OR

## JOURNAL OF THE NATIONAL LIFE-BOAT INSTITUTION.

VOL. VI.—No. 60.]

APRIL 2ND, 1866.

[PRICE 1s.  
ISSUED QUARTERLY.]

AT the ANNUAL GENERAL MEETING of the ROYAL NATIONAL LIFE-BOAT INSTITUTION, held at the London Tavern on Tuesday the 13th of March, 1866, the Right Hon. EARL PERCY, P.C., in the Chair, the following Report of the Committee was read by the Secretary :—

### ANNUAL REPORT.

AT the conclusion of one of the most stormy seasons on record, the Committee of the NATIONAL LIFE-BOAT INSTITUTION once again invite public attention to the results of their labours during the year that is past—again they desire gratefully to acknowledge the blessing which Divine Providence has bestowed on their endeavours to rescue human beings from death by shipwreck—and again they have to thank all those benevolent persons who, during the past year, have extended to the Institution their kind and generous support.

At no time, indeed, have the Committee felt greater need of the encouragement and aid of their fellow-countrymen, or a deeper sense of the responsibility involved by the important work which they have undertaken to pursue on the Coasts of the United Kingdom.

As in late previous years, the most noticeable feature in the history of the Institution during the past twelve months is the large number of splendid gifts of the entire cost of new life-boats presented by individuals or by inland towns, that have desired to show their sympathy with the

cast-away mariner on our shores, and to take some share in the work of affording him help in the hour of his need.

The Committee have likewise pleasure in noticing the circumstance of the formation of a society similar to our own on the shores of France—"La Société Centrale de Sauvetage des Naufrages," with the gallant Admiral RIGAULT DE GENOUILLY acting as its President, and which body already possesses no less than eleven life-boats on the self-righting principle, all of which have been built by Messrs. FORRETT and SON, under the direct superintendence of this Institution.

In common with the generality of the British public, the Committee have to regret the loss sustained by the community at large by the death of their late colleague Vice-Admiral FITZ-ROY, F.R.S., whose laborious and zealous exertions, in the Meteorological Office of the Board of Trade, so greatly contributed to the benefit of the shipping community by the establishment and practical working of the system of "International Meteorologic Telegraphy;" by which the approach and direction of storms were foreseen and made known, with considerable accuracy, to all the principal seaports of these islands.

The details of the year's proceedings may be stated as follows, under the usual headings:—

*Life-boats.*—The large number of thirty-seven new life-boats have been built, and most of them already placed on the coasts of the United Kingdom. Of these, nineteen

have been provided to new stations, seventeen have replaced worn-out, decayed, or unsuitable boats, and one was sent to the Lizard Station, where the previous boat had been knocked to pieces on the rocks. The stations to which these boats have been sent, or are about to be sent, are as follows:—

Boat-houses and transporting-carriages have been likewise provided for nearly the whole of the above boats.

The Life-boats of the Institution now number no less than one hundred and sixty-two. Through their direct instrumentality, *five hundred and thirty-two* lives have been saved during the past year, nearly all of them under circumstances when no other description of boat could with safety have been used. They have likewise been the means of saving twenty vessels, and on eighty-five other occasions have proceeded to the assistance of vessels showing signals of distress, or being in apparent danger, but which did not ultimately need their aid. For these services, and for the saving of one hundred and eighty-two lives by shore-boats and other means, the Institution has granted rewards amounting to 1,790*l.*

Whilst expressing their thankfulness for this glorious harvest of human lives which has been the reward of their exertions, and whilst feeling doubly grateful and thankful that it has been gathered in without the loss of a single life to those brave men who have voluntarily risked their own lives at the

Institution's call, the Committee yet deeply regret having to report that at the beginning of this year three men were lost from the crew of the small life-boat stationed at the Lizard Point, in Cornwall, by the upsetting of their boat, when performing the quarterly practice—a service which has been found indispensable to give the crews of the life-boats a practical knowledge of their properties and requisite management, and to maintain them in a general state of efficiency. This unfortunate accident was, it is feared, caused by the imprudence of the coxswain, who unhappily perished on the occasion; but the Committee feel that accidents must be expected sometimes to occur; and they have been forcibly reminded by this calamity that, although they provide those who man the boats with every known means of safety, yet that the work in which they are called on to engage must ever be one of more or less peril, and that it therefore entitles the brave and hardy men who engage in it to the credit and praise which have ever been awarded to those who have exposed themselves to danger for the benefit of others, or for the public weal.

As illustrative of that danger, and of that courage and determination which can overcome it, the Committee cannot refrain from referring to the case of the *St. Ives* life-boat, the crew of which, when endeavouring to save the lives of those on board a French schooner on Hayle Bar in October last, although their boat was twice upset and they themselves thrown into the sea, yet twice regained her, and nobly persevered in their efforts until all but one of the French crew were in their boat, that one having perished in attempting to reach her.

*Shipwrecks and Loss of Life.*—As usual, shipwrecks have been during the past year very numerous on the coasts and in the seas of the British Isles. It appears from the Wreck Register of the Board of Trade that they amounted to 1,738, at-

tended with the loss unhappily of 472 persons.

It is, however, an encouraging fact that the preservation of life from shipwreck continues steadily to make progress, and that the average loss, instead of being as in former years 1,000 per annum, is now not more than 600.

With regard to the operations of the Institution in this very important duty, the fact that the large number of 532 lives\* have been saved in 1865, exclusively by its life-boats, bears ample testimony to the activity and success with which these services have been performed.

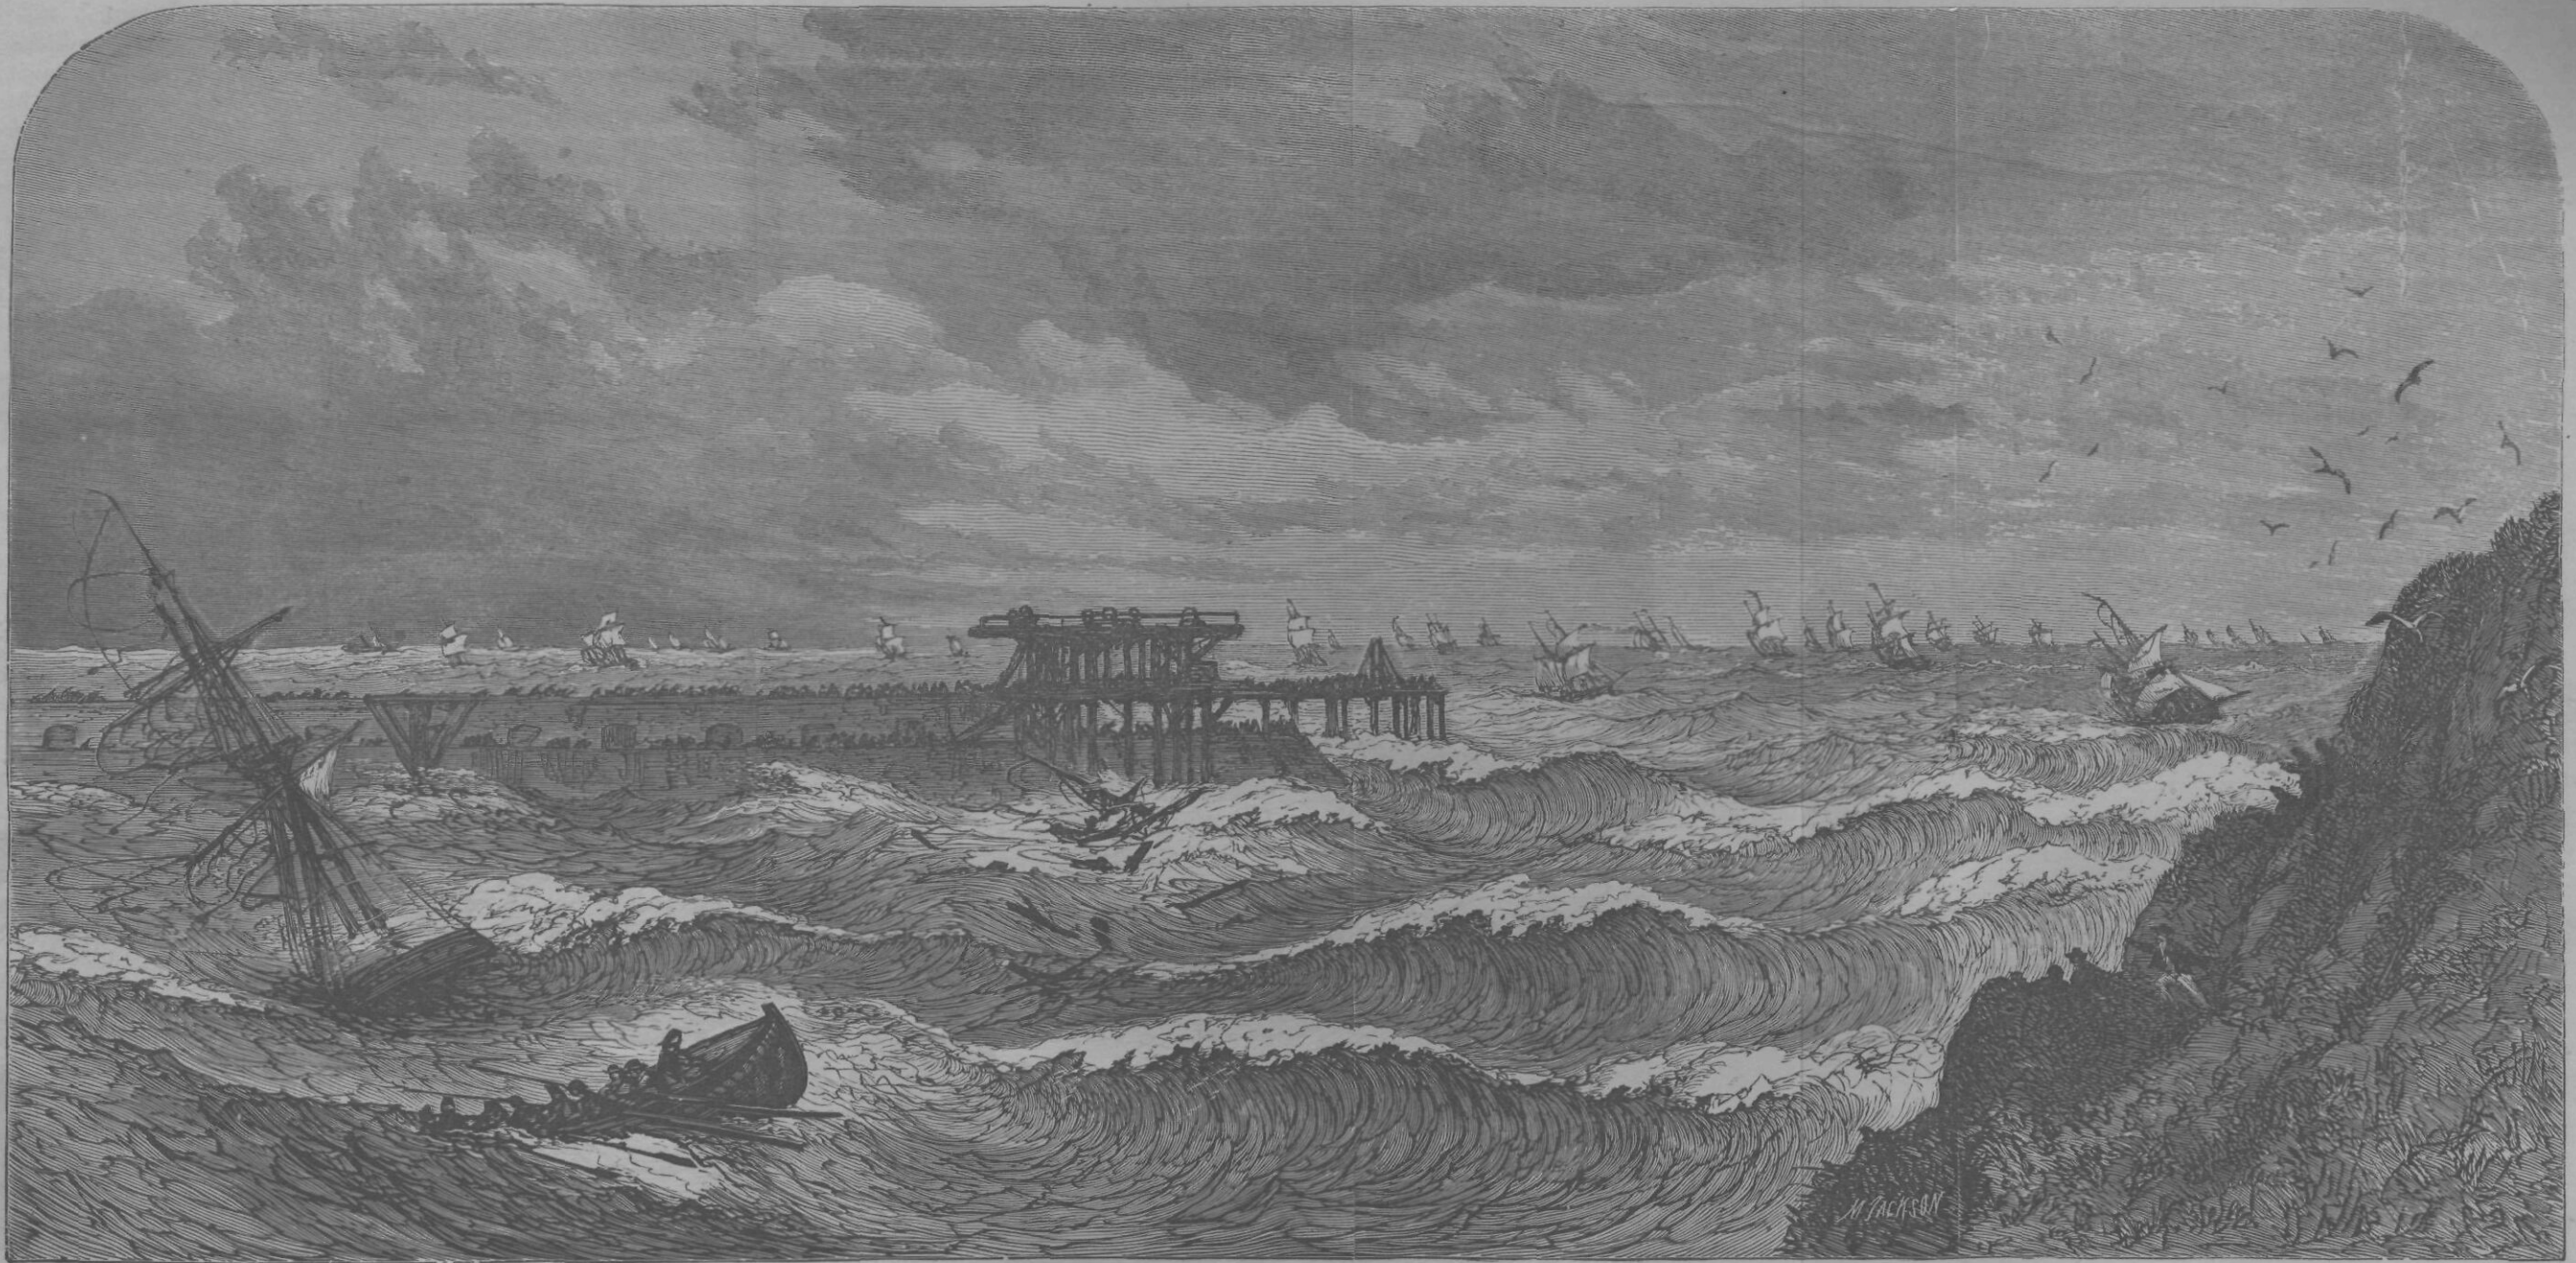

Again, 182 lives have been saved in the same period by fishing-boats and other means, a result due, in a large measure, to the encouragement the Institution gives to their crews to put forth their utmost efforts to save human life.

THE LIFE-BEAT SERVICE OFF THE TYNE, NORTHUMBERLAND.

[From the "Illustrated London News."]

This large number of 714 lives is entirely independent of the 180 lives saved by the rocket apparatus, which is worked by the Coastguard, and provided by the Board of Trade, who continue to co-operate heartily and zealously with the NATIONAL LIFE-BOAT INSTITUTION.

Altogether nearly 4,000 lives were saved last year from various shipwrecks in the seas and on the coasts of the British Isles by life-boats, the rocket apparatus, and various other appliances, such as steamers, ships' boats, fishing and shore boats, &c.

The Committee cannot abstain from expressing their deep sorrow at the calamitous loss of life from the foundering of the iron steamship *London*, in the Bay of Biscay, during a fearful storm on the 11th of January last. Like the wreck of the *Royal Charter*, in November 1859, when no less than 455 of her crew and passengers perished—the destruction of the ship *London*, with the loss of the brave Capt. Martin and the 220 people under his charge—has caused woe and lamentation in many a home in these lands.

“On the other hand,” as the *Times* so eloquently remarked at the time, “there is one consolatory reflection, and one only, suggested by the sad records of the frightful disaster of the steam-ship *London*. If we are tempted to feel that man, with all his boasted triumphs over the forces of nature, is still but the sport of the elements when they put forth their full strength against him, we may find comfort in dwelling on the courage which, inspired by a sense of duty, raises even men of ordinary mould to the moral level of heroes and martyrs. Could a history be written of all the services rendered by the life-boats of the NATIONAL LIFE-BOAT INSTITUTION, it would contain more golden deeds than Plutarch and his successors ever culled from the annals of war.”

The total number of lives saved during the forty-two years from the establishment of the Institution in 1824, to the end of the year 1865, either by its life-boats, or by special exertions for which it has granted rewards, is as follows:—

Let any one think of the large number of human beings thus rescued, in numerous instances, from the very jaws of death, as in the service so nobly and perseveringly performed by the St. Ives life-boat before referred to; and let him think, on the other hand, of the fearful calamities that have overtaken the unhappy crews and passengers of the ships *London*, *Royal Charter*, and others, and he will then have some conception of the gratitude which British and foreign sailors, who are constantly exposed to such calamities, express to the NATIONAL LIFE-BOAT INSTITUTION and its supporters, for the magnificent fleet of life-boats provided on our shores for their succour in the hour of their deep distress. And here it may be mentioned that the life-boats of the Institution have, during the past four years, been manned on occasions of service and quarterly practice by about 26,550 persons, and that out of that large number only six have lost their lives.

*Rewards.*—In the Appendix will be found a summary of the cases in which honorary and other rewards have been voted. During the past year 9 Silver Medals, 27 Votes of Thanks inscribed on vellum and parchment, and 1,790*l.* have been granted for saving the lives of 714 persons by life-boats, shore and fishing-boats, and other means, on the coasts and outlying banks of the United Kingdom.

In reference to these grants, the Committee continue to devote the most assiduous attention to this important and interesting part of their duties. Each case is previously carefully inquired into, through the instrumentality of the Officers of Coast-guard and Customs, the local Honorary Secretaries of the several Branches of the Institution, or other responsible persons; and afterwards thoroughly sifted and considered by a Sub-Committee, previous to its being considered by the General Committee.

Our boatmen and fishermen, all over the coast, know now that their exertions in saving life from shipwreck are promptly and liberally rewarded by the NATIONAL LIFE-BOAT INSTITUTION, in proportion to the risk and exposure incurred in the service; and in this way a spirit of emulation and activity is fostered and encouraged on the coasts of the British Isles, productive of the best results to the shipwrecked sailor.

In this important work the Committee have continued to receive the prompt and cordial co-operation of their active colleague, Commodore A. P. RYDER, R.N., Contoller-General; also of Capt. J. W. TABLETON, R. N., C. B., Deputy-Contoller-General, and of the Officers and men of the Coastguard Service, to whom the best thanks of the Institution are hereby tendered.

Since the formation of the Society it has expended on life-boat establishments 136,881*l.*, and has voted 82 Gold and 759 Silver Medals for saving life, and pecuniary rewards to the amount of 22,140*l.*

*Local Committees.*—The Committee acknowledge again the cordial co-operation of the Local Branch Committees, which constitute so important a portion of the machinery for the supervision of the several life-boat establishments of the Institution. They have also to express their acknowledgments of the valuable and gratuitous services of the zealous Honorary Secretaries of those Committees who conduct the correspondence with the central managing body in London.

*Finances.*—The total amount of receipts during the year 1865 has been 28,932*l.*

3*s.* 3*d.*; and the Committee are grateful to be able again to announce, that of this sum no less than 9,254*l.* 6*s.* 7*d.* were special gifts to defray the cost of the following 23 life-boats:—

During the past year 16,259*l.* 2*s.* 11*d.* were expended on additional life-boats, transporting-carriages, boat-houses, and necessary gear; 5,478*l.* 9*s.* 11*d.* on the expenses of repairs, painting, refitting, &c.; and 4,986*l.* 1*s.* 7*d.* in rewards for services to shipwrecked crews, coxswains' salaries, and quarterly practice of the boats' crews; making altogether, including liabilities amounting to 8,249*l.* 2*s.* 10*d.* for Life-boat Stations now in course of formation, and other expenses, a total of 36,725*l.* 17*s.* 4*d.*

For a considerable saving in the item of transport to their stations, of new life-boats and carriages, the Committee have again to express their thanks to the several Railway and Steam Packet Companies, who have most liberally conveyed them to all parts of the United Kingdom, free of charge.

The items of receipt and expenditure are detailed in the financial statement annexed to this Report.

For a long period, the Committee have had the satisfaction to report that, year by year, the sphere of the operations of the Institution has continued to extend, and they are happy to be in a position also to state that the public support has fully corresponded with the extension of those labours.

The Committee would, however, strongly urge on all who recognise the sacredness of human life, the duty and even the privilege to help forward the life-boat work—a work which has hitherto been manifestly blessed by Providence, and which has brought relief to many thousands of men who, instead of being on this very day valuable members of the community, would have been long ago engulfed in the raging waves of the tempest, leaving in many cases widows and orphans to suffer not only the misery of bereavement, but the pangs of destitution.

LIST OF THE REWARDS

FOR SAVING LIFE FROM WRECKS,

VOTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION,

TO THE CREWS OF ITS LIFE-BOATS, TO SHORE AND FISHING-BOATS' CREWS, AND OTHER PERSONS,

FROM THE 1ST JANUARY TO THE 31ST DECEMBER, 1865.

Jan. 3, 1865.—The brig *Steffaria*, of Palermo, was observed with signals of distress flying, in a very dangerous position, during thick weather off Tramore, on the Irish coast. The life-boat of the Institution at that place immediately put off and saved the vessel and her crew of 12 men from destruction.—Expense of service, 12l. 14s.

Jan. 5.—Voted the Silver Medal of the Institution, and a Copy of its Vote on Parchment, to Mr. ANDREW LUST, farmer, and 1l. each to five other men, in testimony of their gallant and persevering exertions in attempting to save, at much risk of life, the crew of the schooner *Havelock*, of Preston, which was wrecked, with the loss of all hands, off Raeberry, near Kirkcudbright, during a heavy gale of wind. One of the men on shore, named PETER MCGUIN, unhappily lost his

own life in his gallant endeavours to save those of his fellow-creatures. The Institution voted 10l. in aid of a local subscription for his widow.

Also 6l. to the crew of the smack *Breeze*, of Tenby, for going off and saving the crew of 7 men from the brig *Union*, of Milford, which was totally wrecked, during a heavy gale of wind, in Caldy Roads, Tenby.

Also 3l. 10s. to the crew of 7 men of a dredge-boat for rescuing the crew of 5 men from the schooner *Lydney Trader*, of Youghal, which was also totally wrecked in the Caldy Roads.

Also 3l. 10s. to the crew of the steam-tug *Rainbow*, of Lowestoft, for saving the crews, consisting of 16 men, from the brigs *Mary Ann* and *Curlew*, of North and South Shields, which foundered during a gale of wind in Pakefield Gat.

Also 6*l.* to the crew of 6 men of a fishing-coble, for putting off and saving, at much risk of life, the crew of 4 men from the schooner *Euphemia*, of Aberdeen, which was wrecked during a heavy gale of wind near Fifeness, on the 17th November last.

Jan. 5.—Also 1*l.* 15*s.* to 3 men for putting off in a fishing-coble and saving the master of the schooner *Strand*, of North Berwick, which was wrecked, during stormy weather, 5 miles east of Dunbar, N.B.

Jan. 14.—The schooner *Henry Holman*, of Plymouth, was observed during a furious storm in a perilous position off Holyhead. The life-boat on that station was at once despatched to her assistance, and succeeded in saving the vessel and her crew of 8 men. After 4 of the life-boatmen had boarded the vessel and had taken her to a place of safety, the life-boat was returning to the shore thus shorthanded, when the gale increased to a hurricane, and broke the clamp of her mainmast, which caused the mast to hang over to leeward, and the boat to fall off the wind, when she suddenly upset, from the joint action of the wind and sea, and the weight of the men on her lee side getting in the mast and sail. The life-boat immediately self-righted, her coxswain going round inside her, and 6 of her crew immediately again getting into her. The remaining 4 were carried away by the sea, and 3 of them were picked up, at great risk, by the steam-tug *Constitution*, of Liverpool; but the fourth man, named WILLIAM HUGHES, unhappily perished from exhaustion.—Voted 17*l.* 17*s.* to the life-boat's crew, and a gratuity of 40*l.* to the poor man's widow and 3 young children. Also the Thanks of the Institution, inscribed on Vellum, to Mr. EDWARD EVANS, master of the steam-tug, and 4*l.* to his crew, for their humane and skilful conduct on the occasion. The owners of the schooner had awarded the crew of the life-boat 190*l.* for their valuable services in saving their vessel from destruction.

Jan. 14.—The schooner *Thomas*, of Liverpool, was totally wrecked on the Dogger Bank, near Wexford, during a heavy gale of wind. The Ross-lare life-boat went out and saved the crew of 4 men and a pilot.—Expense of service, 8*l.* 7*s.* 6*d.*

Jan. 15.—The Spanish brig *Juanito*, of Bilbao, was totally wrecked, during a heavy gale of wind, five miles north of Bude. Mr. WILLIAM MAYNARD, master-mariner, THOMAS BATE, coxswain of the Bude Haven life-boat, and 2 other men, gallantly waded into the surf, at considerable risk, and assisted in saving 10 of the vessel's crew. The remainder of the men were saved by means of the rocket apparatus under the management of Mr. WILLIAM SIMPSON, chief officer of the Coastguard.—Voted the Thanks of the Institution inscribed on Vellum, to Mr. MAYNARD and to THOMAS BATE, with 1*l.* to the latter, and 2*l.* to the other two men. The Thanks of the Institution were also given to Mr. SIMPSON for his valuable services.

[We may add that the QUEEN OF SPAIN has ordered the Spanish Gold Medal of Honour to be also presented to BATE for his intrepid services on this occasion.]

Jan. 24.—The brig *Elizabeth*, of Shields, was observed in distress off Southwold, Suffolk, during stormy weather. The Southwold life-boat went off, and, on arriving alongside, found 7 feet of water in the vessel's hold. Ultimately, the life-boat fortunately succeeded in bringing the brig and her crew of 7 men to a port of safety.

Jan. 25.—The schooner *Deptford Packet*, of Kirkcaldy, was wrecked during stormy weather on the Cramstone Rock, North Sunderland. A fishing-boat put off and rescued the vessel's crew of 3 men.—Reward, 1*l.*

Jan. 26.—The schooner *Wave*, of London, was wrecked during a gale of wind off Winterton. A fishing-yawl put off and saved the crew of 4 men.—Reward, 8*l.*

Jan. 26.—The sloop *Elizabeth Cecilia*, of Carmarthen, was wrecked during squally weather off Milford, and 2 men put off in a shore-boat and rescued 2 of the vessel's crew.—Reward, 1*l.*

Jan. 29.—The Ballycotton life-boat put off during a gale of wind, in reply to signals of distress, and assisted to save from destruction the brig *Hants*, of Odessa.

Jan. 29.—The French lugger *La Marie François Le Père Samson* was seen with signals of distress flying on a lee shore, in St. Austell Bay. The Fowey life-boat was at once launched, and succeeded in saving from destruction both the vessel and her crew of 4 men. There was a gale of wind blowing at the time, and a very heavy sea running.

Jan. 29.—The schooner *Jane and Agnes*, of Douglas, was wrecked off that place during a very heavy gale of wind. Mr. JOHN QUINE, officer of H.M. Customs, waded into the surf and assisted to save 4 of the crew.—Reward, 10*s.*

Jan. 30.—The barque *Stirlingshire* was totally wrecked during a heavy gale of wind on the Tuskar Rock, near Wexford. Eight of the crew took to one of the boats and were assisted ashore by some fishermen wading into the surf.—Reward to salvors, 2*l.*

Jan. 31.—The *Susan*, of Dublin, was totally wrecked, during a strong gale of wind, in Dundrum Bay. The Newcastle life-boat went off and brought the crew of 4 men safely ashore.—Expense of service, 15*l.* 19*s.*

Feb. 2.—Voted the Silver Medal of the Institution to Capt. T. H. FELLOWES, R.N., Inspecting-Commander of the Coastguard at Penzance, and 18*l.* 5*s.*, to pay the expenses of the life-boat at that place, in going off and rescuing the crew of 8 men from the brig *Willie Ridley*, of Plymouth, which was in distress during stormy weather and a very heavy sea on the 29th Jan. Capt. FELLOWES and the crew of the life-boat behaved most gallantly on the occasion.

Also the Silver Medal of the Institution to Major F. W. FESTING, of the Royal Marine Artillery, in admiration of his intrepid conduct in putting off in an open boat with 12 fishermen, and rescuing 3 of the crew of the schooner *Ocean*, of Plymouth, which was wrecked during a heavy gale of wind on the Woolsiner Shoal, near Hayling Island, on the 14th Jan. The vessel was driven inshore, and embayed by the force of the wind and heavy seas, and in attempting to tack when close in upon the shoals, her heel caught the outer edge of the shoal and caused her to miss stays. The crew let go both anchors immediately; but the vessel bumped heavily on the shoal and filled, the crew being driven to the rigging for safety. The fishermen on shore launched their boat as quickly as possible, Major FESTING taking the helm, and after waiting some little time to allow the ebb-tide to run out at its greatest strength, the boat's head was laid for the schooner, and the men bent lustily to their oars. It was a matter of life and death to all those in the boat, as it was to the expectant men in the unfortunate schooner's rigging; and when the boat got at length fairly in among the breakers and close to the vessel, a minute, or may be longer, passed, during which the watchers on shore thought all had gone together—the boat, vessel, and their crews—all being hid in the blinding gray whirl that sprang up from the broken water. Immediately afterwards, however, the cutter, with her gallant crew, was seen leaving the wreck, and in a few minutes more

she was high and dry on Hayling Island Beach, with the master, mate, and one man—part of the schooner's crew—safe on board. The remainder of the crew, one man and a boy, were washed overboard and drowned before help could reach them. The fishermen who so nobly assisted Major FERRIS on this occasion had received a large sum from a local subscription for their gallant services.

Also 3*l.* 10*s.* to the crew of a Coastguard life-boat for rescuing 6 of the crew of another boat of the same class, which had been completely submerged, during a very heavy gale of wind, off Valentia, Co. Kerry.

Also 10*l.* 6*s.* 6*d.* to pay the expenses of the life-boats at Rosslare, New Brighton, Middlesborough, Walmer, New Quay, St. Ives, Ardmore, Rye, Arklow, Cahore, and St. Andrew's, in either assembling or putting off with the view of saving the crews of various vessels which were observed in perilous positions, with signals of distress flying during the gales of January.

Feb. 4.—The schooner *Artemas* was wrecked, during a heavy gale of wind, on the Newcome Sands, off Lowestoft, during a gale of wind. A fishing-boat put off and rescued the crew of 6 men.—Reward, 7*l.* 10*s.*

Feb. 4.—The smack *Leader*, of Harwich, was stranded in a heavy sea off Thorpeness. The Ipswich life-boat, stationed at Thorpeness, put off and rescued one of the crew.—Expense of service, 14*l.* 5*s.*

Feb. 7.—The barque *Lexington*, of Nassau, struck about midnight on the Salthouse Sandbank, on the Lancashire coast, during thick weather. Signals of distress were heard from the shore, and the Blackpool life-boat immediately put off to the rescue. On arriving alongside, the captain of the vessel gave his crew leave to abandon the ship, but said that he himself would stick to her while a plank remained, if the life-boat would stay by her. The crew of the boat therefore undertook to remain by the barque, whose crew, thereupon, also kept by their vessel, and ultimately, on the weather moderating, by using very great exertions, the ship was got off the bank, and finally taken into Liverpool in tow of a steam-tug. The captain of the *Lexington* heartily thanked the life-boatmen for their services, and his crew of 14 men cheered them when their vessel was got off the sandbank. The boat was away 28 hours, and the crew looked much worn when they came ashore. The vessel's cargo of cotton was valued at 80,000*l.* For these important services the life-boat's crew received from the owners of the barque the large sum of 30*l.*! The Southport and Lytham life-boats, belonging to the National Institution, also went off to the stranded vessel, but finding the Blackpool life-boat already there, they returned to the shore. Expense of service, 17*l.* 18*s.*; 15*l.* were also voted to pay the expenses of the Southport and Lytham life-boats.

Feb. 8.—The *Mary Hartley* life-boat, stationed at Broughty Ferry, Dundee, put off during a strong easterly wind, in reply to signals of distress, and saved, in conjunction with a steam-tug, from a very perilous position, the Norwegian schooner, *Anga*, and her crew of 4 men.—Expense of service, 7*l.* 10*s.*

wreck. Immediately the shipwrecked men were taken off by the life-boat, the vessel completely broke up.—Expense of service, 8*l.* 7*s.* 6*d.*

Feb. 20.—The yawl *Matchless*, of Newhaven, was observed in distress off North Berwick. The life-boat at the latter place put off and brought in the boat and crew of 3 men. The poor fellows were almost perished with cold and hunger, having been exposed in their small boat for 28 hours.—Expense of service, 6*l.* 2*s.*

Feb. 21.—The steam-tug *Imperial*, of Lowestoft, went out of harbour, during a gale and snow-storm, with the view of towing out the life-boat from that place to the rescue of a shipwrecked crew.—Reward, 11*l.* 5*s.*

Oct. 17.—The sloop *Robert Hood*, of Newcastle-on-Tyne, foundered during stormy weather off Newbiggin. The life-boat at that place put off and succeeded in rescuing the crew of 2 men.—Expense of service, 11*l*. 15*s*.

Oct. 25.—As the Caister beachmen were making for their station in their new life-boat (the Birmingham, No. 2, the *James Pearce*), which they had brought from Great Yarmouth, they observed the schooner *Maria*, of Hull, with signals of distress hoisted, just northward of the North Pier. They immediately altered their course and made for the ship, which they succeeded in reaching, saving 3 men, and then bringing the vessel to a port of safety. The vessel had missed stays, and was close to the West Scroby Sand. The weather was very thick and squally at the time.—Expense of service, 15*l*. This first service of the new life-boat gave much satisfaction to those of Birmingham who had come to Yarmouth to witness the launch of the boat.

Oct. 26.—The brig *Anne and Mary*, of North Shields, was observed to strike on the Steel Rock, off Whitburn, during a gale of wind. The Whitburn life-boat put off and brought safely ashore

the vessel's crew of 9 men.—Expense of service, 15*l*. 5*s*.

Oct. 26.—The Brighton life-boat put off and rendered important services to the barque *Ringdove*, of Poole, which was observed riding heavily at anchor in a dangerous position off Brighton, during a heavy gale of wind.—Expense of service, 12*l*. 10*s*.

Oct. 28.—The brig *Reaper*, of Scarborough, was stranded during a gale of wind from the north, on the Nailor Rock, off Margate. The life-boat at that place went off and rescued the vessel's crew of 9 men.—Expense of service, 10*l*. 12*s*. 6*d*.

Oct. 28.—The schooner *Earl Zetland*, of Amlwch, was observed to go ashore on the Great Burbo Bank, Liverpool, during a heavy gale from the north. The New Brighton life-boat was soon launched, and succeeded in bringing the vessel and her crew of 5 men to a place of safety.—Expense of service, 5*l*. 17*s*.

Oct. 28.—The Newbiggin life-boat went out to the assistance of some fishing-cobles which were overtaken by a heavy gale of wind; one of the cobles was capsized, and the life-boat was the means of saving her crew of 4 men under most perilous circumstances. The life-boat's crew made no charge for this latter service.

Oct. 29.—The *Olive Leaf* life-boat, stationed at Hayling Island, put off and rescued the crew of 13 men from the barque *Atlas*, of Shields, which was stranded off the island during a heavy gale of wind. The same life-boat went afloat a second time, and succeeded in saving 1 man, and in bringing into port the Norwegian barque *Sirius*, which had been abandoned.—Expense of service, 18*l*.

Oct. 29.—The schooner *Emma*, of Barrow, went ashore on the South Bull Strand, in Dublin Bay, during a strong gale of wind. The Poolbeg life-boat went out and rescued the crew of 6 men.—Expense of service, 5*l*. 10*s*.

Oct. 29.—The Kirkcudbright life-boat put off and saved the crew of 4 men from the schooner *Franklin*, of Belfast, which had gone ashore at the Point of Isle, in the River Dee, during a gale of wind from the S.E.—Expense of service, 5*l*. 9*s*.

Nov. 2.—Voted the Silver Medal, the Thanks of the Institution, inscribed on Vellum, and 2*l*. to Mr. N. LEVETT, Coxswain of the St. Ives life-boat. Also 2*l*. each, accompanied by the Thanks of the Institution, on Vellum, to the crew of 8 men of the same life-boat, and expenses 4*l*. 11*s*. 6*d*., in acknowledgment of their gallant and persevering services in rescuing 4 out of 5 of the crew of the French brig *Providence*, of Granville, which was wrecked on Hayle Bar during a strong wind and heavy ground-sea, on the 28th Oct. last. This was a noble service; and in effecting the rescue the boat was capsized twice, and it was only with great risk of life that the 4 men were saved. The life-boat's crew were much exhausted when they reached the shore, and lost several articles of clothing on the occasion, the expense of which had been refunded to them by the Institution.

Also 229*l*. 4*s*. 2*d*. to pay the expenses of the life-boats stationed at Rosslare, Ballycotton, North Deal, Cahore, Pakefield, Tynemouth, Lyme Regis, Holy Island, Barmouth, Winterton, St. Andrew's, North Berwick, North Sunderland, Whithy, Banff, Scarborough, Kingsgate, Bridlington, Worthing, and Brooke (Isle of Wight), which life-boats had either gone off in reply to signals of distress with the view of saving life, or their crews had assembled in stormy weather in readiness for service.

Also the Silver Medal of the Institution, its Thanks inscribed on Parchment, and 2*l*. to a youth named THOMAS H. FRANKISH, in acknowledgment of his daring conduct in rescuing a man who had been washed out of a coble in a heavy sea at

the mouth of Bridlington Harbour on the 10th Oct. FRANKISH, with a life-buoy round him, was lowered over the pier into the boiling surf, which threatened to dash him to pieces every moment against the wall of the pier, and was thus able to rescue the poor fellow, who would otherwise undoubtedly have perished.

A reward of 2*l.* 10*s.* was also voted to a boat's crew for rescuing 3 of the 5 other men who had been capsized from the cable on this occasion. The remaining 2 men drifted on shore.

Nov. 2.—The schooner *Clara Brown*, of Barrow, was observed in a dangerous position, during a gale of wind from the N.W., off Portrush, on the Irish coast. The life-boat at that place was at once launched, and brought safely ashore the crew of 4 men.—Expense of service, 16*l.* 14*s.* 0*d.*

Nov. 7.—The Wexford and Cahore life-boats went off and rescued the crew of 23 men from the ship *Savoir Faire*, of Liverpool, which had stranded on the Blackwater Bank during a strong wind from E.N.E. The Thanks of the Institution were also presented to Mr. J. FANNING, Clerk and Examining Officer of H.M. Customs, for his valuable co-operation in going off in the Wexford life-boat on the occasion.—Expense of the services of the two boats, 39*l.* 13*s.* 9*d.*

Nov. 8.—About 5:40 p.m., the *Cockle* lightship, off Caister, threw up a rocket and fired a gun. The Caister beachmen immediately launched the Birmingham life-boat and proceeded off to the brig *Raven*, of London, which had struck on the Cockle Sand and afterwards driven over it with signal-lights burning. On arriving alongside, the vessel was found in a dangerous position near the breakers; but, after many hours of arduous toil, the life-boat crew succeeded in bringing the vessel and her crew of 10 men safely to harbour.—Expense of service, 25*l.*

Nov. 13.—The ship *Orso*, of North Shields, was stranded, during a strong breeze from the S.E., off Palling Beach, Norfolk. The life-boat at that place put off and rescued the vessel's crew of 20 men and a pilot, afterwards landing them in safety.—Expense of service, 18*l.* 16*s.*

Nov. 14.—The schooner *Token*, of Jersey, struck on the Steel Rocks off Whitburn, owing to the captain mistaking the Sunderland Lights for those of Hartlepool. The Whitburn life-boat put off and saved the vessel's crew of 6 men.—Expense of service, 14*l.* 17*s.* 6*d.*

Nov. 15.—A small boat belonging to Seaton Carew was capsized, during a sudden squall, off that place. Another boat put off and rescued the crew of 2 men from a watery grave.—Reward to salvors, 1*l.*

Nov. 17.—The fishing-smack *Splendid*, of Grimsby, was observed in a water-logged condition, during thick and stormy weather, off Theddlethorpe, on the Lincolnshire coast. The *Dorinda* and *Barbara* life-boat, stationed at that place, put off and rescued the smack's crew of 9 men.—Expense of service, 10*l.* 7*s.*

Nov. 21.—The Barmouth life-boat went off and assisted to save from destruction the smack *Dahlia*, of Portmadoc, and her crew of 3 men.—Expense of service, 7*l.*

Nov. 22.—The Howth, Dublin Bay, life-boat went out and rescued 5 men from a lighter, which was placed in a very critical position near the entrance to the harbour during a heavy gale of wind.—Expense of service, 5*l.* General Sir GEORGE BOWLES, K.C.B., the kind donor of the Howth life-boat, was so pleased with this service that he decided on paying the cost of the new life-boat at Cahore, coast of Wexford.

Nov. 22.—The *Prince Consort* life-boat, stationed at Plymouth, put off and saved 11 men from the Belgian brig *Espoir*, which was wrecked during a furious gale from W.S.W. between Batten and Dunston Points.

Commander AYLEN, R.N., the Queen's Harbour-master, went off in the life-boat on this service, and the Committee Voted him the Thanks of the Institution, inscribed on Vellum, for his valuable co-operation on this and previous occasions.—Expense of the life-boat service, 16*l.*

Nov. 22.—The Porthcawl life-boat put off twice, and on the second occasion succeeded in bringing into harbour the brig *Argo*, of Fayal, which was found abandoned off Porthcawl during a heavy gale of wind.—Expense of service, 15*l.* 4*s.*

Nov. 24.—A shore-boat put off and rescued 3 men who had been capsized from their skiff off Haynish Point, during a strong gale from S.E.—Reward to salvors, 3*l.*

Nov. 24.—The brigantine *Tabaco*, of Hamburg, was stranded during a heavy storm from S.S.W., between Marazion and Penzance. The *Richard Lewis* life-boat went off and rescued, with great difficulty, 5 of the vessel's crew.—Expense of service, 15*l.* 14*s.*

Nov. 25.—The schooner *Test*, of Southampton, struck on the Soutar Point, near Whitburn, and afterwards caught fire through burning a tar-barrel as a signal of distress. The weather was very squally from the S.S.W. at the time. The *Thomas Wilson* life-boat put off and brought safely ashore the vessel's crew of 6 men.—Expense of service, 20*l.* 17*s.* 6*d.*

Nov. 25.—The smack *Mary*, of Cardigan, was totally wrecked during squally weather and S.S.E. wind on the South Strand, off Tenby. The life-boat at that place went off and brought ashore one man from the vessel.—Expense of service, 24*l.* 8*s.*

Nov. 25.—The brig *Commerzieweathin Haupt*, of Mecklenburg, was stranded during a severe gale from S.W. on Batten Ledge, off Plymouth. The life-boat at that place went off and brought safely ashore the crew of 11 men.—Expense of service, 16*l.*

Dec. 6.—The schooner *Daniel O'Connell*, of Arklow, was stranded, during a gale of wind from S.S.E. and heavy surf off Rathmullan, in Dundrum Bay. The Tyrella life-boat went off and saved the crew of 5 men.—Expense of service, 8*l.* 5*s.*

Dec. 6.—Information was received at Wexford that a vessel had gone on the Blackwater Bank. The life-boat was quickly launched, and proceeded, in tow of the steam-tug *Ruby*, along the inside of the bank. Owing, however, to the thickness of the weather, the vessel could not be seen; and, as no guns or other signals were heard, it was considered that the vessel must have got clear. Accordingly, after a search of fully four hours, under very trying circumstances, the life-boat returned to shore.

On the following day, the weather being clearer, the life-boat again proceeded out in tow of the steam-tug to the Bank. On approaching the north end of it, a vessel's mast was seen with 4 men clinging to it, and the life-boat, after four unsuccessful attempts to reach the mast, at last succeeded in grappling it and saving the 4 poor fellows clinging to it. The vessel proved to be the screw-steamer *Barbadian*, of Liverpool. The crew and passengers numbered 37 in all, of whom 12, including the captain and chief mate, unhappily perished. The wind was blowing a gale from S.S.E. at the time, with a very heavy sea on.—Expense of services, 27*l.* 10*s.*

Dec. 7.—Voted the Silver Medal of the Institution and a copy of its vote on Vellum, to Mr. JOSHUA HEATH, Chief Boatman of the Coastguard, and

Coxswain of the Fowey life-boat, in testimony of his general gallant services in assisting in that life-boat to save shipwrecked crews, and particularly for the skill and presence of mind displayed by him when the Fowey life-boat put off and succeeded in rescuing the crew of 13 men from the barque *Drydens*, of North Shields, and also 9 men from the brig *Wearmouth*, of Sunderland, both of which vessels had stranded on Par Sands during a hurricane on the 25th Nov. last.

Also voted 30*l.* to pay the expenses of the life-boat on these two services, including a double reward of 2*l.* to each man of the life-boat crew.

Also the Silver Medal of the Institution, together with its Vote of Thanks, inscribed on Vellum, and 1*l.*, to Gunner JAMES MOORE, and the Vote on Vellum, and 1*l.* each to two other men of the Coast Brigade of the Royal Artillery, for rescuing, at some risk of life, 17 men of the crew of the French ship *Carioca*, which had struck on the rocks under the Hermitage Rock Battery, during a gale of wind, on the 19th Oct. last.

Also the Silver Medal of the Institution, together with its Vote of Thanks on Parchment, and 2*l.*, to PETER PASCOE, for rescuing, at the risk of his life, a man who had previously attempted to save the life of a sailor belonging to the barque *William*, of Sunderland, which was wrecked off Porthleven on the 24th Nov. last.

A reward of 1*l.* was also voted to the man whom PASCOE had thus happily saved.

Also 2*l.*, and a copy of its Vellum Thanks, to W. WILLIAMS, labourer, in admiration of his meritorious and persevering conduct in wading into the surf, and saving, at some risk of life, 4 of the crew of the smack *Annie*, of Liverpool, which, during a gale of wind, was wrecked on the Carnarvonshire coast, on the 29th October last.

Also 1*l.* to the crew of a small boat, for assistance rendered on the 3rd Nov. last to 9 of the passengers and crew of the steamer *Murillo*, which had been run down by a French steam-vessel on that day.

Dec. 11.—The brig *Lucy*, of Sunderland, was wrecked on the Barber Sand, on the Norfolk coast, during a fresh breeze from N.E. by N. The Caister life-boat put off and saved the crew of 6 men.—Expense of service, 15*l.*

Dec. 15.—The Ramsgate life-boat put off, in tow of the steam-tug *Aid*, and brought safely ashore the crew of 7 men from the Dutch brig *Zeeploeg*, of Hoogez, which was wrecked on the Goodwin Sands during a heavy gale of wind from the N.N.E.

Dec. 24.—The schooner *Wilhelmina*, of Veendam, went on shore during stormy weather at Scobston Head, off Peterhead. The life-boat at the latter place went off and rescued 1 of the crew.—Expense of service, 7*l.* 5*s.*

Dec. 26.—The Arklow life-boat put off and succeeded in rescuing 34 men from the ship *Tenessarian*, of Liverpool, which was wrecked on Arklow Bank during a gale of wind from the N. The vessel was found nearly water-logged, with her hull completely under water, and her crew lashed to the foretop-sail-yard. Two men had unfortunately perished before the arrival of the life-boat.—Expense of service, 24*l.*

Dec. 28.—The brigantine *Neptune*, of Delaware, U.S., was wrecked on Spital Point, off Newbiggin, during a strong wind and heavy sea. The Newbiggin life-boat went off and brought the crew of 9 men in safety to the shore.—Expense of service, 14*l.* 15*s.*

Dec. 28.—The Hauxley life-boat put off, in reply to signals of distress, and rescued the crew

of 4 men from the schooner *Tom Cringle*, of Thurso, N.B., which had struck on the Bondicar Rocks during a strong wind from the south, and in thick weather.—Expense of service, 14*l.* 2*s.*

Dec. 29.—During a strong gale from W.S.W., a vessel was seen anchored near Hell Bay, on the Cornish coast, with an ensign flying half-mast high. The City of Bristol life-boat, named the *Albert Edward*, stationed at Padstow, was at once launched and proceeded to the vessel, which was found rolling heavily. After much difficulty and danger, the life-boat succeeded in rescuing the crew of 17 men of the ship, and landed them in safety. The wind was blowing so heavily out of the harbour, and the sea was running so high, that it was with great difficulty the crew of the life-boat, assisted by the shipwrecked men, were able to regain the shore, and at one time it was doubtful whether the life-boat would not have had to proceed to sea and make for Port Isaac. The vessel was the barque *Juliet*, of Greenock, bound from Demerara to London, with rum and sugar. The master of the vessel says, "Had the life-boat not come to our assistance, all hands must certainly have perished, and I cannot speak in terms too strong to express my sense of the conduct of the boat's crew in risking their lives in such a gale."—Expense of service, 12*l.* 19*s.*

Dec. 30.—Voted 238*l.* 13*s.* 10*d.*, to pay the expenses of the life-boats stationed at Cemlyn, Berwick-on-Tweed, Howth, Blackpool, Porthdinllaen, Penzance, Swansea, Penarth, Newquay (Cornwall), New Brighton, Margate, Skerries, Broughty Ferry, Rosslare, St. Andrew's, Fraserburgh, Winterton, Whitburn, Ballycotton, Wicklow, Lytham, Tynemouth, and Southport, for either assembling or putting off, in reply to signals of distress, with the view of rendering assistance to vessels during the heavy gales of December.

Dec. 30.—The Ramsgate life-boat of the Institution put off about midnight, in tow of the steam-tug *Aid*, in reply to signals of distress from the light-vessel on the Goodwin Sands. While proceeding to the southward at the back of the Sands, a large vessel was seen on shore. The life-boat was grounded on the Sand about 40 fathoms from the ship. She was boarded by the life-boat's crew; and a lugger and another steam-tug having come out to the rescue, all were employed and great exertions were made to save the vessel from destruction. The wind and sea, however, increased as the tide rose, and both the steamers' towing-hawsers were obliged to be slipped and drawn on board. The *Aid* then returned to the life-boat and towed her to windward of the wreck, and after two attempts the latter succeeded in taking off the vessel's crew of 16 men. The sea at this time was very heavy, rendering it very perilous in getting the shipwrecked crew out, the life-boat occasionally striking heavily against the vessel's side, slightly damaging her. The shipwrecked men were afterwards placed on board the tug and brought safely into harbour. The vessel proved to be the barque *Norma*, of Bremen.

Dec. 31.—The Littlestone (Dungeness) life-boat put off during a strong gale of wind, from the S.W., and rescued the crew, consisting of 6 men and a boy, from the smack *Dieu Protégé Alexandre et Léon*, of Dieppe, which was in a very dangerous position near the breakers off Dymchurch, on the Kentish coast. While making for the shore, the life-boat was struck by three very heavy seas, one of which washed the lad overboard, but he was soon rescued again, and all were afterwards brought safely ashore.—Expense of service, 10*l.* 14*s.*

THE MEDAL

OF THE

ROYAL NATIONAL LIFE-BOAT INSTITUTION,

FOR THE

PRESERVATION OF LIFE FROM SHIPWRECK.

---

*Obverse.*—Bust of Her Majesty Queen Victoria; beneath, in minute letters, “L. C. Wyon.”  
Double legend, “Royal National Life-boat Institution. Founded in 1824.  
Incorporated 1860. Victoria, Patroness.”

*Reverse.*—Three sailors in a Life-boat,—one of whom is in the act of rescuing an exhausted mariner from the waves on a fragment of the wreck. “W. Wyon, Mint.”  
Inscription “Let not the deep swallow me up.”

THE beautiful obverse of this medal, which has recently been executed by L. C. WYON, Esq., represents the bust of QUEEN VICTORIA, Her Majesty’s locks gracefully waving and gathered in a knot behind, from which issues a wreath of oak clustering over the forehead. This life-like portrait of the QUEEN, in high relief, conveys a truly pleasing and faithful likeness of Her MAJESTY, as at this period of her life; combining dignity of aspect and benevolence of nature; and represented by Mr. WYON with the most exquisite finish, delicacy, and beauty of workmanship.

The reverse, representing the Life-boat, in which there are three Sailors, rescuing a fourth from the sea, is a work of superlative merit. Two of the Sailors are steadying the boat, while the other, stooping, draws in the Shipwrecked Sailor, whose figure is given so as to show the form in the most natural and beautiful manner; and the expression thrown into his countenance looking up to his preserver is unrivalled by anything that we have ever seen, while the easy flowing lines of this sailor are finely contrasted by those of his companions: the whole displaying the most perfect knowledge of the human frame, the finest taste to arrange it, and a command of the graver to embody to us what the artist’s bright genius had shadowed out to himself.

But there is another pleasing motive for our admiration of this beautiful Medal, as the figure who is so humanely extending his relief to the drowning Mariner is a portrait of the Artist (the late WILLIAM WYON, Esq., R.A.) himself.

The following is a LIST of the GOLD and SILVER MEDALS that have been voted by the Committee of this Institution, since its establishment in 1824, to persons whose humane and intrepid exertions in saving Life from Shipwreck have been deemed sufficiently conspicuous to merit that honourable distinction. The Cases will be found recorded in detail in the several Annual Reports of the Institution.

*Note.*—The asterisk (\*) after the name denotes the reception of a Gold Medal.

The figure after the name signifies the number of honorary distinctions received from the Institution.

Midship Section.

The accompanying figures show the general form, the nature of the fittings, and air-chambers of one of these boats, 33 feet in length and 8 feet in breadth. In figs. 1 and 2, the elevation and deck plans, the general exterior form of the boat is shown with the sheer of gunwale, length of keel, and rake of stem and stern-posts. The dotted lines of fig. 1 show the position and dimensions of the air-chambers within board, the relieving-tubes, and ballast. In fig. 2, A represents the deck, B the relieving-tubes (6 inches in diameter), C the side air-cases, D the end air-chambers, E ballast, F scuttles to admit of a free current of air under the water-tight deck, G scuttle for air, and to receive pump. In fig. 3, the exterior form of transverse sections, at different distances from stem to stern is shown. Fig. 4 represents a midship transverse section, A being sections of the side air-cases, B the relieving-tubes, of the same depth as the space between the deck and the boat's floor. C, C, C, are spaces beneath the deck, placed longitudinally, at the midship part of the boat, with cases packed with cork, forming a portion of the ballast; d scuttle for ventilation, having a pump fixed in it, by which any leakage beneath the deck can be pumped out by one of the crew whilst afloat. The festooned lines in fig. 1 represent exterior life-lines attached round the entire length of the boat, to which persons in the water may cling till they can be got into the boat; the two central lines are festooned lower than the others, to be used as stirrups, so that a person in the water, by stepping on them, may climb into the boat without assistance.

This life-boat possesses in the highest degree all the qualities which it is desirable that a life-boat should possess:—

1. Great lateral stability or resistance to upsetting.
2. Speed against a heavy sea.
3. Facility for launching and taking the shore.
4. Immediate self-discharge of any water breaking into her.
5. The important advantage of self-righting if upset.
6. Strength.
7. Stowage-room for a large number of passengers.

## LIFE-BOAT TRANSPORTING-CARRIAGE.

LIFE-BOAT TRANSPORTING-CARRIAGE AS ADOPTED BY THE ROYAL NATIONAL LIFE-BOAT INSTITUTION.

THE carriage consists of a fore and main body. The latter is formed of a keelway and of side or bilgeways attached to the keelway, and resting on the main axle, the boat's weight being entirely on the rollers of the keelway. Its leading characteristic is that, on the withdrawal of a forelock pin, the fore and main bodies can be detached from each other. The advantages of this arrangement are, that whilst the weight of the boat when she is launched from the rear end forms an inclined plane by elevating the keelway; to replace her on the carriage she can be hauled bow foremost up the fore end or longer incline. The bilgeways are

needed at the rear end, that the boat may be launched in an upright position with her crew on board; but they are not required at the fore end of the carriage. The boat is hauled off the carriage and launched into the sea by ropes rove through sheeves at the rear end of the carriage, each having one end hooked to a self-detaching hook at the boat's stern, and the other manned by a few persons on the shore, who thus haul the boat and her crew off the carriage and launch them afloat at once, with their oars in their hands; by these means headway may be obtained before the breakers have time to beat the boat broadside on to the beach.

# ROYAL NATIONAL LIFE-BOAT INSTITUTION.

## LIFE-BOAT REGULATIONS.

JANUARY, 1865.

THE following Regulations are intended for the guidance of the Local Committee to be formed at each place at which a life-boat is stationed by the NATIONAL LIFE-BOAT INSTITUTION, and to whose care and control the life-boat, her crew, and everything connected with her management and maintenance, will be intrusted.

The local committee to consist, if practicable, of not less than five persons usually resident, to be elected annually. The Inspecting-Commander of Coastguard of the division, or in his absence the nearest Coastguard officer to the spot, to be *ex officio* a member of the local committee.

1. The life-boat's crew to consist of a coxswain-superintendent, an assistant coxswain, a bowman, and as many boatmen in addition as the boat pulls oars.

2. For every boat, at least double the number of men required (if they can be found at or near the spot) should be invited to become members of her crew.

3. Such list to consist of sailors and fishermen who are usually resident, and (with permission of the Controller-General) of any Coastguard-men of the station who may volunteer for the service.

4. The salary of the coxswain-superintendent shall be 8*l.*, and that of the assistant coxswain 2*l.* annually. On every occasion of going afloat to save life, the coxswains and each of the crew shall receive alike, 10*s.* by day and 1*l.* by night; and for every time of going afloat for exercise, 3*s.* in smooth weather, and 5*s.* in rough weather. In the absence of the coxswain, the assistant coxswain will take charge of the boat.\*

\* The coxswain is held responsible for every man who goes into the life-boat, on occasions of service and of quarterly exercise, without having on a life-belt.

5. In the event of money being received by the life-boat for salvage of property, or similar service, a proportion equal to *two shares* shall be paid to the Institution to cover risk of damage to the boat, the remainder to be divided into equal shares amongst the coxswain and crew. If, however, salvage be paid for the preservation of life, no portion shall be reserved for the boat.

6. If local subscriptions be raised to reward any special act of gallantry or exertion, the Institution recommends that the whole of the money be paid to the crew, in equal shares.

7. As at each life-boat station there will be a local committee, the coxswain will act under their immediate directions, and the boat, except in case of wreck, is never to be taken afloat without their sanction.

8. As the efficiency of a life-boat depends on the good training and discipline of her crew, the strictest attention must be paid by them to the directions of the coxswain on all occasions connected with the service. The boat shall be taken afloat for exercise, fully manned, once during each quarter, sometimes in *rough weather*.

9. The local committee at each station are requested to make a Quarterly Report to the Institution, as to the behaviour of the boat during exercise, pointing out any defect that may require to be remedied, and offering any suggestion that may conduce to the efficiency of the service. Also generally to report on the state and condition of the boat, the carriage, the boat-house, and all the life-boat gear. Should occasion for immediate repairs arise, the local committee are authorized to make them to the

extent of 5*l.*: more extensive repairs to be referred, with an estimate, to the Parent Institution.

10. The boat is to be kept on her carriage in the boat-house, with all her gear in her ready for use, except matches, rockets, and perishable articles which may require to be secured from damp.

11. There should be three keys to the boat-house, kept in different places, with the *address of each painted on the door*; one in possession of the coxswain, and the others as the local committee may decide.

12. Immediately on intimation of a wreck, or of a vessel in distress, the coxswain is to use his utmost exertions to assemble his crew, launch his boat, and proceed to her assistance: and in the event of a sufficient number of his crew not being present, he is to select the best volunteers he can get to supply their places.

13. If a wreck occur at some distance from the station, so as to require the boat to be transported along the coast, the coxswain is to send to procure sufficient horses (which, by the Wreck and Salvage Act, any magistrate, constable, or revenue officer may demand the use of), attach them to the carriage, and lose no time in making the best of his way with the crew to the scene of wreck.

14. A reward of 7*s.* to be given to the man who first brings intelligence of a wreck at such a distance along the coast as not to be in sight from the Coastguard or other look-out.

15. A signal shall be agreed on by which the life-boat crew can be called together when required. A flag hoisted by day and the firing of a carronade (or other alarm signal) twice, quick, by night.

16. On approaching a wreck, the coxswain will use his judgment, according to the circumstances of the case, whether he will board the wreck end on, either on the bow, on the quarter, or on the broadside: or whether he will go to windward, drop his anchor, and veer down to the wreck; or if he will lay her alongside.

17. On boarding wrecks, the preservation of life is to be the coxswain's *sole-considera-*

*tion*, and he is on no account to take in goods or merchandize which might endanger the safety of his boat, and the lives of those intrusted to his charge. And should any be brought in, contrary to his remonstrance, he is fully authorized to throw them over-board.

18. No one besides the crew, namely, the coxswain, the assistant coxswain, the bowman, and one boatman for each oar, is on any account to be allowed to go out in the life-boat when going to a wreck, except with the express sanction of the local committee.

19. The life-boat is not to be used for taking off an anchor; nor for the purpose of salvage; nor for taking off stores, a pilot, or orders to a ship, so as to interfere with private enterprise (except in cases of emergency, with the special sanction of the local committee), but to be reserved for cases involving risk of life.

20. The coxswain will enter in a journal with which he will be supplied, all services performed by his boat, stating the time of launching, time of reaching the wreck, the vessel's name, whither bound, number of persons rescued, &c., a copy of which, on each occasion of wreck, is to be forwarded, by the local committee, to the Secretary of the Institution in London.

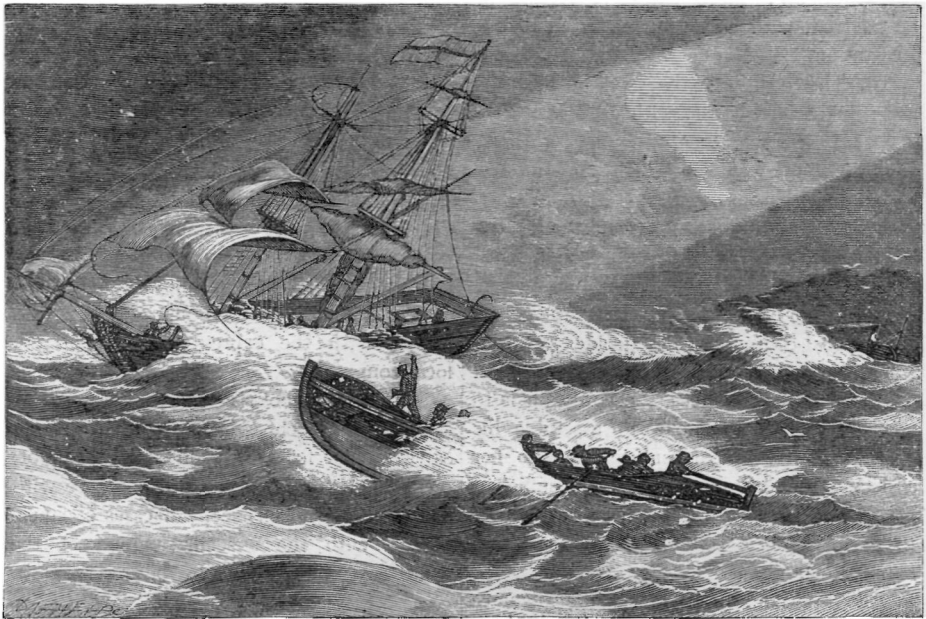

21. On returning from service, the boat is not to be left in the surf on the beach, but, as soon as possible, is to be got on her carriage, and placed in the boat-house.

22. The coxswain-superintendent will be held responsible for the efficiency and general good order of the boat-house, the boat, and her gear; and it is hoped that a sense of the trust confided to them in the cause of humanity will lead the coxswains and crew to be most careful on these points, and to distinguish themselves by their zeal and readiness, and by the seaman-like manner in which their boat is handled.

By order of the Committee,

RICHARD LEWIS,

*Secretary.*

A Subscription List has been opened to found a new Life-boat (to be named the *Balmoral*). It will cost about Two Hundred and Fifty Pounds, which sum is being raised in Five Thousand Shares, at One Shilling each. Will you aid this benevolent object by becoming a Shareholder? Consent to do so, and at no distant period you will be satisfied with the dividend when you take up the Newspaper and read an account of a Wreck, in which the Gallant Crew of the *Balmoral* succeeded in saving all on board some ill-fated vessel! For it is a fact, that wherever a Life-boat has been established, the saving of life has invariably followed. "If we have the means of doing good—and know the way—and do it not, great is our responsibility."

When the Boat is launched it will be provided with a Transporting-carriage and Boat-house, and be maintained at the expense of the ROYAL NATIONAL LIFE-BOAT INSTITUTION.

Donations, in Money or Stamps, are received by

Yours respectfully,

**Assistant Life-boat Inspector**—Capt. D. ROBERTSON, R.N.

The object of this Institution, as declared in its title, is to afford assistance to every wrecked person around the coasts of the United Kingdom.

The chief means by which the Society hopes to carry this object into effect are:—  
To build, station, and maintain in repair, Life-boats of the most perfect description; to furnish them with all necessary appointments, including Houses to preserve them in, and Carriages for their conveyance to the spots where their Services are called for; and further, to provide, through the instrumentality of Local Committees, for their proper Management, and the occasional Exercise of their Crews.

To confer Honorary Rewards in the form of Medals and Votes of Thanks, and also to grant Pecuniary Remuneration to all persons who, at the risk of their own lives, save, or attempt to save, those of others on board vessels wrecked, or in distress, upon any part of the coasts of the United Kingdom.

As an index of the necessity for the provision of such a machinery as the above, it may be stated—that the average loss of lives from shipwreck annually on the shores of the United Kingdom is 600.

Donations and *Annual Subscriptions* will be thankfully received by Messrs. WILLIS, PERCIVAL, and Co., 76 Lombard-street; Messrs. COUTTS and Co., 59 Strand; Messrs. HERBES, PARCHEA, and Co., 16 St. James's-street, London; by all the other London and Country Bankers; by the several Metropolitan Army and Navy Agents; and by the Secretary at the Office of the Institution, 14 JOHN STREET, ADELPHI, London—W.C.
