate sea, on the 10th August. The other two men were unfortunately drowned before help could reach them.

Sept. 13.—Three men rescued one of two men from a small boat which capsized about half a mile from the shore at Frinton, in moderate weather, on the 29th July.—Reward, 15*s.*

Sept. 13.—A man rescued another man from a small boat which capsized in a squall in moderately rough weather, about one and a half miles from Dunwich, on the 20th July.—Reward, 7*s.* 6*d.*

Sept. 13.—Seven men saved two persons from the smack *John Allan*, which was in distress about a mile and a quarter south of Johnshaven, in a light S.E. breeze but heavy swell, on the 2nd August.—Reward, 2*l.* 12*s.* 6*d.*

Sept. 14.—Mr. M. HANNAGAN, Coxswain Superintendent of the Youghal Life-boat, and three other men saved one of two men whose boat was capsized outside Youghal Harbour in a sudden squall. The salvors observed the accident, and at once made for the scene, but while getting one man into their boat, the other unfortunately disappeared. The man saved was unconscious when picked up, and it was entirely due to the intelligent manner in which Hannagan used the prescribed methods for the restoration of the apparently drowned that he was resuscitated.—Reward, 1*l.* to Hannagan, and 15*s.* to the other men.

Oct. 11.—Voted the Silver Medal of the Institution and 2*l.* to Mr. JOHN HAWKINS for his conspicuous bravery in lowering himself by a rope from the East Pier at Ramsgate and swimming out to the assistance of five persons whose boat had capsized off the Harbour entrance on the 14th September. There was a strong W.S.W. wind and a rough sea at the time, and none of the party with the exception of the boatman could swim. Two clung to the upturned boat, and Hawkins secured a third, a lady, and swam with her into shallow water; eventually all five were saved. Five shillings each was awarded to two pier watchmen who put off in a boat and picked them up.

Oct. 19.—Four men saved three persons from the fishing-boat *Alma*, which filled and sank in a north-east gale when making for Stromness Harbour.—Reward, 4*l.*

Oct. 23.—Three men saved, at moderate risk to themselves, two men from a small fishing-boat, which was being blown out to sea in a moderate off-shore gale and heavy sea, near the North Foreland.—Reward, 1l. 10s.

Nov. 8.—Voted the thanks of the Institution inscribed on vellum and 1l. to Mr. WILLIAM COLE, Coxswain Superintendent of the Dover Life-boat, in recognition of a gallant attempt to save the life of a comrade when their fishing-boat sunk off Dover in a strong S.W. wind and rough sea on the 12th October. Also voted 5l. to five men who put off in a boat and succeeded in saving Cole.

Nov. 8.—Nine men in the Margate private Life-boat saved two persons from the barge *Prima Donna*, wrecked on Whitaker Spit on 12th Oct.—Reward, 9l.

Nov. 8.—Voted the thanks of the Institution and 5l. to Captain ALBERT VROLYK, of the Tug *Lowestoft*, for gallantly taking his tug across the Newcome Sands and saving the lives of two pilots, whose boat was capsized in rough weather on the 14th Oct. Also 1l. each to the tug's crew of six hands.

Nov. 10.—Four men saved four persons from the sloop *Primus*, of Bergen, which stranded near Brighstone Grange in a leaking condition, in a strong N.E. breeze and moderate sea.—Reward, 2l.

Nov. 11.—Four men saved, at considerable risk to themselves, nine persons from the steam fishing-boat *Petunia*, of Grimsby, stranded about eight miles south of Withernsea, in a rough sea. The salvors' boat was damaged, and 2l. was allowed to cover the cost of the repairs.—Reward, 8l.

Nov. 16.—Three men put off in a small boat in the morning and saved four men who had gone off the previous day to the flat *Flatfish* off Rhos pier, and in the prevailing gale had lost their punt and were unable to regain safety.—Reward, 15s.

Nov. 22.—Three men saved, at moderate risk, a man who was being blown out to sea, off Deal, in half a W.S.W. gale and rough sea about 1 a.m.—Reward, 1l. 2s. 6d.

Nov. 24.—Two men saved two persons, who were overtaken by stormy weather after

having proceeded from Maryport to the wreck of the s.s. *Grayfield*, on Robin Rigg Bank.—Reward, 1l. 10s.

Dec. 13.—Voted the thanks of the Institution, inscribed on vellum, and the sum of 2l. each to Messrs. P. S. DOHERTY, P. O. DOHERTY, M. O. DOHERTY, J. S. DOHERTY, J. DOHERTY, JOHN HOUTON, T. McLAUGHLIN, H. M. COLGAN, and J. M. McKEENY for gallantly putting off in a boat, and at great personal risk rescuing two of the crew of six hands of the fishing-boat *Terrible*, of Portasantly, which foundered off Glengad Head, in a whole N.E. gale and very heavy sea, on the 7th November.

A similar vote and 2l. was also presented to Mr. WILLIAM FARRIN, one of the endangered men, for gallantly supporting one of his comrades on the above occasion, and thereby saving his life. The sum of 7s. 6d. was also awarded to the man who saw the accident and reported it.

Dec. 13.—Voted the thanks of the Institution inscribed on vellum and the sum of 1l. each, to Messrs. G. and E. LEY for gallantly saving two persons from the herring-boat *Lilly*, which foundered off Ilfracombe in a moderate N.W. gale and heavy sea, on the 4th December. The salvors were in a similar-sized boat to the *Lilly*, and incurred great risk in effecting the rescue.

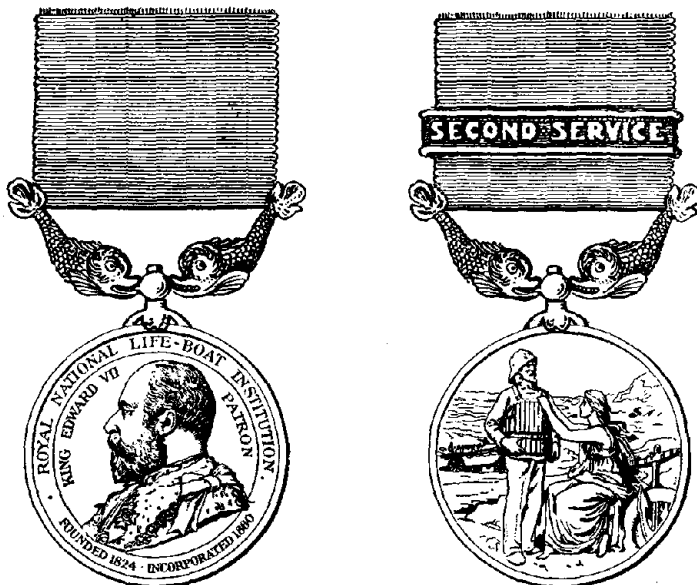

Dec. 13.—Ordered a letter of thanks to be sent to the Honorary Secretary of the Hayling Island Branch, and 1l. 17s. 6d. to six men, for their services in rescuing four persons, whose boat had stranded on the Woolsemer Sands, on the 2nd December.

Dec. 13.—Nine men promptly rescued two men whose boat, the *Sea Swallow*, was run down and sunk by a steamer in a dense fog about 9 p.m. on the 5th November, off Dublin.—Reward, 1l. 2s. 6d.

Dec. 13.—A man rescued a boy whose boat was being driven out to sea off Portrush, in a strong ebb tide, on the 2nd September.—Reward, 5s.

Dec. 13.—Four men saved four persons from the Ketch *Hull*, of London, which stranded on the Knock Sands, near Southend-on-Sea, and became a total wreck on the 16th November.—Reward, 1l. 10s.

THE  
**MEDAL OF THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,**  
 FOR THE PRESERVATION OF LIFE FROM SHIPWRECK.

*Obverse.*—Bust of His Majesty KING EDWARD VII. Double Legend: "Royal National Life-boat Institution. Founded in 1824. Incorporated 1860. King Edward VII. Patron."

*Reverse.*—Figure of Hope assisting Coxswain-Superintendent of Life-boat to buckle on his life-belt, and wishing him and his crew "God speed." Life-boat manned in distance ready to launch, and awaiting the instructions of the Coxswain-Superintendent. "G. W. de Saulies."

The colour of the ribbon (which is corded silk) attached to the medal is blue.

The following is a List of the GOLD and SILVER MEDALS which have been voted by the Committee of Management of the Institution since its establishment on the 4th March, 1824 to the 31st Dec., 1906, to persons whose humane and intrepid exertions in saving Life from Shipwreck on our Coasts, etc., have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution. The total number of Medals and Clasps granted by the Institution is 1,331, of which 99 were in Gold, and 1,232 in Silver.

*Note.*—The asterisk (\*) after the name denotes the reception of a Gold Medal or Clasp. The figure after the name signifies the number of honorary distinctions received from the Institution. Abbreviations.—C.G.—Coast Guard. R.C.—Revenue Cruiser. M.M.—Master Mariner.

## THE LIFE-BOAT STATION.

THE following brief description and diagrams illustrative of a complete Life-boat Establishment, including the House for the protection of the boat, will serve to convey an idea of the general character of one of the 280 Life-boat Stations of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

It will be seen that it is a work of a costly nature, and that not only in the first instance, but that a large permanent expense is entailed in keeping the whole machinery in an efficient state, in the re-supply of any part of it which may be destroyed or worn out, in the exercise of the boats' crews, in launching and working the boats and in remunerating them for their services in saving their fellow-creatures. Yet, looking to the vast importance of the result effected and the responsibility of calling on men to risk their lives in effecting the same, it is felt that few if any persons will be found who will consider that expense to be incurred in vain.

### THE LIFE-BOAT.

*(See Diagrams on following pages.)*

The following drawings show the general outline and principal fittings of the different types of Life-boats used in the Institution's service. Figure 1 gives the profile or broadside view. Fig. 2 the "plan" or deck view. Fig. 3 the "body plan," showing the form of transverse vertical sections at regular intervals in the length; and Fig. 4 the "midship section." The festooned lines on the Fig. 1 profile views represent outside lifelines for men in the water to catch hold. The blackened portion of the keel indicates "iron keel" ballast in distinction from "water ballast" carried in "tanks" or compartments provided in the hold for the purpose, and admitting of being taken in or pumped out at pleasure; both "iron" and "water ballast" are variable and optional in the several boats according to the special circumstances of the different stations and wishes of the coxswains and

crews. Water shipped on deck by seas breaking over the boat and otherwise is automatically freed through the holes in the deck and bottom of boat, connected by large pipes called "relieving tubes" having valves called "relieving valves" fitted at the deck, which pass water downwards but not upwards. Some boats, such as the "Norfolk and Suffolk" type, have also freeing scuppers in the sides of boat above deck for the same purpose. Enclosed compartments are automatically ventilated by specially designed valves and pipes. A large proportion of the boats have "centre boards" or "drop-keels" of variable size and weight, which can be used at pleasure and materially add to their weather qualities.

## THE LIFE-BOAT TRANSPORTING-CARRIAGE.

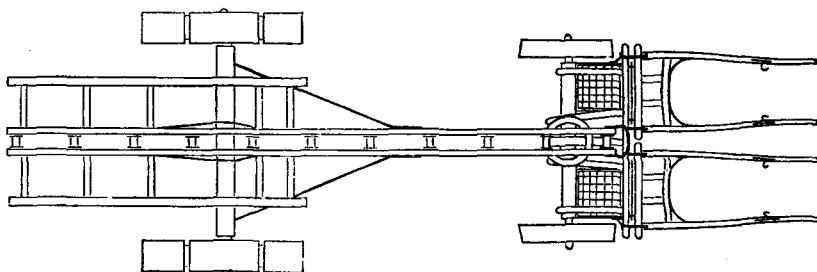

The Life-boat transporting-carriage is a very important auxiliary to the boat. Nearly every Life-boat, except a few of the larger sizes, is provided with a carriage, on which she is kept in the boat-house ready for immediate transportation to the most favourable position for launching to a wreck. A Life-boat is thus made available for a greater extent of coast than she otherwise would be. In addition to its ordinary use, a carriage is of immense service in launching a boat from a flat beach; while "Tipping's plates," with which the main wheels are sometimes clad, greatly facilitate the transport of the boat over the long stretches of soft sand which have to be traversed before deep enough water is reached to float the boat.

The carriage consists of a fore and main body. The latter is formed of a keelway, and of bilgeways attached to it, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristics are that while for launching it forms an inclined plane, down which the boat can be launched off the rear end, it can also be used for replacing the boat, the inclined plane being reversed by removing the fore-carriage.

A very full equipment of stores is supplied to the Life-boats of the Institution—such as life-belts, anchors and cables, grapnels and lines, life-buoys, lanterns, rockets, and many other articles, together with portable or launching-skids.

## THE LIFE-BOAT HOUSE.

The boats of the **ROYAL NATIONAL LIFE-BOAT INSTITUTION** and all belonging to them are kept in roomy and substantial boat-houses, under lock and key, in charge of paid coxswains, under the general superintendence of local honorary committees of residents in the several localities. Each boat has its appointed coxswain at a salary of 8*l.* and an assistant at 2*l.* a year, with further allowances in special circumstances. The crew consists, in addition, of a bowman who is paid 30*s.* a year, and as many boatmen as the boat pulls oars. A signalman is also appointed who receives a retaining fee of 1*l.* per annum and payment as a helper each time he is on duty. The members of the volunteer crews are usually registered and wherever practicable at least double the number of men required are entered on the register. Such men are mostly resident boatmen, fishermen or coastguardmen. On every occasion of going afloat to save life the coxswains and each of the crew receive alike from the funds of the Institution (whether successful or not) 10*s.*, if by day, and 1*l.*, if by night; and usually 4*s.* each for every time of going afloat for exercise. These payments are increased by *one half* during the six months of each year beginning the 1st October and ending the 31st March. The Institution also grants retiring allowances to coxswains, bowmen and signalmen of good behaviour and long service. It should be specially noted that the Life-boat crews, excepting when remunerated by the owners of vessels for property salvage service, are paid by the Institution for their efforts, *whether successful or not*, in saving life.

A reward of 7*s.* is given to the man who first brings intelligence of a wreck in such a position as not to be in sight of a coastguard man on duty or other responsible look-out man.

On boarding wrecks the preservation of life is the sole consideration. Should any goods or merchandise be brought into the Life-boat contrary to the coxswain's orders he is authorised to throw them overboard.

The formation of a Life-boat Station costs at least 2,000*l.*, and the Annual Expense of maintaining it is about 125*l.*—in many instances much more.

Such is a brief summary of the more important Regulations under which the Life-boats are worked. How faithfully and with what result they are carried out let the journals of each Life-boat Station and the annals of the Institution tell.

The **ROYAL NATIONAL LIFE-BOAT INSTITUTION** has now 280 Life-boats under its charge. Nearly all of these have been specially presented to it, and they save every year hundreds of shipwrecked persons. Altogether, the Institution has—since its establishment on the 4th March, 1824—granted rewards for the saving of 46,189 lives, either by its Life-boats or by other means.

Despite however this fleet of 280 Life-boats and of 17 others locally provided or otherwise supported, and despite the numerous rocket apparatus stations on our coast, there remains the melancholy fact that about 500 lives are lost annually on or near the coasts of the United Kingdom alone, as shown by the Board of Trade Returns, proclaiming solemnly though silently that for humanity's sake and for the national credit, no exertions should be spared in providing every possible means for the conveyance of succour to the shipwrecked.

The Institution needs about 100,000*l.* per annum to maintain its great Life-saving Fleet; and the Committee feel assured that it will never lack it so long as it maintains its boats in the state of thorough efficiency that they are in at the present time, and manned as they are on every emergency by as fearless and noble a class of men as ever Nelson or Collingwood led to battle to uphold our country's honour and glory.

# ROYAL NATIONAL LIFE-BOAT INSTITUTION.

Incorporated by Royal Charter. Supported Solely by Voluntary Contributions.

Patron—His Most Gracious Majesty the King.

*President*—H.R.H. THE PRINCE OF WALES, K.G.

*Chairman*—SIR EDWARD BIRKBECK, Bart., V.P.

*Deputy Chairman*—COLONEL FITZROY CLAYTON, V.P.

*Secretary*—CHARLES DIBDIN, Esq., F.R.G.S.

## APPEAL.

THE Committee of Management of the Royal National Life-boat Institution earnestly appeal to the British Public for Funds to enable them to maintain their **280 Life-boats now on the Coast and their Crews** in the most perfect state of efficiency. This can only be effected by a large and permanent annual income. The Annual Subscriptions, Donations, and Dividends are quite inadequate for the purpose. The Committee are confident that in their endeavour to provide the brave Life-boatmen, who nobly hazard their lives in order that they may save others, with the best possible means for carrying on their great work, they will meet with the entire approval of the people of this the greatest maritime country in the world, and that their appeal will not be made in vain, so that the scope and efficiency of our great life-saving service, of which the Nation has always been so proud, may not have to be curtailed.

The Institution granted rewards for the saving of **772** lives in 1906, namely, 595 by the Life-boats, and 177 by fishing and other boats. Total of lives saved, for which rewards have been granted, from the Establishment of the Institution in 1824 to 31st December, 1906, **46,189**.

It should be specially noted that the Life-boat Crews, excepting when remunerated by the owners of vessels for property salvage service, are paid by the Institution for their efforts, *whether successful or not*, in saving life.

Annual Subscriptions and Donations will be thankfully received by the Secretary, Charles Dibdin, Esq., at the Institution, 20, Charing Cross Road, London, W.C.; by the Bankers of the Institution, Messrs. Coutts and Co., 440, Strand, London, W.C.; by all the other Bankers in the United Kingdom; and by all the Life-boat Branches.
